State Accounting is sponsoring a conference with international speaker and author, Dave Hancox. His presentation on internal controls will be held on Wednesday, September 21, 2011 from 12:30 p.m. until 4:30 p.m. This training is intended for Agency managers and internal control coordinators and their teams. It will also be helpful for Federal Grant Managers to know and understand these concepts to apply them to their grant awards. The information from this conference should be shared with all agency employees. There must be at least one representative from each agency at this training.

The presentation will be a follow-up to the audio Dave presented on July 28, 2011. The discussion will center on the COSO framework (five components of internal control) and helping managers and agency internal control coordinators understand the real concepts of internal controls.

There will be a charge of \$25.00 per person for the four hour training. This training has been approved for CPE. Register on State Accounting's web site at:
