September 3, 2014

The numbers are in for August.

We had an increase in the number of interims during the month of August, primarily due to the increased number of agency transfers and agency corrections made in the system (13 each). There is nothing anyone can do about the transfers but we need to continue watching the Agency Corrections. Of the 13, 10 of them could have been avoided with a little more attention to the details. I hope that August was an anomaly. Let's watch the interims in September.

In all, you are still doing a GREAT job in reducing the number of interims processed during the month. I really appreciate your efforts.
