Questions	Answers
1. The links in Task 1 sections 1 and 2 on page 24 of the RFP (Number 3750Z1) do not work. Could you please supply links to the referenced PDF documents?	We inadvertently had two different versions of the RFP on our website. The only difference between the two was some of the spacing between paragraphs. This has been corrected. The links to which you are referring are now on page 23. The first link has been corrected with the update of the pdf. The other is more difficult to correct because the web address takes up two lines of text. We will work with our webmaster to correct this issue. However, in the meantime, you can copy and paste the web address into the address line of your browser and access the referenced pdf.
