QUESTIONS	ANSWERS
<p>1. I have some questions regarding this ITB. Can we include exceptions with our response? For example, we have a minimum purchase requirement of \$200. Some of products require delivery by Fedex Freight and those charges can alone be almost \$200. On page 7 where titled "Political Sub-Divisions" it states that suppliers "may" honor pricing to sub-divisions, does that mean we have the option to sell to sub-divisions at state pricing or can we include an exception that freight is NOT included? Please let me know how we can proceed?</p>	<p>Yes, any exceptions or alternatives need to be submitted with the bid response. The State reserves the right to consider alternatives, but is not required to do so. Please review section Annual Usage in the ITB Terms and Conditions.</p> <p>Selling to political subdivisions for this proposed contract is optional. Exceptions or alternatives should be submitted within the bid response.</p>

This addendum will become part of the bid and should be acknowledged with the ITB.
