

Form C

Project Rates

Request for Proposal 4958Z1

Please see Change Management as identified in Section IV.B. of the RFP. These rates will only be used in the context of that section.

This RFP is for services that are dynamic in nature. As such, there will be natural project dynamics built into the process as well as outside change management that will need to be addressed.

There may arise from time to time a need for work not originally delineated in this RFP but considered within the scope of work as it relates to technology. This additional work may stem from legislative mandates, emerging technologies, and/or secondary research not otherwise addressed in this RFP or known at the time this RFP was issued.

Price quoted shall be firm for one (1) year from date of an award. After the first year, pricing may not increase more than 3% over the previous year. Price increase requests may not occur more than once per year. Any request for an increase must be submitted in writing to the State Purchasing Bureau a minimum of 30 days prior to the proposed effective date of the increase, and must show cause and be accompanied by supporting documentation. Further documentation may be required by the State to authenticate the increase (such as invoices). Failure to supply any requested supporting documentation may be grounds to cancel the contract. The State further reserves the right to reject any proposed price increase, cancel the contract and re-bid if determined to be in the best interest of the State. The State will be given full proportionate benefit of any rate decrease for the term of the contract. No price increases are to be billed to DHHS without prior written approval by the State Purchasing Bureau.
