Re: 5037Z1 Clarification

On October 13, 2015, SPB, HHS, and Bellevue University had a conference call to discuss the clarifications questions that were sent to Bellevue University, on October 6, 2015, per the below:

Ms. Eppler,

The State of Nebraska has reviewed Bellevue University's Second Best and Final Offer (BAFO) and need the following items clarified.

- 1) In Table B, for both the estimated quantity by clock hour for "Additional Core Education Courses" and "Additional Continuing Education Courses", are the amounts entered per credit hour or for the total of the estimated sixteen clock hours?
- 2) The following response was provided: "In the unlikely event actual registration are less than estimated; SUDTE may be required to reduce the number of classes offered in order to stay within the maximum contract amount." Clarify that per the Second BAFO letter and the requirements specified in the Request for Proposal, Section IV.C. that Bellevue University can adhere to all of the course requirements, regardless of registrations received.

Next Steps:

- 1) A conference call to discuss the clarifications above.
- 2) Written response, following the conference call, to the clarifications above.

Please provide some dates and times that Bellevue University would be available for a conference call.

Bellevue University verbally stated that the amounts entered were for the total of the estimated sixteen clock hours and that they would provide the price of the per clock hour in Bellevue University's written response. Bellevue University also verbally stated that the could adhere to all of the course requirements, regardless of registrations received.

On October 14, 2015, Bellevue University provided their written response, as follows:

Dear Jennifer,

Thank you for the conference call yesterday. Per the group's request, please find our responses to the questions below. Please let me know if you have any other questions.

- 1) In Table B, for both the estimated quantity by clock hour for “Additional Core Education Courses” and “Additional Continuing Education Courses”, are the amounts entered per credit hour or for the total of the estimated sixteen clock hours?
- The original submission was based on the estimated sixteen (16) clock hours. Please find a “per clock hour” fee listed below in an updated Table B.

TABLE B

Additional Continuing Education courses	1	88.71	65.16	66.66	82.45	69.69	71.08	72.50	73.94

- 2) The following response was provided: “In the unlikely event actual registration are less than estimated; SUDTE may be required to reduce the number of classes offered in order to stay within the maximum contract amount.” Clarify that per the Second BAFO letter and the requirements specified in the Request for Proposal, Section IV.C. that Bellevue University can adhere to all of the course requirements, regardless of registrations received.
- YES, Bellevue University can adhere to all of the course requirements, regardless of registrations received.

Some of the prices provided in Table B, per the clarification response, are a few cents lower than SPB’s calculations. Table B was not a part of the cost evaluation and the costs provided per the clarification are at a savings to the State.
