### Questions and Answers

Following are the questions submitted and answers provided for the above mentioned Request for Proposal. The questions and answers are to be considered as part of the Request for Proposal. It is the Bidder's responsibility to check the State Purchasing Bureau website for all addenda or amendments.

<u>Question Number</u>	<u>RFP Section Reference</u>	<u>RFP Page Number</u>	<u>Question</u>	<u>State Response</u>
1.			If we are submitting a bid for RFP5135 Z1 and RFP5136 Z1, do we have to submit separate bids for each or can we combine our responses into one RFP response?	A separate response is required for each RFP that the bidder is responding to.
2.			Do each of the facilities have a pharmacy on site?	Yes, each facility has a pharmacy on site.
3.			What specifically is meant by "system must support pharmacies with Outpatient/Retail license"?	The Veterans Homes pharmacies are all licensed as retail/community pharmacies, not hospital pharmacies.
4.			"The solution must support 3rd party billing with ability to identify and generate drug charges for payment to VA considering specific member demographics such as percent VA disability."  In regards to above statement are you looking for a solution that does the third party billing as well?	NDVH process their own billing but the pharmacy software must be able to support the documentation and all pharmacy billing including VA, Medicare D and third party insurance.
