All bidders may not have an opportunity to interview/present and/or give demonstrations; the State reserves the right to select only the top scoring bidders to present/give oral interviews in its sole discretion. The scores from the oral interviews/presentations and/or demonstrations will be added to the scores from the Technical and Cost Proposals. The presentation process will allow the bidders to demonstrate their proposal offering, explaining and/or clarifying any unusual or significant elements related to their proposals. Bidders' key personnel may be requested to participate in a structured interview to determine their understanding of the requirements of this proposal, their authority and reporting relationships within their firm, and their management style and philosophy. Bidders shall not be allowed to alter or amend their proposals. Only representatives of the State and the presenting bidders will be permitted to attend the oral interviews/presentations and/or demonstrations.

Once the oral interviews/presentations and/or demonstrations have been completed the State reserves the right to make a contract award without any further discussion with the bidders regarding the proposals received.

Detailed notes of oral interviews/presentations and/or demonstrations may be recorded and supplemental information (such as briefing charts, et cetera) may be accepted; however, such supplemental information shall not be considered an amendment to a bidders' proposal. Additional written information gathered in this manner shall not constitute replacement of proposal contents.

Any cost incidental to the oral interviews/presentations and/or demonstrations shall be borne entirely by the bidder and will not be compensated by the State.

**G. SUBMISSION OF PROPOSALS**

The following describes the requirements related to proposal submission, proposal handling, and review by the State.

To facilitate the proposal evaluation process, one (1) original of the entire proposal should be submitted. Proposals must be submitted by the proposal due date and time. **A separate sheet must be provided that clearly states which sections have been submitted as proprietary or have copyrighted materials.** All proprietary information the bidder wishes the State to withhold must be submitted in accordance with the instructions outlined in Section III, Proprietary Information. Proposal responses should include the completed Form A, Bidder Contact Sheet. Proposals must reference the Request for Proposal number and be sent to the specified address. Please note that the address label should appear as specified in Section II part A on the face of each container or bidder's bid response packet. Rejected late proposals will be returned to the bidder unopened, if requested, at bidder's expense. If a recipient phone number is required for delivery purposes, 402-471-6500 should be used. The Request for Proposal number must be included in all correspondence.

Emphasis should be concentrated on conformance to the Request for Proposal instructions, responsiveness to requirements, completeness, and clarity of content. If the bidder's proposal is presented in such a fashion that makes evaluation difficult or overly time consuming, it is likely that the proposal will be rejected.

**IMPORTANT NOTICE:** Pursuant to Neb. Rev. Stat. §84-602.02, all State contracts in effect as of January 1, 2014 will be posted to a public website beginning July 1, 2014. All information not specifically excluded by State Law **WILL BE POSTED FOR PUBLIC VIEWING.**

The Technical and Cost Proposals should be packaged separately (loose-leaf binders are preferred) on standard 8 ½" by 11" paper, except that charts, diagrams and the like may be on fold-outs which, when folded, fit into the 8 ½"

by 11" format. Pages may be consecutively numbered for the entire proposal, or may be numbered consecutively within sections. Figures and tables must be numbered and referenced in the text by that number. They should be placed as close as possible to the referencing text. The Technical Proposal must not contain any reference to dollar amounts. However, information such as data concerning labor hours and categories, materials, subcontracts and so forth, shall be considered in the Technical Proposal so that the bidder's understanding of the scope of work may be evaluated. The Technical Proposal shall disclose the bidder's technical approach in as much detail as possible, including, but not limited to, the information required by the Technical Proposal instructions.

**H. PROPOSAL OPENING**

The sealed proposals will be publicly opened and the bidding entities announced on the date, time, and location shown in the Schedule of Events. Proposals will be available for viewing by those present at the proposal opening. Vendors may also contact the State to schedule an appointment for viewing proposals after the Intent to Award has been posted to the website.

**I. LATE PROPOSALS**

Proposals received after the time and date of the proposal opening will be considered late proposals. Rejected late proposals will be returned to the bidder unopened, if requested, at bidder's expense. The State is not responsible for proposals that are late or lost due to mail service inadequacies, traffic, or any other reason(s).

**J. REJECTION OF PROPOSALS**

The State reserves the right to reject any or all proposals, wholly or in part, or to award to multiple bidders in whole or in part. The State reserves the right to waive any deviations or errors that are not material, do not invalidate the legitimacy of the proposal and do not improve the bidder's competitive position. All awards will be made in a manner deemed in the best interest of the State.

**K. EVALUATION OF PROPOSALS**

All responses to this Request for Proposal which fulfill all mandatory requirements will be evaluated. Each category will have a maximum possible point potential. The State will conduct a fair, impartial, and comprehensive evaluation of all proposals in accordance with the criteria set forth below. The State may elect to use a third-party to conduct credit checks as part of the corporate overview evaluation. Areas that will be addressed and scored during the evaluation include:

1. Corporate Overview shall include but is not limited to:
  - a. the ability, capacity, and skill of the bidder to deliver and implement the system or project that meets the requirements of the Request for Proposal;
  - b. the character, integrity, reputation, judgment, experience, and efficiency of the bidder;

**Neb. Rev. Stat. §73-107 allows for a preference for a resident disabled veteran or business located in a designated enterprise zone.** When a state contract is to be awarded to the lowest responsible bidder, a resident disabled veteran or a business located in a designated enterprise zone under the Enterprise Zone Act shall be allowed a preference over any other resident or nonresident bidder, if all other factors are equal.

**Resident disabled veterans means any person (a) who resides in the State of Nebraska, who served in the United States Armed Forces, including any reserve component or the National Guard, who was discharged or otherwise separated with a characterization of honorable or general (under honorable conditions), and who possesses a disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense and (b)(i) who owns and controls a business or, in the case of a publicly owned business, more than fifty percent of the stock is owned by one or more persons described in subdivision (a) of this subsection and (ii) the management and daily business operations of the business are controlled by one or more persons described in subdivision(a) of this subsection. Any contract entered into without compliance with this section shall be null and void.**

Therefore, if a resident disabled veteran or business located in a designated enterprise zone submits a bid in accordance with Neb. Rev. Stat. §73-107 and has so indicated on the RFP cover page under "Bidder must complete the following" requesting priority/preference to be considered in the award of this contract, the following will need to be submitted by the vendor within ten (10) business days of request:

- a.** Documentation from the United States Armed Forces confirming service;
- b.** Documentation of discharge or otherwise separated characterization of honorable or general (under honorable conditions);
- c.** Disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense; and

Failure to submit the requested documentation within ten (10) business days of notice will disqualify the bidder from consideration of the preference.

Evaluation criteria will become public information at the time of the Request for Proposal opening. Evaluation criteria and a list of respondents will be posted to the State Purchasing Bureau website at <http://das.nebraska.gov/materiel/purchasing.html>. Evaluation criteria will not be released prior to the proposal opening.

No individual member of the State, employee of the State, or member of the Evaluation Committee(s) is empowered to make binding statements regarding this Request for Proposal.

Any contact, or attempted contact, with an evaluator that is involved with this RFP may result in the rejection of this proposal and further administrative actions may be taken.

2. Whenever the Contractor encounters any difficulty which is delaying or threatens to delay its timely performance under the contract, the Contractor shall immediately give notice thereof in writing to the State reciting all relevant information with respect thereto. Such notice shall not in any way constitute a basis for an extension of the delivery schedule or be construed as a waiver by the State of any of its rights or remedies to which it is entitled by law or equity or pursuant to the provisions of the contract. Failure to give such notice, however, may be grounds for denial of any request for an extension of the delivery schedule because of such delay.

Either party may change its address for notification purposes by giving notice of the change, and setting forth the new address and an effective date.

For the duration of the contract, all communication between Contractor and the State regarding the contract shall take place between the Contractor and individuals specified by the State in writing. If the audit discovers substantive findings related to fraud, misrepresentation, or non-performance, the Contractor shall reimburse the State for total costs of audit. Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:

All prices, costs, and terms and conditions outlined in the proposal shall remain fixed and valid commencing on the opening date of the proposal until an award is made (and for bidder receiving award, prices shall remain as bid for the duration of the contract unless otherwise so stated in the contract) or the Request for Proposal is cancelled.

No bidder shall give any item of value to any employee of the State Purchasing Bureau or any evaluator.

Bidders shall be prohibited from utilizing the services of lobbyists, attorneys, political activists, or consultants to secure the contract. It is the intent of this provision to assure that the prohibition of state contact during the procurement process is not subverted through the use of lobbyists, attorneys, political activists, or consultants. It is the intent of the State that the process of evaluation of proposals and award of the contract be completed without external influence. It is not the intent of this section to prohibit bidders from seeking professional advice, for example consulting legal counsel, regarding terms and conditions of this Request for Proposal or the format or content of their proposal.

If the bidder is found to be in non-compliance with this section of the Request for Proposal, they may forfeit the contract if awarded to them or be disqualified from the selection process.

#### **IV. PROJECT DESCRIPTION AND SCOPE OF WORK**

The bidder should provide the following information in response to this Request for Proposal.

##### **A. PROJECT OVERVIEW**

This RFP is for a Long Term Care Pharmacy Management Software Solution.

The Nebraska Department of Health and Human Services, Division of Veterans Homes (DHHS DVH) is seeking a streamlined, Long Term Care Pharmacy Management Software Solution that must integrate with the Long Term Care Electronic Health Record (LTCEHR) and remote Automated Pharmacy Packaging/Dispensing Machines that will be located in each of the four (4) Veterans Homes.

The expectation is to enhance pharmaceutical care and in-house medication management to improve the quality of member care, facilitate regulatory and formulary compliance, to improve financial management and bottom-line performance.

In addition to the Long Term Care Pharmacy Management Software DHHS DVH is also seeking a new Long Term Care Electronic Health Record (RFP 5135 Z1) and Automated Pharmacy Packaging/Dispensing Machines (ITB 5137 OF). It is expected that the successful bidder's solution will be able to seamlessly interface with both the Long Term Care Electronic Health Record and the Automatic Packaging/Dispensing Machine upon implementation.

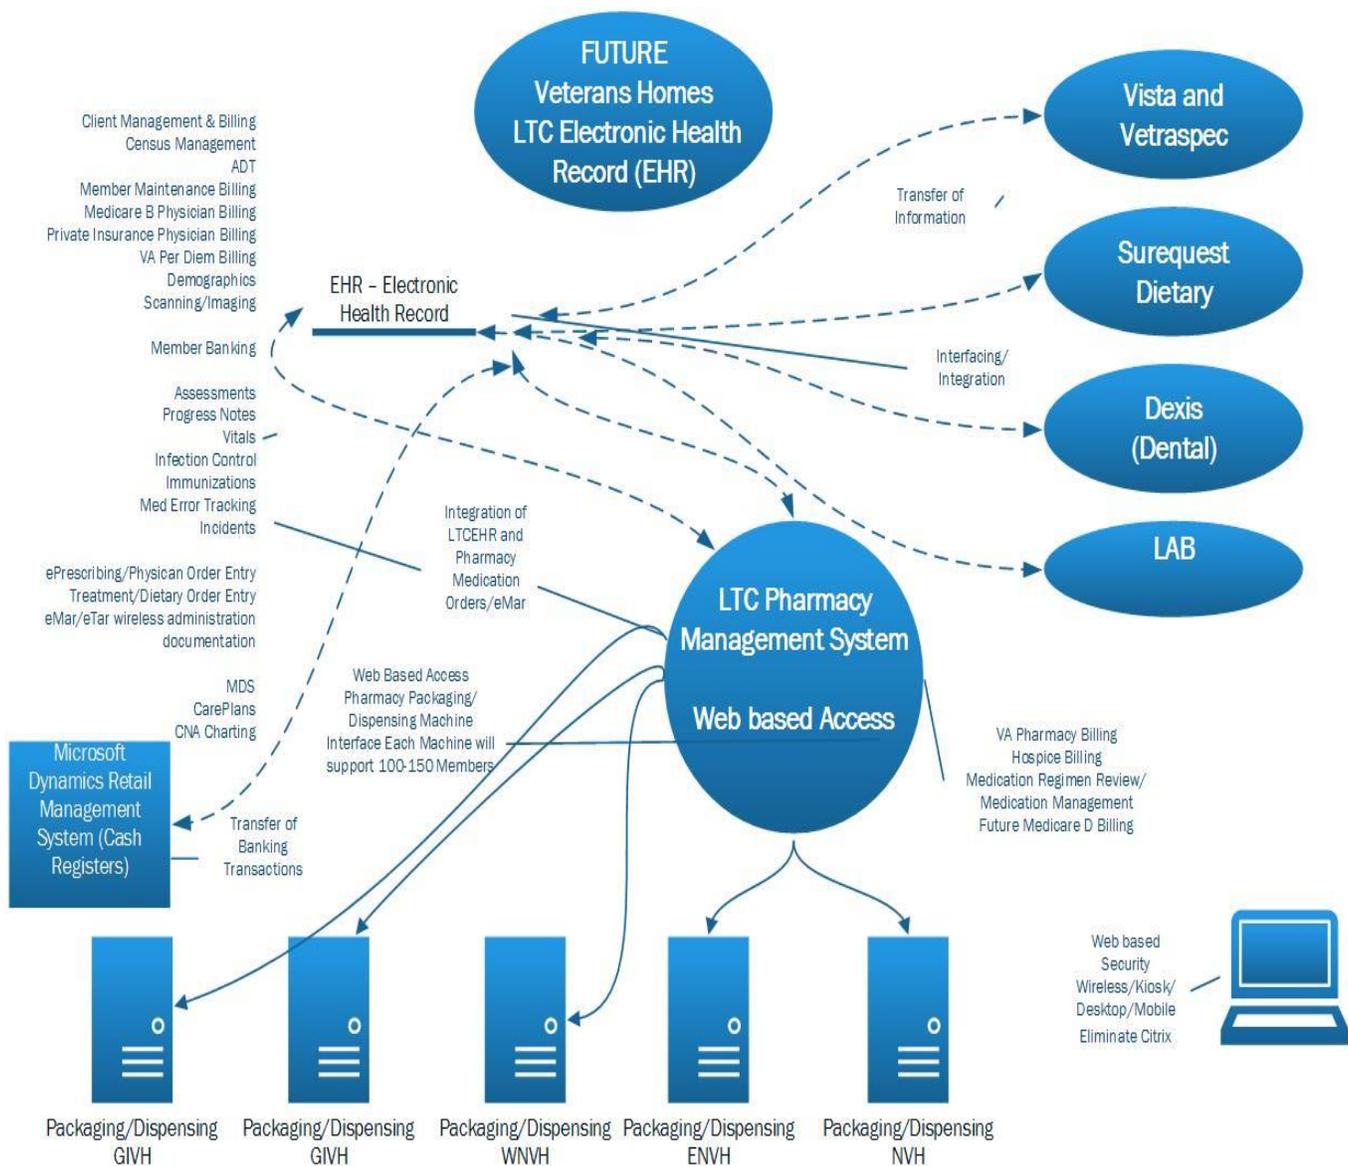

The contractor must be familiar with and comply, to the extent applicable, with all requirements of the Federal Health Insurance Portability and Accountability Act (HIPAA), 42 U.S.C. § 1320d et seq. and implementing regulations including 45 CFR Parts 160 and 164. The contractor also agrees to comply with all State of Nebraska privacy and data breach laws. The contractor agrees to sign the Business Associate Agreement with State of Work (SOW) and Confidentiality Agreement (See Attachment 3).

The contractor shall maintain the privacy and security of all individually identifiable health information acquired by or provided to it as a part of the performance of this contract. The contractor shall follow federal and State of Nebraska law relating to privacy and security of individually identifiable health information as applicable, including the Health Insurance Portability and Accountability Act (HIPAA) and its federal regulations.

Protected Health Information as defined in the HIPAA regulations at 45 CFR 160.103 and 164.501 means information transmitted that is individually identifiable; that is created or received by a healthcare provider, health plan, public health authority, employer, life insurer, school or university, or healthcare clearinghouse; and that is related to the past, present, or future physical or mental health or condition of an individual, to the provision of healthcare to an individual, or to the past, present, or future payment for the provision of healthcare to an individual. The definition excludes certain education records as well as employment records held by a covered entity in its role as employer.

Based on the determination that the functions to be performed in accordance with this RFP constitute Business Associate functions as defined in HIPAA, the contractor shall execute a Business Associate Agreement (Attachment 3) as required by HIPAA regulations at 45 CFR §164.501.

The diagram below is a representation of the DHHS DVH vision of what the new environment would look like after the Long Term Care Pharmacy Management Software, LTCEHR, and Automated Pharmacy Packaging/Dispensing Machine contracts are awarded. The implementation of all three contracts will require coordination so that they occur at the same time since there is a dependency upon each other.

**B. PROJECT ENVIRONMENT**

Nebraska DHHS DVH is comprised of four (4) Veterans Homes and various centralized staff located across Nebraska.

Centralized staff offices are currently located at the Nebraska State Office Building in Lincoln, Nebraska along with four (4) other sites across the state. The four (4) Veterans Homes locations are as follows:

1. Western Nebraska Veterans Home (WNVH) is located in Scottsbluff Nebraska. Bed capacity is one-hundred three (103).
2. Grand Island Veterans Home (GIVH) is located in Grand Island Nebraska. Bed capacity is two-hundred twenty-five (225).
3. Norfolk Veterans Home (NVH) is located in Norfolk Nebraska. Bed capacity is one-hundred fifty-one (151).
4. Eastern Nebraska Veterans Home (ENVH) is located in Bellevue Nebraska. Bed capacity is one-hundred seventeen (117).

The Nebraska Veterans Homes each have a pharmacy located in the home. The pharmacies are licensed as outpatient community pharmacies. Currently the GIVH and the WNVH use RxConnect pharmacy software. RxConnect and the current Electronic Medical Record, Avatar are interfaced. Veterans' Homes providers and other licensed clinical staff enter orders in Computerized Physician Order Entry (CPOE) in the Avatar EHR. Medication

orders are interfaced to RxConnect. DHHS DVH pharmacists process and dispense the medication orders in RxConnect using fill lists by nursing units and individual order dispensing as necessary. The pharmacy medication fill details are then interfaced back to the electronic medication administration option in Avatar and nurses and medication aides administer medications from the Avatar eMar using wireless laptops located on medication carts. ENVH and NVH both have contracts with independent pharmacies for medication delivery. In the current process, nursing at ENVH and NVH use paper MAR's and TAR's updated monthly by the contracted pharmacy to document administration.

**C. SCOPE OF WORK**

Provide a Long Term Care Pharmacy Management Software.

1. Bidders for this solution must have the Pharmacy Management System fully operational in multiple Long Term Care environments. DHHS DVH is not seeking a contractor to develop a new system(s).
2. The general system requirements for the Long Term Care Pharmacy Management Software Solution which bidders must address are described in Functional Requirements Traceability Matrix – Attachment 1.
3. The Contractor will conduct a detailed business analysis, establish a detailed project schedule, a test environment and a production environment, system setup, system configuration, data migration and configuration, testing and acceptance, training and assistance during rollout.

**D. TECHNICAL REQUIREMENTS**

**1. TECHNICAL REQUIREMENTS**

The proposed Long Term Care Pharmacy Management Software solution must meet or exceed all technical requirements as outlined in Attachment 2. Bidders must provide detailed information on how the proposed solution addresses the technical requirements.

The solution must comply with State and Federal requirements. Significant changes that are required in order to comply with new regulations will be addressed through the change control process identified in this RFP. Smaller changes will be considered to be part of the Operations and Maintenance responsibilities of the contractor. Any known applicable requirements that are published and publicly available at the time of proposal submission, including requirements with a future effective date (albeit within the contract term) will be considered included in the contract scope and the State will not agree to any additional charges to comply with these requirements.

The solution offered must take into consideration DVH's data storage requirements over the entire contract term, including the optional renewal period(s).

Please review the DVH records retention requirements at this link:

[http://www.sos.ne.gov/records-management/pdf/schedule\\_150\\_1\\_1\\_6.pdf](http://www.sos.ne.gov/records-management/pdf/schedule_150_1_1_6.pdf)

DHHS DVH reserves the right to procure hardware through State purchasing contracts. Please note that DHHS DVH currently utilizes Windows-based Dell PC/laptop hardware, and the proposed solution must be compatible with this equipment.

**b. SOFTWARE VERSIONS**

The contractor will, during the contract, maintain any and all third-party software products at their most current version or no more than two (2) versions back from the most current version at no additional charge to the State. Any such third-party software version upgrades should be installable by the State.

However, the contractor will not maintain any third-party software versions, including two (2) versions back, if any such version would prevent DHHS from using any functions, in whole or in part, or would cause deficiencies or defects in the software within the proposed solution. If implementation of an upgrade to a third-party software product requires contractor personnel in addition to the State staff proposed in the proposal for the Maintenance and Support Services,

the State and contractor must mutually agree to implement such an upgrade. Any costs to be paid by the State for such upgrade must be included in the cost proposal. Any costs that are charged by a third-party software manufacturer for an upgrade to a third-party software product that is not covered by such Software's Maintenance and Support agreement will be charged to and paid for by Contractor.
