BAFO Question and Answer

Following are the questions submitted and answers provided for the above mentioned Request for Proposal. The questions and answers are to be considered as part of the Request for Proposal. It is the Bidder's responsibility to check the State Purchasing Bureau website for all addenda or amendments.

Question Number	RFP Section Reference	Question	State Response
1.	BAFO	The BAFO Cost Sheet section is requesting a unit price for Pharmacy Benefit Program (all-inclusive cost) based on 1. We had submitted cost of medications based on retail, generic and mail order retail/generic, but do not understand what 1 means? What is 1? The cost of medication includes discount(s) way below fee schedule.	It is the State's intent for the bidder's to provide a lump sum cost for the entire Pharmacy Benefit Program. A narrative that includes an itemized listing of descriptions and costs is acceptable. If the total in the narrative does not match the total on the BAFO, the unit cost on the BAFO will govern.

This addendum will become part of the proposal and should be acknowledged.
