To facilitate the proposal evaluation process, one (1) original, clearly identified as such, and five (5) copies of the entire proposal should be submitted. The copy marked "original" shall take precedence over any other copies, should there be a discrepancy. Proposals must be submitted by the proposal due date and time. A separate sheet must be provided that clearly states which sections have been submitted as proprietary or have copyrighted materials. All proprietary information the bidder wishes the State to withhold must be submitted in accordance with the instructions outlined in Section III, Proprietary Information. Proposal responses should include the completed Form A, Bidder Contact Sheet. Proposals must reference the request for proposal number and be sent to the specified address. Container(s) utilized for original documents should be clearly marked "ORIGINAL DOCUMENTS". Please note that the address label should appear as specified in Section II part A on the face of each container or bidder's bid response packet. Rejected late proposals will be returned to the bidder unopened, if requested, at bidder's expense. If a recipient phone number is required for delivery purposes, 402-471-2401 should be used. The request for proposal number must be included in all correspondence.

Emphasis should be concentrated on conformance to the Request for Proposal instructions, responsiveness to requirements, completeness and clarity of content. If the bidder's proposal is presented in such a fashion that makes evaluation difficult or overly time consuming, it is likely that points will be lost in the evaluation process. Elaborate and lengthy proposals are neither necessary nor desired.

The Technical and Cost Proposals should be presented in separate sections (loose-leaf binders are preferred) on standard 8 ½" x 11" paper, except that charts, diagrams and the like may be on fold-outs which, when folded, fit into the 8 ½" by 11" format. Pages may be consecutively numbered for the entire proposal, or may be numbered consecutively within sections. Figures and tables must be numbered consecutively within sections. Figures and tables must be numbered and referenced in the text by that number. They should be placed as close as possible to the referencing text.

**H. PROPOSAL OPENING**

The sealed proposals will be publicly opened and the bidding entities announced on the date, time and location shown in the Schedule of Events. Proposals will be available for viewing by those present after the proposal opening. Vendors may also contact the State to schedule an appointment for viewing proposals after the opening date.

**I. LATE PROPOSALS**

Proposals received after the time and date of the proposal opening will be considered late proposals. Rejected late proposals will be returned to the bidder unopened, if requested, at bidder's expense. The State is not responsible for proposals that are late or lost due to mail service inadequacies, traffic or any other reason(s).

**J. REJECTION OF PROPOSALS**

The State reserves the right to reject any or all proposals, wholly or in part, or to award to multiple bidders in whole or in part. The State reserves the right to waive any deviations or errors that are not material, do not invalidate the legitimacy of the proposal and do not improve the bidder's competitive position. All awards will be made in a manner deemed in the best interest of the State.

**K. EVALUATION OF PROPOSALS**

All responses to this Request for Proposal which fulfill all mandatory requirements will be evaluated. Each category will have a maximum possible point potential. The State will conduct a fair, impartial and comprehensive evaluation of all proposals in accordance with the criteria set forth below. Areas that will be addressed and scored during the evaluation include:

1. Executive Summary;
2. Corporate Overview shall include but is not limited to;

#### **IV. PROJECT DESCRIPTION AND SCOPE OF WORK**

The bidder must provide the following information in response to this Request for Proposal.

##### **A. PROJECT OVERVIEW**

This RFP is intended to identify a qualified vendor to provide communications, organization, training and leadership of a statewide youth-led, adult guided tobacco control movement of youth aged 12 to 17 years statewide. Nebraska Department of Health and Human Services (DHHS) is looking for an organization with experience in youth empowerment, a strong knowledge of the Nebraska youth market (including regional and ethnic variations) and demonstrable skill in effectively motivating youth to change behaviors through creative, youth generated best practice initiatives.

A contract resulting from this RFP will be issued for a period, effective from date of award through June 30, 2014, with the option to renew for two additional periods of one year each as mutually agreed upon by all parties. Funding available for this RFP is up to \$350,000 for the initial twenty-four (24) months.

Bidders will need to demonstrate their capacity to handle all aspects of a youth movement initiative themselves, with guidance from Tobacco Free Nebraska staff and a state youth advisory board, or specify how the organization will partner with other organizations to accomplish the overall goals of the program. This request for proposal is open, but not limited to, full service, public relations/advertising/marketing agencies, youth serving organizations, and agencies specializing in youth empowerment. Neither the agency nor any of the proposed subcontractors can have current, or within the last five years, contracts with a tobacco company.

The Tobacco Free Nebraska (TFN) program within the DHHS has been in operation since 1991 through a cooperative agreement with the U.S. Centers for Disease Control and Prevention. In 2000, the Nebraska Unicameral passed LB 1436 which designated \$21 million dollars over three years from the tobacco master settlement agreement for comprehensive tobacco prevention and control. One component of the comprehensive program was the youth empowerment initiative "No Limits". More information about the TFN program is at <http://www.dhhs.ne.gov/tfn> which describes components and progress of the TFN program. In addition to the program website, other information regarding the current youth empowerment initiative can be found at <http://www.nolimitsnebraska.com>. Currently, the Nebraska Unicameral provides annual funding of \$2.3 million for comprehensive tobacco prevention programming from the Tobacco Master Settlement Agreement.

The programs four primary goals are:

1. Reducing tobacco use among young people;
2. Eliminating exposure to secondhand smoke;
3. Promoting quitting the use of tobacco among adults and youth, and
4. Identifying and eliminating disparities related to tobacco use and its effects on different population groups.

Tobacco use is the leading cause of preventable death in the United State accounting for more than 440,000 deaths each year. In Nebraska each year, over 2200 adults die prematurely because of cigarette smoking and it is estimated that 36,000 Nebraskans now under the age of 18 will eventually die prematurely from cigarette smoking. Additional data regarding trends

and the burden of tobacco on the state can be found at <http://dhhs.ne.gov/publichealth/Documents/10TFNDataAndTrends.pdf>

This RFP is primarily dedicated to goal one (1) of reducing tobacco use among young people, but will also have a role in goals two (2) and four (4). It is expected that all components whether at the state or local level, work together efficiently in order to achieve all four goals.

In an effort to facilitate complete proposals, it is important that the contractors know the overall goals and objectives of the Tobacco Free Nebraska Program. Youth empowerment is one of several components that impact these goals. The measurable program objectives that are relevant to the youth empowerment are:

#### Prevent Initiation of Tobacco Use among Children and Adolescents

1. Maintain tobacco use rate by adolescents at 15% for cigarettes as reported in the 2010 NE Youth Risk Behavior Survey and maintain spit tobacco use rate at 6.4%.
2. Increase the percentage of youth who report that they have “never smoked” from 61.3% of high school students to 70% of high school students in 2016.
3. Increase the percentage of adolescents who report being currently active in any local youth movement from 9.6% to 15% by 2016.

#### **B. PROJECT ENVIRONMENT**

The bidder should propose a youth empowerment movement that will reach youth (ages 12-17 years) in the State of Nebraska, either through direct involvement in the youth movement or through media advocacy, strategic media, website engagement or other initiatives.

#### **C. PROJECT REQUIREMENTS**

The purpose of this initiative is to achieve specific objectives toward the overarching goal of preventing the initiation and use of tobacco among Nebraska youth. The project objectives:

1. To promote youth (ages 12 –17) understanding about tobacco issues including the targeting of youth by the tobacco industry.
2. To build an infrastructure of training, support and youth led decision making to enable youth to mobilize to meet tobacco prevention objectives of reduced tobacco use through implementation of best practices, programs and policies.
3. To promote youth empowerment that enable youth to become agents of change with their peers, community and state regarding tobacco issues and policies.
4. To increase the number of youth that are actively involved with tobacco prevention and policy in their community and state, with a strong emphasis on engaging and increasing the number of minority, low socio-economic and former/current smokers involved with tobacco prevention.
5. To work collaboratively and efficiently with existing state tobacco prevention initiatives.

#### **D. BUSINESS REQUIREMENTS**

This procurement is open to any organization with significant experience in youth empowerment, a strong knowledge of the Nebraska youth market (including regional and ethnic variations), knowledge and/or experience working with Nebraska tobacco prevention

and control movement and demonstrable skill in effectively motivating youth to change behaviors through creative, youth-led best practice initiatives.

The contractor will be expected to plan and implement a youth-led, adult-guided youth empowerment movement that will advance the overarching goal of preventing youth initiation of tobacco use in Nebraska. The vision, goals and activities of the funded applicant will directly relate to how youth will ultimately be the driving force behind a movement intended to reduce the use of tobacco.

DHHS will give emphasis to innovative and creative ideas for building upon current No Limits youth empowerment progress and youth advisory board plans in Nebraska. Contractor will be required to use the advisory board as guidance and youth leadership for the development and implementation of Nebraska's youth empowerment movement.

- a.** The development of an infrastructure for statewide youth leadership around tobacco prevention, emphasizing the recruitment and involvement of youth not traditionally involved in prevention initiatives. The infrastructure should build capacity both at the local and state level. The focus of these efforts should be on building action-orientated youth teams that will work to change public attitudes and policies regarding youth tobacco use, exposing and countering tobacco industry tactics and using best practice approaches. The contractor will use innovative strategies to integrate with, participate in, energize and inform other local community and youth tobacco control initiatives.
- b.** The development and maintenance of the statewide youth advisory board to provide leadership, decision-making for the entire movement.

**B. COST PROPOSAL REQUIREMENTS**

This section describes the requirements to be addressed by bidders in preparing the Cost Proposal. The bidder must submit the Cost Proposal in a section of the proposal that is a separate section or is packaged separately as specified in this RFP from the Technical Proposal section.

The component costs of the fixed price proposal for providing the services set forth in the Request for Proposal must be provided by submitting forms substantially equivalent to those described below.

**1. PRICING SUMMARY**

This summary shall present the total fixed price to perform all of the requirements of the Request for Proposal. The bidder must include details in the Cost Proposal supporting any and all costs. These details must include, at a minimum, detailed descriptions and/or specifications of the goods and/or services to be provided, quantities, and timing and unit costs, if applicable.

The State reserves the right to review all aspects of the Cost Proposal for reasonableness and to request clarification of any proposal where the cost component shows significant and unsupported deviation from industry standards or in areas where detailed pricing is required.

**2. PRICES**

Prices quoted shall be net, including transportation and delivery charges fully prepaid by the bidder, F.O.B. destination named in the Request for Proposal. No additional charges will be allowed for packing, packages, or partial delivery costs. When an arithmetic error has been made in the extended total, the unit price will govern.

**C. PAYMENT SCHEDULE**

The payment schedule for the project is tied to specific dates and deliverables. Invoices may be submitted by the contractor on specific dates based on the completion and acceptance of related deliverables. No invoice will be approved unless the associated deliverables have been approved. A percentage of the total contract cost may then be invoiced based on the following schedule.
