Comments:				Value Added Benefit(see VAB sheet) A. AC-KO Axles run a 12 1/4x 3 1/2 shoe, this is a difference in brand only not quality. In no way will this obstruct the braking of this trailer. 31 FMAX carries a 3yr warranty.	A. Auto look 3" coupler F. 3" wide slipper springs A. 10,000# Heavy Duty C. 26'+5' Combo Dovetail E. 24"x14"x16" Lockable Tool Boxes B. 1 way spring action on ramp with Quick Fold Down Drop Stands C. complete parts and repair shop in Norfolk Nebraska.	These are HD 10,000 lb not GD 10,000 lb. These have larger inner & outer Bearings. These are 6000 pd 6 leafx 3" wide slipper springs. These are 12"x19lb certified I Beams- Cross members on 16" Centers- Decking is #1 Twice killandried lumber- Total Lingth- 31'. See copy of warranty.	Axles are oil bath instead of grease and spring suspension instead of toasion. Interstate does not build a trailer with a combo lift up center dovetail. Wiring is in PVC jacketed harness, which serves as a conduct, not steel. Interstate will not furnish lift up center on dovetail- Interstate does not know what quickfolding loading jacks are- or where they go.
