Option Eaton-Fuller Manual Transmission speed pickup harness in lieu of Allison Add per unit \$79.00	1.Tank fit together with a donut to hold center. 6. 1 Year Parts and 3 Years on Tank.

Explanation:

* Northern Truck Equipment Corp. Bid 1 did not meet specifications. The vendor checked "No" on 2.C.1. "Base plates will be cut with tapered sides to avoid interference with skid frame when rotating up."

The vendor checked "Other" on 3.E. "Control system will also include a 2-inch flowmeter, and automatic adjusting hydraulic control valve, speedometer speed sensor and all necessary control and console cables with weatherpack connectors."

The vendor is providing 1 1/2" stainless flow meter, hydraulic control valve not included.

** Precision Industries withdrew their bid.
