Line #	Pavement test core drill			Mobile Drilling Co.		Simco Drilling Equipment Inc.
	Description	Qty	UOM	Unit Price		Unit Price
1	Pavement test core drill mounted on trailer	1	EA	\$102,607.00		\$49,768.00
	Make and Model:			Mobile Drill B-3300		255PTC
	Engine Make, Model and Horsepower:			Deutz BF4L2011 74HP		Kubota D-1105-E 25HP
Payment Terms						
Delivery Days ARO						90
Comments				2. Mobile Lifeline is electrically actuated to immediately stop drill rotation. 3. Hydraulically power. 4. Drill head is a hydraulic motor - B-1 (80lb-ft) feed system is motor & chain D-angle hole to 45 degrees. 6. Pump is direct driven from engine.		2. Liquid cooled 25 H.P. Kubota Diesel 3. All hydraulic drill head with infinitely variable speeds, full reverse. No clutch needed 4. No gears as drillhead is all hydraulic - 42" travel infinitely variable speed ranges 0-1000RPM / 0-500RPM depending on max torque. 5. No magnetic drain plug - easy to drain system w/valve 13GPM / 13000psi pressure compensated piston pump-direct drive from engine. 6. 7.5gpm Monyo pump is hydraulically drove w/infinite output control. 9. Note: right hand controls are available and suggested to increase operator safety - no extra charge.
