Payment Terms						0%,0days		0%,30days	
Delivery Days Society						On Request		Per Bid	
Comments				Test cost of actual products would be charged to the State- other on hand samples woul not.		Samples will be similar to bid items, but may not be an exact sample of Bid product. There are a couple of chokes for paper that need further discussion/consultation to your needs. We recommend updating the void panto. If artwork is not available, we recommend updating and enhancing the security of the panto		Cohesive is compatible for use in fuser oil-based printers. Cohesive is applied in one press pass. Art work is direct to plate, no negatives.
