See next page for Award Explanation.

Award Explanation:

The recommendation is to award a contract for a manual transmission ATV to B & B Cycle for a base price of \$5,978 – Yamaha YFM40FBY Big Bear 400 and a contract for an automatic transmission ATV to B & B Cycle for a base price of \$6378.00 – Yamaha YFM45FGY Grizzly 450.

B & B Cycle's bid for a Honda Rancher 4X4 was low bid at a base price of \$6093.00 but they had made exceptions to several of our specifications – starter-electric with recoil backup, rear hydraulic disc, tires, ground clearance, no speedometer.

The specifications are for a manual transmission with an option bid for an automatic transmission. The only two vendors that bid a manual transmission are B & B Cycle and Superior Outdoor Power. Both of the vendors bid a Yamaha YFM40FBY Big Bear 400. B & B Cycle made an exception on 1A. Engine – displacement of engine to be a minimum of 400 cc. Superior Outdoor checked "yes" that they meet the 400 cc specification. The Yamaha website was reviewed and the engine displacement for this make and model is 386 cc. Both vendors bid "yes" on all other specifications. Since these are the only two vendors that bid the manual transmission, it is requested to waive the engine displacement specification and award a contract to B & B Cycle who submitted the lowest bid of the two – a base cost of \$5,978.00.

It is recommended to award a contract for an ATV with automatic transmission to B & B Cycle with the lowest base cost of \$6378.00.
