| Comments          |   |     |     | <p>On line 12 the reason the pricing seem out of line is because the quantity range is 1,000-24,999. We have to protect ourselves from the lower quantity being ordered so the 25,000 price is set to the 1,000 unit price. On line 28 the quantity range is 1,000-4,999 so the 5,000 price is set to the 1,000 unit price</p> |             |                       |             |
