RE: Questions and Answers for RFP Number 3864Z1  
 to be opened January 10, 2012 2 PM Central Time

Following are the questions submitted and answers provided for the above mentioned Request For Proposal. The questions and answers are to be considered as part of the Request For Proposal.

QUESTIONS	ANSWERS
1. ...I would like to formally request the "Bid Tabulation" with the names and pricing of all companies responding to the last RFP, if any.	The tabulation for the current presort contract is attached at the end of this document.
2. Does all mail need to be dropped at a Nebraska facility to avoid 1-2 day delays dropping outside of Nebraska?	Yes.
3. If mail is allowed to be dropped the same day outside of Nebraska will you consider a "next day processing quote" from one who drops from inside of Nebraska? Due to time delays on all mail dropped outside of Nebraska.	See #2.
4. Will you accept two bids, since all or part of the contract can be bid on? A) One for ALL processing of letters, flats, etc. together. B) One for separate processing of letter, flats, etc. separately.	Yes.

<b>QUESTIONS</b>	<b>ANSWERS</b>
5. Will you accept a bid on all automation compatible mail as it states in the RFP, including media mail, BPM, priorities and package services from the Post Office?	The question is not clear.
6. The RFP currently states that you must apply post net barcode to each piece of mail. Is the IMB (Intelligent Mail Barcode) acceptable?	Yes.
7. Flat presorting has to have a sort fee, due to no value added available from the Post Office.	This is a statement, not a question.
8. Do you want letters bid with one metered rate applied to mail with no billing, or a 5 digit rate plus qualification?	The State requires one metered rate applied to the mail with no billing.
9. What does the State of Nebraska pay for training services taught within a state facility?	Training is available as needed, at no additional cost.
10. Section IV Item C1 – Regarding the contractor applying a postnet bar code on mail pieces. The USPS has adopted the Intelligent Mail Bar Code as the preferred method to process mail for automation discounts. Please indicate acceptance of contractor application of the USPS Intelligent Mail Barcode on State of Nebraska letters and flats, instead of the postnet barcode.	See #6.
11. In regards to the most cost effective way to process First Class flats for the State of Nebraska (Section IV Item B6), please clarify if the State of Nebraska will consider amending the RFP to accept other options for processing First Class Flats, such as a next day service level or processing outside of Nebraska, as allowed for consideration under Section III Item B.	See #2.

<b>QUESTIONS</b>	<b>ANSWERS</b>
12. Form D Cost Sheet - Metered letters, W2s, and 1099s require a postage component at the 5 digit automated postage rate. The postage component for Permit Imprint, postcards, and self mailers is assumed to be the 5 digit postage rate, as well. Please confirm that the State of Nebraska will allow bids to be considered with the metered postage rate for First Class Flats applied at the 3 digit postage rate.	See #8.

<b>QUESTIONS</b>	<b>ANSWERS</b>
<p>13. To clarify - to eligible for award of RFP 3864Z1, a vendor must be currently providing similar services in Nebraska and be in good standing with the State of Nebraska in regards to current or previous contracts in the last 5 years. Please confirm.</p>	<p>Section V., 3., g. states:</p> <p>If the bidder or any proposed subcontractor has had a contract terminated for default during the past five (5) years, all such instances must be described as required below. Termination for default is defined as a notice to stop performance delivery due to the bidder's non-performance or poor performance, and the issue was either not litigated due to inaction on the part of the bidder or litigated and such litigation determined the bidder to be in default.</p> <p>It is mandatory that the bidder submit full details of all termination for default experienced during the past five (5) years, including the other party's name, address and telephone number. The response to this section must present the bidder's position on the matter. The State will evaluate the facts and will score the bidder's proposal accordingly. If no such termination for default has been experienced by the bidder in the past five (5) years, so declare.</p> <p>If at any time during the past five (5) years, the bidder has had a contract terminated for convenience, non-performance, non-allocation of funds, or any other reason, describe fully all circumstances surrounding such termination, including the name and address of the other contracting party</p> <p>Section V., 3., h. states: The bidder shall provide a summary matrix listing the bidder's previous projects similar to this Request for Proposal in size, scope and complexity. The State will use no more than three (3) narrative project descriptions submitted by the bidder during its evaluation of the proposal.</p>
<p>14. What percentage of your daily flats are you unable to barcode due to vendor restrictions of thickness?</p>	<p>Approximately 15%.</p>
<p>15. If manifesting of your flats were available, would this be of interest to the state? This would eliminate the need to meter your mail. Full reporting would be available.</p>	<p>This is of interest to the State and may be proposed as an alternative.</p>

QUESTIONS	ANSWERS
16. Would the state be flexible with the changes that might be put in place by the USPS in regards to early acceptance times that may not work within the stated and required pick-up times?	This will need to be addressed at the time the USPS makes their changes.
17. Your present contract lists a \$1.00 charge for letters. Can that be explained further?	The referenced line was established to allow for the release of postage as requested when amounts differ from month to month.
18. Would the state be interested in a value added program? This allows the state to meter at a specific rate and receive no billing for sorting and barcoding fees.	The question is not clear.
19. What percentage or how much of the mail is hand-written?	Approximately 10-15%.
20. Will the state pay for requested training? Ref: page 24, #7	No. Training will be required as needed at no additional charge.
21. Are the two (2) incidents that define "incompetent and unreasonable" for the life of the contract? Meaning, are you only allowed 2 incidents for the life of the contract? Ref: page 24 #11.	Yes.
22. Is postage increases by the USPS excluded from the "fix" prices and costs? Ref: page 18, QQ.	If USPS rates increase, the presort fees may be adjusted only to the amount of the presort cost.
23. IV.B.1. First class mail must be sorted to 3 and 5 digit. (Elsewhere, the RFP indicates that the State will be producing mail metered at the 5 digit rate.) Quoted responses must be on a per piece basis, and reflect both the rate for sorting and barcoding and a set postage rate per pieces. I believe that the State wants vendors to quote a guaranteed rate per piece plus a presort processing fee. This has to cover the up-charges, our costs, and our profit. Can we confirm that this interpretation is correct?	Yes.
24. IV.B.1.c. (p 22) State of Nebraska will remit on a monthly basis, the service fee for each piece of mail and flat mail submitted by the State. That's livable for metered mail, but what about permit mail? Will we have to float the postage?	The State of Nebraska has a CAPS account with the USPS. Permit mail may be processed through this CAPS account.

The following exceptions to these restrictions are permitted:

2. contacts made pursuant to any pre-existing contracts or obligations; and
3. state-requested presentations, key personnel interviews, clarification sessions or discussions to finalize a contract.

Violations of these conditions may be considered sufficient cause to reject a bidder's proposal and/or selection irrespective of any other condition. No individual member of the State, employee of the State, or member of the Evaluation Committee is empowered to make binding statements regarding this Request for Proposal. The buyer will issue any clarifications or opinions regarding this Request for Proposal in writing.

**D. WRITTEN QUESTIONS AND ANSWERS**

Any explanation desired by a bidder regarding the meaning or interpretation of any Request for Proposal provision must be submitted in writing to the State Purchasing Bureau and clearly marked "RFP Number 3864Z1; Mail Presorting Services and Flats Mail Preparation Questions". It is preferred that questions be sent via e-mail to [matpurch.dasmat@nebraska.gov](mailto:matpurch.dasmat@nebraska.gov). Questions may also be sent by facsimile to 402-471-2089, but must include a cover sheet clearly indicating that the transmission is to the attention of Mary Lanning, showing the total number of pages transmitted, and clearly marked "RFP Number 3864Z1; Mail Presorting Services and Flats Mail Preparation Questions".

Written answers will be provided through an addendum to be posted on the Internet at <http://www.das.state.ne.us/materiel/purchasing/rfp.htm> on or before the date shown in the Schedule of Events.

**E. ORAL INTERVIEWS/PRESENTATIONS AND/OR DEMONSTRATIONS**

The Evaluation Committee(s) may conclude after the completion of the Technical and Cost Proposal evaluation that oral interviews/presentations and/or demonstrations are required in order to determine the successful bidder. All bidders may not have an opportunity to interview/present and/or give demonstrations; the State reserves the right to select only the top scoring bidders to present/give oral interviews in its sole discretion. The scores from the oral interviews/presentations and/or demonstrations will be added to the scores from the Technical and Cost Proposals. The presentation process will allow the bidders to demonstrate their proposal offering, explaining and/or clarifying any unusual or significant elements related to their proposals. Bidders' key personnel may be requested to participate in a structured interview to determine their understanding of the requirements of this proposal, their authority and reporting relationships within their firm, and their management style and philosophy. Bidders shall not be allowed to alter or amend their proposals. Only representatives of the State and the presenting bidders will be permitted to attend the oral interviews/presentations and/or demonstrations.

Once the oral interviews/presentations and/or demonstrations have been completed the State reserves the right to make a contract award without any further discussion with the bidders regarding the proposals received.

Detailed notes of oral interviews/presentations and/or demonstrations may be recorded and supplemental information (such as briefing charts, et cetera) may be accepted; however, such supplemental information shall not be considered an amendment to a bidders' proposal. Additional written information gathered in this manner shall not constitute replacement of proposal contents.

Any cost incidental to the oral interviews/presentations and/or demonstrations shall be borne entirely by the bidder and will not be compensated by the State.

## **F. SUBMISSION OF PROPOSALS**

The following describes the requirements related to proposal submission, proposal handling and review by the State.

To facilitate the proposal evaluation process, one (1) original, clearly identified as such, and five (5) copies of the entire proposal should be submitted. The copy marked "original" shall take precedence over any other copies, should there be a discrepancy. Proposals must be submitted by the proposal due date and time. A separate sheet must be provided that clearly states which sections have been submitted as proprietary or have copyrighted materials. All proprietary information the bidder wishes the State to withhold must be submitted in accordance with the instructions outlined in Section III, Proprietary Information. Proposal responses should include the completed Form A, Bidder Contact Sheet. Proposals must reference the request for proposal number and be sent to the specified address. Container(s) utilized for original documents should be clearly marked "ORIGINAL DOCUMENTS". Please note that the address label should appear as specified in Section II part A on the face of each container or bidder's bid response packet. Rejected late proposals will be returned to the bidder unopened, if requested, at bidder's expense. If a recipient phone number is required for delivery purposes, 402-471-2401 should be used. The request for proposal number must be included in all correspondence.

Emphasis should be concentrated on conformance to the Request for Proposal instructions, responsiveness to requirements, completeness and clarity of content. If the bidder's proposal is presented in such a fashion that makes evaluation difficult or overly time consuming, it is likely that points will be lost in the evaluation process. Elaborate and lengthy proposals are neither necessary nor desired.

The Technical and Cost Proposals should be presented in separate sections (loose-leaf binders are preferred) on standard 8 ½" x 11" paper, except that charts, diagrams and the like may be on fold-outs which, when folded, fit into the 8 ½" by 11" format. Pages may be consecutively numbered for the entire proposal, or may be numbered consecutively within sections. Figures and tables must be numbered consecutively within sections. Figures and tables must be numbered and referenced in the text by that number. They should be placed as close as possible to the referencing text.

## **G. PROPOSAL OPENING**

The sealed proposals will be publicly opened and the bidding entities announced on the date, time and location shown in the Schedule of Events. Proposals will be available for viewing by those present after the proposal opening. Vendors may also contact the State to schedule an appointment for viewing proposals after the opening date.

## **H. LATE PROPOSALS**

Proposals received after the time and date of the proposal opening will be considered late proposals. Rejected late proposals will be returned to the bidder unopened, if requested, at bidder's expense. ### **C. COMMUNICATION WITH STATE STAFF**

From the date the Request for Proposal is issued until a determination is announced regarding the selection of the contractor, contact regarding this project between potential contractors and individuals employed by the State is restricted to only written communication with the staff designated above as the point of contact for this Request for Proposal.

Once a contractor is preliminarily selected, as documented in the intent to contract, that contractor is restricted from communicating with State staff until a contract is signed. Violation of this condition may be considered sufficient cause to reject a contractor's proposal and/or selection irrespective of any other condition.

The following exceptions to these restrictions are permitted:

1. written communication with the person(s) designated as the point(s) of contact for this Request for Proposal or procurement;
2. contacts made pursuant to any pre-existing contracts or obligations; and
3. state-requested presentations, key personnel interviews, clarification sessions or discussions to finalize a contract.

Violations of these conditions may be considered sufficient cause to reject a bidder's proposal and/or selection irrespective of any other condition. No individual member of the State, employee of the State, or member of the Evaluation Committee is empowered to make binding statements regarding this Request for Proposal. The buyer will issue any clarifications or opinions regarding this Request for Proposal in writing.

**D. WRITTEN QUESTIONS AND ANSWERS**

Any explanation desired by a bidder regarding the meaning or interpretation of any Request for Proposal provision must be submitted in writing to the State Purchasing Bureau and clearly marked "RFP Number 3864Z1; Mail Presorting Services and Flats Mail Preparation Questions". It is preferred that questions be sent via e-mail to [matpurch.dasmat@nebraska.gov](mailto:matpurch.dasmat@nebraska.gov). Questions may also be sent by facsimile to 402-471-2089, but must include a cover sheet clearly indicating that the transmission is to the attention of Mary Lanning, showing the total number of pages transmitted, and clearly marked "RFP Number 3864Z1; Mail Presorting Services and Flats Mail Preparation Questions".

Written answers will be provided through an addendum to be posted on the Internet at <http://www.das.state.ne.us/materiel/purchasing/rfp.htm> on or before the date shown in the Schedule of Events.

**E. ORAL INTERVIEWS/PRESENTATIONS AND/OR DEMONSTRATIONS**

The Evaluation Committee(s) may conclude after the completion of the Technical and Cost Proposal evaluation that oral interviews/presentations and/or demonstrations are required in order to determine the successful bidder. All bidders may not have an opportunity to interview/present and/or give demonstrations; the State reserves the right to select only the top scoring bidders to present/give oral interviews in its sole discretion. The scores from the oral interviews/presentations and/or demonstrations will be added to the scores from the Technical and Cost Proposals. The presentation process will allow the bidders to demonstrate their proposal offering, explaining and/or clarifying any unusual or significant elements related to their proposals. Bidders' key personnel may be requested to participate in a structured interview to determine their understanding of the requirements of this proposal, their authority and reporting relationships within their firm, and their management style and philosophy. Bidders shall not be allowed to alter or amend their proposals. Only representatives of the State and the presenting bidders will be permitted to attend the oral interviews/presentations and/or demonstrations.

Once the oral interviews/presentations and/or demonstrations have been completed the State reserves the right to make a contract award without any further discussion with the bidders regarding the proposals received.

Detailed notes of oral interviews/presentations and/or demonstrations may be recorded and supplemental information (such as briefing charts, et cetera) may be accepted; however, such supplemental information shall not be considered an amendment to a bidders' proposal. Additional written information gathered in this manner shall not constitute replacement of proposal contents.

Any cost incidental to the oral interviews/presentations and/or demonstrations shall be borne entirely by the bidder and will not be compensated by the State.

**F. SUBMISSION OF PROPOSALS**

The following describes the requirements related to proposal submission, proposal handling and review by the State.

To facilitate the proposal evaluation process, one (1) original, clearly identified as such, and five (5) copies of the entire proposal should be submitted. The copy marked "original" shall take precedence over any other copies, should there be a discrepancy. Proposals must be submitted by the proposal due date and time. A separate sheet must be provided that clearly states which sections have been submitted as proprietary or have copyrighted materials. All proprietary information the bidder wishes the State to withhold must be submitted in accordance with the instructions outlined in Section III, Proprietary Information. Proposal responses should include the completed Form A, Bidder Contact Sheet. Proposals must reference the request for proposal number and be sent to the specified address. Container(s) utilized for original documents should be clearly marked "ORIGINAL DOCUMENTS". Please note that the address label should appear as specified in Section II part A on the face of each container or bidder's bid response packet. Rejected late proposals will be returned to the bidder unopened, if requested, at bidder's expense. If a recipient phone number is required for delivery purposes, 402-471-2401 should be used. The request for proposal number must be included in all correspondence.

Emphasis should be concentrated on conformance to the Request for Proposal instructions, responsiveness to requirements, completeness and clarity of content. If the bidder's proposal is presented in such a fashion that makes evaluation difficult or overly time consuming, it is likely that points will be lost in the evaluation process. Elaborate and lengthy proposals are neither necessary nor desired.

The Technical and Cost Proposals should be presented in separate sections (loose-leaf binders are preferred) on standard 8 ½" x 11" paper, except that charts, diagrams and the like may be on fold-outs which, when folded, fit into the 8 ½" by 11" format. Pages may be consecutively numbered for the entire proposal, or may be numbered consecutively within sections. Figures and tables must be numbered consecutively within sections. Figures and tables must be numbered and referenced in the text by that number. They should be placed as close as possible to the referencing text.

**G. PROPOSAL OPENING**

The sealed proposals will be publicly opened and the bidding entities announced on the date, time and location shown in the Schedule of Events. Proposals will be available for viewing by those present after the proposal opening. Vendors may also contact the State to schedule an appointment for viewing proposals after the opening date.

**H. LATE PROPOSALS**

Proposals received after the time and date of the proposal opening will be considered late proposals. Rejected late proposals will be returned to the bidder unopened, if requested, at bidder's expense. The State is not responsible for proposals that are late or lost due to mail service inadequacies, traffic or any other reason(s).

**I. REJECTION OF PROPOSALS**

The State reserves the right to reject any or all proposals, wholly or in part, or to award to multiple bidders in whole or in part. The State reserves the right to waive any deviations or errors that are not material, do not invalidate the legitimacy of the proposal and do not improve the bidder's competitive position. All awards will be made in a manner deemed in the best interest of the State.

**J. EVALUATION OF PROPOSALS**

All responses to this Request for Proposal which fulfill all mandatory requirements will be evaluated. Each category will have a maximum possible point potential.
