Internet Explorer 7.0 Settings

Step	Action
35.	Click the OK button. 

Step	Action
36.	<p>Click the OK button.</p> 
37.	<p>Warning: Various changes to your PC, such as upgrading from Internet Explorer 6.0 to Internet Explorer 7.0, installing automatic updates, or reimaging can alter your Internet Explorer settings and consequently cause problems viewing PDFs through NIS. If you have changed your settings in the past, and are experiencing problems again, be sure to re-check them.</p> <p>Note: Either the Sun Java Runtime Environment or the Microsoft Java Virtual Machine must be running on your computer. This is something that should already be set up, but if you are not sure, or have questions please check with your local IT individuals.</p> <p>Note: Internet Explorer 6.0 is packaged with Windows XP Professional, and SP1 must be applied. See your local IT individuals for assistance."</p> <p>End of Procedure.</p>
