

To be considered, your current application and this completed questionnaire must be on file or received in Nebraska State Personnel, wrk4neb.dasper@nebraska.gov, 301 Centennial Mall South, P.O. Box 94905, Lincoln, NE 68509-4905, or postmarked by **May 19, 2008**.

**Converged State Network Analyst/Senior
OFFICE OF THE CIO
#65-07016
Supplemental Questionnaire**

NAME: _____ **Social Security Number:** _____

	When (mo/yr to mo/yr)	Employer
CPE Design		
Indicate which functions you have performed:		
1) Electronic key system hardware configuration	_____	_____
2) Electronic key system feature determination	_____	_____
3) PBX system hardware configuration	_____	_____
4) PBX system feature determination	_____	_____
5) Voice mail system hardware configuration	_____	_____
6) ACD/UCD system/service	_____	_____
7) Call Accounting system configuration	_____	_____
8) Wiring/Jack design for telephone service	_____	_____
9) Wiring/Jack/Patch Panel design for LAN	_____	_____
10) Designing TCP/IP based networks	_____	_____
11) Designing Switched Ethernet networks	_____	_____
12) Designing wireless IP networks	_____	_____
13) Designing Voice/Video over IP Networks	_____	_____
14) QOS	_____	_____
CPE Implementation		
Indicate which functions you have performed:		
15) Installing electronic key systems	_____	_____
16) Installing PBX systems	_____	_____

NAME: _____ Social Security Number: _____

	When (mo/yr to mo/yr)	Employer
17) Installing Voice Mail Systems	_____	_____
18) Configuring ACD/UCD	_____	_____
19) Installing Call Accounting	_____	_____
20) Configuring Auto Attendants	_____	_____
21) Installing wiring for telephone service	_____	_____
22) Installing wiring for LAN	_____	_____
23) Installing/Configuring TCP/IP Networks	_____	_____
24) Installing/Configuring Switched Ethernet equipment	_____	_____
25) Installing/Configuring Routers/L3 Ethernet Switches	_____	_____
26) Installing/Configuring VPN Equipment	_____	_____
27) Installing/Configuring Ethernet based firewalls	_____	_____
28) Installing Voice/Video over IP Networks	_____	_____

System/Network Maintenance

Indicate which services you have performed:

29) Operating and interpreting LAN Protocol analyzers	_____	_____
30) Operating and interpreting router and switch debugging functions	_____	_____
31) Operating firewalls	_____	_____
32) Operating VPN Systems	_____	_____

Specific Items

Indicate which items you have training or service experience with:

33) Microsoft Exchange Unified Messaging	_____	_____
34) Fortinet Firewall	_____	_____

NAME: _____ Social Security Number: _____

	When (mo/yr to mo/yr)	Employer
35) Nortel DMS Systems	_____	_____
36) Extreme Switches	_____	_____
37) Nortel CS1000	_____	_____
38) Nortel Call Pilot Voice Mail Systems	_____	_____
39) Cisco Switches	_____	_____
40) Cisco Routers	_____	_____

Administrative Functions

Indicate which items you have worked with or taken training in:

41) Experience in writing formal bid documents	_____	_____
42) Experience in placing and documenting orders for service with telephone companies or interconnect vendors to include T1's and digital circuits	_____	_____
43) Experience in testing digital circuits and related equipment	_____	_____
44) Experience in project management	_____	_____
