### **What is the Amazing Employee Rewards program?**

This partner program is our way to provide your company with access to special discounts and features exclusive to enrolled members who buy online from us. We do this via a promotional code ("Promo Code") that we create for you to share with fellow employees. This code when used with our advance purchase website, provides pricing and options not generally available elsewhere. This is our benefit in return for your willingness to communicate to your employees about The Amazing Pizza Machine.

### **Why should I buy online?**

Convenience AND savings. The Promo Code gets you our great prices. But you also get to speed through the cashier transaction in the store. You will have already paid for your group, so we can have you processed and on your way to play in under a minute.

### **What does use of the Promo Code get me?**

Savings! While any guest of The Amazing Pizza Machine may make advance purchases, Amazing Employee Rewards members who use their Promo Code always save even more!

### **Why do I have to buy online? Can't I just show my company ID to a cashier to get the savings and special offer deals?**

Amazing Rewards benefits are only available with advance purchase online before you arrive. To save, you must purchase your admission online using your promo code before you come in.

### **What items can I buy online? Everything?**

Offers are updated throughout the year and include buffet & play combo admission packages, buffet-only admissions, and a la carte arcade play cards. Seasonal and limited time offers may also be available during special promotion periods.

### **How do I get my Promo Code?**

Contact the individual at your company who coordinates employee discount programs. They should have your code available for you. Your coordinator can also contact our Group Sales team during normal business hours to verify enrollment and the current Promo Code.

### **Frequently Asked Questions**

8. Proceed and complete your transaction by providing the information requested and your credit card to process your order.
9. You will receive a confirmation email with a confirmation code that validates your order completed successfully.
10. When you are ready to visit (and you can do that any day, not just the day you buy), simply present your confirmation email with confirmation number to any cashier upon arrival. The cashier will recall your order and quickly create your arcade play cards and you're on your way to having an AMAZING time with us.

#### **What if I lost my confirmation number or couldn't print out the confirmation email?**

Obviously we will need some way to verify that your prepaid order belongs specifically to you. The best way is to check in with your confirmation email in hand. If you received the email to your smart phone, that will work as well. If you still are unsure or do not have the actual email you can show us, we can attempt to retrieve your order by verifying your full order information, but know this may slow down your check in process. Presenting your confirmation email with its confirmation code and order barcode is always your fastest way to check in and be on your way to fun!

#### **How do we order more posters and fliers to be sure our employees all know about our Promo Code and savings benefits?**

It's easy! Have your employee benefits coordinator we have on file give our group sales team a call and we will rush out a resupply right away. Call us at 402-829-1785 during business hours.

#### **Still have questions?**

Contact our group sales team at 402-829-1785 during regular business hours and we'll be happy to assist you further.
