

User Migration Guide: From Argus (NDS Id) to Centurion Blue (STN AD Id)

We are upgrading our authentication & authorization system. After migration, you will no longer use your **Argus (NDS Id)** to access applications. Instead, you will sign in with your **Centurion Blue (STN AD Id)**.

This guide will walk you through the transition process to ensure uninterrupted access to NBRRS.

Feature	Current (Before)	New (After Migration)
Login System	Argus (NDS Id)	CB (STN AD Id)
Authentication Type	NDS LDAP	CB AD / SSO (Single Sign-On)
Username Format	e.g., vpatel-001	e.g., NE\vishwa.patel or Public\userId
Roles Management	Managed via Argus Portal	Synced with CB Roles and managed thru CB Portal

Step-by-Step Instructions

1) First-Time Login (After Migration Date)

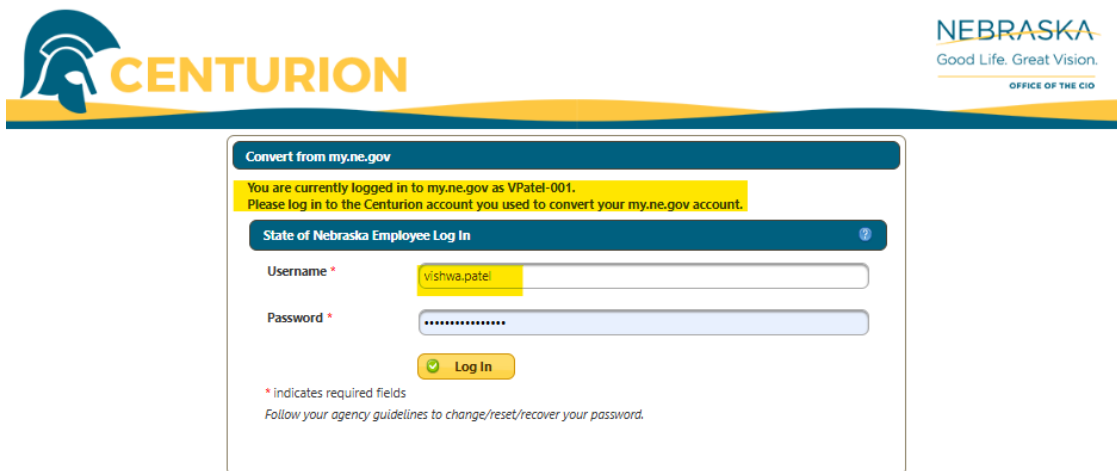

- a) Go to the NE Portal: <https://my.ne.gov>, you will be redirected to log into Argus with your existing **Argus (NDS Id)** credentials.

- b) Once in the NE Portal, choose the appropriate link (see image below) and you will be redirected to a Centurion Blue.

- i) Users with *@nebraska.gov emails will login with their **STN AD** credentials, same username and password you use to log into your computer.

- ii) All other users will register for and log in with **Public AD** credentials.

Convert from my.ne.gov - Register User Account

You are currently logged in to my.ne.gov as cchong-001.
[If you already have a public user account, click here to log in.](#)
