

Agency 088 - CORN DEVELOPMENT MARKETING BOARD

STATUTORY AUTHORITY:

The Nebraska Corn Development, Utilization and Marketing Board (“Nebraska Corn Board” or “Board”) was created by LB 639 of the 1978 session of the Legislature and most recently updated by the 2012 Legislature. For over 40 years, the Board has been administering a checkoff on corn collected at the first point of sale, which is presently at the rate of five-tenths of a cent per bushel, then investing those funds in a number of programs under our four cornerstones of research, education, market development and promotion.

VISION:

Enhancing Demand. Adding Value. Ensuring Sustainability.

MISSION AND PRINCIPLES:

The Nebraska Corn Board works to promote the value of corn by creating opportunities.

GOALS:

In November of 2017, the Nebraska Corn Board, in partnership with the Nebraska Corn Growers Association, developed a new strategic plan. Out of this process came Nebraska’s Corn Vision that outlines strategic focus areas, goals and objectives, both internally and externally. The Board adopted Nebraska’s Corn Vision, along with updated vision and mission statements in December 2017. Following this adoption, staff and board have developed various implementation plans around a number of the goals and objectives that are outlined below.
