This item is available through CSI, but cannot meet delivery requirements

This item is available through CSI, but is substantially more expensive

Other (Please Explain):

-
1. If this item is available through CSI, but cannot meet delivery requirements (attach email from CSI stating so), explain what is crucial about the delivery timeframe? Regarding timeframe, when did the agency begin planning and when was CSI contacted? Was CSI given enough notice to meet delivery needs

 2. Explain why the product is necessary. Why is the CSI product not acceptable? What specifications are required to meet the need that are not available through the CSI product? In general, what is there about the equipment/supplies being requested to be purchased that require those to be purchased from another source besides CSI?

To be completed by CSI representative
