

PROCURATED

In Partnership with the Department of Administrative Services

What is Procurated?

Procurated is a ratings and reviews platform designed by procurement professionals, for procurement professionals. It's a closed site, only accessible to you and your procurement peers. Your reviews will only be shared with suppliers if you choose to do so.

Why did Nebraska partner with Procurated?

Measuring vendor performance is important to the Department of Administrative Services, which is why DAS partnered with Procurated. The goal is to monitor ratings and reviews from government procurement professionals across Nebraska to better understand possible areas of improvement with vendors.

As a purchaser, how can Procurated help me?

- Search for the highest quality vendors for goods and services based on reviews from your procurement peers across the country
- Find candid reviews about specific vendors
- Give feedback about your experience with vendors, good or bad

Why am I receiving phone calls or emails asking me to rate suppliers?

In order to gather reviews, Procurated reaches out to purchasers and end users to ask for supplier feedback in two ways, via email and phone.

I don't want to receive calls or emails from Procurated, what do I do?

Reviews from people like you are vital to your peers in NE and across the country. Your feedback, no matter how much or how little, goes a long way.

If you have any questions or would like to opt out of calls or emails, please email support@procurated.com.

Visit www.procurated.com and write your first review!
