

## Notice to Bidder

### RFQ 111765 Z6 Transitional Housing for Parole Clients

Date: 01/23/2023

To: Prospective Bidder(s)

From: Julie Schiltz, Assistant Materiel Administrator  
Nebraska Department of Correctional Services on behalf of the Division of Parole  
Supervision, a division of the Nebraska Board of Parole

RE: Request for Qualifications #111765 Z6, Transitional Housing for Parole Clients

---

Evaluations of responses received to date for RFQ 111765 Z6 have been completed.

Non-awarded submissions did not meet either the Nebraska Board of Parole's (NBOP) definition of programming or exceeded the maximum cost for transitional living without programming. Due to budgeting constraints, NBOP is unable to award to bidders if their cost proposal does not synchronize with programming levels described in Attachment A REV1.

In this RFQ, as outlined in Addendum Number Five and Attachment A REV1, programming is defined as any service that involves behavioral health treatment offered by a licensed provider. Educational Programs such as the following are not considered behavioral health treatment: Budgeting, Building Family Relations, Life Skills, Anger Management, and Case Management Services. These programs are not eligible for the \$90 level.

The RFQ is designed to allow responses to be submitted and evaluated on an ongoing basis until appropriate availability levels of Transitional Living Housing, including Mental Health Programming, are available as determined by NBOP.

Due to the evergreen approach of this non-competitive RFQ, an organization can be re-evaluated by submitting an updated Attachment A REV1 that meets or exceeds programming requirements as defined by NBOP and an updated Cost Proposal REV1 that does not exceed the maximum cost allowance.

The RFQ remains open for new or revised responses at
