SCOPE OF SERVICE

The State of Nebraska (State), Department of Health and Human Services, is issuing this Request for Proposal (RFP) Number 118660 O3 for the purpose of selecting a qualified Contractor to provide receipt, storage, and distribution of USDA commodity food to schools across Nebraska. A more detailed description can be found in Sections V and VI. The resulting contract may not be an exclusive contract as the State reserves the right to contract for the same or similar services from other sources now or in the future.

The term of the contract shall be for a period of four (4) years, effective July 1, 2024, through June 30, 2028. The Contract includes the option to renew for one (1) additional one (1) year period upon mutual agreement of the Parties. The State reserves the right to extend the period of this contract beyond the termination date when mutually agreeable to the Parties.

In the event that a contract with the awarded bidder(s) is cancelled or in the event that the State needs additional contractors to supply the solicited services, this RFP may be used to procure the solicited services for up to two (2) years from the date the Intent to Award is posted, provided that 1) the solicited goods or services will be provided by a bidder (or a successive owner) who submitted a bid pursuant to this RFP, 2) the bidder's proposal was evaluated, and 3) the bidder will honor the bidder's original proposal, including the proposed cost, allowing for any price increases that would have otherwise been allowed if the bidder would have received the initial award.

ALL INFORMATION PERTINENT TO THIS REQUEST FOR PROPOSAL CAN BE FOUND ON THE INTERNET AT:
<https://das.nebraska.gov/materiel/bidopps.html>.

IMPORTANT NOTICE: Pursuant to Neb. Rev. Stat. § 84-602.04, State contracts in effect as of January 1, 2014, and contracts entered into thereafter, must be posted to a public website. The resulting contract, the Request for Proposal, and the awarded bidder's proposal and response will be posted to a public website managed by DAS, which can be found at <http://statecontracts.nebraska.gov> And https://www.nebraska.gov/das/materiel/purchasing/contract_search/index.php.

In addition, and in furtherance of the State's public records Statute (Neb. Rev. Stat. § 84-712 et seq.), all proposals or responses received regarding this Request for Proposal will be posted to the State Purchasing Bureau public website.

These postings will include the entire proposal or response. Bidder must request that proprietary information be excluded from the posting. The bidder must identify the proprietary information, mark the proprietary information according to state law, and submit the proprietary information in a separate file named conspicuously as "PROPRIETARY INFORMATION". The bidder should submit a detailed written document showing that the release of the proprietary information would give a business advantage to named business competitor(s) and explain how the named business competitor(s) will gain an actual business advantage by disclosure of information. The mere assertion that information is proprietary or that a speculative business advantage might be gained is not sufficient. (See Attorney General Opinion No. 92068, April 27, 1992). THE BIDDER MAY NOT ASSERT THAT THE ENTIRE PROPOSAL IS PROPRIETARY. COST PROPOSALS WILL NOT BE CONSIDERED PROPRIETARY AND ARE A PUBLIC RECORD IN THE STATE OF NEBRASKA. The State will determine, in its sole discretion, if the disclosure of the information designated by the Bidder as proprietary would 1) give advantage to business competitors and 2) serve no public purpose. The Bidder will be notified of the State's decision. Absent a determination by the State that the information may be withheld pursuant to Neb. Rev. Stat. § 84-712.05, the State will consider all information a public record subject to disclosure.

If the State determines it is required to release withheld proprietary information, the bidder will be informed. It will be the bidder's responsibility to defend the bidder's asserted interest in non-disclosure.

To facilitate such public postings, with the exception of proprietary information, the State of Nebraska reserves a royalty-free, nonexclusive, and irrevocable right to copy, reproduce, publish, post to a website, or otherwise use any contract, proposal, or response to this Request for Proposal for any purpose, and to authorize others to use the documents. Any individual or entity awarded a contract, or who submits a proposal or response to this Request for Proposal, specifically waives any copyright or other protection the contract, proposal, or response to the Request for Proposal may have; and acknowledges that they have the ability and authority to enter into such waiver. This reservation and waiver is a prerequisite for submitting a proposal or response to this Request for Proposal, and award of a contract. Failure to agree to the reservation and waiver will result in the proposal or response to the Request for Proposal being found non-responsive and rejected.

Any entity awarded a contract or submitting a proposal or response to the Request for Proposal agrees not to sue, file a claim, or make a demand of any kind, and will indemnify and hold harmless the State and its employees, volunteers, agents, and its elected and appointed officials from and against any and all claims, liens, demands, damages, liability, actions, causes of action, losses, judgments, costs, and expenses of every nature, including investigation costs and expenses, settlement costs, and

attorney fees and expenses, sustained or asserted against the State, arising out of, resulting from, or attributable to the posting of the contract or the proposals and responses to the Request for Proposal, awards, and other documents.

M. LATE PROPOSALS

Proposals received after the time and date of the proposal opening will be considered late proposals. Late proposals will be considered non-responsive. The State is not responsible for proposals that are late or lost regardless of cause or fault.

N. PROPOSAL OPENING

Any contact, attempted contact, or attempt to influence an evaluator that is involved with this Request for Proposal may result in the rejection of this proposal and further administrative actions.

Q. EVALUATION OF PROPOSALS

All proposals that are responsive to the Request for Proposal will be evaluated. Each evaluation category will have a maximum point potential. The State will conduct a fair, impartial, and comprehensive evaluation of all proposals in accordance with the criteria set forth below. Areas that will be addressed and scored during the evaluation include:

1. Corporate Overview may include, but is not limited to:
 - a. the ability, capacity, and skill of the bidder to deliver and implement the system or project that meets the requirements of the Request for Proposal;
 - b. the character, integrity, reputation, judgment, experience, and efficiency of the bidder;
 - c. whether the bidder can perform the contract within the specified time frame;
 - d. the bidder's historical or current performance; and
 - e. such other information that may be secured and that has a bearing on the decision to award the contract.

In evaluating the corporate overview, the State may consider, past experiences with the vendor, references, the State's record of the vendor which may include, but is not limited to Vendor Performance Notices, Vendor Improvement Requests, vendor performance reports, and any information related to the vendor's historical or current character, integrity, reputation, capability, or performance with the State or a third-party.

2. Technical Approach; and,
3. Cost Proposal.

Neb. Rev. Stat. § 73-107 allows for a preference for a resident disabled veteran or business located in a designated enterprise zone. When a state contract is to be awarded to the lowest responsible bidder, a resident disabled veteran or a business located in a designated enterprise zone under the Enterprise Zone Act shall be allowed a preference over any other resident or nonresident bidder, if all other factors are equal.

Resident disabled veterans means any person (a) who resides in the State of Nebraska, who served in the United States Armed Forces, including any reserve component or the National Guard, who was discharged or otherwise separated with a characterization of honorable or general (under honorable conditions), and who possesses a disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense and (b)(i) who owns and controls a business or, in the case of a publicly owned business, more than fifty percent of the stock is owned by one or more persons described in (a) of this paragraph and (ii) the management and daily business operations of the business are controlled by one or more persons described in (a) of this paragraph. Any contract entered into without compliance with this section shall be null and void.

Therefore, if a resident disabled veteran or business located in a designated enterprise zone submits a proposal in accordance with Neb. Rev. Stat. § 73-107 and has so indicated on the Request for Proposal cover page under "Contractor must complete the following" requesting priority/preference to be considered in the award of this contract, the following will need to be submitted by the contractor within ten (10) business days of request:

1. Documentation from the United States Armed Forces confirming service,
2. Documentation of discharge or otherwise separated characterization of honorable or general (under honorable conditions),
3. Disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense; and
4. Documentation which shows ownership and control of a business or, in the case of a publicly owned business, more than fifty percent of the stock is owned by one or more persons described in subdivision (a) of this subsection; and the management and daily business operations of the business are controlled by one or more persons described in subdivision (a) of this subsection.

Failure to submit the requested documentation within ten (10) business days of notice will disqualify the bidder from consideration of the preference.

R. ORAL INTERVIEWS/PRESENTATIONS AND/OR DEMONSTRATIONS

The State may determine after the completion of the Technical and Cost Proposal evaluation that oral interviews/presentations and/or demonstrations are required. Every bidder may not be given an opportunity to interview/present and/or give demonstrations; the State reserves the right, in its discretion, to select only the top scoring bidders to present/give oral interviews. The scores from the oral interviews/presentations and/or demonstrations will be added to the scores from the Technical and Cost Proposals. The presentation process will allow the bidders to demonstrate their proposal offering, explaining and/or clarifying any unusual or significant elements related to their proposals. Bidders' key personnel, identified in their proposal, may be requested to participate in a structured interview to determine their understanding of the requirements of this proposal, their authority and reporting relationships within their firm, and their management style and philosophy. Only representatives of the State and the presenting bidder will be permitted to attend the oral interviews/presentations and/or demonstrations. A written copy or summary of the presentation, and demonstrative information (such as

briefing charts, et cetera) may be offered by the bidder, but the State reserves the right to refuse or not consider the offered materials. Bidders shall not be allowed to alter or amend their proposals.

Once the oral interviews/presentations and/or demonstrations have been completed, the State reserves the right to make an award without any further discussion with the bidders regarding the proposals received.

Any cost incidental to the oral interviews/presentations and/or demonstrations shall be borne entirely by the bidder and will not be compensated by the State.

S. BEST AND FINAL OFFER

Each bidder should provide its best offer with their original proposal response and should not expect the State to request a best and final offer (BAFO).

The State reserves the right to conduct more than one BAFO or to not offer every bidder an opportunity to submit a BAFO. If requested by the State, the BAFO must be submitted on the BAFO Cost Proposal form and in accordance with the State's instructions. Failure to submit a requested BAFO or failure to submit a BAFO in accordance with the State's instructions may result in rejection of the bidder's entire proposal response. BAFOs may be scored and ranked by the Evaluation Committee.

T. REFERENCE AND CREDIT CHECKS

The State reserves the right to conduct and consider reference and credit checks. The State reserves the right to use third parties to conduct reference and credit checks. By submitting a proposal in response to this Request for Proposal, the bidder grants to the State the right to contact or arrange a visit in person with any or all of the bidder's clients. Reference and credit checks may be grounds to reject a proposal, withdraw an intent to award, or rescind the award of a contract.

U. AWARD

The State reserves the right to evaluate proposals and award contracts in a manner utilizing criteria selected at the State's discretion and in the State's best interest. After evaluation of the proposals, or at any point in the Request for Proposal process, the State of Nebraska may take one or more of the following actions:

1. Amend the Request for Proposal;
2. Extend the time of or establish a new proposal opening time;
3. Waive deviations or errors in the State's Request for Proposal process and in bidder proposals that are not material, do not compromise the Request for Proposal process or a bidder's proposal, and do not improve a bidder's competitive position;
4. Accept or reject a portion of or all of a proposal;
5. Accept or reject all proposals;
6. Withdraw the Request for Proposal;
7. Elect to rebid the Request for Proposal;
8. Award single lines or multiple lines to one or more bidders; or,
9. Award one or more all-inclusive contracts.

The Request for Proposal does not commit the State to award a contract. Once intent to award decision has been determined, it will be posted to the Internet at:

<https://das.nebraska.gov/materiel/bidopps.html>

Any protests must be filed by a bidder within ten (10) business days after the intent to award decision is posted to the Internet. Grievance and protest procedure is available on the Internet at:

https://das.nebraska.gov/materiel/docs/pdf/ProtestGrievanceWithGuidance_08042021.pdf

V. LUMP SUM OR "ALL OR NONE" PROPOSALS

The State reserves the right to purchase item-by-item, by groups or as a total when the State may benefit by so doing. Bidders may submit a proposal on an "all or none" or "lump sum" basis but should also submit a proposal on an item-by-item basis. The term "all or none" means a conditional proposal which requires the purchase of all items on which proposals are offered and bidder declines to accept award on individual items; a "lump sum" proposal is one in which the bidder offers a lower price than the sum of the individual proposals if all items are purchased but agrees to deliver individual items at the prices quoted.

W. REJECTION OF PROPOSALS

The State reserves the right to reject any or all proposals, wholly or in part, in the best interest of the State.

X. RESIDENT BIDDER

Pursuant to Neb. Rev. Stat. §§ 73-101.01 & 73-101.02, a Resident Bidder shall be allowed a preference against a Non-resident Bidder from a state which gives or requires a preference to Bidders from that state. The preference shall be equal to the preference given or required by the state of the Nonresident Bidders. Where the lowest responsible bid from a resident Bidder is equal in all respects to one from a nonresident Bidder from a state which has no preference law, the resident Bidder shall be awarded the contract. The provision of this preference shall not apply to any contract for any project upon which federal funds would be withheld because of the provisions of this preference.

II. TERMS AND CONDITIONS

Bidders should complete Sections II thru IV as part of their proposal. Bidder is expected to read the Terms and Conditions and should initial either accept, reject, or reject and provide alternative language for each clause. The bidder should also provide an explanation of why the bidder rejected the clause or rejected the clause and provided alternate language. By signing the Request for Proposal, bidder is agreeing to be legally bound by all the accepted terms and conditions, and any proposed alternative terms and conditions submitted with the proposal. The State reserves the right to negotiate rejected or proposed alternative language. If the State and bidder fail to agree on the final Terms and Conditions, the State reserves the right to reject the proposal. The State of Nebraska is soliciting proposals in response to this Request for Proposal. The State of Nebraska reserves the right to reject proposals that attempt to substitute the bidder's commercial contracts and/or documents for this Request for Proposal.

The bidders should submit with their proposal any license, user agreement, service level agreement, or similar documents that the bidder wants incorporated in the Contract. The State will not consider incorporation of any document not submitted with the bidder's proposal as the document will not have been included in the evaluation process. These documents shall be subject to negotiation and will be incorporated as addendums if agreed to by the Parties.

If a conflict or ambiguity arises after the Addendum to Contract Award have been negotiated and agreed to, the Addendum to Contract Award shall be interpreted as follows:

1. If only one Party has a particular clause, then that clause shall control,
2. If both Parties have a similar clause, but the clauses do not conflict, the clauses shall be read together,
3. If both Parties have a similar clause, but the clauses conflict, the State's clause shall control.

Said notice shall be delivered by email to the contractor's point of contact with acknowledgement from the contractor, Certified Mail - Return Receipt Requested, or in person with proof of delivery. Allowing time to cure a failure or breach of contract does not waive the right to immediately terminate the contract for the same or different contract breach which may occur at a different time. In case of default of the Contractor, the State may contract the service from other sources and hold the Contractor responsible for any excess cost occasioned thereby.

The State's failure to make payment shall not be a breach, and the Contractor shall retain all available statutory remedies and protections.

V. PROJECT INFORMATION AND ESSENTIAL QUALIFICATIONS

A. PROJECT OVERVIEW

The purpose of this request for proposal is to select a Contractor to receive, store, and deliver USDA Foods and to implement an indirect discount value pass through system, hereinafter referred to as Indirect Discount System, for distributing end products of National Processing Agreement (NPA) approved processors.

The State will provide a list of recipient agencies participating in the single bank processing program to the contractor and may revise the list at any time.

IMPORTANT PROGRAM DYNAMIC:

The contractor will be expected to implement the indirect discount system mentioned below in USDA Donated food processing and integrate it into its sales and marketing efforts to recipient agencies within Nebraska.

When the contractor sells end products to recipient agencies participating in the single bank processing program, the value of donated food contained therein shall be discounted or not included on the contractor's invoice, provided there is an adequate balance of donated food at the processor to support the transaction. Such transactions are charged to the State's account (i.e., single bank) of donated food at each processor, by default. However, a recipient agency may establish their own account of donated food at a processor, designate a different distributor to purchase end products from or purchase end products directly from the processor. The processor reimburses the contractor for the value of donated food passed through to the recipient agency pursuant to a processor-distributor agreement required by Federal regulations.

The State may also purchase end products directly from a processor and have them delivered to the contractor's facility for distribution to recipient agencies. The State will inform the contractor when this occurs. The receipt, storage, and handling of end products purchased by the State directly from a processor are the same as direct delivery items.

B. BACKGROUND INFORMATION

The United States Department of Agriculture (USDA) Food and Nutrition Service (FNS) purchases food for donation to States or distributing agencies to be used in child nutrition programs administered within the State. Recipient agencies (Schools and Child Care Centers) of such foods are provided with a planned assistance level by the distributing agency. Recipients may choose how to best utilize their planned assistance level by selecting foods in any ratio from three basic categories.

1. Direct delivery donated foods from USDA vendors
2. Diverted donated foods (or end products) from USDA processors, or
3. The Department of Defense, Fresh Fruit, and Vegetable Order Receipt System (FFAVORS).
The FFAVORS ordering system is a separate ordering system administered by the Department of Defense. Contractors need to be aware that recipient agencies may choose to place all orders through the Department of Defense or a combination of both. Orders with the Department of Defense are not included in the scope of this contract.

The USDA purchases over 180 types of direct delivery donated foods while over 30 types are expected to be available for further processing. However, the State does not make every single type of donated food available to recipient agencies or processors. Because the State must order in full truck loads, only the most requested foods are made available. This is so USDA foods can be distributed while in optimum condition and to help ensure inventory levels do not exceed a six-month supply.

Some recipient agencies can receive direct shipments of USDA foods, thus bypassing the State's distribution system. These shipments may be delivered by USDA vendors or multi-State processors directly to recipients' storage facilities, or their contracted storage facilities.

VI. PROJECT DESCRIPTION AND SCOPE OF WORK

TECHNICAL APPROACH

Important Information and Instructions:

This section contains both important information about the Program and provides instructions on the corresponding information to be provided by the bidder when responding to the Request for Proposal. Bidders are to review this section in its entirety.

In response to this Request for Proposal, bidders are to provide responses as indicated for each item under A. through E. below for the Technical Approach section of the Technical Proposal. Sections (VII)(2) and (VII)(3) provide proposal instructions regarding the required submittals for the Technical Approach section of the Technical Proposal, which correspond with this section.

A. PROJECT REQUIREMENTS

Please provide detailed narrative responses on your company's ability to meet the requirements as outlined herein Section (VI) including specific information on your methodology and how you will accomplish each of the following items:

1. SCOPE OF WORK

The Contractor will receive, store, and deliver USDA Foods and implement an Indirect Discount System for USDA Foods. This project involves federal financial assistance passed through by the State to public schools and other recipients.

There are approximately 391 Recipient Agencies across the State of Nebraska including public and parochial schools participating in the National School Lunch Program (NSLP) and Child and Adult Care Food Program (CACFP) participant programs. The number of recipient agencies may vary, as a recipient agency has the option to not participate in receiving USDA Food and new schools and childcare centers may be added during the duration of contract period. (See **Attachment 2 -- List of Eligible Recipient Agencies SY25**)

The State will coordinate the scheduling of delivery from USDA vendors within specified date ranges with the contractor to the extent feasible for the State. Lists of sales orders received in school year 2024 and expected in 2025 (See **Attachment 3 – Sales Order Information (SY24 & SY25)**) are attached to assist the contractor in determining the pattern in which direct delivery donated foods are scheduled by the State.

2. PROJECT ENVIRONMENT

The contractor must establish and follow proper protocol for control and compliance for each of the following items:

- a. Acceptance of delivery appointments, provide warehouse staff, and allow dock access for USDA vendors.
- b. Storage facility and equipment must maintain USDA foods in sanitary conditions, at the proper temperature and humidity, and with adequate air circulation.
- c. Provide transportation of USDA foods in a manner that protects against theft, spoilage, damage, or other loss.

3. PROJECT REQUIREMENTS

The contractor must perform each of the following items as indicated:

- a. Coordination of USDA Food Processing Activities and Arrangements:
 - i. Coordinate with the State and recipient agencies to market end products based on the requests of recipient agencies in accordance with 7 CFR 250.10(a). See the following link for specific information related to the request-driven ordering system: [https://www.ecfr.gov/current/title-7/part-250#p-250.10\(a\)](https://www.ecfr.gov/current/title-7/part-250#p-250.10(a))
 - ii. Indirect Discount System - The contractor must enter into Distributor/Processor agreements in accordance with Federal regulation 7 CFR 250.30(i)
- b. Handling and Relinquishment of Remaining Inventory

If at the beginning of the term of this contract, the State has remaining inventory at the previous contractor, the awarded contractor is required to transport it to their facility at no cost to the State. Likewise, if at the end of the term of this contract, the State has remaining inventory, the incumbent

contractor agrees to prepare for shipment all remaining State inventory and provide dock access during normal business hours for any subsequent contractor taking possession of it, for no additional fee.

For the last five (5) years, remaining inventory of USDA Foods at the end of a school year has been zero or near zero. State inventory does not include any inventory of end products the contractor may decide to purchase from a processor and place into their inventory.

c. Receiving Food Shipments from USDA Vendors

The contractor shall handle incoming food shipments and/or be responsible for each of the following items as indicated:

- i. Receiving of shipments must be in compliance with all applicable Federal requirements in USDA [Instruction 709-5](#) and all future revisions in receiving shipments of donated foods.
- ii. Be responsible for payment of any delivery charges that accrue as a result of failing to comply with procedures in Food and Nutrition Services (FNS) instructions - e.g., failure to provide for the unloading of a shipment of donated foods within a designated time period.
- iii. Shall provide digital copies of all delivery documents to the State within 24 hours of signing for a delivery.
- iv. Shall enter goods receipts into the USDA's Web Based Supply Chain Management system (WBSCM) within 48 hours of accepting delivery from USDA vendors.

d. Inventory management

- i. Ensure that direct delivery USDA foods at the Contractor's storage facilities are stored in a manner that permits them to be distinguished from other foods and must ensure that a separate inventory record of donated foods is maintained.
- ii. System of inventory management must ensure that donated foods are distributed to eligible schools in a timely manner and in optimal condition and in amounts for which such schools are eligible as determined by the State.

e. Delivery Schedule, General Information, and Requirements:

- i. During the school year from July 1 to June 30 the following year, NSLP and CACFP deliveries are monthly from August to May. Summer Food Service Program (SFSP) deliveries, when allocated, are a single delivery to a smaller group of school districts and other participants in either May, June, or July.
- ii. The State shall provide a manifest to the contractor approximately one (1) week prior to the delivery month. The manifest, which is an excel file, contains the number of cases of each product to be delivered to each recipient agency or their contracted warehouses. (See **Attachment 4 -- Example Manifests SY24**)
- iii. All deliveries are to be complete by the end of the delivery month.
- iv. The required delivery frequency per recipient agency is once per month. The contractor may agree to more frequent deliveries and multiple locations, i.e., school buildings within a school district at the request of the district.
- v. Deliveries shall be placed inside the receiving door of the recipient agency. The contractor may agree with the recipient agency to place deliveries in certain places, such as a freezer, cooler and/or dry storage area.
- vi. Receiving hours are determined by the recipient agency. A recipient agency may provide after-hours access to the contractor to make deliveries.
- vii. The contractor must obtain a signature when deliveries are made and retain such records consistent with requirements herein, unless the recipient agency provides a written waiver of such requirement to the contractor. Such waiver shall be acceptable as proof of delivery in lieu of an actual signature.

f. Delivery Adjustments and Refusal of Delivery:

- i. The contractor will need to be able to accommodate delivery adjustments as the need arises. There are times when USDA deliveries are cancelled or shorted, which causes adjustments to the manifest to be required. If such adjustments are identified, notification would be communicated by the State to the contractor.
- ii. If a recipient agency refuses delivery of an allocated or ordered item or fails to notify the contractor of a closing, the contractor may charge for the attempted delivery at the same rate had the delivery been completed. Recipient agencies must accept delivery of items that have been allocated to them or ordered by them. If the recipient agency will be closed unexpectedly, the recipient agency must notify the contractor.

- a) The only exception is when questions concerning food safety arise, for example, when an item is delivered at an unsafe temperature, according to the [Nebraska Food Code](#), that item is damaged, causing it to be unsafe to consume. Damage only affecting the cosmetic appearance of packaging should be accepted by the recipient agency if in the judgment of the recipient agency the damage does not impact food safety. The recipient should accept the undamaged portion of a unit of donated foods when there is only partial damage to the unit. The recipient agency should note any damage or discrepancies on the document or device they sign when accepting deliveries and retain a copy or verification to assist them in pursuing claims with the contractor for donated food losses.
- g. Warehouse Reviews and Corrective Action
 The State will conduct an on-site review of contractor storage facilities and a physical review of donated food inventories at all storage facilities used by the contractor at least annually. The State will reconcile physical and State book inventories of donated foods. The State will inform the Contractor of any deficiencies identified in its reviews and recommend specific actions to correct such deficiencies.
- As a part of these reviews, contractor shall be responsive to each of the following items:
- i. The Contractor must permit the performance of on-site reviews of the storage facility by the State, the Comptroller General, the USDA, or any of its duly authorized representatives, to determine compliance with any State, Federal or contractual requirement.
 - ii. The Contractor must implement corrective actions to correct deficiencies in a timely manner as determined by the State.
 - iii. The Contractor ensures that restitution will be made to the State for the loss of donated foods under its control, or for the loss or improper use of funds provided for, or obtained as an incident of, the distribution of donated foods.

4. TECHNICAL REQUIREMENTS

The contractor must perform each of the following items as indicated:

- a. Storage
 The Contractor must provide facilities for the storage, control and transportation of donated foods that protect against theft, spoilage, damage, or other loss. Accordingly, such storage facilities and equipment must maintain donated foods in sanitary conditions, at the proper temperature and humidity, and with adequate air circulation.
- b. Recalls
 The Contractor must follow all applicable Federal, State, or local requirements for donated foods subject to a food recall. Further, in the event of a recall, USDA guidance is provided, including [procedures](#) or instructions for all parties in responding to a food recall, replacement of recalled donated foods, and reimbursement of specific costs incurred as a result of such actions.

5. LEGAL REQUIREMENTS

The Contractor shall be compliant with and perform each of the following items as indicated:

- c. All applicable Federal, State, or local requirements relative to food safety and health, and procedures for responding to a food recall, as applicable, and obtain all required health inspections.

Bidders should identify the subdivisions of "Project Description and Scope of Work" clearly in their proposals; failure to do so may result in disqualification. Failure to respond to a specific requirement may be the basis for elimination from consideration during the State's comparative evaluation.

Proposals are due by the date and time shown in the Schedule of Events. Content requirements for the Technical and Cost Proposal are presented separately in the following subdivisions: format and order:

A. PROPOSAL SUBMISSION

1. CORPORATE OVERVIEW
