Applications will be reviewed on a rolling basis and remain open until January 31, 2025. To ensure timely processing of awards, Grantees must submit complete Applications by the above deadline.

Registration/Submission Requirements

Registration Requirements: Allow at least 21 days to complete registrations.

If you have not already registered, there are several one-time actions you must complete to receive an award:

1. Obtain a Unique Entity Identifier (UEI) number from the [System for Award Management \(SAM.gov\)](https://sam.gov) website. Subawardees at all tiers must obtain UEI numbers and provide the UEI to the prime awardee before the subaward can be issued. For questions, consult additional training resources [here](#) (prepared by the Weatherization Assistance Program).
2. Register in the System for Award Management (SAM) at <https://sam.gov>. Applicants who are not registered with SAM should allow several weeks to complete this requirement. It is suggested that the process be started as soon as possible. **Prime awardees must update their SAM registration annually.** Please note, there are new requirements for registering in SAM. Entities registering in SAM must submit a notarized letter appointing their authorized Entity Administrator. Please see SAM website for updates, alerts, and FAQs. For questions, call 866- 606-8220 or 334-206-7828.

NOTE: Due to the high demand of UEI requests and SAM registrations, entity legal business name and address validations are taking longer than expected to process. Entities should start the UEI and SAM registration process as soon as possible. If entities have technical difficulties with the UEI validation or SAM registration process, they should utilize the HELP feature on SAM.gov. SAM.gov will work entity service tickets in the order in which they are received and asks that entities not create multiple service tickets for the same request or technical issue. Additional entity validation resources can be found here: [GSAFSD Tier 0 Knowledge Base - Validating your Entity.](#)

3. Register in FedConnect to receive and acknowledge your award at <https://www.fedconnect.net/>. See the Quick Start Guide at <https://www.fedconnect.net/FedConnect/Marketing/Documents/FedConnect Ready Set Go.pdf> For additional questions, email support@fedconnect.net or call 1-800-899-6665.
4. Have a Login for the Performance and Accountability for Grants in Energy (PAGE) System at <https://www.page.energy.gov/> to submit your application. State Energy Office designated points of contact will receive follow-up information regarding the application process from DOE via email.

States should contact their respective DOE Project Officer on state-specific questions. A list of Project Officers with contact information will be made available at <https://www.energy.gov/scep/home-energy-rebate-programs-guidance>.

Electronic Signatures: Acknowledgement of award documents by the Grantee's authorized representative through electronic systems used by the Department of Energy, including FedConnect, constitutes the Grantee's acceptance of the terms and conditions of the award.

Acknowledgement via FedConnect by the Grantee’s authorized representative constitutes the Grantee's electronic signature.

IMPORTANT: The electronically signed Assistance Agreement with attached award documents distributed via FedConnect is the formal authorization and approval from the Contracting Officer. Grantees may not rely on PAGE as the formal authorization and approval. Award documents in the initial award and any modifications to the award must be reviewed and acknowledged by the Grantee in FedConnect.

Part I Authority

Sections 50121 and 50122 of the Inflation Reduction Act (IRA) authorize the Department of Energy to administer the Home Energy Rebates. Sections 50121 and 50122 provide that a portion of the federal financial assistance made available to a state under the Home Energy Rebates may be used for planning, administration, or technical assistance related to the state’s home energy rebate programs. Sections 50121(c)(4) and 50122(c)(9) of the IRA provide that the grantee may not use more than 20% of the grant amount for planning, administration, or technical assistance.¹ The remainder of the funds must be used for rebates, statutorily required incentives, and costs directly attributable to delivery of the rebate to eligible recipients. All Grant awards made under the Home Energy Rebates must comply with DOE and other federal regulations and procedures governing financial awards as outlined in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, **2 CFR Part 200** as amended by **2 CFR**

¹ 42 U.S.C. 18795(c)(4); 42 U.S.C. 18795a(c)(9).

Part 910 and other procedures applicable to this regulation as DOE may, from time-to-time, prescribe for the administration of financial assistance.

Part II Award Information

A. TYPE OF AWARD INSTRUMENT

DOE will award formula grants for this funding.

B. ESTIMATED FUNDING

Funding Level: A state may request up to 100% of total allocated funding from each section, less any funds received under the Early Administration Funds ALRD. If a state received funds under the Early Administration Funds ALRD, additional funds granted under this ALRD will be added to the existing grant.

A state may apply for funds for Home Efficiency Rebates (Section 50121), Home Electrification and Appliance Rebates (Section 50122), or both. A separate application is required for each section. Funds for Home Efficiency Rebates (Section 50121) must be tracked and managed separately from funds for Home Electrification and Appliance Rebates (Section 50122).

A state may apply for a portion of funds (for either program or both) to develop a “Quick Start” program. All requirements continue to apply. DOE will prioritize processing of applications identified for a “Quick Start” where the state plan indicates an intent to achieve a program launch in 2023. A state may request additional funding for its approved program prior to January 31, 2025, or may submit an application to administer a program operating under a different plan. As such, states may use a “Quick Start” application to pilot a rebate program.

The Grantee shall administer DOE funds received under these grants in accordance with Federal rules and regulations and state policies and procedures. The Grantee is to manage Federal Funds in a prudent, effective, and efficient manner to accomplish program objectives. Grantees shall take the necessary steps to ensure that funds are expended within the grant project period.

Pre-award costs will not be allowed.

C. PERIOD OF PERFORMANCE

DOE anticipates making awards that will run a maximum of 8 years in length, comprised of one budget period ending not later than September 30, 2031. DOE will evaluate project performance, project schedule adherence, the extent milestone objectives are met, compliance with reporting requirements, and overall contribution to the program goals and objectives. Allocated funding will be released, pending DOE review and approval, at the following project milestones. **In reviewing the state’s performance, which will trigger the release of funding in accordance with the tranche schedule set out in the table below, DOE may consider all aspects of program performance before releasing funds.** This is not an automatic process and is dependent upon the state’s performance. **For each funding tranche, DOE will determine whether the state has fully and satisfactorily completed the work described in this ALRD, Program Requirements & Application Instructions, award attachments, award terms and conditions, as well as DOE**

approved plans for this award. The targets serve as the minimum performance prerequisites the state must meet to submit a request for the next tranche of funding. The holistic performance of the award is taken into consideration during the continuation review.

Tranche #	Portion of awarded grant funds released	Required Deliverable(s) or Milestone(s)	LI Target*	LI Minimum†	LI MF Target*	LI MF Minimum†
1	25% funds	Negotiated and approved state grant application				
2	30% funds (55% total)	Approved Program Launch Approved State Implementation Blueprint	10-15%	5%		
3	25% funds (80% total)	Approved Market Transformation Plan	50-60%	35%	25%	5%
4	20% funds (100% total)	Approved independent privacy and security review Approved review of QA Plan Completed review of incentive implementation	80%	60%	70%	25%

* Targets indicate DOE's expected performance towards expending low-income (LI) and low-income multifamily (LI MF) allocations. Applicants should strive to achieve targets.

† Minimums must be met to receive next tranche of funds.

The awardee is required to submit a continuation application to DOE 90 days prior to achieving these deliverables and/or milestones for review and approval. An awardee not meeting the targets must provide an improvement plan in its continuation application for how it will improve program performance to meet the next tranche's targets. DOE approval is required in order to move to the next tranche and for funds to be released. As a result of this evaluation, DOE may, at its discretion, authorize the following actions:

- (1) continue to fund the project, contingent upon the availability of funds appropriated by Congress for the purpose of this program;
- (2) place a hold on federal funding for the project, pending further supporting data or funding;
or
- (3) discontinue funding the project because of insufficient progress, change in strategic direction, or lack of funding.

If routine data reviews demonstrate Grantee is not meeting Plan terms, DOE reserves the right to put a hold on the funds the Grantee can draw down under the Automated Standard Application for Payments (ASAP) System.

Part III Eligibility Information

A. ELIGIBLE APPLICANTS

In accordance with the IRA Section 50121, funding is only available to states, U.S. Territories, and the District of Columbia (referred to throughout this ALRD as “states”). No other entity types may be considered for this funding.

In accordance with the IRA Section 50122(1)(A), certain funding is only available to states, U.S. Territories, and the District of Columbia. No other entity types may be considered for this funding. Note that DOE will be issuing a separate solicitation for Tribes pursuant to the IRA Section 50122(1)(B) after completing Tribal Consultations.

B. COST MATCHING

Cost match is not required for these awards.

Part IV Application and Submission Information

A. CONTENT AND FORM OF APPLICATION

The application must be submitted via the PAGE online system at <https://www.page.energy.gov/default.aspx>. It is the responsibility of the Grantee to verify successful transmission. DOE reserves the right to request additional or clarifying information for any reason deemed necessary. Applications will be reviewed for consistency with the SCEP program objectives. Please note that State Plans shall be submitted as PDF attachments to the SF-424 Application. See Part VIII for application requirements.

B. NATIONAL ENVIRONMENTAL POLICY ACT (NEPA) COMPLIANCE

DOE’s decision whether and how to distribute Federal funds is subject to the National Environmental Policy Act (42 U.S.C. 4321, et seq.). NEPA requires Federal agencies to integrate environmental values into their decision-making processes by considering the potential environmental impacts of their proposed actions.

Part V Award Administration Information

A. AWARD DOCUMENTS

An Assistance Agreement issued by the Contracting Officer is the authorizing award document. The Assistance Agreement normally includes, either as an attachment or by reference: (1) Special Terms and Conditions; (2) Application package as approved by DOE (Budget Information, Planned Activities, etc.); (3) DOE assistance regulations at **2 CFR Part 200** as amended by **2 CFR Part 910**; (4) National Policy Assurances To Be Incorporated As Award Terms; (5) Intellectual

Property Provisions; and (6) Federal Assistance Reporting Checklist, which identifies the Reporting Requirements. These documents are sent to the Recipient via FedConnect.

B. FUNDING RESTRICTIONS

Costs must be allowable, allocable, and reasonable in accordance with the applicable Federal cost principles referenced in 2 CFR 200. The cost principles for commercial organizations are in Federal Acquisition Regulation (FAR) Part 31. (Under **2 CFR Part 200** as amended by **2 CFR Part 910** regulations, the cost principles are contained in Subpart E-Cost Principles within **2 CFR Part 200**.)

Rebates issued under these awards are not federal public benefits.

C. MONITORING AND REPORTING

States must comply with DOE and other federal regulations and procedures governing financial awards as outlined in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 CFR Part 200 as amended by 2 CFR Part 910. Federal regulations require DOE to monitor each grant recipient and grantees for each project, program, sub-recipient, function, or initiative supported by federal funds to ensure compliance with all federal regulations.

The goal of grant monitoring is to maximize the effectiveness of awards, to confirm compliance with applicable federal and state regulations and to ensure awards are on schedule and on budget. Monitoring also provides an opportunity for DOE to communicate with states and states with sub-recipients to provide assistance to help achieve our mutual energy goals. DOE will issue grant monitoring procedures in the near future.

Reporting requirements are identified on the Federal Assistance Reporting Checklist (FARC), attached to the award agreement.

D. ADMINISTRATIVE AND NATIONAL POLICY REQUIREMENTS

- Please verify compliance with [Intergovernmental Review \(SPOC List\) \(whitehouse.gov\)](#).

The list of certifications and assurances referenced in Field 21 may be found [here](#).

Once **the SF424 is completed**, add an attachment to the document with the name, title, phone number and email address for both the Principal Investigator and the Business Officer. **These must be re-validated every year.**

D. STANDARD FORM 424A

Standard Form 424A should match the Budget Justification Workbook. Each of these forms should be completed following the guidelines set out below.

- D.1. Standard Form 424A: Applications must include a budget for the federal funds requested. It should be completed as follows:
- Section A: Budget Summary Lines 1-4, Columns (a) through (g). On line 1, enter the amount of DOE funds requested. Only columns a, b, e, and g should have data. There should be no other entries listed.
 - Section B: Budget Categories. There should only be one column for the federal funding source. The total in column g, Section A, must equal the total of all columns in Section B.
- D.2. Budget Justification: The Budget Justification consists of an explanation of the object class categories listed in line 6, Section B, of Standard Form 424A. In preparing the Budget Justification, states should only address the following as requested for each budget category.
- Grantee Administrative, which is a total of:
 - Planning: Identify all activities related to the planning and preparation of the Home Energy Rebate state programs by activity title and estimated costs. Administration: Identify all positions to be supported by title and the amounts of time (e.g., % of time) to be expended on development of the Home Energy Rebate state programs, the base pay rate, and the total direct personnel compensation. Personnel must be direct costs to the project and not duplicative of personnel costs included in the indirect pool that is the basis of any indirect rate applied for this project.
 - Technical Assistance: Identify all activities related to technical assistance to develop the Home Energy Rebate state programs. Provide a brief description of the TA and the estimated cost of the activity.
 - Fringe Benefits: If fringe cost rates are approved by a federal agency, identify the agency and date of latest rate agreement, and include a copy of the rate agreement with the application. If fringe cost rates are not approved by a federal agency, explain how total fringe benefit costs were calculated. Your calculations should identify all rates used along with the base they were applied to (and how the base was derived), and a total for each (along with the grand total). If there is an established computation methodology approved for state-wide use, provide a copy with the SF424 Application.

- **Subgrantee Administrative:** Any sub-recipients, vendors, contractors and consultants and their estimated costs should be identified as they are expected to support planning, administration and/or technical assistance tasks. Use TBD if the entity is unknown. Provide a brief description of the work to be performed or the service to be provided and reference the individual market title the work or service falls under. Include the basis of cost for each item listed (competitive, historical, quote, catalog, etc.).
- **Grantee Rebate Funds:** The total rebate budget planned to be executed by the prime grantee.
- **Subgrantee Rebate Funds:** Any sub-recipients, vendors, contractors and consultants and their estimated costs should be identified as they are expected to execute the rebates program on behalf of the prime grantee. Use TBD if the entity is unknown. Provide a brief description of the work to be performed or the service to be provided and reference the individual market title the work or service falls under. Include the basis of cost for each item listed (competitive, historical, quote, catalog, etc.).

Funds for Home Efficiency Rebates state program (Section 50121) must be tracked and managed separately from funds for Home Electrification and Appliance Rebates state program (Section 50122). This will apply to administrative funds as well as rebate funds when funds are released.

E. PLANNED ACTIVITIES

The Planned Activities tab in PAGE must be completed as part of the application. Applicants are required to project, to the best of their ability, key metrics they plan to achieve as part of their Tranche 1 funding. As the award progresses, this section will be updated to reflect additional planned targets the grantee expects to achieve for each Tranche.

F. NARRATIVE DOCUMENT

A completed narrative document is required. A template is available with guidance on how to complete the document in order to meet all application requirements as outlined in the Requirements Document. Guidance will also be provided as to how to complete the template for Quick Start applications.

G. BUDGET JUSTIFICATION WORKBOOK

A completed budget justification workbook is required. A template is available with instructions for how to complete the document. These budgets should match the Standard Form 424A and Standard Form 424.

Applicants must complete each tab of the Budget Justification Workbook for the project, including all work to be performed by the prime recipient and its subrecipients and contractors. Applicants should include costs associated with implementing the program requirements and with required annual audits and incurred cost proposals in their proposed budget documents. Such costs may be reimbursed as a direct or indirect cost. All costs associated with the Community

Benefits Plan must be clearly identified in the budget justification. The “Instructions and Summary” included with the Budget Justification Workbook will auto-populate as the applicant enters information into the Workbook. Applicants must carefully read the “Instructions and Summary” tab provided within the Budget Justification Workbook.

Applicants must also provide a separate budget justification workbook for each subgrantee that is expected to perform work estimated to be more than \$250,000 or 25% of the total work effort, whichever is less. The budget justification must include the same justification information described above including costs associated with the Community Benefits Plan. The Community Benefit Plan costs must be clearly identified in the budget justification.

H. OTHER FORMS AS APPLICABLE

Please refer to the Requirements document for any additional forms including Application Checklist, Pre-Award Information Sheet, etc. that may be required as part of the application package.
