RFP DEVIATIONS

SECTION II. TERMS AND CONDITIONS

A. GENERAL, 1.

In addition to the list of documents the State has listed within A. GENERAL, Items 1a. through 1e., BCBSNE will require that our Administrative Services Agreement and the Business Associate Agreement also become part of the State of Nebraska's (the State's) contract.

SECTION III. VENDOR DUTIES

A. INDEPENDENT VENDOR / OBLIGATIONS

BCBSNE cannot agree to the requirements as written regarding subcontractors. As a full service insurance company and administrator, we are continually reviewing and updating our subcontractors. Any subcontractors utilized on the State's account will follow BCBSNE's specific subcontractor agreement. The contracts with these vendors include all necessary provisions required by BCBSNE and we do not offer customization to our subcontractor agreements based on employers' requirements.

I. OWNERSHIP OF INFORMATION AND DATA / DELIVERABLES

BCBSNE does not agree to the language within this provision and have offered replacement language as follows here:

Data contained in membership files submitted to BCBSNE by the State are the property of the State. Once the files submitted to BCBSNE are entered into BCBSNE's proprietary systems, the data produced, extracted or reported from the BCBSNE systems is the property of BCBSNE ("BCBSNE Proprietary Data"). Any requests for disclosures to third parties or uses of BCBSNE Proprietary Data by the State shall require mutual consent of the parties here to. BCBSNE would require the execution of a non-disclosure agreement with another contractor to the extent the cooperation would require the exchange of data.

J. INSURANCE REQUIREMENTS

BCBSNE does not agree to the requirements surrounding subcontractor insurance coverage. BCBSNE requires subcontractors to carry adequate levels of corporate insurance; however, BCBSNE is not responsible for ensuring subcontractors maintain specific levels of insurance, nor do we provide worker's compensation insurance to any BCBSNE subcontractors. In the event an issue occurs with a subcontractor and the subcontractor does not have adequate insurance coverage, BCBSNE's corporate insurance will prevail.

L. CONFLICT OF INTEREST

BCBSNE agrees that it shall not solicit State of Nebraska employees for the term of this agreement, provided that the foregoing provision will not prevent BCBSNE from employing any such person who contacts BCBSNE on his or her own initiative without any direct or indirect solicitation by, or encouragement from, BCBSNE, or in response to general advertisements not specifically directed at any employee of the State of Nebraska.

P. DISASTER RECOVERY / BACK UP PLAN

BCBSNE does not agree with the requirement of providing a copy of our detailed recovery standards. BCBSNE has documented and implemented specific business continuity and disaster recovery plans; however, the plans contain competitively sensitive information (CSI) and personally identifiable information (PII); therefore, we do not provide copies to third parties. We can, however, make our recovery plan available for inspection on site at BCBSNE.

R. WARRANTY

BCBSNE's recommended alternative is therefore the following:

WARRANTY
Despite any clause to the contrary, the Vendor represents and warrants that its services hereunder shall be performed by competent personnel and shall be of professional quality consistent with generally accepted industry standards for the performance of such services and shall comply in all respects with the requirements of this Agreement.

T. BUSINESS ASSOCIATE AGREEMENT

BCBSNE cannot agree to the Business Associate agreement as written. We have provided a signed version with our revisions, as well as a redlined version for review of our revisions..

SECTION IV. PAYMENT

D. INSEPCTION AND APPROVAL

BCBSNE agrees to allow inspections, but such inspections shall not occur more than annually and are subject to 90 days' advanced notice. In addition, such inspections shall be subject to the terms of an audit agreement that will define the scope of the inspection and the confidentiality of data disclosed during the inspection.

H. RIGHT TO AUDIT (2nd Paragraph)

BCBSNE does not agree with the second paragraph's requirements. Suggested alternative language is as follows:

Any audit initiated and authorized by the State shall be undertaken at the State's expense. The State specifically agrees to reimburse BCBSNE for any reasonable expense incurred by BCBSNE in accordance with such audit, including, but not limited to, reimbursement for BCBSNE personnel providing support to such audit in excess of a total of 10 hours plus any copying expenses.

The State also specifically agrees that BCBSNE has the authority to disapprove of the vendor providing such audit, which authority shall not be unreasonably exercised, and to refuse access to membership and claims records by such vendor. The State, recognizing that patient-specific information is confidential, agrees that it and its auditor will enter into an audit agreement addressing confidentiality which will require that the State and its auditor will take reasonable steps to restrict access to this information to those persons who need to know this information for determining compliance with the Services agreement and for performing any necessary audit. The State also specifically agrees that BCBSNE will not accept contingent fee audit vendors.

II.

BCBSNE'S SERVICES

In carrying out the terms of this Agreement, BCBSNE agrees to:

A. Prepare the Summary Plan Description for its approval by THE GROUP. If THE GROUP prepares its own Summary Plan Description, BCBSNE will provide an initial review of the Summary Plan Description for accuracy in accordance with the benefits and information outlined in BCBSNE's internal administrative process and procedures. However, BCBSNE does not assume any responsibility for any non-compliance consequences, act or omission, or breach of duty by THE GROUP with respect to the information contained therein. Notifying members of any Plan benefit changes as required by state and federal laws and regulations remain the responsibility of THE GROUP, unless explicitly stated otherwise in this Agreement.

B. Prepare enrollment forms, Identification Cards and Schedules of Benefits for distribution to Subscribers who are enrolled in this Plan. Effective January 1, 2022, BCBSNE will provide Identification Cards with certain additional information to increase transparency in coverage as required by applicable federal laws and regulations.

C. Prepare the Summary of Benefit Coverage (SBC) documents once annually for those benefits BCBSNE administers. BCBSNE will prepare any applicable notice of modifications of the SBC which results from legal or regulatory changes or benefit changes initiated by BCBSNE. BCBSNE will not provide translation services for any Summary of Benefit Coverage documents. Distribution of the SBC and any other legally required communications to THE GROUP's employees or dependents shall remain the exclusive responsibility of THE GROUP. THE GROUP should consult with their broker to determine whether regulatory or law changes and plan changes or updates require communication to employees or dependents.

D. Make payments on behalf of THE GROUP for Covered Services provided to Covered Persons pursuant to the Benefit Plan Document.

   All payments for Covered Services by in-network providers will be made directly to such providers. In all other cases, payments will be made, at BCBSNE's option, to the Subscriber, to his or her estate, to the provider or as required under state or federal law, including qualified medical child support orders. No assignment, whether made before or after services are provided, of any amount payable according to this Agreement shall be recognized or accepted as binding upon BCBSNE or the Plan, unless otherwise required by state or federal law.

   All benefit payments will be made as soon as possible after the claim has been filed. Payments made in error may be recovered as provided by law.

E. Follow BCBSNE's regular claim processing procedures, including the determining of appropriate benefit amounts, with respect to the processing of claims pursuant to the Benefit Plan Document. This includes, but is not limited to, the determination of benefits pursuant to the Coordination of Benefits provisions

DRAFT

stated in the Summary Plan Description and the determination of whether to pay or deny claims in the event that a Covered Person fails to return a Coordination of Benefits questionnaire. A service for which a bill, statement or invoice is generated is considered paid on the date appearing in BCBSNE's claim system.

F. BCBSNE shall use reasonable care and due diligence in the exercise of its powers and the performance of its duties under this Agreement, provided that a higher standard of care will be exercised where required by applicable law. With the full cooperation of THE GROUP, BCBSNE will make reasonable efforts under the circumstances, considering the chances of successful recovery and the costs thereof, to recover payment made in excess of the amount provided for a Benefit under the Benefit Plan Document ("Overpayments"), as permitted by applicable provider and member contracts, including engaging diagnosis-related group auditing services. BCBSNE may charge a 25% fee for any savings recovered through these auditing services THE GROUP assigns to BCBSNE the authority to pursue recovery of Overpayments and BCBSNE will pursue reasonable means of recovery of Overpayments under the circumstances but will not be obligated to commence litigation, unless otherwise specifically agreed to by the parties. BCBSNE may, at its sole option, choose not to pursue de minimis Overpayment amounts. BCBSNE will not seek refunds that relate to a retroactive termination of membership of a Covered Person for claims incurred more than 6 months prior to the date on which BCBSNE is made aware of the termination. THE GROUP understands that refunds under this Subsection F are subject to the runout period and terms of the Runout Addendum. THE GROUP further understands and agrees that due to provider contract limitations, BCBSNE will be limited in its ability to pursue Overpayments or make any needed adjustments to paid claims that were incurred or paid beyond the applicable provider lookback period.

BCBSNE will assume liability up to the amount of an unrecovered Overpayment only if and at such time as it is determined that: (a) the Overpayment was caused by BCBSNE's fraudulent or criminal activity, or was caused by BCBSNE's act or omission which was an intentional disregard of BCBSNE's obligations under this Agreement; (b) reasonable means of recovery under the circumstances have been exhausted; and (c) BCBSNE's acts or omissions were not undertaken at the express direction of THE GROUP.

Payment for a specific service or an erroneous payment made under this Agreement shall not make BCBSNE or the Plan liable for further payment for the same condition. Under certain circumstances, if BCBSNE pays a provider amounts that are the responsibility of the Covered Person, BCBSNE may collect such amounts from the Covered Person.

G. Provide facilities, personnel, procedures, forms and instructions for the administration of claims under the Benefit Plan Document. The Benefit Plan Document may be modified (1) by mutual agreement of THE GROUP and BCBSNE; or (2) at renewal at BCBSNE's discretion.

H. Accept full and exclusive discretion to determine for all parties all matters of fact or interpretation relating to any claim under the Benefit Plan Document, including interpretation of plan provisions to the extent that BCBSNE is a fiduciary for claims processing purposes. The decisions of BCBSNE regarding such claims shall be final and binding subject to appeal to BCBSNE under its review process. Benefits will be paid or denied consistent with the Benefit Plan Document based upon BCBSNE's determination. The claim appeal and review process is set forth in the Summary Plan Description. NO CLAIM EXCEPTIONS TO THE BENEFIT PLAN DOCUMENT WILL BE MADE.

I. Report to THE GROUP matters of general interest with respect to the Benefit Plan Document, including, but not limited to, problems of a recurring nature and suspected misuse of benefits.

J. Submit to THE GROUP, with each monthly billing, a monthly Claims Analysis Report which sets forth the applicable identification number, patient's name, relationship to Subscriber, age, admission or performance date, discharge date, dollar charge, type of coverage, any refunds or other adjustments, and Net Paid Claims. (See Net Paid Claims in Part VI., A.)

K. Maintain membership and claims records, as required by law. Any audit initiated pursuant to this Part and authorized by THE GROUP shall be undertaken at THE GROUP's expense and shall be subject to

DRAFT

the audit terms and conditions in Attachment 6. The parties agree that THE GROUP shall not hire a third party to conduct a contingent fee audit, where the third party's compensation is based on a percentage of errors (or savings, or "uncovered recoveries", etc.) which may be found by the third party in its audit. Should THE GROUP contract with a third party to perform such contingent fee audit, BCBSNE has no obligation under the terms of this Agreement to cooperate with said third party in the conduct of such contingent fee audit.

L. Provide the following services in the development and design of any amendment, revision or modification of the Plan: Underwriting and actuarial advice, cost estimates and projections, and proposed language changes, subject to Part III., E.

M. Use its discretion to seek recovery based on subrogation or other theories, from third parties (or their carriers) who have caused Injury or Illness to a Covered Person or damages to the Plan. In addition, BCBSNE may engage a contractor to perform specialized services for recovery of funds, prepayment review, or discovery of overpayment or fraud. Such contractors may be reimbursed based on a percentage of recovery, percentage of savings, or other reasonable basis, with either (1) the net amount returned to THE GROUP; or (2) the gross amount returned to THE GROUP, with the administrative fee reflected as a charge on the summary invoice provided to THE GROUP. BCBSNE may settle or release claim to such recoveries and use its discretion to determine amounts recovered, on behalf of THE GROUP. This includes participation in consolidated or class action lawsuits alleging such injuries. Any recovery from consolidated or class action suits will be apportioned among all insured and self-insured plans or pools. The proration may be based on number of covered persons, number of injured persons, claims volume, or any other basis determined by BCBSNE. Once BCBSNE has exhausted its subrogation recovery efforts, BCBSNE will not take any further action on the claim. THE GROUP will be solely responsible for the decision to pursue litigation and funding all litigation costs and expenses, including attorney's fees. This includes participation in lawsuits in which BCBSNE has been named as a defendant.

Recoveries made in any plan year will be applied first to the appropriate Stop Loss Amount, from the applicable contract year, and subsequently, to THE GROUP's claim liability. THE GROUP agrees to cooperate with all such recovery efforts. The Subrogation and Contractual Right to Reimbursement provisions applicable to the Plan are stated in the Summary Plan Description.

Notwithstanding any prior agreement between the parties to the contrary, BCBSNE will charge a fee equal to 30% of the subrogation amount recovered by BCBSNE ("Subrogation Recovery Fee"). The 30% Subrogation Recovery Fee is not included in the Administrative Service Fees or any other fee described in this Agreement and will be deducted from any recovery amount prior to releasing funds to THE GROUP.

In the event of termination of this Agreement, in whole or in part, BCBSNE may use its discretion and continue to work, as outlined above, all third party liability cases within its possession as well as any additional cases identified by BCBSNE with dates of services incurred prior to the date of termination. The fees charged for the subrogation services will be at the rate listed above and on Attachment 1 at the time of termination for such subrogation services. In no event shall BCBSNE be required to pursue any third-party liability recoveries beyond the termination date of this Agreement. Any funds recovered by BCSBNE during a runout period (as detailed in the applicable Runout Addendum) will be subject to the rate listed above and on Attachment 1. Any and all fund recoveries contemplated within this Subsection M are subject to the terms of the Runout Addendum.

THE GROUP further acknowledges and agrees that it has not entered into this Agreement based upon representations by any person other than BCBSNE, and that no person, entity or organization other than BCBSNE shall be held accountable or liable to THE GROUP for any of BCBSNE's obligations to THE GROUP created under this Agreement. 3. DRAFT

1. **Administrative Service Fees:** The fees for BCBSNE's services, including certain optional services, as stated in this Agreement which includes fees for all persons who have elected to continue membership in THE GROUP pursuant to COBRA continuation coverage.

   The Administrative Service Fees includes fees BCBSNE charges to THE GROUP for administering THE GROUP's benefit plan and BlueCard Fees.

   The Administrative Service Fees are indicated on Attachment 1, Section A.

2. Reimbursement for the total **"Net Paid Claims"** for the preceding month, unless reimbursement is otherwise provided in Part V., above. Claims data which is, for any reason, omitted from a particular month's billing, shall be added to the billing for a subsequent month, and the Administrative Service Fee for the subsequent month shall reflect any appropriate adjustment.

   Net Paid Claims (or "Net Effect"): This is the amount determined after subtraction of any discount and other adjustments made to the Allowable Charge for Covered Services, pursuant to the contractual provisions between BCBSNE and the Contracting Providers, or in accordance with other Contract provisions. These payments are made by BCBSNE or a Blue Cross and/or a Blue Shield plan in another state, referred to as a "Host Blue." THE GROUP's payment is made on a Net Paid Claims basis.

   Payment for Covered Services by a Contracting facility inside BCBSNE's service area is based on the Contracted Amount less the Covered Person's Deductible, Coinsurance and Copayment. Payment for Covered Services received from a Contracting facility outside of BCBSNE's service area is based on the lesser of the Contracted Amount or the billed charge less the Covered Person's Deductible, Coinsurance and Copayment. Payment for Covered Services received from a Contracting professional or noninstitutional provider is based on the lesser of the Contracted Amount or the billed charge less the Covered Person's Deductible, Coinsurance and Copayment, regardless of location. The Coinsurance is based on the lesser of the Allowable Charge or the billed charge for Covered Services.

3. **Value Based Arrangements with Contracting Providers**. BCBSNE has contracts with certain health care providers that vary from traditional fee for service arrangements. These arrangements may include case and/or per diem payments, bundled or episode of care payments, and payments to accountable care organizations ("ACOs") and patient-centered medical homes ("PCMHs") in the form of care coordination and care management payments, quality bonuses, and shared savings payments ("value-based care payments" or "VBC Payments"). The VBC Payments to each ACO or PCMH will differ based on the specific contract in place with BCBSNE.

   The VBC Payment amount is based upon an assessment of THE GROUP's members who are attributed to an ACO or PCMH and is billed to THE GROUP in the same manner as claims for payment by THE GROUP. VBC Payments may be billed to THE GROUP retrospectively on a quarterly basis (care coordination payments), after the completion of the program year (shared savings or quality bonus), or through the claims system in the same manner as other fee for service claims (care management).

   The VBC Payments support practices in making fundamental changes to their care delivery. These changes are needed to provide high quality, patient-focused, whole-person care, which will result in lower total cost of care. The goal of the ACO and PCMH programs is the Triple Aim, an approach for optimizing health care delivery through the following: (a) improving the patient experience of care (including quality and satisfaction); (b) improving the health of populations; and (c) reducing the per capita cost of health care.

   In addition, Host Blue Plans may have contracts with certain health care providers that vary from traditional fee for service arrangements. Pursuant to these arrangements, Host Blues may pay providers for reaching agreed upon cost/quality goals. The Host Blue may pass these provider

DRAFT

payments to BCBSNE, which BCBSNE will pass directly on to THE GROUP. These arrangements and payments are described in more detail in Section VI.B.

4. **Financial Settlements with Providers**. THE GROUP acknowledges and agrees that BCBSNE may, from time to time, enter into financial settlements with Contracting Providers of BCBSNE for, among other reasons, routine claims adjustments, delayed rate adjustments, cost rate adjustments, non-claim specific compensation adjustments (such as incentive or bonus program adjustments). As such, the outcome of these settlements could result in an additional charge or credit being issued to THE GROUP during or after the applicable contract year. The parties understand and agree that any such charge or credit may not result in a corresponding adjustment to amounts paid or not paid to Covered Persons or their cost share in connection with claims relating to the settlement.

   BCBSNE reviews and investigates potentially fraudulent or inappropriate billings submitted by providers and members. Whenever amounts from these investigations can be associated with a claim under the Plan and result in a claim adjustment, THE GROUP will receive a credit against future claims costs in the amount of the recovery, less a percentage fee that may be retained by BCBSNE. In addition, BCBSNE may engage a contractor to perform specialized services for recovery of funds, prepayment review, or discovery of overpayment or fraud. Such contractors may be reimbursed based on a percentage of recovery, percentage of savings, or other reasonable basis, with either (1) the net amount returned to THE GROUP; or (2) the gross amount returned to THE GROUP, with the administrative fee reflected as a charge on the summary invoice provided to THE GROUP. THE GROUP understands and agrees that not all recoveries can be reasonably tied to a particular claim resulting in its adjustment; for example, when a recovery arises from a general settlement that takes in account BCBSNE's entire book of business with insufficient information for individual claim adjustments. In such circumstances, BCBSNE may retain the recoveries and will make available details of the same on an annual basis upon written request.

5. **Subrogation Recovery Fee.** BCBSNE will charge a fee equal to 30% of the subrogation amount recovered by BCBSNE ("Subrogation Recovery Fee"). The 30% Subrogation Recovery Fee is not included in the Administrative Service Fees or any other fee described in this Agreement and will be deducted from any recovery amount prior to releasing funds to THE GROUP.

6. **The following fees are related to the BlueCard Program. Additional information about the BlueCard Program is found in Paragraph B of this Part.**

   a. Access Fee: If Contracted Provider savings are available from a Host Blue, BCBSNE may be charged a fee for Covered Persons to access the Host Blue's Contracting Provider network. This Access Fee for services incurred by a Covered Person will be passed along to THE GROUP as a claims expense under Net Paid Claims, unless otherwise indicated in Attachment 1 and Section VI.A.1. The Access Fee is a percentage of the discount the Host Blue has made available to BCBSNE, but not to exceed $2,000 for any claim. If an Access Fee credit is received, this amount will be credited to THE GROUP. The provider has agreed not to bill Covered Persons for amounts in excess of the Contracted Amount, but may bill them for Deductibles, Coinsurance and amounts for Noncovered Services.

      The amount of this fee or any credits will be used in the computation of "Net Paid Claims" charged to THE GROUP. Instances may occur when none of a claim or only a small amount of the claim is paid due to the application of the Covered Person's Deductible, Coinsurance or Copayment. If the Host Blue's arrangement with the provider allows the Contracted Amount to apply when the amount is fully or mostly a Covered Person's obligation, the Access Fee will be paid and passed to THE GROUP as a claims expense under Net Paid Claims even though THE GROUP paid little or none of the claim. This process allows the benefit of the discounted amount to be passed through to the Covered Person.

      The Access Fee is indicated on Attachment 1, Section B. 1. a.

DRAFT

b. Administrative Expense Allowance (AEA): The AEA Fee is a fixed per-claim dollar amount charged by the Host Blue to BCBSNE for administrative services the Host Blue provides in processing claims for THE GROUP's Covered Persons. The dollar amount is normally based on the type of claim (e.g. institutional, professional, international, etc.) and can also be based on the size of THE GROUP's enrollment. An Administrative Expense Allowance (AEA) for each original claim processed through the BlueCard Program by the Host Blue, will be charged back to THE GROUP as an administrative expense, unless otherwise indicated in Attachment 1 and Section VI.A.1.

An AEA Fee Report will be provided monthly with the Claims Analysis Report.

The AEA Fees are indicated on Attachment 1, Section B. 1.b.

7. **Non-Contracted Providers**

For both physician/professional and institutional claims incurred in other plan service areas with non-contracted providers, no Access Fee applies. The AEA fee for non-contracted provider claims will be $3.00 per claim.

8. **Premium for an Individual Stop Loss.**

Premium for an Aggregate Stop Loss.

The Stop Loss premium, however stated, includes fees for all persons who have elected to continue memberships in THE GROUP pursuant to COBRA.

If applicable, the Stop Loss premiums are addressed in the Stop Loss Contract.

9. **Commissions:** If a commission to an agent of record specified by THE GROUP is payable by BCBSNE, the actual amount paid will be charged to THE GROUP each month during the Term of this Agreement.

The monthly commission is indicated on Attachment 1, Section C.

B. The following language is mandated by the Blue Cross and Blue Shield Association in order to explain the methods that are used to calculate claim liability in the various independent Blue Cross and Blue Shield Plans. The Out-of-Area Services fees and compensation costs are outlined on Attachment 1, Section B.

Out-of-Area Services: BCBSNE has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Arrangements." These Inter-Plan Arrangements operate under rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever Covered Persons access healthcare services outside the geographic area BCBSNE serves, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described generally below.

Typically, when accessing care outside the geographic area BCBSNE serves, Covered Persons obtain care from healthcare providers that have a contractual agreement ("participating providers") with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Blue"). In some instances, Covered Person obtain care from healthcare providers in the Host Blue geographic area that do not have a contractual agreement ("nonparticipating providers") with the Host Blue. BCBSNE remains responsible for fulfilling its contractual obligations to you. BCBSNE payment practices in both instances are described below.

DRAFT

This disclosure describes how claims are administered for Inter-Plan Arrangements and the fees that are charged in connection with Inter-Plan Arrangements. Dental Care Benefits (except when paid as medical claims/benefits) and those Prescription Drug Benefits or Vision Care Benefits that may be administered by a third party contracted by BCBSNE to provide the specific service or services are not processed through the Inter-Plan Arrangements.

1. BlueCard® Program

The BlueCard® Program is an Inter-Plan Arrangement. Under this Arrangement, when Covered Persons access Covered Services within the geographic area served by a Host Blue (outside the geographic area BCBSNE serves), the Host Blue will be responsible for contracting and handling all interactions with its participating healthcare providers. The financial terms of the BlueCard Program are described generally below.

a. Liability Calculation Method Per Claim – In General

i. Covered Person Liability Calculation

Unless subject to a fixed dollar copayment, the calculation of the Covered Person's liability on claims for Covered Services will be based on the lower of the participating provider's billed charges for Covered Services or the negotiated price made available to BCBSNE by the Host Blue.

ii. THE GROUP's Liability Calculation

The calculation of THE GROUP'S liability on claims for Covered Services processed through the BlueCard Program will be based on the negotiated price made available to BCBSNE by the Host Blue under the contract between the Host Blue and the provider. Sometimes, this negotiated price may be greater for a given service or services than the billed charge in accordance with how the Host Blue has negotiated with its participating healthcare provider(s) for specific healthcare services. In cases where the negotiated price exceeds the billed charge, THE GROUP may be liable for the excess amount even when the Covered Person's deductible has not been satisfied. This excess amount reflects an amount that may be necessary to secure (a) the provider's participation in the network and/or (b) the overall discount negotiated by the Host Blue. In such a case, the entire contracted price is paid to the provider, even when the contracted price is greater than the billed charge.

b. Claims Pricing

Host Blues determine a negotiated price, which is reflected in the terms of each Host Blue's provider contracts. The negotiated price made available to BCBSNE by the Host Blue may be represented by one of the following:

i. An actual price. An actual price is a negotiated rate of payment in effect at the time a claim is processed without any other increases or decreases; or
ii. An estimated price. An estimated price is a negotiated rate of payment in effect at the time a claim is processed, reduced or increased by a percentage to take into account certain payments negotiated with the provider and other claim- and non-claim-related transactions. Such transactions may include, but are not limited to,

DRAFT

anti-fraud and abuse recoveries, provider refunds not applied on a claim-specific basis, retrospective settlements and performance-related bonuses or incentives; or

iii. An average price. An average price is a percentage of billed charges for Covered Services in effect at the time a claim is processed representing the aggregate payments negotiated by the Host Blue with all of its healthcare providers or a similar classification of its providers and other claim- and non-claim-related transactions. Such transactions may include the same ones as noted above for an estimated price.

The Host Blue determines whether it will use an actual, estimated or average price. The use of estimated or average pricing may result in a difference (positive or negative) between the price THE GROUP pays on a specific claim and the actual amount the Host Blue pays to the provider. However, the BlueCard Program requires that the amount paid by the Covered Person and THE GROUP is a final price; no future price adjustment will result in increases or decreases to the pricing of past claims.

Any positive or negative differences in estimated or average pricing are accounted for through variance accounts maintained by the Host Blue and are incorporated into future claim prices. As a result, the amounts charged to THE GROUP will be adjusted in a following year, as necessary, to account for over- or underestimation of the past years' prices. The Host Blue will not receive compensation from how the estimated price or average price methods, described above, are calculated. Because all amounts paid are final, neither positive variance account amounts (funds available to be paid in the following year), nor negative variance amounts (the funds needed to be received in the following year), are due to or from THE GROUP. If THE GROUP terminates, THE GROUP will not receive a refund or charge from the variance account.

Variance account balances are small amounts relative to the overall paid claims amounts and will be liquidated over time. The timeframe for their liquidation depends on variables, including, but not limited to, overall volume (number of claims processed) and variance account balance. Variance account balances may earn interest at the federal funds or similar rate. Host Blues may retain interest earned on funds held in variance accounts.

c. BlueCard Program Fees and Compensation

THE GROUP understands and agrees to reimburse BCBSNE for certain fees and compensation which BCBSNE is obligated under the BlueCard Program to pay to the Host Blues, to the Association and/or to vendors of BlueCard Program-related services. The specific BlueCard Program fees and compensation that are charged to THE GROUP are set forth in Attachment 1. BlueCard Program Fees and compensation may be revised from time to time as described in the "Modifications or Changes to Inter-Plan Arrangement Fees or Compensation" Section below.

2. Special Cases: Value-Based Programs

Value-Based Programs Overview

THE GROUP's Covered Persons may access Covered Services from providers that participate in a Host Blue's Value-Based Program. Value-Based Programs may be delivered either through the BlueCard Program or a Negotiated Arrangement. These Value-Based

DRAFT

Programs may include, but are not limited to, Accountable Care Organizations, Global Payment/Total Cost of Care arrangements, Patient Centered Medical Homes and Shared Savings arrangements.

a. Value-Based Programs under the BlueCard Program

Value-Based Programs Administration

Under Value-Based Programs, a Host Blue may pay providers for reaching agreed-upon cost/quality goals in the following ways: retrospective settlements, Provider Incentives, a share of target savings, Care Coordinator Fees and/or other allowed amounts.

The Host Blue may pass these provider payments to BCBSNE which BCBSNE will pass directly on to THE GROUP as either an amount included in the price of the claim or an amount charged separately in addition to the claim.

When such amounts are included in the price of the claim, the claim may be billed using one of the following pricing methods, as determined by the Host Blue:

(i) Actual Pricing: The charge to accounts for Value-Based Programs incentives/Shared Savings settlements is part of the claim. These charges are passed to THE GROUP via an enhanced provider fee schedule.

(ii) Supplemental Factor: The charge to accounts for Value-Based Programs incentives/Shared Savings settlements is a supplemental amount that is included in the claim as an amount based on a specified supplemental factor (e.g., a small percentage increase in the claim amount). The supplemental factor may be adjusted from time to time. This pricing method may be used only for non-attributed Value-Based Programs.

When such amounts are billed separately from the price of the claim, they may be billed as follows:

- Per Attributed Member Per Month (PMPM) Billings: Per Attributed Member Per Month billings for Value- Based Programs incentives/Shared Savings settlements to accounts are outside of the claim system. BCBSNE will pass these Host Blue charges directly through to THE GROUP as a separately identified amount on the group billings.

The amounts used to calculate either the supplemental factors for estimated pricing or PMPM billings are fixed amounts that are estimated to be necessary to finance the cost of a particular Value-Based Program. Because amounts are estimates, there may be positive or negative differences based on actual experience, and such differences will be accounted for in a variance account maintained by the Host Blue (in the same manner as described in the BlueCard claim pricing section above) until the end of the applicable Value-Based Program payment and/or reconciliation measurement period. The amounts needed to fund a Value-Based Program may be changed before the end of the measurement period if it is determined that amounts being collected are projected to exceed the amount necessary to fund the program or if they are projected to be insufficient to fund the program.

At the end of the Value-Based Program payment and/or reconciliation measurement period for these arrangements, Host Blues will take one of the following actions:

- Use any surplus in funds in the variance account to fund Value-Based Program payments or reconciliation amounts in the next measurement period.

DRAFT

- Address any deficit in funds in the variance account through an adjustment to the PMPM billing amount or the reconciliation billing amount for the next measurement period.

The Host Blue will not receive compensation resulting from how estimated, average or PMPM price methods, described above, are calculated. If THE GROUP terminates, you will not receive a refund or charge from the variance account. This is because any resulting surpluses or deficits would be eventually exhausted through prospective adjustment to the settlement billings in the case of Value-Based Programs. The measurement period for determining these surpluses or deficits may differ from the term of this Agreement.

Variance account balances are small amounts relative to the overall paid claims amounts and will be liquidated over time. The timeframe for their liquidation depends on variables, including, but not limited to, overall volume/number of claims processed and variance account balance. Variance account balances may earn interest, and interest is earned at the federal funds or similar rate. Host Blues may retain interest earned on funds held in variance accounts.

Note: Covered Persons will not bear any portion of the cost of Value-Based Programs except when a Host Blue uses either average pricing or actual pricing to pay providers under Value-Based Programs.

b. Care Coordinator Fees

Host Blues may also bill BCBSNE for Care Coordinator Fees for provider services which we will pass on to THE GROUP as follows:

1. PMPM billings; or

2. Individual claim billings through applicable care coordination codes from the most current editions of either Current Procedural Terminology (CPT) published by the American Medical Association (AMA) or Healthcare Common Procedure Coding System (HCPCS) published by the U.S. Centers for Medicare and Medicaid Services (CMS).

As part of this Agreement, BCBSNE and THE GROUP will not impose Covered Person cost sharing for Care Coordinator Fees.

c. Value-Based Programs under Negotiated Arrangements

If BCBSNE has entered into a Negotiated Arrangement/Negotiated National Account Arrangement with a Host Blue to provide Value-Based Programs to THE GROUP's Covered Persons, BCBSNE will follow the same procedures for Value-Based Programs administration and Care Coordination Fees as noted in the BlueCard Program section.

As part of this Agreement, BCBSNE and THE GROUP may agree to waive Covered Person cost sharing for care coordinator fees.

3. Prepayment Review and Return of Overpayments

If a Host Blue conducts prepayment review activities including, but not limited to, data mining, itemized bill reviews, secondary claim code editing, and DRG audits, the Host Blue may bill BCBSNE up to a maximum of 16 percent of the savings identified unless an alternative reimbursement arrangement is agreed upon by BCBSNE and the Host Blue, and these fees may be charged to THE GROUP. If a Host Blue engages a third party to perform these activities on its behalf, the Host Blue may bill BCBSNE the lesser of the full amount of the third-party fees or up to 16 percent of the savings identified, unless an alternative reimbursement

DRAFT

arrangement is agreed upon by BCBSNE and the Host Blue, and these fees may be charged to THE GROUP.

Recoveries of overpayments from a Host Blue, or its participating and nonparticipating providers, from post-payment review activities, can arise in several ways, including, but not limited to, anti-fraud and abuse recoveries, audits (e.g., healthcare provider and hospital bill audits, credit balance audits), utilization review refunds and unsolicited refunds. Recoveries will be applied so that corrections will be made, in general, on either a claim-by- claim or prospective basis. If recovery amounts are passed on a claim-by-claim basis from a Host Blue to BCBSNE they will be credited to THE GROUP's account. When a Host Blue identifies and collects these overpayments/recovery amounts, the Host Blue may bill BCBSNE up to a maximum of 16 percent of the savings identified, unless an alternative reimbursement arrangement is agreed upon by BCBSNE and the Host Blue, and these fees may be charged to THE GROUP. In some cases, the Host Blue will engage a third party to assist in identification or collection of overpayments. When this occurs, the Host Blue may bill the lesser of the full amount of the third-party fees or up to 16 percent of the savings identified, unless an alternative reimbursement arrangement is agreed upon by BCBSNE and the Host Blue and these fees may be charged to THE GROUP.

Unless otherwise agreed to by the Host Blue, for retroactive cancellations of membership, BCBSNE will request the Host Blue to provide full refunds from participating healthcare providers for a period of only one year after the date of the Inter-Plan financial settlement process for the original claim. In some cases, recovery of claim payments associated with a retroactive cancellation may not be possible if, as an example, the recovery (a) conflicts with the Host Blue's state law or healthcare provider contracts, (b) would result from Shared Savings and/or Provider Incentive arrangements, and Care Coordination Fees or (c) would jeopardize the Host Blue's relationship with its participating healthcare providers, notwithstanding to the contrary any other provision of this Agreement.

4. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

In some instances federal or state laws or regulations may impose a surcharge, tax or other fee that applies to self-funded accounts. If applicable, BCBSNE will disclose any such surcharge, tax or other fee to THE GROUP, which will be THE GROUP's liability.

5. Non-Participating Healthcare Providers Outside BCBSNE's Service Area

a. Covered Person Liability Calculation

i. In General

When Covered Services are provided outside of BCBSNE service area by nonparticipating providers, the amount a Covered Person pays for such services will be based on either the Host Blue's nonparticipating healthcare provider local payment or the pricing arrangements required by applicable state law. In these situations, the Covered Person may be responsible for the difference between the amount that the nonparticipating provider bills and the payment BCBSNE will make for the Covered Services as set forth in this paragraph. Payments for out-of-network emergency services will be governed by applicable federal and state law.

ii. Exceptions

In some exception cases, at THE GROUP's direction BCBSNE may pay claims from nonparticipating healthcare providers outside of BCBSNE's service area based on the provider's billed charge. This may occur in situations where a Covered Person did not have reasonable access to a participating provider, as determined by BCBSNE in BCBSNE's sole and absolute discretion or by applicable law. In other exception cases, at THE GROUP's direction BCBSNE

DRAFT

may pay such claims based on the payment BCBSNE would make if BCBSNE were paying a nonparticipating provider inside of BCBSNE service area, as described elsewhere in this Agreement. This may occur where the Host Blue's corresponding payment would be more than BCBSNE in-service area nonparticipating provider payment. BCBSNE may choose to negotiate a payment with such a provider on an exception basis.

Unless otherwise stated, in any of these exception situations, the Covered Person may be responsible for the difference between the amount that the nonparticipating healthcare provider bills and the payment BCBSNE will make for the covered services as set forth in this paragraph.

b. Fees and Compensation

THE GROUP understands and agrees to reimburse BCBSNE for certain fees and compensation which we are obligated under applicable Inter-Plan Arrangement requirements to pay to the Host Blues, to the Association and/or to vendors of Inter-Plan Arrangement-related services. The specific fees and compensation that are charged to THE GROUP are set forth in Attachment 1. Fees and compensation under applicable Inter-Plan Arrangements may be revised from time to time as provided for in the "Modifications or Changes to Inter-Plan Arrangement Fees or Compensation" Section below.

6. Blue Cross Blue Shield Global Core Program

a. General Information

If Covered Persons are outside the United States, the Commonwealth of Puerto Rico and the U.S. Virgin Islands (hereinafter: "BlueCard service area"), they may be able to take advantage of the Blue Cross Blue Shield Global Core when accessing Covered Services. Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although Blue Cross Blue Shield Global Core assists Covered Persons with accessing a network of inpatient, outpatient and professional providers, the network is not served by a Host Blue. As such, when Covered Persons receive care from providers outside the BlueCard service area, the Covered Persons will typically have to pay the providers and submit the claims themselves to obtain reimbursement for these services.

- **Inpatient Services**

In most cases, if Covered Persons contact the service center for assistance, hospitals will not require Covered Persons to pay for covered inpatient services, except for their cost-share amounts/deductibles, coinsurance, etc. In such cases, the hospital will submit Covered Person claims to the service center to initiate claims processing. However, if the Covered Person paid in full at the time of service, the Covered Person must submit a claim to obtain reimbursement for Covered Services. Covered Persons **must contact BCBSNE to obtain precertification for non-emergency inpatient services.**

- **Outpatient Services**

Physicians, urgent care centers and other outpatient providers located outside the BlueCard service area will typically require Covered Persons to pay in full at the time of service. Covered Persons must submit a claim to obtain reimbursement for Covered Services.

- **Submitting a Blue Cross Blue Shield Global Core Claim**

DRAFT

When Covered Persons pay for Covered Services outside the BlueCard service area, they must submit a claim to obtain reimbursement. For institutional and professional claims, Covered Persons should complete a Blue Cross Blue Shield Global Core claim form and send the claim form with the provider's itemized bill to the service center address on the form to initiate claims processing. The claim form is available from BCBSNE, the service center, or online at www.bcbsglobalcore.com. If Covered Persons need assistance with their claim submissions, they should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week.

b. Blue Cross Blue Shield Global Core Program Program-Related Fees

THE GROUP understands and agrees to reimburse BCBSNE for certain fees and compensation which we are obligated under applicable Inter-Plan Arrangement requirements to pay to the Host Blues, to the Association and/or to vendors of Inter-Plan Arrangement-related services. The specific fees and compensation that are charged to THE GROUP under Blue Cross Blue Shield Global Core are set forth in Attachment 1. Fees and compensation under applicable Inter-Plan Arrangements may be revised from time to time as provided for in the "Modifications or Changes to Inter-Plan Arrangement Fees or Compensation" Section below.

7. Modifications or Changes to Inter-Plan Arrangement Fees or Compensation

Modifications or changes to Inter-Plan Arrangement fees (Access and AEA) are generally made effective Jan. 1 of the calendar year, but they may occur at any time during the year. In the case of any such modifications or changes, BCBSNE shall provide THE GROUP with at least thirty (30) days' advance written notice of any modification or change to such Inter-Plan Arrangement fees or compensation describing the change and the effective date thereof and THE GROUP's right to terminate this Agreement without penalty by giving written notice of termination before the effective date of the change. If THE GROUP fails to respond to the notice and does not terminate this Agreement during the notice period, THE GROUP will be deemed to have approved the proposed changes, and BCBSNE will then allow such modifications to become part of this Agreement.

C. **[USE IF THE GROUP USES PRIME AS ITS PHARMACY BENEFIT MANAGER] Rx Nebraska Program Fees:** Prime Therapeutics, LLC, (Prime) is the Pharmacy Benefit Manager which processes pharmacy claims for the Rx Nebraska Program. For pharmacy claims, BCBSNE utilizes Prime to provide network access to network participants and to provide mail service. The Rx Nebraska Program terms and fees are described in Attachment 5.

[Rebates received from manufacturers of drugs and supplies on claims that are processed through THE GROUP's medical benefits will be retained by BCBSNE.]

[Rebates received from manufacturers of drugs and supplies on claims that are processed through THE GROUP's medical benefits will be passed back to THE GROUP.]

[USE ALL OF THE BELOW INCLUDING NUMERICAL NOTES 1-3 IF THE GROUP DOES NOT USE PRIME AS ITS PHARMACY BENEFIT MANAGER] Under the Patient Protection and Affordable Care Act (PPACA) all Food and Drug Administration approved contraceptive methods for women with reproductive capacity are required to be provided with no cost sharing. BCBSNE does not provide prescription drug benefits for THE GROUP. Accordingly, because BCBSNE does not provide prescription drug benefits for THE GROUP, BCBSNE will not provide any prescription drug benefits, including benefits for contraceptives typically covered under a prescription drug program (e.g. birth control pills, patches, rings, etc.). BCBSNE will provide benefits under the medical portion of the health benefit plan for medical services when billed with a contraceptive diagnosis.

By accepting coverage with BCBSNE, THE GROUP agrees that:

DRAFT

(1) BCBSNE has no obligation to provide prescription drug benefits, including prescription drug benefits for contraceptives;

(2) It has another insurance carrier or administrator that provides prescription drug benefits, and that insurance carrier or administrator provides prescription drug benefits for contraceptives in accordance with PPACA; and

(3) It will indemnify and hold BCBSNE harmless against any and all loss, damage, expenses, and penalties imposed by law with respect to THE GROUP's failure to provide prescription drug benefits for contraceptive methods as required by PPACA.

Rebates received from manufacturers of drugs and supplies on claims that are processed through THE GROUP's medical benefits will be retained by BCBSNE.]

D. BCBSNE shall provide THE GROUP with a monthly billing reflecting the amount due BCBSNE from THE GROUP, less any credits. This billing will be provided on or before the 10th business day of the following month and shall be payable within 15 days of its mailing by BCBSNE.

Interest will be charged for Net Paid Claims, Administrative Service fees, Stop Loss charges and amounts previously unreimbursed by THE GROUP, which are received more than 15 calendar days after the date notification is mailed.

Interest will be based on a rate of 12% per annum for the actual number of days which have elapsed beyond the 15-day grace period. The interest charge will be added to the next subsequent billing for claims reimbursement and will not be included in the Aggregate Stop Loss Limit. Interest charges will also be applicable on any past due interest charge.

E. In connection with the administration of this Agreement, if at any time BCBSNE shall be or become subject to the imposition of, or any increase in, a premium tax or other tax whatsoever, the amount of compensation shall be increased by a like amount. (The present premium taxes on the Stop Loss premiums are included in the costs shown above, if applicable.) Assessments by a state arising from the operation of the Plan, including but not limited to a surcharge on claims and/or an assessment on residents of that state, shall be considered a tax for purpose of this paragraph.

If a change in a law or regulation occurs during the term of this Agreement which results in additional administrative costs such increases in cost will be communicated to and incurred by THE GROUP.

F. BCBSNE may employ the services of an outside company to seek recovery of credit balances from providers and facilities. The outside company may: a) retain a percentage of the monies recovered as compensation for its services. The remaining balance will be refunded to THE GROUP; or b) charge BCBSNE a fee as compensation for its services. In that instance, the Claims Analysis Report will reflect the full amount of the recovery as a credit. Any fee associated with the collection of these recoveries will be reflected as a charge on the summary invoice provided to THE GROUP.

G. This Agreement is effective only as to expenses incurred after the effective date of this Agreement, and prior to its termination, subject to Part IX.

DRAFT

VII.

LITIGATION

Should suit be filed against BCBSNE or THE GROUP, or both, for damages or equitable relief, arising out of a determination of benefits, the parties agree to cooperate fully and assist one another in the defense of such claims. Should BCBSNE be named as a defendant in such a suit, BCBSNE shall maintain primary control of such litigation, including the selection of counsel; however, notice will be provided to THE

GROUP. Reimbursement will be made to BCBSNE by THE GROUP for the amount of any benefits determined to be payable pursuant to the Benefit Plan Document, by way of settlement or award pursuant to judgment, and THE GROUP shall be responsible for the fees of any separate counsel retained to represent its interests independently. If Plaintiff's attorney fees or taxable court costs are a part of the settlement or award, the parties agree they will split such fees and costs evenly.

This Agreement shall be governed by and interpreted in accordance with the laws of the State of Nebraska (without regard to any conflict of laws provisions) to the extent such law shall not have been preempted by ERISA or other applicable federal law. The venue for any actions shall be a court with appropriate jurisdiction in Douglas County, Nebraska.

VIII.

TERM

This Agreement shall become effective on the date indicated herein (the "Effective Date") and shall remain in effect for a period of one year commencing on the Effective Date. It may be extended or renewed by written consent of both parties, with such modifications as shall be agreed to by the parties.

This Agreement may be non-renewed, discontinued, or terminated immediately upon written notice by BCBSNE to THE GROUP, if:

1. THE GROUP fails to meet its financial obligations;

2. there is no longer any Subscriber who lives, resides or works in a Service Area where BCBSNE is licensed;

3. THE GROUP has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact in connection with the coverage, or with respect to coverage of individual insureds, or their representatives; or

4. the headquarters of the Employer are no longer located in the State of Nebraska.

This Agreement may be terminated by either party, without cause, but any such termination shall only be effective commencing with the first day of the month at least 60 days following written notice to the other party. BCBSNE will not notify individuals in THE GROUP of THE GROUP's termination, nor will any conversion coverage be provided to such individuals. THE GROUP understands and agrees that BCBSNE may deny any claims that are processed while any amount is past due under this Agreement.

IX.

PROCESSING OF CLAIMS IN THE EVENT OF TERMINATION

In the event of termination of this Agreement, liability for unreported and pending claims as of the date of termination rests with THE GROUP. The following administrative alternatives are available and the selected option is indicated in Attachment 1, section D:

A. THE GROUP will arrange with another claims administrator for processing, handling and payment of such claims as are incurred during the Term of this Agreement, but not submitted for payment until after the termination date. BCBSNE will have no responsibility for such claims except to notify the Covered Person/Provider of the termination date. Covered Person/Provider must resubmit the claims to either the new claims administrator or THE GROUP, as instructed by THE GROUP.

or

DRAFT

B. THE GROUP will arrange with BCBSNE for payment of such claims. Unless the parties agree otherwise, BCBSNE will continue to process claims for services provided during the Term of this Agreement for a period of 12 months after termination of this Agreement. The advance deposit will be returned as set forth on Attachment 2, Section A., 2.

THE GROUP agrees to compensate BCBSNE as provided herein. BCBSNE will send a monthly invoice reporting the amount of claims reimbursement and Administrative Expense for Net Paid Claims during the preceding month. The Administrative Expense applicable to the processing of such claims shall be outlined in Attachment 1, Section D. BCBSNE will have no financial risk or obligation for claims incurred after the current or prior Terms of the Agreement, i.e., there is no limit to the extent of THE GROUP's liability under this paragraph B. as benefits paid pursuant to this Part IX. shall not apply to any Stop Loss coverage. BCBSNE may request THE GROUP to provide a letter of credit guaranteeing payment up to an amount determined by BCBSNE to be the estimated liability for these payments.

The alternative selected is indicated on Attachment 1, D.

The Reserve for Unreported and Pending Claims at the end of the Term of this Agreement is indicated on Attachment 4.

X.

DATA

Data contained in membership files submitted to BCBSNE by THE GROUP are the property of THE GROUP. Once files which are submitted to BCBSNE are entered into BCBSNE proprietary systems, the data produced, extracted or reported from the BCBSNE systems is the property of BCBSNE ("BCBSNE Proprietary Data"). Any requests for disclosures to third parties or uses of BCBSNE Proprietary Data by THE GROUP shall require mutual consent of the parties hereto.

When BCBSNE releases BCBSNE Proprietary Data to THE GROUP for an approved data use, THE GROUP agrees to: (1) limit the use of BCBSNE Proprietary Data strictly for the purpose for which it was disclosed; (2) only use the minimum necessary BCBSNE Proprietary Data to fulfill the purpose for which it was disclosed; (3) not commingle BCBSNE Proprietary Data with third party information; (4) not convert aggregated BCBSNE Proprietary Data into disaggregated information so as to identify the disclosing party or a licensee of BCBSA; (5) fully protect and preserve the confidential nature of BCBSNE Proprietary Data; (6) not use, distribute or exploit (e.g., resell) BCBSNE Proprietary Data; and (7) immediately notify BCBSNE of any ownership changes. THE GROUP must obtain written consent from BCBSNE prior to sharing BCBSNE Proprietary Data with third parties. BCBSNE may request that the receiving entity execute BCBSNE's non-disclosure agreement. Additionally, when BCBSNE releases BCBSNE Proprietary Data to a third party for an approved data use, BCBSNE will require the receiving entity to execute a non-disclosure agreement that addresses these requirements.

BCBSNE may request a limited audit of THE GROUP solely for the purpose of ensuring compliance with the limitations set forth in this Section X. Such audit shall be undertaken not more than annually.

Subject to the requirements of law, this Agreement, and the Parties' business associate terms, THE GROUP agrees to destroy or return BCBSNE Proprietary Data to BCBSNE upon conclusion of the purposes for which BCBSNE Proprietary Data was disclosed. BCBSNE Proprietary Data that cannot be reasonably returned or destroyed must be maintained by the receiving Party in accordance with the confidentiality terms and conditions of this Agreement.

XI.

NONASSIGNMENT

BCBSNE may not assign its rights or obligations under this Agreement without the written consent of THE GROUP, provided, however, that any reinsurance obtained by BCBSNE shall not constitute an assignment hereunder.

XII.

STOP LOSS PROVISION

A. **[Use If THE GROUP has obtained stop loss insurance through a carrier that is not affiliated with BCBSNE]** THE GROUP will make payments to BCBSNE required under this Agreement regardless of any stop loss insurance coverage that may cover such claims and regardless of the existence of any pending stop loss insurance reimbursement that has not been paid to THE GROUP. BCBSNE is not responsible for compliance with any terms and conditions contained within THE GROUP's stop loss insurance contract. THE GROUP releases and holds BCBSNE harmless for denials of claims submitted to THE GROUP's stop loss insurance carrier.

B. **[Use If THE GROUP has stop loss through a preferred stop loss vendor.]** If THE GROUP has obtained stop loss insurance through one of BCBSNE's preferred stop loss vendors and BCBSNE has identified that a member has exceeded the specific stop loss deductible, BCBSNE will not request reimbursement from THE GROUP for that member's claims above the specific stop loss deductible, provided that THE GROUP has executed a valid assignment of benefits with BCBSNE and the stop loss vendor, and the Member's claims are covered under THE GROUP's stop loss policy. Notwithstanding the foregoing, BCBSNE is not responsible for the payment of claims that are denied or disputed by THE GROUP's stop loss carrier and THE GROUP agrees to hold BCBSNE harmless for denials of claims submitted to THE GROUP's stop loss insurance carrier.

XIII.

MODIFICATION

This Agreement contains the entire agreement of the parties. No representations were made or relied upon by either party other than those that are expressly set forth herein. No agent may change this Agreement in any way. No change in this Agreement shall be valid until approved in writing by an officer of each of the parties. Any such change, however, shall be effective at the time, and with respect to the eligible Employees, therein provided.

XIV.

GENERAL PROVISIONS

A. If any term of this Agreement is declared invalid by a court, the same will not affect the validity of any other provision, provided that the basic purposes of this Agreement are achieved through the remaining valid provisions. The headings of sections and subsections contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement.

B. Failure by THE GROUP or BCBSNE to insist upon strict performance of any provision of this Agreement will not modify such provision, render it unenforceable, or waive any subsequent breach. No waiver or modification of any of the terms or provisions of this Agreement shall be valid unless in each instance the waiver or modification is accomplished pursuant to the amendment provisions of Section XIII.

C. This Agreement (including Attachments) is the full Agreement of the parties with respect to the subject matter hereof and supersedes all prior agreements and representations between the parties, other than the separate applicable Business Associate Contract and, if applicable, the separate stop loss contract. This Agreement shall be construed, enforced, and governed by the laws of the State of Nebraska.

D. Notwithstanding any provision contained herein to the contrary, THE GROUP shall have sixty (60) days from the earlier of the date of THE GROUP's receipt of this Agreement or the date of THE GROUP's consultant's receipt of this Agreement, to review, and accept or reject, the terms of this Agreement. In the event that THE GROUP does not execute this Agreement within sixty (60) days of receipt, THE GROUP agrees that the continuation of administration payments, including administrative service fees, will be considered as acceptance of the terms of this Agreement, as determined by BCBSNE.

E. THE GROUP must provide BCBSNE with all information which BCBSNE may reasonably request with regard to any matters pertaining to the Plan, including, but not limited to, information necessary to comply with state or federal laws or regulations. BCBSNE has the right to request information at any time. AUDIT EXHIBIT

A. **Audit Agreement**

Prior to commencement of any audit, THE GROUP and its audit vendor, if any, shall execute a Non-Disclosure and Audit Agreement with BCBSNE's external audit services department. BCBSNE shall in no event be required to disclose any information in violation of applicable law.

B. **Access to Provider Contracts**

With regard to its contracts with hospitals or other providers that are not otherwise publicly available, BCBSNE reserves the right to not provide access to the contracts or to provide access only in a manner that BCBSNE deems would protect the confidential and proprietary information contained therein. This reservation of right pertains not only to the actual contracts but also to any data, reports or other information generated, and from which the terms of the contracts could be determined.

C. **Procedure**

In any audit under the Agreement, THE GROUP shall give BCBSNE notice in writing of its desire to conduct an audit at least sixty-five (65) days in advance. Audits are limited to the most recently completed contract year and must be completed no later than eleven (11) months after the end of that contract year. THE GROUP shall not request more than one (1) paid claims and one (1) financial audit per contract year. THE GROUP understands and agrees that: (a) due to provider contract limitations, BCBSNE will be limited in its ability to make any needed adjustments to paid claims that were incurred beyond the applicable provider lookback period; and (b) BCBSNE's ability to obtain BlueCard® paid claims from Host Blues for audit is limited, as the provision of such paid claims is subject to the approval/discretion of the Host Blue responsible for paying a given paid claim. Unless otherwise agreed, audits shall be conducted during normal working business hours at the offices of BCBSNE. Audits shall be conducted by an auditor that is mutually acceptable to both BCBSNE and THE GROUP. Such acceptance shall not to be unreasonably withheld. THE GROUP and BCBSNE shall mutually agree on the scope and terms of the audit prior to its initiation. BCBSNE shall provide appropriate records and documents for THE GROUP to evaluate the administration of the Plan benefits pursuant to this Agreement. Audits shall not be conducted for the same scope and time frame or portion of time of a previously conducted audit unless THE GROUP is required by a governmental agency to audit a certain period.

D. **Types of Audits**

1. **Paid Claims Audit.**

a. Subject to the requirements of this Attachment, applicable laws and regulations, and BCBSNE's corporate policies, THE GROUP shall have the right to conduct an audit of paid claims for Plan benefits that were processed and paid under the terms of this Agreement. The audit shall be coordinated with BCBSNE's external audit services department and will be limited to reviews of paid claim records, membership data, benefit file summaries and other documents considered relevant and applicable by BCBSNE. Audit sampling methodology shall be mutually agreed to by the parties and must be based on the universe of paid claims under review. A preliminary draft of the audit report shall be submitted to BCBSNE prior to issuance of the final report.

DRAFT

BCBSNE shall be provided with the opportunity to respond to the draft audit report within a reasonable period of time prior to its finalization.

b. Provided THE GROUP has one thousand (1,000) or more enrolled contract holders at the beginning of the contract year, THE GROUP may audit two hundred (200) paid claims at no cost to THE GROUP. To the extent THE GROUP has fewer than one thousand (1,000) enrolled contract holders at the beginning of the contract year, THE GROUP may audit up to one hundred (100) paid claims at no cost to THE GROUP. If THE GROUP elects to audit additional paid claims, THE GROUP shall reimburse BCBSNE for each additional paid claim at a rate of fifty dollars ($50) per paid claim.

c. BCBSNE shall make no adjustment or refund on the basis of statistical projections or extrapolations of actual errors. In addition, BCBSNE shall make no adjustment or refund based on industry standard claim processing guidelines or other edits that are not incorporated into BCBSNE's policies and procedures, benefits contracts, or claim processing guidelines. To that end, BCBSNE reimbursement of any overpayments found during the course of an audit will be made on an individual case basis in accordance with the Overpayment section of the Agreement. Processing of adjustments will be subject to the limitations of this Section.

2. **Financial Audits.** For purposes of this section, financial audits are audits performed by a public accounting firm to certify THE GROUP's financial statements. Subject to the requirements of this Section, applicable laws and regulations, and BCBSNE's policies, financial audits shall be limited to an examination of BCBSNE's records of provider charges, reimbursements and amounts invoiced to the Plan under this Agreement. If any financial audit requires more than fifty (50) hours of BCBSNE's time, THE GROUP shall reimburse BCBSNE for personnel time in excess of such hours at the rate of fifty dollars ($50) per hour. THE GROUP shall reimburse BCBSNE for the actual cost of any specialized reporting requested of BCBSNE as part of the audit.

Blue Cross and Blue Shield of Nebraska, Inc.
Omaha, Nebraska

Report on the Audit of the Statutory Financial Statements

Opinions

We have audited the accompanying statutory financial statements (financial statements) of Blue Cross and Blue Shield of Nebraska, Inc., which comprise the statutory statements of admitted assets, liabilities, and policyholder surplus as of December 31, 2023 and 2022, and the related statutory statements of operations and changes in policyholder surplus, and cash flows for the years then ended, and the related notes to the financial statements.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the admitted assets, liabilities, and policyholder surplus of Blue Cross and Blue Shield of Nebraska, Inc. as of December 31, 2023 and 2022, and the results of its operations and its cash flows for the years then ended, on the basis of accounting described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter described in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the accompanying financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Blue Cross and Blue Shield of Nebraska, Inc. as of December 31, 2023 and 2022, or the results of its operations or its cash flows for the years then ended.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Blue Cross and Blue Shield of Nebraska, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 to the financial statements, Blue Cross and Blue Shield of Nebraska, Inc. prepared these financial statements using accounting practices prescribed or permitted by the Insurance Department of the State of Nebraska, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the statutory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Emphasis of Matter

As discussed in Note 1 to the financial statements, Blue Cross Blue Shield of Nebraska, Inc. records certain fixed income investment securities at amortized cost in accordance with Statement of Statutory Accounting Principles (SSAP) No. 26R. Note 2 to the financial statements discloses the amount of the unrealized losses on these investments at December 31, 2023 and 2022, that are not reflected in the Investment value within the Statement of Admitted Assets or Policyholder Surplus. In the event liquidity requirements or investment strategies change in the future, some of these unrealized losses maybe realized to the extent these investments are sold or redeemed prior to maturity, or an impairment were to occur. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting practices prescribed or permitted by the Insurance Department of the State of Nebraska. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Blue Cross and Blue Shield of Nebraska, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Blue Cross and Blue Shield of Nebraska, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Blue Cross and Blue Shield of Nebraska, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the basic statutory-basis financial statements taken as a whole. The *Supplemental Schedule of Investment Risks Interrogatories and the Summary Investment Schedule* are required to be presented to comply with the National Association of Insurance Commissioners' Annual Statement Instructions and the National Association of Insurance Commissioners' Accounting Practices and Procedures Manual and are not a required part of the basic statutory-basis financial statements. Such information included in the schedules referred to above is the responsibility of management, is presented for purposes of additional analysis and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other procedures in accordance with GAAS. In our opinion, the information is fairly stated in all material respects in relation to the basic statutory-basis financial statements taken as a whole.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Blue Cross and Blue Shield of Nebraska, Inc. ("BCBSNEI" or the "Company"), a member of the Blue Cross and Blue Shield Association (BCBSA), an association of independent Blue Cross and Blue Shield plans, is incorporated as a stock insurance company in the State of Nebraska and is subject to regulation by the Insurance Department of the State of Nebraska (NE DOI). The Company reorganized from a mutual benefit insurance company to a stock insurance company simultaneously with the creation of a mutual insurance holding company named GoodLife Partners, Inc. (GPI) effective July 1, 2018. As part of the reorganization, GoodLife Solutions, Inc. (GSI) was formed as a new intermediate stock holding company and is wholly owned by GPI. BCBSNEI is a wholly owned subsidiary of GSI. At all times as required by applicable law, GPI shall own, directly or indirectly, a minimum of over 50% of the voting securities of BCBSNEI.

BCBSNEI provides individual, group and association health insurance under traditional, preferred provider organization (PPO), and managed care contracts. It also provides dental coverage on a traditional and PPO basis to some of its medical contract members. In addition, drug coverage is also provided to a portion of its membership in conjunction with a medical contract. BCBSNEI provides Medicare Supplement coverage on both individual and group policies and sponsors Medicare Part D plans on an individual and group basis.

BCBSNEI also performs claims administrative and management services for other Blue Cross and Blue Shield plans, several state and Federal governmental entities, and various fully and modified self-insured groups within the State of Nebraska. The claims administrative services business represents a significant portion of the Company's business. Stop loss coverage is provided for certain large commercial business groups in this segment for a risk based premium.

Accounting Practices

The financial statements of BCBSNEI are presented on the basis of accounting practices prescribed or permitted by the NE DOI. The NE DOI recognizes only statutory accounting practices prescribed or permitted by the state of Nebraska for determining and reporting the financial condition and results of operations of an insurance company, and its solvency under the Nebraska Insurance Law. The National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures manual, (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the state of Nebraska. The Director of Insurance has the right to permit other specific policies that deviate from prescribed practices.

The following are some of the significant differences between NAIC SAP and accounting principles generally accepted in the United States of America ("GAAP").

(a) Investments in bonds are generally carried at amortized cost. Under GAAP, bonds are carried at either amortized cost or estimated fair value based on their classification according to the Company's ability and intent to hold or trade the securities;

(b) Acquisition costs, such as commissions and other costs related to acquiring new business are expensed as incurred. Under GAAP, such costs are deferred and amortized to income as premiums are earned;

(c) Federal income taxes incurred are reported on a current basis in the statutory statements of operations. Deferred taxes are recorded for differences between book and tax basis accounting; however, there are limitations as to the amount of deferred tax assets that may be reported as "admitted assets." Under GAAP, such assets are recorded on the balance sheet net of any valuation allowance. The tax effect of deferred tax assets and liabilities and the changes between years is reflected in policyholder surplus;

(d) Certain non-liquid assets are excluded from the balance sheet as "non-admitted assets". Changes in the balances of non-admitted assets are recorded directly to policyholder surplus. Under GAAP, such "non-admitted assets" are recorded on the balance sheet, net of any valuation allowance;

(e) Reinsurance recoverable on unpaid losses are reported as a reduction of loss and policy reserves. Under GAAP, such amounts are reported as an asset;

(f) Comprehensive income and its components are not presented in the statutory financial statements;

(g) An administrative service contract is a type of uninsured accident and health plan where the reporting entity, as an administrator, performs administrative services such as claims processing for a third-party that is at risk, and accordingly, the administrator has not issued an insurance policy. Under this plan, the reporting entity pays claims from its own bank account, and subsequently receives reimbursement from the uninsured plan sponsor. The net difference between premium equivalents and the reimbursement of claims is recorded under SAP as an offset to general expenses. Under GAAP, the gross amounts are recorded as premium and claims under certain circumstances;

(h) Net negative cash balances are reported as a negative asset rather than as a liability under GAAP;

(i) The Statutory Statement of Cash Flows differs in certain respects from the presentation required within GAAP literature, including presentation of changes of cash and short investments instead of cash and cash equivalents. In addition, GAAP requires a reconciliation of net income to net cash from operating activities. Short term investments include securities with a maturity of one year or less and are included in the cash balance, whereas GAAP excludes short term investments from cash. Both statutory and GAAP include cash equivalents in the cash balance. GAAP cash equivalents are defined as highly liquid investments with an original maturity of three months or less at acquisition;

(j) Undistributed earnings for investments in the common stock of both public and privately held companies are recorded directly to surplus; under GAAP, unrealized gains or losses are reported as part of income;

(k) NAIC SAP requires all leases be classified as operating leases. Under GAAP, a right-of-use asset and corresponding lease liability would be carried on the balance sheet; and

(l) NAIC SAP requires an analysis of investments for other than temporary impairment (OTTI) as well as prescribed valuation based on credit ratings while under GAAP, an evaluation would be completed under ASU 2016-13, *Financial Instruments – Credit Losses* to calculate the potential allowance for credit loss.

Accounting Policies

The Company uses the following accounting policies:

Cash and Short-term Investments

The Company considers all highly liquid securities purchased with an original maturity of three months or less to be cash or cash equivalents. Short-term investments include all investments whose maturities, at the time of acquisition, are one year or less.

The Company has previously implemented the change in SSAP 2R which re-classes money market funds from short-term investments to cash and cash equivalents.

There were no Short-term investments for the years ended December 31, 2023 and 2022.

Investments

Bonds are stated at amortized cost, except for those bonds with a NAIC designation of between 3 - 6, which are stated at the lower of amortized cost or estimated fair value. Amortized cost may represent an amount after a write-down of a bond for impairment. The premium and discount from par value are amortized using the scientific method. Premiums and discounts on mortgage and asset backed bonds are amortized using the retrospective method based on anticipated prepayments at the date of purchase. Prepayment assumptions are obtained from broker dealer survey values or internal estimates.

Unaffiliated common stocks are reported at fair market value. Unaffiliated restricted common stocks, affiliated common stocks, and all other invested assets are reported under the equity method as determined in accordance with generally accepted accounting principles, adjusted to reflect statutory accounting practices where required.

Market value of bonds and unaffiliated common stocks are based on values prescribed by the Securities Valuation Office of the NAIC (statutory value). For securities not actively traded, market value is based upon estimates obtained from independent pricing services or valued at their underlying equity.

Net unrealized gains and losses resulting from the change in book value of investments carried at market or equity value are credited or charged directly to policyholder surplus. For investments carried at amortized cost, the amortization of premiums and accretion of discounts are recognized as adjustments to investment income.

Investment Income and Realized Capital Gains/Losses

Investment income consists primarily of interest and dividends. Interest is recognized on an accrual basis and dividends are recorded as earned at the ex-dividend date. Accrual of income is suspended for bonds that are in default or when the receipt of interest payments is in doubt. Realized capital gains and losses are determined on a specific identification basis and recorded in operations within net investment income.

Property and Equipment

Furniture and equipment are carried at cost less accumulated depreciation. The Company provides for depreciation of property and equipment using straight-line methods over the lesser of the estimated useful life of the related asset or seven years.

Capitalization Policy

The capitalization policy for recording new fixed assets is greater than $5,000. In addition, bulk purchases of fixed assets in excess of $5,000 such as, office and conference room furniture but excluding EDP equipment and software will be capitalized.

Data Processing Equipment

Data processing equipment and computer software are carried at cost less accumulated depreciation. Depreciation is computed using the straight-line method over the lesser of the estimated useful life of the related asset or three years for data processing equipment and operating system software. Depreciation for application system software is computed using the straight-line method over the lesser of its estimated useful life or five years.

Non-Admitted Assets

Furniture and equipment, other prepaid expenses, and certain portions of deferred tax assets, data processing equipment, aged receivables and certain invested assets are designated as "non-admitted" under statutory reporting requirements. These assets are excluded from the statutory statements of admitted assets, liabilities, and policyholder surplus by adjustments to policyholder surplus.

Premium Income

Insured member premiums due are billed in advance of their respective coverage periods and are recorded as earned during the coverage period. The unearned portion of premiums for the coverage period is reflected in the statements of admitted assets, liabilities and policyholder surplus as premiums received in advance.

Manufactures' Administrative Fee (MAF) Revenue

MAF revenues are first used as an offset to related Pharmacy Benefit Manager (PBM) expenses within General and Administrative expenses, with the remainder, if any, recognized as administrative service income.

Premium Deficiency Reserve

To the extent that premiums received or to be received, for specific classes of business, are insufficient to cover estimated healthcare and other costs over the life of the underlying contracts, the Company establishes a liability for the related premium deficiency. Investment income has been considered a factor in the premium deficiency calculation. The analysis resulted in a premium deficiency reserve of $0 and $0 in 2023 and 2022, respectively.

Accrued Medical Incentives and Bonuses

The Company has entered into arrangements with certain providers which provide for the payment of incentives based upon cost and quality related targets during the term of the arrangements. These amounts are settled subsequent to December 31, however, the Company accrues these amounts at December 31 within Accrued Medical Incentive Pool and Bonus Amounts within the Statutory Statements of Admitted Assets, Liabilities, and Policyholder Surplus, based upon an estimate of claims incurred and other factors. This estimate is subject to change based upon further runout of claims data to the final settlement date.

Policy and Contract Claims

Policy and contract claims are shown net of reinsurance, subrogation, and coordination of benefits amounts. The Company provides a liability for unpaid incurred claims based on estimates using average ultimate claim costs for reported claims and estimates of unreported losses based upon past experience. Differences between actual and estimated claims are charged to operations in the year the differences become known.

Aggregate Health Policy Reserves

The Company provides a liability for policies issued that includes a rate stabilization provision. This liability is estimated based on actual claim experience and other various factors for policies with this provision.

Fair Values of Financial Instruments

The Company has adopted Statement of Statutory Accounting Principles (SSAP) No. 100, *Fair Value*. This standard defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Company considers the primary or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions and risk of nonperformance.

The Company classified its investments based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. SSAP No. 100 describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value, which are the following:

- Level 1 – Quoted prices in active markets for *identical* assets or liabilities.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly; such as quoted prices for *similar* assets or liabilities, quoted prices in markets that are not active; or other inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Bonds – Issuer Obligations, including Industrial and Miscellaneous: Valued based on NAIC market values. For those securities not actively traded, quoted market prices of comparable instruments or discounted cash flow analysis are used based upon inputs that are observable in the markets for similar securities. Inputs include benchmark yields, credit spreads, default rates, prepayments and non-bonding broker quotes.

Bonds – Mortgage and Other Asset Backed Bonds: Valued based on Residential Mortgage-Backed Securities modeling file provided by the NAIC. The prepayment assumptions used for single class and multi-class mortgage backed/asset backed securities were obtained from broker/dealer survey values. These assumptions are consistent with the current interest rate and economic environment.

Common Stock Unaffiliated and Mutual Funds: Valued based on NAIC quoted market values. If NAIC market values are unavailable, then value is determined based on the underlying equity.

Common Stock Affiliated: Value is based on the underlying equity of the affiliate.

Other Invested Assets: Value is primarily based on the underlying equity of the related entity.

Cash and Cash Equivalents: The carrying amounts approximate their fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of the future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Risks and Uncertainties

The Company operates in a business environment which is subject to various risks and uncertainties. Such risk and uncertainties include, but are not limited to, interest rate risk, market valuation risk, credit risk, medical inflation risk and risks related to legal and regulatory changes.

Concentration of Credit Risk

The Company maintains its cash in bank deposit accounts which exceed federally insured limits. Accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to $250,000 per depositor, per insured bank, for each account ownership category. At December 31, 2023 and December 31, 2022, the Company had approximately $540k and $3.5 million, respectively, in excess of FDIC-insured limits. In 2023, the Company added sweep accounts to mitigate this risk going forward. At December 31, 2023 the Company had approximately $731k in the sweep account.

Use of Estimates in the Preparation of the Statutory Financial Statements

The preparation of financial statements in conformity with statutory accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Material estimates susceptible to significant change include policy and contract claim reserves, loss adjustment reserves, premium deficiency reserves, ACA receivables and payables, actuarial projections of pension and post-retirement benefit liabilities, the fair value of investments, investment impairments, contingencies, and deferred income taxes.

Cost Accounting and Allocation Methodology

The Company utilizes an activity-based methodology for assigning costs to lines of business. This is utilized internally to review profitability by line and has no direct impact to the Statutory Financial Statements.

Investment Impairment Methodology

The Company regularly reviews its investment portfolio for factors that may indicate that a decline in fair value of an investment is other than temporary. Based on an evaluation of the prospects of the issuers, including, but not limited to, the Company's intentions to sell or ability to hold the investments; the length of time of temporary impairment, the magnitude of the unrealized loss; the credit ratings of the issuers of the investments, and other information specific to the investment, the Company has concluded that the declines in the fair value of the Company's investments in bonds at December 31, 2023 and December 31, 2022 are temporary.

The Company considers various factors when evaluating whether a decline in the fair value of common stock securities are other than temporary, including but not limited to, the length of time of temporary impairment and magnitude of the unrealized loss; the volatility of the investment; analyst recommendations and price targets; opinions of the Company's investment managers; market liquidity; and the Company's intentions to sell or ability to hold the investments. Based on an evaluation of these factors, the Company

has concluded that the declines in the fair values of the Company's investments in common stocks at December 31, 2023 and December 31, 2022 are temporary.

The Company also regularly reviews and considers multiple factors when evaluating whether there is a decline which is other than temporary in the equity value of their various private equity investments. Some of the considerations are an evaluation of the financial statements, length of time of any unrealized loss, the underlying business of the private equity, and if it is determined that there would be any ongoing concern of the investment.

Income Taxes

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related primarily to differences between the basis of assets and liabilities for statutory and income tax reporting. The deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled. The tax effect of deferred tax assets and liabilities and the changes between years is reflected in policyholder surplus. The Company follows the SSAP No. 101, *Income Taxes.* The Company is a subsidiary corporation to be included in the consolidated U.S. corporation income tax return of GPI for both the 2023 and 2022 tax year, which also includes GSI and Sapphire Edge, Inc.

Beginning in 2023, the consolidated group executed a tax sharing agreement providing a "benefits for losses methodology" in allocating Federal income taxes among the members. The Federal Consolidated Income Tax Return liability or recoverable is allocated as though each entity filed a separate federal income tax return. The parties agree the federal income tax obligations will be shared under the immediate payment method. As such, settlement will be made at the point the taxes are calculated and any estimates will be adjusted upon the completion of the consolidated tax return.

Advertising Costs

All advertising and promotion costs are expensed when incurred. Advertising expense amounted to $1,142,676 and $1,386,264 for the years ended December 31, 2023, and 2022, respectively.

NOTE 2 - INVESTMENTS

Loan-backed Securities

The Company has no direct investments in mortgage loans. The Company has $179,568,442 and $140,213,995 of loan-backed securities in its bond portfolio at December 31, 2023 and 2022, respectively. The Company has no securities with a recognized other-than-temporary impairment that it intends to sell or is unable or does not intend to retain for a period of time sufficient to recover the amortized cost basis. The Company believes these investments are fully recoverable and has not recorded any valuation reserves for these securities. The prepayment assumptions used for single class and multi-class mortgage backed and asset backed securities were obtained from broker/dealer survey values. These assumptions are consistent with the current interest rate and economic environment.

All impaired securities (fair value is less than cost or amortized cost) for which an other-than-temporary impairment has not been recognized in earnings as a realized loss (including securities with a recognized other-than-temporary impairment for non-interest related declines when a non-recognized interest related impairment remains:

Good Life Solutions, Inc.
Blue Cross and Blue Shield of Nebraska, Inc.
Sapphire Edge, Inc.

Beginning in 2023, The Company executed a tax sharing agreement providing a "benefits for losses methodology" in allocating Federal income taxes among consolidated group members. The Company allocates the Federal Consolidated Income Tax Return liability or recoverable as though each entity filed a separate federal income tax return. The parties agree the federal income tax obligations will be shared under the immediate payment method. As such, settlement will be made annually upon the completion of the consolidated tax return. Blue Cross and Blue Shield of Nebraska, Inc., acting as the banker for tax transactions, shall collect all income tax from related entities based upon each entities standalone taxable income and shall reimburse related entities for taxable losses, to the extent their losses are available to offset consolidated taxable income. Any exceptions regarding the funding of the intercompany tax balance must be approved by the Executive Vice President and CFO.

As of December 31, 2023, there were no material positions for which management believes it is reasonably possible that the total amounts of tax contingencies will significantly increase or decrease within 12 months of the reporting date.

The Company classifies all interest and penalties related to tax contingencies as income tax expense. As of December 31, 2023 and 2022, no accrued interest or penalties were recorded as an income tax liability on the statutory statement of admitted assets, liabilities, and policyholder surplus.

Open tax years subject to examination include 2020, 2021 and 2022.

On August 16, 2022, the Inflation Reduction Act of 2022 (ACT) was signed into law. The Act includes a new Federal alternative minimum tax (AMT), effective January 1, 2023, that is based on the adjusted financial statement income (AFSI) set forth on the applicable financial statement (AFS) of an applicable corporation. A corporation is an applicable corporation if its rolling average pre-tax AFSI over three prior years (starting with the years 2020-2022) is greater than $1 billion. For a group of related entities, the $1 billion threshold is determined on a group basis, and the group's AFS is generally treated as the AFS for all separate taxpayers in the group. An applicable corporation is not automatically subject to an AMT liability. The corporation's tentative AMT liability is equal to 15% of its adjusted AFSI, and AMT is payable to the extent the tentative AMT liability exceeds regular corporate income tax. However, any AMT paid would be indefinitely available as a credit carryover that could reduce future regular tax in excess of AMT.

The Company, and the controlled group of corporations of which the reporting entity is a member, has determined that they do not expect to be liable for AMT in 2024. Based upon information available as of December 31, 2023, the controlled group of corporations of which the Company is a member, does not expect to qualify as an applicable corporation.

NOTE 6 - RETIREMENT PLANS, DEFERRED COMPENSATION, POST EMPLOYMENT AND OTHER POSTRETIREMENT BENEFIT PLANS AND COMPENSATED ABSENCES

Defined Benefit Plan

The Company participates in the Blue Cross and Blue Shield Association's National Retirement Program which is a defined benefit pension plan covering all employees that have five or more years of service as of December 31, 2005. Effective January 1, 2006, the Company limited participation in the defined benefit retirement plan to those individuals who have five years or more of service and were fully vested at that date. The defined benefits are based on years of service and the employee's final average compensation. In 2022, BCBSNEI made a $10,110,000 million contribution to the plan. In 2023, BCBSNEI made a $1,100,000 contribution to the plan. The pension plan's accumulated benefit obligation was valued as of December 31, 2022, using a discount rate of 5.15% and as of December 31, 2023 using a discount rate of 5%. The net periodic benefit costs were calculated using a discount rate of 5.15% for 2023 and a discount rate of 3.05% for 2022.

In 2022, settlement accounting was triggered for the Company's defined benefit plan due to the number of retirements and also due to terminated vested employees taking lump-sum payments. Settlement accounting resulted in accelerated recognition of the unrecognized loss that was to be amortized over the expected working life of the population participating in the plan. Due to the dollar amount of the lump sums equaling more than is allowed under an actuarially determined formula, the unrecognized loss must be recognized immediately. For 2022, the settlement expense was $269,761. In 2023, the settlement expense was not triggered.

In 2022, the actual return on plan assets was a gain of $12,684,179 and, in 2023, the actual return on plan assets was a gain of $4,479,359.

Effective as of December 31, 2014, BCBSNEI froze the defined benefit plan which resulted in no future service cost being recognized but the plan still recognizes increases in pensionable compensation.

The decrease in pension liability of $3,664,556 and $25,363,618 for the years ended December 31, 2023 and 2022, respectively, was recorded in policyholder surplus.

The National Employee Benefits Committee (NEBC) of the Blue Cross and Blue Shield Association filed a lawsuit against Allianz Global Investors (Allianz) and Aon Hewitt Investment Consulting (AON) for breach of fiduciary duty and breach of contract arising from the Structured Alpha investment strategies implemented by Allianz that resulted in substantial losses of ERISA plan assets in the National Retirement Trust (NRT). NEBC has reached a settlement agreement with Allianz in 2022 and BCBSNEI was allocated approximately $20.8 million in net recovery from the Allianz settlement, and such amount was deposited into the defined benefit plan assets on behalf of BCBSNEI. Such amount deposited resulted in an increase in plan assets with return on assets.

The investment program for the National Retirement Trust is based on the precepts of capital market theory that are generally accepted and followed by institutional investors, who by definition are long-term oriented investors. This philosophy holds that:

1. Increasing risk is rewarded with compensating returns over time and therefore, prudent risk taking is justifiable for long-term investors.
2. Risk can be controlled through diversification of asset classes and investment approaches as well as diversification of individual securities.
3. Risk is reduced by time, and over time the relative performance of different asset classes is reasonably consistent. Over the long term, equity investments have provided and should continue to provide superior returns over other security types. Fixed-income securities can dampen volatility and provide liquidity in periods of depressed economic activity. Lengthening duration of fixed income securities may reduce surplus volatility.
4. The strategic or long-term allocation of assets among various asset classes is an important driver of long term returns.
5. Relative performance of various asset classes is unpredictable in the short-term and attempts to shift tactically between asset classes are unlikely to be rewarded.

Investments will be made for the sole interest of the participants and beneficiaries of the programs participating in the National Retirement Trust. Accordingly, the assets of the National Retirement Trust shall be invested in accordance with these objectives:

1. To ensure assets are available to meet current and future obligations of the participating programs when due.
2. To earn the maximum return that can be realistically achieved in the markets over the long term at a specified and controlled level of risk in order to minimize future contributions.
3. To invest assets with consideration of the liability characteristics in order to better align asset and liabilities.
4. To invest the assets with the care, skill, and diligence that a prudent person acting in a like capacity would undertake. The Committee acknowledges that, in the process, it has the objective of controlling the costs involved with administering and managing the investments of the National Retirement Trust.
5. The target asset allocation for the company is as follows: 15% - 25% equity securities, 69% - 79% debt securities, and 2% - 10% other securities.

The Company estimates that a $1.1 million contribution will be made to the qualified program in 2024. This is management's current best estimate of total contributions for the year and should not be construed as a commitment to fund this amount. Management has discretion to fund more or less based on circumstances throughout the year.

The Company has Tax-Favored Savings Plans under Section 401(k) of the Internal Revenue Code (IRC). As of January 1, 2021, all eligible employees are auto enrolled at 6% deferral rate upon hire. The Plans allow employees to defer a portion of their income on a pre-tax basis through contributions to the 401(k) Plans, for every dollar the employee contributes, up to 6% of the employee's wages, BCBSNEI will make contributions based on a 100% match on the first 6% of compensation contributed.

All employees are immediately 100% vested in their contributions and are eligible for the company match immediately upon employment. All employees and employer safe harbor contributions are 100% vested immediately.

The amount expensed under the Plans for BCBSNE were $5,864,356 for 2023 and $5,317,962 in 2022.

Nonqualified Deferred Compensation Program (401(k) Wrap Plan)

In addition to the Tax-Favored Savings Plans noted above, BCBSNEI provides a Nonqualified Deferred Compensation Plan to provide certain employees the opportunity to make elective contributions and receive employer matching contributions in excess of those permitted under the Employer's Tax-Favored Savings Program and the Code (Internal Revenue Code of 1986). This Plan is considered an unfunded plan for IRC purposes with any assets set aside to fund the Plan subject to the general creditors of BCBSNEI. The Company's expense for this Plan was $752,134 in 2023 and $732,016 in 2022.

Defined Contribution Plan (replacing the Defined Benefit plan)

Effective January 1, 2006, the Company established a Qualified Defined Contribution Plan for those employees who had less than five years of service as of December 31, 2005 and therefore, were not participants in the Company's defined benefit plan. Effective January 1, 2021 BCBSNEI changed the plan and any supplemental, discretionary amount BCBSNE contributes to employee 401(k) plans will be made on an annual basis rather than on the current per pay period basis. A new employee becomes eligible for the Defined Contribution Plan on the first day of the quarter following six months of employment. Employees are fully vested after three years of service. The Company contribution and expense under this Plan was $3,003,834 in 2023 and $3,832,371 in 2022.

Post Retirement Benefit Plan

The Company provides certain health care and life insurance benefits ("postretirement benefits") for retired employees. Health coverage provided to retirees varies based upon a number of factors including years of service. The postretirement medical program was amended effective January 1, 2008 to provide defined dollar benefits. Life Insurance benefits are calculated based on the amount of the employee's final salary and age. The retiree medical and retiree life insurance plans were amended as of January 1, 2021 and frozen to new entrants. The retiree medical pre-65 grandfathers those that already met the eligibility requirements as of December 31, 2020. The amendment capped the life insurance benefit at $50,000 for current retirees already in the plan. Effective January 1, 2021 the retiree medical plan for Medicare eligible age (65+) plan transitioned to a Group Medicare Advantage plan with BCBSNEI no longer subsidizing the premiums.

The decrease in postretirement liability which was recorded in policyholder surplus as a reduction of ($4,700,274) and ($4,807,979), for the years ended December 31, 2023 and 2022, respectively.

Financial information regarding the postretirement benefit plan is as follows:

Also, a specific provision for adverse deviations (PAD) to be applied consistently to the model was introduced in place of varying judgment from month to month.

NOTE 8 - HEALTHCARE REFORM

Medical Loss Ratio

The ACA established minimum medical loss ratio (MLR) standards for health insurers. These new standards were effective for 2011 and are required to be reported to the Department of Health and Human Services (HHS). The reporting date for 2023 MLR is July 31, 2024. Based on the MLR standards, the Company is required to pay a pro-rata rebate to individual members or groups if the incurred MLR for Individual or Small Group business is less than 80% and Large Group is less than 85%. At December 31, 2023 and December 31, 2022, the Company's estimate of the MLR for Individual, Small Group and Large Group were all above the established MLR thresholds and no rebates are due.

The report due to HHS on July 31, 2024, requires a three month look back of December 31, 2023 unpaid claims activity through March 31, 2024 for the purpose of updating the estimated 2023 MLR calculations.

Risk-sharing Provisions of the Patient Protection and Affordable Care Act

During 2023 and 2022, the Company wrote health insurance premiums which are subject to the ACA risk sharing provisions.

The ACA's permanent risk adjustment program (RA) is intended to reinforce market rules that prohibit risk selection by insurers. RA accomplishes this by transferring funds from plans with lower-risk enrollees to plans with higher-risk enrollees. The goal of RA is to encourage insurers to compete based on the value and efficiency of their plans rather than by attracting healthier enrollees. To the extent that risk selecting behavior by insurers, or decisions made by enrollees, drive up costs in the health insurance marketplaces (for example, if insurers selling outside the Exchange try to keep premiums low by steering applicants with greater health needs to Exchange coverage), RA also works to stabilize premiums and the cost of tax credit subsidies to the federal government. The RA amounts recorded by the Company as of December 31, 2023, and 2022 are:

The Company does not have any reinsurance agreements in effect such that the amount of losses paid or accrued through the statement date may result in a payment to the reinsurer of amounts which, in aggregate and allowing for offset of mutual credits from other reinsurance agreements with the same reinsurer, exceed the total direct premiums collected under the reinsured policies. The Company has not executed or amended any new agreements, to include policies or contracts that were in force or which had existing reserves established by the Company as of the effective date of the agreement.

NOTE 14 - COMMITMENT AND CONTINGENCIES

Assessments

In accordance with SSAP No. 35R, *Guaranty Fund and Other Assessments*, BCBSNEI has accrued a liability of $221,423 and $191,050, at December 31, 2023 and 2022, respectively, for estimated guaranty fund assessments. This liability is for the Nebraska Guaranty Fund related to future insurance company insolvencies and is based on information provided by the National Organization of Life and Health Insurance Association (NOLHGA). During 2023 and 2022, BCBSNEI's premium taxes paid were offset by $0 and $1,239,741, respectively, from previously paid Nebraska Life & Health Insurance Guaranty Association assessments.

There were no assessments made in 2023 and 2022. The Company doesn't expect any potential assessments to have a material effect on the Company.

Commitments

BCBSNEI has commitments outstanding to various private equity investments that are not listed in Note 5 of $17,806,902 in 2023 and $15,372,437 in 2022.

All Other Contingencies

The Company is involved in various claims, lawsuits, federal and state tax examinations and proceedings that arose in the ordinary course of business. While these actions are being contested, the outcome of individual matters is not predictable with assurance. The Company does not believe that any liability resulting from any of the actions will have a material adverse effect on its financial position, statement of operations, policyholder's surplus, cash flows, or liquidity.

BCBSNEI is a defendant in a multi-district class action lawsuit brought by two groups of plaintiffs against all Blue Cross and Blue Shield plans – policyholder plaintiffs and provider plaintiffs. BCBSNEI established a litigation reserve of $18,600,000 at December 31, 2019, based on its analysis of the relevant facts and circumstances and related primarily to settlement negotiations with certain policyholder plaintiffs. BCBSNEI recorded the reserve as a charge to the statement of operations in 2019. In December 2020, BCBSNEI paid $2,568,805 and in 2022 paid an additional amount of $14,577,969 to settle claims made by those policyholder plaintiffs. Based on analysis of the current facts and circumstances related primarily to ongoing settlement negotiations with certain provider plaintiffs, BCBSNEI has increased its accrual for this matter by $24,234,826 at December 31, 2022. No changes to such accruals occurred in 2023.

BCBSNEI is the guarantor on the lease of a building used by Think Aksarben, LLP and in place with TREI Partners, LLC. The remaining term of the lease is 21.5 years and has remaining payments due of approximately $119.2 million.

On December 9, 2015, Kearney Regional Medical Center (KRMC) entered into a seven-year loan agreement with First National Bank of Omaha (FNBO) and Nebraska Land Bank (NLB) related to the construction of a medical facility. BCBSNEI provided a $9,000,000 and $1,000,000 guaranty with FNBO and NLB respectively. The guarantees have been completely absolved in 2022.

NOTE 15 - SUBSEQUENT EVENTS

Subsequent event disclosures have been evaluated through April 25, 2024, with the issue date of the report being April 25, 2024.

Subsequent to year-end, Change Healthcare experienced a material data breach which has caused significant disruption in the ability of healthcare providers across the United States to bill and collect outstanding claims. The Company continues to monitor the developments associated with the breach and at this time does not expect to have material financial statement impact.

Report on the Audit of the Statutory Financial Statements

Opinions

We have audited the accompanying statutory financial statements (financial statements) of Blue Cross and Blue Shield of Nebraska, Inc., which comprise the statutory statements of admitted assets, liabilities, and policyholder surplus as of December 31, 2024 and 2023, and the related statutory statements of operations and changes in policyholder surplus, and cash flows for the years then ended, and the related notes to the financial statements.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the admitted assets, liabilities, and policyholder surplus of Blue Cross and Blue Shield of Nebraska, Inc. as of December 31, 2024 and 2023, and the results of its operations and its cash flows for the years then ended, on the basis of accounting described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter described in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the accompanying financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Blue Cross and Blue Shield of Nebraska, Inc. as of December 31, 2024 and 2023, or the results of its operations or its cash flows for the years then ended.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Blue Cross and Blue Shield of Nebraska, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 to the financial statements, Blue Cross and Blue Shield of Nebraska, Inc. prepared these financial statements using accounting practices prescribed or permitted by the Insurance Department of the State of Nebraska, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the statutory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Emphasis of Matter

As discussed in Note 1 to the financial statements, Blue Cross Blue Shield of Nebraska, Inc. records certain fixed income investment securities at amortized cost in accordance with Statement of Statutory Accounting Principles (SSAP) No. 26R. Note 2 to the financial statements discloses the amount of the unrealized losses on these investments at December 31, 2024, that are not reflected in the Investment value within Admitted Assets or Policyholder Surplus. In the event liquidity requirements or investment strategies change in the future, some of these unrealized losses maybe realized to the extent these investments are sold or redeemed prior to maturity, or an impairment were to occur. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting practices prescribed or permitted by the Insurance Department of the State of Nebraska. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Blue Cross and Blue Shield of Nebraska, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Blue Cross and Blue Shield of Nebraska, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Blue Cross and Blue Shield of Nebraska, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the basic statutory-basis financial statements taken as a whole. The *Supplemental Schedule of Investment Risks Interrogatories and the Summary Investment Schedule* are required to be presented to comply with the National Association of Insurance Commissioners' Annual Statement Instructions and the National Association of Insurance Commissioners' Accounting Practices and Procedures Manual and are not a required part of the basic statutory-basis financial statements. Such information included in the schedules referred to above is the responsibility of management, is presented for purposes of additional analysis and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other procedures in accordance with GAAS. In our opinion, the information is fairly stated in all material respects in relation to the basic statutory-basis financial statements taken as a whole.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Blue Cross and Blue Shield of Nebraska, Inc. ("BCBSNEI" or the "Company"), a member of the Blue Cross and Blue Shield Association (BCBSA), an association of independent Blue Cross and Blue Shield plans, is incorporated as a stock insurance company in the State of Nebraska and is subject to regulation by the Insurance Department of the State of Nebraska (NE DOI). The Company reorganized from a mutual benefit insurance company to a stock insurance company simultaneously with the creation of a mutual insurance holding company named GoodLife Partners, Inc. (GPI) effective July 1, 2018. As part of the reorganization, GoodLife Solutions, Inc. (GSI) was formed as a new intermediate stock holding company and is wholly owned by GPI. BCBSNEI is a wholly owned subsidiary of GSI. At all times as required by applicable law, GPI shall own, directly or indirectly, a minimum of over 50% of the voting securities of BCBSNEI.

BCBSNEI provides individual, group and association health insurance under traditional, preferred provider organization (PPO), and managed care contracts. It also provides dental coverage on a traditional and PPO basis to some of its medical contract members. In addition, drug coverage is also provided to a portion of its membership in conjunction with a medical contract. BCBSNEI provides Medicare Supplement coverage on both individual and group policies and sponsors Medicare Part D plans on an individual and group basis.

BCBSNEI also performs claims administrative and management services for other Blue Cross and Blue Shield plans, several state and Federal governmental entities, and various fully and modified self-insured groups within the State of Nebraska. The claims administrative services business represents a significant portion of the Company's business. Stop loss coverage is provided for certain large commercial business groups in this segment for a risk-based premium.

Accounting Practices

The financial statements of BCBSNEI are presented on the basis of accounting practices prescribed or permitted by the NE DOI. The NE DOI recognizes only statutory accounting practices prescribed or permitted by the state of Nebraska for determining and reporting the financial condition and results of operations of an insurance company, and its solvency under the Nebraska Insurance Law. The National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures manual, (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the state of Nebraska. The Director of Insurance has the right to permit other specific policies that deviate from prescribed practices.

The following are some of the significant differences between NAIC SAP and accounting principles generally accepted in the United States of America ("GAAP").

(a) Investments in bonds are generally carried at amortized cost. Under GAAP, bonds are carried at either amortized cost or estimated fair value based on their classification according to the Company's ability and intent to hold or trade the securities;

(b) Acquisition costs, such as commissions and other costs related to acquiring new business are expensed as incurred. Under GAAP, such costs are deferred and amortized to income as premiums are earned;

(c) Federal income taxes incurred are reported on a current basis in the statutory statements of operations. Deferred taxes are recorded for differences between book and tax basis accounting; however, there are limitations as to the amount of deferred tax assets that may be reported as "admitted assets." Under GAAP, such assets are recorded on the balance sheet net of any valuation allowance. The tax effect of deferred tax assets and liabilities and the changes between years is reflected in policyholder surplus under NAIC SAP;

(d) Certain non-liquid assets are excluded from the balance sheet as "non-admitted assets". Changes in the balances of non-admitted assets are recorded directly to policyholder surplus. Under GAAP, such "non-admitted assets" are recorded on the balance sheet, net of any valuation allowance;

(e) Reinsurance recoverable on unpaid losses are reported as a reduction of loss and policy reserves. Under GAAP, such amounts are reported as an asset;

(f) Comprehensive income and its components are not presented in the statutory financial statements;

(g) An administrative service contract is a type of uninsured accident and health plan where the reporting entity, as an administrator, performs administrative services such as claims processing for a third-party that is at risk, and accordingly, the administrator has not issued an insurance policy. Under this plan, the reporting entity pays claims from its own bank account, and subsequently receives reimbursement from the uninsured plan sponsor. The net difference between premium equivalents and the reimbursement of claims is recorded under SAP as an offset to general expenses. Under GAAP, the gross amounts are recorded as premium and claims under certain circumstances;

(h) Net negative cash balances are reported as a negative asset rather than as a liability under GAAP;

(i) The Statutory Statement of Cash Flows differs in certain respects from the presentation required within GAAP literature, including presentation of changes of cash and short investments instead of cash and cash equivalents. In addition, GAAP requires a reconciliation of net income to net cash from operating activities. Short-term investments include securities with a maturity of one year or less and are included in the cash balance, whereas GAAP excludes short-term investments from cash. Both statutory and GAAP include cash equivalents in the cash balance. GAAP cash equivalents are defined as highly liquid investments with an original maturity of three months or less at acquisition;

(j) Undistributed earnings for investments in the common stock of both public and privately held companies are recorded directly to surplus; under GAAP, unrealized gains or losses are reported as part of income.

(k) NAIC SAP requires all leases be classified as operating leases. Under GAAP, a right-of-use asset and corresponding lease liability would be carried on the balance sheet; and

(l) NAIC SAP requires an analysis of investments for other than temporary impairment (OTTI) as well as prescribed valuation based on credit ratings, while under GAAP, an evaluation would be completed under ASU 2016-13, *Financial Instruments – Credit Losses* to calculate the potential allowance for credit loss.

Accounting Policies

The Company uses the following accounting policies:

Cash and Short-term Investments

The Company considers all highly liquid securities purchased with an original maturity of three months or less to be cash or cash equivalents. Short-term investments include all investments whose maturities, at the time of acquisition, are one year or less.

The Company has previously implemented the change in SSAP 2R which re-classes money market funds from short-term investments to cash and cash equivalents.

There were no Short-term investments for the years ended December 31, 2024 and 2023.

Investments

Bonds are stated at amortized cost, except for those bonds with a NAIC designation of between 3 - 6, which are stated at the lower of amortized cost or estimated fair value. Amortized cost may represent an amount after a write-down of a bond for impairment. The premium and discount from par value are amortized using the scientific method. Premiums and discounts on mortgage and asset backed bonds are amortized using the retrospective method based on anticipated prepayments at the date of purchase. Prepayment assumptions are obtained from broker dealer survey values or internal estimates.

Unaffiliated common stocks are reported at fair market value. Unaffiliated restricted common stocks, affiliated common stocks, and all other invested assets are reported under the equity method as determined in accordance with generally accepted accounting principles, adjusted to reflect statutory accounting practices where required.

Market value of bonds and unaffiliated common stocks are based on values prescribed by the Securities Valuation Office of the NAIC (statutory value). For securities not actively traded, market value is based upon estimates obtained from independent pricing services or valued at their underlying equity.

Net unrealized gains and losses resulting from the change in book value of investments carried at market or equity value are credited or charged directly to policyholder surplus. For investments carried at amortized cost, the amortization of premiums and accretion of discounts are recognized as adjustments to investment income.

Investment Income and Realized Capital Gains/Losses

Investment income consists primarily of interest and dividends. Interest is recognized on an accrual basis and dividends are recorded as earned at the ex-dividend date. Accrual of income is suspended for bonds that are in default or when the receipt of interest payments is in doubt. Realized capital gains and losses are determined on a specific identification basis and recorded in operations within net investment income.

Property and Equipment

Furniture and equipment are carried at cost less accumulated depreciation. The Company provides for depreciation of property and equipment using straight-line methods over the lesser of the estimated useful life of the related asset or seven years.

Capitalization Policy

The capitalization policy for recording new fixed assets is greater than $5,000. In addition, bulk purchases of fixed assets in excess of $5,000 such as, office and conference room furniture but excluding EDP equipment and software will be capitalized. Effective January 1, 2024, we have updated our capitalization policy for internally developed software to capitalize only those costs for software projects that in total are equal to or in excess of $1,000,000.

Data Processing Equipment

Data processing equipment and computer software are carried at cost less accumulated depreciation. Depreciation is computed using the straight-line method over the lesser of the estimated useful life of the related asset or three years for data processing equipment and operating system software. Depreciation for application system software is computed using the straight-line method over the lesser of its estimated useful life or five years.

Non-Admitted Assets

Furniture and equipment, other prepaid expenses, and certain portions of deferred tax assets, data processing equipment, aged receivables and certain invested assets are designated as "non-admitted" under statutory reporting requirements. These assets are excluded from the statutory statements of admitted assets, liabilities, and policyholder surplus by adjustments to policyholder surplus.

Premium Income

Insured member premiums due are billed in advance of their respective coverage periods and are recorded as earned during the coverage period. The unearned portion of premiums for the coverage period is reflected in the statements of admitted assets, liabilities and policyholder surplus as premiums received in advance.

Manufactures' Administrative Fee (MAF) Revenue

MAF revenues are first used as an offset to related Pharmacy Benefit Manager (PBM) expenses within General and Administrative expenses, with the remainder, if any, recognized as administrative service income.

Premium Deficiency Reserve

To the extent that premiums received or to be received, for specific classes of business, are insufficient to cover estimated healthcare and other costs over the life of the underlying contracts, the Company establishes a liability for the related premium deficiency. Investment income has been considered a factor in the premium deficiency calculation. The analysis resulted in a premium deficiency reserve of $0 and $0 in 2024 and 2023, respectively.

Accrued Medical Incentives and Bonuses

The Company has entered into arrangements with certain providers which provide for the payment of incentives based upon cost and quality related targets during the term of the arrangements. These amounts are settled subsequent to December 31, however, the Company accrues these amounts at December 31 within Accrued Medical Incentive Pool and Bonus Amounts within the Statutory Statements of Admitted Assets, Liabilities, and Policyholder Surplus, based upon an estimate of claims incurred and other factors. This estimate is subject to change based upon further runout of claims data to the final settlement date.

Policy and Contract Claims

Policy and contract claims are shown net of reinsurance, subrogation, and coordination of benefits amounts. The Company provides a liability for unpaid incurred claims based on estimates using average ultimate claim costs for reported claims and estimates of unreported losses based upon past experience. Differences between actual and estimated claims are charged to operations in the year the differences become known.

Aggregate Health Policy Reserves

The Company provides a liability for policies issued that includes a rate stabilization provision. This liability is estimated based on actual claim experience and other various factors for policies with this provision.

Fair Values of Financial Instruments

The Company has adopted Statement of Statutory Accounting Principles (SSAP) No. 100, *Fair Value*. This standard defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Company considers the primary or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions and risk of nonperformance.

The Company classified its investments based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. SSAP No. 100 describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value, which are the following:

- Level 1 – Quoted prices in active markets for *identical* assets or liabilities.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly; such as quoted prices for *similar* assets or liabilities, quoted prices in markets that are not active; or other inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Bonds – Issuer Obligations, including Industrial and Miscellaneous: Valued based on NAIC market values. For those securities not actively traded, quoted market prices of comparable instruments or discounted cash flow analysis are used based upon inputs that are observable in the markets for similar securities. Inputs include benchmark yields, credit spreads, default rates, prepayments and non-bonding broker quotes.

Bonds – Mortgage and Other Asset Backed Bonds: Valued based on Residential Mortgage-Backed Securities modeling file provided by the NAIC. The prepayment assumptions used for single class and multi-class mortgage backed/asset backed securities were obtained from broker/dealer survey values. These assumptions are consistent with the current interest rate and economic environment.

Common Stock Unaffiliated and Mutual Funds: Valued based on NAIC quoted market values. If NAIC market values are unavailable, then value is determined based on the underlying equity.

Common Stock Affiliated: Value is based on the underlying equity of the affiliate.

Other Invested Assets: Value is primarily based on the underlying equity of the related entity.

Cash and Cash Equivalents: The carrying amounts approximate their fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of the future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Risks and Uncertainties

The Company operates in a business environment which is subject to various risks and uncertainties. Such risk and uncertainties include, but are not limited to, interest rate risk, market valuation risk, credit risk, medical inflation risk and risks related to legal and regulatory changes.

Concentration of Credit Risk

The Company maintains its cash in bank deposit accounts which exceed federally insured limits. Accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to $250,000 per depositor, per insured bank, for each account ownership category. At December 31, 2024 and December 31, 2023, the Company had approximately $610,000 and $540,000, respectively, in excess of FDIC-insured limits. In 2023, the Company added sweep accounts to mitigate the risk related to the per depositor guarantee limit going forward. At December 31, 2024, the Company had approximately $5 million in the sweep account.

Use of Estimates in the Preparation of the Statutory Financial Statements

The preparation of financial statements in conformity with statutory accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Material estimates susceptible to significant change include policy and contract claim reserves, loss adjustment reserves, premium deficiency reserves, ACA receivables and payables, actuarial projections of pension and post-retirement benefit liabilities, the fair value of investments, investment impairments, contingencies, and deferred income taxes.

Cost Accounting and Allocation Methodology

The Company utilizes an activity-based methodology for assigning costs to lines of business. This is utilized internally to review profitability by line and has no direct impact to the Statutory Financial Statements.

Investment Impairment Methodology

The Company regularly reviews its investment portfolio for factors that may indicate that a decline in fair value of an investment is other than temporary. Based on an evaluation of the prospects of the issuers, including, but not limited to, the company's intentions to sell or ability to hold the investments; the length of time of temporary impairment, the magnitude of the unrealized loss; the credit ratings of the issuers of the investments, and other information specific to the investment, the Company has concluded that the declines in the fair values of the Company's investments in bonds at December 31, 2024 and December 31, 2023 are temporary.

The Company considers various factors when evaluating whether a decline in the fair value of common stock securities are other than temporary, including but not limited to, the length of time of temporary impairment and magnitude of the unrealized loss; the volatility of the investment; analyst recommendations and price targets; opinions of the Company's investment managers; market liquidity; and the Company's intentions to sell or ability to hold the investments. Based on an evaluation of these factors, the Company

has concluded that the declines in the fair values of the Company's investments in common stocks at December 31, 2024 and December 31, 2023 are temporary.

The Company also regularly reviews and considers multiple factors when evaluating whether there is a decline which is other than temporary in the equity value of their various private equity investments. Some of the considerations are an evaluation of the financial statements, length of time of any unrealized loss, the underlying business of the private equity, and if it is determined that there would be any ongoing concern of the investment.

Income Taxes

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related primarily to differences between the basis of assets and liabilities for statutory and income tax reporting. The deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled. The tax effect of deferred tax assets and liabilities and the changes between years is reflected in policyholder surplus. The Company follows the SSAP No. 101, *Income Taxes.* The Company is a subsidiary corporation to be included in the consolidated U.S. corporation income tax return of GPI for both the 2024 and 2023 tax year, which also includes GSI and Sapphire Edge, Inc.

Beginning in 2023, the consolidated group executed a tax sharing agreement providing a "benefits for losses methodology" in allocating Federal income taxes among the members. The Federal Consolidated Income Tax Return liability or recoverable is allocated as though each entity filed a separate federal income tax return. The parties agree the federal income tax obligations will be shared under the immediate payment method. As such, settlement will be made at the point the taxes are calculated, and any estimates will be adjusted upon the completion of the consolidated tax return.

Advertising Costs

All advertising and promotion costs are expensed when incurred. Advertising expense amounted to $1,614,552 and $1,142,676 for the years ended December 31, 2024, and 2023, respectively.

NOTE 2 - INVESTMENTS

Loan-backed Securities

The Company has no direct investments in mortgage loans. The Company has $144,103,016 and $179,568,442 of loan-backed securities in its bond portfolio at December 31, 2024 and 2023, respectively. The Company has no securities with a recognized other-than-temporary impairment that it intends to sell or is unable or does not intend to retain for a period of time sufficient to recover the amortized cost basis. The Company believes these investments are fully recoverable and has not recorded any valuation reserves for these securities. The prepayment assumptions used for single class and multi-class mortgage backed and asset backed securities were obtained from broker/dealer survey values. These assumptions are consistent with the current interest rate and economic environment.

All securities (which fair value is less than cost or amortized cost) for which an other-than-temporary impairment has not been recognized in earnings as a realized loss (including securities with a recognized other-than-temporary impairment for non-interest related declines when a non-recognized interest related impairment remains) is as follows:

The aggregate amount of unrealized losses:	Less than 12 months	$ 474,082
	12 months or longer	$ 9,620,456

The Company joins in a consolidated federal income tax return filed by Good Life Partners, Inc. The other members of the affiliated group joining in the Good Life Partners, Inc. consolidated return are as follows:

Good Life Solutions, Inc.
Blue Cross and Blue Shield of Nebraska, Inc.
Sapphire Edge, Inc.

Beginning in 2023, the Company executed a tax sharing agreement providing a "benefits for losses methodology" in allocating Federal income taxes among consolidated group members. The Company allocates the Federal Consolidated Income Tax Return liability or recoverable as though each entity filed a separate federal income tax return. The parties agree the federal income tax obligations will be shared under the immediate payment method. As such, settlement will be made annually upon the completion of the consolidated tax return. Blue Cross and Blue Shield of Nebraska, Inc., acting as the banker for tax transactions, shall collect all income tax from related entities based upon each entities standalone taxable income and shall reimburse related entities for taxable losses, to the extent their losses are available to offset consolidated taxable income.

As of December 31, 2024, there were no material positions for which management believes it is reasonably possible that the total amounts of tax contingencies will significantly increase or decrease within 12 months of the reporting date.

The Company classifies all interest and penalties related to tax contingencies as income tax expense. As of December 31, 2024 and 2023, no accrued interest or penalties were recorded as an income tax liability on the statutory statement of admitted assets, liabilities, and policyholder surplus.

Open tax years subject to examination include 2021, 2022 and 2023.

On August 16, 2022, the Inflation Reduction Act of 2022 (ACT) was signed into law. The Act includes a new Federal alternative minimum tax (CAMT), effective January 1, 2023, that is based on the adjusted financial statement income (AFSI) set forth on the applicable financial statement (AFS) of an applicable corporation. A corporation is an applicable corporation if its rolling average pre-tax AFSI over three prior years (starting with the years 2020-2022) is greater than $1 billion. For a group of related entities, the $1 billion threshold is determined on a group basis, and the group's AFS is generally treated as the AFS for all separate taxpayers in the group. An applicable corporation is not automatically subject to an CAMT liability. The corporation's tentative CAMT liability is equal to 15% of its adjusted AFSI, and CAMT is payable to the extent the tentative CAMT liability exceeds regular corporate income tax. However, any CAMT paid would be indefinitely available as a credit carryover that could reduce future regular tax in excess of CAMT.The Company, and the controlled group of corporations of which the reporting entity is a member, has determined that they do not expect to be liable for AMT in 2025.

The investment program for the National Retirement Trust is based on the precepts of capital market theory that are generally accepted and followed by institutional investors, who by definition are long-term oriented investors. This philosophy holds that:

1. Increasing risk is rewarded with compensating returns over time and therefore, prudent risk taking is justifiable for long-term investors.
2. Risk can be controlled through diversification of asset classes and investment approaches as well as diversification of individual securities.
3. Risk is reduced by time, and over time the relative performance of different asset classes is reasonably consistent. Over the long term, equity investments have provided and should continue to provide superior returns over other security types. Fixed-income securities can dampen volatility and provide liquidity in periods of depressed economic activity. Lengthening duration of fixed income securities may reduce surplus volatility.
4. The strategic or long-term allocation of assets among various asset classes is an important driver of long term returns.
5. Relative performance of various asset classes is unpredictable in the short-term and attempts to shift tactically between asset classes are unlikely to be rewarded.

Investments will be made for the sole interest of the participants and beneficiaries of the programs participating in the National Retirement Trust. Accordingly, the assets of the National Retirement Trust shall be invested in accordance with these objectives:

1. To ensure assets are available to meet current and future obligations of the participating programs when due.
2. To earn the maximum return that can be realistically achieved in the markets over the long term at a specified and controlled level of risk in order to minimize future contributions.
3. To invest assets with consideration of the liability characteristics in order to better align asset and liabilities.
4. To invest the assets with the care, skill, and diligence that a prudent person acting in a like capacity would undertake. The Committee acknowledges that, in the process, it has the objective of controlling the costs involved with administering and managing the investments of the National Retirement Trust.
5. The target asset allocation for the company is as follows: 15% - 25% equity securities, 69% - 79% debt securities, and 2% - 10% other securities.

The Company estimates that a $497 thousand contribution will be made to the qualified program in 2025. This is management's current best estimate of total contributions for the year and should not be construed as a commitment to fund this amount. Management has discretion to fund more or less based on circumstances throughout the year.

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid:

2025	$	8,534,000
2026		6,198,000
2027		5,228,000
2028		4,807,000

The Company has Tax-Favored Savings Plans under Section 401(k) of the Internal Revenue Code (IRC). As of January 1, 2021, all eligible employees are auto enrolled at 6% deferral rate upon hire. The Plans allow employees to defer a portion of their income on a pre-tax basis through contributions to the 401(k) Plans, for every dollar the employee contributes, up to 6% of the employee's wages, BCBSNEI will make contributions based on a 100% match on the first 6% of compensation contributed.

All employees are immediately 100% vested in their contributions and are eligible for the company match immediately upon employment. All employees and employer safe harbor contributions are 100% vested immediately.

The amount expensed under the Plans were $6,236,281 for 2024 and $5,864,356 for 2023.

Nonqualified Deferred Compensation Program (401(k) Wrap Plan)

In addition to the Tax-Favored Savings Plans noted above, BCBSNEI provides a Nonqualified Deferred Compensation Plan to provide certain employees the opportunity to make elective contributions and receive employer matching contributions in excess of those permitted under the Employer's Tax-Favored Savings Program and the Code (Internal Revenue Code of 1986). This Plan is considered an unfunded plan for IRC purposes with any assets set aside to fund the Plan subject to the general creditors of BCBSNEI. Defined Contribution Plan (replacing the Defined Benefit plan)

Effective January 1, 2006, the Company established a Qualified Defined Contribution Plan for those employees who had less than five years of service as of December 31, 2005 and therefore, were not participants in the Company's defined benefit plan. Effective January 1, 2021, BCBSNEI changed the plan and any supplemental, discretionary amount BCBSNEI contributes to employee 401(k)s will be made on an annual basis rather than on the current per pay period basis. The Company contribution under this Plan was $3,344,754 in 2024 and $3,003,834 in 2023.

Post Retirement Benefit Plan

The Company provides certain health care and life insurance benefits ("postretirement benefits") for retired employees. Health coverage provided to retirees varies based upon a number of factors including years of service. The postretirement medical program was amended effective January 1, 2008 to provide defined dollar benefits. Life Insurance benefits are calculated based on the amount of the employee's final salary and age. The retiree medical and retiree life insurance plans were amended as of January 1, 2021 and frozen to new entrants. The retiree medical pre-65 grandfathers those that already met the eligibility requirements as of December 31, 2020. The amendment capped the life insurance benefit at $50,000 for current retirees already in the plan. Effective January 1, 2021 the retiree medical plan for Medicare eligible age (65+) plan transitioned to a Group Medicare Advantage plan with BCBSNEI no longer subsidizing the premiums.

The (increase) in postretirement liability, which was recorded as a reduction in policyholder surplus, was ($4,121,919) and ($4,700,274), for the years ended December 31, 2024 and 2023, respectively.

The current reserve model was implemented in 2011. This model combines a standard completion factor and a projected PMPM model on a sliding scale. Also, a specific provision for adverse deviations (PAD) is applied consistently.

NOTE 8 - HEALTHCARE REFORM

Medical Loss Ratio

The ACA established minimum medical loss ratio (MLR) standards for health insurers. These new standards were effective for 2011 and are required to be reported to the Department of Health and Human Services (HHS). The reporting date for 2024 MLR is July 31, 2025. Based on the MLR standards, the Company is required to pay a pro-rata rebate to individual members or groups if the incurred MLR for Individual or Small Group business is less than 80% and Large Group is less than 85%. At December 31, 2024 and December 31, 2023, the Company's estimate of the MLR for Individual, Small Group and Large Group were all above the established MLR thresholds and no rebates are due.

The report due to HHS on July 31, 2025, requires a three month look back of December 31, 2024 unpaid claims activity through March 31, 2025 for the purpose of updating the estimated 2024 MLR calculations.

Risk-sharing Provisions of the Patient Protection and Affordable Care Act

During 2024 and 2023, the Company wrote health insurance premiums which are subject to the ACA risk sharing provisions.

The ACA's permanent risk adjustment program (RA) is intended to reinforce market rules that prohibit risk selection by insurers. RA accomplishes this by transferring funds from plans with lower-risk enrollees to plans with higher-risk enrollees. The goal of RA is to encourage insurers to compete based on the value and efficiency of their plans rather than by attracting healthier enrollees. To the extent that risk selecting behavior by insurers, or decisions made by enrollees, drive up costs in the health insurance marketplaces (for example, if insurers selling outside the Exchange try to keep premiums low by steering applicants with greater health needs to Exchange coverage), RA also works to stabilize premiums and the cost of tax credit subsidies to the federal government. The RA amounts recorded by the Company as of December 31, 2024, and 2023 are:

In determining whether a dividend or distribution is extraordinary, BCBSNEI may carry forward net income from the previous two calendar years that has not already been paid out as dividends. This carryforward shall be computed by taking the net income from the second and third preceding calendar years, not including realized capital gains, less dividends paid in the second and immediately preceding calendar years. NOTE 13 - REINSURANCE

Assumed Reinsurance

Effective January 1, 2017, the Company entered into a reinsurance agreement with Sapphire Edge, Inc. (SEI), a wholly owned affiliate of the Company, in which the Company assumes reinsurance ceded from SEI. Premiums assumed in 2024 and 2023 were $62,108,258 and $56,833,912, respectively. Claims assumed in 2024 and 2023 were $68,189,420 and $58,010,461, respectively, and assumed commissions expensed for 2024 and 2023 were $7,215,570 and $6,899,116 respectively. This reinsurance agreement ended December 31, 2024 and was not renewed.

Effective April 1, 2020, the Company entered into a reinsurance agreement with HM Life Insurance Company (HMLI) in which the Company assumes reinsurance through a 50% quota share agreement on specific stop loss and aggregate stop loss business. Premiums assumed in 2024 and 2023 were $25,454,382 and $25,492,595, respectively. Reinsurance payable on paid and unpaid losses at December 31, 2024 and December 31, 2023 were $3,160,261 and $4,689,481, respectively.

Ceded Reinsurance

Effective January 1, 2016, the Company purchased excess loss reinsurance from BCS Insurance Company (BCS), a non-affiliated reinsurer. This BCS reinsurance contract is for insured medical claims in excess of $2,000,000. At December 31, 2024 and 2023, there were no amounts recoverable from BCS which have been netted against Unpaid Policy and Contract Claims Reserves. Premiums ceded under the BCS contract was $3,449,463 and $4,064,754 in 2024 and 2023, respectively. Amounts recovered under the BCS contract was $0 in 2024 and 2023, respectively.

The Company previously ceded 70% of its individual Long-Term Care premiums and claims to Genworth Life Insurance Company (Genworth). In December 2024, BCBSNEI was notified of an interim final award issued by the arbitration panel on the recapture of the quota share agreement. The interim report ruled that the effective recapture dates are January 1, 2022 and November 8, 2022. At December 31, 2024, BCBSNEI recorded the recapture of all ceded Active Life Reserves, Disabled Life Reserves, Claim Reserves and Unearned premium. This resulted in a $77.5 million increase in Long Term Care Reserves on the statements of admitted assets, liabilities, and policyholder surplus at December 31, 2024. Also, an estimated settlement of $28 million was recorded as a receivable from GenWorth within the Uncollected premiums and agents' balances in the course of collection within the statements of admitted assets, liabilities, and policyholder surplus at December 31, 2024. These entries along with recognition of the ceded premium and loss activity recognized through the recapture had a net impact to increase reserves for life, accident and health contracts, resulting in an impact on expense in the 2024 statement of operations of $59.8 million. Premiums ceded were ($13,917,115) and $2,552,226 in 2024 and 2023, respectively. Unearned premiums were $0 and $63,311,365 at December 31, 2024 and 2023. Reserve credits for unearned premiums were $0 and $16,083,556 at December 31, 2024 and 2023, respectively.

No policies have been issued by the Company that have been reinsured with a company chartered in a country other than the United States that is owned in excess of 10% or controlled directly or indirectly by an insured, a beneficiary, a creditor or an insured or any other person not primarily engaged in the insurance business. The Company does not have any reinsurance agreements in effect under which the reinsurer may unilaterally cancel any reinsurance for reasons other than for nonpayment of premium or other similar credits. The Company does not have any reinsurance agreements in effect such that the amount of losses paid or accrued through the statement date may result in a payment to the reinsurer of amounts which, in aggregate and allowing for offset of mutual credits from other reinsurance agreements with the same reinsurer, exceed the total direct premiums collected under the reinsured policies. The Company has not executed or amended any new agreements, to include policies or contracts that were in force or which had existing reserves established by the Company as of the effective date of the agreement.

NOTE 14 - COMMITMENT AND CONTINGENCIES

Assessments

In accordance with SSAP No. 35R, *Guaranty Fund and Other Assessments*, BCBSNEI has accrued a liability of $202,459 and $221,423, at December 31, 2024 and 2023, respectively, for estimated guaranty fund assessments. This liability is for the Nebraska Guaranty Fund related to future insurance company insolvencies and is based on information provided by the National Organization of Life and Health Insurance Association (NOLHGA).

There were no assessments made in 2024 and 2023. The Company doesn't expect any potential assessments to have a material effect on the Company.

Commitments

BCBSNEI has commitments outstanding to various private equity investments that are not listed in Note 5 of $15,948,882 at December 31, 2024 and $17,806,902 at December 31, 2023.

All Other Contingencies

The Company is involved in various claims, lawsuits, federal and state tax examinations and proceedings that arose in the ordinary course of business. While these actions are being contested, the outcome of individual matters is not predictable with assurance. The Company does not believe that any liability resulting from any of the actions will have a material adverse effect on its financial position, statement of operations, policyholder's surplus, cash flows, or liquidity.

BCBSNEI is a defendant in a multi-district class action lawsuit brought by two groups of plaintiffs against all Blue Cross and Blue Shield plans – policyholder plaintiffs and provider plaintiffs. Independent Service Auditor's Report

The Board of Directors
BlueCross and BlueShield of Nebraska, Inc.
Omaha, Nebraska

Scope

We have examined BlueCross and BlueShield of Nebraska, Inc.'s description of its HealthEdge Administrative Services Only (ASO) Claims and Membership Processing System and Related General IT Controls for processing user entities' transactions throughout the period October 1, 2022 to September 30, 2023 (description), and the suitability of the design and operating effectiveness of the controls included in the description to achieve the related control objectives stated in the description, based on the criteria identified in "BlueCross and BlueShield of Nebraska, Inc.'s Assertion" (assertion). The controls and control objectives included in the description are those that management of BlueCross and BlueShield of Nebraska, Inc. believes are likely to be relevant to user entities' internal control over financial reporting, and the description does not include those aspects of the HealthEdge ASO Claims and Membership Processing System and Related General IT Controls that are not likely to be relevant to user entities' internal control over financial reporting.

The information included in Section V, "Other Information Provided by BlueCross and BlueShield of Nebraska, Inc.," is presented by management of BlueCross and BlueShield of Nebraska, Inc. to provide additional information and is not a part of BlueCross and BlueShield of Nebraska, Inc.'s description of its HealthEdge ASO Claims and Membership Processing System and Related General IT Controls made available to user entities during the period October 1, 2022 to September 30, 2023. Information about BlueCross and BlueShield of Nebraska, Inc.'s business continuity planning has not been subjected to the procedures applied in the examination of the description of the HealthEdge ASO Claims and Membership Processing System and Related General IT Controls and of the suitability of the design and operating effectiveness of controls to achieve the related control objectives stated in the description of the HealthEdge ASO Claims and Membership Processing System and Related General IT Controls and, accordingly, we express no opinion on it.

BlueCross and BlueShield of Nebraska, Inc. uses Prime Therapeutics, LLC, Scott Technology Center, TierPoint, LLC, Microsoft Azure and HealthEdge Software, Inc., subservice organizations, to process the Prescription Drug Program, for data center services, and for various subservices, including application and development support for its claims and membership processing system. The description includes only the control objectives and related controls of BlueCross and BlueShield of Nebraska, Inc. and excludes the control objectives and related controls of the subservice organization. The description also indicates that certain control objectives specified by BlueCross and BlueShield of Nebraska, Inc. can be achieved only if complementary subservice organization controls assumed in the design of BlueCross and BlueShield of Nebraska, Inc.'s controls are suitably designed and operating effectively, along with the related controls at BlueCross and BlueShield of Nebraska, Inc. Our examination did not extend to controls of the subservice organization and we have not evaluated the suitability of the design or operating effectiveness of such complementary subservice organization controls.

The description indicates that certain control objectives specified in the description can be achieved only if complementary user entity controls assumed in the design of BlueCross and BlueShield of Nebraska, Inc.'s controls are suitably designed and operating effectively, along with related controls at the service organization. Our examination did not extend to such complementary user entity controls and we have not evaluated the suitability of the design or operating effectiveness of such complementary user entity controls.

Service Organization's Responsibilities

In Section II, BlueCross and BlueShield of Nebraska, Inc. has provided an assertion about the fairness of the presentation of the description and suitability of the design and operating effectiveness of the controls to achieve the related control objectives stated in the description. BlueCross and BlueShield of Nebraska, Inc. is responsible for preparing the description and its assertion, including the completeness, accuracy, and method of presentation of the description and assertion, providing the services covered by the description, specifying the control objectives and stating them in the description, identifying the risks that threaten the achievement of the control objectives, selecting the criteria stated in the assertion, and designing, implementing, and documenting controls that are suitably designed and operating effectively to achieve the related control objectives stated in the description.

Service Auditor's Responsibilities

Our responsibility is to express an opinion on the fairness of the presentation of the description and on the suitability of the design and operating effectiveness of the controls to achieve the related control objectives stated in the description, based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether, in all material respects, based on the criteria in management's assertion, the description is fairly presented and the controls were suitably designed and operating effectively to achieve the related control objectives stated in the description throughout the period October 1, 2022 to September 30, 2023. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our qualified opinion.

An examination of a description of a service organization's system and the suitability of the design and operating effectiveness of controls involves:

- Performing procedures to obtain evidence about the fairness of the presentation of the description and the suitability of the design and operating effectiveness of the controls to achieve the related objectives stated in the description, based on the criteria in management's assertion;
- Assessing the risks that the description is not fairly presented and that the controls were not suitably designed or operating effectively to achieve the related control objectives stated in the description;
- Testing the operating effectiveness of those controls that management considers necessary to provide reasonable assurance that the related control objectives stated in the description were achieved; and
- Evaluating the overall presentation of the description, suitability of the control objectives stated in the description, and suitability of the criteria specified by the service organization in its assertion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Inherent Limitations

The description is prepared to meet the common needs of a broad range of user entities and their auditors who audit and report on user entities' financial statements and may not, therefore, include every aspect of the system that each individual user entity may consider important in its own particular environment. Because of their nature, controls at a service organization may not prevent, or detect and correct, all misstatements in processing or reporting transactions. Also, the projection to the future of any evaluation of the fairness of the presentation of the description, or conclusions about the suitability of the design or operating effectiveness of the controls to achieve the related control objectives, is subject to the risk that controls at a service organization may become ineffective.

Description of Tests of Controls

The specific controls tested and the nature, timing, and results of those tests are presented in Section IV of our report titled "Control Objectives and Related Controls, Tests of Operating Effectiveness and Results of Tests Provided by the Independent Service Auditor and BlueCross and BlueShield of Nebraska, Inc."

Basis for Qualified Opinion

BlueCross and BlueShield of Nebraska, Inc. states in its description that it has controls in place to remove network access within one business day upon an employee's termination. However, as noted in Control Activity 3.3 of Control Objective 3 in Section IV of the description of tests of controls and results, controls related to the timely removal of logical access for terminated individuals were not performed effectively during the period October 1, 2022, to September 30, 2023. As a result, controls were not operating effectively to achieve the control objective "Controls provide reasonable assurance that logical access to applications and data is restricted to authorized individuals."

Qualified Opinion

In our opinion, except for the matter referred to in the preceding paragraph, in all material respects, based on the criteria described in BlueCross and BlueShield of Nebraska, Inc.'s assertion:

a. The description fairly presents the HealthEdge ASO Claims and Membership Processing System and Related General IT Controls that was designed and implemented throughout the period October 1, 2022 to September 30, 2023.
b. The controls related to the control objectives stated in the description were suitably designed to provide reasonable assurance that the control objectives would be achieved if the controls operated effectively throughout the period October 1, 2022 to September 30, 2023, and the subservice organization and user entities applied the complementary controls assumed in the design of BlueCross and BlueShield of Nebraska, Inc.'s controls throughout the period October 1, 2022 to September 30, 2023.
c. The controls operated effectively to provide reasonable assurance that the control objectives stated in the description were achieved throughout the period October 1, 2022 to September 30, 2023, if complementary subservice organization and user entity controls assumed in the design of BlueCross and BlueShield of Nebraska, Inc.'s controls operated effectively throughout the period October 1, 2022 to September 30, 2023.

Restricted Use

This report, including the description of tests of controls and results thereof in Section IV, is intended solely for the information and use of management of BlueCross and BlueShield of Nebraska, Inc., user entities of BlueCross and BlueShield of Nebraska, Inc.'s HealthEdge ASO Claims and Membership Processing System and Related General IT Controls during some or all of the period October 1, 2022 to September 30, 2023, and their auditors who audit and report on such user entities' financial statements or internal control over financial reporting and have sufficient understanding to consider it, along with other information, including information about controls implemented by user entities themselves, when assessing the risks of material misstatement of user entities' financial statements. This report is not intended to be and should not be used by anyone other than these specified parties.

Section I

Management's Assertion Provided by BlueCross and BlueShield of Nebraska, Inc.

BlueCross BlueShield Nebraska

Blue Cross and Blue Shield of Nebraska, Inc. is an independent licensee of the Blue Cross and Blue Shield Association

BlueCross and BlueShield of Nebraska, Inc.'s Assertion

We have prepared the accompanying description of BlueCross and BlueShield of Nebraska, Inc.'s BlueCard and FEP Business Segments Relevant to Security System throughout the period October 1, 2022 to September 30, 2023 (description), based on the criteria for a description of a service organization's system in DC Section 200, *2018 Description Criteria for a Description of a Service Organization's System in a SOC 2 Report (*AICPA, *Description Criteria*) (description criteria). The description is intended to provide report users with information about the BlueCard and FEP Business Segments Relevant to Security System that may be useful when assessing the risks arising from interactions with BlueCross and BlueShield of Nebraska, Inc.'s system , particularly information about system controls that BlueCross and BlueShield of Nebraska, Inc. has designed, implemented and operated to provide reasonable assurance that its service commitments and system requirements were achieved based on the trust services criteria relevant to security, availability, processing integrity, confidentiality, and privacy (applicable trust services criteria) set forth in TSP section 100, *2017 Trust Services Criteria for Security, Availability, Processing Integrity, Confidentiality and Privacy, (*AICPA*, Trust Services Criteria).*

BlueCross and BlueShield of Nebraska, Inc. uses HealthEdge Software, Inc., Scott Technology Center, Advantasure Inc.'s, Blue Cross and Blue Shield Association, Federal Employee Program Operations Center, Tierpoint LLC and Microsoft Azure, subservice organizations, for application and development support for its claims and membership processing system, for certain data center services, software and application support for Medicare Advantage and Federal Employee programs and cloud backup systems. The description indicates that complementary subservice organization controls that are suitability designed and operating effectively are necessary, along with controls at BlueCross and BlueShield of Nebraska, Inc., to achieve BlueCross and BlueShield of Nebraska, Inc.'s service commitments and system requirements based on the applicable trust services criteria. The description presents BlueCross and BlueShield of Nebraska, Inc.'s controls, the applicable trust services criteria, and the types of complementary subservice organization controls assumed in the design of BlueCross and BlueShield of Nebraska, Inc.'s controls. The description does not disclose the actual controls at the subservice organization.

The description indicates that complementary user entity controls that are suitability designed and operating effectively are necessary, along with controls at BlueCross and BlueShield of Nebraska, Inc., to achieve BlueCross and BlueShield of Nebraska, Inc.'s service commitments and system requirements based on applicable trust service criteria. The description presents BlueCross and BlueShield of Nebraska, Inc.'s controls, the applicable trust services criteria, and the complementary user entity controls assumed in the design of BlueCross and BlueShield of Nebraska, Inc.'s controls.

As noted in CC6 – Logical and Physical Security Controls in Section IV of the description of tests of controls and results, controls related to the timely removal of logical access for terminated individuals were not performed effectively during the period October 1, 2022, to September 30, 2023. As a result, controls were not operating effectively to achieve the control objective " Prior to issuing system credentials and granting system access, the entity registers and authorizes new internal and external users whose access is administered by the entity. For those users whose access is administered by the entity, user system credentials are removed when user access is no longer authorized."

Except for the matter described in the preceding paragraph we confirm, to the best of our knowledge and belief, that

a. The description presents BlueCross and BlueShield of Nebraska, Inc. BlueCard and FEP Business Segments Relevant to Security System that was designed and implemented throughout the period October 1, 2022 to September 30, 2023, in accordance with the description criteria.

b. The controls stated in the description were suitably designed throughout the period October 1, 2022 to September 30, 2023, to provide reasonable assurance that BlueCross and BlueShield of Nebraska, Inc.'s service commitments and system requirements would be achieved based on the applicable trust services criteria, if its controls operated effectively throughout that period, and if the subservice organization and user entities applied the complementary controls assumed in the design of BlueCross and BlueShield of Nebraska, Inc.'s controls throughout that period.

c. The controls stated in the description operated effectively throughout the period October 1, 2022 to September 30, 2023, to provide reasonable assurance that BlueCross and BlueShield of Nebraska, Inc.'s service commitments and system requirements were achieved based on the applicable trust services criteria, if complementary subservice organization controls and complementary user entity controls assumed in the design of BlueCross and BlueShield of Nebraska, Inc.'s controls operated effectively throughout that period.

A Complete Guide to Performance Reviews

Leader Reference

The talent management framework is a collection of eight focuses and processes that bring their own individual value. Each has a specific purpose, and they work together to help our employees and people leaders realize the benefits of our total rewards and the talent strategy. They are built on and infused with the behaviors defined through Portrait of a Leader and our Values, or how we expect our employees to show up, work, and deliver results for our members, customers, and each other. Additionally, we leverage other tools to help us provide valuable insight as we assess our talent's readiness in current and future roles. These pieces are accomplished and further supported through effective, on-going one-on-one conversations between employees and their leader.

Incentives
Rewards our talent based on the successes we achieve.

Goals
Communicates to and holds our talent accountable to what we are focused on.

Career Pathways
Provides clear paths to help our talent navigate their careers.

Performance
Relates how our talent shows up, performs, and is accountable in their role.

Development
Connects our talent to the right opportunities to help them achieve their career goals.

Skills
Uncovers the strengths of our talent and gaps that need to be developed.

Succession Planning
Assesses and prepares our talent to fill gaps and be ready for additional roles.

Talent Profiles
Identifies how to leverage and grow our talent to be successful.

About this Guide

Performance reviews at Blue are a critical part of effective performance management. Performance is evaluated for a full 12 months (February of the previous year to January this year). Employee performance is evaluated only on the behaviors observed and results achieved in that calendar year. In other words, we all start with a clean slate each year.

This guide is intended to help you as you embark on the performance review process and conversations.

PERFORMANCE RATING SCALE

VALUES: The How + **JOB & GOAL PERFORMANCE: The What** = **ONE, OVERALL RATING**

One, overall rating

Ratings describe how well your employee embodied behaviors related to our values, performed against the expectations set for them in their role, and the contributions they made through project results and goal achievement, and are further supported by insights, examples, and feedback provided within each section.

UNDERSTANDING RATER BIAS

Personal perceptions and biases may influence how we evaluate an employee's performance. What makes bias error so difficult to correct is that the observer is usually unaware that they are making them. Here are some common types of rater bias.

Halo/Horns Effect	Allowing one good or bad trait to overshadow others.
Leniency/ Strictness	Leniency occurs when a person received inflated ratings. Strictness occurs when raters give ratings that are overly critical and fall at the lower end of the rating scale.
Central Tendency	Giving everybody an average rating despite actual performance; disinclined to give people a low rating or a high rating, preferring instead to give an average, middle rating.
Contrast Effect	Occurs when raters evaluate by comparing someone to another person in the role or a previous employees in the same position. This effect can be positive or negative depending on the other individual.
Proximity Bias	Tendency to view workers who are physically closer or whom you see more often in virtual meetings as more productive and treat them more favorably.
Similar to Me Effect	Inclination to give higher ratings to people with similar interests, skills and backgrounds as yourself.
Recency Effect	Tendency to focus on the most recent time period and interactions rather than the entirety of the review period.
Spillover Effect	Judging the current performance of an employee by using past performance reviews as a reference point.

Questions to help you avoid rater bias:

- Am I basing my rating on documentation of my observations of the Employee's behavior, or am I making judgments based on my perceptions?
- Have I rated this Employee on their actual behavior, or have I rated them compared to other individuals?
- Have I looked at this Employee's job and goal performance over time, or have I generalized according to final or recent results I've observed?

WRITING A PERFORMANCE REVIEW

Prior to meeting with your employee, you'll complete their performance review. Below are some tips on how to effectively complete that document.

Gather relevant information:

- Job description
- Mission and values
- Projects, goals, and outcomes
- Employee's self-review
- Notes from 1:1s
- Feedback from peers, stakeholders and customers

Use ERGO to help write the review

A useful tool to use when writing a performance review is the ERGO model. By using this in conjunction with an employee's goals and expectations, you will be able to write a thorough evaluation of performance.

Expectation

Review each performance factor to clarify the expected performance.

- Values
- Role responsibilities
- Project and goal results

Results

- Consider all relevant information, including metrics/results, peer input and customer input.
- Seek feedback on behaviors, performance, and goals.

Gap

- Identify if there is a gap between expectations and actual results.
- Are they…
  - Exceeding
  - Meeting
  - Falling short

Opportunity

Think about actions that can be taken to enhance performance further.

A performance focused conversation between you and your employee.
Accurate and objective application of a performance rating.

KEY MESSAGES FOR EACH RATING

The focus of the message you convey in both your written review and the review conversation will depend on the rating you assign to each employee.

	MESSAGE INTENT	FOCUS OF CONVERSATION
Exceptional & Strong Performer	We want to engage and retain these employees and find opportunities for them to take on additional responsibilities in the future.	Focus your conversation on how to invest in them. Be sure to: • Recognize the employee's high-performance level. • Focus on how to provide the employee with the skills and experiences needed for future roles.
Solid Performer	We want to engage and retain this employee.	Focus your conversation on the value they bring to Blue. Stress how they can maintain performance in current role or improve to progress beyond expectations in the future. Be sure to: • Recognize the employee's solid performance. • Convey appreciation and share potential to grow in current role.
Inconsistent & Insufficient Performer	We want to convey the need for immediate action to address any performance concerns.	An employee who is not meeting expectations because they are underperforming deserves an honest conversation with clearly communicated concerns shared and action steps identified. Be sure to: • Focus on performance issues with specific examples. • Concentrate on actionable next-steps required for success and consequences of not meeting them.

PERFORMANCE REVIEW & MERIT CONVERSATIONS

Face-to-face performance reviews can be the most stressful work conversation employees have all year. For leaders, the discussion can be just as tense. Review discussions ae bets when they are a two-way conversation between a leader and employee. You set the tone and agenda for this conversation.

Be well-prepared

- Schedule an appropriate amount of uninterrupted time (45-60 minutes)
  - In-person: book a conference room or find a hotel office for the meeting
  - Virtual: include Teams information and set the expectation for video to be on during the conversation
- Prepare and send appropriate documents
  - Send the Performance Review PDF 1-2 days prior to the meeting
  - Save the Merit PDF to show/send during the conversation
- Draft your talking points making sure to identify successes, areas of growth, and expectations, priorities, and goals for the coming year

Start with successes

- Highlight their biggest successes, positive outcomes, and impacts
- Add any additional positive feedback that you've received from peers, stakeholders, and customers

Discuss areas of growth and improvement

- Outline areas for both behavioral and performance growth to help your employee add value through impactful outcomes
- Identify and agree upon areas to prioritize for the upcoming year

Blue Cross and Blue Shield of Nebraska is an independent licensee of the Blue Cross and Blue Shield Association.

Review awarded merit

- Utilize the performance discussion to explain the merit the employees is receiving
  - Be transparent about any limitations that might have arisen in awarding merit
  - Own the decision that you made around merit
- Describe how this impacts their overall salary
  - Outline that this is one component of their total rewards
  - Answer any questions around the total rewards philosophy
  - Encourage your employee to review their total rewards statement

Define expectations, goals, and development

- Agree upon expectations for the coming year
  - Provide a measurable target(s) to work towards
  - Expectations should be higher than the previous year, but not unattainable
- Talk over priorities and goals to focus on
- Ask for feedback and how you can best support your employee

Be curious and ask great questions

Invite your employee to share in the conversation by asking them questions and actively listening to the response. It can be tempting to listen to respond, and what you need to do is suspend judgement and truly listen to what the employee is telling here. Here are some great questions to invite the employee into the conversation.

- What are you most proud of over the last year?
- What would you have done differently?
- What priorities/goals do you want to focus on in the coming year?
- What does success look like for these priorities/goals?
- What should you continue to do this year to be successful?
- What things should you stop doing that are hindering your success?
- What should you start doing this year to help you grow?

Approach difficult conversations head on

You might have to deliver or encounter some difficult conversations and avoiding them doesn't help anyone be successful. While they are uncomfortable for both sides, it's important to address them head on. The below checklist is a great resource to help you prepare for and navigate these conversations.

STEP 1: Prepare by Walking Through the Three Conversations	• Sort out **What Happened**
	  - Where does your story come from (information, past experiences, rules)? Theirs?
	  - What impact has this situation had on you? What might their intentions have been? What impact might you have had on them? What were your intentions?
	  - What have you each contributed to the problem?
	• Understand **Emotions**
	  - Explore your emotional footprint, and the bundle of emotions you experience.
	  - What might the other person be feeling?
	• Ground your **Identity**
	  - What's at stake for you about you? What do you need to accept to be better grounded?
	  - What identity issues might be coming up for them?

STEP 2: Check Your Purposes and Decide Whether to Raise the Issue	• **Purposes:** what do you hope to accomplish by having this conversation? Shift your stand to support learning, sharing and problem solving. • **Decide:** Is this the best way to address the issue and achieve your purposes? Is the issue really embedded in your Identify Conversation? Can you affect the problem by changing your contributions? If you don't raise it, what can you do to help yourself let go?
STEP 3: Start from the Third Story	• Describe the problem as the **difference** between your stories. Include both viewpoints as a legitimate part of the discussion. • Share your **purposes**. • **Invite** them to join you as a partner in sorting out the situations together.
STEP 4: Explore Their Story and Yours	• **Listen to understand** their perspective on what happened. Ask questions. Acknowledge the feelings behind the arguments and accusations. Paraphrase to see if you've got it. Try to unravel how the two of you got to this place. • **Share your own viewpoint**, your past experiences, intentions and feelings. • **Reframe, reframe, reframe** to keep on trac. From truth to perceptions, blame to contribution, accusation to feelings and so on.
STEP 5: Problem-solve	Once you've understood what each person cares about and why: • Invent **options** that meet each side's most important concerns • Look to **standards** for what *should* happen. Keep in mind the standard of mutual caretaking; relationships that always go one way rarely last. • Talk about how to keep **communication** open as you go forward.

Mental health is health

Your mental wellness is essential to your overall health. But sometimes, knowing how or where to start can feel overwhelming. It's OK to need a little support along the way — we're here to help.

Your plan with Blue Cross and Blue Shield of Nebraska (BCBSNE) includes access to care and resources to support your mental and emotional health — at no or low cost.*

BCBSNE plans include:

The most provider choices across Nebraska

97% of members have access to in-network mental health professionals like therapists and counselors. Whether you just want a little help or need more care, BCBSNE gives you access to providers who can help get you back on track.

$5-15 copays for common medications*

Drug prices can vary, but most common medications for depression and anxiety are covered by many BCBSNE plans. Working with your doctor, you can be confident that medication can be an affordable part of your care plan.

Virtual visits with licensed therapists

Telehealth appointments with licensed therapists are covered by most BCBSNE health plans, so you can get seen and heard quickly and conveniently. Check with your provider to see if they offer telehealth or use our mobile app to speak with a licensed professional.

Customized care through a convenient mobile app

Through a free mobile app, you can match with a Nebraska-based nurse who knows you and your insurance plan. They'll listen to how you're feeling, help connect you to care, and point you toward resources that can help.
