Glossary

Admits: Admits represent an overnight stay in a facility to address a health issue. Admits are derived based on sum of unique Visit Number for inpatient facility claims. See Methodologies > Levels of Analysis under Documentation.

Age Gender Index (AGI): AGI assigns a demographic risk score based on the age band and gender of the member. The AGI weights are derived from the national BHI database and are used to calculate the AGI using the following formula for each Age Gender Band weight: Allowed PMPM for a specific age gender band divided by the Allowed PMPM across all age gender bands.

Average Age: The average age of the population over the analysis period. The average age is derived based on the age of each member each month and dividing by the number of months. Members with “created eligibility,” that is, members with associated claim or other data for a month during which they are not enrolled, are included in this calculation.

Average Contract Size: The average contract size of the population over the analysis period and represents the average number of members per contract. The average contract size is derived based on the number of Member Months divided by the number of Subscriber Months or, equivalently, Average Members divided by Average Subscribers.

Average Members: The average members is a sum of Member Months divided by the number of months. For example, for a period of 12 months and a population of 2 members, one of whom is eligible for the whole period and the second for 6 of these months, Average Members is 1.5.

Benchmark: An average value to which the value for the current population can be compared. Except where noted, benchmarks are calculated for the Commercial book of business for the same Account Product Code (HMO, PPO or POS).

Change: The amount by which a value increased or decreased from the Prior Period to the Current Period.

Chronic Episode Group: Episode Group for which the Episode Type is chronic, which includes Chronic, Acute Flare-ups; Chronic, Maintenance and Chronic, Non-Stratified.

COB: Coordination of Benefits. The COB amount is the amount paid by the primary payer ahead of the plan where the plan is the secondary payer on the claim.

COB Savings: The amount by which the plan reduced the Paid amount for a COB claim from what it would have paid if the plan were primary.

Concurrent Risk: The BHI Concurrent Risk Score provides a severity risk weight for a member considering the mix of health conditions, age and gender of the member. This severity risk score was derived from relative weights using the HHS HCC (Health & Human Services Hierarchical Condition Category) model. The HCC weights were built using a linear regression model with the national BHI benchmark database.

Current Period: The most recent 12-month period with 2 months runout, by default. For example, if data for claims paid through June 2021 has been loaded, the Current Period includes claims incurred May'2020–Apr'2021 and paid May'2020–Jun'2021.

Discount: Discount = (Covered Amount − Allowed Amount) / Covered Amount. The discount reflects network savings. Disallowed amounts are not included in the discount.

Drug Group: Assigned by Medi-Span/FDB, this field defines the Therapeutic Group of the prescription. The Therapeutic Group is the most detailed classification of a drug and often identifies and groups drugs together that are typically options for treating similar conditions.

The Generic Product Identifier (GPI) is a 14-character hierarchical therapeutic classification system developed by Medi-Span for drug products. For example, the GPI for Lipitor Oral Tablet 10MG is 39-40-00-10-10-03-10, from which the Drug Group is 39 (Antihyperlipidemics) and the Drug Name is 39-40-00-10-10 (ATORVASTATIN CALCIUM). For additional components of the GPI, including Drug Class and Drug Sub Class, see https://www.wolterskluwer.com/en/solutions/medi- span/about/gpi and General > Glossary under Documentation.

Drug Name: Assigned by Medi-Span/FDB, the brand name of the drug. Branded drugs have a trade name and are protected by a patent.

Encrypted Member ID: Member IDs are processed through a de-identification process to produce the encrypted member ID and to prevent the direct identification of members through their ID. The encryption method is robust and the resulting encrypted member ID is consistent across all data sources allowing for accurate claimant analysis. The Encrypted Member ID identifies a unique person and is suitable for longitudinal analyses; it remains the same when new data is loaded each month and even if the member’s Member ID is changed.

Episode Group: Assigned by the MEG Grouper, this field is the condition that the episode represents.

Episode Summary Group: Assigned by the MEG Grouper, this field is a high-level categorization of the Episode Group.

Generic Dispensing Rate: The generic dispensing rate represents the proportion of all prescriptions that are a generic form of the drug.

Generic Substitution Rate: The generic substitution rate represents the proportion of all generic and multi-source brand prescriptions that are generic. The rate represents the proportion based on just the drugs where there is a generic option.

High-Cost Claimants: High-cost claimants are members whose Paid amount is >= $100,000 in the Current Period.

Leading: The leading dimension value, such as Leading Clinical Category or Leading Primary Diagnosis 3 Digits, is the value for which the sum of Paid is the greatest during the period.

Medical Premium: The Total Premium paid for the Incurred Month for Benefit Type Medical.

Member Continuity Status: Members are classified as Stayer - Enrolled in both Prior and Current Periods, Joiner - Enrolled in Current but not Prior Period and Leaver - Enrolled in Prior but not Current Period.

Member Months: The sum of months that each member is covered by the health plan. A member is counted as 1 month if the member is eligible as of the last day of that month, otherwise 0.

MHSA: The Management Paid amount paid for the Incurred Month for services related to behavioral health.

Other % of Allowed: The additional amount, expressed as a percentage of Allowed, so that the sum of Paid, COB and Member Cost Shares (Copay, Coinsurance and Deductible) equals Allowed. This amount is typically a small negative percentage because the Paid amount plus Member Cost Shares may be greater than the Allowed amount minus the COB amount.

Paid Loss Ratio: This ratio, which is expressed as a percentage, is derived based on the Total Paid and dividing by the Total Premium. If there is no premium, this measure is not calculated.

Pharmacy Premium: The Total Premium paid for the Incurred Month for Benefit Type Pharmacy.

PKMPM: Per thousand members per month. This type of measure is typically used for Pharmacy.

PMPM: An amount per member per month, which is derived based on that amount and dividing by the number of Member Months.

Prior Period: The period prior to the Current Period. For example, if data for claims paid through June 2021 has been loaded, the Prior Period includes claims incurred May'2019–Apr'2020 and paid May'2019–Jun'2020.

Tier: Drugs are classified into tiers according to a formulary, such as the following typical categorization: Tier 1 - Most generic drugs or low-cost, preferred brand drugs; Tier 2 - Non-preferred generic drugs, preferred brand drugs or drugs recommended by the Pharmacy and Therapeutics (P&T) Committee based on drug safety, efficacy and cost; Tier 3 - Non-preferred brand drugs, drugs recommended by the P&T Committee based on safety, efficacy and cost or drugs that generically have a preferred and often less costly therapeutic alternative at a lower tier and Tier 4 - Drugs that are biological drugs that the FDA or drug manufacturer requires to be distributed by specialty pharmacies and drugs that require training or clinical monitoring for self-administration

Trend: The percent by which a value increased or decreased from the Prior Period to the Current Period.

COVID-19 Information

TESTING

Coronavirus disease (COVID-19) is an infectious disease caused by a newly discovered coronavirus.
Most people infected with the COVID-19 virus will experience mild to moderate respiratory illness and recover without requiring special treatment. Older people, and those with underlying medical problems like cardiovascular disease, diabetes, chronic respiratory disease, and cancer are more likely to develop serious illness.

COVID-19 Testing:
Members are encouraged to be tested for COVID-19 if they suspect they have been exposed to someone with the virus and/or are exhibiting symptoms. The information below includes COVID-19 testing claims that were submitted by medical providers with dates of services starting in March 2020. Members may be receiving testing from government organizations that have not been submitted for payment and may also be included in the Exposed Members data.

CONFIRMED COVID-19 CASES FROM PANDEMIC START

According to the World Health Organization, most people who develop symptoms (about 80%) recover from the disease without needing hospital treatment. About 15% become seriously ill and require oxygen and 5% become critically ill and need intensive care.

The following information identifies members with confirmed cases if the medical claims have COVID-19 diagnoses (U07.1 or B97.29) in any diagnosis field on the claim. This may capture treatment for other medical conditions where the COVID-19 is not the primary diagnosis code.

OneHealth
NEBRASKA

July 3, 2025

To whom it may concern:

Blue Cross Blue Shield of Nebraska (BCBSNE) and OneHealth Nebraska's Accountable Care Organization (OneHealth) have had an excellent eight year partnership with ACO/value-based contracting. An Accountable Care Organization – ACO – is a group of physicians, healthcare facilities, and other heathcare providers who collaborate to deliver coordinated, high quality care to a specific patient population with the goals of improving patient outcomes, decreasing duplicative and unnecessary utilization, and reducing overall costs.

The partnership between BCBSNE and OneHealth has shown outstanding results over the part eight years in the communities that OneHealth serves – Lincoln, Grand Island, Hastings, Kearney, Holdrege, North Platte, Columbus, and David City. Over this timeframe OneHealth has averaged 13.1% under budget for costs for the patient population we manage for BCBSNE, with quality scores averaging in the 90th percentile. It is important to note that these ACO/value-based contracts are two-sided risk, meaning that OneHalth shares in cost savings but is also responsible for any cost overruns, which must be paid back to BCBSNE. In addition, even if OneHealth is underbudget on costs but doesn't meet the required quality measures established by BCBSNE, it does not share in any savings. This ACO/value-based contract construction holds all parties – including physicians – accountable for providing excellent, high quality care at cost effective prices.

These high quality, cost effective results are able to be achieved through proactive population management and care coordination by the ACO in partnership with BCBSNE. These practices include proactively managing chronic conditions such as high blood pressure and diabetes; routinely screening for breast, cervical, colorectal and other cancers; and proactive preventive care such as immunizations. In addition, care coordinators steer patients to lower cost, high quality facilities for procedures; proactively follow-up with patients after hospital discharges to prevent/minimize readmissions; and direct patients to after-hours primary care providers to decrease utilization of high cost emergency departments.

OneHealth values its relationship with BCBSNE and looks forward to building on our eight-year relationship to continue to provide excellent care to our patients at cost effective prices. Please feel free to contact me with any questions – skros@onehealthne.com, 402-319-7851.

Sincerely,

Steve Kros

PERSONAL HEALTH ASSESSMENT

A key identifier of a group's overall health status is the personal health assessment, which is a set of questions that helps participants understand how to improve or maintain personal health.

We are proud to offer our groups the *Wellcomplete™ Health Risk Assessment* provided by Wellsource®. This powerful tool will help your employees assess and monitor their own health status. More importantly, its aggregate reporting will allow you, as an employer, to decipher important organizational health trends and introduce appropriate health management interventions. In addition to identifying employees' health risks, the personal health assessment helps determine how employees perceive the company's health culture.

The assessment tool consists of four sections

and evaluates self-perceived health status, nutrition, biometrics, physical activity, social and mental health and readiness to change. It identifies existing and future health risk factors based on a participant's lifestyle habits.

ME

MY HEALTH

MY NUTRITION

MY ACTIVITIES

Quick and convenient.

It takes less than 15 minutes to complete the health assessment on a computer, tablet or mobile device. The assessment is available in both English and Spanish.

Easy to complete.

The interactive and intuitive health assessment asks a variety of basic, easy-to-answer questions about personal diet, exercise, sleep, medical history and lifestyle factors. It helps if participants have their most recent health/preventive screening numbers available, but it's not necessary to complete the assessment.

Receive immediate feedback.

Participants receive a health score based on an analysis of modifiable health risks, plus a list of highest risks and tailored reports that provide additional information about those health risks.

Learn how to lower health risks.

The personal reports include tips and strategies to help participants make positive lifestyle changes, lower health risks and improve overall health.

Analyze trends in data.

Participants can see their improvement from one health assessment to the next health assessment.

Wellness Proposal
Prepared for the State of Nebraska

by Blue Cross and Blue Shield of Nebraska

July 2026

NEBRASKA
Good Life. Great Opportunity.

This proposal outlines a wellness program for the State of Nebraska that includes implementing the Premium Wellness Program powered by Vitality in conjunction with Blue Cross and Blue Shield of Nebraska (BCBSNE). Vitality offers a holistic well-being experience, allowing participants to choose their health journey. The program encourages healthy choices through preventive visits, workouts, health goals or focus area activities.

Participant Experience

The Vitality experience elevates a participants' health and drives meaningful engagement and lasting outcomes. Vitality tailors health activities based on a participant's health assessment, age and gender. Completing healthy activities is rewarded, reinforcing positive behaviors. Participants can engage with the program via the website and a downloadable app.

Incentive and Point System

Incentives play a crucial role in keeping employees engaged. Vitality participants earn points for completing personalized health activities such as physical activity, goal setting, online education, self-reflection, assessments and preventive screenings. The points system is based on clinical and actuarial research and promotes habit-forming behavior. Points earned accumulate throughout the program year, earning participants higher status levels. (i.e., Silver, Gold or Platinum)

Customization and Integration

The program allows you to customize the participant experience, enabling you to feature your benefits and wellness offerings and integrate the activities you want participants to engage in. This includes BCBSNE offerings such as diabetes management, health coaching and population health through Virta and Wellframe. Co-branding with your logo and colors is also a free customization feature.

Outcomes and Impact of Engagement

An impact study conducted by Vitality over six years demonstrated improvements in lifestyle behaviors and risk factors strongly associated with Vitality engagement. Here are some of the key findings:

Behavior Improvements:

- The number of participants exercising significantly increased (28%).
- Additionally, 32% of employees who identified as smokers transitioned to non-smokers.

Risk Reduction:

- The number of employees considered low risk (2 or fewer risk factors) increased by 16%.
- Conversely, the number of high-risk (5 or more risk factors) decreased by 23%.

Care-Seeking Behavior:

- Engaged Vitality members (gold or platinum status) demonstrated better care-seeking behavior patterns, including utilization of preventive services, vaccinations, ER visits, and general inpatient care.

Financial Impact:

- Vitality engagement was strongly correlated with productivity savings, resulting in over $1000 per employee per year.
- Additionally, there was a 4% reduction in claims over the 6-year period.

Overall, these findings highlight the value of wellness programs like Vitality in promoting healthy behaviors, reducing risks and positively impacting both employees and the organization.

The overall goal and emphasis are to focus on enrollment, engagement, education and seamless integration of the Vitality Wellness Program to the State of Nebraska population. If we can get employees and spouses engaged, we can move the needle on healthy behaviors, risk reduction and positive outcomes.

Enrollment Strategy

Eligiblity:
This is determined by you. The program can be made available to all employees and spouses on or off the health plan.

Participant Onboarding:
A dedicated and customized landing page for the State of Nebraska participants to assist with registering and troubleshooting questions. A team member will be available to conduct onsite and/or virtual employee training to guide them through platform registration, navigation, rewards and linking fitness devices.

Marketing and Promotion:
A marketing and promotion landing page will be available for the State of Nebraska, featuring customized materials like postcards, flyers, email templates, posters, intranet content and how-to videos.

Health Awareness Campaigns:
Promotion of health awareness campaigns within the platform (i.e., get your preventive screenings, flu shots, heart health, know your numbers, mental health awareness, etc.).

Challenges:
Introduce and launch individual or team-based challenges to encourage participation.

Engagement Strategies

Engagement Goals:
A dedicated wellness manager will work closely with the State of Nebraska team to determine and communicate the appropriate engagement goals.

Benefits Promotion:
You can utilize the benefits portion of the Vitality platform to promote employee benefits (EAP, Virta, Wellframe, etc.).

Health Assessment Aggregate Report:
We will utilize this aggregate report to build out key KPIs, objectives and goals.

Healthy Behavior Steerage:
We will analyze aggregated quarterly risk reports and activity summaries to guide your population toward targeted healthy behaviors (e.g., preventive visits, screenings, mental health resources, diabetes management, physical activity, biometric screenings, population health, etc.).

INTRODUCTION

This document is your Summary Plan Description (SPD).

This SPD has been written to help you understand your Group health Plan coverage. It describes the benefits, exclusions and limitations of your Plan in a general way, and is not, and should not be considered a contract.

Your Group health Plan is administered in accordance with the Administrative Services Agreement between the Group and Blue Cross and Blue Shield of Nebraska, Inc. (BCBSNE), an independent licensee of the Blue Cross and Blue Shield Association. The Administrative Services Agreement and official Plan documents control the coverage for your Group.

NOTE: BCBSNE provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims. BCBSNE liability may occur only under a stop loss provision, as set forth in a stop loss agreement with the Group.

Please share the information found in this SPD with your Eligible Dependents.

How To Use This Document

For your convenience, defined terms are capitalized throughout this document. For an explanation of a defined term, refer to the Section titled "Definitions."

Please take some time to read this document and become familiar with it. As you read this document, you will find that many sections are related to other sections of the document. You may not have all the information you need by reading just one section. We encourage you to review the benefits and limitations by reading the Benefit Summary page and the sections titled "Benefit Descriptions" and "Exclusions." **If you have a question about your coverage or a Claim, please contact BCBSNE Member Services Department.**

About Your I.D. Card

BCBSNE will issue you an identification card (I.D. card). Your I.D. number is a unique alpha numeric combination.

Present your I.D. to your health care provider when you receive Services. With your BCBSNE I.D. card, Hospitals and Physicians can identify your coverage and will usually submit Claims for you.

If you want extra cards for covered family members or need to replace a lost card, please contact BCBSNE Member Services Department, or you may access through the website, NebraskaBlue.com.

Schedule Of Benefits And Benefits Summary

Your Schedule of Benefits is a personalized document, sent by BCBSNE, that provides you with a basic description of your Plan coverage option. It also shows the membership option that applies to you.

A **Benefit Summary** is included in this SPD. It includes information concerning deductible and cost-sharing amounts, benefit limits, and other coverage details.

Your Rights And Responsibilities As A BCBSNE Member

You have the right to:

- be treated with respect and dignity;
- privacy of your personal health information that BCBSNE maintains, following state and federal laws;
- receive information about the benefits, limitations and exclusions of your health plan, including how to access the network of hospitals, physicians and other health care providers;
- work with your doctor and other health care professionals about decisions regarding your treatment;
- discuss all of your treatment options, regardless of cost or benefit coverage;
- make a complaint or file an appeal about your health plan, any care you receive or any benefit determination your health plan makes;
- make recommendations to BCBSNE about this rights and responsibilities policy; and
- give Us suggestions about how BCBSNE can better serve you and other members.

You have the responsibility to:

- read and be familiar with your health plan coverage information and what your plan covers and doesn't cover, or ask for help if you need it;
- understand how your choice of an In-network or Out-of-network Provider will impact what you pay out of your own pocket, if your plan has different In-network and Out-of-network benefits, or ask for help if you need it;
- give BCBSNE all the information needed to process your claims and provide you with the benefits you're entitled to under your plan;
- give all your health care providers the information they need to appropriately treat you; and
- advise your Group of any changes that affect you or your family, such as a birth, marriage/divorce or change of address.

About The Plan

This Group health Plan is a Preferred Provider Organization (PPO) health benefit plan. Claims administration is provided by Blue Cross and Blue Shield of Nebraska (BCBSNE).

Preferred Provider (PPO) networks have been established by BCBSNE through contracts with a panel of Hospitals, Physicians and other health care providers who have agreed to furnish medical Services to you and your family in a manner that will help manage health care costs. These providers are referred to as "In-network" or "Preferred Providers." The BCBSNE PPO provider network is identified on your I.D. card.

Blue Cross and Blue Shield Plans in other states (Host Blue) have also contracted with health care providers in their geographic areas, who are referred to as "Preferred Providers."

Use of the network is voluntary, and selection of a health care provider is always your choice. If you choose to use providers who do not participate in the BCBSNE or Host Blue network for non-emergency situations, you can expect to pay more than your applicable Deductible, Copayment and/or Coinsurance amounts. After this health plan pays its required portion of the bill, Out-of-network Providers may bill you for any amount not paid. This balance billing does not happen when you use In-network or Preferred Providers because these providers have agreed to accept a discounted payment for Services with no additional billing to you other than your applicable Deductible, Copayment and/or Coinsurance amounts. In-network Providers will also file Claims for you.

For help in locating In-network Providers, managing your personal health care benefits, as well as accessing various resources and tools, visit BCBSNE online at NebraskaBlue.com/Find-a-Doctor. You may also call BCBSNE Member Services using the toll-free number on your I.D. card or refer to the Important Telephone Numbers in the front of this book. If you would like a printed provider list, BCBSNE will furnish one without charge.

For help in locating a Preferred Provider in another Blue Cross and/or Blue Shield Service Area, including providers outside the U.S., you may call the special toll-free number of the Blue Cross and Blue Shield BlueCard Program (1-800-810-2583) for assistance.

Be Informed. Out-of-network Providers' charges may be higher than the benefit amount allowed by this health plan. You may contact BCBSNE Member Services Department concerning allowable benefit amounts in Nebraska for specific procedures. Your request must specify the Service or procedure, including any Service or procedure code(s) or diagnosis-related group, and the provider's estimated charge.

Ancillary Services

For certain Durable Medical Equipment, Independent Clinical Labs, and Specialty Pharmacy Services, the Doctor Finder a NebraskaBlue.com/Find-A-Doctor, may show you providers outside of the state in which you live, these providers could be considered Out-of-network for these Services.

When you need Durable or Home Medical Equipment or supplies, it is important to use a supplier that is In-network in the state where you will receive the item. If you need it shipped to you from a different state, please contact the Member Services Department to confirm the supplier's network status.

During the course of treatment you may have samples, substances or tests that are sent to an Independent Clinical Lab for analysis. These labs are not operated, controlled or funded by a doctor's office or hospital. To have these Services covered with the least amount of Out-of-pocket costs, ask your doctor to use an In-state and In-network laboratory. If your lab work will be sent to a lab in a different state than the ordering Physician, Please contact the Member Services Department to find out if the lab is In-network.

Certain serious or chronic medical conditions may require prescription drugs that are only available through Specialty Pharmacies. Physicians ordering Prescription Drugs through a Specialty Pharmacy will need to use a Speciality Pharmacy that is In-network in the state your physician is located. To verify, please contact the Member Services Department.

These Services may also require Preauthorization. Please see the section titled "Preauthorization Requirements" for additional information or visit NebraskaBlue.com/PreAuth.

How The Network Works

Using In-network Providers:

- present I.D. card and pay Copayment (when applicable);
- receive highest level of benefits;
- provider files Claims for you;
- provider accepts insurance payment as payment in full (except Deductible, Copayment and/or Coinsurance amounts); and
- no balance billing.

Using Out-of-network Providers:

- you may be required to pay full cost at time of service;
- you may be reimbursed at a lower benefit level;
- you may have to file Claims; and
- you may be responsible for amounts that exceed the Allowable Charge.

Remember, if more than one Physician is involved in your care, it is important for you to check the status of each provider.

Exception

Emergency Services and post-stabilization Services provided at an Out-of-network health care facility, limited to a hospital emergency department, general acute hospital, satellite emergency department, or Ambulatory Surgical Facility, or by an ancillary individual Out-of-network health care professional or air ambulance provider, will be considered as having been provided by an In-network Provider, and the Covered Person will not be responsible for amounts over the Allowable Charge, as required by law. Benefits for Inpatient care will continue to be paid subject to the In-network cost-sharing level, as long as the Services are for an Emergency Medical Condition.

For non-emergency Services, if a Covered Person receives Services at an In-network health care facility but the Physician or other provider is Out-of-network, benefits for those Covered Services will be subject to the In-network Deductible, Coinsurance, and/or Copayment. Providers may not bill the Covered Person for charges over the Allowable Charge payable under this Plan, unless otherwise allowed by law.

If a Covered Person receives a bill from an Out-of-network Provider, and the Covered Person did not provide consent to the Out-of-network Provider to receive such Services, the Covered Person should send the bill to the Member Services Department for further review by either sending a secure e-mail through myNebraskaBlue.com or by mail at the following address:

Blue Cross and Blue Shield of Nebraska

Out-Of-Area Services

BCBSNE has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. These relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever you access health care services outside the geographic area BCBSNE serves, the claim for those services may be processed through one of these Inter-Plan Arrangements.

When you access care outside BCBSNE's service area, you will receive it from one of two kinds of providers. Most providers ("participating providers") contract with the local Blue Cross and Blue Shield Licensee in that geographic area ("Host Blue"). Some providers ("non-participating providers") don't contract with the Host Blue. We explain below how we pay both kinds of providers.

Inter-Plan Arrangements Eligibility - Claim Types — All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for dental care benefits (except when paid as medical benefits), and any prescription drug programs or vision care benefits that may be administered by a third party contracted by BCBSNE to provide the specific services or services.

BlueCard® Program

Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, BCBSNE will remain responsible for doing what we agreed to in our agreement with the Group. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating providers.

When you receive Covered Services outside BCBSNE's service area and the claim is processed through the BlueCard Program, the amount you pay for Covered Services is calculated based on the lower of:

- the billed charges for your Covered Services, or
- the negotiated price that the Host Blue makes available to BCBSNE.

Often, this "negotiated price" will consist of a simple discount which reflects an actual price that the Host Blue pays to your health care provider. Sometimes, it is an estimated price that takes into account special arrangements with your health care provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of health care providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price BCBSNE used for your claim because they will not be applied after a claim has already been paid.

Negotiated (non-BlueCard® Program) National Account Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, BCBSNE may process your claims for Covered Services through Negotiated Arrangements for National Accounts.

The amount you pay for Covered Services under this arrangement will be calculated based on the lower of either billed covered charges for Covered Services or the negotiated price (refer to the description of negotiated price under BlueCard® Program) made available to BCBSNE by the Host Blue.

If reference-based benefits, which are service-specific benefit dollar limits for specific procedures, based on a Host Blue's local market rates, are made available to you, you will be responsible for the amount that the health care provider bills above the specific reference benefit limit for the given procedure. For a participating provider, that amount will be the difference between the negotiated price and the reference benefit limit. For a non--participating provider, that amount will be the difference between the provider's billed charge and the reference benefit limit. Where a reference benefit limit is greater than either a negotiated price or a provider's billed charge, you will incur no liability, other than related patient cost-sharing under the Plan.

Special Cases – Total Care

- BlueCard Program: If you receive Covered Services under a Total Care value-based program inside a Host Blue's service area, you will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement except when a Host Blue passes these fees to BCBSNE through average pricing or fee schedule adjustments.
- Negotiated (non-BlueCard Program) Arrangements: If BCBSNE has entered into a Negotiated Arrangement with a Host Blue to provide Total Care to your Group on your behalf, BCBSNE will follow the same procedures for Total Care administration and Care Coordinator Fees noted above for the BlueCard Program.

Inter-Plan Programs – Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee that applies to insured accounts. If applicable, BCBSNE will include any such surcharge, tax or fee as part of the claim charge passed on to you.

Non-Participating Healthcare Providers Outside Our Service Area

Subscriber Liability Calculation — When Covered Services are provided outside of BCBSNE's service area by nonparticipating healthcare providers, the amount you pay for such Services will normally be based on either the Host Blue's nonparticipating healthcare provider local payment or the pricing arrangements required by applicable state law. In these situations, you may be liable for the difference between the amount that the nonparticipating provider bills and the payment BCBSNE will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network emergency services.

If you need Emergency Services, BCBSNE will cover you at the highest level that federal regulations allow. You will have to pay any Deductibles, Coinsurance, Copayments, charges for Noncovered Services, and any excess charge over the amount payable under the Contract, unless prohibited by law.

Exceptions — In certain situations, BCBSNE may use other payment bases, such as billed covered charges for Covered Services, the payment BCBSNE would make if the healthcare Services had been obtained within BCBSNE's service area, or a special negotiated payment, to determine the amount BCBSNE will pay for Services provided by nonparticipating providers. In these situations, you may be liable for the difference between the amount that the nonparticipating provider bills and the payment BCBSNE will make for the Covered Services set forth in this paragraph.

Blue Cross Blue Shield Global® Core

If you are outside the United States, (hereinafter "BlueCard service area"), you may be able to take advantage of Blue Cross Blue Shield Global Core when accessing Covered Services. Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although the Blue Cross Blue Shield Global Core assists you with accessing a network of inpatient, outpatient and professional providers, the network is not served by Host Blue. As such, when you receive care from providers outside the BlueCard service area, you will typically have to pay the providers and submit the claims yourself to obtain reimbursement for these services. If you need medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, you should call the Blue Cross Blue Shield Global Core Service Center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

- Inpatient Services: In most cases, if you contact the Blue Cross Blue Shield Global Core Service Center for assistance, hospitals will not require you to pay for covered inpatient services, except for your cost-share amounts. In such cases, the hospital will submit your claim to the Service Center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for Covered Services. You must contact BCBSNE to obtain Preauthorization for non-emergency inpatient services.

- Outpatient Services: Physicians, urgent care centers and other outpatient providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for Covered Services.
- Submitting a Blue Cross Blue Shield Global Core Claim: When you pay for Covered Services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a Blue Cross Blue Shield Global Core claim form and send the claim form with the provider's itemized bill(s) to the Service Center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from BCBSNE, the Service Center or online at www.bcbsglobalcore.com. If you need assistance with your claim submission, you should call the Service Center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week.

How The Plan Components Work

Your Deductible, Copayment, Coinsurance (cost-sharing) and Out-of-pocket Limit for In-network and Out-of-network Providers are shown on the Benefit Summary. Following is an explanation of each of those components.

Allowable Charge — An amount BCBSNE uses to calculate the payment of Covered Services. This amount will be based on either the Contracted Amount for In-network Providers or the Out-of-network Allowance for Out-of-network Providers.

Coinsurance — This is the percentage you must pay for Covered Services, after the Deductible is applied.

Copayment (Copay) — A fixed dollar amount payable by the Covered Person for a Covered Service. Multiple Copayments may apply to one claim, depending on the Services submitted on the Claim.

Deductible* — You are responsible for your expenses until you reach the Plan's Deductible. After the Deductible is met, benefits for the rest of that Benefit Year will not be subject to any further Deductible. Copayments do not apply to the Deductible. In-network and Out-of-network Deductibles do not cross accumulate unless otherwise indicated on the Schedule of Benefits Summary. Charges paid for prescription drugs with a pharmaceutical discount or drug copay card may not accumulate to the Deductible.

Out-of-pocket Limit* — This Limit is the maximum amount of cost-sharing each Covered Person or Membership Unit must pay in a Benefit Year. In-network and Out-of-network Out-of-pocket Limits do not cross accumulate unless otherwise indicated on the Schedule of Benefits Summary.

Certain kinds of charges do not count toward your Out-of-pocket Limit. For example:

- charges in excess of the Allowable Charge;
- charges for Noncovered Services;
- penalty amounts for failure to comply with Preauthorization requirements;
- penalty amounts under the Prescription Drug Program;
- cost-sharing amounts for prescription drugs paid by the Covered Person with a pharmaceutical discount or copay card may not apply.

**If you have a family or multiple party membership, your plan may have either an Aggregate or an Embedded Deductible and/or Out-of-pocket Limit. The Benefit Summary will indicate whether your plan has an Aggregate or an Embedded amount. See "Definitions" in the back of this book for a description of these terms.*

If you have a Health Savings Account (HSA) eligible high Deductible health Plan, the Deductible and Out-of-pocket limit may be adjusted annually. All Copays and Coinsurance amounts will apply after the Deductible is met.

Utilization Review — Benefits are available for **Medically Necessary and Scientifically Validated Services.** Services provided by all health care providers are subject to utilization review by BCBSNE. Services will not automatically be considered Medically Necessary because they have been ordered or provided by a Physician. BCBSNE will determine whether Services provided are Medically Necessary or Scientifically Validated under the terms of the plan, and if benefits are available.

Preauthorization Requirements — Preauthorization is required for all Inpatient Hospital admissions, as well as certain surgical procedures, and specialized Services and supplies. In-network Hospitals will notify BCBSNE of an Inpatient admission. However, when you are admitted as an Inpatient to an Out-of-network Hospital, or to a Hospital outside the state of Nebraska, it is your responsibility to see that BCBSNE is notified of your admission. For more information, please refer to the section of this book titled "Preauthorization Requirements."

Expansion of Benefits —The scope of benefits may be expanded on a concurrent/prospective basis as determined by BCBSNE, to include payment for specific Services which would not ordinarily be included as Covered Services. It must appear that the use of such Services will: 1) equal or reduce costs; 2) improve the quality of medical care; and 3) be medically more appropriate than an alternate Covered Service. BCBSNE will advise the Covered Person and the provider in writing to what extent payment will be allowed for such Services. Any such expansion of the scope of benefits does not constitute an amendment to the Plan, or provide a continuing right to receive such Services.

Continuity of Care — In the event a Covered Person is receiving an active course of treatment for certain types of care from an In-network Provider on the date that Our contracting agreement with that provider is terminated, the provider will continue to render Covered Services to the Covered Person, and the contracting agreement shall continue to apply to those Covered Services after the termination takes effect, for up to 90 days or until the Covered Person is no longer a continuing care patient. The types of care that qualify and the length of time that the contracting agreement shall continue to apply are stated in the BCBSNE Provider Policies and Procedures Manual. The terms of the Provider Policies and Procedures Manual may be updated by BCBSNE from time to time.

Preauthorization Process

Preauthorization procedures are intended to determine if health care services or supplies are appropriate under the terms of the Plan.

BCBSNE requires that all Hospital stays, certain surgical procedures, and specialized Services and supplies be Preauthorized prior to receipt of such Services or supplies. It is your responsibility to see that Preauthorization occurs; however, a Hospital or Provider may initiate the Preauthorization.

Under all circumstances, the Covered Person and his or her provider bear the ultimate responsibility for the medical decisions regarding treatment. BCBSNE is not responsible for treatment or diagnosis of a Covered Person, regardless of any case preauthorization, review or management.

When BCBSNE receives a request for Preauthorization, the appropriateness of the setting and the level of medical care as well as the timing and duration of the admission is assessed by BCBSNE (or by persons designated by BCBSNE).

To initiate the Preauthorization process, BCBSNE must be contacted by you, your family member, the Physician, the Hospital or someone acting on behalf of you or your family member. Notification of the intended receipt of Services may be made by telephone or in writing. We may require that the Preauthorization include written documentation from the attending Physician, dentist or other medical provider demonstrating the Medical Necessity of the procedure or Service and the location where the Service will be provided.

In the case of an ongoing Inpatient admission, the care should continue to be Preauthorized in order to assure that it is being provided in the most appropriate setting.

Please remember that Preauthorization does not guarantee payment. All other Group health Plan provisions apply. For example: Copayments, Deductibles, Coinsurance, eligibility and exclusions.

Benefits Requiring Preauthorization

The following Services, supplies or drugs must be Preauthorized:

- Advanced Diagnostic Imaging;
- Durable Medical Equipment (DME) - subsequent purchases of DME or DME identified on the Preauthorization list;
- Genetic Testing;
- Hospice Care;
- Inpatient Hospital admissions;
- Inpatient Physical Rehabilitation;
- Long Term Acute Care at an Inpatient Facility after receiving treatment in the Hospital;
- organ and tissue transplants;
- prescription drugs (certain drugs as defined by BCBSNE);
- Skilled Nursing Care in the home;
- Skilled nursing facility care;
- Services subject to surgical, laboratory, radiology or other Preauthorization programs, as defined by BCBSNE; and
- other Services as may be specifically stated elsewhere in this booklet.

A list of Services subject to Preauthorization may be obtained at NebraskaBlue.com/PreAuth. Preauthorization requirements are subject to change.

Preauthorization Exceptions

Maternity

Federal law provides for a length of stay of up to 48 hours following a normal vaginal delivery and 96 hours following a cesarean section unless otherwise agreed to by the Covered Person and her Physician. Preauthorization is not required for an initial maternity admission. However, Preauthorization is required if the hospitalization extends beyond these times.

Emergencies

BCBSNE must be notified of an admission for an Emergency Medical Condition within 24 hours of the admission or the next business day. If Preauthorization is not received, the 24-hour period prior to the time of admission and the 24-hour period after such admission will be reviewed to determine if the Covered Person's condition and treatment would have hindered his or her ability to provide notice.

NOTE: Admission through the emergency room does not necessarily constitute an emergency admission.

Effect On Benefits

Failure to comply with the Preauthorization requirements may result in a penalty or denial of benefits and unanticipated costs associated with the incurred expenses.

Certain surgical, radiology or other Preauthorization programs require that benefit approval be obtained prior to the Service being provided, with failure to do so resulting in a denial of benefits for the Service.

If Services are not properly Preauthorized and benefits are reduced or denied, you are responsible for paying any amount due. However if the Hospital, Inpatient facility or Physician is an In-network Provider with BCBSNE, they are liable for their Services which are determined by BCBSNE to be not Medically Necessary (or for denial due to failure to Preauthorize if required), unless you have agreed in writing to be responsible for such Services, or the provider has documented in the medical record that you were notified of the Preauthorization determination. Any reductions in benefits are not considered when computing your Deductible or your Out-of-pocket Limit.

Out-of-Network or Out-of-State Providers

Covered Persons are responsible to obtain Preauthorization for all Services requiring Preauthorization received for an Out-of-network Provider or provider located outside the State of Nebraska. The responsibility for charges denied for failure to obtain Preauthorization rests with the Covered Person, unless the provider if located in Nebraska and is a Contracting Provider with BCBSNE.

Benefits are not payable for Services determined to be not Medically Necessary.

Benefits are available for ambulance Services provided to a Covered Person for:

- transportation to the nearest facility for appropriate care for an Emergency Medical Condition;
- transportation from a facility where emergent care was obtained or from an Inpatient acute care facility to the nearest facility where appropriate care can be provided, whether it is a lesser or greater level of specific care. Benefits are not available if solely for the convenience of the patient, family or provider, or if a less intensive level of transportation is more appropriate.

Anesthesia Services

Benefits are payable for anesthesia Services by a Physician or Certified nurse anesthetist. The amount payable for the anesthesia will include the usual preoperative and postoperative visits and the necessary management of the patient, during and after the administration. Payment will not be made for supervision of the administration. Drugs Administered In An Outpatient Setting

Certain prescription drugs administered in an Outpatient setting (such as home, Physician office or other Outpatient setting, except a Hospital emergency room), are only payable under the Prescription Drug Program. A list of the Prescription Drugs is available on the BCBSNE website NebraskaBlue.com/Pharmacy (See Drugs Administered in an Outpatient Setting List) or by contacting the Member Services Department. This limitation does not apply to prescription medications administered for an Emergency Medical Condition.

Durable Medical Equipment (DME)

In addition, reimbursement will only be made to a DME or medical supply company for Medically Necessary repair, adjustment and maintenance of purchased DME, as determined appropriate by BCBSNE. Benefits are not available for DME which is rented or purchased from, or used while confined to a Hospital, skilled nursing facility, intermediate care facility, a nursing home or other Licensed residential facility if such equipment is usually supplied by the facility.

Hospital And Facility Services
Inpatient and Long Term Acute Care
Benefits are available for Inpatient Covered Services such as room and board, treatment rooms, diagnostic Services, drugs, medicines and other ancillary Services provided by the Hospital.

If an intensive care, cardiac care or similar type room is used during a 24-hour period, only one room charge will be payable, and benefits will be based on the most intensive care provided during that period.

NOTE: If benefits are denied for Hospital room and board, all other Inpatient Services are denied.

Skilled Nursing Facility Care
Benefits are available subject to Medically Necessary criteria, and to any limit stated in the Benefit Summary. After the exhaustion of the stated limit, all Services provided in the skilled nursing facility will be denied. The care must be provided in a Licensed or Medicare-certified skilled nursing facility or in a part of Hospital with designated skilled nursing or swing beds, licensed to provide room, board, 24-hour-a-day Skilled Nursing Care and other related non-Custodial Services. Certain prescription drugs administered in an Outpatient setting, other than a Hospital emergency room, are payable only under the Prescription Drug Program, as determined by BCBSNE. A list of these drugs is available on the BCBSNE website NebraskaBlue.com/Pharmacy or by contacting the Member Services Department.

Emergency Rooms Are Expensive. Hospital emergency rooms are very expensive because they are specifically staffed and equipped to handle accidents, injuries and other emergencies. Using them for preventive care (or as a substitute for the family physician) can cost you time and money.

Emergency Room Service
When you receive care in the emergency room, benefits will be provided subject to the applicable Copay, Deductible and/or Coinsurance shown on the Benefit Summary. If you receive care at an Out-of-network Hospital emergency room or by an Out-of-network Provider, benefits for Covered Services may be provided at the In-network benefit level. You will still be responsible for amounts in excess of the Allowable Charge when you receive Services from an Out-of-network Provider.

If Emergency Service results in a Covered Person being admitted to the Hospital, BCBSNE must be notified of the admission in accordance with the Preauthorization requirements for emergencies. (Please refer to "Preauthorization Requirements.")

If a Copayment is applicable to the Emergency Room facility charge, it will be waived if the patient is admitted within 24 hours for the same diagnosis.

Cardiac and Pulmonary Rehabilitation Services — Outpatient

Under federal law, benefits may not be restricted for any Hospital stay in connection with childbirth for the mother or newborn child to less than 48 hours following a normal vaginal delivery, or less than 96 hours following a cesarean section. However, benefits may be paid for a shorter stay if the mother's or newborn's attending provider, after consulting with the mother, discharges the mother or newborn earlier.

Also, under federal law, an insurer may not set the level of benefits or out-of-pocket costs so that any later portion of the 48 hour (or 96 hour) stay is treated in a manner less favorable than any earlier portion of the stay. PRESCRIPTION DRUG BENEFITS

Prescription Drug Benefits are subject to the applicable Copay, Deductible and/or Coinsurance amounts shown in the Benefit Summary. All covered prescription drug products must be Medically Necessary, and:

- be FDA-approved,*
- be evaluated for coverage by the Pharmacy and Therapeutics Committee of BCBSNE or the Pharmacy Benefit Manager,
- be dispensed by a registered pharmacist, and
- require a Physician's or Dentist's prescription.

**Specific non FDA-approved drugs may be covered, based on clinical guidelines or evidence as determined by the Pharmacy and Therapeutics Committee, or as required by law.*

A Copay, Deductible and/or Coinsurance will be assessed for each prescribed drug, supply and/or unit.

Covered prescription drug products also include insulin and diabetic supplies, including: needles, syringes, test strips, lancet/lancet devices, alcohol wipes/swabs, glucose/sugar test tablets, insulin pump supplies and continuous glucose monitoring devices and supplies.

Your prescription drug benefit is based on a tiered benefit design that features multiple levels of cost-sharing for different prescription classifications. The tiers may include classifications such as Generic and Brand-name Drugs, Specialty Drugs, and preferred and non-preferred drugs. Sub-classifications may be based on cost or other factors. For example, a Prescription Drug List (PDL) which is a list of covered drugs, classifies drugs as Generic and Brand Name -- that classification may include sub-categories of preferred and non-preferred drugs. The PDL, including a list of designated Specialty Drugs, is available at NebraskaBlue.com/Pharmacy, or you may contact the BCBSNE Member Services Department.

Whenever appropriate, Generic Drugs will be used to fill prescriptions. If a bioequivalent Generic Drug is available and has multiple manufacturers, or meets other criteria as determined by the PBM or Us, reimbursement for the drug dispensed will be based on the price of the Generic Drug, unless prohibited by law. If the Covered Person or the ordering provider requests a Brand Name Drug when a Generic Drug equivalent is available, the Covered Person may be required to pay a penalty equal to the difference in cost between the Brand Name Drug and the Generic Drug. This penalty will be in addition to the applicable Copay, Deductible and Coinsurance.

NOTE: Prepackaging by the manufacturer may limit the quantity dispensed to an amount which is less than the maximum dispensing amount available under your coverage. If that happens, benefits will be provided in compliance with the manufacturer's packaging guidelines.

Additional terms specifically used in conjunction with your Prescription Drug Benefits are defined at the end of this section.

Generic Drugs Can Save You Money. Generic drugs are drugs that are labeled by their chemical name rather than by a brand name. However, all drugs, whether generic or brand, must meet the same government standards for safety and effectiveness. Why pay more for a brand name drug if its generic twin is available at a lower cost? Ask your physician to prescribe generic drugs whenever possible.

Accessing Benefits

If the prescription or supply is purchased at an In-network Pharmacy, and you present your BCBSNE identification card to the pharmacist at the time of purchase, you will only be required to pay your financial liability at the time the prescription is filled. In-network Pharmacies will file claims to BCBSNE or to the Pharmacy Benefit Manager (PBM). The Benefit Summary shows your financial liability and the dispensing amount for each benefit tier.

If the covered prescription is filled at an Out-of-network Pharmacy, or if you do not present your I.D. card at the time of purchase at an In-network Pharmacy, you will be required to pay the pharmacy's usual retail price. You must file a Claim with BCBSNE. Eligible Claims will be reimbursed based on the Allowance for the drug less the applicable Copay, Deductible and/or Coinsurance.

To locate contracting In-network pharmacies nationwide, call toll-free: 1-877-800-0746.

Other Coverage: If a Covered Person has prescription drug coverage under more than one health plan, Coordination of Benefits provisions will apply when the Services are covered under both the primary and secondary plan's pharmacy benefits. No penalty will be imposed for submission of a paper claim when BCBSNE is paying as the secondary payer.

- ostomy supplies;
- over-the-counter supplies, devices, tests, medications and non-prescription medications, unless specifically covered under the Plan or required by law;
- prescription medications administered or intended for use in an Inpatient setting;
- prescription medications determined by the FDA as having no clinical value (ex: DESI indicator class 06), or determined by the Pharmacy and Therapeutics Committee to have insufficient or unfavorable safety and/or efficacy;
- prescription medications purchased in a foreign country, unless the covered person is living in another country or needs prescription medications to treat an emergency medical condition arising while he or she is traveling in a foreign country or otherwise mandated by federal legislation. Evidence of residency or emergency medical condition must be provided with the Claim;
- prescription medications that have (or are comprised of) therapeutically equivalent over-the-counter/non-prescription products, except as specifically covered under this Plan, or otherwise required by law. This limitation may apply to specific drugs or categories of prescription drugs;

- prescription medications obtained or purchased from a facility owned, operated or controlled by any federal government agency when the care is related to military service;
- repackaged medications;
- replacement of lost, broken, destroyed or stolen Covered Prescription Drug Products, within the Covered Person's control. BCBSNE may allow a one month fill per year, per medication.
- Services, drugs and medical supplies which are not cost effective compared to established alternatives or which are provided for convenience or personal use;
- sexual or erectile dysfunction drugs, aids or treatment;
- unit dose packaging, or sample, clinic or institutional packs not intended for retail, of covered prescription drug products; and
- other drugs, injectables and supplies that are not covered, as determined by BCBSNE, as permitted by law.

Limitations

- Benefits are not available for covered prescription amounts in excess of the supply limit (day or quantity).
- Lost, destroyed or stolen medications are limited to one replacement per prescription per calendar year.
- Compounded medications must contain at least one FDA approved drug, and compound ingredients must require a prescription and be FDA-approved. Compounded medications that include non-FDA approved ingredients or ingredients that do not require a prescription are not covered.
- Injectables are limited to Claims from providers who are contracting with Prime Therapeutics, and filed as a pharmacy Claim.
- Certain prescription drugs products administered in an Outpatient setting are only payable under the Prescription Drug Program unless otherwise covered under the Drugs Administered in an Outpatient setting List or as determined by BCBSNE. A list of these drugs is available on the BCBSNE website, NebraskaBlue.com/Pharmacy, or by contacting the Member Services number on the back of your I.D. card. Such drug products may be subject to Specialty Pharmacy requirements.
- Certain prescription drugs, based on the route or method of administration, may be payable only under the medical provision of the Plan, and not under the prescription drug coverage. This includes, but is not limited to, intravenous, intrathecal, intravesical and epidural routes of administration.
- Excessive pattern of drug usage:
  - If a Covered Person's usage of prescription drugs indicates an excessive pattern of usage that is not Medically Necessary (as determined by BCBSNE), the Covered Person will be limited to one In-network Pharmacy and/or prescribing provider of his/her choice, and approved by BCBSNE, for obtaining covered prescription drugs. If such a limitation applies, benefits will not be available for prescription drugs obtained from any other pharmacy. A Covered Person may also be limited from receiving Prescription Drug products prescribed by a certain prescriber and/or pharmacy and deny prescription claims. If We determine that utilization exceeds certain threshold amounts.
- Any cost-sharing for prescription drugs paid with a pharmaceutical discount or Copay and will not apply to the Out-of-pocket Limit.
- Any FDA approved medication is not excluded from coverage if used for appropriate off-label cancer or HIV/AIDS diagnosis treatment. BCBSNE will determine whether the off-label use is appropriate based on recognition in United States Pharmacopeia Drug information or recognized in multiple major peer-reviewed medical literature that are not sponsored to a significant extent by a pharmaceutical manufacturing company or health carrier. All other exclusions listed herein will apply to situations of experimental or investigational medications not approved by the FDA.

Preauthorization

Under the Rx Nebraska Drug Coverage Program preauthorization is required for prescriptions as determined by BCBSNE. We reserve the right to change drugs requiring preauthorization at any time without prior notice. The PDL for this plan and the pharmacy network are shown on the Schedule of Benefits Summary. For more information on prescription medications requiring preauthorization, visit the BCBSNE website, NebraskaBlue.com/PreAuth, or call the Member Services Department at the phone number shown on the back of your I.D. card.

Requesting Preauthorization
A written request to BCBSNE must be made prior to the initial purchase of the prescription. This request must be accompanied by appropriate documentation from the Covered Person's Physician, Dentist or other medical provider demonstrating the Medical Necessity of the drug. This written request should be directed to:

Blue Cross and Blue Shield of Nebraska
Attention: Pharmacy
P.O. Box 3248
Omaha, Nebraska 68180-0001

Preauthorization forms can be found on the BCBSNE website: NebraskaBlue.com/PreAuth.

Upon receipt of the necessary information, BCBSNE will respond in writing advising the provider and the Covered Person whether or not benefits are available.

Note: The limitation, preauthorization and Prescription Drug List may be updated at any time without notice. Additional information about your pharmacy benefits can be found on the BCBSNE website at NebraskaBlue.com/PreAuth.

PDL Exception Process

You or your Physician may request a formulary exception for a prescription drug not otherwise excluded under the plan. A formulary exception form is available on our website for providers to use to request a formulary exception. If not using the form, the request must be in writing, identified as a formulary exception, and include the name of the Covered Person and any additional information to be considered for review. Submit the request to the address/fax number on the formulary exception form or to the address on the back of your I.D. card. If approved, the formulary exception drug will be covered at the applicable tier payment level for the excepted drug. An appeal of a denial of a formulary exception may be made subject to the appeal procedures stated in this Summary Plan Description.

Additional Provisions

- The Covered Person by accepting benefits under the Plan, authorizes and directs In-network Pharmacies and the PBM to furnish copies of all information and records concerning the person to BCBSNE.
- BCBSNE and the PBM will not be liable for any claim, injury, demand or judgment based on tort or other grounds arising out of or in connection with the sale, compounding, dispensing, manufacturing, or use of any prescription or supply.
- Services that are determined not Medically Necessary are the Covered Person's liability, as the agreement the In-network Pharmacy has with the PBM does not contain a hold harmless provision for these services.
- Many drugs are subject to rebate arrangements between the manufacturer of the drug and the PBM. Rebates are not reflected in the cost paid by the Covered Person for the drug. All or part of the rebates may be passed through to BCBSNE.
- When identical chemical entities including over-the-counter drugs and a similar prescription alternative are available, BCBSNE may determine that only one of those drug products is covered and those equivalent products are not covered.
- Emergency contraceptives are covered when based on product labeling and/or FDA documentation, a prescription is required to purchase emergency contraceptives. Benefits are limited to one regimen per prescription.

Definitions

The following terms are specifically used in conjunction with your Prescription Drug Benefits.

Out-of-network Pharmacies: Licensed pharmacies that have not entered into written agreements with the PBM as designated by BCBSNE.

Pharmacy and Therapeutics Committee: The PBM/BCBSNE panel of physicians, pharmacists and other health care professionals who are responsible for pharmacy management activities such as managing and updating the Prescription Drug List.

These drugs are generally covered up to a 30-day supply. Specialty Drugs may only be available through a designated Specialty Pharmacy.

Specialty Pharmacy: A licensed pharmacy designated by BCBSNE or the PBM to provide Specialty Drugs.

ELIGIBILITY AND ENROLLMENT

Your employer determines eligibility requirements and validates eligibility for enrollment and coverage under the health Plan. For additional information not found in this Summary Plan Description, please contact your employer.

Who's Eligible

To be eligible for coverage, you will be subject your group's requirements with regard to any applicable minimum number of hours that you must work and any applicable eligibility waiting period. For detailed information regarding eligibility requirement, please contact your Human Resource Department.

The individual who enrolls for coverage or the "employee" is referred to as a Subscriber. Dependents are generally your spouse and children; in order to be an Eligible Dependent, they must meet the definition of an Eligible Dependent. For the complete definition of an Eligible Dependent, please refer to the section of this book titled "Definitions."

Initial Enrollment

Subscribers and dependents must enroll within 31 days of their initial eligibility or during a special enrollment period, or late enrollment provisions may apply.

Types of Membership

You may enroll in one of the following membership types under your Plan:

- **Single Membership:** This option provides coverage to you only.
- **Subscriber-Spouse Membership:** This option provides coverage to you and your spouse.
- **Single Parent Membership:** This option provides coverage to you and your Eligible Dependent children, but not to a spouse.
- **Family Membership:** This option provides coverage to you, your spouse and Eligible Dependent children.

NOTE: If two eligible persons in the same employer Group are married to each other, each person and/or their Eligible Dependents may not enroll under more than one membership unit. Also, if two eligible persons have a parent/child relationship and both are employed by the same employer Group, the parent and child may elect to enroll either as two employees, or the parent may enroll as an employee with dependent coverage.

Special Enrollment

A special enrollment period of 31 days is allowed for:

- enrollment of eligible persons due to marriage, birth, adoption or placement for adoption;
- enrollment of eligible persons who declined coverage under this plan due to having had other group health plan or health insurance coverage at the time it was previously offered, and who have lost that other coverage due to:
  - exhaustion of COBRA continuation coverage;
  - a loss of eligibility, including loss due to death, divorce, legal separation, termination of employment or reduction in hours, or due to the plan no longer offering benefits to the class of individuals that includes the person (when the other coverage was not COBRA);
  - moving out of the service area of an HMO or other arrangement that only provides benefits to individuals who reside, live or work in the service area; or
  - the employer ceasing to make contribution for the other coverage (when the other coverage was not COBRA).

A special enrollment period of 60 days is allowed for:

- enrollment of eligible persons who were covered under Medicaid or State Child Health Insurance Program (SCHIP), which has been terminated due to loss of eligibility; or
- enrollment of eligible persons who have become eligible for premium assistance for this Group health Plan coverage under Medicaid or SCHIP.

The Subscriber must enroll (or already be enrolled) in order to enroll his or her dependents in this Plan. In the case of a marriage, birth or adoption, a Subscriber who is eligible, but who has not previously enrolled, may enroll at this time with or without the newly Eligible Dependent. Likewise an eligible spouse who has not previously enrolled, may enroll as a special enrollee with or without the new dependent child. Please contact your Human Resource Department for additional information.

Late Enrollment/Open Enrollment

A "late enrollee" is defined as a Subscriber or dependent who does not timely enroll, or does not enroll for coverage within the first period in which he or she is eligible to enroll. A person who enrolls for coverage during a "special enrollment period" is not considered a late enrollee. Late enrollment is only allowed during the Group's open enrollment period.

For additional information on the open enrollment period, please contact your Human Resource Department.

Adding A Dependent

Dependents may enroll if you, the eligible employee, are covered under the Plan. In order to add a dependent, he or she must meet the definition of an Eligible Dependent and you must be enrolled under a membership option that provides coverage for dependents. Please contact your Human Resource Department for enrollment information and instructions.

Effective Date Of Coverage

Provided that an appropriate membership option is in place and, if applicable, any additional premium is paid, the effective date of coverage will be as follows:

- **Marriage:** The effective date of coverage will be the first of the month following the marriage, provided the request for enrollment is made within 31 days of the marriage.
- **Newborn Children:** Coverage will begin at birth for your newborn child for a period of 31 days. To continue coverage, you must enroll the child within that 31-day period. If your spouse was not enrolled at the time of the child's birth, he or she may also enroll within this 31-day period, and the effective date will be the date of the child's birth.
- **Adopted Children:** Coverage for an adopted child will be effective on the earlier of the date the child is placed with you for adoption, or the date a court order grants custody to you. You must enroll the child within 31 days of the placement/custody order. If your spouse was not enrolled at the time of the adoption, he or she may also enroll within this 31-day period, and the effective date will be the date of the placement/adoption.
- **Loss of Other Coverage:** The effective date of coverage for persons enrolling as a special enrollee following a loss of other coverage will be no later than the first day of month following the loss of other coverage.

Qualified Medical Child Support Orders (QMCSO)

A QMCSO is a court order that requires an employee to provide medical coverage for his or her children (called alternate recipients) in situations involving divorce, legal separation, or paternity disputes. The order may direct the Group health Plan to enroll the child(ren), and also creates a right for the alternate recipient to receive plan information, submit claims, and receive benefits for Services.

QMCSOs are specifically defined under the law, and are required to include certain information in order to be considered "qualified." A National Medical Support Notice received by the employer or plan from a state agency, regarding coverage for a child, will also be treated as a QMCSO. The Plan Administrator or its designee, will review the Order or Notice to determine whether it is qualified, and make a coverage determination. The Plan Administrator or its designee will notify affected employees and the alternate recipient(s) if a QMCSO is received.

You have the right to request a copy of the Plan's procedures governing QMCSO determinations from the Plan Administrator, at no charge.

Active Employees Age 65 And Over

Federal law affects the way employers provide coverage to eligible active employees and their spouses who are 65 and over. These active employees and their spouses ages 65 and over generally continue full coverage under the employer Group plan as their primary coverage, and Medicare (if elected) as secondary coverage. Under this law, if the employee elects Medicare as their primary carrier, the group plan may not pay as secondary coverage and will be terminated.

Family Medical Leave Act (FMLA)

The Family Medical Leave Act of 1993, as amended, requires that subject to certain limitations, most employers of 50 or more persons must offer continued coverage to eligible employees and their covered dependents, while the employee is on an approved FMLA leave of absence. In addition, an employee who has terminated his/her Group health coverage while on an approved FMLA leave is entitled to reenroll for Group health coverage upon return to work. Please check with your employer for details regarding your eligibility under FMLA.

If You Receive Covered Services From An In-network Provider

Contracting Providers and many other Hospitals and Physicians will file the Claim to BCBSNE on your behalf. Out-of-state Contracting Providers will file a Claim with their local Blue Cross and Blue Shield plan for processing through the BlueCard Program. When BCBSNE receives a Claim from a Contracting Provider, payment will be made directly to the provider, unless otherwise provided by state or federal law. You are responsible for meeting any applicable Deductible and paying any applicable Copay and/or Coinsurance amounts. You may be asked to pay amounts that are your liability at the time of service, or the provider may bill you for those amounts.

Filing A Claim

You must file your own Claim if your health care provider is not a Contracting Provider and does not file for you. You may obtain a Claim form by contacting BCBSNE's Member Services Department, or you can find a form on the website at NebraskaBlue.com/Forms.

All submitted Claims must include:

- correct BCBSNE ID number, including the alpha prefix;
- name of patient;
- the date and time of an accident or onset of an illness, and whether or not it occurred at work;
- diagnosis;
- an itemized statement of services, including the date of service, description and charge for the service;
- complete name, address and professional status (MD, RN, etc.) of the health care provider;
- prescription number, if applicable;
- the name and identification number of other insurance, including Medicare; and
- the primary plan's explanation of benefits (EOB), if applicable.

Claims cannot be processed if they are incomplete, and may be denied for "lack of information" if required information is not received.

Claims should be filed by a Provider or Covered Person as soon as possible after the date of Service. Contracting Providers will file claims on the Covered Person's behalf; the Covered Person is responsible to provide their identification number in order for the claim to be filed. Claims that are not filed by a BCBSNE Contracting Provider in accordance with BCBSNE's timely filing requirement will become the Contracting Provider's liability.

A Covered Person is responsible to file a claim for Services provided by a non-contracting Provider if the provider does not submit on his or her behalf.

If a claim is not filed within 15 months of the date of service (except in the absence of legal capacity). benefits will not be allowed.

In Nebraska, Claim forms should be sent to:

Blue Cross and Blue Shield of Nebraska
P.O. Box 3248
Omaha, Nebraska 68180-0001

If health care Services are provided in a state other than Nebraska, Claims should be filed to the Blue Cross and Blue Shield plan servicing the area where the Services were received. If you need assistance in locating the plan, please contact BCBSNE's Member Services Department.

Payment Of Benefits For Non-Contracting Provider Claims

Payment will be made, at BCBSNE's option, to the Covered Person, to his or her estate, to the provider or as required by state or federal law. Benefits may also be paid to an alternate recipient or custodial parent, if pursuant to a QMCSO.

No assignment, whether made before or after Services are provided, of any amount payable according to this Group health Plan shall be recognized or accepted as binding upon BCBSNE, unless otherwise provided by state or federal law.

Payment For Services That Are The Covered Person's Responsibility

Under certain circumstances, if BCBSNE pays the provider amounts that are your responsibility, such as Copays, Deductibles, or Coinsurance, we may collect such amounts from you. You agree that BCBSNE has the right to collect such amounts from you.

Right To Amend Provider Agreements Or Benefit Payment Procedures

Agreements with health care providers may be changed or terminated, and benefit payments to In-network Providers may be altered. Benefit payments may be calculated on a charge basis, a Contracted Amount or similar charge, global fee basis, through a Preferred Provider Organization, or in any other manner agreed upon by BCBSNE or the On-site Plan and the provider. However, any payment method agreed upon will not affect the method of calculating the Deductible and Coinsurance.

Claim Determinations

A "Claim" may be classified as a "Preservice" or "Postservice."

Preservice Claims — In some cases, under the terms of the health Plan, the Covered Person is required to Preauthorize benefits in advance of a Service being provided, or benefits for the Service may be reduced or denied. This required request for a benefit is a "Preservice" Claim." Preservice Claim determinations that are not Urgent Care Claims will be made with 15 calendar days of receipt, unless an extension is needed to obtain necessary information. If an extension is needed, BCBSNE will provide notice to the Covered Person and/or his or her provider prior to the expiration of the initial 15-day period. If additional information is requested, the Covered Person or his or her provider may be given up to 45 calendar days from receipt of notice to submit the specified information. A Claim determination will be made within 15 days of receipt of the information, or the end of the extension period.

(See the section of this book titled "Preauthorization Requirements" for more information on Preauthorizing benefits.)

Urgent Care — If your Preservice Claim is one for Urgent Care, the determination will be made within 72 hours of receipt of the Claim, unless further information is needed. If additional information is necessary, the Covered Person or his or her provider will be given no less than 48 hours to provide the specified information. Notification of the decision will be provided not later than 48 hours after the earlier of: our receipt of the information, or the end of the period allowed to submit the information.

Concurrent Care — If you request to extend a course of treatment beyond the care previously approved and it involves urgent care, a decision will be made within 24 hours of the request, if you submitted the request at least 24 hours before the course of treatment expires. In all other cases, the request for an extension will be decided as appropriate for a Preservice and Postservice Claims.

Postservice Claims — A Postservice Claim is any Claim that is not a Preservice Claim. In most cases, a Postservice Claim is a request for benefits or reimbursement of expenses for medical care that has been provided to a Covered Person. The instructions for filing a Postservice Claim are outlined earlier in this section. Upon receipt of a completed Claim form, a Postservice Claim will be processed within 30 days, unless additional information is needed. If additional information is requested, the Covered Person may be given not less than 45 days to submit the necessary information. A Claim determination will be made within 15 days of receipt of the information, or the expiration of the 45-day extension period. You will receive an EOB when a Claim is processed which explains the manner in which your Claim was handled.

Explanation Of Benefits

Every time a Claim is processed for you, an EOB form will be sent. The front page of the EOB provides you with a summary of the payment including:

- the patient's name and the Claim number;
- the name of the individual or institution that was paid for the Service;
- the total charge associated with the Claim;
- the covered amount;
- any amount previously processed by this Plan, Medicare or another insurance company;
- the amount(s) that you are responsible to pay the provider;
- the total Deductible and/or Coinsurance that you have accumulated to date; and
- other general messages.

A more detailed breakdown of the charges including provider discounts, amount paid and cost sharing amounts (e.g. noncovered charges, Deductible and Copays) are shown on the back of your EOB.

Also included on your EOB is information regarding your right to appeal a benefit determination, or request additional information.

Save your EOBs in the event that you need them for other insurance or for tax purposes.

APPEAL PROCEDURES

BCBSNE has the discretionary authority to determine eligibility for benefits under the health Plan, and to construe and interpret the terms of the Plan, consistent with the terms of the Administrative Services Agreement.

You have the right to seek and obtain a review of "adverse benefit determinations" arising under this health Plan.

Appeal Procedure Definitions

Adverse Benefit Determination: A determination by BCBSNE or its Utilization Review designee, of the denial, reduction, or termination of a benefit, or a failure to provide or make payment (in whole or in part) of a benefit. This includes any such determination that is based on:

- the application of Utilization Review;
- a determination that the Service is Investigative;
- a determination that the Service is not Medically Necessary or appropriate;
- an individual's eligibility for coverage or to participate in a plan;
- an unexpected ("surprise") balance bill from an Out-of-network Provider for emergency and certain non-emergency Services.

An Adverse Benefit Determination also includes any rescission of coverage, which is defined as a cancellation or discontinuance of coverage that has a retroactive effect, except if for failure to timely pay required premiums or contribution for coverage.

Final Internal Adverse Benefit Determination: An Adverse Benefit Determination that has been upheld by BCBSNE, or its Utilization Review designee, at the completion of the internal appeal process as described in this document.

Preservice Claim(s): Any Claim for a benefit under the Plan with respect to which the terms of the Contract require approval of the benefit in advance of obtaining medical care, and failure to do so will cause benefits to be denied or reduced.

Postservice Claim(s): Any Claim that is not a Preservice Claim or Urgent Care Claim.

Urgent Care Claim: A Claim for medical care or treatment for which the application of the time periods for making non-urgent care determinations:

- could seriously jeopardize the life or health of the Covered Person or the ability of the Covered Person to regain maximum function; or
- in the opinion of a physician with knowledge of the claimant's medical condition, would subject the Covered Person to severe pain that cannot be adequately managed without the care or treatment that is the subject of the Claim.

How To Appeal An Adverse Benefit Determination

A Covered Person or a person acting on his/her behalf (the "claimant") is entitled to an opportunity to appeal initial or final Adverse Benefit Determinations.

Internal Appeal

A request for an internal appeal must be submitted within six (6) months of the date the Claim was processed, or Adverse Benefit Determination was made. The written request for an appeal should be submitted on the designated appeal request form included in adverse benefit determinations letters. The form can also be found a NebraskaBlue.com/Forms or contact the Member Services Department at the number found on the back of you I.D. card. The appeal should also include:

- the name of the person submitting the appeal and his/her relationship to the patient;
- the reason for the appeal;
- any information that might help resolve the issue; and
- the date of service/Claim.

BCBSNE will provide the claimant a notice of receipt of the request within 3 days. The notice will include the name, address and telephone number of a person to contact regarding coordination of the review. The claimant does not have the right to be in attendance at the appeal review nor to have a representative in attendance but may submit additional information for consideration.

If the Adverse Benefit Determination was based on a medical judgment, including a Medical Necessity or Investigative determination, BCBSNE will consult with health care professionals with appropriate training and experience in the field of medicine involved in the medical judgment, to make the appeal determination. The appeal determination will be made by individuals who were not involved in the original determination.

Timing of Appeals Determinations

The table below describes the timing for appeals:

APPEAL	ERISA TIMING
PRE-SERVICE (NON-URGENT)	
• Written notice of the appeal determination within	30 calendar days
• You must appeal the internal appeal (1st level appeal) and file an external appeal (2nd level appeal) within	4 months after receiving the 1st level appeal decision
• Written notice of the external (2nd level) appeal decision will be provided within	45 calendar days from the date the IRO receives the appeal
POST-SERVICE	
• Written notice of the appeal determination will be provided to the claimant within	60 calendar days
• If additional time is needed and written notice is provided on or before the 15th day, the appeal determination will be provided to the claimant within	NA
• You must appeal the internal appeal (1st level appeal) and file an external appeal (2nd level appeal) within	4 months after receiving the internal (1st level) appeal decision
• Written notice of the external (2nd level) review decision will be provided within	45 calendar days from the date the IRO receives the appeal
EXPEDITED APPEAL (Urgent Care)	
• An expedited appeal will be reviewed, determined and notice provided to the claimant within	72 hours after receipt

Concurrent Care: A request for an expedited appeal of a concurrent care denial must be made within 24 hours of the denial. If the appeal is requested within the 24-hour time period, coverage will continue for health care Services pending notification of the review decision, as may be required by law. The decision time frame will be the same as for other expedited appeals.

The decision made pursuant to this appeal will be considered a Final Adverse Benefit Determination.

NOTE: When an adverse appeal determination involves medical judgment, upon receipt of a written request, the identity of the health care professionals who reviewed the appeal will be provided to the claimant.

Rights To Documentation

A claimant has the right to have access to, and request copies of, the documentation relevant to the Claim and Adverse Benefit Determination(s), including any new evidence or rationale considered or relied upon in connection with the Claim on review.

The claimant may submit additional comments, documents or records relating to the Claim for consideration during the appeal process.

External Review

Standard External Review: If the claimant has exhausted internal appeal reviews, an external review by an Independent Review Organization (IRO) may be requested for review of an Adverse Benefit Determination or Final Internal Adverse Benefits Determination for:

- Those involving medical judgment (excluding those that involve only contractual or legal interpretation without any use of medical judgement); or
- Rescission of coverage (whether or not the rescission has any effect on any particular benefit at the time) (ERISA self-funded only).

Medical judgment includes, but is not limited to

- Determinations based on the plan's or insurer's requirements for medical necessity;
- Appropriateness;
- Health care setting;
- Level of care, or effectiveness of a covered benefit, or its determination that a treatment is experimental or investigational.

The request must be submitted in writing within four months after the date of receipt of the Final Internal Adverse Benefit Determination. (An Adverse Benefit Determination based on an individual's eligibility for coverage or to participate in a plan is not eligible for External Review.)

The Covered Person will be required to authorize the release of any of his or her medical records which may be needed for the purpose of the external review.

Upon receipt of a request for an External Review, BCBSNE shall review the request to determine if it is complete and whether the request is eligible for External Review. BCBSNE will conduct the preliminary review within five (5) business days of receipt, and notify the claimant of the outcome within one business day. If it is determined that the request is not complete, or it is not eligible for External Review, the claimant will be notified of the reason for ineligibility, or advised of the information needed to make the request complete.

If the request is eligible for External Review, it will be forwarded to the IRO, including the documentation and information considered in making the initial Adverse or Final Adverse Benefit Determination. The claimant will be allowed an opportunity to submit additional information for consideration by the IRO. The IRO shall provide BCBSNE with any information submitted by the claimant, to allow BCBSNE an opportunity to reconsider its original determination.

The IRO shall complete its review and provide the claimant written notification and rationale for its decision within 45 calendar days of receipt of the request for review. No deference shall be given to the prior determinations made by BCBSNE pursuant to the internal appeal process.

Expedited External Review: An expedited External Review may be requested at the same time a claimant requests an expedited internal appeal of an Adverse Benefit Determination of an Urgent Care Claim if:

- the denial involves an Urgent Care Claim where the timeframe for completing an expedited internal appeal could seriously jeopardize the life or health of the Covered Person or the ability of the Covered Person to regain maximum function; or
- for non-ERISA Plans, the denial was based on a determination that the requested service or treatment is Investigative, if the Covered Person's treating physician certifies in writing that the service or treatment would be significantly less effective if not promptly initiated.

However, the claimant must first exhaust the internal appeal process unless otherwise waived by BCBSNE or as directed by the IRO, consistent with applicable law.

An expedited External Review may also be requested following a Final Internal Adverse Benefit Determination if:

- the Covered Person has a medical condition where the time frame for completion of a standard External Review would seriously jeopardize the life or health of the Covered Person, or would jeopardize his or her ability to regain maximum function; or
- the Final Internal Adverse Benefit Determination concerns an admission, availability of care, continued stay or health care Service for which the Covered Person has received emergency Services, but has not been discharged from the facility.

The decision of the IRO is the final review decision and is binding on BCBSNE and the claimant, except to the extent that the claimant may have other remedies available under applicable federal or state law. Once an external review decision has been made, the Covered Person or his/her representative may not file a subsequent request for an external review involving the same initial or final Adverse Benefit Determination.

When You Have Coverage Under More Than One Plan

This Plan includes a Coordination of Benefits (COB) provision. COB provisions apply when a Covered Person has coverage under more than one health Plan. This provision establishes a uniform order in which the Plans pay their Claims, limits the duplication of benefits, and provides for transfer of information between the Plans.

The order of benefit determination rules described in this section determine which Plan will pay as the primary Plan without regard to any benefits that might be payable by another Plan.

Definitions

For the purpose of this section, the terms are defined as:

Allowable Expense: A health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense.

The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of Plan provisions include second surgical options, preauthorization of admissions, and preferred provider arrangements.

Closed Panel Plan: A Plan that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial Parent: The parent awarded custody by a court decree or, in the absence of a court decree, the parent with whom the child resides more than one half of the calendar year excluding temporary visitation.

Plan: As used in this section, any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts:

a. Plan includes: group and nongroup insurance contracts and subscriber contracts, health maintenance organization (HMO) contracts, Closed Panel Plans; other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits coverage in motor vehicle "no-fault" and traditional "fault" type contracts; group and nongroup insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care; and Medicare or any other federal governmental Plan, as permitted by law.
b. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage other than the medical benefits coverage in motor vehicle "no fault" and traditional "fault" contracts; uninsured or underinsured coverage under a motor vehicle policy; specified disease or specified accident coverage; limited benefit health coverage, as defined in state law; school accident coverage; disability income insurance; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; and coverage under other federal governmental Plans, unless permitted by law.

Each contract for coverage under a. or b. is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

Primary Plan: The Plan that will determine payment for its benefits first before those of any other Plan without considering any other Plan's benefits.

Secondary Plan: The Plan that will determine its benefits after those of another Plan and may reduce the benefits so that all Plan benefits do not exceed 100% of the total Allowable Expense. The Secondary Plan will not pay more than the Primary Plan's contracted reimbursement rate.

This Plan: The part of the contract providing health care benefits to which the COB provision applies and which may be reduced because of the benefits of other Plans. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

Order Of Benefit Determination Rules

1. The Primary Plan pays or provides its benefits according to its terms or coverage and without regard to the benefits under any other Plan.
2. A Plan that does not contain a coordination of benefits provision that is consistent with this Part is always primary unless the provisions of both Plans stated that the complying Plan is primary.
3. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
4. Each Plan determines its order of benefits using the first of the following rules that apply:

    - **Subscriber And Dependent —** The Plan that covers the person as other than a dependent, such as a subscriber/policyholder/employee is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent and primary to the Plan covering the person as a subscriber, then the order of benefits between the two Plans is reversed so that the Plan covering the person as a subscriber is the Secondary Plan and the other Plan is the Primary Plan.

    - **Dependent Child Covered Under More Than One Plan —** Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Plan the order of benefits is determined as follows:
        - For a dependent child whose parents are married or are living together, whether or not they have ever been married, the Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan. If both parents have the same birthday, the Plan that has covered the parents the longest is the Primary Plan (birthday rule).
        - For a dependent child whose parents are divorced, separated or not living together, whether or not they have ever been married, if a court decree states that one of the parents is responsible for the child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, the Plan of that parent's spouse is primary. This rule applies to Plan years beginning after the Plan is given notice of the court decree.
        - If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the order of benefits shall be determined by the "birthday rule" stated above.
        - If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the order of benefits shall be determined by the "birthday rule" stated above.
        - If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
            - the Plan covering the custodial parent;
            - the Plan covering the spouse of the custodial parent;
            - the Plan covering the non-custodial parent; and then
            - the Plan covering the spouse of the non-custodial parent.
        - For a dependent child covered under more than one Plan of individuals who are not parents of the child, the above provisions shall apply as if those individuals were the parents.

- For an Eligible Dependent child covered under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule below for "Longer or Shorter Length of Coverage" applies. In the event the Eligible Dependent child's coverage under the spouse's plan began on the same date as his or her coverage under the parents' plan(s), the order of benefits shall be determined by applying the "birthday rule" above, to the child's parent(s) and to his or her spouse.

- **Active Employee, Retired or Laid-Off Employee —** The Plan that covers a person as an active employee, that is, an employee who is neither retired nor laid off, is the Primary Plan. The Plan covering that same person as a retired or laid-off employee is the Secondary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the first rule (Subscriber and Dependent) can determine the order of benefits.
- **COBRA or State Continuation Coverage —** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as a subscriber/member/employee/retiree or covering the person as a dependent of a subscriber/member/employee/retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the first rule (Subscriber and Dependent) can determine the order of benefits.
- **Longer or Shorter Length Of Coverage —** The Plan that has covered the person longer is the Primary Plan and the Plan that has covered the person the shorter period of time is the Secondary Plan. The start of a new Plan does not include a change in the amount or scope of a Plan's benefits; a change in the entity that pays, provides or administers the Plan's benefits; or a change from one type of Plan to another, such as from a single employer Plan to a multiple employer Plan.

If the above rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Administration Of Coordination Of Benefits

The order of benefit determination rules govern the order in which each Plan will pay a Claim for benefits. The Plan that pays first is called the Primary Plan. The Plan that pays after the Primary Plan is called the Secondary Plan.

If This Plan is the Primary Plan, there shall be no reduction of benefits. Benefits will be paid without regard to the benefits of any other Plan.

If This Plan is the Secondary Plan, it may reduce its benefits so that the total benefits paid or provided by all Plans for any Claim are not more than the total Allowable Expenses. In determining the amount to be paid for any Claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the Claim do not exceed the total Allowable Expense for that Claim. In addition, the Secondary Plan shall credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other health coverage. Also, if the Primary Plan is medical payments coverage under a motor vehicle policy, the Secondary Plan shall credit payments from the motor vehicle insurance policy to Deductibles, Copayments and Coinsurance after discounts under the health plan.

Miscellaneous Provisions

If these COB rules do not specifically address a particular situation, BCBSNE may, at its discretion, rely on the National Association of Insurance Commissioners Coordination of Benefits Model Regulation as an interpretive guide.

To properly administer these COB rules, certain facts are needed. This Plan may obtain or release information to any insurance company, organization or person. BCBSNE need not notify, or obtain the consent of any person to do so. Any person who claims benefits under This Plan agrees to furnish the information that may be necessary to apply COB rules and determine benefits.

If another Plan pays benefits that should have been paid under This Plan, this Plan may reimburse the other Plan amounts determined to be necessary. Amounts paid to other Plans in this manner will be considered benefits paid under This Plan and This Plan is released from liability for any such amounts.

If the amount of the benefits paid by This Plan exceeds the amount it should have paid, This Plan has the right to recover any excess from any other insurer, any other organization, or any person to or for whom such amounts were paid, including Covered Persons under This Plan.

Termination Of Coverage

Coverage under your Group health Plan will terminate for you and/or your dependents on the earliest of the following dates:

- the date the entire Contract is terminated;
- the last day of the month in which your employment terminates;
- the last day of the month in which you cease to be eligible under the health plan; or a dependent ceases to be an Eligible Dependent;
- the last day of the month in which BCBSNE receives a request from you or the employer to terminate coverage for you or a dependent, or the date requested in the notice, if later;
- the last date for which premium is paid; or
- another date as specified by your employer.

You and/or your Eligible Dependents may be eligible to continue coverage under the Group health plan as detailed in this section.

Continuation Of Coverage Under The Federal Continuation Law (COBRA)

If you terminate your employment, or if a dependent loses coverage due to certain "Qualifying Events," continued coverage under the Group health Plan may be available. Payment for continued coverage under the federal continuation law is at the employee's or dependent's own expense. Please contact your employer for details regarding eligibility.

What Is The Federal Continuation Law?

The Consolidated Omnibus Budget Reconciliation Act (COBRA), is a federal law which provides that a Covered Person who would lose coverage due to the occurrence of a "Qualifying Event," may elect to continue coverage under the Group health Plan. A person who is eligible to continue coverage is called a "Qualified Beneficiary." A Qualified Beneficiary also includes a child born to, or placed for adoption with the Covered Person during the period of COBRA coverage. Please share the information found in this section with your Eligible Dependents.

Termination Of Employment Or Reduction In Hours — COBRA provides that if you should lose eligibility for coverage due to:

- voluntary or involuntary termination of employment (other than for gross misconduct);
- a lay-off for economic reasons; or
- a reduction in work hours,

you and your covered dependents may be able to continue the Group coverage at your own expense for up to 18 months. Your employer is required to notify the Plan Administrator within 30 days of the loss of coverage. The Plan Administrator will send the Qualified Beneficiaries a COBRA notification within 14 days after receiving notice from the employer. If the employer and Plan Administrator are the same entity, the COBRA notification will be sent within 44 days of the date of the loss of coverage.

Disability — If a Qualified Beneficiary is determined by the Social Security Administration to have been disabled any time during the first 60 days of COBRA continuation coverage, the COBRA coverage period for the disabled individual and his or her related beneficiaries may be extended to 29 months instead of 18 months when loss of coverage is due to termination or reduction in hours of employment. You must provide written notice of the disability determination to the plan within 18 months of becoming eligible for COBRA and no later than 60 days after the date of the Social Security Administration's determination.

If the Social Security Administration determines that you or the dependent are no longer disabled, the extended continuation of coverage period (19th through 29th month) will be terminated the month that begins more than 30 days after the determination. You must notify the plan within 30 days of a determination that an individual is no longer disabled.

Change In Dependent Status, Divorce/Separation Or Medicare Entitlement — COBRA requires that continued coverage under the Group health Plan be offered to your covered spouse and eligible children if they would otherwise lose coverage as a result of:

- divorce or legal separation;
- a child losing dependent status; or
- the employee becoming entitled to Medicare.

When one of these circumstances occur, you or the dependent are obligated to notify the employer or Plan Administrator within 60 days. Failure to provide timely and proper notice may result in the loss of the right to COBRA.

After receiving a timely notice of such an event, your employer or the Plan Administrator will send the Qualified Beneficiaries an election form and the information needed to apply for coverage, if eligible, within 14 days of the date the notice is received. Coverage may be continued at the individual's expense for up to 36 months.

Your Death — If you should die while you are covered under this Group health Plan, continued coverage is available to your spouse and Eligible Dependents.

COBRA provides that subject to certain limitations, your surviving spouse and children may continue the Group health coverage at their own expense for up to 36 months. Federal law requires your employer to send the surviving family members instructions as to how to apply for continued coverage if they are eligible.

Special Provisions — If an employer files Chapter 11 bankruptcy, special provisions regarding COBRA continuation coverage may apply for a retiree or deceased retiree's surviving spouse and dependent children. Please check with your employer for details.

Electing COBRA Coverage

Qualified beneficiaries will be sent a written notice of the right to continue health coverage and an election form(s).

REMINDER: In the case of a divorce or legal separation, or if a child loses dependent status, you must notify your employer or Plan Administrator of this Qualifying Event within 60 days. Failure to provide timely and proper notice may result in the loss of the right to COBRA coverage.

Qualified Beneficiaries must complete and return the COBRA election form in order to continue coverage. The notice will include instructions for completing and returning the form. The election form must be received by the later of:

- 60 days after the day health coverage would otherwise end; or
- 60 days after the notice is sent to you by the employer or Plan Administrator.

COBRA continuation coverage may only begin on the day after coverage under the Group health Plan would otherwise end. The required premium, including any retroactive premium, must be paid from the day coverage would have otherwise ended. The premium must be paid within 45 days after the day continued coverage is elected. Succeeding premiums must be paid monthly within 30 days of the premium due date. The COBRA notice and election form will inform you or your dependents of the monthly premium amount, and to whom such premium should be paid.

Second Qualifying Event — In the event your family experiences another Qualifying Event while receiving an 18-month period of COBRA coverage (or the extended 29-month period), your covered spouse and dependents are eligible to extend the original COBRA coverage period to a maximum of 36 months if notice of the second event is properly given to the employer or Plan Administrator. This extension may be available to the spouse and children receiving continuation coverage if: a) you die; b) you become entitled to Medicare; c) you get divorced or legally separated; or d) the dependent child is no longer eligible as a dependent, but only if the second event would have caused the spouse or child to lose coverage under the plan had the first Qualifying Event not occurred. In all of these cases, you or the dependent must notify the employer or Plan Administrator within 60 days of the second Qualifying Event.

Termination Of COBRA Coverage — A Qualified Beneficiary's COBRA continuation coverage will end at midnight on the earliest of:

- the day your employer ceases to provide any Group health Plan to any employee;
- the day the premium is due and unpaid;
- the day the individual first becomes covered under any other group health plan (after the COBRA election);
- the day the individual again becomes covered as an employee or dependent under this Plan;
- the day an insured person becomes entitled to benefits under Medicare (after COBRA election); or
- the day health insurance has been continued for the maximum period of time allowed (18, 29 or 36 months).

NOTE: In the event more than one continuous provision applies, the periods of continued coverage may run concurrently, but never for more than 36 months.

Uniformed Services Employment And Reemployment Rights (Military Leave)

The Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) requires that continued coverage under an employer Group health Plan be offered to an employee and covered dependents if coverage would otherwise be lost due to a military leave.

Continuation Of Group Health Coverage

If coverage under your employee Group health Plan ends because of service in the uniformed services, you may elect to continue health coverage for yourself and your covered dependents, until the earlier of:

- 24 consecutive months from the date active duty began; or
- the day after the date on which You fail to apply for, or return to employment, in accordance with USERRA.

You are responsible for payment of the required premium to continue coverage. If the leave for military service is less than 31 days, your required premium is the standard employee share of the applicable premium; for a leave in excess of 30 days, the required premium shall be no more than 102% of the total premium applicable for your membership option. Your employer will inform you of the amount and procedure for payment of premiums.

A Covered Person's continued coverage under these USERRA provisions will end at midnight on the earliest of:

- the day the employer ceases to provide any Group health Plan for its employees;
- the day premium is due and unpaid;
- the day a Covered Person again becomes covered under this Plan;
- the day coverage has been continued for the period of time stated above.

Reemployment

Following service in the uniformed services, an employee may be eligible to apply for reemployment with the employer in accordance with USERRA. Such reemployment includes the right to reenroll for Group health coverage provided by the employer, with no new waiting periods imposed.

Please contact your employer for further information regarding your rights under USERRA.

Benefit Plan Document

This SPD provides an overview of your benefits. It is not intended to be a complete description of every detail of the Group health Plan. All coverage and benefit determinations are governed by the Benefit Plan Document, which consists of the Administrative Services Agreement, this SPD, and other documents entered into between the Group and BCBSNE.

Fraud Or Misrepresentation

A Covered Person's coverage may be canceled or rescinded for fraud or intentional misrepresentation of material fact about a claim or eligibility for this coverage.

If coverage is rescinded, the amount of premium paid will be reduced by any benefits that were paid, and will be refunded. If benefits paid exceed the premium received, BCBSNE may recover the difference.

Contracting Providers

BCBSNE does not engage in the practice of medicine and all Contracting Providers provide Services under the terms of the Plan as independent practitioners of the healing arts. Such providers are not employees or agents of BCBSNE or the On-site Plan, and BCBSNE will not be liable for any act, error, or neglect of any Hospital, Physician or other provider or their agent, employee, successor or assignee.

Subrogation

Subrogation is the right to recover benefits paid for Covered Services provided as the result of Injury or Illness which was caused by another person or organization. When benefits are paid under the Group health Plan, the Plan shall be subrogated to all of the Covered Person's right of recovery against any person or organization to the extent of the benefits paid. The Subscriber, the Covered Person or the person who has the right to recover for a Covered Person (usually a parent or spouse), agrees to make reimbursement to the Plan if payment is received from any source.

This subrogation shall be a first priority lien on the full or partial proceeds of any settlement, judgment, or other payment recovered by or on behalf of the Covered Person, whether or not there has been full compensation for all his or her losses, or as provided by applicable law. The Plan's rights shall not be defeated by allocating the proceeds in whole or in part to nonmedical damages.

Contractual Right To Reimbursement

If a Covered Person receives full or partial proceeds from any other source for Covered Services for an Illness or Injury, the Group health Plan has a contractual right of reimbursement to the extent benefits were paid under the Plan for the same Illness or Injury. This contractual right to reimbursement shall be a first priority lien against any proceeds recovered by the Covered Person, whether or not the Covered Person has been fully compensated for all his or her losses, or as provided by applicable law.

Such proceeds may include, but are not limited to, any settlement; judgment; payments made under insurance; individual or group no fault auto insurance; individual or group medical payment coverage; bodily injury overage; uninsured or underinsured motorist protection; or proceeds otherwise paid by any source. This contractual right to reimbursement is in addition to and separate from the subrogation right. The Group health Plan's rights shall not be defeated by allocating the proceeds in whole or in part to nonmedical damages. For Covered Persons residing in Michigan, this Plan is always secondary to automobile no-fault coverage, personal injury protection coverage, or medical payments coverage.

When BCBSNE recovers proceeds under this contractual right to reimbursement for all or a part of the Claim, amounts previously credited to a Covered Person's Deductible or Coinsurance liability may be removed. Future Claims will be subject to the reinstated Deductible or Coinsurance.

No adult Subscriber may assign any rights to recover medical expenses from any third party to any minor or other dependent of the adult Subscriber or to any other person, without the express written consent of Group health Plan. The right to recover, whether by subrogation or reimbursement, shall apply to settlements or recoveries of deceased persons, minor dependents of a Subscriber, incompetent or disabled Subscribers, or their incompetent or disabled Eligible Dependents.

The Subscriber agrees to fully cooperate and assist in any way necessary to recover such payments, including but not limited to notifying BCBSNE of a claim or lawsuit filed on his or her behalf, or on behalf of any Eligible Dependent for an Injury or Illness. The Subscriber, Eligible Dependent or an authorized representative shall contact BCBSNE prior to settling any claim or lawsuit to obtain an updated itemization of its subrogation Claim or reimbursement amount due. Upon receiving any proceeds, the Subscriber, Eligible Dependent or an authorized representative must hold such proceeds in trust until such time as the proceeds can be transferred to the Group health Plan. The party holding the funds that rightfully belong to the Group health Plan shall not interrupt or prejudice the Plan's recovery of such payments.

Costs incurred in enforcing these provisions shall also be recovered, including, but not limited to, attorneys' fees, litigation and court costs, and other expenses.

Workers' Compensation

Benefits are not available for Services provided for Injuries or Illnesses arising out of and in the course of employment, whether or not the Covered Person fails to assert or waives his or her right to Workers' Compensation or Employer Liability Law. The employer is required to furnish or pay for such Services or a settlement can be made, pursuant to Workers' Compensation laws. (See also the section of this book titled "Exclusions — What's Not Covered.")

If a Covered Person enters into a lump-sum settlement which include compensation for past or future medical expenses for an Injury or Illness, payment will not be made under the Group health plan for Services related to that Injury or Illness.

Benefits are not payable for services determined to be not compensable due to noncompliance with terms, rules and conditions under Workers' Compensation laws, or a Certified or otherwise Licensed Workers' Compensation Managed Care Plan. In addition, benefits are not payable for Services that are related to the work Injury or Illness, but are determined to be not necessary or reasonable by the employer or Workers' Compensation carrier.

In certain instances, benefits for such Services are paid in error under the Group health Plan. If payment is received by the Covered Person for such Services, reimbursement must be made. This reimbursement may be refunded from any recovery made from the employer, or the employer's Workers' Compensation carrier, as permitted by law. Reimbursement must be made directly by the Subscriber when benefits are paid in error due to his or her failure to comply with the terms, rules and conditions of Workers' compensation laws, or a Certified or Licensed Workers' Compensation Managed Care Plan.

Legal Actions

The Subscriber cannot bring a legal action to recover under the Contract for at least 60 days after written proof of loss is given to BCBSNE. The Subscriber cannot start a legal action after three years from the date written proof of loss is required.

Your ERISA Rights

As a participant in this Group health Plan, you are entitled to certain rights and protections under ERISA (Employee Retirement Income Security Act of 1974).

ERISA provides that all plan participants shall be entitled to:

- Receive Information About Your Plan and Benefits
  - Examine, without charge, at the Plan Administrator's office and at other specified locations, all documents governing the plan, including insurance contracts, and collective bargaining agreements, and a copy of the latest annual report filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
  - Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements, copies of the latest annual report and updated summary plan description. The Plan Administrator may make a reasonable charge for the copies.
  - Receive a summary of the plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report.
- Continue Group Health Plan Coverage
  - Continue health coverage for yourself, spouse or dependents if there is a loss of coverage under the Plan as a result of a Qualifying Event (COBRA). You or your dependents may have to pay for such coverage. Review your Summary Plan Description and the documents governing the Plan for the rules regarding Your COBRA continuation rights.

Prudent Actions By Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries.

No one, including your employer or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your Claim for a benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of the plan documents or the latest annual report from the Plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator.

If you have a Claim or benefit which is denied or ignored in whole or in part, you may file suit in a state or federal court. If you disagree with the Plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in a federal court. The court will decide who should pay these costs and fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs or fees, for example, if it finds your claim is frivolous.

Assistance With Your Questions

If you have any questions about your plan, you should contact the Plan Administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest area office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory, or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

In addition to the Key Account Executive, a dedicated team of two to three benefits experts will be aligned to support more detailed projects and questions that arise. This allows State of Nebraska to develop a trusting relationship with a handful of key WEX team members committed to the success of the partnership.

Blue Cross and Blue Shield of Nebraska Partnership
WEX and Blue Cross Blue Shield of Nebraska have a Claims Exchange File, allowing for ease of claim substantiation for reimbursement participants. WEX also has SSO in place with Blue Cross Blue Shield of Nebraska clients. WEX has created 85 file integrations with Blue Cross Blue Shield of Nebraska.

Elevating HSA Administration Through Innovation and Education
WEX is uniquely positioned to provide our clients with the industry's most advanced platforms and services, empowering businesses to optimize their benefits strategy. With the largest HSA data set in the industry, we help clients make informed, strategic decisions while positively influencing employee financial wellness. Our commitment goes beyond product features—we prioritize delivering meaningful value through education, engagement, and a seamless user experience.

As a leading HSA provider, WEX is dedicated to increasing participant education, ensuring employees maximize their healthcare savings and spending decisions. Our approach is designed to enhance financial security and long-term savings for HSA participants through key resources:

- **HSA Planner** – An intuitive decision-making tool that guides participants in understanding the benefits of an HSA, determining optimal contribution amounts based on their lifestyle, and planning for future healthcare expenses.
- **Employer Toolkit** – A comprehensive resource hub that equips employers with content and tools to drive HSA enrollment and engagement, resulting in increased FICA tax savings and employee retention. The toolkit is available at wexbenefitsyou.com/openenrollment.

- **Investment Guidance** – A personalized tool that helps account holders use their HSA as a long-term savings vehicle by offering risk assessments, healthcare expense tracking, retirement planning simulations, and asset allocation recommendations.

WEX also leverages our extensive user data to provide targeted education through our **Consumer Pathways Program**—an innovative approach to HSA engagement that delivers personalized content and financial wellness insights. Since launching, WEX's Consumer Pathways program has made a huge impact for our mutual clients! Consumer Pathways takes education off the employer's plate by providing a personalized HSA user experience that drives education, engagement and financial wellness.

Below are results of our Consumer Pathways program:

- 9.4% increase in Consumer Portal logins.
- 57% of consumers increased their contributions.
- $1.4 Million increase in investments.
- 200% increase in new investors.

Use of Consumer Pathways delivers both:

- Engagement at levels above industry norms: 32% of consumers opened Pathways emails, exceeding industry averages of 22%
- Consumers clicked on email content at a rate 67% higher than industry averages.
- Incremental monthly HSA contributions increased 18%

Please let us know how we can best support State of Nebraska regarding the enclosed proposal.

Additional features & functionality

Data integrations

You'll enjoy seamless sharing of data between you, your vendors, and WEX, which starts with our teams providing the information and support employers and vendors need to build files that are efficiently transferred. We're able to exchange data automatically to ensure enrollments and contributions are loaded fast and efficiently from payroll and your HR technology system. Here's how setup works:

- As early as possible during implementation, a test file is sent to WEX to ensure the file meets the software specifications. We'll test the file and let your third-party vendor know if there are any changes to the file.
- Files are preferred in WEX's standard layout to ensure files are processed within 24 hours and that the data accuracy is maintained. Our layout was built based on experience working with the largest HR technology companies.
- If a third-party vendor submits the file, WEX provides a file format for all demographic, enrollment, and contribution information. The file is uploaded to a Secured File Transmission Protocol (SFTP) site, which is then automatically processed by our system. You will then receive an email confirming the process.

HSA Funding

You can depend on our proven system to reduce hassle with HSA funding. Here's how our contribution-based funding works:

A contribution file (integration or manual upload) is provided to WEX.

Contributions are pulled from the employer's bank account.

Funds are applied to the consumer's balance (within two business days of the contribution date on the file).

If you're looking for additional flexibility, we are able to post funds (employee or employer) on the contribution date, regardless of holidays or weekends.

Auto-enroll HSA

The financial wellness of your employees can have a dramatic effect on your workplace. Participation in an HSA can help with just that, while providing you with savings on FICA taxes. Our Auto-Enroll HSA feature lets you enroll every employee that has elected to participate in your company's HSA-eligible high-deductible health plan (HDHP).

Multiple, secure HSA transfer options

HSA Easy Move simplifies your ability to transfer your employees' HSAs to us. HSA Easy Move gives your employees the necessary transfer forms to move their funds to us. This reduces paperwork and helps them avoid additional fees by consolidating their HSAs to one account.

We also can support transfer of HSAs via an individual form or through a bulk transfer.

Bulk transfer
(Multiple forms at once)

HSA easy move
(Online, multiple forms at once)

Identity verification process

Federal law requires us to obtain, verify, and record information that identifies each person who opens an HSA prior to them being able to access or spend their funds.

What we'll ask for?
Each HSA participant's name, street address, date of birth, social security number, and other information that will allow us to identify them.

How long will it take?
After a participant provides the information, the identification verification process will be completed in about two business days. More than 95% of participants pass the first time.

What are the verification steps?

Employee enrolls in HSA

HSA is in pending phase while participant's identity is verified

Identity is verified and HSA is available for use

Non-discrimination testing

Your HSA deductions and HSA-eligible HDHP could be subject to non-discrimination compliance to ensure you're offering these plans fairly and not discriminating in favor of highly compensated or key employees. Our non-discrimination testing lets you verify if your entire cafeteria plan is in compliance. And, for one single rate, you can perform an unlimited number of tests.

Implementation was a breeze and someone was always checking with us to ensure everything was going to our liking.

HSA - Healthcare Spending Account Custodial Fees	The custodial management fee is deducted on a quarterly basis from account holder's balances invested in mutual funds. The custodial management fee is simply a flat fee of 25 basis points per year, assessed quarterly. This equates to 0.0625% each quarter on any dollars currently held in mutual funds. For example, if a participant has $2,000 in Mutual Fund A, he/she would be assessed $1.25 each quarter for a total of $5.00 over the course of the year. 12b-1 fees are automatically refunded back to consumers.

Investment Options **(enter minimum investment balance) =>** $1,500	HSA participants must maintain a cash balance of $1,500.00 in their account before they can begin investing their HSA funds. Investment options include Index, Style Specific and Asset Allocation funds. Index funds are a lower cost alternative to actively managed mutual funds. Their returns tend to closely track the performance of the market category associated with the style of the fund. Asset Allocation funds offer your clients a blend of investments defined as conservative, moderate or global. Style Specific funds target different sectors of the market that include large, mid-cap and small-cap blends in addition to a global stock, an intermediate bond fund and a real estate option. Investment options are selected based on a number of criteria including competitive long-term performance. All investment options are reviewed quarterly by an experienced team of investment managers to ensure the funds meet the investment policy objectives. Funds found not to meet the requirements of the investment management team are replaced with another mutual fund in a similar style. WEX offers a Health Savings Brokerage Account of which is available as an investment option to all HSA consumers. This option creates an integrated Health Savings Brokerage Account with Charles Schwab with a separate website/login. It also provides the ability to move HSA funds to and from the member's HSA and Health Savings Brokerage Account. Fund movement is controlled by the consumer. More than 8,500 options (including mutual funds, stocks, bonds and various other investment options) are available through the Health Savings Brokerage Account. This is a great option for knowledgeable and experienced investors who are seeking a wider range of investment options and flexibility, who can dedicate more time to managing their investments, who are comfortable with making their own investment decisions and understand the risks and want to align their HSA investments with their overall portfolio and strategy. An overview of what the Health Savings Brokerage Account is along with some additional features can be found at www.schwabhsba.com. Once the HSBA account is opened, the user will have full access to all investment options.
