2. Use and Disclosure of Confidential Information. With respect to disclosing Party's Confidential Information, the receiving Party agrees to:

a. Maintain such Confidential Information in confidence, using at least the same standard of care with respect to the Confidential Information that it uses in maintaining the confidentiality of its own Confidential Information, which shall be a reasonable standard of care;

b. Not use or disclose such Confidential Information for any reason other than the Purpose or as explicitly permitted herein, without the express permission of the disclosing Party;

c. Not misappropriate or use Confidential Information in order to intentionally damage the disclosing Party's or service provider's business or reputation or otherwise gain a competitive advantage over the disclosing Party or service provider;

8. **Injunctive Relief.** The receiving Party acknowledges that a failure by the receiving Party or its Representatives to comply with the terms of this Agreement may cause irreparable damage to the disclosing Party and that, in addition to any other legal remedies or equitable relief available to the disclosing Party for the breach of this Agreement, the disclosing Party may seek, from a court of appropriate jurisdiction, specific performance to prevent, inhibit or enjoin any action taken by the receiving Party or its Representatives in breach hereof.

9. **Governing Law.** Without limiting the disclosing Party's ability to seek injunctive relief under Section 8, any disputes between the Parties hereto are subject to mediation in accordance with the Judicial Arbitration and Mediation Service ("JAMS") as a condition precedent to the commencement of any legal proceeding hereunder. STATE OF NEBRASKA

BUSINESS ASSOCIATE AGREEMENT

THIS BUSINESS ASSOCIATE AGREEMENT ("Agreement") amends and is made a part of all Services Agreements (as defined below) between Blue Cross and Blue Shield of Nebraska Inc. ("Business Associate") and State of Nebraska ("Company") on behalf of the Group Health Plans sponsored by Company (the "Plan"). This Agreement is effective July 1, 2026, or upon the effective date of the underlying Services Agreement, whichever is later ("Effective Date"). This Agreement supersedes and replaces any prior Business Associate Agreements between the parties.

1. **Definitions**.

a. **Catch-all definitions**. The following terms used in this Agreement shall have the same meaning as those terms in the HIPAA Rules: Breach, Covered Entity, Data Aggregation, Designated Record Set, Disclose or Disclosure, Electronic Protected Health Information, Health Care Operations, Minimum Necessary, Notice of Privacy Practices, Protected Health Information or PHI, Required By Law, Secretary, Security Incident, Subcontractor, Unsecured Protected Health Information, and Use. Other capitalized terms used but not otherwise defined in this Agreement shall have the meaning ascribed in the HIPAA Rules.

b. **Specific definitions**.

(1) ***"Business Associate"*** shall generally have the same meaning as the term "Business Associate" at 45 CFR 160.103, and in reference to the party to this Agreement, shall mean the party identified above as Business Associate.

(2) ***"Business Associate Functions"*** means functions performed by Business Associate on behalf of the Plan in the course of providing or arranging for plan administration services which involve the creation, receipt, maintenance or transmission of PHI by Business Associate or its agents or Subcontractors. It is anticipated that the services provided by Business Associate will be performed as part of the Plan's "health care operations" as defined in the HIPAA Rules.

(3) ***"HIPAA Rules"*** shall mean the Privacy, Security, Breach Notification, and Enforcement Rules at 45 CFR Part 160 and Part 164. A reference in this Agreement to a section in the HIPAA Rules means the section as in effect or as amended at the time the section is to be applied.

(4) ***"Individual"*** shall generally have the same meaning ascribed in the HIPAA Rules and shall refer only to Individuals who are covered persons under the Plan.

(5) ***"Services Agreements"*** means all agreements whether now in effect or hereafter entered into, between Company and Business Associate for the performance of Business Associate Functions by Business Associate on behalf of the Plan.

Docusign Envelope ID: 5542415D-E43C-4FE9-9A25-F06D70721FC0

2. **Purpose**. The Plan is a Covered Entity under HIPAA. The HIPAA Rules require the Plan to obtain, and Business Associate to provide, satisfactory written contractual assurances before Business Associate may create, receive, maintain, or Disclose PHI to perform Business Associate Functions on behalf of the Plan. This Agreement is entered into to provide the contractual assurances required under the HIPAA Rules.

3. **Obligations of Business Associate**. As an express condition of performing Business Associate Functions, Business Associate agrees to:

a. Not Use or Disclose PHI other than as permitted or required by this Agreement or as otherwise Required by Law.

b. Use appropriate safeguards and comply with Subpart C of 45 CFR Part 164 with respect to Electronic Protected Health Information, to prevent Use or Disclosure of PHI other than as provided for in this Agreement.

c. Report to the Plan's designated privacy official, without unreasonable delay but in no event more than three (3) business days after discovery by Business Associate, any Use or Disclosure of PHI not provided for by this Agreement of which Business Associate becomes aware, including any Breach of Unsecured Protected Health Information as required at 45 CFR 164.410, and any Security Incident of which it becomes aware, together with any remedial or mitigating action taken or proposed to be taken with respect thereto. If Business Associate does not have available complete information in satisfaction of 45 CFR 164.410(c) within three (3) business days of discovery of the impermissible Use or Disclosure, Business Associate shall provide all information it has at such time and immediately update the Plan with additional information as it becomes available through prompt investigation. This Agreement serves as Business Associate's notice to the Plan that attempted but unsuccessful Security Incidents regularly occur and that no further notice will be made by Business Associate unless there has been a successful Security Incident or attempts or patterns of attempts that Business Associate determines to be suspicious.

Business Associate shall cooperate with the Plan in mitigating any harmful effects of any impermissible Use or Disclosure. In the case of a Breach as determined to exist in the sole discretion of the Plan which was due solely to a violation of this Agreement by Business Associate, Business Associate shall pay for the reasonable costs of investigation, mitigation and notification to affected Individuals. As an alternative to Business Associate reimbursing Company and the Plan for the costs of notification, the Plan may elect to have Business Associate directly provide the notifications to Individuals for breaches caused by Business Associate, provided that Company and the Plan shall have final approval of all content of notifications to Individuals.

d. In accordance with 45 CFR 164.502(e)(1)(ii) and 164.308(b)(2), ensure that any Subcontractors that create, receive, maintain, or transmit PHI on behalf of Business Associate agree in writing to substantially similar restrictions, conditions, and requirements that apply to Business Associate with respect to such information.

e. Within ten (10) business days of request by an Individual or notification by the Plan, make available to the Individual such Individual's PHI maintained by Business

Docusign Envelope ID: 5542415D-E43C-4FE9-9A25-F06D70721FC0

Associate in a Designated Record Set in accordance with 45 CFR 164.524. The parties agree that Individuals will be directed to Business Associate to make all requests for access to PHI. Business Associate will provide such access according to its own procedures for such access in accordance with the requirements of 45 CFR 164.524. If the requested PHI is maintained in one or more Designated Record Sets electronically and if the Individual requests an electronic copy of such PHI, Business Associate must provide the Individual with access to PHI in the electronic form and format requested by the Individual, if it is readily producible in such form and format; or, if not, in a readable electronic form and format as agreed to between Business Associate and the Individual. Business Associate shall provide the requested information directly to the Individual, along with a notice to the Individual that a copy of the individual's request has been furnished to the Plan and that the Plan may provide additional information to the Individual in response to the request.

If the Individual's request covers records not maintained by Business Associate, Business Associate shall notify the Plan within three (3) days of the request. The Plan will be responsible for providing access or otherwise responding directly to the Individual pursuant to the HIPAA Rules with respect to PHI not in the possession of Business Associate or an agent or subcontractor of Business Associate. Business Associate may charge the Individual reasonable fees related to this access, as determined by Business Associate, but only in such amounts as permitted by the HIPAA Rules. The Plan authorizes Business Associate to require payment of such fees from the Individual prior to releasing any records.

f. Business Associate agrees to receive requests for amendment and amend PHI as required by 45 CFR 164.526 on the Plan's behalf for as long as such information is maintained by Business Associate. The parties agree that Individuals will be directed to Business Associate to make all such requests for amendment of PHI. Business Associate will amend such PHI according to its own procedures for such amendment in accordance with the requirements of 45 CFR 164.526. If the Individual's request covers records not maintained by Business Associate, Business Associate shall notify the Plan within three (3) days of such request. The Plan will be responsible for amending or otherwise responding directly to the Individual pursuant to the HIPAA Rules with respect to PHI not in the possession of Business Associate or an agent or contractor of Business Associate. Business Associate shall notify the Plan of any amendments made to PHI.

g. Business Associate agrees to process all requests for disclosure accounting by Individuals for as long as such information is maintained by Business Associate. Individuals will be directed to Business Associate to make all such requests. Business Associate will provide the accounting that is required under 45 CFR 164.528 on the Plan's behalf directly to the Individual. Business Associate will provide such accounting according to its own procedures for such accounting in accordance with the requirements of 45 CFR 164.528.

Business Associate shall notify the Plan within three (3) days of any request made by an Individual for a disclosure accounting. The Plan will be responsible for responding directly to the Individual (or the Individual's personal representative) pursuant to 45 CFR 164.528 with respect to disclosures of PHI by persons or entities

other than Business Associate or a subcontractor or agent of Business Associate. Business Associate shall provide directly to the Individual the requested accounting of disclosures made by Business Associate or a subcontractor or agent of Business Associate, along with a notice to the Individual that a copy of the Individual's request has been furnished to the Plan and that the Plan may provide additional information to the Individual in response to the request.

h. Make its internal practices, books and records relating to this Agreement available to the Secretary of HHS for purposes of determining the Plan's and Business Associate's compliance with the HIPAA Rules.

i. So that the Plan may meet its obligations to evaluate requests for restrictions and confidential communications in connection with the disclosure of PHI under 45 CFR 164.522, Business Associate and the Plan agree that, to the extent that communications are within the control of Business Associate, Business Associate will perform these evaluations on behalf of the Plan. Business Associate will evaluate such requests according to its own procedures for such requests, in accordance with the requirements of 45 CFR 164.522, and shall implement such appropriate operational steps as are required by its own procedures. Such evaluation will not relieve the Plan of any additional and independent obligations to evaluate restrictions or implement confidential communications where requested by an Individual. Accordingly, Business Associate will evaluate requests for restrictions and requests for confidential communications and will respond to these requests as appropriate under Business Associate's procedures. The Plan agrees that it will not agree to such restriction or request that would affect Business Associate without the approval of Business Associate, so that Business Associate can determine whether it can reasonably administer the request.

j. So that the Plan may meet its obligation to evaluate complaints from Individuals regarding their privacy rights or privacy practices of the Plan or Business Associate, the parties agree that Individuals shall be directed to submit any such complaint to Business Associate for review and evaluation. Business Associate will evaluate such complaints according to its own procedures for complaints and shall implement appropriate operation steps as are required by its own procedures. The Privacy Officer of the Plan shall cooperate with Business Associate in the evaluation of any such complaint. Business Associate shall provide a copy of all complaints to the Plan within three (3) days of receipt by Business Associate. If the complaint appears to involve handling of PHI by the Plan, Plan Sponsor, or other Business Associate of the Plan, Business Associate shall notify the Plan, and it shall be the Plan's responsibility to review and evaluate the complaint.

k. Limit the Uses and Disclosures of, or requests for, PHI for purposes described in this Agreement to the Minimum Necessary to perform the required Business Associate Functions. Business Associate shall comply with any additional requirements for the determination of Minimum Necessary as are required from time to time by the HIPAA Rules, as amended, or through additional guidance published by the Secretary.

l. To the extent Business Associate is expressly obligated under the Services Agreements to carry out one or more of the Plan's obligations(s) under Subpart E of

Docusign Envelope ID: 5542415D-E43C-4FE9-9A25-F06D70721FC0

45 CFR Part 164, comply with the requirements of Subpart E that apply to the Plan in the performance of such obligation(s).

m. Except for the specific Uses and Disclosures for the Business Associate's own management and administration or to carry out the legal responsibilities of Business Associate, Business Associate shall not Use or Disclose PHI in a manner that would violate the HIPAA Rules if done by the Plan.

4. **Permitted Uses and Disclosures of PHI**. Business Associate shall only Use or Disclose PHI as follows:

a. Business Associate may Use or Disclose PHI as Required by Law. Business Associate agrees to follow the current law covering the use and disclosure of PHI related to substance abuse and reproductive health.

b. Business Associate may Use or Disclose PHI as necessary to carry out Business Associate Functions.

c. Business Associate may Use PHI for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate.

d. Business Associate may Disclose PHI for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate, provided the Disclosures are Required by Law, or Business Associate obtains reasonable assurances from the person to whom the information is Disclosed that the information will remain confidential and be Used or further Disclosed only as Required by Law or for the purposes for which it was Disclosed to the person, and the person notifies Business Associate in writing of any instances of which it is aware in which the confidentiality of the information has been breached or compromised.

e. If specifically identified as a Business Associate Function in the Services Agreements, Business Associate may provide Data Aggregation services relating to the Health Care Operations of Covered Entity.

f. If de-identification is listed as a Business Associate Function in the Services Agreements, or if Business Associate is expressly permitted to de-identify PHI and use data thus de-identified for its own uses in the Services Agreements, Business Associate may Use PHI to de-identify the information in accordance with 45 CFR 164.514(a)-(c). Business Associate may use de-identified data only for the purposes specified in the Services Agreements.

5. **Responsibilities of the Plan**. The Plan agrees to:

a. Notify Business Associate promptly of any restriction on the Use or Disclosure of PHI that the Plan has agreed to or is required to abide by under 45 CFR 164.522, to the extent such restriction may affect Business Associate's Use or Disclosure of PHI.

Docusign Envelope ID: 5542415D-E43C-4FE9-9A25-F06D70721FC0

b. Notify Business Associate of any changes in, or revocation of, the permission by an Individual to Use or Disclose PHI, to the extent that such changes may affect Business Associate's Use or Disclosure of PHI.

c. Provide Business Associate with a copy of any amendment to PHI which is accepted by Covered Entity under 45 CFR 164.526 which Covered Entity believes will apply to PHI maintained by Business Associate in a Designated Record Set.

d. Not request Business Associate to Use or Disclose PHI in any manner that would not be permissible under the HIPAA Rules if done by the Plan, with exception for any Data Aggregation services permitted under Section 4.

6. **Compliance with Electronic Transactions Rule**. If Business Associate conducts in whole or part electronic Transactions (as defined in 45 CFR 160.103) on behalf of Covered Entity for which the Secretary of HHS has established standards, Business Associate will comply, and will require any Subcontractor involved with the conduct of such Transactions to comply, with each applicable requirement of the Electronic Transactions Rule at 45 CFR Parts 160 and 162 and of any operating rules adopted by the Secretary of HHS with respect to Transactions.

7. **Supervening Law**. Upon the enactment of any law or regulation affecting the Use or Disclosure of PHI, or the publication of any decision of a court of the United States or of this state relating to any such law, or the publication of any interpretive policy or opinion of any governmental agency charged with the enforcement of any such law or regulation, the parties agree to amend this Agreement in such manner as is necessary to comply with such law or regulation. If the parties are unable to agree on an amendment within thirty (30) days, either party may terminate the Services Agreements on not less than thirty (30) days' written notice to the other.

8. **Liability and Indemnification**. Each party shall be responsible for the acts and omissions of its own agents, employees and contractors. Notwithstanding the foregoing, and notwithstanding any limitation of liability or disclaimer of damages in the Services Agreements or elsewhere, to the extent that the Secretary determines that Business Associate is acting as an agent of the Plan under the Services Agreements or this Agreement, Business Associate shall indemnify Company and the Plan for any fines, civil monetary penalties or monetary resolutions incurred by Company or the Plan, plus reasonable attorneys' fees of Company and the Plan, arising out of or relating to the actions or omissions of Business Associate which constitute a breach of this Agreement by Business Associate. This indemnification is in addition to any additional indemnification provided by Business Associate in the Services Agreement.

9. **Term and Termination**.

a. **Term**. This Agreement shall become effective on the Effective Date and shall continue in effect until all obligations of the parties have been met, including return or destruction of all PHI in Business Associate's possession (or in the possession of Business Associate's agents and Subcontractors), unless sooner terminated as provided herein. It is expressly agreed that the terms and conditions of this Agreement designed to safeguard PHI shall survive expiration or other termination of the Services Agreements and shall continue in effect until Business Associate has

Docusign Envelope ID: 5542415D-E43C-4FE9-9A25-F06D70721FC0

performed all obligations under this Agreement and has either returned or destroyed all PHI.

b. **Termination**. Company may immediately terminate this Agreement and the Services Agreements, if Company and/or the Plan makes the determination that Business Associate has breached a material term of this Agreement. Alternatively, Company may choose to provide Business Associate with written notice of the existence of an alleged material breach, and afford Business Associate an opportunity to cure the alleged material breach upon mutually agreeable terms. Failure to take reasonable steps to cure the breach is grounds for the immediate termination of this Agreement.

c. **Business Associate Obligations Upon Termination**. Upon termination of this Agreement for any reason, Business Associate, with respect to PHI received from the Plan, or created, maintained, or received by Business Associate on behalf of the Plan, shall:

(i) Retain only that PHI which is necessary for Business Associate to continue its proper management and administration or to carry out its legal responsibilities or as to which Business Associate reasonably determines such PHI is technically incapable of being returned or destroyed;

(ii) Return to the Plan or, if not provided for in the Services Agreements, destroy the PHI retained under 8.c.(i) that the Business Associate maintains in any form;

(iii) Continue to use appropriate safeguards and comply with Subpart C of 45 CFR Part 164 with respect to Electronic Protected Health Information retained by Business Associate to prevent Use or Disclosure of the PHI, other than as provided for in this Section, for as long as Business Associate retains the PHI;

(iv) Not Use or Disclose the PHI retained by Business Associate other than for the purposes for which such PHI was retained and subject to the same conditions set out at Sections 4.c. and 4.d. which applied prior to termination; and

(v) Return to the Plan or, if not provided for in the Services Agreements, destroy the PHI retained by Business Associate under Section 8.c.(i) when it is no longer needed by Business Associate for its proper management and administration or to carry out its legal responsibilities, except where Business Associate reasonably determines such PHI is not technically capable of being returned or destroyed.

10. **Miscellaneous**.

a. **Applicability**. For purposes of this Agreement, and as applicable to the Business Associate Functions of Business Associate under the Services Agreements covered by this Agreement, references to the Plan shall include the named Plan and all

Docusign Envelope ID: 5542415D-E43C-4FE9-9A25-F06D70721FC0

other group health plans subject to HIPAA and sponsored by Company that participate in an organized health care arrangement.

b. **Survival**. The respective rights and obligations of Business Associate and the Plan or Company hereunder shall survive termination of this Agreement according to the terms hereof and the obligations imposed on the Plan or Company and Business Associate under the HIPAA Rules.

c. **Interpretation; Amendment**. This Agreement shall be interpreted and applied in a manner consistent with the Plan's and Business Associate's obligations under the HIPAA Rules. All amendments shall be in writing and signed by both parties, except that this Agreement shall attach to additional Services Agreements entered into between the parties in the future without the necessity of amending this Agreement each time. This Agreement is intended to cover the entire Business Associate *relationship* between the parties, as amended, from time to time, through Services Agreements or other means.

d. **Waiver**. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

e. **No Third-Party Beneficiaries**. Nothing express or implied in this Agreement is intended to confer, nor shall anything herein confer, upon any person other than the parties and their respective successors or assigns, any rights, remedies or obligations.

IN WITNESS WHEREOF, each of the undersigned has caused this Agreement to be duly executed in its name and on its behalf.

STATE OF NEBRASKA

BUSINESS ASSOCIATE AGREEMENT

THIS BUSINESS ASSOCIATE AGREEMENT ("Agreement") amends and is made a part of all Services Agreements (as defined below) between Blue Cross and Blue Shield of Nebraska Inc. ("Business Associate") and State of Nebraska ("Company") on behalf of the Group Health Plans sponsored by Company (the "Plan"). This Agreement is effective July 1, 2026, or upon the effective date of the underlying Services Agreement, whichever is later ("Effective Date"). This Agreement supersedes and replaces any prior Business Associate Agreements between the parties.

1. **Definitions**.

a. **Catch-all definitions**. The following terms used in this Agreement shall have the same meaning as those terms in the HIPAA Rules: Breach, Covered Entity, Data Aggregation, Designated Record Set, Disclose or Disclosure, Electronic Protected Health Information, Health Care Operations, Minimum Necessary, Notice of Privacy Practices, Protected Health Information or PHI, Required By Law, Secretary, Security Incident, Subcontractor, Unsecured Protected Health Information, and Use. Other capitalized terms used but not otherwise defined in this Agreement shall have the meaning ascribed in the HIPAA Rules.

b. **Specific definitions**.

(1) ***"Business Associate"*** shall generally have the same meaning as the term "Business Associate" at 45 CFR 160.103, and in reference to the party to this Agreement, shall mean the party identified above as Business Associate.

(2) ***"Business Associate Functions"*** means functions performed by Business Associate on behalf of the Plan in the course of providing or arranging for plan administration services which involve the creation, receipt, maintenance or transmission of PHI by Business Associate or its agents or Subcontractors. It is anticipated that the services provided by Business Associate will be performed as part of the Plan's "health care operations" as defined in the HIPAA Rules.

(3) ***"HIPAA Rules"*** shall mean the Privacy, Security, Breach Notification, and Enforcement Rules at 45 CFR Part 160 and Part 164. A reference in this Agreement to a section in the HIPAA Rules means the section as in effect or as amended at the time the section is to be applied.

(4) ***"Individual"*** shall generally have the same meaning ascribed in the HIPAA Rules and shall refer only to Individuals who are covered persons under the Plan.

(5) ***"Services Agreements"*** means all agreements whether now in effect or hereafter entered into, between Company and Business Associate for the performance of Business Associate Functions by Business Associate on behalf of the Plan.

2. **Purpose**. The Plan is a Covered Entity under HIPAA. The HIPAA Rules require the Plan to obtain, and Business Associate to provide, satisfactory written contractual assurances before Business Associate may create, receive, maintain, or Disclose PHI to perform Business Associate Functions on behalf of the Plan. This Agreement is entered into to provide the contractual assurances required under the HIPAA Rules.

3. **Obligations of Business Associate**. As an express condition of performing Business Associate Functions, Business Associate agrees to:

a. Not Use or Disclose PHI other than as permitted or required by this Agreement or as otherwise Required by Law.

b. Use appropriate safeguards and comply with Subpart C of 45 CFR Part 164 with respect to Electronic Protected Health Information, to prevent Use or Disclosure of PHI other than as provided for in this Agreement.

c. Report to the Plan's designated privacy official, without unreasonable delay but in no event more than three (3) business days after discovery by Business Associate, any Use or Disclosure of PHI not provided for by this Agreement of which Business Associate becomes aware, including any Breach of Unsecured Protected Health Information as required at 45 CFR 164.410, and any Security Incident of which it becomes aware, together with any remedial or mitigating action taken or proposed to be taken with respect thereto. If Business Associate does not have available complete information in satisfaction of 45 CFR 164.410(c) within three (3) business days of discovery of the impermissible Use or Disclosure, Business Associate shall provide all information it has at such time and immediately update the Plan with additional information as it becomes available through prompt investigation. This Agreement serves as Business Associate's notice to the Plan that attempted but unsuccessful Security Incidents regularly occur and that no further notice will be made by Business Associate unless there has been a successful Security Incident or attempts or patterns of attempts that Business Associate determines to be suspicious.

Business Associate shall cooperate with the Plan in mitigating any harmful effects of any impermissible Use or Disclosure. In the case of a Breach as determined to exist in the sole discretion of the Plan which was due solely to a violation of this Agreement by Business Associate, Business Associate shall pay for the reasonable costs of investigation, mitigation and notification to affected Individuals. As an alternative to Business Associate reimbursing Company and the Plan for the costs of notification, the Plan may elect to have Business Associate directly provide the notifications to Individuals for breaches caused by Business Associate, provided that Company and the Plan shall have final approval of all content of notifications to Individuals.

d. In accordance with 45 CFR 164.502(e)(1)(ii) and 164.308(b)(2), ensure that any Subcontractors that create, receive, maintain, or transmit PHI on behalf of Business Associate agree in writing to substantially similar restrictions, conditions, and requirements that apply to Business Associate with respect to such information.

e. Within ten (10) business days of request by an Individual or notification by the Plan, make available to the Individual such Individual's PHI maintained by Business

Associate in a Designated Record Set in accordance with 45 CFR 164.524. The parties agree that Individuals will be directed to Business Associate to make all requests for access to PHI. Business Associate will provide such access according to its own procedures for such access in accordance with the requirements of 45 CFR 164.524. If the requested PHI is maintained in one or more Designated Record Sets electronically and if the Individual requests an electronic copy of such PHI, Business Associate must provide the Individual with access to PHI in the electronic form and format requested by the Individual, if it is readily producible in such form and format; or, if not, in a readable electronic form and format as agreed to between Business Associate and the Individual. Business Associate shall provide the requested information directly to the Individual, along with a notice to the Individual that a copy of the individual's request has been furnished to the Plan and that the Plan may provide additional information to the Individual in response to the request.

If the Individual's request covers records not maintained by Business Associate, Business Associate shall notify the Plan within three (3) days of the request. The Plan will be responsible for providing access or otherwise responding directly to the Individual pursuant to the HIPAA Rules with respect to PHI not in the possession of Business Associate or an agent or subcontractor of Business Associate. Business Associate may charge the Individual reasonable fees related to this access, as determined by Business Associate, but only in such amounts as permitted by the HIPAA Rules. The Plan authorizes Business Associate to require payment of such fees from the Individual prior to releasing any records.

f. Business Associate agrees to receive requests for amendment and amend PHI as required by 45 CFR 164.526 on the Plan's behalf for as long as such information is maintained by Business Associate. The parties agree that Individuals will be directed to Business Associate to make all such requests for amendment of PHI. Business Associate will amend such PHI according to its own procedures for such amendment in accordance with the requirements of 45 CFR 164.526. If the Individual's request covers records not maintained by Business Associate, Business Associate shall notify the Plan within three (3) days of such request. The Plan will be responsible for amending or otherwise responding directly to the Individual pursuant to the HIPAA Rules with respect to PHI not in the possession of Business Associate or an agent or contractor of Business Associate. Business Associate shall notify the Plan of any amendments made to PHI.

g. Business Associate agrees to process all requests for disclosure accounting by Individuals for as long as such information is maintained by Business Associate. Individuals will be directed to Business Associate to make all such requests. Business Associate will provide the accounting that is required under 45 CFR 164.528 on the Plan's behalf directly to the Individual. Business Associate will provide such accounting according to its own procedures for such accounting in accordance with the requirements of 45 CFR 164.528.

Business Associate shall notify the Plan within three (3) days of any request made by an Individual for a disclosure accounting. The Plan will be responsible for responding directly to the Individual (or the Individual's personal representative) pursuant to 45 CFR 164.528 with respect to disclosures of PHI by persons or entities

other than Business Associate or a subcontractor or agent of Business Associate. Business Associate shall provide directly to the Individual the requested accounting of disclosures made by Business Associate or a subcontractor or agent of Business Associate, along with a notice to the Individual that a copy of the Individual's request has been furnished to the Plan and that the Plan may provide additional information to the Individual in response to the request.

h. Make its internal practices, books and records relating to this Agreement available to the Secretary of HHS for purposes of determining the Plan's and Business Associate's compliance with the HIPAA Rules.

i. So that the Plan may meet its obligations to evaluate requests for restrictions and confidential communications in connection with the disclosure of PHI under 45 CFR 164.522, Business Associate and the Plan agree that, to the extent that communications are within the control of Business Associate, Business Associate will perform these evaluations on behalf of the Plan. Business Associate will evaluate such requests according to its own procedures for such requests, in accordance with the requirements of 45 CFR 164.522, and shall implement such appropriate operational steps as are required by its own procedures. Such evaluation will not relieve the Plan of any additional and independent obligations to evaluate restrictions or implement confidential communications where requested by an Individual. Accordingly, Business Associate will evaluate requests for restrictions and requests for confidential communications and will respond to these requests as appropriate under Business Associate's procedures. The Plan agrees that it will not agree to such restriction or request that would affect Business Associate without the approval of Business Associate, so that Business Associate can determine whether it can reasonably administer the request.

j. So that the Plan may meet its obligation to evaluate complaints from Individuals regarding their privacy rights or privacy practices of the Plan or Business Associate, the parties agree that Individuals shall be directed to submit any such complaint to Business Associate for review and evaluation. Business Associate will evaluate such complaints according to its own procedures for complaints and shall implement appropriate operation steps as are required by its own procedures. The Privacy Officer of the Plan shall cooperate with Business Associate in the evaluation of any such complaint. Business Associate shall provide a copy of all complaints to the Plan within three (3) days of receipt by Business Associate. If the complaint appears to involve handling of PHI by the Plan, Plan Sponsor, or other Business Associate of the Plan, Business Associate shall notify the Plan, and it shall be the Plan's responsibility to review and evaluate the complaint.

k. Limit the Uses and Disclosures of, or requests for, PHI for purposes described in this Agreement to the Minimum Necessary to perform the required Business Associate Functions. Business Associate shall comply with any additional requirements for the determination of Minimum Necessary as are required from time to time by the HIPAA Rules, as amended, or through additional guidance published by the Secretary.

l. To the extent Business Associate is expressly obligated under the Services Agreements to carry out one or more of the Plan's obligations(s) under Subpart E of

45 CFR Part 164, comply with the requirements of Subpart E that apply to the Plan in the performance of such obligation(s).

m. Except for the specific Uses and Disclosures for the Business Associate's own management and administration or to carry out the legal responsibilities of Business Associate, Business Associate shall not Use or Disclose PHI in a manner that would violate the HIPAA Rules if done by the Plan.

4. **Permitted Uses and Disclosures of PHI**. Business Associate shall only Use or Disclose PHI as follows:

a. Business Associate may Use or Disclose PHI as Required by Law. Business Associate agrees to follow the current law covering the use and disclosure of PHI related to substance abuse and reproductive health.

b. Business Associate may Use or Disclose PHI as necessary to carry out Business Associate Functions.

c. Business Associate may Use PHI for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate.

d. Business Associate may Disclose PHI for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate, provided the Disclosures are Required by Law, or Business Associate obtains reasonable assurances from the person to whom the information is Disclosed that the information will remain confidential and be Used or further Disclosed only as Required by Law or for the purposes for which it was Disclosed to the person, and the person notifies Business Associate in writing of any instances of which it is aware in which the confidentiality of the information has been breached or compromised.

e. If specifically identified as a Business Associate Function in the Services Agreements, Business Associate may provide Data Aggregation services relating to the Health Care Operations of Covered Entity.

f. If de-identification is listed as a Business Associate Function in the Services Agreements, or if Business Associate is expressly permitted to de-identify PHI and use data thus de-identified for its own uses in the Services Agreements, Business Associate may Use PHI to de-identify the information in accordance with 45 CFR 164.514(a)-(c). Business Associate may use de-identified data only for the purposes specified in the Services Agreements.

5. **Responsibilities of the Plan**. The Plan agrees to:

a. Notify Business Associate promptly of any restriction on the Use or Disclosure of PHI that the Plan has agreed to or is required to abide by under 45 CFR 164.522, to the extent such restriction may affect Business Associate's Use or Disclosure of PHI.

b. Notify Business Associate of any changes in, or revocation of, the permission by an Individual to Use or Disclose PHI, to the extent that such changes may affect Business Associate's Use or Disclosure of PHI.

c. Provide Business Associate with a copy of any amendment to PHI which is accepted by Covered Entity under 45 CFR 164.526 which Covered Entity believes will apply to PHI maintained by Business Associate in a Designated Record Set.

d. Not request Business Associate to Use or Disclose PHI in any manner that would not be permissible under the HIPAA Rules if done by the Plan, with exception for any Data Aggregation services permitted under Section 4.

6. **Compliance with Electronic Transactions Rule**. If Business Associate conducts in whole or part electronic Transactions (as defined in 45 CFR 160.103) on behalf of Covered Entity for which the Secretary of HHS has established standards, Business Associate will comply, and will require any Subcontractor involved with the conduct of such Transactions to comply, with each applicable requirement of the Electronic Transactions Rule at 45 CFR Parts 160 and 162 and of any operating rules adopted by the Secretary of HHS with respect to Transactions.

7. **Supervening Law**. Upon the enactment of any law or regulation affecting the Use or Disclosure of PHI, or the publication of any decision of a court of the United States or of this state relating to any such law, or the publication of any interpretive policy or opinion of any governmental agency charged with the enforcement of any such law or regulation, the parties agree to amend this Agreement in such manner as is necessary to comply with such law or regulation. If the parties are unable to agree on an amendment within thirty (30) days, either party may terminate the Services Agreements on not less than thirty (30) days' written notice to the other.

8. **Liability and Indemnification**. Each party shall be responsible for the acts and omissions of its own agents, employees and contractors. Notwithstanding the foregoing, and notwithstanding any limitation of liability or disclaimer of damages in the Services Agreements or elsewhere, to the extent that the Secretary determines that Business Associate is acting as an agent of the Plan under the Services Agreements or this Agreement, Business Associate shall indemnify Company and the Plan for any fines, civil monetary penalties or monetary resolutions incurred by Company or the Plan, plus reasonable attorneys' fees of Company and the Plan, arising out of or relating to the actions or omissions of Business Associate which constitute a breach of this Agreement by Business Associate. This indemnification is in addition to any additional indemnification provided by Business Associate in the Services Agreement.

9. **Term and Termination**.

a. **Term**. This Agreement shall become effective on the Effective Date and shall continue in effect until all obligations of the parties have been met, including return or destruction of all PHI in Business Associate's possession (or in the possession of Business Associate's agents and Subcontractors), unless sooner terminated as provided herein. It is expressly agreed that the terms and conditions of this Agreement designed to safeguard PHI shall survive expiration or other termination of the Services Agreements and shall continue in effect until Business Associate has

performed all obligations under this Agreement and has either returned or destroyed all PHI.

b. **Termination**. Company may immediately terminate this Agreement and the Services Agreements, if Company and/or the Plan makes the determination that Business Associate has breached a material term of this Agreement. Alternatively, Company may choose to provide Business Associate with written notice of the existence of an alleged material breach, and afford Business Associate an opportunity to cure the alleged material breach upon mutually agreeable terms. Failure to take reasonable steps to cure the breach is grounds for the immediate termination of this Agreement.

c. **Business Associate Obligations Upon Termination**. Upon termination of this Agreement for any reason, Business Associate, with respect to PHI received from the Plan, or created, maintained, or received by Business Associate on behalf of the Plan, shall:

(i) Retain only that PHI which is necessary for Business Associate to continue its proper management and administration or to carry out its legal responsibilities or as to which Business Associate reasonably determines such PHI is technically incapable of being returned or destroyed;

(ii) Return to the Plan or, if not provided for in the Services Agreements, destroy the PHI retained under 8.c.(i) that the Business Associate maintains in any form;

(iii) Continue to use appropriate safeguards and comply with Subpart C of 45 CFR Part 164 with respect to Electronic Protected Health Information retained by Business Associate to prevent Use or Disclosure of the PHI, other than as provided for in this Section, for as long as Business Associate retains the PHI;

(iv) Not Use or Disclose the PHI retained by Business Associate other than for the purposes for which such PHI was retained and subject to the same conditions set out at Sections 4.c. and 4.d. which applied prior to termination; and

(v) Return to the Plan or, if not provided for in the Services Agreements, destroy the PHI retained by Business Associate under Section 8.c.(i) when it is no longer needed by Business Associate for its proper management and administration or to carry out its legal responsibilities, except where Business Associate reasonably determines such PHI is not technically capable of being returned or destroyed.

10. **Miscellaneous**.

a. **Applicability**. For purposes of this Agreement, and as applicable to the Business Associate Functions of Business Associate under the Services Agreements covered by this Agreement, references to the Plan shall include the named Plan and all

other group health plans subject to HIPAA and sponsored by Company that participate in an organized health care arrangement.

b. **Survival**. The respective rights and obligations of Business Associate and the Plan or Company hereunder shall survive termination of this Agreement according to the terms hereof and the obligations imposed on the Plan or Company and Business Associate under the HIPAA Rules.

c. **Interpretation; Amendment**. This Agreement shall be interpreted and applied in a manner consistent with the Plan's and Business Associate's obligations under the HIPAA Rules. All amendments shall be in writing and signed by both parties, except that this Agreement shall attach to additional Services Agreements entered into between the parties in the future without the necessity of amending this Agreement each time. This Agreement is intended to cover the entire Business Associate *relationship* between the parties, as amended, from time to time, through Services Agreements or other means.

d. **Waiver**. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

e. **No Third-Party Beneficiaries**. Nothing express or implied in this Agreement is intended to confer, nor shall anything herein confer, upon any person other than the parties and their respective successors or assigns, any rights, remedies or obligations.

IN WITNESS WHEREOF, each of the undersigned has caused this Agreement to be duly executed in its name and on its behalf.

1.	I- PROCUREMENT PROCEDURE Schedule of Events	2	The RFP's schedule of events indicates a bid award date of 10/10/2025; however, the RFP questionnaire indicates a bid award date of 11/1/2025. Please confirm which date is accurate as this will impact the Implementation Timeline exhibits for both medical and pharmacy bids.	The date of 10/10/2025 on the schedule of events refers to the posting of the State's intent to award. The formal award date is TBD. Please see updated Attachment C1 - Questionnaire, posted with this addendum, which updates the date listed in question P.1 to December 1,2025. Is the scope of HIPAA Assessments related to a review and risk assessment of any possible unauthorized disclosure event that occurs on a case-by-case basis?	Bidder's documentation verifying/confirming annual review and risk assessment of any possible unauthorized disclosures is acceptable.
6.	ATTACHMENT C - QUESTIONNAIRE	N/A	We realize the instructions for responding to the questionnaire are to call for concise responses; however, as the questionnaire is in Excel, it does not allow enough space for broad questions that require lengthier responses. Is it OK with the State if bidders provide overflow responses in the adjacent cells immediately to the right of the *Vendor Response* column, if needed?	Yes.
7.	ATTACHMENT D – PERFORMANCE GUARANTEES	Row 13	**Medical Prior Authorizations and Medical Pre-Certifications:** In regard to the requirement for prior (incumbent) Prior Authorizations (PAs) and Pre-certs being processed "within two business days of receipt", can the State please confirm if this means two days from the date the PAs are loaded into our systems, or does it mean within two days of receiving the incumbent administrator's file of existing PAs? Is the State asking for processing prior to the effective date of 7/1/2026, which would be the winning bidder's start date for administration? We will honor these existing PAs and Precerts; however, we are just asking for clarification on	The State requires that there is no lapse or interruption in claims processing effective 07/01/2026 for existing PAs and Pre-certs already approved under the current carrier. If the approved PAs and Pre-certs data is received by awarded bidder before the 07/01/2026 effective date, the awarded bidder's system should capture these approvals and process claims accordingly effective 07/01/2026. If the approved PAs and Pre-certs data is received by awarded bidder after 07/01/2026, these should be processed within two business days from date received.

The State will provide direct contact for outreach, if available.

Based on this description, the GeoAccess reporting appears to be requested on *participating subscribers*, which total 13,715 per the medical census provided on 6/17/2025. There is no request to exclude out-of-state Ees/RETs, though that number is 13,458. On the file titled ***Nebraska Network Access File*****,** the State is showing only Nebraska information, and the GeoAccess	In Attachment C Questionnaire, Section H.1., provide GeoAccess reporting, for all members (including employees, retirees and their dependents. Use the count in the census, which is 28,386 members. This number captures all members including those out of state and excluding those that waived coverage. The Network Access Workbook, issued securely to Bidders with a signed NDA with Segal, will be reissued to remove those that waived coverage. The workbook will reflect in-state members only. The updated workbook count is 27, 832. Previous workbook will be removed from the secure workspace.

Questions and Answers

Following are the questions submitted and answers provided for the above-mentioned solicitation. The questions and answers are to be considered as part of the solicitation. It is the responsibility of bidders to check the State Purchasing Bureau website for all addenda or amendments.

Question Number	RFP Section Reference	RFP Page Number	Question	State Response
1.	NEBRASKA NETWORK ACCESS FILE	Entire File	Can the State please provide instructions on how bidders are to utilize the separately called out members in the **Pediatric** (< age 18) and **OBGYN** (Females > age 12) columns? These two member groups are included within the overall total membership (which includes waived employees), and GeoAccess reporting is normally run on one set of zip codes, either on total subscribers or total members.	The number of members meeting criteria "OB/GYN (female members, age 12 and older)" will be measured against group of members in "Members (Female, Age >=12)", and members meeting criteria "Pediatrician (members, birth through age 18)" will be measured against group of members in "Members (Age <= 18)".
2.	RFP Document ATTACHMENT C - QUESTIONNAIRE	Multiple Items I.1, I.13, and Section J (Wellness)	There are several references to "wellness" throughout the RFP, Attachment C Questionnaire, and the Cost Sheet. Is the State asking for an actual wellness program proposal, or are these references intended for any resources, health coaching, etc., that are included within the clinical management programs? We have seen separate Wellness RFPs from the State, so just looking for clarification. Thank you	The State is not looking for a separate wellness proposal. Bidders may include/suggest wellness programs that are part of the medical benefit. "Buy up" wellness programs may be included in the Cost Sheet. Note: these programs will not be scored.
3.	COST SHEET	HSA Fee Section	The State's Cost Sheet has requested HSA administrative fees. Our company does not perform in-house HSA administration, but we do utilize a preferred vendor. This differs from the incumbent who appears to offer both medical administration and HSA administration.	All services in the proposal must be part of the contract between the bidder and the State, no separate contracts with preferred vendors will be made.

Docusign Envelope ID: 5542415D-E43C-4FE9-9A25-F06D70721FC0

			When employers purchase our vendor's HSA administration, the contractual agreement is between the vendor and the employer. Our company is not included in the HSA administration contract arrangement between an employer and our preferred vendor. Can the State please confirm if you would consider quotes from external vendors, and if so, is it acceptable that we do not include a copy of the vendor's contract since it will not be part of our medical administration agreement with the State?	Outsourcing or utilizing a preferred vendor as a bidder's subcontractor is acceptable. The RFP allows for subcontractors on services for the awarded bidder. The State of Nebraska will not consider quotes from external vendors for HSA services. These services must be included and if needed, be subcontracted through the awarded bidder.
4.	ATTACHMENT C – QUESTIONNAIRE	Section K Health Savings Account	Is the State using an enrollment system, and if so, which system? Is the State using a payroll system, and if so, which system? Does the State have any HSA administration customization or marketing needs? Does the State have any HSA reporting needs? What are the State's Open Enrollment needs in regard to HSA? Will the State be selecting finalists for HSA administration, and if so, would the potential HSA finalist presentations be incorporated with the MEDICAL finalist presentations?	The State administers their own enrollment via Workday system and payroll via JD Edwards system. The State requires a standard HSA reporting package. Bidders are to provide their standard HSA reporting package details in Attachment C1 – Questionnaire (section K). Open Enrollment needs include: Updated information annually as well provide us with any information needed to share with public servants. If the State decides to hold vendor demonstrations, the Medical presentation includes HSA.
5.	MEDICAL DATA FILE FOR REPRICING	N/A	Please confirm the number of rows included on the claim file submitted to us on June 18, 2025. We are counting 1,101,590 rows of data, but due to the size of the file and with the file being in TXT format, the rows exceed the number allowed in Excel so we would just like confirmation of the grand total rows of data. Thank you	The Medical Data Layout & Control Totals file in the secure workspace confirms 1,101,590 records are in the claims repricing file. As a reminder, per the email on the release of the secure data, the claims repricing file MUST be returned to the secure workspace in the same order and format as it was received.

6.	1.PROCUREMENT PROCEDURE, O.9. SOLICITATION REQUIREMENTS V.PROJECT DESCRIPTION & SCOPE OF WORK, F.31 PLAN REQUIREMENTS COST SHEET	6 27 SF Medical Repricing Tab	The RFP lists the items that are "to be addressed" in the bid response, which includes #9 "Completed Attachment E – Claims Repricing File". Instructions in #31 are for bidders to "complete all RFP attachments: Attachment E – Claim Repricing File". Can the State please confirm what is to be "completed" on the repricing file and returned with the bid? We do not release claim line repricing allowed amount detail and instead provide Medical Reprice Summaries when performing repricings. The COST SHEET also includes a tab titled "SF Medical Repricing", which asks bidders to complete the eligible and repriced dollar amounts. Will the State agree to accept medical reprice summaries and the completed SF Medical Repricing tab on the COST SHEET as the completed response to the medical repricing request without claim file line item allowed pricing?	Details on completing the Claims Repricing file can be found in the Medical Data Layout & Control Totals file. Bidders are to provide network status, contracted amount, and contract type fields as noted in the file. Claim line repricing contracted amount is required and is imperative for evaluation in determining the differential between current plan costs and expected plan costs associated with possibly moving to a new vendor. The State does not agree to accept medical reprice summaries and the completed SF Medical Repricing tab on the COST SHEET as the completed response to the medical repricing request.
7.	ATTACHMENT C – QUESIONNAIRE	Section K Health Savings Account	Can the State please provide the total HSA AUM (Assets Under Management) for the following? • Cash account balance • Investment balance Is there an employer contribution to the HSA?	• Cash Balance - $2,635,276 • Investment Balance - $1,499,084 • Total - $4,134,360 • Accounts – 1,165 There is no Employer contribution to the HSA.
8.	Medical Benefits RFP - 1. b. ii. The "Contractual Agreement Form" must be signed manually in ink or by DocuSign…	Pg. 7	Will a digital signature fulfill this request?	DocuSign and an ink signature are both approved ways to complete the signature requirement process.
9.	Medical Benefits RFP - O. Solicitation Requirements	Pg. 9	Please send documents labeled 9. Attachment E – Claims Repricing File and 10. Attachment F – Count Network Access Analysis	The Claims Repricing File and the By County Network Access File were provided via secure workspace to all bidders who submitted the required Intent to Propose form and provided a fully executed NDA with Segal by the RFP due dates.

STATEWIDE COMMUNITY INVESTMENT & SUPPORT from Blue Cross and Blue Shield of Nebraska

Driven by Community

At Blue Cross and Blue Shield of Nebraska (BCBSNE), giving back is who we are. In 2024, we strengthened our commitment to Nebraska through impactful partnerships, awarding grants and donations to programs advancing health and economic vitality to local nonprofits.

We are proud to support our communities throughout the state under multiple avenues of contribution, including cybersecurity donations, teacher and student support through our *Healthy Home Team* grants, our *Nebraska Blue Foundation*, and general sponsorships.

In the last year, BCBSNE and the Nebraska Blue Foundation have provided more than over $1.8 million in financial support to nearly 200 agencies and schools throughout our state.

Nebraska Blue Foundation

To strengthen our company's legacy of investing in Nebraskans we created the *Nebraska Blue Foundation* in 2024. The foundation activates our mission of championing health and well-being for not only our members, but the **communities we serve.** The foundation has provided donations and grants to various community wellness and rural health organizations. In 2025, our inaugural grant cycle awarded $300,000 to 20 organizations focused on preventive care and senior services, helping Nebraskans live healthier, fuller lives. We recently launched our second grant cycle and will invest an additional $200,000 in projects focused on economic vitality and third places (spaces that strengthen social fabric of communities).

In addition to the grant cycles, the Foundation has made strategic investments into programs that address two challenges faced by the health care system in Nebraska – workforce and patient access:

- University of Nebraska-Kearney received $200,000 to complete the Douglas A. Kristensen Rural Health Education Building
- $75,000 was gifted to the Community Wellness Collaborative, specifically to provide CNA and phlebotomy students
- Project Access is led by Health Center Association of Nebraska (HCAN) and builds capacity for federally qualified health centers (FQHCs.) The Foundation will invest $600,000 over three years to support healthcare workforce pipeline building, operational efficiencies, capital improvements and initiatives to improve patient experience.

We are proud of the impact these investments are having on Nebraskans today – and for years to come.

Healthy Home Team
Launched in 2024, the Healthy Home Team initiative supports health and wellness projects in communities statewide. In its first year, the program awarded $500 grants to 100 high schools and a $5,000 grant to North Platte High School's food and essential item pantry.

Engaging our Employees

For more than 30 years, BCBSNE has raised funds for the **United Way of the Midlands (UWM),** a nonprofit dedicated to the educational, financial and health needs of the community. In 2024, employees supported the campaign by volunteering, pledging funds and participating in fundraising events. Team Blue raised over $363,600 through the campaign. Our partnership with UWM also includes BCBSNE's adopt-a-school partner, Conestoga Elementary School. Additionally, UWM recognized BCBSNE with a *Volunteer Organization of the Year* award in 2024. This award honors companies that consistently strive to improve the community through volunteerism.

BCBSNE employees also participated in **Food Bank for the Heartland's** Strike Out Hunger Campaign, taking first place for the most meals donated per employee in the wildcard division, contributing over 17,000 meals to individuals and families in the Heartland.

Our statewide support ranges across a gamut of opportunities to promote health, such as many agencies as noted on the previous page, offering flu shot clinics; coordinating National Walk at Lunch campaigns with our employers; and providing Nebraska schools donations of supplies, computers, and wellness related support. In 2024, we hit our stride by supporting a variety of events in the community, including Born & Raced in Nebraska's 10k series, Crofton Dam Race and Heat the Streets, to name a few.

Investing in the Future Workforce

In 2022, BCBSNE helped launch Ignite Nebraska, an apprenticeship program fueling the way toward a more equitable future. The State of Nebraska (DHHS and DOL) was a key partner in the creation of Ignite and continues to provide ongoing support to program participants. Through this development model, Ignite Nebraska's partners, like BCBSNE, work together to help apprentices succeed.

Since 2012, BCBSNE has been a proud employer partner of the Avenue Scholars program, which helps Omaha area students ages 18 to 25 prepare for and enter financially sustaining, high-demand careers. BCBSNE has hosted 125 Avenue Scholars during their internships.

In Summary

*What truly sets Blue Cross and Blue Shield of Nebraska apart is right there in our name—**"of Nebraska."** We're not just headquartered here; we live here, work here, and play here. Our roots run deep in the communities we serve, giving us a unique understanding of what matters most to Nebraskans. That local insight allows us to deliver more personalized, responsive and compassionate care. Because when you're "of Nebraska," you're not just part of a company—you're part of a community.*

SCOPE OF SERVICE

The State of Nebraska (State), Department of Administrative Services (DAS), Materiel Division, State Purchasing Bureau (SPB), is issuing this solicitation for a service contract for the purpose of selecting a qualified bidder to provide Administrative Support Services for the State of Nebraska Employee Health Care Medical Benefit Plans. A more detailed description can be found in Section V. The resulting contract may not be an exclusive contract as the State reserves the right to contract for the same or similar services from other sources now or in the future.

The term of the contract will commence upon execution of the contract by the State and the Vendor through June 30, 2029. The Contract includes the option to renew for two (2) additional one (1) year renewal periods upon mutual agreement of the Parties. The State reserves the right to extend the period of this contract beyond the termination date when mutually agreeable to the Parties.

In the event that a contract with the awarded bidder(s) is cancelled or in the event that the State needs additional Vendors to supply the solicited services, this solicitation may be used to procure the solicited services for up to eighteen (18) months from the date the Intent to Award is posted, provided that 1) the solicited goods or services will be provided by a bidder (or a successive owner) who submitted a response pursuant to this solicitation, 2) the bidder's solicitation response was evaluated, and 3) the bidder will honor the bidder's original solicitation response, including the proposed cost, allowing for any price increases that would have otherwise been allowed if the bidder would have received the initial award.

ALL INFORMATION PERTINENT TO THIS SOLICITATION CAN BE FOUND ON THE INTERNET AT: https://das.nebraska.gov/materiel/bidopps.html.

IMPORTANT NOTICE: Pursuant to Neb. Rev. Stat. § 84-602.04, State contracts in effect as of January 1, 2014, and contracts entered into thereafter, must be posted to a public website. The resulting contract, the Solicitation, and the awarded solicitation response will be posted to a public website managed by DAS, which can be found at http://statecontracts.nebraska.gov and https://www.nebraska.gov/das/materiel/purchasing/contract_search/index.php.

These postings will include the entire solicitation response. Bidder must request that proprietary information be excluded from the posting. The bidder must identify the proprietary information, mark the proprietary information according to state law, and submit the proprietary information in a separate file named conspicuously as "PROPRIETARY INFORMATION". The bidder should submit a detailed written document showing that the release of the proprietary information would give a business advantage to named business competitor(s) and explain how the named business competitor(s) will gain an actual business advantage by disclosure of information. The mere assertion that information is proprietary or that a speculative business advantage might be gained is not sufficient. (See Attorney General Opinion No. 92068, April 27, 1992). **THE BIDDER MAY NOT ASSERT THAT THE ENTIRE SOLICITATION IS PROPRIETARY. COST SHEETS WILL NOT BE CONSIDERED PROPRIETARY AND ARE A PUBLIC RECORD IN THE STATE OF NEBRASKA.** The State will determine, in its sole discretion, if the disclosure of the information designated by the Bidder as proprietary would 1) give advantage to business competitors and 2) serve no public purpose. The Bidder will be notified of the State's decision. Absent a

determination by the State that the information may be withheld pursuant to Neb. Rev. Stat. § 84-712.05, the State will consider all information a public record subject to disclosure.

If the State determines it is required to release withheld proprietary information, the bidder will be informed. It will be the bidder's responsibility to defend the bidder's asserted interest in non-disclosure.

To facilitate such public postings, with the exception of proprietary information, the State of Nebraska reserves a royalty-free, nonexclusive, and irrevocable right to copy, reproduce, publish, post to a website, or otherwise use any contract, or solicitation response for any purpose, and to authorize others to use the documents. Any individual or entity awarded a contract, or who submits a solicitation response, specifically waives any copyright or other protection the contract, or solicitation response may have; and acknowledges that they have the ability and authority to enter into such waiver. This reservation and waiver are a prerequisite for submitting a solicitation response, and award of a contract. Failure to agree to the reservation and waiver will result in the solicitation response being found non-responsive and rejected.

Any entity awarded a contract or submitting a solicitation response agrees not to sue, file a claim, or make a demand of any kind, and will indemnify and hold harmless the State and its employees, volunteers, agents, and its elected and appointed officials from and against any and all claims, liens, demands, damages, liability, actions, causes of action, losses, judgments, costs, and expenses of every nature, including investigation costs and expenses, settlement costs, and attorney fees and expenses, sustained or asserted against the State, arising out of, resulting from, or attributable to the posting of the contract or solicitation response, awards, and other documents.

This RFP and Bidder response to all attachments associated with this RFP, including all subsequent documents provided during this RFP process, will become part of the contract terms and policy between the parties.

Blue Cross and Blue Shield of Nebraska (BCBSNE) acknowledges these Scope of Service requirements.

Neb. Rev. Stat. § 73-808 allows the State to consider a variety of factors, including, but not limited to, the quality of performance of previous contracts to be considered when evaluating responses to competitive solicitations in determining a responsible bidder. Information obtained from any Contract Compliance Request or any Contract Non-Compliance Notice (See Terms & Conditions, Section H) may be used in evaluating responses to solicitations for goods and services to determine the best value for the State.

BCBSNE acknowledges the above statement.

Neb. Rev. Stat. § 73-107 allows for a preference for a resident disabled veteran or business located in a designated enterprise zone. When a state contract is to be awarded to the lowest responsible bidder, a resident disabled veteran or a business located in a designated enterprise zone under the Enterprise Zone Act shall be allowed a preference over any other resident or nonresident bidder, if all other factors are equal.

Resident disabled veterans means any person (a) who resides in the State of Nebraska, who served in the United States Armed Forces, including any reserve component or the National Guard, who was discharged or otherwise separated with a characterization of honorable or general (under honorable conditions), and who possesses a disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense and (b)(i) who owns and controls a business or, in the case of a publicly owned business, more than fifty percent of the stock is owned by one or more persons described in (a) of this paragraph and (ii) the management and daily business operations of the business are controlled by one or more persons described in (a) of this paragraph. Any contract entered into without compliance with this section shall be null and void.

Therefore, if a resident disabled veteran or business located in a designated enterprise zone submits a solicitation response in accordance with Neb. Rev. Stat. § 73-107 and has so indicated on the Contractual Agreement Form under “Vendor must complete the following” requesting priority/preference to be considered in the award of this contract, the following will need to be submitted by the Vendor within ten (10) business days of request:

1. Documentation from the United States Armed Forces confirming service,
2. Documentation of discharge or otherwise separated characterization of honorable or general (under honorable conditions),
3. Disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense; and
4. Documentation which shows ownership and control of a business or, in the case of a publicly owned business, more than fifty percent of the stock is owned by one or more persons described in subdivision (a) of this subsection; and the management and daily business operations of the business are controlled by one or more persons described in subdivision (a) of this subsection.

Docusign Envelope ID: 5542415D-E43C-4FE9-9A25-F06D70721FC0

Failure to submit the requested documentation within ten (10) business days of notice will disqualify the bidder from consideration of the preference.

BCBSNE acknowledges the above statements.

R. BEST AND FINAL OFFER

Each bidder should provide its best offer with their original solicitation response and should not expect the State to request a best and final offer (BAFO).

The State reserves the right to conduct more than one BAFO. If requested by the State, the BAFO must be submitted on the BAFO Cost Sheet and in accordance with the State's instructions. Failure to submit a requested BAFO or failure to submit a BAFO in accordance with the State's instructions may result in rejection of the bidder's entire solicitation response. BAFOs may be scored and ranked by the Evaluation Committee.

BCBSNE acknowledges the above instructions.

S. REFERENCE AND CREDIT CHECKS

The State reserves the right to conduct and consider reference and credit checks. The State reserves the right to use third parties to conduct reference and credit checks. By submitting a solicitation response, the bidder grants to the State the right to contact or arrange a visit in person with any or all of the bidder's clients. Reference and credit checks may be grounds to reject a solicitation response, withdraw an intent to award, or rescind the award of a contract.

BCBSNE acknowledges the above requirements.

T. AWARD

The State reserves the right to evaluate solicitation responses and award contracts in a manner utilizing criteria selected at the State's discretion and in the State's best interest. After evaluation of the solicitation responses, or at any point in the Solicitation process, the State of Nebraska may take one or more of the following actions:

1. Amend the solicitation;
2. Extend the date and time of a solicitation;
3. Waive deviations or errors in the State's solicitation process and in bidder responses that are not material, do not compromise the solicitation process or a bidder's response, and do not improve a Vendor's competitive position;
4. Accept or reject a portion of or all of a solicitation response;
5. Accept or reject all responses;
6. Withdraw the solicitation;
7. Elect to re-release the solicitation;
8. Award single lines or multiple lines to one or more Vendors; or,
9. Award one or more all-inclusive contracts.

Docusign Envelope ID: 5542415D-E43C-4FE9-9A25-F06D70721FC0

The solicitation does not commit the State to award a contract. Once intent to award decision has been determined, it will be posted to the Internet at: https://das.nebraska.gov/materiel/bidopps.html

Any protests must be filed by a bidder within ten (10) business days after the intent to award decision is posted to the Internet. Grievance and protest procedure is available on the Internet at: https://das.nebraska.gov/materiel/docs/NE_DAS_Materiel_Purchasing_Agency-SPB_Policy_23_07_Protest_Policy.pdf

BCBSNE acknowledges the above statements.

U. LUMP SUM OR "ALL OR NONE" SOLICITATION RESPONSES

The State reserves the right to purchase item-by-item, by groups or as a total when the State may benefit by so doing. Bidders may submit a response on an "all or none" or "lump sum" basis but should also submit a response on an item-by-item basis. The term "all or none" means a conditional response which requires the purchase of all items on which responses are offered and bidder declines to accept award on individual items; a "lump sum" response is one in which the bidder offers a lower price than the sum of the individual responses if all items are purchased but agrees to deliver individual items at the prices quoted.

"LUMP SUM" OR "ALL OR NONE" RESPONSES SHOULD BE CLEARLY IDENTIFIED ON THE FIRST PAGE OF THE SOLICITATION AND COST SHEET (IF APPLICABLE)

BCBSNE acknowledges the above instructions.

V. REJECTION OF SOLICITATION RESPONSES

The State reserves the right to reject any or all responses, wholly or in part, in the best interest of the State.

BCBSNE acknowledges the above statement.

W. PRICES & COST CLARIFICATION

Discount and Price provisions are discussed in Sections III.F. and III.G. The State reserves the right to review all aspects of cost for reasonableness and realism as those terms are defined in (Neb. Rev. Stat. § 73-810 (1) (a) and (b) The State may request clarification of any solicitation where the cost component indicates a significant and unsupported deviation from industry standards or in areas where detailed pricing is required. Under Neb. Rev. Stat. § 73-810 (2), the State may reject a bid if the price is not reasonable or realistic.

BCBSNE acknowledges the above statements.

X. VENDOR DEMONSTRATIONS

The State may determine that oral interviews/presentations and/or demonstrations are required. Every bidder may not be given an opportunity to interview/present and/or give demonstrations; the State reserves the right, in its discretion, to select only the top scoring bidders to present/give oral interviews. The scores from the oral interviews/presentations and/or demonstrations will be added to the scores from the Corporate Overview, Technical Response, and Cost Sheets. The presentation process will allow the bidders to demonstrate their solicitation response offering, explaining and/or clarifying any unusual or significant elements related to their solicitation responses. Bidders' key personnel, identified in their solicitation response, may be requested to participate in a structured interview to determine their understanding of the requirements of this solicitation response, their authority and reporting relationships within their firm, and their management style and philosophy. Only representatives of the State and the presenting bidder will be permitted to attend the oral interviews/presentations and/or demonstrations. A written copy or summary of the presentation, and demonstrative information (such as briefing charts, et cetera) may be offered by the bidder, but the State reserves the right to refuse or not consider the offered materials. Bidders shall not be allowed to alter or amend their solicitation responses.

Once the oral interviews/presentations and/or demonstrations have been completed, the State reserves the right to make an award without any further discussion with the bidders regarding the solicitation responses received.

Any cost incidental to the oral interviews/presentations and/or demonstrations shall be borne entirely by the bidder and will not be compensated by the State.

BCBSNE acknowledges the above statements.

II. TERMS AND CONDITIONS

Bidder should read the Terms and Conditions within this section and must initial either "Accept All Terms and Conditions Within Section as Written" or "Exceptions Taken to Terms and Conditions Within Section as Written" in the table below. If exception is not taken to a provision, it is deemed accepted as stated. If the bidder takes any exceptions, they must provide the following within the "Exceptions" field of the table below (Bidder may provide responses in separate attachment if multiple exceptions are taken):

1. The specific clause, including section reference, to which an exception has been taken;
2. An explanation of why the bidder took exception to the clause; and
3. Provide alternative language to the specific clause within the solicitation response.

The State reserves the right to negotiate rejected or proposed alternative language. If the State and bidder fail to agree on the final Terms and Conditions, the State reserves the right to reject the solicitation response. The State reserves the right to reject solicitation responses that attempt to substitute the bidder's commercial contracts and/or documents for this solicitation.

Accept All Terms and Conditions Within Section as Written (Initial)	**Exceptions Taken to Terms and Conditions Within Section as Written (Initial)**	**Exceptions:** (Bidder must note the specific clause, including section reference, to which an exception has been taken, an explanation of why the bidder took exception to the clause, and provide alternative language to the specific clause within the solicitation response.)

The bidders should submit with their solicitation response any license, user agreement, service level agreement, or similar documents that the bidder wants incorporated in the Contract. The State will not consider incorporation of any document not submitted with the solicitation response as the document will not have been included in the evaluation process. These documents shall be subject to negotiation and will be incorporated as addendums if agreed to by the Parties.

If a conflict or ambiguity arises after the Addendum to Contract Award has been negotiated and agreed to, the Addendum to Contract Award shall be interpreted as follows:

1. If only one (1) Party has a particular clause, then that clause shall control,
2. If both Parties have a similar clause, but the clauses do not conflict, the clauses shall be read together,
3. If both Parties have a similar clause, but the clauses conflict, the State's clause shall control.

BCBSNE confirms we have completed the above table as required.

A. GENERAL

1. The contract resulting from this Solicitation shall incorporate the following documents:

In addition to the list of documents included above in 1.a. – 1.e., Blue Cross and Blue Shield of Nebraska (BCBSNE) will require that our Administrative Services Agreement also becomes part of the contract with the State of Nebraska. In addition, we will require the Business Associate Agreement that we've included under the SIGNED FORMS section of our proposal.

We have included this as a deviation within EXHIBIT A - RFP Deviations.

Please refer to EXHIBIT B - Administrative Services Agreement.

Please refer to SIGNED FORMS – Business Associate Agreement (Revised).

Unless otherwise specifically stated in a future contract amendment, in case of any conflict between the incorporated documents, the documents shall govern in the following order of preference with number one (1) receiving preference over all other documents and with each lower numbered document having preference over any higher numbered document: 1) Amendment to the executed Contract with the most recent dated amendment having the highest priority, 2) Executed Contract and any attached Addenda 3) Addendums to the solicitation and any Questions and Answers, 4) the original solicitation document and

any Addenda or attachments, and 5) the Vendor's submitted solicitation response, including any terms and conditions or agreements that are accepted by the State.

Unless otherwise specifically agreed to in writing by the State, the State's standard terms and conditions, as executed by the State, shall always control over any terms and conditions or agreements submitted or included by the Vendor.

Any ambiguity or conflict in the contract discovered after its execution, not otherwise addressed herein, shall be resolved in accordance with the rules of contract interpretation as established in the State of Nebraska.

BCBSNE acknowledges the above requirements.

B. NOTIFICATION

Bidder and State shall identify the contract manager who shall serve as the point of contact for the executed contract.

C. BUYER'S REPRESENTATIVE

The State reserves the right to appoint a Buyer's Representative to manage or assist the Buyer in managing the contract on behalf of the State. The Buyer's Representative will be appointed in writing, and the appointment document will specify the extent of the Buyer's Representative authority and responsibilities. If a Buyer's Representative is appointed, the bidder will be provided a copy of the appointment document and is expected to cooperate accordingly with the Buyer's Representative. The Buyer's Representative has no authority to bind the State to a contract, amendment, addendum, or other change or addition to the contract.

BCBSNE agrees with the above statement.

D. GOVERNING LAW (Nonnegotiable)

Notwithstanding any other provision of this contract, or any amendment or addendum(s) entered into contemporaneously or at a later time, the parties understand and agree that, (1) the State of Nebraska is a sovereign state and its authority to contract is therefore subject to limitation by the State's Constitution, statutes, common law, and regulation; (2) this contract will be interpreted and enforced under the laws of the State of Nebraska; (3) any action to enforce the provisions of this agreement must be brought in the State of Nebraska per state law; (4) the person signing this contract on behalf of the State of Nebraska does not have the authority to waive the State's sovereign immunity, statutes, common law, or regulations; (5) the indemnity, limitation of liability, remedy, and other similar provisions of the final contract, if any, are entered into subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity; and, (6) all terms and conditions of the final contract, including but not limited to the clauses concerning third party use, licenses, warranties, limitations of liability, governing law and venue, usage verification, indemnity, liability, remedy or other similar provisions of the final contract are entered into specifically subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity.

The Parties must comply with all applicable local, state, and federal laws, ordinances, rules, orders, and regulations.

BCBSNE agrees with the above statements.

E. BEGINNING OF WORK & SUSPENSION OF SERVICES

The bidder shall not commence any billable work until a valid contract has been fully executed by the State and the successful Vendor. The Vendor will be notified in writing when work may begin.

The State may, at any time and without advance notice, require the Vendor to suspend any or all performance or deliverables provided under this Contract. In the event of such suspension, the Contract Manager or POC, or their designee, will issue a written order to stop work. The written order will specify which activities are to be immediately suspended and the reason(s) for the suspension. Upon receipt of such order, the Vendor shall immediately comply with its terms and take all necessary steps to mitigate and eliminate the incurrence of costs allocable to the work affected by the order during the period of suspension. The suspended performance or deliverables may only resume when the State provides the Vendor with written notice that such performance or deliverables may resume, in whole or in part.

BCBSNE agrees with the above statements.

F. AMENDMENT

This Contract may be amended in writing, within scope, upon the agreement of both parties.

BCBSNE agrees with the above statement.

G. CHANGE ORDERS OR SUBSTITUTIONS

The State and the Vendor, upon the written agreement, may make changes to the contract within the general scope of the solicitation. Changes may involve specifications, the quantity of work, or such other items as the State may find necessary or desirable. Corrections of any deliverable, service, or work required pursuant to the contract shall not be deemed a change. The Vendor may not claim forfeiture of the contract by reasons of such changes.

The Vendor shall prepare a written description of the work required due to the change and an itemized cost sheet for the change. Changes in work and the amount of compensation to be paid to the Vendor shall be determined in accordance with applicable unit prices if any, a pro-rated value, or through negotiations. The State shall not incur a price increase for changes that should have been included in the Vendor's solicitation response, were foreseeable, or result from difficulties with or failure of the Vendor's solicitation response or performance.

No change shall be implemented by the Vendor until approved by the State, and the Contract is amended to reflect the change and associated costs, if any. If there is a dispute regarding the cost, but both parties agree that immediate implementation is necessary, the change may be implemented, and cost negotiations may continue with both Parties retaining all remedies under the contract and law.

In the event any good or service is discontinued or replaced upon mutual consent during the contract period or prior to delivery, the State reserves the right to amend the contract to include the alternate product at the same price.

*****Vendor will not substitute any item that has been awarded without prior written approval of SPB*****

BCBSNE agrees with the above statements.

H. RECORD OF VENDOR PERFORMANCE

The State may document the vendor's performance, which may include, but is not limited to, the customer service provided by the vendor, the ability of the vendor, the skill of the vendor, and any instance(s) of products or services delivered or performed which fail to meet the terms of the purchase order, contract, and/or specifications. In addition to other remedies and options available to the State, the State may issue one or more notices to the vendor outlining any issues the State has regarding the vendor's performance for a specific contract ("Contract Compliance Request"). The State may also document the Vendor's performance in a report, which may or may not be provided to the vendor ("Contract Non-Compliance Notice"). The Vendor shall respond to any Contract Compliance Request or Contract Non-Compliance Notice in accordance with such notice or request. At the sole discretion of the State, such Contract Compliance Requests and Contract Non-Compliance Notices may be placed in the State's records regarding the vendor and may be considered by the State and held against the vendor in any future contract or award opportunity. The record of vendor performance will be considered in any suspension or debarment action.

I. NOTICE OF POTENTIAL VENDOR BREACH

If Vendor breaches the contract or anticipates breaching the contract, the Vendor shall immediately give written notice to the State. The notice shall explain the breach or potential breach, a proposed cure, and may include a request for a waiver of the breach if so desired. The State may, in its discretion, temporarily or permanently waive the breach. By granting a waiver, the State does not forfeit any rights or remedies to which the State is entitled by law or equity, or pursuant to the provisions of the contract. Failure to give immediate notice, however, may be grounds for denial of any request for a waiver of a breach.

BCBSNE agrees with the above requirement.

J. BREACH

Either Party may terminate the contract, in whole or in part, if the other Party breaches its duty to perform its obligations under the contract in a timely and proper manner. Termination requires written notice of default and a thirty (30) calendar day (or longer at the non-breaching Party's discretion considering the gravity and nature of the default) cure period. Said notice shall be delivered by email, delivery receipt requested; certified mail, return receipt requested; or in person with proof of delivery. Allowing time to cure a failure or breach of contract does not waive the right to immediately terminate the contract for the same or different contract breach which may occur at a different time.

The State's failure to make payment shall not be a breach, and the Vendor shall retain all available statutory remedies.

BCBSNE agrees with the above requirements.

K. NON-WAIVER OF BREACH

The acceptance of late performance with or without objection or reservation by a Party shall not waive any rights of the Party nor constitute a waiver of the requirement of timely performance of any obligations remaining to be performed.

BCBSNE agrees with the above statement.

L. SEVERABILITY

If any term or condition of the contract is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and conditions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the contract did not contain the provision held to be invalid or illegal.

BCBSNE agrees with the above statement.

M. INDEMNIFICATION

1. GENERAL

The Vendor agrees to defend, indemnify, and hold harmless the State and its employees, volunteers, agents, and its elected and appointed officials ("the indemnified parties") from and against any and all third party claims, liens, demands, damages, liability, actions, causes of action, losses, judgments, costs, and expenses of every nature, including investigation costs and expenses, settlement costs, and attorney fees and expenses ("the claims"), sustained or asserted against the State for personal injury, death, or property loss or damage, arising out of, resulting from, or attributable to the willful misconduct, negligence, error, or omission of the Vendor, its employees, Subcontractors, consultants, representatives, and agents, resulting from this contract, except to the extent such Vendor liability is attenuated by any action of the State which directly and proximately contributed to the claims.

2. INTELLECTUAL PROPERTY

The Vendor agrees it will, at its sole cost and expense, defend, indemnify, and hold harmless the indemnified parties from and against any and all claims, to the extent such claims arise out of, result from, or are attributable to, the actual or alleged infringement or misappropriation of any patent, copyright, trade secret, trademark, or confidential information of any third party by the Vendor or its employees, Subcontractors, consultants, representatives, and agents; provided, however, the State gives the Vendor prompt notice in writing of the claim. The Vendor may not settle any infringement claim that will affect the State's use of the Licensed Software without the State's prior written consent, which consent may be withheld for any reason.

If a judgment or settlement is obtained or reasonably anticipated against the State's use of any intellectual property for which the Vendor has indemnified the State, the Vendor shall, at the Vendor's sole cost and expense, promptly modify the item or items which were determined to be infringing, acquire a license or licenses on the State's behalf to provide the necessary rights to the State to eliminate the infringement, or provide the State with a non-infringing substitute that provides the State the same functionality. At the State's election, the actual or anticipated judgment may be treated as a breach of warranty by the Vendor, and the State may receive the remedies provided under this Solicitation.

3. PERSONNEL

The Vendor shall, at its expense, indemnify and hold harmless the indemnified parties from and against any claim with respect to withholding taxes, worker's compensation, employee benefits, or any other claim, demand, liability, damage, or loss of any nature relating to any of the personnel, including subcontractor's and their employees, provided by the Vendor.

4. SELF-INSURANCE

The State of Nebraska is self-insured for any loss and purchases excess insurance coverage pursuant to Neb. Rev. Stat. § 81-8,239.01. If there is a presumed loss under the provisions of this agreement, Vendor may file a claim with the Office of Risk Management pursuant to Neb. Rev. Stat. §§ 81-8,239.01 to 81-8,306 for review by the State Claims Board. The State retains all rights and immunities under the State Miscellaneous (Neb. Rev. Stat. § 81-8,294), Tort (Neb. Rev. Stat. § 81-8,209), and Contract Claim Acts (Neb. Rev. Stat. § 81-8,302), as outlined in state law and accepts liability under this agreement only to the extent provided by law.

5. The Parties acknowledge that Attorney General for the State of Nebraska is required by statute to represent the legal interests of the State, and that any provision of this indemnity clause is subject to the statutory authority of the Attorney General.

BCBSNE agrees with the above indemnification provisions.

N. ATTORNEY'S FEES

In the event of any litigation, appeal, or other legal action to enforce any provision of the contract, the Parties agree to pay all expenses of such action, as permitted by law and if ordered by the court, including attorney's fees and costs, if the other Party prevails.

BCBSNE agrees with the above indemnification provisions, including reasonable attorneys' fees and costs.

O. PERFORMANCE BOND

The Awarded Bidder will be required to supply a bond executed by a corporation authorized to contract surety in the State of Nebraska, payable to the State of Nebraska, which shall be valid for the life of the contract to include any renewal and/or extension periods. The amount of the bond must be $2 million. The bond will guarantee that the Awarded Bidder will faithfully perform all requirements, terms and conditions of the contract. Failure to comply shall be grounds for forfeiture of the bond as liquidated damages. Amount of forfeiture will be determined by the agency based on loss to the State. The bond will be returned when the contract has been satisfactorily completed as solely determined by the State, after termination or expiration of the contract.

BCBSNE agrees with the above requirement.

P. ASSIGNMENT, SALE, OR MERGER

Either Party may assign the contract upon mutual written agreement of the other Party. Such agreement shall not be unreasonably withheld.

The Vendor retains the right to enter into a sale, merger, acquisition, internal reorganization, or similar transaction involving Vendor's business. Vendor agrees to cooperate with the State in executing amendments to the contract to allow for the transaction. If a third party or entity is involved in the transaction, the Vendor will remain responsible for performance of the contract until such time as the person or entity involved in the transaction agrees in writing to be contractually bound by this contract and perform all obligations of the contract.

BCBSNE agrees with the above requirements.

The State of Nebraska shall not be contractually or otherwise obligated or liable under any contract entered into pursuant to this clause. The State shall be notified if a contract is executed based upon this contract.

BCBSNE agrees with the above statements.

R. FORCE MAJEURE

A. INDEPENDENT VENDOR / OBLIGATIONS

It is agreed that the Vendor is an independent Vendor and that nothing contained herein is intended or should be construed as creating or establishing a relationship of employment, agency, or a partnership.

The Vendor is solely responsible for fulfilling the contract. The Vendor or the Vendor's representative shall be the sole point of contact regarding all contractual matters.

The Vendor shall secure, at its own expense, all personnel required to perform the services under the contract. The personnel the Vendor uses to fulfill the contract shall have no contractual or other legal relationship with the State; they shall not be considered employees of the State and shall not be entitled to any compensation, rights or benefits from the State, including but not limited to, tenure rights, medical and hospital care, sick and vacation leave, severance pay, or retirement benefits.

Docusign Envelope ID: 5542415D-E43C-4FE9-9A25-F06D70721FC0

By-name personnel commitments made in the bidder's solicitation response shall not be changed without the prior written approval of the State. Replacement of these personnel, if approved by the State, shall be with personnel of equal or greater ability and qualifications.

All personnel assigned by the Vendor to the contract shall be employees of the Vendor or a subcontractor and shall be fully qualified to perform the work required herein. Personnel employed by the Vendor or a subcontractor to fulfill the terms of the contract shall remain under the sole direction and control of the Vendor or the subcontractor respectively.

With respect to its employees, the Vendor agrees to be solely responsible for the following:

1. Any and all pay, benefits, and employment taxes and/or other payroll withholding,
2. Any and all vehicles used by the Vendor's employees, including all insurance required by state law,
3. Damages incurred by Vendor's employees within the scope of their duties under the contract,
4. Maintaining Workers' Compensation and health insurance that complies with state and federal law and submitting any reports on such insurance to the extent required by governing law,
5. Determining the hours to be worked and the duties to be performed by the Vendor's employees; and,
6. All claims on behalf of any person arising out of employment or alleged employment (including without limit claims of discrimination alleged against the Vendor, its officers, agents, or subcontractors or subcontractor's employees).

If the Vendor intends to utilize any subcontractor, the subcontractor's level of effort, tasks, and time allocation should be clearly defined in the solicitation response. The Vendor shall agree that it will not utilize any subcontractors not specifically included in its solicitation response in the performance of the contract without the prior written authorization of the State. If the Vendor subcontracts any of the work, the Vendor agrees to pay any and all subcontractors in accordance with the Vendor's agreement with the respective subcontractor(s).

The State reserves the right to require the Vendor to reassign or remove from the project any Vendor or subcontractor employee.

Vendor shall insure that the terms and conditions contained in any contract with a subcontractor does not conflict with the terms and conditions of this contract.

The Vendor shall include a similar provision, for the protection of the State, in the contract with any Subcontractor engaged to perform work on this contract.

BCBSNE cannot agree to the requirements as written above regarding subcontractors. As a full service insurance company and administrator, we are continually reviewing and updating our subcontractors. Any subcontractors utilized on the State's account will follow BCBSNE's specific subcontractor agreement. The contracts with these vendors include all necessary provisions required by BCBSNE and we do not offer customization to our subcontractor agreements based on employers' requirements.

In addition to including this in the table at the beginning of this Section III, we have also included this within EXHIBIT A - RFP Deviations.

B. FOREIGN ADVERSARY CONTRACTING PROHIBITION ACT CERTIFICATION (Nonnegotiable)

The Vendor certifies that it is not a scrutinized company as defined under the Foreign Adversary Contracting Prohibition Act, Neb. Rev. Stat. Sec. § 73-903 (5); that it will not subcontract with any scrutinized company for any aspect of performance of the contemplated contract; and that any products or services to be provided do not originate with a scrutinized company.

BCBSNE confirms we are not a scrutinized company as defined under the Foreign Adversary Contracting Prohibition Act.

C. EMPLOYEE WORK ELIGIBILITY STATUS

The Vendor is required and hereby agrees to use a federal immigration verification system to determine the work eligibility status of employees physically performing services within the State of Nebraska. A federal immigration verification system means the electronic verification of the work authorization program authorized by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, 8 U.S.C. 1324a, known as the E-Verify Program, or an equivalent federal program designated by the United States Department of Homeland Security or other federal agency authorized to verify the work eligibility status of an employee.

If the Vendor is an individual or sole proprietorship, the following applies:

1. The Vendor must complete the United States Citizenship Attestation Form, available on the Department of Administrative Services website at https://das.nebraska.gov/materiel/docs/pdf/Individual%20or%20Sole%20Proprietor%20United%20States%20Attestation%20Form%20English%20and%20Spanish.pdf
2. The completed United States Attestation Form should be submitted with the Solicitation response.
3. If the Vendor indicates on such attestation form that he or she is a qualified alien, the Vendor agrees to provide the US Citizenship and Immigration Services documentation required to verify the Vendor's lawful presence in the United States using the Systematic Alien Verification for Entitlements (SAVE) Program.
4. The Vendor understands and agrees that lawful presence in the United States is required, and the Vendor may be disqualified or the contract terminated if such lawful presence cannot be verified as required by Neb. Rev. Stat. § 4-108.

BCBSNE agrees with the requirements above.

It is the policy of BCBSNE to comply with the provisions of the Immigration Reform and Control Act of 1986 without discrimination against any individual based on an individual's national origin or citizenship status. BCBSNE is required as a federal contractor to participate in E-verify. E-verify is completed the same time as the I-9 form. If an employee's eligibility is not confirmed by the E-verify process, BCBSNE follows the E-verify tentative non-confirmation process as defined by the government. If the employee is not able to establish eligibility through the E-verify tentative

nonconfirmation process within the established deadlines, employment is terminated. Re-employment, at the manager's discretion, cannot be discussed until such time as the appropriate documentation is made available and the same or a suitable position is open.

D. COMPLIANCE WITH CIVIL RIGHTS LAWS AND EQUAL OPPORTUNITY EMPLOYMENT / NONDISCRIMINATION (Nonnegotiable)

The Vendor shall comply with all applicable local, state, and federal statutes and regulations regarding civil rights laws and equal opportunity employment. The Nebraska Fair Employment Practice Act prohibits Vendors of the State of Nebraska, and their Subcontractors, from discriminating against any employee or applicant for employment, with respect to hire, tenure, terms, conditions, compensation, or privileges of employment because of race, color, religion, sex, disability, marital status, or national origin (Neb. Rev. Stat. §§ 48-1101 to 48-1125). The Vendor guarantees compliance with the Nebraska Fair Employment Practice Act, and breach of this provision shall be regarded as a material breach of contract. The Vendor shall insert a similar provision in all Subcontracts for goods and services to be covered by any contract resulting from this Solicitation.

BCBSNE agrees with the above compliance requirements.

E. COOPERATION WITH OTHER VENDORS

Vendor may be required to work with or in close proximity to other Vendors or individuals that may be working on same or different projects. The Vendor shall agree to cooperate with such other Vendors or individuals and shall not commit or permit any act which may interfere with the performance of work by any other Vendor or individual. Vendor is not required to compromise Vendor's intellectual property or proprietary information unless expressly required to do so by this contract.

BCBSNE agrees with the above requirements.

BCBSNE will require the execution of a non-disclosure agreement with another contractor to the extent the cooperation would require the exchange of data.

F. DISCOUNTS

Prices quoted shall be inclusive of ALL trade discounts. Cash discount terms of less than thirty (30) days will not be considered as part of the solicitation response. Cash discount periods will be computed from the date of receipt of a properly executed claim voucher or the date of completion of delivery of all items in a satisfactory condition, whichever is later.

BCBSNE agrees with the above requirements.

Docusign Envelope ID: 5542415D-E43C-4FE9-9A25-F06D70721FC0

G. PRICES

Prices quoted shall be net, including transportation and delivery charges fully prepaid by the bidder, F.O.B. destination named in the Solicitation. No additional charges will be allowed for packing, packages, or partial delivery costs. When an arithmetic error has been made in the extended total, the unit price will govern.

Prices submitted on the cost sheet, once accepted by the State, shall remain fixed for the first three (3) years of the contract. Any request for a price increase subsequent to the initial three (3) years of the contract shall not exceed 3.5% of the price proposed for the period. Increases shall not be cumulative and will only apply to that period of the contract. The request for a price increase must be submitted in writing to the State Purchasing Bureau a minimum of 120 days prior to the end of the current contract period. Documentation may be required by the State to support the price increase.

Vendor agrees there are NO additional fees (beyond those outlined in the Cost Sheet) required to provide the services outlined in this RFP. Any mandatory fees must be clearly outlined in the Cost Sheet. Under no circumstances will the State be liable to Vendor for fees not disclosed in Vendor's written proposal.

The State reserves the right to deny any requested price increase. No price increases are to be billed to any State Agencies prior to written amendment of the contract by the parties.

The State will be given full proportionate benefit of any decreases for the term of the contract.

BCBSNE agrees with the above requirements.

H. PERMITS, REGULATIONS, LAWS

The contract price shall include the cost of all royalties, licenses, permits, and approvals, whether arising from patents, trademarks, copyrights or otherwise, that are in any way involved in the contract. The Vendor shall obtain and pay for all royalties, licenses, and permits, and approvals necessary for the execution of the contract. The Vendor must guarantee that it has the full legal right to the materials, supplies, equipment, software, and other items used to execute this contract.

BCBSNE agrees with the above requirements.

I. OWNERSHIP OF INFORMATION AND DATA / DELIVERABLES

The State shall have the unlimited right to publish, duplicate, use, and disclose all information and data developed or obtained by the Vendor on behalf of the State pursuant to this contract.

The State shall own and hold exclusive title to any deliverable developed as a result of this contract. Vendor shall have no ownership interest or title, and shall not patent, license, or copyright, duplicate, transfer, sell, or exchange, the design, specifications, concept, or deliverable.

BCBSNE does not agree to the language within this provision and have offered replacement language as follows here and in the Exception Table earlier within this Section III:

Docusign Envelope ID: 5542415D-E43C-4FE9-9A25-F06D70721FC0

Data contained in membership files submitted to BCBSNE by the State are the property of the State. Once the files submitted to BCBSNE are entered into BCBSNE's proprietary systems, the data produced, extracted or reported from the BCBSNE systems is the property of BCBSNE ("BCBSNE Proprietary Data"). Any requests for disclosures to third parties or uses of BCBSNE Proprietary Data by the State shall require mutual consent of the parties here to. BCBSNE would require the execution of a non-disclosure agreement with another contractor to the extent the cooperation would require the exchange of data.

In addition to including this in the table at the beginning of this Section III, we have also included this within EXHIBIT A - RFP Deviations.

J. INSURANCE REQUIREMENTS

The Vendor shall throughout the term of the contract maintain insurance as specified herein and provide the State a current Certificate of Insurance/Acord Form (COI) verifying the coverage. The Vendor shall not commence work on the contract until the insurance is in place. If Vendor subcontracts any portion of the Contract the Vendor must, throughout the term of the contract, either:

1. Provide equivalent insurance for each subcontractor and provide a COI verifying the coverage for the subcontractor,
2. Require each subcontractor to have equivalent insurance and provide written notice to the State that the Vendor has verified that each subcontractor has the required coverage; or,
3. Provide the State with copies of each subcontractor's Certificate of Insurance evidencing the required coverage.

The Vendor shall not allow any Subcontractor to commence work until the Subcontractor has equivalent insurance. The failure of the State to require a COI, or the failure of the Vendor to provide a COI or require subcontractor insurance shall not limit, relieve, or decrease the liability of the Vendor hereunder.

BCBSNE does not agree to the above requirements surrounding subcontractor insurance coverage. BCBSNE requires subcontractors to carry adequate levels of corporate insurance; however, BCBSNE is not responsible for ensuring subcontractors maintain specific levels of insurance, nor do we provide worker's compensation insurance to any BCBSNE subcontractors. In the event an issue occurs with a subcontractor and the subcontractor does not have adequate insurance coverage, BCBSNE's corporate insurance will prevail.

In addition to including this in the table at the beginning of this Section III, we have also included this within EXHIBIT A - RFP Deviations.

In the event that any policy written on a claims-made basis terminates or is canceled during the term of the contract or within three (3) years of termination or expiration of the contract, the Vendor shall obtain an extended discovery or reporting period, or a new insurance policy, providing coverage required by this contract for the term of the contract and three (3) years following termination or expiration of the contract.

Docusign Envelope ID: 5542415D-E43C-4FE9-9A25-F06D70721FC0

If by the terms of any insurance a mandatory deductible is required, or if the Vendor elects to increase the mandatory deductible amount, the Vendor shall be responsible for payment of the amount of the deductible in the event of a paid claim.

Notwithstanding any other clause in this Contract, the State may recover up to the liability limits of the insurance policies required herein.

1. **WORKERS' COMPENSATION INSURANCE**

The Vendor shall take out and maintain during the life of this contract the statutory Workers' Compensation and Employer's Liability Insurance for all of the contactors' employees to be engaged in work on the project under this contract and, in case any such work is sublet, the Vendor shall require the Subcontractor similarly to provide Worker's Compensation and Employer's Liability Insurance for all of the Subcontractor's employees to be engaged in such work. This policy shall be written to meet the statutory requirements for the state in which the work is to be performed, including Occupational Disease. **The policy shall include a waiver of subrogation in favor of the State. L. CONFLICT OF INTEREST

By submitting a solicitation response, vendor certifies that no relationship exists between the vendor and any person or entity which either is, or gives the appearance of, a conflict of interest related to this solicitation or project.

Vendor further certifies that vendor will not employ any individual known by vendor to have a conflict of interest nor shall vendor take any action or acquire any interest, either directly or indirectly, which will conflict in any manner or degree with the performance of its contractual obligations hereunder or which creates an actual or appearance of conflict of interest.

If there is an actual or perceived conflict of interest, vendor shall provide with its solicitation response a full disclosure of the facts describing such actual or perceived conflict of interest and a proposed mitigation plan for consideration. The State will then consider such disclosure and proposed mitigation plan and either approve or reject as part of the overall solicitation response evaluation.

BCBSNE cannot agree to the provision as written above.

BCBSNE agrees that it shall not solicit State of Nebraska employees for the term of this agreement, provided that the foregoing provision will not prevent BCBSNE from employing any such person who contacts BCBSNE on his or her own initiative without any direct or indirect solicitation by, or encouragement from, BCBSNE, or in response to general advertisements not specifically directed at any employee of the State of Nebraska.

In addition to including this in the table at the beginning of this Section III, we have also included this within EXHIBIT A - RFP Deviations.

M. SITE RULES AND REGULATIONS

The Vendor shall use its best efforts to ensure that its employees, agents, and Subcontractors comply with site rules and regulations while on State premises. If the Vendor must perform on-site work outside of the daily operational hours set forth by the State, it must make arrangements with the State to ensure access to the facility and the equipment has been arranged. No additional payment will be made by the State on the basis of lack of access, unless the State fails to provide access as agreed to in writing between the State and the Vendor.

BCBSNE agrees with the above requirements.

N. ADVERTISING

The Vendor agrees not to refer to the contract award in advertising in such a manner as to state or imply that the company or its goods or services are endorsed or preferred by the State. Any publicity releases pertaining to the project shall not be issued without prior written approval from the State.

BCBSNE agrees with the above requirement.

O. NEBRASKA TECHNOLOGY ACCESS STANDARDS (Nonnegotiable)

1. The State of Nebraska is committed to ensuring that all information and communication technology (ICT), developed, leased, or owned by the State of Nebraska, affords equivalent access to employees, program participants and members of the public with disabilities, as it affords to employees, program participants and members of the public who are not persons with disabilities.

2. By entering into this Contract, Vendor understands and agrees that if the Vendor is providing a product or service that contains ICT, as defined in subsection 3 below and such ICT is intended to be directly interacted with by the user or is public facing, such ICT must provide equivalent access, or be modified during implementation to afford equivalent access, to employees, program participants, and members of the public who have and who do not have disabilities. The Vendor may comply with this section by complying with Section 508 of the Rehabilitation Act of 1973, as amended, and its implementing standards adopted and promulgated by the U.S. Access Board.

3. ICT means information technology and other equipment, systems, technologies, or processes, for which the principal function is the creation, manipulation, storage, display, receipt, or transmission of electronic data and information, as well as any associated content. Vendor hereby agrees ICT includes computers and peripheral equipment, information kiosks and transaction machines, telecommunications equipment, customer premises equipment, multifunction office machines, software, applications, web sites, videos, and electronic documents. For the purposes of these assurances, ICT does not include ICT that is used exclusively by a Vendor.

BCBSNE agrees with the above requirements.

P. DISASTER RECOVERY/BACK UP PLAN

The Vendor shall have a disaster recovery and back-up plan, of which a copy should be provided upon request to the State, which includes, but is not limited to equipment, personnel, facilities, and transportation, in order to continue delivery of goods and services as specified under the specifications in the contract in the event of a disaster.

BCBSNE does not agree with the above requirement of providing a copy of our detailed recovery standards.

BCBSNE has documented and implemented specific business continuity and disaster recovery plans; however, the plans contain competitively sensitive information (CSI) and personally identifiable information (PII); therefore, we do not provide copies to third parties. We can, however, make our recovery plan available for inspection on site at BCBSNE.

In addition to including this in the table at the beginning of this Section III, we have also included this within EXHIBIT A - RFP Deviations.

Q. DRUG POLICY

Vendor certifies it maintains a drug free workplace environment to ensure worker safety and workplace integrity. Vendor agrees to provide a copy of its drug free workplace policy at any time upon request by the State.

BCBSNE agrees with the above policy.

BCBSNE has a substance abuse policy that complies with the Drug Free Work Place Act of 1988 which requires federal contractors to establish a workplace free of illegal use of drugs and controlled substances. The BCBSNE Substance Abuse Policy prohibits the manufacture, distribution, dispensation, possession or use of any illegal drugs and controlled substances at any BCBSNE worksite and prohibits working under the influence of alcohol or illegal drugs. Failure to comply with this policy results in disciplinary action and/or immediate termination.

R. WARRANTY

Despite any clause to the contrary, the Vendor represents and warrants that its services hereunder shall be performed by competent personnel and shall be of professional quality consistent with generally accepted industry standards for the performance of such services and shall comply in all respects with the requirements of this Agreement. For any breach of this warranty, the Vendor shall, for a period of ninety (90) days from performance of the service, perform the services again, at no cost to the State, or if Vendor is unable to perform the services as warranted, Vendor shall reimburse the State all fees paid to Vendor for the unsatisfactory services. The rights and remedies of the parties under this warranty are in addition to any other rights and remedies of the parties provided by law or equity, including, without limitation actual damages, and, as applicable and awarded under the law, to a prevailing party, reasonable attorneys' fees and costs.

BCBSNE agrees with the first sentence above; however, we do not agree to the remaining statements within the above paragraph. Our recommended alternative is therefore the following:

WARRANTY
Despite any clause to the contrary, the Vendor represents and warrants that its services hereunder shall be performed by competent personnel and shall be of professional quality consistent with generally accepted industry standards for the performance of such services and shall comply in all respects with the requirements of this Agreement.

In addition to including this in the table at the beginning of this Section III, we have also included this within EXHIBIT A - RFP Deviations.

S. TIME IS OF THE ESSENCE

Time is of the essence with respect to Vendor's performance and deliverables pursuant to this Contract.

BCBSNE agrees with the above statement.

Contractor acknowledges that it is compliant with the Electronic Data Interchange ("EDI"), Privacy and Security Rules of the Health Insurance Portability and Accountability Act ("HIPAA") and will execute the appropriate Business Associate Agreement ("BAA") as provided by the State.

Bidder will execute (without modification) and remain in full compliance with the attached BAA with the State.

BCBSNE cannot agree to the Business Associate agreement as written. We have provided a signed version with our revisions, as well as a redlined version for review of our revisions..

In addition to including this deviation in the table at the beginning of this Section III, we have also included this within EXHIBIT A - RFP Deviations.

If the bidder takes any exceptions, they must provide the following within the "Exceptions" field of the table below (Bidder may provide responses in separate attachment if multiple exceptions are taken):

1. The specific clause, including section reference, to which an exception has been taken;
2. An explanation of why the bidder took exception to the clause; and
3. Provide alternative language to the specific clause within the solicitation response.

By signing the solicitation, bidder agrees to be legally bound by all the accepted terms and conditions, and any proposed alternative terms and conditions submitted with the solicitation response. The State reserves the right to negotiate rejected or proposed alternative language. If the State and bidder fail to agree on the final Terms and Conditions, the State reserves the right to reject the solicitation response. The State reserves the right to reject solicitation responses that attempt to substitute the bidder's commercial contracts and/or documents for this solicitation.

Accept All Payment Clauses Within Section as Written (Initial)	**Exceptions Taken to Payment Clauses Within Section as Written (Initial)**	**Exceptions:** (Bidder must note the specific clause, including section reference, to which an exception has been taken, an explanation of why the bidder took exception to the clause, and provide alternative language to the specific clause within the solicitation response.)

The State also specifically agrees that BCBSNE will not accept contingent fee audit vendors.*

A. PROHIBITION AGAINST ADVANCE PAYMENT (Nonnegotiable)

Pursuant to Neb. Rev. Stat. § 81-2403, "[n]o goods or services shall be deemed to be received by an agency until all such goods or services are completely delivered and finally accepted by the agency."

BCBSNE agrees with the above statement.

B. TAXES (Nonnegotiable)

The Vendor may request a copy of the Nebraska Department of Revenue, Nebraska Resale or Exempt Sale Certificate for Sales Tax Exemption, Form 13 for their records. Any property tax payable on the Vendor's equipment which may be installed in a state-owned facility is the responsibility of the Vendor.

BCBSNE agrees with the above statement.

Vendor must be reconciled to the billing. The information on where to submit invoices will be provided to the awarded bidder upon contract finalization. The terms and conditions included in the Vendor's invoice shall be deemed to be solely for the convenience of the parties. No terms or conditions of any such invoice shall be binding upon the State, and no action by the State, including without limitation the payment of any such invoice in whole or in part, shall be construed as binding or estopping the State with respect to any such term or condition, unless the invoice term or condition has been previously agreed to by the State as an amendment to the contract. The State shall have forty-five (45) calendar days to pay after a valid and accurate invoice is received by the State.

BCBSNE agrees with the above requirement for a 45-day grace period for monthly invoices. Please note this does not include the weekly claim reimbursement billings BCBSNE will submit to the State for paid claims issued by BCBSNE from our own account.

D. INSPECTION AND APPROVAL

Final inspection and approval of all work required under the contract shall be performed by the designated State officials.

The State and/or its authorized representatives shall have the right to enter any premises where the Vendor or Subcontractor duties under the contract are being performed, and to inspect, monitor or otherwise evaluate the work being performed. All inspections and evaluations shall be at reasonable times and in a manner that will not unreasonably delay work.

BCBSNE does not agree with the above requirement as written.

The State may require the Vendor to accept payment by electronic means such as ACH deposit. BCBSNE agrees with the above requirement.

G. SUBJECT TO FUNDING / FUNDING OUT CLAUSE FOR LOSS OF APPROPRIATIONS (Nonnegotiable)

The State's obligation to pay amounts due on the Contract for fiscal years following the current fiscal year is contingent upon legislative appropriation of funds. Should said funds not be appropriated, the State may terminate the contract with respect to those payments for the fiscal year(s) for which such funds are not appropriated. The State will give the Vendor written notice thirty (30) calendar days prior to the effective date of termination. All obligations of the State to make payments after the termination date will cease. The Vendor shall be entitled to receive just and equitable compensation for any authorized work which has been satisfactorily completed as of the termination date. H. RIGHT TO AUDIT (First Paragraph is Nonnegotiable)

The State shall have the right to audit the Vendor's performance of this contract upon a thirty (30) days' written notice. Vendor shall utilize generally accepted accounting principles, and shall maintain the accounting records, and other records and information relevant to the contract (Information) to enable the State to audit the contract. (Neb. Rev. Stat. § 84-304 et seq.) The State may audit, and the Vendor shall maintain, the Information during the term of the contract and for a period of five (5) years after the completion of this contract or until all issues or litigation are resolved, whichever is later. The Vendor shall make the Information available to the State at Vendor's place of business or a location acceptable to both Parties during normal business hours. If this is not practical or the Vendor so elects, the Vendor may provide electronic or paper copies of the Information. The State reserves the right to examine, make copies of, and take notes on any Information relevant to this contract, regardless of the form or the Information, how it is stored, or who possesses the Information. Under no circumstance will the Vendor be required to create or maintain documents not kept in the ordinary course of Vendor's business operations, nor will Vendor be required to disclose any information, including but not limited to product cost data, which is confidential or proprietary to Vendor.

BCBSNE agrees to the above paragraph's nonnegotiable terms.

The Parties shall pay their own costs of the audit unless the audit finds a previously undisclosed overpayment by the State. If a previously undisclosed overpayment exceeds one (1) % of the total contract billings, or if fraud, material misrepresentations, or non-performance is discovered on the part of the Vendor, the Vendor shall reimburse the State for the total costs of the audit. Overpayments and audit costs owed to the State shall be paid within ninety (90) days of written notice of the claim. The Vendor agrees to correct any material weaknesses or condition found as a result of the audit.

The State also specifically agrees that BCBSNE has the authority to disapprove of the vendor providing such audit, which authority shall not be unreasonably exercised, and to refuse access to membership and claims records by such vendor. The State, recognizing that patient-specific information is confidential, agrees that it and its auditor will enter into an audit agreement addressing confidentiality which will require that the State and its auditor will take reasonable steps to restrict access to this information to those persons who need to know this information for determining compliance with the Services agreement and for performing any necessary audit. The State also specifically agrees that BCBSNE will not accept contingent fee audit vendors.

D. SUBROGATION REQUIREMENT

Contractor shall enforce the State's right to seek recovery based on subrogation or other theories from third parties, or other insurance carriers, who have caused injury or illness to a covered person or damages to the plan, except when said third party is the State of Nebraska. Contractor shall provide subrogation recovery service at no additional charge to the State. Contractor may engage a subcontractor to perform specialized services for recovery of funds or discovery of overpayment or fraud. If any subrogation services are subcontracted by contractor, approval of subcontractors and contract terms must be obtained from the State prior to contractor entering into an agreement with any such subcontractor(s). Such subcontractors may be reimbursed based on a reasonable basis other than percent of recovery, but cost of such subcontractors shall be the responsibility of Contractor and shall not be deducted from the subrogated amount. The Contractor shall obtain the approval of the State for any subrogation claim that is less than 100% of the State's loss and shall obtain the State's approval of all settlements. In the event that the State is a party to litigation regarding any such claims, settlement or release of such claims must be approved by the State. This authority regarding recoveries from third parties or their carriers includes participation in consolidated or class action lawsuits alleging such injuries, if authorized by the State. Recoveries made in subsequent years will be credited in total to the State's claim liability at the time recovery is made. The State agrees to cooperate with all such recovery efforts.

BCBSNE confirms agreement with the above subrogation requirements. BCBSNE does not subcontract our subrogation investigations and instead utilizes our in-house subrogation team for pursuing recoveries. BCBSNE confirms we will not charge the State fees based on a percentage of recoveries.

E. MEDICAL PLAN DESIGN

At a minimum, the Contractor must duplicate the plan designs and level of coverage presently offered to the State's covered member population.

BCBSNE has proposed plans matching the current benefits wherever possible; however, we do have certain deviations that we have noted in our response within the TECHNICAL RESPONSE, BENEFIT PLANS. Each deviation includes a recommended alternative, if available.

        iii. Regular dependent eligibility audits of dependents of employees that have life status changes, prior to them having access to coverage in one of the State's health plans. 12. Assign a dedicated Account Management Team (AMT) who shall be accountable and responsible to the State for proactive management of all aspects of the Contractor's performance to the State and its members. The Contractor shall not change assignment of the Account Executive on the AMT, without written notice provided to the State with a minimum of fourteen (14) business days prior to such change. The State reserves the right to request assignment of a new Account Executive, and the Contractor shall make such change within 30 calendar days of receipt of written notice from the State. A member of the AMT must respond to any outreach from the State of Nebraska within one (1) business day.

Access to our online reporting tool will be through Blue Health Intelligence (BHI) / Whyzen (our vendors). This system has no demo site, but upon notification of sale, our Client Consulting team can set up training sessions on how to access the system and create reports. There will be an option provided for the users that allows them to select reporting output that includes PHI, or to select reporting output that is de-identified.

While the online reporting tool will be available to the employer, the State's assigned Client Consultant would also be available to work with the State's benefits team on customized reporting requests at no additional cost.

17. Provide data feeds (ex. eligibility file) to the State's vendor partners, as requested. The cost for providing data feeds must be included in the Contractor's administrative fees. Contractor agrees to waive any charges to the State or the State's vendors such as a set-up fee, a programming fee or a monthly fee, for establishing a connection with a third party vendor for real-time, bidirectional data integration, including non-standard data integration formats.

Confirmed: Outbound data feeds to the State's vendor partners will be submitted based on BCBSNE's standard data extract layout. We confirm no fees will be charged to the State.

18. The Contractor must perform and present to the State, on a quarterly or as requested basis, the State's current plans and service performance, recent issues/challenges encountered, potential savings opportunities, and topics of concern and suggestions for resolution, at no additional cost to the State.

Confirmed

19. Attend an annual performance or "stewardship" meeting within 180 days after contract year-end at which time the Contractor will, as directed by the State, summarize activities and performance for the year ended.

Confirmed

20. Participate in an Annual Vendor Summit to discuss strategic opportunities for the State's overall health management program.

Confirmed

21. Provide final Summary Plan Documents (SPD), written and electronic, including SPD language for any clinical programs to be implemented, to the State prior to the initial Open Enrollment period and subsequent open enrollments. SPDs are subject to the final approval of the State.

BCBSNE confirms we will provide a first draft of an electronic SPD to the State for review within 90 calendar days of receiving final benefit sign-off from the State for our Client Profile (our internal tool that documents all benefits); however, BCBSNE does not print hard copies of an employer's SPDs for an entire population. Limited printing based on 10% of total enrolled subscribers will be available upon request from the State.

The timing prior to the State's open enrollment period will be dependent, in part, upon the final sign-off date from the State and any revisions that the State may wish to implement after reviewing our initial electronic draft. BCBSNE will do everything possible to provide the State with a final electronic SPD after the State's final review so that the State may have time to initiate any printing, if required.

We understand the State posts electronic benefit documents on its public website for its subscribers and members.

22. Agree to provide an opportunity for the State to review and approve all communication materials (including letters, brochures, electronic, website, etc.) prior to being sent to members and/or to providers.

Confirmed

23. Complete implementation prior to the State's Annual Open Enrollment period each May.

Confirmed

24. Agree to all requirements as outlined in Attachment C Questionnaire, Section P: Implementation, Open Enrollment, and Communications.

BCBSNE agrees to all Section P requirements with the exception of the ID Card requirement of being mailed within 10 business days from receipt of the final open enrollment eligibility file. BCBSNE will ensure that physical ID Cards are mailed within 30 days of eligibility file receipt. If the State's eligibility file contains valid email addresses, subscribers will receive a "welcome" email from BCBSNE and be able to access their ID Cards digitally before the physical ID Cards are received.

25. Agree that no external communications material that mentions the State's benefit plans may be circulated without written approval from the State.

Confirmed

Docusign Envelope ID: 5542415D-E43C-4FE9-9A25-F06D70721FC0

26. Attend and participate in the annual Human Resource Information Group (HRIG) in April of each year. The Contractor is also required to participate in the informational meetings across the State directly following the HRIG. If requested by other State agencies, the Contractor may participate in agency specific health fair(s).

Confirmed

27. Offer a program to prevent and detect internal and external fraud and fraudulent practices.

Confirmed: BCBSNE has an extensive suite of automated tools designed for fraud prevention and detection. Our Special Investigations Unit (SIU) investigators also perform further review and pursue all fraudulent practices to ensure they are remedied.

28. Administer run-out claims for 12 months following termination of the contract. The cost of run-out administration must be included in bidder's proposed administration fees.

Confirmed

29. Provide complete banking arrangements for claims processing, including the printing and issuing of checks and/or electronic funds transfer.

Confirmed: For our self-funded employers, BCBSNE initially issues claims from our own account, then subsequently sends net paid claim reimbursement requests to the self-funded employer, typically on a weekly basis. This process differs from many other administrators since we do not issue checks directly from an employer's bank account. Once a reimbursement request is submitted to an employer via automated clearing house funds request, BCBSNE requests electronic reimbursement within 24 hours.

For fees and unreimbursed net paid claims for a given month, BCBSNE sends a month-end invoice. In addition to the unreimbursed net claims, invoices will include such items as billed administration fees and fees for any additional programs the employer may have purchased.

Due to our proposed weekly frequency of claims billings to the State, BCBSNE will not require a deposit.

30. No covered State members shall lose or gain coverage as a result of vendor change. Any and all transition-of-care-related issues must be expressly waived for the initial enrollment for covered eligibles and their dependents that have already satisfied the limitations under the existing plan, unless otherwise specified in the eligibility rules established by the State.

VI. SOLICITATION RESPONSE INSTRUCTIONS

This section documents the requirements that should be met by bidders in preparing the Corporate Overview and Technical Response portions of the solicitation response. The solicitation Cost Sheet template should be completed by bidders and submitted as a separate attachment with their solicitation response. Bidders should identify the subdivisions of "Project Description and Scope of Work" clearly in their solicitation response; failure to do so may result in disqualification. Failure to respond to a specific requirement may be the basis for elimination from consideration during the State's comparative evaluation.

Solicitation responses are due by the date and time shown in the Schedule of Events. Content requirements for the Corporate Overview and Technical Response are presented separately in the following subdivisions:

A. SOLICITATION RESPONSE SUBMISSION

1. CORPORATE OVERVIEW

a. BIDDER IDENTIFICATION AND INFORMATION

The bidder should provide the full company or corporate name, address of the company's headquarters, entity organization (corporation, partnership, proprietorship), state in which the bidder is incorporated or otherwise organized to do business (including whether the Bidder is in good standing in the state in which it is formed or incorporated, year in which the bidder first organized to do business and whether the name and form of organization has changed since first organized. The Bidder should also provide this information for the branch or local office or other subordinate element that will perform or assist in performing the work on this contract.

The bidder should indicate whether it operates as an individual, partnership, limited liability company, or corporation.

b. FINANCIAL STATEMENTS

The bidder should provide its organization's last audited financial statement and the most recent unaudited financial statement if the most recent audited financial statement is older than 12 months as well as the latest SSAE 21 report. If publicly held, the bidder should provide a copy of the corporation's most recent audited financial reports and statements, and the name, address, and telephone number of the fiscally responsible representative of the bidder's financial or banking organization.

Docusign Envelope ID: 5542415D-E43C-4FE9-9A25-F06D70721FC0

If the bidder is not a publicly held corporation, either the reports and statements required of a publicly held corporation, or a description of the organization, including size, longevity, client base, areas of specialization and expertise, and any other pertinent information, should be submitted in such a manner that solicitation evaluators may reasonably formulate a determination about the stability and financial strength of the organization. Additionally, a non-publicly held firm should provide a banking reference.

The bidder must disclose any and all judgments, pending or expected litigation, or other real or potential financial reversals, which might materially affect the viability or stability of the organization, or state that no such condition is known to exist.

The State may elect to use a third party to conduct credit checks as part of the corporate overview evaluation.

c. CHANGE OF OWNERSHIP

If any change in ownership or control of the company is anticipated during the twelve (12) months following the solicitation response due date, the bidder should describe the circumstances of such change and indicate when the change will likely occur. It is mandatory that the bidder submit full details of all termination for default experienced during the past (three) (3) years, including the other Party's name, address, and telephone number. RFP 122435 O5
State of Nebraska Medical Administrative Services
DEVELOPMENTAL APPROACH

Overview

BCBSNE recognizes the development needs for the State of Nebraska (the State) to achieve its medical benefit program goals. This document outlines key developmental approaches BCBSNE will take to address the following areas:

1. ***Cost Savings***
2. ***Customer Service***
3. ***Member Communications***

HOW BCBSNE WILL ADDRESS COST SAVINGS

Savings Through Care Management

Amplify Health

BCBSNE's goal is to improve health outcomes and lower costs for our employers, and we believe one of the ways we can help our members is to make their health and well-being data readily available through a **health profile** that…

- educates the members on their current and future health risk,
- allows members to receive assistance from BCBSNE's nurse care managers on their health conditions or overall health goals, and
- get rewarded for taking care of themselves by getting an annual exam and biometric screening.

Amplify Health is not a health program. It is a health profile that summarizes a member's personal health profile information for easy access from our member portal at myNebraskaBlue.com. The Amplify health profile is expected to raise awareness for members, with a goal of the member working with a BCBSNE nurse care manager on health improvement.

To get started, a member will:

1. Review their health profile.
2. Schedule a preventive screening.
3. Download the Wellframe® app, a proprietary BCBSNE program integrating our nurse case managers. The member's health profile will include a QR code that will take them directly to the app store. By downloading the app and setting up their profile, our Care Management team of nurses will onboard the member into the Amplify Health platform. There, members can choose programs that align with their health goals and engage with content when it's convenient for them.

On-Site Preventive Screenings

BCBSNE recognizes the State's emphasis on preventive care as the pathway to greater health and wellbeing of its citizens and plan participants. We believe that the State and BCBSNE can have a special partnership to drive results in these areas. As such, we are offering to explore partnerships with community-based organizations to bring preventive care to the State's employees. This could include services such as mammograms and biometric screenings.

Diabetes and Pre-Diabetes Solutions

The **optional Virta Diabetes Management program** BCBSNE is offering to the State is a proven program of personalized health coaching by Virta professionals to manage enrollees' conditions with the ultimate goal of **reversing Type II and pre-diabetes entirely**. Through a program of nutrition therapy that can shift a member's biochemistry to **lower A1c levels**, Virta's program offers better health to **Type II** and **pre-diabetes** patients.

The program works through a virtual online easy-to-use application. After online registration and completion of a health profile, members schedule video chats with both a Virta clinician and a personal health coach. Baseline lab work is performed and reviewed with the Virta care team. Members receive home biometric monitoring devices (glucometer with supplies and scale), to allow for continuous view into their metabolic health and level of adherence to the nutrition and lifestyle changes. From there, members have constant contact with their Virta health coaches to ensure adherence to the Virta nutritional and lifestyle change recommendations.

The State would only pay for members who enroll in the program, and costs are funneled through as claim expenses (no invoicing). Virta fees are noted within the ***COST PROPOSAL***.

PERFORMANCE GUARANTEES

- **1.0 Reduction in A1c Score**
- **5% Weight Loss**
- **40% Diabetes Medication Cost Reduction**

  This medication reduction guarantee applies if Prime Therapeutics is the State's PBM.

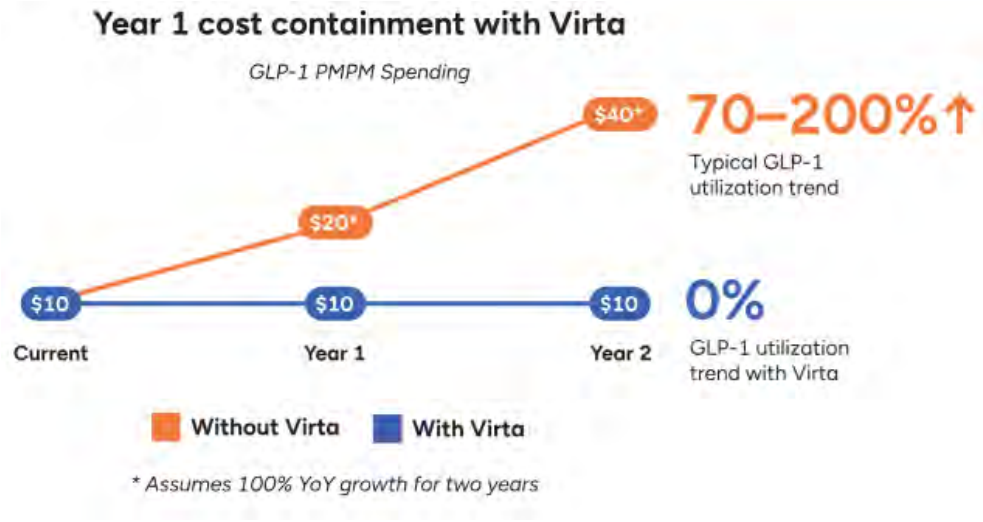
  Members must be enrolled for 6 months within the performance measurement period. Performance guarantees require a minimum of 50 attributed patients enrolled for a service in the aggregate BCBSNE pool.

Please refer to ***EXHIBIT P – Virta Diabetes Management Program*** for additional highlights of the diabetes program.

Virta Weight Management

The ***optional*** **Virta Weight Management program** is designed to help reduce GLP-1 medication usage while empowering members to lose weight *with or without* medications.

The Virta program works with an employer's existing weight loss strategy offered through its benefit plans. The Virta program first uses nutrition as its first-line approach to enableing members to lose weight without drugs; however, the program also offers combination therapy with "all-in-one" GLP-1 prescribing and personalized nutrition and lifestyle support, if GLP1's for weight loss are a covered benefit.



PERFORMANCE GUARANTEES

- **100% fees** at risk for the first year (see ***COST PROPOSAL*** for fees)
- The State would select **one of the following three performance models** for Virta's Sustainable Weight Loss Program:
  1. **5% weight loss within 12 months, OR**
  2. **1:1 ROI Guarantees;** tied to population health improvements from drug-free weight loss & diabetes reversal
     - Minimum return in total cost of care, based on medical and pharmacy claims analysis
     - Minimum of 1,000 members enrolled, per condition (diabetes or weight loss)
  3. **0% year-over-year GLP-1 trend guaranteed**
     - Based on prescription volume.
     - Requires a minimum of 300 members enrolled for at least 6 months in a 12-month measurement period.
     - Applicable if GLP1's for weight loss have been a covered benefit for at least 12 months prior to launch of Virta's weight management program.

(Performance Guarantee option #3 continued)

- **8% bodyweight reduction guaranteed**
  - Guarantee is with or without GLP-1 medications
  - Weight loss guarantee based on minimum 300 members enrolled for >6 months in an 18-month measurement period (excludes the 6-month step period).

The guarantee on the GLP-1 cost trend can potentially have a significant impact on the State's costs through reduced GLP-1 medications, as well as improvement in overall health for the members who enroll within this program.

Hinge Health Virtual Musculoskeletal Solution

BCBSNE is including **Hinge Health at no additional charge State** as an answer to help curb costs on MSK claims. Hinge is a single, virtual solution with $0 copays, focusing on prevention, fall prevention, acute and chronic MSK conditions, pelvic health, high-risk patients, and pre- and post-surgery rehabilitation.

Hinge's virtual program offers personalized, physical therapist-led care that adapts to members' needs. The Hinge team includes board certified health coaches and orthopedic specialists to assist members with their MSK conditions – usually with same-day access when a member requests a consultation.

The program works to optimize engagement and provide high-quality care for women's health and drug-free pain management through a nationwide physical therapy network. The program is projected to potentially result in up to 50% fewer hip replacements, 56% fewer spinal fusions, and 73% fewer knee replacements.

Based on the largest digital MSK claims study to date, **medical claims reduced an average of $2,387 per Hinge Health participant** in a control-matched MSK medical claims analysis over two years, 136 employers, 46 industries, and over 8,000 participants.

PERFORMANCE GUARANTEES

- Hinge guarantees a **1.5:1 (VAS) ROI** on MSK claim savings on acute, chronic, pelvic health, and surgery
- Though BCBSNE is including the **Hinge program at no additional charge to the State,** Hinge offers **100% fees at risk** if this ROI is not achieved.

Please refer to ***EXHIBIT Q – Hinge Health MSK Program*** for additional information on the program.

Spine Pain Management through Evolent

Evolent's spine pain management is an **optional third-party vendor program** offered to the State. Evolent manages non-emergent, outpatient interventional spine pain management (IPM) procedures, including those involving spinal injections and nerve blocks. They also manage musculoskeletal (MSK) surgeries, including those related to the spine. Prior authorization is generally required for these services.

Complimentary to the Hinge Health program, Evolent works to minimize MSK claim dollars by offering members access to Evolent's clinical team of specialized nurses and physicians, including board-certified anesthesiologists, orthopedic surgeons, and neurosurgeons, who all work to ensure appropriate treatments and procedures are used

The fee for this program is noted in the ***COST PROPOSAL***.

2nd.MD Second Opinion Program through Accolade

Another recommended program available to the State is Accolade's 2nd.MD Second Opinion Program. This is an **optional** program that can drive savings by allowing members to receive expert second opinion consultations on their health conditions. The program aims to reduce waste from unnecessary or incorrect care that can have a large impact on total overall claim spend.

Members can engage in the program through three methods: (1) self-referral to 2nd.MD's support team, (2) a referral from BCBSNE's clinical team to the 2nd.MD team, or (3) through proactive outreach by 2nd.MD to the State's members identified through actual claim data. Members can obtain second opinions from board-certified physicians on all adult and pediatric subspecialties. The program integrates with BCBSNE's clinical nurse care manager and has shown to produce average savings of $6,000 per consultation.

For more information on how the program works, as well as a case study, please refer to ***EXHIBIT R – 2nd.MD Second Opinion Program***. Consultation fees are identified in the ***COST PROPOSAL***.

Enhanced Maternity & NICU Management Program

Our proposal includes an enhanced maternity and NICU management program **at no cost to the State**. The program, which will be fully implemented by the State's July 1, 2026, effective date, will focus on managing high-cost maternity cases, NICU avoidance, and other mitigation that can have a positive impact on the State's medical benefit program.

The program is currently producing average savings per case of $12,800. For a group the size of the State, this could **potentially result in overall savings of $256,000 to $512,000 per year** using an estimate of 20 to 40 NICU babies, respectively.

BCBSNE's Nurse Supported Programs at No Cost

Chronic Condition Support: BCBSNE's nurse care managers also provide member support for other conditions which include, but are not limited to, the conditions of asthma, hypertension, chronic obstructive pulmonary disease (COPD), coronary artery disease (CAD), heart failure and hyperlipidemia, working with members to ensure they are current on all medications and are up to date on all appointments with their physicians.

Pregnancy Care: BCBSNE's Pregnancy Care program is aimed at members who are expecting a baby - whether the pregnancy is healthy or high-risk. Our nurses provide education, encouragement and support throughout pregnancy and postpartum. One goal of the program is to identify those high-risk pregnancies early to ensure they have resources in place and are connected with a provider that is appropriate for their needs. This program would supplement the enhanced maternity and NICO management program previously described.

Diabetes Management: As part of the State's core care management programs, members have access to a free diabetes program that is supported by our nurse care managers and diabetes educators. This program is personalized to the member's specific needs, and our nurses can help members lose weight, becoming more active, and reduce their A1c scores, all through our care management mobile app, Wellframe.

Should the State decide to implement the Virta Diabetes Management program previously described, our in-house diabetes program would supplement Virta in an effort to engage diabetic and pre-diabetic members who choose to opt out of the Virta program.

Behavioral Health Services: Our care programs also offer behavioral health management for conditions such as anxiety, depression, chronic pain, and post-traumatic stress disorder (PTSD).

Opioid Management: BCBSNE identifies members at risk for opioid addiction based on prescriptions filled. We collaborate with the member and the provider to ensure the member is receiving the care they need with a pain management physician and program. We are also able to identify "doctor shopping" instances and set members up in a pharmacy and doctor "lock-in program", if needed.

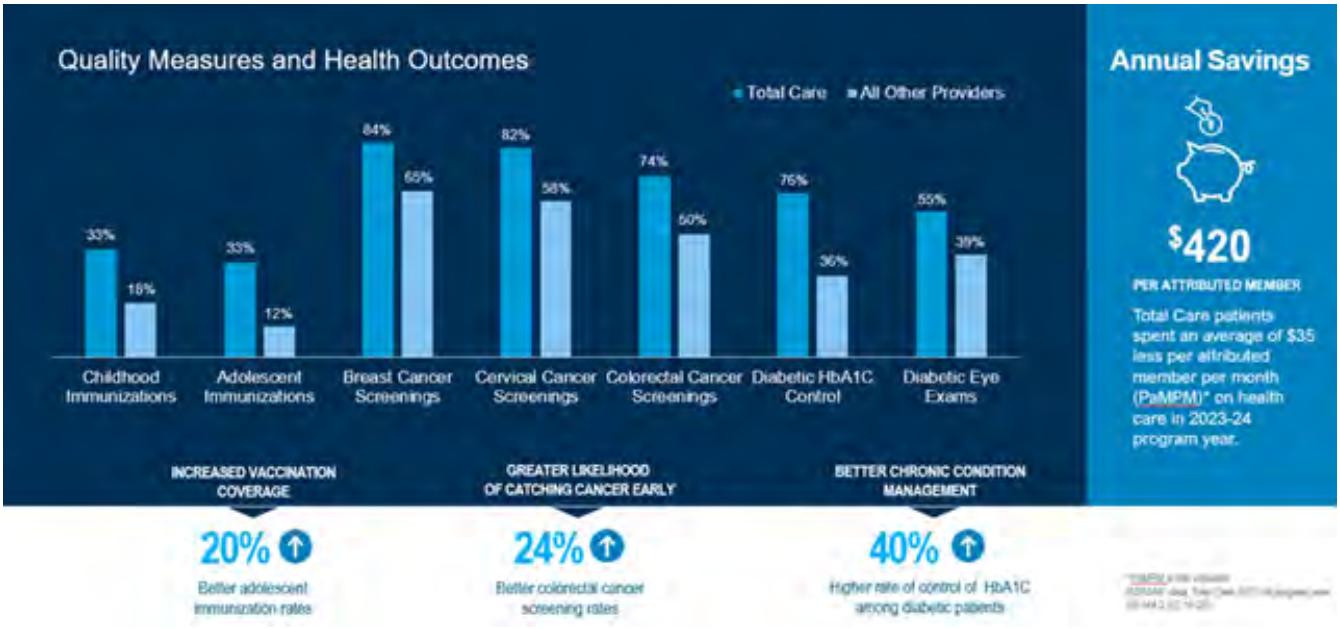
Overall Care Management and Utilization Management Savings
Our team of in-house nurse care managers administer our core program of both care management and utilization management. In 2024, our outreach, pre-service and post-service programs resulted in overall book-of-business savings of **$101.23 Per Subscriber Per Month.**

Hospital Based On-Site Care Manager
To support the State, BCBSNE has confirmed we will have a nurse care manager visiting on-site at Bryan Hospital in Lincoln for local access.

Savings Through Provider Network Options and Contracting Arrangements

Value-Based Care Contracting

BCBSNE has been a pioneer in value-based contracting going back to 2010 when we implemented our initial Accountable Care Organizations (ACOs) and Patient Centered Medical Homes (PCMHs). We've continued our efforts in bringing in providers to our VBC contracting arrangements and today we have 10 ACOs across 181 clinics and nearly 2,000 ACO physicians. Our PCMH providers now include 446 physicians in 27 clinics. Together, our total VBC provider participation represents over 75% of our Nebraska primary care providers. This leads to better overall management of attributed members' claims and health conditions, and, on average, 92% of our BCBSNE members in Nebraska have at least one value-based care provider within five miles of their home zip codes. ***For our latest VBC program year of July 2023 through June 2024, we obtained the following results:***



Provider Networks

Nebraska's NEtwork BLUE (Statewide PPO Network)

BCBSNE's statewide PPO network, NEtwork BLUE, offers competitive provider discounts and broad access to our members, with 98% of all Nebraska non-governmental acute care hospitals, and 99.8% of all Nebraska physicians (MDs) in NEtwork BLUE.

Nebraska's Premier Select BlueChoice Select Network (Designated Service Area)

For employees residing within zip codes of 515, 680-681 and 683-685, the Premier Select BlueChoice network is available. Major providers and affiliated physicians included in this regional network are Methodist Health System and Nebraska Medicine. Though focused on these two large health systems, this network includes additional providers to fill certain gaps, such as Boys Town and Children's hospitals, among others. Major providers and affiliated physicians that are excluded from the network are mainly those facilities and physicians affiliated with CHI Health/Alegent Health. ***This network can potentially save an additional 5%+ over our broad PPO network.***

Nebraska's Blueprint Health Select Network (Designated Service Area)

For employees residing within zip codes 680-681 and 683-685, plus the central Nebraska counties of Kearney, Buffalo, Hall, Adams and Phelps, our Blueprint Health network is available. Major providers and affiliated physicians included in this regional network are CHI Health/Alegent Health providers. Though focused on CHI Health, this network also includes additional providers such as Boys Town and Children's hospitals to fill gaps in care. ***The Blueprint Health network can potentially save an additional 7%+ over our broad PPO network.***

Please note that, within the state of Nebraska, these regional select networks offer coverage only through in-network providers within the state. Outside of Nebraska, select network members have access to all BlueCard® PPO providers nationwide.

Direct Contracting

BCBSNE also has experience in implementing employer specific networks based on direct contracts, and several large employers currently have these arrangements in place today with our Plan. For these custom networks that include a direct contracting component for negotiated reimbursements, BCBSNE will require final selected providers and negotiated reimbursement rates to create the proper provider contracts and load the providers and pricing onto our systems. The resulting provider agreement will be created by BCBSNE and the parties included will be the client, the provider system(s), and BCBSNE.

Reduced Health Trend Rates

Our provider contracting strategy has contributed to our competitive trend below 7% year over year - below the average for all carriers in the area. Together with our medical management and claim management programs, our provider networks and contract arrangements work together to achieve competitive trend rates.

Our relationships with providers enable us to negotiate competitive rates, and our data analysis and care management efforts, in partnership with our provider contracts, give us insight into strategic cost containment opportunities for our member population as a whole – from network optimization and value-based care member attribution to employee/patient education. BCBSNE is Nebraska's leader in developing innovative programs designed to achieve improved patient health, greater patient satisfaction and lower costs.

These provider relationships allow us to have meaningful partnerships for our Nebraska members, and we are honored to have the endorsement from the OneHealth Nebraska ACO's Chief Executive Officer, Steve Kros. Please refer to ***EXHIBIT S – Statement from CEO of OneHealth Nebraska.*** In addition, BCBSNE has also received endorsement from another major health system. Please see ***EXHIBIT X – Endorsement***, within our ***PROPRIETARY RESPONSE***.

Savings Through Products & Programs

OptimizeRx for Specialty Drugs in an Oncology Setting

Our medical administrative proposal includes OptimizeRx as an **advanced medical pharmacy solution** designed for medications administered by health care professionals, including high-cost oncology medications. It enhances our existing pre-authorizations, claim edits, site of service management, and reimbursement strategies for high-cost oncology and specialty drugs covered under medical benefits. It reduces claims costs while ensuring that members receive high quality care.

The program lowers costs by shifting treatment sites from high-cost hospital outpatient facilities to home infusion or physician office settings. ***OptimizeRx facilitates peer-to-peer reviews of prescriptions and treatment plans among providers within a nationwide network of key opinion leaders.*** Utilizing this specialized pre-authorization process results in substantial claims cost savings, which typically achieve **10%-15% savings over the current medical drug spend.**

The State will only see a cost if savings are realized. The OptimizeRx shared savings percentage is noted within the ***COST PROPOSAL***.

Payment Integrity / Fraud-Waste-Abuse Programs

BCBSNE performs a significant level of operational management validations for our clients, including special investigations (fraud, waste and abuse), pre-payment bill audits, subrogation recovery services, workman's comp savings checks, COB, and multiple claim editing payment integrity processes. Together, our book-of-business **operational savings achieved through these claim savings programs in 2024 equate to $188.18 PEPM.**

CUSTOMER SERVICE

Customer Service for the State

BCBSNE's customer service has always been highly rated by our customers, and we believe our service to the State will be exemplary by **offering a member services advocate on-site in the capitol building in Lincoln**, plus a 24/7 phone line.

Our Member Services advocates are proudly based right here in Nebraska, **working remotely and serving members from over 48 counties across the state.**

This local presence allows us to deliver personalized, community-informed support with a deep understanding of the people we serve. Our advocates aren't just voices on the phone—they're neighbors, committed to making a difference in the lives of fellow Nebraskans.

MEMBER COMMUNICATION STRATEGY

State Specific Website & Member Portal

We will create a State of Nebraska website that can include benefit documents and communication materials and will have this ready prior to the State's open enrollment period. We will work with the State regarding content to be included on the site, and, as included in our *Performance Guarantees* response, it will be regularly maintained as content is updated.

The State members will also have a secure member portal at MyNebraskaBlue.com for personal information such as EOBs, ID Cards, claim status,

Member Communications to Drive Engagement

Engagement is key to ensuring members clearly have awareness of the Care Management programs available to them. BCBSNE will create a communications plan for the State that encompasses a host of topics, including communication pieces and emails to help employees get the most out of their benefits, for everything from telehealth, site of care (e.g., urgent care vs. emergency room), preventive care reminders, how to read an Explanation of Benefits (EOB), and other "insurance 101" topics. Targeted messaging will also be utilized for members with certain conditions (e.g., diabetes).

Depending on the optional programs the State may add, such as Virta or 2nd.MD, we will focus on communicating the benefits of these programs so employees truly know what they can do and how they can improve members' health. We will consult with the State on a communication strategy and ensure the State has previews of communication materials and email campaigns.

Employee Engagement App

BCBSNE will make available to the State an option of an employee engagement app to help boost its subscribers' engagement in the State's overall benefits program. This app will integrate the State's physical, social and financial tools into a mobile-first hub. Allowing employees to go to one source for consolidated health and benefits resources.

This is not just for medical benefits. It would bring in all of the State's offerings for consolidation, so employees have all their information in **one source** to drive engagement in all benefits the State offers to its employees. The app would include all employee resources, such as medical, pharmacy, dental, vision, disability, and life/AD&D benefits, plus wellness

and employee assistance programs, retirement accounts, payroll and expense reporting access, and much more.

In Summary

BCBSNE is committed to supporting the State of Nebraska in achieving its goals of cost control and efficient healthcare management, all supported by a comprehensive member communication strategy. By focusing on these key development areas, we aim to provide the State with the tools and processes needed to enhance their operational efficiency, maintain financial goals, and provide the quality benefits and service its members deserve.

TECHNICAL REQUIREMENTS

BCBSNE has identified key technical areas that will be addressed during implementation. A high-level summary is provided below. In addition, BCBSNE is forming a ***Technology Advisory Committee***, consisting of BCBSNE technology leaders, large employers, and brokers/consultants. ***We would like to offer the State of Nebraska a seat at the table to gain key insights and recommendations for our technology efforts.***

C.10	Confirm a State of Nebraska specific website and mobile app will be functional by Feb 1, 2027 (so the State may test and review).	Mbr Svcs	Confirmed
C.11	Describe your ability to customize the web site and mobile app for the State's membership.	Mbr Svcs	BCBSNE will establish a State-specific website that will initially be made available starting with the State's open enrollment period. This site will include benefit information as well as other member communications the State wishes to include. This is a separate website and is not the secure Member Portal that will be available to the State's members. Our member portal, located at MyNebraskaBlue.com or through the login on our public website at Nebraskablue.com, can be customized to include certain links to other State vendors. Our mobile app is optimized to contain the same information as our secure member portal, with a new version being released in late third quarter of 2025.
C.12	Describe transparency tools available to members for evaluation of cost and/or quality of healthcare providers.	Mbr Svcs	Our transparency tool has pricing information on over 1,600 different procedures and applies member specific information toward the member's out of pocket level. Member out of pocket cost estimates are provided in real time. All pricing information is taken from actual local and national BCBS claim data. If there are enough claims for each provider to provide an estimate, the results will be returned with a cost estimate for the procedure. Claims data is updated every six months. The cost estimates are calculated from and algorithm using actual claims our members have incurred. BCBSNE provides the claims data to our transparency vendor and to the BCBS Association so they can remove outlying claims, run the claims through their algorithms and populate cost estimates for the city, area or region being searched by the member. Members using our portal also have the ability to view quality information for providers via the look-up tool.
C.13	Can your plan/benefit decision tool be customized to evaluate all State plan options - including consideration of FSA/HSA and the impact these funds have on overall member cost?	Mbr Svcs	BCBSNE's member tools do not offer customization for members to evaluate their State benefit plan options, including external FSA/HSA impacts on funds and overall member costs.
C.14	During the last 12 months, how many times and what percent of time has your system been "down"? System down-time percent is determined by the ratio of planned system availability when inquiry operators could not access the system to perform their functions, to the total planned system availability time. Disregard down-time for planned system maintenance.	Mbr Svcs	BCBSNE has experienced an estimated 29.75 hours of incurred, unplanned downtime in the production environment: 8.75 hours in 2023 and 21 hours in 2024. In 2024, the shortest recovery time was 15 minutes, and the longest recovery time was 8 hours. Please note the global CrowdStrike even that took place in 2024 on July 18th and 19th greatly impacted our 2024 downtime.
C.15	Confirm you will notify the State, in writing, immediately upon identifying system-related issues. This may include but is not limited to, issues with programming, data transfers, telephone systems. Confirm you will also make every effort to resolve the issue(s) within 48 hours regardless of the time or date, to minimize any disruption to members.	Mbr Svcs	Confirmed: BCBSNE's Account Team will provide notification to the State of any system-related issues that may have an impact telephone accessibility, eligibility submissions, data transfers, etc. BCBNSE confirms we will make every effort to quickly resolve any issues within 48 hours to minimize disruption to the State's members.
C.16	Confirm that your information and communication technology, including websites, mobile applications, and member portals:	Mbr Svcs	
	a. Is in compliance with Standards under Section 508 of the Rehabilitation Act of 1973, as amended, and implementing regulations.	Mbr Svcs	Yes the site is in compliance with standards under section 508 of the rehabilitation act of 1973. Only one feature that is missing is voice reader functionality. This can be added.
	b. Conforms to Web Content Accessibility Guidelines (WCAG) 2.1, as updated from time to time.	Mbr Svcs	Yes the site is in compliance with Web Content Accessibility Guidelines (WCAG) 2.1. Only one feature that is missing is voice reader functionality. This can be added.
	c. Conforms to Title II of the Americans with Disabilities Act and implementing regulations.	Mbr Svcs	Yes the site is in compliance with Title II of the Americans with Disabilities Act and implementing regulations. Only one feature that is missing is voice reader functionality. This can be added.

	Questionnaire Section	Section	Vendor Response	OVERFLOW RESPONSES - Approved by the State in Addendum 1 Dated June 30, 2025
C.17	Describe your website accessibility program and how it complies with Section 508, Title II, and the WCAG 2.1 standards.	Mbr Svcs	The BCBSNE mobile app is in compliance with Section 508, Title II, and the WCAG 2.1 standards. Voice reader functionality is not currently available: **External Keyboard Navigation:** Mobile app can be navigated using an external keyboard with reasonable tab order. **Text Size:** a. Honors text size preferences from user's device up to 200% increase. Increased size will be accommodated in a way that ensures no loss of content or functionality. b. Text can expand or wrap based on the increased size and not cut off the content. c. This does not apply to captions or text that is contained within an image. d. Supports large text to the extent that it will allow the text to show, though it may unavoidably cause wrapping and less elegant display. As per industry standard, wrapping does not occur in the middle of a word. We have made every effort to avoid unusually long words in app copy. e. Per convention, the app top and bottom navigation are exempt and navigation does not change font size as device font size changes. Instead, for bottom navigation, the app provides alternate functionality for a long press to enlarge the icon/item. **Alt Text:** Alternative text is added to images and icons to provide context for users with visual disabilities, also adding title attributes to non-image elements where additional context is needed. **Screen Reader/Voice Over Compatibility:** App can be navigated and understood with these assistive technologies. **Orientation:** Locked to the portrait orientation – slight deviation from typical ADA recommendations due to screen size limitations.	
C.18	Describe future plans/timeframes for enhancements to your website or mobile app.	Mbr Svcs	We work to bring in new features monthly. We may have minor updates/bug fixes in some months and may have new functionality added in other months. Our new mobile app will be released to members in late Q3 2025.	
C.19	Describe the escalation process for Member Services satisfaction and complaints.	Mbr Svcs	At BCBSNE, we are committed to delivering exceptional service and ensuring every customer concern is addressed promptly and thoroughly. Our escalation and complaint processes are designed with the customer at the center, ensuring transparency, accountability, and timely resolution. **Escalation Process:** We have a dedicated team of experienced professionals who are readily available to support escalated issues. When a situation requires additional attention, our escalation process ensures the following: **Immediate Acknowledgment:** Escalations are acknowledged promptly to reassure the customer that their concern is being prioritized. **Tiered Support:** Issues are escalated through clearly defined levels of expertise, ensuring the right resources are engaged at the right time. **Proactive Communication:** Customers are kept informed throughout the resolution process with regular updates and clear timelines. **Resolution Ownership:** A designated escalation manager oversees the issue from start to finish, ensuring accountability and follow-through. **Complaint Handling Process:** We view complaints as valuable opportunities to improve. Our complaint process includes: **Centralized Logging:** All complaints are logged in our system to ensure visibility and traceability. Thorough Investigation: Each complaint is reviewed and investigated by the appropriate team to determine root cause and corrective actions. **Timely Follow-Up:** We follow up with customers to communicate findings, resolutions, and any steps taken to prevent recurrence. **Continuous Improvement:** Complaint data is analyzed regularly to identify trends and drive service enhancements. Our goal is to not only resolve issues but to build trust and long-term satisfaction through responsive, respectful, and effective support.	
C.20	Describe how you monitor member satisfaction and improve the quality of service. Describe the information captured in your organization's member satisfaction surveys and your process for collecting survey data.	Mbr Svcs	Quality is at the heart of everything we do. Our Quality Assurance (QA) Program is designed to ensure every customer interaction meets the highest standards of service, professionalism, and accuracy. Key components of our quality program include the following: **Call Monitoring & Evaluation:** We regularly listen to and evaluate customer interactions using a structured scoring system. This allows us to assess performance, identify strengths, and uncover opportunities for improvement. **Real-Time Coaching:** Our team leaders and quality specialists provide in-the-moment coaching to reinforce best practices and address any concerns as they arise. This immediate feedback loop helps team members continuously improve and deliver consistent, high-quality service. **Structured Coaching Program:** In addition to real-time feedback, we conduct scheduled coaching sessions that focus on individual development, skill-building, and performance goals. These sessions are collaborative and tailored to each team member's needs. **Continuous Improvement:** Insights from our QA evaluations are used to refine training programs, update knowledge bases, and enhance customer experience strategies. We believe in learning from every interaction to drive excellence. Our quality program is not just about compliance—it's about creating a culture of accountability, growth, and customer-first thinking. Our Member Services department conducts third party surveys on five percent (5%) of our members who have interacted with our call center to determine their satisfaction level. Specific individuals are only surveyed once every six (6) months so that we can gain feedback from a diverse population.	The member satisfaction surveys are automated and are tabulated on a monthly basis for our entire block of business. The score represents the percentage of customers who have responded as "very satisfied" (top box score) for their overall satisfaction with the customer service representative and overall customer satisfaction. Measurement of member satisfaction is through a third-party vendor using a 5-point scale. The surveys are conducted within 48 hours of the initial interaction with the service center and focus on satisfaction at the representative and overall organization level for all interactions. Surveys are conducted on a daily basis by our vendor and are based on member inquiries made on the prior business day.
C.21	Confirm you will send a mutually agreed member satisfaction survey to the entire State membership. If not, please describe the percentage of the State membership targeted in your survey.	Mbr Svcs	BCBSNE confirms we will conduct a survey to State *subscribers* who have appropriate email information on the eligibility file. We will work with the State to produce a mutually agreed upon list of survey questions.	
C.22	Describe any member advocacy, navigation services, or programs you offer in addition to the traditional core member services center including outcomes achieved.	Mbr Svcs	**<u>CUSTOMER SERVICE</u>** At BCBSNE, our member service advocacy engagement model is uniquely designed to take the customer out of the middle, providing them with a seamless and stress-free experience in navigating the complex world of healthcare. Unlike other offerings in the marketplace, our approach is centered around personalized support and proactive engagement. **Key Differentiators include the following:** **Customer-Centric Approach:** We prioritize meeting our customers where they are, understanding their unique needs, and tailoring our support to ensure they achieve the best health outcomes. **Cost Savings:** Our dedicated team actively seeks ways to save money for our clients, ensuring they maximize the benefits of their healthcare plans without unnecessary expenses. **Simplification:** We simplify the healthcare process, making it easier for our clients to understand and manage their plans. This hands-on approach reduces confusion and enhances their overall experience. **Comprehensive Support:** From initial engagement to ongoing assistance, we hold our clients' hands through every step of their healthcare journey, providing continuous support and guidance. **Local Expertise:** As a local company, we have a deep understanding of the specific needs and challenges faced by our community. Our proximity allows us to offer more personalized and timely support, ensuring our clients receive the best possible care. By focusing on these differentiators, we ensure that our clients receive unparalleled advocacy and engagement, setting us apart from other solutions in the marketplace and winning awards such as the most recent **JD power award for Member Satisfaction**. **<u>CARE MANAGEMENT</u>** BCBSNE's nurse care managers all serve as patient advocates through their member outreach processes in assisting patients with their health conditions and health coaching practices. Member contact is performed through telephone calls, letters, as well as our Wellframe® app, which allows communication with the member through their mobile device.	BCBSNE's nurse health coaching program focuses on outreach to members for chronic health conditions (e.g., COPD, CHF, diabetes, depression, heart disease, etc.) to help manage these conditions. Our certified nurse health coaches are registered nurses specially trained to help members lower their risk for illnesses, better manage health conditions, all by providing extensive support for a complex health problem and inspire healthy behaviors. Our nurses also work with high-risk members to help with weight management, healthy eating, smoking cessation, physical activity and stress management. In-house disease management conducted by BCBSNE Nurse Care Managers through the nurse health coaching program is included at no extra cost as part of an employer's overall Care Management program. Members can self-enroll in the program and may receive letters or fliers in the mail or via email with program information and they may be referred into the program. Participation is voluntary. Once the member decides they want to participate in a program, they will engage with the nurse care managers using the mobile application powered by Wellframe and/or through phone conversations. We can assist the employer by providing marketing tools to help promote the program as well. We also offer onsite events and webinars for employees to learn more about how to better manage a condition or make lifestyle changes, learn more about our programs, and to assist them in enrolling.
C.23	Confirm your nurse line staff is available 24 hours a day, 365 days a year.	Mbr Svcs	Our nurse line is staffed 24 hours a day, 365 days per year, through our telehealth services provided by Telescope Health, our vendor.	
C.24	Is your 24-hour nurse line service in-house or subcontracted?	Mbr Svcs	Our nurse line is subcontracted through our telehealth vendor, Telescope Health.	
C.25	What is the average wait time to speak with a registered nurse?	Mbr Svcs	For routine nurse line inquiries, the average wait time to speak with a registered nurse is approximately five minutes. For urgent or emergent concerns, callers are prioritized and connected immediately.	
C.26	Does the nurse line associate a member to a contact history allowing a current inquiry to be addressed within the context of previous calls?	Mbr Svcs	If the patient is already established with Telescope Health through our nurse or provider lines, we are able to reference and follow any previously documented encounters. However, if this is an outreach on behalf of BCBSNE to members without an existing clinical connection to Telescope Health, then no. This inquiry would be addressed as a new case.	
D	**CLAIMS PROCESSING**	**Claims**	**RESPONSE**	

	Questionnaire Section	Section	Vendor Response
D. 1	What is your definition of a "paid" claim, a "clean" claim, and a "suspense" claim? State the time frames required to process the claims under each of the categories mentioned. If you have additional categories, list them and state the time frames for processing those categories of claims. Include a claim form, if applicable.	Claims	A paid medical claim is a formal request for compensation for medical expenses incurred by the policyholder which encompasses member benefits and provider contracts. A clean claim is defined as a claim for payment of health care services that is submitted by a Nebraska health care provider to an insurer on a claim form with all required fields completed with information to adjudicate the claim in accordance with any published filing requirements of the insurer and Nebraska Department of Insurance regulations. A suspension that is flagged by the claims processing system and must be resolved prior to the claim can be processed to completion. It can suspend for various reasons which could include provider data, missing information, clinical review or pending investigation. This is not a denied claim but rather a delayed claim that requires further review.
D. 2	With regard to the claim offices that will be used, complete the following table:	Claims	
	a. Location	Claims	Omaha, NE
	b. Hours of operation	Claims	6:00am - 6:00pm (CST)
	c. Annual claim volume	Claims	10.6M
	d. Average claims per processor per day	Claims	75
	e. Number of staff	Claims	115 FTE in Claim Operations
	f. Average years of claims administration experience with your organization	Claims	11 years
	g. Average Years of Claims Administration Experience with Your Firm	Claims	11 years
	h. Annual Turnover (%)	Claims	7.70%
	i. Work remotely /from home (%)	Claims	Examiners - 100% remote Managers - 20% in office, 80% remote
D. 3	Confirm that the claims processing system is integrated with the eligibility and Member Services system.	Claims	Confirmed
D. 4	Confirm your system will automatically adjudicate the current schedule of benefits for the State's plans that have been provided with this proposal.	Claims	Confirmed. The proposed benefit plans for the State have been reviewed and we have noted our recommendations for alternative benefits and programs.
D. 5	Describe protocol and use of proper quality control testing for any benefit or program changes prior to live release. Include in your response the standard number of tests and applicable test areas.	Claims	Benefits are thoroughly tested prior to a group's go-live date. The number of test cases is determined by the number of benefit plans the group offers as well as the complexity of their benefits. In addition BCBSNE has a robust post-production validation process after system releases are implemented.
D. 6	Describe how you monitor denied claims for trends and patterns to timely determine if outreach is needed to a provider's office for educating/training on proper filing and codes so the provider may submit a clean and accurate claim.	Claims	BCBSNE proactively monitors incoming inventory looking for provider/member trends. BCBSNE has a dedicated provider support team that strives to "educate to eliminate" unnecessary or incorrect claim submittals resulting in denials by proactively reaching out to providers when trends are identified. This team also reviews any timely filing submittals and escalations that may have resulted in a denial as part of our commitment to continuous improvement. BCBSNE also monitors, educates and makes provider outreach based on monthly returned/rejected (incomplete) claim trends to ensure providers are submitting clean claims accurately and appropriately. Lastly, BCBSNE follows a high cost claim denial process to ensure BCBSNE is exhausting all options to gather needed information from our providers prior to making a denial determination. We strive to educate to eliminate any incorrect submittals proactively.
D. 7	Describe the outreach made to providers and the education/training provided in the event a provider needs to be contacted because of trends and patterns related to denied claims.	Claims	BCBSNE communicates evidence-based treatment patterns when meeting with our providers if issues come to light through onsite visits. BCBSNE's special investigations unit (SIU) also monitors providers and claims through fraud analytics software (Healthcare Fraud Shield). The system assigns a risk score to providers based on alerts (e.g., potential upcoding), and the SIU uses that information to open investigations. If improper billing, waste/abuse, or suspected fraud are identified, the SIU may adjust claims, place the provider on prepayment review, issue a settlement agreement, issue education or corrective action plans, terminate the provider, or require third-party audits to ensure compliance with BCBSNE policies.
D. 8	Describe your appeal process for denied PAs and medical pre-certifications.	Claims	A request for an internal appeal must be submitted on our designated appeal request form within six (6) months of the date the claim was processed or the date the adverse benefit determination was made. The form is available at www.nebraskablue.com. Members can also contact the Member Services department at the number found on the back of their I.D. card for appeal assistance. BCBSNE will provide the claimant a notice of receipt of the request within 3 days. The claimant may submit additional information for consideration, if needed. If the adverse benefit determination was based on a medical judgment, including a medical necessity or investigative determination for denied Prior Authorizations (PAs) or pre-certifications, BCBSNE will consult with health care professionals to discuss the medical judgment and make the appeal determination. The appeal determination will be made by individuals who were not involved in the original determination. **PRE-SERVICE (NON-URGENT)** Written notice of the appeal determination is provided within 30 calendar days. The member must appeal the internal appeal (1st level appeal) and file an external appeal (2nd level appeal) within 4 months after receiving the 1st level appeal decision. Written notice of the external (2nd level) appeal decision will be provided within 45 calendar days from the date the Independent Review Organization (IRO) receives the appeal.
D. 9	Confirm that if any unapproved, non-medically necessary procedure is paid by the Medical Administrator, the Administrator will take full financial responsibility for the expense and reimburse the State for the charges.	Claims	If an error is made by the Medical Administrator (BCBSNE), the State would not be held financially responsible. An adjustment would be made, thus making the State whole.
D. 10	Describe your process to review claims for billing irregularities by provider (such as regular overcharging, unbundling of procedures, upcoding or billing for inappropriate care for stated diagnosis). Include savings figures resulting from these procedures.	Claims	BCBSNE utilizes numerous system edits to identify billing irregularities, including but not limited to the following: * Upfront SNIP (Strategic Interchange National Implementation Process) Level 1-7 edit, EDI edits (via Axiom & Foresight) as well as custom edits * Our claims system (Health Rules Payor) member match, provider match, reimbursement and validation edits * CXT (ClaimsXten code auditing tool) edits for professional and facility claims to detect correct coding * Medical Policy edits * Member benefit edits in Health Rules Payer * Additional editing is currently being deployed for genetic testing via Concert Genetics Today, BCBSNE has a variety of PI services to control medical cost leakage including Special Investigation Unit (SIU) to look for fraud, waste, and abuse, Coordination of Benefits (COB) to determine the correct insurance payer according to industry primacy rules, Subrogation & Work Comp to determine where a 3rd party property and casualty provider may be liable for medical expenses, data mining to look for overpayment anomalies in paid claims data, credit balance to find overpayments reflecting as owed balances on a provider's patient accounts system, several different types of provider audits including but not limited to itemized bill review, DRG upcoding, ER upcoding, and coding validation, and clinical claim reviews ensure claims adhere to medical policies and are medically necessary. For calendar year 2024, BCBSNE saved our customers $166.52 PEPM on total claim edits. This savings goes up to $188.18 PEPM when adding COB, audits, fraud/waste/abuse, subrogation and works comp.
D. 11	Bidders are required to credit overpaid claims within 7 – 10 business days of discovery of overpayment. This does not include actual recovery of funds that were the result of Bidder error. Describe your overpayment process.	Claims	BCBSNE either becomes aware of an overpayment via an adjustment from the provider or identifies overpayments using internal PI resources as well as external vendor partners. Overpayments are identified by a variety of audit methodologies. Some audits require medical documentation and some do not require medical documentation. Upon discovery of an overpayment, our internal team will complete the adjustment and the offsetting of the recoupment will be reflected in the subsequent 835 Explanation of Payment (EOP) notification. Provider recoupment offsets will occur approximately 30 days after the notification. If the claim cannot be systematically offset, internal recovery efforts will occur with a provider to obtain a manual check for the overpayment.
D. 12	Do you agree to return 100% of all recovered monies from overpayments or duplicate payments (without a recovery fee) to the State?	Claims	BCBSNE agrees to return 100% of duplicate payment recoveries to the State with no recovery fee. We do provide post-adjudication auditing services. BCBSNE may charge a shared savings fee for any savings recovered through these auditing services.
D. 13	Provide the following information regarding internal claims audit(s):	Claims	
	a. What are the current standards for internal claim audits?	Claims	In addition to external audits, BCBSA measures, and targeted ADHOC audits, BCBSNE conducts internal claim audits. Internal claim audits are a subset of the overall audit activity, these results encompass training opportunities, procedural errors that do not impact payment as well as financial errors. Claims Examiners must maintain a minimum overall quality level of 95% or greater with our Claims QA team maintaining a Quality level of 96%. Based on the last 3 years results, we are exceeding 98.5%, BCBSNE will be raising our quality thresholds as of January 1, 2026, to 97% and 98%, respectively.
	b. How often are claim processors audited?	Claims	Quality is accrued daily in a random review format.

OVERFLOW RESPONSES - Approved by the State in Addendum 1 Dated June 30, 2025

POST-SERVICE
Written notice of the appeal determination will be provided to the claimant within 60 calendar days.
The member must appeal the internal appeal (1st level appeal) and file an external appeal (2nd level appeal) within 4 months after receiving the internal (1st level) appeal decision.
Written notice of the external (2nd level) review decision will be provided within 45 calendar days from the date the IRO receives the appeal.

EXPEDITED APPEAL (Urgent Care)
In the case of an urgent care claim, an expedited appeal may be requested orally or in writing. The request must meet urgent criteria to be reviewed in an expedited timeframe. An expedited appeal will be reviewed, determined and notice provided to the claimant within 72 hours after receipt.
Final time frames may vary from the above since they would be dependent upon the type of appeal endorsement that is added to the insured policy or self-funded plan.

If any appeals require the use of an independent review organization (IRO), BCBSNE does not pass the IRO's fees onto our clients.

	Questionnaire Section	Section	Vendor Response
	c. When an error is found, what is the time period for correction of the claim?	Claims	Claims that are identified as an error are corrected within 30 business days, to allow time for dispute resolution.
	d. Are reports monthly, quarterly, semi-annual?	Claims	Reporting is real time (daily) and reflective of the status of the quality review, each report can be static to a period of time as well.
	e. What claims do you consider for high dollar audits?	Claims	We use a threshold of $50,000 or more on billed amounts for high dollar claim handling. Additional oversight measures and sign-off is required as the thresholds increase.
	f. Are high dollar audit claims handled internally?	Claims	High dollar claims audits are handled internally. Claims are reviewed internally with the claims Vice President for required sign-off when paid amounts are greater than $500,000. Additional review for claim amounts of $1,000,000 or higher require Medical Director review and sign-off. Multiple payment integrity activities are activated to protect our customers from billing anomalies.
	g. How are criteria determined for internal audits? What triggers do you utilize?	Claims	System triggers stop the claim when the billed amount is greater than $50,000, which initiates internal processes to determine the necessary review levels for high-cost claims.
	h. What percent of claims are audited internally?	Claims	BCBSNE does not perform base audits on a percentage of claims. Each claims examiner receives a minimum of 24 claim reviews per month of all manually handled claims. Additional audit mechanisms are in place for peer to peer feedback as well as system adjudicated claims. This supplements external audit activity and BCBSA audit standards.
	i. What is the ratio of quality reviewers to claim processors?	Claims	BCBSNE has one Quality Assurance examiner for every nine claims examiners.
D. 14	On average, what percentage of all claims that are internally audited are then adjusted in some way as a result of the audit? Describe your procedure for adjusting the claim including any contact with the provider.	Claims	Claims are currently operating with a quality score of 99.32%, of which we have an estimated adjustment rate of roughly 0.15%. Please note not all errors result in claim adjustments.

D. 16	Provide in detail the procedure for processing claims based on benefit exceptions of denied claims as determined by the State.	Claims	BCBSNE serves as the claim fiduciary, meaning we make determinations on eligibility and claim payments. If the State would request an exception to override BCBSNE's interpretation of eligible benefit payments, the State could complete an Exception Form asking for payment revisions. This Exception Form holds BCBSNE harmless from administering the exception.
D. 17	Define “medical necessity.” What guidelines are used to determine medical necessity?	Claims	We utilize nationally recognized standard criteria (InterQual) to assist clinical staff with decisions on medical necessity. If InterQual criteria is not available for the specific request, BCBSNE Medical Policy criteria is utilized. Our medical policies are regularly reviewed and updated, and certain policies are discontinued based on recommendations of our medical policy committee. Additionally, BCBSNE utilizes a third-party vendor, Evolent, for spine and pain expertise for reviews of these high-cost procedures. Similar to above, OptimizeRx medical necessity criteria are reviewed and updated regularly. Medical necessity refers to the standards used to determine whether a particular medical treatment or service is appropriate and necessary for a patient's condition. These can include medical necessity criteria which often include considerations of the intensity, frequency, and duration of treatment which may also be guided by evidence-based treatment guidelines.
D. 18	The State requires that claims history be maintained on-line for a minimum of ten (10) years. Describe how this will be met and/or exceeded.	Claims	Confirmed. BCBSNE's policy is to retain claims history for ten (10) years.
D. 19	Describe how usual, customary and reasonable charges are determined for out-of-network medical, surgical and anesthesia.	Claims	BCBSNE utilizes a maximum allowable cost structure for Nebraska out-of-network claims rather than a U&C or R&C database. For out-of-network claims incurred outside Nebraska, BCBSNE accepts the maximum allowance applied by the Blue Cross and/or Blue Shield Plan. Blue Plans establish their maximum allowances based on a variety of methods (e.g., Reasonable & Customary, regional averages, etc.). Our maximum charge levels are updated annually and are based on the following pricing: * Professional out-of-network claims are generally set at 120% of the Medicare allowance for a specific service; * Inpatient out-of-network claims have a maximum allowance using a base rate starting allowance of $13,683, which is adjusted by a specific weighted amount assigned to each APR-DRG, plus any adjustments for outlier payments, to arrive at the final inpatient maximum allowable charge; and * Outpatient out-of-network claims are set to a reduced fee schedule based off of in-network reimbursement rates, and any codes that do not fall on the fee schedule have a maximum allowance set at 50% of the billed charge. * Out-of-network surgical allowances are set at 120% of Medicare * Out-of-network anesthesia allowances are set at 80% of the in-network allowance
D. 20	Describe your out-of-network reimbursement methodology. What data sources are used? How frequently are your data sources updated?	Claims	As noted in the preceding question's response, BCBSNE utilizes a maximum allowable cost structure for Nebraska out-of-network claims rather than a U&C or R&C database. Out-of-network maximum charge levels are based on the following: * Professional out-of-network claims are generally set at 120% of the Medicare allowance for a specific service; * Inpatient out-of-network claims have a maximum allowance using a base rate starting allowance of $13,683, which is adjusted by a specific weighted amount assigned to each APR-DRG, plus any adjustments for outlier payments, to arrive at the final inpatient maximum allowable charge; and * Outpatient out-of-network claims are set to a reduced fee schedule based off of in-network reimbursement rates, and any codes that do not fall on the fee schedule have a maximum allowance set at 50% of the billed charge. * Out-of-network surgical allowances are set at 120% of Medicare * Out-of-network anesthesia allowances are set at 80% of the in-network allowance For out-of-network claims incurred outside Nebraska, we accept the pricing applied by each Blue Plan, as well.
D. 21	Provide sample Claim Submission and Explanation of Benefits (EOB) forms.	Claims	Please refer to ***EXHIBIT G - Sample Claim Form & Explanation of Benefits.***

OVERFLOW RESPONSES - Approved by the State in Addendum 1 Dated June 30, 2025

	Questionnaire Section	Section	Vendor Response
D. 22	What procedures are used to administer COB provisions?	Claims	BCBSNE ensures we have the most current information in our system by first sending a Coordination of Benefits (COB) questionnaire to each new member. This COB questionnaire goes out automatically once individual membership is established on our system. A BCBSNE COB specialist may also perform telephonic outreach to member to verify COB information if there are questions regarding a questionnaire or claim. BCBSNE follows the most current National Association of Insurance Commissioners' (NAIC) COB Model Rules and Regulations. If information is conflicting or lacks essential information, a COB Specialist will investigate. Once a payer order has been established, a COB Specialist will update the member's COB records to reflect the correct Other Insurance/Medicare information and primacy order. These records provide payer order direction to the claim examiners for each family member. BCBSNE also contracts with CAQH, a vendor who holds other insurance data. This data is referenced and then verified throughout the claim adjudication process. BCBSNE's claim system applies claim holds prior to payment when there is a conflict between the COB information on the claim and the COB information loaded on a member's records. We also perform pre-payment review of claims exceeding $50,000. These Instances may prompt a BCBSNE COB Specialist to reach out to a member directly via telephone for clarification. We will also send another COB questionnaire if needed. All further claims can be denied pending updated COB information.
D. 23	Describe your subrogation recoveries process. Are any subrogation services subcontracted? Identify the subcontractor.	Claims	BCBSNE utilizes the "pay and pursue approach" process handled by in-house subrogation specialists. Our Subrogation department is responsible for enforcing the subrogation terms of the applicable benefit contract. All subrogation services are performed by BCBSNE and its subrogation specialists. Their work is facilitated through BCBSNE's unique software system, which is hosted by Discovery Health Partners. When identifying subrogation cases, claims having at least one of a possible 4,500+ injury diagnosis codes and a minimum paid dollar value of $350 are aggregated into a case, which is opened in the software system. In order to determine if the claims relate to an accident or an injury for which there is a potential source of recovery, a questionnaire is generated and sent to the subscriber to confirm the nature of the incident. If no response is received to the questionnaire after 30 days, BCBSNE sends a second and third questionnaire request. Once a potential source of recovery has been identified, the subrogation specialists refer to the open case file in the software system and generate notice letters, which are sent to the identified third-party insurer and attorneys, if appropriate. BCBSNE sends requests for updates on the status of cases every 90 days. BCBSNE's subrogation software system enables subrogation specialists to track all contacts with subscribers, carriers, attorneys and group administrators. This system can retrieve claim itemizations and track total amounts expended and recovered. Subrogation specialists, with the assistance of BCBSNE's Legal department, advise and negotiate with attorneys regarding current amounts expended at the time of a settlement of claims with third parties. When a recovery is made, the case is closed and the credit is reflected in the month-end claims analysis reports.
D. 24	What are your gross subrogation recovery fees? If you have a shared savings model, please describe how it works.	Claims	BCBSNE normally retains 30% of recovered subrogation funds; however, BCBSNE is abiding by the State's requirement that subrogation recoveries **will not contain a withhold fee**. This is an exception handling for the State's proposal.
D. 25	What are your average subrogation rates of return for 2023 and 2024?	Claims	Our PEPM book-of-business savings (recoveries) were as follows: * 2023: $1.29 * 2024: $1.83
D. 26	Confirm understanding that any subrogation claim that is less than 100% of the State's loss, and all settlements, require the State's approval.	Claims	Confirmed: Per the 122435 O5 RFP, P. SUBROGATION REQUIREMENT, BCBSNE interprets the subrogation requirements as applying when the referenced third party is the State of Nebraska, and we confirm our agreement with the requirements based on this interpretation. Please note BCBSNE does not subcontract our subrogation investigations. We instead utilize our in-house subrogation team for pursuing recoveries. BCBSNE confirms we will not charge the State for subrogation recoveries.
D. 27	Provide a description of premium or administrative fee billing procedures, including information on the timing of billing and billing-payment reconciliations.	Claims	**Claim Reimbursement Billings:** BCBSNE initially issues claims from our own account, then subsequently sends net paid claim reimbursement requests to employers on a weekly basis. This process differs from many other administrators since we do not issue checks directly from an employer's bank account. Once a reimbursement request is submitted to an employer via automated clearing house funds request, BCBSNE requires electronic reimbursement **within 24 hours**. **Monthly Fee Invoices:** For fees and unreimbursed net paid claims for a given month, BCBSNE sends a month-end invoice. The invoice will include such items as billed administration fees and fees for any additional program that an employer may have purchased (e.g., wellness, stop loss reporting, applicable state assessment fees, etc.). We will also invoice net paid claims that were not previously reimbursed during the month through the weekly net paid claim reimbursement requests. Month-end invoices are sent on or before the 10th business day of the month with payment due within 15 days of the mailing date of the invoice; **however**, **BCBSNE will agree to the State's specific request within its RFP that invoices be allowed to have a 45-day grace period for paying the monthly invoices.** Invoiced billed amounts are reconciled by reviewing the monthly Contract (Subscriber) Report from month to month, with adjustments being applied as required based on subsequent changes to enrollment. Due to our standard weekly frequency of claims billings, BCBSNE does not require a deposit.

	Total Overturned	Claims	6356
	Total Upheld	Claims	12013

D. 29	Confirm your understanding the State reserves the right to accept or decline the following at no additional cost to the State:	Claims	
	a. proposed service centers	Claims	Confirmed
	b. proposed claims processors	Claims	Confirmed
	c. proposed changes to claims processing systems	Claims	The State would not have the authority to accept or decline proposed changes and upgrades to BCBSNE's claim system since the system is utilized for our entire book of business, encompassing all clients and policies managed by BCBSNE. The underlying infrastructure of the claim system is designed to operate uniformly across all users, ensuring consistency and efficiency in processing claims. As such, modifications to the system must be applied universally rather than on an individual employer basis. This approach prevents any discrepancies or operational conflicts that could arise from having different versions of the system in use simultaneously; therefore, the State cannot intervene at the employer level regarding these changes.
E	**AUDIT RIGHTS**	**Audits**	**RESPONSE**
E.1	Indicate whether or not you agree with the following statements regarding audits.	Audits	
	a. Confirm you agree to extend audit rights to the State and cooperate with any outside audit firm the State selects to perform an operations and claim administration audit. This might include the provision of space and system terminals for a reasonable period of time to accomplish the audit objectives.	Audits	BCBSNE permits clients to perform one paid claims audit and one financial audit per contract year. The State shall not hire a third party to conduct a contingent fee audit, where the third party's compensation is based on a percentage of errors (or savings, or "uncovered recoveries", etc.) which may be found by the third party in its audit. Should the State contract with a third party to perform such contingent fee audit, BCBSNE has no obligation to cooperate with said third party in the conduct of such contingent fee audit. Upon execution of an NDA, BCBSNE will cooperate with an outside audit firm the State selects, provided the auditor is acceptable to BCBSNE (acceptance shall not be unreasonably withheld) to perform one paid claims audit and one financial audit per contract year, including the provision of space and system terminals for a reasonable period of time to accomplish the audit objectives for these audits.
	b. Confirm you agree to the following provision: Audits may include, but are not limited to, implementation audits, claims and operations audits, clinical audits.	Audits	BCBSNE permits clients to perform one paid claims audit and one financial audit per contract year. On an annual basis, BCBSNE hires an external, independent CPA firm to perform an audit of the internal controls related to financial reporting and prepare the SOC 1 report which provides assurance that BCBSNE's systems are designed and operating effectively. Additionally, an independent CPA firm performs an audit of the internal controls related to security, availability, processing integrity, confidentiality, and privacy and prepare the SOC 2 report which demonstrate the security and reliability of BCBSNE's systems. BCBSNE's SOC 1 and SOC 2 annual reports would be available to the State and its audit firm.
	c. Confirm you have provided a copy of your current standard audit agreement with your proposal response.	Audits	Confirmed. Please refer to ***EXHIBIT B - Sample Medical Administrative Services Agreement***, Attachment 4, for a description of our audit provisions.

OVERFLOW RESPONSES - Approved by the State in Addendum 1 Dated June 30, 2025

BCBSNE's Coordination of Benefits (COB) department is also responsible for handling all Medicare Secondary Payer (MSP) issues. Medicare information is gathered by a number of sources, which include data sharing with the Centers for Medicare and Medicaid Services (CMS), COB questionnaires, the employer group, the provider and from member phone calls. We also have access to the CMS Section 111 Mandatory Reporting website. If the information we obtain differs from our current COB file or lacks essential information, a COB Specialist will investigate. Once all information has been gathered, we will follow MSP rules to determine if BCBSNE is the primary or secondary payer, such as noting the size of the group, the disability condition, if end stage renal disease (ESRD) applies, if the member is over age 65 and still working, etc. Files are then updated accordingly and any claims requiring adjustments will be reviewed.

	Questionnaire Section	Section	Vendor Response
	c. Confirm you will not charge for services rendered in conjunction with the audit.	Audits	The State or it's approved vendor may audit two hundred (200) paid claims at no cost. If the State elects to audit additional paid claims, there would be a charge of fifty dollars per claim ($50/claim) for each additional claim over 200. For financial audits performed by a public accounting firm to certify the State's financial statements, the audit would be subject to the requirements of our Attachment 4 Audit section, applicable laws and regulations, and BCBSNE's policies. Financial audits shall be limited to an examination of BCBSNE's records of provider charges, reimbursements and amounts invoiced to the State. If any financial audit requires more than fifty (50) hours of BCBSNE personnel time, a fee of fifty dollars ($50) per hour would be assessed.
	d. Confirm that if problems are discovered, the cost of follow-up audits will be paid by your organization.	Audits	BCBSNE does not pay for follow up audits. BCBSNE permits clients to only perform one paid claims audit and one financial audit per contract year.
E.2	Confirm the State, via its designated auditor, has the right to perform multiple audits having differing scopes, at different times during the contract year.	Audits	BCBSNE permits clients to perform one paid claims audit and one financial audit per contract year.
E.3	Confirm the State, via its designated auditor, has the right to perform additional audits during the year of similar scope if performed as a follow-up to ensure significant/material errors found in a previous audit have been corrected and are not recurring or if additional information becomes available to warrant further investigation.	Audits	BCBSNE permits clients to perform one paid claims audit and one financial audit per contract year.
E.4	Confirm the State, via its designated auditor, has the right to audit claims and operations after the contract has terminated.	Audits	After the contract has terminated, one paid claims audit and one financial audit would be allowed for the most recently completed contract year and must be completed no later than eleven (11) months after the end of that contract year. The State would not have the right to audit operations after the contract has terminated.
E.5	Confirm your organization will provide a response to all findings received within 30 days of audit, or at a later date if mutually determined to be more reasonable based on the number and type of findings.	Audits	BCBSNE will provide a response to all findings received within 30 days of audit, or at a later date if mutually determined to be more reasonable based on the number and type of findings.
E.6	Confirm you will allow Segal, or any other party selected by the State, to audit all provisions governed by the contract.	Audits	BCBSNE permits clients to perform one paid claims audit and one financial audit per contract year. Audits shall be conducted by an auditor that is mutually acceptable to both BCBSNE and the State.
E.7	Confirm you agree not to charge the State for EOBs/claims issued as corrections due to audits.	Audits	Confirmed. BCBSNE agrees not to charge the State for EOBs/claims issued as corrections due to audits.

Audits	On an annual basis, BCBSNE hires an external, independent CPA firm to perform an audit of the internal controls related to financial reporting and prepare the SOC 1 report which provides assurance that BCBSNE's systems are designed and operating effectively. Additionally, an independent CPA firm performs an audit of the internal controls related to security, availability, processing integrity, confidentiality, and privacy and prepare the SOC 2 report which demonstrate the security and reliability of BCBSNE's systems. BCBSNE's SOC 1 and SOC 2 annual reports would be available to the State and its appointees.
E.9	The State will not be held responsible for time or miscellaneous costs incurred by the Administrator in association with any audit process including all costs associated with provision of data, audit finding response reports, or systems access, provided to the State or its designee by the Administrator during the life of the contract. Note: This includes any data required to transfer the business to another vendor and money collected from lawsuits and internal audits. E.10	Bidder will correct any errors that the State, or its representative, brings up to the Bidder's attention whether identified by an audit or otherwise. Describe the process that the Bidder will undergo to correct the error and make the appropriate payments to the member and/or the State, if applicable. BCBSNE shall make no adjustment or refund on the basis of statistical projections or extrapolations of actual errors. In addition, BCBSNE shall make no adjustment or refund based on industry standard claim processing guidelines or other edits that are not incorporated into BCBSNE's policies and procedures, benefits contracts, or claim processing guidelines. BCBSNE's reimbursement of any overpayments will be made on an individual case basis in accordance with the Overpayment section of the Administrative Services Agreement. F	**BEHAVIORAL HEALTH**	**Behavioral H**	**RESPONSE**
F.1	Provide a brief overview of your program and address how your behavioral health interventions are integrated with your medical interventions.	Behavioral H	Our care management programs address members' behavioral health conditions either through specific care programs such as depression, anxiety, substance use disorder, or as part of a comprehensive approach when addressing acute or chronic physical health conditions. We use a collaborative care approach that involves multiple disciplines in our model, including medical directors, pharmacists, licensed clinical social workers, registered nurses and community health workers . A member involved in care management is screened for physical, psychosocial, functional and social determinants of health. We hold regular multi-disciplinary meetings to discuss cases, to ensure care coordination and to establish a holistic approach that addresses the medical and non-medical needs of the member. This collaborative model serves to support the primary care manager and may also identify the need for co-management with multiple disciplines.
F.2	Do you have a clinically integrated delivery system that coordinates behavioral health services with medical services to improve the quality of care? Please describe.	Behavioral H	Our health plan includes both medical and behavioral health services. Our network providers are trained to address both the physical and mental health needs of their patients and use technology solutions that allow for better data sharing between medical and behavioral health providers. BCBSNE offers members care management support that addresses both physical and behavioral health conditions that enhance care coordination with a member's care team. Our care managers play a central role in managing the care. They ensure that all services are well-coordinated, appointments are scheduled and follow-up care is received. This helps in preventing gaps in care and ensures continuity.
F.3	Describe any efforts used to educate members of available behavioral health services. Also describe education efforts to medical providers and facilities of your behavioral health services so that members who could benefit from those services can be referred if presenting at a medical provider.	Behavioral H	BCBSNE includes behavioral health resources on our public website, including emergency response resources, a link for locating care, nurse support, a link for a video chat with a therapist, and other information. Please refer to https://www.nebraskablue.com/mentalhealth. Under our Behavioral Health clinical program, nurses collaborate and coordinate care for member's mental and behavioral health needs, including substance abuse. They provide assistance with navigating the behavioral health system and focus on a holistic approach to care, assisting members with lifestyle changes, stress management techniques and coping strategies, along with addressing any other health conditions. Our Member Services advocates are also a resource for members who are looking for behavioral health resource and in-network providers. BCBSNE's Marketing representatives also create member educational pieces in both PDF fliers and in emailed messaging that can provide assistance for members seeking behavioral health providers. A sample communication piece is included in ***EXHIBIT H - Mental Health Access in Nebraska.***
F.4	Which, if any, behavioral health services are subcontracted? Identify the program, the subcontractor, and background on your organization's relationship with them.	Behavioral H	BCBSNE's provider network includes behavioral health providers. We do not utilize an external network or subcontracted behavioral health providers.
F.5	Describe the process for plan participants to access behavioral health services in a primary care setting, during chronic condition case management, during an acute inpatient episode, and during post-discharge follow up.	Behavioral H	Our health plan maintains a network of providers that meets specific adequacy standards, ensuring there are enough behavioral health professionals available to meet members' needs. This includes therapists, psychiatrists, psychologists, and other specialists. Regardless of setting, primary care or during or after an acute inpatient episode, our care and utilization management teams are coordinating care with the member's health team. Through screening efforts by our providers or support through our care management team, a member's behavioral health needs are identified. When working with a member on accessing the appropriate care for their behavioral health needs, we can provide support through patient education on their conditions, behavioral health benefits, and identifying providers in our network who can meet the specific needs of the member.

OVERFLOW RESPONSES - Approved by the State in Addendum 1 Dated June 30, 2025

	Questionnaire Section	Section	Vendor Response
F.6	Are specialty case managers used to manage Mental Health/Substance Use Disorder cases? What are their credentials?	Behavioral H	Yes, our initial clinical reviewers are registered nurses with extensive clinical backgrounds in behavioral/mental health and substance use disorders. In addition, we utilize PREST & Associates for MD reviews. Prest specializes in psychiatry, addiction and behavioral health medicine. Physicians are board certified, credentialed psychiatrists. Our care management team includes registered nurses with acute and post acute psychiatric and substance use experience. Our certified social workers have additional licensure as independent mental health practitioners (LIMPHs) or licensed mental health practitioners (LMHPs).
F.7	Does the same case manager handle the member's care through all levels of care? For example, inpatient, intermediate, and outpatient?	Behavioral H	BCBSNE does not maintain a separate Behavioral Health provider network. Members can schedule appointments as they would with other provider types, and can also receive assistance for appointments by calling the Member Services number on the back of their ID Cards. Members involved in care management receive education about benefits and can assist in identifying appropriate providers in our network that can address the member's specific needs. Care coordination activities may include assisting the member in scheduling appointments.
F.8	How long is a patient monitored after discharge?	Behavioral H	BCBSNE monitors a patient for 30 days after discharge for our Transition of Care team. The period is longer, as necessary, if the member was already engaged in care management or referred to a care management program.
F.9	What guidelines do you use to ensure appropriateness of treatment (utilization and duration for relevant medications and services)?	Behavioral H	We use InterQual Behavioral health subsets that address utilization and duration for treatment types. We also utilize our medical policies when ensuring appropriateness of treatment plans and care. For medications, the Prior Authorization policies are developed by board certified clinical pharmacists and approved by the Prime Pharmacy and Therapeutics (P&T) Committee of independent clinicians. The processes for development and application of Prior Authorization policies, which have received both URAC and National Committee for Quality Assurance (NQCA) Accreditation for Utilization Management, are outlined in the Development and Maintenance of Utilization Management Criteria Standard Operating Procedure (SOP) PRIME_CLNCL_02. Adherence to this SOP ensures consistency in the development and application of Prior Authorization policies thereby ensuring the Prior Authorization NQTL is applied comparably and no more stringently to prescription Behavioral Health drugs than to prescription Medical/Surgical drugs. Factors used in development of prior authorization criteria include: * **Drug Indication:** Drugs marketed in the United States have one or more "labeled" indications (uses) that are approved by the Food and Drug Administration (FDA) through its Abbreviated New Drug Application (ANDA), or New Drug Application (NDA) process, and may also have one or more "off label" indications that are deemed accepted if they are documented as such ("supported") in at least one of the Centers for Medicare and Medicaid Services (CMS) endorsed compendia, in evidence-based guidelines, and/or in published clinical trials. *** Efficacy and Safety:** Application of this evidentiary standard involves evaluation of the intended use of a drug with respect to the clinical effectiveness and benefit of such use compared to safety risks associated with the drug, particularly when used for off-label indications. The evaluation is carried out by examining evidence-based clinical recommendations as outlined in the sources listed above and established standards of practice.
F.10	Confirm you offer a comprehensive behavioral health network that includes a variation of providers such as Psychiatrists (MDs), Psychologists, Therapists, Counselors, Social Workers, DEA waiver providers, ABA Paraprofessionals.	Behavioral H	Confirmed
F.11	Describe your (or your behavioral health subcontractor's) philosophy for best practice treatment for members with opioid addiction needing inpatient substance use services.	Behavioral H	Specifically for inpatient substance use, BCBSNE will follow the underlying benefits for the member's plan. We will assign a behavioral health nurse Care Manager to perform outreach to the member when an authorization is received for inpatient detoxification or residential treatment and the member is not already engaged in the Care Management program. For other instances, BCBSNE identifies members at risk for opioid addiction based on prescriptions filled. We collaborate with the member and the provider to ensure the member is receiving the care they need with a pain management physician and program. We are also able to identify "doctor shopping" instances and set members up in a pharmacy and doctor "lock-in program", if needed. We also offer a 72-day Substance Use Disorder Program. The member engages with the program through our Digital CM platform and works one-on-one with a Care Manager who specializes in behavioral health and substance use. Additionally, we have a Chronic Pain Management program that is delivered through Wellframe, our mobile engagement app, and supported by a personal Care Manager.
F.12	Describe how the size and caliber of your network will effectively meet the State's behavioral health needs.	Behavioral H	BCBSNE's statewide broad PPO network, *NEtwork BLUE* , has contracts with the following percentages of behavioral health / substance use providers in Nebraska: * Psychiatrists - 99.5% * Psychologists - 100.0% * Therapists/Counselors - 99.7% * Social Workers - 99.7% * DEA Waiver Providers - 100.0% * ABA Para-Professionals - 100.0% In addition, BCBSNE's Medical Management department includes Behavioral Health Registered Nurses who provide coordination of care and benefits, care management and health coaching to our members. Behavioral health care programs for anxiety and depression, PTSD and Substance Use Disorders are also available. We have provided two Nebraska-based Mental Health GeoAccess reports for subscribers' zip codes within the state, as well as an exhibit indicating access results and a sample member flier for accessing behavioral health services. Please refer to ***EXHIBIT H - Mental Health Access in Nebraska.***

OVERFLOW RESPONSES - Approved by the State in Addendum 1 Dated June 30, 2025

*** Potential for Misuse or Abuse:** The risk for misuse or abuse associated with the drug is assessed by checking to see if the Drug Enforcement Agency (DEA) has categorized the drug into one of five scheduling categories (Schedule I, Schedule II, Schedule III, Schedule IV, or Schedule V). The evidentiary standards associated with this factor are presence of a Drug Enforcement Agency (DEA) assigned controlled drug schedule, along with information from the FDA-approved label, Center for Disease Control and Prevention (CDC) resources and evidence-based guidelines. These resources are used to characterize the relative risk of misuse or abuse of a drug as compared to the risk of misuse or abuse of alternative drugs which can be used for the same indication or are in the same therapeutic category.

F.14	What is the process for making an assessment and/or referral for Behavioral Health services?	Behavioral H	**Member Services:** Our member services center takes a proactive and compassionate approach to identifying members who may benefit from additional support through our Care Management programs. **Trigger-Based Referrals:** Our customer service representatives are trained to actively listen for key words or phrases—such as mentions of chronic conditions, recent hospitalizations, or behavioral health concerns—that may indicate a member could benefit from care management. When such "trigger words" are identified during a call, the representative initiates a warm referral to our Care Management team for follow-up and support. **IVR-Driven Identification:** Our Interactive Voice Response (IVR) system is also designed to support early identification. If a member has recent claims related to behavioral health or other qualifying conditions, the IVR will proactively ask if they would like to learn more about available care management programs. If the member opts in, their information is securely routed to our Care Management team for outreach. **Seamless Collaboration:** Once a referral is made—either through a live interaction or the IVR—our Care Managers engage with the member to assess their needs and connect them with appropriate resources, programs, or clinical support. This integrated approach ensures members receive timely, personalized care that supports their overall well-being. *Our goal is to ensure no opportunity is missed to provide meaningful support, and to make it easy for members to access the care they need, when they need it most.* **Care Management:** Our proprietary algo rhythm identifies members appropriate for behavioral health Care Management services. Diagnosis, ER utilization, inpatient, and pharmacy data is utilized to make this determination. Our Utilization team also makes referrals to Care Management based on medical and behavioral health inpatient services. Groups and members can also refer members to Care Management services, and our telehealth vendor also initiates referrals/warm handoffs for members who utilize our telehealth service, including the 24/7 nurse call line included in our telehealth offering.
F.15	What percentage of your in-network behavioral health providers are accepting new patients?	Behavioral H	For the overall average in F.13 above 98.72% of total NEtwork BLUE behavioral health providers are accepting new patients.
F.16	Describe the process for scheduling appointments through the Behavioral Health provider network.	Behavioral H	Please note BCBSNE does not maintain a separate Behavioral Health provider network. As noted in our response to F.12 above, our broad PPO network includes nearly all eligible Nebraska behavioral health providers in our network: * Psychiatrists - 99.5% * Psychologists - 100.0% * Therapists/Counselors - 99.7% * Social Workers - 99.7% * DEA Waiver Providers - 100.0% * ABA Para-Professionals - 100.0% Members can make their own behavioral health appointments as they do with other provider types, and they can also receive assistance from nurse care managers if they are involved in care management. Care managers can provide education about benefits and assist in identifying appropriate providers in our network who can address the member's specific needs. Care coordination activities may include assisting the member in scheduling appointments. Similarly, our Member Services department can assist a member in locating a provider and helping to make an appointment. Our provider contracts have appointment availability standards for routine/non-urgent care of 10 business days from a patient's appointment request, and a standard of 24 hours for urgent requests. These standards are included in our provider contracts to ensure members have timely access to care. We assess compliance with these standards through telephone surveys and member complaints. As a BCBSNE participating provider, the providers have agreed to maintain these standards for our members making appointments. Providers who do not meet the standards may be required to complete a Corrective Action Plan (CAP).
F.17	How do you prioritize appointments based on urgency, and what strategies are in place to reduce wait times?	Behavioral H	Please see response to F.16 above.
F.18	How do you manage appointment availability during high-demand periods or for specialized treatment needs?	Behavioral H	Please see response to F.16 above.
F.19	Provide details regarding the average wait time for scheduling appointments for both virtual and in-person mental health and substance use treatment services. Specifically:	Behavioral H	Please see response to F.16 above.
	a. What is the typical wait time for a new patient to schedule an initial appointment for both virtual and in-person consultations?	Behavioral H	Please see response to F.16 above.
	b. Are there any differences in wait times between virtual and in-person services?	Behavioral H	Please see response to F.16 above.
	c. Do you offer same-day or next-day appointment availability, and if so, under what circumstances?	Behavioral H	Please see response to F.16 above.
F.20	How are crisis intervention services and support features made accessible and understood by all eligible members of an employee's family?	Behavioral H	Members are able to obtain mental health information after logging onto the member portal and selecting the ***Coverage*** section at the top of the portal home page. Mental health and well-being information is shown at the bottom of the Coverage page. Once on the Mental Well-Being page, crisis information is immediately shown where members can call or text **988LIfeline** on a 24/7 basis, or they can also call the **Boys Town** 24/7 crisis hotline at 800-448-3000. We also have mental health crisis support member communications in both PDF format that can be posted on the State's website, as well as email templates that can be sent to members. We have included sample materials within ***EXHIBIT H - Mental Health Access in Nebraska.***
F.21	What is your average response time to emergency calls?	Behavioral H	Please see response to F.16 above.
G	**ELIGIBILITY AND MEMBERSHIP**	**Eligibility**	**RESPONSE**
G.1	Confirm you can accept and receive weekly data transfers utilizing standard HIPAA 834 file format and process within one (1) business days of receipt.	Eligibility	Yes, BCBSNE can accept and receive weekly data transfers utilizing our standard HIPAA 834 file format. We process clean and complete files within 48 hours of receipt from BenefitFocus, our vendor who initially scrubs the data prior to submitting it to BCBSNE.
G.2	Confirm that you will provide direct same day confirmation that the eligibility file was received, properly loaded, processed, and that this confirmation will include the date of receipt.	Eligibility	BCBSNE processes clean and complete files within 48 hours of receipt from BenefitFocus, our vendor, who initially scrubs the data prior to submitting it to BCBSNE. A receipt is provided once data is received from BenefitFocus.
G.3	Describe your process to update a member's eligibility information after a file is uploaded, including the process of working error reports generated.	Eligibility	With BCBSNE's eligibility submission option, eExchange, the State will utilize an electronic 834 HIPAA-secure file format which is submitted on a weekly basis and is available within 24 hours on BCBSNE's system. This fast, secure, and accurate method of transmitting membership data is available free of charge to employers. Once the file has been processed and loaded, employers receive a final report documenting all changes and exceptions applicable to the file submission. **Eligibility files are submitted once a week and should be a full population file for individual member updates.** Once the file has been submitted and processed, specified State individuals will receive an automated notice to log into the secure file location where they can access a file summary report. This report provides details on how the file processed, such as identifying changes, additions or terminations, as well any errors that should be reviewed.
G.4	How does your organization handle manual updates to eligibility?	Eligibility	If a group needs an ad hoc update that is urgent outside of their scheduled weekly file date, they can send that request to their Account Specialist and the BCBSNE system will be manually updated by a Membership Coder.
G.5	Describe if eligibility is processed in real time with the claims system.	Eligibility	With BCBSNE's eExchange eligibility system, timely updates are processed by BCBSNE upon receipt. Once the file has been processed and loaded, employers receive a final report documenting all changes and exceptions applicable to the file submission.
G.6	Describe your best practice of eligibility reconciliation.	Eligibility	Our groups receive a file summary report advising what was submitted to BCBSNE and the reason (change/addition/termination). Employers also receive three audits performed quarterly (Q1 - Q3) to ensure BCBSNE remains in sync with our groups' eligibility submissions. Ad hoc audits may also occur if an issue arises.
G.7	Confirm all Administrator's coding errors will be resolved within two business days.	Eligibility	Confirmed
G.8	Describe your eligibility verification services for complete dependent eligibility audits of the dependent(s) enrolled on employee health plans that are required by the State. Confirm your ability to perform these services. Will these services be subcontracted? If so, identify the subcontractor.	Eligibility	We would like to clarify that our organization does not provide reconciliation of dependents or life status changes prior to access. The eligibility information we use will originates directly from the State's submission, ensuring that all data is accurate and up-to-date as provided by the state.
H	**NETWORK ACCESS AND MANAGEMENT**	**Ntwk**	**RESPONSE**
H.1	**Provide a network access report** using the access standards below. The submitted access report (mapping and accessibility analysis) must demonstrate provider availability for EACH provider type listed below. In the production of the reports, please note the following: • Must utilize Optum®, GeoAccess®, GeoNetworks or comparable software. • Must indicate those **participants** with access and those without access according to provider network access standards above, **by county**. • Access must be based on driving distance from the center of the participants' home zip codes. • The access reports should include providers under contract as of June 1, 2025 and may also include providers that have entered a legally binding letter of intent or letter of agreement with the Bidder.	Ntwk	We have provided responses to the GeoAccess request below, as well as within ***EXHIBIT I - GeoAccess Reports.*** Information is provided using Quest Analytics, which is our only tool for providing geoaccess results.

H.2	Please provide a general description of how you establish your organization's networks and the corresponding financial arrangements.	Ntwk	BCBSNE's proprietary provider networks are developed and maintained by our Health Networks division of our company. Our broad PPO network, NEtwork BLUE, is statewide and includes 98% of Nebraska's non-governmental acute care hospitals, and 99%+ of Nebraska's physicians (MDs). Our provider contracting area will reach out to non-contracted providers when referrals or other solicitation requests are made to request that a non-contracted provider begin our credentialling process if the provider passes other requirements for potential inclusion in our network. Our regional Premier Select BlueChoice network includes the health systems of Nebraska Medicine and Methodist Health, while our regional Blueprint Health network is built around the CHI Health system. Both networks include other key facilities and provider groups which fill certain gaps in care, such as Boys Town National Research Hospital and Children's Hospital, among others. These networks provide additional savings compared to our broad PPO provider contracts. All networks' provider contracts provide are updated annually to ensure we maintain our competitive pricing.
H.3	If a network gap or deficiency is identified, either in the above analysis or if the State brings one to your attention, how will the need for additional providers be addressed?	Ntwk	If a gap in availability occurs due to non-contracted providers that becomes evident from a financial analysis or through a referral request from an employer, our provider contracting and credentialling team will reach out to the provider to begin the credentialling process if the provider is agreeable to potentially joining our network(s).
H.4	Indicate whether the network proposed for the State is leased or owned or a combination. If a combination, indicate what percent is leased and what percent is owned. If any portion of the network is leased, provide the name of network lessee.	Ntwk	BCBSNE develops and maintains our own proprietary provider networks. We do not lease our networks.
H.5	Confirm you notify the State immediately if the network or any part thereof, loses any accreditation, licenses or liability insurance coverage, security or bonding.	Ntwk	Confirmed
H.6	The State requires that when a member or dependent enrollee is admitted in one of the Contractor's network facilities at the time the group contract terminates, the normal/usual discount still applies for the entire period of admittance, as if the program had not terminated.	Ntwk	Confirmed
H.7	What is your current book-of-business in-network utilization percentage?	Ntwk	96.61%
H.8	What is your average in-network utilization by service type (Professional, Outpatient, Inpatient, and Other) based on claims paid for 2024 and 2023, for clients located in Nebraska?	Ntwk	99.57%
	a. Professional	Ntwk	
	2024	Ntwk	99.65%
	2023	Ntwk	99.68%
	b. Outpatient	Ntwk	
	2024	Ntwk	99.45%
	2023	Ntwk	99.00%
	c. Inpatient	Ntwk	
	2024	Ntwk	100.00%
	2023	Ntwk	100.00%
	d. Other	Ntwk	
	2024	Ntwk	N/A
	2023	Ntwk	N/A
H.9	Provide your network provider turnover rate.	Ntwk	BCBSNE had a higher number of providers at the end of each of the calendar years below than at the beginning of each year; therefore, the turnover percentages are negative.
	2024	Ntwk	-3.41% (physicians)
	2023	Ntwk	-3.36% (physicians)
H.10	In the event that a network physician refers a member to a non-network specialist or utilizes a non-network laboratory, confirm that you will adjudicate the non-network claim as a network claim.	Ntwk	Not confirmed: If an in-network physician refers a member to an out-of-network specialist or laboratory, BCBSNE will apply the applicable maximum allowable charge for the service and will process the claims under the member's out-of-network cost shares. The members may also be liable for the out-of-network charges above BCBSNE's maximum allowable charge levels. The State would have the ability to submit a formal exception request to pay the out-of-network claims at the in-network member cost share levels. Since BCBSNE is the claim fiduciary, this exception request would include a hold harmless provision for BCBSNE.
H.11	When a qualified network provider is not available, what is your process for approving the use of non-network providers? Describe your ability to negotiate favorable reimbursements on behalf of the State and the members. Confirm that the State can require prior approval in such instances.	Ntwk	BCBSNE has processes in place to support provider gaps, negotiating with Nebraska providers to accept a discount and process claims at the in-network member cost share levels. As the claim fiduciary, BCBSNE would not seek approval from the State prior to handling a situation such as this since this is part of our policies and procedures.
H.12	How are benefits applied in those service areas where your networks do not meet the State's access standards?	Ntwk	BCBSNE's statewide broad PPO network, NEtwork BLUE, meets the Nebraska Dept of Insurance access standards. Our statewide PPO network includes nearly all eligible providers; therefore, it is extremely rare that any part of the service area would be considered as not having acceptable standards based on the providers available. As noted in the preceding response, we have processes in place to support provider gaps; however, we do not anticipate gaps within our state.

	a. Omaha	Ntwk	1.88%
	b. Lincoln	Ntwk	2.72%
H.14	Are there any services or specialists that are not available in your physician networks in the service areas where there are plan participants? If yes, please identify them and explain what provisions are made for patients requiring these services.	Ntwk	No, BCBSNE's extensive networks (broad PPO and two regional networks) include favorable access to all services and specialties within our Nebraska service areas.
H.15	How much notice is a provider contractually required to give if they elect to terminate a contract with your network(s)? How much notice will the State be provided when providers are added to or leave a network? How will the State be notified of such change(s)? How will members be notified?	Ntwk	Providers are contractually required to provide BCBSNE 120 days notification of an impending termination date from our networks. Once termination notification is received, BCBSNE will send member letters out to those who have utilized a provider within the last 18 months. These notifications go to the members and not the employers. Terminations of facilities or provider groups will have the same member notification letters, and the State would receive notification of a facility or provider group termination by BCBSNE's account management staff.
H.16	How do you monitor non-network utilization and what steps do you take to contract with these providers?	Ntwk	Our Network BLUE broad PPO network contracts with 98% of the hospital facilities and 99% of the physicians in Nebraska. Additionally, anyone meeting Credentialing requirements and who is willing to accept our contract and fee schedule is accepted. Should a member identify a provider that they are utilizing who is not under contract, our contracting team will make an outreach and contract offer. If a service is unavailable within network, our team will perform Case Specific Rate Negotiations (CSRN).
H.17	Check off those elements that are included in the provider selection process and provide the estimated percentage of network providers that satisfy the following selection criteria elements:	Ntwk

	f. Review practice patterns and utilization results	Ntwk	
	In Selection Process (Y/N)	Ntwk	Yes, we review practice pattern during credentialing and recredentialing cycles
	% of Providers	Ntwk	100%
H.18	What is the average time to credential and add an individual physician? What is the average time to credential and add a medical group?	Ntwk	New physicians currently take between 30-45 days to credential for clean applications. We do not credential medical groups or clinics (we credential the providers within those groups/clinic). For our facilities, the same amount of time would apply for clean applications.
H.19	Provide detailed information on how often provider directories are updated. Both hard copy and on-line provider directories must be made available to the State.	Ntwk	BCBSNE's online provider look-up tool can be used for online searches as well as ordering an electronic PDF directory to be emailed to the user. Our provider data, as well as the provider data of all other Blue Cross and Blue Shield plans nationwide, is updated on a weekly basis. We recommend members utilize the online provider look-up tool to obtain the most current and accurate provider information; however, a minimal number of hardcopy directories can be made available to the State, if needed, though we caution the use of these hardcopies due to the weekly updates of provider data. Members can also order a PDF or hardcopy directory through our Member Services advocates using the phone number on the back of a member's ID Card.
H.20	Describe your Centers of Excellence (COE) services, programs, and how members access care for each of the conditions and needs listed in the table below:	Ntwk	**BLUE DISTINCTION® and BLUE DISTINCTION®+ Program** Within our Blue Distinction® Specialty Care program, which is a voluntary centers of excellence program, providers are designated under two levels of designation: **Blue Distinction Centers** (focusing on quality) and **Blue Distinction Centers+** (focusing on both quality and cost efficiency). Blue Distinction Specialty Care providers contract with their local BCBS Plan to be part of the PPO network. Contracts vary by market and may include bundled contracting, though bundled contracting is not a criterion for designation. The Blue Distinction Centers+ for Transplants evaluates a global rate as a cost efficiency measure. Through our Care Management reviews, our nurses can work with members by providing referrals to Blue Distinction and Blue Distinction+ centers in Nebraska and across the nation. Our Find-a-Doctor tool on our website and through our secure member portal highlights the Blue Distinction program on the main provider search page, where members can access the ***Blue Distinction Finder*** and search for facilities by state and by specialty. **NEBRASKA PREFERRED CENTERS Program** In addition to the Blue Distinction program, BCBSNE offers a local **Preferred Centers program for knee, hip and spine surgeries** incurred at designated facilities in Nebraska. If members have approved surgeries at these facilities, BCBSNE will waive the deductible and coinsurance amounts for the inpatient and outpatient facility fees for members who have total knee or hip replacement or spine surgeries (HDHP members will only have coinsurance waived). The following designated Nebraska facilities for knee and hip replacement are: Lincoln Surgical Hospital, OrthoNebraska Hospital, Midwest Surgical Hospital, Kearney Regional Medical Center (Bryan Health). For spine surgeries, the same providers under knee/hip apply, plus the Nebraska Spine Hospital. When members use the provider look-up tool, a Preferred Center logo will appear beside these facilities.

H.21	Indicate ongoing provider quality monitoring activities.	Ntwk	BCBSNE utilizes National Committee for Quality Assurance (NCQA) Healthcare Effectiveness Data and Information Set (HEDIS) clinical quality measures to monitor and improve quality. Using the annual HEDIS project to measure quality across all our providers, while our Total Care program measures and evaluates providers in our Value-Based Care arrangements.

H.22	Describe the support you provide members that reside in lower income zip-codes and disadvantaged minority communities	Ntwk	**Advocacy Through Our Member Services Representatives** * Our representatives look for every opportunity to provide guidance, education and to be an advocate with providers or other vendors on behalf of the member. Examples of this include locating providers, being a liaison between providers and pharmacies, offering education, helping members navigate tools and information, and warm transferring members to any third-party vendors or programs: **Advocacy Through Our Nurse Care Managers** * BCBSNE's nurse care managers all serve as patient advocates through their member outreach processes in assisting patients with their health conditions and health coaching practices. Member contact is performed through telephone calls, letters, as well as our Wellframe® app, which allows communication with the member through their mobile device. * We connect members to community resources that promote a member's wellness. These are generally for services outside of their benefits that address factors that affect their health or ability to be successful in navigating or adhering to treatment. These issues could be social, financial, and environmental factors, or could include housing instability, food insecurity and transportation needs. We leverage a social resource organization and are able to connect members to community based organizations through referrals and service tracking. * Similarly, we also work to anticipate social drivers of health that may be specific to the member through data that can drill down to the zip code and reveal the key social drivers for that particular location. Our Care Management team uses a Social Determinant of Health screening tool to identify a member's specific social drivers and then work to address those within a member's care plan.
H.23	Describe the criteria used to select hospitals and other health care facilities to participate in the network.	Ntwk	The following credentialing requirements apply to Nebraska hospitals and facilities: * Current license is unrestricted for Nebraska * Sufficient malpractice insurance if $500,000 per occurrence and $1 million aggregate; hospitals $1 million per occurrence and $3 million aggregate * Medicare certification * Accreditation (not required, but verified when reported) * No Medicare or Medicaid sanctions or evidence of fraud or other investigation by a regulatory agency that would pose unacceptable member risk * No malpractice actions against the provider which suggests a pattern of litigation predictive of significant member risk * No discrepancies or inconsistencies between application or supporting documentation and primary source verifications * No history nor denial, reprimand, restriction, limitation, suspension, revocation or probationary status of license, that would pose unacceptable risk to a member * No sanction nor disciplinary action by a professional society that would indicate the provider's behavior poses an unacceptable member risk * No unacceptable business practice history or practice pattern profile. This may include, but is not limited to, network participation, denials or terminations, member complains, special investigation unit activities, and/or quality program information * Compliance with BCBSNE standards for office/facility environment and medical record keeping practices Re-credentialing is required every three years.
H.24	Indicate if any hospitals or other medical facilities have been terminated or dropped from the network in the past five (5) years. Identify the hospital/medical facility and for what reason(s).	Ntwk	There have been no hospitals or other medical facilities that have been terminated or dropped from the network in the past five years for our commercial lines of business.
H.25	Confirm your understanding of the following State requirement: When a member or dependent enrollee is admitted in one of the Administrator's network facilities at the time the group contract terminates, the normal/usual discount still applies for the entire period of admittance, as if the program had not terminated.	Ntwk	Confirmed
H.26	Describe your in network reimbursement methodology. What data sources are used? How frequently are your data sources updated?	Ntwk	Physician, hospital and ancillary providers are reimbursed on a discounted fee for service basis. There are no risk arrangements on our PPO providers beyond those in specific provider ACO agreements. The reimbursement methodologies are numerous and our pricing system can accommodate the most commonly accepted methods, as follows: •**Facility/Ancillary:** Inpatient may include DRGs, Case Rates, Per Diems, Percent from Billed Charge, and Percent of Average Sale Price (ASP) for drugs administered by the facility. Many contracts incorporate a combination of these. For Outpatient, we have implemented EAPGs (Enhanced Ambulatory Patient Groups) pricing. We also incorporate ASP drug pricing, extensive fixed dollar fee schedules, case rates and Percent from Billed charges. •**Professional:** Nearly all professionals are reimbursed at a percentage of CMS allowances, which will vary by category for Evaluation and Management, Medical, Surgical, Radiology and Path/Lab. Anesthesia at a conversion factor to time and base units. Some carve outs by CPT code occur. CMS (WPS), Optum & Solventum are the three main sources for reimbursement data. We build quarterly updates into our professional and ASP (both prof & OP) rates as applicable. Solventum is an annual review on all grouper settings.
H.27	Describe your out-of-network reimbursement methodology. What data sources are used? How frequently are your data sources updated?	Ntwk	BCBSNE utilizes a maximum allowable cost structure for Nebraska out-of-network claims based on the following: * Professional out-of-network claims are generally set at 120% of the Medicare allowance for a specific service; * Inpatient out-of-network claims have a maximum allowance using a base rate starting allowance of $13,683, which is adjusted by a specific weighted amount assigned to each APR-DRG, plus any adjustments for outlier payments, to arrive at the final inpatient maximum allowable charge; and * Outpatient out-of-network claims are set to a reduced fee schedule based off of in-network reimbursement rates, and any codes that do not fall on the fee schedule have a maximum allowance set at 50% of the billed charge. For out-of-network claims incurred outside Nebraska, we accept the pricing applied by each Blue Plan, as well. For large out-of-network claims, BCBSNE's network staff will negotiate case rate savings with the out-of-network provider regardless of location, and if savings are achieved, we do not bill our employers for any type of fee or percentage of savings achieved.
H.28	Complete the table below on your value-based contracting (VBC) practices.	Ntwk	
	a. How many VBC offerings/contracts do you currently have in Nebraska? Indicate the type of contracting such as ACO (Accountable Care Organizations), EOC (Episodes of Care), APM (Alternative Payment Models). How many do you expect to have on July 1, 2026	Ntwk	In Nebraska, more than 2,000 physicians, 10 Accountable Care Organizations (ACOs), and 19 Patient Centered Medical Home (PCMH) clinics participate in BCBSNE's Total Care (value-based care) program. These providers collectively manage the care of over 319,000 attributed members from Blue Cross and Blue Shield of Nebraska (BCBSNE) and other Blue Plans with members residing in the state.
	b. Please list the entities in Nebraska under such contracts.	Ntwk	In Nebraska, our members have access to BCBSNE's value-based contracting arrangements with 10 ACOs across the state: *South East Rural Physicians Alliance (SERPA) *Bryan Health *Great Plains Health Innovation Network *Blueprint Health Network (CHI Health) *Nebraska Health Network (NHN) *THINK *Midwest Independent Physicians Practice Association (MIPPA) *Catholic Health Partners (CHP) *OneHealth *Prairie Health Ventures (PHV) Patient Centered Medical Homes: *Alivation Health *Boys Town National Research Hospital *CCH Pediatric Clinic *Chadron Medical Clinic *Children & Adolescent Clinic *Children's Physicians *Community Medical Center *Faith Regional *Family Medical Specialties *Gothenburg Memorial Hospital *Greater Sandhills Family Healthcare *Henderson Health Care Services *MCH & Health System
	c. What is the average medical cost PMPM from these VBC offerings compared to your typical PPO/POS network in Nebraska?	Ntwk	The average medical cost for members attributed to an ACO is approximately $412 PMPM, compared to $430 (on a risk-adjusted basis)—demonstrating the effectiveness of ACOs in delivering more efficient and cost-conscious care.

	d. Are additional fees required? (e.g., cost containment program fees, network fees, attribution fees, provider performance fees)	Ntwk	Yes, there are costs associated with our value-based care contracts. These include quarterly care coordination payments to providers, distributed on a risk-stratified basis for attributed members. These payments are processed through the claims system. In addition, our VBC providers have annual performance-based payments: * ACO contracts may result in shared savings payouts if providers meet cost and quality targets. Our ACO contracts include down-side risk arrangements with some ACOs, meaning the providers are held accountable and financially liable for performance results. * PCMH contracts may include a year-end bonus if quality targets are achieved. These payments function as provider performance fees and are tied to member attribution and provider outcomes.
	e. Are members required to select PCPs? If so, what is the selection process?	Ntwk	No, members are not required to select a PCP. Members are attributed to a primary care physician based on the plurality of claims—meaning the provider who delivers the most primary care services to the member is assigned as their PCP.
	f. Describe the reporting capabilities for your VBC offerings. Include sample reports.	Ntwk	BCBSNE delivers a quarterly Total Care report—our value-based care performance summary. This report includes: the number of attributed members by ACO, the percentage of an employer's Nebraska members attributed to a value-based care provider, a risk stratification summary of attributed members, performance on quality measures and health outcomes, details on shared savings, care coordination and value-based provider payments, and an estimate of net Per Attributed Member Per Month (PaMPM) savings. Please refer to ***EXHIBIT J - Sample Client Reporting*** for a copy of this Total Care report.
	g. Describe any other value-based contracting (VBC) practices you have in place both nationally and in Nebraska	Ntwk	BCBSNE implements a range of collaborative and supportive practices to strengthen value-based care performance such as aligned initiatives across payers to promote consistency, reduce administrative burden, and support standardized performance measurement across payers. BCBSNE works closely with provider partners to share best practices, conduct frequent meetings to review performance, identify opportunities for improvement, and offer education sessions to reinforce value-based care principles. The Blues' national value-based care program, known as *Total Care* , includes ACO and PCMH contracting arrangements established by other Blue plans, creating a national framework of health management that produces real results. Each Blue Plan is an independent licensee responsible for managing their own provider networks that ultimately represent the BlueCard PPO network. Together, the BlueCard PPO network includes value-based care contracts on nearly 717,000 providers (359,000 primary care providers and 358,000 specialists).
	h. Describe how these arrangements influence physician behavior and utilization and discuss how this has led to client savings.	Ntwk	BCBSNE's Value-Based Care (VBC) arrangements are designed to prioritize preventive care, quality outcomes, and cost efficiency. BCBSNE partners with local primary care physicians to: * Coordinate care across the healthcare continuum * Maintain high quality standards * Slow the growth of healthcare costs Through care coordination, we help reduce duplicative or unnecessary services. The use of care coordinators and team-based approaches enhances follow-up care, improves medication adherence, and supports smoother transitions of care—ultimately reducing hospital readmissions and emergency room visits. With shared savings and bonus payments tied to performance, providers are incentivized to meet cost and quality benchmarks, reinforcing the shift from fee-for-service to a model focused on value and outcomes.
	What are your capabilities to provide actual physician outcome quality data to members so that they can make wiser choices regarding where they seek care and in turn realize better and lower cost outcomes for the Plan?	Ntwk	To support member engagement with value-based care, BCBSNE's provider search tools prioritize Total Care providers. On both the public provider look-up tool and the member portal, value-based care (VBC) providers are displayed first in search results to help guide members toward high-quality, coordinated care. This feature is user-controlled and can be easily turned off on the search page if preferred. Providers participating in the VBC program are marked with a "Total Care" emblem under the Quality section of their profile. When available, quality performance details are also displayed to help members make informed decisions.

I.1	Describe in detail all programs and services, such as wellness programs, disease management programs, case management programs, dieticians, social workers, engagement rates. you will offer with this plan that may control costs. Please explicitly note if you utilize third party vendors for such programs and services.	CM/DM	**Chronic Disease Management (BCBSNE Care Team):** BCBSNE offers a Chronic Disease Program for diagnoses such as obesity, HTN, hyperlipidemia, COPD, diabetes, and other conditions. Our nurse care managers work with members in providing education, recommendations, and overall management of their chronic conditions. **Diabetes Program (BCBSNE Care Team):** As part of our Chronic Disease Management program mentioned above, our nurse health coaches are certified in diabetic education and can help our diabetic members. The program acts as a guide to help members manage their diabetes. Our programs help members with making choices about eating and physical activity, and can also help members with weight loss, how to make an action plan and stick to it, and provide motivation for members to achieve their goals. The programs are delivered through the Wellframe® mobile app and are free to members. BCBSNE's nurses perform outreach based on claims and internal reporting. We also work collaboratively with our Total Care ACO/PCMH providers for the management of diabetes, as well. **Opioid Management (BCBSNE Care Team):** BCBSNE identifies members at risk for opioid addiction based on prescriptions filled. We collaborate with the member and the provider to ensure the member is receiving the care they need with a pain management physician and program. We are also able to identify "doctor shopping" instances and set members up in a pharmacy and doctor "lock-in program", if needed. We also offer a 72-day Substance Use Disorder Program. The member engages with the program through our Digital CM platform and works one-on-one with a Care Manager who specializes in behavioral health and substance use. Additionally, we have a Chronic Pain Management program that is delivered through Wellframe, our mobile engagement app, and supported by a personal Care Manager. **Pregnancy Care Program (BCBSNE Care Team):** This program is aimed at members who are expecting a baby - whether the pregnancy is healthy or high-risk. Our nurses provide education, encouragement and support throughout pregnancy and postpartum. One goal of the program is to identify those high-risk pregnancies early to ensure they have resources in place.
I.2	Describe your approach to large case management and complex care, including any specialty programs that are included in your proposal. Describe any special programming for High cost/high risk, Oncology, Transplant, Maternity, Fertility, NICU, ESRD/CKD, Musculoskeletal, Cardiovascular, Behavioral Health (mental health/substance use).	CM/DM	Starting with our predictive modeling tool, our nurse care managers provide individualized support, resources and care coordination for members' complex medical conditions, co-morbidities, illness and potential treatment that uses high clinical resources. Nurse care managers serve as a single, trusted contact for patients and their families, encouraging members to be involved in their treatment programs, and helping them navigate through what can often be an overwhelming experience. BCBSNE proactively performs outreach to our members as an integral part of our care management program. We use integrated claims data to help identify members for potential care management solutions to meet the member wherever they are on the health care continuum, from healthy to complex health conditions. This is done with various algorithms, helping us provide the right services to the right members, at the right time. We encourage member engagement by employing predictive modeling to identify costs and behaviors, then apply outreach and health coaching techniques to focus on members' lifestyles. This outreach includes multiple methods: telephone, email, direct mail, and contact through our mobile app, powered by Wellframe®, which allows messaging directly through a member's smartphone. Participants at risk are also identified from referrals initiated by our pharmacy department, utilization management, preauthorization system, customer service and employer groups.

I.3	Describe how your program design enhances quality of care, including how you engage targeted individuals and how you improve health status and clinical outcomes.	CM/DM	BCBSNE's care management enhances quality of care and improves health outcomes through several key strategies: **1. Personalized Care Plans:** Care management programs develop individualized care plans tailored to the specific needs of each member. These plans address both medical and behavioral health conditions, ensuring comprehensive care. **2. Care Coordination:** Effective coordination among healthcare providers ensures that all aspects of a member's care are managed seamlessly. This includes collaboration with the member's care team, coordinating appointments, and ensuring follow-up care, which helps in preventing gaps and redundancies in treatment. **3. Chronic Disease Management:** Care management programs focus on managing chronic conditions such as diabetes, hypertension, and heart disease. By providing regular monitoring, education, and support, these programs help our members manage their conditions more effectively, reducing complications and hospitalizations. **4. Preventive Care:** Emphasizing preventive care, such as regular screenings and vaccinations, helps in early detection and management of health issues. This proactive approach can prevent conditions from worsening and reduce the need for more intensive treatments later on. **5. Member Education and Engagement:** Educating members about their conditions and involving them in their care plans empowers them to take an active role in managing their own health. This leads to better adherence to treatment plans and healthier lifestyle choices. **6. Use of Technology:** Electronic Health Records (EHRs) and other digital tools, like our digital care management platform, facilitate better communication with the member and their care team. Access to the most up to date information lends better informed decision-making and coordinated care.
I.4	Describe your organization's approach to identifying and closing gaps in care.	CM/DM	Our care management documentation system is able to reveal gaps in care specific to the member. Our care team members address these gaps during their engagement with the member and assist the member in identifying and resolving barriers to care. Members of our care team can support the member in identifying network providers and establishing care. BCBSNE provides gaps in care information, generated using an NCQA-certified HEDIS engine, to our participating providers, including our Patient Centered Medical Homes (PCMHs) and Accountable Care Organizations (ACOs), and we focus on supporting primary care providers through clinical transformation consulting at the practice level. While we provide this support, we look to hold our value-based care PCMH and ACO providers accountable for also identifying care opportunities in the overall management of attributed members' healthcare. Though rare due to BCBSNE's extensive medical provider network, for *provider* gaps, BCBSNE will work with an out-of-network provider to establish a Case Specific Rate Negotiation (CSRN) for certain services which are not available from an in-network provider.
I.5	Describe how your organization monitors and measures outcomes.	CM/DM	BCBSNE employs a comprehensive approach to monitor and measure outcomes for our clinical department, focusing on both medical management and disease management. **Our year-end *Account Cost and Utilization* reporting package** is a cornerstone of this effort. This package provides a detailed analysis of population risk, identifying top conditions and chronic condition profiles. It also includes a thorough maternity analysis, preventive services rates, and a musculoskeletal summary with detailed insights. Additionally, we track mental health utilization to ensure a holistic view of our members' health needs. We also monitor the both the number of members enrolled in our care management program as well as their level of engagement. With our mobile application, powered by Wellframe®, we can monitor engagement activities more closely and with greater detail. We also measure member retention and completion in our care management programs. Participation is measured through weekly reports that monitor member enrollment and engagement in our clinical programs. **Our year-end *Annual Review* complements this by offering extensive utilization data.** This includes results from our Care Management programs, highlighting outreach efforts and medical necessity savings. By analyzing these metrics, we can assess the effectiveness of our interventions and identify areas for improvement. This review is crucial for understanding how our services impact member health outcomes and cost savings. **The annual *Care Management Dashboard* is another vital tool in our monitoring process.** It provides a granular view of claim spend per population risk category, member engagement levels, and outreach referrals. The dashboard also tracks outreach savings, care transitions, case management activities, health coaching sessions, and pregnancy care touchpoints. Furthermore, it includes clinical utilization management savings derived from pre-authorizations, post-service reviews, admission reviews, and pharmacy reviews (when Prime is the Pharmacy Benefit Manager). This comprehensive data collection and analysis enables us to continuously refine our strategies and enhance the quality of care we provide to our members. We also utilize group level HEDIS reporting. Please refer to ***EXHIBIT J - Sample Client Reporting*** , as well as ***EXHIBIT K - Care Management Dashboard (State of Nebraska),*** which is a dashboard created from the State's medical claim data file.
I.6	What are your standard business hours and days of operation? Please provide time zones. If your hours are not 24/7/365 how do you respond to calls that are urgent or emergent?	CM/DM	BCBSNE's standard hours of business for our clinical staff members are Monday-Friday, 8:00am - 4:30pm (CST). Our nurse care managers work with members through phone calls as well as the Wellframe mobile app, which allows direct communication with an assigned nurse. Our voicemail system refers members to call 911 if the call is emergent, and the callers are advised that our Care Management team will return all calls the next business day for messages left after hours. Our Wellframe mobile care management platform text messaging feature advises the member each time they begin a text message that if they need immediate assistance, they should call 911 and that text messaging should be used only for non-emergent messaging. As with voice messages, the Care Management Team will respond the next business day.
I.7	Confirm you will notify the State within three (3) business days of an inpatient case that is expected to be above $100,000.	CM/DM	Today BCBSNE provides weekly, monthly, and quarterly reporting to our clients. * On a weekly basis, we provide a pended claims report with pended claims accumulation of $100,000 or more, as well as a pre-payment report with notifications of a single-claim payment of more than $100,000. * On a monthly basis, we send an Advanced Notice Report with a forecast notification on inpatient stays or drugs that are expected to be high-dollar costs. * On a quarterly basis, we send a post-claim report with the threshold of $100,000 and a Coordination of Benefits report (as needed). While we will not notify the State within three business days as requested, we are consistent on the notifications listed above and will ensure the State receives all information as described at the noted frequencies.
	DISEASE MANAGEMENT	CM/DM	
I.8	Describe how enrollees are identified for a disease management program, how frequently the process occurs and stratification processes. What data sources are utilized? How are comorbidities handled?	CM/DM	BCBSNE offers a Chronic Disease Program for diagnoses such as obesity, HTN, hyperlipidemia, COPD, diabetes, and other conditions. Our nurse care managers work with members in providing education, recommendations, and overall management of their chronic conditions. BCBSNE identifies members for disease management programs using a combination of methods and tools. Here are some key approaches: **Claims and External Source Data Analysis:** We utilize our claims date to identify high health care utilizers. Those with frequent emergency room visits, hospitalizations, or multiple chronic conditions. This helps in pinpointing individuals who may benefit from our disease management offerings. In additional to claims data, BCBSNE utilizes external source data sets that offer additional insights and or factors that can assist in identifying member risk. **Predictive Modeling:** Our proprietary algorithms and predictive models are used to assess the current and future risk of healthcare needs and is updated monthly. These models consider factors like medical history, current health status, and social determinants of health to identify members who are likely to require care management support. **Health Risk Assessments (HRAs):** Every member that onboards onto our digital care management platform receive a health risk assessment. HRA's are questionnaires designed to evaluate their overall health and identify chronic conditions. These assessments help in identifying individuals specific needs and allows the care manager to tailor interventions accordingly. **Provider Referrals:** Our network providers can refer members to our care management programs. This includes referrals from primary care physicians, specialists, and behavioral health providers **Self-Identification:** Members can self-identify and request to be enrolled in care management programs if they feel they need extra help managing their health conditions. They can enroll digitally through our care management platform or by calling customer service. **Group referrals:** Our groups often are aware of employee's that might need additional support and make referrals through our account executive team.
I.9	Once identified for the program, is enrollment into the program automatic or must action be taken to enroll (i.e., is the program opt-in or opt-out)?	CM/DM	When a member is identified for any of care management programs, the member enters a particular program queue for outreach by our care management team. Outreach can be through specific marketing approaches that drive members to our digital care management platform, or can be telephonic outreach from our care management team. Participation in a disease specific or any care management program is elective. Members that trigger for our Lock-In program are automatically enrolled.
I.10	Provide a timeline from identification of the enrollee to point of contact. Do all identified members receive outreach and what is the communication method. Please describe if communication methods differ by acuity level.	CM/DM	Predictive modeling and data analytics stratify members based on their health risks each month. We target outreach to members with high or emerging risk for telephonic outreach. Members with moderate or low risk are outreached through specific marketing campaigns.

7. Quality Improvement Initiatives: Our health plan implements quality improvement initiatives to continuously monitor and enhance the care provided. This includes using metrics to track member outcomes, and our provider's performance.
8. Addressing Social Determinants of Health: Our care management programs address social determinants of health, such as housing, food security, and transportation. By providing resources and support to address these factors, members can focus their energy and attention on improving their health.

I.11	Describe your process to engage program enrollees. Describe your process to re-engage members that have opted out of the program.	CM/DM	Once eligible members are identified, we initiate outreach efforts. This can include phone calls, emails, text messages, and letters. The goal is to inform members about the care management program and its benefits. Outreach efforts are tailored to the preferences and needs of the members. This might involve using multiple communication channels and providing information in the member's preferred language. Personalized engagement helps in building trust and encouraging participation When a member agrees to participate, or downloads our digital tool, a member of the care team conducts or launches an initial assessment to understand their health status, needs, and goals. This assessment helps in developing a personalized care plan. Based on the initial assessment, a comprehensive care plan is created. This plan includes medical treatments, behavioral health support, and social services. The care plan is designed to address all aspects of the member's health and well-being. Care managers provide continuous support to members, including regular check-ins, coordination of care, and adjustments to the care plan as needed. This ongoing support ensures that members stay engaged and receive the necessary care. For members that disengage, our care management team will continue to outreach and re-engage the member telephonically, digitally and through mail. For members that have opted-out of a care management offering, we do suppress outreach for 3 months, excluding our transitions of care program.	
I.12	How do you define engagement? What strategies and incentives have you used in the past to achieve the most continuous engagement? Provide a case study on what you define as successful client engagement.	CM/DM	Engagement is defined through member involvement in outreach activities. The depth of participation is measured through regular communication with their care manager, engagement with mobile application activities, and setting health goals. The following case study demonstrates how a comprehensive diabetes care management program, with personalized care plans, regular communication, and addressing social determinants of health, can lead to significant improvements in health outcomes and member engagement. **Case Study:** BCBSNE RN health coaches conducted an onsite educational event at one of our groups manufacturing locations. The focus of the education was on healthy eating and exercise. Those that attended the session were encouraged to complete an evaluation. One of the evaluation questions asked if the member would like outreach from our care team and to indicate the specific reason. One attendee indicated that they were a newly diagnosed Type 2 diabetic and noted they were struggling with the diagnosis in general. Kelly, one of the nurse health coaches, contacted the member the next business day through the phone number the member provided on the evaluation. The member is 39 years old and diagnosed two months earlier with Hypertension and type 2 diabetes. Kelly conducted an initial assessment to understand the member's health status, lifestyle and barriers. Kelly noted issues with general knowledge of diabetes and the impact of missing doses of her prescribed oral glycemic control medication and her blood pressure medication. Kelly was able to establish early trust with the member as she had previously attended Kelly's education offering at her employer and was able to reach out to the member shortly after that interaction. They developed a personalized care plan for the member that focused on medication management, regular blood glucose and blood pressure monitoring.	Kelly had the member download our digital care management platform, Wellframe, and enrolled her into the diabetes program. Wellframe delivered diabetes education and a vehicle for communicating through text messaging. The member was able to engage with the education content when it was convenient for her, with shift work and schedule changes, Wellframe made it easy for the member to interact with the content during breaks, after work and on the weekends. She and Kelly communicated through the app and Kelly contracted the member telephonically monthly. One of the member's barriers was access to a 24-hour pharmacy. Given the member's working and sleeping hours, she wasn't able to get to the pharmacy consistently for her refills. Kelly was able to review benefits with the member and enrolled her in the mail-order pharmacy. Additionally, the member did not have a blood pressure cuff at home to regularly monitor her blood pressure. Kelly was able to connect her with the Living Well with Diabetes and Living Well with High Blood Pressure programs at the member's local Health Department. The received a home blood pressure cuff as a program participation incentive. The member's medication adherence improved significantly with regular intake of prescribed medications. Regular monitoring and motivation led to adherence to her care plan and resulted in better blood glucose control, with A1C levels dropping from 9.5% to 7.2% over six months and her blood pressure dropping from 140's/90's to 130's/80's. Additionally, the member lost 8lbs during her engagement. She recorded her weight, blood sugar, blood pressure and physical activity in the Wellframe, and Kelly was able to see these recordings, encouraging and checking in with the regularly. The member engaged in the diabetes education program through Wellframe, attended Living Well through her local health department, gaining a support system through Kelly and the diabetes educators from her local hospital, and accessing those with lived experience in her Living Well classes. The member attended her appointment with her providers and self reported that she felt in better control of her diabetes and that she felt her quality of life was improved.

I.14	Demonstrate how your Disease Management programs have achieved savings for your clients. Please include specific savings and achieved health outcomes in your examples.	CM/DM	**In-House Care Management:** In 2024, our book-of-business Care Management outreach programs, including health coaching, achieved average savings of $1.85 PEPM for chronic conditions. **Virta Diabetes Management Program:** From a health improvement standpoint, Virta's Type II reversal program has proven results of a 1% reduction in A2C, 5% weight loss, and a 40% cost reduction in diabetes medications, pointing to an average savings of approximately $2,000 per utilizer for medications alone. ***Specific to the State, we have analyzed the medical claim data file and, though our Virta savings calculator, we have found potential savings of $2,000,000+ in cumulative savings over years one and two.*** This is based on actual Type II diabetes claims and Pre-Diabetes claims shown on the State's claim file, and an assumption that 10% of these members would enroll in the Virta Type II and Pre-Diabetes programs.	
	CASE MANAGEMENT	CM/DM		
I.15	How do you define Case Management?	CM/DM	BCBSNE defines Complex Case Management as a program that provides individualized support, resources and care coordination for complex medical conditions, co-morbidities, illness and potential treatment using clinical resources and predictive modeling. Our nurse case managers serve as a single, trusted contact for patients and their families, encouraging members to be involved in their treatment programs, and helping them navigate through what can often be an overwhelming experience.	
I.16	Describe your organization's philosophy of case management and the model under which it currently operates. Describe how the case management program integrates with other care management programs such as utilization review and quality management.	CM/DM	Our case management programs provide individualized support, resources and care coordination for health conditions, co-morbidities, illness and potential treatment, assisted by our predictive modeling tool. Care managers serve as a single, trusted contact for patients and their families, encouraging members to be involved in their treatment programs, and helping them navigate through what can often be an overwhelming experience. Our Care Management Model starts with our proprietary Member Identification and Stratification, followed by multi-channel outreach for engagement. Once engaged, assessment of the members medical, behavioral and socials needs are addressed through personalized care planning. Our multi-disciplinary team meetings ensure input from all disciplines to enhance the members care coordination, through regular monitoring and adjustments to the members plan of care. Offering a single point of contact through a dedicated care manager offers personalized support, education, and connection to community resources. We evaluate our model with tracking outcomes and utilization of services as well as collecting member feedback. In addition to the member identification and risk stratification, we receive referrals from our Customer Services Representatives, as well as through our provider executives, when a group believes they have an employee who may need assistance. Members can also self-enroll by calling Customer service or by accessing the Wellframe app. Because our in-house care managers coordinate all programs except Spine Pain Management, our case management is automatically integrated with our other care management program. Our utilization management team also identifies and refers members to our care management program, and our utilization team is part of our multi-disciplinary care rounds. Medical Management and our Quality Management areas collaborate on our gaps in care program and our quality improvement initiatives.	
I.17	Indicate which of the following Case Management components are offered by your organization:	CM/DM		
	a. Pre-admission outreach	CM/DM	x (Limited scope for certain surgical admissions; members are identified by our Utilization management prior authorization triggers.)	
	b. In-patient confinement outreach	CM/DM	x (Members are identified by our Utilization Management team who would benefit from connection to care management while inpatient hospital or inpatient post acute setting.)	
	c. Discharge planning	CM/DM	x	
	d. Post-discharge outreach	CM/DM	x	
	e. Catastrophic/long-term Case Management	CM/DM	x	

	Questionnaire Section	Section	Vendor Response
	f. Episodic/short-term Case Management	CM/DM	x
	g. End-of-life program identification and transition	CM/DM	N/A
	h. Other	CM/DM	**Caregiver Program** - This program is for those individual who are supporting the patient and who act as caregivers. This program supports the mental and physical health of a caregiver.
I.18	What percentage of a typical client population do you identify for case management? Of the identified population, what percentage do you anticipate engaging in your programs (express on a unique member, annualized basis)?	CM/DM	We typically identify the top 12% of our population as "critical" in regards to identification for case management (members with high risk and that are poorly managed). Another 12% are targeted for disease management intervention, this is one step below "critical" in that these are members who are moderate risk but poorly managed. Of the members we outreach to we had 60% of those outreached to in 2023 and in 2024 engage with us via our programs (40% were non-responsive).
	a. % of typical client population identified for case management	CM/DM	Please see above.
	b. % of part a. anticipated to engage in programs	CM/DM	Please see above.
I.19	Demonstrate how your Case Management program has achieved savings for your clients. Please include specific savings and achieved health outcomes in your examples.	CM/DM	Case Management has achieved savings for our clients as we've done population cohort comparisons between those in our case management programs and those who are not. We've found a lower rate of inpatient admissions, readmissions and emergency room visits for members in our programs compared to those who are not within our case management program (through a similar population cohort). These are drivers that reduce our overall PMPM for members in these programs.
I.20	Once a member is selected for case management, describe your outreach procedures to engage members. How many attempts are made? What services or efforts are used to obtain updated contact information? Describe any follow-up procedures are there for case management?	CM/DM	Members identified for care management receive multi-channel marketing outreach. For members who are high risk, telephonic and mail outreach is utilized. Our care manager will outreach telephonically twice, with the final outreach attempt with a mailed letter. Voice mail and mailed content includes the care manager who is outreaching and a direct phone number. Our care managers utilize multiple channels to obtain updated contact information, including Electronic Health Records, CyncHealth and our member enrollment information. Additionally, we will work through our Account Services team to see if the group is able to provide additional contact information. For members that disengage, we also make a minimum of 2 attempts to re-engage through text messaging and phone messaging. A final reengagement is made through letter.
I.21	How do you define engagement? What strategies and incentives have you used in the past to achieve the most continuous engagement? Provide a case study on what you define as successful client engagement.	CM/DM	BCBSNE defines engagement as a member who is completing tasks within our mobile app or is sending messages within the app. The mobile app is used for one-on-one communication between a member and the BCBSNE nurse care manager. For a member who is in one of our telephonic programs (as opposed to using the mobile app), we consider engaged members as those participating in phone calls with their care managers. Our digital tool, Wellframe, has offered us an additional tool for engagement and outreach. Confidential text messaging through the application has enhanced member engagement in our care management programs. Once a member has been invited or has self enrolled in the platform, we engage the member within two business days of downloading the app. This is followed by the launch of a health risk assessment. The care manager must respond to any member engagement within the platform within two business days. This has led to greater engagement and retention due to early interaction. Please refer to our case study included in our response to Question I.12.
I.22	The State desires a robust and aggressive Case Management program. Confirm your willingness to work with the State to develop/customize a more flexible identification process for case management protocols, with the goal of optimizing care while eliminating excess cost that will be specific to the State and the State's needs.	CM/DM	Confirmed. BCBSNE is fully committed to collaborating with the State to develop a robust and aggressive complex case management program. Our dedicated nurse care managers will focus exclusively on the State's account, ensuring that large and complex cases receive the attention they deserve. Together with the State, our Care Management team will customize an identification process tailored to high-cost conditions and claimants, facilitating effective Care Management outreach and member engagement. We understand the State's goal to optimize care while reducing overall benefits program costs, and we believe that addressing high-cost claimants is a crucial part of this strategy. We are confident that our partnership with the State will result in a program that achieves significant savings and meets the specific needs of Nebraska.
I.23	Describe identification and selection criteria for individual case management.	CM/DM	Our Case Managers engage members identified by our triggers and our predictive modeling, focusing on those with complex and variable needs. The Case Management program is voluntary, with the goal of providing opportunities for members to effectively manage their own care and become their own advocate. Examples of triggers include, but are not limited to, the following conditions: • Spinal cord injury • Traumatic brain injury, CVA • High risk obstetrics • Approved transplant • Burns and complex wounds • Oncology diagnosis • Complex or extended medical treatment plan • Request for Case Management • Inpatient high-dollar claims * Behavioral health/substance abuse
I.24	Describe your process when members decline case management.	CM/DM	Our programs are voluntary and we do respect a member's decision not to participate. Members are then suppressed from outreach for three months before outreaching should again continue if there is a trigger. Members are not initially excluded from our transitions of care program. If a member indicates they wish to be on a "do not call" list, that information is flagged in our Care Management system and the member is permanently removed from outreach.
I.25	It is important to the State that members are consistently informed of discharge planning activities, denials related to post discharge levels of care and educated on the criteria necessary to be admitted to post hospital facilities. Communication with hospital discharge planners and case managers is critical to achieving this goal. How will your case management program achieve this?	CM/DM	Our utilization and care management teams work with hospital discharge planners to ensure a smooth transition from a hospital setting to lower levels of care. Engagement with the member and family while inpatient is key. This establishes early collaboration, clear communication and ensures questions and concerns are addressed early. We endeavor to review Preauthorization requests timely and clearly communicate denials related to post-discharge care, which includes explaining the criteria used for decision making and understanding appeal rights and navigating the appeal process.
I.26	What is your process for post discharge outreach?	CM/DM	For transitions of a member's care, nurses contact members after they're discharged from acute care to ensure discharge orders are understood and implemented, thus promoting safety and improving patient outcomes. This program prevents unnecessary ER visits and readmissions to the hospital.
I.27	Do you have the capability to customize authorization letters to include the contact information of the carrier's case manager managing the case?	CM/DM	No, BCBSNE's policy is to not disclose our nurse care managers' names or phone numbers who were involved in authorizations. When a member is outreached for care management enrollment, we send a letter when we are unable to contact them, or we send a welcome letter to the program for which the member enrolled. This includes the contact information for the care manager.
I.28	Do you have the capability to customize denial letters to include the contact information of the carrier's case manager managing the case?	CM/DM	No, BCBSNE's policy is to not disclose our nurse care managers' names or phone numbers who were involved in authorizations.
I.29	Do you have hospital based on-site case managers? How many do you have? What are their locations? How many are in Nebraska? Please specifically outline how many on-site case managers are in Nebraska and their locations.	CM/DM	Yes, BCBSNE is proposing an on-site nurse care manager to work primarily out of the Bryan Health facilities in Lincoln, with the option of being on-site at designated dates in Omaha and Grand Island, depending on the inpatient and emergency room utilizers. The nurse care manager's primary focus will be to meet wtih members while inpatient at the facility and to work with the health system's discharge planners to successfully move the member to the next appropriate level of care. Our nurse care manager will also work with emergency room staff, plus primary care specialist physicians to collaborate on strategies that mitigate the frequency of emergency room services. BCBSNE will have a total of 19 nurse care managers working with our planwide membership. All nurse care managers reside in Nebraska with the exception of one, who resides in Iowa.
I.30	Describe the criteria and process for case management referrals to the Medical Director, specialty programs, and community resources including how you address social drivers of health.	CM/DM	Members in case management are reviewed during multi-disciplinary rounds which our medical directors attend, offering feedback, recommendations and guidance for the care team. Members are identified for specialty care management programs using our proprietary algorithm and are targeted through multi-channel marketing and/or telephonic outreach. We use a Social Determinants of Health (SDoH) screening tool with our members as well as use a secondary data set that identifies SDoH by zip code.
I.31	What outcomes are measured in your standard clinical management programs?	CM/DM	We currently report reach rates on both enrolled and case completions. We can also provide reporting to the State to indicate programs in which members are enrolled. Attempted outreach, program enrollment, and declinations are all measured and reported, as well as savings achieved. We measure members who have enrolled in our care management programs and do a population cohort analysis to find, on average, what the Per Member Per Month (PMPM) savings are for those in our programs compared to those who are not. We have found a savings of $324-$645 PMPM savings, depending on the outreach program enrolled (PMPM savings were found to be valid for at least three months post event).

	Questionnaire Section	Section	Vendor Response
I.32	Describe in detail the methodology and policy for calculating case management savings.	CM/DM	A cohort analysis was done in comparison of members in our outreach programs compared to those who opted to not participate (but in which cohort comparisons were very similar). We found the overall PMPM variance between population was $324-$645 in savings during the three months following the enrollment of the outreach program. This was mainly attributed to a slightly lower rate of inpatient admissions, inpatient readmissions, and emergency room visits.
	UTILIZATION MANAGEMENT	CM/DM	
I.33	Describe your organization's programs and options related to utilization management, pre-service review process, concurrent review, retroactive review, appeals, and cost containment. Include a description of Medical Director involvement on clinical review, peer-to-peer, denials, and appeals.	CM/DM	**Prospective utilization management/review:** ***Certification and Prior Authorization:** These requirements apply to selected medical and behavioral health/substance use disorder procedures and inpatient stays, ensuring that services are medically necessary and covered by the member's benefits. Fees do not apply. Concurrent utilization management/review ***Care Coordination:** Under care coordination, nurses work with facilities and providers when a member enters the hospital and transfers to different levels of care, such as a skilled nursing facility, inpatient rehabilitation, home health nursing visits or hospice care. They provide clinical reviews to ensure the members are getting the right care, at the right time, at the right cost. They also assist the facilities with discharge planning. Fees do not apply. **Retrospective utilization management/review** ***Post-Service Claim Review:** Clinical nurses review claims post-service for medical necessity and appropriate care, covered and excluded charges under the contract benefits and ensuring appropriate payments to providers. Fees do not apply. **Large claim management** *We monitor for potential High Cost Claimants and utilize our Utilization and Care Management staff to monitor status, coordinate care and look for opportunities to reduce cost for the member. examples include our staff assisting a member is finding a high quality, lower cost infusion center that is in-network, or facilitating transitions of care in support of the member and family in successful post-acute care for reducing potential readmission. **Complex Case Management** *This program provides individualized support, resources and care coordination for complex medical conditions, co-morbidities, illness and potential treatment, assisted by our predictive modeling tool. Nurse case managers serve as a single, trusted contact for patients and their families, encouraging members to be involved in their treatment programs, and helping them navigate through what can often be an overwhelming experience.
I.34	Describe how your program design enhances quality of care, including how you engage targeted individuals and how you improve health status and clinical outcomes.	CM/DM	Using our proprietary risk and stratification methodology, members are identified for targeted outreach to engage in our clinical programs. Our care model aims to improve quality of care, health status and lead to improved outcomes through several key strategies: 1. Care Coordination 2. Focus on Preventive Care 3.Member education and engagement 4. Personalization and Collaboration 5. Use of Technology 6. Quality improvement strategies with our provider partners, and 6. Addressing social drivers of health.
I.35	Include final net savings figures resulting from these programs and list by program type.	CM/DM	BCBSNE is projecting a net savings of $288,369 for our outreach programs for the State.
I.36	Describe your processes for inpatient care management and post-acute transitions including items such as:	CM/DM	
	a. Prior approval of inpatient status if any	CM/DM	All inpatient acute and post acute require preauthorization.
	b. Clinical workflow process and timely information exchange with inpatient care management team	CM/DM	Concurrent review for inpatient acute and post acute occurs. Our utilization and care management team work with hospital discharge planners to ensure a smooth transition from hospital to lower levels of care.
	c. Peer-to-peer discussions during case reviews	CM/DM	BCBSNE offers peer-to-peer discussions should a denial be issued.
	d. Inpatient care managers in the facilities for care coordination	CM/DM	BCBSNE does not staff care managers within facilities for care coordination.
	e. Monitoring of recent case decisions including turn-around times, short-term and long-term clinical results	CM/DM	We monitor turn around times for all prior authorizations. When conducting concurrent reviews, we are monitoring for progress. Our utilization management team refers members for care management while inpatient. Discharged members, if not already engaged with a care manager, are outreached by our transitions of care team.
	f. Hospitalized members	CM/DM	Our utilization management team refers members for care management while inpatient. Discharged members, if not already engaged with a care manager, are outreached by our transitions of care team.
	g. Members in treatment	CM/DM	Our behavioral health care managers outreach members in post acute settings and discharge follow-up.
	h. Maternity members	CM/DM	BCBSNE's Pregnancy Care Program is for all members who are expecting a baby - whether the pregnancy is healthy or high-risk. Our nurses provide education, encouragement and support throughout pregnancy and postpartum. One goal of the program is to identify those high-risk pregnancies early to ensure the members have resources in place and are connected with a provider that is appropriate for their needs. The program is free and available using our mobile application, powered by Wellframe®, where members will have access to: *in-app chat with their personal health advocate or nurse to answer questions about the member's pregnancy and to provide support and encouragement; *daily to-dos, i.e., a checklist of daily tasks to complete and helpful articles relevant to the member's stage of pregnancy; *customized reminders to help members keep track of their medication, doctors appointments, and other daily tasks; and *a library of articles, pictures, and videos where members can learn about managing a healthy pregnancy.
I.37	Respond to the following Utilization Management questions:	CM/DM	
	a. What do you require prior authorization for? Is it customizable and is there a fee?	CM/DM	**BCBSNE's benefit plans require the following services, supplies or drugs to be certified:** * Durable Medical Equipment (DME) - subsequent purchases of DME or DME identified on the Precertification/Preauthorization list; * Hospice Care; * Inpatient Hospital admissions; * Inpatient Physical Rehabilitation; * Long Term Acute Care; * Organ and tissue transplants; * Prescription drugs (certain drugs as defined by BCBSNE); * Skilled Nursing Care in the home; * Skilled nursing facility care; * Services subject to surgical or other preauthorization programs, as defined by BCBSNE; and * Regarding mental health/substance abuse, BCBSNE's behavioral health coordinator processes initial and concurrent certification requests for inpatient admissions to acute psychiatric facilities and completes retrospective medical record review. Inpatient services, structured day treatment services, outpatient services and psychological testing are also reviewed for all adults and children. **Other Services** * Exceptions to the above certification list include: * Maternity Admissions: Federal law allows a length of stay up to 48 hours following a normal vaginal delivery, and 96 hours following a cesarean section delivery unless otherwise agreed to by the covered member of her physician. Certification is not required for an initial maternity submission; however, certification is required if the hospitalization extends beyond these allowed timeframes. * Emergencies: BCBSNE must be notified if an admission for an emergency medical condition within 24 hours of the admission, or the next business day. Due to our extensive medical management programs that are included at no additional charge, BCBSNE does not offer customization of these programs' features.
	b. Describe what you perform concurrent review on and how often.	CM/DM	Under care coordination, when an inpatient member leaves the facility, nurses provide concurrent clinical reviews through discharge to ensure the members are getting the right care, at the right time, at the right cost. They also assist the facilities with discharge planning. For transitions of a members care, nurses contact members after they're discharged from acute care to ensure discharge orders are understood and implemented, thus promoting safety and improving patient outcomes. This program prevents unnecessary ER visits and readmissions to the hospital. For all acute inpatient and post-acute levels of care, the lengths of stay which are approved vary depending on the level of care and the clinical presentation at the time of the review. Concurrent reviews can vary in frequency from 2-14 days, depending, again, on the care being delivered for an inpatient or post-acute level of care.
	c. Do you offer Retrospective Review?	CM/DM	Retrospective authorization is not allowed. Our clinical claim review team will conduct retrospective/post-claims reviews based on claim triggers.

OVERFLOW RESPONSES - Approved by the State in Addendum 1 Dated June 30, 2025

Spine Pain Management:
*This optional program utilizes Evolent and includes preauthorization for two components of non-emergent spine care: outpatient interventional pain management services, along with inpatient and outpatient lumbar and cervical spine surgeries. This follows industry-wide efforts to ensure clinically appropriate quality of care and to manage the increasing utilization of these services. Interventional pain procedures include: Spinal epidural injections, paravertebral facet joint injections or blocks, and paravertebral facet joint denervation (radiofrequency neurolysis).

Peer-to-Peer Review:
Utilization management, post-claim review and appeals management are included in our proposed administration fees. Medical Directors make all determinations of a denial. We currently offer a peer-to-peer (P2P) option, and our Nebraska state mandate (LB77) requires the provider to request a P2P within three days of a denial notice. Our medical directors are then scheduled to conduct the P2P with the ordering provider. If it is determined during the P2P that the denial should be overturned with sufficient medical evidence, the medical director will inform through our medical management reporting system and the member/provider are then notified of the approval, with a new written communication then being sent out to the provider and member. If the denial is upheld, the provider is verbally reminded during the P2P of their appeal rights. The denial letter also includes appeal rights.

OptimizeRx:
The OptimizeRX program is included in our proposal, and applies to medications administered by medical professionals in a medical setting. This program will apply regardless of the PBM selected by the State since it is a medical program. The program facilitates peer-to-peer review of prescriptions and treatment plans among providers within a nationwide network of key leaders, leveraging specialized expertise in specific diagnoses. This approach allows for a pre-authorization process to move quick and seamlessly, which results in higher provider and member satisfaction. OptimzesRx will provide greater savings on oncology and specialty medications for the State. The fee for this program is noted in our ***COST PROPOSAL*** .

OVERFLOW RESPONSES - Approved by the State in Addendum 1 Dated June 30, 2025

	Questionnaire Section	Section	Vendor Response
	d. Describe any automated utilization management or Artificial Intelligence procedures your system utilizes for the following, as well as any other automated system quality assurance/claim appropriateness controls you employ and feel would be beneficial to the State.	CM/DM	BCBSNE has created an AI agent named Bennet, named after a Nebraska small town, which has been integrated into our Customer Service workflow to help our customer advocates answer benefit questions in a timelier manner. We're also using Generative AI to increase the speed of software development under Microsoft's HIPAA compliant offerings. We plan to initiate a limited pilot rollout of our AI tool, Bennet, to select customers within the next 6-12 months. Bennet will be accessible via the MyNebraskaBlue member portal as well as our mobile app, enabling members to self-serve and receive prompt responses regarding their benefit coverage, reducing the need for customer service calls. Internally, a rollout has already demonstrated improved operational efficiency and enhanced service capabilities due to immediate access to benefit details. We will continue to develop additional skills, enhancing Bennet while identifying the value of customer release. Outside of expanding Bennet, we aim to expand our use of generative AI to boost general productivity and operational efficiency. These features will be rolled out with appropriate governance and thorough testing to ensure accuracy and compliance. In addition to this, we've also enabled users to access our secure Microsoft CoPilot environment for generic productivity gains without utilizing PHI / PII and have established an AI oversight committee to ensure we are implementing AI and generative AI solutions in a safe and compliant manner. Any future use cases will go through this committee to ensure that safety is accounted for, biases are mitigated, and privacy concerns are addressed properly. We are using machine learning models to facilitate customer journeys, such as reminding members to receive preventive care as well as aid in care navigation. We are also utilizing key technologies developed by OpenAI, Databricks, and Microsoft, all delivered by Microsoft and covered under our Business Associate Agreement and privacy agreements. These tools are vetted by our AI Governance committee, which has established specific policies and procedures to define acceptable use, mitigate risk and bias, and protect privacy.
	· Medical necessity	CM/DM	Our Utilization Management and Care Management teams utilize AI and other technologies as tools to support clinical reviews. While these technologies enhance and support efficiency in the review, they are not used to determine authorizations for medical necessity.
	· Pre-certifications	CM/DM	AI and other automated technologies are utilized in the precertification process in coordination with Bennet as a benefit determination resource.
	· Claim accuracy	CM/DM	AI is not used at this time for claim accuracy; however, our Claims Operations area utilizes Robotic Process Automation (RPA) to ensure the highest level of quality is achieved for testing related to benefits on new sales and renewals. We also use automation to validate and ensure claims that require reprocessing are reviewed and validated for accuracy prior to being resubmitted within our claim system.
	e. How do you achieve cost savings and what is your methodology? Do you use a third party to validate any of your savings or ROI?	CM/DM	We work in partnership with our vendor, Wellframe, to develop cost savings as tied to care management. They have a team of data scientists who perform this population cohort analysis.
	f. Do you agree to redirect pre-certification requests to in-network providers?	CM/DM	BCBSNE is required to adjudicate an authorization based on the submission from the provider, whether the provider is contracted or not contracted; however, our care managers do work with their members to advise them of network providers, as does our Member Services department.
	g. Describe any customized, rigorous preservice programs for any specific medical procedures in place currently.	CM/DM	We offer a pre-surgical program that allows members to engage with a nurse care manager and obtain content through our digital mobile app, Wellframe.
	h. Do you perform Discharge Planning as part of Utilization Management? Describe discharge planning as part of your UM process.	CM/DM	For transitions of a member's care, nurses contact members after they're discharged from acute care to ensure discharge orders are understood and implemented, thus promoting safety and improving patient outcomes. This program prevents unnecessary emergency room visits and readmissions to the hospital. Our nurse care managers also work with the facility's UM/CM department to discuss a plan for discharge, and we hold multi-disciplinary rounds to discuss admitted members and potential barriers to a successful discharge.
	i. How many on-site (in facility) and remote case managers do you propose at the various facilities statewide to serve the State membership to minimize as much as possible any disruption during the discharge or transition of care process.	CM/DM	BCBSNE is proposing to place one to two nurse care managers on-site at designated facilities in Nebraska. The specific locations for these nurse care managers will be determined in collaboration with the State and following the State's recommendations. This initiative aims to enhance patient care and streamline healthcare services by ensuring that experienced nursing professionals are readily available to manage and coordinate patient care directly within these facilities.
	j. List any medical services categories your organization carves out on utilization management (e.g., high-tech imaging, oncology, spinal fusion, onsite clinical review).	CM/DM	BCBSNE utilizes Evolent for the optional spine pain management program. This program focuses on utilization review of advanced imaging and musculoskeletal management and is an optional program for self-funded employers.
I.38	Describe your methods for internally monitoring and evaluating the performance of utilization management activities. If an issue is discovered, describe the corrective actions you would implement to resolve it.	CM/DM	We monitor our utilization performance with ongoing surveillance activities. This includes adherence to accreditation standards, including turnaround times, for authorizations and appeals. We also monitor approval and denial rates of authorization and appeals. Individually, we conduct inter-rater reliability testing with our staff of medical directors, pharmacists, nurses and social workers to monitor the appropriate application of clinical criteria. These metrics are reported semi-annually to our Quality Committee for review, approval and recommendation. Our data surveillance activities also assist us in identifying areas of opportunity and/or improvement. This could lead to a Corrective Action Plan (CAP) at an individual contributor level or team level. It could also reveal a medical policy that needs revised or sunset.
I.39	What process is used to provide training and education for providers regarding Utilization Management issues? How are non-compliant providers identified and educated and/or sanctioned?	CM/DM	Our website has training known as “eLearnings” for providers that provide steps on NaviNet, our provider portal. For specific education for non-compliant providers, we would be notified by the utilization management team on the action needed and one of our Provider Advocates would reach out and provide the feedback/education. If a provider continues the action, the UM team would need to determine if further action/sanctions are needed, possibly taking steps to place the provider on a Corrective Action Plan (CAP).
I.40	What process is used to inform participants on receiving authorization of health benefits prior to treatment?	CM/DM	Our member ID cards contain a QR code linked to their Schedule of Benefits Summary document for preauthorization awareness and impact, as well as where to go on our website for additional information is provided: NebraskaBlue.com/PreAuth. The Schedule of Benefit Summary document is also available to members online through our secure member portal. Our Member Service advocates also provide preauthorization education as part of our customer interactions. In addition, we will reach out to their provider’s office to obtain any needed information and/or to advise of preauthorization requirements and necessary steps to take prior to services being provided. We also create awareness through member education engagement efforts.
I.41	Describe your approach to managing the care and behavior of “super-utilizers” (high cost claimants and/or patients whose utilization of emergency rooms and hospital inpatient services admissions is greater than the norm).	CM/DM	Our predictive modeling assists us with identifying high utilizers. Members considered high utilizers are contacted by care management through our standard outreach methods. We utilize an internal risk dashboard that shows members with two or more emergency room visits in a six month period or those with inpatient admissions as a driving cost factor, which triggers outreach by our care management staff.
I.42	Please complete the table below on provider advocates:	CM/DM	
	a. Number of provider advocates physically working in the State of Nebraska	CM/DM	BCBSNE employs a Manager of Provider Partnerships, along with three Provider Partnership Advocates. These advocates are located in Nebraska and travel to statewide provider locations when needed.
	b. Number of provider advocates working telephonically in the State of Nebraska	CM/DM	Please see above.
	c. Number of provider advocates working on this account in a remote setting (outside Nebraska)	CM/DM	Please see above.
I.43	What guidelines are used to determine medical necessity? How do you ensure the guidelines align with the State's benefit intent and not necessarily the intent of the Medicare guidelines? What is the frequency for evaluating and updating/revising the guidelines/protocols?	CM/DM	BCBSNE utilizes InterQual criteria for medical and behavioral health conditions for medical necessity and for determining length of stay. We also use our medical policy provisions. We employ evidence-based guidelines for our medical policy review and medical necessity determinations. InterQual annually reviews its criteria sets utilizing new evidence. In the medical determination process, we frequently speak with providers about the criteria and exchange information with them (e.g., providers can submit recent articles for consideration at the next policy review). Providers who continually demonstrate efficiencies, have a very low medical necessity denial rate, and use evidence-based guidelines for their medical practice may be eligible for a "Gold Card" designation, which eliminates the medical review requirements. While we do not terminate providers with high denial rates, we do continue to use education and the prior authorization procedures to control utilization.
I.44	Confirm you will work with the State to customize the guidelines for their plan.	CM/DM	BCBSNE confirms we will work with the State on communicating the guidelines for their benefit plans to ensure complete understanding of BCBSNE's benefits and CM/UM requirements. While our actual medical policies and CM/UM procedures are not customizable since they are in place to protect our members, we will work with the State on any benefit deviations we have noted in our response that are of concern to the State. We pledge to work these differences out to come up with a mutually agreeable alternative.
	ADDITIONAL MEDICAL MANAGEMENT QUESTIONS	CM/DM	

	Questionnaire Section	Section	Vendor Response
I.45	How does your organization leverage data and technology to engage physicians in better compliance with evidence-based medicine and getting a broader view of their patient's health status and experiences?	CM/DM	BCBSNE communicates evidence-based treatment patterns when meeting with our providers if issues come to light through onsite visits. BCBSNE's provider consultants conduct periodic onsite visits to our providers for both audit and credentialing/contracting purposes, as necessary, ensuring provider offices meet any applicable access-to-care standards or to review any quality-of-care complaints. If we detect potential fraud, waste, or abuse, our SIU investigators will review cases through interviews, onsite visits, claim reviews, medical record reviews, and other techniques with the provider. For all BCBS Plans, including BCBSNE, medical directors assigned in each plan support investigations to provide guidance and advice on appropriate treatment, practice protocols, and medical policy. They also assist with claims analysis and review medical records to render opinions on medical necessity, quality of care, and other related issues that arise during these investigations. BCBSNE's special investigations unit (SIU) monitors providers and claims through fraud analytics software (Healthcare Fraud Shield). The system assigns a risk score to providers based on alerts (e.g., potential upcoding), and the SIU uses that information to open investigations. If improper billing, waste/abuse, or suspected fraud are identified, the SIU may adjust claims, place the provider on prepayment review, issue a settlement agreement, issue education or corrective action plans, terminate the provider, or require third-party audits to ensure compliance with BCBSNE policies. The SIU also engages Coding Advisor to monitor for potential over-utilization of high-level Evaluation and Management (E/M) codes. All BCBS Plans are national leaders in partnering with providers. Maintaining a strong presence in the local BCBS Plan's market enables us to personalize provider education and improvement programs around evidence-based treatment. If a provider is not improving or meeting key benchmarks, the local Plan will consult with and assist the provider with targeting areas for improvement. Additionally, the local Plan may track performance against these "target areas" through customized reporting, additional consulting, or onsite visits, as necessary.
I.46	Describe your capabilities with respect to obtaining medical paid claim data for the purpose of "mining" that data to identify high-risk patients or those appropriate for proactive intervention due to non-compliance, co-morbidities or other indicators. Include the frequency of updating this data.	CM/DM	At BCBSNE, we utilize data by mining medical claims, pharmacy data (with Prime as the PBM), and eligibility information, applying algorithms that allow BCBSNE to identify individuals and apply the appropriate clinical programming. Our clinicians are prepared to provide evidence-based, deep interventions that empower participants to change behaviors, manage their health conditions, or successfully attain lifestyle changes based on their conditions. We mine our claims data in a number of ways to find high-risk members for outreach: 1. We have an internal algorithm that looks for Inpatient PreAuths real time (as a member is in the hospital) to pair them with outreach for high risk stays based on diagnosis and chronic disease categories. 2. We use proprietary risk scores to pair up a patient's risk with their management status (how risky a patient is tied to if they're getting preventive care, staying out of the ER, closing HEDIS care gaps, etc.). 3. We mine claims to find members starting high dollar drugs, members who have started cancer treatment, members with high degrees of rising risk, etc. where we're essentially trying to intervene with a member before they develop into a high-cost claimant.
I.47	Describe the system access case managers have to medical and behavioral health records and imaged documents when handling telephonic and online inquiries.	CM/DM	Our utilization and care managers have access to our health information exchange, CyncHealth, as well as many provider Electronic Medical Records systems to assist them when handling electronic, telephonic, faxed or mailed inquires. Additionally, for any records that were sent in via fax, those images are available for the clinical teams in our medical management documentation system.
I.48	Describe the support you provide to underserved communities (i.e., members with access barriers to care, food insecurity, transportation.) Describe any tools or programs you have to support the State's members (i.e., virtual health support).	CM/DM	Our nurse care managers connect members to community resources that promote a member's wellness. These are generally for services outside of their benefits that address factors that affect their health or ability to be successful in navigating or adhering to treatment. These issues could be social, financial, and environmental factors, or could include housing instability, food insecurity and transportation needs. We leverage a social resource organization and are able to connect members to community based organizations through referrals and service tracking. On a broader scale, BCBSNE is committed to giving back to Nebraska communities and promoting wellness and assistance statewide, including underserved communities. We have created the *Nebraska Blue Foundation* , which builds on our legacy of investing in Nebraskans by providing financial support. We have provided grants to the *Community Wellness Collaborative* and the *Douglas A. Kristensen RuralHealth Education Building* at the University of Nebraska at Kearney. BCBSNE employees have also supported the *Food Bank for the Heartland* in its Strike Out Hunger Campaign, contributing over 17,000 meals to individuals and families in the Heartland. These programs only touch the surface of our involvement and support throughout the state. Further information is available on our public website at ***https://www.nebraskablue.com/en/About-Us/In-The-Community/Community-Investment-Report,*** and within the ***CORPORATE OVERVIEW, Community Investment & Support*** section of our response.

J.2	Describe the tailored programs you would suggest, to meet specific and diverse needs of the State and individual participants.	Wellness	Our approach to tailoring wellness programs for the State of Nebraska and its diverse participant population is grounded in flexibility, data-driven personalization, and cultural alignment. Through the Premium Wellness Solution powered by Vitality®, we offer a suite of configurable tools and services that can be adapted to meet the unique needs of both the organization and its members. **Personalized Health Pathways for Individuals** Each participant receives a customized wellness experience based on their health status, preferences, and engagement style. The Vitality platform uses biometric data, health assessments, and behavioral inputs to: • Calculate a personalized "Vitality Age" that reflects modifiable risk factors. • Recommend targeted activities such as preventive screenings, physical activity goals, nutrition modules, and mental well-being resources. • Deliver nudges and reminders through the mobile app and web platform to encourage sustained engagement. This ensures that individuals—from those managing chronic conditions to those focused on prevention—receive relevant and timely support. **Tailored Programming for the State of Nebraska** For the State as an employer, we offer strategic customization in several key areas: • **Incentive Design:** We collaborate with the State to develop incentive structures that align with budget, culture, and engagement goals. These can include tiered rewards, milestone bonuses, and gamified challenges. • **Co-Branding:** The platform and mobile app can be branded with the State of Nebraska's logo and colors at no additional cost, reinforcing trust and ownership. • **Program Integration:** We support seamless integration with existing vendor partners, EAPs, and benefit programs to create a unified wellness ecosystem.
J.3	Describe how your overall wellness solution is integrated in your medical program for a seamless member experience.	Wellness	The Vitality platform ingests a variety of data sources – including medical and pharmacy claims, biometric screening results, and self-reported health interests and behaviors—to create a personalized health profile and Vitality Health Age for each member. This allows the platform to: 1) identify health risks and opportunities for intervention; 2) recommend targeted wellness activities and prevention services; 3) trigger reminders and nudges based on real-time health events or gaps in care.
J.4	Describe how you define engagement and provide your engagement rates for the past two years.	Wellness	We define engagement as a combination of both breadth and depth of participation in the Vitality wellness program: • Breadth refers to the percentage of eligible members who complete at least one wellness activity during the program year. • Depth measures the average number of wellness activities completed per participating member per month. This dual-metric approach ensures we capture not only how many members are participating, bot also how consistently and meaningfully they are engaging with the program. **Vitality Book of Business Engagement Spectrum:** 2023 - Average Breadth: 31.3%; Average Depth: 19.5 2024 – Average Breadth: 57.4%; Average Depth: 32.2
J.5	Describe the process to share recommendations for improvement based on risk factors.	Wellness	Our process for sharing recommendations based on risk factors is designed to be both personalized and actionable, ensuring that members receive timely guidance and employers gain meaningful insights to support population health improvement. Rooted in a dynamic, data-driven process that combines biometric, behavioral and clinical insights it delivers a personalized, actionable guidance to members and strategic insights to employers. **Risk Identification and Profiling** – Vitality begins by collecting data through a NCQA-certified Health Risk Assessment (HRA), biometric screenings, and ongoing activity tracking. This data is used to calculate each member's "Vitality Age"—a clinically and actuarially adjusted age that reflects tehri current health status and risk profile. Vitality's proprietary algorithm stratifies members into risk categories (low, at-risk, high) across biometric and lifestyle domains. **Personalized Pathways and Recommendations** – Based on the members risk profile, the platform generates a Personal Health Pathway—a tailored sequence of "next best actions" that includes both lifestyle and clinical interventions. **Employer-Level Reporting and Consultation** – Employers receive quarterly and annual reports that aggregate risk trends across your population. A dedicated wellness manager will review these reports with your organization and make appropriate recommendations based on these aggregated data sets. **Continuous Feedback and Evolution** – Vitality's system continuously updates member pathways as new data is collected. Micro-assessments and wearable integrations allow for real-time adjustments to recommendations. This ensures that members receive timely, relevant guidance as their health evolves. **Reinforcement through Incentives** – To drive sustained behavior change, Vitality aligns its recommendations with a robust incentive structure. Members earn points and rewards for completing recommended actions, which are weighted based on their potential to reduce risk and form lasting habits.

J.10	Describe your success in improving employee population health.	Wellness	The Vitality® program has demonstrated substantial success in improving employee population health, as evidenced by the outcomes detailed in the 2024 Vitality Impact Study. The program's impact spans risk reduction, improved care utilization, and measurable cost and productivity gains. **Risk Reduction** Over a six-year period, the program achieved the following outcomes compared to expected benchmarks: • 23% fewer high-risk members • 16% more low-risk members These shifts reflect meaningful improvements in overall population health risk stratification. **Lifestyle Improvements** Vitality engagement led to significant positive behavior changes: • 28% increase in highly active members • 32% reduction in smoking prevalence These lifestyle shifts contribute directly to long-term health improvements and reduced chronic disease burden. **Improved Care Utilization** Among highly engaged members, the program drove: • 34% increase in preventive service utilization • 10% increase in vaccination rates • 21% reduction in emergency room (ER) utilization • 16% reduction in general inpatient admissions These metrics indicate better management of health conditions and more appropriate use of healthcare services. This data underscores the Vitality program's effectiveness in driving measurable improvements in employee health, healthcare utilization, and organizational performance.	
J.11	Provide the ROI calculation methodology for the overall Wellness program.	Wellness	The return on investment (ROI) for the Vitality® Wellness Program is calculated using a combination of direct medical claims savings and productivity gains, supported by rigorous statistical methods and validated by independent oversight. ***METHODOOGY OVERVIEW*** **Direct Claims Savings** • The core of the ROI calculation is based on the reduction in medical claims costs among engaged Vitality members. • A six-year longitudinal study found an average savings of $462 per engaged member per year, totaling approximately $40 million in direct savings across the study population. • This equates to a 4% reduction in claims costs over the analysis period. **Productivity Gains** • Vitality engagement was associated with improved health risk profiles, which translated into fewer lost workdays. • On average, 4.4 working days were saved per employee per year, equating to $1,047 in productivity savings per employee annually. • These estimates were derived from a validated model that quantifies productivity loss based on health risk factors, assuming a 250-day work year. **ROI Formula** • ROI is calculated by dividing the total direct savings by the combined cost of program administration and rewards. • Using this method, the program achieved a 180% ROI, meaning that for every $1 invested, the employer received $1.80 in direct claims savings.	**Statistical Rigor** • The ROI findings were statistically significant at the 99.9% confidence level ($p < 0.00001$). • To address potential selection bias, propensity score matching was used to compare engaged and non-engaged populations. **Exclusions** • The ROI calculation does not include: • Pharmaceutical savings • Indirect benefits such as improved employee satisfaction or reduced turnover • Broader organizational impacts like culture change or retention This methodology ensures a conservative yet robust estimate of the program's financial impact, grounded in real-world data and validated by independent experts. It reflects the program's ability to drive measurable health improvements and cost savings for employer groups.

J.14	Can individuals be tracked and rewarded for showing progression and build that activity into the incentive design? Explain.	Wellness	Yes, individuals can be tracked and rewarded for showing progression, and this activity can be fully integrated into the incentive design. The Vitality platform supports dynamic tracking of member progress across a wide range of health behaviors and biometric indicators. This includes physical activity, nutrition, biometric improvements (e.g., blood pressure, cholesterol, glucose), preventive care completion, and engagement in educational modules. **Progression Tracking Capabilities:** • Biometric Improvement Recognition: Members earn points for demonstrating positive changes in biometric values over time, such as reduced BMI, improved blood pressure, or lower cholesterol. • Behavioral Milestones: The platform tracks consistency and improvement in behaviors like physical activity, sleep, and stress management. • Goal Achievement: Members can set personal goals and receive recognition and rewards for achieving them, whether it's increasing weekly step counts or completing a series of wellness activities. **Incentive Design Integration:** • Employers can design incentive structures that reward both participation and improvement. • Points and rewards can be tiered to reflect progression (e.g., higher rewards for sustained activity or measurable health improvements). • The system supports real-time updates to member dashboards, showing progress toward goals and earned incentives. This approach not only motivates initial participation but also encourages long-term behavior change by recognizing and rewarding meaningful progress.

K	**HEALTH SAVINGS ACCOUNT (HSA)**	**HSA**	**RESPONSE**
K.1	Do you administer HSA accounts in-house, or is administration of these accounts outsourced? If outsourced, identify the vendor and how long have you partnered with them.	HSA	BCBSNE does not directly administer HSA accounts. Our preferred vendor is WEX, formerly Discovery Benefits, Inc. BCBSNE has had a relationship with Discovery Benefits / WEX for over 10 years.
K.2	Indicate the total HSA Assets Under Management including Cash and Investment Account Dollars as of June 1, 2025.	HSA	WEX has a large HSA data set with more than 8.5 million HSAs on our platform. We serve as custodian for more than 2.4 million HSAs with over $6.8 billion assets under management. Further, WEX Technology is one of the largest HSA recordkeeping platforms in the country, powering more than 8.5M HSAs across more than $26B in HSA assets.
K.3	Describe the process and duration to establish new accounts after receipt of required data. Describe the type and source of data you need from each employee.	HSA	To establish new accounts, we require the employee's name, street address, date of birth, Social Security number, and other information necessary for identity verification as mandated by the U.S. Patriot Act. This data is typically provided by the employer during the enrollment process. Once received, we verify the employee's personal information (address, SSN, DOB) against government databases. This verification process takes approximately two business days. During this period, the account remains blocked until verification is complete. If the information is successfully verified, the employee gains full access to their account. If verification is unsuccessful, the account is blocked, and the employee is notified to provide additional documentation. If sufficient documentation is not received within 60 days, the account is closed and any contributions are returned to the employer or participant, depending on the source of the contribution.
K.4	How soon, after enrolling, will employees receive their Welcome/Account Set-Up Packet, debit card and/or checkbook? Can employees elect to receive more than one card for their account? Is there a charge for more than one card?	HSA	HSA participants will receive an enrollment confirmation email within 24 hours after their enrollment is received, updated, or terminated. Once the plan setup is complete, debit cards are mailed to participants' homes within 14 business days. Each enrolled participant will automatically receive two benefits debit cards. Additional cards for spouses or dependents at least 18 years of age are available at no additional charge. Lost or stolen debit cards can be replaced at no additional cost. WEX does not offer a checkbook with our HSA administration.
K.5	What processes are in place for employees who have issues or fail the federal Customer Identification Program (CIP) process for opening a HSA, particularly when there is an employer contribution?	HSA	If an employee fails the federal Customer Identification Program (CIP) process for opening a Health Savings Account (HSA), the account is blocked, and the participant is notified directly via email or US Mail. The employee can submit validating documentation through their online account, mobile app, email, US mail, or fax. If validating documentation is not received within 10 business days, another notification is automatically sent. If the participant remains non-responsive, approximately 60 days after enrollment, WEX will close the account and return any contributions to the employer or participant, depending on the origin of the contribution. During the 60-day verification period, WEX can still receive employer or participant contributions, but the funds remain unavailable until the verification process is completed. The HSA Pending Verification Summary Report is provided to designated Benefits Primary contacts, outlining which accounts are blocked and what information needs to be verified. When documentation is submitted, processing takes 5-7 business days. If the documentation is insufficient, the participant is notified and must contact WEX to resolve outstanding issues.
K.6	Provide copies of standard reports for HSA administration. Indicate frequency and delivery format. Also, provide information regarding ad-hoc reporting and associated fees. If a fee is not listed, it will be assumed that these additional reports/options are available at no charge.	HSA	Standard HSA administration reports include: • HSA Plan Funding Collection Notification: Activity-based report detailing employer funding for participant payroll and employer contributions. Includes transaction effective date and last four digits of the bank account receiving the debit. Frequency: On demand. Delivery format: Secure platform, with optional email notifications. • HSA Account Detail Report: Provides contribution detail for the selected report range or year to date, listing participant and their contributions. Frequency: Monthly. Delivery format: Secure platform, with optional email notifications. • HSA Account Detail Report Summary: Aggregate contributions for the prior and current tax year, reporting all participants for the selected range or year to date. Frequency: Monthly. Delivery format: Secure platform, with optional email notifications. • HSA Employer Summary Report: Aggregate monthly HSA statistics and balances, including average account balance, distributions, and contributions. Frequency: Monthly. Delivery format: Secure platform, with optional email notifications. • Open-ended HSA Imported Contribution Report: Displays a count of all HSA contributions in the Contribution File, processed contributions, and any errors or warnings. Frequency: As needed. Delivery format: Secure platform, with optional email notifications. Reports are available for download in Excel, PDF, and data file (.txt) formats. Ad-hoc reports are available at no additional cost and are considered reports that exist within our platform but are not currently accessible to the client via LEAP. Ad-hoc reporting is sent via secure email. Customized reporting would incur an additional fee.
K.7	Do you have a reconciliation process in place to assist participants in identifying when excessive contributions may have been made? When and how, will employees be notified about the excess contributions?	HSA	We have a process in place to assist participants in identifying when excessive contributions have been made. It is ultimately the HSA participant's responsibility to ensure their annual contributions, including employer contributions, do not exceed the IRS set maximum. However, we send an email notification to participants once they have exceeded the annual HSA contribution limit, and a message is displayed within the message center on the participant's online account. In the event of excess contributions, participants must remove the excess via the appropriate form to ensure correct tax reporting.
K.8	Please describe your online banking features.	HSA	Once your participants have enrolled in benefits with us, they'll receive access to their consumer online account. This online account grants them access to: • View and manage HSA investments • Contribute and request distributions • Pay-the-provider options • Sign up for mobile text alerts • View account balances and account history • View and update profile information, add dependents • Order additional debit cards or report a lost/stolen debit card • Update banking information • Expense tracker
K.9	Is there a daily spending limit on HSA debit card purchases?	HSA	Yes, benefits cards have a $10,000 per day spending limit and will be temporarily suspended if used for more than the daily spending limit.
K.10	Is there a minimum balance required in order to invest the funds?	HSA	Yes, there is a $1,000.00 cash minimum balance required to invest the funds.
K.11	Is the monthly account maintenance fee waived if the participant maintains a minimum balance level? If so, what is this level?	HSA	WEX will waive HSA administrative fees for accounts with a cash balance exceeding $3,000.00. This balance is based solely on the total cash account (excluding investments) and is reviewed monthly. WEX would be happy to discuss this feature further with the State of Nebraska.

K.12	What is the simple interest rate (APY) for your HSA cash account? Does this interest rate vary based on the size of the account balance? The annual percentage rates are as follows: • $0.01 - $1,999.99: 0.05% • $2,000 - $4,999.99: 0.10% • $5,000 - $9,999.99: 0.15% • $10,000 - $24,999.99: 0.20% • $25,000 and up: 0.40% The interest rate is applicable to the entire balance in the HSA and will depend on the portion of the daily balance that is within each tier. M	**HIPAA / CYBERSECURITY**	**Security**	**RESPONSE**
M.1	Describe how you manage employee confidentiality/privacy barriers and compliance with HIPAA and the Health Information Technology for Economic and Clinical Health Act (HITECH) including how often assessments are performed and by whom. Please attach a copy of your most recently completed HIPAA assessment with your proposal submission.	Security	BCBSNE performs many assessments, both internal and third party auditor/assessor facilitated, to review and manage the compliance of BCBSNE to security and privacy requirements. Some of these assessments include: Both internal and 3rd party assessor NIST CSF Maturity assessments - mapped to HITRUST, IT and application PHI risk assessments, SOC 2 Type 2, FEP-OIG audit, Privacy program maturity assessments, and several other audits, security tests and accreditation assessments. Environment information and findings from these assessments are proprietary and sensitive and can be discussed further in a scheduled conference call if requested.

	Questionnaire Section	Section	Vendor Response
M.2	What is your policy regarding staff working from home or remotely? What safeguards are in place to monitor quality (including retrospective claims reviews) and HIPAA compliance?	Security	Workforce members are allowed to work in-office or remotely based on their roles. All remote connections must be made with a corporate issued and managed workstation and connections are forced through a secure VPN connection to corporate networks. This provides activity monitoring just as if they were on network locally. Compliance training covers safe and secure, allowed and not allowed working environments for remote working.
M.3	Have you ever had a HIPAA breach? If so, please explain. Include correction/revision of processes and procedures, mitigation of effect of breach and any remuneration made.	Security	Yes. As with most covered entities, BCBSNE may experience a "breach" as defined under 45 CFR § 164.402. BCBSNE maintains policies addressing the handling and investigation of unauthorized disclosures that potentially result in a breach. If an unauthorized disclosure occurs as a result of an employee's error, the Privacy Office will document remediation conducted by the business line, or when appropriate, that employee will be required to retake the Privacy Training within 10 business days of notification from the Privacy Office. Additionally, regardless of whether a disclosure originated from an internal error or from a vendor, BCBSNE will document the root cause and remediate processes where practicable. When possible, BCBSNE will make efforts to recover PHI disclosed without authorization. The Privacy Office investigates any reports of unauthorized disclosures to determine whether the probability that PHI was compromised is low. In cases where there is not a low probability of compromise, notices will be made according to guidelines listed in the following paragraph. If it is a reportable breach, a letter is sent to the member within 60 days. If the SSN number/financial information was released, credit monitoring is offered in the notification letter. Additional notices, such as filings with the Department of Health and Human Services are filed within applicable deadlines, depending on the number of members impacted.
M.4	Confirm you will notify the State immediately in writing if there is a suspected or known HIPAA breach involving the State's member data or suspected or known cybersecurity incident involving the State's data and/or member data.	Security	State would be notified according to provisions in active contract language according to manner and SLA defined and accepted by both parties therein.
M.5	Provide your definition of a data leak and a data breach and describe the action you will take if there is a data leak or breach.	Security	A data leak occurs when sensitive information, such as PHI, is unintentionally exposed or made accessible due to internal errors, misconfigurations, or inadequate security practices, without necessarily involving malicious intent and may or may not involve impact to the confidentiality, integrity or availability of the data. A data leak may or may not result in a data breach. A data breach is the unauthorized access, acquisition, use, or disclosure of sensitive information, such as PHI, typically through malicious or intentional actions by an external or internal actor. The HIPAA definition of Data Breach is explicitly defined as the unauthorized acquisition, access, use, or disclosure of PHI that compromises its security or privacy, posing a significant risk of harm to individuals. A leak causes investigation and notification to stakeholders (the State for example), and annual reporting to HHS, as well as potential mitigation actions. A breach triggers the HIPAA breach notification rule which results in reporting to state and federal entities and possibly the media if scope is greater than 500 members.
M.6	If your organization has experienced a data leak or breach, including if that leak or breach was the result of partnering with a subcontractor, describe the leak or breach and how your organization achieved resolution. Include in your response, correction/revision of processes and procedures, mitigation of effect of leak or breach and any remuneration made.	Security	**Describe the leak or breach** On June 21st, 2024, BCBSNE was informed by one of it's 3rd party service providers that they experienced a cyber event that may have impacted one of BCBSNE's self-insured groups. Data involved appeared to include member PII and HSA transaction (not account number) information. **How your organization achieved resolution** BCBSNE reviewed the details of the 3rd Party's response. The 3rd party's response included engaging an incident response (IR) & data forensic firm, containing the threat and securing the systems (shutting down where necessary), and investigating the extent of the impacted data. Root cause and remediation effort completion ("Clean environment") attestations were obtained from 3rd party's IR firm. The system compromise was determined to have originated at one of the 3rd party's business partners and not directly within the 3rd party's systems. Based on the 3rd party's and the IR firm's response, along with requirements laid out in our business associate and security requirements contracts', the BCBSNE accounted for the incident within BCBSNE Vendor Risk Management assessments and monitoring processes. Validation of remediation efforts within 3rd party's processes and procedures were required by BCBSNE. Once the 3rd party confirmed individuals impacted, BCBSNE delegated notifications, with BCBSNE approval of messaging, to impacted individuals and any required notices to state and federal regulators to the 3rd party who experienced the cyber event. BCBSNE confirmed that notifications began on August 9th, 2024. Additionally, a substitute notice link was provided on the 3rd Party website (July 15th) along with call center resources (July 1st) Two years of free credit monitoring were provided to impacted individuals as remuneration for the event.
M.7	Does your system produce sufficient audit trails to satisfy the HIPAA Privacy and Security regulations?	Security	Yes, our system produces sufficient audit trails to satisfy HIPAA Privacy and Security regulations.
M.8	How do you authenticate users for access both locally onsite and remotely? Do you use multifactor authentication (MFA)?	Security	Local network or remote workforce members must authenticate with a corporate, managed user ID. Both workstation installed certificates and MFA are used for on-site and remote users. All remote users are forced to connect to corporate networks with secure VPN only.
M.9	Is your system's database encrypted? Are data backups encrypted? Do you store backup media off-site and if so, how are they transported off site?	Security	Data is encrypted both in production databases as well as backup databases. Data is cloud-based so no physical backups are transported.
M.10	Are all electronic transmissions of PHI, including eligibility files, authorizations, and reports encrypted or sent via secure means? Which encryption methods do you support for e-mails and file attachments? Please describe.	Security	All files are transmitted with encryption through SFTP, online website/member user portal transactions through HTTPS, and email is either intentional TLS configuration with customers or encrypted secure mail delivery through ProofPoint Secure Mail.
M.11	Confirm your member website and app-based products comply with and are maintained for all current and known future security and HIPAA requirements for both aggregate and individual transactions.	Security	Yes. Member portal sites and applications are included in security and privacy assessments and reviews, and included in vulnerability management and penetration testing processes, as well as PHI handling and access requirements.
M.12	What is the most recent date for which your eligibility system and your claim system were reviewed or validated against current HIPAA regulations?	Security	These services were included in HITRUST certifications that expired in Feb 2024 and are now included in SOC2Type2 audit that is mapped to HITRUST
M.13	Describe your process for vetting the privacy, security, HIPAA compliance and readiness of your sub-contractors.	Security	Any 3rd party with access to member PHI in any way must have a signed BAA. A dedicated vendor risk management team as a sub-function of the broader vendor management function assesses all 3rd parties for privacy and security program, and other compliance maturity. Vendors are stratified based on the services provided and a number of operational and product or service parameters. Vendors are assessed with scope and frequency of assessments being based on inherent risk ranking.
M.14	Describe your disaster recovery/contingency and business continuity plans. Please attach a copy of your Information Security Policy and Procedures.	Security	BCBSNE maintains a comprehensive approach to disaster recovery, contingency planning, and business continuity to ensure the resilience and availability of critical services. BCBSNE has implemented the following key policies and procedures: - Business Continuity Policy: Outlines the framework for maintaining essential business functions during and after a disruption. - Business Continuity Event Response Procedure: Details the procedures for responding to events that may impact business operations, including roles, responsibilities, and communication protocols. - Disaster Recovery (DR) Procedure: Provides a structured approach for recovering IT systems and data in the event of a disaster. Additionally, BCBSNE conducts regular testing and updates of its business continuity and disaster recovery plans to ensure effectiveness and alignment with industry best practices. Q	**CURRENT AND FUTURE INNOVATIVE INITIATIVES**	**Initiatives**	**RESPONSE**
Q.1	Describe any such initiatives currently offered to self-funded groups such as the State, which are available within the State of Nebraska. Describe how these Nebraska initiatives can be implemented in the State's health plans and the incremental costs of the ASO fees. If any of these innovative Nebraska-based initiatives are in development or in the planning stages for the future, provide any information available to allow the State to understand concepts for developing each initiative. Include information on the expected implementation of such initiatives in Nebraska, when available to the State plans and the expected impact on program costs.	Initiatives	At Blue Cross and Blue Shield of Nebraska (BCBSNE), we are proud to offer a suite of innovative, Nebraska-based initiatives that are currently available to self-funded groups like the State of Nebraska Employees. These programs are designed to improve health outcomes, simplify the member experience, and reduce the total cost of care — all while being rooted in the communities we serve. **1. Amplify Health** Our population health platform, Amplify Health, uses predictive analytics and risk modeling to identify high-risk members and proactively engage them in preventive care. This data-driven approach supports early intervention and personalized care strategies, helping to reduce avoidable costs and improve long-term outcomes. **2. Virtual Health Partners** We've partnered with leading virtual care providers like Hinge Health to deliver musculoskeletal care and chronic condition management. National benchmarks show that virtual MSK programs can greatly reduce surgery intent deliver better outcomes at a lower cost. We've partnered with Vitality to focus on reducing health risks across your employee population. Members experience a personalized wellness journey and incentives for healthy behavior. The platform connects with wearables and health apps, making it easy to track progress and stay motivated. Groups using Vitality have seen a reduction in claims costs, driven by early intervention and sustained behavior change as well as reduced absenteeism and presenteeism. **3. Behavioral Health Strategy** Through our Telescope initiative and partnerships with local organizations, we're building a behavioral health ecosystem that includes education, early intervention, and access to virtual and in-person care. **4. Pharmacy Solutions (In-Office Administered Drugs)** Our OptimizeRx solution is an advanced medical pharmacy solution designed for medications administered by health care professionals that ensure members are receiving clinically appropriate medications for complex, specialty disease states. The solutions are centered around member overall well-being -- promoting high-quality, cost-effective care. OptimizeRx drives savings and facilitates peer-to-peer reviews of prescriptions and treatment plans among providers within a nationwide network of key opinion leaders, leveraging specialized expertise in specific diagnoses for high-cost oncology and specialty medications.

OVERFLOW RESPONSES - Approved by the State in Addendum 1 Dated June 30, 2025

5. Patient Navigation Strategy
We are investing in transparency tools that guide members to the highest quality, lowest cost care — whether it's a primary care visit, specialist consult, or site of service. These tools empower members to make informed decisions and reduce unnecessary spending.

6. Cost Containment & Affordability
Our payment integrity programs are designed to compete with national carriers while delivering local value. We are continuously improving our payment integrity workflows and analytics to identify and correct billing errors, duplicate claims, and inappropriate charges before they are paid. By ensuring claims are accurate, members and groups are less likely to face surprise bills due to provider errors. Because we are local, we have personal relationships with every Nebraska health system and we leverage those connections to educate and partner with our providers.

Implementation & ASO Fee Impact
These initiatives are designed to seamlessly integrate into the State's health plans. Because these programs are built into our Nebraska-based infrastructure, the incremental impact on ASO fees is minimal. In most cases, costs are offset by the savings generated through improved outcomes, reduced utilization, and smarter pharmacy spend.

Future-Focused Innovation
We are actively piloting and planning next-generation solutions, including:
- Digital 2.0: Key features include Digital Member ID Card, Real-time claims and deductible tracking, Provider search and care navigation, and Secure Messaging and Support.
- Expanded Virtual Care Models: Including behavioral health coaching and rural access solutions.
- Advanced Site-of-Care Optimization: Leveraging ambulatory surgical centers and imaging alternatives.

These initiatives are expected to roll out statewide over the next 12–24 months, with early pilots available for co-development with the State. We invite the State of Nebraska to partner with us in shaping these innovations to meet the unique needs of your employees by joining our Joint Innovation Advisory Committee.

DELIVERABLES AND DUE DATES

Per the State's requested deliverables within Section V. Project Description & Scope of Work, H. Deliverables, BCBSNE will ensure that all topics are fully addressed during the implementation phase prior to the July 1, 2026, effective date.

V. Project Description & Scope of Work, H. DELIVERABLES

- Member Services (including call center, website and portal)

  Our proposal has documented the Member Services we are offering to the State of Nebraska (the State), the State website we will be creating, and BCBSNE member portal throughout the Development Approach and Technical Requirements section of this TECHNICAL RESPONSE.

- Effective Member Communications and Open Enrollment support

  Our Developmental Approach outlines our strategy for ensuring effective member communications are created, distributed, and posted as required. BCBSNE' Account Team will be present at the State's open enrollment meetings as documented in Attachment C1 Questionnaire.

- ID Card Production and Distribution

  We have addressed ID Card production within Attachment C Questionnaire, with mailing occurring within 30 days of receipt of a complete and accurate eligibility file from the State. For subscribers with valid email addressed on the State's eligibility file, digital versions of the ID Cards will be accessible once the membership is loaded in advance of physical ID Card receipt.

- Account Management

  The State's BCBSNE account team will ensure comprehensive management of the State account through a dual approach of strategic oversight and tactical issue resolution. Our dedicated Account Manager will oversee the overall strategic direction, aligning our services with the State's goals and ensuring continuous improvement in cost savings and member engagement. On a day-to-day basis, our Account Specialists will handle tactical issues, providing prompt and effective resolutions to any concerns that arise. This includes addressing member inquiries, coordinating with providers, and ensuring

seamless operation of all programs and services. By combining strategic account management with hands-on support, we will deliver exceptional service and maintain a strong partnership with the State of Nebraska.

- Member Enrollment and Eligibility Maintenance

  We have addressed eligibility submissions within Attachment C1 Questionnaire. Our 834 file format option, eExchange, will allow the State to submit weekly 834 files to our vendor, BenefitFocus, for processing and transmitting to BCBSNE's membership eligibility system.

- Claims Processing, Adjudication, and Coordination of Benefits Management

  BCBSNE will perform all claim administration through Health Rules Payer (HRP), the claim system we utilize. With an auto-adjudication rate consistently over 91%, we are continually updating our system with enhancements to ensure we continue to have prompt, thorough claim service, backed by performance guarantees.

  BCBSNE ensures we have the most current information in our system by first sending a Coordination of Benefits (COB) questionnaire to each new member. This COB questionnaire goes out automatically once individual membership is established on our system. A BCBSNE COB specialist may also perform telephonic outreach to members to verify COB information if there are questions regarding a questionnaire or claim.

  BCBSNE follows the most current National Association of Insurance Commissioners' (NAIC) COB Model Rules and Regulations. If information is conflicting or lacks essential information, a COB Specialist will investigate. Once a payer order has been established, a COB Specialist will update the member's COB records to reflect the correct Other Insurance/Medicare information and primacy order. These records provide payer order direction to the claims examiners for each family member.

  BCBSNE's claim system applies claim holds prior to payment when there is a conflict between the COB information on the claim and the COB information loaded on a member's records. We also perform pre-payment reviews of claims exceeding $50,000.

  For Medicare COB, if the information we obtain differs from our current COB file or lacks essential information, a COB Specialist will investigate. Once all information has been gathered, we will follow MSP rules to determine if BCBSNE is the primary or secondary payer, such as noting the size of the group, the disability condition, if end stage renal disease (ESRD) applies, if the member is

over age 65 and still working, etc. Files are then updated accordingly and any claims requiring adjustments will be reviewed.

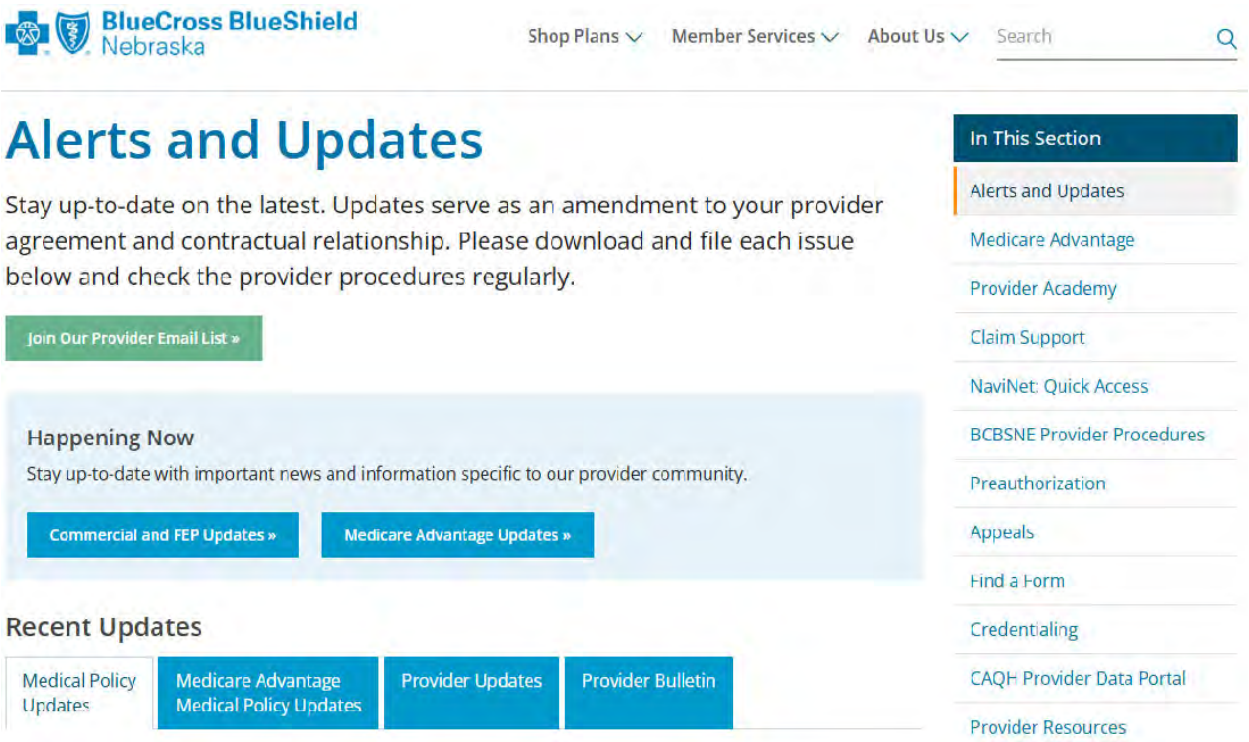
- Network Access and Management

  We have outlined the network options being offered to the State within our Developmental Approach. BCBSNE offers three provider networks consisting of a broad PPO (NEtwork BLUE), and two regional select networks of Blueprint Health and Premier Select BlueChoice, both of which offer deeper discounts compared to our broad PPO.

  BCBSNE also delivers results to our clients and members through our value-based care contracting arrangements, achieving improvements in our managed member population compared to non-managed members. With 75% of our broad PPO primary care providers under a value-based care contract, our network is able to achieve a level of member attribution to drive change in not only the health of the members, but in the claim spend bottom line. Additional details on our networks and contracting are included in the Developmental Approach.

- Patient and Provider Education

  BCBSNE regularly issues provider education to inform our providers on a variety of topics. Our website at Alerts & Updates for Providers \| BCBSNE includes the various types of provider education and updates:



Regarding patient education, BCBSNE will work closely with the State on our member communication campaigns. The strategy will focus on ensuring members are highly informed of the programs available to them to drive engagement. We have detailed our plans within the Developmental Approach.

- Medical Management and Disease Management

BCBSNE has comprehensive programs addressing Care Management, Disease Management, and Utilization Management. We have addressed these programs within Attachment C1 Questionnaire, as well as within the Developmental Approach.

- Behavioral Health Management

BCBSNE's statewide broad PPO network, NEtwork BLUE, has contracts with the following percentages of total eligible behavioral health / substance use providers in Nebraska:

**** Psychiatrists - 99.5%***
**** Psychologists - 100.0%***
**** Therapists/Counselors - 99.7%***
**** Social Workers - 99.7%***
**** DEA Waiver Providers - 100.0%***
**** ABA Para-Professionals - 100.0%***

Our nurse Care Managers identify members appropriate for behavioral health Care Management services. Diagnosis, ER utilization, inpatient, and pharmacy data is utilized to make this determination. Our utilization team also makes referrals to Care Management based on medical and behavioral health inpatient services. Groups and members can also refer members to Care Management services, and our telehealth vendor also initiates referrals/warm handoffs for members who utilize our telehealth service, including the 24/7 nurse call line included in our telehealth offering.

Additional information is included in Attachment C1 Questionnaire, as well as EXHIBIT H – Mental Health Access in Nebraska, which includes an exhibit of statewide access for the State's employees, geoaccess reporting, and sample member communications.

- Wellness

  Per the State's response on Addendum 2 dated July 9, 2025, a formal wellness program is not being requested under this medical administration RFP; however, bidders are welcome to suggest wellness programs that can be added alongside the medical plans of benefits.

  BCBSNE has a wellness option, referred to as Plus Wellness, which would be available to the State. This solution is positioned around a non-platform approach, allowing the State to choose the tools and resources that best fit your needs, culture and wellness strategy. Services offered include:
  - ***Consultative services and guidance***
  - ***Personal health assessment with data analysis***
  - ***Targeted wellness action planning***
  - ***Wellness website resources***
  - ***On-site and virtual health education seminars***

  Please refer to EXHIBIT T – Wellness Program Options.

- Data and Reporting (including standard/custom reporting and online systems)

  BCBSNE's response within Attachment C Questionnaire provides details on the reporting we can provide to the State, including standard reports and frequencies. Ad hoc reporting is available, as well as online access (Non-PHI) to our reporting platform, Whyzen, for designated individuals at the State.

- Ability to share claims data with other State healthcare and data analytics vendors as needed

  BCBSNE confirms within Attachment C1 Questionnaire that we will submit our standard data extract to approved State vendors at no additional cost.

- Auditing Rights

  Please refer to the completed Audit Rights section of Attachment C Questionnaire.

- Effective Implementation and Transition Support

  BCBSNE responses within Attachment C Questionnaire and the Detailed Project Work Plan describe the support our implementation coordinator and account team will provide to the State.

We are attaching a second copy of our proposed Implementation Timeline (also included within the Detailed Project Work Plan) that documents the due dates to achieve the milestones for each topic that will ensure a timely and successful transition to BCBSNE on July 1, 2026.

PremierBlue

BlueCross BlueShield Nebraska

Schedule of Benefits Summary

Group Name: State of Nebraska

Effective Date: July 1, 2026

Payment for Services	In-network Provider	Out-of-network Provider
Covered Services are reimbursed based on the Allowable Charge. Blue Cross and Blue Shield of Nebraska (BCBSNE) In-network Providers have agreed to accept the benefit payment as payment in full, not including Deductible, Coinsurance and/or Copayment amounts and any charges for Noncovered Services, which are the Covered Person's responsibility. That means In-network Providers, under the terms of their contract with BCBSNE, can't bill for amounts over the Contracted Amount. In some situations, Out-of-network Providers can bill for amounts over the Out-of-network Allowance. Cost-sharing and reimbursement amounts for categories showing "Same as any other Illness" may vary based on where Services are rendered.		
In-network Provider: The provider network is shown on your I.D. card. For help locating In-network Providers, visit NebraskaBlue.com/DoctorFinder. For certain Durable Medical Equipment, Independent Laboratory and Specialty Drug Services, the Doctor Finder may display providers that are considered Out-of-network for these types of Services. Refer to your benefit book for additional information.		
Deductible (the amount the Covered Person pays each Calendar Year for Covered Services before the Coinsurance is payable)		
• Individual	$1,400	$2,800
• Family (Embedded*)	$2,600	$5,200
Coinsurance (the percentage amount the Covered Person must pay for most Covered Services after the Deductible has been met)		
• Covered Person Pays	20%	40%
• Plan Pays	80%	60%
Medical Out-of-pocket Limit (includes medical Deductible, Coinsurance and Copayments)		
• Individual	$4,000	$8,000
• Family (Embedded*)	$8,000	$16,000
In-network and Out-of-network Deductible and Out-of-pocket Limits cross accumulate. All other limits (days, visits, sessions, dollar amounts, etc.) cross accumulate between In-network and Out-of-network, unless noted differently. Day, session or visit limits for certain Services shown on this summary are not applicable to Mental Health and/or Substance Use Disorder Services. Once the annual Out-of-pocket Limit is reached, most Covered Services are payable by the plan at 100% for the rest of the Calendar Year.		
*Embedded – If you have single coverage, you only need to satisfy the individual Deductible and Out-of-pocket Limit. If you have family coverage, no one family member contributes more than the individual amount. Family members may combine their covered expenses to satisfy the required family Deductible and Out-of-pocket Limit.

BlueCross BlueShield Nebraska

Schedule of Benefits Summary

Group Name: State of Nebraska

Effective Date: January 1, 2026

Payment for Services	In-network Provider	Out-of-network Provider
Covered Services are reimbursed based on the Allowable Charge. Blue Cross and Blue Shield of Nebraska (BCBSNE) In-network Providers have agreed to accept the benefit payment as payment in full, not including Deductible, Coinsurance and/or Copayment amounts and any charges for Noncovered Services, which are the Covered Person's responsibility. That means In-network Providers, under the terms of their contract with BCBSNE, can't bill for amounts over the Contracted Amount. In some situations, Out-of-network Providers can bill for amounts over the Out-of-network Allowance. Cost-sharing and reimbursement amounts for categories showing "Same as any other Illness" may vary based on where Services are rendered.		
In-network Provider: The provider network is shown on your I.D. card. For help locating In-network Providers, visit NebraskaBlue.com/DoctorFinder. For certain Durable Medical Equipment, Independent Laboratory and Specialty Drug Services, the Doctor Finder may display providers that are considered Out-of-network for these types of Services. Refer to your benefit book for additional information.		
Deductible (the amount the Covered Person pays each Calendar Year for Covered Services before the Coinsurance is payable)		
• Individual	$3,400	$5,200
• Family (Embedded*)	$5,300	$10,400
Coinsurance (the percentage amount the Covered Person must pay for most Covered Services after the Deductible has been met)		
• Covered Person Pays	20%	40%
• Plan Pays	80%	60%
Out-of-pocket Limit (includes Deductible, Coinsurance and Copayments)		
• Individual	$4,400	$8,200
• Family (Embedded*)	$8,300	$16,400
In-network and Out-of-network Deductible and Out-of-pocket Limits are separate and do not cross accumulate. All other limits (days, visits, sessions, dollar amounts, etc.) cross accumulate between In-network and Out-of-network, unless noted differently. Day, session or visit limits for certain Services shown on this summary are not applicable to Mental Health and/or Substance Use Disorder Services. Once the annual Out-of-pocket Limit is reached, most Covered Services are payable by the plan at 100% for the rest of the Calendar Year.		
*Embedded – If you have single coverage, you only need to satisfy the individual Deductible and Out-of-pocket Limit. If you have family coverage, no one family member contributes more than the individual amount. Family members may combine their covered expenses to satisfy the required family Deductible and Out-of-pocket Limit.

Schedule of Benefits Summary

Group Name: State of Nebraska

Effective Date: July 1, 2026

Payment for Services	In-network Provider	Out-of-network Provider
Covered Services are reimbursed based on the Allowable Charge. Blue Cross and Blue Shield of Nebraska (BCBSNE) In-network Providers have agreed to accept the benefit payment as payment in full, not including Deductible, Coinsurance and/or Copayment amounts and any charges for Noncovered Services, which are the Covered Person's responsibility. That means In-network Providers, under the terms of their contract with BCBSNE, can't bill for amounts over the Contracted Amount. In some situations, Out-of-network Providers can bill for amounts over the Out-of-network Allowance. Cost-sharing and reimbursement amounts for categories showing "Same as any other Illness" may vary based on where Services are rendered.		
In-network Provider: The provider network is shown on your I.D. card. For help locating In-network Providers, visit NebraskaBlue.com/DoctorFinder. For certain Durable Medical Equipment, Independent Laboratory and Specialty Drug Services, the Doctor Finder may display providers that are considered Out-of-network for these types of Services. Refer to your benefit book for additional information.		
Deductible (the amount the Covered Person pays each Calendar Year for Covered Services before the Coinsurance is payable) • Individual • Family (Embedded*)	 $800 $1,600	 $1,600 $3,200
Coinsurance (the percentage amount the Covered Person must pay for most Covered Services after the Deductible has been met) • Covered Person Pays • Plan Pays	 20% 80%	 30% 70%
Medical Out-of-pocket Limit (includes medical Deductible, Coinsurance and Copayments) • Individual • Family (Embedded*)	 $2,700 $5,400	 $5,400 $10,800
In-network and Out-of-network Deductible and Out-of-pocket Limits cross accumulate. All other limits (days, visits, sessions, dollar amounts, etc.) cross accumulate between In-network and Out-of-network, unless noted differently. Day, session or visit limits for certain Services shown on this summary are not applicable to Mental Health and/or Substance Use Disorder Services. Once the annual Out-of-pocket Limit is reached, most Covered Services are payable by the plan at 100% for the rest of the Calendar Year.		
*Embedded – If you have single coverage, you only need to satisfy the individual Deductible and Out-of-pocket Limit. If you have family coverage, no one family member contributes more than the individual amount. Family members may combine their covered expenses to satisfy the required family Deductible and Out-of-pocket Limit.		
Copayment(s) (Copay(s)) apply to: • Physician Office • Urgent Care Facility • Physical, Occupational, Speech Therapy • Cognitive Rehabilitation Therapy • Post-Cochlear Implant Aural Therapy • Manipulations and Adjustments • Prescription Drugs The Copay amount varies by the type of Covered Services. Refer to the appropriate category for benefit information.

State of Nebraska
Medical Benefit Administration
Plan Recommendations & Deviations

Blue Cross and Blue Shield of Nebraska (BCBSNE) has listed the significant deviations to State of Nebraska's (the State's) current schedules of benefits (SOBs) and the benefits BCBSNE is proposing as noted on the enclosed SOBs within bid response. BCBSNE has based our proposed benefit plans on the incumbent benefit offerings where available; however, our proposal does not assume a 100% duplication of the employer's incumbent benefits. We have not agreed to duplicate the employer's existing benefit provisions, exclusions, special network arrangements (if applicable), and third-party vendor programs (if applicable). Our proposal assumes the use of BCBSNE's standard processes for the following categories (unless noted otherwise within the deviations):

- Claims administration programs (claim edits, fraud, waste and abuse investigations, etc.)
- Medical management programs (including services requiring precertification)
- Radiology management program
- Spine pain management program
- Medical policy determinations
- Subrogation
- Coordination of benefits
- Appeals procedures
- Definitions
- Exclusions (non-covered services)
- Transplant benefits
- Preventive services
- Telehealth through Amwell
- Member services (customer service)
- Pharmacy programs

The use of BCBSNE's standard benefits, processes, and procedures indicated above will allow BCBSNE to be cost efficient, resulting in savings to the State.

Upon a final decision to accept BCBSNE's administration, we will coordinate with the State to establish a finalized benefits package.

BCBSNE supports a limit for Skilled Nursing care of up to 8 hours per day. Additional discussion is requested with the State to understand details and intent of the current benefit.

BCBSNE does not support a CHD Resource Services program. Members can receive services at both In-Network and Out-of-Network facilities at the appropriate member cost share.
SPD – SECTION 8 – EXCLUSIONS - STAND-ALONE MULTI DISCIPLINARY SMOKING CESSATION PROGRAMS – Pg 80	Stand-alone multi-disciplinary smoking cessation programs: These are programs that usually include health care providers specializing in smoking cessation and may include a psychologist, social worker or other licensed or certified professional. The programs usually include intensive psychological support, behavior modification techniques and medications to control cravings	BCBSNE provides services for Nicotine addiction in accordance with ACA and Substance Abuse guidelines to meet all State and Federal mandates. WELLNEBRASKA PLANSPD - SECTION 15 - PRESCRIPTION DRUGS - WELLNEBRASKA PLAN (INCENTIVE) – Pg 172-173	The current plan offers a different (lower) Out-of-Pocket Maximum and lower copays based on a Wellness Incentive.	While BCBSNE does not offer cost share differentials on an incentivized basis, we would like to explore utilizing the IRS expanded preventive benefit list to meet the State's needs. We are fully open to adjusting our proposed Wellness schedule of benefits to accommodate the State's intent for wellness participation.
SPD - SECTION 15 - PRESCRIPTION DRUGS - SPECIAL PROGRAMS – Pg 184	State of Nebraska and UnitedHealthcare may have certain programs in which you may receive an enhanced or reduced benefit based on your actions such as adherence/compliance to medication or treatment regimens and/or participation in health management programs. You may access information on these programs through the Internet at www.myuhc.com or by calling the number on your ID card.	BCBSNE does not include an enhanced or reduced benefit based on a member's actions. Upon bid award, additional discussion with the State is requested to understand details of this program.

PERSONNEL WELLNESS AND BENEFITS-MEDICAL REAL APPEAL WEIGHT MGMT FLIER	Real Appeal on Rally Coach™. Get a Success Kit delivered right to your door.	BCBSNE does not currently offer a stand alone weight management program. The BCBSNE Nurse-Supported Care program offers members the opportunity to work with a Nurse Care Manager, either through our mobile health app (Wellframe®) or over the phone, to create a personalized plan. Our nurses can help members: • Achieve and maintain a healthy weight • Manage high blood pressure and cholesterol • Decrease blood sugar and A1C levels • Reduce stress and identify triggers • Manage pain

BCBNE's standard processes will apply to the following provisions:	
Medical Management and Medical Policy	BCBSNE maintains a thorough and effective medical management program. Our program requires precertification of all inpatient hospital stays, skilled nursing care, hospice care, inpatient physical rehabilitation, and long-term acute care. For mental health and substance abuse, we require precertification on all inpatient admissions as well as outpatient visits, beginning on the 90th visit. Our Medical Policy and Radiology Management Programs require preauthorization for outpatient services, procedures, transplants, pulmonary rehabilitation, subsequent purchases of durable medical equipment, and certain prescription drugs. Our entire Medical Management Program consists not only of these precertification and preauthorization requirements, but also our Care Coordination, Member Education, Nurse Health Coaching and Case Management Programs, licensed medical professionals administer all. BCBNE's standard processes will apply to the following provisions:	
Subrogation	BCBSNE's standard processes for subrogation and workers' compensation will be used. The systems we utilize to identify, and track subrogation cases/recoveries and workers' compensation claims are fully integrated with our claims system. We do not outsource our subrogation and workers' compensation administration. All work is performed by BCBSNE employees who are knowledgeable in all applicable state and federal laws. Our Subrogation and Workers' Compensation Departments rely on legal support from BCBSNE's Legal Department and exceed industry averages in recoveries for our groups. The demonstrated success of our subrogation and workers' compensation efforts support use of BCBSNE standard language, policies and procedures with regard to recoveries.
Coordination of Benefits	BCBSNE will apply our standard processes for coordination of benefits (COB), which follow the most recent National Association of Insurance Commissioners (NAIC) COB model. After the primary plan has applied payment, secondary payments are administered on any remaining allowable expenses up to the amount BCBSNE would have paid had we been the primary payer. BCBSNE's standard contract allows recoveries involving auto, no-fault, personal injury protection and homeowner's medical coverage to be managed through our Subrogation and Contractual Right of Recovery provisions. For Medicare COB, we coordinate when the member has received benefits from Medicare. Therefore, we do not coordinate with "Phantom Medicare" – payment that coordinates against what Medicare would have paid even though Medicare benefits do not actually exist because a member did not enroll. Following the NAIC's COB model allows us to function in the most efficient and effective manner that benefits the members and the employer.
Appeals	BCBSNE has established internal appeals processes and external review processes that comply with state and federal law. Therefore, BCBSNE will apply its standard appeals processes. BCBSNE utilizes internal medical professionals as well as outside physicians when reviewing member appeals.
Transplant Services	BCBSNE's transplant benefits will be offered based on our standard benefits and provisions. We include benefits for the following transplants, which may be available for covered members if they meet our approved, established criteria or medical policies: Liver, heart, lung(s), heart-lung, heart valve, kidney, kidney-pancreas, cornea, parathyroid, small intestine, small intestine-liver, small intestine-multiple viscera, and bone marrow (including autologous and allogeneic stem cell transplants. Benefits for the donation of organs or tissues to a Covered Person: The cost of care for Services arising from an organ donation from either live or nonliving donors, including all acquisition costs, when the recipient is a Covered Person, will be covered for the duration of the Contract of the Covered Person. Benefits for donation include Covered Services for treatment of complications resulting from the organ/tissue donation.
