SOLICITATION EVALUATION CRITERIA

SOLICITATION NUMBER: 122436 O5

Administrative Support Services for the State of Nebraska Employee Health Care Prescription Drug Benefit Plans

Opening Date: July 18, 2025

Mandatory Requirements
The solicitation responses will first be examined to determine if all mandatory requirements listed below have been addressed to warrant further evaluation. Responses not meeting mandatory requirements will be excluded from further evaluation. The mandatory requirement items are as follows:

Contractual Agreement Form signed manually in ink or by DocuSign.
Corporate Overview;
Completed Sections II through IV;
Completed Technical Response, including, but not limited to;
Completed Attachment C – Confirmations & Questionnaire;
Completed Formulary Disruption Analysis as requested in Questionnaire Tab D.3;
Completed Network Disruption Analysis as requested in Questionnaire Tab F.14;
Completed Attachment A - Intent to Propose Form;
Completed Attachment B - Business Associate Agreement;
Completed Attachment D - Performance Guarantee Sheet; and
Completed Cost Sheet.

Evaluation Criteria
All responses to this solicitation, which fulfill all mandatory requirements, will be evaluated. Each category will have a maximum possible point potential. Areas that will be addressed and scored during the evaluation include:

Evaluation Criteria	Possible Points
Part 1 — Corporate Overview	25
Part 2 — Technical Response	55
Part 3 — Cost	20
Total Points without Vendor Demonstrations	100
Vendor Demonstrations, (if required)	20
Total Points with Vendor Demonstrations	120

Part 3 – Cost
Cost points should be calculated as follows, accounting for cost realism and reasonableness:

1. Establish lowest realistic cost submitted – lowest cost submitted receives the maximum points.
2. To assign points to all others, the following formula should be followed:
   Lowest Cost Submitted ÷ Cost Submitted x Maximum Possible Cost Points = Cost Points to Award (see samples below)

	Formula	Sample	Sample	Sample
	Lowest Cost Submitted	$100,000	$100,000	$100,000
÷	Cost Submitted	$100,000	$200,000	$150,000
x	Maximum Possible Cost Points	20	20	20
=	Points To Award	20.00	10.00	13.33

Acknowledged

Docusign Envelope ID: 22EDC2A2-35FE-49A3-B3A7-77AEC10A689A

CONTRACTUAL AGREEMENT FORM

BIDDER MUST COMPLETE THE FOLLOWING

By signing this Contractual Agreement Form, the bidder guarantees compliance with the provisions stated in this solicitation and agrees to the terms and conditions unless otherwise indicated in writing and certifies that bidder is not owned by the Chinese Communist Party.

Per Nebraska's Transparency in Government Procurement Act, Neb. Rev Stat § 73-603, DAS is required to collect statistical information regarding the number of contracts awarded to Nebraska Vendors. This information is for statistical purposes only and will not be considered for contract award purposes.

__X__ NEBRASKA VENDOR AFFIDAVIT: Bidder hereby attests that bidder is a Nebraska Vendor. "Nebraska Vendor" shall mean any bidder who has maintained a bona fide place of business and at least one employee within this state for at least the six (6) months immediately preceding the posting date of this Solicitation. All vendors who are not a Nebraska Vendor are considered Foreign Vendors under Neb. Rev Stat § 73-603 (c).

_____ I hereby certify that I am a Resident disabled veteran or business located in a designated enterprise zone in accordance with Neb. Rev. Stat. § 73-107 and wish to have preference, if applicable, considered in the award of this contract.

_____ I hereby certify that I am a blind person licensed by the Commission for the Blind & Visually Impaired in accordance with Neb. Rev. Stat. § 71-8611 and wish to have preference considered in the award of this contract.

THIS FORM MUST BE SIGNED MANUALLY IN INK OR BY DOCUSIGN

Mutual Confidentiality and Non-Disclosure Agreement

THIS MUTUAL CONFIDENTIALITY AND NON-DISCLOSURE AGREEMENT (the "Agreement"), is entered into on June 12, 2025 (the "Effective Date"), by and between Blue Cross and Blue Shield of Nebraska, on behalf of itself and its subsidiaries and affiliates ("Company") and The Segal Group, Inc., on behalf of itself and its subsidiaries and affiliates ("Segal"). Company and Segal may be referred to individually as a "Party" and collectively as the "Parties".

WHEREAS, in connection with various bids, proposals or other replies (each a "Proposal") that Company intends to submit to Segal in response to various competitive Requests For Proposal/Requests for Information and/or similar requests related to analyzing Company's services on behalf of one or more of Segal's clients (each a "Client"), the Parties will need to exchange certain data and information pertaining to their respective businesses (the "Purpose").

WHEREAS, the Parties desire to protect the confidentiality of Confidential Information (as defined herein) exchanged.

NOW, THEREFORE, the Parties hereto agree as follows:

1. Definitions.

a. *Client Information*. Client Information will be defined as any information and data related to the Client, which may include personally identifiable information and/or individually identifiable health information, pertaining to a Client's employees, participants and/or beneficiaries.

All Client Information is and shall remain the sole and exclusive property of the Client. No right or license, either express or implied, to Client Information is granted to either Party pursuant to this Agreement. For the avoidance of doubt, Company may not de-identify, de-compile, aggregate, use, disclose, or otherwise exploit any Client Data for any purpose other than preparing its Proposal (including, for the avoidance of doubt, populating any data warehouse and conducting statistical analyses).

b. *Service Provider Information*. Service Provider information is any information relating to one of Client's other service providers that would qualify as Confidential Information if it was disclosed directly by such service provider to the receiving Party.

All Service Provider Information is and shall remain the sole and exclusive property of the applicable service provider. No right or license, either express or implied, to Service Provider Information is granted to either Party pursuant to this Agreement.

c. *Confidential Information.* Confidential Information will be defined as proprietary or confidential information, nonpublic information, trade secrets, designs and

other data including, but not limited to, the disclosing Party's financial information projections, sales and marketing information, client information and contracts personnel information, management systems, strategic plans, financial information and other information about the Party's business, industry, products and services, plans, specifications, operation methods, techniques, manuals, know-how and other intellectual property, in written or other tangible form, or orally, necessary to effectuate the Purpose.

Confidential Information also includes Client Information and Service Provider Information. Except as set forth above, all Confidential Information is and shall remain the sole and exclusive property of the disclosing Party. No right or license, either express or implied, is granted to the receiving Party pursuant to this Agreement.

d. *Exclusions.* Confidential Information will not include information which: (i) is or becomes a part of the public domain through no fault of the receiving Party; (ii) is disclosed by the disclosing Party without restriction on disclosure; (iii) is independently developed by the receiving Party without reliance on the disclosing Party's Confidential Information; or (iv) is required to enforce a Party's rights hereunder.

2. Use and Disclosure of Confidential Information. With respect to disclosing Party's Confidential Information, the receiving Party agrees to:

a. Maintain such Confidential Information in confidence, using at least the same standard of care with respect to the Confidential Information that it uses in maintaining the confidentiality of its own Confidential Information, which shall be a reasonable standard of care;

b. Not use or disclose such Confidential Information for any reason other than the Purpose or as explicitly permitted herein, without the express permission of the disclosing Party;

c. Not misappropriate or use Confidential Information in order to intentionally damage the disclosing Party's or service provider's business or reputation or otherwise gain a competitive advantage over the disclosing Party or service provider;

d. Only disclose, or otherwise make available, Confidential Information to those of its affiliates, shareholders, directors, officers, employees, agents and representatives ("Representatives") who have a legitimate need to know the Confidential Information in furtherance of the Purpose and have been made aware of the obligations of this Agreement and their responsibility for complying with those obligations. The receiving Party acknowledges that it is fully responsible for a breach of this Agreement by its Representatives;

e. Notify the disclosing Party, in writing, immediately upon the occurrence of any unauthorized use, disclosure or release of Confidential Information of which it is aware;

3. **Additional Permitted Disclosures**.

a. *Use of Host Website.* In certain instances, Segal may conduct a competitive RFP process electronically through the use of a third party hosted website ("Host Website") retained by Segal. Prior to requesting that any of Company's Confidential Information be uploaded onto the Host Website, Segal will ensure that the Host Website Provider entered into a confidentiality and non-disclosure agreement with Segal no less restrictive than this Agreement.

b. *Freedom of Information Laws*. If Client is a public entity, it may be subject to certain freedom of information laws (collectively, "FOIL"). If Segal receives notice of a permissible FOIL request related to the RFP, Segal may release copies of Company's Proposal and any attachments thereto. If Company believes that any information contained in its Proposal constitutes proprietary or trade secret information that is exempt from FOIL, Company will clearly identify the information that it believes to be exempt from disclosure; however, Company may not designate its entire Proposal, line-item prices, and/or total proposal prices as proprietary or trade secrets. Neither Segal nor Client shall have any responsibility or liability for the release of any proprietary or trade secret information that is not clearly marked. Company will have sole responsibility for defending its designation of proprietary/trade secret information if a third party challenges the designation.

c. *Other Disclosures Required by Law*. A receiving Party may disclose Confidential Information that is required to be disclosed pursuant to a subpoena or other legal process, provided that to the extent not prohibited by applicable law, the receiving Party gives the disclosing Party a reasonable opportunity to contest the disclosure and/or seek any available protections for the Confidential Information.

4. **Cybersecurity**. Each Party maintains procedures, consistent with industry standards and as required by law, to ensure the security of all data maintained on its information technology systems. In addition, each Party shall maintain a business continuity/disaster recovery program, consistent with industry standards and as required by law. Each Party agrees to provide the other Party with any reasonably requested information related to its information security protocols and disaster recovery program. Such information will constitute Confidential Information and be subject to the Party's obligations under this Agreement.

5. **Return of Information.** Upon the request of the disclosing party, the Receiving Party shall immediately return to the disclosing Party any Confidential Information in written or other tangible form. Notwithstanding the foregoing, Segal may retain archival copies of any Confidential Information received in order to memorialize its services for Client and as required by its then-existing document retention and business continuity programs. Any Confidential Information so retained will be maintained in accordance with Segal's obligations hereunder.

6. **Term.** The receiving Party's obligations hereunder shall remain in effect for so long as it maintains Confidential Information in any form.

7. **Indemnification.** Company shall and does hereby agree to indemnify, defend and hold harmless Segal, Client and their respective officers, directors, employees and shareholders from and against any and all claims, demands, losses, costs, expenses, liabilities, damages, penalties, and reasonable attorney fees and costs incurred as a result of any breach or failure of Company or Company's Representatives to perform any of the representations, warranties and agreements contained in this Agreement that pertain to Client Information.

8. **Injunctive Relief.** The receiving Party acknowledges that a failure by the receiving Party or its Representatives to comply with the terms of this Agreement may cause irreparable damage to the disclosing Party and that, in addition to any other legal remedies or equitable relief available to the disclosing Party for the breach of this Agreement, the disclosing Party may seek, from a court of appropriate jurisdiction, specific performance to prevent, inhibit or enjoin any action taken by the receiving Party or its Representatives in breach hereof.

9. **Governing Law.** Without limiting the disclosing Party's ability to seek injunctive relief under Section 8, any disputes between the Parties hereto are subject to mediation in accordance with the Judicial Arbitration and Mediation Service ("JAMS") as a condition precedent to the commencement of any legal proceeding hereunder. Except to the extent superseded by federal law, the validity, interpretation, enforceability, and performance of this Agreement will be governed by the laws of the State of New York. Unless otherwise agreed by the Parties, any dispute, controversy or claim arising out of or to enforce the terms of this Agreement may be brought in the appropriate federal or state court in the State of New York, New York County. **THE PARTIES AGREE TO WAIVE ANY RIGHT TO A TRIAL BY JURY IN ANY ACTION, SUIT, OR PROCEEDING ARISING OUT OF THIS AGREEMENT.**

10. **Notices.** Any notices or other communications under this Agreement will be in writing and will be given to the Parties by hand, by electronic mail, nationally recognized overnight courier service or by express, registered or certified mail, postage prepaid, return receipt requested, at the addresses set forth below:

11. **General**

a. *Entire Agreement; Modification of Agreement*. This Agreement constitutes the entire agreement between the Parties regarding the exchange of Confidential Information. No modification or amendment hereto will be valid unless it is in writing and signed by the Parties.

b. *Severability and Waiver.* If any provision of this Agreement is found to be illegal or otherwise unenforceable, that provision will be severed and the remainder of this Agreement will remain in full force and effect. No consent to or waiver of any default hereunder will be effective unless in writing and no such consent or waiver will be construed as a consent to or waiver of any default in the future or of any other default hereunder.

c. *No Third Party Beneficiaries.* This Agreement is made and entered into solely for the benefit and protection of the Parties hereto, their successors and permitted assigns, and, except as specifically set forth herein, does not confer any rights or privileges upon any third parties.

d. *Counterparts.* This Agreement may be executed in any number of counterparts, each of which when so executed and delivered shall be an original, but such counterparts shall constitute one and the same instrument.

[Execution Page Follows]

STATE OF NEBRASKA

BUSINESS ASSOCIATE AGREEMENT

THIS BUSINESS ASSOCIATE AGREEMENT ("Agreement") amends and is made a part of all Services Agreements (as defined below) between Blue Cross and Blue Shield of Nebraska, Inc. ("Business Associate") and State of Nebraska ("Company") on behalf of the Group Health Plans sponsored by Company (the "Plan"). This Agreement is effective _____ or upon the effective date of the underlying Services Agreement, whichever is later ("Effective Date"). This Agreement supersedes and replaces any prior Business Associate Agreements between the parties.

1. **Definitions**.

a. **Catch-all definitions**. The following terms used in this Agreement shall have the same meaning as those terms in the HIPAA Rules: Breach, Covered Entity, Data Aggregation, Designated Record Set, Disclose or Disclosure, Electronic Protected Health Information, Health Care Operations, Minimum Necessary, Notice of Privacy Practices, Protected Health Information or PHI, Required By Law, Secretary, Security Incident, Subcontractor, Unsecured Protected Health Information, and Use. Other capitalized terms used but not otherwise defined in this Agreement shall have the meaning ascribed in the HIPAA Rules.

b. **Specific definitions**.

(1) ***"Business Associate"*** shall generally have the same meaning as the term "Business Associate" at 45 CFR 160.103, and in reference to the party to this Agreement, shall mean the party identified above as Business Associate.

(2) ***"Business Associate Functions"*** means functions performed by Business Associate on behalf of the Plan in the course of providing or arranging for plan administration services which involve the creation, receipt, maintenance or transmission of PHI by Business Associate or its agents or Subcontractors. It is anticipated that the services provided by Business Associate will be performed as part of the Plan's "health care operations" as defined in the HIPAA Rules.

(3) ***"HIPAA Rules"*** shall mean the Privacy, Security, Breach Notification, and Enforcement Rules at 45 CFR Part 160 and Part 164. A reference in this Agreement to a section in the HIPAA Rules means the section as in effect or as amended at the time the section is to be applied.

(4) ***"Individual"*** shall generally have the same meaning ascribed in the HIPAA Rules and shall refer only to Individuals who are covered persons under the Plan.

(5) ***"Services Agreements"*** means all agreements whether now in effect or hereafter entered into, between Company and Business Associate for the performance of Business Associate Functions by Business Associate on behalf of the Plan.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

2. **Purpose**. The Plan is a Covered Entity under HIPAA. The HIPAA Rules require the Plan to obtain, and Business Associate to provide, satisfactory written contractual assurances before Business Associate may create, receive, maintain, or Disclose PHI to perform Business Associate Functions on behalf of the Plan. This Agreement is entered into to provide the contractual assurances required under the HIPAA Rules.

3. **Obligations of Business Associate**. As an express condition of performing Business Associate Functions, Business Associate agrees to:

a. Not Use or Disclose PHI other than as permitted or required by this Agreement or as otherwise Required by Law.

b. Use appropriate safeguards and comply with Subpart C of 45 CFR Part 164 with respect to Electronic Protected Health Information, to prevent Use or Disclosure of PHI other than as provided for in this Agreement.

c. Report to the Plan's designated privacy official, without unreasonable delay but in no event more than three (3) business days after discovery by Business Associate, any Use or Disclosure of PHI not provided for by this Agreement of which Business Associate becomes aware, including any Breach of Unsecured Protected Health Information as required at 45 CFR 164.410, and any Security Incident of which it becomes aware, together with any remedial or mitigating action taken or proposed to be taken with respect thereto. If Business Associate does not have available complete information in satisfaction of 45 CFR 164.410(c) within three (3) business days of discovery of the impermissible Use or Disclosure, Business Associate shall provide all information it has at such time and immediately update the Plan with additional information as it becomes available through prompt investigation. This Agreement serves as Business Associate's notice to the Plan that attempted but unsuccessful Security Incidents regularly occur and that no further notice will be made by Business Associate unless there has been a successful Security Incident or attempts or patterns of attempts that Business Associate determines to be suspicious.

Business Associate shall cooperate with the Plan in mitigating any harmful effects of any impermissible Use or Disclosure. In the case of a Breach as determined to exist in the sole discretion of the Plan which was due solely to a violation of this Agreement by Business Associate, Business Associate shall pay for the reasonable costs of investigation, mitigation and notification to affected Individuals. As an alternative to Business Associate reimbursing Company and the Plan for the costs of notification, the Plan may elect to have Business Associate directly provide the notifications to Individuals for breaches caused by Business Associate, provided that Company and the Plan shall have final approval of all content of notifications to Individuals.

d. In accordance with 45 CFR 164.502(e)(1)(ii) and 164.308(b)(2), ensure that any Subcontractors that create, receive, maintain, or transmit PHI on behalf of Business Associate agree in writing to substantially similar restrictions, conditions, and requirements that apply to Business Associate with respect to such information.

e. Within ten (10) business days of request by an Individual or notification by the Plan, make available to the Individual such Individual's PHI maintained by Business

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

Associate in a Designated Record Set in accordance with 45 CFR 164.524. The parties agree that Individuals will be directed to Business Associate to make all requests for access to PHI. Business Associate will provide such access according to its own procedures for such access in accordance with the requirements of 45 CFR 164.524. If the requested PHI is maintained in one or more Designated Record Sets electronically and if the Individual requests an electronic copy of such PHI, Business Associate must provide the Individual with access to PHI in the electronic form and format requested by the Individual, if it is readily producible in such form and format; or, if not, in a readable electronic form and format as agreed to between Business Associate and the Individual. Business Associate shall provide the requested information directly to the Individual, along with a notice to the Individual that a copy of the individual's request has been furnished to the Plan and that the Plan may provide additional information to the Individual in response to the request.

If the Individual's request covers records not maintained by Business Associate, Business Associate shall notify the Plan within three (3) days of the request. The Plan will be responsible for providing access or otherwise responding directly to the Individual pursuant to the HIPAA Rules with respect to PHI not in the possession of Business Associate or an agent or subcontractor of Business Associate. Business Associate may charge the Individual reasonable fees related to this access, as determined by Business Associate, but only in such amounts as permitted by the HIPAA Rules. The Plan authorizes Business Associate to require payment of such fees from the Individual prior to releasing any records.

f. Business Associate agrees to receive requests for amendment and amend PHI as required by 45 CFR 164.526 on the Plan's behalf for as long as such information is maintained by Business Associate. The parties agree that Individuals will be directed to Business Associate to make all such requests for amendment of PHI. Business Associate will amend such PHI according to its own procedures for such amendment in accordance with the requirements of 45 CFR 164.526. If the Individual's request covers records not maintained by Business Associate, Business Associate shall notify the Plan within three (3) days of such request. The Plan will be responsible for amending or otherwise responding directly to the Individual pursuant to the HIPAA Rules with respect to PHI not in the possession of Business Associate or an agent or contractor of Business Associate. Business Associate shall notify the Plan of any amendments made to PHI.

g. Business Associate agrees to process all requests for disclosure accounting by Individuals for as long as such information is maintained by Business Associate. Individuals will be directed to Business Associate to make all such requests. Business Associate will provide the accounting that is required under 45 CFR 164.528 on the Plan's behalf directly to the Individual. Business Associate will provide such accounting according to its own procedures for such accounting in accordance with the requirements of 45 CFR 164.528.

Business Associate shall notify the Plan within three (3) days of any request made by an Individual for a disclosure accounting. The Plan will be responsible for responding directly to the Individual (or the Individual's personal representative) pursuant to 45 CFR 164.528 with respect to disclosures of PHI by persons or entities

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

other than Business Associate or a subcontractor or agent of Business Associate. Business Associate shall provide directly to the Individual the requested accounting of disclosures made by Business Associate or a subcontractor or agent of Business Associate, along with a notice to the Individual that a copy of the Individual's request has been furnished to the Plan and that the Plan may provide additional information to the Individual in response to the request.

h. Make its internal practices, books and records relating to this Agreement available to the Secretary of HHS for purposes of determining the Plan's and Business Associate's compliance with the HIPAA Rules.

i. So that the Plan may meet its obligations to evaluate requests for restrictions and confidential communications in connection with the disclosure of PHI under 45 CFR 164.522, Business Associate and the Plan agree that, to the extent that communications are within the control of Business Associate, Business Associate will perform these evaluations on behalf of the Plan. Business Associate will evaluate such requests according to its own procedures for such requests, in accordance with the requirements of 45 CFR 164.522, and shall implement such appropriate operational steps as are required by its own procedures. Such evaluation will not relieve the Plan of any additional and independent obligations to evaluate restrictions or implement confidential communications where requested by an Individual. Accordingly, Business Associate will evaluate requests for restrictions and requests for confidential communications and will respond to these requests as appropriate under Business Associate's procedures. The Plan agrees that it will not agree to such restriction or request that would affect Business Associate without the approval of Business Associate, so that Business Associate can determine whether it can reasonably administer the request.

j. So that the Plan may meet its obligation to evaluate complaints from Individuals regarding their privacy rights or privacy practices of the Plan or Business Associate, the parties agree that Individuals shall be directed to submit any such complaint to Business Associate for review and evaluation. Business Associate will evaluate such complaints according to its own procedures for complaints and shall implement appropriate operation steps as are required by its own procedures. The Privacy Officer of the Plan shall cooperate with Business Associate in the evaluation of any such complaint. Business Associate shall provide a copy of all complaints to the Plan within three (3) days of receipt by Business Associate. If the complaint appears to involve handling of PHI by the Plan, Plan Sponsor, or other Business Associate of the Plan, Business Associate shall notify the Plan, and it shall be the Plan's responsibility to review and evaluate the complaint.

k. Limit the Uses and Disclosures of, or requests for, PHI for purposes described in this Agreement to the Minimum Necessary to perform the required Business Associate Functions. Business Associate shall comply with any additional requirements for the determination of Minimum Necessary as are required from time to time by the HIPAA Rules, as amended, or through additional guidance published by the Secretary.

l. To the extent Business Associate is expressly obligated under the Services Agreements to carry out one or more of the Plan's obligations(s) under Subpart E of

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

45 CFR Part 164, comply with the requirements of Subpart E that apply to the Plan in the performance of such obligation(s).

m. Except for the specific Uses and Disclosures for the Business Associate's own management and administration or to carry out the legal responsibilities of Business Associate, Business Associate shall not Use or Disclose PHI in a manner that would violate the HIPAA Rules if done by the Plan.

4. **Permitted Uses and Disclosures of PHI**. Business Associate shall only Use or Disclose PHI as follows:

a. Business Associate may Use or Disclose PHI as Required by Law. Business Associate agrees to follow the current law covering the use and disclosure of PHI related to substance abuse and reproductive health.

b. Business Associate may Use or Disclose PHI as necessary to carry out Business Associate Functions.

c. Business Associate may Use PHI for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate.

d. Business Associate may Disclose PHI for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate, provided the Disclosures are Required by Law, or Business Associate obtains reasonable assurances from the person to whom the information is Disclosed that the information will remain confidential and be Used or further Disclosed only as Required by Law or for the purposes for which it was Disclosed to the person, and the person notifies Business Associate in writing of any instances of which it is aware in which the confidentiality of the information has been breached or compromised.

e. If specifically identified as a Business Associate Function in the Services Agreements, Business Associate may provide Data Aggregation services relating to the Health Care Operations of Covered Entity.

f. If de-identification is listed as a Business Associate Function in the Services Agreements, or if Business Associate is expressly permitted to de-identify PHI and use data thus de-identified for its own uses in the Services Agreements, Business Associate may Use PHI to de-identify the information in accordance with 45 CFR 164.514(a)-(c). Business Associate may use de-identified data only for the purposes specified in the Services Agreements.

5. **Responsibilities of the Plan**. The Plan agrees to:

a. Notify Business Associate promptly of any restriction on the Use or Disclosure of PHI that the Plan has agreed to or is required to abide by under 45 CFR 164.522, to the extent such restriction may affect Business Associate's Use or Disclosure of PHI.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

b. Notify Business Associate of any changes in, or revocation of, the permission by an Individual to Use or Disclose PHI, to the extent that such changes may affect Business Associate's Use or Disclosure of PHI.

c. Provide Business Associate with a copy of any amendment to PHI which is accepted by Covered Entity under 45 CFR 164.526 which Covered Entity believes will apply to PHI maintained by Business Associate in a Designated Record Set.

d. Not request Business Associate to Use or Disclose PHI in any manner that would not be permissible under the HIPAA Rules if done by the Plan, with exception for any Data Aggregation services permitted under Section 4.

6. **Compliance with Electronic Transactions Rule**. If Business Associate conducts in whole or part electronic Transactions (as defined in 45 CFR 160.103) on behalf of Covered Entity for which the Secretary of HHS has established standards, Business Associate will comply, and will require any Subcontractor involved with the conduct of such Transactions to comply, with each applicable requirement of the Electronic Transactions Rule at 45 CFR Parts 160 and 162 and of any operating rules adopted by the Secretary of HHS with respect to Transactions.

7. **Supervening Law**. Upon the enactment of any law or regulation affecting the Use or Disclosure of PHI, or the publication of any decision of a court of the United States or of this state relating to any such law, or the publication of any interpretive policy or opinion of any governmental agency charged with the enforcement of any such law or regulation, the parties agree to amend this Agreement in such manner as is necessary to comply with such law or regulation. If the parties are unable to agree on an amendment within thirty (30) days, either party may terminate the Services Agreements on not less than thirty (30) days' written notice to the other.

8. **Liability and Indemnification**. Each party shall be responsible for the acts and omissions of its own agents, employees and contractors. Notwithstanding the foregoing, and notwithstanding any limitation of liability or disclaimer of damages in the Services Agreements or elsewhere, to the extent that the Secretary determines that Business Associate is acting as an agent of the Plan under the Services Agreements or this Agreement, Business Associate shall indemnify Company and the Plan for any fines, civil monetary penalties or monetary resolutions incurred by Company or the Plan, plus reasonable attorneys' fees of Company and the Plan, arising out of or relating to the actions or omissions of Business Associate which constitute a breach of this Agreement by Business Associate. This indemnification is in addition to any additional indemnification provided by Business Associate in the Services Agreement.

9. **Term and Termination**.

a. **Term**. This Agreement shall become effective on the Effective Date and shall continue in effect until all obligations of the parties have been met, including return or destruction of all PHI in Business Associate's possession (or in the possession of Business Associate's agents and Subcontractors), unless sooner terminated as provided herein. It is expressly agreed that the terms and conditions of this Agreement designed to safeguard PHI shall survive expiration or other termination of the Services Agreements and shall continue in effect until Business Associate has

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

performed all obligations under this Agreement and has either returned or destroyed all PHI.

b. **Termination**. Company may immediately terminate this Agreement and the Services Agreements, if Company and/or the Plan makes the determination that Business Associate has breached a material term of this Agreement. Alternatively, Company may choose to provide Business Associate with written notice of the existence of an alleged material breach, and afford Business Associate an opportunity to cure the alleged material breach upon mutually agreeable terms. Failure to take reasonable steps to cure the breach is grounds for the immediate termination of this Agreement.

c. **Business Associate Obligations Upon Termination**. Upon termination of this Agreement for any reason, Business Associate, with respect to PHI received from the Plan, or created, maintained, or received by Business Associate on behalf of the Plan, shall:

(i) Retain only that PHI which is necessary for Business Associate to continue its proper management and administration or to carry out its legal responsibilities or as to which Business Associate reasonably determines such PHI is technically incapable of being returned or destroyed;

(ii) Return to the Plan or, if not provided for in the Services Agreements, destroy the PHI retained under 8.c.(i) that the Business Associate maintains in any form;

(iii) Continue to use appropriate safeguards and comply with Subpart C of 45 CFR Part 164 with respect to Electronic Protected Health Information retained by Business Associate to prevent Use or Disclosure of the PHI, other than as provided for in this Section, for as long as Business Associate retains the PHI;

(iv) Not Use or Disclose the PHI retained by Business Associate other than for the purposes for which such PHI was retained and subject to the same conditions set out at Sections 4.c. and 4.d. which applied prior to termination; and

(v) Return to the Plan or, if not provided for in the Services Agreements, destroy the PHI retained by Business Associate under Section 8.c.(i) when it is no longer needed by Business Associate for its proper management and administration or to carry out its legal responsibilities, except where Business Associate reasonably determines such PHI is not technically capable of being returned or destroyed.

10. **Miscellaneous**.

a. **Applicability**. For purposes of this Agreement, and as applicable to the Business Associate Functions of Business Associate under the Services Agreements covered by this Agreement, references to the Plan shall include the named Plan and all

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

other group health plans subject to HIPAA and sponsored by Company that participate in an organized health care arrangement.

b. **Survival**. The respective rights and obligations of Business Associate and the Plan or Company hereunder shall survive termination of this Agreement according to the terms hereof and the obligations imposed on the Plan or Company and Business Associate under the HIPAA Rules.

c. **Interpretation; Amendment**. This Agreement shall be interpreted and applied in a manner consistent with the Plan's and Business Associate's obligations under the HIPAA Rules. All amendments shall be in writing and signed by both parties, except that this Agreement shall attach to additional Services Agreements entered into between the parties in the future without the necessity of amending this Agreement each time. This Agreement is intended to cover the entire Business Associate *relationship* between the parties, as amended, from time to time, through Services Agreements or other means.

d. **Waiver**. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

e. **No Third-Party Beneficiaries**. Nothing express or implied in this Agreement is intended to confer, nor shall anything herein confer, upon any person other than the parties and their respective successors or assigns, any rights, remedies or obligations.

IN WITNESS WHEREOF, each of the undersigned has caused this Agreement to be duly executed in its name and on its behalf.

STATE OF NEBRASKA

BUSINESS ASSOCIATE AGREEMENT

THIS BUSINESS ASSOCIATE AGREEMENT ("Agreement") amends and is made a part of all Services Agreements (as defined below) between _____ ("Blue Cross and Blue Shield of Nebraska, Inc. ("Business Associate") and State of Nebraska ("Company") on behalf of the Group Health Plans sponsored by Company (the "Plan"). This Agreement is effective _____ or upon the effective date of the underlying Services Agreement, whichever is later ("Effective Date"). This Agreement supersedes and replaces any prior Business Associate Agreements between the parties.

1. **Definitions**.

a. **Catch-all definitions**. The following terms used in this Agreement shall have the same meaning as those terms in the HIPAA Rules: Breach, Covered Entity, Data Aggregation, Designated Record Set, Disclose or Disclosure, Electronic Protected Health Information, Health Care Operations, Minimum Necessary, Notice of Privacy Practices, Protected Health Information or PHI, Required By Law, Secretary, Security Incident, Subcontractor, Unsecured Protected Health Information, and Use. Other capitalized terms used but not otherwise defined in this Agreement shall have the meaning ascribed in the HIPAA Rules.

b. **Specific definitions**.

(1) ***"Business Associate"*** shall generally have the same meaning as the term "Business Associate" at 45 CFR 160.103, and in reference to the party to this Agreement, shall mean the party identified above as Business Associate.

(2) ***"Business Associate Functions"*** means functions performed by Business Associate on behalf of the Plan in the course of providing or arranging for plan administration services which involve the creation, receipt, maintenance or transmission of PHI by Business Associate or its agents or Subcontractors. It is anticipated that the services provided by Business Associate will be performed as part of the Plan's "health care operations" as defined in the HIPAA Rules.

(3) ***"HIPAA Rules"*** shall mean the Privacy, Security, Breach Notification, and Enforcement Rules at 45 CFR Part 160 and Part 164. A reference in this Agreement to a section in the HIPAA Rules means the section as in effect or as amended at the time the section is to be applied.

(4) ***"Individual"*** shall generally have the same meaning ascribed in the HIPAA Rules and shall refer only to Individuals who are covered persons under the Plan.

(5) ***"Services Agreements"*** means all agreements whether now in effect or hereafter entered into, between Company and Business Associate for the

performance of Business Associate Functions by Business Associate on behalf of the Plan.

2. **Purpose**. The Plan is a Covered Entity under HIPAA. The HIPAA Rules require the Plan to obtain, and Business Associate to provide, satisfactory written contractual assurances before Business Associate may create, receive, maintain, or Disclose PHI to perform Business Associate Functions on behalf of the Plan. This Agreement is entered into to provide the contractual assurances required under the HIPAA Rules.

3. **Obligations of Business Associate**. As an express condition of performing Business Associate Functions, Business Associate agrees to:

a. Not Use or Disclose PHI other than as permitted or required by this Agreement or as otherwise Required by Law.

b. Use appropriate safeguards and comply with Subpart C of 45 CFR Part 164 with respect to Electronic Protected Health Information, to prevent Use or Disclosure of PHI other than as provided for in this Agreement.

c. Report to the Plan's designated privacy official, without unreasonable delay but in no event more than three (3) business days after discovery by Business Associate, any Use or Disclosure of PHI not provided for by this Agreement of which Business Associate becomes aware, including any Breach of Unsecured Protected Health Information as required at 45 CFR 164.410, and any Security Incident of which it becomes aware, together with any remedial or mitigating action taken or proposed to be taken with respect thereto. If Business Associate does not have available complete information in satisfaction of 45 CFR 164.410(c) within three (3) business days of discovery of the impermissible Use or Disclosure, Business Associate shall provide all information it has at such time and immediately update the Plan with additional information as it becomes available through prompt investigation. This Agreement serves as Business Associate's notice to the Plan that attempted but unsuccessful Security Incidents regularly occur and that no further notice will be made by Business Associate unless there has been a successful Security Incident or attempts or patterns of attempts that Business Associate determines to be suspicious.

Business Associate shall cooperate with the Plan in mitigating any harmful effects of any impermissible Use or Disclosure. In the case of a Breach as determined to exist in the sole discretion of the Plan which was due solely to a violation of this Agreement by Business Associate, Business Associate shall pay for the reasonable costs of investigation, mitigation and notification to affected Individuals. As an alternative to Business Associate reimbursing Company and the Plan for the costs of notification, the Plan may elect to have Business Associate directly provide the notifications to Individuals for breaches caused by Business Associate, provided that Company and the Plan shall have final approval of all content of notifications to Individuals.

d. In accordance with 45 CFR 164.502(e)(1)(ii) and 164.308(b)(2), ensure that any Subcontractors that create, receive, maintain, or transmit PHI on behalf of Business Associate agree in writing to ~~the same~~substantially similar restrictions,

conditions, and requirements that apply to Business Associate with respect to such information.

e. Within ten (10) business days of request by an Individual or notification by the Plan, make available to the Individual such Individual's PHI maintained by Business Associate in a Designated Record Set in accordance with 45 CFR 164.524. The parties agree that Individuals will be directed to Business Associate to make all requests for access to PHI. Business Associate will provide such access according to its own procedures for such access in accordance with the requirements of 45 CFR 164.524. If the requested PHI is maintained in one or more Designated Record Sets electronically and if the Individual requests an electronic copy of such PHI, Business Associate must provide the Individual with access to PHI in the electronic form and format requested by the Individual, if it is readily producible in such form and format; or, if not, in a readable electronic form and format as agreed to between Business Associate and the Individual. Business Associate shall provide the requested information directly to the Individual, along with a notice to the Individual that a copy of the individual's request has been furnished to the Plan and that the Plan may provide additional information to the Individual in response to the request.

If the Individual's request covers records not maintained by Business Associate, Business Associate shall notify the Plan within three (3) days of the request. The Plan will be responsible for providing access or otherwise responding directly to the Individual pursuant to the HIPAA Rules with respect to PHI not in the possession of Business Associate or an agent or subcontractor of Business Associate. Business Associate may charge the Individual reasonable fees related to this access, as determined by Business Associate, but only in such amounts as permitted by the HIPAA Rules. The Plan authorizes Business Associate to require payment of such fees from the Individual prior to releasing any records.

f. Business Associate agrees to receive requests for amendment and amend PHI as required by 45 CFR 164.526 on the Plan's behalf for as long as such information is maintained by Business Associate. The parties agree that Individuals will be directed to Business Associate to make all such requests for amendment of PHI. Business Associate will amend such PHI according to its own procedures for such amendment in accordance with the requirements of 45 CFR 164.526. If the Individual's request covers records not maintained by Business Associate, Business Associate shall notify the Plan within three (3) days of such request. The Plan will be responsible for amending or otherwise responding directly to the Individual pursuant to the HIPAA Rules with respect to PHI not in the possession of Business Associate or an agent or contractor of Business Associate. Business Associate shall notify the Plan of any amendments made to PHI.

g. Business Associate agrees to process all requests for disclosure accounting by Individuals for as long as such information is maintained by Business Associate. Individuals will be directed to Business Associate to make all such requests. Business Associate will provide the accounting that is required under 45 CFR 164.528 on the Plan's behalf directly to the Individual. Business Associate will provide such accounting according to its own procedures for such accounting in accordance with the requirements of 45 CFR 164.528.

Business Associate shall notify the Plan within three (3) days of any request made by an Individual for a disclosure accounting. The Plan will be responsible for responding directly to the Individual (or the Individual's personal representative) pursuant to 45 CFR 164.528 with respect to disclosures of PHI by persons or entities other than Business Associate or a subcontractor or agent of Business Associate. Business Associate shall provide directly to the Individual the requested accounting of disclosures made by Business Associate or a subcontractor or agent of Business Associate, along with a notice to the Individual that a copy of the Individual's request has been furnished to the Plan and that the Plan may provide additional information to the Individual in response to the request.

h. Make its internal practices, books and records relating to this Agreement available to the Secretary of HHS ~~and to the Plan~~ for purposes of determining the Plan's and Business Associate's compliance with the HIPAA Rules.

i. So that the Plan may meet its obligations to evaluate requests for restrictions and confidential communications in connection with the disclosure of PHI under 45 CFR 164.522, Business Associate and the Plan agree that, to the extent that communications are within the control of Business Associate, Business Associate will perform these evaluations on behalf of the Plan. Business Associate will evaluate such requests according to its own procedures for such requests, in accordance with the requirements of 45 CFR 164.522, and shall implement such appropriate operational steps as are required by its own procedures. Such evaluation will not relieve the Plan of any additional and independent obligations to evaluate restrictions or implement confidential communications where requested by an Individual. Accordingly, Business Associate will evaluate requests for restrictions and requests for confidential communications and will respond to these requests as appropriate under Business Associate's procedures. The Plan agrees that it will not agree to such restriction or request that would affect Business Associate without the approval of Business Associate, so that Business Associate can determine whether it can reasonably administer the request.

j. So that the Plan may meet its obligation to evaluate complaints from Individuals regarding their privacy rights or privacy practices of the Plan or Business Associate, the parties agree that Individuals shall be directed to submit any such complaint to Business Associate for review and evaluation. Business Associate will evaluate such complaints according to its own procedures for complaints and shall implement appropriate operation steps as are required by its own procedures. The Privacy Officer of the Plan shall cooperate with Business Associate in the evaluation of any such complaint. Business Associate shall provide a copy of all complaints to the Plan within three (3) days of receipt by Business Associate. If the complaint appears to involve handling of PHI by the Plan, Plan Sponsor, or other Business Associate of the Plan, Business Associate shall notify the Plan, and it shall be the Plan's responsibility to review and evaluate the complaint.

k. Limit the Uses and Disclosures of, or requests for, PHI for purposes described in this Agreement to the Minimum Necessary to perform the required Business Associate Functions. Business Associate shall comply with any additional requirements for the determination of Minimum Necessary as are required from time

to time by the HIPAA Rules, as amended, or through additional guidance published by the Secretary.

l. To the extent Business Associate is expressly obligated under the Services Agreements to carry out one or more of the Plan's obligations(s) under Subpart E of 45 CFR Part 164, comply with the requirements of Subpart E that apply to the Plan in the performance of such obligation(s).

m. Except for the specific Uses and Disclosures for the Business Associate's own management and administration or to carry out the legal responsibilities of Business Associate, Business Associate shall not Use or Disclose PHI in a manner that would violate the HIPAA Rules if done by the Plan.

4. **Permitted Uses and Disclosures of PHI**. Business Associate shall only Use or Disclose PHI as follows:

a. Business Associate may Use or Disclose PHI as Required by Law. Business Associate agrees to follow the current law covering the use and disclosure of PHI related to substance abuse and reproductive health.

b. Business Associate may Use or Disclose PHI as necessary to carry out Business Associate Functions.

c. Business Associate may Use PHI for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate.

d. Business Associate may Disclose PHI for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate, provided the Disclosures are Required by Law, or Business Associate obtains reasonable assurances from the person to whom the information is Disclosed that the information will remain confidential and be Used or further Disclosed only as Required by Law or for the purposes for which it was Disclosed to the person, and the person notifies Business Associate in writing of any instances of which it is aware in which the confidentiality of the information has been breached or compromised.

e. If specifically identified as a Business Associate Function in the Services Agreements, Business Associate may provide Data Aggregation services relating to the Health Care Operations of Covered Entity.

f. If de-identification is listed as a Business Associate Function in the Services Agreements, or if Business Associate is expressly permitted to de-identify PHI and use data thus de-identified for its own uses in the Services Agreements, Business Associate may Use PHI to de-identify the information in accordance with 45 CFR 164.514(a)-(c). Business Associate may use de-identified data only for the purposes specified in the Services Agreements.

5. **Responsibilities of the Plan**. The Plan agrees to:

a. Notify Business Associate promptly of any restriction on the Use or Disclosure of PHI that the Plan has agreed to or is required to abide by under 45 CFR 164.522, to the extent such restriction may affect Business Associate's Use or Disclosure of PHI.

b. Notify Business Associate of any changes in, or revocation of, the permission by an Individual to Use or Disclose PHI, to the extent that such changes may affect Business Associate's Use or Disclosure of PHI.

c. Provide Business Associate with a copy of any amendment to PHI which is accepted by Covered Entity under 45 CFR 164.526 which Covered Entity believes will apply to PHI maintained by Business Associate in a Designated Record Set.

d. Not request Business Associate to Use or Disclose PHI in any manner that would not be permissible under the HIPAA Rules if done by the Plan, with exception for any Data Aggregation services permitted under Section 4.

6. **Compliance with Electronic Transactions Rule**. If Business Associate conducts in whole or part electronic Transactions (as defined in 45 CFR 160.103) on behalf of Covered Entity for which the Secretary of HHS has established standards, Business Associate will comply, and will require any Subcontractor involved with the conduct of such Transactions to comply, with each applicable requirement of the Electronic Transactions Rule at 45 CFR Parts 160 and 162 and of any operating rules adopted by the Secretary of HHS with respect to Transactions.

7. **Supervening Law**. Upon the enactment of any law or regulation affecting the Use or Disclosure of PHI, or the publication of any decision of a court of the United States or of this state relating to any such law, or the publication of any interpretive policy or opinion of any governmental agency charged with the enforcement of any such law or regulation, the parties agree to amend this Agreement in such manner as is necessary to comply with such law or regulation. If the parties are unable to agree on an amendment within thirty (30) days, either party may terminate the Services Agreements on not less than thirty (30) days' written notice to the other.

8. **Liability and Indemnification**. Each party shall be responsible for the acts and omissions of its own agents, employees and contractors. Notwithstanding the foregoing, and notwithstanding any limitation of liability or disclaimer of damages in the Services Agreements or elsewhere, to the extent that the Secretary determines that Business Associate is acting as an agent of the Plan under the Services Agreements or this Agreement, Business Associate shall indemnify Company and the Plan for any fines, civil monetary penalties or monetary resolutions incurred by Company or the Plan, plus reasonable attorneys' fees of Company and the Plan, arising out of or relating to the actions or omissions of Business Associate which constitute a breach of this Agreement by Business Associate. This indemnification is in addition to any additional indemnification provided by Business Associate in the Services Agreement.

9. **Term and Termination**.

a. **Term**. This Agreement shall become effective on the Effective Date and shall continue in effect until all obligations of the parties have been met, including return or destruction of all PHI in Business Associate's possession (or in the possession of

Business Associate's agents and Subcontractors), unless sooner terminated as provided herein. It is expressly agreed that the terms and conditions of this Agreement designed to safeguard PHI shall survive expiration or other termination of the Services Agreements and shall continue in effect until Business Associate has performed all obligations under this Agreement and has either returned or destroyed all PHI.

b. **Termination**. Company may immediately terminate this Agreement and the Services Agreements, if Company and/or the Plan makes the determination that Business Associate has breached a material term of this Agreement. Alternatively, Company may choose to provide Business Associate with written notice of the existence of an alleged material breach, and afford Business Associate an opportunity to cure the alleged material breach upon mutually agreeable terms. Failure to take reasonable steps to cure the breach is grounds for the immediate termination of this Agreement.

c. **Business Associate Obligations Upon Termination**. Upon termination of this Agreement for any reason, Business Associate, with respect to PHI received from the Plan, or created, maintained, or received by Business Associate on behalf of the Plan, shall:

(i) Retain only that PHI which is necessary for Business Associate to continue its proper management and administration or to carry out its legal responsibilities or as to which Business Associate reasonably determines such PHI is technically incapable of being returned or destroyed;

(ii) Return to the Plan or, if not provided for in the Services Agreements, destroy the PHI retained under 8.c.(i) that the Business Associate maintains in any form;

(iii) Continue to use appropriate safeguards and comply with Subpart C of 45 CFR Part 164 with respect to Electronic Protected Health Information retained by Business Associate to prevent Use or Disclosure of the PHI, other than as provided for in this Section, for as long as Business Associate retains the PHI;

(iv) Not Use or Disclose the PHI retained by Business Associate other than for the purposes for which such PHI was retained and subject to the same conditions set out at Sections 4.c. and 4.d. which applied prior to termination; and

(v) Return to the Plan or, if not provided for in the Services Agreements, destroy the PHI retained by Business Associate under Section 8.c.(i) when it is no longer needed by Business Associate for its proper management and administration or to carry out its legal responsibilities, except where Business Associate reasonably determines such PHI is not technically capable of being returned or destroyed.

10. **Miscellaneous**.

a. **Applicability**. For purposes of this Agreement, and as applicable to the Business Associate Functions of Business Associate under the Services Agreements covered by this Agreement, references to the Plan shall include the named Plan and all other group health plans subject to HIPAA and sponsored by Company that participate in an organized health care arrangement.

b. **Survival**. The respective rights and obligations of Business Associate and the Plan or Company hereunder shall survive termination of this Agreement according to the terms hereof and the obligations imposed on the Plan or Company and Business Associate under the HIPAA Rules.

c. **Interpretation; Amendment**. This Agreement shall be interpreted and applied in a manner consistent with the Plan's and Business Associate's obligations under the HIPAA Rules. All amendments shall be in writing and signed by both parties, except that this Agreement shall attach to additional Services Agreements entered into between the parties in the future without the necessity of amending this Agreement each time. This Agreement is intended to cover the entire Business Associate *relationship* between the parties, as amended, from time to time, through Services Agreements or other means.

d. **Waiver**. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

e. **No Third-Party Beneficiaries**. Nothing express or implied in this Agreement is intended to confer, nor shall anything herein confer, upon any person other than the parties and their respective successors or assigns, any rights, remedies or obligations.

IN WITNESS WHEREOF, each of the undersigned has caused this Agreement to be duly executed in its name and on its behalf.

Question Number	RFP Section Reference	RFP Page Number	Question	State Response
1.	122436 O5 Prescription Drug Benefits Plan RFP State of NE - Procurement Procedure, section O. SOLICITATION REQUIREMENTS #7	Pg.6	#7 reads that the solicitation requirements include a "Completed Attachment B - Business Associate Agreement". It is not clear what Completed means. We are assuming signature is not required. Does the requirement to complete mean the bidder shall type in their correct entity name and address in opening paragraph and entity name, signatory name and title in the signature block? Does it mean upon award of business the Business Associate Agreement must be signed?	A completed Business Associate Agreement without signature will be deemed acceptable with the solicitation response and a signed agreement will be required upon award of business.
2.	122436 O5 Prescription Drug Benefits Plan RFP State of NE – Section III Vendor Duties. T	Pg.21	Electronic Data Interchange ("EDI"), Privacy and Security Rules of the Health Insurance Portability and Accountability Act ("HIPAA") and will execute the appropriate Business Associate Agreement ("BAA") as provided by the State. Bidder will execute (without modification) and remain in full compliance with the attached BAA with the State. The above referenced RFP document (subsection G) allows for the bidder to submit deviations,	Subsection G requires that "Any specifically defined deviations must not be in conflict with the basic nature of the solicitation, requirements, or applicable state or federal laws or statutes." The purpose of this language is to ensure that required contracts like the BAA remain substantively unchanged. The BAA must be in substance the modern, effective BAA attached. Minor

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

			which seems to conflict with the instructions stating no comments. Section III Vendor Duties provides an example of a table to insert deviations. The above reference document indicates that deviations are discouraged.	deviations to the BAA would be reviewed with this perspective in mind.
3.			1. What percentage of claims is filled at mail order? 2. What is the client's GDR (generic dispensing rate) at retail? 3. What is the client's GDR at mail?	Please refer to the provided claims file for the most up-to-date utilization and spend information.
4.	Attachment C – Confirmations & Questionnaire; Questionnaire Tab, items K.1 and K.2	Rows 220-229	Please clarify if the intent was to reference the "Attachment D - Performance Guarantees" document, not the "Attachment B - Business Associate Agreement".	Attachment C – Confirmations & Questionnaire; Questionnaire Tab, item K.1 asks the bidder to provide a sample of their standard reporting package and outlines the reports to be included at a minimum. Item K.2 asks how these reports will be provided to the State. Please see updated Attachment C1 - Confirmations & Questionnaire, posted with this addendum, which updates Questions K.1 and K.2 of the Confirmations tab to reflect Attachment D - Performance Guarantees.
5.	Attachment D - Performance Guarantees: System Downtime	Row 19	Please confirm this relates solely to the point-of-service claims adjudication system and that it will exclude telecommunication failures and scheduled system maintenance.	Confirmed.
6.	122436 05 Prescription Drug Benefits Plan RFP; Schedule of Events	Page 2	We respectfully request a two-week extension. This is in the State's best interest as it will allow time to for bidders to properly analyze the claims, formulary, census, and current plan design to provide the proposal that best reflects the State's goals with this procurement.	The Schedule of Events will remain as posted.
7.	Benefit SPDs Pharmacy Benefits Exclusion #15	N/A (see SPDs)	Based on the State's SPDs for prescription drug benefits (exclusions), it does not appear the State currently covers GLP1s for weight loss: *Exclusion #15 - any product dispensed for the purpose of*	The Plan does not currently cover GLP-1 drugs for weight loss and does not currently intend to add such coverage.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

			appetite suppression or weight loss. Can the State please confirm it does not cover GLP1 medications for the purpose of weight loss and that you do not intend to cover them in the future?	
8.	N/A	N/A	Can the State please confirm if you offer a Patient Assistance Program (PAP) to your members through a vendor such as PaydHealth, Payer Matrix, etc.? If not, would the State consider a PAP option?	The Plan does not offer a Patient Assistance Program through an external vendor and does not currently intend to do so.
9.	N/A	N/A	Our PBM noticed that this PBM RFP for the State has some drastic differences from other recent RFPs with Segal compared to other State bids. Can the State please confirm that there are no other RFP elements that we are being asked to respond to other that what has been presented on the State's public site and the data files from Segal?	Confirmed.
10.	Attachment C - Questionnaire Question #F.14	Questionnaire Tab	Question F.14 references bidders should use the "Claims Repricing Data File" for the disruption. We received the reprice file 6.17.2026, so we have that; however, can the State please confirm if there's a specific template or format you would like bidders to use for the reprice response? If not, we will provide our standard reprice summary.	For Question F.14, please provide the number of participants and claim counts for any retail pharmacy not in your current network. Also provide a list of the non-network pharmacies based on the claims file.

11.	Benefit SPDs Pharmacy Benefits Exclusion #15	N/A (see SPDs)	Based on the State's SPDs for prescription drug benefits (exclusions), it does not appear the State currently covers GLP1s for weight loss: *Exclusion #15 - any product dispensed for the purpose of appetite suppression or weight loss.* Can the State please confirm it does not cover	See answer provided to question #7

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

			GLP1 medications for the purpose of weight loss and that you do not intend to cover them in the future?	
12.	N/A	N/A	Can the State please confirm if you offer a Patient Assistance Program (PAP) to your members through a vendor such as PaydHealth, Payer Matrix, etc.? If not, would the State consider a PAP option?	See answer provided to question #8

Updated Attachment C

Attachment C – Confirmations & Questionnaire is hereby deleted and replaced with Attachment C1 – Confirmations & Questionnaire to update items J.1, K.1, and K.2 of the Confirmations tab as follows:

Confirmations tab item J.1 is updated as follows:

J.	IMPLEMENTATION, OPEN ENROLLMENT, AND COMMUNICATION
J.1	PBM shall provide an implementation plan assuming a December 1, 2025, contract award. At a minimum, the Implementation Project Plan must provide specific details on the following: a. Identification and timing of significant responsibilities and tasks b. Names, titles, and experience of key implementation staff and time dedicated to the State during implementation c. Identification and timing of the State's responsibilities d. Transition requirements with the incumbent vendors e. Staff assigned to attend and present (if required) at Open Enrollment f. Data and timing requirements from current vendors to ensure transition of care and transfer of any open-refill, prior authorization, or other necessary files

Confirmations tab items K.1 and K.2 are updated as follows:

K.	VENDOR ACCOUNTABILITY AND PERFORMANCE GUARANTEES
K.1	Minimum performance standards are included in Attachment D – Performance Guarantees. PBM must provide these standards measured on State specific data. Confirm agreement.
K.2	The State requires that 30% of the Administrator's annual PBM Fees be placed at risk annually as a financial penalty for failure to meet the administrative performance guarantees in accordance with Attachment D, as established by the State of Nebraska. All penalties will be assessed based on these pre-established guarantees against actual State-specific performance results annually, not the bidder's book of business. Confirm agreement.

This addendum will be incorporated into the solicitation.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

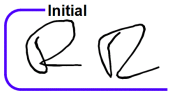
SOLICITATION ADDENDUM TWO
QUESTIONS AND ANSWERS

SOLICITATION NUMBER: 122436 O5
Administrative Support Services for the State of Nebraska Employee Health Care Prescription Drug Benefit Plans
Opening Date: July 17, 2025
Addendum Effective Date: July 9, 2026

Questions and Answers

Following are the questions submitted and answers provided for the above-mentioned solicitation. The questions and answers are to be considered as part of the solicitation. It is the responsibility of bidders to check the State Purchasing Bureau website for all addenda or amendments.

Question Number	RFP Section Reference	RFP Page Number	Question	State Response
1.	Prescription Drug Benefits Plan RFP – 1. b.ii. The "Contractual Agreement Form" must be signed manually in ink or by DocuSign…	Pg. 9	Will a digital signature fulfill this request?	DocuSign and an ink signature are both approved ways to complete the signature requirement process.
2.	Prescription Drug Benefits Plan RFP – Vendor Duties G. Prices	Pg. 31	How does section G. relate to the pharmacy contracts? What does the 3.5% apply to? Is this in relation to pharmacy fees?	The 3.5% refers to the maximum ASO increase in fees following the initial contract period, for the remainder renewal years.
3.	Prescription Drug Benefits Plan RFP – Project Description and Scope of Work F. Plan Requirements Q.#9	Pg. 47	Is this referring to an audit or do you want to confirm we're adjudicating claims properly?	This plan requirement refers to the bidder's claims adjudication processes.
4.	Claims File	N/A	It appears there is no formulary status provided in the claims file. Can you please provide an updated file with formulary status?	An updated file including formulary status was provided on July 2, 2025,to bidders with a confirmed NDA on file.
5.	N/A	N/A	What are the top 10 retail pharmacies (by claim volume), and what percentage of claims is filled at each?	Refer to the claims file provided to identify pharmacies utilizing the pharmacy ID of each claim.



Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

6.	N/A	N/A	Please provide monthly volume of member calls handled by the call center.	The monthly volume for 23-24 Plan Year is 965. The monthly volume for 24-25 Plan Year is 1,023.
7.	N/A	N/A	Please provide the average number of prior authorizations, appeals, and grievances per month (or annually).	The annual pharmacy appeals for CY2023 were 352. The annual pharmacy appeals for CY2024 were 395. Approximately 98% of the appeals were for clinical coverage determinations and excluded medications. The number of prior authorizations is not available at this time.
8.	N/A	N/A	What is the client's ERISA status? Please provide the average number of DMRs direct member reimbursement) per month (or annually).	The State of Nebraska plan is not subject to ERISA There were 40 DMR claims in the most recent 12 months ending 6/30/2025
9.	N/A	N/A	Are there any in-house pharmacies? If so, please provide the NPI.	The State does not have in-house pharmacies.
10.	122436 O5 Prescription Drug Benefits Plan RFP State of NE- VI. Solicitation Response Instructions- b. Financial Statements	Pg. 28	As a privately held company, [REDACTED] only releases its audited financial statements to a potential client's direct financial contact. Please provide the name and contact method for a financial contact for [REDACTED] to submit the requested documents.	All files are requested to be uploaded via ShareFile. Confidential files should be uploaded in a separate file named conspicuously as "PROPRIETARY INFORMATION". Only the reviewee for the financials will be granted access to review these labeled files and they will not be shared.
11.	122436 O5 Prescription Drug Benefits Plan RFP State of NE- VI. Solicitation Response Instructions- h. Summary of Bidder's Corporation Experience	Pg. 29	The State says "The bidder should provide a summary matrix listing the bidder's previous projects similar to this Solicitation in size, scope, and complexity. " Does this mean termed or active projects?	The State of Nebraska is interested in a summary of an active/existing project.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

12.	122436 O5 Prescription Drug Benefits Plan RFP State of NE- VI. Solicitation Response Instructions- j. Subcontractors	Pg. 30	If the bidder intends to subcontract any part of its performance hereunder, the bidder should provide: " f) percentage of performance hours intended for each subcontract; and g) total percentage of subcontractor(s) performance hours." Does the State want BOB or client specific information?	Please provide client specific information based on the proposal specific to the State of Nebraska.
13.	122436 O5 Prescription Drug Benefits Plan RFP State of NE- IV. Payment,	Pg.22	The State shall have forty-five (45) calendar days to pay after a valid and accurate invoice is received by the State. Can the State confirm this refers to claims payments as well?	Currently the state reimburses the current vendor within 3 business days for claims and pays ASO fees monthly. The State cannot pay for services until they are rendered.
14.	122436 O5 Prescription Drug Benefits Plan RFP State of NE- V. Project Prescription and Scope of Work	Pg. 24	**The bidder should provide the following information in response to this Solicitation.** Can the State clarify if this section is informational or does the State require responses?	Bidders should provide responses to the information/requirements detailed in Section V as part of their solicitation response.
15.	122436 O5 Prescription Drug Benefits Plan RFP State of NE- VI. Solicitation Response Instructions-2. Technical Response	Pg. 31	**a) Understanding of the project requirements;** **b)Proposed development approach;** **c)Technical requirements;** Are these sections meant to be addressed in a separate document?	No, the intent of this section was informational.
16.	122436 O5 Prescription Drug Benefits Plan RFP State of NE- VI. Solicitation Response Instructions-2. Technical Response; h & i.	Pg. 31	**1. TECHNICAL RESPONSE** **The Technical Response section of the solicitation response should consist of the following subsections:** **h. Detailed project work plan; and** **i. Deliverables and due dates.** Can the State please clarify what deliverables are expected?	The deliverable for the detailed project work plan is a document, including detailed project tasks, and key milestones and dates. The deliverables and due dates may be incorporated into the project work plan.

This addendum will be incorporated into the solicitation.

Initialed: 

Ron Rowe
EVP & Chief Revenue Officer
Blue Cross and Blue Shield of Nebraska, Inc.

CORPORATE OVERVIEW

1. CORPORATE OVERVIEW

The Corporate Overview section of the solicitation response should consist of the following subdivisions:

a. BIDDER IDENTIFICATION AND INFORMATION

The bidder should provide the full company or corporate name, address of the company's headquarters, entity organization (corporation, partnership, proprietorship), state in which the bidder is incorporated or otherwise organized to do business, (including whether the Bidder is in good standing in the state in which it is formed or incorporated), year in which the bidder first organized to do business and whether the name and form of organization has changed since first organized. The Bidder should also provide this information for the branch or local office or other subordinate element that will perform or assist in performing the work on this contract.

Company Name	*Blue Cross and Blue Shield of Nebraska*
Headquarters Address	*1919 Aksarben Drive, Omaha NE 68180*
Entity Organization	*Not-for-Profit Corporation*
State Incorporated	*Nebraska*
Year Company Organized	*1939*
Change of Organization Name Since Inception	*1939 – Associated Hospital Service of Nebraska established* *1944 – Blue Shield of Nebraska established* *1974 – Merger of the above entities into Blue Cross and Blue Shield of Nebraska* *1987 – Blue Cross and Blue Shield of Nebraska becomes a mutual company* *2018 – Blue Cross and Blue Shield of Nebraska was reorganized into a mutual holding company, Goodlife Partners, Inc., as well as an intermediate holding company, Goodlife Solutions, Inc.*

b. FINANCIAL STATEMENTS

The bidder should provide its organization's last audited financial statement and the most recent unaudited financial statement if the most recent audited financial statement is older than 12 months as well as the latest SSAE 21 report. If publicly held, the bidder should provide a copy of the corporation's most recent audited financial reports and statements,

and the name, address, and telephone number of the fiscally responsible representative of the bidder's financial or banking organization.

If the bidder is not a publicly held corporation, either the reports and statements required of a publicly held corporation, or a description of the organization, including size, longevity, client base, areas of specialization and expertise, and any other pertinent information, should be submitted in such a manner that solicitation evaluators may reasonably formulate a determination about the stability and financial strength of the organization. Additionally, a non-publicly held firm should provide a banking reference.

Please refer to EXHIBIT C - BCBSNE Financial Statements and EXHIBIT D – SOC1 & SOC2 Reports.

BCBSNE's Banking Reference:

Oscar Gonzalez
First National Bank of Omaha
1620 Dodge Rd Stop 3306
Omaha, NE 68197
(402) 602-5397
ogonzalez@fnbo.com

The bidder must disclose any and all judgments, pending or expected litigation, or other real or potential financial reversals, which might materially affect the viability or stability of the organization, or state that no such condition is known to exist.

At this time, BCBSNE knows of no judgement, either pending or under expected litigation, or other real or potential financial reversal which might materially affect the viability or stability of our company.

The State may elect to use a third party to conduct credit checks as part of the corporate overview evaluation.

Acknowledged

c. CHANGE OF OWNERSHIP

If any change in ownership or control of the company is anticipated during the twelve (12) months following the solicitation response due date, the bidder should describe the circumstances of such change and indicate when the change will likely occur. Any change of ownership to an awarded bidder(s) will require notification to the State.

The bidder should state and describe if it recently experienced any workforce realignments and/or recent merger or acquisition activity. Include in this description, any anticipated changes in ownership or business developments, including but not limited to mergers, stock issues, and the acquisition of new venture capital.

BCBSNE is not anticipating a change in ownership or control of the company during the twelve months following the proposal due date. We have not recently experienced any workforce realignments and/or recent merger or acquisition activity.

d. OFFICE LOCATION

The bidder's office location responsible for performance pursuant to an award of a contract with the State of Nebraska should be identified.

Blue Cross and Blue Shield of Nebraska
1919 Aksarben Drive
Omaha, NE 68180

e. RELATIONSHIPS WITH THE STATE

The bidder should describe any dealings with the State over the previous twelve (12) months. If the organization, its predecessor, or any Party named in the bidder's solicitation response has contracted with the State, the bidder should identify the contract number(s) and/or any other information available to identify such contract(s). If no such contracts exist, so declare.

Within the previous three years, BCBSNE has had the following contracts with the State of Nebraska:

STATE OF NEBRASKA DEPARTMENT OF CORRECTIONAL SERVICES
HEALTHCARE BILL PROCESSING:

Beginning	*Ending*	*BCBSNE Group Number(s)*
April 1,2004	*Sept. 30, 2011*	*04541*
October 1, 2011	*December 31, 2019*	*300207*
January 1, 2020	*August 31, 2026*	*103822*

STATE OF NEBRASKA DEPARTMENT OF HEALTH AND HUMAN SERVICES (DHHS) BEHAVIORAL HEALTH REGIONAL CENTER HEALTHCARE BILL PROCESSING:

Beginning	*Ending*	*BCBSNE Group Number(s)*
April 1, 2009	*Sept. 30, 2011*	*04944*
October 1, 2011	*December 31, 2019*	*300150*
January 1, 2020	*To Present*	*103821*

f. BIDDER'S EMPLOYEE RELATIONS TO STATE

If any Party named in the bidder's solicitation response is or was an employee of the State within the past twelve (12) months, identify the individual(s) by name, State agency with whom employed, job title or position held with the State, and separation date. If no such relationship exists or has existed, so declare.

BCBSNE confirms no party mentioned within this proposal response was an employee of the State within the past six (6) months.

If any employee of any agency of the State of Nebraska is employed by the bidder or is a subcontractor to the bidder, as of the due date for solicitation response submission, identify all such persons by name, position held with the bidder, and position held with the State (including job title and agency). Describe the responsibilities of such persons within the proposing organization. If, after review of this information by the State, it is determined that a conflict of interest exists or may exist, the bidder may be disqualified from further consideration in this solicitation. If no such relationship exists, so declare.

BCBSNE confirms that, at this time, no employee or any agency of the State of Nebraska is employed by BCBSNE as a subcontractor.

g. CONTRACT PERFORMANCE

If the bidder or any proposed subcontractor has had a contract terminated for default during the past (three) (3) years, all such instances must be described as required below. Termination for default is defined as a notice to stop performance delivery due to the bidder's non-performance or poor performance, and the issue was either not litigated due to inaction on the part of the bidder or litigated and such litigation determined the bidder to be in default.

It is mandatory that the bidder submit full details of all termination for default experienced during the past (three) (3) years, including the other Party's name, address, and telephone number. The response to this section must present the bidder's position on the matter. The State will evaluate the facts and will score the bidder's solicitation response accordingly. If

no such termination for default has been experienced by the bidder in the past (three) (3) years, so declare.

If at any time during the past (three) (3) years, the bidder has had a contract terminated for convenience, non-performance, non-allocation of funds, or any other reason, describe fully all circumstances surrounding such termination, including the name and address of the other contracting Party.

Neither BCBSNE nor any subcontractor of BCBSNE has been terminated for default during the past three (3) years.

h. SUMMARY OF BIDDER'S CORPORATE EXPERIENCE

The bidder should provide a summary matrix listing the bidder's previous projects similar to this Solicitation in size, scope, and complexity. The State will use no more than three (3) narrative project descriptions submitted by the bidder during its evaluation of the solicitation response.

The bidder should address the following:

i. Provide narrative descriptions to highlight the similarities between the bidder's experience and this Solicitation. These descriptions should include:

- **a)** The time period of the project,
- **b)** The scheduled and actual completion dates,
- **c)** The bidder's responsibilities,
- **d)** For reference purposes, a customer name (including the name of a contact person, a current telephone number, a facsimile number, and e-mail address); and
- **e)** Each project description should identify whether the work was performed as the prime Vendor or as a subcontractor. If a bidder performed as the prime Vendor, the description should provide the originally scheduled completion date and budget, as well as the actual (or currently planned) completion date and actual (or currently planned) budget.

ii. Bidder and Subcontractor(s) experience should be listed separately. Narrative descriptions submitted for Subcontractors should be specifically identified as subcontractor projects.

iii. If the work was performed as a subcontractor, the narrative description should identify the same information as requested for the bidders above. In addition, subcontractors should identify what share of contract costs, project responsibilities, and time period were performed as a subcontractor.

BCBSNE and our preferred PBM, Prime, have experience in administering the health plans of many large, complex employer accounts from both public and private sectors.

As requested, the following table includes two project narratives of large, complex BCBSNE clients. Please note that these narratives represent accounts where BCBSNE is the primary contractor (we are not including narratives involving Subcontractors).

Account Narratives	
Educators Health Alliance ***605 South 14th St.*** ***Lincoln, NE 68508*** ***Time Period: September 1, 1994, to Present*** ***Trish Guinan*** ***Executive Director, Nebraska State Education Association*** ***402-475-7611*** ***Trish.Guinan@nsea.org*** ***44,125 Subscribers*** ***96,089 Members***	***Description of the Project*** *On September 1, 1994, Blue Cross and Blue Shield of Nebraska (BCBSNE) proudly implemented the Educators Health Alliance (EHA) account, marking the beginning of a long-standing partnership dedicated to serving Nebraska's educational community. This initial implementation brought together a diverse group of school districts across the state under a unified health benefits program, tailored specifically to meet the needs of EHA member schools. BCBSNE worked closely with the alliance to ensure a seamless onboarding process, laying a strong foundation for a collaborative relationship built on trust, transparency, and shared goals.* *Since that successful launch, BCBSNE has remained committed to offering EHA competitive premium rates across its medical, pharmacy, and dental benefit plans. A dedicated EHA account team continues to provide comprehensive account management and responsive day-to-day service to both the alliance and its individual school districts. This includes introducing innovative products and services, delivering insightful utilization reporting and strategic recommendations, and developing targeted member communication campaigns. Through regular engagement and a deep understanding of EHA's evolving needs, BCBSNE ensures that the alliance's member population receives high-quality care and support year after year.*

Douglas County ***1819 Farnam St.*** ***Omaha, NE 68183*** ***Time Period: January 2017 to Present*** ***Colleen Fredrickson*** ***Compensation & Benefits Manager*** ***402-444-6099*** ***Colleen.Fredrickson@douglascounty-ne.gov*** ***2,094 Subscribers*** ***4,554 Members***	***Description of the Project*** *On January 1, 2017, BCBSNE successfully transitioned Douglas County and its member population to BCBSNE for its self-funded medical and pharmacy benefit program, enabling BCBSNE to provide administrative services for the County's benefit plans with a focus on operational excellence and member satisfaction. The transition was carefully managed to ensure continuity of care and a smooth experience for employees and their families, aligning with the County's goals of cost-effective, high-quality healthcare coverage.* *Since the initial implementation, BCBSNE has remained committed to delivering a benefit program that balances cost control with exceptional service. BCBSNE's account management team provides both strategic oversight and responsive day-to-day support, including personnel from Prime, our preferred PBM, when pharmacy benefits and utilization are the topics in regular meetings. Our account team meets with County leadership to review both medical and pharmacy utilization trends and offers actionable recommendations, the introduction of new products and services, and the development of targeted communication campaigns. With access to BCBSNE's robust provider networks and pharmacy benefit management through Prime, the County's members continue to receive comprehensive, well-managed care tailored to their evolving needs.*

BCBSNE has experience in providing group pharmacy administration to governmental employer groups throughout Nebraska. BCBSNE and Prime administer pharmacy benefits for the Nebraska Association of County Officials (NACO), the City of Omaha, and several utilities, including Nebraska Public Power District (NPPD) and the Metropolitan Utilities District (MUD). BCBSNE is also a federal government contractor, providing insurance coverage to 26,011 Federal Employee Plan (FEP) members.

BCBSNE's significant experience and persistency with governmental accounts mentioned above is a testament to our company's ongoing "Customer First" approach to providing service to our clients.

i. SUMMARY OF BIDDER'S PROPOSED PERSONNEL/MANAGEMENT APPROACH

The bidder should present a detailed description of its proposed approach to the management of the project.

At BCBSNE, we, in partnership with our pharmacy benefit manager, Prime Therapeutics LLC (Prime), are committed to providing comprehensive support for the State of Nebraska's pharmacy administrative account, including, but not limited to, the following departments:

ACCOUNT MANAGEMENT - Our approach includes a dedicated account executive responsible for the overall strategic management of the State's account, supported by a dedicated account specialist to handle day-to-day issues. Additionally, an assigned Client Consultant will support the State's reporting and analytics needs and an Account Executive from Prime. Account management services will also be provided by Prime's staff, who will work in partnership with BCBSNE's staff to ensure the State is achieving its goals for its pharmacy benefit plans.

CUSTOMER SERVICE and ENROLLMENT SERVICES - Our BCBSNE customer service team will feature client advocates fully educated on the State's pharmacy benefit plans, ready to respond to all pharmacy member calls, with expanded hours to accommodate the State's population. Our enrollment services team will also work to ensure the State's eligibility submissions are established to result in timely and error free membership updates.

PHARMACY CARE MANAGEMENT - In terms of care management, BCBSNE will hire additional full-time nurse care managers to provide care management to the State's population. Our in-house care management team will also include community health workers who will offer support and education to members, assisting them in adhering to medical recommendations and providing referral sources to help meet treatment goals.

FINANCE / BILLING – Our finance teams will conduct all billing activities for the State for weekly net paid claims billings and monthly invoicing to the State.

In summary, as a full-service insurance company and administrator, BCBSNE's personnel are fully committed to ensuring the State receives comprehensive support across all areas of our company, whether on the forefront or internally behind-the-scenes. We will work to get the right personnel in place at the right time to make certain the State's needs are fully met.

The bidder should identify the specific professionals who will work on the State's project if their company is awarded the contract resulting from this Solicitation. The names and titles of the team proposed for assignment to the State project should be identified in full, with a description of the team leadership, interface, and support functions, and reporting

relationships. The primary work assigned to each person should also be identified. For each team member listed, identify whether this staff member will be 100% dedicated/designated to the State account. If the member is not 100% dedicated/designated to the State, please indicate the percentage of time the staff member will designate to the State account as well as the number of other clients with which the staff member has responsibilities. At a minimum, the specific professionals should include:

a) Implementation Coordinator/Manager
b) Account Executive
c) Eligibility Coordinator/Manager
d) Pharmacist
e) Member Service Manager
f) Government/Legislative Liaison

As a full service insurance carrier and administrator, BCBSNE employes over 1,200 employees who all work to support our membership. While specific percentages of time devoted to the State account are not listed for our non-dedicated personnel, we can assure the State that it will be a top priority for all of our employees who will perform work on the State's account:

- **Implementation*: Clare Longo – Agile Project Manager (dedicated)***
- **Account Team*: Monica McDonald – Account Executive (dedicated)***
- **Account Team*: Kristin Mathiason – Account Executive (Prime)***
- **Account Team*: Kristina Bruno – Strategic Account Specialist (dedicated)***
- **Account Team*: Stefani Shropshire – Strategic Account Specialist***
- **Account Team*: Cortny Garmong – Cient Consultant***
- **Eligibility Management*: Julie Luedtke – Director, Enrollment Services***
- **Clinical Management*: Renee Beacom – Director, Medical Management Services***
- **Member Services*: Lisa Rock – Director, Member Services***
- **Government/Legislative Liaison:** ***Jeremiah Blake – Government Affairs Director***

In the pages that follow within this Corporate Overview, the biographies of other key BCBSNE and Prime personnel are noted.

The bidder should provide resumes for all personnel proposed by the bidder to work on the project. The State will consider the resumes as a key indicator of the bidder's understanding of the skill mixes required to carry out the requirements of the Solicitation in addition to assessing the experience of specific individuals.

Resumes should not be longer than three (3) pages. Resumes should include, at a minimum, academic background and degrees, professional certifications, understanding of the process, and at least three (3) references (name, address, and telephone number) who can attest to the competence and skill level of the individual. Any changes in proposed personnel shall only be implemented after written approval from the State.

The bidder to note any positions bidder will need to hire if awarded this contract.

The bidder will provide an organization chart, including names and titles, of Account Team and key personnel that will be responsible for the State account.

Please refer to EXHIBIT E – Account Management Organizational Chart.

j. SUBCONTRACTORS

If the bidder intends to subcontract any part of its performance hereunder, the bidder should provide:

- **a)** name, address, and telephone number of the subcontractor(s),
- **b)** specific tasks/types of services provided for each subcontractor(s),
- **c)** number of years the Bidder's company has utilized the subcontractor,
- **d)** contractual relationship between subcontractor and Bidder's company,
- **e)** indication of general financial model such as shared savings, PMPM, fee for service, etc.,
- **f)** percentage of performance hours intended for each subcontract; and
- **g)** total percentage of subcontractor(s) performance hours.

Confirm that, if awarded a contract with the State, you will agree in the contract to notify the State of changes to this subcontractor list throughout the term of any awarded contract and that the State will have the ability to pre-approve any subcontractor that provides services directly to the State or its members.

BCBSNE's current subcontractor list is provided within this Corporate Overview. Please note this list is all inclusive; therefore, there will be certain subcontractors that may not apply directly in the administration of the State's pharmacy administration.

k. PENDING LITIGATION

The bidder will state whether there is any concluded or pending litigation against the Bidder or Bidder's affiliates, subsidiaries, employees related to a contract engagement; and if such litigation exists, an attached opinion of counsel as to whether the pending litigation will impair the firm's performance in a contract under this RFP.

BCBSNE has no concluded or pending litigation related to contract engagement that would impair BCBSNE's performance in a contract under this RFP.

l. BANKRUPTCY

The Bidder will state whether, in the last ten years, Bidder or any of its affiliates or subcontractors has filed (or had filed against it) any bankruptcy or insolvency proceeding, whether voluntary or involuntary, or undergone the appointment of a receiver, trustee, or assignee for the benefit of creditors; and if so, an explanation providing relevant details.

BCBSNE has not filed for bankruptcy. Our current subcontractors have also not filed for bankruptcy.

m. FINANCIAL RATINGS

Indicate the most recent Financial Rating, Financial Rating Modifiers and the Financial Rating Effective Date you have received by the following organizations. Indicate all changes that have occurred in the last 12 months for each of these ratings.

a) A.M. Best
b) Standard & Poor's
c) Moody's
d) Fitch

The Bidder should indicate if its rating has changed within the past 12 months for any of the rating agencies.

BCBSNE's current financial rating as of February 26, 2025, from A.M. Best is A- (Excellent). This rating has been consistent over the last several years. We are not rated through any other agencies.

n. OTHER MAJOR CHANGES

The Bidder should indicate any staff relocations, computer system changes/upgrades, program changes, or telephone system changes in process at this time or proposed within the next 12-24 months.

BCBSNE and Prime have no staff relocations, computer system changes/upgrades, program changes, or telephone system changes in process or proposed within the next 12-14 months that would directly impact the State's pharmacy benefit administration.

Ron **Rowe**

Chief Revenue Officer

Ron.Rowe@NebraskaBlue.com | Teams Calling Directory (402) 819-4242

BLUE CROSS AND BLUE SHIELD OF NEBRASKA

Ron's Role

Ron Rowe is chief revenue officer at Blue Cross and Blue Shield of Nebraska (BCBSNE). In his role, he drives revenue growth in BCBSNE's individual, group and senior market segments, building strong relationships with our clients.

Professional Background

Prior to coming to BCBSNE in 2021, Ron's career initially began in service to the country within the U.S. Army, where he remained on active duty for eight years working in the medical corps. Ron then held leadership positions across areas of the healthcare space, serving as the CEO of six specialty hospitals. He also worked with political committees on healthcare reform during the Clinton Administration.

Ron then became employed by Blue Cross and Blue Shield of Kansas City (Blue KC). Throughout 20+ years with Blue KC, Ron managed various advertising, sales, and product development initiatives. He was responsible for overseeing the company's membership and revenue growth of all market segments – totaling more than $3 billion in annual revenue.

Education, Certifications and Professional Affiliations

Ron earned a Bachelor of Science degree in Management and Accounting from Park University. He has been active in his former district's school board, serving 10 years as the elected president for six terms. He was also a board member of the Kansas City Metropolitan Crime Commission from 2018-2021.

Vice President, Small Group, Pharmacy and Ancillary Sales

PH: (402) 980-0381

Clint.Williams@nebraskablue.com

BLUE CROSS AND BLUE SHIELD OF NEBRASKA

Clint's Role

As vice president over BCBSNE's small group, pharmacy and ancillary sales departments, Clint champions the creation and implementation of strategies for the pharmacy, small group and ancillary products.

Professional Background

Previously, Clint served as vice president of pharmacy and clinical operations. He has been a leader of pharmacy throughout his tenue but has also served in roles with wellness risk adjustment, and health network services . Prior to joining BCBSNE, he was the senior director of account management at Prime Therapeutics.

Education, Certifications and Professional Affiliations

Clint is active in community service and is a member of the Exchange Club of Omaha, having served as the organization's president and a member of the board of directors. He has also served as a volunteer coach for various sports organizations. Additionally, he was a member of Leadership Omaha Class 34.

Clint earned a bachelor's degree in chemistry/math from Wayne State College, followed by a Doctor of Pharmacy degree from the University of Nebraska Medical Center. He most recently received his MBA from the University of Nebraska at Lincoln.

Bradley **Smith**

Senior Sales Executive – Large Group

Bradley.Smith@NebraskaBlue.com | (402) 880-5406 (Mobile)

BLUE CROSS AND BLUE SHIELD OF NEBRASKA

Bradley's Role

As a senior large group sales executive, Bradley (Brad) works on producing new business sales in the large group market (150+ employees) for Nebraska-based employers.

Professional Background

Brad has over 20+ years of employee benefits consulting experience at the local, regional, and national level. Prior to his start with BCBSNE, he has held various key positions within the consultant community, most recently serving as a Senior Vice President for an Omaha consulting firm as a new business producer. In prior roles with other Nebraska brokerage firms, Brad has served in producer roles as well as management positions, with responsibilities that included managing outside provider relationships and coordinating a team of employees within the employee benefits division.

Brad joined BCBSNE in 2021 in his current senior large group sales executive position. He continues to grow his relationships with brokers and consultants to drive large group business production.

Education, Certifications and Professional Affiliations

Brad graduated with a Bachelor of Science degree in business administration and management from Peru State College. He maintains his consultant license as well as his life and health insurance license. He is a member of the National Association of Health Underwriters (NAHU) and previously served three years as Legislative Chair for the Omaha Area Health Underwriters (OAHU). Brad is a current committee member and volunteer for the Exchange Club of Omaha and serves as a member of the Peru State College Athletic Hall of Fame Selection Committee.

Holly **Kovy**

Large Group Market Leader

Holly.Kovy@NebraskaBlue.com | (402) 982-7816

BLUE CROSS AND BLUE SHIELD OF NEBRASKA

Holly's Role

In her current role as Large Group Market Segment Leader, Holly has overall accountability for employer groups with over 150 employees. She uses market intelligence and data to craft strategies that meet customer needs and support business growth. Holly is responsible for delivering customers solutions that are grounded in market and customer insights and analytics. Under her leadership, the market segment has grown membership by more than 50% and has consistently achieved customer retention above 95%.

Professional Background

Holly spent the first nine years of her career at a national carrier growing through account management roles, including National Account Manager. She joined BCBSNE in August 2015 as a Major Account Executive, focusing on client relationships and providing strategic advice. In 2018, she was promoted to Manager of the Major Accounts team.

Education, Certifications and Professional Affiliations

Holly earned her Bachelor of Arts in Psychology with a minor in Sociology from Bellevue University and later completed her MBA from the same institution. She holds a producer's license in Life and Annuities, Sickness, Accident and Health, as well as the Group Benefits Disability Specialist (GBDS) designation.

Holly is actively involved with the Cystic Fibrosis Foundation. She is passionate about mentoring individuals, sharing her knowledge and experience to help them grow. She values showing gratitude, keeping communication transparent, and is a life-long learner committed to both personal and professional growth.

Julie **Klein**

Manager, Large Group Accounts

Julie.Klein@NebraskaBlue.com | (402) 982-7690

BLUE CROSS AND BLUE SHIELD OF NEBRASKA

Julie's Role

Julie is a dedicated professional with over 22 years of experience in the insurance industry. As the Manager of Large Group Accounts, she excels in business operations and account management. Julie leads a team of account executives, collaborates closely with clients, brokers, and consultants, negotiates renewal terms, and introduces new products and services. Additionally, she provides strategic analysis and consultations to her accounts and actively participates in special projects.

Professional Background

Julie joined Blue Cross Blue Shield of Nebraska (BCBSNE) in June 2008 as an individual sales representative, assisting clients with purchasing individual products, Medicare supplement policies, and prescription drug plans. Her success in individual product sales led to her transition to BCBSNE's small group account management team in May 2013.

In August 2017, Julie advanced to the large group account management team as an account executive, where she effectively communicated and provided direction to her assigned group clients and team of account executives. In June 2022, she was promoted to Manager of the Major Account Service Specialists while maintaining her role as a Strategic Account Executive. Demonstrating strong leadership and strategic oversight, Julie was promoted to her current position as Manager of Large Group Accounts in 2024.

Education, Certifications and Professional Affiliations

Julie has her Nebraska Department of Insurance Producer's License in Accident, Annuities, Health, Life and Sickness, and Property and Casualty Insurance. She is a Blue Cross and Blue Shield Certified Health Consultant and is also a current member of the National Association of Health Underwriters (NAHU).

Monica **McDonald**

Account Executive, Large Group

Monica.McDonald@NebraskaBlue.com | (402) 690-6698

BLUE CROSS AND BLUE SHIELD OF NEBRASKA

Monica's Role

Monica's current duties as a large group Account Executive within BCBSNE's large group region include responsibility for overall management of her accounts, including negotiating renewal benefits and rates, resolving issues, and providing solutions that address her clients' needs, ultimately resulting in a positive impact on her employers' strategic goals. Monica also works with BCBSNE's Client Consulting team in evaluating client reporting results, conducts enrollment meetings, and is in constant contact with her group leaders and brokers. She provides crucial hands-on account service and strategic leadership in effectively managing relationships with her brokers and employers.

Professional Background

Monica started her current position at BCBSNE in July of 2023. Prior to that, she began her career in the insurance industry in 2005, working as a marketing representative for a large insurance agency in the Omaha area. In 2015, she was promoted to an account executive position at the same agency, becoming responsible for agent training, retention and recruitment, as well as marketing, website and project oversight. In 2018, she moved to a large, national insurance carrier as a field account manager, and then in 2022, she began work as an account manager for a large third-party administrator. Monica's extensive industry experience and knowledge allows her to serve her BCBSNE clients with the highest level of focus and expertise.

Education, Certifications and Professional Affiliations

Monica is highly active in the Omaha chapter of the National Association of Benefits and Insurance Professionals (NABIP), currently serving in the positions of president, Omaha representative, and membership recognition chair. She also has her Nebraska producer's license.

Cortny's Role

As a client consultant, Cortny performs analysis that incorporates an employer's membership, claim costs and utilization. She analyzes medical trends, plan benefits and plan design, in addition to evaluating market and provider network changes to determine the impact on member enrollment and utilization.

Professional Background

Cortny assumed her current position as Client Consultant in April 2025. Prior to this, she was the Manager of Government Medical Services at BCBSNE. In this previous position, Cortny managed operational aspects and implemented organizational strategies for Medicare Advantage Medical Management. She fostered the development of a high-performing team specializing in utilization management, case management, and appeals, setting priorities to achieve organizational goals. Additionally, she collaborated with providers and Affordable Care Organizations (ACOs) to coordinate medical management pre-authorization and precertification programs and practice tools. Cortny was employed by a large, national consulting firm from 2013 to 2021 where she participated in a variety of health risk solutions, including health analytics activities before coming on board with BCBSNE.

Education, Certifications and Professional Affiliations

Cortny obtained an Associate of Science degree in nursing from the College of Saint Mary in Omaha, NE, in 2011. She went on to achieve a Bachelor of Science degree in nursing from the same institution in 2015 and continues to maintain her Registered Nurse license in Nebraska. In addition, she has earned a Group Benefits Association designation.

M. Renee **Beacom**

Director, Medical Management Services

Michelle.Beacom@NebraskaBlue.com | (402) 982-6040

BLUE CROSS AND BLUE SHIELD OF NEBRASKA

Renee's Role

Michelle Renee (Renee) serves as the Director of Medical Management Services at BCBSNE, providing leadership and oversight to BCBSNE's integrated utilization and care management programs. Renee provides strategic direction for the development and management of clinical programs to enhance healthcare delivery. Additionally, she provides guidance on the implementation of new clinical products and programs, and ensures her teams administer our programs effectively and efficiently while following compliance standards.

Professional Background

Prior to joining BCBSNE in January of 2023 in her current role, Renee served in a variety of health related positions over a diverse and extensive career in healthcare. She has served as a registered nurse working in various healthcare facilities where she honed her clinical skills and patient care expertise, transitioning into manager and director roles in community engagement.

Her career progressed as she took on the role of Manager of Community Engagement for a health plan, where her impactful work led to a promotion to Director within the same organization. Additionally, Renee served as a Medicaid Strategy Consultant, providing valuable guidance on clinical and member engagement strategies for a consulting firm. Her multifaceted experience highlights her dedication to improving healthcare delivery and community health outcomes.

Certifications and Professional Affiliations

In addition to her professional achievements, Renee is a Certified Professional in Healthcare Quality (CPHQ) and remains a registered nurse with a master's degree in public health from the University of Nebraska Medical Center. She is also actively involved in multiple local and national healthcare related associations.

Cindy **Daly**

Director, Claim and Provider Operations

Cindy.Daly@nebraskablue.com | (402) 982-7610

BLUE CROSS AND BLUE SHIELD OF NEBRASKA

Cindy's Role

Cindy Daly serves as the Director of Claim and Provider Operations at BCBSNE. In this role, she oversees all claim processing teams, including those handling local and national commercial lines, Medicare Advantage, Medicare Supplement, Dental, and the Federal Employee Plan (FEP). Additionally, Cindy is responsible for the Provider Operations and Plan-to-Plan teams, ensuring efficient and compliant operations across all these areas.

Professional Background

Before joining BCBSNE in August 2017, Cindy gained extensive experience at a large ancillary insurance company. During her tenure of 23 years with this employer, she worked in Claims Operations, including appeals and complaints. Her exemplary performance led to her promotion to Manager within the same department. In this role, Cindy took on additional responsibilities, including direct collaboration with the Nebraska Department of Insurance to ensure compliance with regulatory requirements.

Education, Certifications and Professional Affiliations

Cindy has an Associate Degree in Business from the Nebraska College of Business.

Lisa **Rock**

Director, Member Services

Lisa.Rock@NebraskaBlue.com | (402) 982-7019

BLUE CROSS AND BLUE SHIELD OF NEBRASKA

Lisa's Role

In her current position as Director of BCBSNE's Member Services department, Lisa's current responsibilities include day-to-day operations of BCBSNE's customer service call center. Lisa is passionate about serving customers and creating a work environment where her team shares the same enthusiasm.

Professional Background

Prior to her recent promotion to her current director role in November of 2024, Lisa was BCBSNE's Customer Service Development Manager, where she was responsible for overseeing training programs, quality assurance, and other support systems and teams. With a remarkable 23-year tenure at BCBSNE, Lisa has demonstrated unwavering dedication to the company and its mission, and she continues to develop and implement strategies to enhance the service experience, improved process efficiencies, and ensure regulatory compliance.

Certifications and Professional Affiliations

In addition to her professional achievements, Lisa is actively involved in volunteer work with United Way of the Midlands, reflecting her dedication to giving back to the community.

Julie **Luedtke**

Director, Enrollment Services

Julie.Luedtke@NebraskaBlue.com | (402) 982-6126

BLUE CROSS AND BLUE SHIELD OF NEBRASKA

Julie's Role

In her current position as Director of Customer Care & Technology, Enrollment Services at BCBSNE, Julie oversees a dedicated team of membership and enrollment services personnel who are responsible for loading eligibility, ordering ID cards, and driving overall process improvements to continually enhance the capabilities of the enrollment system.

Professional Background

Julie began her tenure at BCBSNE in 2000, working within the claims department as a claims auditor, claims team lead, and, in 2008, was promoted to claims manager. Her dedication and expertise led to a shift into the role of Operations Manager within the Enrollment Services area in 2018. Julie excelled in this role until she was further promoted to her current position as Director of Customer Care & Technology, Enrollment Services in February 2025.

Education, Certifications and Professional Affiliations

Julie earned her Bachelor of Communications from Bellevue University in Bellevue, NE.

STATEWIDE COMMUNITY INVESTMENT & SUPPORT from Blue Cross and Blue Shield of Nebraska

Driven by Community

At Blue Cross and Blue Shield of Nebraska (BCBSNE), giving back is who we are. In 2024, we strengthened our commitment to Nebraska through impactful partnerships, awarding grants and donations to programs advancing health and economic vitality to local nonprofits.

We are proud to support our communities throughout the state under multiple avenues of contribution, including cybersecurity donations, teacher and student support through our *Healthy Home Team* grants, our *Nebraska Blue Foundation*, and general sponsorships.

In the last year, BCBSNE and the Nebraska Blue Foundation have provided more than over $1.8 million in financial support to nearly 200 agencies and schools throughout our state.

Nebraska Blue Foundation

To strengthen our company's legacy of investing in Nebraskans we created the *Nebraska Blue Foundation* in 2024. The foundation activates our mission of championing health and well-being for not only our members, but the **communities we serve.** The foundation has provided donations and grants to various community wellness and rural health organizations. In 2025, our inaugural grant cycle awarded $300,000 to 20 organizations focused on preventive care and senior services, helping Nebraskans live healthier, fuller lives. We recently launched our second grant cycle and will invest an additional $200,000 in projects focused on economic vitality and third places (spaces that strengthen social fabric of communities).

In addition to the grant cycles, the Foundation has made strategic investments into programs that address two challenges faced by the health care system in Nebraska – workforce and patient access:

- University of Nebraska-Kearney received $200,000 to complete the Douglas A. Kristensen Rural Health Education Building
- $75,000 was gifted to the Community Wellness Collaborative, specifically to provide CNA and phlebotomy students
- Project Access is led by Health Center Association of Nebraska (HCAN) and builds capacity for federally qualified health centers (FQHCs.) The Foundation will invest $600,000 over three years to support healthcare workforce pipeline building, operational efficiencies, capital improvements and initiatives to improve patient experience.

We are proud of the impact these investments are having on Nebraskans today – and for years to come.

Healthy Home Team
Launched in 2024, the Healthy Home Team initiative supports health and wellness projects in communities statewide. In its first year, the program awarded $500 grants to 100 high schools and a $5,000 grant to North Platte High School's food and essential item pantry.

Engaging our Employees

For more than 30 years, BCBSNE has raised funds for the **United Way of the Midlands (UWM),** a nonprofit dedicated to the educational, financial and health needs of the community. In 2024, employees supported the campaign by volunteering, pledging funds and participating in fundraising events. Team Blue raised over $363,600 through the campaign. Our partnership with UWM also includes BCBSNE's adopt-a-school partner, Conestoga Elementary School. Additionally, UWM recognized BCBSNE with a *Volunteer Organization of the Year* award in 2024. This award honors companies that consistently strive to improve the community through volunteerism.

BCBSNE employees also participated in **Food Bank for the Heartland's** Strike Out Hunger Campaign, taking first place for the most meals donated per employee in the wildcard division, contributing over 17,000 meals to individuals and families in the Heartland.

Our statewide support ranges across a gamut of opportunities to promote health, such as many agencies as noted on the previous page, offering flu shot clinics; coordinating National Walk at Lunch campaigns with our employers; and providing Nebraska schools donations of supplies, computers, and wellness related support. In 2024, we hit our stride by supporting a variety of events in the community, including Born & Raced in Nebraska's 10k series, Crofton Dam Race and Heat the Streets, to name a few.

Investing in the Future Workforce

In 2022, BCBSNE helped launch Ignite Nebraska, an apprenticeship program fueling the way toward a more equitable future. The State of Nebraska (DHHS and DOL) was a key partner in the creation of Ignite and continues to provide ongoing support to program participants. Through this development model, Ignite Nebraska's partners, like BCBSNE, work together to help apprentices succeed.

Since 2012, BCBSNE has been a proud employer partner of the Avenue Scholars program, which helps Omaha area students ages 18 to 25 prepare for and enter financially sustaining, high-demand careers. BCBSNE has hosted 125 Avenue Scholars during their internships.

In Summary

*What truly sets Blue Cross and Blue Shield of Nebraska apart is right there in our name—**"of Nebraska."** We're not just headquartered here; we live here, work here, and play here. Our roots run deep in the communities we serve, giving us a unique understanding of what matters most to Nebraskans. That local insight allows us to deliver more personalized, responsive and compassionate care. Because when you're "of Nebraska," you're not just part of a company—you're part of a community.*

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

SCOPE OF SERVICE

The State of Nebraska (State), Department of Administrative Services (DAS), Materiel Division, State Purchasing Bureau (SPB), is issuing this solicitation for a service contract for the purpose of selecting a qualified bidder to provide Administrative Support Services for the State of Nebraska Employee Health Care Prescription Drug Benefit Plans. A more detailed description can be found in Section V. The resulting contract may not be an exclusive contract as the State reserves the right to contract for the same or similar services from other sources now or in the future.

The term of the contract will commence upon execution of the contract by the State and the Vendor through June 30, 2029.. The Contract includes the option to renew for two (2) additional one (1) year renewal periods upon mutual agreement of the Parties. The State reserves the right to extend the period of this contract beyond the termination date when mutually agreeable to the Parties.

In the event that a contract with the awarded bidder(s) is cancelled or in the event that the State needs additional Vendors to supply the solicited services, this solicitation may be used to procure the solicited services for up to eighteen (18) months from the date the Intent to Award is posted, provided that 1) the solicited goods or services will be provided by a bidder (or a successive owner) who submitted a response pursuant to this solicitation, 2) the bidder's solicitation response was evaluated, and 3) the bidder will honor the bidder's original solicitation response, including the proposed cost, allowing for any price increases that would have otherwise been allowed if the bidder would have received the initial award.

ALL INFORMATION PERTINENT TO THIS SOLICITATION CAN BE FOUND ON THE INTERNET AT: https://das.nebraska.gov/materiel/bidopps.html.

IMPORTANT NOTICE: Pursuant to Neb. Rev. Stat. § 84-602.04, State contracts in effect as of January 1, 2014, and contracts entered into thereafter, must be posted to a public website. The resulting contract, the Solicitation, and the awarded solicitation response will be posted to a public website managed by DAS, which can be found at http://statecontracts.nebraska.gov and https://www.nebraska.gov/das/materiel/purchasing/contract_search/index.php.

In addition and in furtherance of the State's public records Statute (Neb. Rev. Stat. § 84-712 et seq.), all responses received regarding this Solicitation will be posted to the State Purchasing Bureau public website.

These postings will include the entire solicitation response. Bidder must request that proprietary information be excluded from the posting. The bidder must identify the proprietary information, mark the proprietary information according to state law, and submit the proprietary information in a separate file named conspicuously as "PROPRIETARY INFORMATION". The bidder should submit a detailed written document showing that the release of the proprietary information would give a business advantage to named business competitor(s) and explain how the named business competitor(s) will gain an actual business advantage by disclosure of information. The mere assertion that information is proprietary or that a speculative business advantage might be gained is not sufficient. (See Attorney General Opinion No. 92068, April 27, 1992). **THE BIDDER MAY NOT ASSERT THAT THE ENTIRE SOLICITATION IS PROPRIETARY. COST SHEETS WILL NOT BE CONSIDERED PROPRIETARY AND ARE A PUBLIC RECORD IN THE STATE OF NEBRASKA.** The State will determine, in its sole discretion, if the disclosure of the information designated by the Bidder as proprietary would 1) give advantage to business

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

competitors and 2) serve no public purpose. The Bidder will be notified of the State's decision. Absent a determination by the State that the information may be withheld pursuant to Neb. Rev. Stat. § 84-712.05, the State will consider all information a public record subject to disclosure.

If the State determines it is required to release withheld proprietary information, the bidder will be informed. It will be the bidder's responsibility to defend the bidder's asserted interest in non-disclosure.

To facilitate such public postings, with the exception of proprietary information, the State of Nebraska reserves a royalty-free, nonexclusive, and irrevocable right to copy, reproduce, publish, post to a website, or otherwise use any contract, or solicitation response for any purpose, and to authorize others to use the documents. Any individual or entity awarded a contract, or who submits a solicitation response, specifically waives any copyright or other protection the contract, or solicitation response may have; and acknowledges that they have the ability and authority to enter into such waiver. This reservation and waiver are a prerequisite for submitting a solicitation response, and award of a contract. Failure to agree to the reservation and waiver will result in the solicitation response being found non-responsive and rejected.

Any entity awarded a contract or submitting a solicitation response agrees not to sue, file a claim, or make a demand of any kind, and will indemnify and hold harmless the State and its employees, volunteers, agents, and its elected and appointed officials from and against any and all claims, liens, demands, damages, liability, actions, causes of action, losses, judgments, costs, and expenses of every nature, including investigation costs and expenses, settlement costs, and attorney fees and expenses, sustained or asserted against the State, arising out of, resulting from, or attributable to the posting of the contract or solicitation response, awards, and other documents.

This RFP and Bidder response to all attachments associated with this RFP, including all subsequent documents provided during this RFP process, will become part of the contract terms and policy between the parties.

Blue Cross and Blue Shield of Nebraska (BCBSNE) acknowledges these Scope of Service requirements.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

GLOSSARY OF TERMS

Acceptance Test Procedure: Benchmarks and other performance criteria, developed by the State or other sources of testing standards, for measuring the effectiveness of products or goods and the means used for testing such performance

Addendum: A written correction or alteration to a document during the solicitation process (e.g., Questions and Answers, Revised Schedule of Events, Addendum to Contract Award)

Agency: All officers of the state, departments, bureaus, boards, commissions, councils, and institutions receiving legislative appropriations

Agent/Representative: A person authorized to act on behalf of another

Amend: To alter or change by adding, subtracting, or substituting

Amendment: A written correction or alteration to a document

Appropriation: Legislative authorization to expend public funds for a specific purpose; money set apart for a specific use

Automated Clearing House (ACH): Electronic network for financial transactions in the United States

Award: All purchases, leases, or contracts which are based on competitive solicitations will be awarded according to the provisions in the solicitation

Best and Final Offer (BAFO): In a competitive solicitation, the final offer submitted which contains Vendor's most favorable terms for price

Bid: See Solicitation Response

Bid Opening: The process of opening correctly submitted solicitation responses at the time and place specified in the written solicitation and in the presence of any bidder who wishes to attend

Bidder: A Vendor who submits a Solicitation Response

Breach: Violation of a contractual obligation by failing to perform or repudiation of one's own promise

Business: Any corporation, partnership, individual, sole proprietorship, joint-stock company, joint venture, or any other private legal entity

Business Day: Any weekday, except State-recognized holidays

Calendar Day: Every day shown on the calendar including Saturdays, Sundays, and State/Federal holidays

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

Cancellation: To call off or revoke a solicitation, purchase order, or contract without expectation of conducting or performing at a later time

Catalog/Non-Core: A printed or electronic list of products a Vendor may provide at a discounted rate or discount off list price to the State. Initial contract award(s) is not based on Catalog/Non-Core items

Central Processing Unit (CPU): Any computer or computer system that is used by the State to store, process, or retrieve data or perform other functions using Operating Systems and applications software

Change Order: Document that provides amendments to an executed purchase order or contract

Collusion: An agreement or cooperation between two or more persons or entities to accomplish a fraudulent, deceitful, or unlawful purpose

Commodities: Any equipment, material, supply, or goods; anything movable or tangible that is provided or sold

Commodities Description: Detailed descriptions of the items to be purchased; may include information necessary to obtain the desired quality, type, color, size, shape, or special characteristics necessary to perform the work intended to produce the desired results

Competition: The effort or action of two or more commercial interests to obtain the same business from third parties

Confidential Information: See Proprietary Information

Contract: An agreement between two or more parties creating obligations that are enforceable or otherwise recognizable at law; the writing that sets forth such an agreement

Contract Administration: The management of the contract which includes and is not limited to contract signing, contract amendments and any necessary legal actions

Contract Award: Document that officially awards a contract to a bidder(s) as the result of a competitive solicitation or a vendor(s) in a contract that qualifies for an exception or exemption from the competitive bidding requirements of the State Procurement Act

Contract Management: The management of day-to-day activities at the agency which includes but is not limited to ensuring deliverables are received, specifications are met, handling meetings and making payments to the Vendor

Contract Period: The duration of the contract

Contractor: See Vendor

Cooperative Purchasing: The combining of requirements of two or more political entities to obtain advantages of volume purchases, reduction in administrative expenses or other public benefits

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

Copyright: A property right in an original work of authorship fixed in any tangible medium of expression, giving the holder the exclusive right to reproduce, adapt and distribute the work

Cost Sheet: A required document that is completed by the vendor in the prescribed format to show the vendor's pricing to provide the commodities or perform the services requested.

Critical Program Error: Any Program Error, whether or not known to the State, which prohibits or significantly impairs use of the Licensed Software as set forth in the documentation and intended in the contract

Customer Service: The process of ensuring customer satisfaction by providing assistance and advice on those commodities or services provided by a Vendor

Default: The omission or failure to perform a contractual duty

Deviation: Any proposed change(s) or alteration(s) to either the terms and conditions or deliverables within the scope of the written solicitation or contract

Evaluation: The process of examining a solicitation response after opening to determine the bidder's responsibility, responsiveness to requirements, and to ascertain other characteristics of the solicitation response that relate to determination of the successful award

Evaluation Committee: Individual(s) identified by the agency that leads the solicitation to evaluate solicitation responses

Extension: Continuance of a contract for a specified duration upon the agreement of the parties beyond the original Contract Period; not to be confused with "Renewal Period"

Free on Board (F.O.B.) Destination: The delivery charges are included in the quoted price and prepaid by the Vendor. Vendor is responsible for all claims associated with damages during delivery of product.

Free on Board (F.O.B.) Point of Origin: The delivery charges are not included in the quoted price and are the responsibility of the agency. Agency is responsible for all claims associated with damages during delivery of product

Foreign Corporation: A foreign corporation that was organized and chartered under the laws of another state, government, or country

Goods: See Commodities

Installation Date: The date when the procedures described in "Installation by Vendor" and "Installation by State" as found in the solicitation or contract are completed

Interested Party: A person acting in their personal capacity or an entity entering into a contract or other agreement creating a legal interest therein

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

Late Solicitation Response: A solicitation response received after the Opening Date and Time

Licensed Software Documentation: The user manuals and any other materials in any form or medium customarily provided by the Vendor to the users of the Licensed Software which will provide the State with sufficient information to operate, diagnose, and maintain the Licensed Software properly, safely, and efficiently

Mandatory: Required, compulsory, or obligatory

May: Discretionary, permitted; used to express possibility

Module (see System): A collection of routines and data structures that perform a specific function of software

Must: See Shall

National Institute for Governmental Purchasing (NIGP): National Institute of Governmental Purchasing – Source used for assignment of universal commodity codes to goods and services

Non-core: See Catalog

Non-Responsive Solicitation Response: Any solicitation response that does not comply with the requirements of the solicitation or cannot be evaluated against the other solicitation responses

Nonnegotiable: These clauses are controlled by state law and are not subject to negotiation

Opening Date and Time: Specified date and time for the opening of received, labeled, and sealed formal solicitation responses

Operating System: The control program in a computer that provides the interface to the computer hardware and peripheral devices, and the usage and allocation of memory resources, processor resources, input/output resources, and security resources

Outsourcing: The contracting out of a business process that an organization may have previously performed internally or for which an organization has a new need to an independent organization from which the process is purchased back

Payroll & Financial Center (PFC): Electronic procurement system of record

Performance Bond: An insurance agreement accompanied by a monetary commitment by which a third party (the surety) accepts liability and guarantees that the Vendor fulfills any and all obligations under the contract

Personal Property: See Commodities

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

Platform: A specific hardware and Operating System combination that is different from other hardware and Operating System combinations to the extent that a different version of the Licensed Software product is required to execute properly in the environment established by such hardware and Operating System combination

Point of Contact (POC): The person designated to receive communications and to communicate

Product: Something that is distributed commercially for use or consumption and that is usually (1) tangible personal property, (2) the result of fabrication or processing, and (3) an item that has passed through a chain of commercial distribution before ultimate use or consumption

Program Error: Code in Licensed Software that produces unintended results or actions or that produces results or actions other than those described in the specifications. A program error includes, without limitation, any Critical Program Error.

Program Set: The group of programs and products, including the Licensed Software specified in the solicitation, plus any additional programs and products licensed by the State under the contract for use by the State

Project: The total scheme, program, or method worked out for the accomplishment of an objective, including all documentation, commodities, and services to be provided under the contract

Proposal: See Solicitation Response

Proprietary Information: Trade secrets, academic and scientific research work that is in progress and unpublished or other information that if released would give advantage to business competitors and service no public purpose. See Neb. Rev. Stat. § 84-712.05(3). In accordance with Attorney General Opinions 92068 and 97033, proof that information is proprietary requires identification of specific named competitor(s) advantaged by release of the information and the demonstrated advantage the named competitor(s) would gain by the release of information.

Protest/Grievance:
A complaint about a governmental action or decision related to the solicitation or resultant contract under SPB's Protest Policy.

Quote: See Solicitation Response

Recommended Hardware Configuration: The data processing hardware (including all terminals, auxiliary storage, communication, and other peripheral devices) to the extent used by the State as recommended by the Vendor

Release Date: The date of public release of the solicitation

Renewal Period: Optional contract periods subsequent to the original Contract Period for a specified duration with previously agreed to terms and conditions; not to be confused with "Extension"

Request for Proposal (RFP): See Solicitation

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

Responsible Bidder: A Vendor who has the capability in all respects to perform fully and lawfully all requirements with integrity and reliability to assure good faith performance

Responsive Bidder: A Vendor who has submitted a solicitation response which conforms to all requirements of the solicitation

Shall: An order/command; mandatory

Should: Expected; suggested, but not necessarily mandatory

Software License: Legal instrument with or without printed material that governs the use or redistribution of licensed software

Solicitation: A formal invitation to receive quotes in the form of a Request for Proposal or Invitation to Bid

Solicitation Bond: An insurance agreement, accompanied by a monetary commitment, by which a third party (the surety) accepts liability and guarantees that the Vendor will not withdraw the solicitation response

Solicitation Conference: A meeting scheduled for the purpose of clarifying a written solicitation and related expectations

Solicitation Response: An offer, quote, bid, or proposal submitted by a Vendor in response to a Solicitation

Specifications: The detailed statement, especially of the measurements, quality, materials, and functional characteristics, or other items to be provided under a contract

Subcontractor: Individual or entity with whom the Vendor enters a contract to perform a portion of the work awarded to the Vendor

System (see Module): Any collection or aggregation of two (2) or more Modules that is designed to function, or is represented by the Vendor as functioning or being capable of functioning, as an entity

Termination:
Occurs when either Party, under a power created by agreement or law, puts an end to the contract prior to the stated expiration date; all obligations that are still executory on both sides are discharged but any right based on prior breach or performance survives

Third-Party: Any person or entity, including but not limited to fiduciaries, shareholders, owners, officers, managers, employees, legally disinterested persons, and subcontractors or agents, and their employees. It shall not include any entity or person who is an interested party to the contract or agreement

Trade Secret: Information, including but not limited to, a drawing, formula, pattern, compilation, program, device, method, technique, code, or process that (a) derives independent economic value, actual or potential, from not being known to, and not being ascertainable by proper means by, other persons who can obtain economic value

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

from its disclosure or use; and (b) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy (see Neb. Rev. Stat. § 87-502(4))

Trademark: A word, phrase, logo, or other graphic symbol used by a manufacturer or Vendor to distinguish its product from those of others, registered with the U.S. Patent and Trademark Office

Upgrade: Any change that improves or alters the basic function of a product of service

Vendor: An individual or entity lawfully conducting business with the State. or licensed to do so, who seeks to provide and contract for goods or services under the terms of a Solicitation and/or Contract

Vendor Performance Report: A report completed by the using agency and submitted to State Purchasing Bureau documenting products or services delivered or performed which exceed or fail to meet the terms of the purchase order, contract, and/or solicitation specifications

Will: See Shall

Work Day: See Business Day

BCBSNE acknowledges the above glossary of terms.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

ACRONYM LIST

ACH – Automated Clearing House

ARO – After Receipt of Order

BAFO – Best and Final Offer

SPB – State Purchasing Bureau

BCBSNE acknowledges the above acronym list.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

I. PROCUREMENT PROCEDURE

A. GENERAL INFORMATION

This solicitation is designed to solicit responses from qualified bidders who will be responsible for providing Administrative Support Services for the State of Nebraska Employee Health Care Prescription Drug Benefit Plans at a competitive and reasonable cost.

Solicitation responses shall conform to all instructions, conditions, and requirements included in the solicitation. Prospective bidders are expected to carefully examine all documents, schedules, and requirements in this solicitation, and respond to each requirement in the format prescribed. Solicitation responses may be found non-responsive if they do not conform to the solicitation.

BCBSNE acknowledges these general requirements.

B. PROCURING OFFICE AND COMMUNICATION WITH STATE STAFF AND EVALUATORS

Procurement responsibilities related to this solicitation reside with the State Purchasing Bureau. The point of contact (POC) for the procurement is as follows:

RFP Number: 122436 O5
Name: Brook Taylor, Procurement Contract Officer
Agency: State Purchasing Bureau
Address: 1526 K Street, Suite 130
Lincoln, NE 68508
Telephone: 402-471-6500
E-Mail: as.materielpurchasing@nebraska.gov

From the date the solicitation is issued until the Intent to Award is issued, communication from the bidder is limited to the POC listed above. After the Intent to Award is issued, the bidder may communicate with individuals the State has designated as responsible for negotiating the contract on behalf of the State. No member of the State Government, employee of the State, or member of the Evaluation Committee is empowered to make binding statements regarding this solicitation. The POC will issue any answers, clarifications, or amendments regarding this solicitation in writing. Only the SPB or awarding agency can award a contract. Bidders shall not have any communication with or attempt to communicate or influence any evaluator involved in this solicitation.

The following exceptions to these restrictions are permitted:

1. Contact made pursuant to pre-existing contracts or obligations;

2. Contact required by the schedule of events or an event scheduled later by the POC; and

3. Contact required for negotiation and execution of the final contract.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

The State reserves the right to reject a bidder's solicitation response, withdraw an Intent to Award, or terminate a contract if the State determines it to be in the best interest of the State

BCBSNE acknowledges these statements.

C. SCHEDULE OF EVENTS

The State expects to adhere to the procurement schedule shown below, but all dates are approximate and subject to change.

NOTE: All ShareFile links in the Schedule of Events below, are unique links for each schedule step. Please click the correct link for the upload step you are requesting.

Schedule of Events		
ACTIVITY		**DATE/TIME**
1.	Release solicitation	June 9, 2025
2.	Last day to submit "Attachment A - Intent to Propose Form" **See Section I.H. for submission instructions.**	June 18, 2025

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

BCBSNE acknowledges the schedule of events.

D. WRITTEN QUESTIONS AND ANSWERS

Questions regarding the meaning or interpretation of any solicitation provision must be submitted in writing to State Purchasing Bureau and clearly marked "Solicitation Number 122436 O5; Administrative Support Services for the State of Nebraska Employee Health Care Prescription Drug Benefit Plans Questions". The POC is not obligated to respond to questions that are received late per the Schedule of Events.

Bidders should submit questions for any items upon which assumptions may be made when preparing a response to the solicitation. Any solicitation response containing assumptions may be deemed non-responsive and may be rejected by the State. Solicitation responses will be evaluated without consideration of any known or unknown assumptions of a bidder. The contract will not incorporate any known or unknown assumptions of a bidder.

Questions should be uploaded using the ShareFile link provided in the solicitation Schedule of Events, Section I.C.
It is recommended that bidders submit questions using the following format:

RFP Section Reference	RFP Page Number	Question

Written answers will be posted at https://das.nebraska.gov/materiel/bidopps.html per the Schedule of Events.

BCBSNE acknowledges these requirements.

E. SECRETARY OF STATE/TAX COMMISSIONER REGISTRATION REQUIREMENTS (Nonnegotiable)

All bidders must be authorized to transact business in the State of Nebraska and comply with all Nebraska Secretary of State Registration requirements. The bidder who is the recipient of an Intent to Award may be required to certify that it has complied and produce a true and exact copy of its current (within ninety (90) calendar days of the intent to award) Certificate or Letter of Good Standing, or in the case of a sole proprietorship, provide written documentation of sole proprietorship and complete the United States Citizenship Attestation Form, available on the Department of Administrative Services website at: https://das.nebraska.gov/materiel/docs/pdf/Individual%20or%20Sole%20Proprietor%20United%20States%20Attestation%20Form%20English%20and%20Spanish.pdf This should be accomplished prior to execution of the contract.

BCBSNE agrees with this requirement and will provide our Certificate of Letter of Good Standing upon request.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

F. ETHICS IN PUBLIC CONTRACTING

The State reserves the right to reject solicitation responses, withdraw an intent to award or award, or terminate a contract if an ethical violation has been committed, which includes, but is not limited to:

0. Offering or giving, directly or indirectly, a bribe, fee, commission, compensation, gift, gratuity, or anything of value to any person or entity in an attempt to influence the bidding process;
1. Utilizing the services of lobbyists, attorneys, political activists, or consultants to influence or subvert the bidding process;
2. Being considered for, presently being, or becoming debarred, suspended, ineligible, or excluded from contracting with any state or federal entity:
3. Submitting a solicitation response on behalf of another Party or entity; and
4. Colluding with any person or entity to influence the bidding process, submit sham solicitation responses, preclude bidding, fix pricing or costs, create an unfair advantage, subvert the solicitation response, or prejudice the State.

The bidder shall include this clause in any subcontract entered into for the exclusive purpose of performing this contract.

Bidder shall have an affirmative duty to report any violations of this clause by the bidder throughout the bidding process and throughout the term of this contract for the awarded bidder and their subcontractors.

BCBSNE acknowledges these requirements. Regarding the subcontract requirement, BCBSNE is not proposing any subcontracted arrangement that is exclusive to the State of Nebraska contract.

G. DEVIATIONS FROM THE SOLICITATION

The requirements contained in the solicitation (Sections II through VI) become a part of the terms and conditions of the contract resulting from this solicitation. Any deviations from the solicitation in Sections II through VI must be clearly defined by the bidder in its solicitation response and, if accepted by the State, will become part of the contract. Any specifically defined deviations must not be in conflict with the basic nature of the solicitation, requirements, or applicable state or federal laws or statutes. “Deviation”, for the purposes of this solicitation, means any proposed changes or alterations to either the contractual language or deliverables within the scope of this solicitation. The State discourages deviations and reserves the right to reject proposed deviations.

BCBSNE acknowledges this requirement. We have included RFP deviations in our response as EXHIBIT A.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

H. SECURE DATA

If Bidder intends to submit a proposal for this procurement, and wishes to access the secure data (e.g., claims, census, etc.) in connection with this procurement, please complete the Intent to Propose Form attached to this RFP. The Intent to Propose Form is to be emailed to mcasarez@segalco.com. Upon receipt of the Intent to Propose Form, Segal, the State's Health and Actuarial Consultant, will review its files for a current Global or Bid-Related NDA/Confidentiality Agreement. If there is a NDA/Confidentiality Agreement on file with Segal, Segal will send an email to the Bidder, with the existing, fully executed agreement on file to confirm it may be used in connection with this RFP. Once confirmed, Segal will send the data securely to the interested Bidder, using the designated data contact information in the Intent to Propose Form, as appropriate. If there is no NDA/Confidentiality Agreement on file with Segal, an NDA document will be issued to the interested Bidder for signature. **Verbiage is non-negotiable.** Upon receipt of the newly signed NDA, or confirmation of an existing NDA on file, the data will be securely released to the Offeror via Segal's Secure File Transfer (SFT) system. Bidders must register to use the SFT site in order to obtain the data.

Secure data will not be released until Bidder's Intent to Propose form is submitted and a signed NDA between the Vendor and Segal is in place.

BCBSNE acknowledges this requirement. BCBSNE's Intent to Propose form was submitted to the email address above on June 9, 2025, our signed NDA was submitted June 12, 2025, and data files were received on June 17, 2025. The State posted a revised pharmacy data file July 1, 2025.

I. SUBMISSION OF SOLICITATION RESPONSES

The State is only accepting electronic responses submitted in accordance with this solicitation. The State will not accept solicitation responses by mail, email, voice, or telephone, unless otherwise explicitly stated in writing by the State.

Pages may be consecutively numbered for the entire solicitation response or may be numbered consecutively within sections. Figures and tables should be numbered and referenced in the text by that number. They should be placed as close as possible to the referencing text.

The Technical Responses should not contain any reference to dollar amounts. However, information such as data concerning labor hours and categories, materials, subcontracts and so forth, shall be considered in the Technical Response so that the bidder's understanding of the scope of work may be evaluated. The Technical Response shall disclose the bidder's technical requirements in as much detail as possible, including, but not limited to, the information required by the Technical Response instructions.

It is the bidder's responsibility to ensure the solicitation response is received electronically by the date and time indicated in the Schedule of Events. Solicitation Responses must be submitted via ShareFile by the date and time of the opening per the Schedule of Events. No late solicitation responses will be accepted.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

It is the responsibility of the bidder to check the website for all information relevant to this solicitation to include addenda and/or amendments issued prior to the opening date. The website can be found here: https://das.nebraska.gov/materiel/bidopps.html.

Emphasis should be concentrated on conformance to the solicitation instructions, responsiveness to requirements, completeness, and clarity of content. If the solicitation response is presented in such a fashion that makes evaluation difficult or overly time consuming the State reserves the right to reject the solicitation response as non-conforming.

BCBSNE acknowledges the above requirements.

The ShareFile link for uploading Solicitation Response(s) is provided in the Schedule of Events, Section I.C.

*****UNLESS OTHERWISE NOTED, DO NOT SUBMIT DOCUMENTS THAT CAN ONLY BE ACCESSED WITH A PASSWORD*****

1. **Bidders must submit responses via ShareFile using the solicitation submission link.**
   Note: Not all browsers are compatible with ShareFile. Currently Google Chrome, Internet Explorer, Microsoft Edge, Safari, and Firefox are compatible. After the bidder clicks the solicitation response submission link, the bidder will be prompted to enter contact information including an e-mail address. By entering an e-mail address, the bidder should receive a confirmation email confirming the successful upload directly from ShareFile.

   ShareFile link for uploading solicitation response(s) provided in the Schedule of Events, Section I.C.

   a. The Solicitation response and Proprietary information should be uploaded as separate and distinct files.

      i. If duplicated responses are submitted, the State will retain only the most recently submitted response.
      ii. If it is the bidder's intent to submit multiple responses, the bidder must clearly identify the separate submissions.
      iii. It is the bidder's responsibility to allow time for electronic uploading. All file uploads must be completed by the Opening date and time per the Schedule of Events. No late responses will be accepted.

      BCBSNE acknowledges the above instructions.

   b. ELECTRONIC SOLICITATION RESPONSE FILE NAMES
      The bidder should clearly identify the uploaded solicitation response files. To assist in identification the bidder should use the following naming convention:
      i. 122436 O5 Company Name

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

If multiple files are submitted for one solicitation response, add number of files to file names:
122436 O5 Company Name File 1 of 2
122436 O5 Company Name File 2 of 2

ii. If multiple responses are submitted for the same solicitation, add the response number to the file names:
122436 O5 Company Name Response 1 File 1 of 2

BCBSNE acknowledges the above instructions. We have named our proposal files according to this naming requirement.

The "Contractual Agreement Form" must be signed manually in ink or by DocuSign and returned by the opening date and time along with the bidder's solicitation response and any other requirements as stated in this solicitation in order for the bidder's solicitation response to be evaluated.

By signing this Contractual Agreement Form, the bidder guarantees compliance with the provisions stated in this solicitation and agrees to the terms and conditions unless otherwise indicated in writing.

BCBSNE acknowledges this Contractual Agreement Form requirement. We have included our DocuSigned form within the SIGNED FORMS section of our TECHNICAL bid response.

J. SOLICITATION PREPARATION COSTS

The State shall not incur any liability for any costs incurred by bidder's in replying to this solicitation, including any activity related to bidding on this solicitation.

BCBSNE acknowledges the above requirement.

K. FAILURE TO COMPLY WITH SOLICITATION

Violation of the terms and conditions contained in this solicitation or any resultant contract, at any time before or after the award, shall be grounds for action by the State which may include, but is not limited to, the following:

1. Rejection of a bidder's solicitation response,
2. Withdrawal of the Intent to Award,
3. Withdrawal of the Award,
4. Negative documentation regarding Vendor Performance,
5. Termination of the resulting contract,
6. Legal action; and
7. Suspension or Debarment of the bidder from further bidding with the State for the period of time relative to the seriousness of the violation. Such period to be within the sole discretion of the State.

BCBSNE acknowledges the above compliance requirements.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

L. SOLICITATION RESPONSE CORRECTIONS

A bidder may correct a mistake in an electronically submitted solicitation response prior to the time of opening by uploading a revised and completed solicitation response.

1. If a corrected electronic solicitation response is submitted, the file name(s) date/time stamped with latest date/time stamp will be accepted. The corrected solicitation response file name(s) should be identified as:

    a. Corrected 122436 O5 Company Name Response #1 File 1 of 2,
    b. Corrected 122436 O5 Company Name Response #2 File 2 of 2, etc.

Changing a solicitation response after opening may be permitted if the change is made to correct a minor error that does not affect price, quantity, quality, delivery, or contractual conditions. In case of a mathematical error in extension of price, unit price shall govern.

BCBSNE acknowledges the above instructions.

M. LATE SOLICITATION RESPONSES

Solicitation Responses received after the time and date of the opening will be considered late responses. Late responses will be considered non-responsive. The State is not responsible for responses that are late or lost regardless of cause or fault.

BCBSNE acknowledges the above requirements.

N. BID OPENING

The opening will consist of opening solicitation responses and announcing the names of bidders. Responses **WILL NOT** be available for viewing by those present at the opening. Responses will be posted to the State Purchasing Bureau website once an Intent to Award has been posted to the website. Once responses are opened, they become the property of the State of Nebraska and will not be returned.

BCBSNE acknowledges the above statement.

O. SOLICITATION REQUIREMENTS

The solicitation responses will first be examined to determine if all requirements listed below have been addressed and whether further evaluation is warranted. Solicitation responses not meeting the requirements may be rejected as non-responsive. The requirements are as follows:

1. Original Contractual Agreement Form signed manually in ink or by DocuSign;
2. Clarity and responsiveness;
3. Completed Corporate Overview;
4. Completed Sections II through IV;

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

5. Completed Technical Response, including Attachment C - Confirmations & Questionnaire;
6. Completed Attachment A - Intent to Propose Form;
7. Completed Attachment B - Business Associate Agreement;
8. Completed Attachment D - Performance Guarantee Sheet; and
9. Completed Cost Sheet.

BCBSNE confirms we have addressed the above solicitation requirements.

P. EVALUATION COMMITTEE

Solicitation Responses are evaluated by members of an Evaluation Committee(s). The Evaluation Committee(s) will consist of individuals selected at the discretion of the State. Names of the members of the Evaluation Committee(s) will not be published prior to the intent to award.

Any contact, attempted contact, or attempt to influence an evaluator that is involved with this Solicitation may result in the rejection of this response and further administrative actions.

BCBSNE acknowledges the above statements.

Q. EVALUATION OF SOLICITATION RESPONSES

All solicitation responses that are deemed responsive to the solicitation will be evaluated. Each evaluation category will have a maximum point potential. The State will conduct a fair, impartial, and comprehensive evaluation of all responses in accordance with the criteria set forth below. Areas that will be addressed and scored during the evaluation include:

1. Corporate Overview may include, but is not limited to:

    a. the ability, capacity, and skill of the bidder to deliver and implement the system or project that meets the requirements of the Solicitation;
    b. the character, integrity, reputation, judgment, experience, and efficiency of the bidder;
    c. whether the bidder can perform the contract within the specified time frame;
    d. the bidder's historical or current performance; and
    e. such other information that may be secured and that has a bearing on the decision to award the contract.

BCBSNE has addressed the above requirements within our completed CORPORATE OVERVIEW within the TECHNICAL RESPONSE.

In evaluating the corporate overview, the State may consider, past experiences with the vendor, references, the State's record of the vendor which may include, but is not limited to Vendor Compliance Request, Contract Non-Compliance Notice, vendor performance reports, and any information related to the vendor's historical or current character, integrity, reputation, capability, or performance with the State or a third-party.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

2. Technical Response; and

BCBSNE acknowledges the above statement and has included our completed TECHNICAL RESPONSE.

3. Cost Sheet.

BCBSNE acknowledges the above statement and has included our completed COST PROPOSAL.

Neb. Rev. Stat. § 73-808 allows the State to consider a variety of factors, including, but not limited to, the quality of performance of previous contracts to be considered when evaluating responses to competitive solicitations in determining a responsible bidder. Information obtained from any Contract Compliance Request or any Contract Non-Compliance Notice (See Terms & Conditions, Section H) may be used in evaluating responses to solicitations for goods and services to determine the best value for the State.

BCBSNE acknowledges the above statement.

Neb. Rev. Stat. § 73-107 allows for a preference for a resident disabled veteran or business located in a designated enterprise zone. When a state contract is to be awarded to the lowest responsible bidder, a resident disabled veteran or a business located in a designated enterprise zone under the Enterprise Zone Act shall be allowed a preference over any other resident or nonresident bidder, if all other factors are equal.

Resident disabled veterans means any person (a) who resides in the State of Nebraska, who served in the United States Armed Forces, including any reserve component or the National Guard, who was discharged or otherwise separated with a characterization of honorable or general (under honorable conditions), and who possesses a disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense and (b)(i) who owns and controls a business or, in the case of a publicly owned business, more than fifty percent of the stock is owned by one or more persons described in (a) of this paragraph and (ii) the management and daily business operations of the business are controlled by one or more persons described in (a) of this paragraph. Any contract entered into without compliance with this section shall be null and void.

Therefore, if a resident disabled veteran or business located in a designated enterprise zone submits a solicitation response in accordance with Neb. Rev. Stat. § 73-107 and has so indicated on the Contractual Agreement Form under “Vendor must complete the following” requesting priority/preference to be considered in the award of this contract, the following will need to be submitted by the Vendor within ten (10) business days of request:

1. Documentation from the United States Armed Forces confirming service,
2. Documentation of discharge or otherwise separated characterization of honorable or general (under honorable conditions),

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

3. Disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense; and
4. Documentation which shows ownership and control of a business or, in the case of a publicly owned business, more than fifty percent of the stock is owned by one or more persons described in subdivision (a) of this subsection; and the management and daily business operations of the business are controlled by one or more persons described in subdivision (a) of this subsection.

Failure to submit the requested documentation within ten (10) business days of notice will disqualify the bidder from consideration of the preference.

BCBSNE acknowledges the above statements.

R. BEST AND FINAL OFFER

Each bidder should provide its best offer with their original solicitation response and should not expect the State to request a best and final offer (BAFO).

The State reserves the right to conduct more than one BAFO. If requested by the State, the BAFO must be submitted on the BAFO Cost Sheet and in accordance with the State's instructions. Failure to submit a requested BAFO or failure to submit a BAFO in accordance with the State's instructions may result in rejection of the bidder's entire solicitation response. BAFOs may be scored and ranked by the Evaluation Committee.

BCBSNE acknowledges the above instructions.

S. REFERENCE AND CREDIT CHECKS

The State reserves the right to conduct and consider reference and credit checks. The State reserves the right to use third parties to conduct reference and credit checks. By submitting a solicitation response, the bidder grants to the State the right to contact or arrange a visit in person with any or all of the bidder's clients. Reference and credit checks may be grounds to reject a solicitation response, withdraw an intent to award, or rescind the award of a contract.

BCBSNE acknowledges the above requirements.

T. AWARD

The State reserves the right to evaluate solicitation responses and award contracts in a manner utilizing criteria selected at the State's discretion and in the State's best interest. After evaluation of the solicitation responses, or at any point in the Solicitation process, the State of Nebraska may take one or more of the following actions:

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

1. Amend the solicitation;
2. Extend the date and time of a solicitation;
3. Waive deviations or errors in the State's solicitation process and in bidder responses that are not material, do not compromise the solicitation process or a bidder's response, and do not improve a Vendor's competitive position;
4. Accept or reject a portion of or all of a solicitation response;
5. Accept or reject all responses;
6. Withdraw the solicitation;
7. Elect to re-release the solicitation;
8. Award single lines or multiple lines to one or more Vendors; or,
9. Award one or more all-inclusive contracts.

The solicitation does not commit the State to award a contract. Once intent to award decision has been determined, it will be posted to the Internet at: https://das.nebraska.gov/materiel/bidopps.html

Any protests must be filed by a bidder within ten (10) business days after the intent to award decision is posted to the Internet. Grievance and protest procedure is available on the Internet at: https://das.nebraska.gov/materiel/docs/NE_DAS_Materiel_Purchasing_Agency-SPB_Policy_23_07_Protest_Policy.pdf

BCBSNE acknowledges the above statements.

U. LUMP SUM OR "ALL OR NONE" SOLICITATION RESPONSES

The State reserves the right to purchase item-by-item, by groups or as a total when the State may benefit by so doing. Bidders may submit a response on an "all or none" or "lump sum" basis but should also submit a response on an item-by-item basis. The term "all or none" means a conditional response which requires the purchase of all items on which responses are offered and bidder declines to accept award on individual items; a "lump sum" response is one in which the bidder offers a lower price than the sum of the individual responses if all items are purchased but agrees to deliver individual items at the prices quoted.

"LUMP SUM" OR "ALL OR NONE" RESPONSES SHOULD BE CLEARLY IDENTIFIED ON THE FIRST PAGE OF THE SOLICITATION AND COST SHEET (IF APPLICABLE)

BCBSNE acknowledges the above instructions.

V. REJECTION OF SOLICITATION RESPONSES

The State reserves the right to reject any or all responses, wholly or in part, in the best interest of the State.

BCBSNE acknowledges the above statement.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

W. PRICES & COST CLARIFICATION

Discount and Price provisions are discussed in Sections III.F. and III.G. The State reserves the right to review all aspects of cost for reasonableness and realism as those terms are defined in (Neb. Rev. Stat. § 73-810 (1) (a) and (b) The State may request clarification of any solicitation where the cost component indicates a significant and unsupported deviation from industry standards or in areas where detailed pricing is required. Under Neb. Rev. Stat. § 73-810 (2), the State may reject a bid if the price is not reasonable or realistic.

BCBSNE acknowledges the above statements.

X. VENDOR DEMONSTRATIONS

The State may determine that oral interviews/presentations and/or demonstrations are required. Every bidder may not be given an opportunity to interview/present and/or give demonstrations; the State reserves the right, in its discretion, to select only the top scoring bidders to present/give oral interviews. The scores from the oral interviews/presentations and/or demonstrations will be added to the scores from the Corporate Overview, Technical Response, and Cost Sheets. The presentation process will allow the bidders to demonstrate their solicitation response offering, explaining and/or clarifying any unusual or significant elements related to their solicitation responses. Bidders' key personnel, identified in their solicitation response, may be requested to participate in a structured interview to determine their understanding of the requirements of this solicitation response, their authority and reporting relationships within their firm, and their management style and philosophy. Only representatives of the State and the presenting bidder will be permitted to attend the oral interviews/presentations and/or demonstrations. A written copy or summary of the presentation, and demonstrative information (such as briefing charts, et cetera) may be offered by the bidder, but the State reserves the right to refuse or not consider the offered materials. Bidders shall not be allowed to alter or amend their solicitation responses.

Once the oral interviews/presentations and/or demonstrations have been completed, the State reserves the right to make an award without any further discussion with the bidders regarding the solicitation responses received.

Any cost incidental to the oral interviews/presentations and/or demonstrations shall be borne entirely by the bidder and will not be compensated by the State.

BCBSNE acknowledges the above statements.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

II. TERMS AND CONDITIONS

Bidder should read the Terms and Conditions within this section and must initial either "Accept All Terms and Conditions Within Section as Written" or "Exceptions Taken to Terms and Conditions Within Section as Written" in the table below. If exception is not taken to a provision, it is deemed accepted as stated. If the bidder takes any exceptions, they must provide the following within the "Exceptions" field of the table below (Bidder may provide responses in separate attachment if multiple exceptions are taken):

1. The specific clause, including section reference, to which an exception has been taken;
2. An explanation of why the bidder took exception to the clause; and
3. Provide alternative language to the specific clause within the solicitation response.

By signing the solicitation, bidder agrees to be legally bound by all the accepted terms and conditions, and any proposed alternative terms and conditions submitted with the solicitation response. The State reserves the right to negotiate rejected or proposed alternative language. If the State and bidder fail to agree on the final Terms and Conditions, the State reserves the right to reject the solicitation response. The State reserves the right to reject solicitation responses that attempt to substitute the bidder's commercial contracts and/or documents for this solicitation.

Accept All Terms and Conditions Within Section as Written (Initial)	Exceptions Taken to Terms and Conditions Within Section as Written (Initial)	Exceptions: (Bidder must note the specific clause, including section reference, to which an exception has been taken, an explanation of why the bidder took exception to the clause, and provide alternative language to the specific clause within the solicitation response.)
	Initialed **Provision A.** GENERAL, Item 1	*In addition to the list of documents the State has listed within A. GENERAL, Items 1a. through 1e., BCBSNE will require that our Administrative Services Agreement and the Business Associate Agreement also become part of the State of Nebraska's (the State's) contract.* *Please refer to* ***EXHIBIT B - Pharmacy Administrative Services Agreement****.* *Please refer to* ***SIGNED FORMS - Business Associate Agreement (Revised)****.*

The bidders should submit with their solicitation response any license, user agreement, service level agreement, or similar documents that the bidder wants incorporated in the Contract. The State will not consider incorporation of any document not submitted with the solicitation response as the document will not have been included in the evaluation process. These documents shall be subject to negotiation and will be incorporated as addendums if agreed to by the Parties.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

If a conflict or ambiguity arises after the Addendum to Contract Award has been negotiated and agreed to, the Addendum to Contract Award shall be interpreted as follows:

1. If only one (1) Party has a particular clause, then that clause shall control,
2. If both Parties have a similar clause, but the clauses do not conflict, the clauses shall be read together,
3. If both Parties have a similar clause, but the clauses conflict, the State's clause shall control.

BCBSNE confirms we have completed the above table as required.

A. GENERAL

1. The contract resulting from this Solicitation shall incorporate the following documents:

- **a.** Solicitation, including any attachments and addenda;
- **b.** Questions and Answers;
- **c.** Bidder's properly submitted solicitation response, including any terms and conditions or agreements submitted by the bidder;
- **d.** Addendum to Contract Award (if applicable); and
- **e.** Amendments to the Contract. (if applicable)

These documents constitute the entirety of the contract.

In addition to the list of documents included above in 1.a. – 1.e., Blue Cross and Blue Shield of Nebraska (BCBSNE) will require that our Administrative Services Agreement also becomes part of the contract with the State of Nebraska. In addition, we will require the Business Associate Agreement that we've included under the SIGNED FORMS section of our proposal.

We have included this as a deviation within EXHIBIT A - RFP Deviations.

Please refer to EXHIBIT B – Pharmacy Administrative Services Agreement.

Please refer to SIGNED FORMS – Business Associate Agreement (Revised).

Unless otherwise specifically stated in a future contract amendment, in case of any conflict between the incorporated documents, the documents shall govern in the following order of preference with number one (1) receiving preference over all other documents and with each lower numbered document having preference over any higher numbered document: 1) Amendment to the executed Contract with the most recent dated amendment having the highest priority, 2) Executed Contract and any attached Addenda 3) Addendums to the solicitation and any Questions and Answers, 4) the original solicitation document and any Addenda or attachments, and 5) the Vendor's submitted solicitation response, including any terms and conditions or agreements that are accepted by the State.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

Unless otherwise specifically agreed to in writing by the State, the State's standard terms and conditions, as executed by the State, shall always control over any terms and conditions or agreements submitted or included by the Vendor.

Any ambiguity or conflict in the contract discovered after its execution, not otherwise addressed herein, shall be resolved in accordance with the rules of contract interpretation as established in the State of Nebraska.

BCBSNE acknowledges the above requirements.

B. NOTIFICATION

Bidder and State shall identify the contract manager who shall serve as the point of contact for the executed contract.

Communications regarding the executed contract shall be in writing and shall be deemed to have been given if delivered personally; electronically, return receipt requested; or mailed, return receipt requested. All notices, requests, or communications shall be deemed effective upon receipt.

Either party may change its address for notification purposes by giving notice of the change and setting forth the new address and an effective date.

BCBSNE acknowledges the above requirements.

C. BUYER'S REPRESENTATIVE

The State reserves the right to appoint a Buyer's Representative to manage or assist the Buyer in managing the contract on behalf of the State. The Buyer's Representative will be appointed in writing, and the appointment document will specify the extent of the Buyer's Representative authority and responsibilities. If a Buyer's Representative is appointed, the bidder will be provided a copy of the appointment document and is expected to cooperate accordingly with the Buyer's Representative. The Buyer's Representative has no authority to bind the State to a contract, amendment, addendum, or other change or addition to the contract.

BCBSNE agrees with the above statement.

D. GOVERNING LAW (Nonnegotiable)

Notwithstanding any other provision of this contract, or any amendment or addendum(s) entered into contemporaneously or at a later time, the parties understand and agree that, (1) the State of Nebraska is a sovereign state and its authority to contract is therefore subject to limitation by the State's Constitution, statutes, common law, and regulation; (2) this contract will be interpreted and enforced under the laws of the State of Nebraska; (3) any action to enforce the provisions of this agreement must be brought in the State of Nebraska per state law; (4) the person signing this contract on behalf of the State of Nebraska does not have the authority to waive the State's sovereign immunity, statutes, common law, or regulations;

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

(5) the indemnity, limitation of liability, remedy, and other similar provisions of the final contract, if any, are entered into subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity; and, (6) all terms and conditions of the final contract, including but not limited to the clauses concerning third party use, licenses, warranties, limitations of liability, governing law and venue, usage verification, indemnity, liability, remedy or other similar provisions of the final contract are entered into specifically subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity.

The Parties must comply with all applicable local, state, and federal laws, ordinances, rules, orders, and regulations.

BCBSNE agrees with the above statements.

E. BEGINNING OF WORK & SUSPENSION OF SERVICES

The bidder shall not commence any billable work until a valid contract has been fully executed by the State and the successful Vendor. The Vendor will be notified in writing when work may begin.

The State may, at any time and without advance notice, require the Vendor to suspend any or all performance or deliverables provided under this Contract. In the event of such suspension, the Contract Manager or POC, or their designee, will issue a written order to stop work. The written order will specify which activities are to be immediately suspended and the reason(s) for the suspension. Upon receipt of such order, the Vendor shall immediately comply with its terms and take all necessary steps to mitigate and eliminate the incurrence of costs allocable to the work affected by the order during the period of suspension. The suspended performance or deliverables may only resume when the State provides the Vendor with written notice that such performance or deliverables may resume, in whole or in part.

BCBSNE agrees with the above statements.

F. AMENDMENT

This Contract may be amended in writing, within scope, upon the agreement of both parties.

BCBSNE agrees with the above statement.

G. CHANGE ORDERS OR SUBSTITUTIONS

The State and the Vendor, upon the written agreement, may make changes to the contract within the general scope of the solicitation. Changes may involve specifications, the quantity of work, or such other items as the State may find necessary or desirable. Corrections of any deliverable, service, or work required pursuant to the contract shall not be deemed a change. The Vendor may not claim forfeiture of the contract by reasons of such changes.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

The Vendor shall prepare a written description of the work required due to the change and an itemized cost sheet for the change. Changes in work and the amount of compensation to be paid to the Vendor shall be determined in accordance with applicable unit prices if any, a pro-rated value, or through negotiations. The State shall not incur a price increase for changes that should have been included in the Vendor's solicitation response, were foreseeable, or result from difficulties with or failure of the Vendor's solicitation response or performance.

No change shall be implemented by the Vendor until approved by the State, and the Contract is amended to reflect the change and associated costs, if any. If there is a dispute regarding the cost, but both parties agree that immediate implementation is necessary, the change may be implemented, and cost negotiations may continue with both Parties retaining all remedies under the contract and law.

In the event any good or service is discontinued or replaced upon mutual consent during the contract period or prior to delivery, the State reserves the right to amend the contract to include the alternate product at the same price.

*****Vendor will not substitute any item that has been awarded without prior written approval of SPB*****

BCBSNE agrees with the above statements.

H. RECORD OF VENDOR PERFORMANCE

The State may document the vendor's performance, which may include, but is not limited to, the customer service provided by the vendor, the ability of the vendor, the skill of the vendor, and any instance(s) of products or services delivered or performed which fail to meet the terms of the purchase order, contract, and/or specifications. In addition to other remedies and options available to the State, the State may issue one or more notices to the vendor outlining any issues the State has regarding the vendor's performance for a specific contract ("Contract Compliance Request"). The State may also document the Vendor's performance in a report, which may or may not be provided to the vendor ("Contract Non-Compliance Notice"). The Vendor shall respond to any Contract Compliance Request or Contract Non-Compliance Notice in accordance with such notice or request. At the sole discretion of the State, such Contract Compliance Requests and Contract Non-Compliance Notices may be placed in the State's records regarding the vendor and may be considered by the State and held against the vendor in any future contract or award opportunity. The record of vendor performance will be considered in any suspension or debarment action.

BCBSNE agrees with the above requirements.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

I. NOTICE OF POTENTIAL VENDOR BREACH

If Vendor breaches the contract or anticipates breaching the contract, the Vendor shall immediately give written notice to the State. The notice shall explain the breach or potential breach, a proposed cure, and may include a request for a waiver of the breach if so desired. The State may, in its discretion, temporarily or permanently waive the breach. By granting a waiver, the State does not forfeit any rights or remedies to which the State is entitled by law or equity, or pursuant to the provisions of the contract. Failure to give immediate notice, however, may be grounds for denial of any request for a waiver of a breach.

BCBSNE agrees with the above requirement.

J. BREACH

Either Party may terminate the contract, in whole or in part, if the other Party breaches its duty to perform its obligations under the contract in a timely and proper manner. Termination requires written notice of default and a thirty (30) calendar day (or longer at the non-breaching Party's discretion considering the gravity and nature of the default) cure period. Said notice shall be delivered by email, delivery receipt requested; certified mail, return receipt requested; or in person with proof of delivery. Allowing time to cure a failure or breach of contract does not waive the right to immediately terminate the contract for the same or different contract breach which may occur at a different time.

The State's failure to make payment shall not be a breach, and the Vendor shall retain all available statutory remedies.

BCBSNE agrees with the above requirements.

K. NON-WAIVER OF BREACH

The acceptance of late performance with or without objection or reservation by a Party shall not waive any rights of the Party nor constitute a waiver of the requirement of timely performance of any obligations remaining to be performed.

BCBSNE agrees with the above statement.

L. SEVERABILITY

If any term or condition of the contract is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and conditions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the contract did not contain the provision held to be invalid or illegal.

BCBSNE agrees with the above statement.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

M. INDEMNIFICATION

1. GENERAL

The Vendor agrees to defend, indemnify, and hold harmless the State and its employees, volunteers, agents, and its elected and appointed officials ("the indemnified parties") from and against any and all third party claims, liens, demands, damages, liability, actions, causes of action, losses, judgments, costs, and expenses of every nature, including investigation costs and expenses, settlement costs, and attorney fees and expenses ("the claims"), sustained or asserted against the State for personal injury, death, or property loss or damage, arising out of, resulting from, or attributable to the willful misconduct, negligence, error, or omission of the Vendor, its employees, Subcontractors, consultants, representatives, and agents, resulting from this contract, except to the extent such Vendor liability is attenuated by any action of the State which directly and proximately contributed to the claims.

2. INTELLECTUAL PROPERTY

The Vendor agrees it will, at its sole cost and expense, defend, indemnify, and hold harmless the indemnified parties from and against any and all claims, to the extent such claims arise out of, result from, or are attributable to, the actual or alleged infringement or misappropriation of any patent, copyright, trade secret, trademark, or confidential information of any third party by the Vendor or its employees, Subcontractors, consultants, representatives, and agents; provided, however, the State gives the Vendor prompt notice in writing of the claim. The Vendor may not settle any infringement claim that will affect the State's use of the Licensed Software without the State's prior written consent, which consent may be withheld for any reason.

If a judgment or settlement is obtained or reasonably anticipated against the State's use of any intellectual property for which the Vendor has indemnified the State, the Vendor shall, at the Vendor's sole cost and expense, promptly modify the item or items which were determined to be infringing, acquire a license or licenses on the State's behalf to provide the necessary rights to the State to eliminate the infringement, or provide the State with a non-infringing substitute that provides the State the same functionality. At the State's election, the actual or anticipated judgment may be treated as a breach of warranty by the Vendor, and the State may receive the remedies provided under this Solicitation.

3. PERSONNEL

The Vendor shall, at its expense, indemnify and hold harmless the indemnified parties from and against any claim with respect to withholding taxes, worker's compensation, employee benefits, or any other claim, demand, liability, damage, or loss of any nature relating to any of the personnel, including subcontractor's and their employees, provided by the Vendor.

4. SELF-INSURANCE

The State of Nebraska is self-insured for any loss and purchases excess insurance coverage pursuant to Neb. Rev. Stat. § 81-8,239.01. If there is a presumed loss under the provisions of this agreement, Vendor may file a claim with the Office of Risk Management pursuant to Neb. Rev. Stat. §§ 81-8,239.01 to 81-8,306 for review by the State Claims Board. The State retains all rights and immunities under the State Miscellaneous (Neb. Rev. Stat. § 81-8,294), Tort (Neb. Rev. Stat. § 81-8,209), and Contract Claim Acts (Neb. Rev. Stat. § 81-8,302), as outlined in state law and accepts liability under this agreement only to the extent provided by law.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

5. The Parties acknowledge that Attorney General for the State of Nebraska is required by statute to represent the legal interests of the State, and that any provision of this indemnity clause is subject to the statutory authority of the Attorney General.

BCBSNE agrees with the above indemnification provisions.

N. ATTORNEY'S FEES

In the event of any litigation, appeal, or other legal action to enforce any provision of the contract, the Parties agree to pay all expenses of such action, as permitted by law and if ordered by the court, including attorney's fees and costs, if the other Party prevails.

BCBSNE agrees with the above indemnification provisions, including reasonable attorneys' fees and costs.

O. PERFORMANCE BOND

The Awarded Bidder will be required to supply a bond executed by a corporation authorized to contract surety in the State of Nebraska, payable to the State of Nebraska, which shall be valid for the life of the contract to include any renewal and/or extension periods. The amount of the bond must be $2 million. The bond will guarantee that the Awarded Bidder will faithfully perform all requirements, terms and conditions of the contract. Failure to comply shall be grounds for forfeiture of the bond as liquidated damages. Amount of forfeiture will be determined by the agency based on loss to the State. The bond will be returned when the contract has been satisfactorily completed as solely determined by the State, after termination or expiration of the contract.

BCBSNE agrees with the above requirement.

P. ASSIGNMENT, SALE, OR MERGER

Either Party may assign the contract upon mutual written agreement of the other Party. Such agreement shall not be unreasonably withheld.

The Vendor retains the right to enter into a sale, merger, acquisition, internal reorganization, or similar transaction involving Vendor's business. Vendor agrees to cooperate with the State in executing amendments to the contract to allow for the transaction. If a third party or entity is involved in the transaction, the Vendor will remain responsible for performance of the contract until such time as the person or entity involved in the transaction agrees in writing to be contractually bound by this contract and perform all obligations of the contract.

BCBSNE agrees with the above requirements.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

Q. CONTRACTING WITH OTHER NEBRASKA POLITICAL SUBDIVISIONS OF THE STATE OR ANOTHER STATE

The Vendor may, but shall not be required to, allow agencies, as defined in Neb. Rev. Stat. § 81-145(2), to use this contract. The terms and conditions, including price, of the contract may not be amended. The State shall not be contractually obligated or liable for any contract entered into pursuant to this clause. A listing of Nebraska political subdivisions may be found at the website of the Nebraska Auditor of Public Accounts.

The Vendor may, but shall not be required to, allow other states, agencies or divisions of other states, or political subdivisions of other states to use this contract. The terms and conditions, including price, of this contract shall apply to any such contract, but may be amended upon mutual consent of the Parties. The State of Nebraska shall not be contractually or otherwise obligated or liable under any contract entered into pursuant to this clause. The State shall be notified if a contract is executed based upon this contract.

BCBSNE agrees with the above statements.

R. FORCE MAJEURE

Neither Party shall be liable for any costs or damages, or for default resulting from its inability to perform any of its obligations under the contract due to a natural or manmade event outside the control and not the fault of the affected Party ("Force Majeure Event") that was not foreseeable at the time the Contract was executed. The Party so affected shall immediately make a written request for relief to the other Party and shall have the burden of proof to justify the request. The other Party may grant the relief requested; relief may not be unreasonably withheld. Labor disputes with the impacted Party's own employees will not be considered a Force Majeure Event.

BCBSNE agrees with the above statements.

S. CONFIDENTIALITY

All materials and information provided by the Parties or acquired by a Party on behalf of the other Party shall be regarded as confidential information. All materials and information provided or acquired shall be handled in accordance with federal and state law, and ethical standards. Should said confidentiality be breached by a Party, the Party shall notify the other Party immediately of said breach and take immediate corrective action.

It is incumbent upon the Parties to inform their officers and employees of the penalties for improper disclosure imposed by the Privacy Act of 1974, 5 U.S.C. 552a. Specifically, 5 U.S.C. 552a (i)(1), which is made applicable by 5 U.S.C. 552a (m)(1), provides that any officer or employee, who by virtue of his/her employment or official position has possession of or access to agency records which contain individually identifiable information, the disclosure of which is prohibited by the Privacy Act or regulations established thereunder, and who knowing that disclosure of the specific material is prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than $5,000.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

BCBSNE agrees with CONFIDENTIALITY requirements.

T. EARLY TERMINATION

The contract may be terminated as follows:

1. The State and the Vendor, by mutual written agreement, may terminate the contract, in whole or in part, at any time.

2. The State, in its sole discretion, may terminate the contract, in whole or in part, for any reason upon thirty (30) calendar day's written notice shall be delivered by email, delivery receipt requested; certified mail, return receipt requested; or in person with proof of delivery to the Vendor. Such termination shall not relieve the Vendor of warranty or other service obligations incurred under the terms of the contract. In the event of termination, the Vendor shall be entitled to payment, determined on a pro rata basis, for products or services satisfactorily performed or provided.

3. The State may terminate the contract, in whole or in part, immediately for the following reasons:

- **a.** if directed to do so by statute,
- **b.** Vendor has made an assignment for the benefit of creditors, has admitted in writing its inability to pay debts as they mature, or has ceased operating in the normal course of business,
- **c.** a trustee or receiver of the Vendor or of any substantial part of the Vendor's assets has been appointed by a court,
- **d.** fraud, misappropriation, embezzlement, malfeasance, misfeasance, or illegal conduct pertaining to performance under the contract by its Vendor, its employees, officers, directors, or shareholders,
- **e.** an involuntary proceeding has been commenced by any Party against the Vendor under any one of the chapters of Title 11 of the United States Code and (i) the proceeding has been pending for at least sixty (60) calendar days; or (ii) the Vendor has consented, either expressly or by operation of law, to the entry of an order for relief; or (iii) the Vendor has been decreed or adjudged a debtor,
- **f.** a voluntary petition has been filed by the Vendor under any of the chapters of Title 11 of the United States Code,
- **g.** Vendor intentionally discloses confidential information,
- **h.** Vendor has or announces it will discontinue support of the deliverable; and,
- **i.** In the event funding is no longer available.

Any early termination provision contained in the vendor's contract cannot be tied to financial provisions or penalties.

BCBSNE agrees with the above requirements.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

U. CONTRACT CLOSEOUT

Upon termination of the contract for any reason the Vendor shall within thirty (30) days, unless stated otherwise herein:

1. Transfer all completed or partially completed deliverables to the State,
2. Transfer ownership and title to all completed or partially completed deliverables to the State,
3. Return to the State all information and data unless the Vendor is permitted to keep the information or data by contract or rule of law. Vendor may retain one copy of any information or data as required to comply with applicable work product documentation standards or as are automatically retained in the course of Vendor's routine back up procedures,
4. Cooperate with any successor Contactor, person, or entity in the assumption of any or all of the obligations of this contract,
5. Cooperate with any successor Contactor, person, or entity with the transfer of information or data related to this contract,
6. Provide any successor Contactor, person, or entity with historical data. Transition of data will begin immediately following notification of termination and must be complete within 90 days of that notification,
7. Return or vacate any state owned real or personal property; and,
8. Return all data in a mutually acceptable format and manner.

Nothing in this section should be construed to require the Vendor to surrender intellectual property, real or personal property, or information or data owned by the Vendor for which the State has no legal claim.

BCBSNE agrees with the above requirements.

V. AMERICANS WITH DISABILITIES ACT

Vendor shall comply with all applicable provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12131–12134), as amended by the ADA Amendments Act of 2008 (ADA Amendments Act) (Pub.L. 110–325, 122 Stat. 3553 (2008)), which prohibits discrimination on the basis of disability by public entities.

BCBSNE confirms we comply with the Americans with Disabilities Act.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

III. VENDOR DUTIES

Bidder should read the Vendor Duties within this section and must initial either "Accept All Terms and Conditions Within Section as Written" or "Exceptions Taken to Vendor Duties Within Section as Written" in the table below. If exception is not taken to a provision, it is deemed accepted as stated. If the bidder takes any exceptions, they must provide the following within the "Exceptions" field of the table below (Bidder may provide responses in separate attachment if multiple exceptions are taken):

1. The specific clause, including section reference, to which an exception has been taken;
2. An explanation of why the bidder took exception to the clause; and
3. Provide alternative language to the specific clause within the solicitation response.

By signing the solicitation, bidder agrees to be legally bound by all the accepted terms and conditions, and any proposed alternative terms and conditions submitted with the solicitation response. The State reserves the right to negotiate rejected or proposed alternative language. If the State and bidder fail to agree on the final Terms and Conditions, the State reserves the right to reject the solicitation response. The State reserves the right to reject solicitation responses that attempt to substitute the bidder's commercial contracts and/or documents for this solicitation.

BCBSNE agrees with the above requirements.

Accept All Vendor Duties Within Section as Written (Initial)	**Exceptions Taken to Vendor Duties Within Section as Written (Initial)**	**Exceptions:** (Bidder must note the specific clause, including section reference, to which an exception has been taken, an explanation of why the bidder took exception to the clause, and provide alternative language to the specific clause within the solicitation response.)
	Initialed Initial	*BCBSNE accepts the State's requirements listed within this Section III, VENDOR DUTIES, except for the deviations we've noted below within this table.*
	Provision A. INDEPENDENT VENDOR / OBLIGATIONS	*BCBSNE cannot agree to the requirements as written regarding subcontractors. As a full service insurance company and administrator, utilizing Prime Therapeutics as our pharmacy benefits manager (PBM), we are continually reviewing and updating our subcontractors. Any subcontractors utilized on the State's account will follow BCBSNE's specific subcontractor agreement. The contracts with these vendors include all necessary provisions required by BCBSNE and we do not offer customization to our subcontractor agreements based on employers' requirements.*

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

Accept All Vendor Duties Within Section as Written (Initial)	Exceptions Taken to Vendor Duties Within Section as Written (Initial)	Exceptions: (Bidder must note the specific clause, including section reference, to which an exception has been taken, an explanation of why the bidder took exception to the clause, and provide alternative language to the specific clause within the solicitation response.)
	Provision I. OWNERSHIP OF INFORMATION AND DATA / DELIVERABLES	*BCBSNE cannot agree to the language within this provision as written. We are recommending alternative language as follows:* *Data contained in membership files submitted to BCBSNE by the State are the property of the State. Once the files submitted to BCBSNE are entered into BCBSNE's proprietary systems, the data produced, extracted or reported from the BCBSNE systems is the property of BCBSNE ("BCBSNE Proprietary Data"). Any requests for disclosures to third parties or uses of BCBSNE Proprietary Data by the State shall require mutual consent of the parties here to. BCBSNE would require the execution of a non-disclosure agreement with another contractor to the extent the cooperation would require the exchange of data.*
	Provision J. INSURANCE REQUIREMENTS	*BCBSNE cannot agree to the following requirements surrounding subcontractor insurance coverage (no alternative language is proposed).* *BCBSNE requires subcontractors to carry adequate levels of corporate insurance; however, BCBSNE is not responsible for ensuring subcontractors maintain specific levels of insurance, nor do we provide worker's compensation insurance to any BCBSNE subcontractors. In the event an issue occurs with a subcontractor and the subcontractor does not have adequate insurance coverage, BCBSNE's corporate insurance will prevail.*
	Provision L. CONFLICT OF INTEREST	*BCBSNE cannot agree to the provision as written. We are recommending alternative language as follows:* *BCBSNE agrees that it shall not solicit State of Nebraska employees for the term of this agreement, provided that the foregoing provision will not prevent BCBSNE from employing any such person who contacts BCBSNE on his or her own initiative without any direct or indirect solicitation by, or encouragement from, BCBSNE, or in response to general advertisements not specifically directed at any employee of the State of Nebraska.*

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

Accept All Vendor Duties Within Section as Written (Initial)	Exceptions Taken to Vendor Duties Within Section as Written (Initial)	Exceptions: (Bidder must note the specific clause, including section reference, to which an exception has been taken, an explanation of why the bidder took exception to the clause, and provide alternative language to the specific clause within the solicitation response.)
	Provision P. DISASTER RECOVERY / BACKUP PLAN	*BCBSNE cannot agree with the requirement of providing a copy of our recovery standards upon request (no alternative language is proposed).* *BCBSNE has comprehensive business continuity and disaster recovery plans; however, the plans contain competitively sensitive information (CSI) and personally identifiable information (PII); therefore, we do not provide copies to third parties.*
	Provision R. WARRANTY	*BCBSNE agrees with the first sentence of the provision as written by the State; however, we cannot agree to the remaining statements within the paragraph. We are recommending alternative language as follows:* *WARRANTY* *Despite any clause to the contrary, the Vendor represents and warrants that its services hereunder shall be performed by competent personnel and shall be of professional quality consistent with generally accepted industry standards for the performance of such services and shall comply in all respects with the requirements of this Agreement.*
	Provision T. BUSINESS ASSOCIATE AGREEMENT	*BCBSNE cannot agree to the Business Associate Agreement as written. We have provided a signed version with our revisions, as well as a redlined version noting our revisions.* ***Please refer to the SIGNED FORMS section of our TECHNICAL PROPOSAL.***

A. INDEPENDENT VENDOR / OBLIGATIONS

It is agreed that the Vendor is an independent Vendor and that nothing contained herein is intended or should be construed as creating or establishing a relationship of employment, agency, or a partnership.

The Vendor is solely responsible for fulfilling the contract. The Vendor or the Vendor's representative shall be the sole point of contact regarding all contractual matters.

The Vendor shall secure, at its own expense, all personnel required to perform the services under the contract. The personnel the Vendor uses to fulfill the contract shall have no contractual or other legal relationship with the State; they shall not be considered employees of the State and shall not be entitled to any compensation, rights or benefits from the State, including but not limited to, tenure rights, medical and hospital care, sick and vacation leave, severance pay, or retirement benefits.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

By-name personnel commitments made in the bidder's solicitation response shall not be changed without the prior written approval of the State. Replacement of these personnel, if approved by the State, shall be with personnel of equal or greater ability and qualifications.

All personnel assigned by the Vendor to the contract shall be employees of the Vendor or a subcontractor and shall be fully qualified to perform the work required herein. Personnel employed by the Vendor or a subcontractor to fulfill the terms of the contract shall remain under the sole direction and control of the Vendor or the subcontractor respectively.

With respect to its employees, the Vendor agrees to be solely responsible for the following:

1. Any and all pay, benefits, and employment taxes and/or other payroll withholding,
2. Any and all vehicles used by the Vendor's employees, including all insurance required by state law,
3. Damages incurred by Vendor's employees within the scope of their duties under the contract,
4. Maintaining Workers' Compensation and health insurance that complies with state and federal law and submitting any reports on such insurance to the extent required by governing law,
5. Determining the hours to be worked and the duties to be performed by the Vendor's employees; and,
6. All claims on behalf of any person arising out of employment or alleged employment (including without limit claims of discrimination alleged against the Vendor, its officers, agents, or subcontractors or subcontractor's employees).

If the Vendor intends to utilize any subcontractor, the subcontractor's level of effort, tasks, and time allocation should be clearly defined in the solicitation response. The Vendor shall agree that it will not utilize any subcontractors not specifically included in its solicitation response in the performance of the contract without the prior written authorization of the State. If the Vendor subcontracts any of the work, the Vendor agrees to pay any and all subcontractors in accordance with the Vendor's agreement with the respective subcontractor(s).

The State reserves the right to require the Vendor to reassign or remove from the project any Vendor or subcontractor employee.

Vendor shall insure that the terms and conditions contained in any contract with a subcontractor does not conflict with the terms and conditions of this contract.

The Vendor shall include a similar provision, for the protection of the State, in the contract with any Subcontractor engaged to perform work on this contract.

BCBSNE cannot agree to the requirements as written above regarding subcontractors. As a full service insurance company and administrator, utilizing Prime Therapeutics as our pharmacy benefits manager (PBM), we are continually reviewing and updating our subcontractors. Any subcontractors utilized on the State's account will follow BCBSNE's specific subcontractor agreement. The contracts with these vendors include all necessary provisions required by

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

BCBSNE and we do not offer customization to our subcontractor agreements based on employers' requirements.

In addition to including this in the table at the beginning of this Section III, we have also included this within EXHIBIT A - RFP Deviations.

B. FOREIGN ADVERSARY CONTRACTING PROHIBITION ACT CERTIFICATION (Nonnegotiable)

The Vendor certifies that it is not a scrutinized company as defined under the Foreign Adversary Contracting Prohibition Act, Neb. Rev. Stat. Sec. § 73-903 (5); that it will not subcontract with any scrutinized company for any aspect of performance of the contemplated contract; and that any products or services to be provided do not originate with a scrutinized company.

BCBSNE confirms we are not a scrutinized company as defined under the Foreign Adversary Contracting Prohibition Act.

C. EMPLOYEE WORK ELIGIBILITY STATUS

The Vendor is required and hereby agrees to use a federal immigration verification system to determine the work eligibility status of employees physically performing services within the State of Nebraska. A federal immigration verification system means the electronic verification of the work authorization program authorized by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, 8 U.S.C. 1324a, known as the E-Verify Program, or an equivalent federal program designated by the United States Department of Homeland Security or other federal agency authorized to verify the work eligibility status of an employee.

If the Vendor is an individual or sole proprietorship, the following applies:

1. The Vendor must complete the United States Citizenship Attestation Form, available on the Department of Administrative Services website at https://das.nebraska.gov/materiel/docs/pdf/Individual%20or%20Sole%20Proprietor%20United%20States%20Attestation%20Form%20English%20and%20Spanish.pdf
2. The completed United States Attestation Form should be submitted with the Solicitation response.
3. If the Vendor indicates on such attestation form that he or she is a qualified alien, the Vendor agrees to provide the US Citizenship and Immigration Services documentation required to verify the Vendor's lawful presence in the United States using the Systematic Alien Verification for Entitlements (SAVE) Program.
4. The Vendor understands and agrees that lawful presence in the United States is required, and the Vendor may be disqualified or the contract terminated if such lawful presence cannot be verified as required by Neb. Rev. Stat. § 4-108.

BCBSNE agrees with the requirements above.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

It is the policy of BCBSNE to comply with the provisions of the Immigration Reform and Control Act of 1986 without discrimination against any individual based on an individual's national origin or citizenship status. BCBSNE is required as a federal contractor to participate in E-verify. E-verify is completed the same time as the I-9 form. If an employee's eligibility is not confirmed by the E-verify process, BCBSNE follows the E-verify tentative non-confirmation process as defined by the government. If the employee is not able to establish eligibility through the E-verify tentative nonconfirmation process within the established deadlines, employment is terminated. Re-employment, at the manager's discretion, cannot be discussed until such time as the appropriate documentation is made available and the same or a suitable position is open.

D. COMPLIANCE WITH CIVIL RIGHTS LAWS AND EQUAL OPPORTUNITY EMPLOYMENT / NONDISCRIMINATION (Nonnegotiable)

The Vendor shall comply with all applicable local, state, and federal statutes and regulations regarding civil rights laws and equal opportunity employment. The Nebraska Fair Employment Practice Act prohibits Vendors of the State of Nebraska, and their Subcontractors, from discriminating against any employee or applicant for employment, with respect to hire, tenure, terms, conditions, compensation, or privileges of employment because of race, color, religion, sex, disability, marital status, or national origin (Neb. Rev. Stat. §§ 48-1101 to 48-1125). The Vendor guarantees compliance with the Nebraska Fair Employment Practice Act, and breach of this provision shall be regarded as a material breach of contract. The Vendor shall insert a similar provision in all Subcontracts for goods and services to be covered by any contract resulting from this Solicitation.

BCBSNE agrees with the above compliance requirements.

E. COOPERATION WITH OTHER VENDORS

Vendor may be required to work with or in close proximity to other Vendors or individuals that may be working on same or different projects. The Vendor shall agree to cooperate with such other Vendors or individuals and shall not commit or permit any act which may interfere with the performance of work by any other Vendor or individual. Vendor is not required to compromise Vendor's intellectual property or proprietary information unless expressly required to do so by this contract.

BCBSNE agrees with the above requirements.

BCBSNE will require the execution of a non-disclosure agreement with another contractor to the extent the cooperation would require the exchange of data.

F. DISCOUNTS

Prices quoted shall be inclusive of ALL trade discounts. Cash discount terms of less than thirty (30) days will not be considered as part of the solicitation response. Cash discount periods will be computed from the date of receipt of a properly executed claim voucher or the date of completion of delivery of all items in a satisfactory condition, whichever is later.

BCBSNE agrees with the above requirements.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

G. PRICES

Prices quoted shall be net, including transportation and delivery charges fully prepaid by the bidder, F.O.B. destination named in the Solicitation. No additional charges will be allowed for packing, packages, or partial delivery costs. When an arithmetic error has been made in the extended total, the unit price will govern.

Prices submitted on the cost sheet, once accepted by the State, shall remain fixed for the first three (3) years of the contract. Any request for a price increase subsequent to the initial three (3) years of the contract shall not exceed 3.5% of the price proposed for the period. Increases shall not be cumulative and will only apply to that period of the contract. The request for a price increase must be submitted in writing to the State Purchasing Bureau a minimum of 180 days prior to the end of the current contract period. Documentation may be required by the State to support the price increase.

Vendor agrees there are NO additional fees (beyond those outlined in the Cost Sheet) required to provide the services outlined in this RFP. Any mandatory fees must be clearly outlined in the Cost Sheet. Under no circumstances will the State be liable to Vendor for fees not disclosed in Vendor's written proposal.

The State reserves the right to deny any requested price increase. No price increases are to be billed to any State Agencies prior to written amendment of the contract by the parties.

The State will be given full proportionate benefit of any decreases for the term of the contract.

BCBSNE agrees with the above requirements.

H. PERMITS, REGULATIONS, LAWS

The contract price shall include the cost of all royalties, licenses, permits, and approvals, whether arising from patents, trademarks, copyrights or otherwise, that are in any way involved in the contract. The Vendor shall obtain and pay for all royalties, licenses, and permits, and approvals necessary for the execution of the contract. The Vendor must guarantee that it has the full legal right to the materials, supplies, equipment, software, and other items used to execute this contract.

BCBSNE agrees with the above requirements.

I. OWNERSHIP OF INFORMATION AND DATA / DELIVERABLES

The State shall have the unlimited right to publish, duplicate, use, and disclose all information and data developed or obtained by the Vendor on behalf of the State pursuant to this contract.

The State shall own and hold exclusive title to any deliverable developed as a result of this contract. Vendor shall have no ownership interest or title, and shall not patent, license, or copyright, duplicate, transfer, sell, or exchange, the design, specifications, concept, or deliverable.

BCBSNE does not agree to the language within this provision and have offered replacement language as follows here and in the Exception Table earlier within this Section III:

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

Data contained in membership files submitted to BCBSNE by the State are the property of the State. Once the files submitted to BCBSNE are entered into BCBSNE's proprietary systems, the data produced, extracted or reported from the BCBSNE systems is the property of BCBSNE ("BCBSNE Proprietary Data"). Any requests for disclosures to third parties or uses of BCBSNE Proprietary Data by the State shall require mutual consent of the parties here to. BCBSNE would require the execution of a non-disclosure agreement with another contractor to the extent the cooperation would require the exchange of data.

In addition to including this in the table at the beginning of this Section III, we have also included this within EXHIBIT A - RFP Deviations.

J. INSURANCE REQUIREMENTS

The Vendor shall throughout the term of the contract maintain insurance as specified herein and provide the State a current Certificate of Insurance/Acord Form (COI) verifying the coverage. The Vendor shall not commence work on the contract until the insurance is in place. If Vendor subcontracts any portion of the Contract the Vendor must, throughout the term of the contract, either:

1. Provide equivalent insurance for each subcontractor and provide a COI verifying the coverage for the subcontractor,
2. Require each subcontractor to have equivalent insurance and provide written notice to the State that the Vendor has verified that each subcontractor has the required coverage; or,
3. Provide the State with copies of each subcontractor's Certificate of Insurance evidencing the required coverage.

The Vendor shall not allow any Subcontractor to commence work until the Subcontractor has equivalent insurance. The failure of the State to require a COI, or the failure of the Vendor to provide a COI or require subcontractor insurance shall not limit, relieve, or decrease the liability of the Vendor hereunder.

BCBSNE does not agree to the above requirements surrounding subcontractor insurance coverage. BCBSNE requires subcontractors to carry adequate levels of corporate insurance; however, BCBSNE is not responsible for ensuring subcontractors maintain specific levels of insurance, nor do we provide worker's compensation insurance to any BCBSNE subcontractors. In the event an issue occurs with a subcontractor and the subcontractor does not have adequate insurance coverage, BCBSNE's corporate insurance will prevail.

In addition to including this in the table at the beginning of this Section III, we have also included this within EXHIBIT A - RFP Deviations.

In the event that any policy written on a claims-made basis terminates or is canceled during the term of the contract or within three (3) years of termination or expiration of the contract, the Vendor shall obtain an extended discovery or reporting period, or a new insurance policy, providing coverage required by this contract for the term of the contract and three (3) years following termination or expiration of the contract.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

If by the terms of any insurance a mandatory deductible is required, or if the Vendor elects to increase the mandatory deductible amount, the Vendor shall be responsible for payment of the amount of the deductible in the event of a paid claim.

Notwithstanding any other clause in this Contract, the State may recover up to the liability limits of the insurance policies required herein.

1. **WORKERS' COMPENSATION INSURANCE**

The Vendor shall take out and maintain during the life of this contract the statutory Workers' Compensation and Employer's Liability Insurance for all of the contactors' employees to be engaged in work on the project under this contract and, in case any such work is sublet, the Vendor shall require the Subcontractor similarly to provide Worker's Compensation and Employer's Liability Insurance for all of the Subcontractor's employees to be engaged in such work. This policy shall be written to meet the statutory requirements for the state in which the work is to be performed, including Occupational Disease. **The policy shall include a waiver of subrogation in favor of the State. The COI shall contain the mandatory COI subrogation waiver language found hereinafter**. The amounts of such insurance shall not be less than the limits stated hereinafter. For employees working in the State of Nebraska, the policy must be written by an entity authorized by the State of Nebraska Department of Insurance to write Workers' Compensation and Employer's Liability Insurance for Nebraska employees.

BCBSNE agrees with the above requirements.

2. **COMMERCIAL GENERAL LIABILITY INSURANCE AND COMMERCIAL AUTOMOBILE LIABILITY INSURANCE**

The Vendor shall take out and maintain during the life of this contract such Commercial General Liability Insurance and Commercial Automobile Liability Insurance as shall protect Vendor and any Subcontractor performing work covered by this contract from claims for damages for bodily injury, including death, as well as from claims for property damage, which may arise from operations under this contract, whether such operation be by the Vendor or by any Subcontractor or by anyone directly or indirectly employed by either of them, and the amounts of such insurance shall not be less than limits stated hereinafter.

The Commercial General Liability Insurance shall be written on an **occurrence basis**, and provide Premises/Operations, Products/Completed Operations, Independent Vendors, Personal Injury, and Contractual Liability coverage. **The policy shall include the State, and others as required by the contract documents, as Additional Insured(s). This policy shall be primary, and any insurance or self-insurance carried by the State shall be considered secondary and non-contributory**. **The COI shall contain the mandatory COI liability waiver language found hereinafter.** The Commercial Automobile Liability Insurance shall be written to cover all Owned, Non-owned, and Hired vehicles.

BCBSNE agrees with the above requirements.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

REQUIRED INSURANCE COVERAGE	
COMMERCIAL GENERAL LIABILITY	
General Aggregate	$2,000,000
Products/Completed Operations Aggregate	$2,000,000
Personal/Advertising Injury	$1,000,000 per occurrence

Breach of Privacy, Security Breach, Denial of Service, Remediation, Fines and Penalties	$10,000,000
MANDATORY COI SUBROGATION WAIVER LANGUAGE	
"Workers' Compensation policy shall include a waiver of subrogation in favor of the State of Nebraska."	
MANDATORY COI LIABILITY WAIVER LANGUAGE	
"Commercial General Liability & Commercial Automobile Liability policies shall name the State of Nebraska as an Additional Insured and the policies shall be primary and any insurance or self-insurance carried by the State shall be considered secondary and non-contributory as additionally insured."	

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

BCBSNE confirms our corporate insurance coverage satisfies the State's required minimum amounts noted above.

3. EVIDENCE OF COVERAGE

The Vendor shall furnish the Contract Manager, via email, with a certificate of insurance coverage complying with the above requirements prior to beginning work at:

122436 O5
Department of Administrative Services
State Purchasing Bureau
Attn: Brook Taylor
1526 K Street, Suite 130
Lincoln, NE 68508
as.materielpurchasing@nebraska.gov

These certificates or the cover sheet shall reference the solicitation number, and the certificates shall include the name of the company, policy numbers, effective dates, dates of expiration, and amounts and types of coverage afforded. If the State is damaged by the failure of the Vendor to maintain such insurance, then the Vendor shall be responsible for all reasonable costs properly attributable thereto.

Reasonable notice of cancellation of any required insurance policy must be submitted to the contract manager as listed above when issued and a new coverage binder shall be submitted immediately to ensure no break in coverage.

BCBSNE confirms the above requirement regarding corporate insurance certificates and the information to be included on the certificates. We understand that the winning bidder will be required to provide these certificates upon bid award and prior to beginning work.

4. DEVIATIONS

The insurance requirements are subject to limited negotiation. Negotiation typically includes, but is not necessarily limited to, the correct type of coverage, necessity for Workers' Compensation, and the type of automobile coverage carried by the Vendor.

BCBSNE agrees with the above requirement.

K. ANTITRUST

The Vendor hereby assigns to the State any and all claims for overcharges as to goods and/or services provided in connection with this contract resulting from antitrust violations which arise under antitrust laws of the United States and the antitrust laws of the State.

BCBSNE agrees with the above requirement.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

L. CONFLICT OF INTEREST

By submitting a solicitation response, vendor certifies that no relationship exists between the vendor and any person or entity which either is, or gives the appearance of, a conflict of interest related to this solicitation or project.

Vendor further certifies that vendor will not employ any individual known by vendor to have a conflict of interest nor shall vendor take any action or acquire any interest, either directly or indirectly, which will conflict in any manner or degree with the performance of its contractual obligations hereunder or which creates an actual or appearance of conflict of interest.

If there is an actual or perceived conflict of interest, vendor shall provide with its solicitation response a full disclosure of the facts describing such actual or perceived conflict of interest and a proposed mitigation plan for consideration. The State will then consider such disclosure and proposed mitigation plan and either approve or reject as part of the overall solicitation response evaluation.

BCBSNE cannot agree to the provision as written above.

BCBSNE agrees that it shall not solicit State of Nebraska employees for the term of this agreement, provided that the foregoing provision will not prevent BCBSNE from employing any such person who contacts BCBSNE on his or her own initiative without any direct or indirect solicitation by, or encouragement from, BCBSNE, or in response to general advertisements not specifically directed at any employee of the State of Nebraska.

In addition to including this in the table at the beginning of this Section III, we have also included this within EXHIBIT A - RFP Deviations.

M. SITE RULES AND REGULATIONS

The Vendor shall use its best efforts to ensure that its employees, agents, and Subcontractors comply with site rules and regulations while on State premises. If the Vendor must perform on-site work outside of the daily operational hours set forth by the State, it must make arrangements with the State to ensure access to the facility and the equipment has been arranged. No additional payment will be made by the State on the basis of lack of access, unless the State fails to provide access as agreed to in writing between the State and the Vendor.

BCBSNE agrees with the above requirements.

N. ADVERTISING

The Vendor agrees not to refer to the contract award in advertising in such a manner as to state or imply that the company or its goods or services are endorsed or preferred by the State. Any publicity releases pertaining to the project shall not be issued without prior written approval from the State.

BCBSNE agrees with the above requirement.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

O. NEBRASKA TECHNOLOGY ACCESS STANDARDS (Nonnegotiable)

1. The State of Nebraska is committed to ensuring that all information and communication technology (ICT), developed, leased, or owned by the State of Nebraska, affords equivalent access to employees, program participants and members of the public with disabilities, as it affords to employees, program participants and members of the public who are not persons with disabilities.

2. By entering into this Contract, Vendor understands and agrees that if the Vendor is providing a product or service that contains ICT, as defined in subsection 3 below and such ICT is intended to be directly interacted with by the user or is public facing, such ICT must provide equivalent access, or be modified during implementation to afford equivalent access, to employees, program participants, and members of the public who have and who do not have disabilities. The Vendor may comply with this section by complying with Section 508 of the Rehabilitation Act of 1973, as amended, and its implementing standards adopted and promulgated by the U.S. Access Board.

3. ICT means information technology and other equipment, systems, technologies, or processes, for which the principal function is the creation, manipulation, storage, display, receipt, or transmission of electronic data and information, as well as any associated content. Vendor hereby agrees ICT includes computers and peripheral equipment, information kiosks and transaction machines, telecommunications equipment, customer premises equipment, multifunction office machines, software, applications, web sites, videos, and electronic documents. For the purposes of these assurances, ICT does not include ICT that is used exclusively by a Vendor.

BCBSNE agrees with the above requirements.

P. DISASTER RECOVERY/BACK UP PLAN

The Vendor shall have a disaster recovery and back-up plan, of which a copy should be provided upon request to the State, which includes, but is not limited to equipment, personnel, facilities, and transportation, in order to continue delivery of goods and services as specified under the specifications in the contract in the event of a disaster.

BCBSNE does not agree with the above requirement of providing a copy of our detailed recovery standards.

BCBSNE has documented and implemented specific business continuity and disaster recovery plans; however, the plans contain competitively sensitive information (CSI) and personally identifiable information (PII); therefore, we do not provide copies to third parties. We can, however, make our recovery plan available for inspection on site at BCBSNE.

In addition to including this in the table at the beginning of this Section III, we have also included this within EXHIBIT A - RFP Deviations.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

Q. DRUG POLICY

Vendor certifies it maintains a drug free workplace environment to ensure worker safety and workplace integrity. Vendor agrees to provide a copy of its drug free workplace policy at any time upon request by the State.

BCBSNE agrees with the above policy.

BCBSNE has a substance abuse policy that complies with the Drug Free Work Place Act of 1988 which requires federal contractors to establish a workplace free of illegal use of drugs and controlled substances. The BCBSNE Substance Abuse Policy prohibits the manufacture, distribution, dispensation, possession or use of any illegal drugs and controlled substances at any BCBSNE worksite and prohibits working under the influence of alcohol or illegal drugs. Failure to comply with this policy results in disciplinary action and/or immediate termination.

R. WARRANTY

Despite any clause to the contrary, the Vendor represents and warrants that its services hereunder shall be performed by competent personnel and shall be of professional quality consistent with generally accepted industry standards for the performance of such services and shall comply in all respects with the requirements of this Agreement. For any breach of this warranty, the Vendor shall, for a period of ninety (90) days from performance of the service, perform the services again, at no cost to the State, or if Vendor is unable to perform the services as warranted, Vendor shall reimburse the State all fees paid to Vendor for the unsatisfactory services. The rights and remedies of the parties under this warranty are in addition to any other rights and remedies of the parties provided by law or equity, including, without limitation actual damages, and, as applicable and awarded under the law, to a prevailing party, reasonable attorneys' fees and costs.

BCBSNE agrees with the first sentence above; however, we do not agree to the remaining statements within the above paragraph. Our recommended alternative is therefore the following:

WARRANTY
Despite any clause to the contrary, the Vendor represents and warrants that its services hereunder shall be performed by competent personnel and shall be of professional quality consistent with generally accepted industry standards for the performance of such services and shall comply in all respects with the requirements of this Agreement.

In addition to including this in the table at the beginning of this Section III, we have also included this within EXHIBIT A - RFP Deviations.

S. TIME IS OF THE ESSENCE

Time is of the essence with respect to Vendor's performance and deliverables pursuant to this Contract.

BCBSNE agrees with the above statement.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

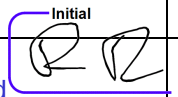
T. BUSINESS ASSOCIATE AGREEMENT(BAA)

Bidder will execute and be in full compliance with Attachment XX Business Associate Agreement (BAA) with the State. Contractor acknowledges that it is compliant with the Electronic Data Interchange ("EDI"), Privacy and Security Rules of the Health Insurance Portability and Accountability Act ("HIPAA") and will execute the appropriate Business Associate Agreement ("BAA") as provided by the State.

Bidder will execute (without modification) and remain in full compliance with the attached BAA with the State.

BCBSNE cannot agree to the Business Associate agreement as written. We have provided a signed version with our revisions, as well as a redlined version for review of our revisions..

In addition to including this deviation in the table at the beginning of this Section III, we have also included this within EXHIBIT A - RFP Deviations.



Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

IV. PAYMENT

Bidder should read the Payment clauses within this section and must initial either "Accept All Terms and Conditions Within Section as Written" or "Exceptions Taken to Payment clauses Within Section as Written" in the table below. If exception is not taken to a provision, it is deemed accepted as stated. If the bidder takes any exceptions, they must provide the following within the "Exceptions" field of the table below (Bidder may provide responses in separate attachment if multiple exceptions are taken):

1. The specific clause, including section reference, to which an exception has been taken;
2. An explanation of why the bidder took exception to the clause; and
3. Provide alternative language to the specific clause within the solicitation response.

By signing the solicitation, bidder agrees to be legally bound by all the accepted terms and conditions, and any proposed alternative terms and conditions submitted with the solicitation response. The State reserves the right to negotiate rejected or proposed alternative language. If the State and bidder fail to agree on the final Terms and Conditions, the State reserves the right to reject the solicitation response. The State reserves the right to reject solicitation responses that attempt to substitute the bidder's commercial contracts and/or documents for this solicitation.

Accept All Payment Clauses Within Section as Written (Initial)	**Exceptions Taken to Payment Clauses Within Section as Written (Initial)**	**Exceptions:** (Bidder must note the specific clause, including section reference, to which an exception has been taken, an explanation of why the bidder took exception to the clause, and provide alternative language to the specific clause within the solicitation response.)
	Initialed 	*BCBSNE accepts the State of Nebraska's requirements listed within this Section IV except for the deviations we've noted below within this table.*
	Provision D. INSPECTION AND APPROVAL	*BCBSNE cannot agree to the provision as written by the State.* *BCBSNE agrees to allow inspections; however, such inspections shall not occur more than annually and are subject to 90 days' advance written notice. In addition, such inspections shall be subject to the terms of an audit agreement that will define the scope of the inspection and the confidentiality of data disclosed during the inspection.*
	Provision H: RIGHT TO AUDIT	*BCBSNE cannot agree with the second paragraph's requirements and is recommending the following alternative language:*

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

		Any audit initiated and authorized by the State shall be undertaken at the State's expense. The State specifically agrees to reimburse BCBSNE for any reasonable expense incurred by BCBSNE in accordance with such audit, including, but not limited to, reimbursement for BCBSNE personnel providing support to such audit in excess of a total of 10 hours plus any copying expenses. *The State also specifically agrees that BCBSNE has the authority to disapprove of the vendor providing such audit, which authority shall not be unreasonably exercised, and to refuse access to membership and claims records by such vendor. The State, recognizing that patient-specific information is confidential, agrees that it and its auditor will enter into an audit agreement addressing confidentiality which will require that the State and its auditor will take reasonable steps to restrict access to this information to those persons who need to know this information for determining compliance with the Services agreement and for performing any necessary audit. The State also specifically agrees that BCBSNE will not accept contingent fee audit vendors.*

A. PROHIBITION AGAINST ADVANCE PAYMENT (Nonnegotiable)

Pursuant to Neb. Rev. Stat. § 81-2403, "[n]o goods or services shall be deemed to be received by an agency until all such goods or services are completely delivered and finally accepted by the agency."

BCBSNE agrees with the above statement.

B. TAXES (Nonnegotiable)

The State is not required to pay taxes and assumes no such liability as a result of this Solicitation. The Vendor may request a copy of the Nebraska Department of Revenue, Nebraska Resale or Exempt Sale Certificate for Sales Tax Exemption, Form 13 for their records. Any property tax payable on the Vendor's equipment which may be installed in a state-owned facility is the responsibility of the Vendor.

BCBSNE agrees with the above statement.

C. INVOICES

Invoices for payments must be submitted by the Vendor to the agency requesting the services with sufficient detail to support payment, including detailed disclosure of all invoice line items to the State and should not include Personal Health Information (PHI). Vendor agrees that all reporting submitted by Vendor must be reconciled to the billing. The information on where to submit invoices will be provided to the awarded bidder upon contract finalization.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

The terms and conditions included in the Vendor's invoice shall be deemed to be solely for the convenience of the parties. No terms or conditions of any such invoice shall be binding upon the State, and no action by the State, including without limitation the payment of any such invoice in whole or in part, shall be construed as binding or estopping the State with respect to any such term or condition, unless the invoice term or condition has been previously agreed to by the State as an amendment to the contract. **The State shall have forty-five (45) calendar days to pay after a valid and accurate invoice is received by the State.**

BCBSNE agrees with the above requirement for a 45-day grace period for monthly invoices. Please note this does not include the weekly claim reimbursement billings BCBSNE will submit to the State for paid claims issued by BCBSNE from our own account.

D. INSPECTION AND APPROVAL

Final inspection and approval of all work required under the contract shall be performed by the designated State officials.

The State and/or its authorized representatives shall have the right to enter any premises where the Vendor or Subcontractor duties under the contract are being performed, and to inspect, monitor or otherwise evaluate the work being performed. All inspections and evaluations shall be at reasonable times and in a manner that will not unreasonably delay work.

BCBSNE does not agree with the above requirement as written.

BCBSNE agrees to allow inspections, but such inspections shall not occur more than annually and are subject to 90 days' advanced notice. In addition, such inspections shall be subject to the terms of an audit agreement that will define the scope of the inspection and the confidentiality of data disclosed during the inspection.

In addition to including this in the table at the beginning of this Section IV, we have also included this within EXHIBIT A - RFP Deviations.

E. PAYMENT (Nonnegotiable)

Payment will be made by the responsible agency in compliance with the State of Nebraska Prompt Payment Act (See Neb. Rev. Stat. § 81-2403). The State may require the Vendor to accept payment by electronic means such as ACH deposit. In no event shall the State be responsible or liable to pay for any goods and services provided by the Vendor prior to the Effective Date of the contract, and the Vendor hereby waives any claim or cause of action for any such goods or services.

BCBSNE agrees with the above requirement.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

F. LATE PAYMENT (Nonnegotiable)

The Vendor may charge the responsible agency interest for late payment in compliance with the State of Nebraska Prompt Payment Act (See Neb. Rev. Stat. §§ 81-2401 through 81-2408).

BCBSNE agrees with the above requirement.

G. SUBJECT TO FUNDING / FUNDING OUT CLAUSE FOR LOSS OF APPROPRIATIONS (Nonnegotiable)

The State's obligation to pay amounts due on the Contract for fiscal years following the current fiscal year is contingent upon legislative appropriation of funds. Should said funds not be appropriated, the State may terminate the contract with respect to those payments for the fiscal year(s) for which such funds are not appropriated. The State will give the Vendor written notice thirty (30) calendar days prior to the effective date of termination. All obligations of the State to make payments after the termination date will cease. The Vendor shall be entitled to receive just and equitable compensation for any authorized work which has been satisfactorily completed as of the termination date. In no event shall the Vendor be paid for a loss of anticipated profit.

BCBSNE agrees with the above requirement.

H. RIGHT TO AUDIT (First Paragraph is Nonnegotiable)

The State shall have the right to audit the Vendor's performance of this contract upon a thirty (30) days' written notice. Vendor shall utilize generally accepted accounting principles, and shall maintain the accounting records, and other records and information relevant to the contract (Information) to enable the State to audit the contract. (Neb. Rev. Stat. § 84-304 et seq.) The State may audit, and the Vendor shall maintain, the Information during the term of the contract and for a period of five (5) years after the completion of this contract or until all issues or litigation are resolved, whichever is later. The Vendor shall make the Information available to the State at Vendor's place of business or a location acceptable to both Parties during normal business hours. If this is not practical or the Vendor so elects, the Vendor may provide electronic or paper copies of the Information. The State reserves the right to examine, make copies of, and take notes on any Information relevant to this contract, regardless of the form or the Information, how it is stored, or who possesses the Information. Under no circumstance will the Vendor be required to create or maintain documents not kept in the ordinary course of Vendor's business operations, nor will Vendor be required to disclose any information, including but not limited to product cost data, which is confidential or proprietary to Vendor.

BCBSNE agrees to the above paragraph's nonnegotiable terms.

The Parties shall pay their own costs of the audit unless the audit finds a previously undisclosed overpayment by the State. If a previously undisclosed overpayment exceeds one (1) % of the total contract billings, or if fraud, material misrepresentations, or non-performance is discovered on the part of the Vendor, the Vendor shall reimburse the State for the total costs of the audit. Overpayments and audit costs owed to the State shall be paid within ninety (90) days of written notice of the claim. The Vendor agrees to correct any material weaknesses or condition found as a result of the audit.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

BCBSNE does not agree with the above paragraph's requirements.

Any audit initiated and authorized by the State shall be undertaken at the State's expense. The State specifically agrees to reimburse BCBSNE for any reasonable expense incurred by BCBSNE in accordance with such audit, including, but not limited to, reimbursement for BCBSNE personnel providing support to such audit in excess of a total of 10 hours plus any copying expenses.

The State also specifically agrees that BCBSNE has the authority to disapprove of the vendor providing such audit, which authority shall not be unreasonably exercised, and to refuse access to membership and claims records by such vendor. The State, recognizing that patient-specific information is confidential, agrees that it and its auditor will enter into an audit agreement addressing confidentiality which will require that the State and its auditor will take reasonable steps to restrict access to this information to those persons who need to know this information for determining compliance with the Services agreement and for performing any necessary audit. The State also specifically agrees that BCBSNE will not accept contingent fee audit vendors.

In addition to including this in the table at the beginning of this Section IV, we have also included this within EXHIBIT A - RFP Deviations.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

V. PROJECT DESCRIPTION AND SCOPE OF WORK

The bidder should provide the following information in response to this Solicitation.

A. PROJECT OVERVIEW

The State of Nebraska ("State") employs approximately 17,500 individuals and 13,600 are enrolled in health plans. Enrolled members include active employees, pre-65 retirees, COBRA participants, and their dependents. Members are primarily located throughout the State of Nebraska. The State allows both Union and non-Union employees to be enrolled in one of the three (3) State health plans. The State currently has the following self-insured medical and prescription drug plans:

- Regular Plan
- Consumer Focused Health Plan (with Health Savings Account Eligibility)
- WellNebraska (with or without incentive)

The State's objective is to secure competitive and transparent pricing for pharmacy benefit management (PBM) services while maintaining and enhancing the quality of the pharmacy benefit plan and maximizing employee satisfaction. The State also seeks clinical and utilization management programs that will effectively reduce costs and waste while ensuring the highest standard of patient care.

The State currently has Contract 89546 O4 for Administrative and Support Services for the State of Nebraska Employee Health Care Benefits and Pharmacy Benefit Plans. This includes the administration of the Health Savings Account program and a Specialty Pharmacy Program.

Information about the current health plans offered to plan members is available at:
http://das.nebraska.gov/benefits.html

Health Plans (Plan Options: Regular, Consumer Focused, and WellNebraska) can be found at: https://das.nebraska.gov/personnel/wellness/health-and-perscription-benefits.html

The State's Plan Year runs from July 1 to June 30. Note that it is the expectation of the State that work on this contract will begin immediately upon award, with a focus on implementation and Open Enrollment (OE) support (i.e., development of OE documents).

PBM Fees will not be paid until the benefit plan year begins on July 1, 2026.

BCBSNE acknowledges these statements.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

B. ENROLLMENT

The following is a table representing State active employees, pre-65 retirees, COBRA participants, and their dependents participation in each health plan by tier, as of February 2025. This may not be an exact match to the Census Data:

Plan/Tier	Regular PPO	Wellness PPO with incentive	Consumer Focused Health Plan (HDHP)	Wellness without Incentive	Total
Employee Only	1,079	4,289	1,137	306	6,811
Employee/Spouse	345	1,400	193	74	2,012
Employee/Child(ren)	227	1,432	193	86	1,938
Family	293	2,136	286	171	2,886
Total	**1,944**	**9,257**	**1,809**	**637**	**13,647**

BCBSNE acknowledges the above enrollment from February 2025.

C. PROJECT OBJECTIVES

The State of Nebraska is looking to provide high quality, cost-effective benefits to its active employees, pre-65 retirees, COBRA participants, and their dependents. The State is soliciting offers for the administration of its self-insured prescription drug plan.

Bidders are required to offer comprehensive PBM services with a full range of customer (client and member) services including, but not limited to:

1. Claims Adjudication

Confirmed

2. Member Enrollment and Eligibility Maintenance

Confirmed

3. ID Card Production and Distribution

Confirmed

4. Formulary Management and Rebate Pass-Through

Confirmed

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

5. Clinical and Utilization Management

Confirmed

6. Retail Pharmacy Network Management

Confirmed

7. Specialty and Mail Order Pharmacy

Confirmed

8. Patient and Provider Education

Confirmed

9. Systematic Prospective, Concurrent and Retroactive Drug Utilization Review

Confirmed

10. Auditing Rights

Confirmed

11. Account Management Services (including standard/custom reporting and online systems)

Confirmed

12. Member Services (including call center, website portal and mobile app)

Confirmed

13. Claims data sharing with State, healthcare and data analytics vendors

Confirmed

Please note that the State is concurrently conducting a procurement for medical administration services. This RFP is only for PBM services, and any information provided by respondents which pertains to the medical administration RFP or any other service (unless explicitly requested within the RFP), will not be considered in evaluation of this RFP. This includes attempts by Bidders to provide PBM fees that are contingent upon the additional award of business in connection with the medical administration RFP.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

BCBSNE is quoting our preferred PBM, Prime Therapeutics. Prime is a BCBS PBM and provides pharmacy benefit management only with Blue Plans. Prime does not provide pharmacy administration with other administrators or carriers. BCBSNE can provide medical administration without Prime pharmacy administration but cannot offer Prime administration without BCBSNE medical administration. As a result, our pharmacy administrative proposal is contingent upon medical administration being provided by BCBSNE.

D. SUBROGATION REQUIREMENT

Contractor shall enforce the State's right to seek recovery based on subrogation or other theories from third parties, or other insurance carriers, who have caused injury or illness to a covered person or damages to the plan, except when said third party is the State of Nebraska. Contractor shall provide subrogation recovery service at no additional charge to the State. Contractor may engage a subcontractor to perform specialized services for recovery of funds or discovery of overpayment or fraud. If any subrogation services are subcontracted by contractor, approval of subcontractors and contract terms must be obtained from the State prior to contractor entering into an agreement with any such subcontractor(s). Such subcontractors may be reimbursed based on a reasonable basis other than percent of recovery, but cost of such subcontractors shall be the responsibility of Contractor and shall not be deducted from the subrogated amount. The Contractor shall obtain the approval of the State for any subrogation claim that is less than 100% of the State's loss and shall obtain the State's approval of all settlements. In the event that the State is a party to litigation regarding any such claims, settlement or release of such claims must be approved by the State. This authority regarding recoveries from third parties or their carriers includes participation in consolidated or class action lawsuits alleging such injuries, if authorized by the State. Any recovery from consolidated or class action suits will be apportioned among all insured and self-insured plans or pools in like manner. The proration may be based on number of covered persons, number of injured persons, claims volume, or any other basis determined by contractor and approved by the State. Recoveries made in the same plan year as the original claim payments are made, will be applied to the State's claims liability by immediate credit to the State. Recoveries made in subsequent years will be credited in total to the State's claim liability at the time recovery is made. The State agrees to cooperate with all such recovery efforts.

BCBSNE confirms agreement with the above subrogation requirements. BCBSNE does not subcontract our subrogation investigations and instead utilizes our in-house subrogation team for pursuing recoveries. BCBSNE confirms we will not charge the State fees based on a percentage of recoveries.

E. **PRESCRIPTION DRUG PLAN DESIGN**

At a minimum, the Contractor must duplicate the plan designs and level of coverage presently offered to the State's covered member population.

BCBSNE has proposed plans matching the current benefits wherever possible; however, we do have certain deviations that we have noted in our response within the TECHNICAL RESPONSE, BENEFIT PLANS. Each deviation includes a recommended alternative, if available.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

F. **PLAN REQUIREMENTS**

The Contractor must adhere to the following Plan Requirements. These requirements will also explicitly apply to any subcontractors used by the Bidder to deliver services to the State.

1. Provide services to all members (active employees, pre-65 retirees, COBRA participants, and their dependents) enrolled on the program effective date.

Confirmed

2. Agree that members who are not actively at work due to disablement on program effective date will be covered.

Confirmed

3. Agree that the State owns its data (its financial and operational data, and its member data), may use it for any business purposes it deems necessary, and that such data will be considered proprietary and will not be shared or utilized by Contractor for any purpose other than the provision of services under the agreement, except at the request of the State's Director of Administrative Services, and with full knowledge and express written consent.

Confirmed

4. Acknowledges the State will neither recognize the appointment of any agent, general agent or broker nor authorize any payment or remuneration of any kind by the Contractor to a party not approved in writing by the State.

Confirmed

5. Advise and assist the State in the preparation of forms and other documentation necessary to fulfill reporting and disclosure requirements.

Confirmed

6. Agrees it will not render or administer services (including wellness) offshore, and all work performed will be in the contiguous United States.

Confirmed

7. Comply with and adhere to relevant federal and state laws and regulations.

Confirmed

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

8. Monitor Federal and State legislation affecting the plan and report to the State on those issues in a timely fashion and prior to the effective date of any mandated plan changes.

Confirmed

9. Assume responsibility for any and all costs associated with any investigation necessary to ensure that claims are adjudicated properly.

Confirmed; however, BCBSNE reserves the right to pass on any costs and fees associated with a member of the State's group health plan(s) utilizing out of network services that result in the Provider's engagement of the Independent Dispute Resolution process under the Consolidated Appropriations Act.

10. Follow the specified eligibility rules established by the State.

Confirmed

11. Agree to all requirements as outlined in Attachment C - Confirmations & Questionnaire, Confirmations tab.

Not confirmed. We have noted the provisions where we are unable to confirm the request within the Confirmations tab of Attachment C.

12. Assign a dedicated Account Management Team (AMT) who shall be accountable and responsible to the State for proactive management of all aspects of the Contractor's performance to the State and its members. The Contractor shall not change assignment of the Account Executive on the AMT, without written notice provided to the State with a minimum of fourteen (14) business days prior to such change. The State reserves the right to request assignment of a new Account Executive, and the Contractor shall make such change within 30 calendar days of receipt of written notice from the State. A member of the AMT must respond to any outreach from the State of Nebraska within one (1) business day.

Confirmed

13. Provide a mutually agreed upon annual score card so the State can assess Contractor's performance.

Confirmed

14. Provide claim line detail for ALL claims as described in this RFP.

Confirmed

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

15. Provide robust, accurate, timely, and comprehensive data and reporting to the State. The State and its healthcare consultants must have the ability to access a reporting portal to download all reports. This provision includes State specific utilization data for State members, upon request.

Confirmed: BCBSNE confirms the State and its healthcare consultant will have access to online standard reporting. Customized reporting will be coordinated by the State's assigned Client Consultant.

Access to our online reporting tool will be through Blue Health Intelligence (BHI) / Whyzen (our vendors). This system has no demo site, but upon notification of sale, our Client Consulting team can set up training sessions on how to access the system and create reports. There will be an option provided for the users that allows them to select reporting output that includes PHI, or to select reporting output that is de-identified.

While the online reporting tool will be available to the employer, the State's assigned Client Consultant would also be available to work with the State's benefits team on customized reporting requests at no additional cost.

16. Provide data feeds (ex. eligibility file) to the State's vendor partners, as requested. The cost for providing data feeds must be included in the Contractor's administrative fees. Contractor agrees to waive any charges to the State or the State's vendors such as a set-up fee, a programming fee or a monthly fee, for establishing a connection with a third party vendor for real-time, bidirectional data integration, including non-standard data integration formats.

Confirmed: Outbound data feeds to the State's vendor partners will be submitted based on BCBSNE's standard data extract layout. We confirm no fees will be charged to the State.

17. The Contractor must perform and present to the State, on a quarterly or as requested basis, the State's current plans and service performance, recent issues/challenges encountered, potential savings opportunities, and topics of concern and suggestions for resolution, at no additional cost to the State.

Confirmed

18. Attend an annual performance or "stewardship" meeting within 180 days after contract year-end at which time the Contractor will, as directed by the State, summarize activities and performance for the year ended.

Confirmed

19. Participate in an Annual Vendor Summit to discuss strategic opportunities for the State's overall health management program.

Confirmed

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

20. Provide final Summary Plan Documents (SPD), written and electronic, including SPD language for any clinical programs to be implemented, to the State prior to the initial Open Enrollment period and subsequent open enrollments. SPDs are subject to the final approval of the State.

BCBSNE confirms we will provide a first draft of an electronic SPD to the State for review within 90 calendar days of receiving final benefit sign-off from the State for our Client Profile (our internal tool that documents all benefits); however, BCBSNE does not print hard copies of an employer's SPDs for an entire population. Limited printing based on 10% of total enrolled subscribers will be available upon request from the State.

The timing prior to the State's open enrollment period will be dependent, in part, upon the final sign-off date from the State and any revisions that the State may wish to implement after reviewing our initial electronic draft. BCBSNE will do everything possible to provide the State with a final electronic SPD after the State's final review so that the State may have time to initiate any printing, if required.

We understand the State posts electronic benefit documents on its public website for its subscribers and members.

21. Agree to provide an opportunity for the State to review and approve all communication materials (including letters, brochures, electronic, website, etc.) prior to being sent to members and/or to providers.

Confirmed

22. Complete implementation prior to the State's Annual Open Enrollment period each May.

Confirmed

23. Agree that no external communications material that mentions the State's benefit plans may be circulated without written approval from the State.

Confirmed

24. Attend and participate in the annual Human Resource Information Group (HRIG) in April of each year. The Contractor may be asked to participate in the informational meetings across the State directly following the HRIG. If requested by other State agencies, the Contractor may participate in agency specific health fair(s).

Confirmed

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

25. Offer a program to prevent and detect internal and external fraud and fraudulent practices.

Confirmed

26. Administer run-out claims for 12 months following termination of the contract. The cost of run-out administration must be included in bidder's proposed administration fees.

Confirmed

27. Provide complete banking arrangements for claims processing, including the printing and issuing of checks and/or electronic funds transfer.

Confirmed: For our self-funded employers, BCBSNE initially issues claims from our own account, then subsequently sends net paid claim reimbursement requests to the self-funded employer, typically on a weekly basis. This process differs from many other administrators since we do not issue checks directly from an employer's bank account. Once a reimbursement request is submitted to an employer via automated clearing house funds request, BCBSNE requests electronic reimbursement within 24 hours.

For fees and unreimbursed net paid claims for a given month, BCBSNE sends a month-end invoice. In addition to the unreimbursed net claims, invoices will include such items as billed administration fees and fees for any additional programs the employer may have purchased.

Due to our proposed weekly frequency of claims billings to the State, BCBSNE will not require a deposit.

28. No covered State members shall lose or gain coverage as a result of vendor change. Any and all transition-of-care-related issues must be expressly waived for the initial enrollment for covered eligibles and their dependents that have already satisfied the limitations under the existing plan, unless otherwise specified in the eligibility rules established by the State.

Confirmed

29. Complete formulary disruption and retail network disruption analyses as detailed in the Questionnaire.

Confirmed

30. **Attachments:** Complete all RFP attachments:

- **a.** Attachment A – Intent to Propose
- **b.** Attachment B – Business Associate Agreement (BAA)
- **c.** Attachment C – Confirmations & Questionnaire
  - **i.** Completed Formulary Disruption Analysis as requested in Questionnaire Tab D.3

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

ii. Completed Network Disruption Analysis as requested in Questionnaire Tab F.14

d. Attachment D – Performance Guarantees

e. Cost Sheet

Confirmed. BCBSNE has included the above responses within our proposal.

G. BUSINESS REQUIREMENTS

1. Contractor must be currently providing self-funded PBM administration services to at least one public sector group health plan with a minimum of 15,000 lives.

Confirmed

2. Contractor must have a minimum of five (5) years of self-funded PBM administration group experience.

Confirmed

3. Contractor must be licensed to offer employer-sponsored, network-based self-funded PBM plan solutions in all 50 states and U.S. territories where State members currently reside.

Confirmed

4. Contractor must not have any bankruptcy filings within the last 5 years; and Offeror's senior officers, board members, or directors must not have any felony convictions.

Confirmed

H. DELIVERABLES

Provide the following third-party administration services for the State's prescription drug coverage as listed in this RFP:

We are confirming we are offering all deliverables listed below. Further details on this list are provided in our Deliverables and Due Dates response within the TECHNICAL RESPONSE.

1. Claims Adjudication
2. Member Enrollment and Eligibility Maintenance
3. ID Card Production and Distribution
4. Formulary Management and Rebate Pass-Through
5. Clinical and Utilization Management
6. Retail Pharmacy Network Management
7. Specialty and Mail Order Pharmacy
8. Patient and Provider Education
9. Systematic Prospective, Concurrent and Retroactive Drug Utilization Review

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

10. Auditing Rights
11. Account Management Services (including standard/custom reporting and online systems)
12. Member Services (including call center, website portal and mobile app)
13. Claims data sharing with State, healthcare and data analytics vendors

Please refer to the TECHNICAL RESPONSE section, Deliverables & Due Dates, for information addressing the above deliverables.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

VI. SOLICITATION RESPONSE INSTRUCTIONS

This section documents the requirements that should be met by bidders in preparing the Corporate Overview and Technical Response portions of the solicitation response. The solicitation Cost Sheet template should be completed by bidders and submitted as a separate attachment with their solicitation response. Bidders should identify the subdivisions of "Project Description and Scope of Work" clearly in their solicitation response; failure to do so may result in disqualification. Failure to respond to a specific requirement may be the basis for elimination from consideration during the State's comparative evaluation.

Solicitation responses are due by the date and time shown in the Schedule of Events. Content requirements for the Corporate Overview and, Technical Response are presented separately in the following subdivisions:

A. SOLICITATION RESPONSE SUBMISSION

1. CORPORATE OVERVIEW

The Corporate Overview section of the solicitation response should consist of the following subdivisions:

******ATTN State of Nebraska******

Due to the RFP instructions indicating that the Corporate Overview is to be positioned on its own, please refer to the CORPORATE OVERVIEW section of our proposal for our responses to the following items a. through n.

a. BIDDER IDENTIFICATION AND INFORMATION

The bidder should provide the full company or corporate name, address of the company's headquarters, entity organization (corporation, partnership, proprietorship), state in which the bidder is incorporated or otherwise organized to do business, (including whether the Bidder is in good standing in the state in which it is formed or incorporated), year in which the bidder first organized to do business and whether the name and form of organization has changed since first organized. The Bidder should also provide this information for the branch or local office or other subordinate element that will perform or assist in performing the work on this contract.

b. FINANCIAL STATEMENTS

The bidder should provide its organization's last audited financial statement and the most recent unaudited financial statement if the most recent audited financial statement is older than 12 months as well as the latest SSAE 21 report. If publicly held, the bidder should provide a copy of the corporation's most recent audited financial reports and statements, and the name, address, and telephone number of the fiscally responsible representative of the bidder's financial or banking organization.

If the bidder is not a publicly held corporation, either the reports and statements required of a publicly held corporation, or a description of the organization, including size,

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

longevity, client base, areas of specialization and expertise, and any other pertinent information, should be submitted in such a manner that solicitation evaluators may reasonably formulate a determination about the stability and financial strength of the organization. Additionally, a non-publicly held firm should provide a banking reference.

The bidder must disclose any and all judgments, pending or expected litigation, or other real or potential financial reversals, which might materially affect the viability or stability of the organization, or state that no such condition is known to exist.

The State may elect to use a third party to conduct credit checks as part of the corporate overview evaluation.

c. CHANGE OF OWNERSHIP

If any change in ownership or control of the company is anticipated during the twelve (12) months following the solicitation response due date, the bidder should describe the circumstances of such change and indicate when the change will likely occur. Any change of ownership to an awarded bidder(s) will require notification to the State.

The bidder should state and describe if it recently experienced any workforce realignments and/or recent merger or acquisition activity. Include in this description, any anticipated changes in ownership or business developments, including but not limited to mergers, stock issues, and the acquisition of new venture capital.

d. OFFICE LOCATION

The bidder's office location responsible for performance pursuant to an award of a contract with the State of Nebraska should be identified.

e. RELATIONSHIPS WITH THE STATE

The bidder should describe any dealings with the State over the previous twelve (12) months. If the organization, its predecessor, or any Party named in the bidder's solicitation response has contracted with the State, the bidder should identify the contract number(s) and/or any other information available to identify such contract(s). If no such contracts exist, so declare.

f. BIDDER'S EMPLOYEE RELATIONS TO STATE

If any Party named in the bidder's solicitation response is or was an employee of the State within the past twelve (12) months, identify the individual(s) by name, State agency with whom employed, job title or position held with the State, and separation date. If no such relationship exists or has existed, so declare.

If any employee of any agency of the State of Nebraska is employed by the bidder or is a subcontractor to the bidder, as of the due date for solicitation response submission, identify all such persons by name, position held with the bidder, and position held with the State (including job title and agency). Describe the responsibilities of such persons

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

within the proposing organization. If, after review of this information by the State, it is determined that a conflict of interest exists or may exist, the bidder may be disqualified from further consideration in this solicitation. If no such relationship exists, so declare.

g. CONTRACT PERFORMANCE

If the bidder or any proposed subcontractor has had a contract terminated for default during the past (three) (3) years, all such instances must be described as required below. Termination for default is defined as a notice to stop performance delivery due to the bidder's non-performance or poor performance, and the issue was either not litigated due to inaction on the part of the bidder or litigated and such litigation determined the bidder to be in default.

It is mandatory that the bidder submit full details of all termination for default experienced during the past (three) (3) years, including the other Party's name, address, and telephone number. The response to this section must present the bidder's position on the matter. The State will evaluate the facts and will score the bidder's solicitation response accordingly. If no such termination for default has been experienced by the bidder in the past (three) (3) years, so declare.

If at any time during the past (three) (3) years, the bidder has had a contract terminated for convenience, non-performance, non-allocation of funds, or any other reason, describe fully all circumstances surrounding such termination, including the name and address of the other contracting Party.

h. SUMMARY OF BIDDER'S CORPORATE EXPERIENCE

The bidder should provide a summary matrix listing the bidder's previous projects similar to this Solicitation in size, scope, and complexity. The State will use no more than three (3) narrative project descriptions submitted by the bidder during its evaluation of the solicitation response.

The bidder should address the following:

i. Provide narrative descriptions to highlight the similarities between the bidder's experience and this Solicitation. These descriptions should include:

a) The time period of the project,
b) The scheduled and actual completion dates,
c) The bidder's responsibilities,
d) For reference purposes, a customer name (including the name of a contact person, a current telephone number, a facsimile number, and e-mail address); and
e) Each project description should identify whether the work was performed as the prime Vendor or as a subcontractor. If a bidder performed as the prime Vendor, the description should provide the originally scheduled

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

completion date and budget, as well as the actual (or currently planned) completion date and actual (or currently planned) budget.

ii. Bidder and Subcontractor(s) experience should be listed separately. Narrative descriptions submitted for Subcontractors should be specifically identified as subcontractor projects.

iii. If the work was performed as a subcontractor, the narrative description should identify the same information as requested for the bidders above. In addition, subcontractors should identify what share of contract costs, project responsibilities, and time period were performed as a subcontractor.

i. SUMMARY OF BIDDER'S PROPOSED PERSONNEL/MANAGEMENT APPROACH

The bidder should present a detailed description of its proposed approach to the management of the project.

The bidder should identify the specific professionals who will work on the State's project if their company is awarded the contract resulting from this Solicitation. The names and titles of the team proposed for assignment to the State project should be identified in full, with a description of the team leadership, interface, and support functions, and reporting relationships. The primary work assigned to each person should also be identified. For each team member listed, identify whether this staff member will be 100% dedicated/designated to the State account. If the member is not 100% dedicated/designated to the State, please indicate the percentage of time the staff member will designate to the State account as well as the number of other clients with which the staff member has responsibilities. At a minimum, the specific professionals should include:

a) Implementation Coordinator/Manager
b) Account Executive
c) Eligibility Coordinator/Manager
d) Pharmacist
e) Member Service Manager
f) Government/Legislative Liaison

The bidder should provide resumes for all personnel proposed by the bidder to work on the project. The State will consider the resumes as a key indicator of the bidder's understanding of the skill mixes required to carry out the requirements of the Solicitation in addition to assessing the experience of specific individuals.

Resumes should not be longer than three (3) pages. Resumes should include, at a minimum, academic background and degrees, professional certifications, understanding of the process, and at least three (3) references (name, address, and telephone number) who can attest to the competence and skill level of the individual. Any changes in proposed personnel shall only be implemented after written approval from the State.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

The bidder to note any positions bidder will need to hire if awarded this contract.

The bidder will provide an organization chart, including names and titles, of Account Team and key personnel that will be responsible for the State account.

j. SUBCONTRACTORS

If the bidder intends to subcontract any part of its performance hereunder, the bidder should provide:

- **a)** name, address, and telephone number of the subcontractor(s),
- **b)** specific tasks/types of services provided for each subcontractor(s),
- **c)** number of years the Bidder's company has utilized the subcontractor,
- **d)** contractual relationship between subcontractor and Bidder's company,
- **e)** indication of general financial model such as shared savings, PMPM, fee for service, etc.,
- **f)** percentage of performance hours intended for each subcontract; and
- **g)** total percentage of subcontractor(s) performance hours.

Confirm that, if awarded a contract with the State, you will agree in the contract to notify the State of changes to this subcontractor list throughout the term of any awarded contract and that the State will have the ability to pre-approve any subcontractor that provides services directly to the State or its members.

k. PENDING LITIGATION

The bidder will state whether there is any concluded or pending litigation against the Bidder or Bidder's affiliates, subsidiaries, employees related to a contract engagement; and if such litigation exists, an attached opinion of counsel as to whether the pending litigation will impair the firm's performance in a contract under this RFP.

l. BANKRUPTCY

The Bidder will state whether, in the last ten years, Bidder or any of its affiliates or subcontractors has filed (or had filed against it) any bankruptcy or insolvency proceeding, whether voluntary or involuntary, or undergone the appointment of a receiver, trustee, or assignee for the benefit of creditors; and if so, an explanation providing relevant details.

m. FINANCIAL RATINGS

Indicate the most recent Financial Rating, Financial Rating Modifiers and the Financial Rating Effective Date you have received by the following organizations. Indicate all changes that have occurred in the last 12 months for each of these ratings.

Docusign Envelope ID: B4A5F5E3-EA4B-4BED-9315-88752C431B02

a) A.M. Best
b) Standard & Poor's
c) Moody's
d) Fitch

The Bidder should indicate if its rating has changed within the past 12 months for any of the rating agencies.

n. OTHER MAJOR CHANGES

The Bidder should indicate any staff relocations, computer system changes/upgrades, program changes, or telephone system changes in process at this time or proposed within the next 12-24 months.

2. TECHNICAL RESPONSE

The Technical Response section of the solicitation response should consist of the following subsections:

a) Understanding of the project requirements;
b) Proposed development approach;
c) Technical requirements;
d) Completed Attachment C – Confirmations & Questionnaire;
e) Completed Formulary Disruption Analysis as requested in Questionnaire Tab D.3;
f) Completed Network Disruption Analysis as requested in Questionnaire Tab F.14;
g) Completed Attachment D – Performance Guarantees;
h) Detailed project work plan; and
i) Deliverables and due dates.

We have provided our TECHNICAL RESPONSE in the layout requested within our TECHNICAL PROPOSAL (see Table of Contents) based on the State's specific sections noted above. Please note there is conflict with the State's Round 2, item #15, addendum response which states separate documents are not required for a., b., and c. above; however, we are following the request as specifically written to ensure compliance.

UNDERSTANDING OF THE PROJECT REQUIREMENTS

The following paragraphs highlight BCBSNE's understanding of the main requirements of the State of Nebraska (the State), as noted throughout this PBM RFP within the scope of work. While our confirmation of our understanding is mentioned at a broad level below, other sections of our proposal offer details on how BCBNSE is prepared to address the State's goals for this pharmacy benefits administrative services RFP.

While we have acknowledged all RFP requests within our document titled ***RFP SECTIONS I. – VI. (Initialed),*** the following summarizes certain requirements specifically:

Section III. Vendor Duties

BCBSNE has addressed all Section III Vendor Duties requirements within ***RFP SECTIONS I. – VI. (Initialed),*** including, but not limited to, vendor obligations, corporate insurance requirements, our disaster backup plan, ownership of data, and all responses to legal and regulatory requirements the State and its contractor must satisfy.

Our response clearly documents deviations and, where available, our recommended alternatives for the State to consider.

Section IV. Payment

BCBSNE understands the payment terms and conditions documented and requested by the State. BCBSNE has addressed all Section IV Payment requirements within ***RFP SECTIONS I. – VI. (Initialed),*** including, but not limited to, invoice requirements, late payments, loss of appropriations, and audit rights.

BCBSNE has confirmed we will accept the State's invoice payment grace period of 45 days, which is offered in lieu of BCBSNE's standard monthly invoice payment grace period of 15 calendar days. Our response to the Payment section includes our deviations and, where available, our recommended alternatives for the State to consider.

Section V. Project Description & Scope of Work

BCBSNE acknowledges the State has key goals bidders should address in providing administrative services and supporting programs for its three benefit plan options. Items below include, but are not limited to, the State's documented requirements in Section V:

- High-quality, cost effective pharmacy benefits and timely administration of all claims
- Formulary management
- Enrollment and eligibility maintenance
- Clinical and utilization management
- Retail pharmacy network management
- Specialty and Mail Order pharmacies
- Member communication strategies to the State's population the work to ensure members are taking full advantage of the programs and services
- Creation of member communication materials with prior approval from the State
- Superior account management delivered by a dedicated account team
- Customer service
- Comprehensive prospective, concurrent, and retroactive drug utilization review programs
- Auditing rights
- Claims data sharing
- Client analytics and reporting requirements, including regular presentations to the State on its program performance
- Prescription drug plan designs based on the existing benefit offerings
- Preparing plan documents (benefit booklets/SPDs) on an electronic basis prior to all Open Enrollments (current and renewal)
- All other deliverables noted

Section VI. Solicitation Response Instructions

We have included a complete ***CORPORATE OVERVIEW*** response noting BCBSNE's corporate information as requested, a summary of our corporate experience, our personnel management approach, our subcontractors.

In Summary:

- We confirm our understanding of the State's goals and requirements of its self-funded prescription drug administrative services RFP. Our proposal is designed to meet and exceed these objectives, ensuring a successful partnership.

- The following required sections of this *TECHNICAL RESPONSE* will document how we are going to achieve the State's goals:
    - *Developmental Approach*
    - *Technical Requirements*
    - *Attachment C1 Questionnaire*
    - *Formulary Disruption Analysis*
    - *Pharmacy Network Disruption Analysis*
    - *Operational Performance Guarantees*
    - *Detailed Project Work Plan*
    - *Deliverables and Due Dates*

Developmental Approach

Blue Cross and Blue Shield of Nebraska (BCBSNE), in partnership with Prime Therapeutics (Prime), is proud to offer the State of Nebraska (the State) a comprehensive and competitive prescription drug administration program designed to manage costs while ensuring broad access and clinical excellence.

Pharmacy Network

At the core of this offering is Prime's **Network A**, a national open pharmacy network that includes over 65,500 retail locations. This expansive network features major national chains, regional grocers, pharmacy services administrative organizations (PSAOs), and independent pharmacies, ensuring members have convenient access to their medications across the country.

To further enhance value and convenience, BCBSNE and Prime offer the **Extended Supply Network (ESN)**, which allows members to fill extended-day (up to 90-day) prescriptions at retail pharmacies as an alternative to mail order. With over 64,500 participating locations, the ESN provides members with flexibility and familiarity while delivering greater savings through more aggressive pricing than traditional retail networks. Members benefit from the ability to obtain long-term medications from their trusted local pharmacies, while the State benefits from improved cost management and adherence outcomes. To ensure cost efficiency, 90-day prescriptions are limited to ESN pharmacies, while non-ESN locations are restricted to 30–34 day supplies.

Formulary Options

In addition to network flexibility, BCBSNE and Prime offer **two formulary options** tailored to the State's cost and clinical goals.

- **PDL10**, the standard formulary, provides broad access to safe, medically necessary medications, with preferred agents selected through rigorous clinical evaluation by Prime's National Pharmacy and Therapeutics (P&T) Committee.
- For clients seeking deeper savings, **PDL25** is a research-backed, six-tier biosimilar formulary that promotes cost-effective prescribing through competitive rebates, exclusion of duplicative or unnecessary drugs, and encouragement of lower-cost alternatives such as generics and over-the-counter options. PDL25 is designed to deliver integrated drug management, improved health outcomes, and substantial financial savings.

Net Savings Guarantee

As part of our commitment to delivering measurable value, Blue Cross and Blue Shield of Nebraska (BCBSNE), in partnership with Prime Therapeutics, is offering the State of Nebraska a **Net Savings Guarantee** for the first year of the pharmacy benefit program, from **July 1, 2026, through June 30, 2027.** This guarantee will apply if the following formulary and pharmacy programs

- *Formulary PDL25*
- *FlexAccess*
- *GuidedHealth*
- *MedsYourWay Retail*
- *IntegratedRx Options*
- *Advanced Fraud, Waste & Abuse, and*
- *HighTouchRx.*

Should the State not achieve a specified guaranteed net savings during this period, BCBSNE and Prime will provide a financial penalty to the State based on a structured penalty range.

For additional information on this savings guarantees, please refer to our ***PROPRIETARY RESPONSE*** for details on this guarantee.

Specialty Pharmacy

To support members with complex or rare conditions, BCBSNE and Prime offer an **exclusive specialty pharmacy program through Accredo**, a nationally recognized specialty pharmacy provider. Accredo delivers high-touch, personalized care through Therapeutic Resource Centers (TRCs), where pharmacists, nurses, and clinicians specialize in specific disease states. These teams provide 24/7 clinical support, medication education, adherence coaching, and coordination of care, including lab monitoring and physician collaboration.

Accredo's advanced adherence programs and clinical protocols ensure members receive the right medication at the right time, improving outcomes and reducing waste. The program also includes flexible onboarding options, allowing for initial retail fills when clinically appropriate, and offers financial assistance and social support services to help members navigate their treatment journey.

Clinical Programs

Our integrated clinical offering delivers programs that coordinate across both medical and pharmacy benefit management goals to achieve better outcomes and lower total cost of care. BCBSNE and Prime work collaboratively (made possible through aligned incentives and ability to share data) to understand our member and physician needs completely and engage the member and physician with information in meaningful ways that can lead to improved health outcomes and lower total cost of care.

Our suite of clinical programs is described below:

GuidedHealth® Clinical Programs

GuidedHealth is one of Prime's foundational clinical products that drives total drug management through improved care and outcomes, increased safety, and ultimately decreased total cost of care. GuidedHealth, our answer to effective retrospective drug utilization review (DUR) accomplishes this by helping members and prescribers make better medication management decisions. Utilizing integrated data and cutting-edge analytics, our next-generation clinical engine and population health database - GH360 - provides a holistic view of each member's clinical events and opportunities. Prescribers are then prioritized for quarterly outreach which could include enhanced member health, increased drug savings and/or improved quality metrics.

GuidedHealth's extensive suite of retrospective DUR programs identifies potential misuse and abuse, close gaps in care, improve adherence, and discontinue unsafe medication use. Potential intervention opportunities are identified by reviewing medical and pharmacy claims history for specific prescribing patterns in targeted diseases such as asthma, diabetes, high cholesterol, and others. Physicians are then identified for an intervention to encourage more appropriate utilization. GuidedHealth program examples designed for specific populations include:

- **Adherence**
  - Integrated - Asthma (requires medical claims)
  - Integrated - Cholesterol (requires medical claims)
  - Integrated - COPD (requires medical claims)
  - Integrated - Depression (requires medical claims)
  - Integrated - Diabetes (requires medical claims)
  - Integrated - Hypertension (requires medical claims)
  - Integrated - Schizophrenia (requires medical claims)
- **Asthma Inhaled Corticosteroid**
- **Concurrent Use**

    - Opioids Antipsychotics
    - Opioids Benzodiazepines
    - Opioids Gabapentinoids
- **Controlled Substance Alert**
- **Drug Disease Interaction**
    - Anticholinergics in Dementia
    - Antipsychotics in Dementia
    - FDA MedWatch (requires medical claims)
- **Duration of Therapy**
    - Proton Pump Inhibitor (PPI)
- **Gaps in Care (requires medical claims)**
    - Asthma
    - Cholesterol in Cardiovascular Disease
    - COPD
    - Depression
    - Diabetes
    - Epilepsy
    - Hypertension
- **Off Label Use (requires medical claims)**
- **Opioid Programs**
    - Opioid High Dose (dose >= 50 MME (no regard for number of providers)
    - Opioid Multiple Prescribers (3+ prescribers and 3+ pharmacies (no regard for dose)
- **Polypharmacy**
    - CNS (drug list overlaps with Poly Psych/Poly Psych Peds, do not select both)
- **Statin Use in Diabetics - (aka Gaps in Care Cholesterol in Diabetes)**
- **Triple Therapy Alert**

Controlled Substance Retrospective DUR

We offer a controlled substance retrospective DUR alert program through GuidedHealth. The goal of the program is to reduce overuse of controlled substances by identifying members whose pharmacy claims history suggests patterns of potential misuse or abuse. This is accomplished by notifying physicians of this potential activity to inform decisions and encourage action. More specifics on program rules include:

- **Concurrent Use: Opioids-Benzodiazepines** – discourages long-term combination use of opioids and benzodiazepines
- **Concurrent Use: Opioids-Gabapentin** – discourages long-term combination use of opioids and gabapentin

- **Opioid Alert** – discourages overprescribing opioids in members demonstrating patterns associated with excessive use by monitoring morphine milligram equivalent dose (MME) per day and number of unique prescribers
- **Triple Therapy Alert** – based on a combination of an opioid, a benzodiazepine, and a muscle relaxant from two or more prescribers, on a long-term basis
- **Controlled Substance Alert** - utilizes internally developed proprietary rules to identify potential at- risk members by examining a member's controlled substance use pattern and calculating a "usage score." The parameters factoring into the "usage score" include the number of controlled substances claims during a specified time period, the number of different physicians, and the number of different dispensing pharmacies associated with those claims. This "usage score" serves as a benchmark for identifying members for this retrospective DUR program and potential intervention.
- Controlled substances are defined as all prescription drugs in Drug Enforcement Administration (DEA) controlled substance classes II-V including, but not limited to the following: narcotic analgesics, stimulants, benzodiazepines, barbiturates, sedative-hypnotics, androgens and anabolic steroids.
- Members with pharmacy or medical claims for cancer are excluded as they likely have a reason for the high utilization of controlled medications.

Concurrent DUR Program

Concurrent DUR is an important element in our overall clinical program management offering, which screens prescriptions at the point of sale for potential drug problems. If a DUR edit flags a claim in the claims system, a message is displayed online for the pharmacist to identify the potential conflict before the member receives the medication. Concurrent DUR edits fall into numerous screening categories that may include:

Drug-to-drug interaction – Checks for interaction between drugs based on the sensitivity level of the interaction

- **Drug-to-sex caution –** Identifies drug contraindications based on a member's sex
- **Duplicate therapy –** Checks for use of multiple drugs from the same therapeutic category
- **Duplicate prescription –** Checks for ingredient duplications (based on exact Generic Product Indicator)
- **Drug-to-age caution –** Identifies contraindications for specified age groups. A priority level may also be specified based on contraindication
- **Dosage/duration –** Compares the dosage on the claim to the recommended dosage for the member's age group and then determines whether to send a

response*

- **Drug regimen compliance –** Checks to make sure the member is not underutilizing a drug. Reviews member claims history to determine if he or she has received the same drug and if he or she is receiving the new refill within a certain number of days since it was last filled
- **Drug-inferred health state –** Determines if the submitted drug or a profile drug conflicts with inferred health state (e.g., pregnancy)
- **Additive Toxicity –** Calculates the daily dose of acetaminophen (APAP) across all active prescriptions and identifies claims above the FDA maximum dose (intended to help prevent the dispensing of unsafe daily doses of APAP)

Utilization Management Programs

Managing the use of certain drugs is a key part of reining in the rising cost of care. Our utilization management (UM) programs offer the insight you need for greater control of why, how much and how often certain drugs are prescribed. Our UM programs give health care professionals guidance that supports appropriate drug use, keeping costs down for everyone, and improving member health and safety.

We offer three primary types of UM programs, including restricted access (step therapy), pre-authorizations, and quantity limits described as follows:

- **Restricted access programs** take a "step" approach to providing members a drug to help treat their condition. The program requires members to try another drug that may be safer, more clinically effective and, in some cases, less expensive, before a more expensive drug will be approved. This encourages usage of clinically appropriate and/or lower-cost medications.
- **Quantity limit programs** promote safe and effective drug use and reduce waste by limiting certain prescriptions to a pre-determined quantity limit or duration.
- **Pre-authorization programs** prevent misuse, overuse or inappropriate use by requiring members to meet certain criteria before particular drugs are covered. While cost savings may be achieved through these programs, they are recommended to enhance drug safety and member health.

Generic Programs

We recognize the value of promoting generics where appropriate. Increasing generic drug prescribing rates is one of the most efficient ways to reduce drug costs. Our comprehensive generic programs help increase generic utilization rates and build awareness of cost savings for generic products including:

- **Benefit Design** – We work closely with employer groups based on their specific goals and can recommend benefit drivers that encourage members to choose generic drugs where available (e.g., cost share differentials that drive members to generic alternatives whenever possible and Dispense as Written where members pay the difference between the cost of the generic and the brand when there is a generic equivalent).
- **Generic Reporting** – We offer several generic-focused reports designed to identify current and future opportunities including:

  - **Generic Opportunity Report** – Using a predictive modeling tool, we can help analyze current generic utilization, target a specific growth strategy and map out the benefit plan changes to help meet your goals.
  - **Top Prescriber Reports** – To increase generic drug prescribing rates, physician prescribing reports can provide summarized and detailed information about the generic and brand name prescribing habits of providers and serve as a diagnostic tool from which actionable interventions are identified.

- **Generic Drug Alerts** – When a drug becomes available as a generic, these targeted member mailings can be sent to members who have recently taken that brand drug.
- **Generic Substitution at Home Delivery** – The home delivery facility actively substitutes generic medications whenever appropriate by law.
- **Generic-promoting Website** – Prime's member-facing pharmacy benefit website, MyPrime.com, offers drug pricing tools, formulary search capabilities and generic equivalent information for any drug being researched.
- **MAC Program** – Our competitive Maximum Allowable Cost (MAC) program provides an incentive to pharmacists to dispense generic drugs. If a pharmacist knows he or she is being reimbursed at the MAC level, the pharmacist will be less likely to dispense a more expensive brand name drug.

We offer superior clinical programs designed to improve total health outcomes. Our clinical philosophy is tied directly to safety, quality, and cost considerations. Using a variety of educational initiatives and incentive programs, we encourage healthy and cost-efficient behavior among pharmacies, physicians, and members.

HighTouch Rx

Only 2% of members account for 50% of all drug spend and these members are using specialty drugs. To manage your specialty costs, Our HighTouchRx® program targets the small percentage of members with complex specialty drug therapy and determines the interventions.

Our HighTouchRx, which began in 2022, has delivered over $50 million in hard dollar savings in the first 18 months. HighTouchRx provides a dedicated rules development team using machine learning to run members' integrated medical and pharmacy data, outputting actionable member specific specialty drug therapy savings opportunities. These savings opportunities are worked by specialist pharmacists who perform provider outreach, ensuring member share is the lowest possible, rebates are optimized and most cost-effective specialty drug therapy is recommended.

HighTouchRx harnesses Prime's 18 million+ members medical and pharmacy drug claims data, integrating it, applying machine learning and dedicated pharmacist plus data scientist team to continuously identify and update specialty drug savings opportunities. With over 2500 specialty drug savings opportunities across both benefits, HighTouchRx delivers integrated value. HighTouchRx savings opportunities are developed to ensure no negative rebate impact, member share is held whole or savings, and channel optimization. The member level savings opportunity interventions are targeted at the provider, ranked by level of impact with pharmacist checks to ensure member share and rebates are optimized. High-touch outreach is conducted by specially trained pharmacists, partnered with BCBSNE, with cost-effective therapy as the goal.

A pharmacist takes the savings opportunity reviews of high-cost members, verifies the member's status, and makes prescriber therapy recommendations such as dose optimization, eliminating duplicate therapies, weight-based dosing, constant drug therapy surveillance to identify high-cost drug therapy outliers for prescriber validation, off-label use, duration of therapy, and identifying medical drug billing issues. Seeing the whole picture of the member ensures that the therapy is optimized for the member without causing issues and extra costs elsewhere.

Prime HighTouchRx product savings opportunity and successful intervention results received a managed care pharmacy program Platinum Award at the October 2023 national Academy of Managed Care Pharmacy (AMCP) conference.

IntegratedRx - Oncology

The timing of starting an oral oncology medication following a diagnosis is critical. As found in Prime's IntegratedRx pilot, in collaboration with an oncology clinic, we found multiple members in a similar scenario:

- **Member profile:** A member struggled for months to get his abiraterone prescription from a pharmacy. He spent hours on the phone with multiple pharmacies to determine how to transition to a specialty pharmacy — and went without medication for a month.
- **Action:** The pilot program improved coordination between the pharmacy and the insurer and created less confusion for the member.
- **Results:** The member now receives his medication directly from the practice. The process is designed to be streamlined, simple and stress-free.

Dose optimization is an important aspect of Prime's Oncology management program. With Prime's IntegratedRx-Oncology program, members can receive their medicine through their clinic's integrated pharmacy, where the provider and pharmacist are part of the same team, allowing for direct lines of communication. This end-to-end coordination across the entire treatment pathway helps improve adherence, shorten time to dispense, and creates a better member and provider experience from the first fill to the last fill. The program also helps reduce waste because the provider and pharmacist can communicate when additional dosages are filled.

Findings from the IntegratedRx Oral Oncology Program include:

- Better pharmacy average wholesale price (AWP) discounts
- Improved time-to-medication
- Improved patient satisfaction

IntegratedRx - Oncology also offers an Oral Oncology Waste Reduction program enhancement that aims to optimize waste reduction opportunities for oral oncolytics. This feature focuses on these key areas:

- Coordination between timing of drug refills and provider appointments
- Appropriate timing of prescription refills and renewal requests
- Patient education and toxicity monitoring
- Enhanced communication

In Summary

Together, BCBSNE and Prime bring a powerful combination of national scale, clinical expertise, and local service to help the State of Nebraska manage pharmacy benefit costs while delivering exceptional care to its members. This partnership is built on a shared commitment to innovation, transparency, and member well-being.

TECHNICAL REQUIREMENTS

BCBSNE has identified key technical areas that will be addressed during implementation. A high-level summary is provided below. In addition, BCBSNE is forming a ***Technology Advisory Committee***, consisting of BCBSNE technology leaders, large employers, and brokers/consultants. ***We would like to offer the State of Nebraska a seat at the table to gain key insights and recommendations for our technology efforts.***

1. **Eligibility Submission**
   - Establishment of membership submission requirements with the State of Nebraska's (the State's) payroll system.
   - Usage of the BCBSNE ***eExchange*** standard 834 file layout and data exchange.
   - Integration with BenefitFocus, BCBSNE's vendor, for eligibility submission.

2. **Final Benefit Determination for the State's Pharmacy Plan Options**
   - Obtain final benefit confirmation from the State adhering to the timing identified on the **Implementation Timeline** within the ***Detailed Project Work Plan***.
   - Ensure timing requirements are documented and communicated to the State for final benefit sign-off to facilitate ID card mailing and delivery for its July 1, 2026, effective date.

3. **Employee Engagement App Setup**
   - Establish implementation of an Employee Engagement App if purchased by the State.

4. **Outbound Data Feeds**
   - Obtain requirements from the State on all outbound pharmacy data feeds.
   - Establish setup and timing of outbound data feeds to the State's vendors using BCBSNE's standard claim data extract and eligibility file information, as needed.
   - Require full disclosure from the State regarding its vendors for BCBSNE approval.

5. **Client Reporting Needs**
   - Establish the State's client reporting needs to determine if report development is required for any customization.
   - Support of customization will be coordinated by the State's assigned Client Consultant.

6. **State-Specific Website**
    - Create a State-specific member website and clearly communicate the availability to the State's population beginning with the State's initial open enrollment, then maintaining the site to house all benefit documents and other member communications.
    - This site is separate from (a) the secure member portal that will be available to the State's members, and (b) the employer portal that will be available to the State's benefits team.

7. **Member Services Advocate Logistics**
    - Identify logistics for including a Member Services Advocate onsite at the State.
    - Determine office location, equipment, and other necessary arrangements.

SOLICITATION NUMBER - 122436 O5

Bidder: NAME

Instructions for Completing this Questionnaire Workbook
• Provide succinct yet informative responses.
• Bidder should complete all questions in this Questionnaire.

ATTACHMENT C - CONFIRMATIONS & QUESTIONNAIRE

SOLICITATION NUMBER - 122436 O5

Bidder: Blue Cross and Blue Shield of Nebraska (Prime Therapeutics, LLC)

All Bidders must comply with the following conditions regarding the RFP. Confirm your capability to meet each of the following with a response of Confirmed or Not Confirmed. If your response varies by the plan option(s) you are quoting, please explain. If a Bidder takes exception to any of these confirmations, it must be clearly noted. These confirmations will also explicitly apply to any subcontractors used.

Confirmations		Vendor Response
A.	**GENERAL**	**Response (Confirmed/Not Confirmed)**
A.1	PBM agrees the State has the right to terminate the contract for any reason without penalty of any kind upon ninety (90) days-notice. The State will receive all rebates accrued during the tenure of the contract.	Confirmed
A.2	PBM agrees the State reserves the right to audit the State's PBM claim records, and any other financial records as they pertain to the pharmacy benefit program, whenever the State deems it appropriate, using whatever methodology and vendor they choose. Such claim audits may be performed by the State's personnel or by outside auditors selected by the State.	Confirmed.
A.3	PBM agrees if selected as a finalist, to provide a signature ready contract and that your responses to the RFP, including all attachments, will be included as an attachment to the contract. The State reserves the right to negotiate additional changes to the final contract.	Confirmed
A.4	PBM agrees it shall provide a fully pass-through network, meaning it will bill the State the same as it reimburses network pharmacies for retail, mail order, and specialty drug claims. The PBM shall also pass-through 100% of Rebates to the State. All business practices, processes, and sources of revenue must be fully disclosed upon request.	Confirmed
A.5	PBM agrees the State reserves the right to carve-out specialty and mail order drug fulfillment and/or utilization management if it determines it is financially advantageous to do so.	Confirmed
A.6	PBM agrees to develop a member satisfaction survey approved by the State to be sent to each plan member, conduct the survey, and collect and report respondent results on an annual basis at no additional cost to the State.	Confirmed
A.7	PBM agrees to provide easy-to-access management reports approved by the State in Excel or in a format that can be exported to Excel at least quarterly and as otherwise requested by the State.	Confirmed
A.8	PBM agrees to abide by all Federal and State laws and requirements throughout the contract term.	Confirmed.
A.9	PBM will not render or administer services off-shore, and all work performed will be in the contiguous United States.	Confirmed.
B.	**CONTRACT DEFINITIONS**	**Response (Confirmed/Not Confirmed)**
B.1	Contract Definitions	
	a. AWP (Average Wholesale Price) –The actual reported "AWP" from Medi-Span for the specific NDC-11 on the Day of Service for all channels (i.e., Retail, Mail, and Specialty). Claims will not use an average AWP or pre-settlement AWP, nor will the AWP be externally calculated, altered, or adjusted. Claims at Mail and Specialty pharmacies will use the AWP of the actual package size and NDC-11 used to dispense (not the package size of the prescription dispensed or alternative package sizes).	Confirmed.
	b. Brand Drug - For adjudication purposes, a drug that is approved by the U.S. Food and Drug Administration (FDA) and is distributed under an FDA Application Type of new drug application (NDA) or biologic license application (BLA), and which is not an Authorized Generic and which is not a House Generic. In instances where the Brand or Generic status of a drug, as determined by the Contractor relying on an independent published source, differs from this definition, the Contractor may rely on its standard drug classification system for operational purposes of claim adjudication. All Brand Pricing Guarantees will be reconciled based on Medi-Span multi-source code field M, N, or O, excluding House Generics, as defined herein, and shall mean drugs or devices for which the Medi-Span Multisource Code field contains "M" (co-branded product), or "N" (single source brand), or "O" (originator). If the multi-source code in Medi-Span is "O", and there is a DAW code of 3, 4, 5, 6, or 9, the drug shall be considered a generic.	Confirmed
	c. Biosimilar - A FDA-approved type of biological product that is highly similar to and has no clinically meaningful differences in terms of safety and effectiveness from its respective FDA-approved biological reference product, under Section 351(k) of the Public Health Service Act, as added by the Biologics Price Competition and Innovation Act of 2009.	Confirmed
	d. Claim - Prescription drugs, over the counter (OTC) products, drug products, medical supplies, or medical devices that are processed and paid through PBM's adjudication system or otherwise transmitted/processed by the PBM in accordance with State's applicable benefit plan design. Bidder agrees its financial bid is based on approved and Paid Claims only and will exclude all rejected, withdrawn, denied and/or reversed Claims.	Confirmed.
	e. Compound Drug - A medication that requires compounding by pharmacists because it is not available from a pharmaceutical manufacturer in the prescribed form or strength. Compound drugs consist of two or more solids, semi-solids, or liquids where at least one of which is a Covered Product.	Confirmed.
	f. Covered Product – The prescription drugs, supplies, and other items that are covered under the Benefit or treated as covered pursuant to a coverage determination appeal.	Confirmed.

	Confirmations	Vendor Response
	g. Generic Drug - For adjudication purposes, a drug that is approved by the U.S. Food and Drug Administration (FDA) and is distributed under an FDA Application Type of abbreviated new drug application (ANDA), or which is an Authorized Generic or which is processed as a House Generic. In instances where the Brand or Generic status of a drug, as determined by the Contractor relying on an independent published source, differs from this definition, the Contractor may rely on its standard drug classification system for operational purposes such as claim adjudication. All Generic Pricing Guarantees will be reconciled based Medi-Span multi-source code filed of Y or House Generic, as defined herein.	Confirmed
	h. Authorized Generic Drug - Any drug sold, licensed, or marketed under a new drug application (NDA) approved by the Food and Drug Administration (FDA) under section 505(c) of the Federal Food, Drug, and Cosmetic Act (FFDCA) that is marketed, sold or distributed under a different labeler code, product code, trade name, trademark, or packaging (other than repackaging the listed drug for use in institutions) than the Brand Drug.	Confirmed.
	i. House Generic Drug - A drug with the multi-source code field in Medi-Span of O when there is a DAW code of 5.	Confirmed
	j. Ingredient Cost - The total cost for a Covered Product on a Paid Claim, excluding Administrative Fees, Copay, Dispensing Fees, POS Rebates, government-imposed service fees, and taxes, in accordance with the terms of the Plan.	Confirmed.
	k. MAC – maximum allowable cost.	Confirmed.
	l. Rebates – Compensation or remuneration of any kind received or recovered from a pharmaceutical manufacturer or rebate aggregator attributable to the purchase or utilization of covered drugs by eligible persons, including, but not limited to, incentive rebates categorized as mail order purchase discounts; credits; rebates, regardless of how categorized; market share incentives; promotional allowances; commissions; educational grants; market share of utilization; drug pull-through programs; implementation allowances; clinical detailing; rebate submission fees; and administrative or management fees. Rebates also include any fees that PBM receives from a pharmaceutical manufacturer for administrative costs, formulary placement, and/or access.	Confirmed
	m. Manufacturer Administrative Fees - Those fees received by PBM or PBM's Affiliate(s) from pharmaceutical manufacturers or intermediaries pursuant to a contract between PBM or PBM's Affiliate(s) and a drug manufacturer to manage placement of Covered Products on PBM's Formulary and administering, invoicing, allocating and collecting Rebates that are attributable to Covered Products dispensed to Members.	Confirmed.
	n. Formulary – The list of clinically appropriate Covered Products covered by the State, organized into different tiers or levels indicating potential member cost share for each Covered Product.	Confirmed.
	o. Copay – The portion of the charge for each Covered Product dispensed to a Member that is the responsibility of such enrollee (e.g., copayment, coinsurance, cost sharing, and/or deductibles under initial coverage limits and up to annual out-of-pocket thresholds) as provided under the Benefit.	Confirmed.
	p. Paid Claims – Defined as all transactions made on eligible members that result in a payment to pharmacies or members from the State or State member copays. (Does not include reversals and adjustments.) Each unique prescription that results in payment shall be calculated separately as a paid claim.	Confirmed.
	q. Member – All eligible employees and their eligible dependents enrolled under the State prescription benefit program.	Confirmed.
	r. Market Check – An evaluation of prescription drug pricing based on benchmarks derived from existing market PBM agreements of comparable plans.	Confirmed.
	s. 340B Claim - A Claim identified by the submission of "20" in the Submission Classification Code field 420-DK and/or a Claim submitted by a pharmacy owned by a covered entity, as defined in Section 340B(a)(4) of the Public Health Services Act, whose 340B status is coded as "39" in the NCPDP DataQ database. Claims incurred at a PBM owned, operated, or affiliated mail or specialty pharmacy are not included in this definition.	Confirmed.
	t. GCN – A five-character numeric figure that represents the clinical formulation; it is specific to active ingredient list, route of administration, dosage form, and drug strength.	Confirmed.
	u. GPI or GP14 - Generic Product Identifier reported by Medi-Span. It is a 14-character hierarchical classification that identifies drugs from their primary therapeutic use down to the unique interchangeable product regardless of manufacturer or package size.	Confirmed.
	v. U&C Price (Usual and Customary) – The actual retail price charged by a Participating Pharmacy for a specified drug if purchased in a cash transaction on the date the drug is dispensed, as reported to Supplier by the Participating Pharmacy.	Confirmed.
	w. ZBD Claim (Zero Balance Due) – Any claim for which the Member is response under the applicable Benefit Plan for the full amount of the Claim's Gross Drug Cost and State is responsible for no portion of the Claim's Gross Drug Cost.	Confirmed.
B.2	Minimum Brand and Minimum Generic Discount Guarantees for both mail and retail shall be defined as follows: (1 – Aggregate Ingredient Cost/Aggregate AWP)	Confirmed.
	a. Aggregate Discounted Ingredient Cost prior to application of plan specific copayments will be the basis of the calculation.	Confirmed.
	b. Aggregate AWP will be sourced from Medi-Span.	Confirmed.
	c. Dispensing Fees are not included in the Aggregate Ingredient Cost.	Confirmed.

Confirmations		Vendor Response
	d. Zero Balance Due claims will be included in the guaranteed measurement for AWP, ingredient cost, achieved discounts or dispensing fee calculations at the discounted cost before copay.	Confirmed.
	e. All guarantee measurements shall be calculated prior to the Copay being applied. Entire dollar-for-dollar shortfalls, prior to the application of Copay, will be reimbursed to the State without any adjustments to remove zero balance due or excess copayment claims.	Confirmed.
	f. Both the Aggregate Ingredient Cost and Aggregate AWP from the actual date of claim adjudication will be used.	Confirmed.
	g. Aggregate AWP will be the date sensitive, 11-digit NDC of the actual product dispensed at both retail and mail and specialty.	Confirmed.
	h. Non-MAC, MAC, single-source, and multiple source generic products are to be included in the generic guarantee measurement (regardless of the exclusivity period and/or number of manufacturers) and excluded from brand guarantee measurement.	Confirmed.
	i. Compounds, OTC claims, and claims with ancillary charges will be excluded from the guarantee measurements for retail and mail order components.	Partially confirmed. We exclude compound, long term care (LTC) pharmacy, home infusion (HI) pharmacy, veterans affairs (VA) pharmacy, Indian/tribal/urban (I/T/U) pharmacy, claims for products not included on the formulary, claims for products dispensed subject to grandfathering, claims for products approved through medical exception processes, U.S. territory (TER) pharmacy, 340B, Medicare/Medicaid, out-of-network, member-submitted (e.g., direct member reimbursement), coordination of benefits (COB), subrogation, invalid, usual and customary (U&C) claims and specialty (as defined by the BCBSNE specialty drug file) claims from discount and dispensing fee rates. Compound, long term care (LTC) pharmacy, home infusion (HI) pharmacy, veterans affairs (VA) pharmacy, Indian/tribal/urban (I/T/U) pharmacy, claims for products not included on the formulary, claims for products dispensed subject to grandfathering, claims for products approved through medical exception processes, U.S. territory (TER) pharmacy, 340B, Medicare/Medicaid, out-of-network, member-submitted (e.g. direct member reimbursement), coordination of benefits (COB), subrogation, invalid, vaccine claims are excluded from rebate guarantees. We also exclude products with government-mandated reimbursement, emergency use protocols, or those related to Covid-19 (e.g., testing, vaccines, and treatments) from guarantee reconciliation.
	j. The guarantee measurement must exclude the savings impact from DUR programs, formulary programs, utilization management programs, and/or other therapeutic interventions.	Confirmed.
	k. Measurement will be performed annually via independent audit utilizing date-sensitive AWP derived from a single, nationally recognized price source for all claims.	Confirmed.
B.3	PBM agrees to provide upon request any proprietary algorithms, hierarchy or other logic employed to define a prescription drug as generic or brand.	Confirmed.
C.	**FINANCIAL - GENERAL**	**Response (Confirmed/Not Confirmed)**
C.1	PBM will invoice the State weekly for claims and once monthly for administrative services.	Confirmed. The State will be invoiced monthly with weekly claim reimbursement requests.
C.2	PBM agrees to bill administration fee on a fixed-fee, per Member per month basis.	Confirmed.
C.3	There are NO additional fees (beyond those outlined in the financial section) required to administer the services outlined in this Proposal. Any mandatory fees, including clinical and formulary programs fees, must be clearly outlined in the Financial Section.	Confirmed.
C.4	All fees include the cost of claims incurred/filled during the effective dates of this contract regardless of when they are actually processed and paid (run-out).	Confirmed.
C.5	PBM agrees to review and negotiate the pricing applied to newly introduced generic drugs annually.	Confirmed.
C.6	PBM agrees to adjudicate prescription claims for compound medications with the same dispensing fees and logic associated with traditional claims.	Confirmed.
C.7	All pricing will be effective and guaranteed for the term of the agreement and will not include adjustments for claims volume shifts amongst the various provider channels (e.g., mail utilization rates decline or 90-day retail utilization increases).	Confirmed
C.8	Confirm all pricing will be effective and guaranteed for the term of the agreement and will not be modified or amended if the State's membership decreases by 20% or less.	Confirmed.
C.9	All applicable administrative fees will be on a per member per month basis.	Confirmed.
C.10	Each distinct pricing guarantee (including rebates) will be measured and reconciled on a component (e.g. retail brand, retail generic, retail 90 brand, retail 90 generic, mail order brand, mail order generic, specialty brand drugs at participating retail pharmacies, specialty brand drugs at the PBM's Specialty Pharmacy, specialty generic drugs at retail, specialty generic drugs at PBM's Specialty Pharmacy) basis only and guaranteed on a dollar-for-dollar basis with 100% of any shortfalls recouped by the State. Surpluses in one component will not be utilized to offset deficits in another component.	We confirm this with the exception of rebate guarantees, Retail and ESN generic discount guarantees and Specialty discount guarantees. BCBSNE will reconcile rebates in aggregate and will reconcile discount guarantees on a component basis, with ESN and Retail generics reconciled in aggregate. We will not offset between channels. BCBSNE is offering an Overall Effective Discount (OED) for specialty discounts. We will not offset between rebate and discount guarantees.
C.11	PBM will provide a financial reconciliation report within 60 days after the end of each measurement period, and the report will include the contractual and actual discounts and dispensing fees for each component (e.g., retail brands, retail generics, mail brands, mail generics, specialty drugs via Participating Retail Pharmacies, specialty drugs via the PBM's Specialty Pharmacy).	Confirmed
C.12	PBM agrees that any shortfall between the actual result and the minimum guarantee will be paid, dollar-for-dollar, to the State within 90 days of the end of the measurement period.	Confirmed

	Confirmations	Vendor Response
C.13	PBM ’s financial reconciliation that occurs after the end of the measurement period will use the lower of the AWP pricing at the point of adjudication or the retroactive AWP pricing, if the pricing source the PBM uses issues retroactive AWP pricing for that annual reconciliation time period.	Confirmed
C.14	PBM agrees to the use of a single, consistent Maximum Allowable Cost (MAC) list for each drug (NDC-level). PBM agrees to share the MAC list with the State for pricing verification on a quarterly basis, and whenever new drugs are added or upon request.	Partially Confirmed. BCBSNE agrees to share MAC lists quarterly or upon request. However, BCBS of NE does not utilize a single MAC list for all pharmacies within a given channel. This is because every pharmacy contracted in the network may have different contracted economics. The distinct MAC lists by chain are in use to optimize the value that the chain is contracting, and as a result, BCBS of NE is passing through.
C.15	All pricing submitted will NOT be contingent on participation in any proposed clinical management programs, group medical or behavioral health programs proposed by you or any other vendor other than programs that are requested by the State. Further, the pricing guaranteed in the Financial Section of this RFP reflects a) the PBM’s broadest national network and b) the PBM’s proposed formulary, without mandated utilization management unless otherwise authorized or requested by the State.	Confirmed.
C.16	All pricing will NOT be contingent on specific utilization patterns. For instance, pricing terms contingent on limited utilization in a specific geographic location (e.g., Nebraska) is unacceptable.	Partially Confirmed. There are no credits or adjustments required for the Rebate guarantees offered with PDL25, which offers an exclusive biosimilar strategy. Because the originator products will be excluded on the formulary, we forecast +95% of volume will shift to low cost biosimilar products, that have a list price that is ~85% less than the originator. Under PDL20 Rebate offer, a co-preferred originator/biosimilar strategy is assumed. The co-preferred assumes 99% of volume remaining with originator and 1% moving to biosimilar. In the event that the distribution of originators vs biosimilar differs from forecasts for the PDL20 (co-preferred), BCBS of NE reserves the right to amend the Specialty Rebate guarantee for PDL20 only.
C.17	PBM will NOT implement or administer or allow any program that results in the conversion from lower discounted ingredient cost drug products to higher ingredient cost drug products without the prior written consent of the State or its designee.	Confirmed.
C.18	PBM agrees to annual Market Checks conducted by an independent third party (of the State’s choosing) to ensure the State is receiving market competitive pricing terms within the industry based on its volume and membership and will improve pricing in the event that the State’s contract terms are less than market competitive.	Confirmed
C.19	PBM agrees to implement new pricing to commence at the beginning of the following plan year. Acceptance of the new pricing will NOT result in extension of the contract, unless requested by the State.	Confirmed
C.20	Mail order pricing and rebates will apply to all claims that adjudicate at mail regardless of days’ supply.	Confirmed.
C.21	PBM agrees that mail order and specialty drug dispensing fees will remain constant throughout the contract term and will not be increased for any increases in postage charges.	Confirmed.
C.22	PBM will guarantee Retail/Mail Order unit cost equalization, meaning that Mail Order unit costs prior to member cost sharing, dispensing fees, and sales taxes charged to the State will be no greater than the unit cost for the same NDC-11 at Retail.	Not confirmed. BCBSNE/Prime do not own a mail order pharmacy and typically do not require use of mail order. We allow members to choose best pharmacy provider for them and have focused contracting efforts to allow members to choose best option at comparable costs to the plan. This allows independent and retail pharmacies to provide services in Nebraska vs. sending to out of state pharmacy mail order pharmacy unless the member determines that is more convenient for them. We cannot guarantee that home delivery unit costs prior to member cost sharing, dispensing fees and sales taxes for the same NDC-11 will be no greater than those at retail. Due to differences in pharmacy contracts and applicable state legislation, home delivery pricing may not always be at or better than retail pricing.
C.23	PBM agrees to produce a date-sensitive comparison report showing unit costs charged to the State at a GCN-level, and reimburse the State on a dollar-for-dollar basis for all instances where mail order unit costs exceed retail unit’s costs. Report and reconciliation will be provided on an annual basis.	Not confirmed. BCBSNE/Prime do not own a mail order pharmacy and typically do not require use of mail order. We allow members to choose best pharmacy provider for them and have focused contracting efforts to allow members to choose best option at comparable costs to the plan. This allows independent and retail pharmacies to provide services in Nebraska vs. sending to out of state pharmacy mail order pharmacy unless the member determines that is more convenient for them. We cannot guarantee that home delivery unit costs prior to member cost sharing, dispensing fees and sales taxes for the same NDC-11 will be no greater than those at retail. Due to differences in pharmacy contracts and applicable state legislation, home delivery pricing may not always be at or better than retail pricing.
C.24	The State will be notified of any switch in the AWP source at least 180 days prior to the change. In the event that the AWP source change is not determined by a third party to be price neutral for the State, the State will have the right to terminate the contract with no penalty.	Confirmed.
C.25	PBM will be responsible for collecting any outstanding member cost shares for prescriptions dispensed through the mail order facility. The PBM will not invoice the State for any uncollected member cost shares.	Confirmed.
C.26	The State will have the ability to adjust “refill-too-soon” limits at both retail and mail without any modifications to the guaranteed pricing.	Confirmed.
C.27	PBM agrees to provide weekly and/or monthly data transmissions to any other relevant State vendors at no charge, and two full, annual electronic claims files, in NCPDP format, at NO charge. PBM will also interact/exchange data with all vendors as required at no additional charge.	Confirmed. BCBSNE's standard data layout extract will be provided at no charge to the State's vendors.
D.	**FINANCIAL - REBATES**	**Response (Confirmed/Not Confirmed)**
D.1	Guaranteed rebates per brand will be based on all Brand prescriptions dispensed, not only on formulary prescriptions dispensed.	Confirmed

	Confirmations	Vendor Response
D.2	Rebates are guarantees on a minimum (i.e., not fixed) basis, and the PBM will pass through 100% of the rebates through to the State.	Confirmed.
D.3	Over-performance of minimum rebate guarantees will not be used to offset performance guarantee shortfalls in any other pricing guarantees.	Confirmed. Rebate guarantees are measured in aggregate, however.
D.4	Rebates will not be withheld for execution of any contract amendments. The State is entering into a three-year agreement and needs no annual renewals/amendments signatures for payment of rebates.	Confirmed
D.5	PBM will reconcile rebate guarantees to verify that the State is receiving the guaranteed rebates and provide rebate payments and reports listing detailed rebate utilization and calculations to the State quarterly, within sixty (60) calendar days of the quarter's close, without a request being made by the State.	Confirmed.
D.6	PBM will provide the annual rebate report within 180 days of the end of each contract year. Any shortfall between the actual result and the minimum rebate guarantees will be paid, dollar-for-dollar, to the State within 180 calendar days of the end of the contract year.	Confirmed
D.7	All rebate revenue earned by the State will be paid to the State regardless of its termination status as a client. Lag rebates will continue to be paid to the State after termination until 100% of earned rebates are paid.	Confirmed
D.8	PBM agrees to produce an auditable quarterly report demonstrating pass-through rebates. PBM will **attach a sample of the report** they intend to use as part of their response.	Confirmed. BCBSNE and Prime do not release detailed rebate reporting. Rebate payments will occur quarterly on the month-end invoices. If awarded the business, we will provide a sample report demonstrating pass through of rebates.
E.	**FORMULARY MANAGEMENT**	**Response (Confirmed/Not Confirmed)**
E.1	PBM agrees to provide written notification to the State or its designee at least 90 days in advance when a Formulary drug is targeted to be moved to or from the Formulary drug list. PBM must provide a detailed disruption and financial impact analysis at the same time. No greater than five percent (5%) of Members will be disrupted by any formulary deletions or all deletions in total, on an annual basis.	Confirmed. We will provide 90 days' notice prior to formulary changes. Typically, we implement positive changes 90 days after P&T and negative changes 180 days after P&T. If we identify impacted members, a clinical manager provides a disruption report. We strive to minimize member disruption year over year with our formularies. We remove products only when they are no longer Medicare eligible, no longer available on the market or deemed unsafe for use. While we do not guarantee that no more than five percent (5%) of members will be disrupted by any formulary deletions or all deletions in total on an annual basis, we focus on maintaining minimal member disruption with our formularies.
E.2	PBM agrees to send timely notification letters to affected Members and their prescribing physicians of drug formulary changes or other changes where there is a negative impact to Member at no additional fee.	Confirmed
E.3	PBM agrees to remove drugs from coverage or the Formulary at most two times per year (7/1 and 1/1) and no greater than five percent (5%) of participants will be disrupted by any formulary deletions or all deletions in total, on an annual basis (except where a Generic drug is replacing a Brand drug).	Confirmed.
F.	**PHARMACY NETWORK MANAGEMENT**	**Response (Confirmed/Not Confirmed)**
F.1	PBM will not withhold any financial recoveries from audits performed on the contracted pharmacy network including mail order and specialty pharmacies. Any recoveries will be disclosed and credited to the State.	Confirmed.
F.2	PBM agrees that it will not remove any participating network pharmacies that impact greater than 2% of the State's prescriptions without communicating to the State at least sixty (60) days in advance of the scheduled change. If the change is not agreeable to the State, the State will have the right to terminate the agreement without penalty.	Confirmed.
F.3	PBM agrees to provide network geo-access reporting to the State upon request and to maintain targeted access levels throughout the contract term and such access shall include independent pharmacies throughout the State and nationally.	Confirmed.
F.4	PBM agrees to not introduce any new drug or therapeutic category limitations to any participating network pharmacies during the term of the contract.	Confirmed.
G.	**AUDITING & AUDIT RIGHTS**	**Response (Confirmed/Not Confirmed)**
G.1	PBM agrees that all financial pricing components (discounts, dispensing fees, rebates) are subject to independent, electronic audit utilizing date sensitive AWP information on an NDC level from a nationally recognized pricing source (e.g., MediSpan).	Confirmed.
G.2	The State or its designee will have the right to audit annually, with an auditor of its choice, (for both claims and rebates), with full cooperation of the selected PBM, the claims, services and pricing and/or rebates, including the manufacturer or aggregator rebate contracts held by the PBM, to verify compliance with all program requirements and contractual guarantees with no additional charge from the PBM.	Confirmed with the following modifications/requirements: • 60 day written notice • One audit of rebates is allowed per year • Pharmacy rebate audits of the Group Purchasing Organization (GPO) can be conducted virtually • Manufacturer selection must be done no later than six weeks prior to the onsite audit • Auditor must be an approved independent third party that • has a separate stand-alone audit division • carries commercially reasonable insurance coverage for professional malpractice • is approved by BCBSNE and the GPO • executes a mutually acceptable confidentiality agreement with the GPO • Auditor may review the number of manufacturer agreements necessary up to 50% of the total rebate amounts for two calendar quarters during the 24-month period immediately preceding the audit for pharmacy rebate.
G.3	The State or its designee will have the right to audit up to 36 months of claims data at no additional charge from the PBM.	Confirmed.
G.4	The State or its designee will have the right to audit, with an auditor of its choice, at any time provided the State gives 90-days advance notice.	Confirmed.

	Confirmations	Vendor Response
G.5	PBM will provide complete claim files and documentation (i.e., full claim files, financial reconciliation reports, inclusion files, and plan documentation) to the auditor within 30 days of receipt of the audit data request as long as a non-disclosure agreement is in place between the auditor and the PBM.	Confirmed.
G.6	PBM agrees to a 30-day turnaround time to provide the full responses to all of the sample claims and claims audit findings.	Confirmed.
G.7	PBM agrees to financial guarantees for turnaround times for each stage of the audit process.	Confirmed.
G.8	PBM will correct any errors that the State, or its representative, brings to the PBM's attention whether identified by an audit or otherwise.	Confirmed.
G.9	The State or its designee will have the right to audit up to 12 pharmaceutical manufacturer contracts during an on-site rebate audit.	Confirmed.
G.10	The State's right to audit shall survive the termination of the agreement between the parties for a period of 3 years.	Confirmed.
G.11	The State will not be held responsible for time or miscellaneous costs incurred by the PBM in association with any audit process including, all costs associated with provision of data, audit finding response reports, or systems access, provided to the State or its designee by the PBM during the life of the contract. Note: This includes any data required to transfer the business to another vendor and money collected from lawsuits and internal audits.	Confirmed.
H.	**HIPAA COMPLIANCE**	**Response (Confirmed/Not Confirmed)**
H.1	PBM certifies that all personnel/staff in PBM's organization have completed their initial HIPAA training and will continue to complete HIPAA training on an annual basis.	Confirmed.
H.2	PBM will provide a copy of their **most recently completed HIPAA assessment** with their RFP submission.	Please refer ***EXHIBIT Y - HIPAA Assessment.***
H.3	In the event of a privacy violation or data breach, PBM will provide any required remedies to resolve the violation/breach.	Confirmed.
H.4	PBM agrees to hold the State harmless for any HIPAA Violations made by the PBM and its Network Pharmacists.	Not confirmed. Prime agrees to hold the State harmless with regard to HIPAA violations made by Prime. However, we do not have control over contracted pharmacies.
I.	**PLAN DESIGN**	**Response (Confirmed/Not Confirmed)**
I.1	PBM agrees to duplicate the plan features and level of coverage presently offered to the State's covered member population.	Confirmed.
I.2	PBM will ensure its proposal is issued in accordance with the specifications and information, including the full Summary Plan Descriptions (SPD) of each plan offered by the State, referenced in this RFP. PBM is required to review each plan SPD provided online at the State of Nebraska website for plan design and coverage provisions.	Confirmed. We have proposed benefit plans based on the State's current offerings.
I.3	All deviations of your ability to administer the current plan designs and coverage provisions must be CLEARLY identified. The State reserves the right to modify and/or change plan designs on an annual basis at no additional cost to the State. All deviations from the plan design requirements will be scored accordingly.	Confirmed. We have identified minimal deviations within the PROPOSED BENEFITS & DEVIATIONS section of our TECHNICAL PROPOSAL.
J.	**IMPLEMENTATION, OPEN ENROLLMENT, AND COMMUNICATION**	**Response (Confirmed/Not Confirmed)**
J.1	PBM shall provide an implementation plan assuming a December 1, 2025, contract award. At a minimum, the Implementation Project Plan must provide specific details on the following: a. Identification and timing of significant responsibilities and tasks b. Names, titles, and experience of key implementation staff and time dedicated to the State during implementation c. Identification and timing of the State's responsibilities d. Transition requirements with the incumbent vendors e. Staff assigned to attend and present (if required) at Open Enrollment f. Data and timing requirements from current vendors to ensure transition of care and transfer of any open-refill, prior authorization, or other necessary files	Since BCBSNE's proposal for pharmacy administration requires medical administration with BCBSNE (Prime does not stand alongside other administrators/carriers), we confirm our proposal includes an implementation plan using a December 1, 2025, bid award date as instructed. Please refer to the ***TECHNICAL RESPONSE, Detailed Project Work Plan*** , for a copy of our implementation timeline.
J.2	Confirm implementation will be completed prior to the State's Annual Open Enrollment period in May 2026. The implementation plan(s) shall also define responsibilities assigned to the contractor and responsibilities assigned to the State. Failure to provide this information may be grounds to reject a proposal.	Confirmed.
J.3	After J.2, please add: Confirm that, if awarded the business, you will be prepared to start implementation work as of the contract award date due to the lead time needed for open enrollment.	Confirmed.
J.4	PBM must provide a dedicated implementation manager whose sole account is the State, who in coordination with the dedicated account manager and account management team, will effectively manage the implementation of this program. The dedicated implementation manager must continue to support the State a minimum of 60 days after the Go Live date of July 1, 2026, should the State desire. Such support includes, but is not limited to: weekly calls with the State and the designated Account Management team; maintenance of issue tracking logs; and issue resolution. This support must be provided as part of the base administrative fees with no additional cost to the State.	Confirmed.
J.5	The State requires that the PBM will be available and participate in the State's Open Enrollment communications campaign.	Confirmed.

	Confirmations	Vendor Response
J.6	PBM shall provide detailed information on its procedures and time frame to prepare for annual Open Enrollment. The State will offer an annual Open Enrollment period during which time covered members may switch their plan of coverage. The successful contractor shall provide staff to assist State HR Personnel and Administrative Services – State Employee Benefits with annual Open Enrollment meetings in various locations throughout the State. The successful contractor shall have certificate books ready for distribution prior to the State's annual Open Enrollment; State will provide plan designs electronically to Contractor 30 days prior to annual Open Enrollment. Describe your company's timelines and deadlines for Open Enrollment (system updates due to plan changes or file formats, new divisions, manual work arounds, dates for last pre-OE updates, OE file updates, etc.).	Confirmed. BCBSNE will follow a structured and collaborative process to prepare for the State of Nebraska's Open Enrollment period. The BCBSNE's/Prime's Account Team will play a pivotal role by attending both on-site and virtual meetings, as needed. In the lead-up to these Open Enrollment meetings with the State's employees, the team will work closely with the State to finalize meeting agendas and ensure that benefit booklets are available online for employees to review 30 days prior to the Open Enrollment period. This preparation is guided by the Implementation Timeline, which outlines all key dates to ensure that benefits are fully finalized with the State. Additionally, the BCBSNE/Prime Account Team will provide valuable input on the State's Open Enrollment presentations and offer recommendations on specific member communications. This ensures that employees have a clear understanding of their benefit plan options. By working collaboratively with the State, BCBSNE aims to facilitate a smooth and informative Open Enrollment process for all employees.
J.7	PBM shall incur all costs for printing and distribution of all communications, including but not limited to:	
	a. Identification Cards (ID) printed	Confirmed.
	b. Booklets electronic copy provided	Confirmed.
	c. Certificates electronic copy provided	Confirmed.
	d. Summary Plan Descriptions (SPDs) electronic copy provided	Confirmed.
J.8	PBM shall incur all costs for additional open enrollment materials, including but not limited to:	
	a. Additional custom printing	Confirmed.
	b. Web hosting	Confirmed.
J.9	When customized printing is required, the PBM shall present a proof to the State for approval in a timely manner.	Confirmed.
J.10	PBM agrees that if they become the successful contractor that no external communications material that mentions the State's benefit plans may be circulated without written approval from the State. The State reserves the right to review, edit, or customize any communication from the PBM to its membership.	Confirmed.
J.11	PBM shall provide detailed information on how it will communicate to the members. PBM must provide sample communication materials such as certificate of coverage booklets, up-to-date-provider network directories, request letters for clinical programs, and sample EOBs.	Confirmed. Please refer to the following exhibits: ***EXHIBIT F - Sample Pharmacy Communication Materials*** ***EXHIBIT G - Sample Benefit Booklet*** ***EXHIBIT H - Sample Pharmacy Network Directory (Broad Network)*** ***EXHIBIT I - Sample Request Letters for Clinical Programs*** ***EXHIBIT J - Sample EOB***
J.12	PBM shall provide members access to written or electronic EOB statements at no cost to the State or member.	Confirmed.
J.13	PBM shall produce ID cards and/or temporary proof of benefit letters in "real time". Identification cards will be subject to final approval by the State.	Upon enrollment, physical ID cards, along with welcome kit information, are sent out and delivered to subscribers. Physical ID cards are guaranteed to be mailed from our vendor within 30 days of receipt of a clean eligibility file from the State. If the State provides email addresses for subscribers at initial enrollment, subscribers will receive a email from BCBSNE and they will be able to access their temporary ID card digitally until the physical ID card is received. BCBSNE will obtain approval from the State on ID Cards.
J.14	PBM agrees that 100% of ID cards will be distributed within 10 business days of being notified of the new or changed enrollment by the State.	Physical ID cards are guaranteed to be mailed within 30 days of receipt of clean eligibility file. If the State provides email addresses for subscribers at the initial enrollment, subscribers will receive a welcome email from BCBSNE and they will be able to access their temporary ID card digitally until the physical ID card is received.
J.15	PBM agrees that replacement ID cards must be mailed within ten (10) business days of notification.	Confirmed.
J.16	Confirm that ID cards will be subject to final approval by the State.	Confirmed.
J.17	PBM agrees to in-person meetings with the State as required to discuss plan performance, present utilization and financial results, etc. at PBM's expense. At a minimum, the State expects that the Account Executive and Clinical Pharmacist attend these meetings.	Confirmed.
J.18	Confirm you will provide a dedicated 24-hour toll-free customer service phone line available during Open Enrollment as well as throughout the year.	Confirmed.
K.	**VENDOR ACCOUNTABILITY AND PERFORMANCE GUARANTEES**	**Response (Confirmed/Not Confirmed)**
K.1	Minimum performance standards are included in Part I - Attachment D – State of Nebraska Health Insurance Performance Standards. PBM must provide these standards measured on State specific data. Confirm agreement.	Not confirmed. We have offered modified guarantees as shown within our response.
K.2	The State requires that 30% of the Administrator's annual PBM Fees be placed at risk annually as a financial penalty for failure to meet the **administrative performance guarantees** in accordance with Part I - Attachment D, as established by the State of Nebraska. All penalties will be assessed based on these pre-established guarantees against actual State-specific performance results annually, not the bidder's book of business. Confirm agreement.	Confirmed.
K.3	The State requires that 30% of the Administrator's PBM Fees be placed at risk as a financial penalty for **network discount guarantees** provided by the PBM. All penalties will be assessed based on the State-specific annual performance results only. Confirm agreement.	Confirmed.

	g. Tenure (Years)	Experience	32 Years
A.2	For your entire book of business, provide the total year-end national group members. Please also provide statistics for your Public Sector clients.	Experience	Prime response: At the end of 2024, Prime provided pharmacy benefits to the following number of members, across our entire book of business we covered 39,023,435 members. • Public sector membership = 3,291,712 • Non public sector membership = 35,731,723
	Total Covered Lives (excluding non-insured discount programs)	Experience	Prime provided pharmacy benefits to the following number of members, across our entire book of business we covered: 2023: • Members: 39,305,579 members • Public sector membership: 3,382,303 • Non-public sector membership: 35,923,276 2024: • Members: 39,023,435 • Public sector membership: 3,291,712 • Non-public sector membership: 35,731,723
	2024	Experience	39,023,435
	2023	Experience	39,305,579
	Public Sector Covered Lives (excluding non-insured discount programs)	Experience	
	2024	Experience	3,291,712
	2023	Experience	3,382,303
	Number of Public Sector Clients	Experience	
	2024	Experience	26
	2023	Experience	30
	Number of Public Sector Clients with 15,000+ lives	Experience	
	2024	Experience	19
	2023	Experience	20
A.3	Explain your revenue model	Experience	We derive the majority of our earned revenue from services we provide, rather than exchanging drug formulary status for manufacturer rebates or other incentives. We do not accept any monies from manufacturers for using or selling data, educational grants, co-promotional programs or pricing margins. To maintain the integrity of our clinical approach, we refuse all manufacturer funding for clinical programs. The administrative fee and miscellaneous clinical program fees serve as Prime's only revenue sources to produce margins.
A.4	Do you consider your solution a transparent PBM model?	Experience	Confirmed. We are a trusted, truly transparent pharmacy solutions partner delivering savings, simplicity and support to our clients and members. We demonstrate true transparency by not steering people to our pharmacies or pursuing the highest margins, instead doing what is right for our clients and their employees by passing value back to those we serve. We will provide relevant information to The State, subject to a confidentiality agreement and make available our SOC 1 Type II report and bridge letter upon request and with a signed NDA. Our approach is built on transparency, conflict-free operations, and a commitment to integrity and ethical interactions, setting a new standard for the industry.
	a. If yes, how long have you offered a transparent PBM model?	Experience	Prime has offered a transparent PBM model since our inception.
	b. Do you have accounts that are not a transparent PBM model?	Experience	Confirmed.
	c. If yes, what percentage of your book of business in on a non-transparent PBM model?	Experience	We do not track this metric at this time.
A.5	What has your average trend (claim inflation rate) been for the last 4 years, by year, for middle and enterprise market segments.	Experience	Overall trend rates for the last four years are as follows: • 2021: 1% • 2022: 10% • 2023: 11.6% • 2024: 7.7% These figures represent the overall trend rates across all segments, as specific breakdowns for middle and enterprise market segments are not provided in the available data.
A.6	Does your firm participate in the business model of "claw backs" for any commercial / public plans? Please elaborate.	Experience	No. We do not participate in the business model of "clawbacks." We exist to help people get the medicine they need to feel better and live well. We start everything we do with savings, not profit. Unlike other PBMs that emphasize transactional margins to grow their profit, we focus on lowering the net cost of drugs and the overall cost of care. We make formulary decisions by considering long-term health costs and using evidence-based UM criteria to address appropriate drug use. We tailor our recommendations to clients rather than upselling programs or benefits that contribute to our bottom line, such as automatic refills or 90-day supplies of specialty drugs. We do not own our home delivery and specialty pharmacies, so we can truly address access, outcomes and costs. All of this means that our better starting point produces better results for our members and clients. We dedicate ourselves to defining this model so that more people can benefit from advances in pharmacy.
B	**ACCOUNT MANAGEMENT**	**Acct Mgmt**	**RESPONSE**
B.1	Confirm that the proposed account management team has at least three (3) years working with Public Sector group pharmacy drug benefit plans having at least 15,000 employees.	Acct Mgmt	Confirmed.
B.2	Confirm you will provide an Account Executive and a backup account staff member that will handle ALL service matters related to the operation of the program.	Acct Mgmt	Confirmed.
B.3	Confirm you will respond to all State inquiries within one (1) business day.	Acct Mgmt	Confirmed. Our Account Team will acknowledge all requests within 24 hours.
B.4	The State may require that the PBM's Account team to attend The State's Board meetings at the PBM's expense. Confirm understanding.	Acct Mgmt	Confirmed.
B.5	How do you assess the Account Team's performance and quality of service? Provide a sample of an annual score card or template used.	Acct Mgmt	Our Account Team staff will be thoroughly and continuously reviewed based on our internal BCBSNE performance review criteria, as well as feedback and scoring from the State's benefit staff via an annual Account Team satisfaction survey. Please refer to ***EXHIBIT Q - Account Team Performance Assessment.***
C	**MEMBER SERVICES**	**Member Svcs**	**RESPONSE**
C.1	The State requires a dedicated toll free number and Customer Service for this contract. This line should be dedicated solely for the use of State members.	Member Svcs	Confirmed.
	a. Confirm member service representatives are available 24 hours a day, 365 days a year.	Member Svcs	Confirmed.

OVERFLOW RESPONSES

	Questionnaire Section	Section	Response	OVERFLOW RESPONSES
	b. Where will this unit be located?	Member Svcs	All departments at BCBSNE are based out of our corporate headquarters located in Omaha, NE. Our Member Services advocates (representatives) are allowed to work remotely and are proudly based right here in Nebraska, serving members from over 40 counties across the state. This local presence allows us to deliver personalized, community-informed support with a deep understanding of the people we serve. Our advocates aren't just voices on the phone—they're neighbors, committed to making a difference in the lives of fellow Nebraskans.	
C.2	Describe the process members use to transfer from the interactive voice response unit (IVR) to speak to a live representative.	Member Svcs	When a member calls, they are asked to confirm if they are a member or a provider calling by pressing 1 or 2 respectively. Members would hear a message (updated monthly) to help remind users of certain topics relevant to the State (Myblue Web Portal, Flu Shot reminder, etc.). As an example, we then ask the member to select one of the follow options to understand what they need help with: To utilize our quick self-service options, such as hearing claim status, deductible information, or TO order new ID cards and more, press 1 For information about your prescription medication benefits or Prescription claims press 2 For information about your dental benefits or Dental claims press 3 If you have questions about your medical benefits press 4 If you have questions about a medical claim press 5 If you are calling about your myblue account, or to update your personal information press 6 To repeat these options press 8 We ask the member to enter their 9 digit ID number and Date of Birth. If the member does not have their ID available, they can move on to a Representative. If they enter their ID/date of birth, that information will be passed to the Representative for quicker authentication. Average time is around 2 minutes from opening message through if ID/date of birth is entered.	
C.3	Describe your clinical pharmacist support to members, hours available, and how members reach a pharmacist.	Member Svcs	Members have access to BCBSNE Customer Service to support inquiries related to medical and prescription drug benefits. Depending on the situation, the BCBSNE Customer Service reps have access to BCBSNE staff to support responses if clinical intervention is needed. Additionally, members have access to home delivery and specialty pharmacy support through the customer service of those entities. Members have access to BCBSNE Member Services to support any needs related to medical and prescription drug benefits. Our Member Services team collaborates with internal teams as needed, including clinical pharmacists, to support member inquiries or issues. BCBSNE's nurse care managers can also assist members with questions related to prescription drug benefits as the nurses have direct access to pharmacists for consultations.	
C.4	Confirm all member services calls are recorded and are accessible for the purposes of resolving member issues.	Member Svcs	Confirmed.	
C.5	Describe the system by which the Member Service unit tracks and documents calls.	Member Svcs	All calls (100%) are recorded via our phone system. The notes from the interaction are documented within our CRM (Customer Relationship Management) system. We are able to locate calls and listen to the audio recordings to review the interactions between our callers and the Representatives. Our Member Service Advocates also document notes.	
	a. Describe the process to review the findings of the call tracking and documentation process with the State.	Member Svcs	Our quality assurance program involves a dedicated team that listens to a random sampling of calls and reviews the associated documentation to ensure comprehensive performance evaluation. Each call and its documentation are reviewed against predefined criteria, focusing on adherence to protocols, accuracy, communication skills, problem-solving abilities, and customer satisfaction. Detailed feedback is provided through one-on-one coaching sessions, aimed at continuous improvement and skill enhancement. Regular training sessions and performance analysis help us maintain high standards and adapt to evolving best practices, ensuring exceptional service delivery and customer satisfaction. In addition to the quality assurance program, we review call trends, listen to call recordings and review documentation of the calls to ensure accuracy and resolution.	
	b. Confirm this system is able to produce State-specific member service statistics.	Member Svcs	Yes, we will be able to produce State-specific member service statistics in relation to ASA (Average Speed of Answer), abandon rate, first call resolution and inquiry timeliness.	
C.6	Describe your appeals procedures for denied claims or authorizations and time frames that a member would follow.	Member Svcs	A request for an internal appeal must be submitted on our designated appeal request form within six (6) months of the date the claim was processed or the date the adverse benefit determination was made. The form is available at www.nebraskablue.com. Members can also contact the Member Services department at the number found on the back of their I.D. card for appeal assistance. BCBSNE will provide the claimant a notice of receipt of the request within 3 days. The claimant may submit additional information for consideration, if needed. If the adverse benefit determination was based on a medical judgment, including a medical necessity or investigative determination for denied Prior Authorizations (PAs) or pre-certifications, BCBSNE will consult with health care professionals to discuss the medical judgment and make the appeal determination. The appeal determination will be made by individuals who were not involved in the original determination. **PRE-SERVICE (NON-URGENT)** Written notice of the appeal determination is provided within 30 calendar days. The member must appeal the internal appeal (1st level appeal) and file an external appeal (2nd level appeal) within 4 months after receiving the 1st level appeal decision. Written notice of the external (2nd level) appeal decision will be provided within 45 calendar days from the date the Independent Review Organization (IRO) receives the appeal.	**POST-SERVICE** Written notice of the appeal determination will be provided to the claimant within 60 calendar days. The member must appeal the internal appeal (1st level appeal) and file an external appeal (2nd level appeal) within 4 months after receiving the internal (1st level) appeal decision. Written notice of the external (2nd level) review decision will be provided within 45 calendar days from the date the IRO receives the appeal. **EXPEDITED APPEAL (Urgent Care)** In the case of an urgent care claim, an expedited appeal may be requested orally or in writing. The request must meet urgent criteria to be reviewed in an expedited timeframe. An expedited appeal will be reviewed, determined and notice provided to the claimant within 72 hours after receipt. Final time frames may vary from the above since they would be dependent upon the type of appeal endorsement that is added to the insured policy or self-funded plan. If any appeals require the use of an independent review organization (IRO), BCBSNE does not pass the IRO's fees onto our clients.
C.7	Describe the escalation process for Member Service satisfaction and complaints.	Member Svcs	At BCBSNE, we are committed to delivering exceptional service and ensuring every customer concern is addressed promptly and thoroughly. Our escalation and complaint processes are designed with the customer at the center, ensuring transparency, accountability, and timely resolution. **Escalation Process:** We have a dedicated team of experienced professionals who are readily available to support escalated issues. When a situation requires additional attention, our escalation process ensures the following: **Immediate Acknowledgment:** Escalations are acknowledged promptly to reassure the customer that their concern is being prioritized. **Tiered Support:** Issues are escalated through clearly defined levels of expertise, ensuring the right resources are engaged at the right time. **Proactive Communication:** Customers are kept informed throughout the resolution process with regular updates and clear timelines. **Resolution Ownership:** A designated escalation manager oversees the issue from start to finish, ensuring accountability and follow-through. **Complaint Handling Process:** We view complaints as valuable opportunities to improve. Our complaint process includes: **Centralized Logging:** All complaints are logged to ensure visibility and traceability. **Thorough Investigation:** Each complaint is reviewed and investigated by the appropriate team to determine root cause and corrective actions. **Timely Follow-Up:** We follow up with customers to communicate findings, resolutions, and any steps taken to prevent recurrence. **Continuous Improvement:** Complaint data is analyzed regularly to identify trends and drive service enhancements. Our goal is to not only resolve issues but to build trust and long-term satisfaction through responsive, respectful, and effective support. Written notice of the appeal determination will be provided to the claimant within 60 calendar days.	

	Questionnaire Section	Section	Response
C.8	Describe the State of Nebraska specific website you will have available by July 1, 2026, through which members can, at a minimum, access and view eligibility, plan benefits, pharmacy and formulary information, locate a pharmacy, price a prescription specific to the State's plan design, order a mail order refill, track a mail order shipment, and order a replacement card. This website will be linked to the State's internet home page.	Member Svcs	BCBSNE will provide the State with its own website for posting benefit documents and other member communications. Our member portal, MyNebraskaBlue, will also contain a single sign on to Prime's website, MyPrime.com. MyPrime.com enables members to manage their prescription drug benefit online by providing members with personalized information on medicine costs and coverage based on their benefit plan. Members can easily compare costs for medicines and find the nearest pharmacy in their network. It is a mobile optimized website and will automatically adjust to accommodate the mobile device in use. The mobile website supports all major platforms and form factors. Through our mobile-optimized website, we leverage tools and technology with operational excellence to educate and empower members through the following: • Search for medicines - perform medicine searches by drug name or condition • Find a pharmacy - search for home delivery or retail pharmacies, which can be found through a city, state or zip code search • Pricing - select a retail or home delivery pharmacy to view pricing information • Download a temporary card containing basic pharmacy benefit information • Review drug interactions - access the medicine details page for clear coverage information, generic equivalents, information on therapeutic alternatives and more • View status of coverage determination requests in real-time • View claims history - review details including cost, plan paid and out-of-pocket expenses and date range • Review plan information - learn about home delivery and specialty pharmacy options as well as frequently asked questions and definitions • We offer condition - specific educational resources for select chronic conditions with others in our future digital roadmap • Contact member services by a provided phone number or a "contact us" email link We monitor member feedback and continue to seek opportunities to enhance MyPrime.com to provide better experience to our members.
C.9	Describe your drug cost look-up tool on your member website that provides both the plan copay and full drug cost?	Member Svcs	Through our user-friendly pharmacy benefit management website, MyPrime.com, members can calculate estimated drug costs and price shop by location: **Calculate Drug Cost and Coverage:** The Drug Cost and Coverage feature allows members to calculate estimated costs for any generic or brand product, as well as access retail, specialty, and home delivery pricing. For a member who has logged into the secure member area of our website, the Drug Cost and Coverage feature uses plan-specific cost information specifically based on the member's coverage and pharmacy benefit plan. When a member enters a drug, form, quantity, strength and package size, the Drug Cost and Coverage feature returns the amount the member would typically expect to pay at that time. This estimate is based on the member's copay and other benefit design features. **Shop Prices by Location:** Members can also price shop by location by selecting a pharmacy based on address or ZIP code. The feature automatically prices at the member's last used pharmacy, but another pharmacy can be easily selected to view prices. In addition, within the checkout process, our mail order pharmacy partner provides both the member's insurance cost share price (including copayments, coinsurance, deductibles, etc.) and the MedsYourWay discount price to ensure the member is offered the best pricing possible as part of the MedsYourWay offering.
C.10	Describe your mobile app features, availability, and capabilities.	Member Svcs	We mobile-optimized the MyPrime website for our members. All features are available regardless of device/platform used to access the site.
D	**FORMULARY AND REBATE MANAGEMENT**	**Formulary**	**RESPONSE**
D.1	Provide a copy of your current proposed formulary (both a detailed file in Excel and an abbreviated PDF version). Provide a listing of any excluded drugs along with the preferred clinical alternatives.	Formulary	Please see PDL25.xlsx; PDL10.xlsx full formulary listings. For alternatives, please see our formulary disruptions. See ***EXHIBIT R - Formulary Files PDL25 and PDL10.***
D.2	If requested by the State, the PBM agrees to grandfather the current formulary (preferred) list and respective copayments for up to 90 days following the contract effective date with no impact on the minimum rebate guarantees. Confirm agreement.	Formulary	Confirmed.
D.3	Complete and submit a formulary disruption analysis based on your proposed formulary and the provided claims data with drug exclusions that allows for prior authorization for medical necessity. Results to be included are the number of members that will require a change as well as the number of prescriptions associated with the formulary change. An Excel file that lists the specific drugs that will be negatively impacted (excluded or higher-cost tier) along with the total number of scripts and members impacted for each of these drugs should also be provided. Please provide a summary of your formulary disruption analysis using the table below:	Formulary	Formulary disruption information is included in our ***TECHNICAL RESPONSE - 5-Formulary Disruption Analysis.*** This disruption analysis has been performed on our PDL25 and PDL10 formularies.
	a. No Change:	Formulary	
	# Members impacted	Formulary	PDL10: 23,390 PDL25: 23,280
	% of Total Members	Formulary	PDL10: 87.2% PDL25: 77.1%
	Number of Scripts Impacted	Formulary	PDL10: 337,624 PDL25: 325,356
	% of Total Scripts (including all brands and generics)	Formulary	PDL10: 95.5% PDL25: 92.2%
	b. Positive (higher-cost tier to lower tier):	Formulary	
	# Members impacted	Formulary	PDL10: 2,181 PDL25: 2,371
	% of Total Members	Formulary	PDL10: 8.1% PDL25: 7.9%
	Number of Scripts Impacted	Formulary	PDL10: 10,520 PDL25: 9,782
	% of Total Scripts (including all brands and generics)	Formulary	PDL10: 2.9% PDL25: 2.8%
	c. Negative (lower tier to higher-cost tier):	Formulary	
	# Members impacted	Formulary	PDL10: 1,240 PDL25: 547
	% of Total Members	Formulary	PDL10: 4.0% PDL25: 1.8%
	Number of Scripts Impacted	Formulary	PDL10: 4,704 PDL25: 2,112
	% of Total Scripts (including all brands and generics)	Formulary	PDL10: 1.3% PDL25: 0.6%
	d. Moving from covered to not covered/Excluded:	Formulary	
	# Members impacted	Formulary	PDL10: N/A PDL25: 3,977
	% of Total Members	Formulary	PDL10: N/A PDL25: 13.2%
	Number of Scripts Impacted	Formulary	PDL10: N/A PDL25: 15,598
	% of Total Scripts (including all brands and generics)	Formulary	PDL10: N/A PDL25: 4.4%
D.4	Are any generic drugs considered "non-preferred" on your proposed formulary (i.e., subject to the "non-preferred" copay)? If yes, please describe in detail and provide examples.	Formulary	**The PDL10 formulary** highlights preferred agents based on a thorough evaluation of each drug's comparative clinical efficacy, safety, uniqueness, and cost. BCBSNE and the Prime National Pharmacy and Therapeutics (P&T) Committee, which includes practicing physicians and pharmacists with expertise in their respective fields, conduct these evaluations. PDL10 is a three-tier formulary: generic (1), preferred (2), and non-preferred (3). Our PDL25 formulary stands as our research-backed recommended formulary and serves as a key tool for delivering integrated drug management, improved health outcomes, and substantial savings for clients. As a six-tier biosimilar formulary, it offers a balanced mix of medications with configurable drug categories and outlier drug options, helping you select the mix that suits your members' needs best. PDL25 is a six-tier formulary: preferred generics (1), non-preferred generics (2), preferred brands (3), non-preferred brands (4), preferred specialty (5), non-preferred specialty (6). **The PDL25 formulary** facilitates potential savings by: • Encouraging the use of preferred brands through competitive rebates utilizing differentiated preferred and non-preferred drugs • Excluding unnecessary drugs (e.g., brands with effective generic equivalents) • Recommending alternative therapies like over-the-counter drugs to reduce costs • Managing high costs associated with increasing brand and generic drug prices.

OVERFLOW RESPONSES

	Questionnaire Section	Section	Response
D.5	Do your manufacturer agreements contain provisions that limit the amount the manufacturer can raise the AWP price of prescription drugs each year? If yes, please describe:	Formulary	Confirmed. The majority of our contracts include price protection, enabling us to insulate clients from the impact of price increases by securing additional rebates on products when drug cost inflation exceeds the negotiated threshold. We reset approximately 74% of price protection contracts annually, and we manage contracts that reset both annually and over an extended period. As drug prices rise, we obtain equivalent value in the rebate. The specific percentage of contracts containing an AWP escalation provision remains proprietary and confidential, but we can confirm that a majority of contracts accessed today contain some form of price protection.
D.6	What reporting will you provide to the State to demonstrate such manufacturer price limit agreements provide meaningful benefits to the State?	Formulary	We provide comprehensive reporting that demonstrates the impact and benefits of manufacturer price limit agreements. Our reporting system tool verifies submitted claims and conducts eligibility checks according to manufacturer agreements using claims data. We specify eligible claims in a standard report and send them to our subcontractor for invoice processing each quarter. BCBSNE allocates rebates definition of terms from The State, we can allocate rebates for specific lines of business. As we receive payments, we allocate them on a scheduled basis until we close the quarter, and we deposit rebate payments directly via ACH. We provide full disclosure, showing every source of revenue and expense. In addition, we deliver quarterly reporting on year-to-date performance against guarantees—including Minimum Brand Effective Rate Guarantees, Minimum Generic Effective Rate Guarantees, Maximum Brand Aggregate Dispensing Fee Guarantees, and Generic Aggregate Dispensing Fee Guarantees—within 30 days after quarter end. Our clinical product reporting projects performance, projected savings, and ROI, which we can deliver at both the plan and group level. This reporting highlights detailed program outcomes, savings, and medical cost avoidance, with robust filtering capabilities by line of business, employer group, and contract IDs.
D.7	Describe the process you will use to substitute biosimilar drugs for original brand specialty drugs and include a description of reporting you will provide to demonstrate plan cost savings of the biosimilar relative to the net of rebate brand specialty drug, and conversely the net of rebate brand cost relative to the biosimilar if the brand specialty drug remains on the formulary after biosimilar availability.	Formulary	We evaluate each biosimilar and its reference product individually, considering clinical, regulatory, and financial factors to determine the optimal substitution strategy. We conduct rigorous clinical evaluations, manage formularies and implement utilization management tools such as step therapy, prior authorization, and benefit design adjustments. We may initially include both the innovator and biosimilar products on the formulary to build market familiarity and access improved discounts, or in certain categories such as oncology, we may recommend excluding the innovator in favor of biosimilars. We tailor our flexible and consultative approach to client needs and market dynamics. To demonstrate plan cost savings, we provide analytics and reporting that compare the net cost of biosimilars to the net of rebate cost for brand specialty drugs. We track market share shifts, rebate impacts, and overall ingredient cost pricing. When both the brand and biosimilar remain on the formulary, we validate the lowest net cost opportunity by comparing the net of rebate costs for each product in our reporting. We provide all data in the account reconciliation and support clients with tools and proactive consultation to address potential savings and management challenges by drug class, disease state or line of business.
D.8	Do you have a formulary appeal process in place to address member concerns regarding formulary alternatives or provider indications of medical necessity? If yes, explain the process:	Formulary	Yes. When your chosen formulary does not cover a specific drug, the drug will be denied at the point of service; however, the State employees and their family can initiate a coverage exception. We conduct our initial review process using the same approach as other proprietary utilization management clinical programs, utilizing specific provider submission forms, established clinical criteria, and expert review. The program requires that members fail two formulary alternatives, with documentation in the member's medical record that alternatives were not tolerated, were contraindicated, ineffective or caused other adverse harm. If we deny an initial coverage exception, both the member and provider have the right to appeal and BCBSNE manages the appeal process. The State may also apply additional strategies to steer and protect against non-formulary utilization, such as non-preferred drug cost share tiering, benefit exclusions, member-pay-the-difference programs, and ultimately retain authority on upheld appeal determinations. Our process-focused approach for coverage exceptions supports appropriate drug utilization as part of our integrated drug management strategy. We will follow the contract exclusion appeal rights as described in C.6 above.
D.9	When do formulary changes typically occur?	Formulary	Formulary changes typically occur twice per year. This includes majority of negative changes (e.g., drug exclusions, tier increases, utilization management edits) and major additions of novel new drugs. Minor positive formulary updates, such as new NDCs for formulary drugs, may be added as frequently as weekly.
D.10	Do you agree to limit formulary deletions up to twice per year on 01/01 and 07/01?	Formulary	Confirmed.
D.11	Explain how the State and affected members will be notified about formulary changes	Formulary	We post formulary publications and formulary changes on the nebraskablue.com website on a quarterly basis. Additionally, single sign-on is available from the NebraskaBlue member portal to MyPrime.com to support real time formulary information that also includes costs and alternatives. When formulary updates are made, letters are sent to affected members with notification 30-60 days before the change takes effect. Members are also allowed to continue to fill their medication at the same cost and coverage for 45 days after the change to provide additional time for provider discussion, if necessary. We update physicians and other stakeholders through online postings. If we identify impacted members, we provide disruption reports. This information can be shared prior to member notifications so there is transparency to the changes effecting The State employees and dependents.
E	**CLINICAL MANAGEMENT PROGRAMS AND CAPABILITIES**	**CM**	**RESPONSE**
E.1	Confirm that you are proposing to administer the State's clinical and other programs as outlined below. Please specify if any additional fees apply in your response below and in your response to the Financial Section of this document.	CM	Please see below.
	a. Prior Authorization	CM	Confirmed. No additional fees are charged for our PA program.
	b. Step Therapy	CM	Confirmed. No additional fees are charged for our step therapy program.
	c. Drug Quantity Limits	CM	Confirmed. No additional fees are charged for our quantity limit program.
	d. Medication Therapy Management	CM	Confirmed. GuidedHealth is an optional program with a $0.50 PEPM fee.
	e. Specialty Pharmacy Program	CM	Confirmed. Our specialty pharmacy program delivers a high-touch, member-focused solution designed to support complex specialty conditions and treatments. We require specialty pharmacies in our network to administer clinical programs through regular contact with members and physicians, including education on medication administration and use, adherence support, quality-of-life assessments, disease progression monitoring, and medication reconciliation. Specialty providers must meet dispensing thresholds for products on our Specialty Fee Schedule/Drug List, as applicable with state regulations. Our exclusive specialty pharmacy option offers the scale to manage large employer groups and industry-leading access to specialty drugs, with expert pharmacy staff providing ongoing monitoring and interventions. Members benefit from competitive drug-level pricing, care management, shipping with no dispensing fees, and access to financial assistance programs. Our partnerships with pharmaceutical manufacturers enable greater rebates, price protection, and Care Centered Contracts, ensuring the lowest net cost and improved outcomes. We integrate medical and pharmacy data to provide actionable insights through tools like Insights+, enabling dynamic monitoring and reporting on integrated specialty drug spend. Our programs include utilization management, benefit design consultation, rebate management, and clinical programs such as GuidedHealth. We also offer a comprehensive specialty network, including access to limited distribution drugs, and maintain ongoing oversight of network providers to ensure quality and compliance.
	f. Diabetic Supplies Program	CM	Confirmed. We offer a preferred diabetic supply strategy designed to help lower the cost of care for The State and your employees. This includes working with The State on a member transition plan to move members to preferred diabetic supplies, such as providing access to free glucose meters from the preferred vendor(s), ensuring members continue to receive the necessary diabetes supplies. We can accommodate a wide variety of customization for diabetic supplies, including supporting various benefit designs and formulary positions based on your needs. Options such as waiving copays for certain supplies can be implemented. Additionally, rebates are available for certain Part B products, including test strips and meters, and these rebates are passed through to The State. No additional fees are charged for our diabetic supplies program.

OVERFLOW RESPONSES

	Questionnaire Section	Section	Response	OVERFLOW RESPONSES
	g. Vaccine Administration	CM	Our Vaccine Administration network, can be customized for The State and provides members with access to low-cost vaccines at over 60,000 participating retail pharmacies nationwide. The program includes optional vaccinations such as influenza, pneumonia, HPV, diphtheria/tetanus combinations, shingles, Haemophilus influenza type B (Hib), Hepatitis A, B and/or combinations, MMR, measles, mumps, rubella and/or combinations, polio, rabies, rotavirus, tetanus, COVID-19, and varicella (chickenpox). Benefit design determines which vaccines are covered at retail pharmacies, with commonly covered vaccines including influenza, pneumonia, and shingles. Plan/employer cost includes the vaccine product, dispensing fee, and administration fee per vaccine. Members with vaccine coverage under the pharmacy benefits present ID cards at the pharmacy and pay the applicable cost share. A trained clinician administers the vaccination on site according to state regulations. Clients can select which vaccines to cover under the benefit design. No major retailers are excluded from the vaccine network. Administration fees vary: Prime Medicare Vaccine Admin Fee is $20, Prime Commercial Vaccine Admin Fee is $15, Prime Walgreens Vaccine Admin Fee (Commercial and Medicare) is $19, ESI Vaccine Admin Fee (except Flu and COVID-19) is $20, ESI Flu Vaccine Admin Fee is $15, and ESI COVID-19 Admin Fee is $20. Vaccine claims are priced online at the point of sale and processed according to HIPAA transaction standards D.0 from CMS and NCPDP. Contracted pharmacies are required to submit vaccine claims online in compliance with NCPDP D.0 claims processing standards. The contract rates for vaccine-pharmacy reimbursement consist of the average wholesale price (AWP) of the product, less the applicable discount, plus the dispensing fee, plus the vaccine administration fee.	Immunizations administered at network retail pharmacies include the cost of the vaccine product, the dispensing fee, and a contracted administration fee per vaccine. We have an existing program in place to support pharmacists in the administration of vaccines using NCPDP industry standards for claims adjudication. Prime has taken steps to create claims processing ease and to minimize adverse member and client impact related to the administration of vaccines. Our system can pay administrative fees that are submitted in conjunction with the vaccine drug charge by the same provider or join with administrative fees sent separately by another provider to the vaccine drug claim submitted by the pharmacy. Claims with only administrative fees are adjudicated through a manual process, allowing a claims examiner to attach the appropriate vaccine drug claim to the administrative fee and then re-adjudicate the claim to determine if there is additional member responsibility due. Claims are linked using the date of service and NDC number. Administrative fee-only claims must have the drug name or NDC included to ensure the proper vaccine drug claim is linked.
E.2	How will the State be kept informed of changes to clinical management rules?	CM	Clinical program updates can be provided to the State through their assigned Account Executive team on a quarterly basis.	
E.3	Provide a sample client management report that details clinical rule activity and savings.	CM	Please refer to ***EXHIBIT M - Sample Rx Preauthorization Report*** and ***EXHIBIT S - Sample Guided Health Report.***	
E.4	Provide a sample of your client clinical management performance report.	CM	Please refer to ***EXHIBIT M - Sample Rx Preauthorization Report*** and ***EXHIBIT S - Sample Guided Health Report.***	
E.5	Describe your PA, step therapy and quantity level limit program capabilities. Please attach a list of drug categories for which such programs can be applied.	CM	Managing the use of certain drugs is a key part of controlling the rising cost of care. Our utilization management (UM) programs offer the insight you need for greater control of why, how much, and how often certain drugs are prescribed. Our UM programs work by giving health care professionals guidance that supports appropriate drug use. This helps keep costs down for everyone and improves member health and safety. In 2024, Prime's step therapy programs avoided commercial claims costs of $0.14 per member per month (PMPM), quantity limit programs avoided commercial claims costs of $0.82 PMPM, and prior authorization avoided commercial claims costs by $2.36 PMPM. We offer three primary types of UM programs, including prior authorization, step therapy, and quantity limits, described: • Prior authorization programs are designed to effectively manage high-cost medications that have a potential for misuse, overuse, or inappropriate use and that could pose clinical, economic, or safety concerns (or a combination of these). Prior authorization programs require members to meet certain criteria before particular drugs are covered. • Step therapy programs take a "step" approach to providing members with a drug to help treat their condition. This means that members may first need to try a first-line drug before coverage is provided for a second-line drug. A first-line drug is usually a generic drug (or preferred brand if generics are not available) and represents a more cost-effective alternative for the member and The State. • Quantity limits programs promote safe and effective drug use and reduce waste by limiting certain prescriptions to a pre-determined quantity limit or duration.	
E.6	Provide your book-business prior authorization rate of denials for the following therapeutic categories: GLP-1, SGL-2, Specialty-Inflammatory; Specialty-Dermatology; Migraine.	CM	GLP-1: 40% SGL-2: 75% Specialty-Inflammatory (includes arthritis, psoriasis and gastrointestinal disorders; includes medically administered products): 75% Specialty-Dermatology: 11% Migraine: 32%.	
E.7	Does your firm use AI (artificial intelligence) for prior authorization approvals? If so, please provide a detailed explanation.	CM	Our Utilization Management and Care Management teams utilize AI and other technologies as tools to support clinical reviews. While these technologies enhance and support efficiency in the review, they are not used to determine authorizations for medical necessity. AI and other automated technologies are utilized in the precertification process in coordination with Bennet as a benefit determination resource.	
E.8	Briefly describe your drug utilization review (DUR) process and indicate which point-of-sale edits can be overwritten and which are "hard" rejects. Include a list of your point-of-sale edits.	CM	Our pharmacy claims system automatically screens each prescription at the point of sale using concurrent DUR to identify potential drug-therapy problems. If we detect an issue, we return an alert to the dispensing pharmacy. We categorize alerts by severity: hard rejects, soft rejects, and message-only (informational) edits. Hard reject edits identify a conflict and reject the claim; pharmacists cannot override these and must call our Pharmacy Help Desk if we allow processing. Soft reject edits indicate potential concerns and pharmacists may override them if they deem the prescription safe and necessary. Information-only edits are messages on paid claims, allowing pharmacists to use professional judgment; most alerts fall into this category. We save extract (record-only) edits for future reporting, but do not send them to pharmacists at the point of sale. Our point-of-sale edits include, but are not limited to: • Drug-to-drug interaction • Duplicate therapy • Duplicate prescription • Drug-to-age caution • Dosage/duration • Drug regimen compliance • Drug-inferred health state • Additive toxicity • OpMisuse™ – opioid misuse monitoring.	We also include additional claim system edits such as eligibility override, member eligibility, submission validation, member location, pharmacy networks, care facility, physician networks, physician validation, physician specialty, compounds, plan NDC list, plan GPI list, maintenance, DEA class, maximum day supply/quantity, refill limits, OTC edit, third party exception, route of administration, dosage form, Medicaid, packaging exceptions, FDA therapeutic equivalence, therapeutic category, brand/generic, preferred formulary, pricing, accumulators, DUR, specialty, other coverage messaging, generic substitution, low-income cost sharing, extended day supply pricing and rejection messaging. We typically apply retail and home delivery edits as message-only or hard edits with an external override required, except for DUR edits. We can set DUR edits as hard reject, soft reject (override at pharmacy), or message-only. Most DUR edits are message-only, where we pay the claim and send an informational message to the pharmacy. We will customize the exact settings for our claims system edits specifically for The State.
E.9	Provide your detailed utilization management program list, including specific drugs names in each program.	CM	BCBSNE includes a variety of pharmacy information at the following link: https://www.nebraskablue.com/Providers/Pharmacy-Management	
E.10	Provide a sample DUR report you produce and make available to clients.	CM	We offer various reporting options for concurrent and retrospective drug utilization review (DUR). Our dashboard reporting captures activities pertaining to claims identified by concurrent DUR edits. Program-specific analysis measures the overall clinical effectiveness of our concurrent DUR programs and includes the following reporting metrics: • **Conflict Code Claims:** The number of paid claims with a concurrent DUR conflict code. • **Rejected Claims:** The number of rejected claims due to a concurrent DUR conflict code. • **Post-Reject Paid Claim Savings:** The difference in plan paid cost between the rejected claim and the subsequent paid claim. • **Reject or Reversed Walk Away and Walk Away Savings:** The number of claims and/or associated plan costs that were initially rejected or reversed without a subsequent paid claim within 14 calendar days from the original rejected or reversed claim. • **Total Savings:** The sum of post-reject paid claim savings, reject walk away savings, and reversed walk away savings. For retrospective DUR, we perform an evaluation of every program, with timing determined by the unique implementation calendar of each program. Each program has a predefined, standard measurement period, but most are conducted using three to six months of pharmacy claims data, post DUR intervention. For the program implemented, we generate a results report that includes a summary of the program implementation details (such as number of enrollees identified, number of physician letters mailed, mail date) and the specific utilization parameter(s) impacted by the program. These utilization results may include the discontinuation rate of drug therapy, the initiation rate of drug therapy, changes in prescription volume pre- and post-mailing, and/or changes in drug costs. A separate report summarizes results of the physician survey, providing physician feedback on the usefulness of the program materials and any actions taken as a result of the mailing. On-demand, self-service reporting for outcomes and savings related to GuidedHealth programs/interventions is available through Prime Drug Management (PDM) web,	GuidedHealth's web-based data portal. PDM web displays the value of specific prescriber and member engagements and outreach, including drug savings, medical cost avoidance, and outcomes. Reporting includes a summary of activities that classify and quantify drug therapy opportunities and the associated interventions completed during the reporting time period. Summary views provide both drug savings and medical cost avoidance associated with the successful resolution of the identified drug therapy opportunities. The PDM web portal has a variety of views including a summary, program-level and member-level detail, and includes statistics such as: • Opportunities identified and engaged • Opportunities resolved • Associated value (impact on drug costs, outcomes, and medical cost avoidance) • Details by reported population. Program outcomes are measured by: • The percentage of resolved drug therapy opportunities, for example, new start or discontinuation of drug therapy • Drug savings • Medical cost avoidance. In addition to PDM web reporting, GuidedHealth offers additional reports on a regular cadence for use by our clients, such as Core Detail File, High-Level Member Summary, and Clinical Adherence Registry. The setup, frequency, and delivery method vary and are separate from PDM web reporting.

	Questionnaire Section	Section	Response
E.11	What was your overall average DUR savings as a percentage of plan cost in 2024? Please break-out savings by category (e.g. refill-too-soon, age restriction, etc.)	CM	At this time, this percentage of plan cost is not a metric we provide in our current reports. Overuse, drug safety and preferred use programs are intended to decrease pharmacy spend. Under use programs may increase pharmacy spend; however, total cost of care may be lowered by resolving therapeutic opportunities, which can help prevent future medical events, resulting in the potential avoidance of medical costs. All savings are provided on a program-by-program basis. Cost savings will vary by specific program and member population. Total cost of care savings across Prime's book of business of up to $2 PMPM, with a return on investment (ROI) of up to 30:1 on combined pharmacy and medical cost avoidance.
E.12	Briefly summarize the DUR edits that detect fraud and/or abuse.	CM	We apply DUR edits to detect fraud and abuse, identifying issues such as duplicate claims, duplicate therapy, refills too soon and non-matched IDs. Our edits screen prescriptions at the point-of-service to identify potential issues like inappropriate pharmacy intervention, concerns regarding prescribing patterns, and member overutilization. We implement additional edits to address opioid misuse, such as more than 100mg morphine equivalents for over 60 consecutive days, prescriptions from more than two physicians, and dispensing by more than two pharmacies, as well as additive toxicity, including total daily doses of acetaminophen that exceed FDA maximum recommendations. We analyze each prescription against the member's active profile and notify the pharmacist of redundant or suspicious activity to help prevent misuse, abuse, and fraud.
E.13	Describe the "look-back" period (% of prescription days that must elapse) utilized for the refill-too-soon edit and indicate whether it includes only the previous claim or cumulative historical claims. Provide separately for retail and mail order.	CM	For both retail and mail order, we base the refill-too-soon edit on a client-defined percentage of the days' supply previously dispensed for the same medication. This percentage typically ranges between 65% and 75%, and we recommend 75% for mail order, which equates to slightly more than a three-week supply. Our system calculates the days' supply used by referencing the fill date and days' supply of the most recent historical claim for the same medication (GPI-14, or Rx number). If a member submits a claim before using the required percentage of the previous supply, we reject the claim as refill too soon. We apply a cumulative "Refill Too Soon Cumulative" edit, which identifies excessive amounts of medication on hand accumulated over time, not just the most recent claim. This approach helps us prevent stockpiling and overutilization by considering the member's entire claims history across all pharmacy channels adjudicated through our system.
E.14	Can the State customize the above look back period?	CM	Yes.
E.15	In addition to point-of-sale edits, describe any other tools or programs that are available to detect, prevent, and resolve fraud and/or abuse? Indicate whether such programs are optional and whether they entail a separate fee.	CM	We utilize a comprehensive Fraud, Waste, and Abuse (FWA) program that includes pharmacy audits, daily claims review, member, physician, and pharmacy investigation programs, member complaints and referrals from our Fraud Tip Hotline, retrospective and concurrent drug utilization review (DUR), pharmacy FWA watch lists, internal monitoring, auditing, and data testing, high-dollar claims adjudication, formulary development, and a conflicts of interest policy. Our FWA analytics suite incorporates rules-based algorithms and statistical/predictive models to identify claims with the highest probability of being incorrectly billed. We also conduct daily claim reviews, implement dynamic prior authorization reviews, review CII refills and partial fills, and monitor for step therapy manipulation. Additional improvement programs include increased pharmacy communication and education, increased transparency through published audit guidelines, pre-contracting reviews for high-risk pharmacies, and recommendations for system edits and RxClaim enhancements based on audit findings. We offer an optional Advanced FWA product that investigates potential opioid fraud by members and prescribers, which may entail a separate fee.
E.16	Do you require a DEA or other identifier to be indicated to fill a controlled substance drug? If yes, how is the requirement enforced?	CM	Prescribers must have a valid Drug Enforcement Administration (DEA) number to write controlled substance prescriptions. Our integrated claims system uses the DEA number and/or National Provider Identifier (NPI) to identify and validate prescribing physicians through a physician file. National Technical Information Services (NTIS) and the HCIdea file through the National Council for Prescriptions Drug Programs (NCPDP) update this file quarterly. Dispensing pharmacists enter the appropriate prescriber identifier number and qualifier into the ID field on our claims system, and the system validates these identifiers during claims adjudication. This process allows us to fill controlled substance prescriptions only from authorized prescribers.
E.17	Provide your standard prior authorization criteria for GLP-1 diabetes drugs.	CM	Due to the length of the policy information, we have included the link to our GLP-1 prior authorization/policy here: Link 1: https://medicalpolicy.nebraskablue.com/Policy/386/13 Link 2: https://medicalpolicy.nebraskablue.com/
E.18	Describe your services to encourage drug adherence and list therapeutic categories targeted.	CM	We design tailored programs to address barriers to drug adherence and help members take their medications as prescribed. Our approach directly targets challenges such as forgetfulness, pharmacy access, side effects, cost, and confusion about treatment plans. We prioritize prevalent, high-cost chronic conditions including high blood pressure, diabetes, high cholesterol, and multiple sclerosis, and promote benefit designs with low-cost options to improve adherence. Every $1 decrease in member cost share increases adherence by 0.4%. Our services include: • Providing personalized educational materials and ensuring members have access to affordable medicines • Coordinating evidence-based care for physicians • Offering program choices for employers to encourage member adherence, resulting in healthier members and lower costs Key strategies and programs to optimize adherence: • GuidedHealth® delivers actionable information using data and analytics to identify opportunities for improved medication management. • Medication therapy management actively supports members vulnerable to non-adherence through engagement with retail pharmacists, Prime pharmacists, and contracted long-term care pharmacists. • We offer 90-day supplies through home delivery, the extended supply network (ESN), and 90DayMyWay® for 90-day fills, which can increase adherence by 7-10%. • Our specialty pharmacy provides coordinated care, specialized education, and 24/7 access to experts for members on critical specialty medicines. We target therapeutic categories including high blood pressure, diabetes, high cholesterol, and multiple sclerosis.
E.19	Describe your policies for lost medication, vacation supplies, and overseas supplies for prescription early refills.	CM	We follow these policies for lost medication, vacation supplies, and overseas supplies for prescription early refills **Lost or stolen medication:** If a member reports a medication as lost, stolen or broken, we first track the shipment to validate delivery confirmation. If we cannot confirm delivery, we issue a complimentary replacement for non-controlled medications. For controlled medications, we contact the prescriber for authorization before issuing a replacement. We record all incidents in our customer relationship management system. When we identify suspicious or repeat requests, we may require a signature upon delivery to prevent abuse. If a member reports medication as damaged, we replace it based on their report and provide a prepaid return mailer for the damaged product. We log and destroy returned medications, and if a member fails to return the medication, we may deny future replacements. We self-insure for lost medications and reship them, within reason, at no cost to the member or plan. If we recognize a pattern of lost medications, we work with you to develop solutions, such as requiring a signature or arranging retail pharmacy overrides. **Vacation and overseas supplies:** We manage early refill requests, including those for extended trips or vacations, according to plan specifications. If the plan allows it, we override and process early refills for members. We may permit early refills of controlled medications if state law and prescriber approval allow. We use standard usage percentages to determine refill eligibility, ensuring the member has used most of the medication before we process a new fill. Early refill requests may lead to claim rejections or DUR holds, but we can apply overrides for defined exceptions, such as travel. If a member needs a vacation or overseas supply or reports lost medication, we dispense early in accordance with the State's plan design and ship the medication via overnight delivery if the member is without medication. We store all early refill and emergency prescription claims in the member's system file for review.

OVERFLOW RESPONSES

	Questionnaire Section	Section	Response	OVERFLOW RESPONSES
E.20	Do you monitor individual physician prescribing patterns? If yes, what action is taken with physicians who have a high degree of non-compliance to improve their compliance?	CM	Yes. We monitor individual physician prescribing patterns and provide detailed reporting at the physician level, including benchmarks for pre-defined metrics. Our reports include the Top Prescriber Report, Controlled Substance Prescriber Outlier Report and GuidedHealth Reports, which identify physicians with higher than usual member opportunities in areas such as adherence, controlled substance overutilization, and generic prescribing. Normative comparisons are based on internal book of business benchmarks. To address non-compliance, we implement a multi-level intervention program. Provider compliance mailings are sent to physicians who frequently prescribe non-formulary products with generic alternatives, requesting prescribing of formulary or generic medications and offering supporting clinical and financial data. For more significant non-compliance, we send therapeutic alternative letters to both physicians and members, identifying specific members and recommending formulary or generic alternatives. These interventions are supported by clinical guidelines and best practices, and outcomes are measured by reviewing physician prescribing patterns against peers and benchmarks. We also provide targeted education, satisfaction surveys and web-based information to support improvement in compliance. Program components and communications are customized to The State's objectives and needs.	
E.21	Briefly describe methods you currently have in place to influence prescribing behavior, if any. Can the State opt-in/out of these programs?	CM	We utilize GuidedHealth drug utilization review (DUR) interventions to alert physicians about potential drug therapy problems and opportunities for more appropriate prescribing. These interventions are supported by clinical guidelines, medical literature, and best practices, and include retrospective DUR programs aimed at improving care quality or addressing safety issues. Physicians receive notifications, such as letters with lists of potentially impacted members and claims history, or direct provider notifications within the member's medical record, to review and address potential drug therapy problems. Additionally, we provide new drug product and formulary information to physicians through newsletters and online platforms to support appropriate prescribing guidelines. The State may opt in or opt out of these programs based on your preferences and requirements.	
E.22	Provide a copy of any physician score card or other reporting that is provided to clients.	CM	A physician score card is not available.	
E.23	Describe your firm’s relationship with pharmaceutical and biotechnology companies.	CM	We collaborate directly with manufacturers of high-cost therapies to secure lower costs for these unique therapies, using alternative payment arrangements or outcomes guarantees. Our rebate contracting and value-based analytical teams execute these types of arrangements. We coordinate with specialty pharmacies and pharmaceutical manufacturers to manage the unique distribution, payment/reimbursement, and administration models each therapy requires. We also partner with manufacturers to demonstrate therapy effectiveness and related quality outcomes, especially for innovative and high-cost products such as gene-based therapies, providing a "safety net" for clients covering complex therapies. We access both our own rebate contracts and those held by third parties, including Ascent Health Services LLC and Synergie Medication Collective, and our internal teams manage rebate reporting and payment. We maintain a minority stake in Ascent and conduct value-based contracting directly with manufacturers, with all functions managed internally.	
E.24	Provide aggregate net PMPM trend for commercial clients (> 1000 lives) by year for the last five (5) years.	CM	Aggregate net PMPM trend for commercial clients by year (where available): 2024: $115.84 PMPM, 5.66% trend 2023: $109.64 PMPM, 4.14% trend 2022: $105.28 PMPM, 5.61% trend 2021: No supporting evidence found 2020: No supporting evidence found	
F	**NETWORK ACCESS AND MANAGEMENT**	**Network**	**RESPONSE**	
F.1	Confirm that your proposal is based on your broadest network.	Network	Confirmed.	
F.2	What is the current number of retail pharmacies in your network?	Network	Network A is a national open network with more than 65,500 retail pharmacies, including major national pharmacy chains, national retailers, regional/local grocers, pharmacy services organizations and many independent pharmacies. Network A offers excellent coverage, allowing The State to provide your employees with uncompromising access by excluding chains or PSAO pharmacy options outside of your geographic region and service area.	
F.3	List any pharmacy chains excluded from your proposed retail pharmacy network.	Network	All national, regional and local pharmacy chains are included in our proposal retail pharmacy network. Prime can develop a custom network excluding selected pharmacies desired by the State while adhering to state laws (e.g., "Any Willing Provider" states). If The State desires to exclude a pharmacy, there are two practical ways to "carve out" a particular pharmacy (chain or independent) from the network. The most common approach is through benefit plan design, where a benefit discourages members from visiting a particular pharmacy. In this scenario, members pay 100% when filling prescriptions at the excluded pharmacy. The other approach is done through creating a custom network where the network excludes a pharmacy or group of pharmacies. BCBSNE will work with the State to understand your needs and provide a network option that works for you and your employees.	
F.4	Confirm you will notify plan participants, in writing, with at least 45 days advance notice (or as much time as is feasible if the terminating Pharmacy gives the Contractor less than 45 days’ notice), in the event that the contract for a participant's network pharmacy (or pharmacy chain) terminates for any reason. For the purposes of this requirement, plan participant shall mean a member who has had a prescription filled within the last 90 calendar days or a member has an active refill on file with the affected pharmacy.	Network	Confirmed with modifications. Prime provides BCBSNE with notice of any Prime-initiated pharmacy termination and initiates member communications. Our member communication will include the next closest in-network pharmacy to enable the member to quickly find an in-network pharmacy. Our termination clauses require 90 days’ notice to the pharmacy, which enables BCBSNE and Prime to provide notice to The State and your employees. In the interest of member safety or at the direction of a state or federal agency, Prime reserves the right to terminate the pharmacy immediately or with less than 90 days’ notice.	
F.5	Perform and provide a GeoAccess analysis based on your contracted pharmacy network using the Census File provided. The access standards in the table below will be utilized in the analysis.	Network	Please refer to ***EXHIBIT T - Pharmacy GeoAccess Report.***	
	a. Urban / Suburban Enrolls	Network	See below	
	Pharmacy - 2 in 5 miles	Network	For the urban member group, out of the 6,616 members, 100% have access. For the suburban member group, out of the 7,942 members, 99.5% have access. Please see Geo Access Analysis.pdf for further information.	
	b. Rural Enrollees	Network	See below	
	Pharmacy - 1 in 15 miles	Network	For the rural member group, out of the 17,155 members, 94% have access. Please see Geo Access Analysis.pdf for further information.	
F.6	Confirm you will be responsive to requests by the State to recruit additional pharmacies for the network, on a general, regional, or specific basis.	Network	We confirm our willingness to contract with any pharmacies that agree to the terms and conditions in the Pharmacy Participation Agreement and meet our credentialing criteria. The State and your employees can request network pharmacy additions through your BCBSNE account team, by calling the contact center or by sending an email through MyPrime.com. Prime also receives requests for pharmacy additions from various other sources, including non-participating pharmacies and our analysts who identify a non-participating pharmacy with significant utilization for The State. Once we identify a pharmacy for possible addition to the network, we direct the pharmacy to complete a credentialing application. If the pharmacy meets the credentialing criteria, we send the Pharmacy Participation Agreement, and we typically add the pharmacy within five to seven business days after receipt of the signed agreement. We respond to requests to recruit additional pharmacies for the network on a general, regional, or specific basis, provided the pharmacies meet our contracting and credentialing requirements.	
F.7	What is the process to add a pharmacy to your network?	Network	The State and members can request network pharmacy additions through the BCBSNE account team by calling the Contact Center or sending an email via MyPrime.com. Non-participating pharmacies or Prime analysts may also submit requests when they identify significant utilization at a non-participating pharmacy. Once identified, Prime directs the pharmacy to complete an online credentialing application on Prime’s website or through Prime’s delegate. The pharmacy submits demographic information, attestation, ownership, service model, and copies of its current Full Schedule Drug Enforcement Agency (DEA) license, state pharmacy license(s), insurance coverage, pharmacist’s license(s) and completed fraud, waste and abuse (FWA) attestations. High-risk pharmacies may need to provide additional information such as dispensing records and wholesale invoices, and in some cases, must undergo an on-site inspection. Credentialing staff verify the application, and if the pharmacy meets criteria, they send a Pharmacy Participation Agreement. Once the pharmacy signs the agreement, Prime typically adds the pharmacy within five to seven business days if engaging directly or within three to four weeks if engaging through a delegate.	

	Questionnaire Section	Section	Response	OVERFLOW RESPONSES
F.8	Describe how you would work with the Plan Sponsor to maximize State of Nebraska employee prescriptions filled at pharmacies owned and operated by businesses in the State of Nebraska.	Network	We can bring The State specific (domestic) pharmacies into our network, including those owned and operated by businesses in the State of Nebraska. Our approach includes establishing custom pharmacy networks and hierarchies to ensure appropriate network priority and pricing in our claims system for accurate claims adjudication. We will work with The State to determine the optimal network configuration and benefit design to encourage utilization of Nebraska-owned pharmacies, including the ability to implement a different copay structure for in-house or domestic pharmacies. Additionally, we can support custom arrangements such as "No bill No pay" for employees, and set up pricing based on The State's strategies, whether that is 100% submitted or a larger discount. Our team will partner with The State to select pharmacy networks that help manage drug costs while providing members with choice and access, and we have an established process for creating custom pharmacy networks to meet your goals and objectives.	
F.9	Confirm you will have a network of retail pharmacies that have agreed to discount their charges for 90-day supplies of maintenance medications. PBM must provide this network through the entire term of the contract, including term extensions.	Network	Confirmed. We provide a network of retail pharmacies that discount their charges for days' supplies between 84- and 90-day supplies of maintenance medications. Members can obtain a 90-day supply at select local pharmacies through our Extended Supply Networks (ESNs) or by using our home delivery pharmacy. Our extended supply network includes approximately 55,300 retail pharmacy locations nationwide, which offer the same cost-saving benefits as direct home delivery and enable face-to-face pharmacist consultation. We ensure the availability of this network throughout the contract term, including any extensions, subject to the terms and conditions of our agreements.	
F.10	Confirm you agree to apply MAC pricing to Retail Pharmacy 90-Day Network. The MAC price must be the same MAC as the Retail Network or better on an individual drug basis.	Network	Not confirmed. We cannot guarantee that Maximum Allowable Cost (MAC) prices will be the same between retail, home delivery, and specialty pharmacies due to pharmacy contracts. Large pharmacy chains have generic effective rate (GER) contracts, which require us to meet specific GER targets with those pharmacies, resulting in price differences. Therefore, we do not agree to apply the same or better MAC pricing for the Retail Pharmacy 90-Day Network as compared to the Retail Network on an individual drug basis.	
F.11	Describe in detail any program available to identify and leverage low priced generic drugs available through on-line pharmacies, and how the State and members can take advantage of such pricing.	Network	We deliver a comprehensive suite of programs that identify and promote the use of low-priced generic drugs, including those available through our home delivery (mail order) pharmacy, which functions as an online pharmacy channel. Our home delivery pharmacy actively substitutes generic medications whenever it is appropriate and lawful. The system notifies pharmacists when it detects an equivalent generic medication, and pharmacists review prescriptions to ensure appropriate substitution. Members receive clear educational materials with each prescription order, which notify them of any generic substitution, and the prescription label specifically identifies the brand-name drug for which we made the substitution. Our member-facing pharmacy benefit website, MyPrime.com, offers drug pricing tools, formulary search capabilities, and generic alternative information in an easy-to-use format. Members can research formulary alternatives, view personalized drug lists, and compare pricing for generics versus brand drugs. The website automatically displays generic equivalents to brand drugs when available, helping members and the State identify and use lower-cost options. We design benefit offerings that encourage generic utilization, such as cost-share differentials and mandatory generic programs, where members pay the difference if they choose a brand drug over an available generic. Additionally, we send targeted member mailings and online messages to alert members and pharmacists when a generic becomes available, further promoting cost-effective choices. Through these integrated programs, both The State your employees can leverage the lowest net cost options for prescription drugs, maximizing savings and improving access to affordable medications.	
F.12	Provide the number of participating retail pharmacies that were terminated from the network in the past 24 months: +when the termination is initiated by the PBM. ++when the termination is initiated by a pharmacy.	Network		
	Termination Rates by Your Organization+:	Network	See below	
	# of Pharmacies	Network	424	
	% of Pharmacies	Network	0.007%	
	Reason for Terminations	Network	Breach, Common Ownership, Disciplinary Action, Drug Shortages, Exclusion/Preclusion, FWA, Mail Order Threshold, No License, No Response, Other, Specialty	
	Termination Rates by Pharmacy++:	Network	See below	
	# of Pharmacies	Network	4	
	% of Pharmacies	Network	0.00006%	
	Reason for Terminations	Network	Voluntary, Withdrawal of Application.	
F.13	Confirm you will notify the State prior to anticipated major changes to the network. The State reserves the right to accept or decline proposed changes to the network and set the effective date of such changes.	Network	Confirmed for voluntary changes by the network pharmacies. For instances where Prime terminates pharmacies due to FWA, we will notify The State when there may be an access issues for your employees.	
F.14	Using the Claims Repricing Data File that contains pharmacy utilization representative of the Rx utilization experience for the State's membership, for each pharmacy listed, please indicate if the pharmacy is in the network (i.e., a participating provider) for the plan you are proposing	Network	Please refer to ***TECHNICAL RESPONSE - 6-Network Disruption Analysis*** .	
F.15	Confirm you agree to pass through 100% of State-related audit recoveries identified through PBM's internal daily and ongoing retail network pharmacy audit compliance procedures.	Network	Confirmed. We will return 100% of audit recoveries to The State including those identified through our internal daily and ongoing retail network pharmacy audit compliance procedures.	
F.16	PBM must implement measures to recover overpayments made to pharmacies or members and employ a mechanism to ensure the State receives credit for these overpayments. Details of threshold recovery levels will be finalized at the time of contract award. Confirm agreement.	Network	We have established processes to identify and recover overpayments made to pharmacies through our pharmacy audit activities. When we discover billing errors with a financial impact, we assign a recovery amount and primarily recover funds through daily claim adjustments. We recoup funds via claim adjustments, pharmacy remittance offsets, or receipt of a paper check from the pharmacy. We will return 100% of all collected funds to The State as a credit on your monthly invoice, ensuring The State receives credit for these overpayments. We continue to request payment from pharmacies until they make a payment, and, if necessary, we transfer collection efforts to a collection agency. The recovery timeline begins once the audit is final and all audited pharmacies have the right to appeal within 30 days. We agree to implement these measures and will finalize specific threshold recovery levels at contract award.	
F.17	List the specific network management processes currently in place to avoid fraud and abuse.	Network	We have implemented a comprehensive set of network management processes to prevent fraud and abuse, including: • Daily claims audits, quarterly audit profiles, historical (desktop) and onsite claim audits to monitor, detect, and assist with the recovery of erroneous, invalid, and/or fraudulent claims. All network pharmacies are subject to potential audit and/or investigation. • Fraud, Waste, and Abuse (FWA) analytics using rules-based algorithms and statistical or predictive models to identify claims with the highest probability of being incorrectly billed. The output is prioritized for review and stored for results monitoring and descriptive analytics. • Pharmacy audits and daily claims review, member, physician and pharmacy investigation programs, member complaints and referrals from our Fraud Tip Hotline, retrospective and concurrent drug utilization review (DUR), pharmacy FWA watch lists, internal monitoring, auditing, and data testing, high-dollar claims adjudication, Medication Therapy Management (MTM) Program, formulary development, and conflicts of interest policy. • Credentialing procedures for independent pharmacies in high-risk areas, stronger credentialing criteria for compound pharmacies, increased auditing and monitoring, and system edits to prevent abusive behavior. • Quality-driven, transparent pharmacy auditing services to providers, with a focus on quality measures, identification of errors, compliance with regulatory and contractual requirements, and educational opportunities for network providers. • Maintenance of a Pharmacy Watch List of non-contracted pharmacies that have been terminated, investigated, or otherwise identified as high risk, which is used during credentialing and re-credentialing. • Ongoing FWA trend monitoring and education, including participation in industry anti-fraud organizations and regular review of state, federal, and industry FWA alerts. • Remediation actions such as corrective action plans, payment suspension, financial recoupment, and termination from network participation for non-compliance or confirmed fraud.	
G	**MAIL ORDER**	**Mail Order**	**RESPONSE**	

	Questionnaire Section	Section	Response
G.1	Please describe locations of all of your Mail Order facilities nationwide.	Mail Order	Our home delivery pharmacy partner has 14 fulfillment centers in the following locations: • Kent, WA • Manchester, NH • Brooklyn, NY • Austin, TX • Phoenix, AZ • Indianapolis, IN • Miami, FL • Orlando, FL • College Station, TX • Corona, CA • Wixom, MI • Houston, TX • Chicago, IL • Richmond, CA
G.2	Confirm prescriptions purchased via mail order will never be more expensive than those obtained via retail pharmacies.	Mail Order	Not confirmed. BCBSNE/Prime do not own a mail order pharmacy and typically do not require use of mail order. We allow members to choose best pharmacy provider for them and have focused contracting efforts to allow members to choose best option at comparable costs to the plan. This allows independent and retail pharmacies to provide services in Nebraska vs. sending to out of state pharmacy mail order pharmacy unless the member determines that is more convenient for them. We cannot confirm that prescriptions purchased via mail order will never be more expensive than those obtained via retail pharmacies. Due to pharmacy contracts and applicable state legislation, we cannot always guarantee mail pricing to be at or better than retail. MAC prices may differ between retail, home delivery and specialty pharmacies, in addition, prices can vary due to contractual requirements such as GER targets with large pharmacy chains.
G.3	Confirm you will not repackage prescriptions or otherwise change the NDC for any prescription or OTC products dispensed at mail order.	Mail Order	Confirmed.
G.4	Confirm you will communicate via a telephone call or email any delays beyond two days in the delivery of prescriptions to the member.	Mail Order	Confirmed.
G.5	Confirm you will send prescription orders to members that do not provide appropriate payments with their prescription order, up to three (3) times the Plans highest copayment for each enrollee. After the ceiling is reached, the Contractor may implement standard accounts receivable policies and procedures.	Mail Order	Not confirmed. A valid payment method and payment are required at the time of checkout. If payment is denied, members must update their payment method during the checkout process. Home delivery pharmacies do not ship medications until checkout is completed and payment is made. Carrying a balance is not permitted.
G.6	Confirm you will arrange and pay for a short-term retail supply of a delayed or incorrectly processed mail order prescription caused by your organization. In addition, PBM agrees not to charge the State's members for expedited delivery of the mail order prescription if the prescription delay is caused by PBM's organization.	Mail Order	Confirmed.
G.7	In the event of a natural disaster or national emergency, PBM will continue to fill all prescription requests, proactively obtaining any necessary overrides to facilitate this process, and provide members with expedited delivery to convenient locations. Confirm agreement.	Mail Order	Confirmed.
G.8	Confirm you will assure that 100% of mail order prescriptions will be imaged and entered when received at mail service (including Specialty prescriptions). PBM will be able to electronically track 100% of all mail order prescriptions (Including Specialty) throughout the filling process, on a timely basis, from the point of prescription is received until it is shipped to the member.	Mail Order	We confirm that all home delivery and specialty pharmacies will image and enter prescriptions when received. In addition, we are able to track 100% of all home delivery and specialty scripts. with modifications. Please note specialty prescriptions must be dispensed from a contracted specialty pharmacy.
G.9	Confirm you will contact prescribers and/or members via a telephone call or email within 24 hours, for 100% of incomplete mail order prescriptions (including Specialty) that require additional information.	Mail Order	We confirm that we will contact prescribers and/or members via a telephone call or email within 24 hours for 100% of incomplete home delivery and specialty pharmacies. Please note, specialty prescriptions must be dispensed from a contracted specialty pharmacy.
G.10	Confirm PBM will provide both email and telephone voicemail capabilities to communicate to members their mail order has been received and the date the order has been shipped to members.	Mail Order	Confirmed with modification. Transparency is a key goal to ensuring a positive member experience with Amazon Pharmacy. Similar to the Amazon.com retail experience, with Amazon Pharmacy, after placing an order, members can track the status of their order from checkout through delivery via text or email, depending upon their preferred method of communication. They can also view the status through their Amazon Pharmacy account dashboard. Amazon Pharmacy has enhanced the member's ability to track their orders through a tracking breakdown that features a view into exactly what is happening with their prescription and timing on when the next step is expected to be completed. The order tracking break down displays a variety of status checks that provides details around timing, delivery, prescription requests, prior authorization status and things like out of stock resolution. For example, the order status tracker will display when a prescription was requested from the doctor with a note that indicates the date the prescription is expected to be received. It indicates what actions Amazon will be taking to continue supporting the member, (e.g., Amazon will continue to outreach to your doctor and additional two times). Once the prescription is received, the member will receive an email or text in the communication channel they prefer. The status will also be updated real-time within the order tracker as well. Amazon Pharmacy will also alert members of status changes to proactively notify them of order placement, shipment, and delivery. These communications include delivery details and a link to visit their pharmacy dashboard. Members can also identify individual order details to confirm their delivery address. Members can also contact Amazon Pharmacy, Customer Service to receive prescription status updates.
G.11	Confirm you will have the capability to accept early refill orders and suspend or "queue" these orders in your system until the earliest refill date for processing.	Mail Order	Confirmed with modification. To ensure appropriate dispensing, our home delivery pharmacy partner will notify the member if a prescription refill is being requested too soon, and the member will receive a rejection when such a medication is added to their cart. The member will still see their insurance price and the date when the next refill will be available. In the event a member requires an appropriate override, our home delivery pharmacy partner will support plan coordination and, where necessary, an override request.
G.12	Confirm you will have the capability to accept major credit cards and store credit card number(s) by member account for future mail order prescriptions. You must have the capability to advise members 30 days in advance of the date their credit card number expiration date.	Mail Order	Confirmed with modification. Our home delivery pharmacy partner alerts the member during checkout if their credit card has expired. However, they do not notify members 30 days in advance of the credit card expiry date.
G.13	If requested, confirm PBM will provide members with checks (or electronic method) for monies owed to them instead of maintaining credits at your mail facility.	Mail Order	We confirm that Prime will issue refunds to members, when appropriate, rather than maintaining credits at our mail facility. Refunds are processed as part of our standard procedures for correcting processing errors or when monies are owed to members.
G.14	What is your standard floor limit for accepting prescription orders from members without the correct payment?	Mail Order	Amazon does not have a floor limit because all payments are required at the time of checkout.
G.15	The State shall have the right to advise you in writing to change the floor limit for all members or just those with unpaid balances after 120 days of dispensing. Confirm agreement.	Mail Order	Not confirmed. All payments are required at the time of checkout. If a payment is denied upon checkout, the member can update the payment live, while in the Amazon Pharmacy digital experience. Amazon Pharmacy does not ship medications until the member finishes checking out and paying for their order.
G.16	Confirm you will disclose any limits on the number of days supply that can be filled through the bidder's mail order facilities, such as controlled substances.	Mail Order	Confirmed with modifications. In states where nurse practitioners or physician assistants cannot prescribe or have limited prescription abilities, our home delivery pharmacy partner follows state guidelines. We can dispense a 30-day supply of C3-C5 controlled substances, but we do not dispense C2 medications.
H	**SPECIALTY PHARMACY**	**Specialty**	**RESPONSE**
H.1	Please provide location information on Specialty Pharmacy if different than Mail Order Facility.	Specialty	We offer a nationwide network of specialty pharmacy facilities, servicing all 50 states, the District of Columbia, Puerto Rico and most other U.S. territories. The primary specialty pharmacy facilities are located in: • Tempe, AZ • New Castle, DE • Orlando, FL • Whitestown, IN • Warrendale, PA • Memphis, TN. These locations serve as national distribution hubs and are supported by a network of 21 local branch pharmacies across the country. The specialty pharmacy locations are distinct from our home delivery pharmacies and all addresses are confidential.
H.2	Is your specialty pharmacy part of a specialty pharmacy network?	Specialty	Confirmed.

OVERFLOW RESPONSES

	Questionnaire Section	Section	Response	OVERFLOW RESPONSES
H.3	Do you own a specialty pharmacy?	Specialty	Confirmed. We own our own specialty pharmacy, Prime Therapeutics Specialty Pharmacy; however, this pharmacy will not be used for our offer to the State of Nebraska. We will instead provide access to Accredo with exclusive discounts. We have no ownership in Accredo Specialty Pharmacy.	
H.4	Provide your definition of a specialty drug.	Specialty	We define specialty drugs as certain pharmaceuticals, biotech, or biological drugs used in the management of chronic or genetic disease, including but not limited to a drug that may be administered orally, by injection, or infusion and typically has one or more of several characteristics, including frequent dosing adjustments and intensive clinical monitoring to decrease the potential for drug toxicity and increase the probability for beneficial treatment outcomes; intensive member training and compliance assistance to facilitate therapeutic goals; limited or exclusive product availability/distribution; special handling and/or administration requirements and distribution or purchase arrangements from the manufacturer that may require more support or member educational services than commonly required for pharmaceutical products obtained from retail pharmacies, including those without limitation. Specialty medications are generally prescribed for people with complex or ongoing medical conditions such as multiple sclerosis, hemophilia, hepatitis C and rheumatoid arthritis. These high-cost medications also have one or more of the following characteristics: injected or infused, though some may be taken by mouth; unique storage or shipment requirements; additional education and support required from a healthcare professional; and typically, not stocked at retail pharmacies.	
H.5	Attach a current copy of your specialty drug list.	Specialty	Please see ***EXHIBIT U - Specialty Drug List.***	
H.6	Describe how you notify clients of the pricing terms for new specialty drugs including how far in advance such notice is provided.	Specialty	Specialty Committee meetings are held monthly to evaluate new or existing drugs based on standard documented criteria for inclusion in the Drug Management List. The Specialty Committee includes clinical pharmacists from specialty clinical programs, account management and operations. Drugs are reviewed for inclusion on the specialty drug list shortly after Food and Drug Administration (FDA) approval. To receive notice of potential drugs that may be reviewed by the Medical Business Committee, State of Nebraska can sign up for our Drug Pipeline Updates. These updates include the Specialty Pipeline Update, a monthly email that summarizes new specialty drug approvals, new indications for approved specialty products, and news items related to specialty products. The drug pipeline includes drugs that have received FDA approvals.	
H.7	Describe how you implement a separate plan design for specialty drugs that would include generic, preferred brand, and non-preferred brand tiers?	Specialty	Prime helps find and focus on the biggest savings. We have designed a comprehensive management strategy to address all aspects of cost and care, including benefit design consultation. Through benefit design, we use proven tools to guide your employees toward preferred and/or lower-cost drugs, leading to reduced spending and improved outcomes. We evaluate benefit design opportunities, including placing a maximum on copays for preferred specialty drugs and separate tiers for preferred and non-preferred specialty drugs. • We will work with The State to evaluate the best benefit design to ensure members get the medicines they need while helping The State manage your drug spend. To maximize value, we recommend a six-tier formulary and benefit design, including a preferred and non-preferred specialty tier. • In addition, we will model the benefit design option that is right for you and your employees. Ensuring a member's benefit design is consistent across benefits is important. We will consult with on how best to develop benefit design to ensure drugs are managed under the right benefit and the member has the appropriate level of cost share. Our research shows that high out-of-pocket (OOP) costs may cause members to skip filling their specialty drug prescriptions. Plan designs should include OOP maximums to help keep treatment affordable and retain a tiered design to drive use of the lowest-cost option whenever one is available. We recommend a benefit design like the one provided below:	For Closed Formularies (like managed formularies) For Open Formularies 6 – Tier Copay: 6 – Tier Mixed: Tier 1 Preferred Generic $10 Tier 1 Preferred Generic $10 Tier 2 Non-Preferred Generic $30 Tier 2 Non-Preferred Generic $30 Tier 3 Preferred Brand $50 Tier 3 Preferred Brand $50 Tier 4 Non-Preferred Brand $100 Tier 4 Non-Preferred Brand 50% ($75-$250)* Tier 5 Preferred Specialty $250 Tier 5 Preferred Specialty $250 Tier 6 Non-Preferred Specialty $300 Tier 6 Non-Preferred Specialty 50% ($75-$250)*
H.8	Are your proposed rebate guarantees for your retail/mail program contingent upon the State's purchase of your specialty drug program? Please do not provide actual rebate guarantees in your response.	Specialty	Confirmed.	
H.9	Do you utilize courier services for specialty product delivery? If yes, detail these services and procedures and detail how courier service vehicles maintain temperature control.	Specialty	Yes. Our specialty pharmacy partner utilizes courier services for specialty product delivery. All packages are shipped via third-party courier, enabling in-transit tracking and delivery confirmation. Our specialty pharmacy system can deliver to the member's home, physician's office, or any other approved alternate location, and requires signatures on all deliveries to locations other than the member's home, except for commercial locations where carrier protocols already require a signature. We have partnered with a third-party delivery solutions vendor, ParcelShield which has a national presence and contracts with over 900 couriers across the United States. This partnership allows us to proactively monitor all shipments and take additional actions when needed, including contacting members for alternative delivery arrangements, using cold storage for refrigerated shipments, and leveraging courier services to ensure successful delivery. These capabilities help reduce drug waste and improve delivery success. For temperature-sensitive shipments, we use insulated containers and gel-packs (frozen or refrigerated as required) to maintain the required temperature range throughout the delivery process. The configuration of gel packs is determined by evaluating the medication's temperature profile and forecasted temperatures for the shipping route, ensuring product integrity upon arrival.	
H.10	Please describe your quantity limit rules for specialty drugs and include a list of the quantity limits by drug.	Specialty	Yes. We have a standard list of drugs with quantity limits. In additional we have a program available to administer drug limitations when new types of specific drugs enter the market. Once we identify the drugs along with the quantity limit and logic for administration, we implement system changes promptly. We recommend applying quantity limits rather than dose optimization. The criteria we use to support specific quantity limits follow FDA-approved labeling, scientific literature, and nationally recognized guidelines. We approve benefit coverage for quantity limit drugs up to the pre-defined quantity limit and process at the pharmacy point of sale. When a prescription exceeds the pre-defined quantity limits, the system rejects the claim and sends a message to the pharmacist stating that the prescription quantity exceeded the limit for that medication. When a quantity limit or drug exclusion rejection occurs, we automatically route the order in question to the exceptions area, where one or more of the following events occurs: notification to the member regarding the prescription status, outreach to us for approval, and/or faxing related documents to the physician in support of obtaining needed approval. The member will receive a telephone call and/or written correspondence describing the program prior to the program's implementation. The prescribing physicians may request a prior authorization exception to override the edit. We review established criteria to determine whether to grant the member additional quantities per month. If we approve the prior authorization request, we enter an authorization into the claims system for up to one year.	
H.11	Provide the customer and member service operation hours of your specialty pharmacy program.	Specialty	Members have direct access to the specialty Contact Center Monday through Friday, from 7 a.m. – 10 p.m., Central Time (CT), and Saturdays, from 7 a.m. – 4 p.m., CT. Additionally, members can consult with a nurse for select therapies or a specialty pharmacist 24 hours a day, seven days a week. After-hours calls are routed to an answering service, with live agents managing these calls through on-call customer service lead personnel and clinical staff, who are accessible 24 hours a day for medical interventions and emergency refills. All non-emergency calls are logged, and a specialty patient care advocate contacts each caller the following business day.	
H.12	Provide a concise description of your member service pharmacist support for specialty drugs, including how many pharmacists provide member support, the hours of their availability and any specialized expertise they hold.	Specialty	Accredo is staffed 24/7 by 500 condition-specific pharmacists who are specially trained in therapy management and clinical support. These pharmacists are organized in 15 condition-specific Specialty Drug Therapeutic Resource Centers and focus on individualized counseling and education to improve members' health outcomes. In total, our specialty pharmacy partner employs 2,381 clinical pharmacists, of which 2,105 are full-time, 276 are part-time, and 7 are subcontracted employees. Pharmacists and nurses offer counseling to members or caregivers by telephone, addressing medication use, therapy expectations, adverse effects, and adherence. Members have access to specialty-trained pharmacists and nurses 24 hours a day, seven days a week, ensuring continuous clinical support for specialty drugs	

	Questionnaire Section	Section	Response	OVERFLOW RESPONSES
H.13	Provide a concise description of the member support services your organization provides to members who utilize oncology specialty drugs.	Specialty	We provide a comprehensive suite of member support services for individuals utilizing oncology specialty drugs. Our specialty pharmacy offers 24/7 access to pharmacists and nurses, ensuring members can receive assistance at any time. Members benefit from individualized counseling and education delivered by over 500 condition-specific pharmacists and more than 600 field nurses, including in-home care and education. Our clinical support model includes proactive outreach, one-on-one interactions, and ongoing consultations through the Oncology Specialty Clinical Care Management program. This program promotes safe and effective medication use, educates on dosing and side effect management, and addresses barriers to adherence. Members have access to digital tools such as a specialty pharmacy website, a mobile app with health trackers and dose reminders, and text-based adherence programs like MitiGap. Additional support includes nutrition counseling, depression screening, and social work services to address social, emotional, and economic needs. Financial assistance teams proactively identify and help members access copay support programs. Education on home infusion options and therapy management protocols is provided, and members are regularly monitored for side effects and adherence. Our holistic approach ensures members receive comprehensive, personalized support throughout their oncology treatment journey.	
H.14	Provide a brief recommendation of how you would propose to collaborate with the State's medical carriers to optimize patient care and utilization of specialty drugs.	Specialty	One of the advantages of working with BCBSNE and Prime is our ability to integrate your medical and pharmacy claims in real-time. This integration provides a holistic view of member care. Our approach includes evidence-based utilization management strategies such as step therapy, prior authorization and site of care optimization to ensure appropriate use of specialty drugs and direct members to the most cost-effective and clinically appropriate therapies. We propose implementing high-touch clinical support programs, including pharmacist and nurse outreach, to improve adherence, manage adverse effects, and provide ongoing patient education. Our analytics-driven solutions, such as HighTouchRx and MedDrive, identify actionable opportunities for cost savings and improved outcomes by targeting high-cost therapies and optimizing drug selection based on clinical and financial value. We also support value-based contracting and outcomes-based agreements with pharmaceutical manufacturers to align incentives and ensure that drug spend is tied to measurable improvements in patient health. Through these collaborative efforts, we can help The State to achieve optimal member care, reduce unnecessary spend and improve overall health outcomes for your employees.	
H.15	Please indicate any specialty drug categories for which you recommend clients limit coverage to the pharmacy benefit only.	Specialty	We do not have a standard recommendation to limit coverage of specific specialty drug categories to the pharmacy benefit only. Our approach is to evaluate specialty medications based on clinical appropriateness, cost-effectiveness, and plan sponsor preferences. Specialty medications are generally prescribed for complex or ongoing medical conditions such as multiple sclerosis, hemophilia, hepatitis C and rheumatoid arthritis, and are reviewed for inclusion on the Specialty Drug Management List shortly after FDA approval. We work with BCBSNE or The State to define specialty coverage parameters and incorporate drugs into the specialty program accordingly. Clients with a custom list may review and determine coverage for new or existing specialty drugs.	
H.16	Describe what procedures or management tools your organization has in-place to manage the use of manufacturer coupons for high cost drugs.	Specialty	We capture coupon information submitted by the pharmacy on an incoming claim based on the NCPDP D.0 telecommunication standard. During business integration, we discuss client-specific requirements regarding adjudication processes for coupon processing. Our strategies to manage manufacturer coupons for high-cost drugs include member education on the hidden costs of drug coupons, formulary management to remove targeted products, benefit design adjustments such as increasing copay differentials or assessing fees to discourage coupon use, utilization management through step therapy or prior authorization to prevent automatic processing of coupon-available products, and benefit exclusion for targeted products and categories. Additionally, we implement tailored incentive programs to make generic and biosimilar drugs more appealing than branded drugs with coupons, including member education, financial incentives, and technology integration for real-time communication and cost transparency. Our FlexAccess program provides an automated manufacturer copay assistance solution with significant savings, lower vendor fees, and broad pharmacy options. We track and analyze data to assess the impact of these programs and continuously optimize based on real-world results. There is no cost for these programs.	
H.17	Can the State limit the days supply for any/all specialty drugs to 30 days?		Yes.	
H.18	Are there any specialty drugs where the initial script should be limited to less than 30 days? If so, please indicate which drugs.		Yes. High-cost drugs may cause adverse side effects that result in discontinuation of therapy for some members. Prime's Split Fill program minimizes drug waste and reduces health plan costs by identifying high-cost drugs associated with early discontinuation or dose modifications. Each drug is evaluated using evidence-based criteria to determine the frequency and duration of the split fill requirements. With this program, members will not have to pay for a full supply of the drug until the drug has been shown to be effective and tolerated for that member's treatment. Split fill impacts members who are new to therapy for select drugs. Upon filling their prescription at the pharmacy, the member receives a partial fill at a prorated copay. Around day 11, a pharmacy specialist connects with the member to assess any side effects from treatment. If no issues are reported, the remainder of the fill is dispensed, and the member is billed for the balance of the cost. If issues are identified, the pharmacy recommends changes and works with the doctor to get a new prescription. The member is not billed for the remaining balance. Exact process may vary from pharmacy to pharmacy. Please see ***EXHIBIT V - Oncology Split Fill List*** for further information.	
H.19	Describe any available programs to maximize available manufacturer copay assistance from specialty drug manufacturers.	Specialty	We deliver a differentiated, market-disruptive omnichannel, variable copay card/coupon solution that maximizes available manufacturer copay assistance for specialty drugs. Our solution, FlexAccess, unlocks access to specialty copay card/coupon programs across multiple dispensing channels, including both retail and specialty pharmacy settings. We leverage manufacturer copay card assistance and integrate proprietary program logic through a vendor, seamlessly incorporating variable copay plan design into our claim logic. This approach enables members to access financial assistance for more specialty drugs and through more dispensing sites than other copay card/coupon solutions currently available. Our program returns 80% of shared savings to clients, providing a greater share than other similar programs on the market. FlexAccess covers all specialty pharmacy dispensing sites, as well as retail and home delivery, and offers a broader drug class, including HIV. Members typically pay $0-$35 in copays, which we count toward accumulators. We proactively contact members for easy enrollment, minimizing abrasion and enhancing the employee experience. Our specialty pharmacy partners work with patients to identify and address the need for financial assistance, proactively assisting more than one-third of members in obtaining copay assistance from manufacturers and foundations. Dedicated teams within the Contact Center and Patient Access Teams educate patients on available copay assistance programs and guide them through the enrollment process, ensuring members receive the help they need.	
H.20	Do you report on outcomes for specialty drug management programs (ROI, Clinical Results, etc.)?	Specialty	We provide outcome reporting for specialty drug management programs, including ROI and clinical results. We deliver physician prescribing reports/scorecards, group-level and plan-level reporting, and detailed program impact metrics. For example, our HighTouchRx program generated over $30 million in hard dollar savings in its first year, with quarterly reports on the number of savings opportunity outreaches, success rates, hard dollar savings per successful case and total savings. GuidedHealth reporting summarizes activities, drug savings, medical cost avoidance, and outcomes, offering the ability to filter data by line of business, employer group, and contract IDs. We measure program outcomes by the percentage of resolved drug therapy opportunities, drug savings, and medical cost avoidance. We also track and report adherence, providing access to population-level dashboards and detailed opportunity data files. We make these reports available at group level to ensure transparency and actionable insights for The State .	
H.21	What is your firm's average prior authorization approval rated for Specialty drugs?	Specialty	Our overall approval rate for specialty drugs is 76%. For 2024, our overall approval rate for specialty drug approval was 76.59%, with a denial rate of 23.41%. For 2023, our specialty Commercial approval rate was 78.4%.	
H.22	Would you agree with the statement that Auto e-PA systems tend to drive unnecessary utilization? Please explain.	Specialty	We disagree that auto e-PA systems inherently drive unnecessary utilization. Our electronic prior authorization (ePA) platform incorporates robust clinical review criteria, dynamic decisioning, and integration with industry-leading software to ensure approval only for appropriate requests. We apply auto-determination to a small subset of submissions—currently about 5% of all submissions, representing approximately 10% of approvals—where criteria are clear and unambiguous. The majority of requests follow branched logic pathways, clinical review, and integration with claims and provider data to validate necessity and appropriateness. Our team configures the system to tailor criteria and decision trees for specific client needs and regulatory requirements, with ongoing oversight from our Clinical UM and Clinical Criteria Teams. This approach maintains clinically appropriate utilization aligned with best practices, rather than simply increasing utilization due to automation.	

	Questionnaire Section	Section	Response	OVERFLOW RESPONSES
I	**CYBER SECURITY / INFORMATION SAFETY & SECURITY**	**Eligibility**	**RESPONSE**	
I.1	Describe your proposed process for the secure transmission of data to and from the State, Proposers (including subcontractors), and members. Include quality controls and describe how errors in the exchange of files will be communicated to the State. Confirm there is no additional cost for these features.	Security	We will exchange data with The State, proposers (including subcontractors) and members using secure file transfer protocols, primarily SFTP via Axway Secure Transport and NDM via IBM Sterling Connect Direct. Axway Secure Transfer and Progress MOVEit deliver multi-protocol, directory-based Internet file transfer solutions that support HTTP/s, SSH (sFTP), and AS2. These solutions provide strong audit trails and multiple layers of protection, including encryption, secure connections, authenticated partner access, and integrity checks. We monitor data transmission through an early warning system and programmable alerts that help us identify missing, incomplete or erroneous files. Our combined group and membership stage process reviews required data fields for quality control and forwards only valid records for loading. If we reject files or records, we immediately report this to designated State personnel and provide detailed load status reports that include rejected records, reasons, and error codes. We coordinate corrective actions promptly and perform regular file reconciliation exchanges to maintain ongoing data accuracy. The State will not incur any additional costs for these secure transmission and quality control features.	
I.2	Describe how you manage employee confidentiality/privacy barriers and compliance with HIPAA and the Health Information Technology for Economic and Clinical Health Act (HITECH) including how often assessments are performed and by whom. Please attach a copy of your Information Security Policy and Procedures.	Security	All workforce members are required to sign confidentiality agreements prior to starting work at Prime and must reaffirm these agreements annually. They must also understand and comply with the Code of Conduct, which includes adherence to policies and procedures designed to comply with state and federal privacy laws and regulations, including HIPAA. Annual attestation to the Code is required. Our information security program consists of policies, standards, procedures, and guidelines to protect the confidentiality, integrity, and availability of client data. The framework is based on the Health Information Trust Alliance (HITRUST) Common Security Framework (CSF), incorporating ISO 27001, NIST, HIPAA and PCI standards. Policies are reviewed annually and updated as necessary and are accessible to employees and contractors. Prime's Privacy Program is designed to comply with HIPAA and HITECH requirements. Policies and procedures were updated to incorporate HITECH changes in 2009 and are regularly updated as new laws and regulations become available. The regulatory change management program tracks new or proposed laws, assesses organizational impact, and leads implementation of necessary changes. Our privacy team conducts regular internal HIPAA risk assessments and risk analysis for operations, including review of sensitive data management through systems, to ensure compliance with HIPAA Privacy and Security Standards. Operational areas are selected based on interaction with PHI/PII, incident trends, industry trends, and risk. Privacy partners with Compliance and Internal Audit to conduct additional risk assessment activities throughout the year. Periodically, external consultants are engaged to assess compliance with HIPAA rules.	
I.3	What is your policy regarding staff working from home or remotely? What safeguards are in place to monitor quality (including retrospective claims reviews) and HIPAA compliance?	Security	Prime's Hub + Home™ program is a hybrid work solution in which employees work remotely, with the option to book a meeting room onsite at our Prime Landing location in Eagan, MN or at select other Prime offices. This strategy, which results in a connected community, allows us to offer outstanding service to clients and members. Currently, about 97% of our workforce works remotely. Our information security program consists of policies, standards, procedures and guidelines to protect the confidentiality, integrity, and availability of our clients' data. Our information security framework and policies are based on the Health Information Trust Alliance (HITRUST) Common Security Framework (CSF), which incorporates industry standards of ISO 27001, NIST, HIPAA, and Payment Card Industry (PCI). The policies are reviewed annually and updated as necessary and can be accessed by employees and contractors. Our policies include, but are not limited to: • Enterprise Security Policy • Information Security Incident Management Policy • Disaster Recovery Policy • Mobile Computing and Storage Device Policy • Physical and Environmental Policy • User Access Management Policy • Information Classification Policy • Data Transmission and Email Policy • Storage Media Handling Policy • Monitoring System Access and Use Policy • Human Resources Security Policy • External Parties Access Policy • Cryptographic Controls Policy • Acceptable Use Policy	• Network Security Policy • System Security Policy • Secure Development Policy • Malicious Code Policy • Vulnerability Management Policy.
I.4	Describe your disaster recovery/contingency and business continuity plans.	Security	Dedicated departments manage internally our Disaster Recovery Plan (DRP) and Business Continuity Plan (BCP), and we regularly conduct exercises to ensure preparedness. We have practiced comprehensive BCP and IT DR plans for over ten years to support full disaster recovery and minimize service interruptions for clients and members during natural disasters or other disruptive events. Our BCP addresses all critical business functions, including loss of facility, IT systems, staff and critical vendor disruption, and we update and test it annually. We maintain thirty-three BCPs covering operational areas, along with an IT DRP for data centers and departments. Our recovery strategy restores critical functions within two hours and achieves near-normal operations within 24 hours of a disaster declaration. Key personnel declare disasters following established procedures. We write our DRP and BCP to mirror each other for consistency, and we exercise business-critical applications and services annually. Our data center strategy utilizes an Active-Active system architecture where possible, with redundant hardware, network circuits, secondary data centers, and offsite backups. We ensure operational continuity with geographically dispersed offices and cross-trained staff. We retain data records for 11 years in geographically distinct locations and perform full system backups, rotating them to off-site storage. Our plans comply with government and CMS guidance. If a disaster occurs, our communication protocols, coordinated by relevant departments and corporate communications, ensure timely notification to internal and external audiences. Upon request or termination, we return or securely destroy client records as required and provide certificates of destruction when requested. We test DR and BCP plans annually, using scenarios that address likely risks such as facility, IT, staffing and vendor interruptions. While we have not implemented these plans in the last five years, our preparedness activities have enabled seamless operations during events such as Hurricane Helene in 2024.	
I.5	During the last 12 months, how many times and what percent of time has your system been "down"? System down-time percent is determined by the ratio of planned system availability when inquiry operators could not access the system to perform their functions, to the total planned system availability time. Disregard down-time for planned system maintenance.	Security	Over the last 12 months, Prime experienced two instances of unexpected downtime, and the system remained available 99.987% of the time. Both figures exclude planned system maintenance windows. Unscheduled downtime continues to be exceedingly rare and we maintain robust incident review and improvement processes to minimize recurrence.	
I.6	Confirm you will notify the State, in writing, immediately upon identifying system-related issues. This may include but is not limited to, issues with programming, data transfers, telephone systems, etc. Confirm you will also make every effort to resolve the issue(s) within 48 hours regardless of the time or date, to minimize any disruption to members.	Security	We immediately notify The State in writing when we identify any system-related issues, including but not limited to programming, data transfer, or telephone system issues. Our Client Engagement and Account Management teams promptly identify and communicate problems, contacting designated State representatives via phone or email once they confirm an issue. We track all issues in our system within one business day, categorizing them by type, root cause, and responsible operational area. We make every effort to resolve such issues within 48 hours of identification, regardless of the time or date, to minimize disruption to members. We provide regular status updates throughout the resolution process and assign escalation and priority to ensure timely remediation.	
I.7	Have you ever had a HIPAA breach? If so, please provide explanation including correction/revision of processes and procedures, mitigation of effect of breach and any remuneration made.	Security	We have encountered privacy incidents, including unauthorized disclosures or breaches involving member PHI. We identify, respond to, and report each incident in accordance with the Breach Notification Rule. Our workforce members promptly report any suspected violations to the Privacy Team as required. Over the past five years, we have managed incidents such as a ransomware attack, mailing errors, third-party coding mistakes, exploited vulnerabilities in vendor systems, and unauthorized access to email accounts. For each incident, we restore systems, add quality checks, update security safeguards, correct coding errors, disable compromised credentials, and collaborate with vendors for remediation. Our privacy department investigates all reported violations, recommends corrective actions—which may include retraining, process changes, and performance counseling—and oversees sanctions where appropriate. If the risk meets notification thresholds under HITECH or client agreements, we typically notify the client within one business day of discovery, with further notifications as contractually required. When breaches occur, we accept financial responsibility per Business Associate Agreement terms, including reimbursement for all costs or expenses incurred by The State.	
J	**ELIGIBILITY**	**Eligibility**	**RESPONSE**	

	Questionnaire Section	Section	Response
J.1	Confirm you can accept and receive weekly data transfers and process within two (2) business days of receipt.	Eligibility	Yes, BCBSNE can accept and receive weekly data transfers utilizing our standard HIPAA 834 file format. We process clean and complete files within 48 hours of receipt from BenefitFocus, our vendor who initially scrubs the data prior to submitting it to BCBSNE. Please note the State will send one weekly eligibility file applicable to the medical and pharmacy membership to BCBSNE, and BCBSNE will then submit the eligibility information to Prime.
J.2	Describe your process to update a member's eligibility information after a file is uploaded, including the process of working error reports generated, how you handle manual updates, and the process for correcting data in the event of a data feed with "bad data."	Eligibility	With BCBSNE's eligibility submission option, eExchange, the State will utilize an electronic 834 HIPAA-secure file format which is submitted on a weekly basis and is available within 24 hours on BCBSNE's system. This fast, secure, and accurate method of transmitting membership data is available free of charge to employers. Once the file has been processed and loaded, employers receive a final report documenting all changes and exceptions applicable to the file submission. **Eligibility files are submitted once a week and should be a full population file for individual member updates.** Once the file has been submitted and processed, specified State individuals will receive an automated notice to log into the secure file location where they can access a file summary report. This report provides details on how the file processed, such as identifying changes, additions or terminations, as well any errors that should be reviewed.
J.3	Describe if eligibility is processed in real time with the claims system. If not, please provide the delay time.	Eligibility	With BCBSNE's eExchange eligibility system, timely updates are processed by BCBSNE upon receipt. Once the file has been processed and loaded, employers receive a final report documenting all changes and exceptions applicable to the file submission.
J.4	Will your organization allow the State to have direct access to your eligibility systems for review and input purposes?	Eligibility	With our eExchange system, the State will submit a weekly 834 file for its membership. Direct access to eligibility systems for review and input purposes is not available with this particular method.
K	**REPORTING**	**Reporting**	**RESPONSE**
K.1	Provide a sample of your standard reporting package and note frequency. Confirm the standard reporting package will be sent to the State within 30 days of end of reporting period. At minimum, reports should include below:	Reporting	
	a. Monthly: Eligibility report showing updates and changes	Reporting	See SRP example within ***EXHIBIT K - Sample Client Reporting.***
	b. Quarterly: Formulary updates and changes	Reporting	Please refer to ***EXHIBIT L - Formulary Change Templates.*** Updates are submitted semi-annually rather than quarterly.
	c. Quarterly: Cost and trend summary	Reporting	See SRP and SSRS examples within ***EXHIBIT K - Sample Client Reporting.***
	d. Quarterly: Drug utilization review summary	Reporting	See SRP and SSRS examples within ***EXHIBIT K - Sample Client Reporting.***
	e. Quarterly: Prior Authorization and other clinical reporting	Reporting	Please refer to ***EXHIBIT M - Sample Rx Preauthorization Report.***
	f. Quarterly: Adherence by therapeutic category	Reporting	Please refer to ***EXHIBIT N - Sample Rx Adherence Report.***
	g. Quarterly: Specialty drug cost and utilization	Reporting	See SRP and SSRS examples within ***EXHIBIT K - Sample Client Reporting.***
K.1	h. Quarterly & Annual: Performance guarantee reconciliation	Reporting	See ***EXHIBIT O - Sample Rx Operational Performance Guarantees Summary.***
K.2	Are these reports available online currently? If not, how will they be provided to the State?	Reporting	We will have available our reporting platform called "Whyzen" powered by our vendor BHI. Individuals authorized by the State will each be provided a separate login. Each login will have access to readily available reporting and an environment to save individually customized reports. Initial training will be conducted to get acclimated to the tool and ongoing support will be provided by the BCBSNE Client Consulting team indefinitely.
K.3	Confirm that you are able to customize reports, and this is included in your quoted fees.	Reporting	Confirmed
K.4	Describe how your organization monitors and provides reporting on contractual Performance Guarantees. Provide a sample Performance Guarantee report.	Reporting	See ***EXHIBIT O - Sample Rx Operational Performance Guarantees Summary.*** This sample is the general layout which will be expanded to accommodate the State's operational guarantees.
K.5	Confirm that your organization will provide claim line detail for ALL claims on a monthly basis throughout the contract term based on a mutually agreeable file format	Reporting	BCBSNE will provide our master claims extract file on a monthly basis to the State and the State's approved third-party vendors.
K.6	Confirm that your organization will provide this data in a mutually agreed upon format by the 15th calendar day of the month following the subject month.	Reporting	If this question is referring to the claim data in K.5., yes, we will sent it by the 15th calendar day of the following month.
K.7	Confirm that your organization will report pharmacy rebates to the State on a quarterly basis.	Reporting	Confirmed. We will provide total rebate summary amounts on our invoicing.
L	**CONSOLIDATED APPROPRIATIONS ACT 2021 (CAA)**	**CAA**	**RESPONSE**
L.1	How is your firm prepared to support the State of Nebraska Health and Pharmacy plan in satisfying the requirements of the Transparency in Coverage (TiC) final rule, and the Consolidated Appropriations Act 2021 (CAA)?	CAA	Prime will fully support your compliance with the Transparency in Coverage (TiC) final rule and the Consolidated Appropriations Act 2021 (CAA). Our internet-based, self-service tool fully complies with TiC and CAA regulations. We provide supporting files to help you complete your required CAA reporting and maintain processes that ensure compliance with all relevant federal mandates. We respond promptly to information requests, filings and external reporting. Our regulatory change management team actively monitors these regulations and partners with compliance, legal, and operational teams to identify, interpret, and implement new or emerging requirements. We support gag clause attestations, RxDC reporting and PBM compensation disclosures, and we deliver all necessary documentation and files within specified federal deadlines.
L.2	Is your firm compliant with the TiC and CAA legislation and requirements? Explain your Yes or No answer.	CAA	Confirmed. We are compliant with the Transparency in Coverage (TiC) and Consolidated Appropriations Act (CAA) legislation and requirements. We provide supporting files for client compliance with TiC and CAA reporting requirements and have confirmed the availability of an internet-based, self-service tool that meets these regulations which were effective 1/1/2024.
L.3	Are you able to support the plan sponsor with the RxDC reporting provision of the CAA? Explain your Yes or No answer.	CAA	Confirmed. Prime will provide the data it has available in accordance with its duties as a pharmacy benefit manager (PBM), in a standard format and frequency in accordance with federal and state regulations. The State will receive files from Prime Secure File Transfer Protocol (SFTP) and report to the regulatory body. All fees associated with this assistance are currently waived. However, we retain the right to charge assistance fees at a future date.
L.4	Will you provide Health Plan specific RXDC reporting (versus Aggregate Reporting).	CAA	Confirmed. Prime will provide the State with Carrier Account Group (CAG)s with Paid Claims files to assist in the creation of the Market Segment File (MSF), which contains prescription drug data points specific to the health plan. Prime will generate individual report-ready files for each supported data file (D3-D8*) and Carrier Account Group (CAG)/Drug Name summary file for data validation. These files are health plan specific and not aggregate. The State will be responsible for the submission of final reports.
L.5	Please share a sample RXDC report from a similarly sized employer.	CAA	Please refer to ***EXHIBIT P - Sample RXDC D3-D8 Reports*** for a sample output.
L.6	Do you see any risks or challenges that your firm anticipates in complying with the CAA?	CAA	No. We are tracking several provisions of the No Surprises Act, which Congress signed into law as part of the Consolidated Appropriations Act, 2021 (CAA) on December 27, 2020, as well as the Federal Transparency Rule. These provisions, affecting the Commercial/Qualified Health Plan (QHP) line of business, generally do not clearly include or exclude pharmacy benefits in scope. We have engaged with our trade group, the Pharmaceutical Care Management Association (PCMA), to provide feedback to federal agencies regarding several of these provisions. PCMA has also submitted comments and recommendations to federal agencies seeking clarifications and answers to questions that implementation guidance needs to address, as appropriate. Please note that although the No Surprises Act provides effective dates for some requirements as noted below, federal agencies may grant additional time to comply through the rulemaking process or enforcement discretion. We are monitoring for further guidance or rulemaking that would provide the necessary details to either 1) confirm pharmacy benefits are not included in these provisions, or 2) initiate solution development. We are tracking these relevant provisions of the No Surprises Act and Federal Transparency Rule and are implementing processes, as needed, to maintain compliance. Additionally, as needed, we will incorporate language in good faith regarding the Federal No Surprises Act and Final Transparency Rule. Our member-facing website, MyPrime.com, displays real-time cost-sharing information in accordance with the Transparency in Coverage ruling. We continuously monitor legislation to ensure our website remains compliant. We are also updating MyPrime.com to allow members to search using an NDC code in addition to the current search capabilities, filter and refine searches, view their accumulator amounts, and provide search results for up to 20 pharmacies in a single search. We will provide average rebate information (financial) for each rebatable product that The State can use in the historical net price calculation for the transparency rule.

OVERFLOW RESPONSES

	Questionnaire Section	Section	Response
L.7	How will your firm communicate updates or changes to the CAA compliance regulations to the plan sponsor (Rx and Transparency related)?	CAA	For CAA RxDC reporting, our RxDC workgroup reviews reporting requirements and technical specifications to produce timely and accurate reporting to support client filings, providing reports to the client in advance of submission deadlines or upon request. For PBM compensation disclosures, our legal and business areas work closely to review and respond to disclosure requests, working directly with the client to address all requirements. The regulatory change management team collaborates with government affairs, legal, PBM compliance and business teams to identify and review new or emerging requirements, ensuring The State are informed and supported throughout the compliance process.
L.8	How frequently will your firm review and update its' understanding of the CAA to ensure ongoing compliance for plan sponsor clients?	CAA	We conduct updates and reviews as new or emerging requirements are identified and we work directly with you to support compliance as regulations evolve.
L.9	Have you conducted any internal audits or assessments to verify compliance with the CAA? If so, can you share the results or findings?	CAA	Confirmed. Prime provides supporting files for your compliance with the Transparency in Coverage and Consolidated Appropriations Act (CAA) reporting requirements. We perform regular audits to ensure compliance with applicable standards, including 508c and WCAG 2.2 AA. Additionally, our Operational Compliance team conducts regular audits and our Internal Audit and Compliance areas conduct audits and assessments that may evaluate security controls for targeted applications based on their annual audit schedule. We can provide semi-annual or annual reports of reviewed claims and associated accuracy ratings upon request.
L.10	Can you provide documentation or evidence of your compliance with the CAA as both a PBM, and as an employer, particularly regarding any specific provisions that are relevant to our business relationship?	CAA	Prime will provide The State with a CAGs with Paid Claims file to assist in the creation of the Market Segment File (MSF). The MSF contains the data points Prime needs from the clients to generate the D3 – D8 files for you. This is prescription drug data points only. These files will be sent to the client SFTP. Once received, client may upload the files to the CMS HIOS Portal. Prime will also provide a Narrative Response which clients will upload to the CMS HIOS Portal.
L.11	Additional consideration will be given to the PBM offering a letter of attestation of compliance with CAA as a covered service provider as defined under ERISA. This letter must be from a company, other than your firm, with expertise in healthcare fiduciary responsibilities.	CAA	N/A
M	**340B PROGRAM**	**340B**	**RESPONSE**
M.1	Describe your firm's experience working with 340B organizations, including contract/ambulatory pharmacy and specialty pharmacies. Please describe the in-house staff that support 340B functions and describe their experience.	340B	Prime's home delivery and specialty pharmacy partners provide the reporting and business intelligence tools necessary to support a 340Bpharmacy program. For traditional medications, when a pharmacy identifies the claim as 340B, we accept the claim and store the indicator within our data warehouse. Pharmacies that provide the current NCPDP D.0 340B claim identifiers—Basis of Cost Determination Code 08 and Submission Clarification Code 20—at the point of sale are utilized to identified eligible claims. Using that information, Prime can produce special or custom reports for the 340B program. Prime complies with all applicable laws regarding claims identifiers and 340B parity. **Home Delivery Pharmacies** Our home deliver partner includes contract pharmacy services to improve member outcomes and support the covered entity in maximizing savings and reducing program costs via an innovative virtual inventory model. We work closely with our clients to understand the specific needs of their programs and accommodate existing processes to optimize the benefits of a 340B program, while remaining in full compliance with all applicable laws and regulations. **Specialty Pharmacies** Our specialty pharmacy partner created the most advanced specialty offering in the industry. Their Therapeutic Resource Centers (TRC) and advanced adherence programs optimize health outcomes. Their virtual inventory model reduces costs to maximize value. Our specialty pharmacy partner achieves operational excellence and delivers superior account management services, resulting in high patient and client satisfaction rates. Our specialty pharmacies work with multiple 340B vendors, including large 340B administrators such as Verity, Macro Helix, PSG and Sentry, and can connect to any administrator. These vendors manage the virtual inventory process for the covered entity. These existing relationships help streamline the implementation of contract pharmacies. After covered entity clients go live, our dedicated 340B Account Management, Physician Engagement and Concierge teams support them.
M.2	How do you monitor duplicate discounts (e.g. Both 340B and rebates) to prevent commercial payer conflicts? What is the process for monitoring and addressing potential errors or compliance issues as it relates to 340B and rebates?	340B	Prime will review and analyze rejected claims from Pharma for validity. If we feel claims are rejected in error, we will dispute those claims with pharmaceutical manufacturers on your behalf. If there was a "claw back" from a pharmaceutical manufacturer after rebates were paid, we will apply these adjustments with the next payment cycle, if not earlier and in compliance with the agreement with The State. Pharmaceutical manufacturers require a comprehensive review of 340B claims when working through disputes. This involves identifying non-340B claims where rebates were withheld but also identifying 340B claims where rebates were paid, and understanding the net impact to determine any aggregate over or under payment. We establish claim submission guidelines and payment methodologies within our contracts for any 340B participating providers. Additionally, pharmacies are instructed to submit the 340B clarification code on claims as defined by state guidance. Our rebate team establishes contracts with most manufacturers that require that 340B claims be excluded from rebate calculations. Prime's rebate reporting to manufacturers excludes claims from some types of entities that are historically identified as 340B covered entities, such as Federally Qualified Health Center (FQHC) and Indian Tribal facilities with the understanding that nearly all their prescriptions are 340B eligible. Manufacturers are required to challenge rebate reports to exclude additional 340B claims from rebates. They also work closely with pharmaceutical drug manufacturers and our network team to identify 340B pharmacies. Once a pharmacy is identified as 340B, we have rebate edits in place in our rebate invoice system to avoid rebating on 340B claims. Additionally, pharmacies are instructed to submit the 340B clarification code on claims.
M.3	How do you track and report 340B transactions during the claims adjudication process?	340B	We identify 340B transactions during adjudication by requiring contracted 340B pharmacies to submit claims with marked indicators, such as Submission Clarification Code 20 and basis of cost code 08 where allowed by applicable laws. Our claims processing system stores these indicators to flag 340B claims. We configure pharmacy networks linked to benefit plans to mandate these codes where applicable and not prohibited, enabling us to distinguish and manage 340B claims separately from non-340B ones. Our rebate reporting platform then verifies eligibility through a series of checks against manufacturer agreements before extracting and performing further eligibility assessments, including submission date verification. As long as pharmacies pharmacies submit claims with SCC 20, we can report on 340B claims in the same manner as all other pharmacy claims.
M.4	How do you help clients maximize 340B savings and revenue for employee health plans while maintaining compliance? Please list examples of successful collaboration with organizations, specific to States and large employer groups, if able, to maximize 340B savings with the employee health benefit.	340B	Our networks are designed to support Nebraska regulations to all pharmacies to participate in the network if they met the terms and conditions including reimbursement. BCBSNE is currently in discussions with health systems in Nebraska to provide additional options for large employer groups like the State of Nebraska. Additional details will be provided upon completion of these negotiations.

Formulary Disruption Summary
Prime Formulary Status Based on the PDL 25 Formulary as of 7/1/2025

Disruption Type	# of Utilizers	# of Claims	% Rx

Disruption Type	Drug Name	Core Category	# of Utilizers	# of Claims	Drug Alternatives
Excluded	ICOSAPENT ETHYL	ANTIHYPERLIPIDEMIC	2	8	VASCEPA CAP 1GM
Excluded	TRIMETHOPRIM	ANTI-INFECTIVE	2	8	SMZ-TMP TAB 400-80MG, NITROFURANTN CAP 100MG, NITROFUR MAC CAP 100MG, NITROFURANTN SUS 25MG/5ML, NITROFUR MAC CAP 50MG
Excluded	DANTROLENE SODIUM	OTHER NON-CATEGORIZED	1	8	BACLOFEN TAB 10MG, TIZANIDINE TAB 2MG, CYCLOBENZAPR TAB 5MG, TIZANIDINE TAB 4MG, DIAZEPAM TAB 5MG
Excluded	VERAPAMIL HYDROCHLORIDE ER	ANTIHYPERTENSIVE	1	8	verapamil hcl cap er 24hr 120 mg,180 mg, 240 mg (Verelan), verapamil hcl tab er 120 mg,180 mg, 240 mg, verapamil hcl tab 40 mg, 80 mg,120 mg
Excluded	REZDIFFRA	GASTROINTESTINAL	1	8	WEGOVY INJ 0.25MG, SAXENDA INJ 18MG/3ML
Excluded	PIFELTRO	HIV	1	8	NEVIRAPINE TAB 200MG, EFAVIRENZ TAB 600MG, ETRAVIRINE TAB 100MG, NEVIRAPINE TAB 400MG ER, INTELENCE TAB 25MG
Excluded	METHYLPHENIDATE HYDROCHLORIDE ER (LA)	ADHD	1	8	amphetamine/ dextroamphetamine, amphetamine/ dextroamphetamine XR, armodafinil, atomoxetine, AZSTARYS, clonidine ER tablet, dexmethylphenidate ER, dextroamphetamine solution, dextroamphetamine, JORNAY PM, lisdexamfetamine, methylphenidate, methylphenidate ER (generic CONCERTA), modafinil, QUILLICHEW ER, QUILLIVANT XR SUSPENSION, SUNOSI
Excluded	FROVATRIPTAN SUCCINATE	MIGRAINE	1	8	RIZATRIPTAN TAB 5MG, DIHYDROERGOT INJ 1MG/ML, ELETRIPTAN TAB 20MG, NARATRIPTAN TAB 2.5MG, RIZATRIPTAN TAB 10MG ODT, SUMATRIPTAN INJ 4MG/0.5, SUMATRIPTAN SPR 20MG/ACT, SUMATRIPTAN TAB 50MG, ZOLMITRIPTAN TAB 5MG, NURTEC TAB 75MG ODT, REYVOW TAB 50MG
Excluded	FREESTYLE LIBRE 3/READER/GLUCOSE MONITORING SYSTEM	DIABETES	7	7	DEXCOM G6 RECEIVER, DEXCOM G7 RECEIVER
Excluded	WEGOVY	WEIGHT LOSS	6	7	weight loss is optional coverage, check plan benefit
Excluded	HALOBETASOL PROPIONATE	DERMATOLOGICS	6	7	HALOBETASOL CRE 0.05%, HYDROCORT CRE 2.5%, BETA DIPROP OIN 0.05%, BETA DIPROP LOT 0.05%, CLOBETASOL CRE 0.05%, CLOBETASOL E CRE 0.05%, CLOBETASOL GEL 0.05%, CLOBETASOL SOL 0.05%, DESONIDE CRE 0.05%, FLUOCINONIDE CRE 0.1%
Excluded	MOMETASONE FUROATE	ALLERGY	5	7	FLUTICASONE SPR 50MCG
Excluded	COLCHICINE	OTHER NON-CATEGORIZED	5	7	COLCHICINE TAB 0.6MG, ALLOPURINOL TAB 300MG, ALLOPURINOL TAB 100MG
Excluded	ACCU-CHEK GUIDE	DIABETES	4	7	CONTOUR, CONTOUR NEXT, CONTOUR PLUS, ONETOUCH ULTRA, ONETOUCH VERIO, ONETOUCH ULTA BLUE TEST STRIPS
Excluded	TEMAZEPAM	SLEEP DISORDERS	3	7	TEMAZEPAM CAP 15MG, ESTAZOLAM TAB 2MG
Excluded	PRECISION XTRA	DIABETES	3	7	CONTOUR, CONTOUR NEXT, CONTOUR PLUS, ONETOUCH ULTRA, ONETOUCH VERIO, ONETOUCH ULTA BLUE TEST STRIPS
Excluded	OLOPATADINE HCL	ALLERGY	3	7	AZELASTINE SPR 0.1%, FLUTICASONE SPR 50MCG
Excluded	BUTALBITAL/ACETAMINOPHEN/CAFFEINE	PAIN	2	7	CELECOXIB CAP 200MG, ASCOMP/COD CAP 30MG, BUT/APAP/CAF TAB, BUT/ASA/CAFF CAP, BUTAL/APAP TAB 50-325MG
Excluded	INSULIN LISPRO PROTAMINE/INSULIN LISPRO KWIKPEN	DIABETES	2	7	HUMALOG MIX INJ 50/50KWP, HUMALOG MIX INJ 75/25KWP, NOVOLIN INJ 70/30, NOVOLIN INJ 70/30 FP, NOVOLIN INJ 70/30 FP, NOVOLIN70/30 INJ RELION, NOVOLOG MIX INJ 70/30, NOVOLOG MIX INJ FLEXPEN, NOVOLOG RELI INJ 70/30, HUMULIN INJ 70/30KWP
Excluded	NICORETTE	OTHER NON-CATEGORIZED	1	7	Available OTC, nicotine polacrilex gum 2 mg, 4 mg, nicotine polacrilex lozenge 2 mg,4 mg, nicotine td patch 24hr 7 mg/24hr,14 mg/24hr, 21 mg/24hr, NICOTINE TRANSDERMALSYST- nicotine td patch 24 hr kit21-14-7 mg/24hr, NICOTROL INHALER- nicotineinhaler system 10 mg (4 mgdelivered), NICOTROL NS- nicotine nasal spray10 mg/ml (0.5 mg/spray)
Excluded	COPAXONE	MULTIPLE SCLEROSIS	1	7	DIMETHYL FUM CAP 120MG DR, FINGOLIMOD CAP 0.5MG, GLATIRAMER INJ 40MG/ML, TERIFLUNOMID TAB 7MG, PLEGRIDY INJ PEN, BETASERON INJ 0.3MG, AVONEX PEN KIT 30MCG, VUMERITY CAP 231MG, MAYZENT TAB 0.25MG, GLATOPA INJ 40MG/ML, REBIF INJ 22/0.5, REBIF REBIDO INJ 22/0.5, MAVENCLAD PAK 10MG(10), ZEPOSIA CAP 0.92MG, KESIMPTA INJ 20/.4ML
Excluded	NUTROPIN AQ NUSPIN 10	GROWTH HORMONES	1	7	GENOTROPIN INJ 0.2MG, OMNITROPE INJ 5/1.5ML
Excluded	BROMPHEN/PSEUDOEPHEDRINE HCL/DEXTROMETHORPHAN HBR	ALLERGY	6	6	PROMETH/COD SYP 6.25-10, PROMETHAZINE SOL DM
Excluded	SUCRALFATE	OTHER NON-CATEGORIZED	6	6	SUCRALFATE TAB 1GM
Excluded	FT LAXATIVE	OTHER NON-CATEGORIZED	6	6	Available OTC, Products not covered on Pharmacy Benefit
Excluded	BISACODYL EC	OTHER NON-CATEGORIZED	6	6	Available OTC, Products not covered on Pharmacy Benefit
Excluded	NEOMYCIN/POLYMYXIN/HYDROCORTISONE	OPHTHALMIC	6	6	NEO/POLY/DEX SUS 0.1% OP, TOBRA/DEXAME SUS 0.3-0.1%, NEO-POLYCIN OIN HC 1%OP
Excluded	PHENAZOPYRIDINE HYDROCHLORIDE	OTHER NON-CATEGORIZED	5	6	Available OTC, Products not covered on Pharmacy Benefit
Excluded	PREVIDENT 5000 PLUS	OTHER NON-CATEGORIZED	5	6	Available OTC, PREVIDENT 5000 ENAMELPRO- sodium fluoride-potassiumnitrate gel 1.1-5%, PREVIDENT 5000 SENSITIVE-sodium fluoride-potassiumnitrate gel 1.1-5%, sodium fluoride cream 1.1%(Prevident 5000 plus), sodium fluoride gel 1.1% (0.5% f)(Prevident fluoride), sodium fluoride paste 1.1%(Prevident 5000 boost), sodium fluoride rinse 0.2%(Prevident rinse)
Excluded	FLUTICASONE PROPIONATE HFA	ASTHMA/COPD	4	6	ARNUITY ELPT INH 200MCG, ASMANEX 60 AER 220MCG, ASMANEX HFA AER 200 MCG, QVAR REDIHA AER 80MCG
Excluded	TRAZODONE HYDROCHLORIDE	DEPRESSION	3	6	TRAZODONE TAB 100MG, VILAZODONE TAB 40MG, BUPROPION TAB 100MG, BUPROPION TAB 150MG SR, BUPROPION TAB 150MG XL, CITALOPRAM TAB 20MG, DULOXETINE CAP 30MG, ESCITALOPRAM TAB 20MG, FLUOXETINE CAP 20MG, MIRTAZAPINE TAB 15MG, PAROXETINE TAB 30MG, SERTRALINE TAB 100MG, VENLAFAXINE CAP 150MG ER, VENLAFAXINE TAB 25MG, DESVENLAFAX TAB 50MG ER
Excluded	SAXAGLIPTIN HYDROCHLORIDE/METFORMIN HYDROCHLORIDE ER	DIABETES	3	6	METFORMIN TAB 500MG, METFORMIN TAB 750MG ER, GLYXAMBI TAB 25-5 MG, JANUMET TAB 50-1000, JANUMET XR TAB 50-500MG, JANUVIA TAB 25MG, TRIJARDY XR TAB
Excluded	FROVATRIPTAN SUCCINATE	MIGRAINE	3	6	RIZATRIPTAN TAB 5MG, DIHYDROERGOT INJ 1MG/ML, ELETRIPTAN TAB 20MG, NARATRIPTAN TAB 2.5MG, RIZATRIPTAN TAB 10MG ODT, SUMATRIPTAN INJ 4MG/0.5, SUMATRIPTAN SPR 20MG/ACT, SUMATRIPTAN TAB 50MG, ZOLMITRIPTAN TAB 5MG, NURTEC TAB 75MG ODT, REYVOW TAB 50MG
Excluded	QELBREE	ADHD	3	6	ATOMOXETINE CAP 25MG, CLONIDINE TAB 0.1MG ER, GUANFACINE TAB 2MG ER
Excluded	CIMETIDINE	OTHER NON-CATEGORIZED	3	6	FAMOTIDINE TAB 40MG, FAMOTIDINE SUS 40MG/5ML
Excluded	DILTIAZEM HCL ER	ANTIHYPERTENSIVE	2	6	CARTIA XT CAP 240/24HR, DILTIAZEM CAP 240MG ER, DILTIAZEM CAP 240MG CD, VERAPAMIL CAP 240MG SR, AMLODIPINE TAB 10MG, FELODIPINE TAB 10MG ER, VERAPAMIL TAB 80MG, DILTIAZEM TAB 60MG, ATENOLOL TAB 50MG, METOPROL SUC TAB 50MG ER, NIFEDIPINE TAB 90MG ER, DILT-XR CAP 240MG, CARTIA XT CAP 300/24HR, DILTIAZEM CAP 300MG ER, TIADYLT CAP 300MG/24, DILTIAZEM CAP 300MG ER, PROPRANOLOL CAP 60MG ER, ISOSORB DIN TAB 20MG
Excluded	LIRAGLUTIDE	DIABETES	2	6	OZEMPIC INJ 2MG/3ML, TRULICITY INJ 3/0.5, RYBELSUS TAB 3MG, MOUNJARO INJ 2.5/0.5, TRULICITY INJ 1.5/0.5
Excluded	TRIMETHOPRIM	ANTI-INFECTIVE	2	6	SMZ-TMP TAB 400-80MG, NITROFURANTN CAP 100MG, NITROFUR MAC CAP 100MG, NITROFURANTN SUS 25MG/5ML, NITROFUR MAC CAP 50MG
Excluded	AUTOSOFT 30 INFUSION SET/23"/13MM	DIABETES	2	6	Device, Check Medical Benefit
Excluded	HYOSCYAMINE SULFATE ER	OTHER NON-CATEGORIZED	2	6	DICYCLOMINE TAB 20MG, DICYCLOMINE CAP 10MG, GLYCOPYRROL TAB 1MG, METHSCOPOLAM TAB 5MG, DICYCLOMINE SOL 10MG/5ML, GLYCOPYRROLA SOL 1MG/5ML
Excluded	TELMISARTAN/HYDROCHLOROTHIAZIDE	ANTIHYPERTENSIVE	2	6	LOSARTAN/HCT TAB 100-25, CANDESA/HCTZ TAB 16-12.5, IRBESAR/HCTZ TAB 150-12.5, OLM MED/HCTZ TAB 40-25MG, VALSART/HCTZ TAB 320-12.5
Excluded	ADDERALL	ADHD	2	6	AMPHET/DEXTR TAB 20MG, DEXMETHYLPH TAB 10MG, DEXTROAMPHET SOL 5MG/5ML, DEXTROAMPHET TAB 10MG, METHYLPHENID CHW 10MG, METHYLPHENID SOL 10MG/5ML, METHYLPHENID TAB 20MG, PROCENTRA SOL 5MG/5ML, ZENZEDI TAB 10MG
Excluded	SAXAGLIPTIN HYDROCHLORIDE	DIABETES	2	6	METFORMIN TAB 500MG, METFORMIN TAB 750MG ER, GLYXAMBI TAB 25-5 MG, JANUMET TAB 50-1000, JANUMET XR TAB 50-500MG, JANUVIA TAB 25MG, TRIJARDY XR TAB
Excluded	RABEPRAZOLE SODIUM	PPIs	2	6	OMEPRAZOLE CAP 20MG, PANTOPRAZOLE TAB 40MG, ESOMEPRAZOLE GRA 40MG DR, NEXIUM GRA 5MG DR
Excluded	PREVIDENT RINSE	OTHER NON-CATEGORIZED	2	6	DENTA 5000 CRE PLUS, FLUORIDEX PST 1.1%, SOD FLUORIDE SOL 0.2%MINT, SODIUM FLUOR CRE 5000 PPM, FLUORMX 5000 PST 1.1%, DENTAGEL GEL 1.1%
Excluded	CIMETIDINE	OTHER NON-CATEGORIZED	2	6	FAMOTIDINE TAB 40MG, FAMOTIDINE SUS 40MG/5ML
Excluded	CHOLESTYRAMINE	ANTIHYPERLIPIDEMIC	2	6	PREVALITE POW 4GM, COLESEVELAM TAB 625MG, COLESTIPOL GRA 5GM, COLESTIPOL TAB 1GM

Formulary Disruption Summary
Prime Formulary Status Based on the PDL 10 Formulary as of 7/1/2025

Disruption Type	# of Utilizers	# of Claims	% Rx

Disruption Type	Drug Name	Core Category	# of Utilizers	# of Claims	Drug Alternatives
No Disruption	FLUOXETINE HYDROCHLORIDE	DEPRESSION	19	34	
No Disruption	VYVANSE	ADHD	19	34	
No Disruption	MIRTAZAPINE	DEPRESSION	18	34	
No Disruption	ATORVASTATIN CALCIUM	ANTIHYPERLIPIDEMIC	17	34	
No Disruption	PRAVASTATIN SODIUM	ANTIHYPERLIPIDEMIC	16	34	
No Disruption	ACYCLOVIR	ANTI-INFECTIVE	16	34	
No Disruption	DIPHENOXYLATE HYDROCHLORIDE/ATROPINE SULFATE	OTHER NON-CATEGORIZED	16	34	
No Disruption	METHYLPHENIDATE HYDROCHLORIDE ER	ADHD	15	34	
No Disruption	GABAPENTIN	ANTICONVULSANT	15	34	
No Disruption	OXYBUTYNIN CHLORIDE ER	OTHER NON-CATEGORIZED	15	34	
No Disruption	ARIPIPRAZOLE	ANTIPSYCHOTIC	14	34	
No Disruption	CITALOPRAM HYDROBROMIDE	DEPRESSION	14	34	
No Disruption	MODAFINIL	SLEEP DISORDERS	14	34	
No Disruption	BD 3ML LUER-LOK SYRINGE 18G X 1 1/2"	OTHER NON-CATEGORIZED	14	34	
No Disruption	DESMOPRESSIN ACETATE	OTHER NON-CATEGORIZED	14	34	
No Disruption	BUSPIRONE HYDROCHLORIDE	ANXIETY	13	34	
No Disruption	ALLOPURINOL	OTHER NON-CATEGORIZED	13	34	
No Disruption	LISDEXAMFETAMINE DIMESYLATE	ADHD	12	34	
No Disruption	NARATRIPTAN HCL	MIGRAINE	12	34	
No Disruption	METFORMIN HYDROCHLORIDE	DIABETES	11	34	
No Disruption	ARMODAFINIL	SLEEP DISORDERS	11	34	
No Disruption	SERTRALINE HYDROCHLORIDE	DEPRESSION	11	34	
No Disruption	ZOLMITRIPTAN	MIGRAINE	10	34	
No Disruption	TEMAZEPAM	SLEEP DISORDERS	9	34	
No Disruption	LEVETIRACETAM	ANTICONVULSANT	9	34	
No Disruption	ROPINIROLE HCL	PARKINSON	9	34	
No Disruption	RISPERIDONE	ANTIPSYCHOTIC	9	34	
No Disruption	DEXMETHYLPHENIDATE HYDROCHLORIDE ER	ADHD	9	34	
No Disruption	IRBESARTAN	ANTIHYPERTENSIVE	9	34	
No Disruption	OLMESARTAN MEDOXOMIL/HYDROCHLOROTHIAZIDE	ANTIHYPERTENSIVE	8	34	
No Disruption	SUNOSI	SLEEP DISORDERS	7	34	
No Disruption	METFORMIN HYDROCHLORIDE	DIABETES	7	34	
No Disruption	VERAPAMIL HCL SR	ANTIHYPERTENSIVE	7	34	
No Disruption	TEMAZEPAM	SLEEP DISORDERS	5	34	
No Disruption	SODIUM SULFATE/POTASSIUM SULFATE/MAGNESIUM SULFATE	OTHER NON-CATEGORIZED	33	33	
No Disruption	ONDANSETRON HCL	NAUSEA & VOMITING	32	33	
No Disruption	ERYTHROMYCIN	OPHTHALMIC	32	33	
No Disruption	AMLODIPINE BESYLATE	ANTIHYPERTENSIVE	30	33	
No Disruption	ATORVASTATIN CALCIUM	ANTIHYPERLIPIDEMIC	29	33	
No Disruption	TRIAMCINOLONE ACETONIDE	DERMATOLOGICS	28	33	
No Disruption	CEFADROXIL	ANTI-INFECTIVE	28	33	
No Disruption	LISDEXAMFETAMINE DIMESYLATE	ADHD	24	33	
No Disruption	DESVENLAFAXINE ER	DEPRESSION	24	33	
No Disruption	CLINDAMYCIN PHOSPHATE/BENZOYL PEROXIDE	DERMATOLOGICS	23	33	
No Disruption	ASPIRIN LOW DOSE	PAIN	23	33	
No Disruption	ESTRADIOL	ESTROGENS & PROGESTINS	23	33	
No Disruption	METOPROLOL SUCCINATE ER	ANTIHYPERTENSIVE	23	33	
No Disruption	IPRATROPIUM BROMIDE	OTHER NON-CATEGORIZED	22	33	
No Disruption	BUDESONIDE	ASTHMA/COPD	21	33	
No Disruption	CLOPIDOGREL	ANTICOAGULANT	21	33	
No Disruption	AMPHETAMINE/DEXTROAMPHETAMINE	ADHD	20	33	
No Disruption	ONDANSETRON ODT	NAUSEA & VOMITING	20	33	
No Disruption	ATORVASTATIN CALCIUM	ANTIHYPERLIPIDEMIC	18	33	
No Disruption	LEVOCETIRIZINE DIHYDROCHLORIDE	ALLERGY	18	33	
No Disruption	MINOCYCLINE HYDROCHLORIDE	ANTI-INFECTIVE	17	33	
No Disruption	AMPHETAMINE/DEXTROAMPHETAMINE	ADHD	17	33	
No Disruption	PANTOPRAZOLE SODIUM	PPIs	17	33	
No Disruption	PANTOPRAZOLE SODIUM	PPIs	17	33	
No Disruption	METHIMAZOLE	THYROID AGENTS	16	33	
No Disruption	POTASSIUM CHLORIDE ER	VITAMINS & SUPPLEMENTS	16	33	
No Disruption	TOPIRAMATE	ANTICONVULSANT	15	33	
No Disruption	PREGABALIN	ANTICONVULSANT	15	33	
No Disruption	MONTELUKAST SODIUM	ASTHMA/COPD	14	33	
No Disruption	FENOFIBRATE	ANTIHYPERLIPIDEMIC	14	33	
No Disruption	BUDESONIDE	CORTICOSTEROIDS	13	33	
No Disruption	ARMOUR THYROID	THYROID AGENTS	13	33	
No Disruption	TRIAMTERENE/HYDROCHLOROTHIAZIDE	ANTIHYPERTENSIVE	13	33	
No Disruption	ELETRIPTAN HYDROBROMIDE	MIGRAINE	12	33	
No Disruption	LUBIPROSTONE	GASTROINTESTINAL	11	33	
No Disruption	SPIRONOLACTONE	ANTIHYPERTENSIVE	11	33	
No Disruption	GEMFIBROZIL	ANTIHYPERLIPIDEMIC	11	33	
No Disruption	FLUVOXAMINE MALEATE	DEPRESSION	11	33	
No Disruption	MONTELUKAST SODIUM	ASTHMA/COPD	10	33	
No Disruption	IRBESARTAN	ANTIHYPERTENSIVE	10	33	
No Disruption	OLMESARTAN MEDOXOMIL/HYDROCHLOROTHIAZIDE	ANTIHYPERTENSIVE	10	33	
No Disruption	BENAZEPRIL HYDROCHLORIDE	ANTIHYPERTENSIVE	9	33	
No Disruption	LEVOTHYROXINE SODIUM	THYROID AGENTS	9	33	
No Disruption	LITHIUM CARBONATE ER	ANTIPSYCHOTIC	9	33	
No Disruption	MICROGESTIN 1/20	ESTROGENS & PROGESTINS	8	33	
No Disruption	HUMULIN N KWIKPEN	DIABETES	8	33	
No Disruption	PRAZOSIN HYDROCHLORIDE	ANTIHYPERTENSIVE	8	33	
No Disruption	LITHIUM CARBONATE ER	ANTIPSYCHOTIC	8	33	
No Disruption	BUTALBITAL/ACETAMINOPHEN/CAFFEINE	PAIN	4	33	
No Disruption	MORPHINE SULFATE ER	PAIN	4	33	
No Disruption	PANTOPRAZOLE SODIUM	PPIs	32	32	
No Disruption	CEPHALEXIN	ANTI-INFECTIVE	31	32	
No Disruption	OFLOXACIN	OPHTHALMIC	31	32	
No Disruption	CEPHALEXIN	ANTI-INFECTIVE	31	32	
No Disruption	AUVI-Q	ALLERGY	29	32	
No Disruption	CIPROFLOXACIN/DEXAMETHASONE	OTHER NON-CATEGORIZED	29	32	
No Disruption	NEOMYCIN/POLYMYXIN/DEXAMETHASONE	OPHTHALMIC	29	32	
No Disruption	TRIAMCINOLONE ACETONIDE	DERMATOLOGICS	28	32	
No Disruption	CEPHALEXIN	ANTI-INFECTIVE	28	32	
No Disruption	CLOBETASOL PROPIONATE	DERMATOLOGICS	27	32	
No Disruption	ASPIRIN LOW DOSE	PAIN	21	32	
No Disruption	CLINDAMYCIN PHOSPHATE	DERMATOLOGICS	21	32	
No Disruption	CLINDAMYCIN PHOSPHATE	DERMATOLOGICS	20	32	
No Disruption	MINOCYCLINE HYDROCHLORIDE	ANTI-INFECTIVE	20	32	
No Disruption	BUPROPION HYDROCHLORIDE ER (XL)	DEPRESSION	20	32	
No Disruption	ONDANSETRON HYDROCHLORIDE	NAUSEA & VOMITING	20	32	
No Disruption	RIZATRIPTAN BENZOATE ODT	MIGRAINE	19	32	
No Disruption	ROSUVASTATIN CALCIUM	ANTIHYPERLIPIDEMIC	18	32	
No Disruption	OXYBUTYNIN CHLORIDE	OTHER NON-CATEGORIZED	16	32	
No Disruption	HYDROCHLOROTHIAZIDE	ANTIHYPERTENSIVE	15	32	
No Disruption	SIMVASTATIN	ANTIHYPERLIPIDEMIC	15	32	
No Disruption	ROSUVASTATIN CALCIUM	ANTIHYPERLIPIDEMIC	15	32	
No Disruption	ALLOPURINOL	OTHER NON-CATEGORIZED	14	32	
No Disruption	QUETIAPINE FUMARATE	ANTIPSYCHOTIC	14	32	
No Disruption	DEXMETHYLPHENIDATE HYDROCHLORIDE	ADHD	14	32	
No Disruption	VERAPAMIL HCL ER	ANTIHYPERTENSIVE	14	32	
No Disruption	SPIRONOLACTONE	ANTIHYPERTENSIVE	14	32	
No Disruption	LIOTHYRONINE SODIUM	THYROID AGENTS	13	32	
No Disruption	AMPHETAMINE/DEXTROAMPHETAMINE	ADHD	12	32	
No Disruption	PROPRANOLOL HYDROCHLORIDE ER	ANTIHYPERTENSIVE	12	32

Network Disruption Report for BCBSNE

As of June 25, 2025

Disruption Analysis

Description

This Disruption Analysis identifies members and pharmacies that will be out of network if the group/population transitions to a new network product.

- The query for this Disruption Analysis (NAR-00006995) was peer reviewed per our QA process
- The analysis was completed for a transition to the Open ESN Network
- The disruption was completed using the claims from the provided file with a days supply over 83

Network Disruption

BCBSNE - State of Nebraska
Open ESN Network
Based on claims provided

	Claim Count	Claim %	Pharmacy Count	Pharmacy %
Closed	1,162	1.19%	24	3.32%
In Network	95,903	98.00%	676	93.63%
Out of Network	792	0.81%	21	2.91%
ITU	1	0.00%	1	0.14%
Grand Total	**97,858**	**100.00%**	**722**	**100.00%**

Claims that processed through a Mail channel have been excluded.

Summary

- The total disruption is 0.81%.
- ITU identifies pharmacies that are not in network, but are still able to be utilized by Tribal members.

Network Disruption Report for BCBSNE

As of June 25, 2025

Disruption Analysis

Description

This Disruption Analysis identifies members and pharmacies that will be out of network if the group/population transitions to a new network product.

- The query for this Disruption Analysis (NAR-00006995) was peer reviewed per our QA process
- The analysis was completed for a transition to the Open Network
- The disruption was completed using the claims from the provided file with a days supply between 0 and 84

Network Disruption

BCBSNE - State of Nebraska
Open Network
Based on claims provided

	Claim Count	Claim %	Pharmacy Count	Pharmacy %
Closed	4,053	1.64%	30	2.41%
In Network	239,242	96.54%	1,181	94.78%
Out of Network	4,140	1.67%	33	2.65%
ITU	378	0.15%	2	0.16%
Grand Total	**247,813**	**100.00%**	**1,246**	**100.00%**

Claims that processed through a Mail channel have been excluded.

Summary

- The total disruption is 1.67%.
- ITU identifies pharmacies that are not in network, but are still able to be utilized by Tribal members.
