Formulary Disruption Summary
Prime Formulary Status Based on the PDL 25 Formulary as of 7/1/2025

Disruption Type	# of Utilizers	# of Claims	% Rx

Disruption Type	Drug Name	Core Category	# of Utilizers	# of Claims	Drug Alternatives
No Disruption	MELOXICAM	PAIN	454	1161	
No Disruption	LISINOPRIL	ANTIHYPERTENSIVE	369	1141	
No Disruption	PREDNISONE	CORTICOSTEROIDS	940	1114	
No Disruption	ALBUTEROL SULFATE HFA	ASTHMA/COPD	540	1049	
No Disruption	AMOXICILLIN/CLAVULANATE POTASSIUM	ANTI-INFECTIVE	920	1044	
No Disruption	ELIQUIS	ANTICOAGULANT	220	1032	
No Disruption	FLUTICASONE PROPIONATE	ALLERGY	567	1019	
No Disruption	MOUNJARO	DIABETES	347	983	
No Disruption	OMEPRAZOLE	PPIs	390	958	
No Disruption	MONTELUKAST SODIUM	ASTHMA/COPD	313	953	
No Disruption	METHYLPREDNISOLONE DOSE PACK	CORTICOSTEROIDS	834	927	
No Disruption	HYDROCODONE BITARTRATE/ACETAMINOPHEN	PAIN	611	922	
No Disruption	LISINOPRIL	ANTIHYPERTENSIVE	283	907	
No Disruption	MOUNJARO	DIABETES	258	904	
No Disruption	ALBUTEROL SULFATE HFA	ASTHMA/COPD	512	902	
No Disruption	AMLODIPINE BESYLATE	ANTIHYPERTENSIVE	305	896	
No Disruption	HYDROCHLOROTHIAZIDE	ANTIHYPERTENSIVE	294	881	
No Disruption	ALBUTEROL SULFATE HFA	ASTHMA/COPD	482	830	
No Disruption	SERTRALINE HYDROCHLORIDE	DEPRESSION	289	829

Formulary Disruption Summary
Prime Formulary Status Based on the PDL 10 Formulary as of 7/1/2025

Disruption Type	# of Utilizers	# of Claims	% Rx

Disruption Type	Drug Name	Core Category	# of Utilizers	# of Claims	Drug Alternatives
No Disruption	GLYCOPYRROLATE	OTHER NON-CATEGORIZED	8	28	
No Disruption	QUETIAPINE FUMARATE	ANTIPSYCHOTIC	8	28	
No Disruption	CARVEDILOL	ANTIHYPERTENSIVE	7	28	
No Disruption	RISPERIDONE	ANTIPSYCHOTIC	7	28	
No Disruption	DESMOPRESSIN ACETATE	OTHER NON-CATEGORIZED	6	28	
No Disruption	ATENOLOL	ANTIHYPERTENSIVE	6	28	
No Disruption	LEVETIRACETAM	ANTICONVULSANT	6	28	
No Disruption	JORNAY PM	ADHD	5	28	
No Disruption	BENAZEPRIL HYDROCHLORIDE	ANTIHYPERTENSIVE	5	28	
No Disruption	ARIPIPRAZOLE	ANTIPSYCHOTIC	5	28	
No Disruption	HUMIRA PEN	AUTOIMMUNE	4	28	
No Disruption	BUPRENORPHINE HCL	PAIN	4	28	
No Disruption	PEG-3350/NACL/NA BICARBONATE/KCL	OTHER NON-CATEGORIZED	27	27	
No Disruption	TOBRAMYCIN/DEXAMETHASONE	OPHTHALMIC	26	27	
No Disruption	FLUOROURACIL	DERMATOLOGICS	26	27	
No Disruption	CLOTRIMAZOLE	OTHER NON-CATEGORIZED	26	27	
No Disruption	CEFDINIR	ANTI-INFECTIVE	26	27	
No Disruption	FLUCONAZOLE	ANTI-INFECTIVE	25	27	
No Disruption	AMOXICILLIN/CLAVULANATE POTASSIUM	ANTI-INFECTIVE	25	27	
No Disruption	PREDNISONE	CORTICOSTEROIDS	25	27	
No Disruption	HYDROCODONE BITARTRATE/ACETAMINOPHEN	PAIN	24	27	
No Disruption	AMOXICILLIN/CLAVULANATE POTASSIUM	ANTI-INFECTIVE	23	27	
No Disruption	CLINDAMYCIN HYDROCHLORIDE	ANTI-INFECTIVE	23	27	
No Disruption	AZITHROMYCIN	ANTI-INFECTIVE	23	27	
No Disruption	HYDROXYZINE HYDROCHLORIDE	ANXIETY	21	27	
No Disruption	PREDNISONE	CORTICOSTEROIDS	21	27	
No Disruption	FLUCONAZOLE	ANTI-INFECTIVE	20	27	
No Disruption	LISDEXAMFETAMINE DIMESYLATE	ADHD	17	27	
No Disruption	NAPROXEN	PAIN	17	27	
No Disruption	TESTOSTERONE CYPIONATE	ANDROGENS	17	27	
No Disruption	CLINDAMYCIN PHOSPHATE	DERMATOLOGICS	17	27	
No Disruption	METHOTREXATE SODIUM	OTHER NON-CATEGORIZED	16	27	
No Disruption	LISDEXAMFETAMINE DIMESYLATE	ADHD	16	27	
No Disruption	MIRTAZAPINE	DEPRESSION	15	27	
No Disruption	FUROSEMIDE	ANTIHYPERTENSIVE	15	27	
No Disruption	SODIUM FLUORIDE	OTHER NON-CATEGORIZED	15	27	
No Disruption	TIZANIDINE HYDROCHLORIDE	OTHER NON-CATEGORIZED	14	27	
No Disruption	MODAFINIL	SLEEP DISORDERS	14	27	
No Disruption	POTASSIUM CHLORIDE ER	VITAMINS & SUPPLEMENTS	14	27	
No Disruption	HYDROXYCHLOROQUINE SULFATE	ANTI-INFECTIVE	13	27	
No Disruption	AMPHETAMINE/DEXTROAMPHETAMINE	ADHD	13	27	
No Disruption	BD PEN NEEDLE/MICRO/ULTRA-FINE/32G X 6MM	DIABETES	13	27	
No Disruption	ATORVASTATIN CALCIUM	ANTIHYPERLIPIDEMIC	12	27	
No Disruption	MONTELUKAST SODIUM	ASTHMA/COPD	12	27	
No Disruption	TACROLIMUS	IMMUNOSUPPRESSANTS	11	27	
No Disruption	PRAVASTATIN SODIUM	ANTIHYPERLIPIDEMIC	11	27	
No Disruption	AMITRIPTYLINE HYDROCHLORIDE	DEPRESSION	11	27	
No Disruption	VERAPAMIL HYDROCHLORIDE ER	ANTIHYPERTENSIVE	10	27	
No Disruption	AMITRIPTYLINE HYDROCHLORIDE	DEPRESSION	10	27	
No Disruption	LIRAGLUTIDE	DIABETES	9	27	
No Disruption	OMEGA-3-ACID ETHYL ESTERS	ANTIHYPERLIPIDEMIC	9	27	
No Disruption	ROSUVASTATIN CALCIUM	ANTIHYPERLIPIDEMIC	9	27	
No Disruption	FLUOXETINE HYDROCHLORIDE	DEPRESSION	8	27	
No Disruption	JUNEL FE 24	ESTROGENS & PROGESTINS	8	27	
No Disruption	SRONYX	ESTROGENS & PROGESTINS	8	27	
No Disruption	ORILISSA	ENDOCRINE	7	27	
No Disruption	OXCARBAZEPINE	ANTICONVULSANT	7	27	
No Disruption	BACLOFEN	OTHER NON-CATEGORIZED	7	27	
No Disruption	ATOMOXETINE HYDROCHLORIDE	ADHD	6	27	
No Disruption	PAROXETINE HYDROCHLORIDE	DEPRESSION	6	27	
No Disruption	LEVETIRACETAM	ANTICONVULSANT	6	27	
No Disruption	HUMALOG	DIABETES	5	27	
No Disruption	FLUOXETINE HYDROCHLORIDE	DEPRESSION	5	27	
No Disruption	HUMIRA	AUTOIMMUNE	5	27	
No Disruption	CLONIDINE HYDROCHLORIDE	ANTIHYPERTENSIVE	5	27	
No Disruption	MIRTAZAPINE	DEPRESSION	4	27	
No Disruption	SIMVASTATIN	ANTIHYPERLIPIDEMIC	4	27	
No Disruption	ERLEADA	CANCER	3	27	
No Disruption	GABAPENTIN	ANTICONVULSANT	3	27	
No Disruption	PROMETHAZINE/DEXTROMETHORPHAN	ALLERGY	25	26	
No Disruption	TOBRAMYCIN/DEXAMETHASONE	OPHTHALMIC	25	26	
No Disruption	CEPHALEXIN	ANTI-INFECTIVE	25	26	
No Disruption	CIPROFLOXACIN HYDROCHLORIDE	ANTI-INFECTIVE	25	26	
No Disruption	CLOBETASOL PROPIONATE	DERMATOLOGICS	23	26	
No Disruption	NYSTATIN	OTHER NON-CATEGORIZED	23	26	
No Disruption	EZETIMIBE	ANTIHYPERLIPIDEMIC	22	26	
No Disruption	TIZANIDINE HYDROCHLORIDE	OTHER NON-CATEGORIZED	22	26	
No Disruption	METOCLOPRAMIDE HYDROCHLORIDE	GASTROINTESTINAL	22	26	
No Disruption	TRETINOIN	DERMATOLOGICS	22	26	
No Disruption	ALBUTEROL SULFATE	ASTHMA/COPD	21	26	
No Disruption	CLOTRIMAZOLE/BETAMETHASONE DIPROPIONATE	DERMATOLOGICS	20	26	
No Disruption	TRIAMCINOLONE ACETONIDE	DERMATOLOGICS	20	26	
No Disruption	CIPROFLOXACIN HYDROCHLORIDE	ANTI-INFECTIVE	20	26	
No Disruption	ONDANSETRON HCL	NAUSEA & VOMITING	20	26	
No Disruption	SERTRALINE HYDROCHLORIDE	DEPRESSION	20	26	
No Disruption	NYSTATIN	DERMATOLOGICS	20	26	
No Disruption	METHYLPHENIDATE HYDROCHLORIDE ER	ADHD	19	26	
No Disruption	LIOTHYRONINE SODIUM	THYROID AGENTS	19	26	
No Disruption	METRONIDAZOLE	ANTI-INFECTIVE	19	26	
No Disruption	DIAZEPAM	ANXIETY	18	26	
No Disruption	JENCYCLA	ESTROGENS & PROGESTINS	16	26	
No Disruption	BUSPIRONE HYDROCHLORIDE	ANXIETY	16	26	
No Disruption	FENOFIBRATE	ANTIHYPERLIPIDEMIC	15	26	
No Disruption	CYCLOBENZAPRINE HYDROCHLORIDE	OTHER NON-CATEGORIZED	15	26	
No Disruption	LISDEXAMFETAMINE DIMESYLATE	ADHD	15	26	
No Disruption	AMPHETAMINE/DEXTROAMPHETAMINE	ADHD	15	26	
No Disruption	METHYLPHENIDATE HYDROCHLORIDE ER	ADHD	14	26	
No Disruption	AMPHETAMINE/DEXTROAMPHETAMINE	ADHD	14	26	
No Disruption	CLINDAMYCIN PHOSPHATE/BENZOYL PEROXIDE	DERMATOLOGICS	14	26	
No Disruption	SIMVASTATIN	ANTIHYPERLIPIDEMIC	13	26	
No Disruption	VILAZODONE HYDROCHLORIDE	DEPRESSION	13	26	
No Disruption	GABAPENTIN	ANTICONVULSANT	13	26	
No Disruption	PRAVASTATIN SODIUM	ANTIHYPERLIPIDEMIC	12	26	
No Disruption	DIVALPROEX SODIUM ER	ANTICONVULSANT	11	26	
No Disruption	BISOPROLOL FUMARATE	ANTIHYPERTENSIVE	11	26	
No Disruption	CLONIDINE HYDROCHLORIDE	ANTIHYPERTENSIVE	11	26	
No Disruption	MIRTAZAPINE	DEPRESSION	10	26	
No Disruption	DEXMETHYLPHENIDATE HCL ER	ADHD	10	26	
No Disruption	HYDROXYZINE PAMOATE	ANXIETY	10	26	
No Disruption	MORPHINE SULFATE ER	PAIN	9	26	
No Disruption	RAMIPRIL	ANTIHYPERTENSIVE	9	26	
No Disruption	LEVOTHYROXINE SODIUM	THYROID AGENTS	9	26	
No Disruption	PIOGLITAZONE HYDROCHLORIDE	DIABETES	9	26	
No Disruption	TRIAMTERENE/HYDROCHLOROTHIAZIDE	ANTIHYPERTENSIVE	9	26	
No Disruption	AMITRIPTYLINE HYDROCHLORIDE	DEPRESSION	9	26	
No Disruption	LARIN 1/20	ESTROGENS & PROGESTINS	8	26	
No Disruption	METOPROLOL TARTRATE	ANTIHYPERTENSIVE	8	26	
No Disruption	HAILEY 1.5/30	ESTROGENS & PROGESTINS	8	26	
No Disruption	GLIPIZIDE ER	DIABETES	8	26	
No Disruption	ARMODAFINIL	SLEEP DISORDERS	7	26	
No Disruption	LISINOPRIL	ANTIHYPERTENSIVE	7	26	
No Disruption	ARIPIPRAZOLE	ANTIPSYCHOTIC	7	26	
No Disruption	NORGESTIMATE/ETHINYL ESTRADIOL	ESTROGENS & PROGESTINS	7	26	
No Disruption	HUMULIN N	DIABETES	7	26	
No Disruption	EZETIMIBE	ANTIHYPERLIPIDEMIC	6	26	
No Disruption	DIVALPROEX SODIUM ER	ANTICONVULSANT	6	26	
No Disruption	PRASUGREL HYDROCHLORIDE	ANTICOAGULANT	6	26	
No Disruption	ATENOLOL	ANTIHYPERTENSIVE	6	26

Attachment D
Performance Guarantees
Solicitation Number: 122436 O5

Bidder: Blue Cross and Blue Shield of Nebraska / Prime Therapeutics, LLC

The Plan will require specific performance guarantees. Please fill out the table below. In addition, you may provide other guarantees designed to differentiate your program. All guarantees shall be set and measured according to the timing of payments in the chart below. Measurement of performance guarantees may be based on internal self-reporting, subject to independent audit.

Criteria	Standard	Measurement Criteria	Penalty Dollars at Risk	Timing of Payments	Confirm / Not Confirmed
Implementation					
Error Free Implementation	PBM shall implement the plan benefit without any system errors or ID card delays. Online access to all Plan features prior to go-live date.	Plan Specific	$50,000	Reported no later than 60 days after 'go-live' dates.	**Confirmed**
Implementation Satisfaction Scorecard	The Plan may assess a penalty if the Plan benefits staff does not rate PBM implementation performance an average of 3 or better on a scale of 1 to 5 (5 being the best)	Plan Specific	$50,000	Reported no later than 60 days after 'go-live' dates.	**Confirmed**
Payment Accuracy & System Performance					
Quarterly Rebate Payments	Quarterly rebate payments/credits will be remitted to client within 60 calendar days from close of the respective quarter.	Plan Specific	1% of the quarterly rebate payment for each quarterly miss	Annually	**Confirmed with Modification:** Quarterly rebates payments will be credited 75 days after the close of the respective quarter.
Year-End Reconciliation and Reporting for Rebate Guarantees	PBM shall complete the year-end reconciliation of rebate guarantees no later than 210 calendar days following the close of the contract year. Within 210 days following the close of the contract year, PBM shall compensate client dollar for dollar for any rebate shortfall.	Plan Specific	$10,000 for reporting miss and $50,000 for payment miss	Annually	**Confirmed**
Year-End Reconciliation and Reporting for Discount/Dispensing Fee Guarantees.	PBM shall complete the year-end reconciliation of discount and dispensing fee guarantees no later than 90 calendar days following the close of the contract year. Within 90 calendar days following the close of the contract year, PBM shall compensate client dollar for dollar for any shortfall in performance.	Plan Specific	$10,000 for reporting miss and $50,000 for payment miss	Annually	**Confirmed**
Plan Administration Accuracy	Implementation of all plan design changes will be 100% accurate	Plan Specific	$20,000	Annually	**Confirmed**
Pricing Change Accuracy	Implementation of all pricing changes will be 100% accurate	Plan Specific	$20,000	Annually	**Confirmed**
Financial accuracy (electronic and paper claims)	Percentage of claim payments made without error relative to the total dollars paid will be at least 99.9%	BOB	$20,000	Annually	**Confirmed with Modification**: **Electronic Claims Adjudication Accuracy on Book-of-Business Results** Prime guarantees a 99% Claims Adjudication accuracy rate for POS Claims, including but not limited to Benefit Plan Design, Formulary status, UM, or DUR edits. Claims processing under any benefit plans submitted to Prime after the 15th of the month prior to its effective date will not be counted in this metric until it is reviewed under Prime's standard quality assurance process, after which BCBSNE and Prime will work together to create a priority list and schedule for testing under Prime's QA process. All benefit plans are fully tested with coding verification QC and test claims run prior to placing benefits into production. BCBSNE will be requested to review the result of all benefits both at implementation and as new plans are built throughout the relationship with Prime. BCBSNE's review of plan test results should occur within 30 Days of the plan implementation. An audit of Adjudicated Claims will occur annually according to Prime's auditing procedures, as shared with BCBSNE. Audit results will be validated against the benefit source documentation and test claims. Audit results will be calculated by totaling all accurately Adjudicated Claims audited and dividing by the total number of Adjudicated Claims audited. • Only Benefit Plans receiving client quality testing review and approval will be included in this measure. Confirming results are on book of business.

Criteria	Standard	Measurement Criteria	Penalty Dollars at Risk	Timing of Payments	Confirm / Not Confirmed
Mail Service Non-Financial Accuracy	The mail service pharmacy shall guarantee dispensing accuracy of at least 99.5% (correct participant name, correct participant address, correct drug, correct dosage form, and correct strength)	BOB	$20,000	Annually	**Confirmed** **Pharmacy Dispensing Accuracy Guarantee (DAG)** Overall mail service dispensing accuracy rate of 99.5%. An error will include incorrect patient, incorrect directions, incorrect strength, or incorrect medication in the container. Notwithstanding the foregoing, an error will not include immaterial matters such as generic substitution not addressed, incorrect spelling of a plan member's name on the label, or incorrect spelling of a physician's name. Guarantee will be 99.5%. Accuracy determined by dividing the totalnumber of errors by the total number of prescriptions shipped for its book of business and reported as Met or Not Met. Measured Quarterly (true up 7-10 days after Quarter's end) Payment Frequency: Annual Confirming are on book-of-business.
System Downtime	At least 99.5% access to its systems by all the retail pharmacies in PBM's network 24 hours a day, 7 days a week, 365 days a year	BOB	$20,000	Annually	**Confirmed with Modification:** **Quarterly Availability of Key Systems – MyPrime** Prime guarantees a 99.0% system availability for Tier 1 systems and a 98% availability for Tier 2 systems. This standard applies to connectivity for pharmacy Claims Adjudication only and does not include BCBSNE connectivity for inquiry and updates. Systems included in this metric: • MyPrime.com (tier-two) – measured 24 hours a Day, 7 Days a week, computed annually Reports of unplanned downtime from Prime's service management ticketing system will be utilized for reporting the availability of key systems. Measurements exclude the occurrence of the following: • Planned system downtime • Circumstances beyond Prime's reasonable control Annual report and reconciliation. Confirming results are on book of business.
Claims Eligibility Data	Eligibility loads not to exceed one (1) business day after receipt	Plan Specific	$2,000 per occurrence	Annually	**Not Confirmed** An eligibility loading guarantee is offered under the medical proposal. Prime does not offer standalone pharmacy administration.
Eligibility Data Error Reporting	Eligibility file error reporting on all eligibility file updates will be provided to the Plan within two (2) business days	Plan Specific	$2,000 per occurrence	Annually	**Not Confirmed** Eligibility is handled under the medical administration. Prime does not offer standalone administration.
Claims Detail File	All claims detail files sent to external vendors will be provided within 48 hours of scheduled delivery date	Plan Specific	$2,000 per occurrence	Annually	**Confirmed**
Timeliness of Response to Legislative Bills and Fiscal Notes	100% of Legislative Bills and Fiscal Notes introduced will be responded to timely, as requested by the State, and in no less than 24-hours of initial receipt. Administrator will provide written responses regarding the potential impact of all Legislative Bills and Fiscal Notes introduced by the State and in the timing outlined in this PG.	Plan Specific	$2,000 per occurrence	Quarterly	**Confirmed with Modification:** BCBSNE will guarantee 100% of legislative bills introduced will be responded to timely, as requested by the State, within 24 hours of initial receipt. BCBSNE will provide written responses regarding the potential impact of all legislative bills. This guarantee does not include fiscal notes and analysis.
Member Services					
Mail Turnaround – Prescriptions not requiring intervention	95% of prescriptions dispensed within two (2) business days and 100% within four (4) business days	Plan Specific	$20,000	Annually	**Confirmed with Modification:** **Customer Delivery Promise Guarantee** All prescriptions received by Pharmacy and claimed by customer through a completed, successful checkout will have a first-delivery attempt to customers address on or before the Customer Delivery Promise Date. "Customer Delivery Promise Date" is the delivery date presented to customer upon checkout and is based on 2-day shipping (for Amazon Prime members) or 5-day shipping (for non-Amazon Prime members), provided, however, that Pharmacy may vary the actual shipping time so long as the Customer Delivery Promise Date is met. CPG= First Attempted Delivery on time – exclusions/Total Orders Delivered Orders Delivered refers to orders with delivery scans confirming on-time or late delivery or attempted delivery Excludes: 1. Natural Disasters (Weather, earthquake, etc.) 2. Incorrect address information provided by the customer/member. 3. Delivery address change post-shipment 4. Rescheduled deliveries that were delayed by the recipient. 5. Emergency conditions preventing business operations (ex. Active shooter on site, Civil Unrest, Covid-19, etc.). 6. Shipments with no delivery scans (no-scans) up to 1% of total shipments. Shipments with no-scans above 1% will be counted as a delivery miss. **Note: The Customer Delivery Promise Guarantee will include both the 2-day day and 5-day at 97% target.** Quarterly true up 7-10 days after quarter's end; reported annually. **Results will be based on book of business.**

Criteria	Standard	Measurement Criteria	Penalty Dollars at Risk	Timing of Payments	Confirm / Not Confirmed
Mail Turnaround – Prescriptions requiring intervention	95% of prescriptions dispensed within four (4) business days and 100% within seven (7) business days	Plan Specific	$20,000	Annually	**Not Confirmed** Please see mail turnaround time immediately above. We do not differentiate between routine and non-routine (intervention) turnaround.
Paper Claims Turnaround	95% of prescriptions reimbursed within seven (7) business days and 100% within 10 business days	Plan Specific	$20,000	Annually	**Confirmed with Modification:** Paper Claims Prime guarantees 95% of clean claims will be processed within 5 business days. Measured Quarterly. Annual reconciliation of any penalties. **Results will be based on book of business.**
Phone Average Speed of Answer	100% of calls to the Plan-specific toll-free line shall be answered within an average of 30 seconds (excluding IVR)	Plan Specific	$20,000	Annually	**Not Confirmed** Average speed to answer guarantee is offered under the medical proposal. Prime does not offer standalone pharmacy administration.
Phone Abandonment Rate	100% of calls to the Plan-specific toll-free line shall be answered with an abandonment rate of 2% of less	Plan Specific	$20,000	Annually	**Not Confirmed** Phone abandonment rate is offered under the medical proposal. Prime does not offer standalone pharmacy administration.

PG Conditions

1) Any penalties shall be paid to the State via ACH payment. Penalties are not to be credited to invoices or used to offset ASO fees.
2) For performance guarantee measures where interface between the Administrator and the State and/or the State's vendor(s) is required, the applicable penalties shall apply to the Administrator if, and only if, the error(s) or lack of timeliness is caused by the Administrator. Penalties shall not apply to the Administrator due to errors caused by the State and/or one or more of the State's vendors.
3) Performance Guarantees will be based upon the Administrator's self-reported results. Please note the State may ask for validation of reported PGs.

DETAILED PROJECT WORK PLAN

BCBSNE's project work plan will be driven by the initial implementation management activities. Our team of experienced Agile Project Management professionals will ensure the State of Nebraska (the State) is onboarded successfully to ensure full readiness on the State's "go live" date of July 1, 2026.

1. Project Initiation and Planning (December 2025)

- **Kick-off Meeting**: Conduct a comprehensive kick-off meeting with key stakeholders from both BCBSNE and the State of Nebraska to align project goals, timelines, and deliverables.
- **Project Team Formation**: Implementation team will establish participants for regular meetings, including account team members, project managers, network specialists, care management experts, and IT professionals.
- **Detailed Project Plan Development**: Finalize the detailed project plan that outlines all tasks, milestones, and deadlines, ensuring alignment with the ***Implementation Timeline*** shown in the following pages.

2. Network Establishment and Contracting (December 2025 – January 2026)

- **Confirm Provider Networks to be Implemented**: If direct contracting will be utilized (optional), the State will work with BCBSNE's network personnel to establish all contractual agreements documenting the direct arrangement.
- **Provider Communication**: Communicate with providers about the direct network arrangement (if any) and an announcement that the State of Nebraska is transitioning to BCBSNE for awareness.

3. Care and Utilization Management Programs (January 2026 - March 2026)

- **Program Implementation**: Implement BCBSNE's care management and utilization management programs.
- **Training and Education**: Provide training sessions for care management staff to ensure they are fully equipped to manage the new programs effectively.
- **Confirm Healthcare Facility Location(s) of BCBSNE Nurse Care Managers**: Establish and document how BCBSNE's nurse care managers will be available at key healthcare facilities.

4. Point Solution Vendor Integration (January 2026 - March 2026)

- **Vendor Coordination**: Coordinate with point solution vendors selected by the State (e.g., Hinge Health, enhanced maternity and NICU management, diabetes and weight management programs, second opinion program) to integrate their services into the overall plan.
- **System Integration**: Ensure seamless integration of vendor programs with BCBSNE's systems, including data sharing and reporting mechanisms.

5. Member Communication and Engagement (April 2026 – May 2026)

- **Communication Strategy Execution**: Execute the enhanced member communications strategy, ensuring all members are informed about BCBSNE's new programs and services available to them.
- **Member Education**: Conduct webinars (if desired), send out informational materials, and provide support to help members understand and utilize their benefits effectively. Ensure they have complete information available for the State's open enrollment in May of 2026 and physically attend open enrollment meetings at key sites for the State.

6. Final Preparations and Go-Live (June 2026 - July 2026)

- **Final Testing and Validation**: Perform final testing of all systems and processes to ensure everything is functioning correctly and benefit plans are fully loaded and tested to ensure accurate processing.
- **Go-Live Readiness Check**: Conduct a readiness check to confirm that all aspects of the project are on track for the July 1, 2026, go-live date.
- **Go-Live Support**: Provide on-site and remote support during the initial go-live period to address any issues that may arise promptly, including customer service during the open enrollment period, a 24/7 phone line as requested, and having the State's website up and running prior to open enrollment to provide members with benefit information and member communications.

7. Post-Implementation Review (July 20267 - September 2026)

- **Performance Review**: Conduct a post-implementation review to assess the success of the onboarding process and identify any areas for improvement. Submit the ***Implementation Satisfaction survey*** to the State's benefits staff members.
- **Continuous Improvement**: Implement any necessary adjustments based on feedback and performance data to ensure ongoing success.

This work plan ensures that all critical aspects of the onboarding process are addressed systematically, with a focus on timely and effective implementation. Our experienced team will manage each phase with precision, ensuring a smooth transition for the State of Nebraska's pharmacy administration.

DELIVERABLES AND DUE DATES

Per the State's requested deliverables within Section V. Project Description & Scope of Work, H. Deliverables, BCBSNE will ensure that all topics are fully addressed during the implementation phase prior to the July 1, 2026, effective date.

V. Project Description & Scope of Work, H. DELIVERABLES

1. Claims Adjudication
2. Member Enrollment and Eligibility Maintenance
3. ID Card Production and Distribution
4. Formulary Management and Rebate Pass-Through
5. Clinical and Utilization Management
6. Retail Pharmacy Network Management
7. Specialty and Mail Order Pharmacy
8. Patient and Provider Education
9. Systematic Prospective, Concurrent and Retroactive Drug Utilization Review
10. Auditing Rights
11. Account Management Services (including standard/custom reporting and online systems)
12. Member Services (including call center, website portal and mobile app)
13. Claims data sharing with State, healthcare and data analytics vendors

BCBSNE, in collaboration with Prime Therapeutics, is fully prepared to meet the State's pharmacy benefit management needs as outlined in Section V, Project Description & Scope of Work, H. Deliverables of the Pharmacy RFP noted above.

Our proposal addresses each of the 13 required deliverables—including claims adjudication, member enrollment and eligibility maintenance, ID card production, formulary management with full rebate pass-through, clinical and utilization management, and robust retail and specialty pharmacy network solutions.

We will also work with the State to ensure a clear patient and provider education campaign is created depending on the formulary selected. Our Developmental Approach addresses systematic drug utilization review, and our responses included within Attachment C1 Questionnaire address audit rights. The Questionnaire also notes our account management and member service capabilities, as well as data sharing and integration with the State's healthcare and analytics partners.

To support a seamless and timely transition, we have included a detailed Implementation Timeline that outlines key milestones and due dates for each deliverable (also included within our Detailed Project Work Plan). This timeline ensures that all critical components are in place for a successful go-live date of July 1, 2026.

Our experienced implementation and account management teams will work closely with the State throughout the transition and ongoing operations to ensure all deliverables are met with the highest standards of quality, transparency, and responsiveness.

BlueCross BlueShield Nebraska

Schedule of Benefits Summary

Group Name: State of Nebraska

Effective Date: July 1, 2026

Payment for Services	In-network Provider	Out-of-network Provider
Covered Services are reimbursed based on the Allowable Charge. Blue Cross and Blue Shield of Nebraska (BCBSNE) In-network Providers have agreed to accept the benefit payment as payment in full, not including Deductible, Coinsurance and/or Copayment amounts and any charges for Noncovered Services, which are the Covered Person's responsibility. That means In-network Providers, under the terms of their contract with BCBSNE, can't bill for amounts over the Contracted Amount. In some situations, Out-of-network Providers can bill for amounts over the Out-of-network Allowance. Cost-sharing and reimbursement amounts for categories showing "Same as any other Illness" may vary based on where Services are rendered.		
In-network Provider: The provider network is shown on your I.D. card. For help locating In-network Providers, visit NebraskaBlue.com/DoctorFinder. For certain Durable Medical Equipment, Independent Laboratory and Specialty Drug Services, the Doctor Finder may display providers that are considered Out-of-network for these types of Services. Refer to your benefit book for additional information.		
Deductible (the amount the Covered Person pays each Calendar Year for Covered Services before the Coinsurance is payable)		
• Individual	$1,400	$2,800
• Family (Embedded*)	$2,600	$5,200
Coinsurance (the percentage amount the Covered Person must pay for most Covered Services after the Deductible has been met)		
• Covered Person Pays	20%	40%
• Plan Pays	80%	60%
Medical Out-of-pocket Limit (includes medical Deductible, Coinsurance and Copayments)		
• Individual	$4,000	$8,000
• Family (Embedded*)	$8,000	$16,000
In-network and Out-of-network Deductible and Out-of-pocket Limits cross accumulate. All other limits (days, visits, sessions, dollar amounts, etc.) cross accumulate between In-network and Out-of-network, unless noted differently. Day, session or visit limits for certain Services shown on this summary are not applicable to Mental Health and/or Substance Use Disorder Services. Once the annual Out-of-pocket Limit is reached, most Covered Services are payable by the plan at 100% for the rest of the Calendar Year.		
*Embedded – If you have single coverage, you only need to satisfy the individual Deductible and Out-of-pocket Limit. If you have family coverage, no one family member contributes more than the individual amount. Family members may combine their covered expenses to satisfy the required family Deductible and Out-of-pocket Limit.		
Copayment(s) (Copay(s)) apply to: • Physician Office • Urgent Care Facility • Prescription Drugs The Copay amount varies by the type of Covered Services. Refer to the appropriate category for benefit information.		
Services may require Preauthorization. Failure to obtain Preauthorization will result in denial of benefits. **For additional information regarding Preauthorization procedures visit NebraskaBlue.com/PreAuth.**		

Covered Services – Illness or Injury	In-network Provider	Out-of-network Provider
Primary Care Physician Office Visit	$35 Copay	Deductible and Coinsurance
Specialist Physician Office Visit	$45 Copay	Deductible and Coinsurance
Physician Home Visits	Deductible and Coinsurance	Deductible and Coinsurance
Benefits for **Primary Care Physician** or **Specialist Physician office visit** include the **office visit** (including the initial visit to diagnose Pregnancy), consultations and medication checks.

Refer to your benefit book for additional information.		
Deductible (the amount the Covered Person pays each Calendar Year for Covered Services before the Coinsurance is payable)		
• Individual	$3,400	$5,200
• Family (Embedded*)	$5,300	$10,400
Coinsurance (the percentage amount the Covered Person must pay for most Covered Services after the Deductible has been met)		
• Covered Person Pays	20%	40%
• Plan Pays	80%	60%
Out-of-pocket Limit (includes Deductible, Coinsurance and Copayments)		
• Individual	$4,400	$8,200
• Family (Embedded*)	$8,300	$16,400
In-network and Out-of-network Deductible and Out-of-pocket Limits are separate and do not cross accumulate. All other limits (days, visits, sessions, dollar amounts, etc.) cross accumulate between In-network and Out-of-network, unless noted differently. Day, session or visit limits for certain Services shown on this summary are not applicable to Mental Health and/or Substance Use Disorder Services. Once the annual Out-of-pocket Limit is reached, most Covered Services are payable by the plan at 100% for the rest of the Calendar Year.		
*Embedded – If you have single coverage, you only need to satisfy the individual Deductible and Out-of-pocket Limit. If you have family coverage, no one family member contributes more than the individual amount. Family members may combine their covered expenses to satisfy the required family Deductible and Out-of-pocket Limit.		
Copayment(s) (Copay(s)) apply to: • This plan has no medical or prescription drug copays The Copay amount varies by the type of Covered Services. Refer to the appropriate category for benefit information.		
Services may require Preauthorization. Failure to obtain Preauthorization will result in denial of benefits. **For additional information regarding Preauthorization procedures visit NebraskaBlue.com/PreAuth.**

Please note: This Schedule of Benefits Summary is intended to provide you with a brief overview of your benefits. It is not a Contract and should not be regarded as one. For more complete information about your plan, including benefits, exclusions, and limitations, refer to the Contract. In the event there are discrepancies between this document and the Contract, the terms and conditions of the Contract will govern.

PremierBlue

BlueCross BlueShield Nebraska

Schedule of Benefits Summary

Group Name: State of Nebraska

Effective Date: July 1, 2026

Payment for Services	In-network Provider	Out-of-network Provider
Covered Services are reimbursed based on the Allowable Charge. Blue Cross and Blue Shield of Nebraska (BCBSNE) In-network Providers have agreed to accept the benefit payment as payment in full, not including Deductible, Coinsurance and/or Copayment amounts and any charges for Noncovered Services, which are the Covered Person's responsibility. That means In-network Providers, under the terms of their contract with BCBSNE, can't bill for amounts over the Contracted Amount. In some situations, Out-of-network Providers can bill for amounts over the Out-of-network Allowance. Cost-sharing and reimbursement amounts for categories showing "Same as any other Illness" may vary based on where Services are rendered.		
In-network Provider: The provider network is shown on your I.D. card. For help locating In-network Providers, visit NebraskaBlue.com/DoctorFinder. For certain Durable Medical Equipment, Independent Laboratory and Specialty Drug Services, the Doctor Finder may display providers that are considered Out-of-network for these types of Services. Refer to your benefit book for additional information.		
Deductible (the amount the Covered Person pays each Calendar Year for Covered Services before the Coinsurance is payable) • Individual • Family (Embedded*)	 $800 $1,600	 $1,600 $3,200
Coinsurance (the percentage amount the Covered Person must pay for most Covered Services after the Deductible has been met) • Covered Person Pays • Plan Pays	 20% 80%	 30% 70%
Medical Out-of-pocket Limit (includes medical Deductible, Coinsurance and Copayments) • Individual • Family (Embedded*)	 $2,700 $5,400	 $5,400 $10,800
In-network and Out-of-network Deductible and Out-of-pocket Limits cross accumulate. All other limits (days, visits, sessions, dollar amounts, etc.) cross accumulate between In-network and Out-of-network, unless noted differently. Day, session or visit limits for certain Services shown on this summary are not applicable to Mental Health and/or Substance Use Disorder Services. Once the annual Out-of-pocket Limit is reached, most Covered Services are payable by the plan at 100% for the rest of the Calendar Year.		
*Embedded – If you have single coverage, you only need to satisfy the individual Deductible and Out-of-pocket Limit. If you have family coverage, no one family member contributes more than the individual amount. Family members may combine their covered expenses to satisfy the required family Deductible and Out-of-pocket Limit.		
Copayment(s) (Copay(s)) apply to: • Physician Office • Urgent Care Facility • Physical, Occupational, Speech Therapy • Cognitive Rehabilitation Therapy • Post-Cochlear Implant Aural Therapy • Manipulations and Adjustments • Prescription Drugs The Copay amount varies by the type of Covered Services. Refer to the appropriate category for benefit information.		
Services may require Preauthorization. Failure to obtain Preauthorization will result in denial of benefits. **For additional information regarding Preauthorization procedures visit NebraskaBlue.com/PreAuth.**

Please note: This Schedule of Benefits Summary is intended to provide you with a brief overview of your benefits. It is not a Contract and should not be regarded as one. For more complete information about your plan, including benefits, exclusions, and limitations, refer to the Contract. In the event there are discrepancies between this document and the Contract, the terms and conditions of the Contract will govern.

State of Nebraska
Pharmacy Benefit Administration
Plan Recommendations & Deviations

Blue Cross and Blue Shield of Nebraska (BCBSNE) has listed the significant deviations to State of Nebraska's (the State's) current schedules of benefits (SOBs) and the benefits BCBSNE is proposing as noted on the enclosed SOBs within bid response. BCBSNE has based our proposed benefit plans on the incumbent benefit offerings where available; however, our proposal does not assume a 100% duplication of the employer's incumbent benefits. We have not agreed to duplicate the employer's existing benefit provisions, exclusions, special network arrangements (if applicable), and third-party vendor programs (if applicable). Our proposal assumes the use of BCBSNE's standard processes for the following categories (unless noted otherwise within the deviations):

- Claims administration programs (claim edits, fraud, waste and abuse investigations, etc.)
- Medical management programs (including services requiring precertification)
- Radiology management program
- Spine pain management program
- Medical policy determinations
- Subrogation
- Coordination of benefits
- Appeals procedures
- Definitions
- Exclusions (non-covered services)
- Transplant benefits
- Preventive services
- Telehealth through Amwell
- Member services (customer service)
- Pharmacy programs

The use of BCBSNE's standard benefits, processes, and procedures indicated above will allow BCBSNE to be cost efficient, resulting in savings to the State.

Upon a final decision to accept BCBSNE's administration, we will coordinate with the State to establish a finalized benefits package.

Current SPD Page Number (Applies to all Plans unless otherwise specified)	Current Benefit/Provision	Blue Cross and Blue Shield of Nebraska's Proposed Benefit/ Provision
SPD - SECTION 15 - PRESCRIPTION DRUGS – EXCLUSIONS – Pg	Prescription Drug as a replacement for a previously dispensed Prescription Drug that was lost, stolen, broken or destroyed.	BCBSNE provides coverage for one replacement for a lost, stolen, broken, or destroyed medication up to a 30 day supply one time per calendar year per medication.
WELLNEBRASKA PLANSPD - SECTION 15 - PRESCRIPTION DRUGS - WELLNEBRASKA PLAN (INCENTIVE) – Pg 172-173	The current plan offers a different (lower) Out-of-Pocket Maximum and lower copays based on a Wellness Incentive.	While BCBSNE does not offer cost share differentials on an incentivized basis, we would like to explore utilizing the IRS expanded preventive benefit list to meet the State's needs. We are fully open to adjusting our proposed Wellness schedule of benefits to accommodate the State's intent for wellness participation.

Blue Cross and Blue Shield of Nebraska is an Independent Licensee of the Blue Cross and Blue Shield Association

State of Nebraska
Pharmacy Benefit Administration
Plan Recommendations & Deviations

Current SPD Page Number (Applies to all Plans unless otherwise specified)	Current Benefit/Provision	Blue Cross and Blue Shield of Nebraska's Proposed Benefit/ Provision
SPD - SECTION 15 - PRESCRIPTION DRUGS - SPECIAL PROGRAMS – Pg 184	State of Nebraska and UnitedHealthcare may have certain programs in which you may receive an enhanced or reduced benefit based on your actions such as adherence/compliance to medication or treatment regimens and/or participation in health management programs. You may access information on these programs through the Internet at www.myuhc.com or by calling the number on your ID card.	BCBSNE does not include an enhanced or reduced benefit based on a member's actions. Upon bid award, additional discussion with the State is requested to understand details of this program.

BCBNE's standard processes will apply to the following provisions:	
Medical Management and Medical Policy	BCBSNE maintains a thorough and effective medical management program. Our program requires precertification of all inpatient hospital stays, skilled nursing care, hospice care, inpatient physical rehabilitation, and long-term acute care. For mental health and substance abuse, we require precertification on all inpatient admissions as well as outpatient visits, beginning on the 90th visit. Our Medical Policy and Radiology Management Programs require preauthorization for outpatient services, procedures, transplants, pulmonary rehabilitation, subsequent purchases of durable medical equipment, and certain prescription drugs. Our entire Medical Management Program consists not only of these precertification and preauthorization requirements, but also our Care Coordination, Member Education, Nurse Health Coaching and Case Management Programs, licensed medical professionals administer all. A list of services which require prior certification or preauthorization may be obtained at www.NebraskaBlue.com. Certification and preauthorization requirements are subject to change.
Subrogation	BCBSNE's standard processes for subrogation and workers' compensation will be used. The systems we utilize to identify, and track subrogation cases/recoveries and workers' compensation claims are fully integrated with our claims system. We do not outsource our subrogation and workers' compensation administration. All work is performed by BCBSNE employees who are knowledgeable in all applicable state and federal laws. Our Subrogation and Workers' Compensation Departments rely on legal support from BCBSNE's Legal Department and exceed industry averages in recoveries for our groups. The demonstrated success of our subrogation and workers' compensation efforts support the use of BCBSNE standard language, policies and procedures with regard to recoveries.

Blue Cross and Blue Shield of Nebraska is an Independent Licensee of the Blue Cross and Blue Shield Association

State of Nebraska
Pharmacy Benefit Administration
Plan Recommendations & Deviations

BCBNE's standard processes will apply to the following provisions:	
Coordination of Benefits	BCBSNE will apply our standard processes for coordination of benefits (COB), which follow the most recent National Association of Insurance Commissioners (NAIC) COB model. After the primary plan has applied payment, secondary payments are administered on any remaining allowable expenses up to the amount BCBSNE would have paid had we been the primary payer. BCBSNE's standard contract allows recoveries involving auto, no-fault, personal injury protection and homeowner's medical coverage to be managed through our Subrogation and Contractual Right of Recovery provisions. For Medicare COB, we coordinate when the member has received benefits from Medicare. Therefore, we do not coordinate with "Phantom Medicare" – payment that coordinates against what Medicare would have paid even though Medicare benefits do not actually exist because a member did not enroll. Following the NAIC's COB model allows us to function in the most efficient and effective manner that benefits the members and the employer.
Appeals	BCBSNE has established internal appeals processes and external review processes that comply with state and federal law. Therefore, BCBSNE will apply its standard appeals processes. BCBSNE utilizes internal medical professionals as well as outside physicians when reviewing member appeals.
Transplant Services	BCBSNE's transplant benefits will be offered based on our standard benefits and provisions. We include benefits for the following transplants, which may be available for covered members if they meet our approved, established criteria or medical policies: Liver, heart, lung(s), heart-lung, heart valve, kidney, kidney-pancreas, cornea, parathyroid, small intestine, small intestine-liver, small intestine-multiple viscera, and bone marrow (including autologous and allogeneic stem cell transplants. Benefits for the donation of organs or tissues to a Covered Person: The cost of care for Services arising from an organ donation from either live or nonliving donors, including all acquisition costs, when the recipient is a Covered Person, will be covered for the duration of the Contract of the Covered Person. Benefits for donation include Covered Services for treatment of complications resulting from the organ/tissue donation.
Prescription Drug Program	BCBSNE partners with Prime Therapeutics, LLC, to provide competitive prescription drug discounts and administration. Our proposal assumes the use of our standard provisions regarding the administration of prior authorizations and quantity limits. In addition, we will administer the pharmacy benefits according to our prescription drug and specialty drug lists, including our list of excluded drugs. BCBSNE has the right to change the prescription drug or tier status of a drug at any time without prior notice.

Prime Therapeutics is an independent company providing pharmacy benefit management services for Blue Cross and Blue Shield of Nebraska (BCBSNE), an independent licensee of the Blue Cross Blue Shield Association.

Blue Cross and Blue Shield of Nebraska is an Independent Licensee of the Blue Cross and Blue Shield Association

RFP DEVIATIONS

SECTION II. TERMS AND CONDITIONS

A. GENERAL, 1.

In addition to the list of documents the State has listed within A. GENERAL, Items 1a. through 1e., BCBSNE will require that our Administrative Services Agreement and the Business Associate Agreement also become part of the State of Nebraska's (the State's) contract.

SECTION III. VENDOR DUTIES

A. INDEPENDENT VENDOR / OBLIGATIONS

BCBSNE cannot agree to the requirements as written regarding subcontractors. As a full service insurance company and administrator, we are continually reviewing and updating our subcontractors. Any subcontractors utilized on the State's account will follow BCBSNE's specific subcontractor agreement. The contracts with these vendors include all necessary provisions required by BCBSNE and we do not offer customization to our subcontractor agreements based on employers' requirements.

I. OWNERSHIP OF INFORMATION AND DATA / DELIVERABLES

BCBSNE does not agree to the language within this provision and have offered replacement language as follows here:

Data contained in membership files submitted to BCBSNE by the State are the property of the State. Once the files submitted to BCBSNE are entered into BCBSNE's proprietary systems, the data produced, extracted or reported from the BCBSNE systems is the property of BCBSNE ("BCBSNE Proprietary Data"). Any requests for disclosures to third parties or uses of BCBSNE Proprietary Data by the State shall require mutual consent of the parties here to. BCBSNE would require the execution of a non-disclosure agreement with another contractor to the extent the cooperation would require the exchange of data.

J. INSURANCE REQUIREMENTS

BCBSNE does not agree to the requirements surrounding subcontractor insurance coverage. BCBSNE requires subcontractors to carry adequate levels of corporate insurance; however, BCBSNE is not responsible for ensuring subcontractors maintain specific levels of insurance, nor do we provide worker's compensation insurance to any BCBSNE subcontractors. In the event an issue occurs with a subcontractor and the subcontractor does not have adequate insurance coverage, BCBSNE's corporate insurance will prevail.

L. CONFLICT OF INTEREST

BCBSNE agrees that it shall not solicit State of Nebraska employees for the term of this agreement, provided that the foregoing provision will not prevent BCBSNE from employing any such person who contacts BCBSNE on his or her own initiative without any direct or indirect solicitation by, or encouragement from, BCBSNE, or in response to general advertisements not specifically directed at any employee of the State of Nebraska.

P. DISASTER RECOVERY / BACK UP PLAN

BCBSNE does not agree with the requirement of providing a copy of our detailed recovery standards. BCBSNE has documented and implemented specific business continuity and disaster recovery plans; however, the plans contain competitively sensitive information (CSI) and personally identifiable information (PII); therefore, we do not provide copies to third parties. We can, however, make our recovery plan available for inspection on site at BCBSNE.

R. WARRANTY

BCBSNE's recommended alternative is therefore the following:

WARRANTY
Despite any clause to the contrary, the Vendor represents and warrants that its services hereunder shall be performed by competent personnel and shall be of professional quality consistent with generally accepted industry standards for the performance of such services and shall comply in all respects with the requirements of this Agreement.

T. BUSINESS ASSOCIATE AGREEMENT

BCBSNE cannot agree to the Business Associate agreement as written. We have provided a signed version with our revisions, as well as a redlined version for review of our revisions.

SECTION IV. PAYMENT

D. INSEPCTION AND APPROVAL

BCBSNE agrees to allow inspections, but such inspections shall not occur more than annually and are subject to 90 days' advanced notice. In addition, such inspections shall be subject to the terms of an audit agreement that will define the scope of the inspection and the confidentiality of data disclosed during the inspection.

H. RIGHT TO AUDIT (2nd Paragraph)

BCBSNE does not agree with the second paragraph's requirements. Suggested alternative language is as follows:

Any audit initiated and authorized by the State shall be undertaken at the State's expense. The State specifically agrees to reimburse BCBSNE for any reasonable expense incurred by BCBSNE in accordance with such audit, including, but not limited to, reimbursement for BCBSNE personnel providing support to such audit in excess of a total of 10 hours plus any copying expenses.

The State also specifically agrees that BCBSNE has the authority to disapprove of the vendor providing such audit, which authority shall not be unreasonably exercised, and to refuse access to membership and claims records by such vendor. The State, recognizing that patient-specific information is confidential, agrees that it and its auditor will enter into an audit agreement addressing confidentiality which will require that the State and its auditor will take reasonable steps to restrict access to this information to those persons who need to know this information for determining compliance with the Services agreement and for performing any necessary audit. The State also specifically agrees that BCBSNE will not accept contingent fee audit vendors.

ATTACHMENT 5

State of Nebraska
"THE GROUP"

July 1, 2026
Effective Date

RX NEBRASKA PROGRAM

BCBSNE will provide pharmacy benefit management services as described herein. To the extent not specifically described in this Attachment 5, the terms of the Administrative Service Agreement shall control the administration of THE GROUP's pharmacy benefits. All references to designee throughout this Attachment 5 shall include any designee of BCBSNE or its pharmacy management vendor.

1. DEFINITIONS

Whenever used in this Attachment, the following definitions apply:

A. "Average Wholesale Price" (AWP) means the average wholesale price of a prescription drug as set forth by the Pricing Source and in accordance with the NDC-11 price at the time a Claim is processed. The price file will be updated no less frequently than once every three (3) business days through the Pricing Source.

B. "Brand Drugs" means those pharmaceuticals designated by the Pricing Source as having a multi-source indicator of M, N, or O or as otherwise defined by Pricing Source.

C. "Claim" or "Claims" means requests for payment submitted by Network Participants or Members for pharmaceutical products or services.

D. "Claims Adjudication" means the determination of whether a given Claim is entitled to reimbursement pursuant the terms and conditions of a Benefit Plan and the amount payable to or by a Network Participant or Member pursuant to such Benefit Plan, the applicable Network Contract and any other applicable factors, including any Copayment/Deductible or Coinsurance payable by a Member, as well as concurrent (on-line at point of service) Drug Utilization Review.

E. "Coinsurance" means that portion of the amount claimed for Covered Prescription Drug Services, calculated as a percentage of the charge for such services, which is to be paid by Members pursuant to the Member's Plan.

F. "Compound Drug" means a prescription where two or more pharmaceutical products are mixed together, and which, at a minimum, one pharmaceutical product must be a Federal Legend Drug. The end product must not be available in an equivalent commercial form. The product will not be considered a Compound Drug if it is reconstituted or if, to the active ingredient, only water, alcohol, flavoring, coloring or sodium chloride solutions are added.

G. "Copayment/Deductible" means a fixed dollar portion of the amount claimed for Covered Prescription Drug Services that is to be paid by Members pursuant to the Member's Plan.

H. "Covered Prescription Drug Services" means the managed pharmacy services/pharmaceutical products available to Members and eligible for reimbursement pursuant to the Member's Benefit Plan.

I. “Dispensing Fee” means the fee paid to Network Participants for the professional service of filling a prescription and is typically added to the submitted ingredient cost or contracted rate.

J. “Drug Utilization Review” or “DUR” means the process whereby the therapeutic effects and cost effectiveness of various drug therapies are reviewed, monitored and acted upon consistent with the Member’s Benefit Plan.

K. “Electronic Prescribing” or “E-prescribing” means the process of creating, storing and transmitting prescription information electronically, either by computer or hand-held device.

L. “Extended Supply Network” or “ESN” means the retail Network Participants who have agreed to provide Members more than a one month’s (or as mutually agreed) quantity supply of Covered Prescription Drug Services provided that the Member’s Benefit Plan has a mail service benefit and a retail quantity days’ supply limit of one month (or as mutually agreed).

M. “Federal Legend Drug” means a pharmaceutical product, which is required by law to bear on its packaging, “Caution: Federal law prohibits dispensing without a prescription” or “Rx Only”.

N. “Foreign Drug Claims” means Claims submitted through the Paper Claim process for reimbursement of pharmaceutical products purchased outside of the United States.

O. “Formulary” means a list of various pharmaceutical products which is available to Network Participants, members, physicians or other health care providers for purposes of providing information about the coverage and tier status of Covered Prescription Drug Services.

P. “Generic Drugs” means all drugs that are not defined as “Brand Drugs.”

Q. “Limited Distribution Drug” is one whose dispensing is restricted to a limited number of pharmacies.

R. “Low List Price Drugs” are Brand Drugs subject to Rebate Guarantees that (a) have a wholesale acquisition cost (“WAC”) that has decreased by at least 25%, or (b) are a Biosimilar Drug, or any new Brand Drug that is therapeutically and chemically equivalent to an existing Brand Drug, with a WAC at least 25% lower than the originator product, as identified by Prime as a Low List Price Drug in writing to THE GROUP prior to application of the Rebate Credit in any payment or reconciliation process.

S. “Mail Service” means the services through which Members may receive prescription drugs through the mail from a mail order pharmacy that has entered into an agreement to provide such services.

T. “Manufacturer” means a company that manufactures and/or distributes pharmaceutical drug products.

U. “Maximum Allowable Cost” or “MAC” means the highest cost at which a Benefit Plan will reimburse Network Participants or Members for pharmaceutical products present on the MAC list at the time of service.

V. “Maximum Allowable Cost List(s)” or “MAC List(s)” means a proprietary database listing, owned and maintained by BCBSNE or its designee, of multi-source pharmaceutical drug products and supplies and the corresponding MAC.

W. “Member” means an individual who is eligible to receive Covered Prescription Drug Services at the time of service.

X. “Network” or “Pharmacy Network” means the group of pharmacies that have been accepted as Network Participants and have entered into agreements with BCBSNE or its designee to provide Covered Prescription Drug Services to Members.

Y. “Network Contract” means a contract between a Network Participant and BCBSNE or its designee to provide Covered Prescription Drug Services to Members, as may be amended at any time.

Z. “Network Participant” or “Participating Pharmacy” means each individual pharmacy, chain or other dispensing provider that has entered into a Network Contract with BCBSNE or its designee to provide Covered Prescription Drug Services to Members.

AA. “Open Refill Transfer File” means a data file created by the Plan’s previous pharmacy benefit manager containing its members’ mail prescriptions, thus enabling a subsequent pharmacy benefit manager, such as BCBSNE or its designee, to continue to fill those open mail prescriptions.

BB. “Over the Counter Drugs” or “OTC Drugs” are products classified as OTC by Medi-Span as of the fill date based on the NDC-11 dispensed.

CC. “Paper Claims” means the prescription drug services that are submitted to BCBSNE for adjudication through the use of a paper claim form, generally by a Member subsequent to the point of sale.

DD. “Plan” or “Benefit Plan” means the processing parameters and other information entitling a Member to receive Covered Prescription Drug Services.

EE. “Pricing Source” means Medi-Span, or such other national drug database as BCBSNE may solely designate, which establishes and provides updates to BCBSNE no less frequently than once every three (3) days, or as otherwise required by law, regarding the AWP or other alternative pricing benchmark as determined by BCBSNE for Covered Prescription Drug Services. BCBSNE will provide THE GROUP with prior written notice if another Pricing Source is used.

FF. “Provider Tax” means any tax on a Covered Prescription Drug Service required to be collected or paid by a retail or mail seller for a Covered Prescription Drug Service.

GG. “Rebate(s)” means retrospective reimbursement of monetary amounts by a Manufacturer under a Manufacturer’s discount program with pharmacy management vendor for pharmaceutical products of that Manufacturer dispensed to a Member, for which the conditions precedent to receiving such monetary amounts are satisfied. Rebates do not include manufacturer administration fees, which are fees or other compensation received by BCBSNE and/or a pharmacy management vendor from a Manufacturer for services relating to the administration of Rebates under an agreement.

HH. “Specialty Pharmacy” means a licensed pharmacy designated by BCBSNE, or its designee, to provide Specialty Pharmaceutical Products. The list of Specialty Pharmacies may change at any time without notice.

II. “Specialty Pharmaceutical Product(s)” means designated complex injectable and oral drugs, generally covered up to a 30-day supply, which have very specific manufacturing, storage, and dilution requirements. Specialty drugs are drugs including, but not limited to drugs used for: multiple sclerosis; rheumatoid arthritis; hepatitis C; Crohn’s disease; anemia; and hemophilia. Specialty drugs may only be available through designated Specialty Pharmacies. BCBSNE reserves the right to change designated Specialty drugs and suppliers at any time without prior notice.

JJ. “Usual and Customary” or “U&C” means the lowest price, including any Dispensing Fee and Vaccine Dispensing Fee a Network Participant would charge a particular customer if such customer were paying cash for the identical prescription drug service on the date dispensed. This includes

any applicable discounts including but not limited to senior discounts, frequent shopper discounts, and other special discounts offered to attract customers.

KK. "Vaccine Dispensing Fee" means the fee paid to the Network Participant for the professional service of administering a vaccine and is added to the submitted ingredient cost or contracted rate.

2. GENERAL SERVICES

A. Claims Processing. BCBSNE will process Claims for Covered Prescription Drug Services electronically submitted by Network Participants and Paper Claims received from a Member according to Plan and eligibility information and will pay eligible Claims and provide to the submitting entity electronic notification of declined or ineligible Claims.

Claims are processed in accordance with the applicable Network Contract using "lesser of" pricing methodology, meaning Claims will be paid at the lesser of (i) the contracted rate (either a discount off of the applicable AWP or the MAC price) plus Dispensing Fee, Vaccine Administration Fee, and any other taxes and fees; (ii) the Network Participant's submitted ingredient cost plus Dispensing Fee, Vaccine Administration Fee, and any other taxes and fees; or (iii) the Network Participant's submitted U&C. The applicable AWP used for retail and Specialty Pharmacy will be based on the package size submitted. The applicable AWP for Mail Service will generally be based on the NDC dispensed.

B. Formulary Services. Subject to certain limitations, BCBSNE will develop, maintain, and update its Formulary or Formularies. THE GROUP acknowledges and agrees that BCBSNE may, from time to time, consistent with the Plan, promote the dispensing of pharmaceutical products in a manner consistent with the designated Formulary.

C. Rebate Management. BCBSNE will obtain Rebates for some Covered Prescription Drug Services from Manufacturers. Such Rebate arrangements are based on volume purchase discounts or other similar arrangements with Manufacturers.

D. Utilization Management. BCBSNE may provide cost containment programs in the form of utilization management programs on behalf THE GROUP. If provided, such services may be subject to additional fees as described in the Pharmacy Program Fees Exhibit, if applicable.

E. E-Prescribing. BCBSNE or its designee will support e-Prescribing transaction standards for eligibility, formulary, and medication history to allow prescribers to electronically send Members' prescriptions directly to a Network Participant from the point-of-care.

F. Special Projects. Special projects, including any additional fees, may be mutually agreed to by the parties and described in this Agreement, an amendment to this Agreement, or in a separate agreement (e.g., a Non-Standard Benefit or Service Agreement).

G. Audits. THE GROUP, or a mutually agreed upon independent third-party auditor who agrees to the terms of a confidentiality agreement, may conduct an annual audit as it relates to the administration of this agreement. The rights granted to THE GROUP by this section shall be limited to one audit or inspection during any twelve (12) month period, upon at least sixty-five (65) days' written notice to BCBSNE, and shall be subject to the terms and conditions of the audit guidelines between BCBSNE and PBM, as outlined in the attached Audit Exhibit.

The parties agree that THE GROUP shall not hire a third party to conduct a contingent fee audit, where the third party's compensation is based on a percentage of errors (or savings, or "uncovered recoveries", etc.) which may be found by the third party in its audit. Should THE GROUP contract with a third party to perform such contingent fee audit, BCBSNE has no obligation under the terms of this Agreement to cooperate with said third party in the conduct of such contingent fee audit.

H. Cooperation upon Termination. Should THE GROUP terminate this Agreement, BCBSNE will provide all standard industry PBM transition/data files that will be used by the new PBM to minimize member disruption, including BCBSNE agreed upon claims files, prior authorization files, accumulator files, mail open refill files, both pre and post termination date. THE GROUP will reimburse BCBSNE any fees BCBSNE's pharmacy management vendor charges BCBSNE for providing such electronic files, including the fee for sending the mail outbound refill file. Such fees will be included on THE GROUP's monthly billing and shall be payable within 15 days of mailing by BCBSNE.

3. REBATE MANAGEMENT SERVICES

A. Negotiating Rebates.

On its own behalf, BCBSNE or its designee have entered into, and may in the future, enter into arrangements with companies under which a portion of prescription drug charges are rebated. Pharmaceutical Rebates may be associated with drug claims processed under the Plan's pharmacy benefit.. These Rebate amounts vary, and may change during the year, based upon the status of a drug in BCBSNE's prescription drug formulary, drug utilization, benefit coverage, unexpected generic launches, and other factors. The calculation of Rebates is subject to the terms and conditions of the applicable Manufacturer Agreement between the Manufacturer and BCBSNE or its designee. BCBSNE cannot guarantee that Rebates will accrue for any products or Covered Prescription Drug Services utilized by Members.

In addition, pharmacy management vendors may receive administrative reimbursement or fees directly from BCBSNE or drug or other companies for administrative services they deliver for BCBSNE and those companies. These amounts are not considered Rebates as described here. BCBSNE will credit to Plan's account 100% of the allocated Rebates it receives from its pharmacy management vendor(s). In some cases, BCBSNE's pharmacy management vendor receives Manufacturer administrative fees, which are retained by the vendor unless otherwise noted in the Pharmacy Program Fees Exhibit, if applicable.

B. Rebate Payments.

The Rebate credit per claim for pharmacy Claims processed for July 1, 2026, through June 30, 2031, will be as shown within the Pharmacy Guarantees exhibit. In the following pages of this Attachment 5.

Although the Rebate credit per eligible prescription drug Claim or per enrolled employee per month may be more or less than the amounts BCBSNE receives under this Agreement, THE GROUP agrees to receive only the rebate credits identified in the Pharmacy Guarantees exhibit.

The calculation of Rebates is subject to the terms and conditions of the applicable Manufacturer Agreement between the Manufacturer and BCBSNE or its designee and applicable law. BCBSNE cannot guarantee that Rebates will accrue for any products or Covered Prescription Drug Services utilized by Members.

BCBSNE will have the right, upon notice, to make an adjustment to the Rebate guarantees in this Agreement if Rebate revenue is decreased because Brand Drugs lose their patent, move to generic status, or there is a change in law or change in interpretation of any law or action (collectively, "Change in Law"). BCBSNE shall inform THE GROUP of an adjustment to Rebate guarantees in writing not later than thirty (30) days prior to implementing the adjustment. In addition, if any

Change in Law has the effect of eliminating Rebates on prescription drugs, the Rebate guarantees in this Agreement shall be null and void.

Notwithstanding any other provision of this Attachment 5, Weight Management Drug Therapy Program rebates will be retained by BCBSNE if THE GROUP elects to utilize such Program. Weight Management Drug Therapy Program rebates are retained in lieu of any fees BCBSNE might otherwise charge for the Weight Management Drug Therapy Program. The Weight Management Drug Therapy Program and the medications included therein are subject to BCBSNE's sole discretion. However, the medications within the Weight Management Drug Therapy Program which are subject to such rebate retention shall be identified by BCBSNE and communicated to THE GROUP prior to any rebates retained due to THE GROUP's utilization of the Weight Management Drug Therapy Program.

For further information on Rebate credits, Rebate guarantees, and reconciliation thereon, please see Pharmacy Guarantees included in the following pages of this Attachment 5

C. Rebate Payment Schedule.

Rebates (net of pharmacy administration fees, if applicable) will be credited to THE GROUP on or before the 10th business day of the month following the month in which the Rebates are received by BCBSNE.

D. Rebates Upon Termination.

All rebate revenue earned by the State will be paid to the State regardless of its termination status as a client. Lag rebates will continue to be paid to the State after termination until 100% of earned rebates are paid.

.

ATTACHMENT 5
RX NEBRASKA PROGRAM

Pharmacy Benefit Program
Audit Guidelines

The following guidelines will apply to all employer group audits unless the terms and conditions of the Agreement under which Prime performs the services subject to the audit provide other guidance.

1. No more than one (1) audit is permitted during any twelve (12) month period. Any previous audit must be closed before the employer group may initiate a new audit.

2. Employer group must provide BCBSNE with a minimum of sixty-five (65) days advance written notice of intent to audit and scope of the audit. All audit subject matter is combined into one annual audit versus initiating a separate audit for each subject.

3. A member of BCBSNE Account Management team will be designated as the lead internal contact for coordinating the audit. All coordination efforts between BCBSNE and the auditor will take place through the designated coordinator.

4. Audits will take place during normal business hours.

5. Any third-party auditor must be reasonably acceptable to Prime and BCBSNE.

6. Subject to applicable law, Prime may require that a third-party auditor perform the audit and to enter into a reasonable audit agreement, which will incorporate a Confidentiality and Non-Disclosure Agreement (CDA) approved by Prime's Legal Department before any information is exchanged. The CDA will specify that information provided by Prime to the group/auditor is to be used solely for the purpose of conducting the immediate audit and the information may not be used for any other purpose.

7. The audit is limited to claims for the employer group during the current year and the preceding year, unless a longer time period is mutually agreed upon by the parties.

8. The parties agree to collaborate in good faith to develop a reasonable approach to the audit that meets the needs of all parties and outlines the procedure for conducting the audit. An onsite audit agenda must be finalized no later than 10 business days prior to the desired onsite date.

9. Audits will adhere to a maximum sample size of 200-300 claims per audit. The description of claims to be audited must be provided to BCBSNE a minimum of fifteen (15) business days prior to the audit. Should initial claim review reveal errors, Prime and employer group will work collaboratively to define additional claims for auditing.

10. Only the information necessary for the auditing party to conduct a fair and valid audit will be disclosed. Any unnecessary information will be redacted before it is provided to the auditing party.

11. If access to the pharmacy participation agreements (pharmacy network contracts) is requested, Prime will provide on-site access so long as Prime is legally or contractually able to do so *and* only the relevant page(s) or exhibits (that is not the entire contract) are provided for the auditor's review.

12. The party conducting the audit will be responsible to bear its own costs and expenses related to the audit and will be responsible for reimbursing BCBSNE and Prime for all reasonable expenses incurred by BCBSNE and/or Prime in compliance with an audit such as, for example, copying, fees, or mail expenses incurred by BCBSNE and/or Prime. BCBSNE and Prime further reserve the right, in their sole discretion, to charge additional administrative fees for costs and expenses incurred in the event that the scope of an audit exceeds the limits included in this Audit Exhibit or the audit notification.

13. The auditor cannot keep or make copies of any documents provided by BCBSNE or Prime to the auditor without Prime's express written consent to do so and, if applicable, as outlined in the executed CDA. To the extent the auditor is provided confidential information remotely, auditor must not screen-grab, screen-shot, photograph, or otherwise copy confidential information without Prime's express written consent.

14. The auditor may be provided with screen-shots of the claim adjudication. The auditor will not have access to the live Claims Adjudication System without prior executive approval by Prime.

15. Employer groups and/or their auditors must follow Prime's visitor security policy if they are on-site.

16. Except as may otherwise be required by law, reporting of the audit results will be restricted to employer group's internal use only.

17. Employer groups and/or their auditors will provide BCBSNE and Prime with a draft and final copy of any audit reports.

18. A final draft of the auditor's report ("Draft Report") shall be submitted to Prime for review by Prime at least fifteen (15) business days prior to the final report being delivered to employer group. During this fifteen (15) day period, Prime may review the Draft Report for disclosure of such patient-specific, proprietary, trade secret, vital financial, or other confidential information which may be in violation of state or federal laws, contractual arrangements with its vendors or subcontractors. If Prime determines that the Draft Report contains such information, Prime may, within such period, request that a third party auditor delete the information from the Draft Report prior to delivery of the final report to employer group.

    Prime may further review the Draft Report for inaccurate information or findings on employer group's claims administration or claims payments. Prime may notify the auditor of any disputed findings contained in the Draft Report and request that the report be corrected. If Auditor agrees the information is incorrect, the report will be corrected. Otherwise, a statement from Prime indicating disagreement with certain facts will be included in the final report delivered to employer group. Prime shall receive a copy of the final report within five (5) days after delivery of the final report to Group.

    BCBSNE and Prime will not be obligated to reimburse an employer group for alleged errors based upon the use by the auditor of extrapolation methodologies for the purposes of inferring errors in a population of claim payments based upon the error rate in a sample drawn from that population.

19. Information concerning the employer group, which is the subject of the auditor's final report, shall not be reaudited at any time without the express written permission of BCBSNE and Prime.

20. If more than two (2) years have elapsed since Prime's processing of the employer group's pharmacy claims, those claims shall not be subject to audit without the express written permission of Prime.

The following additional guidelines will apply to network and rebate management audits of Prime subcontractors.

1. Employer group must provide network claim samples to BCBSNE at least fifty-five (55) days in advance of the onsite audit. Employer group must provide manufacturer samples to BCBSNE at least forty (40) days in advance of the onsite audit.

2. Employer group must provide a final onsite audit agenda to BCBSNE at least twenty (20) days in advance of the onsite audit.

3. Prime is required to give subcontractors at least 60 days prior written notice of a customer audit. The scope of the audit is limited to information necessary to verity that Prime and its subcontractor are in compliance with Prime's obligations to employer group.

4. Audit must be conducted onsite at Prime or Prime's subcontractor, as applicable, by a third-party auditor that (i) has separate, stand-alone audit division; (ii) carries commercially reasonable insurance coverage for professional malpractice; and (iii) executes a mutually acceptable confidentiality agreement with Prime's subcontractor(s).

5. For audits of Network Contracts held by Prime subcontractors:

    a. Prime will make available to employer group's approved third-party auditor typical claims and remittances in connection with employer group audits of Network Contracts. If employer group or its third-party auditor requires additional validation, employer group or its third-party auditor may perform a direct audit of applicable network rate sheets of Prime's subcontractor, subject to Paragraphs 5 and 6 of the above additional guidelines.

6. Rebate audits will be based on the reconciliation data provided by Prime, with Prime subcontractors' data input. The reconciliation data will be available two hundred and ten (210) days after the end of a quarter. Audit of contracts with Prime's pharmacy networks, and/or Prime's subcontractor, Prime or Prime's subcontractor will not provide copies of pharmacy network contracts to clients or potential clients. Prime does allow clients or a mutually agreed upon third-party auditor hired by the client, to come on site at Prime to conduct the audit including rate review. The auditor is not allowed to take any copies of contracts or copy rate information. Prime's subcontract does allow a mutually agreed upon third-party auditor hired by the client, to come on site at the subcontractor's direction to conduct the audit including rate review. The auditor is not allowed to take any copies of contracts or copy rate information.

7. Employer group audits of network rates maintained by Prime's subcontractor or group purchasing organization will be subject to a pass-through fee of $15,000 per audit.

8. Prime will facilitate responses to draft report of any audit findings. Responses will be provided within forty-five (45) days after the draft report is received from Prime.

ATTACHMENT 5
RX NEBRASKA PROGRAM
PHARMACY PROGRAM FEES EXHIBIT

The information below will be adjusted based on final programs and payment timing arrangements.

100% of the Manufacturer administration fees received received by BCBSNE from pharmacy management vendor(s) shall be passed through to THE GROUP.

BCBSNE will charge THE GROUP a $0.50 per enrolled subscriber per month fee to reflect THE GROUP's participation in the Guided HealthPharmacy Program. This fee will be in addition to the standard Administrative Service Fee. BCBSNE will provide THE GROUP with a monthly billing reflecting the amount due BCBSNE from THE GROUP. The billing will be provided on or before the 10th business day of the following month and shall be payable within 15 days of its mailing by BCBSNE.

BCBSNE will charge THE GROUP 20% of savings per Claim for Prescription Drug Claims that are included in the FlexAccess Program for the PPO plan option(s). This fee will be in addition to the standard Administrative Service Fee. BCBSNE will provide THE GROUP with monthly billing reflecting the amount due BCBSNE from THE GROUP for the previous month. The billing will be payable within 15 days of its mailing by BCBSNE.

BCBSNE will charge THE GROUP 20% of savings per Claim for Prescription Drug Claims that are included in the FlexAccess Program for the QHDHP plan option(s). This fee will be in addition to the standard Administrative Service Fee. BCBSNE will provide THE GROUP with monthly billing reflecting the amount due BCBSNE from THE GROUP for the previous month. The billing will be payable within 15 days of its mailing by BCBSNE.

BCBSNE will charge THE GROUP $0.20 PMPM for participation in the HighTouchRx™ Program. This fee will be in addition to the standard Administrative Service Fee. There is a $0.20 PMPM charge for participating members with $0.60 PMPM performance guarantee. Any guarantee reconciliation payment shall not exceed $0.20 PMPM, and shall be determined by calculating the difference, if any between (1) THE GROUP's cumulative actual savings amount for the contract term and (2) the guaranteed amount. BCBSNE will provide THE GROUP with monthly billing reflecting the amount due BCBSNE from THE GROUP for a previous month. The billing will be payable within 15 days of its mailing by BCBSNE.

ATTACHMENT 5
RX NEBRASKA PROGRAM
PERFORMANCE GUARANTEES EXHIBIT

Final 5-year pharmacy guarantees and criteria will be placed on this page.

Exhibit A – Rebate Credit

PBM will utilize a "Rebate Credit" when calculating Rebate Guarantee payments and performing Rebate Guarantee reconciliation (as further described below). The Rebate Credit will be used to account for and credit against the Rebate Guarantee payment the reduction in Rebates paid by Manufacturers for Low List Price Drugs during Rebate Guarantee payment and reconciliation, on a per claim basis.

"Low List Price Drugs" are Brand Drugs subject to Rebate Guarantees that (a) have a wholesale acquisition cost ("WAC") that has decreased by at least 25%, or (b) are a Biosimilar Drug, or any new Brand Drug that is therapeutically and chemically equivalent to an existing Brand Drug, with a WAC at least 25% lower than the originator product, as identified by Prime as a Low List Price Drug in writing to THE GROUP prior to application of the Rebate Credit in any payment or reconciliation process.

The Rebate Credit is calculated as the difference between:

(i) In the case of drugs described in (a), above, the per-claim value of the Rebate earned for an existing Brand Drug immediately prior to becoming a Low List Price Drug (subject to the average WAC inflation rate of the GPI subclass of the impacted product); or in the case of drugs described in (b), above, the per claim Rebate value of the originator Brand Drug immediately prior to the introduction of the associated Low List Price Drug to THE GROUP's formulary(ies) (subject to the average WAC inflation rate of the GPI subclass of the impacted product), as applicable;

and

(ii) the average per-claim value of the Rebate earned for the applicable Low List Price Drug for the applicable calendar quarter.

By way of example, if a Brand Drug earns a Rebate of $100, then becomes a Low List Price Drug and earns a reduced Rebate of $20, the Rebate Credit to be applied to the Rebate Guarantee payment with respect to any paid claims for such Low List Price Drug will equal $80. Low List Price Drugs that have been accounted for in updated underwriting of Rebate Guarantees (and, therefore, for which no such Rebate Credit will apply) will be identified by PBM and reported to THE GROUP. Rebate Credit adjustments will be reflected in reporting provided to THE GROUP. PBM shall also provide reporting, upon THE GROUP request, demonstrating the net-cost impact across the therapeutic category(ies) of the Low List Price Drugs eligible for the Rebate Credit.

For purposes of clarity, the Rebate Credit will be applied on a per-claim basis to each Rebate Guarantee payment. By way of example, if (y) a Low List Price Drug has a Rebate Credit of $80 (calculated as shown above), and (z) there are 100 paid claims for such Low List Price Drug during the applicable quarter for which the Rebate Guarantee is being reconciled, the total Rebate Credit that will be applied to offset that quarter's Rebate Guarantee payment will be $8,000.

Independent Auditor's Report

To the Board of Directors
Blue Cross and Blue Shield of Nebraska, Inc.
Omaha, Nebraska

Report on the Audit of the Statutory Financial Statements

Opinions

We have audited the accompanying statutory financial statements (financial statements) of Blue Cross and Blue Shield of Nebraska, Inc., which comprise the statutory statements of admitted assets, liabilities, and policyholder surplus as of December 31, 2023 and 2022, and the related statutory statements of operations and changes in policyholder surplus, and cash flows for the years then ended, and the related notes to the financial statements.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the admitted assets, liabilities, and policyholder surplus of Blue Cross and Blue Shield of Nebraska, Inc. as of December 31, 2023 and 2022, and the results of its operations and its cash flows for the years then ended, on the basis of accounting described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter described in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the accompanying financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Blue Cross and Blue Shield of Nebraska, Inc. as of December 31, 2023 and 2022, or the results of its operations or its cash flows for the years then ended.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Blue Cross and Blue Shield of Nebraska, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 to the financial statements, Blue Cross and Blue Shield of Nebraska, Inc. prepared these financial statements using accounting practices prescribed or permitted by the Insurance Department of the State of Nebraska, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the statutory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Emphasis of Matter

As discussed in Note 1 to the financial statements, Blue Cross Blue Shield of Nebraska, Inc. records certain fixed income investment securities at amortized cost in accordance with Statement of Statutory Accounting Principles (SSAP) No. 26R. Note 2 to the financial statements discloses the amount of the unrealized losses on these investments at December 31, 2023 and 2022, that are not reflected in the Investment value within the Statement of Admitted Assets or Policyholder Surplus. In the event liquidity requirements or investment strategies change in the future, some of these unrealized losses maybe realized to the extent these investments are sold or redeemed prior to maturity, or an impairment were to occur. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting practices prescribed or permitted by the Insurance Department of the State of Nebraska. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Blue Cross and Blue Shield of Nebraska, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Blue Cross and Blue Shield of Nebraska, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Blue Cross and Blue Shield of Nebraska, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the basic statutory-basis financial statements taken as a whole. The *Supplemental Schedule of Investment Risks Interrogatories and the Summary Investment Schedule* are required to be presented to comply with the National Association of Insurance Commissioners' Annual Statement Instructions and the National Association of Insurance Commissioners' Accounting Practices and Procedures Manual and are not a required part of the basic statutory-basis financial statements. Such information included in the schedules referred to above is the responsibility of management, is presented for purposes of additional analysis and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other procedures in accordance with GAAS. In our opinion, the information is fairly stated in all material respects in relation to the basic statutory-basis financial statements taken as a whole.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Blue Cross and Blue Shield of Nebraska, Inc. ("BCBSNEI" or the "Company"), a member of the Blue Cross and Blue Shield Association (BCBSA), an association of independent Blue Cross and Blue Shield plans, is incorporated as a stock insurance company in the State of Nebraska and is subject to regulation by the Insurance Department of the State of Nebraska (NE DOI). The Company reorganized from a mutual benefit insurance company to a stock insurance company simultaneously with the creation of a mutual insurance holding company named GoodLife Partners, Inc. (GPI) effective July 1, 2018. As part of the reorganization, GoodLife Solutions, Inc. (GSI) was formed as a new intermediate stock holding company and is wholly owned by GPI. BCBSNEI is a wholly owned subsidiary of GSI. At all times as required by applicable law, GPI shall own, directly or indirectly, a minimum of over 50% of the voting securities of BCBSNEI.

BCBSNEI provides individual, group and association health insurance under traditional, preferred provider organization (PPO), and managed care contracts. It also provides dental coverage on a traditional and PPO basis to some of its medical contract members. In addition, drug coverage is also provided to a portion of its membership in conjunction with a medical contract. BCBSNEI provides Medicare Supplement coverage on both individual and group policies and sponsors Medicare Part D plans on an individual and group basis.

BCBSNEI also performs claims administrative and management services for other Blue Cross and Blue Shield plans, several state and Federal governmental entities, and various fully and modified self-insured groups within the State of Nebraska. The claims administrative services business represents a significant portion of the Company's business. Stop loss coverage is provided for certain large commercial business groups in this segment for a risk based premium.

Accounting Practices

The financial statements of BCBSNEI are presented on the basis of accounting practices prescribed or permitted by the NE DOI. The NE DOI recognizes only statutory accounting practices prescribed or permitted by the state of Nebraska for determining and reporting the financial condition and results of operations of an insurance company, and its solvency under the Nebraska Insurance Law. The National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures manual, (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the state of Nebraska. The Director of Insurance has the right to permit other specific policies that deviate from prescribed practices.

The following are some of the significant differences between NAIC SAP and accounting principles generally accepted in the United States of America ("GAAP").

(a) Investments in bonds are generally carried at amortized cost. Under GAAP, bonds are carried at either amortized cost or estimated fair value based on their classification according to the Company's ability and intent to hold or trade the securities;

(b) Acquisition costs, such as commissions and other costs related to acquiring new business are expensed as incurred. Under GAAP, such costs are deferred and amortized to income as premiums are earned;

(c) Federal income taxes incurred are reported on a current basis in the statutory statements of operations. Deferred taxes are recorded for differences between book and tax basis accounting; however, there are limitations as to the amount of deferred tax assets that may be reported as "admitted assets." Under GAAP, such assets are recorded on the balance sheet net of any valuation allowance. The tax effect of deferred tax assets and liabilities and the changes between years is reflected in policyholder surplus;

(d) Certain non-liquid assets are excluded from the balance sheet as "non-admitted assets". Changes in the balances of non-admitted assets are recorded directly to policyholder surplus. Under GAAP, such "non-admitted assets" are recorded on the balance sheet, net of any valuation allowance;

(e) Reinsurance recoverable on unpaid losses are reported as a reduction of loss and policy reserves. Under GAAP, such amounts are reported as an asset;

(f) Comprehensive income and its components are not presented in the statutory financial statements;

(g) An administrative service contract is a type of uninsured accident and health plan where the reporting entity, as an administrator, performs administrative services such as claims processing for a third-party that is at risk, and accordingly, the administrator has not issued an insurance policy. Under this plan, the reporting entity pays claims from its own bank account, and subsequently receives reimbursement from the uninsured plan sponsor. The net difference between premium equivalents and the reimbursement of claims is recorded under SAP as an offset to general expenses. Under GAAP, the gross amounts are recorded as premium and claims under certain circumstances;

(h) Net negative cash balances are reported as a negative asset rather than as a liability under GAAP;

(i) The Statutory Statement of Cash Flows differs in certain respects from the presentation required within GAAP literature, including presentation of changes of cash and short investments instead of cash and cash equivalents. In addition, GAAP requires a reconciliation of net income to net cash from operating activities. Short term investments include securities with a maturity of one year or less and are included in the cash balance, whereas GAAP excludes short term investments from cash. Both statutory and GAAP include cash equivalents in the cash balance. GAAP cash equivalents are defined as highly liquid investments with an original maturity of three months or less at acquisition;

(j) Undistributed earnings for investments in the common stock of both public and privately held companies are recorded directly to surplus; under GAAP, unrealized gains or losses are reported as part of income;

(k) NAIC SAP requires all leases be classified as operating leases. Under GAAP, a right-of-use asset and corresponding lease liability would be carried on the balance sheet; and

(l) NAIC SAP requires an analysis of investments for other than temporary impairment (OTTI) as well as prescribed valuation based on credit ratings while under GAAP, an evaluation would be completed under ASU 2016-13, *Financial Instruments – Credit Losses* to calculate the potential allowance for credit loss.

Accounting Policies

The Company uses the following accounting policies:

Cash and Short-term Investments

The Company considers all highly liquid securities purchased with an original maturity of three months or less to be cash or cash equivalents. Short-term investments include all investments whose maturities, at the time of acquisition, are one year or less.

The Company has previously implemented the change in SSAP 2R which re-classes money market funds from short-term investments to cash and cash equivalents.

There were no Short-term investments for the years ended December 31, 2023 and 2022.

Investments

Bonds are stated at amortized cost, except for those bonds with a NAIC designation of between 3 - 6, which are stated at the lower of amortized cost or estimated fair value. Amortized cost may represent an amount after a write-down of a bond for impairment. The premium and discount from par value are amortized using the scientific method. Premiums and discounts on mortgage and asset backed bonds are amortized using the retrospective method based on anticipated prepayments at the date of purchase. Prepayment assumptions are obtained from broker dealer survey values or internal estimates.

Unaffiliated common stocks are reported at fair market value. Unaffiliated restricted common stocks, affiliated common stocks, and all other invested assets are reported under the equity method as determined in accordance with generally accepted accounting principles, adjusted to reflect statutory accounting practices where required.

Market value of bonds and unaffiliated common stocks are based on values prescribed by the Securities Valuation Office of the NAIC (statutory value). For securities not actively traded, market value is based upon estimates obtained from independent pricing services or valued at their underlying equity.

Net unrealized gains and losses resulting from the change in book value of investments carried at market or equity value are credited or charged directly to policyholder surplus. For investments carried at amortized cost, the amortization of premiums and accretion of discounts are recognized as adjustments to investment income.

Investment Income and Realized Capital Gains/Losses

Investment income consists primarily of interest and dividends. Interest is recognized on an accrual basis and dividends are recorded as earned at the ex-dividend date. Accrual of income is suspended for bonds that are in default or when the receipt of interest payments is in doubt. Realized capital gains and losses are determined on a specific identification basis and recorded in operations within net investment income.

Property and Equipment

Furniture and equipment are carried at cost less accumulated depreciation. The Company provides for depreciation of property and equipment using straight-line methods over the lesser of the estimated useful life of the related asset or seven years.

Capitalization Policy

The capitalization policy for recording new fixed assets is greater than $5,000. In addition, bulk purchases of fixed assets in excess of $5,000 such as, office and conference room furniture but excluding EDP equipment and software will be capitalized.

Data Processing Equipment

Data processing equipment and computer software are carried at cost less accumulated depreciation. Depreciation is computed using the straight-line method over the lesser of the estimated useful life of the related asset or three years for data processing equipment and operating system software. Depreciation for application system software is computed using the straight-line method over the lesser of its estimated useful life or five years.

Non-Admitted Assets

Furniture and equipment, other prepaid expenses, and certain portions of deferred tax assets, data processing equipment, aged receivables and certain invested assets are designated as "non-admitted" under statutory reporting requirements. These assets are excluded from the statutory statements of admitted assets, liabilities, and policyholder surplus by adjustments to policyholder surplus.

Premium Income

Insured member premiums due are billed in advance of their respective coverage periods and are recorded as earned during the coverage period. The unearned portion of premiums for the coverage period is reflected in the statements of admitted assets, liabilities and policyholder surplus as premiums received in advance.

Manufactures' Administrative Fee (MAF) Revenue

MAF revenues are first used as an offset to related Pharmacy Benefit Manager (PBM) expenses within General and Administrative expenses, with the remainder, if any, recognized as administrative service income.

Premium Deficiency Reserve

To the extent that premiums received or to be received, for specific classes of business, are insufficient to cover estimated healthcare and other costs over the life of the underlying contracts, the Company establishes a liability for the related premium deficiency. Investment income has been considered a factor in the premium deficiency calculation. The analysis resulted in a premium deficiency reserve of $0 and $0 in 2023 and 2022, respectively.

Accrued Medical Incentives and Bonuses

The Company has entered into arrangements with certain providers which provide for the payment of incentives based upon cost and quality related targets during the term of the arrangements. These amounts are settled subsequent to December 31, however, the Company accrues these amounts at December 31 within Accrued Medical Incentive Pool and Bonus Amounts within the Statutory Statements of Admitted Assets, Liabilities, and Policyholder Surplus, based upon an estimate of claims incurred and other factors. This estimate is subject to change based upon further runout of claims data to the final settlement date.

Policy and Contract Claims

Policy and contract claims are shown net of reinsurance, subrogation, and coordination of benefits amounts. The Company provides a liability for unpaid incurred claims based on estimates using average ultimate claim costs for reported claims and estimates of unreported losses based upon past experience. Differences between actual and estimated claims are charged to operations in the year the differences become known.

Aggregate Health Policy Reserves

The Company provides a liability for policies issued that includes a rate stabilization provision. This liability is estimated based on actual claim experience and other various factors for policies with this provision.

Fair Values of Financial Instruments

The Company has adopted Statement of Statutory Accounting Principles (SSAP) No. 100, *Fair Value*. This standard defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Company considers the primary or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions and risk of nonperformance.

The Company classified its investments based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. SSAP No. 100 describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value, which are the following:

- Level 1 – Quoted prices in active markets for *identical* assets or liabilities.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly; such as quoted prices for *similar* assets or liabilities, quoted prices in markets that are not active; or other inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Bonds – Issuer Obligations, including Industrial and Miscellaneous: Valued based on NAIC market values. For those securities not actively traded, quoted market prices of comparable instruments or discounted cash flow analysis are used based upon inputs that are observable in the markets for similar securities. Inputs include benchmark yields, credit spreads, default rates, prepayments and non-bonding broker quotes.

Bonds – Mortgage and Other Asset Backed Bonds: Valued based on Residential Mortgage-Backed Securities modeling file provided by the NAIC. The prepayment assumptions used for single class and multi-class mortgage backed/asset backed securities were obtained from broker/dealer survey values. These assumptions are consistent with the current interest rate and economic environment.

Common Stock Unaffiliated and Mutual Funds: Valued based on NAIC quoted market values. If NAIC market values are unavailable, then value is determined based on the underlying equity.

Common Stock Affiliated: Value is based on the underlying equity of the affiliate.

Other Invested Assets: Value is primarily based on the underlying equity of the related entity.

Cash and Cash Equivalents: The carrying amounts approximate their fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of the future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Risks and Uncertainties

The Company operates in a business environment which is subject to various risks and uncertainties. Such risk and uncertainties include, but are not limited to, interest rate risk, market valuation risk, credit risk, medical inflation risk and risks related to legal and regulatory changes.

Concentration of Credit Risk

The Company maintains its cash in bank deposit accounts which exceed federally insured limits. Accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to $250,000 per depositor, per insured bank, for each account ownership category. At December 31, 2023 and December 31, 2022, the Company had approximately $540k and $3.5 million, respectively, in excess of FDIC-insured limits. In 2023, the Company added sweep accounts to mitigate this risk going forward. At December 31, 2023 the Company had approximately $731k in the sweep account.

Use of Estimates in the Preparation of the Statutory Financial Statements

The preparation of financial statements in conformity with statutory accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Material estimates susceptible to significant change include policy and contract claim reserves, loss adjustment reserves, premium deficiency reserves, ACA receivables and payables, actuarial projections of pension and post-retirement benefit liabilities, the fair value of investments, investment impairments, contingencies, and deferred income taxes.

Cost Accounting and Allocation Methodology

The Company utilizes an activity-based methodology for assigning costs to lines of business. This is utilized internally to review profitability by line and has no direct impact to the Statutory Financial Statements.

Investment Impairment Methodology

The Company regularly reviews its investment portfolio for factors that may indicate that a decline in fair value of an investment is other than temporary. Based on an evaluation of the prospects of the issuers, including, but not limited to, the Company's intentions to sell or ability to hold the investments; the length of time of temporary impairment, the magnitude of the unrealized loss; the credit ratings of the issuers of the investments, and other information specific to the investment, the Company has concluded that the declines in the fair value of the Company's investments in bonds at December 31, 2023 and December 31, 2022 are temporary.

The Company considers various factors when evaluating whether a decline in the fair value of common stock securities are other than temporary, including but not limited to, the length of time of temporary impairment and magnitude of the unrealized loss; the volatility of the investment; analyst recommendations and price targets; opinions of the Company's investment managers; market liquidity; and the Company's intentions to sell or ability to hold the investments. Based on an evaluation of these factors, the Company

has concluded that the declines in the fair values of the Company's investments in common stocks at December 31, 2023 and December 31, 2022 are temporary.

The Company also regularly reviews and considers multiple factors when evaluating whether there is a decline which is other than temporary in the equity value of their various private equity investments. Some of the considerations are an evaluation of the financial statements, length of time of any unrealized loss, the underlying business of the private equity, and if it is determined that there would be any ongoing concern of the investment.

Income Taxes

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related primarily to differences between the basis of assets and liabilities for statutory and income tax reporting. The deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled. The tax effect of deferred tax assets and liabilities and the changes between years is reflected in policyholder surplus. The Company follows the SSAP No. 101, *Income Taxes.* The Company is a subsidiary corporation to be included in the consolidated U.S. corporation income tax return of GPI for both the 2023 and 2022 tax year, which also includes GSI and Sapphire Edge, Inc.

Beginning in 2023, the consolidated group executed a tax sharing agreement providing a "benefits for losses methodology" in allocating Federal income taxes among the members. The Federal Consolidated Income Tax Return liability or recoverable is allocated as though each entity filed a separate federal income tax return. The parties agree the federal income tax obligations will be shared under the immediate payment method. As such, settlement will be made at the point the taxes are calculated and any estimates will be adjusted upon the completion of the consolidated tax return.

Advertising Costs

All advertising and promotion costs are expensed when incurred. Advertising expense amounted to $1,142,676 and $1,386,264 for the years ended December 31, 2023, and 2022, respectively.

NOTE 2 - INVESTMENTS

Loan-backed Securities

The Company has no direct investments in mortgage loans. The Company has $179,568,442 and $140,213,995 of loan-backed securities in its bond portfolio at December 31, 2023 and 2022, respectively. The Company has no securities with a recognized other-than-temporary impairment that it intends to sell or is unable or does not intend to retain for a period of time sufficient to recover the amortized cost basis. The Company believes these investments are fully recoverable and has not recorded any valuation reserves for these securities. The prepayment assumptions used for single class and multi-class mortgage backed and asset backed securities were obtained from broker/dealer survey values. These assumptions are consistent with the current interest rate and economic environment.

All impaired securities (fair value is less than cost or amortized cost) for which an other-than-temporary impairment has not been recognized in earnings as a realized loss (including securities with a recognized other-than-temporary impairment for non-interest related declines when a non-recognized interest related impairment remains:

The aggregate amount of unrealized losses:	Less than 12 Months	$	221,208
	12 months or longer	$	14,126,921
The aggregate related fair value of securities with unrealized losses:	Less than 12 Months	$	20,165,058
	12 months or longer	$	110,262,268

Investments

The amortized cost, gross unrealized gains, gross unrealized losses and estimated statutory fair value of the investments in bonds and common stocks as of December 31, 2023 are as follows:

	2023			
	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Estimated Statutory Fair Value
Bonds				
U.S. Governments	**$ 131,921,840**	**$ 246,754**	**$ (6,059,180)**	**$ 126,109,414**

The amortized cost and estimated statutory fair value of bonds at December 31, 2023, by contractual maturity, are shown below. Expected maturities may differ from contractual maturities because borrowers may have the right to call or prepay obligations with or without call or prepayment penalties. Bonds not due at a single maturity date have been included in the table below in the year of final maturity.

	Amortized Cost	**Estimated Statutory Fair Value**
Due in one year or less	**$ 41,366,297**	**$ 40,760,234**
Due after one year through five years	**143,690,015**	**136,432,479**
Due after five years through ten years	**141,073,140**	**132,837,053**
Due after ten years	**154,442,834**	**141,710,157**
	$480,572,288	**$451,739,923**

Investment income including realized gain/(loss) and related expenses for the years ended December 31, 2023 and 2022 were as follows:

	2023	2022
Investment Income		
(Loss) on sales of bonds	**$ (1,433,322)**	$ (3,187,380)
Gains on sales of common stock	**1,189,533**	8,569,602
Impairment of other invested assets	**-**	(1,360,000)
(Loss) on dissolution of common stock	**-**	(108,900)
Interest income on bonds and short term investments	**15,792,861**	10,073,547
Dividends on unaffiliated common stock	**4,522,406**	4,444,634
Dividends from other invested assets	**3,252,903**	2,907,689
Interest income (expense)	**49,632**	(7,779,063)
Investment expenses	**(700,959)**	(680,038)
Tax benefit (expense) on realized capital gains	**51,196**	(480,862)
Net Investment Income including capital gains, net of tax and investment expenses	**$ 22,724,251**	$ 12,399,229

Proceeds from the sale of investments for the years ended December 31, 2023 and 2022 were as follows:

	2023	2022
Consideration on Bonds	**$ 69,818,387**	$ 95,458,442
Consideration on Bond Paydowns/Maturities/Calls	**38,245,982**	38,412,453
Consideration on Stocks	**8,413,851**	22,194,195
Consideration on Other Invested Assets	**883,149**	5,863,806
Consideration on Misccellaneous	**-**	15,732
Gain on Short Term investments	**(3,007)**	1,525
Total investment proceeds	**$ 117,358,362**	$ 161,946,153

At December 31, 2023 and 2022, securities with an admitted asset value of approximately $100,869 and $101,332, respectively, were on deposit with regulatory agencies as required by law in the State of Nebraska.

At December 31, 2023 and 2022, the net overdraft amount of cash was ($51,195,624) and ($48,349,799) respectively, and is netted with cash equivalents of $17,845,387 and $49,207,286, respectively.

Fair Value of Financial Instruments

The carrying value and estimated fair value of financial instruments at December 31 are shown below. For those assets carried at fair value in the financial statements and for those assets not stated at fair value in the financial statements but whose estimated fair values are disclosed, the following table indicates the inputs used to estimate fair value measurements as of December 31, 2023 and 2022:

	2023				
Description	**Carrying Value**	**Fair Value**	**Level 1**	**Level 2**	**Level 3**
Bonds	**$ 480,572,288**	**$ 451,739,923**	**$ 8,494,055**	**$ 443,245,868**	**$ -**
Equity interests					
Common stock-unaffiliated	**166,919,427**	**166,919,427**	**166,919,427**	**-**	**-**
Common stock-unaffiliated	**12,567,309**	**12,567,309**	**-**	**-**	**(A)**
Common stock-affiliated	**3,855,839**	**3,855,839**	**-**	**-**	**(A)**
Cash and short-term investments	**(33,349,237)**	**(33,349,237)**	**(33,349,237)**	**-**	**-**
Other invested assets	**96,982,561**	**96,982,561**	**-**	**-**	**(A)**
Total	**$ 727,548,190**	**$ 698,715,822**	**$ 142,064,245**	**$ 443,245,868**	**$ -**

	2022				
Description	Carrying Value	Fair Value	Level 1	Level 2	Level 3
Bonds	$ 430,875,200	$ 390,262,271	$ 51,164,450	$ 339,097,821	$ -
Equity interests					
Common stock-unaffiliated	136,860,366	136,860,366	136,860,366	-	-
Common stock-unaffiliated	12,874,759	12,874,759	-	-	(A)
Common stock-affiliated	2,460,596	2,460,596	-	-	(A)
Cash and short-term investments	857,487	857,487	857,487	-	-
Other invested assets	91,474,679	91,474,679	-	-	(A)
Total	$ 675,403,090	$ 634,790,158	$ 188,882,303	$ 339,097,821	$ -

(A) – These investments are accounted for using the equity method. For purposes of this disclosure, the equity method is presumed to approximate fair value. If management were to determine fair value for its equity method investments, it would use level 3 inputs, and such amounts may differ significantly from fair values above.

Included in the tables above, the Company has affiliated and unaffiliated restricted common stock of the gross amount of $114,407,635 and $107,812,065 at December 31, 2023 and 2022, respectively. The amounts non-admitted related to those investments are $1,001,920 and $1,002,025 at December 31, 2023 and 2022, respectively. These stocks are considered restricted based on the holders having the first right of refusal in the event of the sale of the common stock.

There are no liabilities carried at fair value at December 31, 2023 and 2022.

NOTE 3 - INCOME TAXES

The Company follows SSAP No. 101, *Income Taxes*.

The components of the net deferred tax asset (liability) are as follows:

	December 31, 2023		
	Ordinary	**Capital**	**Total**
Gross deferred tax assets	**$ 33,775,356**	**$ 390,119**	**$ 34,165,475**
Statutory valuation allowance adjustments	**-**	**-**	**-**
Adjusted gross deferred tax assets (DTA)	**33,775,356**	**390,119**	**34,165,475**
Deferred tax assets nonadmit	**-**	**-**	**-**
Subtotal net admitted deferred tax asset	**33,775,356**	**390,119**	**34,165,475**
Deferred tax liabilities (DTL)	**36,367**	**26,101,514**	**26,137,881**
Net admitted deferred tax asset (liability)	**$ 33,738,989**	**$ (25,711,395)**	**$ 8,027,594**

	December 31, 2022		
	Ordinary	Capital	Total
Gross deferred tax assets	$ 29,391,023	$ 951,315	$ 30,342,338
Statutory valuation allowance adjustments	-	-	-
Adjusted gross deferred tax assets (DTA)	29,391,023	951,315	30,342,338
Deferred tax assets nonadmit	-	-	-
Subtotal net admitted deferred tax asset	29,391,023	951,315	30,342,338
Deferred tax liabilities (DTL)	54,550	19,604,002	19,658,552
Net admitted deferred tax asset (liability)	$ 29,336,473	$ (18,652,687)	$ 10,683,786

The change in the components of the net deferred tax asset (liability) is:

	2023 Change		
	Ordinary	**Capital**	**Total**
Gross deferred tax assets	**$ 4,384,333**	**$ (561,196)**	**$ 3,823,137**
Statutory valuation allowance adjustments	**-**	**-**	**-**
Adjusted gross deferred tax assets (DTA)	**4,384,333**	**(561,196)**	**3,823,137**
Deferred tax assets nonadmit	**-**	**-**	**-**
Subtotal net admitted deferred tax asset	**4,384,333**	**(561,196)**	**3,823,137**
Deferred tax liabilities (DTL)	**(18,184)**	**6,497,512**	**6,479,328**
Net admitted deferred tax asset (liability)	**$ 4,402,517**	**$ (7,058,708)**	**$ (2,656,191)**

The change in the components of the net deferred tax asset (liability) is:

	2022 Change		
	Ordinary	Capital	Total
Gross deferred tax assets	$ (2,299,651)	$ 501,915	$ (1,797,736)
Statutory valuation allowance adjustments	-	-	-
Adjusted gross deferred tax assets (DTA)	(2,299,651)	501,915	(1,797,736)
Deferred tax assets nonadmit	-	-	-
Subtotal net admitted deferred tax asset	(2,299,651)	501,915	(1,797,736)
Deferred tax liabilities (DTL)	(52,077)	(8,135,179)	(8,187,256)
Net admitted deferred tax (liability) asset	$ (2,247,574)	$ 8,637,094	$ 6,389,520

The deferred tax provision is included in the Statement of Changes in Policyholders' Surplus as follows:

	2023	2022
Netted against change in net unrealized capital (losses)	**$ (7,369,043)**	$ 7,837,466
Change in net deferred income taxes	**4,712,850**	(1,447,947)
Change in non-admitted assets	**-**	-
	$ (2,656,193)	$ 6,389,519

The admission calculation components under SSAP No. 101 is as follows:

	December 31, 2023		
	Ordinary	Capital	Total
Federal income taxes paid in prior years recoverable through loss carrybacks	**$ 12,052,918**	**$ -**	**$ 12,052,918**
Adjusted gross deferred tax assets expected to be realized (excluding the amount of deferred tax assets from carrybacks, above) after application of the threshold limitation (The lesser of the next two items)	**3,650,187**	**-**	**$ 3,650,187**
Adjusted gross deferred tax assets expected to be realized following the balance sheet date	**3,650,187**	**-**	**$ 3,650,187**
Adjusted gross deferred tax assets allowed per limitation threshold	**XXX**	**XXX**	**64,202,144**
Adjusted gross deferred tax assets (excluding the amount of deferred tax assets shown above and from carryback) offset by gross deferred tax liabilities	**18,072,252**	**390,119**	**$ 18,462,371**
Deferred tax assets admitted as the result of application of SSAP No. 101 total	**$ 33,775,357**	**$ 390,119**	**$ 34,165,476**

	December 31, 2022		
	Ordinary	Capital	Total
Federal income taxes paid in prior years recoverable through loss carrybacks	$ 1,296,668	$ -	$ 1,296,668
Adjusted gross deferred tax assets expected to be realized (excluding the amount of deferred tax assets from carrybacks, above) after application of the threshold limitation (The lesser of the next two items)	18,190,375	-	18,190,375
Adjusted gross deferred tax assets expected to be realized following the balance sheet date	18,190,375	-	18,190,375
Adjustment for application of threshold limitation	XXX	XXX	58,446,966
Adjusted gross deferred tax assets (excluding the amount of deferred tax assets shown above and from carryback) offset by gross deferred tax liabilities	9,903,980	951,315	10,855,295
Deferred tax assets admitted as the result of application of SSAP No. 101 total	$ 29,391,023	$ 951,315	$ 30,342,338

The change in admitted deferred tax assets under SSAP No. 101 as of December 31, 2023 is calculated as follows:

	Change		
	Ordinary	Capital	Total
Federal income taxes paid in prior years recoverable through loss carrybacks	$ 10,756,250	$ -	$ 10,756,250
Adjusted gross deferred tax assets expected to be realized (excluding the amount of deferred tax assets from carrybacks, above) after application of the threshold limitation (The lesser of the next two items)	(14,540,188)	-	(14,540,188)
Adjusted gross deferred tax assets expected to be realized following the balance sheet date	(14,540,188)	-	(14,540,188)
Adjustment for application of threshold limitation	XXX	XXX	5,755,178
Adjusted gross deferred tax assets (excluding the amount of deferred tax assets shown above and from carryback) offset by gross deferred tax liabilities	8,168,272	(561,196)	7,607,076
Deferred tax assets admitted as the result of application of SSAP No. 101 total	$ 4,384,334	$ (561,196)	$ 3,823,138

The threshold limitation of $64,202,144 was based on the following:

	2023	2022
Ratio percentage used to determine recovery period and threshold limitation amount	**889%**	**762%**
Amount of adjusted capital and surplus used to determine recovery period and threshold limitation	**$ 430,199,687**	$ 390,324,457

The income tax provision consists of these major components for the years ended December 31, 2023 and 2022:

Current Income Tax	**2023**	2022
Federal income tax expense (benefit)	**$ 11,648,191**	$ (5,018,906)
Federal income tax on net capital gains	**(51,196)**	480,862
Federal and Foreign income taxes incurred	**$ 11,596,995**	$ (4,538,044)

The effects of temporary differences that give rise to significant portions of the deferred tax assets and deferred tax liabilities for the years ended December 31, 2023 and 2022 are as follows:

Deferred Tax Assets	**2023**	2022	Change
Ordinary			
Discounting of unpaid losses	**$ 1,502,108**	$ 1,723,558	
Post retirement benefit	**450,064**	515,389	
Incentive/commission bonus accruals	**2,032,279**	1,466,341

Deferred tax liabilities	**26,137,881**	19,658,552	6,479,329
Net deferred tax assets	**$ 8,027,595**	$ 10,683,786	$ (2,656,191)

The Company has recognized all deferred tax liabilities.

D. The provision for federal income taxes incurred is different from that which would be obtained by applying the statutory Federal income tax rate to income before income taxes. The significant items causing this difference are as follows:

	2023		2022	
	Amount	**Effective Tax Rate (%)**	Amount	Effective Tax Rate (%)
Provision computed at statutory rate	**$ 7,463,620**	**21.0 %**	$(16,672,270)	21.0 %
Tax on change in nonadmitted assets	**(2,366,222)**	**(6.7)**	9,490,632	(12.0)
Pension and Post-retirement benefits	**(225,416)**	**(0.6)**	4,316,684	(5.4)
Accrued employee benefits subject to 162(m)(6) limitation	**2,100,710**	**5.9**	1,740,603	(2.2)
Nondeductible expenses	**(876,842)**	**(2.5)**	191,217	(0.2)
Revision to prior year estimates	**294,483**	**0.8**	412,647	(0.5)
Tax-exempt interest (net)	**(5,967)**	**(0.0)**	(7,199)	0.0
Dividends received deduction (net)	**(264,128)**	**(0.7)**	(255,362)	0.3
Income tax expense/(benefit) of affiliates	**763,907**	**2.2**	(2,307,049)	2.9
Totals	**$ 6,884,145**	**19.3 %**	$ (3,090,097)	3.9 %
Federal and foreign income tax (benefit) expense	**$ 11,648,191**	**33.8**	$ (5,018,906)	6.3
Realized capital gains tax	**(51,196)**	**(1.1)**	480,862	(0.6)
Change in net deferred income taxes	**(4,712,850)**	**(13.3)**	1,447,947	(1.8)
Total statutory income taxes	**$ 6,884,145**	**19.4 %**	$ (3,090,097)	3.9 %

	2023	2022
Change in net admitted deferred tax asset	**$ 2,656,191**	(6,389,520)
Change in deferred tax assets nonadmitted	**-**	-
Excluding:		
Change in unrealized (losses) gains - DTA	**(561,174)**	730,886
Change in unrealized (losses) - DTL	**(6,807,869)**	7,106,581
Change in net deferred income taxes for rate reconciliation	**$ (4,712,852)**	1,447,947

Income tax expense for 2023 and 2022 that is available for recoupment in the event of future net losses is $12,052,918 and $0, respectively.

The Company joins in a consolidated federal income tax return filed by Good Life Partners, Inc. The other members of the affiliated group joining in the Good Life Partners, Inc. consolidated return are as follows:

Good Life Solutions, Inc.
Blue Cross and Blue Shield of Nebraska, Inc.
Sapphire Edge, Inc.

Beginning in 2023, The Company executed a tax sharing agreement providing a "benefits for losses methodology" in allocating Federal income taxes among consolidated group members. The Company allocates the Federal Consolidated Income Tax Return liability or recoverable as though each entity filed a separate federal income tax return. The parties agree the federal income tax obligations will be shared under the immediate payment method. As such, settlement will be made annually upon the completion of the consolidated tax return. Blue Cross and Blue Shield of Nebraska, Inc., acting as the banker for tax transactions, shall collect all income tax from related entities based upon each entities standalone taxable income and shall reimburse related entities for taxable losses, to the extent their losses are available to offset consolidated taxable income. Any exceptions regarding the funding of the intercompany tax balance must be approved by the Executive Vice President and CFO.

As of December 31, 2023, there were no material positions for which management believes it is reasonably possible that the total amounts of tax contingencies will significantly increase or decrease within 12 months of the reporting date.

The Company classifies all interest and penalties related to tax contingencies as income tax expense. As of December 31, 2023 and 2022, no accrued interest or penalties were recorded as an income tax liability on the statutory statement of admitted assets, liabilities, and policyholder surplus.

Open tax years subject to examination include 2020, 2021 and 2022.

On August 16, 2022, the Inflation Reduction Act of 2022 (ACT) was signed into law. The Act includes a new Federal alternative minimum tax (AMT), effective January 1, 2023, that is based on the adjusted financial statement income (AFSI) set forth on the applicable financial statement (AFS) of an applicable corporation. A corporation is an applicable corporation if its rolling average pre-tax AFSI over three prior years (starting with the years 2020-2022) is greater than $1 billion. For a group of related entities, the $1 billion threshold is determined on a group basis, and the group's AFS is generally treated as the AFS for all separate taxpayers in the group. An applicable corporation is not automatically subject to an AMT liability. The corporation's tentative AMT liability is equal to 15% of its adjusted AFSI, and AMT is payable to the extent the tentative AMT liability exceeds regular corporate income tax. However, any AMT paid would be indefinitely available as a credit carryover that could reduce future regular tax in excess of AMT.

The Company, and the controlled group of corporations of which the reporting entity is a member, has determined that they do not expect to be liable for AMT in 2024. Based upon information available as of December 31, 2023, the controlled group of corporations of which the Company is a member, does not expect to qualify as an applicable corporation.

NOTE 4 - PROPERTY, FURNITURE, FIXTURES AND EQUIPMENT, AND DATA PROCESSING EQUIPMENT

Admitted assets included the following data processing equipment as of December 31, 2023 and 2022:

	2023	2022
Electronic data processing equipment	**$ 37,137,848**	$ 37,594,244
Accumulated depreciation	**(36,924,088)**	(37,108,256)
Carrying value	**$ 213,760**	$ 485,988

The Company utilizes the following furniture, fixtures, software, and equipment that were non-admitted as of December 31, 2023 and 2022:

	2023	2022
Non Admitted Assets		
Computer Software	**$ 31,461,978**	$ 31,373,217
Accumulated depreciation	**(31,291,063)**	(31,181,190)
Amount not admitted	**$ 170,915**	$ 192,028
Leasehold Improvements	**$ 5,662,994**	$ 4,208,061
Accumulated depreciation	**(4,009,327)**	(3,734,996)
Amount not admitted	**$ 1,653,667**	$ 473,065
Furniture, fixtures and equipment	**$ 17,267,956**	$ 17,673,940
Accumulated depreciation	**(16,758,014)**	(16,886,613)
Amount not admitted	**$ 509,942**	$ 787,327

Depreciation expense for the year ended December 31, 2023 and 2022 is:

	2023	2022
Electronic data processing equipment	**$ 379,848**	$ 741,710
Computer software amortization	**109,873**	135,689
Furniture, fixtures and equipment	**519,323**	276,952
Office building	**-**	-
Total	**$ 1,009,044**	$ 1,154,351

NOTE 5 - INFORMATION CONCERNING PARENT, SUBSIDIARIES, AFFILIATES AND OTHER RELATED PARTIES

BCBSNEI owns Azure Equity Management, LLC (Azure), a wholly owned equity management and holding company, which owns several private equity investments. In 2023, BCBSNEI made total contributions to Azure in the amount of $242,259. The amounts contributed were for various investments as listed below. At December 31, 2023 and December 31, 2022, the investment in Azure is $15,256,224 and $16,530,622, respectively. In 2023, Azure had $998,474 of assets which were non-admitted on BCBSNEI's books related to investments below resulting in a carrying value of $14,257,750 as of December 31, 2023.

Azure has a 26.1% ownership in HealthInvest Equity Partners, LP (HealthInvest). HealthInvest is a private equity fund, limited liability company whose primary purpose is to generate financial returns through investments in the securities of healthcare companies at various stages of development. Azure is a limited partner and has made a $3,000,000 capital commitment to HealthInvest. As of December 31, 2023, Azure has invested $2,655,000 in HealthInvest. At December 31, 2022, Azure had invested $2,587,500 in HealthInvest. At December 31, 2023 and December 31, 2022, the market value of our investment in HealthInvest is $3,551,617 and $3,764,688, respectively.

Azure has a 5.71% ownership in HLM Venture Partners Fund IV (HLM). HLM is a private equity fund, capital firm based in Boston whose primary purpose is to generate financial returns through investments in the securities of health care technology, technology-enabled health care services and medical device and diagnostic companies. Azure is a limited partner and has made a $5,000,000 capital commitment to HLM. As of December 31, 2023,

and 2022, Azure has invested $4,837,500 in HLM. At December 31, 2023 and December 31, 2022, the market value of our investment in HLM is $2,316,860 and $2,712,748, respectively. HLM distributed funds of $0 in 2023 and $847,569 in 2022.

Azure has a 1.85% ownership in Blue Venture Fund III (BVF). BVF is a private equity fund based in Chicago whose primary purpose is to generate financial returns through investments in the securities of strategic healthcare companies. Azure is a limited partner and has made a $5,000,000 capital commitment to BVF. As of December 31, 2023, Azure has invested $4,637,205 in BVF. As of December 31, 2022, Azure had invested $4,462,446. At December 31, 2023 and December 31, 2022, the market value of our investment in BVF is $8,380,003 and $9,048,059, respectively. BVF paid dividends to Azure of $665,443 in 2023 and $75,068 in 2022.

Azure has two minor investments in Higi SH Holding Inc. (Higi) LP, and Cecilia Health (formerly Fit4D Inc.), which had market values as of December 31, 2023 of $0 and $998,475 and as of December 31, 2022 of $0 and $995,858, respectively.

BCBSNEI owns a 13.79% ownership interest in Regional Advantage Services, LLC (RAS), an administrative services company formed by several unrelated Blue Cross Blue Shield plans known as the Northern Plains Alliance to perform the necessary management services of the regional Medicare Advantage PPO and Medicare Part D contracts sponsored by the affiliated Blue Cross Blue Shield plans. BCBSNEI pays RAS an administrative fee for services rendered. BCBSNEI paid and expensed $4,045,722 and $2,543,634 in fees to RAS in 2023 and 2022, respectively. BCBSNEI investment in RAS is $13,790 at December 31, 2023, and 2022.

BCBSNEI owns a 49% interest in both QuadTech II, LLC (QuadTech) and TWBC TIF Holdings (TWBC), commercial real estate joint ventures. QuadTech II holds the tax increment financing (TIF) on the Blue Cross Centre and TWBC holds the TIF in the Think building. BCBSNEI's investment in QuadTech II is $1,782 and $4,191 at December 31, 2023 and December 31, 2022, respectively, and its investment in TWBC is $1,664 and $1,977 at December 31, 2023 and December 31, 2022, respectively. Both balances are non-admitted in 2023 and 2022 as they no longer have an audit. QuadTech II paid dividends to BCBSNEI of $945,700 and $937,860 in 2023 and 2022, respectively, and TWBC paid dividends of $342,510 and $340,060 in 2023 and 2022, respectively.

In January 2020, the BCC Building which was held in the QuadTech fund under a real estate investment was refinanced and BCBSNEI signed a new 26-year lease. Based on these changes it was determined the QuadTech Fund didn't fall within the strategy of the prior investment fund and was split out to QuadTech LP of which BCBSNE owns 49.08%. BCBSNEI investment in QuadTech, LP is $0 and $0 at December 31, 2023 and 2022 respectively. Quad Tech paid dividends of $662,619 and $392,663 in 2023 and 2022, respectively.

During 2016, BCBSNEI formed Sapphire Edge Inc. (SEI), a wholly owned subsidiary of BCBSNEI. SEI is a mutual benefit corporation established to offer for sale Medicare Advantage products to Nebraska consumers. Blue Cross Blue Shield of Michigan (BCBSM) performs managerial responsibilities and services under a Management Services Agreement. In addition, the parties entered into a quota share reinsurance agreement effective January 1, 2017, where each will reinsure and indemnify SEI with BCBSNEI and BCBSM assuming 60% and 40% respectively. The company made contributions of $2,740,000 in 2022, and $5,500,000 in 2023 to SEI for operating expenses. BCBSNEI's investment in SEI is $3,855,839 and $2,460,596 on December 31, 2023, and December 31, 2022, respectively.

BCBSNEI owns a 5% ownership interest in Community Care Health Plan of Nebraska, Inc (CCHP). CCHP was established to sell Medicaid in the state of Nebraska, BCBSNEI funded the investment with $6,760,000 in October 2020. BCBSNEI's investment in CCHP is $8,733,132 and $9,156,700 at December 31, 2023 and December 31, 2022, respectively. Effective January 1, 2024, CCHP has lost their contract with the State of Nebraska and has subsequently filed a protest.

BCBSNEI's ownership of other affiliated entities is less than 10% of admitted assets.

At December 31, 2023, the Company reported $2,974,123 as amounts due from affiliates, which consisted of expenses net of taxes Sapphire Edge owed of $2,809,177, Goodlife Solutions of $117,798 and an additional receivable with Think Nebraska, LLC (Think) of $47,148. The Sapphire Edge and Goodlife Solutions balance were settled in January of 2023. In addition, there is a payable to Goodlife Partners of $427,578 which was settled in January 2023. The previous receivable related to the Think line of credit totaling $34,846,714 at December 31, 2022 including interest, which had previously been non-admitted, was impaired in 2022. The portion of the balance related to previously accrued interest of $9,797,343 was expensed within net investment income in 2022. The Company determined that the line of credit was unlikely to be paid back as a result of continuing losses. Think is owned 100% by BCBSNEI's parent company GoodLife Solutions, Inc.

BCBSNEI has an administrative service agreement for our Rx program with Prime in which BCBSNEI paid and expensed $9,653,085 and $8,091,249 in fees in 2023 and 2022. In 2022, the Company began receiving MAF revenue from Prime. BCBSNEI received and accrued $20,408,316 in 2023 and $17,009,065 in 2022, of which $15,598,260 in 2023 and $12,804,645 in 2022, was used to offset administrative expense and $4,810,056 in 2023 and $4,204,420 in 2022, respectively, was included in Administrative Services Income in Note 10.

On January 29, 2016, BCBSNEI and SEI entered into a management service agreement, whereby 100% of all SEI related expenses shall be allocated from BCBSNEI to SEI. SEI is 100% owned by BCBSNEI. SEI desires to retain BCBSNEI to provide certain services customary, appropriate and reasonable to support a Medicare Advantage Organization in administration of its Medicare Advantage and Part D products. SEI and BCBSNEI also have a Quota Share Agreement effective January 1, 2017, as discussed above. BCBSNEI paid and expensed $13,212,450 and $14,743,275 in fees during 2023 and 2022, respectively.

NOTE 6 - RETIREMENT PLANS, DEFERRED COMPENSATION, POST EMPLOYMENT AND OTHER POSTRETIREMENT BENEFIT PLANS AND COMPENSATED ABSENCES

Defined Benefit Plan

The Company participates in the Blue Cross and Blue Shield Association's National Retirement Program which is a defined benefit pension plan covering all employees that have five or more years of service as of December 31, 2005. Effective January 1, 2006, the Company limited participation in the defined benefit retirement plan to those individuals who have five years or more of service and were fully vested at that date. The defined benefits are based on years of service and the employee's final average compensation. In 2022, BCBSNEI made a $10,110,000 million contribution to the plan. In 2023, BCBSNEI made a $1,100,000 contribution to the plan. The pension plan's accumulated benefit obligation was valued as of December 31, 2022, using a discount rate of 5.15% and as of December 31, 2023 using a discount rate of 5%. The net periodic benefit costs were calculated using a discount rate of 5.15% for 2023 and a discount rate of 3.05% for 2022.

In 2022, settlement accounting was triggered for the Company's defined benefit plan due to the number of retirements and also due to terminated vested employees taking lump-sum payments. Settlement accounting resulted in accelerated recognition of the unrecognized loss that was to be amortized over the expected working life of the population participating in the plan. Due to the dollar amount of the lump sums equaling more than is allowed under an actuarially determined formula, the unrecognized loss must be recognized immediately. For 2022, the settlement expense was $269,761. In 2023, the settlement expense was not triggered.

In 2022, the actual return on plan assets was a gain of $12,684,179 and, in 2023, the actual return on plan assets was a gain of $4,479,359.

Effective as of December 31, 2014, BCBSNEI froze the defined benefit plan which resulted in no future service cost being recognized but the plan still recognizes increases in pensionable compensation.

The decrease in pension liability of $3,664,556 and $25,363,618 for the years ended December 31, 2023 and 2022, respectively, was recorded in policyholder surplus.

The National Employee Benefits Committee (NEBC) of the Blue Cross and Blue Shield Association filed a lawsuit against Allianz Global Investors (Allianz) and Aon Hewitt Investment Consulting (AON) for breach of fiduciary duty and breach of contract arising from the Structured Alpha investment strategies implemented by Allianz that resulted in substantial losses of ERISA plan assets in the National Retirement Trust (NRT). NEBC has reached a settlement agreement with Allianz in 2022 and BCBSNEI was allocated approximately $20.8 million in net recovery from the Allianz settlement, and such amount was deposited into the defined benefit plan assets on behalf of BCBSNEI. Such amount deposited resulted in an increase in plan assets with return on assets.

Financial information regarding the defined benefit plan is as follows:

		2023		2022
Changes in projected benefit obligation

At December 31, 2023, the basis of the overall expected long-term rate of return on assets assumption is a forward-looking approach based on the current long-term capital market outlook assumptions of the asset categories the trust invests in and the trust's target asset allocation.

At December 31, 2023, the assumed target asset allocation for the program is: 15% - 25% equity securities, 69% - 79% debt securities, and 2% - 10% other securities.

Using a mean-variance model to project returns over a 30-year horizon under the target asset allocation, the 35th to 65th percentile range of annual rates of return is 5.4% - 6.4%

The company selected the expected return on asset assumption of 5.75% for 2023. This rate is net of both investment related expenses and a 0.10% reduction for other administrative expenses charged to the Trust.

The investment program for the National Retirement Trust is based on the precepts of capital market theory that are generally accepted and followed by institutional investors, who by definition are long-term oriented investors. This philosophy holds that:

1. Increasing risk is rewarded with compensating returns over time and therefore, prudent risk taking is justifiable for long-term investors.
2. Risk can be controlled through diversification of asset classes and investment approaches as well as diversification of individual securities.
3. Risk is reduced by time, and over time the relative performance of different asset classes is reasonably consistent. Over the long term, equity investments have provided and should continue to provide superior returns over other security types. Fixed-income securities can dampen volatility and provide liquidity in periods of depressed economic activity. Lengthening duration of fixed income securities may reduce surplus volatility.
4. The strategic or long-term allocation of assets among various asset classes is an important driver of long term returns.
5. Relative performance of various asset classes is unpredictable in the short-term and attempts to shift tactically between asset classes are unlikely to be rewarded.

Investments will be made for the sole interest of the participants and beneficiaries of the programs participating in the National Retirement Trust. Accordingly, the assets of the National Retirement Trust shall be invested in accordance with these objectives:

1. To ensure assets are available to meet current and future obligations of the participating programs when due.
2. To earn the maximum return that can be realistically achieved in the markets over the long term at a specified and controlled level of risk in order to minimize future contributions.
3. To invest assets with consideration of the liability characteristics in order to better align asset and liabilities.
4. To invest the assets with the care, skill, and diligence that a prudent person acting in a like capacity would undertake. The Committee acknowledges that, in the process, it has the objective of controlling the costs involved with administering and managing the investments of the National Retirement Trust.
5. The target asset allocation for the company is as follows: 15% - 25% equity securities, 69% - 79% debt securities, and 2% - 10% other securities.

The Company estimates that a $1.1 million contribution will be made to the qualified program in 2024. This is management's current best estimate of total contributions for the year and should not be construed as a commitment to fund this amount. Management has discretion to fund more or less based on circumstances throughout the year.

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid:

2024	$	8,879,000
2025		6,515,000
2026		5,471,000
2027		4,691,000
2028		4,522,000
2029-2033		18,025,000

Supplemental Retirement Program

The Company established an Executive Nonqualified Deferred Compensation Plan (DC Plan) effective January 1, 2011, for the benefit of a select group of Executives as designated by the Board of Directors. The Company contributed $1,155,899 in 2023 and expensed $1,399,493 in 2023. The Company contributed $1,275,313 in 2022 and expensed $1,626,148 in 2022.

Defined Contribution Plans

401(k) Plan

The Company has Tax-Favored Savings Plans under Section 401(k) of the Internal Revenue Code (IRC). As of January 1, 2021, all eligible employees are auto enrolled at 6% deferral rate upon hire. The Plans allow employees to defer a portion of their income on a pre-tax basis through contributions to the 401(k) Plans, for every dollar the employee contributes, up to 6% of the employee's wages, BCBSNEI will make contributions based on a 100% match on the first 6% of compensation contributed.

All employees are immediately 100% vested in their contributions and are eligible for the company match immediately upon employment. All employees and employer safe harbor contributions are 100% vested immediately.

The amount expensed under the Plans for BCBSNE were $5,864,356 for 2023 and $5,317,962 in 2022.

Nonqualified Deferred Compensation Program (401(k) Wrap Plan)

In addition to the Tax-Favored Savings Plans noted above, BCBSNEI provides a Nonqualified Deferred Compensation Plan to provide certain employees the opportunity to make elective contributions and receive employer matching contributions in excess of those permitted under the Employer's Tax-Favored Savings Program and the Code (Internal Revenue Code of 1986). This Plan is considered an unfunded plan for IRC purposes with any assets set aside to fund the Plan subject to the general creditors of BCBSNEI. The Company's expense for this Plan was $752,134 in 2023 and $732,016 in 2022.

Defined Contribution Plan (replacing the Defined Benefit plan)

Effective January 1, 2006, the Company established a Qualified Defined Contribution Plan for those employees who had less than five years of service as of December 31, 2005 and therefore, were not participants in the Company's defined benefit plan. Effective January 1, 2021 BCBSNEI changed the plan and any supplemental, discretionary amount BCBSNE contributes to employee 401(k) plans will be made on an annual basis rather than on the current per pay period basis. A new employee becomes eligible for the Defined Contribution Plan on the first day of the quarter following six months of employment. Employees are fully vested after three years of service. The Company contribution and expense under this Plan was $3,003,834 in 2023 and $3,832,371 in 2022.

Post Retirement Benefit Plan

The Company provides certain health care and life insurance benefits ("postretirement benefits") for retired employees. Health coverage provided to retirees varies based upon a number of factors including years of service. The postretirement medical program was amended effective January 1, 2008 to provide defined dollar benefits. Life Insurance benefits are calculated based on the amount of the employee's final salary and age. The retiree medical and retiree life insurance plans were amended as of January 1, 2021 and frozen to new entrants. The retiree medical pre-65 grandfathers those that already met the eligibility requirements as of December 31, 2020. The amendment capped the life insurance benefit at $50,000 for current retirees already in the plan. Effective January 1, 2021 the retiree medical plan for Medicare eligible age (65+) plan transitioned to a Group Medicare Advantage plan with BCBSNEI no longer subsidizing the premiums.

The decrease in postretirement liability which was recorded in policyholder surplus as a reduction of ($4,700,274) and ($4,807,979), for the years ended December 31, 2023 and 2022, respectively.

Financial information regarding the postretirement benefit plan is as follows:

	Health Benefits		Life Benefits	
	2023	2022	**2023**	2022
Change in benefit obligation				
Projected benefit obligation at beginning of year	**$ 731,077**	$ 1,323,167	**$ 1,723,163**	$ 2,292,220

NOTE 7 - POLICY AND CONTRACT CLAIMS

The Company recorded a total liability for policy and contract claims of $205,321,387 and $217,829,816 as of December 31, 2023 and 2022, including a liability for unpaid claim adjustment expenses of $32,193,409 and $32,364,863, respectively, and a liability for accrued medical incentive pool and bonus amounts of $10,160,288 and $8,240,609, respectively. An analysis of the liability for policy and contract claims, excluding claim adjustment expenses, follows:

	2023	2022
Balance at beginning of the year	**$ 185,464,953**	$ 185,067,278
Incurred related to		
Current year	**1,631,191,792**	1,550,302,328
Prior year	**(17,804,079)**	(27,873,343)
Total incurred	**1,613,387,713**	1,522,428,985
Change in healthcare receivables	**(14,153,062)**	(3,417,376)
Change in reinsurance recoverable	**-**	32,770
Paid related to		
Current year	**1,478,703,952**	1,374,362,389
Prior year	**161,173,798**	151,053,527
Total paid	**1,639,877,750**	1,525,415,916
Balance at end of the year	**$ 173,127,978**	$ 185,464,953

During 2023 and 2022, the Company had favorable development of $17,804,079 and $27,873,343, respectively, related to prior years. The amount of subrogation recoverable netted against claim reserves for 2023 was $10,000,000 and for 2022 was $10,000,000.

The current reserve model was implemented in 2011. This model combines a standard completion factor and a projected PMPM model on a sliding scale. Also, a specific provision for adverse deviations (PAD) to be applied consistently to the model was introduced in place of varying judgment from month to month.

NOTE 8 - HEALTHCARE REFORM

Medical Loss Ratio

The ACA established minimum medical loss ratio (MLR) standards for health insurers. These new standards were effective for 2011 and are required to be reported to the Department of Health and Human Services (HHS). The reporting date for 2023 MLR is July 31, 2024. Based on the MLR standards, the Company is required to pay a pro-rata rebate to individual members or groups if the incurred MLR for Individual or Small Group business is less than 80% and Large Group is less than 85%. At December 31, 2023 and December 31, 2022, the Company's estimate of the MLR for Individual, Small Group and Large Group were all above the established MLR thresholds and no rebates are due.

The report due to HHS on July 31, 2024, requires a three month look back of December 31, 2023 unpaid claims activity through March 31, 2024 for the purpose of updating the estimated 2023 MLR calculations.

Risk-sharing Provisions of the Patient Protection and Affordable Care Act

During 2023 and 2022, the Company wrote health insurance premiums which are subject to the ACA risk sharing provisions.

The ACA's permanent risk adjustment program (RA) is intended to reinforce market rules that prohibit risk selection by insurers. RA accomplishes this by transferring funds from plans with lower-risk enrollees to plans with higher-risk enrollees. The goal of RA is to encourage insurers to compete based on the value and efficiency of their plans rather than by attracting healthier enrollees. To the extent that risk selecting behavior by insurers, or decisions made by enrollees, drive up costs in the health insurance marketplaces (for example, if insurers selling outside the Exchange try to keep premiums low by steering applicants with greater health needs to Exchange coverage), RA also works to stabilize premiums and the cost of tax credit subsidies to the federal government. The RA amounts recorded by the Company as of December 31, 2023, and 2022 are:

Permanent PPACA Risk Adjustment Program

	2023	2022
Assets		
- Premium adjustments receivable due to ACA RA	$ **26,347**	$ -
Liabilities		
- Risk adjustment user fees payable for ACA RA	**-**	-

NOTE 9 - CAPITAL AND POLICYHOLDER SURPLUS

Blue Cross and Blue Shield of Nebraska reorganized from a mutual benefit insurance company to a stock insurance company effective July 1, 2018. The stock insurance company is called BCBSNEI and will do business in that name. As part of the reorganization GSI was formed as a new intermediate stock holding company and BCBSNEI is a wholly owned subsidiary of GSI. BCBSNEI has 500,000 shares authorized with a par value of $100, 10 shares issued and 10 shares outstanding. All shares are common stock. BCBSNEI has no preferred stock outstanding.

Without prior approval of its domiciliary commissioner, dividends to shareholders are limited by the laws of the state of Nebraska to not exceed any dividend or distribution of cash or other property the fair market value of which together with that of other dividends or distributions made within the preceding twelve months exceeds the greater of (a) ten percent of such insurer's policyholders surplus as of December 31 next preceding or (b) the net income, not including realized capital gains, for the twelve-month period ending December 31 next preceding but shall not include pro rata distributions of any class of the insurer's own securities. In determining whether a dividend or distribution is extraordinary, BCBSNEI may carry forward net income from the previous two calendar years that has not already been paid out as dividends. This carryforward shall be computed by taking the net income from the second and third preceding calendar years, not including realized capital gains, less dividends paid in the second and immediately preceding calendar years. During 2023, BCBSNEI can pay extraordinary dividends to its parent of $35,822,728 with prior approval of regulatory authority. In 2023, BCBSNEI distributed a cash dividend of $8 million to GSI who in return distributed the $2 million to GPI, in order to cover operating expenses incurred by GPI. During 2022, BCBSNEI distributed a cash dividend of $3 million to GSI who in return distributed the $3 million to GPI, in order to cover operating expenses incurred by GPI.

There are no restrictions placed on the portion of Company profits that may be paid as ordinary dividends to stockholders. There were no restrictions placed on the Company's surplus.

Policyholder surplus is reduced by the following non-admitted assets:

	2023	2022
Non-admitted assets:		
Pharmaceutical rebates and other health care receivables	**$ 7,267,184**	$ 5,976,061
Furniture and fixtures	**2,185,391**	1,260,392
EDP equipment and software	**170,916**	192,028
Prepaid expenses	**10,902,305**	8,523,850
Invested assets	**1,001,920**	1,002,025
Miscellaneous receivable	**9,505,546**	8,027,159
Total non-admitted assets	**$ 31,033,262**	$ 24,981,515

NOTE 10 - GAIN OR LOSS FROM UNINSURED A&H PLANS AND THE UNINSURED PORTION OF PARTIALLY INSURED PLANS

The Company is engaged as administrator for a number of uninsured and partially insured plans and paid benefits for these plans totaling $933,428,408 in 2023 and $768,963,552 in 2022. A summary of financial results thereon follows:

2023	Cost Plus
Administrative services income	**$ 90,524,953**
Allocated costs using full absorption costing	**(101,277,369)**
Total net (loss) from operations	**$ (10,752,416)**
2022	
Administrative services income	$ 73,215,213
Allocated costs using full absorption costing	(84,903,712)
Total net (loss) gain from operations	$ (11,688,499)

Agency Contracts and Expense Reimbursements

The Company is a member of the Blue Card Program, and by agreement processed claims for others and the related reimbursements have been excluded from the statutory statements of operations.

The Company allocates its operating expenses by various lines of business to determine the expense reimbursements where BCBSNEI acts as a fiscal intermediary for other federal health programs and other reimbursable lines of business.

The following is a summary of claims processed for the Blue Card Program for the years ended December 31:

	2023	2022
Blue Card Program	**$ 1,499,315,015**	$ 1,392,891,103

The following is a summary of operating expense reimbursements:

	2023	2022
Blue Card Program	**$ 45,609,999**	$ 11,653,411

NOTE 11 - LEASES

The Company has several lease agreements for the use of office space, data processing, other equipment, and storage space. The agreements expire on various dates through 2045. In most cases, management expects to renew these leases or replace them with similar leases. Total rent expenses for these leases and other month-to-month leases were approximately $21,168,509 in 2023 and $22,242,291 in 2022.

Effective January 1, 2020, the existing BCBSNEI Credit Tenant Lease (CTL) was terminated, and a new CTL facility was established. This new lease provides for more favorable rates and extends the lease term to 26 years. The landlord is QuadTech, LP. The lease expense is included below.

Years Ending December 31,	Operating Leases
2024	$ 7,781,064
2025	7,779,089
2026	7,868,549
2027	7,959,037
2028	8,050,566
Thereafter	151,932,080
	$ 191,370,385

NOTE 12 - HEALTHCARE RECEIVABLES

The Company has contracted with Prime LLC, a pharmaceutical benefits manager, to provide pharmaceutical services and obtain pharmacy rebates from drug manufacturers. The estimate for the fourth quarter is based on the previous quarter's actual prescriptions, which are confirmed/invoiced by the Company's pharmaceutical benefit manager. At December 31, 2023 and 2022, the Company had a total pharmacy rebates receivable of $100,918,191 and $79,921,950, respectively, of which is $93,651,007 and $73,945,889 is an admitted asset. The current year receivable of $100,918,191 contains $68,092,576 related to fully insured business and $32,825,615 related self-insured business.

Quarter Ending	Estimated Pharmacy Rebates	Pharmacy Rebates Invoiced/Confirmed as an admitted asset	Actual Rebates Collected Within 90 days of Invoicing/Confirmation	Actual Rebates Collected Within 91 to 180 days of Invoicing/Confirmation	Actual Rebates Collected More Than 180 Days of Invoicing/Confirmation
12/31/2023	**$ 49,129,740**	**$ -**	**$ 981,359**	**$ -**	**$ -**
9/30/2023	**45,494,223**	**46,959,092**	**1,456,467**	**-**	**-**

9/30/2022	36,609,434	36,463,547	32,707,094	5,438,097	(63,832)
6/30/2022	33,483,682	36,938,774	29,797,390	5,093,578	240,076
3/31/2022	35,225,445	33,655,256	27,057,867	5,471,245	683,869
12/31/2021	$ 33,571,935	$ 35,055,839	$ 30,391,455	$ 5,585,255	$ 642,380
9/30/2021	32,989,522	33,417,790	28,751,534	5,175,673	1,080,777
6/30/2021	30,387,530	32,888,895	25,570,240	5,058,123	671,962
3/31/2021	30,538,802	30,407,955	23,612,697	5,503,926	501,830
	$ 441,079,610	$ 408,557,442	$ 303,328,549	$ 53,320,394	$ 4,104,476

The Company does not have any pharmacy risk sharing receivables at December 31, 2023 and 202.

NOTE 13 - REINSURANCE

Assumed Reinsurance

Effective January 1, 2017, the Company entered into a reinsurance agreement with Sapphire Edge Inc (SEI), a wholly owned affiliate of the Company, in which the Company assumes reinsurance ceded from SEI. Premiums assumed in 2023 and 2022 were $56,833,912 and $57,082,713, respectively. Claims assumed in 2023 and 2022 were $58,010,461 and $56,684,776, respectively, and assumed commissions expensed for 2023 and 2022 were $6,899,116 and $7,575,034, respectively.

Effective April 1, 2020, the Company entered into a reinsurance agreement with HM Life Insurance Company (HMLI) in which the Company assumes reinsurance through a 50% quota share agreement on specific stop loss and aggregate stop loss business. Premiums assumed in 2023 and 2022 were $25,492,595 and $24,821,386, respectively. Reinsurance payable on paid and unpaid losses at December 31, 2023 and December 31, 2022 were $4,689,481 and $5,157,193, respectively.

Ceded Reinsurance

Effective January 1, 2016, the Company purchased excess loss reinsurance from BCS Insurance Company (BCS), a non-affiliated reinsurer. This BCS reinsurance contract is for insured medical claims in excess of $2,000,000. At December 31, 2023 and 2022, there were no amounts recoverable from BCS which have been netted against Unpaid Policy and Contract Claims Reserves. Premiums ceded under the BCS contract was $4,064,754 and $903,648 in 2023 and 2022, respectively. Amounts recovered under the BCS contract was $0 in 2023 and 2022, respectively.

The Company cedes 70% of its individual Long-Term Care premiums and claims to Genworth Life Insurance Company (Genworth). Premiums ceded were $2,552,226 and $2,249,240 in 2023 and 2022, respectively. Unearned premiums were $63,311,365 and $62,368,050 at December 31, 2023 and 2022. Reserve credits for unearned premiums were $16,083,556 and $16,495,665 at December 31, 2023 and 2022, respectively. The Company is currently seeking to recapture the ceded risk from Genworth.

No policies have been issued by the Company that have been reinsured with a company chartered in a country other than the United States that is owned in excess of 10% or controlled directly or indirectly by an insured, a beneficiary, a creditor or an insured or any other person not primarily engaged in the insurance business. The Company does not have any reinsurance agreements in effect under which the reinsurer may unilaterally cancel any reinsurance for reasons other than for nonpayment of premium or other similar credits. The Company does not have any reinsurance agreements in effect such that the amount of losses paid or accrued through the statement date may result in a payment to the reinsurer of amounts which, in aggregate and allowing for offset of mutual credits from other reinsurance agreements with the same reinsurer, exceed the total direct premiums collected under the reinsured policies. The Company has not executed or amended any new agreements, to include policies or contracts that were in force or which had existing reserves established by the Company as of the effective date of the agreement.

NOTE 14 - COMMITMENT AND CONTINGENCIES

Assessments

In accordance with SSAP No. 35R, *Guaranty Fund and Other Assessments*, BCBSNEI has accrued a liability of $221,423 and $191,050, at December 31, 2023 and 2022, respectively, for estimated guaranty fund assessments. This liability is for the Nebraska Guaranty Fund related to future insurance company insolvencies and is based on information provided by the National Organization of Life and Health Insurance Association (NOLHGA). During 2023 and 2022, BCBSNEI's premium taxes paid were offset by $0 and $1,239,741, respectively, from previously paid Nebraska Life & Health Insurance Guaranty Association assessments.

There were no assessments made in 2023 and 2022. The Company doesn't expect any potential assessments to have a material effect on the Company.

Commitments

BCBSNEI has commitments outstanding to various private equity investments that are not listed in Note 5 of $17,806,902 in 2023 and $15,372,437 in 2022.

All Other Contingencies

The Company is involved in various claims, lawsuits, federal and state tax examinations and proceedings that arose in the ordinary course of business. While these actions are being contested, the outcome of individual matters is not predictable with assurance. The Company does not believe that any liability resulting from any of the actions will have a material adverse effect on its financial position, statement of operations, policyholder's surplus, cash flows, or liquidity.

BCBSNEI is a defendant in a multi-district class action lawsuit brought by two groups of plaintiffs against all Blue Cross and Blue Shield plans – policyholder plaintiffs and provider plaintiffs. BCBSNEI established a litigation reserve of $18,600,000 at December 31, 2019, based on its analysis of the relevant facts and circumstances and related primarily to settlement negotiations with certain policyholder plaintiffs. BCBSNEI recorded the reserve as a charge to the statement of operations in 2019. In December 2020, BCBSNEI paid $2,568,805 and in 2022 paid an additional amount of $14,577,969 to settle claims made by those policyholder plaintiffs. Based on analysis of the current facts and circumstances related primarily to ongoing settlement negotiations with certain provider plaintiffs, BCBSNEI has increased its accrual for this matter by $24,234,826 at December 31, 2022. No changes to such accruals occurred in 2023.

BCBSNEI is the guarantor on the lease of a building used by Think Aksarben, LLP and in place with TREI Partners, LLC. The remaining term of the lease is 21.5 years and has remaining payments due of approximately $119.2 million.

On December 9, 2015, Kearney Regional Medical Center (KRMC) entered into a seven-year loan agreement with First National Bank of Omaha (FNBO) and Nebraska Land Bank (NLB) related to the construction of a medical facility. BCBSNEI provided a $9,000,000 and $1,000,000 guaranty with FNBO and NLB respectively. The guarantees have been completely absolved in 2022.

NOTE 15 - SUBSEQUENT EVENTS

Subsequent event disclosures have been evaluated through April 25, 2024, with the issue date of the report being April 25, 2024.

Subsequent to year-end, Change Healthcare experienced a material data breach which has caused significant disruption in the ability of healthcare providers across the United States to bill and collect outstanding claims. The Company continues to monitor the developments associated with the breach and at this time does not expect to have material financial statement impact.

Supplementary Information
December 31, 2023

Blue Cross and Blue Shield of Nebraska, Inc. is an independent licensee of the Blue Cross and Blue Shield Association

BLUE CROSS AND BLUE SHIELD OF NEBRASKA, INC.
SUPPLEMENTAL SCHEDULE OF INVESTMENT RISKS INTERROGATORIES
DECEMBER 31, 2023

1. The Company's total admitted assets as reported on the accompanying statutory statement of admitted assets, liabilities and policyholder surplus are $1,013,157,562 at December 31, 2023.

2. Following are the ten largest exposures to a single issuer/borrower/investment, by investment category, excluding U.S. Government, U.S. Government agency securities and those U.S. Government money market funds listed in the Appendix to the *SVO Practices and Procedures Manual* as exempt and property occupied by the Company:

Investment Category/Issuer	Description of Exposure	Amount	Percentage of Total Admitted Assets
Prime LLC	Other Invested Assets	$ 43,761,577	4.319 %
Azure Equity Management, LLC	Other Invested Assets	15,256,224	1.506
Goldenrod II LLC	Other Invested Assets	12,625,758	1.246
Goldenrod LLC	Other Invested Assets	12,606,891	1.244
Community Care Health Plan of Nebraska, Inc	Common Stock	8,733,132	0.862
International Plan Solutions, LLC	Other Invested Assets	6,272,515	0.619
SBA Tower Trust	Bond	5,003,349	0.494
Comcast Corp	Bond	5,002,086	0.494
Wells Fargo Company	Bond	4,687,437	0.463
National Securities Clearing	Bond	4,515,686	0.446

3. The Company's total admitted assets held in bonds by NAIC rating:

NAIC Rating	Amount	Percentage of Total Admitted Assets
NAIC - 1	$ 397,983,277	39.281 %
NAIC - 2	72,408,269	7.147
NAIC - 3	7,576,265	0.748
NAIC - 4	2,604,477	0.257
NAIC - 5		
NAIC - 6		

4. The Company's assets held in foreign investments are less than 2.5% of the total admitted assets.

5. Following are the largest three investments with contractual sales restrictions:

Name of Issuer	Amount	Percentage of Total Admitted Assets
Prime LLC	$ 43,761,577	4.319 %
Azure Equity Management, LLC	15,256,224	1.506
Goldenrod II, LLC	12,625,758	1.246

6. Following are the ten largest exposures to a single issuer/borrower/investment in equity interests, by investment category, including mutual funds, preferred stocks, publicly traded equity securities and other equity securities and excluding money market and bond mutual funds listed in the Appendix to the *SVO Practices and Procedures Manual* as exempt or Class 1.

Investment Category/Issuer	Amount	Percentage of Total Admitted Assets
Vanguard Instit Index S&P 500	$ 128,464,272	12.680 %

CPAs & BUSINESS ADVISORS

Independent Auditor's Report

To the Board of Directors
Blue Cross and Blue Shield of Nebraska, Inc.
Omaha, Nebraska

Report on the Audit of the Statutory Financial Statements

Opinions

We have audited the accompanying statutory financial statements (financial statements) of Blue Cross and Blue Shield of Nebraska, Inc., which comprise the statutory statements of admitted assets, liabilities, and policyholder surplus as of December 31, 2024 and 2023, and the related statutory statements of operations and changes in policyholder surplus, and cash flows for the years then ended, and the related notes to the financial statements.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the admitted assets, liabilities, and policyholder surplus of Blue Cross and Blue Shield of Nebraska, Inc. as of December 31, 2024 and 2023, and the results of its operations and its cash flows for the years then ended, on the basis of accounting described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter described in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the accompanying financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Blue Cross and Blue Shield of Nebraska, Inc. as of December 31, 2024 and 2023, or the results of its operations or its cash flows for the years then ended.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Blue Cross and Blue Shield of Nebraska, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

U.S. Bancorp Center | 800 Nicollet Mall, Ste. 1300 | Minneapolis, MN 55402-7033 | T 612.253.6500 | F 612.253.6600 | EOE

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 to the financial statements, Blue Cross and Blue Shield of Nebraska, Inc. prepared these financial statements using accounting practices prescribed or permitted by the Insurance Department of the State of Nebraska, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the statutory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Emphasis of Matter

As discussed in Note 1 to the financial statements, Blue Cross Blue Shield of Nebraska, Inc. records certain fixed income investment securities at amortized cost in accordance with Statement of Statutory Accounting Principles (SSAP) No. 26R. Note 2 to the financial statements discloses the amount of the unrealized losses on these investments at December 31, 2024, that are not reflected in the Investment value within Admitted Assets or Policyholder Surplus. In the event liquidity requirements or investment strategies change in the future, some of these unrealized losses maybe realized to the extent these investments are sold or redeemed prior to maturity, or an impairment were to occur. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting practices prescribed or permitted by the Insurance Department of the State of Nebraska. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Blue Cross and Blue Shield of Nebraska, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Blue Cross and Blue Shield of Nebraska, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Blue Cross and Blue Shield of Nebraska, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the basic statutory-basis financial statements taken as a whole. The *Supplemental Schedule of Investment Risks Interrogatories and the Summary Investment Schedule* are required to be presented to comply with the National Association of Insurance Commissioners' Annual Statement Instructions and the National Association of Insurance Commissioners' Accounting Practices and Procedures Manual and are not a required part of the basic statutory-basis financial statements. Such information included in the schedules referred to above is the responsibility of management, is presented for purposes of additional analysis and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other procedures in accordance with GAAS. In our opinion, the information is fairly stated in all material respects in relation to the basic statutory-basis financial statements taken as a whole.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Blue Cross and Blue Shield of Nebraska, Inc. ("BCBSNEI" or the "Company"), a member of the Blue Cross and Blue Shield Association (BCBSA), an association of independent Blue Cross and Blue Shield plans, is incorporated as a stock insurance company in the State of Nebraska and is subject to regulation by the Insurance Department of the State of Nebraska (NE DOI). The Company reorganized from a mutual benefit insurance company to a stock insurance company simultaneously with the creation of a mutual insurance holding company named GoodLife Partners, Inc. (GPI) effective July 1, 2018. As part of the reorganization, GoodLife Solutions, Inc. (GSI) was formed as a new intermediate stock holding company and is wholly owned by GPI. BCBSNEI is a wholly owned subsidiary of GSI. At all times as required by applicable law, GPI shall own, directly or indirectly, a minimum of over 50% of the voting securities of BCBSNEI.

BCBSNEI provides individual, group and association health insurance under traditional, preferred provider organization (PPO), and managed care contracts. It also provides dental coverage on a traditional and PPO basis to some of its medical contract members. In addition, drug coverage is also provided to a portion of its membership in conjunction with a medical contract. BCBSNEI provides Medicare Supplement coverage on both individual and group policies and sponsors Medicare Part D plans on an individual and group basis.

BCBSNEI also performs claims administrative and management services for other Blue Cross and Blue Shield plans, several state and Federal governmental entities, and various fully and modified self-insured groups within the State of Nebraska. The claims administrative services business represents a significant portion of the Company's business. Stop loss coverage is provided for certain large commercial business groups in this segment for a risk-based premium.

Accounting Practices

The financial statements of BCBSNEI are presented on the basis of accounting practices prescribed or permitted by the NE DOI. The NE DOI recognizes only statutory accounting practices prescribed or permitted by the state of Nebraska for determining and reporting the financial condition and results of operations of an insurance company, and its solvency under the Nebraska Insurance Law. The National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures manual, (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the state of Nebraska. The Director of Insurance has the right to permit other specific policies that deviate from prescribed practices.

The following are some of the significant differences between NAIC SAP and accounting principles generally accepted in the United States of America ("GAAP").

(a) Investments in bonds are generally carried at amortized cost. Under GAAP, bonds are carried at either amortized cost or estimated fair value based on their classification according to the Company's ability and intent to hold or trade the securities;

(b) Acquisition costs, such as commissions and other costs related to acquiring new business are expensed as incurred. Under GAAP, such costs are deferred and amortized to income as premiums are earned;

(c) Federal income taxes incurred are reported on a current basis in the statutory statements of operations. Deferred taxes are recorded for differences between book and tax basis accounting; however, there are limitations as to the amount of deferred tax assets that may be reported as "admitted assets." Under GAAP, such assets are recorded on the balance sheet net of any valuation allowance. The tax effect of deferred tax assets and liabilities and the changes between years is reflected in policyholder surplus under NAIC SAP;

(d) Certain non-liquid assets are excluded from the balance sheet as "non-admitted assets". Changes in the balances of non-admitted assets are recorded directly to policyholder surplus. Under GAAP, such "non-admitted assets" are recorded on the balance sheet, net of any valuation allowance;

(e) Reinsurance recoverable on unpaid losses are reported as a reduction of loss and policy reserves. Under GAAP, such amounts are reported as an asset;

(f) Comprehensive income and its components are not presented in the statutory financial statements;

(g) An administrative service contract is a type of uninsured accident and health plan where the reporting entity, as an administrator, performs administrative services such as claims processing for a third-party that is at risk, and accordingly, the administrator has not issued an insurance policy. Under this plan, the reporting entity pays claims from its own bank account, and subsequently receives reimbursement from the uninsured plan sponsor. The net difference between premium equivalents and the reimbursement of claims is recorded under SAP as an offset to general expenses. Under GAAP, the gross amounts are recorded as premium and claims under certain circumstances;

(h) Net negative cash balances are reported as a negative asset rather than as a liability under GAAP;

(i) The Statutory Statement of Cash Flows differs in certain respects from the presentation required within GAAP literature, including presentation of changes of cash and short investments instead of cash and cash equivalents. In addition, GAAP requires a reconciliation of net income to net cash from operating activities. Short-term investments include securities with a maturity of one year or less and are included in the cash balance, whereas GAAP excludes short-term investments from cash. Both statutory and GAAP include cash equivalents in the cash balance. GAAP cash equivalents are defined as highly liquid investments with an original maturity of three months or less at acquisition;

(j) Undistributed earnings for investments in the common stock of both public and privately held companies are recorded directly to surplus; under GAAP, unrealized gains or losses are reported as part of income.

(k) NAIC SAP requires all leases be classified as operating leases. Under GAAP, a right-of-use asset and corresponding lease liability would be carried on the balance sheet; and

(l) NAIC SAP requires an analysis of investments for other than temporary impairment (OTTI) as well as prescribed valuation based on credit ratings, while under GAAP, an evaluation would be completed under ASU 2016-13, *Financial Instruments – Credit Losses* to calculate the potential allowance for credit loss.

Accounting Policies

The Company uses the following accounting policies:

Cash and Short-term Investments

The Company considers all highly liquid securities purchased with an original maturity of three months or less to be cash or cash equivalents. Short-term investments include all investments whose maturities, at the time of acquisition, are one year or less.

The Company has previously implemented the change in SSAP 2R which re-classes money market funds from short-term investments to cash and cash equivalents.

There were no Short-term investments for the years ended December 31, 2024 and 2023.

Investments

Bonds are stated at amortized cost, except for those bonds with a NAIC designation of between 3 - 6, which are stated at the lower of amortized cost or estimated fair value. Amortized cost may represent an amount after a write-down of a bond for impairment. The premium and discount from par value are amortized using the scientific method. Premiums and discounts on mortgage and asset backed bonds are amortized using the retrospective method based on anticipated prepayments at the date of purchase. Prepayment assumptions are obtained from broker dealer survey values or internal estimates.

Unaffiliated common stocks are reported at fair market value. Unaffiliated restricted common stocks, affiliated common stocks, and all other invested assets are reported under the equity method as determined in accordance with generally accepted accounting principles, adjusted to reflect statutory accounting practices where required.

Market value of bonds and unaffiliated common stocks are based on values prescribed by the Securities Valuation Office of the NAIC (statutory value). For securities not actively traded, market value is based upon estimates obtained from independent pricing services or valued at their underlying equity.

Net unrealized gains and losses resulting from the change in book value of investments carried at market or equity value are credited or charged directly to policyholder surplus. For investments carried at amortized cost, the amortization of premiums and accretion of discounts are recognized as adjustments to investment income.

Investment Income and Realized Capital Gains/Losses

Investment income consists primarily of interest and dividends. Interest is recognized on an accrual basis and dividends are recorded as earned at the ex-dividend date. Accrual of income is suspended for bonds that are in default or when the receipt of interest payments is in doubt. Realized capital gains and losses are determined on a specific identification basis and recorded in operations within net investment income.

Property and Equipment

Furniture and equipment are carried at cost less accumulated depreciation. The Company provides for depreciation of property and equipment using straight-line methods over the lesser of the estimated useful life of the related asset or seven years.

Capitalization Policy

The capitalization policy for recording new fixed assets is greater than $5,000. In addition, bulk purchases of fixed assets in excess of $5,000 such as, office and conference room furniture but excluding EDP equipment and software will be capitalized. Effective January 1, 2024, we have updated our capitalization policy for internally developed software to capitalize only those costs for software projects that in total are equal to or in excess of $1,000,000.

Data Processing Equipment

Data processing equipment and computer software are carried at cost less accumulated depreciation. Depreciation is computed using the straight-line method over the lesser of the estimated useful life of the related asset or three years for data processing equipment and operating system software. Depreciation for application system software is computed using the straight-line method over the lesser of its estimated useful life or five years.

Non-Admitted Assets

Furniture and equipment, other prepaid expenses, and certain portions of deferred tax assets, data processing equipment, aged receivables and certain invested assets are designated as "non-admitted" under statutory reporting requirements. These assets are excluded from the statutory statements of admitted assets, liabilities, and policyholder surplus by adjustments to policyholder surplus.

Premium Income

Insured member premiums due are billed in advance of their respective coverage periods and are recorded as earned during the coverage period. The unearned portion of premiums for the coverage period is reflected in the statements of admitted assets, liabilities and policyholder surplus as premiums received in advance.

Manufactures' Administrative Fee (MAF) Revenue

MAF revenues are first used as an offset to related Pharmacy Benefit Manager (PBM) expenses within General and Administrative expenses, with the remainder, if any, recognized as administrative service income.

Premium Deficiency Reserve

To the extent that premiums received or to be received, for specific classes of business, are insufficient to cover estimated healthcare and other costs over the life of the underlying contracts, the Company establishes a liability for the related premium deficiency. Investment income has been considered a factor in the premium deficiency calculation. The analysis resulted in a premium deficiency reserve of $0 and $0 in 2024 and 2023, respectively.

Accrued Medical Incentives and Bonuses

The Company has entered into arrangements with certain providers which provide for the payment of incentives based upon cost and quality related targets during the term of the arrangements. These amounts are settled subsequent to December 31, however, the Company accrues these amounts at December 31 within Accrued Medical Incentive Pool and Bonus Amounts within the Statutory Statements of Admitted Assets, Liabilities, and Policyholder Surplus, based upon an estimate of claims incurred and other factors. This estimate is subject to change based upon further runout of claims data to the final settlement date.

Policy and Contract Claims

Policy and contract claims are shown net of reinsurance, subrogation, and coordination of benefits amounts. The Company provides a liability for unpaid incurred claims based on estimates using average ultimate claim costs for reported claims and estimates of unreported losses based upon past experience. Differences between actual and estimated claims are charged to operations in the year the differences become known.

Aggregate Health Policy Reserves

The Company provides a liability for policies issued that includes a rate stabilization provision. This liability is estimated based on actual claim experience and other various factors for policies with this provision.

Fair Values of Financial Instruments

The Company has adopted Statement of Statutory Accounting Principles (SSAP) No. 100, *Fair Value*. This standard defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Company considers the primary or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions and risk of nonperformance.

The Company classified its investments based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. SSAP No. 100 describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value, which are the following:

- Level 1 – Quoted prices in active markets for *identical* assets or liabilities.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly; such as quoted prices for *similar* assets or liabilities, quoted prices in markets that are not active; or other inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Bonds – Issuer Obligations, including Industrial and Miscellaneous: Valued based on NAIC market values. For those securities not actively traded, quoted market prices of comparable instruments or discounted cash flow analysis are used based upon inputs that are observable in the markets for similar securities. Inputs include benchmark yields, credit spreads, default rates, prepayments and non-bonding broker quotes.

Bonds – Mortgage and Other Asset Backed Bonds: Valued based on Residential Mortgage-Backed Securities modeling file provided by the NAIC. The prepayment assumptions used for single class and multi-class mortgage backed/asset backed securities were obtained from broker/dealer survey values. These assumptions are consistent with the current interest rate and economic environment.

Common Stock Unaffiliated and Mutual Funds: Valued based on NAIC quoted market values. If NAIC market values are unavailable, then value is determined based on the underlying equity.

Common Stock Affiliated: Value is based on the underlying equity of the affiliate.

Other Invested Assets: Value is primarily based on the underlying equity of the related entity.

Cash and Cash Equivalents: The carrying amounts approximate their fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of the future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Risks and Uncertainties

The Company operates in a business environment which is subject to various risks and uncertainties. Such risk and uncertainties include, but are not limited to, interest rate risk, market valuation risk, credit risk, medical inflation risk and risks related to legal and regulatory changes.

Concentration of Credit Risk

The Company maintains its cash in bank deposit accounts which exceed federally insured limits. Accounts are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to $250,000 per depositor, per insured bank, for each account ownership category. At December 31, 2024 and December 31, 2023, the Company had approximately $610,000 and $540,000, respectively, in excess of FDIC-insured limits. In 2023, the Company added sweep accounts to mitigate the risk related to the per depositor guarantee limit going forward. At December 31, 2024, the Company had approximately $5 million in the sweep account.

Use of Estimates in the Preparation of the Statutory Financial Statements

The preparation of financial statements in conformity with statutory accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Material estimates susceptible to significant change include policy and contract claim reserves, loss adjustment reserves, premium deficiency reserves, ACA receivables and payables, actuarial projections of pension and post-retirement benefit liabilities, the fair value of investments, investment impairments, contingencies, and deferred income taxes.

Cost Accounting and Allocation Methodology

The Company utilizes an activity-based methodology for assigning costs to lines of business. This is utilized internally to review profitability by line and has no direct impact to the Statutory Financial Statements.

Investment Impairment Methodology

The Company regularly reviews its investment portfolio for factors that may indicate that a decline in fair value of an investment is other than temporary. Based on an evaluation of the prospects of the issuers, including, but not limited to, the company's intentions to sell or ability to hold the investments; the length of time of temporary impairment, the magnitude of the unrealized loss; the credit ratings of the issuers of the investments, and other information specific to the investment, the Company has concluded that the declines in the fair values of the Company's investments in bonds at December 31, 2024 and December 31, 2023 are temporary.

The Company considers various factors when evaluating whether a decline in the fair value of common stock securities are other than temporary, including but not limited to, the length of time of temporary impairment and magnitude of the unrealized loss; the volatility of the investment; analyst recommendations and price targets; opinions of the Company's investment managers; market liquidity; and the Company's intentions to sell or ability to hold the investments. Based on an evaluation of these factors, the Company

has concluded that the declines in the fair values of the Company's investments in common stocks at December 31, 2024 and December 31, 2023 are temporary.

The Company also regularly reviews and considers multiple factors when evaluating whether there is a decline which is other than temporary in the equity value of their various private equity investments. Some of the considerations are an evaluation of the financial statements, length of time of any unrealized loss, the underlying business of the private equity, and if it is determined that there would be any ongoing concern of the investment.

Income Taxes

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related primarily to differences between the basis of assets and liabilities for statutory and income tax reporting. The deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled. The tax effect of deferred tax assets and liabilities and the changes between years is reflected in policyholder surplus. The Company follows the SSAP No. 101, *Income Taxes.* The Company is a subsidiary corporation to be included in the consolidated U.S. corporation income tax return of GPI for both the 2024 and 2023 tax year, which also includes GSI and Sapphire Edge, Inc.

Beginning in 2023, the consolidated group executed a tax sharing agreement providing a "benefits for losses methodology" in allocating Federal income taxes among the members. The Federal Consolidated Income Tax Return liability or recoverable is allocated as though each entity filed a separate federal income tax return. The parties agree the federal income tax obligations will be shared under the immediate payment method. As such, settlement will be made at the point the taxes are calculated, and any estimates will be adjusted upon the completion of the consolidated tax return.

Advertising Costs

All advertising and promotion costs are expensed when incurred. Advertising expense amounted to $1,614,552 and $1,142,676 for the years ended December 31, 2024, and 2023, respectively.

NOTE 2 - INVESTMENTS

Loan-backed Securities

The Company has no direct investments in mortgage loans. The Company has $144,103,016 and $179,568,442 of loan-backed securities in its bond portfolio at December 31, 2024 and 2023, respectively. The Company has no securities with a recognized other-than-temporary impairment that it intends to sell or is unable or does not intend to retain for a period of time sufficient to recover the amortized cost basis. The Company believes these investments are fully recoverable and has not recorded any valuation reserves for these securities. The prepayment assumptions used for single class and multi-class mortgage backed and asset backed securities were obtained from broker/dealer survey values. These assumptions are consistent with the current interest rate and economic environment.

All securities (which fair value is less than cost or amortized cost) for which an other-than-temporary impairment has not been recognized in earnings as a realized loss (including securities with a recognized other-than-temporary impairment for non-interest related declines when a non-recognized interest related impairment remains) is as follows:

The aggregate amount of unrealized losses:	Less than 12 months	$ 474,082
	12 months or longer	$ 9,620,456
The aggregate related fair value of securities with unrealized losses:	Less than 12 months	$ 38,583,302
	12 months or longer	$ 70,170,302

Investments

The amortized cost, gross unrealized gains, gross unrealized losses and estimated statutory fair value of the investments in bonds and common stocks as of December 31, 2024 are as follows:

	2024			
	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Estimated Statutory Fair Value
Bonds				
U.S. Governments	**$ 130,746,537**	**$ 22,604**	**$ (8,017,345)**	**$ 122,751,796**

The amortized cost and estimated statutory fair value of bonds at December 31, 2024, by contractual maturity, are shown below. Expected maturities may differ from contractual maturities because borrowers may have the right to call or prepay obligations with or without call or prepayment penalties. Bonds not due at a single maturity date have been included in the table below in the year of final maturity.

	Amortized Cost	**Estimated Statutory Fair Value**
Due in one year or less	**$ 19,867,292**	**$ 19,656,176**
Due after one year through five years	**86,330,975**	**82,288,348**
Due after five years through ten years	**135,375,784**	**126,640,709**
Due after ten years	**129,922,616**	**120,424,664**
	$371,496,669	**$349,009,897**

Investment income including realized gain/(loss) and related expenses for the years ended December 31, 2024 and 2023 were as follows:

	2024	2023
Investment Income		
Loss on sales of bonds	**$ (7,622,586)**	$ (1,433,322)
Gains on sales of common stock	**16,738,928**	1,189,533
Interest income on bonds and short term investments	**17,609,313**	15,792,861
Dividends on unaffiliated common stock	**4,575,866**	4,522,406
Dividends from other invested assets	**3,474,532**	3,252,903
Interest income	**59,198**	49,632
Investment expenses	**(646,557)**	(700,959)
Tax (expense)/benefit on realized capital gains	**(1,914,432)**	51,196
Net Investment Income including capital gains, net of tax and investment expenses	**$ 32,274,262**	$ 22,724,251

Proceeds from the sale of investments for the years ended December 31, 2024 and 2023 were as follows:

	2024	2023
Consideration on Bonds	**$ 193,231,809**	$ 69,818,387
Consideration on Bond Paydowns/Maturities/Calls	**34,803,037**	38,245,982
Consideration on Stocks	**24,879,638**	8,413,851
Consideration on Other Invested Assets	**406,240**	883,149
Gain on Short Term investments	**-**	(3,007)
Total investment proceeds	**$ 253,320,724**	$ 117,358,362

At December 31, 2024 and 2023, securities with an admitted asset value of approximately $100,406 and $100,869, respectively, were on deposit with regulatory agencies as required by law in the State of Nebraska.

At December 31, 2024 and 2023, the net overdraft amount of cash was ($84,041,826) and ($51,195,624) respectively, and is netted with cash equivalents of $49,479,088 and $17,846,387 respectively.

Fair Value of Financial Instruments

The carrying value and estimated fair value of financial instruments at December 31 are shown below. For those assets carried at fair value in the financial statements and for those assets not stated at fair value in the financial statements but whose estimated fair values are disclosed, the following table indicates the inputs used to estimate fair value measurements as of December 31, 2024 and 2023:

	2024				
Description	**Carrying Value**	**Fair Value**	**Level 1**	**Level 2**	**Level 3**
Bonds	**$ 371,496,669**	**$ 349,009,897**	**$ 81,931,366**	**$ 267,078,531**	**$ -**

Total	$ 727,548,190	$ 698,715,822	$ 142,064,245	$ 443,245,868	$ -

(A) – These investments are accounted for using the equity method. For purposes of this disclosure, the equity method is presumed to approximate fair value. If management were to determine fair value for its equity method investments, it would use level 3 inputs, and such amounts may differ significantly from fair values above.

Included in the tables above, the Company has affiliated and unaffiliated restricted common stock of the gross amount of $126,563,438 and $114,407,635 at December 31, 2024 and 2023, respectively. The amounts non-admitted related to those investments are $1,112,874 and $1,001,920 at December 31, 2024 and 2023, respectively. These stocks are considered restricted based on the holders having the first right of refusal in the event of the sale of the common stock.

There are no liabilities carried at fair value at December 31, 2024 and 2023.

NOTE 3 - INCOME TAXES

The Company follows SSAP No. 101, *Income Taxes*.

The components of the net deferred tax asset (liability) are as follows:

	December 31, 2024		
	Ordinary	**Capital**	**Total**
Gross deferred tax assets	**$ 36,333,476**	**$ 375,112**	**$ 36,708,588**
Statutory valuation allowance adjustments	**-**	**-**	**-**
Adjusted gross deferred tax assets (DTA)	**36,333,476**	**375,112**	**36,708,588**
Deferred tax assets nonadmit	**-**	**-**	**-**
Subtotal net admitted deferred tax asset	**36,333,476**	**375,112**	**36,708,588**
Deferred tax liabilities (DTL)	**(18,184)**	**(27,668,732)**	**(27,686,916)**
Net admitted deferred tax asset (liability)	**$ 36,315,292**	**$ (27,293,620)**	**$ 9,021,672**

	December 31, 2023		
	Ordinary	Capital	Total
Gross deferred tax assets	$ 33,775,356	$ 390,119	$ 34,165,475
Statutory valuation allowance adjustments	-	-	-
Adjusted gross deferred tax assets (DTA)	33,775,356	390,119	34,165,475
Deferred tax assets nonadmit	-	-	-
Subtotal net admitted deferred tax asset	33,775,356	390,119	34,165,475
Deferred tax liabilities (DTL)	(36,367)	(26,101,514)	(26,137,881)
Net admitted deferred tax asset (liability)	$ 33,738,989	$ (25,711,395)	$ 8,027,594

The change in the components of the net deferred tax asset (liability) is:

	2024 Change		
	Ordinary	**Capital**	**Total**
Gross deferred tax assets	**$ 2,558,120**	**$ (15,007)**	**$ 2,543,113**
Statutory valuation allowance adjustments	**-**	**-**	**-**
Adjusted gross deferred tax assets (DTA)	**2,558,120**	**(15,007)**	**2,543,113**
Deferred tax assets nonadmit	**-**	**-**	**-**
Subtotal net admitted deferred tax asset	**2,558,120**	**(15,007)**	**2,543,113**
Deferred tax liabilities (DTL)	**18,183**	**(1,567,218)**	**(1,549,035)**
Net admitted deferred tax asset (liability)	**$ 2,576,303**	**$ (1,582,225)**	**$ 994,078**

The change in the components of the net deferred tax asset (liability) is:

	2023 Change		
	Ordinary	Capital	Total
Gross deferred tax assets	$ 4,384,333	$ (561,196)	$ 3,823,137
Statutory valuation allowance adjustments	-	-	-
Adjusted gross deferred tax assets (DTA)	4,384,333	(561,196)	3,823,137
Deferred tax assets nonadmit	-	-	-
Subtotal net admitted deferred tax asset	4,384,333	(561,196)	3,823,137
Deferred tax liabilities (DTL)	(18,183)	6,497,512	6,479,329
Net admitted deferred tax (liability) asset	$ 4,402,516	$ (7,058,708)	$ (2,656,192)

The deferred tax provision is included in the Statement of Changes in Policyholders' Surplus as follows:

	2024	2023
Netted against change in net unrealized capital (losses)	**$ 4,323,205**	$ 7,369,043
Change in net deferred income taxes	**(5,317,284)**	(4,712,851)
	$ (994,079)	$ 2,656,192

The admission calculation components under SSAP No. 101 is as follows:

	December 31, 2024		
	Ordinary	Capital	Total
Federal income taxes paid in prior years recoverable through loss carrybacks	**$ 8,409,615**	**$ -**	**$ 8,409,615**
Adjusted gross deferred tax assets expected to be realized (excluding the amount of deferred tax assets from carrybacks, above) after application of the threshold limitation (The lesser of the next two items)	**12,952,895**	**-**	**$ 12,952,895**
Adjusted gross deferred tax assets expected to be realized following the balance sheet date	**12,952,895**	**-**	**$ 12,952,895**
Adjusted gross deferred tax assets allowed per limitation threshold	**XXX**	**XXX**	**55,422,845**
Adjusted gross deferred tax assets (excluding the amount of deferred tax assets shown above and from carryback) offset by gross deferred tax liabilities	**14,970,966**	**375,112**	**$ 15,346,078**
Deferred tax assets admitted as the result of application of SSAP No. 101 total	**$ 36,333,476**	**$ 375,112**	**$ 36,708,588**

	December 31, 2023		
	Ordinary	Capital	Total
Federal income taxes paid in prior years recoverable through loss carrybacks	$ 12,052,918	$ -	$ 12,052,918
Adjusted gross deferred tax assets expected to be realized (excluding the amount of deferred tax assets from carrybacks, above) after application of the threshold limitation (The lesser of the next two items)	3,650,187	-	3,650,187
Adjusted gross deferred tax assets expected to be realized following the balance sheet date	3,650,187	-	3,650,187
Adjustment for application of threshold limitation	XXX	XXX	64,202,144
Adjusted gross deferred tax assets (excluding the amount of deferred tax assets shown above and from carryback) offset by gross deferred tax liabilities	18,072,252	390,119	18,462,371
Deferred tax assets admitted as the result of application of SSAP No. 101 total	$ 33,775,357	$ 390,119	$ 34,165,476

The change in admitted deferred tax assets under SSAP No. 101 as of December 31, 2024 is calculated as follows:

	Change		
	Ordinary	Capital	Total
Federal income taxes paid in prior years recoverable through loss carrybacks	$ (3,643,303)	$ -	$ (3,643,303)
Adjusted gross deferred tax assets expected to be realized (excluding the amount of deferred tax assets from carrybacks, above) after application of the threshold limitation (The lesser of the next two items)	9,302,708	-	9,302,708
Adjusted gross deferred tax assets expected to be realized following the balance sheet date	9,302,708	-	9,302,708
Adjustment for application of threshold limitation	XXX	XXX	(8,779,299)
Adjusted gross deferred tax assets (excluding the amount of deferred tax assets shown above and from carryback) offset by gross deferred tax liabilities	(3,101,286)	(15,007)	(3,116,293)
Deferred tax assets admitted as the result of application of SSAP No. 101 total	$ 2,558,119	$ (15,007)	$ 2,543,112

The threshold limitation of $55,422,845 was based on the following:

	2024	2023
Ratio percentage used to determine recovery period and threshold limitation amount	**590%**	**889%**
Amount of adjusted capital and surplus used to determine recovery period and threshold limitation	**$ 369,860,686**	$ 430,199,687

The income tax provision consists of these major components for the years ended December 31, 2024 and 2023:

Current Income Tax	**2024**	2023
Federal income tax (benefit) expense	**$ (890,383)**	$ 11,648,191
Federal income tax on net capital gains	**1,914,432**	(51,196)
Federal and Foreign income taxes incurred	**$ 1,024,049**	$ 11,596,995

The effects of temporary differences that give rise to significant portions of the deferred tax assets and deferred tax liabilities for the years ended December 31, 2024 and 2023 are as follows:

Deferred Tax Assets	**2024**	2023	Change
Ordinary			
Discounting of unpaid losses	**$ 1,592,123**	$ 1,502,108	
Post retirement benefit	**384,135**	450,064	
Bonus Accruals	**2,175,427**	2,032,279	
Pension accrual	**(335,370)**	-

Deferred tax liabilities	**27,686,916**	26,137,881	1,549,035
Net deferred tax assets	**$ 9,021,672**	$ 8,027,595	$ 994,077

The Company has recognized all deferred tax liabilities.

The provision for federal income taxes incurred is different from that which would be obtained by applying the statutory Federal income tax rate to income before income taxes. The significant items causing this difference are as follows:

	2024		2023	
	Amount	**Effective Tax Rate (%)**	Amount	Effective Tax Rate (%)
Provision computed at statutory rate	**$ (4,694,215)**	**21.0 %**	$ 7,463,620	21.0 %
Tax on change in nonadmitted assets	**(558,411)**	**2.5**	(2,366,222)	(6.7)
Pension and Post-retirement benefits	**(865,603)**	**3.9**	(225,416)	(0.6)
Accrued employee benefits subject to 162(m)(6) limitation	**2,164,698**	**(9.7)**	2,100,710	5.9
Nondeductible expenses	**242,826**	**(1.1)**	(876,842)	(2.5)
Revision to prior year estimates	**(290,458)**	**1.3**	294,483	0.8
Tax-exempt interest (net)	**(5,033)**	**0.0**	(5,967)	(0.0)
Dividends received deduction (net)	**(287,036)**	**1.3**	(264,128)	(0.7)
Income tax expense/(benefit) of affiliates	**-**	**-**	763,907	2.2
Totals	**$ (4,293,232)**	**19.2 %**	$ 6,884,145	19.3 %
Federal and foreign income tax (benefit) expense	**$ (890,383)**	**4.0**	$11,648,191	33.8
Realized capital gains tax	**1,914,432**	**(8.6)**	(51,196)	(1.1)
Change in net deferred income taxes	**(5,317,283)**	**23.8**	(4,712,850)	(13.3)
Total statutory income taxes	**$ (4,293,232)**	**19.2 %**	$ 6,884,145	19.4 %

	2024	2023
Change in net admitted deferred tax asset	**$ (994,077)**	2,656,191
Excluding:		
Change in unrealized (losses) gains - DTA	**(27,865)**	(561,174)
Change in unrealized (losses) - DTL	**(4,295,340)**	(6,807,869)
Change in net deferred income taxes for rate reconciliation	**$ (5,317,283)**	(4,712,852)

Income tax expense for 2024 and 2023 that is available for recoupment in the event of future net losses is $0 and $12,508,374 respectively.

The Company joins in a consolidated federal income tax return filed by Good Life Partners, Inc. The other members of the affiliated group joining in the Good Life Partners, Inc. consolidated return are as follows:

Good Life Solutions, Inc.
Blue Cross and Blue Shield of Nebraska, Inc.
Sapphire Edge, Inc.

Beginning in 2023, the Company executed a tax sharing agreement providing a "benefits for losses methodology" in allocating Federal income taxes among consolidated group members. The Company allocates the Federal Consolidated Income Tax Return liability or recoverable as though each entity filed a separate federal income tax return. The parties agree the federal income tax obligations will be shared under the immediate payment method. As such, settlement will be made annually upon the completion of the consolidated tax return. Blue Cross and Blue Shield of Nebraska, Inc., acting as the banker for tax transactions, shall collect all income tax from related entities based upon each entities standalone taxable income and shall reimburse related entities for taxable losses, to the extent their losses are available to offset consolidated taxable income.

As of December 31, 2024, there were no material positions for which management believes it is reasonably possible that the total amounts of tax contingencies will significantly increase or decrease within 12 months of the reporting date.

The Company classifies all interest and penalties related to tax contingencies as income tax expense. As of December 31, 2024 and 2023, no accrued interest or penalties were recorded as an income tax liability on the statutory statement of admitted assets, liabilities, and policyholder surplus.

Open tax years subject to examination include 2021, 2022 and 2023.

On August 16, 2022, the Inflation Reduction Act of 2022 (ACT) was signed into law. The Act includes a new Federal alternative minimum tax (CAMT), effective January 1, 2023, that is based on the adjusted financial statement income (AFSI) set forth on the applicable financial statement (AFS) of an applicable corporation. A corporation is an applicable corporation if its rolling average pre-tax AFSI over three prior years (starting with the years 2020-2022) is greater than $1 billion. For a group of related entities, the $1 billion threshold is determined on a group basis, and the group's AFS is generally treated as the AFS for all separate taxpayers in the group. An applicable corporation is not automatically subject to an CAMT liability. The corporation's tentative CAMT liability is equal to 15% of its adjusted AFSI, and CAMT is payable to the extent the tentative CAMT liability exceeds regular corporate income tax. However, any CAMT paid would be indefinitely available as a credit carryover that could reduce future regular tax in excess of CAMT.The Company, and the controlled group of corporations of which the reporting entity is a member, has determined that they do not expect to be liable for AMT in 2025.

NOTE 4 - PROPERTY, FURNITURE, FIXTURES AND EQUIPMENT, AND DATA PROCESSING EQUIPMENT

Admitted assets included the following data processing equipment as of December 31, 2024 and 2023:

Admitted Assets	**2024**	2023
Electronic data processing equipment	**$ 35,880,037**	$ 37,137,848
Accumulated depreciation	**(35,658,741)**	(36,924,088)
Carrying value	**$ 221,297**	$ 213,760

The Company utilizes the following furniture, fixtures, software, and equipment that were non-admitted as of December 31, 2024 and 2023:

	2024	2023
Non Admitted Assets		
Computer Software	**$ 28,583,928**	$ 31,461,978
Accumulated depreciation	**(28,430,171)**	(31,291,063)
Amount not admitted	**$ 153,757**	$ 170,915
Leasehold Improvements	**$ 6,567,092**	$ 5,662,994
Accumulated depreciation	**(4,361,788)**	(4,009,327)
Amount not admitted	**$ 2,205,304**	$ 1,653,667
Furniture, fixtures and equipment	**$ 17,062,392**	$ 17,267,956
Accumulated depreciation	**(16,667,671)**	(16,758,014)
Amount not admitted	**$ 394,721**	$ 509,942

Depreciation expense for the year ended December 31, 2024 and 2023 is:

	2024	2023
Electronic data processing equipment	**$ 154,693**	$ 379,848
Computer software amortization	**59,958**	109,873
Furniture, fixtures and equipment	**559,462**	519,323
Total	**$ 774,114**	$ 1,009,044

NOTE 5 - INFORMATION CONCERNING PARENT, SUBSIDIARIES, AFFILIATES AND OTHER RELATED PARTIES

BCBSNEI owns Azure Equity Management, LLC (Azure), a wholly owned equity management and holding company, which owns several private equity investments. In 2024, BCBSNEI made total contributions to Azure in the amount of $345,560. The amounts contributed were for various investments as listed below. At December 31, 2024 and December 31, 2023, the investment in Azure is $14,259,082 and $15,256,224, respectively. At December 31, 2024, Azure had $1,105,237 of assets which were non-admitted on BCBSNEI's books related to investments below.

Azure has a 26.1% ownership in HealthInvest Equity Partners, LP (HealthInvest). HealthInvest is a private equity fund, limited liability company whose primary purpose is to generate financial returns through investments in the securities of healthcare companies at various stages of development. Azure is a limited partner and has made a $3,000,000 capital commitment to HealthInvest. As of December 31, 2024 and 2023, Azure has invested $2,685,000 in HealthInvest. At December 31, 2024 and December 31, 2023, the market value of our investment in HealthInvest is $3,060,550 and $3,551,617, respectively.

Azure has a 5.71% ownership in HLM Venture Partners Fund IV (HLM). HLM is a private equity fund, whose primary purpose is to generate financial returns through investments in the securities of health care technology, technology-enabled health care services and medical device and diagnostic companies. Azure is a limited partner and has made a $5,000,000 capital commitment to HLM. As of December 31, 2024 and 2023, Azure has invested $4,900,000 and $4,837,500 respectively in HLM. At December 31, 2024 and December 31, 2023, the market

value of our investment in HLM is $1,833,730 and $2,316,860, respectively. HLM distributed funds of $199,833 in 2024 and $0 in 2023.

Azure has a 1.85% ownership in Blue Venture Fund III (BVF). BVF is a private equity fund whose primary purpose is to generate financial returns through investments in the securities of strategic healthcare companies. Azure is a limited partner and has made a $5,000,000 capital commitment to BVF. As of December 31, 2024, Azure has invested $4,783,502 in BVF. As of December 31, 2023, Azure had invested $4,638,205. At December 31, 2024 and December 31, 2023, the market value of our investment in BVF is $8,250,058 and $8,380,003, respectively. BVF paid dividends to Azure of $125,903 in 2024 and $665,443 in 2023.

Azure has two minor investments in Higi SH Holding Inc. (Higi) LP, and Cecilia Health (formerly Fit4D Inc.), which had market values as of December 31, 2024, of $0 and $1,105,238, respectively, and as of December 31, 2023 of $0 and $998,475, respectively.

BCBSNEI owns a 13.79% ownership interest in Regional Advantage Services, LLC (RAS), an administrative services company formed by several unrelated Blue Cross Blue Shield plans known as the Northern Plains Alliance to perform the necessary management services of the regional Medicare Advantage PPO and Medicare Part D contracts sponsored by the affiliated Blue Cross Blue Shield plans. BCBSNEI pays RAS an administrative fee for services rendered. BCBSNEI paid and expensed $3,803,652 and $4,045,722 in fees to RAS in 2024 and 2023, respectively. BCBSNEI investment in RAS is $13,790 at December 31, 2024, and 2023.

BCBSNEI owns a 49% interest in both QuadTech II, LLC (QuadTech) and TWBC TIF Holdings (TWBC), commercial real estate joint ventures. QuadTech II holds the tax increment financing (TIF) on the Blue Cross Centre and TWBC holds the TIF in the Think building. BCBSNEI's investment in QuadTech II is $4,324 and $1,782 at December 31, 2024 and 2023, respectively, and its investment in TWBC is $3,313 and $1,664 at December 31, 2024 and 2023, respectively. Both balances are non-admitted in 2024 and 2023 QuadTech II paid dividends to BCBSNEI of $940,555 and $945,700 in 2024 and 2023, respectively, and TWBC paid dividends of $337,120 and $342,510 in 2024 and 2023, respectively.

In January 2020, the BCC Building, which was held in the QuadTech fund under a real estate investment was refinanced and BCBSNEI signed a new 26-year lease. Based on these changes it was determined the QuadTech Fund didn't fall within the strategy of the prior investment fund and was split out to QuadTech LP of which BCBSNE owns 49.08%. BCBSNEI investment in QuadTech, LP is $0 at both December 31, 2024 and 2023 respectively. Quad Tech paid dividends of $500,645 and $662,619 in 2024 and 2023 respectively. QuadTech LP has a negative equity of $39.4 million as of December 31, 2024 which, under the equity method, is not realized within these financial statements.

In 2016, BCBSNEI formed Sapphire Edge Inc. (SEI), a wholly owned subsidiary of BCBSNEI. SEI is a mutual benefit corporation established to offer for sale Medicare Advantage products to Nebraska consumers. Blue Cross Blue Shield of Michigan (BCBSM) performs managerial responsibilities and services under a Management Services Agreement. In addition, the parties entered a quota share reinsurance agreement effective January 1, 2017, where each will reinsure and indemnify SEI with BCBSNEI and BCBSM assuming 60% and 40%, respectively, of the risk. This agreement ended December 31, 2024 and was not renewed, therefore all risk net of the stoploss will be retained going forward. The Company made contributions of $5,500,000 in 2023 and $47,500,000 in 2024 of which $17,000,000 was in cash and $30,500,000 was a note payable which was settled in 2025. BCBSNEI's investment in SEI is $6,305,020 and $3,855,839 on December 31, 2024, and December 31, 2023, respectively.

BCBSNEI owns a 5% ownership interest in Community Care Health Plan of Nebraska, Inc (CCHP). CCHP was established to sell Medicaid in the state of Nebraska. BCBSNEI funded the investment with $6,760,000 in October 2020. BCBSNEI's investment in CCHP is $6,009,019 and $8,733,132 at December 31, 2024 and December 31, 2023, respectively. Effective January 1, 2024, CCHP lost their contract with the State of Nebraska

and operational decommissioning was completed effective December 31, 2023. CCHP is supporting run out of activities and the remaining funds will be distributed as approved by the Nebraska Department of Insurance. BCBSNEI's ownership of other affiliated entities is less than 10% of admitted assets.

At December 31, 2024, the Company reported $190,215 as amounts due from affiliates, which consisted of a receivable with Think Nebraska, LLC (Think), which was settled in the first quarter of 2025. The Company reported $22,281,174 due to affiliates, which consisted of a $22,106,721 to Saphire Edge, Inc, $40,243 to Good Life Partners, and $134,210 to Good Life Solutions. These balances were settled in the first quarter of 2025. Think is owned 100% by BCBSNEI's parent company GoodLife Solutions, Inc.

BCBSNEI has an administrative service agreement for our Rx program with Prime LLC (Prime) in which BCBSNEI paid and expensed $10,024,630 and $9,653,085 in fees in 2024 and 2023, respectively. In 2022, the Company began receiving MAF revenue from Prime. BCBSNEI received and accrued $21,835,084 in 2024 and $20,408,316 in 2023, of which $15,928,635 in 2024 and $15,598,260 in 2023, was used to offset administrative expense and $5,906,449 in 2024 and $4,810,056 in 2023 was included in Administrative Services Income in Note 10.

On January 29, 2016, BCBSNEI and SEI entered into a management service agreement, whereby 100% of all SEI related expenses shall be allocated from BCBSNEI to SEI. SEI is 100% owned by BCBSNEI. SEI desires to retain BCBSNEI to provide certain services customary, appropriate and reasonable to support a Medicare Advantage Organization in administration of its Medicare Advantage and Part D products. SEI and BCBSNEI also have a Quota Share Agreement effective January 1, 2017 which is ending December 31, 2024, as discussed above. BCBSNEI paid and expensed $16,752,124 and $13,212,450 in fees during 2024 and 2023, respectively.

NOTE 6 - RETIREMENT PLANS, DEFERRED COMPENSATION, POST EMPLOYMENT AND OTHER POSTRETIREMENT BENEFIT PLANS AND COMPENSATED ABSENCES

Defined Benefit Plan

The Company participates in the Blue Cross and Blue Shield Association's National Retirement Program which is a defined benefit pension plan covering all employees that have five or more years of service as of December 31, 2005. Effective January 1, 2006, the Company limited participation in the defined benefit retirement plan to those individuals who have five years or more of service and were fully vested at that date. The defined benefits are based on years of service and the employee's final average compensation. Effective as of December 31, 2014, BCBSNEI froze the defined benefit plan which resulted in no future service cost being recognized but the plan still recognizes increases in pensionable compensation.

In 2024 and 2023, BCBSNEI made a $1,100,000 million contribution to the plan in both years.

The decrease in pension liability of $1,934,158 and $3,664,556 for the years ended December 31, 2024 and 2023, respectively, was recorded in policyholder surplus.

Financial information regarding the defined benefit plan is follows:

	2024	2023
Changes in projected benefit obligation		
Projected benefit obligation at beginning of year	**$ 49,493,801**	$ 51,220,149

At December 31, 2024, the basis of the overall expected long-term rate of return on assets assumption is a forward-looking approach based on the current long-term capital market outlook assumptions of the asset categories the trust invests in and the trust's target asset allocation.

At December 31, 2024, the assumed target asset allocation for the program is: 15% - 25% equity securities, 69% - 79% debt securities, and 2% - 10% other securities.

Using a mean-variance model to project returns over a 30-year horizon under the target asset allocation, the 35th to 65th percentile range of annual rates of return is 5.9% - 7.1%.

The company selected the expected return on asset assumption of 6.00% for 2024. This rate is net of both investment related expenses and a 0.10% reduction for other administrative expenses charged to the Trust.

The investment program for the National Retirement Trust is based on the precepts of capital market theory that are generally accepted and followed by institutional investors, who by definition are long-term oriented investors. This philosophy holds that:

1. Increasing risk is rewarded with compensating returns over time and therefore, prudent risk taking is justifiable for long-term investors.
2. Risk can be controlled through diversification of asset classes and investment approaches as well as diversification of individual securities.
3. Risk is reduced by time, and over time the relative performance of different asset classes is reasonably consistent. Over the long term, equity investments have provided and should continue to provide superior returns over other security types. Fixed-income securities can dampen volatility and provide liquidity in periods of depressed economic activity. Lengthening duration of fixed income securities may reduce surplus volatility.
4. The strategic or long-term allocation of assets among various asset classes is an important driver of long term returns.
5. Relative performance of various asset classes is unpredictable in the short-term and attempts to shift tactically between asset classes are unlikely to be rewarded.

Investments will be made for the sole interest of the participants and beneficiaries of the programs participating in the National Retirement Trust. Accordingly, the assets of the National Retirement Trust shall be invested in accordance with these objectives:

1. To ensure assets are available to meet current and future obligations of the participating programs when due.
2. To earn the maximum return that can be realistically achieved in the markets over the long term at a specified and controlled level of risk in order to minimize future contributions.
3. To invest assets with consideration of the liability characteristics in order to better align asset and liabilities.
4. To invest the assets with the care, skill, and diligence that a prudent person acting in a like capacity would undertake. The Committee acknowledges that, in the process, it has the objective of controlling the costs involved with administering and managing the investments of the National Retirement Trust.
5. The target asset allocation for the company is as follows: 15% - 25% equity securities, 69% - 79% debt securities, and 2% - 10% other securities.

The Company estimates that a $497 thousand contribution will be made to the qualified program in 2025. This is management's current best estimate of total contributions for the year and should not be construed as a commitment to fund this amount. Management has discretion to fund more or less based on circumstances throughout the year.

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid:

2025	$	8,534,000
2026		6,198,000
2027		5,228,000
2028		4,807,000
2029		4,588,000
2030-2034		16,803,000

Supplemental Retirement Program

The Company established an Executive Nonqualified Deferred Compensation Plan (DC plan) effective January 1, 2011 for the benefit of a select group of Executives as designated by the Board of Directors. The Company contributed $1,045,027 and expensed $1,133,347 in 2024. The Company contributed $1,155,899 and expensed $1,399,493 in 2023.

Defined Contribution Plans

401(k) Plan

The Company has Tax-Favored Savings Plans under Section 401(k) of the Internal Revenue Code (IRC). As of January 1, 2021, all eligible employees are auto enrolled at 6% deferral rate upon hire. The Plans allow employees to defer a portion of their income on a pre-tax basis through contributions to the 401(k) Plans, for every dollar the employee contributes, up to 6% of the employee's wages, BCBSNEI will make contributions based on a 100% match on the first 6% of compensation contributed.

All employees are immediately 100% vested in their contributions and are eligible for the company match immediately upon employment. All employees and employer safe harbor contributions are 100% vested immediately.

The amount expensed under the Plans were $6,236,281 for 2024 and $5,864,356 for 2023.

Nonqualified Deferred Compensation Program (401(k) Wrap Plan)

In addition to the Tax-Favored Savings Plans noted above, BCBSNEI provides a Nonqualified Deferred Compensation Plan to provide certain employees the opportunity to make elective contributions and receive employer matching contributions in excess of those permitted under the Employer's Tax-Favored Savings Program and the Code (Internal Revenue Code of 1986). This Plan is considered an unfunded plan for IRC purposes with any assets set aside to fund the Plan subject to the general creditors of BCBSNEI. The Company's expense for this Plan was $744,128 in 2024 and $752,134 in 2023.

Defined Contribution Plan (replacing the Defined Benefit plan)

Effective January 1, 2006, the Company established a Qualified Defined Contribution Plan for those employees who had less than five years of service as of December 31, 2005 and therefore, were not participants in the Company's defined benefit plan. Effective January 1, 2021, BCBSNEI changed the plan and any supplemental, discretionary amount BCBSNEI contributes to employee 401(k)s will be made on an annual basis rather than on the current per pay period basis. A new employee becomes eligible for the Defined Contribution Plan on the first day of the quarter following six months of employment. Employees are fully vested after three years of service. The Company contribution under this Plan was $3,344,754 in 2024 and $3,003,834 in 2023.

Post Retirement Benefit Plan

The Company provides certain health care and life insurance benefits ("postretirement benefits") for retired employees. Health coverage provided to retirees varies based upon a number of factors including years of service. The postretirement medical program was amended effective January 1, 2008 to provide defined dollar benefits. Life Insurance benefits are calculated based on the amount of the employee's final salary and age. The retiree medical and retiree life insurance plans were amended as of January 1, 2021 and frozen to new entrants. The retiree medical pre-65 grandfathers those that already met the eligibility requirements as of December 31, 2020. The amendment capped the life insurance benefit at $50,000 for current retirees already in the plan. Effective January 1, 2021 the retiree medical plan for Medicare eligible age (65+) plan transitioned to a Group Medicare Advantage plan with BCBSNEI no longer subsidizing the premiums.

The (increase) in postretirement liability, which was recorded as a reduction in policyholder surplus, was ($4,121,919) and ($4,700,274), for the years ended December 31, 2024 and 2023, respectively.

Financial information regarding the postretirement benefit plan is as follows:

	Health Benefits		Life Benefits	
	2024	2023	**2024**	2023
Change in benefit obligation				
Projected benefit obligation at beginning of year	**$ 528,242**	$ 731,077	**$ 1,614,925**	$ 1,723,163

Health care cost trend rate assumed for next year	**N/A**	N/A		
Ultimate health care cost trend rate	**N/A**	N/A		
Year that the rate reaches the ultimate trend rate	**N/A**	N/A		
Assumptions used in computing net periodic benefit cost				
Measurement date	**1/1/2024**	1/1/2023	**1/1/2024**	1/1/2023
Discount rate	**4.90%**	5.10%	**4.90%**	5.10%
Expected return on assets	**N/A**	N/A	**N/A**	N/A
Rate of compensation increase	**N/A**	N/A	**Graded; 3.0% - 5.50%**	Graded; 3.0% - 5.50%
Health care cost trend rate assumed for next year	**N/A**	N/A		
Ultimate health care cost trend rate	**N/A**	N/A		
Year that the rate reaches the ultimate trend rate	**N/A**	N/A		

The health care cost trend assumption does not have a material impact for 2024 and 2023 as the employer has capped its premium contribution and also frozen the plan effective January 1, 2021 to new entrants.

The Company expects to fund the actuarial benefit payments as they become due.

The following health and life benefit payments and Medicare receipts, which reflect expanded future service, as appropriate, are expected to be (paid) as follows:

	Other Benefits Gross	Medicare Receipts
2025	$ (251,000)	$ -
2026	(214,000)	-
2027	(190,000)	-
2028	(155,000)	-
2029	(157,000)	-
2030-2034	(532,000)	-

NOTE 7 - POLICY AND CONTRACT CLAIMS

The Company recorded a total liability for policy and contract claims of $244,682,532 and $205,321,387 as of December 31, 2024 and 2023, including a liability for unpaid claim adjustment expenses of $33,598,817 and $32,193,409, respectively, and a liability for accrued medical incentive pool and bonus amounts of $10,932,484 and $10,160,288, respectively. An analysis of the liability for policy and contract claims, excluding claim adjustment expenses, follows:

	2024	2023
Balance at beginning of the year	**$ 173,127,978**	$ 185,464,953
Incurred related to		
Current year	**1,796,515,259**	1,631,191,792
Prior year	**3,129,089**	(17,804,079)
Total incurred	**1,799,644,348**	1,613,387,713
Change in healthcare receivables	**(257,480)**	(14,153,062)
Paid related to		
Current year	**1,604,484,944**	1,478,703,952
Prior year	**157,461,146**	161,173,798
Total paid	**1,761,946,090**	1,639,877,750
Balance at end of the year	**211,083,716**	173,127,978
Balance at end of the year	**211,083,716**	173,127,978
add Unpaid claims adjustment expenses	**33,598,817**	32,193,409
End of Year Policy and contract claims reserves	**244,682,532**	**205,321,387**

During 2024 and 2023, the Company had unfavorable development of $3,129,089 and favorable development of ($17,804,079), respectively, related to prior years. The amount of subrogation recoverable netted against claim reserves for 2024 was $13,000,000 and for 2023 was $10,000,000.

The current reserve model was implemented in 2011. This model combines a standard completion factor and a projected PMPM model on a sliding scale. Also, a specific provision for adverse deviations (PAD) is applied consistently.

NOTE 8 - HEALTHCARE REFORM

Medical Loss Ratio

The ACA established minimum medical loss ratio (MLR) standards for health insurers. These new standards were effective for 2011 and are required to be reported to the Department of Health and Human Services (HHS). The reporting date for 2024 MLR is July 31, 2025. Based on the MLR standards, the Company is required to pay a pro-rata rebate to individual members or groups if the incurred MLR for Individual or Small Group business is less than 80% and Large Group is less than 85%. At December 31, 2024 and December 31, 2023, the Company's estimate of the MLR for Individual, Small Group and Large Group were all above the established MLR thresholds and no rebates are due.

The report due to HHS on July 31, 2025, requires a three month look back of December 31, 2024 unpaid claims activity through March 31, 2025 for the purpose of updating the estimated 2024 MLR calculations.

Risk-sharing Provisions of the Patient Protection and Affordable Care Act

During 2024 and 2023, the Company wrote health insurance premiums which are subject to the ACA risk sharing provisions.

The ACA's permanent risk adjustment program (RA) is intended to reinforce market rules that prohibit risk selection by insurers. RA accomplishes this by transferring funds from plans with lower-risk enrollees to plans with higher-risk enrollees. The goal of RA is to encourage insurers to compete based on the value and efficiency of their plans rather than by attracting healthier enrollees. To the extent that risk selecting behavior by insurers, or decisions made by enrollees, drive up costs in the health insurance marketplaces (for example, if insurers selling outside the Exchange try to keep premiums low by steering applicants with greater health needs to Exchange coverage), RA also works to stabilize premiums and the cost of tax credit subsidies to the federal government. The RA amounts recorded by the Company as of December 31, 2024, and 2023 are:

Permanent PPACA Risk Adjustment Program

Explanation of Adjustments

A Adjusted receivable in 4th quarter due to updated information.

B Adjusted payable in 4th quarter due to updated information.

NOTE 9 - CAPITAL AND POLICYHOLDER SURPLUS

Blue Cross and Blue Shield of Nebraska reorganized from a mutual benefit insurance company to a stock insurance company effective July 1, 2018. The stock insurance company is called BCBSNEI and will do business in that name. As part of the reorganization, GSI was formed as a new intermediate stock holding company and BCBSNEI is a wholly owned subsidiary of GSI. BCBSNEI has 500,000 shares authorized with a par value of $100, 10 shares issued and 10 shares outstanding. All shares are common stock. BCBSNEI has no preferred stock outstanding.

Without prior approval of its domiciliary commissioner, dividends to shareholders are limited by the laws of the state of Nebraska to not exceed any dividend or distribution of cash or other property the fair market value of which together with that of other dividends or distributions made within the preceding twelve months exceeds the greater of (a) ten percent of such insurer's policyholders surplus as of December 31 next preceding year or (b) the net income, not including realized capital gains, for the twelve-month period ending December 31 next preceding but shall not include pro rata distributions of any class of the insurer's own securities. In determining whether a dividend or distribution is extraordinary, BCBSNEI may carry forward net income from the previous two calendar years that has not already been paid out as dividends. This carryforward shall be computed by taking the net income from the second and third preceding calendar years, not including realized capital gains, less dividends paid in the second and immediately preceding calendar years. During 2024, BCBSNEI can pay extraordinary dividends to its parent of $30,888,236 with prior approval of regulatory authority. In 2024, BCBSNEI distributed a cash dividend of $7 million to GSI who in return distributed the $1.5 million to GPI, in order to cover operating expenses incurred by GPI. In 2023, BCBSNEI distributed a cash dividend of $8 million to GSI who in return distributed the $2 million to GPI, in order to cover operating expenses incurred by GPI.

There are no restrictions placed on the portion of Company profits that may be paid as ordinary dividends to stockholders. There were no restrictions placed on the Company's surplus.

Policyholder surplus is reduced by the following non-admitted assets:

	2024	2023
Non-admitted assets:		
Pharmaceutical rebates and other health care receivables	**$ 4,442,615**	$ 7,267,184
Furniture and fixtures	**3,142,639**	2,185,391
EDP equipment and software	**153,757**	170,916
Prepaid expenses	**12,444,175**	10,902,305
Invested assets	**1,112,874**	1,001,920
Intangible Pension Asset	**3,460,113**	37,690
Miscellaneous receivable	**9,554,792**	9,467,856
Total non-admitted assets	**$ 34,310,965**	$ 31,033,262

NOTE 10 - GAIN OR LOSS FROM UNINSURED A&H PLANS AND THE UNINSURED PORTION OF PARTIALLY INSURED PLANS

The Company is engaged as administrator for a number of uninsured and partially insured plans and paid benefits for these plans totaling $1,379,950,192 in 2024 and $933,428,408 in 2023. A summary of financial results thereon follows:

2024	Cost Plus
Administrative services income	**$ 113,037,672**
Allocated costs using full absorption costing	**(116,967,707)**
Total net (loss) from operations	**$ (3,930,035)**
2023	
Administrative services income	$ 101,277,369
Allocated costs using full absorption costing	(112,029,785)
Total net (loss) gain from operations	$ (10,752,416)

Agency Contracts and Expense Reimbursements

The Company is a member of the Blue Card Program, and by agreement processed claims for others and the related reimbursements have been excluded from the statutory statements of operations.

The Company allocates its operating expenses by various lines of business to determine the expense reimbursements where BCBSNEI acts as a fiscal intermediary for other federal health programs and other reimbursable lines of business.

The following is a summary of claims processed for the Blue Card Program for the years ended December 31:

	2024	2023
Blue Card Program	**$ 1,506,315,420**	$ 1,499,315,015

The following is a summary of operating expense reimbursements:

	2024	2023
Blue Card Program	**$ 16,424,513**	$ 15,786,931

NOTE 11 - LEASES

The Company has several lease agreements for the use of office space, data processing, other equipment, and storage space. The agreements expire on various dates through 2045. In most cases, management expects to renew these leases or replace them with similar leases. In addition, on January 1, 2020, the Company entered into an updated BCBSNEI Credit Tenant Lease (CTL), which expires in 2045. The landlord is QuadTech, LP.

Total rent expense for these leases and other month-to-month leases were approximately $17,856,411 in 2024 and $21,168,509 in 2023. The lease expense for the next 5 years and thereafter is as follows:

Years Ending December 31,	Operating Leases
2025	$ 7,781,631
2026	7,871,091
2027	7,961,579
2028	8,053,108
2029	8,144,418
Thereafter	143,788,933
	$ 183,600,760

NOTE 12 - HEALTHCARE RECEIVABLES

The Company has contracted with Prime LLC, a pharmaceutical benefits manager, to provide pharmaceutical services and obtain pharmacy rebates from drug manufacturers. The estimate for the fourth quarter is based on the previous quarter's actual prescriptions, which are confirmed/invoiced by the Company's pharmaceutical benefit manager. At December 31, 2024 and 2023, the Company had a total pharmacy rebates receivable of $105,620,866 and $100,918,191, respectively, of which is $101,178,251 and $93,651,007 is an admitted asset. The current year receivable of $105,620,866 contains $68,350,056 related to fully insured business and $37,270,810 related self-insured business.

Quarter Ending	Estimated Pharmacy Rebates	Pharmacy Rebates Invoiced/Confirmed as an admitted asset	Actual Rebates Collected Within 90 days of Invoicing/Confirmation	Actual Rebates Collected Within 91 to 180 days of Invoicing/Confirmation	Actual Rebates Collected More Than 180 Days of Invoicing/Confirmation
12/31/2024	**$ 52,890,369**	**$ -**	**$ -**	**$ -**	**$ -**
9/30/2024	**51,116,493**	**53,721,337**	**-**	**-**	**-**

12/31/2023	$ 49,129,740	$ 49,344,701	$ 41,144,529	$ 6,337,455	$ 711,169
9/30/2023	45,494,223	46,977,140	39,571,506	6,245,659	(13,335)
6/30/2023	39,836,867	45,746,088	37,844,347	5,696,401	57,839
3/31/2023	36,317,720	40,394,777	32,745,905	4,902,605	(160,494)
12/31/2022	$ 37,494,709	$ 36,294,339	$ 31,016,029	$ 5,687,327	$ (567,566)
9/30/2022	36,609,434	36,455,635	32,707,094	5,438,097	(56,185)
6/30/2022	33,483,682	37,023,641	29,797,390	5,093,578	259,914
3/31/2022	35,225,445	33,687,055	27,057,867	5,471,245	708,519
	$ 511,940,764	$ 479,806,665	$ 353,913,271	$ 56,920,617	$ 1,863,615

The Company does not have any pharmacy risk sharing receivables at December 31, 2024 and 2023.

NOTE 13 - REINSURANCE

Assumed Reinsurance

Effective January 1, 2017, the Company entered into a reinsurance agreement with Sapphire Edge, Inc. (SEI), a wholly owned affiliate of the Company, in which the Company assumes reinsurance ceded from SEI. Premiums assumed in 2024 and 2023 were $62,108,258 and $56,833,912, respectively. Claims assumed in 2024 and 2023 were $68,189,420 and $58,010,461, respectively, and assumed commissions expensed for 2024 and 2023 were $7,215,570 and $6,899,116 respectively. This reinsurance agreement ended December 31, 2024 and was not renewed.

Effective April 1, 2020, the Company entered into a reinsurance agreement with HM Life Insurance Company (HMLI) in which the Company assumes reinsurance through a 50% quota share agreement on specific stop loss and aggregate stop loss business. Premiums assumed in 2024 and 2023 were $25,454,382 and $25,492,595, respectively. Reinsurance payable on paid and unpaid losses at December 31, 2024 and December 31, 2023 were $3,160,261 and $4,689,481, respectively.

Ceded Reinsurance

Effective January 1, 2016, the Company purchased excess loss reinsurance from BCS Insurance Company (BCS), a non-affiliated reinsurer. This BCS reinsurance contract is for insured medical claims in excess of $2,000,000. At December 31, 2024 and 2023, there were no amounts recoverable from BCS which have been netted against Unpaid Policy and Contract Claims Reserves. Premiums ceded under the BCS contract was $3,449,463 and $4,064,754 in 2024 and 2023, respectively. Amounts recovered under the BCS contract was $0 in 2024 and 2023, respectively.

The Company previously ceded 70% of its individual Long-Term Care premiums and claims to Genworth Life Insurance Company (Genworth). In December 2024, BCBSNEI was notified of an interim final award issued by the arbitration panel on the recapture of the quota share agreement. The interim report ruled that the effective recapture dates are January 1, 2022 and November 8, 2022. At December 31, 2024, BCBSNEI recorded the recapture of all ceded Active Life Reserves, Disabled Life Reserves, Claim Reserves and Unearned premium. This resulted in a $77.5 million increase in Long Term Care Reserves on the statements of admitted assets, liabilities, and policyholder surplus at December 31, 2024. Also, an estimated settlement of $28 million was recorded as a receivable from GenWorth within the Uncollected premiums and agents' balances in the course of collection within the statements of admitted assets, liabilities, and policyholder surplus at December 31, 2024. These entries along with recognition of the ceded premium and loss activity recognized through the recapture had a net impact to increase reserves for life, accident and health contracts, resulting in an impact on expense in the 2024 statement of operations of $59.8 million. Premiums ceded were ($13,917,115) and $2,552,226 in 2024 and 2023, respectively. Unearned premiums were $0 and $63,311,365 at December 31, 2024 and 2023. Reserve credits for unearned premiums were $0 and $16,083,556 at December 31, 2024 and 2023, respectively.

No policies have been issued by the Company that have been reinsured with a company chartered in a country other than the United States that is owned in excess of 10% or controlled directly or indirectly by an insured, a beneficiary, a creditor or an insured or any other person not primarily engaged in the insurance business. The Company does not have any reinsurance agreements in effect under which the reinsurer may unilaterally cancel any reinsurance for reasons other than for nonpayment of premium or other similar credits. The Company does not have any reinsurance agreements in effect such that the amount of losses paid or accrued through the statement date may result in a payment to the reinsurer of amounts which, in aggregate and allowing for offset of mutual credits from other reinsurance agreements with the same reinsurer, exceed the total direct premiums collected under the reinsured policies. The Company has not executed or amended any new agreements, to include policies or contracts that were in force or which had existing reserves established by the Company as of the effective date of the agreement.

NOTE 14 - COMMITMENT AND CONTINGENCIES

Assessments

In accordance with SSAP No. 35R, *Guaranty Fund and Other Assessments*, BCBSNEI has accrued a liability of $202,459 and $221,423, at December 31, 2024 and 2023, respectively, for estimated guaranty fund assessments. This liability is for the Nebraska Guaranty Fund related to future insurance company insolvencies and is based on information provided by the National Organization of Life and Health Insurance Association (NOLHGA).

There were no assessments made in 2024 and 2023. The Company doesn't expect any potential assessments to have a material effect on the Company.

Commitments

BCBSNEI has commitments outstanding to various private equity investments that are not listed in Note 5 of $15,948,882 at December 31, 2024 and $17,806,902 at December 31, 2023.

All Other Contingencies

The Company is involved in various claims, lawsuits, federal and state tax examinations and proceedings that arose in the ordinary course of business. While these actions are being contested, the outcome of individual matters is not predictable with assurance. The Company does not believe that any liability resulting from any of the actions will have a material adverse effect on its financial position, statement of operations, policyholder's surplus, cash flows, or liquidity.

BCBSNEI is a defendant in a multi-district class action lawsuit brought by two groups of plaintiffs against all Blue Cross and Blue Shield plans – policyholder plaintiffs and provider plaintiffs. BCBSNEI established a litigation reserve in 2022 and recorded an amount of $25,688,052. This amount remained unchanged as of December 31, 2023. During 2024 based on analysis of the current facts and circumstances, BCBSNEI has decreased its accrual by $6,543,083 to $19,144,969 at December 31, 2024, which is included in other liabilities in the statement of admitted assets, liabilities, and policyholder surplus.

BCBSNEI is the guarantor on the lease of a building used by Think Aksarben, LLP, a subsidiary of GSI, with TREI Partners, LLC. The remaining term of the lease is 20.5 years and has remaining payments due of approximately $146.2 million.

NOTE 15 - ANNUAL STATEMENT RECONCILIATION

There are certain classification differences between the accompanying statutory financial statement and the Company's statutory filing as of December 31, 2024. These differences relate to classifications and summarized account grouping on the Statutory Statements of Admitted Assets, Liabilities and Policyholder Surplus as well as the Statutory Statements of Cash Flows. These classification differences had no effect on Statutory Net Loss and Policyholder Surplus.

	As listed in the Statutory-Basis Financial Statements	As listed in the Statutory-Basis Annual Statement
December 31, 2024

SUPPLEMENTAL SCHEDULE OF INVESTMENT RISKS INTERROGATORIES
DECEMBER 31, 2024

1. The Company's total admitted assets as reported on the accompanying statutory statement of admitted assets, liabilities and policyholder surplus are $ 1,022,972,343 at December 31, 2024.

2. Following are the ten largest exposures to a single issuer/borrower/investment, by investment category, excluding U.S. Government, U.S. Government agency securities and those U.S. Government money market funds listed in the Appendix to the *SVO Practices and Procedures Manual* as exempt and property occupied by the Company:

Investment Category/Issuer	Description of Exposure	Amount	Percentage of Total Admitted Assets
Prime LLC	Other Invested Assets	$ 48,261,624	4.710 %
Goldenrod LLC	Other Invested Assets	14,950,197	1.459
Azure Equity Management, LLC	Other Invested Assets	14,259,082	1.392
Goldenrod II LLC	Other Invested Assets	13,703,944	1.337
Internationl Plan Soluntions, LLC	Other Invested Assets	6,456,132	0.630
Sapphire Edge Corporation	Common Stock	6,305,020	0.615
Community Care Health Plan of Nebraska, Inc.	Common Stock	6,009,019	0.586
SBA Tower Trust SBA Tower Trust	Bond	5,000,000	0.488
Wells Fargo Company WFC 3.584% 5/22/28	Bond	4,633,203	0.452
BCS Financial Corporation	Other Invested Assets	4,532,828	0.442

3. The Company's total admitted assets held in bonds by NAIC rating:

NAIC Rating	Amount	Percentage of Total Admitted Assets
NAIC - 1	$ 322,036,014	31.530 %
NAIC - 2	41,824,303	4.095
NAIC - 3	5,823,736	0.570
NAIC - 4	-	-
NAIC - 5	1,812,622	0.177
NAIC - 6		

4. The Company's assets held in foreign investments are less than 2.5% of the total admitted assets.

5. Following are the largest three investments with contractual sales restrictions:

Name of Issuer	Amount	Percentage of Total Admitted Assets
Prime LLC	$ 48,261,624	4.710 %
Goldenrod II, LLC	14,950,197	1.459
Azure Equity Management, LLC	14,259,082	1.392

6. Following are the ten largest exposures to a single issuer/borrower/investment in equity interests, by investment category, including mutual funds, preferred stocks, publicly traded equity securities and other equity securities and excluding money market and bond mutual funds listed in the Appendix to the *SVO Practices and Procedures Manual* as exempt or Class 1.

Investment Category/Issuer	Amount	Percentage of Total Admitted Assets
Vanguard Instit Index S&P 500	$ 147,371,925	14.383 %
Prime LLC	48,261,624	4.710
Vanguard Extended Mkt Index - Inst	23,890,193	2.332
Goldenrod LP	14,950,197	1.459
Azure Equity Management, LLC	14,259,082	1.392
Goldenrod II LP	13,703,944	1.337
International Plan Solutions, LLC	6,456,132	0.630
Sapphire Edge Inc	6,305,020	0.615
Community Care Health Plan of Nebraska, Inc.	6,009,019	0.586
BCS Financial Corporation	4,532,828	0.442

7. Assets held in nonaffiliated, privately placed equities are greater than 2.5% of the Company's admitted assets at December 31, 2024. The aggregate value of such investments was $104,421,391 or 10.191% of total admitted assets. The following are the largest three.

Investment Category/Issuer	Amount	Percentage of Total Admitted Assets
Prime LLC	$ 48,261,624	4.710 %
Goldenrod, LLC	14,950,197	1.459
Goldenrod II LLC	13,703,944	1.337

8. Assets held in general partnership interests are less than 2.5% of the Company's admitted assets at December 31, 2024.

9. The Company has no mortgage loans reported in its Annual Statement Schedule B at December 31, 2024 and the Company does not own any Real Estate reported on Schedule A as of December 31, 2024.

10. None of the Company's total admitted assets are subject to the following types of agreements: repurchase agreements, reverse repurchase agreements, dollar repurchase agreements, dollar reverse repurchase agreements, or securities lending.

11. The Company has no warrants that are not attached to other financial instruments, options, caps, and floors at December 31, 2024.

12. The Company has no potential exposure for collars, swaps, and forwards at December 31, 2024.

13. The Company has no potential exposure for futures contracts at December 31, 2024.

CPAs & BUSINESS ADVISORS

Independent Service Auditor's Report

The Board of Directors
BlueCross and BlueShield of Nebraska, Inc.
Omaha, Nebraska

Scope

We have examined BlueCross and BlueShield of Nebraska, Inc.'s description of its HealthEdge Administrative Services Only (ASO) Claims and Membership Processing System and Related General IT Controls for processing user entities' transactions throughout the period October 1, 2022 to September 30, 2023 (description), and the suitability of the design and operating effectiveness of the controls included in the description to achieve the related control objectives stated in the description, based on the criteria identified in "BlueCross and BlueShield of Nebraska, Inc.'s Assertion" (assertion). The controls and control objectives included in the description are those that management of BlueCross and BlueShield of Nebraska, Inc. believes are likely to be relevant to user entities' internal control over financial reporting, and the description does not include those aspects of the HealthEdge ASO Claims and Membership Processing System and Related General IT Controls that are not likely to be relevant to user entities' internal control over financial reporting.

The information included in Section V, "Other Information Provided by BlueCross and BlueShield of Nebraska, Inc.," is presented by management of BlueCross and BlueShield of Nebraska, Inc. to provide additional information and is not a part of BlueCross and BlueShield of Nebraska, Inc.'s description of its HealthEdge ASO Claims and Membership Processing System and Related General IT Controls made available to user entities during the period October 1, 2022 to September 30, 2023. Information about BlueCross and BlueShield of Nebraska, Inc.'s business continuity planning has not been subjected to the procedures applied in the examination of the description of the HealthEdge ASO Claims and Membership Processing System and Related General IT Controls and of the suitability of the design and operating effectiveness of controls to achieve the related control objectives stated in the description of the HealthEdge ASO Claims and Membership Processing System and Related General IT Controls and, accordingly, we express no opinion on it.

4310 17th Ave. S. | P.O. Box 2545 | Fargo, ND 58108-2545 | T 701.239.8500 | F 701.239.8600 | EOE

BlueCross and BlueShield of Nebraska, Inc. uses Prime Therapeutics, LLC, Scott Technology Center, TierPoint, LLC, Microsoft Azure and HealthEdge Software, Inc., subservice organizations, to process the Prescription Drug Program, for data center services, and for various subservices, including application and development support for its claims and membership processing system. The description includes only the control objectives and related controls of BlueCross and BlueShield of Nebraska, Inc. and excludes the control objectives and related controls of the subservice organization. The description also indicates that certain control objectives specified by BlueCross and BlueShield of Nebraska, Inc. can be achieved only if complementary subservice organization controls assumed in the design of BlueCross and BlueShield of Nebraska, Inc.'s controls are suitably designed and operating effectively, along with the related controls at BlueCross and BlueShield of Nebraska, Inc. Our examination did not extend to controls of the subservice organization and we have not evaluated the suitability of the design or operating effectiveness of such complementary subservice organization controls.

The description indicates that certain control objectives specified in the description can be achieved only if complementary user entity controls assumed in the design of BlueCross and BlueShield of Nebraska, Inc.'s controls are suitably designed and operating effectively, along with related controls at the service organization. Our examination did not extend to such complementary user entity controls and we have not evaluated the suitability of the design or operating effectiveness of such complementary user entity controls.

Service Organization's Responsibilities

In Section II, BlueCross and BlueShield of Nebraska, Inc. has provided an assertion about the fairness of the presentation of the description and suitability of the design and operating effectiveness of the controls to achieve the related control objectives stated in the description. BlueCross and BlueShield of Nebraska, Inc. is responsible for preparing the description and its assertion, including the completeness, accuracy, and method of presentation of the description and assertion, providing the services covered by the description, specifying the control objectives and stating them in the description, identifying the risks that threaten the achievement of the control objectives, selecting the criteria stated in the assertion, and designing, implementing, and documenting controls that are suitably designed and operating effectively to achieve the related control objectives stated in the description.

Service Auditor's Responsibilities

Our responsibility is to express an opinion on the fairness of the presentation of the description and on the suitability of the design and operating effectiveness of the controls to achieve the related control objectives stated in the description, based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether, in all material respects, based on the criteria in management's assertion, the description is fairly presented and the controls were suitably designed and operating effectively to achieve the related control objectives stated in the description throughout the period October 1, 2022 to September 30, 2023. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our qualified opinion.

An examination of a description of a service organization's system and the suitability of the design and operating effectiveness of controls involves:

- Performing procedures to obtain evidence about the fairness of the presentation of the description and the suitability of the design and operating effectiveness of the controls to achieve the related objectives stated in the description, based on the criteria in management's assertion;
- Assessing the risks that the description is not fairly presented and that the controls were not suitably designed or operating effectively to achieve the related control objectives stated in the description;
- Testing the operating effectiveness of those controls that management considers necessary to provide reasonable assurance that the related control objectives stated in the description were achieved; and
- Evaluating the overall presentation of the description, suitability of the control objectives stated in the description, and suitability of the criteria specified by the service organization in its assertion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Inherent Limitations

The description is prepared to meet the common needs of a broad range of user entities and their auditors who audit and report on user entities' financial statements and may not, therefore, include every aspect of the system that each individual user entity may consider important in its own particular environment. Because of their nature, controls at a service organization may not prevent, or detect and correct, all misstatements in processing or reporting transactions. Also, the projection to the future of any evaluation of the fairness of the presentation of the description, or conclusions about the suitability of the design or operating effectiveness of the controls to achieve the related control objectives, is subject to the risk that controls at a service organization may become ineffective.

Description of Tests of Controls

The specific controls tested and the nature, timing, and results of those tests are presented in Section IV of our report titled "Control Objectives and Related Controls, Tests of Operating Effectiveness and Results of Tests Provided by the Independent Service Auditor and BlueCross and BlueShield of Nebraska, Inc."

Basis for Qualified Opinion

BlueCross and BlueShield of Nebraska, Inc. states in its description that it has controls in place to remove network access within one business day upon an employee's termination. However, as noted in Control Activity 3.3 of Control Objective 3 in Section IV of the description of tests of controls and results, controls related to the timely removal of logical access for terminated individuals were not performed effectively during the period October 1, 2022, to September 30, 2023. As a result, controls were not operating effectively to achieve the control objective "Controls provide reasonable assurance that logical access to applications and data is restricted to authorized individuals."

Qualified Opinion

In our opinion, except for the matter referred to in the preceding paragraph, in all material respects, based on the criteria described in BlueCross and BlueShield of Nebraska, Inc.'s assertion:

a. The description fairly presents the HealthEdge ASO Claims and Membership Processing System and Related General IT Controls that was designed and implemented throughout the period October 1, 2022 to September 30, 2023.
b. The controls related to the control objectives stated in the description were suitably designed to provide reasonable assurance that the control objectives would be achieved if the controls operated effectively throughout the period October 1, 2022 to September 30, 2023, and the subservice organization and user entities applied the complementary controls assumed in the design of BlueCross and BlueShield of Nebraska, Inc.'s controls throughout the period October 1, 2022 to September 30, 2023.
c. The controls operated effectively to provide reasonable assurance that the control objectives stated in the description were achieved throughout the period October 1, 2022 to September 30, 2023, if complementary subservice organization and user entity controls assumed in the design of BlueCross and BlueShield of Nebraska, Inc.'s controls operated effectively throughout the period October 1, 2022 to September 30, 2023.

Restricted Use

This report, including the description of tests of controls and results thereof in Section IV, is intended solely for the information and use of management of BlueCross and BlueShield of Nebraska, Inc., user entities of BlueCross and BlueShield of Nebraska, Inc.'s HealthEdge ASO Claims and Membership Processing System and Related General IT Controls during some or all of the period October 1, 2022 to September 30, 2023, and their auditors who audit and report on such user entities' financial statements or internal control over financial reporting and have sufficient understanding to consider it, along with other information, including information about controls implemented by user entities themselves, when assessing the risks of material misstatement of user entities' financial statements. This report is not intended to be and should not be used by anyone other than these specified parties.

Section I

Management's Assertion Provided by BlueCross and BlueShield of Nebraska, Inc.

BlueCross BlueShield Nebraska

Blue Cross and Blue Shield of Nebraska, Inc. is an independent licensee of the Blue Cross and Blue Shield Association

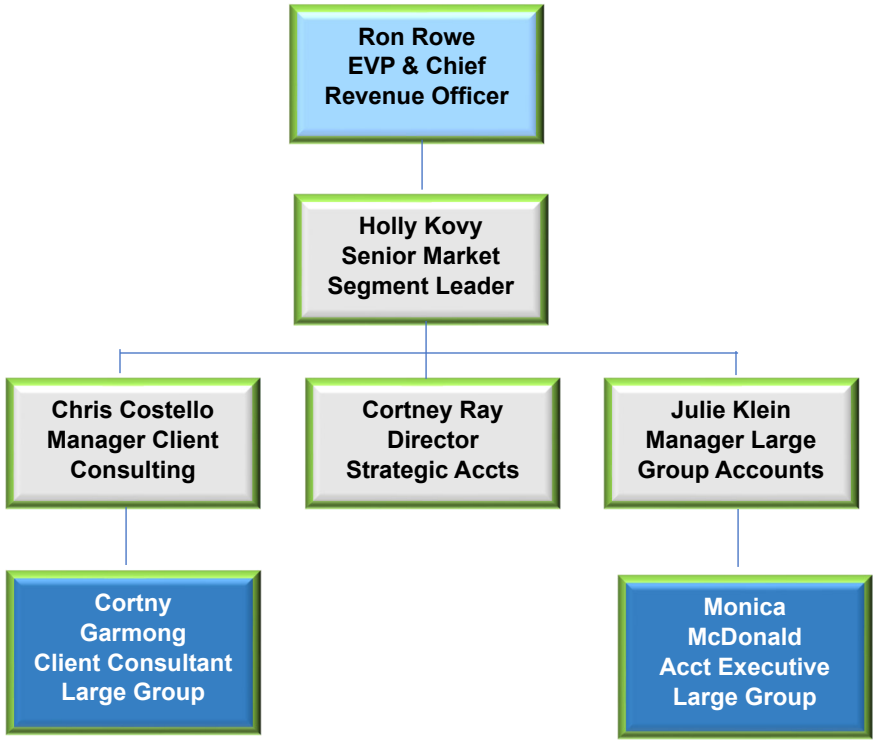
BlueCross and BlueShield of Nebraska, Inc.'s Assertion

We have prepared the accompanying description of BlueCross and BlueShield of Nebraska, Inc.'s BlueCard and FEP Business Segments Relevant to Security System throughout the period October 1, 2022 to September 30, 2023 (description), based on the criteria for a description of a service organization's system in DC Section 200, *2018 Description Criteria for a Description of a Service Organization's System in a SOC 2 Report (*AICPA, *Description Criteria*) (description criteria). The description is intended to provide report users with information about the BlueCard and FEP Business Segments Relevant to Security System that may be useful when assessing the risks arising from interactions with BlueCross and BlueShield of Nebraska, Inc.'s system , particularly information about system controls that BlueCross and BlueShield of Nebraska, Inc. has designed, implemented and operated to provide reasonable assurance that its service commitments and system requirements were achieved based on the trust services criteria relevant to security, availability, processing integrity, confidentiality, and privacy (applicable trust services criteria) set forth in TSP section 100, *2017 Trust Services Criteria for Security, Availability, Processing Integrity, Confidentiality and Privacy, (*AICPA*, Trust Services Criteria).*

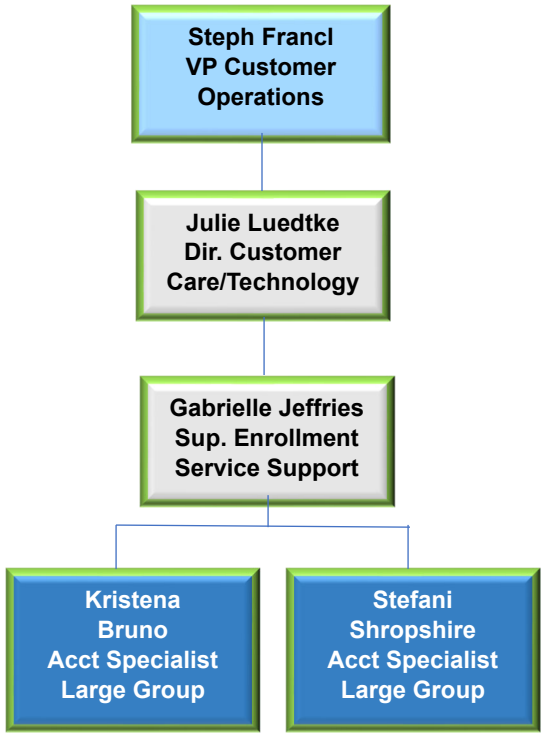
BlueCross and BlueShield of Nebraska, Inc. uses HealthEdge Software, Inc., Scott Technology Center, Advantasure Inc.'s, Blue Cross and Blue Shield Association, Federal Employee Program Operations Center, Tierpoint LLC and Microsoft Azure, subservice organizations, for application and development support for its claims and membership processing system, for certain data center services, software and application support for Medicare Advantage and Federal Employee programs and cloud backup systems. The description indicates that complementary subservice organization controls that are suitability designed and operating effectively are necessary, along with controls at BlueCross and BlueShield of Nebraska, Inc., to achieve BlueCross and BlueShield of Nebraska, Inc.'s service commitments and system requirements based on the applicable trust services criteria. The description presents BlueCross and BlueShield of Nebraska, Inc.'s controls, the applicable trust services criteria, and the types of complementary subservice organization controls assumed in the design of BlueCross and BlueShield of Nebraska, Inc.'s controls. The description does not disclose the actual controls at the subservice organization.

The description indicates that complementary user entity controls that are suitability designed and operating effectively are necessary, along with controls at BlueCross and BlueShield of Nebraska, Inc., to achieve BlueCross and BlueShield of Nebraska, Inc.'s service commitments and system requirements based on applicable trust service criteria. The description presents BlueCross and BlueShield of Nebraska, Inc.'s controls, the applicable trust services criteria, and the complementary user entity controls assumed in the design of BlueCross and BlueShield of Nebraska, Inc.'s controls.

As noted in CC6 – Logical and Physical Security Controls in Section IV of the description of tests of controls and results, controls related to the timely removal of logical access for terminated individuals were not performed effectively during the period October 1, 2022, to September 30, 2023. As a result, controls were not operating effectively to achieve the control objective " Prior to issuing system credentials and granting system access, the entity registers and authorizes new internal and external users whose access is administered by the entity. For those users whose access is administered by the entity, user system credentials are removed when user access is no longer authorized."



Except for the matter described in the preceding paragraph we confirm, to the best of our knowledge and belief, that



a. The description presents BlueCross and BlueShield of Nebraska, Inc. BlueCard and FEP Business Segments Relevant to Security System that was designed and implemented throughout the period October 1, 2022 to September 30, 2023, in accordance with the description criteria.

b. The controls stated in the description were suitably designed throughout the period October 1, 2022 to September 30, 2023, to provide reasonable assurance that BlueCross and BlueShield of Nebraska, Inc.'s service commitments and system requirements would be achieved based on the applicable trust services criteria, if its controls operated effectively throughout that period, and if the subservice organization and user entities applied the complementary controls assumed in the design of BlueCross and BlueShield of Nebraska, Inc.'s controls throughout that period.

c. The controls stated in the description operated effectively throughout the period October 1, 2022 to September 30, 2023, to provide reasonable assurance that BlueCross and BlueShield of Nebraska, Inc.'s service commitments and system requirements were achieved based on the applicable trust services criteria, if complementary subservice organization controls and complementary user entity controls assumed in the design of BlueCross and BlueShield of Nebraska, Inc.'s controls operated effectively throughout that period.

GUIDED HEALTH CLINICAL PROGRAMS

GuidedHealth® includes an extensive suite of retrospective drug utilization review (DUR) programs designed to identify potential misuse and abuse, close gaps in care, improve adherence and discontinue unsafe medicine use. Drug therapy opportunities trigger outreach to members and/or their physicians to help:

- Improve member safety by identifying potentially inappropriate medicine use
- Encourage treatment where appropriate and close gaps in care
- Improve adherence and health outcomes

All programs are developed using evidence-based medicine and nationally recognized drug compendia and guidelines. They have been organized into modules focusing on overutilization, underutilization and drug safety.

The Overuse Module Includes:

- Triple Therapy Alert
- Polypharmacy
- Controlled Substances Alert
- Proton Pump Inhibitor Duration of Therapy

The Underuse Module Includes:

- Adherence
- Gaps in care
- Statin use in diabetes
- Asthma Inhaled Corticosteroid Opportunity

The Safety Module Includes:

- Anticholinergic use in dementia
- Antipsychotic use in dementia
- FDA Medwatch

GuidedHealth is a trademark of Prime Therapeutics. Prime Therapeutics is contracted to provide pharmacy benefits to Blue Cross and Blue Shield of Nebraska, an independent licensee of the Blue Cross Blue Shield Association.

BlueCross BlueShield Nebraska

Convenient access for all your pharmacy needs with Open Network

Blue Cross and Blue Shield of Nebraska (BCBSNE) has pharmacy networks that offer convenient access to in-network pharmacies for all your prescriptions needs.

Open Network offers:

CONVENIENCE

Fill your prescriptions at a convenient retail pharmacy close to work or home.

SUPPLY

Fill a one-month supply at more than 66,000 pharmacies nationwide, and up to a 90-day supply at more than 55,000 pharmacies nationwide.

ACCESS

Access to major national and regional pharmacy chains, retailers, grocers and independent pharmacies.

How to find a Open Network pharmacy

Find a participating pharmacy in three easy steps:

1. Log into your online member account at myNebraskaBlue.com
2. Visit NebraskaBlue.com/Find-a-Pharmacy and select Open Network
3. Call the Member Services number on the back of your BCBSNE member ID card

Open Network pharmacies

Open Network includes, but is not limited to, the following pharmacies:

- Walgreens
- Walmart and Sam's Club
- Hy-Vee
- U Save
- CVS/Target

Blue Cross and Blue Shield of Nebrask is an independent licensee of the Blue Cross Blue Shield Association.

AMAZON PHARMACY
FOR HOME DELIVERY

With Amazon Pharmacy you can have your long-term medications sent to you with access to MedsYourWay® discount card pricing administered by Inside Rx.

You'll see the lowest price and, depending on your plan, pricing options for covered medicines. Medications purchased via Amazon Pharmacy may count toward your out-of-pocket maximums.

TO GET STARTED:

- Log onto your member account at **myNebraskaBlue.com**
- Select Pharmacy Benefits from the home page
- From the MyPrime home page, select Home Delivery and follow the prompts

Home delivery from a brand name you know and trust.

With Amazon Pharmacy, you will enjoy the following benefits and features:

- Mobile app or computer access to your account
- Shop the lowest price whether that's your insurance copay, coinsurance or MedsYourWay discount card pricing
- Track the progress of your prescription fulfillment and delivery
- Receive prescriptions in discreet, tamper-resistant packaging
- Free standard, five-day shipping (two-day for Amazon Prime members)
- Manage your medications and view your order history
- Works with your health insurance plan and doctors to get prescriptions filled so you don't have to
- Talk to a pharmacist 24/7/365

To set up your Amazon Pharmacy account, visit **Amazon.com/NebraskaMYW** or call 855-797-8857.

PRIME THERAPEUTICS®

MedsYourWay™
at Retail Pharmacies

The lowest available drug prices for your members

Three out of four consumers use discount drug cards (DDCs) to save money on their prescription medicines.[1] With current discount programs, consumers search for the best discount card price available and present the right card at the pharmacy.

We help make the process easier with MedsYourWay, now available at retail pharmacies. MedsYourWay gives your members the best drug prices available — without needing a discount card.

OPPORTUNITIES TO SAVE UP TO

96% COVERED MEDICATIONS
processed through MedsYourWay

80% NON-COVERED GENERICS
and over-the-counter products[2]

→ Program details

- No action is required for groups to offer this benefit.
- Members get their medicines at the lowest price available without the hassle of searching websites and apps for discounts.
- All covered purchases apply to members' deductible.
- Members can use MyPrime.com to see the lowest price between their covered benefit price or discount card price before arriving at the pharmacy.
- Discount pricing is accepted at most retail pharmacies.

→ Here's how it works

MedsYourWay – integrates discount drug card pricing to complement your plan benefit. It automatically compares several discount drug card prices to the plan benefit price behind the scenes. Members pay the lowest price between their benefit price and the discount card price. And their covered purchases count toward their deductible.

Member presents insurance card | **MedsYourWay identifies lowest out-of-pocket cost** | **Best price applied at pharmacy**

PRIME THERAPEUTICS®

FlexAccess®

Specialty Copay Solution

FlexAccess delivers a member-centric experience with greater savings opportunity and expanded pharmacy options.

The FlexAccess™ drug list includes over 490 drugs. These drugs represent over 91% of Specialty drug spend across our commercial book of business. It spans across 30 high-cost therapeutic classes (e.g., autoimmune, oral self-administered, oncology) and includes the top 20 drugs by utilization and spend. This drug list is updated regularly and is subject to change. Option to exclude Oncology and/or HIV as needed.

OPPORTUNITIES TO SAVE UP TO

$7 PMPM[2]

COPAYS AS LOW AS $0

→ Program details

- Member copays of $0-$35, which count toward accumulators[1]
- More specialty and retail pharmacy options - provides more flexibility and lower costs
- Promotes an easy member enrollment with proactive outreach
- Automated savings opportunities – no coupon or separate card needed

→ How FlexAccess Works

It's completely automated, so members don't need to search or bring coupons to the pharmacy. FlexAccess unlocks access to more savings for members on medications that are not available at designated specialty pharmacies.

FlexAccess offers low copays and gives members access to more specialty and retail pharmacies helping you lower health care costs, increase access to medications and improve member experience.

1 **MORE PHARMACY OPTIONS** (specialty and retail)

+ 2 **LOW MEMBER COPAYS** ($0-$35)

= 3 **GREAT MEMBER EXPERIENCE**

HighTouchRx™

BlueCross BlueShield Nebraska

Using integrated medical and pharmacy data to identify individuals on high-cost medications where cost-effective interventions and therapies can be recommended.

HighTouchRx uses a dedicated team of data scientists and pharmacists that leverages end-to-end medical and pharmacy data, paired with advanced clinical rules and artificial intelligence, to identify non-optimized drug use. Here's how it works:

- Specialized pharmacists perform provider outreach to recommend drug therapy optimization
- Following pharmacist intervention, reporting is provided showing hard-dollar savings

CLINICAL RULES EXAMPLES:

- Outlier drug therapy regimen
- Duplicate therapy
- Vial optimization
- Self-administration
- Dispensing optimization
- Dosing surveillance
- Lower cost alternatives
- Brand to generic
- Drug regimen optimization

BENEFITS:

- ➔ Cost savings for both member and plan sponsor
- ➔ Seamless member experience as the work is done behind the scenes between the pharmacist and prescribing physician
- ➔ Regular reporting to provide a clear view into dollars saved

Amazon Pharmacy Home Delivery

Frequently Asked Questions

Where do I go to set up home delivery with Amazon Pharmacy?

To set up your Amazon Pharmacy account, visit Amazon.com/MYW. If you have any questions or issues, you can call 855-797-8857 to get help.

How do I create an Amazon Pharmacy account to get my medications delivered to my home?

Log into your Amazon account and select "Pharmacy" from the main menu bar. If you do not have an Amazon account, you must create that account first and then your Amazon Pharmacy account. Follow these steps:

- Provide consent for pulling medication history in from your plan – (Recommended).
- View the Medicine Cabinet information that was imported.
- You'll receive a welcome email which outlines next steps… it's that easy!

Easy sign-up

Provide consent for pulling in your medication history from your plan, which saves you time.

When I entered my member ID number, I received an error message.

When entering your member ID, please do not include the prefix (first three characters). Your member ID will start with the number "1" as shown at right.

What do I need to do if my prescription is not on file with Amazon Pharmacy?

In most cases, Amazon Pharmacy will contact your doctor to get the appropriate prescriptions. However, you may need to contact your doctor and ask them to send a 90-day prescription to Amazon Pharmacy located in Austin, Texas.

How much does shipping cost for prescriptions?

Amazon Prime members get free 2-day shipping. Members without Amazon Prime get free 5-day shipping.

Is my personal health information safe with Amazon Pharmacy?

Amazon Pharmacy adheres to HIPAA regulations, which govern how they may use and disclose your Protected Health Information ("PHI"), such as medication history, medical conditions, health insurance information, and other personal information they use to provide prescriptions. Amazon Pharmacy is committed to maintaining their customers' privacy. PHI is encrypted and protected by Amazon's extensive data security and privacy measures.

For more information, review Amazon Pharmacy's Notice of Privacy Practices.

Does Amazon Pharmacy sell customer data?

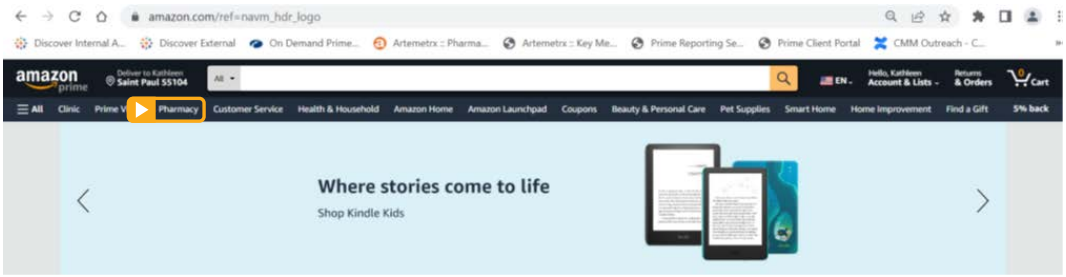
No, Amazon Pharmacy does not sell customer data. Protecting customers' privacy and the security of our customers' data has always been a top priority for Amazon.

How do members know that it's an Amazon Pharmacy representative calling and not a fraudulent call?

Most communications from Amazon Pharmacy will come from your preferred channel (e.g., text, or email), but if an Amazon Pharmacy agent does need to call you, they will introduce themselves as an Amazon Pharmacy representative and that they are calling on a recorded line. They will also use a one-time password code so they can verify your identity. The password code will be texted to the cell phone number on record for that member. If a customer is unsure that they are receiving a fraudulent call and have concerns, then they should hang up immediately and call Amazon Pharmacy directly.

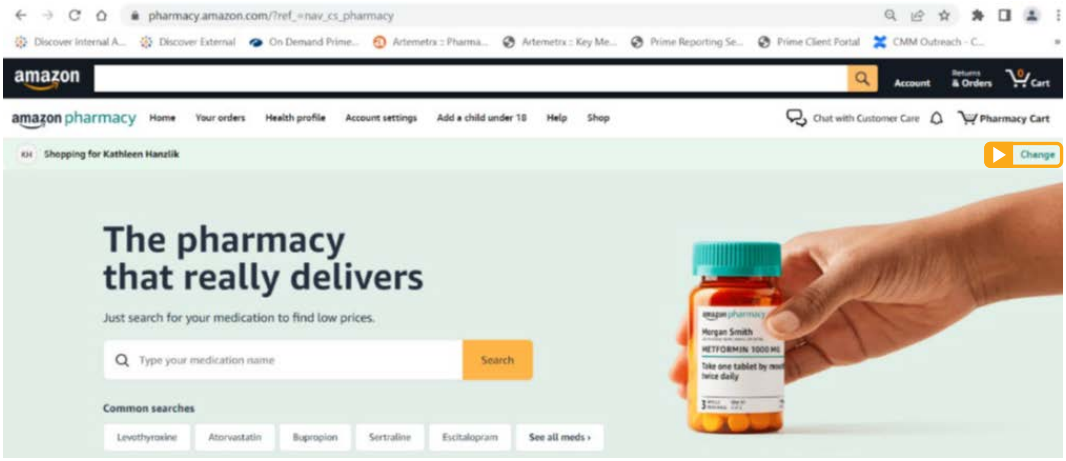
Here are a few reasons why an Amazon Pharmacy agent may need to call you:

- A call back was requested by the member
- A call was disconnected
- To provide updates on an issue/problem with the members account (typical to a traditional retail pharmacy calling a customer to advise on issues impacting their prescription)
- A clinical question or concern (e.g., question pertaining to an allergy/medical history, drug interaction, clinical consult, etc.)



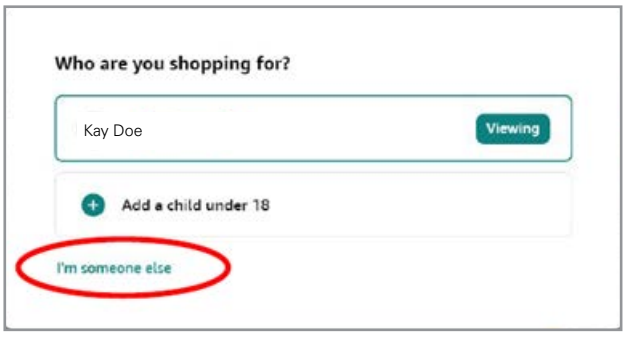
How do members report something suspicious?

Amazon takes fraud, scam, phishing and spoofing attempts seriously. If you receive a suspicious communication that you think may not be from Amazon Pharmacy, please report it immediately. To report suspicious communications including emails, calls or text messages, please select the appropriate link on this webpage and follow the instructions.

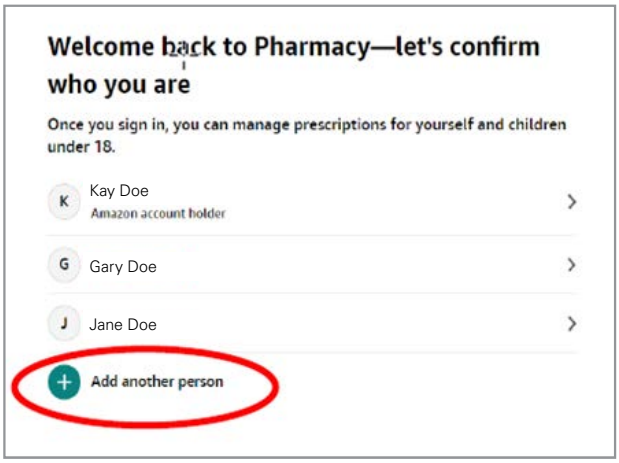


How do I create an Amazon Pharmacy account for my adult dependent child?

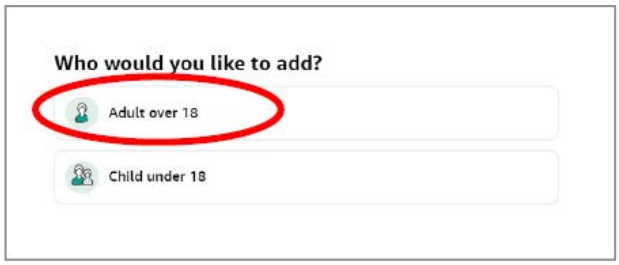
Step 1
User must be an Amazon.com account holder who also has set up an Amazon Pharmacy account



Step 2
Account holder signs in to their Amazon.com account and clicks on Pharmacy in the navigation bar

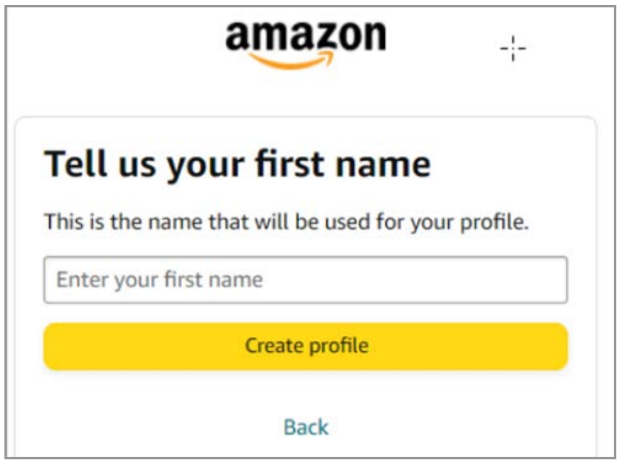


Step 3
Account holder lands on his or her Amazon Pharmacy account and clicks the "Change" link to add a new profile

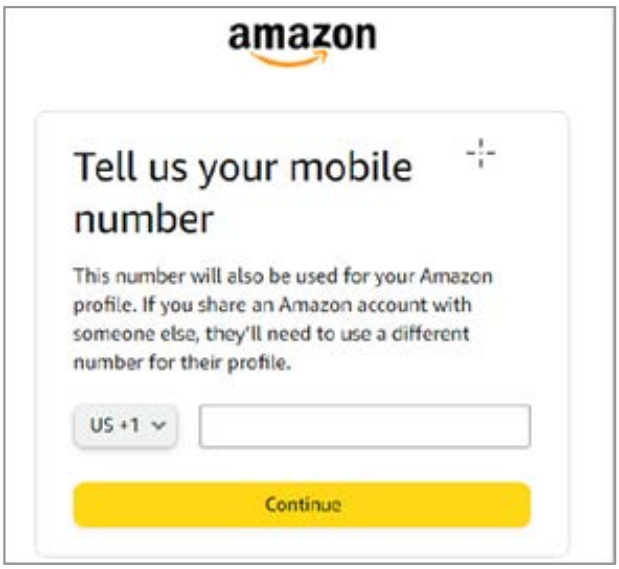


Step 4
Account holder sees "Who are you shopping for?" dialogue box and clicks "I'm someone else"

→ **Step 5**
Account holder sees "Welcome back to Pharmacy…" and clicks on "Add another person"



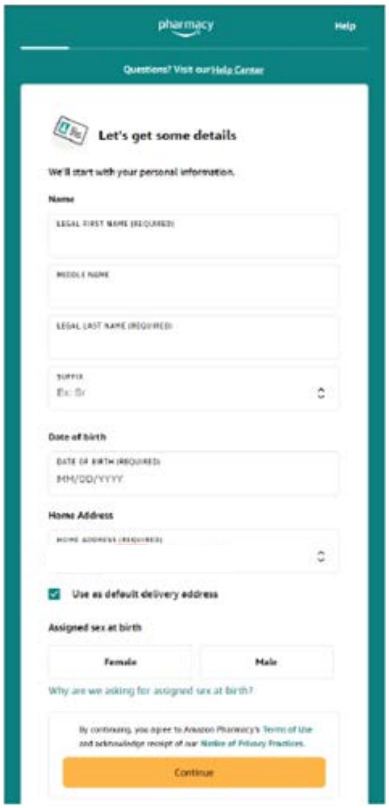
→ **Step 6**
Account holder sees "Who would you like to add?" and clicks "Adult over 18"



→ **Step 7**
Account holder sees "Tell us your first name," enters the new adult's first name and clicks "create profile"

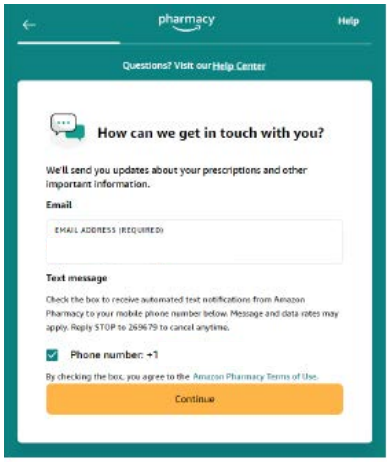
→ **Step 4**
Account holder sees "Who are you shopping for" dialogue box and clicks "I'm someone else"

→ **Step 8**
Account holder sees "Tell us your mobile number" and adds a phone number for the new adult profile/ member.

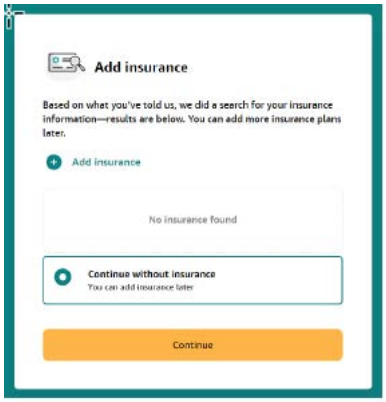


→ **Step 9**
Account holder chooses whether to create a security PIN for this new adult member profile

→ **Step 10**
If no PIN selected, account holder checks box to affirm no pin and then clicks "Continue"



→ **Step 11**
Account holder sees "Let's get some details" screen and fills out info for the new adult member. Clicks "Continue"



→ **Step 12**
Account holder sees "How can we get in touch with you?" If the account holder used the new adult's separate cell number, this screen will show up pre-populated with that phone number and any email address previously entered.

If the account holder used his or her own cell number, this screen will be pre-populated with the account holder's email address and phone number – so messages for this new adult member would be sent to the account holder. Clicks "Continue"

→ **Step 13**
If insurance ID does not auto populate, account holder clicks "Add insurance," manually enters in insurance card information. Clicks "Continue"

Amazon Pharmacy Home Delivery

Frequently Asked Questions

Where do I go to set up home delivery with Amazon Pharmacy?

To set up your Amazon Pharmacy account, visit Amazon.com/MYW. If you have any questions or issues, you can call 855-797-8857 to get help.

How do I create an Amazon Pharmacy account to get my medications delivered to my home?

Log into your Amazon account and select "Pharmacy" from the main menu bar. If you do not have an Amazon account, you must create that account first and then your Amazon Pharmacy account. Follow these steps:

- Provide consent for pulling medication history in from your plan – (Recommended).
- View the Medicine Cabinet information that was imported.
- You'll receive a welcome email which outlines next steps… it's that easy!

Easy sign-up

Provide consent for pulling in your medication history from your plan, which saves you time.

When I entered my member ID number, I received an error message.

When entering your member ID, please do not include the prefix (first three characters). Your member ID will start with the number "1" as shown at right.

What do I need to do if my prescription is not on file with Amazon Pharmacy?

In most cases, Amazon Pharmacy will contact your doctor to get the appropriate prescriptions. However, you may need to contact your doctor and ask them to send a 90-day prescription to Amazon Pharmacy located in Austin, Texas.

How much does shipping cost for prescriptions?

Amazon Prime members get free 2-day shipping. Members without Amazon Prime get free 5-day shipping.

Is my personal health information safe with Amazon Pharmacy?

Amazon Pharmacy adheres to HIPAA regulations, which govern how they may use and disclose your Protected Health Information ("PHI"), such as medication history, medical conditions, health insurance information, and other personal information they use to provide prescriptions. Amazon Pharmacy is committed to maintaining their customers' privacy. PHI is encrypted and protected by Amazon's extensive data security and privacy measures.

For more information, review Amazon Pharmacy's Notice of Privacy Practices.

Does Amazon Pharmacy sell customer data?

No, Amazon Pharmacy does not sell customer data. Protecting customers' privacy and the security of our customers' data has always been a top priority for Amazon.

Understanding your pharmacy benefits

Knowing how your benefits work with different types of prescription drugs can help you manage costs. We're here to help.

Go generic – same quality, lower cost!

Generic drugs cost an average of 80% less than brand-name drugs. Ask your doctor or pharmacist about less expensive generic or brand-name options.

Get your medications at the best price.

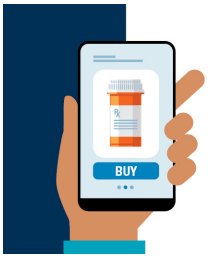
To get you the lowest price on your medications, our system searches across multiple discount card prices. All you need to do is show your member ID card to the participating pharmacy and we'll do the rest. No more searching for discount cards and coupons.

Receive your maintenance medications at your home.

Set up home delivery with Amazon Pharmacy for your maintenance or long-term medications. Home delivery brings the highest quality, safety and convenience to filling prescriptions.

Pharmacy tools and resources

Through your online member account, you can access your pharmacy benefits from the Home screen. Here you can find in-network pharmacies, compare prices and sign up for home delivery.



Scan the code or log onto **myNebraskaBlue.com** to learn more.

INTRODUCTION

This document is your Summary Plan Description (SPD).

This SPD has been written to help you understand your Group health Plan coverage. It describes the benefits, exclusions and limitations of your Plan in a general way, and is not, and should not be considered a contract.

Your Group health Plan is administered in accordance with the Administrative Services Agreement between the Group and Blue Cross and Blue Shield of Nebraska, Inc. (BCBSNE), an independent licensee of the Blue Cross and Blue Shield Association. The Administrative Services Agreement and official Plan documents control the coverage for your Group.

NOTE: BCBSNE provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims. BCBSNE liability may occur only under a stop loss provision, as set forth in a stop loss agreement with the Group.

Please share the information found in this SPD with your Eligible Dependents.

How To Use This Document

For your convenience, defined terms are capitalized throughout this document. For an explanation of a defined term, refer to the Section titled "Definitions."

Please take some time to read this document and become familiar with it. As you read this document, you will find that many sections are related to other sections of the document. You may not have all the information you need by reading just one section. We encourage you to review the benefits and limitations by reading the Benefit Summary page and the sections titled "Benefit Descriptions" and "Exclusions." **If you have a question about your coverage or a Claim, please contact BCBSNE Member Services Department.**

About Your I.D. Card

BCBSNE will issue you an identification card (I.D. card). Your I.D. number is a unique alpha numeric combination.

Present your I.D. to your health care provider when you receive Services. With your BCBSNE I.D. card, Hospitals and Physicians can identify your coverage and will usually submit Claims for you.

If you want extra cards for covered family members or need to replace a lost card, please contact BCBSNE Member Services Department, or you may access through the website, NebraskaBlue.com.

Schedule Of Benefits And Benefits Summary

Your Schedule of Benefits is a personalized document, sent by BCBSNE, that provides you with a basic description of your Plan coverage option. It also shows the membership option that applies to you.

A **Benefit Summary** is included in this SPD. It includes information concerning deductible and cost-sharing amounts, benefit limits, and other coverage details.

Your Rights And Responsibilities As A BCBSNE Member

You have the right to:

- be treated with respect and dignity;
- privacy of your personal health information that BCBSNE maintains, following state and federal laws;
- receive information about the benefits, limitations and exclusions of your health plan, including how to access the network of hospitals, physicians and other health care providers;
- work with your doctor and other health care professionals about decisions regarding your treatment;
- discuss all of your treatment options, regardless of cost or benefit coverage;
- make a complaint or file an appeal about your health plan, any care you receive or any benefit determination your health plan makes;
- make recommendations to BCBSNE about this rights and responsibilities policy; and
- give Us suggestions about how BCBSNE can better serve you and other members.

You have the responsibility to:

- read and be familiar with your health plan coverage information and what your plan covers and doesn't cover, or ask for help if you need it;
- understand how your choice of an In-network or Out-of-network Provider will impact what you pay out of your own pocket, if your plan has different In-network and Out-of-network benefits, or ask for help if you need it;
- give BCBSNE all the information needed to process your claims and provide you with the benefits you're entitled to under your plan;
- give all your health care providers the information they need to appropriately treat you; and
- advise your Group of any changes that affect you or your family, such as a birth, marriage/divorce or change of address.

About The Plan

This Group health Plan is a Preferred Provider Organization (PPO) health benefit plan. Claims administration is provided by Blue Cross and Blue Shield of Nebraska (BCBSNE).

Preferred Provider (PPO) networks have been established by BCBSNE through contracts with a panel of Hospitals, Physicians and other health care providers who have agreed to furnish medical Services to you and your family in a manner that will help manage health care costs. These providers are referred to as "In-network" or "Preferred Providers." The BCBSNE PPO provider network is identified on your I.D. card.

Blue Cross and Blue Shield Plans in other states (Host Blue) have also contracted with health care providers in their geographic areas, who are referred to as "Preferred Providers."

Use of the network is voluntary, and selection of a health care provider is always your choice. If you choose to use providers who do not participate in the BCBSNE or Host Blue network for non-emergency situations, you can expect to pay more than your applicable Deductible, Copayment and/or Coinsurance amounts. After this health plan pays its required portion of the bill, Out-of-network Providers may bill you for any amount not paid. This balance billing does not happen when you use In-network or Preferred Providers because these providers have agreed to accept a discounted payment for Services with no additional billing to you other than your applicable Deductible, Copayment and/or Coinsurance amounts. In-network Providers will also file Claims for you.

For help in locating In-network Providers, managing your personal health care benefits, as well as accessing various resources and tools, visit BCBSNE online at NebraskaBlue.com/Find-a-Doctor. You may also call BCBSNE Member Services using the toll-free number on your I.D. card or refer to the Important Telephone Numbers in the front of this book. If you would like a printed provider list, BCBSNE will furnish one without charge.

For help in locating a Preferred Provider in another Blue Cross and/or Blue Shield Service Area, including providers outside the U.S., you may call the special toll-free number of the Blue Cross and Blue Shield BlueCard Program (1-800-810-2583) for assistance.

Be Informed. Out-of-network Providers' charges may be higher than the benefit amount allowed by this health plan. You may contact BCBSNE Member Services Department concerning allowable benefit amounts in Nebraska for specific procedures. Your request must specify the Service or procedure, including any Service or procedure code(s) or diagnosis-related group, and the provider's estimated charge.

Ancillary Services

For certain Durable Medical Equipment, Independent Clinical Labs, and Specialty Pharmacy Services, the Doctor Finder a NebraskaBlue.com/Find-A-Doctor, may show you providers outside of the state in which you live, these providers could be considered Out-of-network for these Services.

When you need Durable or Home Medical Equipment or supplies, it is important to use a supplier that is In-network in the state where you will receive the item. If you need it shipped to you from a different state, please contact the Member Services Department to confirm the supplier's network status.

During the course of treatment you may have samples, substances or tests that are sent to an Independent Clinical Lab for analysis. These labs are not operated, controlled or funded by a doctor's office or hospital. To have these Services covered with the least amount of Out-of-pocket costs, ask your doctor to use an In-state and In-network laboratory. If your lab work will be sent to a lab in a different state than the ordering Physician, Please contact the Member Services Department to find out if the lab is In-network.

Certain serious or chronic medical conditions may require prescription drugs that are only available through Specialty Pharmacies. Physicians ordering Prescription Drugs through a Specialty Pharmacy will need to use a Speciality Pharmacy that is In-network in the state your physician is located. To verify, please contact the Member Services Department.

These Services may also require Preauthorization. Please see the section titled "Preauthorization Requirements" for additional information or visit NebraskaBlue.com/PreAuth.

How The Network Works

Using In-network Providers:

- present I.D. card and pay Copayment (when applicable);
- receive highest level of benefits;
- provider files Claims for you;
- provider accepts insurance payment as payment in full (except Deductible, Copayment and/or Coinsurance amounts); and
- no balance billing.

Using Out-of-network Providers:

- you may be required to pay full cost at time of service;
- you may be reimbursed at a lower benefit level;
- you may have to file Claims; and
- you may be responsible for amounts that exceed the Allowable Charge.

Remember, if more than one Physician is involved in your care, it is important for you to check the status of each provider.

Exception

Emergency Services and post-stabilization Services provided at an Out-of-network health care facility, limited to a hospital emergency department, general acute hospital, satellite emergency department, or Ambulatory Surgical Facility, or by an ancillary individual Out-of-network health care professional or air ambulance provider, will be considered as having been provided by an In-network Provider, and the Covered Person will not be responsible for amounts over the Allowable Charge, as required by law. Benefits for Inpatient care will continue to be paid subject to the In-network cost-sharing level, as long as the Services are for an Emergency Medical Condition.

For non-emergency Services, if a Covered Person receives Services at an In-network health care facility but the Physician or other provider is Out-of-network, benefits for those Covered Services will be subject to the In-network Deductible, Coinsurance, and/or Copayment. Providers may not bill the Covered Person for charges over the Allowable Charge payable under this Plan, unless otherwise allowed by law.

If a Covered Person receives a bill from an Out-of-network Provider, and the Covered Person did not provide consent to the Out-of-network Provider to receive such Services, the Covered Person should send the bill to the Member Services Department for further review by either sending a secure e-mail through myNebraskaBlue.com or by mail at the following address:

Blue Cross and Blue Shield of Nebraska
P.O. Box 3248
Omaha, NE 68180

Out-Of-Area Services

BCBSNE has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. These relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever you access health care services outside the geographic area BCBSNE serves, the claim for those services may be processed through one of these Inter-Plan Arrangements.

When you access care outside BCBSNE's service area, you will receive it from one of two kinds of providers. Most providers ("participating providers") contract with the local Blue Cross and Blue Shield Licensee in that geographic area ("Host Blue"). Some providers ("non-participating providers") don't contract with the Host Blue. We explain below how we pay both kinds of providers.

Inter-Plan Arrangements Eligibility - Claim Types — All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for dental care benefits (except when paid as medical benefits), and any prescription drug programs or vision care benefits that may be administered by a third party contracted by BCBSNE to provide the specific services or services.

BlueCard® Program

Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, BCBSNE will remain responsible for doing what we agreed to in our agreement with the Group. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating providers.

When you receive Covered Services outside BCBSNE's service area and the claim is processed through the BlueCard Program, the amount you pay for Covered Services is calculated based on the lower of:

- the billed charges for your Covered Services, or
- the negotiated price that the Host Blue makes available to BCBSNE.

Often, this "negotiated price" will consist of a simple discount which reflects an actual price that the Host Blue pays to your health care provider. Sometimes, it is an estimated price that takes into account special arrangements with your health care provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of health care providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price BCBSNE used for your claim because they will not be applied after a claim has already been paid.

Negotiated (non-BlueCard® Program) National Account Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, BCBSNE may process your claims for Covered Services through Negotiated Arrangements for National Accounts.

The amount you pay for Covered Services under this arrangement will be calculated based on the lower of either billed covered charges for Covered Services or the negotiated price (refer to the description of negotiated price under BlueCard® Program) made available to BCBSNE by the Host Blue.

If reference-based benefits, which are service-specific benefit dollar limits for specific procedures, based on a Host Blue's local market rates, are made available to you, you will be responsible for the amount that the health care provider bills above the specific reference benefit limit for the given procedure. For a participating provider, that amount will be the difference between the negotiated price and the reference benefit limit. For a non--participating provider, that amount will be the difference between the provider's billed charge and the reference benefit limit. Where a reference benefit limit is greater than either a negotiated price or a provider's billed charge, you will incur no liability, other than related patient cost-sharing under the Plan.

Special Cases – Total Care

- BlueCard Program: If you receive Covered Services under a Total Care value-based program inside a Host Blue's service area, you will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement except when a Host Blue passes these fees to BCBSNE through average pricing or fee schedule adjustments.
- Negotiated (non-BlueCard Program) Arrangements: If BCBSNE has entered into a Negotiated Arrangement with a Host Blue to provide Total Care to your Group on your behalf, BCBSNE will follow the same procedures for Total Care administration and Care Coordinator Fees noted above for the BlueCard Program.

Inter-Plan Programs – Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee that applies to insured accounts. If applicable, BCBSNE will include any such surcharge, tax or fee as part of the claim charge passed on to you.

Non-Participating Healthcare Providers Outside Our Service Area

Subscriber Liability Calculation — When Covered Services are provided outside of BCBSNE's service area by nonparticipating healthcare providers, the amount you pay for such Services will normally be based on either the Host Blue's nonparticipating healthcare provider local payment or the pricing arrangements required by applicable state law. In these situations, you may be liable for the difference between the amount that the nonparticipating provider bills and the payment BCBSNE will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network emergency services.

If you need Emergency Services, BCBSNE will cover you at the highest level that federal regulations allow. You will have to pay any Deductibles, Coinsurance, Copayments, charges for Noncovered Services, and any excess charge over the amount payable under the Contract, unless prohibited by law.

Exceptions — In certain situations, BCBSNE may use other payment bases, such as billed covered charges for Covered Services, the payment BCBSNE would make if the healthcare Services had been obtained within BCBSNE's service area, or a special negotiated payment, to determine the amount BCBSNE will pay for Services provided by nonparticipating providers. In these situations, you may be liable for the difference between the amount that the nonparticipating provider bills and the payment BCBSNE will make for the Covered Services set forth in this paragraph.

Blue Cross Blue Shield Global® Core

If you are outside the United States, (hereinafter "BlueCard service area"), you may be able to take advantage of Blue Cross Blue Shield Global Core when accessing Covered Services. Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although the Blue Cross Blue Shield Global Core assists you with accessing a network of inpatient, outpatient and professional providers, the network is not served by Host Blue. As such, when you receive care from providers outside the BlueCard service area, you will typically have to pay the providers and submit the claims yourself to obtain reimbursement for these services. If you need medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, you should call the Blue Cross Blue Shield Global Core Service Center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

- Inpatient Services: In most cases, if you contact the Blue Cross Blue Shield Global Core Service Center for assistance, hospitals will not require you to pay for covered inpatient services, except for your cost-share amounts. In such cases, the hospital will submit your claim to the Service Center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for Covered Services. You must contact BCBSNE to obtain Preauthorization for non-emergency inpatient services.

- Outpatient Services: Physicians, urgent care centers and other outpatient providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for Covered Services.
- Submitting a Blue Cross Blue Shield Global Core Claim: When you pay for Covered Services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a Blue Cross Blue Shield Global Core claim form and send the claim form with the provider's itemized bill(s) to the Service Center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your claim. The claim form is available from BCBSNE, the Service Center or online at www.bcbsglobalcore.com. If you need assistance with your claim submission, you should call the Service Center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week.

How The Plan Components Work

Your Deductible, Copayment, Coinsurance (cost-sharing) and Out-of-pocket Limit for In-network and Out-of-network Providers are shown on the Benefit Summary. Following is an explanation of each of those components.

Allowable Charge — An amount BCBSNE uses to calculate the payment of Covered Services. This amount will be based on either the Contracted Amount for In-network Providers or the Out-of-network Allowance for Out-of-network Providers.

Coinsurance — This is the percentage you must pay for Covered Services, after the Deductible is applied.

Copayment (Copay) — A fixed dollar amount payable by the Covered Person for a Covered Service. Multiple Copayments may apply to one claim, depending on the Services submitted on the Claim.

Deductible* — You are responsible for your expenses until you reach the Plan's Deductible. After the Deductible is met, benefits for the rest of that Benefit Year will not be subject to any further Deductible. Copayments do not apply to the Deductible. In-network and Out-of-network Deductibles do not cross accumulate unless otherwise indicated on the Schedule of Benefits Summary. Charges paid for prescription drugs with a pharmaceutical discount or drug copay card may not accumulate to the Deductible.

Out-of-pocket Limit* — This Limit is the maximum amount of cost-sharing each Covered Person or Membership Unit must pay in a Benefit Year. In-network and Out-of-network Out-of-pocket Limits do not cross accumulate unless otherwise indicated on the Schedule of Benefits Summary.

Certain kinds of charges do not count toward your Out-of-pocket Limit. For example:

- charges in excess of the Allowable Charge;
- charges for Noncovered Services;
- penalty amounts for failure to comply with Preauthorization requirements;
- penalty amounts under the Prescription Drug Program;
- cost-sharing amounts for prescription drugs paid by the Covered Person with a pharmaceutical discount or copay card may not apply.

**If you have a family or multiple party membership, your plan may have either an Aggregate or an Embedded Deductible and/or Out-of-pocket Limit. The Benefit Summary will indicate whether your plan has an Aggregate or an Embedded amount. See "Definitions" in the back of this book for a description of these terms.*

If you have a Health Savings Account (HSA) eligible high Deductible health Plan, the Deductible and Out-of-pocket limit may be adjusted annually. All Copays and Coinsurance amounts will apply after the Deductible is met.

Utilization Review — Benefits are available for **Medically Necessary and Scientifically Validated Services.** Services provided by all health care providers are subject to utilization review by BCBSNE. Services will not automatically be considered Medically Necessary because they have been ordered or provided by a Physician. BCBSNE will determine whether Services provided are Medically Necessary or Scientifically Validated under the terms of the plan, and if benefits are available.

Preauthorization Requirements — Preauthorization is required for all Inpatient Hospital admissions, as well as certain surgical procedures, and specialized Services and supplies. In-network Hospitals will notify BCBSNE of an Inpatient admission. However, when you are admitted as an Inpatient to an Out-of-network Hospital, or to a Hospital outside the state of Nebraska, it is your responsibility to see that BCBSNE is notified of your admission. For more information, please refer to the section of this book titled "Preauthorization Requirements."

Expansion of Benefits —The scope of benefits may be expanded on a concurrent/prospective basis as determined by BCBSNE, to include payment for specific Services which would not ordinarily be included as Covered Services. It must appear that the use of such Services will: 1) equal or reduce costs; 2) improve the quality of medical care; and 3) be medically more appropriate than an alternate Covered Service. BCBSNE will advise the Covered Person and the provider in writing to what extent payment will be allowed for such Services. Any such expansion of the scope of benefits does not constitute an amendment to the Plan, or provide a continuing right to receive such Services.

Continuity of Care — In the event a Covered Person is receiving an active course of treatment for certain types of care from an In-network Provider on the date that Our contracting agreement with that provider is terminated, the provider will continue to render Covered Services to the Covered Person, and the contracting agreement shall continue to apply to those Covered Services after the termination takes effect, for up to 90 days or until the Covered Person is no longer a continuing care patient. The types of care that qualify and the length of time that the contracting agreement shall continue to apply are stated in the BCBSNE Provider Policies and Procedures Manual. The terms of the Provider Policies and Procedures Manual may be updated by BCBSNE from time to time.

Preauthorization Process

Preauthorization procedures are intended to determine if health care services or supplies are appropriate under the terms of the Plan.

BCBSNE requires that all Hospital stays, certain surgical procedures, and specialized Services and supplies be Preauthorized prior to receipt of such Services or supplies. It is your responsibility to see that Preauthorization occurs; however, a Hospital or Provider may initiate the Preauthorization.

Under all circumstances, the Covered Person and his or her provider bear the ultimate responsibility for the medical decisions regarding treatment. BCBSNE is not responsible for treatment or diagnosis of a Covered Person, regardless of any case preauthorization, review or management.

When BCBSNE receives a request for Preauthorization, the appropriateness of the setting and the level of medical care as well as the timing and duration of the admission is assessed by BCBSNE (or by persons designated by BCBSNE).

To initiate the Preauthorization process, BCBSNE must be contacted by you, your family member, the Physician, the Hospital or someone acting on behalf of you or your family member. Notification of the intended receipt of Services may be made by telephone or in writing. We may require that the Preauthorization include written documentation from the attending Physician, dentist or other medical provider demonstrating the Medical Necessity of the procedure or Service and the location where the Service will be provided.

In the case of an ongoing Inpatient admission, the care should continue to be Preauthorized in order to assure that it is being provided in the most appropriate setting.

Please remember that Preauthorization does not guarantee payment. All other Group health Plan provisions apply. For example: Copayments, Deductibles, Coinsurance, eligibility and exclusions.

Benefits Requiring Preauthorization

The following Services, supplies or drugs must be Preauthorized:

- Advanced Diagnostic Imaging;
- Durable Medical Equipment (DME) - subsequent purchases of DME or DME identified on the Preauthorization list;
- Genetic Testing;
- Hospice Care;
- Inpatient Hospital admissions;
- Inpatient Physical Rehabilitation;
- Long Term Acute Care at an Inpatient Facility after receiving treatment in the Hospital;
- organ and tissue transplants;
- prescription drugs (certain drugs as defined by BCBSNE);
- Skilled Nursing Care in the home;
- Skilled nursing facility care;
- Services subject to surgical, laboratory, radiology or other Preauthorization programs, as defined by BCBSNE; and
- other Services as may be specifically stated elsewhere in this booklet.

A list of Services subject to Preauthorization may be obtained at NebraskaBlue.com/PreAuth. Preauthorization requirements are subject to change.

Preauthorization Exceptions

Maternity

Federal law provides for a length of stay of up to 48 hours following a normal vaginal delivery and 96 hours following a cesarean section unless otherwise agreed to by the Covered Person and her Physician. Preauthorization is not required for an initial maternity admission. However, Preauthorization is required if the hospitalization extends beyond these times.

Emergencies

BCBSNE must be notified of an admission for an Emergency Medical Condition within 24 hours of the admission or the next business day. If Preauthorization is not received, the 24-hour period prior to the time of admission and the 24-hour period after such admission will be reviewed to determine if the Covered Person's condition and treatment would have hindered his or her ability to provide notice.

NOTE: Admission through the emergency room does not necessarily constitute an emergency admission.

Effect On Benefits

Failure to comply with the Preauthorization requirements may result in a penalty or denial of benefits and unanticipated costs associated with the incurred expenses.

Certain surgical, radiology or other Preauthorization programs require that benefit approval be obtained prior to the Service being provided, with failure to do so resulting in a denial of benefits for the Service.

If Services are not properly Preauthorized and benefits are reduced or denied, you are responsible for paying any amount due. However if the Hospital, Inpatient facility or Physician is an In-network Provider with BCBSNE, they are liable for their Services which are determined by BCBSNE to be not Medically Necessary (or for denial due to failure to Preauthorize if required), unless you have agreed in writing to be responsible for such Services, or the provider has documented in the medical record that you were notified of the Preauthorization determination. Any reductions in benefits are not considered when computing your Deductible or your Out-of-pocket Limit.

Out-of-Network or Out-of-State Providers

Covered Persons are responsible to obtain Preauthorization for all Services requiring Preauthorization received for an Out-of-network Provider or provider located outside the State of Nebraska. The responsibility for charges denied for failure to obtain Preauthorization rests with the Covered Person, unless the provider if located in Nebraska and is a Contracting Provider with BCBSNE.

Benefits are not payable for Services determined to be not Medically Necessary.

BENEFIT DESCRIPTIONS

This section provides a general overview of Covered Services. Benefits are payable subject to cost-sharing and all terms, conditions, exclusions and limitations of the Plan.

What's Covered

The following list includes examples of the Services that are covered when Medically Necessary care is provided by an Approved Provider. Additional information on many of these Services is found on the pages following this list:

- *Advanced Diagnostic Imaging;*
- *allergy testing, serum and injections;*
- *ambulance Services* (see Additional Information in this section);
- *anesthesia* (see Additional Information in this section);
- *assistant surgeon* Services for surgical procedures specifically identified by BCBSNE;
- *biofeedback;*
- *blood, blood plasma, blood derivatives or blood fractionates, including administration and processing,* unless donated and for which there is not a charge;
- *breast prostheses,* custom prostheses are limited to one per side every two years, and fiber or foam-filled prostheses are limited to one per side every six months (two standard or prefabricated per year);
- *cardiac rehabilitation* when in an accredited program and approved by BCBSNE;
- *chemotherapy*;
- *chiropractic care* (subject to scope of practice regulations)*;*
- *circumcision;*
- *clinical trials,* for approved individuals, as described in the ACA, including routine patient costs in connection with the clinical trial, consistent with Plan benefits;
- *cochlear implants,* which includes the pre-implant evaluation, implant system, surgery and post-surgical fitting;
- *colorectal cancer screening and related Services;*
- *contraceptive supplies and Services* (unless otherwise covered under the Rx Nebraska Prescription Drug Program and/or not covered under the medical plan);
- *dialysis;*
- *diabetic education* when provided by a Certified Diabetes Educator or Licensed Medical Nutrition Therapist, including self-management training and patient management;
- *diabetic supplies* (which are Covered Services under the Plan, but are not covered under the Rx Nebraska Prescription Drug Program);
- *Durable Medical Equipment (DME) rental or initial purchase* (whichever costs less), when prescribed by a Physician and determined by BCBSNE to be Medically Necessary (see Additional Information in this section);
- *Emergency Services;*
- *eyeglasses or contact lenses* when ordered by a Physician because of a change in prescription as a direct result of a covered intraocular surgery or ocular injury (must be within 12 months of the surgery or injury);
- *home health aide Services* (see Additional Information in this section);
- *home infusion therapy;*
- *Hospice Services* when Preauthorized by BCBSNE (see Additional Information in this section);
- *Hospital Services* such as nursing care, drugs, medicines, therapies, x-rays (radiology) and laboratory (pathology) tests;
- *immunizations;*
- *Inpatient Physician care;*
- *Inpatient Physical Rehabilitation* (see Additional Information in this section);
- *insulin pumps and other equipment for treatment of diabetes* (unless otherwise covered under the Prescription Drug Program);
- *mammography;*
- *manipulative treatment or adjustments;*
- *mastectomy bras* (limited to four per year)*;*
- *maternity care* (see Additional Information in this section);

- *Mental Health care on an Inpatient, Outpatient and Emergency Service basis* (see Additional Information in this section);
- *newborn care* (see Additional Information in this section);
- *nursing Services* in the home which require the skill, proficiency and training of a registered nurse (RN) or a licensed practical nurse (LPN) (see Additional Information in this section);
- *occupational therapy;*
- *oral surgery, dental treatment and TMJ Services* (see Additional Information in this section);
- *orthotics* for preventing complications associated with diabetes;
- *osteopathic care;*
- *ostomy supplies;*
- *Outpatient (ambulatory) surgery;*
- *Outpatient x-ray, radiology, laboratory and pathology charges;*
- *oxygen;*
- *pacemakers;*
- *pap smears;*
- *physical therapy;*
- *Physician visits;*
- *podiatric appliances necessary for the prevention of complications associated with diabetes;*
- *Preventive care* (see Preventive Care included in this section for additional information);
- *prosthetic devices;*
- *pulmonary rehabilitation* when in an accredited program and approved by BCBSNE;
- *radiation therapy;*
- *renal dialysis,* including charges for covered home dialysis equipment and covered disposable supplies, and dialysis training or counseling;
- *respiratory care;*
- *room and board,* including cardiac care and intensive care room for an Inpatient stay;
- *short term storage and retrieval* of cord blood for transplants and maternity and delivery care;
- *skilled nursing facility care;*
- *sleep studies;*
- *speech therapy;*
- *Substance Use Disorder treatment;*
- *surgical care* (the Allowable Charge includes preoperative and postoperative care, and may include reductions for procedures involving multiple Physicians or multiple or bilateral surgical procedures);
- *surgical dressings;*
- *telehealth Services;*
- *transplants* (see Additional Information in this section); and
- *Urgent Care Facility Services*.

COVERED SERVICES - ADDITIONAL INFORMATION

Ambulance Services

Benefits are available for ambulance Services provided to a Covered Person for:

- transportation to the nearest facility for appropriate care for an Emergency Medical Condition;
- transportation from a facility where emergent care was obtained or from an Inpatient acute care facility to the nearest facility where appropriate care can be provided, whether it is a lesser or greater level of specific care. Benefits are also available for transporting the Covered Person who is bedridden, to a facility for treatment or to his or her place of residence subject to preauthorization and Medical Necessity;
- transporting a respirator-dependent person; and
- transportation to and from the nearest appropriate facility for testing and/or procedures that are not available at the present facility.

Benefits are not available if solely for the convenience of the patient, family or provider, or if a less intensive level of transportation is more appropriate.

Anesthesia Services

Benefits are payable for anesthesia Services by a Physician or Certified nurse anesthetist. The amount payable for the anesthesia will include the usual preoperative and postoperative visits and the necessary management of the patient, during and after the administration. Payment will not be made for supervision of the administration. Benefits are not available for local infiltration or the administration of anesthesia by the attending or assisting surgeon (except spinal, saddle or caudal blocks for Pregnancy, or general anesthesia for covered oral surgery and dental procedures).

Drugs Administered In An Outpatient Setting

Certain prescription drugs administered in an Outpatient setting (such as home, Physician office or other Outpatient setting, except a Hospital emergency room), are only payable under the Prescription Drug Program. A list of the Prescription Drugs is available on the BCBSNE website NebraskaBlue.com/Pharmacy (See Drugs Administered in an Outpatient Setting List) or by contacting the Member Services Department. This limitation does not apply to prescription medications administered for an Emergency Medical Condition.

Durable Medical Equipment (DME)

Benefits are available for rental or initial purchase (whichever costs less) for covered DME when prescribed by a Physician. Benefits for rental of DME shall not exceed the cost of purchase unless otherwise approved by BCBSNE.

Benefits will be available for subsequent purchases of covered DME when:

- there is a significant change in the Covered Person's condition;
- the Covered Person grows;
- the item cannot be repaired and/or the cost of repairs exceeds the expense of purchasing a second piece of equipment;
- the item is five or more years old (equipment may be replaced earlier if Preauthorized by BCBSNE);
- or as otherwise determined by BCBSNE to be reasonable and necessary.

In addition, reimbursement will only be made to a DME or medical supply company for Medically Necessary repair, adjustment and maintenance of purchased DME, as determined appropriate by BCBSNE. Benefits are not available for DME which is rented or purchased from, or used while confined to a Hospital, skilled nursing facility, intermediate care facility, a nursing home or other Licensed residential facility if such equipment is usually supplied by the facility.

NOTE: Oxygen and equipment for its administration, respiratory therapy, ventilation equipment, apnea monitors and continuous positive airway pressure devices (CPAP) may be subject to review of rental versus purchase by BCBSNE.

Home Health Care Services and Hospice Services

Benefits are available subject to the benefit limits outlined in the Benefit Summary for Medically Necessary home health aide, respiratory care, and Skilled Nursing Care provided in the home to a Covered Person.

Home Health Aide

Benefits are available for Physician ordered home health aide Services provided in the home by a licensed or Medicare-Certified home health agency. Covered Services include personal care Services such as:

- bathing;
- feeding; and
- household cleaning duties.

Benefits are only available for home health aide Services when they are related to active and specific medical, surgical or psychiatric treatment of the Covered Person which requires the skills of a registered nurse.

Respiratory Care
Respiratory care Services must be ordered by a Physician, be performed in the home, and must relate to active and specific medical or surgical treatment which requires the skill of a registered nurse or respiratory therapist. These Services include, but are not limited to: airway maintenance, chest physiotherapy, delivery of medications, oxygen therapy, obtaining laboratory samples and pulmonary function testing. Services must be provided by a Licensed or Medicare-Certified home health agency.

Skilled Nursing Care
Nursing care must be Physician ordered and the patient must need care which requires the skill, proficiency and training of a registered nurse (RN) or a Licensed practical nurse (LPN). **Skilled Nursing Care must be Preauthorized.**

Benefits will not be provided for:
- nursing care in excess of any benefit limit;
- nursing care which is primarily for the convenience of the patient or the patient's family;
- time spent bathing, feeding, transporting, exercising or moving the patient, giving oral medication or acting as a companion, sitter, or homemaker;
- care provided by a nurse who is an immediate relative by blood, marriage or adoption, or a member of the Covered Person's household; and
- care provided in a Hospital, a skilled nursing facility, intermediate care facility, or a sub-acute care or rehabilitation facility.

Hospice Services
Hospice is a program of care provided for a person diagnosed as terminally ill and his/her family. The Covered Person must have a life expectancy of six months or less and Services must be ordered by a Physician, and be appropriate for palliative support or management of a terminal illness. **Hospice Services must be Preauthorized.**

Benefits are available for the following Covered Services provided by a Medicare-certified Hospice:
- Hospice nursing Services provided in the home;
- Inpatient Hospice care;
- respite care, which is short-term Inpatient care necessary in order to give temporary relief to the person who regularly assists with the care at home. Respite care may be provided in the Hospice's designated Inpatient unit that is affiliated with the Hospice providing Services to the Covered Person, which may be a Skilled Nursing Facility or a Hospital;
- medical social Services, provided by a medical social worker employed by the Hospice, which are directly related to the Covered Person's medical condition;
- crisis care, which is extended Skilled Nursing Care for up to 24 hours per day in lieu of a Medically Necessary Inpatient hospitalization; and
- bereavement counseling for a covered family member of the deceased Covered Person who was the recipient of Hospice Services. The counseling Services must be provided within six months of the death.

Hospital And Facility Services
Inpatient and Long Term Acute Care
Benefits are available for Inpatient Covered Services such as room and board, treatment rooms, diagnostic Services, drugs, medicines and other ancillary Services provided by the Hospital.

If an intensive care, cardiac care or similar type room is used during a 24-hour period, only one room charge will be payable, and benefits will be based on the most intensive care provided during that period.

NOTE: If benefits are denied for Hospital room and board, all other Inpatient Services are denied.

Skilled Nursing Facility Care
Benefits are available subject to Medically Necessary criteria, and to any limit stated in the Benefit Summary. After the exhaustion of the stated limit, all Services provided in the skilled nursing facility will be denied. The care must be provided in a Licensed or Medicare-certified skilled nursing facility or in a part of Hospital with designated skilled nursing or swing beds, licensed to provide room, board, 24-hour-a-day Skilled Nursing Care and other related non-Custodial Services. The care must be ordered by a Physician and the patient must be receiving Skilled Nursing Care. **Skilled nursing facility care must be Preauthorized.**

Skilled nursing facility care does not include:
- supportive Services for a stabilized condition;
- care which can be learned and given by unlicensed or uncertified medical personnel;
- routine health care Services;
- general maintenance or supervision of routine daily activities; and
- routine administration of oral or prescription drugs.

Inpatient Physical Rehabilitation
Benefits are available for Covered Hospital and Physician Services for Inpatient care when provided as part of a Physical Rehabilitation admission. In addition, Covered Services will include the following when part of the rehabilitation admission:
- recreational therapy;
- social service counseling;
- prosthetic devices and fitting; and
- psychological testing.

The facility must be accredited for Comprehensive Inpatient Rehabilitation by the Commission on the Accreditation of Rehabilitation Facilities (CARF), or the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), or appropriately Preauthorized by BCBSNE.

Outpatient Hospital Or Facility Services
Benefits are available for Covered Outpatient Services provided by a Hospital, Ambulatory Surgical Facility, Urgent Care Facility or other Outpatient facility. An observation stay is considered an Outpatient Service.

Certain prescription drugs administered in an Outpatient setting, other than a Hospital emergency room, are payable only under the Prescription Drug Program, as determined by BCBSNE. A list of these drugs is available on the BCBSNE website NebraskaBlue.com/Pharmacy or by contacting the Member Services Department.

Emergency Rooms Are Expensive. Hospital emergency rooms are very expensive because they are specifically staffed and equipped to handle accidents, injuries and other emergencies. Using them for preventive care (or as a substitute for the family physician) can cost you time and money.

Emergency Room Service
When you receive care in the emergency room, benefits will be provided subject to the applicable Copay, Deductible and/or Coinsurance shown on the Benefit Summary. If you receive care at an Out-of-network Hospital emergency room or by an Out-of-network Provider, benefits for Covered Services may be provided at the In-network benefit level. You will still be responsible for amounts in excess of the Allowable Charge when you receive Services from an Out-of-network Provider.

If Emergency Service results in a Covered Person being admitted to the Hospital, BCBSNE must be notified of the admission in accordance with the Preauthorization requirements for emergencies. (Please refer to "Preauthorization Requirements.")

If a Copayment is applicable to the Emergency Room facility charge, it will be waived if the patient is admitted within 24 hours for the same diagnosis.

Cardiac and Pulmonary Rehabilitation Services — Outpatient
Cardiac or Pulmonary Rehabilitation is defined as the use of various modalities of treatment to improve cardiac or pulmonary function as well as tissue perfusion and oxygenation through which selected patients are restored to and maintained at either a pre-illness level of activity or a new and appropriate level of adjustment.

- **Covered Outpatient Cardiac or Pulmonary Rehabilitation.** The following Services are also covered when provided as part of an Outpatient rehabilitation program:
  - initial rehabilitation evaluation;
  - exercise sessions;
  - concurrent monitoring during the exercise session for high risk patients; and
  - Physician Services which are otherwise defined as Covered Services.
- **Cardiac Rehabilitation Criteria.** Benefits are available at any therapeutic level, up to 18 sessions per diagnosis or condition.
- **Pulmonary Rehabilitation Criteria.** Benefits are available for Services provided prior to and following a lung transplant, heart-lung transplant, lung volume reduction surgery and for severe chronic lung disease patients, as reviewed and determined by BCBSNE. Pulmonary rehabilitation Services must be under the continuing supervision of a Physician and in a Hospital environment.
- **Pulmonary Rehabilitation Limits.** Unless otherwise shown on the Benefit Summary, the following limits apply:
  - chronic lung disease patients are limited to 18 sessions (including follow-up home sessions) initially and after significant changes in clinical status. No more than 18 sessions will be covered in a calendar year;
  - lung transplant, heart-lung transplant and lung volume reduction surgery patients are limited to 18 sessions following referral and prior to surgery plus 18 sessions within six months of discharge from the hospital following surgery.

Maternity And Newborn Care

Maternity Care
Maternity benefits are available to you, a covered spouse, or an Eligible Dependent daughter unless otherwise indicated. You may contact the BCBSNE Member Services Department for verification of maternity benefits.

Benefits for covered Hospital, surgical and medical care related to Pregnancy includes all related Services for prenatal care, postnatal care, delivery, and complications of Pregnancy or interruptions of Pregnancy. Charges for pre-natal, post-natal and delivery Services are payable as a total (global) charge, per American Medical Association Current Procedural Terminology (CPT) terms, codes and related guidance. Charges for additional Services outside the total (global) maternity charge, such as radiology, pathology and other diagnostic Services are payable as for any other Service.

Benefits are also available for obstetrical care provided by and within the scope of practice of a certified nurse midwife.

Postpartum depression, psychosis or any other Mental Health diagnosis are not considered complications of Pregnancy. Benefits for these conditions are provided in the same manner as all other Mental Health Services.

Newborn Care
Benefits are available at birth for Covered Services for an eligible newborn infant. Covered Services include:

- room and board, including any ancillary Services;
- screening tests, including the initial newborn hearing exam;
- Physician Services for a newborn well infant while hospitalized, including circumcision;
- newborn screening Services for an infant born at home; and
- Medically Necessary definitive medical or surgical treatment, including the necessary care and treatment of medically diagnosed Congenital Abnormalities.

Benefits for Covered Services will be subject to the child's individual cost-sharing amounts, unless otherwise stated. For information on adding a newborn to your coverage, refer to the section titled "Eligibility and Enrollment."

Statement Of Rights Under The Newborns' And Mothers' Health Protection Act
Under federal law, benefits may not be restricted for any Hospital stay in connection with childbirth for the mother or newborn child to less than 48 hours following a normal vaginal delivery, or less than 96 hours following a cesarean section. However, benefits may be paid for a shorter stay if the mother's or newborn's attending provider, after consulting with the mother, discharges the mother or newborn earlier.

Also, under federal law, an insurer may not set the level of benefits or out-of-pocket costs so that any later portion of the 48 hour (or 96 hour) stay is treated in a manner less favorable than any earlier portion of the stay. In addition, an insurer may not require the provider to obtain authorization from the insurer for prescribing a length of stay of up to 48 hours (or 96 hours).

Mental Health, Substance Use Disorder Benefits

Benefits are payable for Covered Hospital and Physician Services, including mental health Services, psychological, or alcoholism and drug counseling Services by and within the scope of practice of:

- a qualified Physician, Licensed Psychiatrist or Licensed Psychologist;
- a Licensed Special Psychologist, Licensed mental health practitioner, Licensed clinical social worker, Licensed professional counselor, marriage and family therapist; or
- auxiliary providers who are supervised, and billed for, by a qualified Physician, Licensed Psychiatrist or Licensed Psychologist or as otherwise permitted by state law.

All licensing or certification shall be by the appropriate state authority. Appropriate supervision and consultation requirements also shall be provided by state law.

Benefits are subject to the applicable Deductible, Copay and/or Coinsurance amount indicated on the Benefit summary.

Inpatient Care
Benefits for Inpatient admissions must be Preauthorized by BCBSNE.

A person shall be considered to be receiving Inpatient treatment if he or she is confined to a Hospital or a Substance Use Disorder Treatment Center that provides medical management including 24-hour nursing care. Services provided by a facility that does not meet this criteria are considered part of a Residential Treatment Program.

Facilities must be Licensed by the Department of Health and Human Services, Regulation and Licensure (or equivalent state agency), or accredited by the Joint Commission on Accreditation of Rehabilitation Facilities (CARF) or Joint Commission on Accreditation of Healthcare Organizations (JCAHO).

Residential Treatment Services
Benefits are available for Covered Services and room and board provided as part of a Residential Treatment Program, for treatment of Mental Health and Substance Use Disorders.

The Residential Treatment Program and/or facility must be Licensed, accredited or Certified to provide such Services by the appropriate state agency, or accredited by CARF or JCAHO.

Benefits are available subject to Preauthorization and BCBSNE Medical Necessity criteria.

Outpatient Care
Benefits are available for Outpatient treatment of Mental Health and Substance Use Disorders.

A person who is not admitted for Inpatient care, but is receiving treatment in the Outpatient department of a Hospital, in an observation room, in an Ambulatory Surgical Facility, Urgent Care Facility, a Physician's office, or home shall be considered to be receiving Outpatient Care.

Outpatient Covered Services include:
- psychological therapy and/or substance use disorder counseling/rehabilitation provided by an Approved Provider;
- office visit or clinic visit, consultation, or emergency room visit;
- an evaluation and assessment;
- medication checks;
- an Outpatient day, or partial hospitalization program for Mental Health or a Substance Use Disorder treatment program, that offers all-inclusive Services for each Outpatient treatment day;
- ambulance Services provided for the treatment of Mental Health and Substance Use Disorder;
- laboratory and diagnostic Services;
- psychological and neuro-psychological testing;
- individual, family and group therapy; and
- methadone maintenance programs for the treatment of opioid use disorder.

Day treatment, partial care, and Outpatient programs must be provided in a Hospital or facility which is Licensed by the Department of Health and Human Services Regulation and Licensure or accredited by the Commission on the Accreditation of Rehabilitation Facilities (CARF).

Emergency Service
Benefits are also available, subject to any applicable Emergency Service Copay, Deductible and/or Coinsurance indicated in the Benefit Summary, for any Covered Services provided in a Hospital emergency room setting for the treatment of Mental Health and Substance Use Disorders.

Oral Surgery And Dentistry
Limited benefits are available for oral surgery and dentistry.

Covered Oral Surgery And Dentistry Services
The Plan provides benefits for Medically Necessary Covered Services for the following:
- incision and drainage of abscesses, and other non- surgical treatment of infections (excluding periodontic or endodontic treatment of infections);
- excision of exostoses, tumors and cysts, whether or not related to the temporomandibular joint of the jaw (TMJ);
- diagnostic or surgical procedures involving a bone or joint of the face, neck or head, including osteotomies, for the treatment of TMJ or craniomandibular disorder;
- reduction of a complete dislocation or fracture of the TMJ required as a direct result of an accident.* Benefits are limited to treatment provided within 12 months of the injury;

- Services, supplies or appliances for dental treatment of natural healthy teeth required as the direct result of an accidental injury.* Benefits are limited to treatment provided within 12 months of the injury. Benefits are not available for orthodontics or dental implants;
- Medically Necessary hospitalization and general anesthesia, as required by law, in order for the Covered Person to safely receive dental care, including for Covered Persons who are under eight years of age or developmentally disabled.

**Please note, damage to teeth or an injury that occurs as a result of eating, chewing or biting is not considered an "accident." Benefits are not available for Services resulting from these types of injuries.*

Dental Related Facility Charges
Benefits may also be available for the following charges if determined by BCBSNE to be Medically Necessary when related to Covered Services for oral surgery and dentistry:

- Hospital Inpatient Services;
- Hospital Outpatient Services;
- Ambulatory facility Services.

Exclusions
Benefits are not available under this section or any other part of the Plan for the following:

- care in connection with the treatment, filling, removal, repositioning or replacement of teeth, including orthodontics or implants;
- root canal therapy or care;
- bone grafts to the jaw in relation to dental implants or preparation of the mouth for dentures;
- preparation of the mouth for dentures;
- treatment of the dental occlusion or temporomandibular joint of the jaw by any means or for any reason, except as specifically identified as a Covered Service;
- evaluation and treatment of impacted teeth;
- osteotomies of the face, neck or head, except as specifically identified as a Covered Service;
- all other procedures involving the teeth or structures directly related to or supporting the teeth, including the gums and the alveolar processes;
- evaluation and treatment of myofascial pain; and
- treatment of sleep disorders by a dentist, including sleep apnea, except for the fabrication of an orthotic for treatment of a sleep disorder.

Organ And Tissue Transplants

Benefits are available to a Covered Person who is a transplant recipient for Medically Necessary Covered Services relating to or resulting from a transplant of these body organs or tissues:

- liver;
- heart;
- single and double lung;
- lobar lung;
- heart-lung,
- heart valve (heterograft);
- kidney;
- kidney-pancreas;
- pancreas;
- cornea;
- parathyroid;
- small intestine;
- small intestine and liver;
- small intestine and multiple viscera; or
- bone marrow transplants, including autologous and allogeneic stem cell transplants.

All transplant Services must be Preauthorized by BCBSNE, and meet BCBSNE established criteria and medical policies.

Donation of Organs and Tissue
Benefits are available for Services arising from an organ donation from either a live or non-living donor, including acquisition costs, when the recipient is a Covered Person. Benefits are included as part of the recipient's coverage, and are covered for the duration of the Covered Person's coverage under the Plan. Benefits for donation include Covered Services for treatment of complications resulting from the organ/tissue donation. Covered Services include:

- Hospital, medical, surgical or other Covered Services;
- Services provided for the evaluation of organs or tissue;
- Services provided for the removal of organs or tissue from nonliving donors; and
- Services provided for the transportation and storage of donated human organs or tissues.

Exclusions and Limitations
Benefits will not be provided for:

- donor charges other than those identified as covered under "Donations of Organ and Tissue;"
- purchase of organs or tissue, that are sold rather than donated to the recipient; or
- transplantation of any nonhuman organ or tissue, or the implantation of an artificial/mechanical organ into a human recipient. This does not apply to pacemakers, LVADs, or other devices specifically approved by BCBSNE.

Physician Services

Benefits are payable for Covered Services provided by a Physician, including an oral surgeon, Certified nurse midwife, Certified nurse practitioner, or a Certified Physician assistant, within the Provider's scope of practice. Covered Services include:

- Inpatient, Outpatient, office and home visits;
- surgical and assistant surgical Services;
- anesthesia;
- radiology, laboratory, pathology, and other diagnostic Services;
- radiation therapy and chemotherapy;
- FDA-approved drugs listed under the Drugs Administered in an Outpatient Setting List, IV solutions, vaccines, biologicals and medicines administered in the office;* and
- allergy serums and injections, except as specifically excluded.

Services performed in a Convenient Care/Retail Clinic or performed by a Physician assistant are covered in the same manner as a Primary Care Physician.

Physician Office Services
Benefits for the following Services provided in a Primary Care or Specialist Physician's office shall be paid subject to the cost-sharing amounts indicated in the Benefit Summary.

If a Copayment applies, and Services are received from more than one Physician on the same day, a separate Copayment will be assessed for each Physician. However, only one Physician office Copayment will be applied per Physician per day regardless of the diagnosis. If additional Services billed by the Physician on the same day are subject to a separate Copayment, more than one Copayment could be applied per day.

- **Physician Office Visit.** The Office Visit benefit includes the following Services performed in the Physician office:
  - office visit, including the initial visit to diagnose Pregnancy;
  - consultation;
  - psychological therapy and/or Substance Use Disorder counseling/rehabilitation for the treatment of Mental Health and Substance Use Disorders; and
  - medication checks.

- **Physician Office Services.** The Office Services benefit includes the following Services when performed in a Physician office:
  - diagnostic x-ray, laboratory and pathology Services performed in the Physician's office, including diagnostic pap smears and mammograms;
  - supplies used to treat the patient during the office visit;
  - covered drugs administered to the patient during the office visit, except drugs that are only payable under the Prescription Drug Program;*
  - hearing examination due to Illness or Injury;
  - vision examinations, excluding eye refraction, unless related to ocular injury or intraocular surgery when provided within 12 months of the date of surgery or injury; and
  - allergy testing.
- **Non-Covered Under an Office Copayment Benefit.** Although these Services may be covered under other provisions of this Plan, a Copayment benefit for "Physician Office Visit" or "Physician Office Services" referred to above, does not apply to:
  - Preventive Services, as required by State or Federal Law;
  - Services for Pregnancy, except the initial visit to diagnose Pregnancy;
  - surgical procedures and anesthesia;
  - injections;
  - sublingual allergy therapy;
  - immunizations;
  - sleep studies;
  - chemotherapy infusion and chemotherapy drugs;
  - radiation therapy;
  - Advanced Diagnostic Imaging (MRI, MRA, CT and PET scan);
  - infusion therapy;
  - Durable Medical Equipment;
  - manipulations and adjustments (chiropractic and osteopathic);
  - physical, occupational or speech therapy, chiropractic or osteopathic physiotherapy;
  - biofeedback;
  - psychological evaluations, assessments and testing, or other Outpatient Covered Services for the treatment of Mental Health and Substance Use Disorders; and
  - Outpatient Services received at a place of service other than a Physician's office.

NOTE: If a Copayment is applicable to "Office Services" the Physician Office Visit as described above is included in the Copayment.

**NOTE: Certain prescription drugs administered in an Outpatient setting are payable only under the Prescription Drug Program.*

Telehealth Services
Physician's Services include Telehealth Services as a delivery of care method, for the diagnosis and treatment of a Covered Person's medical condition. Telehealth Services means web-based, video or telephonic visits, calls or consultations between a Covered Person and a Licensed Physician or other professional provider qualified to provide such Services.

The delivery and scope of telehealth Services are subject to applicable state and federal laws and regulations.

Telehealth Services are not applicable to or available for:
- reporting lab or other test results;
- office appointment requests;
- communication primarily educational in nature;
- billing, insurance or payment questions;
- Preauthorization procedures;
- Physician to Physician consultations;
- calls or consults by Telemedicine to another health care provider during a Covered Person's visit in a provider's office, unless otherwise covered by this Plan;
- Services, treatment or conditions outside the scope of the vendor Covered Services payable via a telehealth delivery of care method.

Telemedicine is web-based, video or telephonic visits, calls or consultations between or related to a Covered Person (with or without the Covered Person present) and a Licensed Physician and another professional provider qualified to provide such services.

Telehealth Services are subject to the cost-sharing amounts shown on the Benefit Summary. Benefits may be limited to In-network Providers only.

NOTE: If a Covered Person receives telehealth or telemedicine Services which may be covered under more than one health plan or contract, and identifies to the telehealth Services provider at the time of service that this Plan is to be used for coverage, this Plan will provide benefits as the primary coverage. When another health plan or contract is used or identified at the time of service, this Plan will become the secondary coverage pursuant to Coordination of Benefits. The Covered Person must submit a claim form and itemized statement and the other plan's Explanation of Benefits to BCBSNE reflecting the charges and cost-sharing amount paid pursuant to the other plan for benefit consideration under this Plan as the secondary coverage.

Preventive Services
Benefits are payable for Preventive Services required by the ACA, which are defined as:
- evidence-based items or Services that have in effect a rating of A or B in the current recommendations of the United States Preventive Services Task force;
- with respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in comprehensive guidelines supported by the Health Resources and Services Administration;
- with respect to women, evidence-informed preventive care and screenings provided for in comprehensive guidelines supported by the Health Resources and Services Administration; and
- immunizations for routine use in children, adolescents, and adults that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention.

The ACA-required Preventive Services may include age, gender and frequency limits. A list of these Preventive Services is available at NebraskaBlue.com/PreventiveCare, or you may contact the BCBSNE Member Services Department.

Benefits are available as shown on the Benefit Summary, for Covered Preventive Services.

Preventive Services may include state mandated Services, but does not generally include Services intended to treat an existing Illness or condition.

Therapy and Manipulations

The following Outpatient and/or home therapies and manipulative treatments or adjustments are covered subject to the applicable Deductible, Copay and/or Coinsurance amounts and benefit maximums shown on the Benefit Summary (Services must be ordered by a Physician):

- physical therapy by a Licensed physical therapist or Licensed physical therapist assistant who is an Approved Provider;
- occupational therapy by a Licensed occupational therapist or Licensed occupational therapist assistant under the supervision and billing of a Licensed occupational therapist;
- speech therapy provided by a Licensed speech-language pathologist or registered speech-language pathology assistant practicing under the supervision of a Licensed speech-language pathologist;
- chiropractic or osteopathic physiotherapy; and
- chiropractic or osteopathic manipulative treatments or adjustments by an Approved Provider.

Therapy Services described above include habilitative Services, which are Services designed to help a person keep, learn or improve skills and functions of daily living.

NOTE: A benefit maximum may apply to all of the above therapy and manipulation Services, or any combination of these services. Refer to the Benefit Summary for any applicable benefit maximums. Treatment limits stated for physical therapy, occupational therapy, and speech therapy are not applicable to treatment for Mental Health or Substance Use Disorders.

A session is defined as one visit. Ongoing preventive/maintenance therapy sessions (excluding habilitative Services) are not covered once the maximum therapeutic benefit has been achieved for a given condition and continued therapy no longer results in some functional or restorative improvement.

Women's Health Act

The Women's Health and Cancer Rights Act of 1998 (Women's Health Act) includes protections for patients who elect to have breast reconstruction in connection with a mastectomy.

The law requires that certain coverage be provided, and that notice be given to Covered Persons regarding coverage for this care under the Group health Plan. The Women's Health Act requires that:

A Group health Plan which provides medical and surgical benefits for mastectomies shall also provide, in the case of a Covered Person who is receiving benefits in connection with a mastectomy and elects breast reconstruction in connection with such mastectomy, coverage in a manner determined in consultation with the attending Physician and patient for:

- reconstruction of the breast on which the mastectomy has been performed;
- surgery and reconstruction of the other breast to produce a symmetrical appearance;
- prostheses; and
- physical complications resulting from all stages of the mastectomy (including lymphedema).

This Group health Plan is in compliance with the Women's Health Act, and provides benefits as required by the Act, subject to the Deductible, Copay and Coinsurance amounts applicable to other benefits under the Plan.

EXCLUSIONS — WHAT'S NOT COVERED

The Services, treatments and supplies listed in this section are not covered, except where specifically provided for under another section of this SPD, by an Amendment to this SPD, or as required by law.

Using Headings In This Section

To help you find specific exclusions more easily, headings are shown for types of Services, treatments or supplies that fall into a similar category. The actual exclusion appears under the heading.

Plan Exclusions

Benefits are not available for Services not covered by the Plan, nor for Services determined by BCBSNE to be not Medically Necessary.

Benefits are not available for the Services, treatments or supplies described in this section, even if:

- recommended or prescribed by a Physician; and/or
- it is the only treatment available for the Covered Person's condition.

Noncovered Services include, but are not limited to any Service for, or related to the following:

- **Alternative Treatments**
  - alternative therapies and programs including but not limited to;
    - massage therapy, including rolfing;
    - acupuncture;
    - dry needling;
    - aromatherapy;
    - light therapy, infrared or ultraviolet therapy;
    - naturopathy;
    - VAX-D therapy (vertebral axial decompression);
    - support therapies, including personal counseling and assertiveness training;
    - dream therapy;
    - activity therapy, including but not limited to music, dance, art and play;
    - recreational therapy or care, unless otherwise identified as covered;
    - cruises;
    - wilderness programs;
    - adventure therapy;
    - camps, including all activities and therapies;
    - animal-based therapy programs; and
    - vitamin therapy and herbal remedies.
  - Services provided by a massage therapist; and
  - Services, drugs, medical supplies, devices or equipment which are not cost effective compared to established alternatives or which are provided for the convenience or personal use of the Covered Person;
  - whirlpools, contrast baths, paraffin baths and iontophoresis.

- **Comfort Or Convenience**
  - personal expenses such as guest meals, television or beauty/barber services;
  - supplies, equipment or similar incidental charges for personal comfort or convenience, including:
    - batteries and battery chargers unless the device is covered by the Plan;
    - equipment primarily for education or a person's safety;
    - hot tubs, saunas, jacuzzis or whirlpools;
    - humidifiers;
    - medical alert systems;
    - music devices, radios or video players;
    - personal computers;
    - pillows; and
    - strollers;

- equipment for purifying, heating, cooling or otherwise treating air or water;
- exercise equipment;
- building, remodeling or alteration of a residence, investigation and remediation of harmful contaminants such as lead and mold; and
- purchasing or customizing of vans or other vehicles.

- **Durable Medical Equipment (DME) And Supplies**
  - enuresis alarms and incontinence devices and supplies, even if prescribed by a Physician;
  - external defibrillators;
  - items purchased for the convenience of the Covered Person;
  - mouth guard, even if prescribed by a Physician;
  - power seat elevating systems and chairs;
  - rental or purchase from or use of DME while the patient is confined to a Hospital, skilled nursing facility, an intermediate care facility, a nursing home or any other licensed residential facility if such equipment is usually supplied by the facility;
  - repair, maintenance or adjustment of DME, except as specifically identified as covered, or provided by other than a DME or medical supply company; and
  - repair or replacement of an item of DME due to misuse, malicious damage, gross neglect or to replace lost or stolen items.

- **Experimental Or Investigative**
  - Services considered by BCBSNE to be Investigative, or for any directly related Services; or
  - Services for medical treatment and/or drugs, whether compensated or not, that are directly related to, or resulting from the Covered Person's participation in a voluntary, Investigative test or research program or study, unless authorized by BCBSNE.

- **Foot Care**
  - orthopedic shoes, except for initial purchase when permanently attached to a brace;
  - orthotics for the foot, except when such podiatric appliances are necessary for the prevention of complications associated with diabetes; or when necessary to treat a congenital anomaly, as determined by BCBSNE; or
  - treatment or removal of corns, callosities, or the cutting or trimming of nails, except as Medically Necessary.

- **Mental Health and Substance Use Disorder**
  - education, socialization, delinquency or custodial care Services for Mental Health and Substance Use Disorders;
  - halfway houses, foster homes or group homes and treatment groups for Substance Use Disorder maintenance programs, unless otherwise identified as covered;
  - programs for co-dependency, employee assistance, probation, prevention, educational or self-help;
  - Inpatient confinement for environmental change or similar treatment;
  - Inpatient or Outpatient programs ordered by the Court that are determined by BCBSNE to be not Medically Necessary;
  - self-help programs that treat obesity, gambling or nicotine addiction, except when specifically identified elsewhere as a Covered Service;
  - half-way house or Substance Use Disorder maintenance programs;
  - Services by a non-Approved Mental Health Services Provider;
  - Services not within the scope of practice of the provider. (Licensing or certification is by the appropriate state authority. Supervision and consultation requirements are governed by the state law);
  - Services, supplies, equipment, procedures, drugs or programs for treatment of nicotine addiction, except as identified as a Covered Service; and
  - stress reduction classes and pastoral counseling.

- **Nutrition**
  - dietary counseling, except as part of nutritional management for diabetes when part of diabetes education and certain conditions covered under the ACA Preventive Services and eating disorders;
  - enteral feedings, even if the sole source of nutrition; or
  - nutrition care, nutritional supplements, FDA-exempt infant formulas, supplies, electrolytes or other nutritional substances, including but not limited to Neocate, Vivonex, Elecare, Cyclinex-1, ProPhree, vitamins, minerals, elements, foods of any kind (including high protein and low carbohydrate foods) and other over-the-counter nutritional substances.

- **Physical Appearance**
  - Cosmetic Services, except for Covered Services:
    - required as a result of a traumatic injury;
    - to correct a Congenital Abnormality when the defect severely impairs or impedes normal essential functions; or
    - to correct a scar or deformity resulting from cancer or from non-Cosmetic surgery.

      Reconstructive surgery is available only when required to restore, reconstruct or correct any bodily function that was lost, impaired or damaged as a result of Injury or Illness.

      Benefits are not payable for treatment of complications, unless the treatment is normally covered under the Plan.

      The Cosmetic exclusion applies regardless of the underlying cause of the condition or any expectation that the Cosmetic procedure may be psychologically or developmentally beneficial to the Covered Person. Examples include but are not limited to:
      - dermabrasion;
      - liposuction;
      - breast augmentation;
      - breast reduction (unless Medically Necessary)
      - breast replacement;
      - protruding ears;
      - spider veins;
      - tattoo removal or revision; and
      - telangiectasias;
  - treatment and monitoring for obesity or weight reduction, regardless of diagnosis. Examples include:
    - health and athletic club memberships;
    - physical conditioning programs such as athletic training, body-building exercise, fitness, flexibility and diversion or general motivation; and
    - weight loss programs;
  - weight reduction or obesity surgery.

- **Providers**
  - Canceled appointment: charges for failure to cancel a scheduled appointment;
  - Claim forms/records/administrative fees or charges. This includes: charges made for filling out claim forms or furnishing any records or information; special charges such as dispensing fees; admission charges; Physician's charges for Hospital discharge Services; after-hour charges over and above the routine charge; administrative fees; technical support or utilization review charges which are normally considered to be within the charge for a Service;
  - Custodial Care, domiciliary care, rest cures, or Services provided by personal care attendants;
  - immediate family: charges for Services provided by a relative or person who is a member of the Covered Person's immediate family by blood, marriage or adoption;
  - inadequate documentation: charges received when there is inadequate documentation that a Service was provided;

- non-approved facility: a health care facility that does not meet the licensing or Accreditation Standards required by BCBSNE;
- non-approved Provider: charges for Services by a non-Approved provider, or provided by or under the supervision of a health care provider determined to be non-payable by BCBSNE;
- out-of-hospital: charges made while the patient is temporarily out of the Hospital;
- overhead expenses: charges for any office or facility overhead expenses including, but not limited to, staff charges, copying fees, facsimile fees and office supplies;
- scope of practice: charges for Services by a health care provider which are not within the scope of practice of such provider;
- Services provided in or by:
  - a Veterans Administration Hospital where the care is for a condition related to military service; or
  - any non-Participating Hospital or other institution which is owned, operated or controlled by any federal government agency, except where care is provided to nonactive duty Covered Persons in medical facilities;
- standby: Hospital or Physician charges for standby availability.

- **Reproductive Services**
  - Pregnancy assistance treatments, which include but are not limited to, infertility treatment and related Services, in addition to:
    - Assisted Reproductive Technology (ART), such as artificial insemination, sperm washing, gamete intrafallopian transfer (GIFT), zygote intrafallopian transfer (ZIFT), in vitro fertilization, and embryo transfer procedures;
    - drug and/or hormonal therapy for fertility enhancement;
    - reversal of voluntary sterilization;
    - storage and retrieval of all reproductive materials;
    - surrogate parenting, donor eggs, donor sperm and host uterus; and
    - ultrasounds, lab work and other testing in conjunction with infertility treatment (diagnostic testing done to determine the diagnosis of infertility, treatment of polycystic ovary disease, and treatment of endometriosis are not considered to be infertility treatments);
  - surrogate mother Services, including all services and supplies related to the conception of pregnancy for a Covered Person or non-covered person acting as a surrogate mother; and
  - voluntary abortions, unless the attending Physician certifies that the abortion was necessary to safeguard the life of the woman or due to sexual assault (rape) or incest. Services for any medical complications arising from a voluntary abortion are not excluded from coverage.

- **Services Payable Under Another Plan**
  - Services available at government expense, except as follows:
    - if payment is required by state or federal law, the obligation to provide benefits will be reduced by the amount of payments the patient is eligible for under such program (except Medicaid);
    - with respect to persons entitled to Medicare Part A and eligible for Part B benefits, the obligation to provide benefits will be reduced by the amount of payment or benefits such person receives from Medicare. This provision will not apply if the patient is still actively at work or is an Eligible Dependent of a Subscriber who is actively at work and has elected this Plan as primary. Services provided for renal dialysis and kidney transplant Services will be provided pursuant to federal law; or
    - Services arising out of the course of employment, whether or not the patient fails to assert or waives his or her right to Workers' Compensation or Employers' Liability Law. This includes Services determined to be work-related under a Workers' Compensation law, or under a Workers' Compensation Managed Care Plan, but which are not payable because of noncompliance with such law or plan. Any charges incurred as a result of or in the course of employment for an employer that is not legally required to carry Workers' Compensation coverage and that does not provide Workers' Compensation coverage will be covered.

- **Travel**
  - lodging, meals and/or travel expenses incurred by the patient or the provider, even though directed by a Physician for the purpose of obtaining medical treatment, except covered ambulance Services or other expenses specifically identified as covered by the Plan.

- **Vision And Hearing**
  - eyeglasses or contact lenses, eye exercises or visual therapy or visual training (orthoptics), except when specifically identified elsewhere as a Covered Service;
  - preventive vision examinations or care, extended vision care or exam packages and screening eye examinations, including eye refractions, except when specifically identified elsewhere as a Covered Service;
  - screening audiological tests (except as may be covered under Preventive Services); external and surgically implantable devices (except cochlear implants as otherwise covered under this Plan) and combination external/implantable devices to improve hearing, including audiant bone conductors;
  - hearing aids and their fitting, unless otherwise required by law or as specifically covered under the Plan;
  - surgical, laser or nonsurgical procedures or alterations of the refractive character of the eye including but not limited to correction of myopia, hyperopia or astigmatism. In addition, benefits are not available for:
    - charges for related Services; and
    - eyeglasses or contact lenses following the surgery.

Other Exclusions And Limitations

- Services, including related diagnostic testing, which are primarily:
  - recreational, such as music or art therapy;
  - educational, including school-based individualized education programs;
  - work-hardening therapy; vocational rehabilitation and training;
  - medical/non-medical self-care; or
  - self-help training;
- interest, sales or other taxes or surcharges on Covered Services, drugs, supplies or DME, other than those surcharges or assessments made directly upon employers or third party payers;
- any amount paid for eligible Claims expenses which arise out of or as caused or contributed to by war or an act of war. "War" means declared or undeclared war, whether civil or international, and any substantial armed conflict between organized forces of a military nature;
- genetic testing, unless scientifically validated by BCBSNE medical policy, or as required by law. Coverage for genetic counseling is limited to one visit prior to genetic testing and one visit following a covered genetic test;
- food antigens, skin titration, cytotoxicity testing, treatment of non-specific candida sensitivity and auto-urine injections;
- snoring, the reduction or elimination of, when that is the primary purpose of treatment;
- calls or consults by telephone or other electronic means, including e-mail and video or internet transmissions, and telemedicine, except in conformance with BCBSNE policies and procedures;
- blood, blood plasma or blood derivatives or fractionates, or Services by or for blood donors, except administrative and processing charges for blood used for a Covered Person furnished to a Hospital by the American Red Cross, county blood bank, or other organization that does not charge for blood;
- Services provided to or for:
  - any dependent when coverage is provided by a Single Membership, except when benefits are specifically provided by the Plan for a newborn or adopted child;
  - any person who does not qualify as an Eligible Dependent; or
  - any Covered Person before his or her effective date of coverage, or after the effective date of cancellation or termination of coverage;
- military service related illness or injury;

- Services for which there is no legal obligation to pay, including:
  - Services for which no charge would be made if coverage did not exist;
  - any charge above the charge that would have been made if no coverage existed; or
  - any service which is normally furnished without charge;
- charges in excess of the Contracted Amount; or
- charges made separately for Services and/or procedures, supplies and materials when they are considered to be included within the charge for a total Service payable, or if the charge is payable to another provider.

  EXCEPTION: If such charges are made separately when they are considered to be included within the charge for a total Service performed by a BCBSNE In-network Provider, then this amount is not the patient's liability.
- employer-required Services and supplies as a condition of employment including, but not limited to immunizations, blood testing, work physicals and drug tests;
- charges made pursuant to a Covered Person's engagement in an illegal occupation or commission of or attempt to commit a felony;
- computed tomography (CT) of the heart with quantitative evaluation of coronary calcium, or electron beam computed tomography, for screening of cardiovascular, cerebrovascular and peripheral vascular disease;
- Outpatient charges for prescription drugs and Covered Services which are only covered when the prescription is filled at a pharmacy and a Claim is submitted under the Rx Nebraska Prescription Drug program, as determined by BCBSNE;
- take-home supplies from an Inpatient facility;
- private Duty Nursing;
- long-term rehabilitation programs, including residential Cognitive Training programs;
- respite care when not provided as part of a covered Hospice benefit;
- Home health aide, Skilled Nursing Care or Hospice related Services as follows:
  - Services performed by volunteers;
  - pastoral Services, or legal or financial counseling Services;
  - Services primarily for the convenience of the patient, or a person other than the patient; or
  - home delivered meals;
- shipping and handling charges;
- Services provided at the following places of service, unless otherwise approved by BCBSNE:
  - day care;
  - school (except covered Mental Health Services by an Approved Provider);
  - library;
  - church; or
  - employee worksite (except immunizations);
- Services provided by a doula;
- Services provided in association with a health fair or other employer sponsored wellness event, unless otherwise approved by BCBSNE;
- Services otherwise covered under the Plan, when:
  - required solely for purposes of camp, travel, career, employment, insurance, marriage, adoption or other administrative reason;
  - related to judicial or administrative proceedings or orders;
  - conducted for the purpose of medical research; or
  - required to obtain or maintain a license of any type;
- foreign language and sign language Services;
- driving tests or exams;
- autopsies;
- hair analysis, including evaluation of alopecia or age-related hair loss;

- wigs, hair prostheses and hair transplants, regardless of the reason for the hair loss;
- Services by a Provider which were pre-paid by the Covered Person by virtue of a discount program, coupon, retail or online offer;
- short term storage and retrieval for cord blood, breast milk, and other materials, except as specifically identified as covered;
- social Services,
- transportation, except as otherwise covered under the Plan;
- removal of skin tags;
- Services provided under a direct primary care agreement;
- replacement of lost, broken, destroyed or stolen Covered Prescription Drug Products within the Covered Person's control. BCBSNE may allow a one month supply fill per year, per medication;
- over-the-counter supplies, devices, tests, medications and non-prescription medications (unless otherwise required by law or specifically designated for coverage by BCBSNE).
- Services, procedures, supplies or drugs provided for treatment of sexual arousal disorders or erectile dysfunction, regardless of cause; or
- Services for autism spectrum disorders or pervasive developmental conditions, developmental delays or sensory integration disorders (i.e., the brain's ability to integrate, process, and respond to certain information received from the body's sensory systems with respect to detecting sights, sounds, smell taste, temperature, pain and the position and movement of the body), unless otherwise required by law or as specifically covered under the Plan.

PRESCRIPTION DRUG BENEFITS

Prescription Drug Benefits are subject to the applicable Copay, Deductible and/or Coinsurance amounts shown in the Benefit Summary. All covered prescription drug products must be Medically Necessary, and:

- be FDA-approved,*
- be evaluated for coverage by the Pharmacy and Therapeutics Committee of BCBSNE or the Pharmacy Benefit Manager,
- be dispensed by a registered pharmacist, and
- require a Physician's or Dentist's prescription.

**Specific non FDA-approved drugs may be covered, based on clinical guidelines or evidence as determined by the Pharmacy and Therapeutics Committee, or as required by law.*

A Copay, Deductible and/or Coinsurance will be assessed for each prescribed drug, supply and/or unit.

Covered prescription drug products also include insulin and diabetic supplies, including: needles, syringes, test strips, lancet/lancet devices, alcohol wipes/swabs, glucose/sugar test tablets, insulin pump supplies and continuous glucose monitoring devices and supplies.

Your prescription drug benefit is based on a tiered benefit design that features multiple levels of cost-sharing for different prescription classifications. The tiers may include classifications such as Generic and Brand-name Drugs, Specialty Drugs, and preferred and non-preferred drugs. Sub-classifications may be based on cost or other factors. For example, a Prescription Drug List (PDL) which is a list of covered drugs, classifies drugs as Generic and Brand Name -- that classification may include sub-categories of preferred and non-preferred drugs. The PDL, including a list of designated Specialty Drugs, is available at NebraskaBlue.com/Pharmacy, or you may contact the BCBSNE Member Services Department.

Whenever appropriate, Generic Drugs will be used to fill prescriptions. If a bioequivalent Generic Drug is available and has multiple manufacturers, or meets other criteria as determined by the PBM or Us, reimbursement for the drug dispensed will be based on the price of the Generic Drug, unless prohibited by law. If the Covered Person or the ordering provider requests a Brand Name Drug when a Generic Drug equivalent is available, the Covered Person may be required to pay a penalty equal to the difference in cost between the Brand Name Drug and the Generic Drug. This penalty will be in addition to the applicable Copay, Deductible and Coinsurance.

NOTE: Prepackaging by the manufacturer may limit the quantity dispensed to an amount which is less than the maximum dispensing amount available under your coverage. If that happens, benefits will be provided in compliance with the manufacturer's packaging guidelines.

Additional terms specifically used in conjunction with your Prescription Drug Benefits are defined at the end of this section.

Generic Drugs Can Save You Money. Generic drugs are drugs that are labeled by their chemical name rather than by a brand name. However, all drugs, whether generic or brand, must meet the same government standards for safety and effectiveness. Why pay more for a brand name drug if its generic twin is available at a lower cost? Ask your physician to prescribe generic drugs whenever possible.

Accessing Benefits

If the prescription or supply is purchased at an In-network Pharmacy, and you present your BCBSNE identification card to the pharmacist at the time of purchase, you will only be required to pay your financial liability at the time the prescription is filled. In-network Pharmacies will file claims to BCBSNE or to the Pharmacy Benefit Manager (PBM). The Benefit Summary shows your financial liability and the dispensing amount for each benefit tier.

If the covered prescription is filled at an Out-of-network Pharmacy, or if you do not present your I.D. card at the time of purchase at an In-network Pharmacy, you will be required to pay the pharmacy's usual retail price. You must file a Claim with BCBSNE. Eligible Claims will be reimbursed based on the Allowance for the drug less the applicable Copay, Deductible and/or Coinsurance.

To locate contracting In-network pharmacies nationwide, call toll-free: 1-877-800-0746.

Other Coverage: If a Covered Person has prescription drug coverage under more than one health plan, Coordination of Benefits provisions will apply when the Services are covered under both the primary and secondary plan's pharmacy benefits. No penalty will be imposed for submission of a paper claim when BCBSNE is paying as the secondary payer.

Services Not Covered Under The Prescription Drug Program

In addition to the Services and supplies listed in the section titled "Exclusions — What's Not Covered," the following are not covered:

- abortifacients, including but not limited to Mifeprex (Mifepristone);
- cosmetic alteration drugs, and health and beauty aids for such things as the promotion of hair growth/restoration, to control perspiration, to enhance athletic performance or improve natural appearance;
- diagnostic agents (except diabetic test strips) and bulk powders/chemicals;
- diet, weight loss or appetite suppressant drugs (Anorexics), dietary and herbal or nutritional supplements;
- drugs or medicinals for treatment of fertility/infertility;
- DME or devices of any type including, but not limited to contraceptive devices, therapeutic devices or artificial appliances;
- general anesthetic;
- home infusion therapy;
- insulin pumps;
- Investigative drugs or drugs classified by the FDA as experimental;
- nutrition care, nutritional supplements and substances;
- oral non-sedating antihistamine or antihistamine decongestant combination;
- ostomy supplies;
- over-the-counter supplies, devices, tests, medications and non-prescription medications, unless specifically covered under the Plan or required by law;
- prescription medications administered or intended for use in an Inpatient setting;
- prescription medications determined by the FDA as having no clinical value (ex: DESI indicator class 06), or determined by the Pharmacy and Therapeutics Committee to have insufficient or unfavorable safety and/or efficacy;
- prescription medications purchased in a foreign country, unless the covered person is living in another country or needs prescription medications to treat an emergency medical condition arising while he or she is traveling in a foreign country or otherwise mandated by federal legislation. Evidence of residency or emergency medical condition must be provided with the Claim;
- prescription medications that have (or are comprised of) therapeutically equivalent over-the-counter/non-prescription products, except as specifically covered under this Plan, or otherwise required by law. This limitation may apply to specific drugs or categories of prescription drugs;

- prescription medications obtained or purchased from a facility owned, operated or controlled by any federal government agency when the care is related to military service;
- repackaged medications;
- replacement of lost, broken, destroyed or stolen Covered Prescription Drug Products, within the Covered Person's control. BCBSNE may allow a one month fill per year, per medication.
- Services, drugs and medical supplies which are not cost effective compared to established alternatives or which are provided for convenience or personal use;
- sexual or erectile dysfunction drugs, aids or treatment;
- unit dose packaging, or sample, clinic or institutional packs not intended for retail, of covered prescription drug products; and
- other drugs, injectables and supplies that are not covered, as determined by BCBSNE, as permitted by law.

Limitations

- Benefits are not available for covered prescription amounts in excess of the supply limit (day or quantity).
- Lost, destroyed or stolen medications are limited to one replacement per prescription per calendar year.
- Compounded medications must contain at least one FDA approved drug, and compound ingredients must require a prescription and be FDA-approved. Compounded medications that include non-FDA approved ingredients or ingredients that do not require a prescription are not covered.
- Injectables are limited to Claims from providers who are contracting with Prime Therapeutics, and filed as a pharmacy Claim.
- Certain prescription drugs products administered in an Outpatient setting are only payable under the Prescription Drug Program unless otherwise covered under the Drugs Administered in an Outpatient setting List or as determined by BCBSNE. A list of these drugs is available on the BCBSNE website, NebraskaBlue.com/Pharmacy, or by contacting the Member Services number on the back of your I.D. card. Such drug products may be subject to Specialty Pharmacy requirements.
- Certain prescription drugs, based on the route or method of administration, may be payable only under the medical provision of the Plan, and not under the prescription drug coverage. This includes, but is not limited to, intravenous, intrathecal, intravesical and epidural routes of administration.
- Excessive pattern of drug usage:
  - If a Covered Person's usage of prescription drugs indicates an excessive pattern of usage that is not Medically Necessary (as determined by BCBSNE), the Covered Person will be limited to one In-network Pharmacy and/or prescribing provider of his/her choice, and approved by BCBSNE, for obtaining covered prescription drugs. If such a limitation applies, benefits will not be available for prescription drugs obtained from any other pharmacy. A Covered Person may also be limited from receiving Prescription Drug products prescribed by a certain prescriber and/or pharmacy and deny prescription claims. If We determine that utilization exceeds certain threshold amounts.
- Any cost-sharing for prescription drugs paid with a pharmaceutical discount or Copay and will not apply to the Out-of-pocket Limit.
- Any FDA approved medication is not excluded from coverage if used for appropriate off-label cancer or HIV/AIDS diagnosis treatment. BCBSNE will determine whether the off-label use is appropriate based on recognition in United States Pharmacopeia Drug information or recognized in multiple major peer-reviewed medical literature that are not sponsored to a significant extent by a pharmaceutical manufacturing company or health carrier. All other exclusions listed herein will apply to situations of experimental or investigational medications not approved by the FDA.

Preauthorization

Under the Rx Nebraska Drug Coverage Program preauthorization is required for prescriptions as determined by BCBSNE. We reserve the right to change drugs requiring preauthorization at any time without prior notice. The PDL for this plan and the pharmacy network are shown on the Schedule of Benefits Summary. For more information on prescription medications requiring preauthorization, visit the BCBSNE website, NebraskaBlue.com/PreAuth, or call the Member Services Department at the phone number shown on the back of your I.D. card.

Requesting Preauthorization
A written request to BCBSNE must be made prior to the initial purchase of the prescription. This request must be accompanied by appropriate documentation from the Covered Person's Physician, Dentist or other medical provider demonstrating the Medical Necessity of the drug. This written request should be directed to:

Blue Cross and Blue Shield of Nebraska
Attention: Pharmacy
P.O. Box 3248
Omaha, Nebraska 68180-0001

Preauthorization forms can be found on the BCBSNE website: NebraskaBlue.com/PreAuth.

Upon receipt of the necessary information, BCBSNE will respond in writing advising the provider and the Covered Person whether or not benefits are available.

Note: The limitation, preauthorization and Prescription Drug List may be updated at any time without notice. Additional information about your pharmacy benefits can be found on the BCBSNE website at NebraskaBlue.com/PreAuth.

PDL Exception Process

You or your Physician may request a formulary exception for a prescription drug not otherwise excluded under the plan. A formulary exception form is available on our website for providers to use to request a formulary exception. If not using the form, the request must be in writing, identified as a formulary exception, and include the name of the Covered Person and any additional information to be considered for review. Submit the request to the address/fax number on the formulary exception form or to the address on the back of your I.D. card. If approved, the formulary exception drug will be covered at the applicable tier payment level for the excepted drug. An appeal of a denial of a formulary exception may be made subject to the appeal procedures stated in this Summary Plan Description.

Additional Provisions

- The Covered Person by accepting benefits under the Plan, authorizes and directs In-network Pharmacies and the PBM to furnish copies of all information and records concerning the person to BCBSNE.
- BCBSNE and the PBM will not be liable for any claim, injury, demand or judgment based on tort or other grounds arising out of or in connection with the sale, compounding, dispensing, manufacturing, or use of any prescription or supply.
- Services that are determined not Medically Necessary are the Covered Person's liability, as the agreement the In-network Pharmacy has with the PBM does not contain a hold harmless provision for these services.
- Many drugs are subject to rebate arrangements between the manufacturer of the drug and the PBM. Rebates are not reflected in the cost paid by the Covered Person for the drug. All or part of the rebates may be passed through to BCBSNE.
- When identical chemical entities including over-the-counter drugs and a similar prescription alternative are available, BCBSNE may determine that only one of those drug products is covered and those equivalent products are not covered.
- Emergency contraceptives are covered when based on product labeling and/or FDA documentation, a prescription is required to purchase emergency contraceptives. Benefits are limited to one regimen per prescription.

Definitions

The following terms are specifically used in conjunction with your Prescription Drug Benefits.

Allowance: The amount determined by BCBSNE to be payable to the Covered Person who has used an Out-of-network Pharmacy for a Covered Service. The Allowance may be one of the following:

- the lesser of the usual retail price or the applicable Contracted Amount payable for similar Services by similar In-network Pharmacies; and
- as otherwise determined by BCBSNE or our PBM to be appropriate based on industry standards for similar Covered Services.

Brand Name Drug: Single source and multisource brand drugs as set forth in the Medi-Span Master Drug Database File or such other recognized source relied upon by the PBM or BCBSNE. All products identified as "brand-name" by a manufacturer, pharmacy, or a provider may not be classified as Brand Name Drugs by the PBM or BCBSNE.

Compound Medication: A prescribed medication in which the ingredients are combined, mixed or altered specifically to meet the needs of a patient. A covered Compound Medication must contain at least one FDA-approved prescription ingredient.

Contracted Amount: The amount the In-network Pharmacy has agreed to accept as payment in full for a covered prescription drug product pursuant to an agreement with the PBM.

Extended Supply Network: A limited network of retail In-network Pharmacies, for which a retail purchase of a Covered prescription product in excess of 30 days may be purchased.

Generic Drug: A Generic Drug as set forth in the Medi-Span Master Drug Database File or such other recognized source relied upon by the PBM or BCBSNE. All products identified as "generic" by a manufacturer, pharmacy, or provider may not be classified as Generic Drugs by the PBM or BCBSNE.

In-network Pharmacies: Licensed pharmacies that have entered into written agreements with the PBM as designated by BCBSNE. The prescription drug coverage for your Plan may include more than one level of In-network (Preferred) pharmacies.

Narrow Therapeutic Index: Medications that generally require careful dosage adjustment and patient monitoring due to small variances in a patient's blood levels which can change the effectiveness and toxicity of the drug.

Out-of-network Pharmacies: Licensed pharmacies that have not entered into written agreements with the PBM as designated by BCBSNE.

Pharmacy and Therapeutics Committee: The PBM/BCBSNE panel of physicians, pharmacists and other health care professionals who are responsible for pharmacy management activities such as managing and updating the Prescription Drug List.

Pharmacy Benefit Manager (PBM): Prime Therapeutics, LLC, (Prime) has been retained by BCBSNE to administer the Rx Nebraska Prescription Drug Program.

Preauthorization: The process of obtaining authorization from BCBSNE or the PBM for specified medications or specified quantities of medications.

Prescription Drug List: A continually updated list of covered pharmaceutical products, which represents the current clinical judgment of Physicians and other experts in the diagnosis and treatment of disease and preservation of health. This list is provided to In-network Pharmacies, Covered Persons, Physicians and other health care providers, and is also available on-line at NebraskaBlue.com/Pharmacy, or by contacting BCBSNE Member Services. Drugs listed on the Prescription Drug List (PDL) may be referred to a "Preferred," while drugs not listed on the PDL may be referred to as "Non-Preferred." BCBSNE reserves the right to change the PDL at any time without prior notice in compliance with federal law.

Specialty Drugs: Designated complex self-administered injectable and oral drugs that have very specific manufacturing, storage, and dilution requirements, used to treat serious or chronic medical conditions such as multiple sclerosis, rheumatoid arthritis, hemophilia, hepatitis C, Crohn's disease, and anemia. These drugs are generally covered up to a 30-day supply. Specialty Drugs may only be available through a designated Specialty Pharmacy.

Specialty Pharmacy: A licensed pharmacy designated by BCBSNE or the PBM to provide Specialty Drugs.

ELIGIBILITY AND ENROLLMENT

Your employer determines eligibility requirements and validates eligibility for enrollment and coverage under the health Plan. For additional information not found in this Summary Plan Description, please contact your employer.

Who's Eligible

To be eligible for coverage, you will be subject your group's requirements with regard to any applicable minimum number of hours that you must work and any applicable eligibility waiting period. For detailed information regarding eligibility requirement, please contact your Human Resource Department.

The individual who enrolls for coverage or the "employee" is referred to as a Subscriber. Dependents are generally your spouse and children; in order to be an Eligible Dependent, they must meet the definition of an Eligible Dependent. For the complete definition of an Eligible Dependent, please refer to the section of this book titled "Definitions."

Initial Enrollment

Subscribers and dependents must enroll within 31 days of their initial eligibility or during a special enrollment period, or late enrollment provisions may apply.

Types of Membership

You may enroll in one of the following membership types under your Plan:

- **Single Membership:** This option provides coverage to you only.
- **Subscriber-Spouse Membership:** This option provides coverage to you and your spouse.
- **Single Parent Membership:** This option provides coverage to you and your Eligible Dependent children, but not to a spouse.
- **Family Membership:** This option provides coverage to you, your spouse and Eligible Dependent children.

NOTE: If two eligible persons in the same employer Group are married to each other, each person and/or their Eligible Dependents may not enroll under more than one membership unit. Also, if two eligible persons have a parent/child relationship and both are employed by the same employer Group, the parent and child may elect to enroll either as two employees, or the parent may enroll as an employee with dependent coverage.

Special Enrollment

A special enrollment period of 31 days is allowed for:

- enrollment of eligible persons due to marriage, birth, adoption or placement for adoption;
- enrollment of eligible persons who declined coverage under this plan due to having had other group health plan or health insurance coverage at the time it was previously offered, and who have lost that other coverage due to:
  - exhaustion of COBRA continuation coverage;
  - a loss of eligibility, including loss due to death, divorce, legal separation, termination of employment or reduction in hours, or due to the plan no longer offering benefits to the class of individuals that includes the person (when the other coverage was not COBRA);
  - moving out of the service area of an HMO or other arrangement that only provides benefits to individuals who reside, live or work in the service area; or
  - the employer ceasing to make contribution for the other coverage (when the other coverage was not COBRA).

A special enrollment period of 60 days is allowed for:

- enrollment of eligible persons who were covered under Medicaid or State Child Health Insurance Program (SCHIP), which has been terminated due to loss of eligibility; or
- enrollment of eligible persons who have become eligible for premium assistance for this Group health Plan coverage under Medicaid or SCHIP.

The Subscriber must enroll (or already be enrolled) in order to enroll his or her dependents in this Plan. In the case of a marriage, birth or adoption, a Subscriber who is eligible, but who has not previously enrolled, may enroll at this time with or without the newly Eligible Dependent. Likewise an eligible spouse who has not previously enrolled, may enroll as a special enrollee with or without the new dependent child. Please contact your Human Resource Department for additional information.

Late Enrollment/Open Enrollment

A "late enrollee" is defined as a Subscriber or dependent who does not timely enroll, or does not enroll for coverage within the first period in which he or she is eligible to enroll. A person who enrolls for coverage during a "special enrollment period" is not considered a late enrollee. Late enrollment is only allowed during the Group's open enrollment period.

For additional information on the open enrollment period, please contact your Human Resource Department.

Adding A Dependent

Dependents may enroll if you, the eligible employee, are covered under the Plan. In order to add a dependent, he or she must meet the definition of an Eligible Dependent and you must be enrolled under a membership option that provides coverage for dependents. Please contact your Human Resource Department for enrollment information and instructions.

Effective Date Of Coverage

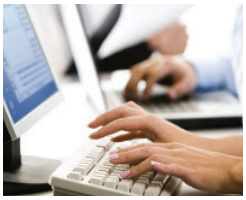
Provided that an appropriate membership option is in place and, if applicable, any additional premium is paid, the effective date of coverage will be as follows:

- **Marriage:** The effective date of coverage will be the first of the month following the marriage, provided the request for enrollment is made within 31 days of the marriage.
- **Newborn Children:** Coverage will begin at birth for your newborn child for a period of 31 days. To continue coverage, you must enroll the child within that 31-day period. If your spouse was not enrolled at the time of the child's birth, he or she may also enroll within this 31-day period, and the effective date will be the date of the child's birth.
- **Adopted Children:** Coverage for an adopted child will be effective on the earlier of the date the child is placed with you for adoption, or the date a court order grants custody to you. You must enroll the child within 31 days of the placement/custody order. If your spouse was not enrolled at the time of the adoption, he or she may also enroll within this 31-day period, and the effective date will be the date of the placement/adoption.
- **Loss of Other Coverage:** The effective date of coverage for persons enrolling as a special enrollee following a loss of other coverage will be no later than the first day of month following the loss of other coverage.

Qualified Medical Child Support Orders (QMCSO)

A QMCSO is a court order that requires an employee to provide medical coverage for his or her children (called alternate recipients) in situations involving divorce, legal separation, or paternity disputes. The order may direct the Group health Plan to enroll the child(ren), and also creates a right for the alternate recipient to receive plan information, submit claims, and receive benefits for Services.

QMCSOs are specifically defined under the law, and are required to include certain information in order to be considered "qualified." A National Medical Support Notice received by the employer or plan from a state agency, regarding coverage for a child, will also be treated as a QMCSO. The Plan Administrator or its designee, will review the Order or Notice to determine whether it is qualified, and make a coverage determination. The Plan Administrator or its designee will notify affected employees and the alternate recipient(s) if a QMCSO is received.



You have the right to request a copy of the Plan's procedures governing QMCSO determinations from the Plan Administrator, at no charge.

Active Employees Age 65 And Over

Federal law affects the way employers provide coverage to eligible active employees and their spouses who are 65 and over. These active employees and their spouses ages 65 and over generally continue full coverage under the employer Group plan as their primary coverage, and Medicare (if elected) as secondary coverage. Under this law, if the employee elects Medicare as their primary carrier, the group plan may not pay as secondary coverage and will be terminated.

Family Medical Leave Act (FMLA)

The Family Medical Leave Act of 1993, as amended, requires that subject to certain limitations, most employers of 50 or more persons must offer continued coverage to eligible employees and their covered dependents, while the employee is on an approved FMLA leave of absence. In addition, an employee who has terminated his/her Group health coverage while on an approved FMLA leave is entitled to reenroll for Group health coverage upon return to work. Please check with your employer for details regarding your eligibility under FMLA.

If You Receive Covered Services From An In-network Provider

Contracting Providers and many other Hospitals and Physicians will file the Claim to BCBSNE on your behalf. Out-of-state Contracting Providers will file a Claim with their local Blue Cross and Blue Shield plan for processing through the BlueCard Program. When BCBSNE receives a Claim from a Contracting Provider, payment will be made directly to the provider, unless otherwise provided by state or federal law. You are responsible for meeting any applicable Deductible and paying any applicable Copay and/or Coinsurance amounts. You may be asked to pay amounts that are your liability at the time of service, or the provider may bill you for those amounts.

Filing A Claim

You must file your own Claim if your health care provider is not a Contracting Provider and does not file for you. You may obtain a Claim form by contacting BCBSNE's Member Services Department, or you can find a form on the website at NebraskaBlue.com/Forms.

All submitted Claims must include:

- correct BCBSNE ID number, including the alpha prefix;
- name of patient;
- the date and time of an accident or onset of an illness, and whether or not it occurred at work;
- diagnosis;
- an itemized statement of services, including the date of service, description and charge for the service;
- complete name, address and professional status (MD, RN, etc.) of the health care provider;
- prescription number, if applicable;
- the name and identification number of other insurance, including Medicare; and
- the primary plan's explanation of benefits (EOB), if applicable.

Claims cannot be processed if they are incomplete, and may be denied for "lack of information" if required information is not received.

Claims should be filed by a Provider or Covered Person as soon as possible after the date of Service. Contracting Providers will file claims on the Covered Person's behalf; the Covered Person is responsible to provide their identification number in order for the claim to be filed. Claims that are not filed by a BCBSNE Contracting Provider in accordance with BCBSNE's timely filing requirement will become the Contracting Provider's liability.

A Covered Person is responsible to file a claim for Services provided by a non-contracting Provider if the provider does not submit on his or her behalf.

If a claim is not filed within 15 months of the date of service (except in the absence of legal capacity). benefits will not be allowed.

In Nebraska, Claim forms should be sent to:

Blue Cross and Blue Shield of Nebraska
P.O. Box 3248
Omaha, Nebraska 68180-0001

If health care Services are provided in a state other than Nebraska, Claims should be filed to the Blue Cross and Blue Shield plan servicing the area where the Services were received. If you need assistance in locating the plan, please contact BCBSNE's Member Services Department.

Payment Of Benefits For Non-Contracting Provider Claims

Payment will be made, at BCBSNE's option, to the Covered Person, to his or her estate, to the provider or as required by state or federal law. Benefits may also be paid to an alternate recipient or custodial parent, if pursuant to a QMCSO.

No assignment, whether made before or after Services are provided, of any amount payable according to this Group health Plan shall be recognized or accepted as binding upon BCBSNE, unless otherwise provided by state or federal law.

Payment For Services That Are The Covered Person's Responsibility

Under certain circumstances, if BCBSNE pays the provider amounts that are your responsibility, such as Copays, Deductibles, or Coinsurance, we may collect such amounts from you. You agree that BCBSNE has the right to collect such amounts from you.

Right To Amend Provider Agreements Or Benefit Payment Procedures

Agreements with health care providers may be changed or terminated, and benefit payments to In-network Providers may be altered. Benefit payments may be calculated on a charge basis, a Contracted Amount or similar charge, global fee basis, through a Preferred Provider Organization, or in any other manner agreed upon by BCBSNE or the On-site Plan and the provider. However, any payment method agreed upon will not affect the method of calculating the Deductible and Coinsurance.

Claim Determinations

A "Claim" may be classified as a "Preservice" or "Postservice."

Preservice Claims — In some cases, under the terms of the health Plan, the Covered Person is required to Preauthorize benefits in advance of a Service being provided, or benefits for the Service may be reduced or denied. This required request for a benefit is a "Preservice" Claim." Preservice Claim determinations that are not Urgent Care Claims will be made with 15 calendar days of receipt, unless an extension is needed to obtain necessary information. If an extension is needed, BCBSNE will provide notice to the Covered Person and/or his or her provider prior to the expiration of the initial 15-day period. If additional information is requested, the Covered Person or his or her provider may be given up to 45 calendar days from receipt of notice to submit the specified information. A Claim determination will be made within 15 days of receipt of the information, or the end of the extension period.

(See the section of this book titled "Preauthorization Requirements" for more information on Preauthorizing benefits.)

Urgent Care — If your Preservice Claim is one for Urgent Care, the determination will be made within 72 hours of receipt of the Claim, unless further information is needed. If additional information is necessary, the Covered Person or his or her provider will be given no less than 48 hours to provide the specified information. Notification of the decision will be provided not later than 48 hours after the earlier of: our receipt of the information, or the end of the period allowed to submit the information.

Concurrent Care — If you request to extend a course of treatment beyond the care previously approved and it involves urgent care, a decision will be made within 24 hours of the request, if you submitted the request at least 24 hours before the course of treatment expires. In all other cases, the request for an extension will be decided as appropriate for a Preservice and Postservice Claims.

Postservice Claims — A Postservice Claim is any Claim that is not a Preservice Claim. In most cases, a Postservice Claim is a request for benefits or reimbursement of expenses for medical care that has been provided to a Covered Person. The instructions for filing a Postservice Claim are outlined earlier in this section. Upon receipt of a completed Claim form, a Postservice Claim will be processed within 30 days, unless additional information is needed. If additional information is requested, the Covered Person may be given not less than 45 days to submit the necessary information. A Claim determination will be made within 15 days of receipt of the information, or the expiration of the 45-day extension period. You will receive an EOB when a Claim is processed which explains the manner in which your Claim was handled.

Explanation Of Benefits

Every time a Claim is processed for you, an EOB form will be sent. The front page of the EOB provides you with a summary of the payment including:

- the patient's name and the Claim number;
- the name of the individual or institution that was paid for the Service;
- the total charge associated with the Claim;
- the covered amount;
- any amount previously processed by this Plan, Medicare or another insurance company;
- the amount(s) that you are responsible to pay the provider;
- the total Deductible and/or Coinsurance that you have accumulated to date; and
- other general messages.

A more detailed breakdown of the charges including provider discounts, amount paid and cost sharing amounts (e.g. noncovered charges, Deductible and Copays) are shown on the back of your EOB.

Also included on your EOB is information regarding your right to appeal a benefit determination, or request additional information.

Save your EOBs in the event that you need them for other insurance or for tax purposes.

APPEAL PROCEDURES

BCBSNE has the discretionary authority to determine eligibility for benefits under the health Plan, and to construe and interpret the terms of the Plan, consistent with the terms of the Administrative Services Agreement.

You have the right to seek and obtain a review of "adverse benefit determinations" arising under this health Plan.

Appeal Procedure Definitions

Adverse Benefit Determination: A determination by BCBSNE or its Utilization Review designee, of the denial, reduction, or termination of a benefit, or a failure to provide or make payment (in whole or in part) of a benefit. This includes any such determination that is based on:

- the application of Utilization Review;
- a determination that the Service is Investigative;
- a determination that the Service is not Medically Necessary or appropriate;
- an individual's eligibility for coverage or to participate in a plan;
- an unexpected ("surprise") balance bill from an Out-of-network Provider for emergency and certain non-emergency Services.

An Adverse Benefit Determination also includes any rescission of coverage, which is defined as a cancellation or discontinuance of coverage that has a retroactive effect, except if for failure to timely pay required premiums or contribution for coverage.

Final Internal Adverse Benefit Determination: An Adverse Benefit Determination that has been upheld by BCBSNE, or its Utilization Review designee, at the completion of the internal appeal process as described in this document.

Preservice Claim(s): Any Claim for a benefit under the Plan with respect to which the terms of the Contract require approval of the benefit in advance of obtaining medical care, and failure to do so will cause benefits to be denied or reduced.

Postservice Claim(s): Any Claim that is not a Preservice Claim or Urgent Care Claim.

Urgent Care Claim: A Claim for medical care or treatment for which the application of the time periods for making non-urgent care determinations:

- could seriously jeopardize the life or health of the Covered Person or the ability of the Covered Person to regain maximum function; or
- in the opinion of a physician with knowledge of the claimant's medical condition, would subject the Covered Person to severe pain that cannot be adequately managed without the care or treatment that is the subject of the Claim.

How To Appeal An Adverse Benefit Determination

A Covered Person or a person acting on his/her behalf (the "claimant") is entitled to an opportunity to appeal initial or final Adverse Benefit Determinations.

Internal Appeal

A request for an internal appeal must be submitted within six (6) months of the date the Claim was processed, or Adverse Benefit Determination was made. The written request for an appeal should be submitted on the designated appeal request form included in adverse benefit determinations letters. The form can also be found a NebraskaBlue.com/Forms or contact the Member Services Department at the number found on the back of you I.D. card. The appeal should also include:

- the name of the person submitting the appeal and his/her relationship to the patient;
- the reason for the appeal;
- any information that might help resolve the issue; and
- the date of service/Claim.

BCBSNE will provide the claimant a notice of receipt of the request within 3 days. The notice will include the name, address and telephone number of a person to contact regarding coordination of the review. The claimant does not have the right to be in attendance at the appeal review nor to have a representative in attendance but may submit additional information for consideration.

If the Adverse Benefit Determination was based on a medical judgment, including a Medical Necessity or Investigative determination, BCBSNE will consult with health care professionals with appropriate training and experience in the field of medicine involved in the medical judgment, to make the appeal determination. The appeal determination will be made by individuals who were not involved in the original determination.

Timing of Appeals Determinations

The table below describes the timing for appeals:

APPEAL	ERISA TIMING
PRE-SERVICE (NON-URGENT)	
• Written notice of the appeal determination within	30 calendar days
• You must appeal the internal appeal (1st level appeal) and file an external appeal (2nd level appeal) within	4 months after receiving the 1st level appeal decision
• Written notice of the external (2nd level) appeal decision will be provided within	45 calendar days from the date the IRO receives the appeal
POST-SERVICE	
• Written notice of the appeal determination will be provided to the claimant within	60 calendar days
• If additional time is needed and written notice is provided on or before the 15th day, the appeal determination will be provided to the claimant within	NA
• You must appeal the internal appeal (1st level appeal) and file an external appeal (2nd level appeal) within	4 months after receiving the internal (1st level) appeal decision
• Written notice of the external (2nd level) review decision will be provided within	45 calendar days from the date the IRO receives the appeal
EXPEDITED APPEAL (Urgent Care)	
• An expedited appeal will be reviewed, determined and notice provided to the claimant within	72 hours after receipt

Concurrent Care: A request for an expedited appeal of a concurrent care denial must be made within 24 hours of the denial. If the appeal is requested within the 24-hour time period, coverage will continue for health care Services pending notification of the review decision, as may be required by law. The decision time frame will be the same as for other expedited appeals.

The decision made pursuant to this appeal will be considered a Final Adverse Benefit Determination.

NOTE: When an adverse appeal determination involves medical judgment, upon receipt of a written request, the identity of the health care professionals who reviewed the appeal will be provided to the claimant.

Rights To Documentation

A claimant has the right to have access to, and request copies of, the documentation relevant to the Claim and Adverse Benefit Determination(s), including any new evidence or rationale considered or relied upon in connection with the Claim on review.

The claimant may submit additional comments, documents or records relating to the Claim for consideration during the appeal process.

External Review

Standard External Review: If the claimant has exhausted internal appeal reviews, an external review by an Independent Review Organization (IRO) may be requested for review of an Adverse Benefit Determination or Final Internal Adverse Benefits Determination for:

- Those involving medical judgment (excluding those that involve only contractual or legal interpretation without any use of medical judgement); or
- Rescission of coverage (whether or not the rescission has any effect on any particular benefit at the time) (ERISA self-funded only).

Medical judgment includes, but is not limited to

- Determinations based on the plan's or insurer's requirements for medical necessity;
- Appropriateness;
- Health care setting;
- Level of care, or effectiveness of a covered benefit, or its determination that a treatment is experimental or investigational.

The request must be submitted in writing within four months after the date of receipt of the Final Internal Adverse Benefit Determination. (An Adverse Benefit Determination based on an individual's eligibility for coverage or to participate in a plan is not eligible for External Review.)

The Covered Person will be required to authorize the release of any of his or her medical records which may be needed for the purpose of the external review.

Upon receipt of a request for an External Review, BCBSNE shall review the request to determine if it is complete and whether the request is eligible for External Review. BCBSNE will conduct the preliminary review within five (5) business days of receipt, and notify the claimant of the outcome within one business day. If it is determined that the request is not complete, or it is not eligible for External Review, the claimant will be notified of the reason for ineligibility, or advised of the information needed to make the request complete.

If the request is eligible for External Review, it will be forwarded to the IRO, including the documentation and information considered in making the initial Adverse or Final Adverse Benefit Determination. The claimant will be allowed an opportunity to submit additional information for consideration by the IRO. The IRO shall provide BCBSNE with any information submitted by the claimant, to allow BCBSNE an opportunity to reconsider its original determination.

The IRO shall complete its review and provide the claimant written notification and rationale for its decision within 45 calendar days of receipt of the request for review. No deference shall be given to the prior determinations made by BCBSNE pursuant to the internal appeal process.

Expedited External Review: An expedited External Review may be requested at the same time a claimant requests an expedited internal appeal of an Adverse Benefit Determination of an Urgent Care Claim if:

- the denial involves an Urgent Care Claim where the timeframe for completing an expedited internal appeal could seriously jeopardize the life or health of the Covered Person or the ability of the Covered Person to regain maximum function; or
- for non-ERISA Plans, the denial was based on a determination that the requested service or treatment is Investigative, if the Covered Person's treating physician certifies in writing that the service or treatment would be significantly less effective if not promptly initiated.

However, the claimant must first exhaust the internal appeal process unless otherwise waived by BCBSNE or as directed by the IRO, consistent with applicable law.

An expedited External Review may also be requested following a Final Internal Adverse Benefit Determination if:

- the Covered Person has a medical condition where the time frame for completion of a standard External Review would seriously jeopardize the life or health of the Covered Person, or would jeopardize his or her ability to regain maximum function; or
- the Final Internal Adverse Benefit Determination concerns an admission, availability of care, continued stay or health care Service for which the Covered Person has received emergency Services, but has not been discharged from the facility.

The decision of the IRO is the final review decision and is binding on BCBSNE and the claimant, except to the extent that the claimant may have other remedies available under applicable federal or state law. Once an external review decision has been made, the Covered Person or his/her representative may not file a subsequent request for an external review involving the same initial or final Adverse Benefit Determination.

When You Have Coverage Under More Than One Plan

This Plan includes a Coordination of Benefits (COB) provision. COB provisions apply when a Covered Person has coverage under more than one health Plan. This provision establishes a uniform order in which the Plans pay their Claims, limits the duplication of benefits, and provides for transfer of information between the Plans.

The order of benefit determination rules described in this section determine which Plan will pay as the primary Plan without regard to any benefits that might be payable by another Plan.

Definitions

For the purpose of this section, the terms are defined as:

Allowable Expense: A health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense.

The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of Plan provisions include second surgical options, preauthorization of admissions, and preferred provider arrangements.

Closed Panel Plan: A Plan that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

Custodial Parent: The parent awarded custody by a court decree or, in the absence of a court decree, the parent with whom the child resides more than one half of the calendar year excluding temporary visitation.

Plan: As used in this section, any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts:

a. Plan includes: group and nongroup insurance contracts and subscriber contracts, health maintenance organization (HMO) contracts, Closed Panel Plans; other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits coverage in motor vehicle "no-fault" and traditional "fault" type contracts; group and nongroup insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care; and Medicare or any other federal governmental Plan, as permitted by law.
b. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage other than the medical benefits coverage in motor vehicle "no fault" and traditional "fault" contracts; uninsured or underinsured coverage under a motor vehicle policy; specified disease or specified accident coverage; limited benefit health coverage, as defined in state law; school accident coverage; disability income insurance; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; and coverage under other federal governmental Plans, unless permitted by law.

Each contract for coverage under a. or b. is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

Primary Plan: The Plan that will determine payment for its benefits first before those of any other Plan without considering any other Plan's benefits.

Secondary Plan: The Plan that will determine its benefits after those of another Plan and may reduce the benefits so that all Plan benefits do not exceed 100% of the total Allowable Expense. The Secondary Plan will not pay more than the Primary Plan's contracted reimbursement rate.

This Plan: The part of the contract providing health care benefits to which the COB provision applies and which may be reduced because of the benefits of other Plans. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

Order Of Benefit Determination Rules

1. The Primary Plan pays or provides its benefits according to its terms or coverage and without regard to the benefits under any other Plan.
2. A Plan that does not contain a coordination of benefits provision that is consistent with this Part is always primary unless the provisions of both Plans stated that the complying Plan is primary.
3. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
4. Each Plan determines its order of benefits using the first of the following rules that apply:

    - **Subscriber And Dependent —** The Plan that covers the person as other than a dependent, such as a subscriber/policyholder/employee is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent and primary to the Plan covering the person as a subscriber, then the order of benefits between the two Plans is reversed so that the Plan covering the person as a subscriber is the Secondary Plan and the other Plan is the Primary Plan.

    - **Dependent Child Covered Under More Than One Plan —** Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Plan the order of benefits is determined as follows:
        - For a dependent child whose parents are married or are living together, whether or not they have ever been married, the Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan. If both parents have the same birthday, the Plan that has covered the parents the longest is the Primary Plan (birthday rule).
        - For a dependent child whose parents are divorced, separated or not living together, whether or not they have ever been married, if a court decree states that one of the parents is responsible for the child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, the Plan of that parent's spouse is primary. This rule applies to Plan years beginning after the Plan is given notice of the court decree.
        - If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the order of benefits shall be determined by the "birthday rule" stated above.
        - If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the order of benefits shall be determined by the "birthday rule" stated above.
        - If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
            - the Plan covering the custodial parent;
            - the Plan covering the spouse of the custodial parent;
            - the Plan covering the non-custodial parent; and then
            - the Plan covering the spouse of the non-custodial parent.
        - For a dependent child covered under more than one Plan of individuals who are not parents of the child, the above provisions shall apply as if those individuals were the parents.

- For an Eligible Dependent child covered under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule below for "Longer or Shorter Length of Coverage" applies. In the event the Eligible Dependent child's coverage under the spouse's plan began on the same date as his or her coverage under the parents' plan(s), the order of benefits shall be determined by applying the "birthday rule" above, to the child's parent(s) and to his or her spouse.

- **Active Employee, Retired or Laid-Off Employee —** The Plan that covers a person as an active employee, that is, an employee who is neither retired nor laid off, is the Primary Plan. The Plan covering that same person as a retired or laid-off employee is the Secondary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the first rule (Subscriber and Dependent) can determine the order of benefits.
- **COBRA or State Continuation Coverage —** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as a subscriber/member/employee/retiree or covering the person as a dependent of a subscriber/member/employee/retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the first rule (Subscriber and Dependent) can determine the order of benefits.
- **Longer or Shorter Length Of Coverage —** The Plan that has covered the person longer is the Primary Plan and the Plan that has covered the person the shorter period of time is the Secondary Plan. The start of a new Plan does not include a change in the amount or scope of a Plan's benefits; a change in the entity that pays, provides or administers the Plan's benefits; or a change from one type of Plan to another, such as from a single employer Plan to a multiple employer Plan.

If the above rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Administration Of Coordination Of Benefits

The order of benefit determination rules govern the order in which each Plan will pay a Claim for benefits. The Plan that pays first is called the Primary Plan. The Plan that pays after the Primary Plan is called the Secondary Plan.

If This Plan is the Primary Plan, there shall be no reduction of benefits. Benefits will be paid without regard to the benefits of any other Plan.

If This Plan is the Secondary Plan, it may reduce its benefits so that the total benefits paid or provided by all Plans for any Claim are not more than the total Allowable Expenses. In determining the amount to be paid for any Claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the Claim do not exceed the total Allowable Expense for that Claim. In addition, the Secondary Plan shall credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other health coverage. Also, if the Primary Plan is medical payments coverage under a motor vehicle policy, the Secondary Plan shall credit payments from the motor vehicle insurance policy to Deductibles, Copayments and Coinsurance after discounts under the health plan.

Miscellaneous Provisions

If these COB rules do not specifically address a particular situation, BCBSNE may, at its discretion, rely on the National Association of Insurance Commissioners Coordination of Benefits Model Regulation as an interpretive guide.

To properly administer these COB rules, certain facts are needed. This Plan may obtain or release information to any insurance company, organization or person. BCBSNE need not notify, or obtain the consent of any person to do so. Any person who claims benefits under This Plan agrees to furnish the information that may be necessary to apply COB rules and determine benefits.

If another Plan pays benefits that should have been paid under This Plan, this Plan may reimburse the other Plan amounts determined to be necessary. Amounts paid to other Plans in this manner will be considered benefits paid under This Plan and This Plan is released from liability for any such amounts.

If the amount of the benefits paid by This Plan exceeds the amount it should have paid, This Plan has the right to recover any excess from any other insurer, any other organization, or any person to or for whom such amounts were paid, including Covered Persons under This Plan.

Termination Of Coverage

Coverage under your Group health Plan will terminate for you and/or your dependents on the earliest of the following dates:

- the date the entire Contract is terminated;
- the last day of the month in which your employment terminates;
- the last day of the month in which you cease to be eligible under the health plan; or a dependent ceases to be an Eligible Dependent;
- the last day of the month in which BCBSNE receives a request from you or the employer to terminate coverage for you or a dependent, or the date requested in the notice, if later;
- the last date for which premium is paid; or
- another date as specified by your employer.

You and/or your Eligible Dependents may be eligible to continue coverage under the Group health plan as detailed in this section.

Continuation Of Coverage Under The Federal Continuation Law (COBRA)

If you terminate your employment, or if a dependent loses coverage due to certain "Qualifying Events," continued coverage under the Group health Plan may be available. Payment for continued coverage under the federal continuation law is at the employee's or dependent's own expense. Please contact your employer for details regarding eligibility.

What Is The Federal Continuation Law?

The Consolidated Omnibus Budget Reconciliation Act (COBRA), is a federal law which provides that a Covered Person who would lose coverage due to the occurrence of a "Qualifying Event," may elect to continue coverage under the Group health Plan. A person who is eligible to continue coverage is called a "Qualified Beneficiary." A Qualified Beneficiary also includes a child born to, or placed for adoption with the Covered Person during the period of COBRA coverage. Please share the information found in this section with your Eligible Dependents.

Termination Of Employment Or Reduction In Hours — COBRA provides that if you should lose eligibility for coverage due to:

- voluntary or involuntary termination of employment (other than for gross misconduct);
- a lay-off for economic reasons; or
- a reduction in work hours,

you and your covered dependents may be able to continue the Group coverage at your own expense for up to 18 months. Your employer is required to notify the Plan Administrator within 30 days of the loss of coverage. The Plan Administrator will send the Qualified Beneficiaries a COBRA notification within 14 days after receiving notice from the employer. If the employer and Plan Administrator are the same entity, the COBRA notification will be sent within 44 days of the date of the loss of coverage.

Disability — If a Qualified Beneficiary is determined by the Social Security Administration to have been disabled any time during the first 60 days of COBRA continuation coverage, the COBRA coverage period for the disabled individual and his or her related beneficiaries may be extended to 29 months instead of 18 months when loss of coverage is due to termination or reduction in hours of employment. You must provide written notice of the disability determination to the plan within 18 months of becoming eligible for COBRA and no later than 60 days after the date of the Social Security Administration's determination.

If the Social Security Administration determines that you or the dependent are no longer disabled, the extended continuation of coverage period (19th through 29th month) will be terminated the month that begins more than 30 days after the determination. You must notify the plan within 30 days of a determination that an individual is no longer disabled.

Change In Dependent Status, Divorce/Separation Or Medicare Entitlement — COBRA requires that continued coverage under the Group health Plan be offered to your covered spouse and eligible children if they would otherwise lose coverage as a result of:

- divorce or legal separation;
- a child losing dependent status; or
- the employee becoming entitled to Medicare.

When one of these circumstances occur, you or the dependent are obligated to notify the employer or Plan Administrator within 60 days. Failure to provide timely and proper notice may result in the loss of the right to COBRA.

After receiving a timely notice of such an event, your employer or the Plan Administrator will send the Qualified Beneficiaries an election form and the information needed to apply for coverage, if eligible, within 14 days of the date the notice is received. Coverage may be continued at the individual's expense for up to 36 months.

Your Death — If you should die while you are covered under this Group health Plan, continued coverage is available to your spouse and Eligible Dependents.

COBRA provides that subject to certain limitations, your surviving spouse and children may continue the Group health coverage at their own expense for up to 36 months. Federal law requires your employer to send the surviving family members instructions as to how to apply for continued coverage if they are eligible.

Special Provisions — If an employer files Chapter 11 bankruptcy, special provisions regarding COBRA continuation coverage may apply for a retiree or deceased retiree's surviving spouse and dependent children. Please check with your employer for details.

Electing COBRA Coverage

Qualified beneficiaries will be sent a written notice of the right to continue health coverage and an election form(s).

REMINDER: In the case of a divorce or legal separation, or if a child loses dependent status, you must notify your employer or Plan Administrator of this Qualifying Event within 60 days. Failure to provide timely and proper notice may result in the loss of the right to COBRA coverage.

Qualified Beneficiaries must complete and return the COBRA election form in order to continue coverage. The notice will include instructions for completing and returning the form. The election form must be received by the later of:

- 60 days after the day health coverage would otherwise end; or
- 60 days after the notice is sent to you by the employer or Plan Administrator.

COBRA continuation coverage may only begin on the day after coverage under the Group health Plan would otherwise end. The required premium, including any retroactive premium, must be paid from the day coverage would have otherwise ended. The premium must be paid within 45 days after the day continued coverage is elected. Succeeding premiums must be paid monthly within 30 days of the premium due date. The COBRA notice and election form will inform you or your dependents of the monthly premium amount, and to whom such premium should be paid.

Second Qualifying Event — In the event your family experiences another Qualifying Event while receiving an 18-month period of COBRA coverage (or the extended 29-month period), your covered spouse and dependents are eligible to extend the original COBRA coverage period to a maximum of 36 months if notice of the second event is properly given to the employer or Plan Administrator. This extension may be available to the spouse and children receiving continuation coverage if: a) you die; b) you become entitled to Medicare; c) you get divorced or legally separated; or d) the dependent child is no longer eligible as a dependent, but only if the second event would have caused the spouse or child to lose coverage under the plan had the first Qualifying Event not occurred. In all of these cases, you or the dependent must notify the employer or Plan Administrator within 60 days of the second Qualifying Event.

Termination Of COBRA Coverage — A Qualified Beneficiary's COBRA continuation coverage will end at midnight on the earliest of:

- the day your employer ceases to provide any Group health Plan to any employee;
- the day the premium is due and unpaid;
- the day the individual first becomes covered under any other group health plan (after the COBRA election);
- the day the individual again becomes covered as an employee or dependent under this Plan;
- the day an insured person becomes entitled to benefits under Medicare (after COBRA election); or
- the day health insurance has been continued for the maximum period of time allowed (18, 29 or 36 months).

NOTE: In the event more than one continuous provision applies, the periods of continued coverage may run concurrently, but never for more than 36 months.

Uniformed Services Employment And Reemployment Rights (Military Leave)

The Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) requires that continued coverage under an employer Group health Plan be offered to an employee and covered dependents if coverage would otherwise be lost due to a military leave.

Continuation Of Group Health Coverage

If coverage under your employee Group health Plan ends because of service in the uniformed services, you may elect to continue health coverage for yourself and your covered dependents, until the earlier of:

- 24 consecutive months from the date active duty began; or
- the day after the date on which You fail to apply for, or return to employment, in accordance with USERRA.

You are responsible for payment of the required premium to continue coverage. If the leave for military service is less than 31 days, your required premium is the standard employee share of the applicable premium; for a leave in excess of 30 days, the required premium shall be no more than 102% of the total premium applicable for your membership option. Your employer will inform you of the amount and procedure for payment of premiums.

A Covered Person's continued coverage under these USERRA provisions will end at midnight on the earliest of:

- the day the employer ceases to provide any Group health Plan for its employees;
- the day premium is due and unpaid;
- the day a Covered Person again becomes covered under this Plan;
- the day coverage has been continued for the period of time stated above.

Reemployment

Following service in the uniformed services, an employee may be eligible to apply for reemployment with the employer in accordance with USERRA. Such reemployment includes the right to reenroll for Group health coverage provided by the employer, with no new waiting periods imposed.

Please contact your employer for further information regarding your rights under USERRA.

Benefit Plan Document

This SPD provides an overview of your benefits. It is not intended to be a complete description of every detail of the Group health Plan. All coverage and benefit determinations are governed by the Benefit Plan Document, which consists of the Administrative Services Agreement, this SPD, and other documents entered into between the Group and BCBSNE.

Fraud Or Misrepresentation

A Covered Person's coverage may be canceled or rescinded for fraud or intentional misrepresentation of material fact about a claim or eligibility for this coverage.

If coverage is rescinded, the amount of premium paid will be reduced by any benefits that were paid, and will be refunded. If benefits paid exceed the premium received, BCBSNE may recover the difference.

Contracting Providers

BCBSNE does not engage in the practice of medicine and all Contracting Providers provide Services under the terms of the Plan as independent practitioners of the healing arts. Such providers are not employees or agents of BCBSNE or the On-site Plan, and BCBSNE will not be liable for any act, error, or neglect of any Hospital, Physician or other provider or their agent, employee, successor or assignee.

Subrogation

Subrogation is the right to recover benefits paid for Covered Services provided as the result of Injury or Illness which was caused by another person or organization. When benefits are paid under the Group health Plan, the Plan shall be subrogated to all of the Covered Person's right of recovery against any person or organization to the extent of the benefits paid. The Subscriber, the Covered Person or the person who has the right to recover for a Covered Person (usually a parent or spouse), agrees to make reimbursement to the Plan if payment is received from any source.

This subrogation shall be a first priority lien on the full or partial proceeds of any settlement, judgment, or other payment recovered by or on behalf of the Covered Person, whether or not there has been full compensation for all his or her losses, or as provided by applicable law. The Plan's rights shall not be defeated by allocating the proceeds in whole or in part to nonmedical damages.

Contractual Right To Reimbursement

If a Covered Person receives full or partial proceeds from any other source for Covered Services for an Illness or Injury, the Group health Plan has a contractual right of reimbursement to the extent benefits were paid under the Plan for the same Illness or Injury. This contractual right to reimbursement shall be a first priority lien against any proceeds recovered by the Covered Person, whether or not the Covered Person has been fully compensated for all his or her losses, or as provided by applicable law.

Such proceeds may include, but are not limited to, any settlement; judgment; payments made under insurance; individual or group no fault auto insurance; individual or group medical payment coverage; bodily injury overage; uninsured or underinsured motorist protection; or proceeds otherwise paid by any source. This contractual right to reimbursement is in addition to and separate from the subrogation right. The Group health Plan's rights shall not be defeated by allocating the proceeds in whole or in part to nonmedical damages. For Covered Persons residing in Michigan, this Plan is always secondary to automobile no-fault coverage, personal injury protection coverage, or medical payments coverage.

When BCBSNE recovers proceeds under this contractual right to reimbursement for all or a part of the Claim, amounts previously credited to a Covered Person's Deductible or Coinsurance liability may be removed. Future Claims will be subject to the reinstated Deductible or Coinsurance.

No adult Subscriber may assign any rights to recover medical expenses from any third party to any minor or other dependent of the adult Subscriber or to any other person, without the express written consent of Group health Plan. The right to recover, whether by subrogation or reimbursement, shall apply to settlements or recoveries of deceased persons, minor dependents of a Subscriber, incompetent or disabled Subscribers, or their incompetent or disabled Eligible Dependents.

The Subscriber agrees to fully cooperate and assist in any way necessary to recover such payments, including but not limited to notifying BCBSNE of a claim or lawsuit filed on his or her behalf, or on behalf of any Eligible Dependent for an Injury or Illness. The Subscriber, Eligible Dependent or an authorized representative shall contact BCBSNE prior to settling any claim or lawsuit to obtain an updated itemization of its subrogation Claim or reimbursement amount due. Upon receiving any proceeds, the Subscriber, Eligible Dependent or an authorized representative must hold such proceeds in trust until such time as the proceeds can be transferred to the Group health Plan. The party holding the funds that rightfully belong to the Group health Plan shall not interrupt or prejudice the Plan's recovery of such payments.

Costs incurred in enforcing these provisions shall also be recovered, including, but not limited to, attorneys' fees, litigation and court costs, and other expenses.

Workers' Compensation

Benefits are not available for Services provided for Injuries or Illnesses arising out of and in the course of employment, whether or not the Covered Person fails to assert or waives his or her right to Workers' Compensation or Employer Liability Law. The employer is required to furnish or pay for such Services or a settlement can be made, pursuant to Workers' Compensation laws. (See also the section of this book titled "Exclusions — What's Not Covered.")

If a Covered Person enters into a lump-sum settlement which include compensation for past or future medical expenses for an Injury or Illness, payment will not be made under the Group health plan for Services related to that Injury or Illness.

Benefits are not payable for services determined to be not compensable due to noncompliance with terms, rules and conditions under Workers' Compensation laws, or a Certified or otherwise Licensed Workers' Compensation Managed Care Plan. In addition, benefits are not payable for Services that are related to the work Injury or Illness, but are determined to be not necessary or reasonable by the employer or Workers' Compensation carrier.

In certain instances, benefits for such Services are paid in error under the Group health Plan. If payment is received by the Covered Person for such Services, reimbursement must be made. This reimbursement may be refunded from any recovery made from the employer, or the employer's Workers' Compensation carrier, as permitted by law. Reimbursement must be made directly by the Subscriber when benefits are paid in error due to his or her failure to comply with the terms, rules and conditions of Workers' compensation laws, or a Certified or Licensed Workers' Compensation Managed Care Plan.

Legal Actions

The Subscriber cannot bring a legal action to recover under the Contract for at least 60 days after written proof of loss is given to BCBSNE. The Subscriber cannot start a legal action after three years from the date written proof of loss is required.

Your ERISA Rights

As a participant in this Group health Plan, you are entitled to certain rights and protections under ERISA (Employee Retirement Income Security Act of 1974).

ERISA provides that all plan participants shall be entitled to:

- Receive Information About Your Plan and Benefits
  - Examine, without charge, at the Plan Administrator's office and at other specified locations, all documents governing the plan, including insurance contracts, and collective bargaining agreements, and a copy of the latest annual report filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
  - Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements, copies of the latest annual report and updated summary plan description. The Plan Administrator may make a reasonable charge for the copies.
  - Receive a summary of the plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report.
- Continue Group Health Plan Coverage
  - Continue health coverage for yourself, spouse or dependents if there is a loss of coverage under the Plan as a result of a Qualifying Event (COBRA). You or your dependents may have to pay for such coverage. Review your Summary Plan Description and the documents governing the Plan for the rules regarding Your COBRA continuation rights.

Prudent Actions By Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries.

No one, including your employer or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your Claim for a benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of the plan documents or the latest annual report from the Plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator.

If you have a Claim or benefit which is denied or ignored in whole or in part, you may file suit in a state or federal court. If you disagree with the Plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in a federal court. The court will decide who should pay these costs and fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs or fees, for example, if it finds your claim is frivolous.

Assistance With Your Questions

If you have any questions about your plan, you should contact the Plan Administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest area office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory, or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

DEFINITIONS

ACA: The Patient Protection and Affordable Care Act and implementing regulations and sub-regulatory guidance.

Advanced Diagnostic Imaging: Highly developed technologies that use computerized imaging or radio isotropic enhancements to play a decisive role in diagnostics, such as computerized tomography (CT) scans, magnetic resonance imaging (MRI), magnetic resonance angiography (MRA), MRI of the breast, magnetic resonance spectroscopy (MRS), functional brain MRI (fMRI), positron emission tomography (PET) scans, single photon emission computed tomography (SPECT) scans and other nuclear medicines.

Administrative Services Agreement (ASA): The agreement entered into between the Group and BCBSNE for administration of the Group's self-insured, or partially self-insured, health care programs for eligible employees.

Aggregate Deductible and/or Out-of-pocket Limit: The term Aggregate is used to describe a manner in which the Deductible and Out-of-pocket Limit are accumulated under a multi-person Membership Unit. Aggregate Deductible means the entire family amount must be met before benefits are available to any family member (for Services subject to the Deductible). Aggregate Out-of-pocket Limit means the entire family amount must be met before cost-sharing is no longer applicable. Family members may combine their Covered Expenses to satisfy the family amounts.

Ambulance Services: Any privately or publicly owned motor vehicle or aircraft that is especially designed, constructed or modified, and equipped and is intended to be used and is maintained or operated for the overland or air transportation of patients upon the streets, roads, highways, airspace or public ways or any other motor vehicles or aircraft used for such purposes.

Allowable Charge: An amount used by BCBSNE to calculate payment for Covered Services. This amount will be based on either the Contracted Amount for In-network Providers or the Out-of-network Allowance for Out-of-network Providers.

Ambulatory Surgical Facility: A Certified facility that provides surgical treatment to patients not requiring inpatient hospitalization. Such facility must be Licensed as a health clinic as defined by state statutes, but shall not include the offices of private Physicians or dentists whether for individual or group practice.

Approved Clinical Trial: A phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition and is one of the following:

- A federally funded or approved trial.
- A clinical trial conducted under an FDA investigational new drug application.
- A drug trial that is exempt from the requirement of an FDA investigational new drug application.

Routine patient costs for purposes of an Approved Clinical Trial shall mean Covered Services:

- for which benefits are payable absent a clinical trial;
- required solely for providing the experimental or investigative Services or monitoring its effect, or preventing complications; and
- needed for reasonable and necessary care arising from the provision of an experimental or Investigative Services.

Approved Provider: A Licensed practitioner of the healing arts who provides Covered Services within the scope of his or her License or a Licensed or Certified facility or other health care provider, payable according to the terms of the Plan, Nebraska law or pursuant to the direction of BCBSNE.

Auxiliary Provider: A Certified social worker, psychiatric registered nurse, Certified alcohol and drug abuse counselor or other Approved Provider who is performing Services within his or her scope of practice and who is supervised, and billed for, by a qualified Physician, Licensed Psychiatrist or Licensed Psychologist, or as otherwise permitted by state law. Certified master social workers or Certified professional counselors performing mental health Services who are not Licensed Mental Health Practitioners are included in this definition.

Benefit Plan Document: The agreement between BCBSNE and the Group which includes the Administrative Services Agreement and any attachments or addenda, this Summary Plan Description, and the individual enrollment information of Subscribers and their Eligible Dependents.

Benefit Summary: A summary of the cost-sharing amounts, benefit maximums or limits, and other specific information regarding coverage under the Plan. The Summary may be provided as a separate document, and/or included within this Summary Plan Description.

Benefit Year: A consecutive period of time, specified by your employer/plan sponsor, in which benefits are accumulated toward the Deductible, Out-of-pocket Limit and any applicable benefit maximums or limits. Your Benefit Year may be a calendar year or other 12-month period, as shown on your Benefit Summary.

BlueCard® Program: This Blue Cross and Blue Shield Association (BCBSA) program is a collection of policies, provisions and guidelines that enables BCBSNE to process Claims incurred by Covered Persons residing or traveling outside its Service Area by utilizing the discounts negotiated by the On-site plan and its Contracting Providers.

Certification: Successful voluntary compliance with certain prerequisite qualifications specified by regulatory entities. Agencies and programs may be deemed to be in compliance when they are accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), the Commission on the Accreditation of Rehabilitation Facilities (CARF), American Association for Ambulatory Health Care (AAAHC), American Association for Accreditation of Ambulatory Plastic Surgery Facilities (AAAAPSF), Medicare or as otherwise provided in the Plan provisions or state law.

Claim: A request for benefits under this Plan.

Cognitive Training: A rehabilitative intervention aimed at retraining or facilitating the recovery of mental and information processing skills including perception, problem-solving, memory storage and retrieval, language organization and expression.

Coinsurance: The percentage amount the Covered Person must pay for Covered Services.

Congenital Abnormality: A condition existing at birth which is outside the broad range of normal, such as cleft palate, birthmarks, webbed fingers or toes. Normal variations in size and shape of the organ such as protruding ears are not considered a Congenital Abnormality.

Contracted Amount: The Allowable Charge agreed to by BCBSNE or a Host Blue plan and Contracting Providers, for Covered Services received by a Covered Person.

Contracting Provider: An In-network Provider or a BlueCard Program Preferred or Participating Provider.

Convenient Care/Retail Clinic: A medical clinic located in a retail location such as a grocery or drug store, where a provider offers treatment of minor medical conditions, immunizations and physicals without an appointment.

Copayment (Copay): A fixed dollar amount of the Allowable Charge, payable by the Covered Person for a Covered Service, as indicated in the Benefit Summary. Copayments are separate from and do not accumulate to the Deductible.

Cosmetic: Any Services provided to improve or change the patient's physical appearance or characteristics, from which no significant improvement in physiologic function can be expected, regardless of emotional or psychological factors.

Covered Person: Any person entitled to benefits for Covered Services pursuant to the Benefit Plan Document administered by BCBSNE.

Covered Services: Hospital, medical or surgical procedures, treatments, drugs, supplies, Durable Medical Equipment, or other health, mental health or dental care, including any single Service or combination of Services, for which benefits are payable under the Benefit Plan Document, while the ASA is in effect.

Creditable Coverage: Coverage of the individual under any of the following: (a) a group health plan, as defined by HIPAA; (b) health insurance coverage consisting of medical care offered by a health insurance issuer in the group or individual market; (c) Part A or Part B of Medicare; (d) Medicaid, other than coverage consisting solely of benefits under section 1928 (for pediatric immunizations); (e) Title 10 U.S.C. Chapter 55 (medical and dental care of the uniformed services); (f) a medical care program of the Indian Health Service or a tribal organization; (g) a State health benefits risk pool; (h) the Federal Employees Health Benefits Program; (i) a public health plan, which means a plan providing health coverage that is established by a State, the U.S. government, or a foreign country, or a political subdivision thereof; (j) a health plan of the Peace Corps, or (k) a State Children's Health Insurance Program (SCHIP).

Creditable Coverage does not include coverage described in HIPAA as "excepted benefits," including: coverage only for accidents; disability income coverage; liability insurance, including general liability and automobile liability and any supplement thereto; credit only insurance; or coverage for on-site medical clinics.

Other excepted benefits include: limited scope dental or vision coverage or long term care coverage; non coordinated coverages offered separately, such as specified disease or illness policies, hospital or other fixed indemnity insurance; and supplemental benefits such as Medicare Supplemental health insurance, TRICARE supplemental programs or other similar supplemental coverage.

Custodial Care: The level of care that consists primarily of assisting with the activities of daily living such as bathing, continence, dressing, transferring and eating. The purpose of such care is to maintain and support the existing level of care and preserve health from further decline.

Custodial Care includes:

- care given to a Covered Person who:
  - is intellectually or physically disabled; and
  - needs a protected, monitored or controlled environment or assistance to support the basics of daily living, in an institution or at home; and
  - may be ventilator dependent or require routine catheter maintenance;
- health-related Services that are provided for the primary purpose of meeting the personal needs of the Covered Person or maintaining a level of function (even if the specific Services are considered to be skilled Services), as opposed to improving that function to an extent that might allow for a more independent existence; and
- Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively, such as recording pulse, temperature, and respiration; supervising medications that can usually be self-administered; or administration and monitoring of feeding systems.

Deductible: An amount of Allowable Charges that must be paid by the Covered Person each Benefit Year before benefits are payable by the Plan.

Durable Medical Equipment: Equipment and supplies which treat an Illness or Injury, to improve the functioning of a particular body part, or to prevent further deterioration of the patient's medical condition. Such equipment and supplies must be designed and used primarily to treat conditions that are medical in nature, and be able to withstand repeated use. Durable Medical Equipment includes such items as prosthetic devices, orthopedic braces, crutches and wheelchairs. It does not include sporting or athletic equipment or items purchased for the convenience of the family. This term also includes items commonly referred to as home medical equipment.

Eligibility Waiting Period: Applicable to new Subscribers only, the period between the first day of employment and the first date of coverage under the Plan. This period may include the probationary period required by the Plan. This period will not exceed 90 days.

Eligible Dependent:

- The spouse of the Subscriber unless the marriage has been ended by a legal, effective decree of dissolution, divorce or separation;
- Children to age 26. "Children" means:
  - the Subscriber's biological and adopted sons and daughters;
  - a grandchild who lives with the Subscriber in a regular child-parent relationship where the grandchild receives no support or maintenance from the parent and where the Subscriber is a court-appointed guardian of the grandchild;
  - a stepchild (the son or daughter of the Subscriber's current spouse); or
  - a child, other than a grandchild or stepchild, for whom the Subscriber is a court-appointed guardian, but does not include a foster child.
- Reaching age 26 will not end the covered child's coverage under the plan as long as the child is, and remains both incapable of self-sustaining employment, or of returning to school as a full-time student, by reason of intellectual or physical disability; and dependent upon the Subscriber for support and maintenance.

"Physical or intellectual disability" means a severe disability of a person which: a) is attributed to a physical or mental impairment or combination of physical or mental impairments; b) is manifested before the person attains age 26; c) is likely to continue indefinitely; and d) results in incapability of performing self-sustaining employment.

"Severe disability" means substantial functional limitations in three (3) or more of the following areas of major life activities:

- self-care;
- receptive and expressive language;
- learning;
- mobility;
- self-direction; or
- capacity for independent living; and reflects the person's need for treatment or other services which are of an indefinite duration and are individually planned and coordinated.

A physician's statement may be required.

Proof of the requirements stated above must be received by the group health plan or BCBSNE from the Subscriber within 31 days of the child's reaching age 26 and after that, as required (but not more often than yearly after two years of such handicap). Determination of eligibility under this provision will be made by BCBSNE or the Group. Any extended coverage under this paragraph will be subject to all other provisions of the Plan.

Embedded Deductible and/or Out-of-pocket Limit: The term Embedded is used to describe a manner in which the Deductible and Out-of-pocket Limit are accumulated under a multi-person Membership Unit. An Embedded accumulation means that family members' amounts are combined to satisfy the family amount, however no one family member must contribute more than the individual amount (Embedded amount) to satisfy the family amount.

Emergency Services: Health care Services Medically Necessary to screen and stabilize a Covered Person in connection with an Emergency Medical Condition and the provider or facility determines such individual is able to travel using nonmedical transportation.

Emergency Medical Condition: A medical or behavioral condition, the onset of which is sudden, that manifests itself by symptoms of sufficient severity, including, but not limited to, severe pain that a prudent lay person, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in:

- placing the health of the person afflicted with such condition in serious jeopardy or, in the case of a behavioral condition, placing the health of such persons or others in serious jeopardy;
- serious impairment to such person's bodily functions;
- serious impairment of any bodily organ or part of such person; or
- serious disfigurement of such person.

Essential Health Benefits: The ACA identifies ten categories of Covered Services as Essential Health Benefits: ambulatory patient services; emergency services; hospitalization; maternity and newborn care; mental health and substance use disorder services, including behavioral health treatment; prescription drugs; rehabilitative and habilitative services; laboratory services; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care.

Group: The employer/entity providing health coverage for its employees/participants pursuant to the agreement with BCBSNE.

Habilitative Services: Health care Services that help a person keep, learn, or improve skills and functioning for daily living. These Services may include physical and occupational therapy, speech-language pathology and other Services for people with disabilities in a variety of Inpatient and/or Outpatient settings.

Hospice: A program of care provided for persons diagnosed as terminally ill and their families.

Hospital: An institution or facility duly Licensed by the State of Nebraska or the state in which it is located, which provides medical, surgical, diagnostic and treatment Services with 24 hour per day nursing Services, to two or more nonrelated persons with an Illness, Injury or Pregnancy, under the supervision of a staff of Physicians Licensed to practice medicine and surgery.

Host Blue: A Blue Cross and/or a Blue Shield plan in another Blue Cross and Blue Shield Association Service Area, which administers Claims through the BlueCard Program for Nebraska Covered Persons residing or traveling in that Service Area.

Implant: An artificial material grafted or implanted into or onto bone.

Illness: A condition which deviates from or disrupts normal bodily functions or body tissues in an abnormal way, and is manifested by a characteristic set of signs or symptoms.

Independent Laboratory: A freestanding facility offering radiology and pathology Services which is not part of a Hospital and is Licensed by the proper authority in the state in which it is located.

Injury: Physical harm or damage inflicted to the body from an external force.

In-network Hospital, Physician Or Other Provider: A Licensed practitioner of the healing arts, a Licensed facility or other qualified provider of health care Services who has contracted with BCBSNE to provide Services as a part of a Preferred Provider network in Nebraska.

Inpatient: A patient admitted to a Hospital or other institutional facility for bed occupancy to receive Services consisting of active medical and nursing care to treat conditions requiring continuous nursing intervention of such an intensity that it cannot be safely or effectively provided in any other setting.

Investigative: A technology, a drug, biological product, device, diagnostic, treatment or procedure that has not been Scientifically Validated. BCBSNE will determine whether a technology is Investigative.

Late Enrollee: An individual who does not enroll for coverage during the first period in which he or she is eligible, or when eligible, during a Special Enrollment Period.

Licensure (Licensed): Permission to engage in a health profession that would otherwise be unlawful in the state where Services are performed, and which is granted to individuals who meet prerequisite qualifications. Licensure protects a given scope of practice and the title.

Long Term Acute Care (LTAC): Specialized acute Hospital care for medically complex patients who are critically ill, have multi-system complications and/or failures, and require hospitalization in a facility offering specialized treatment programs and aggressive clinical and therapeutic intervention on a 24-hour/seven-day-a-week basis.

Medicaid: Grants to states for Medical Assistance Programs, Title XIX of the Social Security Act, as amended.

Medically Necessary or Medical Necessity: Health care Services ordered by a Treating Physician exercising prudent clinical judgment, provided to a Covered Person for the purposes of prevention, evaluation, diagnosis or treatment of that Covered Person's Illness, Injury or Pregnancy, that are:

- consistent with the prevailing professionally recognized standards of medical practice; and, known to be effective in improving health care outcomes for the condition for which it is recommended or prescribed. Effectiveness will be determined by validation based upon scientific evidence, professional standards and consideration of expert opinion;
- clinically appropriate in terms of type, frequency, extent, site and duration for the prevention, diagnosis or treatment of the Covered Person's Illness, Injury or Pregnancy. The most appropriate setting and the most appropriate level of Service is that setting and that level of Service, considering the potential benefits and harms to the patient. When this test is applied to the care of an Inpatient, the Covered Person's medical symptoms and conditions must require that treatment cannot be safely provided in a less intensive medical setting;
- not more costly than alternative interventions, including no intervention, and are at least as likely to produce equivalent therapeutic or diagnostic results as to the prevention, diagnosis or treatment of the patient's Illness, Injury or Pregnancy, without adversely affecting the Covered Person's medical condition; and
- not provided primarily for the convenience of the following:
  - the Covered Person;
  - the Physician;
  - the Covered Person's family;
  - any other person or health care provider; and
- not considered unnecessarily repetitive when performed in combination with other prevention, evaluation, diagnoses or treatment procedures.

BCBSNE will determine whether Services are Medically Necessary. Services will not automatically be considered Medically Necessary because they have been ordered or provided by a Treating Physician.

Medicare: Health Insurance for the Aged and Disabled, Title XVIII of the Social Security Act, as amended.

Membership Unit: The category of persons to be provided benefits, pursuant to the Subscriber's enrollment.

- **Single Membership:** This option provides benefits for Covered Services provided to the Subscriber only.
- **Subscriber-Spouse Membership:** This option provides benefits for Covered Services provided to the Subscriber and his or her spouse.
- **Single Parent Membership:** This option provides benefits for Covered Services provided to the Subscriber and his or her Eligible Dependent children, but not to a spouse.
- **Family Membership:** This option provides benefits for Covered Services provided to the Subscriber and his or her Eligible Dependents.

Other Membership Units may be available as determined by BCBSNE and the Group.

Mental Health Services Provider: A qualified Physician, Licensed Psychologist, Licensed Special Psychologist, Licensed Psychiatrist and Licensed Mental Health Practitioners are payable providers under the Plan. A Mental Health Practitioner may also be a Licensed Professional Counselor, Licensed Marriage and Family Therapist, or a Licensed Clinical Social Worker who is duly Certified/Licensed for such practice by state law. It also includes, for purposes of the Plan, Auxiliary Providers supervised, and billed for, by a professional as permitted by state law. All mental health Services must be provided under appropriate supervision and consultation requirements as set forth by state law.

- **Licensed Psychologist:** A person Licensed to engage in the practice of psychology in this or another jurisdiction. The terms Certified, registered, chartered, or any other term chosen by a jurisdiction to authorize the autonomous practice of psychology shall be considered equivalent terms.
- **Licensed Psychiatrist** : A person Licensed to engage in the practice of psychiatry to diagnose and treat complex and serious Mental Health conditions. In addition to psychotherapy, treatment provided by a Licensed Psychiatrist may involve prescribing medications.
- **Licensed Special Psychologist:** A person who has a doctoral degree in psychology from an institution of higher education accredited by the American Psychological Association but who is not Certified in clinical psychology. Such person shall be issued a special License to practice psychology that continues to require supervision by a Licensed Psychologist or qualified Physician for any practice that involves major mental and emotional disorders. This psychologist may provide mental health Services without supervision.
- **Licensed Mental Health Practitioner:** A person Licensed to provide treatment, assessment, psychotherapy, counseling, or equivalent activities to individuals, families or groups for behavioral, cognitive, social, mental, or emotional disorders, including interpersonal or personal situations. Mental health practice shall include the initial assessment of organic mental or emotional disorders (as defined by state law), for the purpose of referral to, or consultation with a qualified Physician or a Licensed Psychologist.

  Mental health practice shall not include the practice of psychology or medicine, prescribing drugs or electroconvulsive therapy, treating physical disease, Injury, or deformity, diagnosing major Mental Illness or disorder except in consultation with a qualified Physician or a Licensed Psychologist, measuring personality or intelligence for the purpose of diagnosis or treatment planning, using psychotherapy with individuals suspected of having major mental or emotional disorders except in consultation with a qualified Physician or Licensed Psychologist, or using psychotherapy to treat the concomitants of organic Illness except in consultation with a qualified Physician or Licensed Psychologist.

Mental Health: A pathological state of mind producing clinically significant psychological or physiological symptoms (distress) together with impairment in one or more major areas of functioning (disability) wherein improvement can reasonably be anticipated with therapy, and which is a condition listed in the Diagnostic and Statistical Manual of Mental Disorders (DSM IV or any subsequent version).

Noncovered Services: Services that are not payable under the Benefit Plan Document.

Out-of-network Allowance: An amount BCBSNE uses to calculated payment for Covered Services to an Out-of-network Provider. This amount will be determined by BCBSNE or by the Host Blue plan, as applicable.

- If determined by BCBSNE: the Out-of-network Allowance is calculated as the lesser of the billed charge or an allowance established using a pre-determined method based on the type of service. Such methods include, but are not limited to :
  - a fee schedule based on a percentage of the Medicare allowance for the service;
  - a per diem or daily rate allowance;
  - a percentage of billed charges;
  - an APR-DRG grouping methodology.

- If determined by a Host Blue Plan: the out-of-network Allowance will be the amount that the Host Blue Plan passes to BCBSNE. The Host Blue Plan's allowance may be based on:
  - a negotiated price for their participating providers;
  - the billed charge;
  - their local payment for nonparticipating providers;
  - price arrangement required by any applicable state law.

Out-of-network Provider: A provider of health care Services who has not contracted with BCBSNE to provide Services as a part of a Preferred Provider network in Nebraska.

Out-of-pocket Limit: The maximum amount of cost-share each Covered Person or Membership Unit must pay in a Benefit Year before benefits are payable without application of a cost-share amount. The Out-of-pocket Limit includes Deductible, Coinsurance and Copayment amounts for medical and pharmacy Services, unless otherwise stated. The Out-of-pocket Limit does not include premium amounts, amounts over the Allowable Charge, or penalties for failure to comply with Preauthorization requirements or as may be imposed under the Prescription Drug Program.

Outpatient: A person who is not admitted for Inpatient care, but is treated in the Outpatient department of a Hospital, in an observation room, in an Ambulatory Surgical Facility, Urgent Care Facility, a Physician's office, or at home. Ambulance Services are also considered Outpatient.

Outpatient Program: An organized set of resources and Services administered by a Certified provider, which is directed toward the accomplishment of a designed set of objectives. Day treatment, partial care and Outpatient Programs which provide primary treatment for Mental Health and Substance Use Disorders must be provided in a facility which is Licensed by the Department of Health and Human Services Regulation and Licensure, (or equivalent state agency) or accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) or the Commission on the Accreditation of Rehabilitation Facilities (CARF).

Participating Provider: A Licensed practitioner of the healing arts, or qualified provider of health care Services, who is a Participating Provider in the BlueCard Program Participating network.

Physical Rehabilitation: The restoration of a person who was disabled as the result of an Injury or an acute physical impairment to a level of function which allows that person to live as independently as possible. A person is disabled when such person has physical disabilities and needs active assistance to perform the normal activities of daily living, such as eating, dressing, personal hygiene, ambulation and changing body position.

Physician: Any person holding a License and duly authorized to practice medicine and surgery and prescribe drugs.

Plan: The group health plan of benefits established by the Plan Administrator/Sponsor.

Plan Administrator: The administrator of the Group Health Plan as defined by ERISA.

Preauthorization/Preauthorized: A determination by Us or Our designee, that an admission, extension of stay or other health or dental care service has been reviewed and based of the information provided, meets the clinical requirements for Medical Necessity, appropriateness, level of care, or effectiveness under the auspices of the applicable health benefit plan.

Preferred Provider Organization: A panel of Hospitals, Physicians and other health care providers who belong to a network of Preferred Providers, which agrees to more effectively manage health care costs.

Preferred Provider: A health care provider (Hospital, Physician or other health care provider) who has contracted to provide Services as a part of the network in Nebraska, or if in another state, who is a Preferred Provider with the BlueCard Program PPO network.

Pregnancy: Includes obstetrics, abortions, threatened abortions, miscarriages, premature deliveries, ectopic pregnancies, cesarean sections or other conditions or complications caused by Pregnancy. For purposes of this Plan, Pregnancy also includes a condition or complication caused by Pregnancy, but separate from, and not part of the Pregnancy. It occurs prior to the end of the Pregnancy, and is adversely affected by it. Postpartum depression and similar diagnoses are not considered complications of Pregnancy.

Preventive: Services which focus on the prevention of disease and health maintenance, including the early diagnosis of disease, discovery and identification of high risk for a specific problem, and interventions to avert a health problem in nonsymptomatic individuals.

Primary Care Physician: A Physician who has a majority of his or her practice in the fields of internal or general medicine, obstetrics/gynecology, general pediatrics or family practice.

Private Duty Nursing: Continuous nursing care (beyond the accepted BCBSNE definition of a skilled nursing visit) in homes or facilities. Private Duty Nursing is primarily non-skilled in nature but may include skilled Services and is generally provided to chronically ill patients over the long term.

Qualified Beneficiary: Under COBRA, an individual who must in certain circumstances, be offered the opportunity to elect COBRA coverage under a group health plan. The term generally includes a covered employee's spouse or dependent children who were covered under the group health plan on the day before a Qualifying Event, as well as a covered employee who was covered under the group health plan on the day before a Qualifying Event that is a termination of employment or a reduction in hours. The term also includes a child born to or adopted by a covered employee during a period of COBRA coverage.

Qualifying Event: The circumstances that entitle persons to elect COBRA coverage.

Residential Treatment Program: Services or a program organized and staffed to provide both general and specialized non-hospital based interdisciplinary Services 24 hours a day; seven days a week for persons with behavioral health disorders. Residential treatment may be provided in freestanding, nonhospital-based facilities or in units of larger entities, such as a wing of a hospital. Residential Treatment Programs may include nonhospital addiction treatment centers; intermediate care facilities; psychiatric treatment centers or other nonmedical settings.

Schedule of Benefits: A summarized personal document issued by BCBSNE which provides information such as Subscriber, Group and Plan identification information, Deductible and Coinsurance amounts, and the type of Membership Unit selected.

Scientifically Validated: A technology, a drug, biological product, device, diagnostic, treatment or procedure is Scientifically Validated if it meets all of the factors set forth below:

1. Technologies, drugs, biological products, devices and diagnostics must have final approval from the appropriate government regulatory bodies. A drug or biological product must have final approval from the Food and Drug Administration (FDA). A device must have final approval from the FDA for those specific indications and methods of use that is being evaluated. FDA or other governmental approval is only one of the factors necessary to determine Scientific Validity.
2. The Scientific Evidence must permit conclusions concerning the effect of the technology on health outcomes. The evidence should consist of well-designed and well-conducted investigations published in peer-reviewed journals. The quality of the body of studies and the consistency of the results are considered in evaluating the evidence.

   The evidence should demonstrate that the technology can measure or alter the physiological changes related to a disease, injury, Illness or condition. In addition there should be evidence based on established medical facts that such measurement or alteration affects the health outcomes.

Opinions and evaluations by national medical associations, consensus panels or other technology evaluation bodies are evaluated according to the scientific quality of the supporting evidence and rationale. Our evidence includes, but is not limited to: Blue Cross and Blue Shield Association Technology Evaluation Center technology evaluations; Hayes Directory of New Medical Technologies' Status; Centers for Medicare and Medicaid Services (CMS) Technology Assessments, and United States Food and Drug Administration (FDA) approvals.

3. The technology must improve the health outcome.
4. The technology must improve the health outcome as much as or more than established alternatives.
5. The improvement must be attainable outside the investigational settings.

BCBSNE will determine whether a technology is Scientifically Validated.

Services: Hospital, medical or surgical procedures, treatments, drugs, supplies, Home (Durable) Medical Equipment, or other health, mental health or dental care, including any single service or combination of such Services.

Service Area: The geographic area in which a Blue Cross and Blue Shield plan is authorized to use the Blue Cross and Blue Shield brands pursuant to its license agreement with Blue Cross and Blue Shield Association.

Skilled Nursing Care: A level of care that includes Services that can only be performed safely and correctly by a licensed nurse (either a registered nurse or a licensed practical nurse).

Special Enrollee: An eligible person who enrolls for coverage during a Special Enrollment Period.

Special Enrollment Period: A period of time during which a Special Enrollee is allowed to enroll because of a loss of coverage, marriage, birth, adoption or placement for adoption, without being considered a Late Enrollee, subject to certain criteria as further described in this SPD.

Specialist: A Physician who has a majority of his or her practice in fields other than internal or general medicine, obstetrics/gynecology, general pediatrics or family practice.

Subscriber: An individual who enrolls for health coverage and is named on an identification card issued pursuant to the Benefit Plan Document, and who is:

- an employee hired by an employer who makes application for health coverage for its employees;
- a retiree qualified to receive benefits as defined by the Plan; or
- a COBRA Qualified Beneficiary.

Substance Use Disorder: Alcoholism, drug abuse and nicotine dependence or addiction.

Substance Use Disorder Treatment Center: A facility Licensed by the Department of Health and Human Services Regulation and Licensure, (or equivalent state agency), accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) or the Commission on the Accreditation of Rehabilitation Facilities (CARF). Such facilities are not Licensed as a Hospital, but provides Inpatient or Outpatient care, treatment, Services, maintenance, accommodation or board in a group setting primarily and exclusively for individuals having any type of Substance Use Disorder.

Total Care: Also known as value-based programs. Total Care is an outcomes-based payment arrangement and/or a coordinated care model facilitated with one or more local providers that is evaluated against cost and quality metrics/factors and is reflected in provider payment. Total Care (value-based programs) may include, but are not limited to, Accountable Care Organizations, Global Payment Costs of Care arrangements, Patient Centered Medical Homes and Shared Savings arrangements.

Treating Physician: A Physician who has personally evaluated the patient. This may include a Physician or oral surgeon, a Certified nurse midwife, a Certified nurse practitioner or Certified Physician's assistant, within the practitioner's scope of practice.

Urgent Care Facility: A facility, other than a Hospital, that provides covered health Services that are required to prevent serious deterioration of one's health, and that are required as a result of an unforeseen sickness, Injury or the onset of acute or severe symptoms.

We, Our or Us: Blue Cross and Blue Shield of Nebraska (BCBSNE).

Work-hardening: Physical therapy or similar Services provided primarily for strengthening an individual for purposes of his or her employment.

Hide disclaimer

If applicable, out-of-network providers may bill participants or beneficiaries for the difference between a provider's billed charges and the sum of the amount collected from the group health plan and from the participant or beneficiary in the form of a copayment or coinsurance amount and the provided cost-sharing estimate does not account for these potential additional amounts.

Prices are estimates only and are based on typical contracted prices paid to pharmacies. Prices do not include federal, state, or local taxes or additional fees. The actual price you pay is determined by your benefit plan, and will be calculated at your pharmacy at the time of purchase.

The estimate of cost-sharing liability for a covered item or service is not a guarantee that benefits will be provided for that item or service.

Third Party payments will be applied to your deductible and out-of-pocket maximum accumulators as required by law.

Items and services that are considered preventative services under the Affordable Care Act will not be subject to cost share if received in-network.

Provider directory information is updated weekly on Tuesdays.

Important information about your prescription drug benefits

<Date>

Dear <First Name>,

Welcome to Blue Cross and Blue Shield of Nebraska (BCBSNE). Beginning <Date>, we will be providing your prescription drug coverage. Your prescription drug benefits will be based on a list of covered brand-name and generic drugs, called a prescription drug list (PDL). Your drug list is <PDL name>.

Our records show that you or one of your dependents may be taking a drug that will require preauthorization by your doctor:

<preauth drug name 1>
<preauth drug name 2>

If you have an existing preauthorization for the above medication, it will be transferred to BCBSNE. Once BCBSNE receives the preauthorization information, a communication will be sent to you including the medication name and the approval through date.

If you do not have an existing preauthorization for the above medication, please speak with your physician about this requirement. If they recommend continuing the medication(s) listed above, ask them to submit a preauthorization request on your behalf **no later than <15 days prior to the effective date>.**

What this means for you
If the preauthorization is approved, benefits will be available for this medication after <Date 2>.

If the preauthorization is not approved, benefits for the medication listed above will no longer be available to you after <Date 2>. You may still obtain this drug; however, you will be responsible for 100% of the cost.

In either case, you and your physician will be notified about the preauthorization decision.

Your PDL is available by visiting **NebraskaBlue.com/DrugList** and downloading <PDL name>.

If you have questions or would like more information, please contact Member Services at the number on the back of your member ID card.

Sincerely,

Blue Cross and Blue Shield of Nebraska is an independent licensee of the Blue Cross Blue Shield Association

						Previous Balance		
						Amount Paid	$98.27	

Here are some general requirements for EOB backer information: (taken from PPACA- Health Care reform)

1) **Information Sufficient to Identify Claim:** Adverse benefit determination must include date of service, health care provider and claim amount (if applicable). (This does not apply to EOBs)

2) **Reasons for Adverse Benefit Determination:** Plan or issuer must ensure that the reason(s) for an adverse benefit determination include the denial code and its corresponding meaning, as well as a description of the plans or issuer's standard, if any, that was used in denying the claim. In the case of a final internal adverse benefit determination, this description must also include a discussion of the decision. (In the case of EOBs a denial reason listed is sufficient).

3) **Description of Internal Appeals and External Review Process:** The plan or issuer must provide a description of available internal appeals and external review processes, including information about how to initiate an appeal.

4) **Contact Information:** The plan or issuer must disclose the availability of, and contact information for, an applicable office of health insurance consumer assistance or ombudsman established under PHS Act section 2793. Is there an applicable office of health insurance or an ombudsman for your state?

5) **Culturally and Linguistically Appropriate Notices:** Notices must be provided in a culturally and linguistically appropriate manner (written translation) to those qualified members who request it. Are there languages the client has chosen to support or is required to support?

6) **Diagnosis and Treatment Codes:** Adverse benefit determinations must include diagnosis codes and treatment codes and corresponding meanings). This information comes from the Client, but CR gets diagnosis codes for the denial notice. **Not applicable to EOBs** but must be offered to supply upon request if known or directed back to the Client for help obtaining the diagnosis code on the Medical side.

7) **Substantial Compliance:** If a plan or issuer fails to strictly adhere to all of the requirements of the 2010 interim final regulations, the claimant is deemed to have exhausted the plan's or issuer's internal claims and appeals process, regardless of whether the plan or issuer asserts that it has substantially complied, and the claimant may initiate any available external review process or remedies available under ERISA or under State law.

Generally an ERISA statement is something like the following:

Upon exhaustion of the compliant/appeal process, members of group plans subject to the Employee Retirement Income Security Act (ERISA) have the right to file suit under section 502(a) of ERISA.

See next page for an example of a competed backer

QUESTIONS? Do you have questions or concerns about how this claim processed? If so, please contact customer service at the number listed on the reverse side of your identification card.

IMPORTANT INFORMATION: For hearing and speech impaired telephone access for benefits and claims information, please call 711 TTY/TDD.

A hotline is available to report any instances of suspected fraud, misuse, abuse or waste of health care benefits. Please call toll-free at 1.xxx-xxx-xxx. All information received is confidential.

We use internal and external rules and guidelines to make an adverse benefit determination. You have the right to ask for any relevant documents, records or other information used to process your claim. You can name a representative to ask for this information. Please note - by law we cannot send copies of your Protected Health Information to your representative without your signed approval. To get a form to request relevant documents, please contact customer service.

The dollar amount listed in the “Your Responsibility” box on the reverse side of this form is the amount you are responsible for according to your Plan provisions (i.e. deductible, copayment, coinsurance, other deductions, non-covered services). If you disagree with this amount, please refer to the Complaint/Appeals section below.

COMPLAINT/APPEAL INFORMATION: This Explanation of Benefits (EOB) form explains how your claim was processed based upon the information submitted to us. You or your designated representative may appeal a denial, partial denial, or reduction of your claim by following our complaint procedures. First, contact customer service for an explanation. If you are not satisfied with the explanation given, we will send you a form to file your complaint. You may also submit any documents, records, or other information that relates to your claim for benefits.

Upon receipt of your request, we will provide a full and fair review of your complaint and a written notice of our decision according to the timeframe found in your Plan documentation.

If you are a member of a group plan that is subject to the Employee Retirement Income Security Act (ERISA), once you have exhausted our complaint/appeals process, you have the right to file suit in Federal Court under Section 502(a) of ERISA.

If you need help in a language other than English, please call 1-xxx-xxx-xxxx.

Glossary

Admits: Admits represent an overnight stay in a facility to address a health issue. Admits are derived based on sum of unique Visit Number for inpatient facility claims. See Methodologies > Levels of Analysis under Documentation.

Age Gender Index (AGI): AGI assigns a demographic risk score based on the age band and gender of the member. The AGI weights are derived from the national BHI database and are used to calculate the AGI using the following formula for each Age Gender Band weight: Allowed PMPM for a specific age gender band divided by the Allowed PMPM across all age gender bands.

Average Age: The average age of the population over the analysis period. The average age is derived based on the age of each member each month and dividing by the number of months. Members with “created eligibility,” that is, members with associated claim or other data for a month during which they are not enrolled, are included in this calculation.

Average Contract Size: The average contract size of the population over the analysis period and represents the average number of members per contract. The average contract size is derived based on the number of Member Months divided by the number of Subscriber Months or, equivalently, Average Members divided by Average Subscribers.

Average Members: The average members is a sum of Member Months divided by the number of months. For example, for a period of 12 months and a population of 2 members, one of whom is eligible for the whole period and the second for 6 of these months, Average Members is 1.5.

Benchmark: An average value to which the value for the current population can be compared. Except where noted, benchmarks are calculated for the Commercial book of business for the same Account Product Code (HMO, PPO or POS).

Change: The amount by which a value increased or decreased from the Prior Period to the Current Period.

Chronic Episode Group: Episode Group for which the Episode Type is chronic, which includes Chronic, Acute Flare-ups; Chronic, Maintenance and Chronic, Non-Stratified.

COB: Coordination of Benefits. The COB amount is the amount paid by the primary payer ahead of the plan where the plan is the secondary payer on the claim.

COB Savings: The amount by which the plan reduced the Paid amount for a COB claim from what it would have paid if the plan were primary.

Concurrent Risk: The BHI Concurrent Risk Score provides a severity risk weight for a member considering the mix of health conditions, age and gender of the member. This severity risk score was derived from relative weights using the HHS HCC (Health & Human Services Hierarchical Condition Category) model. The HCC weights were built using a linear regression model with the national BHI benchmark database.

Current Period: The most recent 12-month period with 2 months runout, by default. For example, if data for claims paid through June 2021 has been loaded, the Current Period includes claims incurred May'2020–Apr'2021 and paid May'2020–Jun'2021.

Discount: Discount = (Covered Amount − Allowed Amount) / Covered Amount. The discount reflects network savings. Disallowed amounts are not included in the discount.

Drug Group: Assigned by Medi-Span/FDB, this field defines the Therapeutic Group of the prescription. The Therapeutic Group is the most detailed classification of a drug and often identifies and groups drugs together that are typically options for treating similar conditions.

The Generic Product Identifier (GPI) is a 14-character hierarchical therapeutic classification system developed by Medi-Span for drug products. For example, the GPI for Lipitor Oral Tablet 10MG is 39-40-00-10-10-03-10, from which the Drug Group is 39 (Antihyperlipidemics) and the Drug Name is 39-40-00-10-10 (ATORVASTATIN CALCIUM). For additional components of the GPI, including Drug Class and Drug Sub Class, see https://www.wolterskluwer.com/en/solutions/medi- span/about/gpi and General > Glossary under Documentation.

Drug Name: Assigned by Medi-Span/FDB, the brand name of the drug. Branded drugs have a trade name and are protected by a patent.

Encrypted Member ID: Member IDs are processed through a de-identification process to produce the encrypted member ID and to prevent the direct identification of members through their ID. The encryption method is robust and the resulting encrypted member ID is consistent across all data sources allowing for accurate claimant analysis. The Encrypted Member ID identifies a unique person and is suitable for longitudinal analyses; it remains the same when new data is loaded each month and even if the member’s Member ID is changed.

Episode Group: Assigned by the MEG Grouper, this field is the condition that the episode represents.

Episode Summary Group: Assigned by the MEG Grouper, this field is a high-level categorization of the Episode Group.

Generic Dispensing Rate: The generic dispensing rate represents the proportion of all prescriptions that are a generic form of the drug.

Generic Substitution Rate: The generic substitution rate represents the proportion of all generic and multi-source brand prescriptions that are generic. The rate represents the proportion based on just the drugs where there is a generic option.

High-Cost Claimants: High-cost claimants are members whose Paid amount is >= $100,000 in the Current Period.

Leading: The leading dimension value, such as Leading Clinical Category or Leading Primary Diagnosis 3 Digits, is the value for which the sum of Paid is the greatest during the period.

Medical Premium: The Total Premium paid for the Incurred Month for Benefit Type Medical.

Member Continuity Status: Members are classified as Stayer - Enrolled in both Prior and Current Periods, Joiner - Enrolled in Current but not Prior Period and Leaver - Enrolled in Prior but not Current Period.

Member Months: The sum of months that each member is covered by the health plan. A member is counted as 1 month if the member is eligible as of the last day of that month, otherwise 0.

MHSA: The Management Paid amount paid for the Incurred Month for services related to behavioral health.

Other % of Allowed: The additional amount, expressed as a percentage of Allowed, so that the sum of Paid, COB and Member Cost Shares (Copay, Coinsurance and Deductible) equals Allowed. This amount is typically a small negative percentage because the Paid amount plus Member Cost Shares may be greater than the Allowed amount minus the COB amount.

Paid Loss Ratio: This ratio, which is expressed as a percentage, is derived based on the Total Paid and dividing by the Total Premium. If there is no premium, this measure is not calculated.

Pharmacy Premium: The Total Premium paid for the Incurred Month for Benefit Type Pharmacy.

PKMPM: Per thousand members per month. This type of measure is typically used for Pharmacy.

PMPM: An amount per member per month, which is derived based on that amount and dividing by the number of Member Months.

Prior Period: The period prior to the Current Period. For example, if data for claims paid through June 2021 has been loaded, the Prior Period includes claims incurred May'2019–Apr'2020 and paid May'2019–Jun'2020.

Tier: Drugs are classified into tiers according to a formulary, such as the following typical categorization: Tier 1 - Most generic drugs or low-cost, preferred brand drugs; Tier 2 - Non-preferred generic drugs, preferred brand drugs or drugs recommended by the Pharmacy and Therapeutics (P&T) Committee based on drug safety, efficacy and cost; Tier 3 - Non-preferred brand drugs, drugs recommended by the P&T Committee based on safety, efficacy and cost or drugs that generically have a preferred and often less costly therapeutic alternative at a lower tier and Tier 4 - Drugs that are biological drugs that the FDA or drug manufacturer requires to be distributed by specialty pharmacies and drugs that require training or clinical monitoring for self-administration

Trend: The percent by which a value increased or decreased from the Prior Period to the Current Period.

Variance: The amount or percent by which a value is above (positive) or below (negative) its benchmark.

Visits: A unique visit number is assigned to allow the user to analyze visits by Service Category (i.e., inpatient facility visits, outpatient facility visits and professional visits). See Methodologies > Levels of Analysis under Documentation.

High-Cost Claimants

(HCC = $100K+)

Strategies

- High claim review process
- Medical director involvement
- High dollar drug preauthorization process

Highlights

- $1.7M claims paid for HCCs compared to $2.5M in prior year
- 11 HCCs compared to 12 in prior year
- All HCC's currently enrolled.
- 6 claimants costs expected to continue and 3 might continue
  - 2 claimants costs expected to decrease
- 4 Subscriber, 7 Spouse/Dependents
- Top cost driver is Endocrine, Nutritional and Metabolic Diseases

High-Cost Claimants

High-cost claimants at higher risk for future cost

- Compounding comorbidities
- Expensive diagnostics and treatments
- Complications and relapses are the rule rather than the exception

Patient 1: $142K

- Polycythemia Vera and Multiple Sclerosis
- Jakafi approved until 8/2023
- Inrebic approved 8/2023 – long term treatment

Patient 2: $134K

- Ulcerative colitis
- Entyvio in 2023
- Stelara in 2024

Patient 3: $131K

- Congenital heart disease
  - Pacemaker placed
- Shoulder surgery joint replacement
- Spravato approved 1/2024

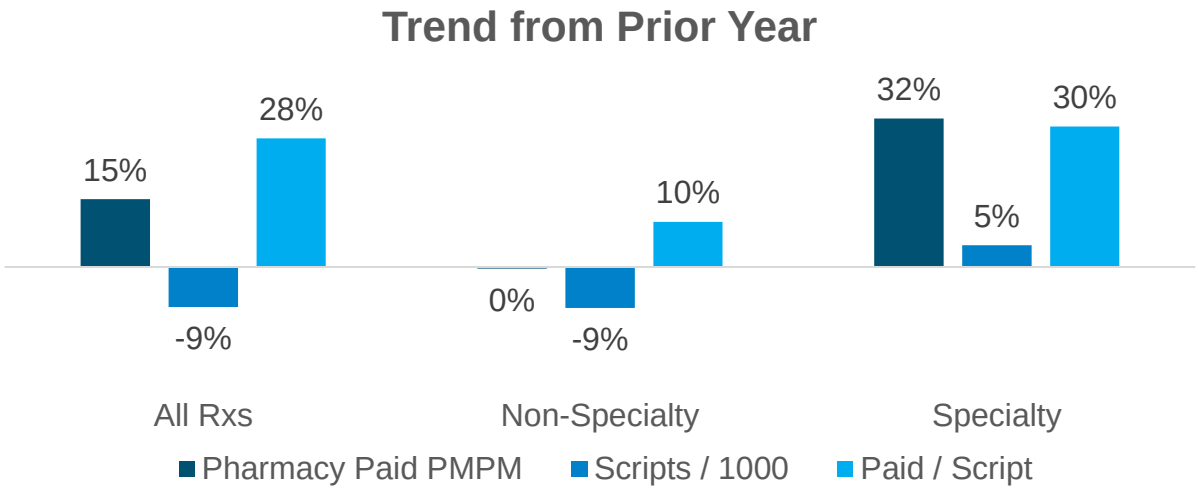
High-Cost Claimants

High-cost claimants at lower risk for future cost

- Diagnoses with definitive treatment
- Patients experience mostly satisfactory recovery

Patient 4: $272K

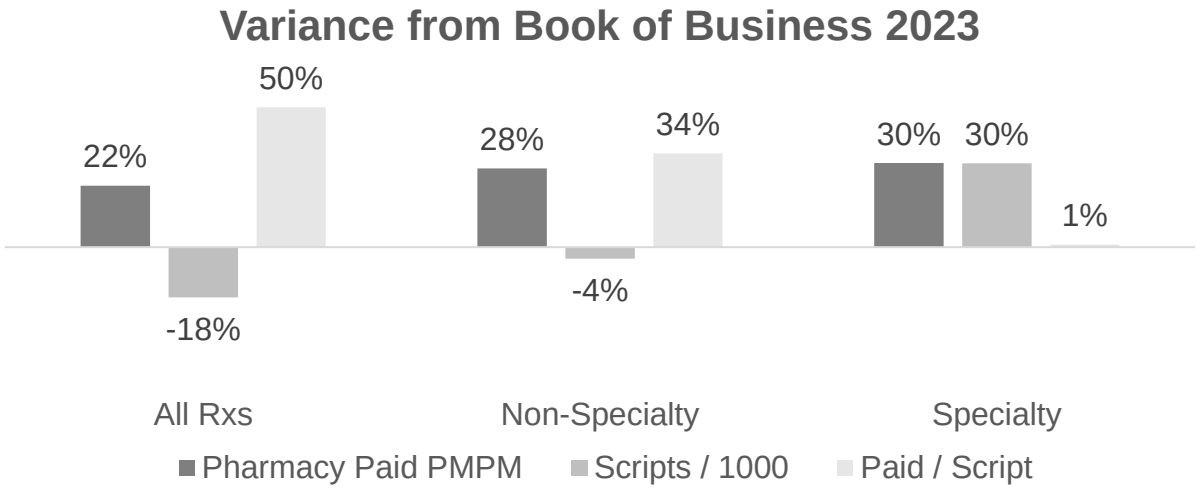
- Metastatic breast cancer
- Multiple hospitalizations



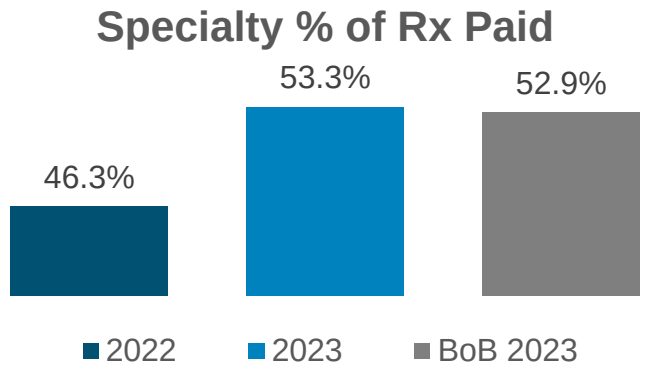
Patient 5: $120K

- Multiple myeloma
- Morbid obesity
- Pulmonary embolism with inpatient rehab then home with home health. Home bound requiring oxygen.

Members with possible continued future cost:

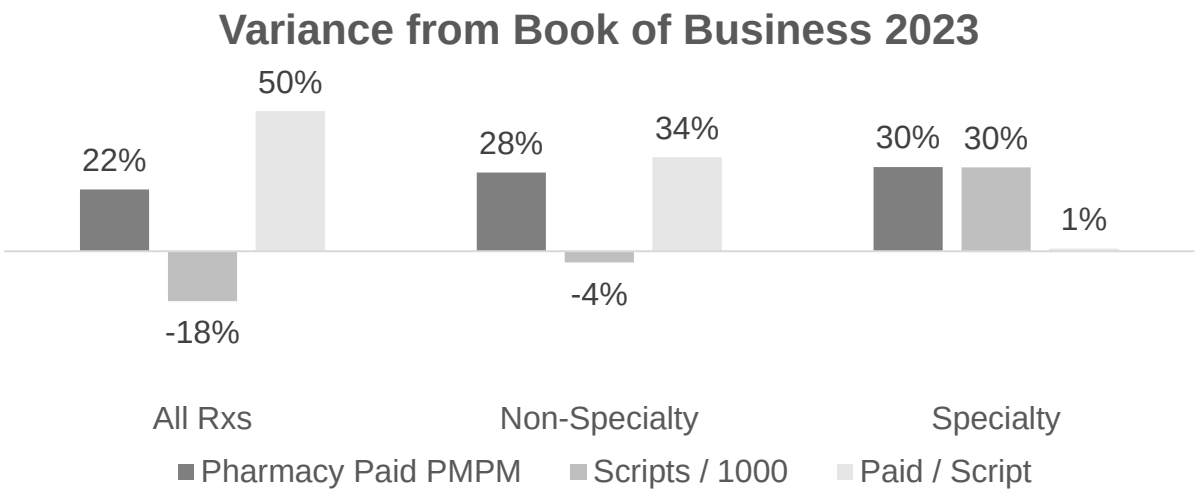


- Trisomy 21 (Down's syndrome), refractory seizures.
- Diabetes and peripheral vascular disease/osteomyelitis with partial foot amputation and poor wound healing.
- Genetic abnormality causing mental and developmental delay with liver/spleen/blood abnormalities. 3 hospitalizations for abdominal pain and hepatic encephalopathy.



Pharmacy Trends

Highlights



- Antidiabetics medications had the highest non-specialty drug paid PMPM
- Specialty medications accounted for 1.56% of total scripts

Formulary Update Email Template

I wanted to pass along the updates to our prescription drug lists (PDL) beginning on “Date”. As you are aware, we make updates to our PDLs periodically to provide our members with up-to-date medication coverage information as changes happen in the marketplace. The formulary is developed by the Prime Therapeutics National Pharmacy and Therapeutics committee. This committee is tasked with developing a clinically appropriate formulary that will meet the clinical needs of our members. This evaluation focuses on safety, effectiveness, and uniqueness of the medications on the formulary. The next step after the committee is making sure our formulary is cost-effective. This approach allows our members and employer group customers choice in the most cost-effective medications as the focus is clinical first, and then, if needed, costs are considered.

The PDL documents located on nebraskablue.com will be updated with the new coverage documents and medication listings. I have also attached the formulary update pages that will also be on our website. We make updates to our formulary with potential member impact twice a year on 1/1 and 7/1.

For members with a change in coverage for the medications, they will receive a letter outlining the change and that they have the same coverage of that medication through “Date”. Some groups with 90-day notification requirements will be through “Date”. Letter templates are provided (attached) as there are a number of potential letter options. There is no disruption for groups/members that use PDL 10 or Individual ACA line of business.

Prime Operational Guarantee Reconciliation Summary

Group Name: ABC COMPANY

Performance Period: January 1, 2025, through December 31, 2025

Account Management Director: [Account Executive Name]

Service	Standard	Method of Measurement	Penalty / Clarification	Reporting and Payment Timeframe	2025 Results
Timely Paper Claims Processing	A minimum of 95% of clean paper claims submitted shall be processed within five (5) business days.	Measured at the book-of-business level.	Prime will pay $1,000 for each full percentage point (1.0%) above target, up to an annual maximum of $3,000.	Measured and paid annually	**100% processed within 5 business days** **Guarantee Met**
Mail Service Turnaround Time for Routine Prescriptions	Routine prescriptions received will be processed within two (2) business days as follows: 1st Qtr and 4th Qtr: 96.0% 2nd Qtr and 3rd Qtr: 97.0%. Business days are defined as Monday through Friday, excluding intervening federal holidays. Standard mail turnaround reports from the mail facility will be used to determine these percentages. Routine prescriptions are defined as prescriptions requiring processing limited to the order entry, data entry, pharmacist verification, and fulfillment stations. Turnaround times are defined as the number of business days from the date the order was received at the mail facility to the date the order was shipped (num[illegible]day midnig[illegible] pass betw[illegible] thes[illegible]tes).	TAT is coded as the number of workday midnights that pass between the TAT start date/time and the ship date/time. Reported as prescriptions shipped within 2 business days over total prescriptions shipped. Measurement will be based on Blue Plan's book of business.	Prime will pay $500 for each full tenth of a percentage point (0.1%) below target, up to an annual maximum of $4,000.	Measured quarterly. Reported and paid annually	**Q1 = 98.7%** **Q2 = 98.8%** **Q3 = 98.5%** **Q4 = 98.0%** **Total Annual average = 98.5%** **Guarantee Met**
Mail Service Turnaround Time for Prescriptions Requiring Intervention	98% of non-r[illegible]e pre[illegible]ing intervention w[illegible]e pr[illegible]sed with[illegible] (5) bus[illegible] Prescriptions for products that are intermittently unavailable from the manufacturer are considered non-routine prescriptions. Business days are defined as Monday through Friday, excluding intervening federal holidays. Standard mail turnaround reports from the mail facility will be used to determine these percentages. Non-routine prescriptions are defined as prescriptions requiring intervention beyond the routine processing by the order entry, data entry, pharmacist verification, and fulfillment stations. Turnaround times are defined as the number of business days from the date the order was received at the mail facility to the date the order was shipped (number of workday midnights that pass between these dates).	T[illegible]s[illegible]ed a[illegible]e nu[illegible]r work[illegible] mi[illegible]s that p[illegible] between the TAT start date/time and the ship date/time. Reported as prescriptions shipped within 5 business days over total prescriptions shipped. Measurement will be based on Blue Plan's book of business.	[illegible]e will pay $500[illegible]h full percentag[illegible]t (1.0%) below [illegible]arget, up to an annual maximum of $4,000.	Measure[illegible]arterly. Reported[illegible] paid[illegible]lly	**Q1 = 99.3%** **Q2 = 99.3%** **Q3 = 99.2%** **Q4 = 99.0%** **Total annual average = 99.2%** **Guarantee Met**

SAMPLE

Prime Therapeutics LLC is an independent company providing benefit management services for Blue Cross and Blue Shield of Nebraska, an independent licensee of the Blue Cross and Blue Shield Association. Prime has an ownership interest in AllianceRx Walgreens Prime, a central specialty pharmacy and mail service company.

A Complete Guide to Performance Reviews

Leader Reference

The talent management framework is a collection of eight focuses and processes that bring their own individual value. Each has a specific purpose, and they work together to help our employees and people leaders realize the benefits of our total rewards and the talent strategy. They are built on and infused with the behaviors defined through Portrait of a Leader and our Values, or how we expect our employees to show up, work, and deliver results for our members, customers, and each other. Additionally, we leverage other tools to help us provide valuable insight as we assess our talent's readiness in current and future roles. These pieces are accomplished and further supported through effective, on-going one-on-one conversations between employees and their leader.

Incentives
Rewards our talent based on the successes we achieve.

Goals
Communicates to and holds our talent accountable to what we are focused on.

Career Pathways
Provides clear paths to help our talent navigate their careers.

Performance
Relates how our talent shows up, performs, and is accountable in their role.

Development
Connects our talent to the right opportunities to help them achieve their career goals.

Skills
Uncovers the strengths of our talent and gaps that need to be developed.

Succession Planning
Assesses and prepares our talent to fill gaps and be ready for additional roles.

Talent Profiles
Identifies how to leverage and grow our talent to be successful.

Blue Cross and Blue Shield of Nebraska is an independent licensee of the Blue Cross and Blue Shield Association.

About this Guide

Performance reviews at Blue are a critical part of effective performance management. Performance is evaluated for a full 12 months (February of the previous year to January this year). Employee performance is evaluated only on the behaviors observed and results achieved in that calendar year. In other words, we all start with a clean slate each year.

This guide is intended to help you as you embark on the performance review process and conversations.

PERFORMANCE RATING SCALE

Insufficient Performer

Does not demonstrate the expected behaviors, and commitment and goals are regularly missed in the role. The identified performance gaps require immediate action to improve.

Inconsistent Performer

Irregularly demonstrated expected behaviors, and commitments and goals are occasionally met in this role. There are some performance gaps that have been identified and require improvement through further development and guidance.

Solid Performer

Delivers on behavior expectations, commitments, and goals. There may be some areas in which performance exceeds the role's expectations and are seen as an effective and productive member of the team.

Strong Performer

Routinely exceeds expectations and makes significant contributions through high levels of productivity, goal achievement, and demonstrated behaviors in the role. The elevated quality of work and behaviors are examples to peers and colleagues.

Exceptional Performer

Consistently exhibits behavior and contributes superior results towards department and organizational goals. Both behaviors and accomplishments serve as exemplary role models to peer and colleagues.

VALUES: The How + **JOB & GOAL PERFORMANCE: The What** = **ONE, OVERALL RATING**

One, overall rating

Ratings describe how well your employee embodied behaviors related to our values, performed against the expectations set for them in their role, and the contributions they made through project results and goal achievement, and are further supported by insights, examples, and feedback provided within each section.

UNDERSTANDING RATER BIAS

Personal perceptions and biases may influence how we evaluate an employee's performance. What makes bias error so difficult to correct is that the observer is usually unaware that they are making them. Here are some common types of rater bias.

Halo/Horns Effect	Allowing one good or bad trait to overshadow others.
Leniency/ Strictness	Leniency occurs when a person received inflated ratings. Strictness occurs when raters give ratings that are overly critical and fall at the lower end of the rating scale.
Central Tendency	Giving everybody an average rating despite actual performance; disinclined to give people a low rating or a high rating, preferring instead to give an average, middle rating.
Contrast Effect	Occurs when raters evaluate by comparing someone to another person in the role or a previous employees in the same position. This effect can be positive or negative depending on the other individual.
Proximity Bias	Tendency to view workers who are physically closer or whom you see more often in virtual meetings as more productive and treat them more favorably.
Similar to Me Effect	Inclination to give higher ratings to people with similar interests, skills and backgrounds as yourself.
Recency Effect	Tendency to focus on the most recent time period and interactions rather than the entirety of the review period.
Spillover Effect	Judging the current performance of an employee by using past performance reviews as a reference point.

Questions to help you avoid rater bias:

- Am I basing my rating on documentation of my observations of the Employee's behavior, or am I making judgments based on my perceptions?
- Have I rated this Employee on their actual behavior, or have I rated them compared to other individuals?
- Have I looked at this Employee's job and goal performance over time, or have I generalized according to final or recent results I've observed?

Blue Cross and Blue Shield of Nebraska is an independent licensee of the Blue Cross and Blue Shield Association.

WRITING A PERFORMANCE REVIEW

Prior to meeting with your employee, you'll complete their performance review. Below are some tips on how to effectively complete that document.

Gather relevant information:

- Job description
- Mission and values
- Projects, goals, and outcomes
- Employee's self-review
- Notes from 1:1s
- Feedback from peers, stakeholders and customers

Use **ERGO** to help write the review

A useful tool to use when writing a performance review is the ERGO model. By using this in conjunction with an employee's goals and expectations, you will be able to write a thorough evaluation of performance.

Expectation	Results	Gap	Opportunity
Review each performance factor to clarify the expected performance. - Values - Role responsibilities - Project and goal results	• Consider all relevant information, including metrics/results, peer input and customer input. • Seek feedback on behaviors, performance, and goals.	• Identify if there is a gap between expectations and actual results. • Are they… - Exceeding - Meeting - Falling short	Think about actions that can be taken to enhance performance further.

A performance focused conversation between you and your employee.
Accurate and objective application of a performance rating.

Blue Cross and Blue Shield of Nebraska is an independent licensee of the Blue Cross and Blue Shield Association.

KEY MESSAGES FOR EACH RATING

The focus of the message you convey in both your written review and the review conversation will depend on the rating you assign to each employee.

	MESSAGE INTENT	FOCUS OF CONVERSATION
Exceptional & Strong Performer	We want to engage and retain these employees and find opportunities for them to take on additional responsibilities in the future.	Focus your conversation on how to invest in them. Be sure to: • Recognize the employee's high-performance level. • Focus on how to provide the employee with the skills and experiences needed for future roles.
Solid Performer	We want to engage and retain this employee.	Focus your conversation on the value they bring to Blue. Stress how they can **maintain performance** in current role or **improve** to progress beyond expectations in the future. Be sure to: • Recognize the employee's solid performance. • Convey appreciation and share potential to grow in current role.
Inconsistent & Insufficient Performer	We want to convey the need for immediate action to address any performance concerns.	An employee who is not meeting expectations because they are underperforming deserves an honest conversation with clearly communicated concerns shared and action steps identified. Be sure to: • Focus on performance issues with specific examples. • Concentrate on actionable next-steps required for success and consequences of not meeting them.

PERFORMANCE REVIEW & MERIT CONVERSATIONS

Face-to-face performance reviews can be the most stressful work conversation employees have all year. For leaders, the discussion can be just as tense. Review discussions ae bets when they are a two-way conversation between a leader and employee. You set the tone and agenda for this conversation.

Be well-prepared

- Schedule an appropriate amount of uninterrupted time (45-60 minutes)
  - In-person: book a conference room or find a hotel office for the meeting
  - Virtual: include Teams information and set the expectation for video to be on during the conversation
- Prepare and send appropriate documents
  - Send the Performance Review PDF 1-2 days prior to the meeting
  - Save the Merit PDF to show/send during the conversation
- Draft your talking points making sure to identify successes, areas of growth, and expectations, priorities, and goals for the coming year

Start with successes

- Highlight their biggest successes, positive outcomes, and impacts
- Add any additional positive feedback that you've received from peers, stakeholders, and customers

Discuss areas of growth and improvement

- Outline areas for both behavioral and performance growth to help your employee add value through impactful outcomes
- Identify and agree upon areas to prioritize for the upcoming year

Blue Cross and Blue Shield of Nebraska is an independent licensee of the Blue Cross and Blue Shield Association.

Review awarded merit

- Utilize the performance discussion to explain the merit the employees is receiving
  - Be transparent about any limitations that might have arisen in awarding merit
  - Own the decision that you made around merit
- Describe how this impacts their overall salary
  - Outline that this is one component of their total rewards
  - Answer any questions around the total rewards philosophy
  - Encourage your employee to review their total rewards statement

Define expectations, goals, and development

- Agree upon expectations for the coming year
  - Provide a measurable target(s) to work towards
  - Expectations should be higher than the previous year, but not unattainable
- Talk over priorities and goals to focus on
- Ask for feedback and how you can best support your employee

Be curious and ask great questions

Invite your employee to share in the conversation by asking them questions and actively listening to the response. It can be tempting to listen to respond, and what you need to do is suspend judgement and truly listen to what the employee is telling here. Here are some great questions to invite the employee into the conversation.

- What are you most proud of over the last year?
- What would you have done differently?
- What priorities/goals do you want to focus on in the coming year?
- What does success look like for these priorities/goals?
- What should you continue to do this year to be successful?
- What things should you stop doing that are hindering your success?
- What should you start doing this year to help you grow?

Approach difficult conversations head on

You might have to deliver or encounter some difficult conversations and avoiding them doesn't help anyone be successful. While they are uncomfortable for both sides, it's important to address them head on. The below checklist is a great resource to help you prepare for and navigate these conversations.

STEP 1: Prepare by Walking Through the Three Conversations	• Sort out **What Happened**
	  - Where does your story come from (information, past experiences, rules)? Theirs?
	  - What impact has this situation had on you? What might their intentions have been? What impact might you have had on them? What were your intentions?
	  - What have you each contributed to the problem?
	• Understand **Emotions**
	  - Explore your emotional footprint, and the bundle of emotions you experience.
	  - What might the other person be feeling?
	• Ground your **Identity**
	  - What's at stake for you about you? What do you need to accept to be better grounded?
	  - What identity issues might be coming up for them?

STEP 2: Check Your Purposes and Decide Whether to Raise the Issue	• **Purposes:** what do you hope to accomplish by having this conversation? Shift your stand to support learning, sharing and problem solving. • **Decide:** Is this the best way to address the issue and achieve your purposes? Is the issue really embedded in your Identify Conversation? Can you affect the problem by changing your contributions? If you don't raise it, what can you do to help yourself let go?
STEP 3: Start from the Third Story	• Describe the problem as the **difference** between your stories. Include both viewpoints as a legitimate part of the discussion. • Share your **purposes**. • **Invite** them to join you as a partner in sorting out the situations together.
STEP 4: Explore Their Story and Yours	• **Listen to understand** their perspective on what happened. Ask questions. Acknowledge the feelings behind the arguments and accusations. Paraphrase to see if you've got it. Try to unravel how the two of you got to this place. • **Share your own viewpoint**, your past experiences, intentions and feelings. • **Reframe, reframe, reframe** to keep on trac. From truth to perceptions, blame to contribution, accusation to feelings and so on.
STEP 5: Problem-solve	Once you've understood what each person cares about and why: • Invent **options** that meet each side's most important concerns • Look to **standards** for what *should* happen. Keep in mind the standard of mutual caretaking; relationships that always go one way rarely last. • Talk about how to keep **communication** open as you go forward.

Keep these dos and don’ts in mind

Do

- Be present, limit distractions and put yourself on “do not disturb”
- Use a positive tone throughout
- Share the floor
- Remain objective
- Include specific examples
- Focus on improvement
- Clarify any uncertainty
- Agree on priorities, goals and next steps
- Allow employees to take it in and come back with their thoughts in your next one-on-one

Don’t

- Generalize or give vague feedback
- Use a negative or accusatory tone
- Be overly harsh or give unjustified feedback
- Blame someone or something else for the rating or merit awarded
- Have unrealistic expectations

Remember:

- Follow-up on any takeaways you note during the discussion.
- Allow the employee time to process and come back with questions or comments.
- This is an ongoing conversation; schedule future one-ones and regularly check in on progress.

DRUG LIST DURATIONS

Split Fill: Oral Oncology

Overview

Listed are the associated split fills for patients identified as new to therapy and the corresponding max day supply per fill. Drugs are subject to split fill requirements for health plans who have chosen to implement drugs in multiple therapeutic categories ***in addition to*** the core oral oncology Split Fill program.

NOTE: This document contains proprietary and confidential information. No part of this document may be disclosed in any manner to a third party without express consent from Prime Therapeutics, LLC.

Oral Oncology

No other person or entity is entitled to rely, in any manner or for any purpose, on this document.

Table of Contents

Internal Audit (IA) Canvas	3
Broad Point of View (POV)	4
POV | Enhancement Opportunities, Highlighted Risks, and Recommendations	5

This document is intended solely for the information and internal use of Blue Cross Blue Shield of Nebraska, Inc. (BCBSNE), and should not be used or relied upon by any other person or entity.

INTERNAL AUDIT CANVAS | Privacy Program Risk Assessment

1| Value Proposition

- **Internal Audit (IA):** The objective of this audit is to evaluate BlueCross BlueShield Nebraska's (BCBSNE) Health Insurance Portability and Accountability Act (HIPAA) privacy program and its ability to fulfill regulatory requirements, effectively mitigate privacy risks, and monitor for changes in regulatory environment.

2| Project Drivers

- Based on a Federal Employee Program audit finding, BCBSNE would like to get an objective evaluation of their HIPAA privacy risk management program and its effectiveness in mitigating privacy risks including monitoring of the privacy regulatory landscape to make appropriate program enhancements
- Periodic assessments of the privacy risk management program's risk posture are essential for the effectiveness of a privacy risk management strategy that aligns with the broader organizational risk tolerances.

3| Cross-Functional Impact

Relevant Applications

- N/A

Relevant business segments / processes

- Privacy/Legal
- IT
- Risk Management

4| Key Stakeholders

- Kerry Kremke, Vice President, Enterprise Risk, Information Security and Privacy
- Jeff Morrissette, CISO, Director of Information Security and Privacy
- Philip Kosloske, Privacy and Compliance Analyst

5| Internal Audit Team

- Lauren Shaw: Principal
- Kat Czarnecki: Manager
- Eric Bowlin: SME – Partner
- Jimmy Firth: SME – Manager

6| Use of Analytics

- N/A

7| Project Objectives & Scope

- Review of up to thirty (30) documents (e.g., policies, standards, procedures, training) and conduct up to ten (10) interviews to assess BCBSNE HIPAA privacy risk posture and practices including:
    - Regulatory monitoring capabilities
    - HIPAA privacy rule alignment
    - Adoption of HIPAA privacy procedures across the BCBSNE organization
    - Incorporation of periodic privacy risk assessment results into privacy program strategy
- Assess HIPAA privacy risk management capabilities through interviews, documentation reviews, and privacy risk assessment framework
- Identify areas for enhancement within the BCBSNE privacy risk management program to inform future strategic planning

8| Risk & Control Backlog

N/A

9| Audit Timeline

- Audit timeline – Q3/Q4 2024

This document is intended solely for the information and internal use of Blue Cross Blue Shield of Nebraska, Inc. (BCBSNE), and should not be used or relied upon by any other person or entity.

COST Proposal Response for RFP 122436 O5

Administrative Support Services for the State of Nebraska Employee Health Care Prescription Drug Benefit Plans

Self-Funded Medical Administration

Effective Date July 1, 2026

Submitted Online To:
State of Nebraska (State), Department of Administrative Services (DAS), Materiel Division, State Purchasing Bureau (SPB)

Pharmacy Benefit Management Services Fees

Bidder: Blue Cross and Blue Shield of Nebraska / Prime

Financial Proposal Work Sheet: Enter the per Member per Month (PMPM) fees for Section I - Standard Services below for the plan designs currently in place.
Fees on any other basis, (i.e., as a percentage of claims, on a per claim basis or a combination) will NOT be considered. The ASO Fees are to be guaranteed for the three (3) year contract period. Any ancillary service relating to the administration of the health plan not specifically identified in bidder's proposal is assumed to be included in the ASO fee. All services covered under the fee should be listed. **IF THE FEE STRUCTURE IS DIFFERENT BY PLAN, COMPLETE THIS SCHEDULE FOR EACH PLAN AND LABEL EACH SCHEDULE ACCORDINGLY.** Enrollment figures represent estimated counts.

Prescription Drug Pricing and Rebates:
AWP Reimbursement Basis—Complete the following table using the drug reimbursement that your organization is willing to guarantee, on a dollar-for-dollar basis, for each year of the contract. Columns marked "AWP Discount" are to be completed using a discount from 100% AWP and dispensing fee logic. All guarantees must be based on the AWP unit cost dispensed at the point of sale, and post September 26, 2009 AWP rollback, including usual & customary and zero-balance claims prior to the impact of member cost sharing. Generic discount guarantee must include all single-source as well as multi-source generic drugs.

The aggregate brand discount guarantee for specialty drugs should include biosimilar specialty drugs. In addition to the aggregate specialty drug discount and rebate guarantees, please provide separately a list of all specialty drugs and their individual discount guarantees.

Specialty drug pricing must be based on an open (non-exclusive) basis.
