Prescription Drug Data Collection (RxDC)

To Whom It May Concern:

Rightway has identified that your plan is required to submit Prescription Drug Data Collection reporting, also called RxDC reporting, to the Centers for Medicare and Medicaid Services (CMS). The reporting of prescription drug costs is required under Section 204 of Division BB, Title II of the Consolidated Appropriations Act, 2021. Section 204 requires group health plans and health insurance issuers offering group or individual health insurance coverage to submit information about prescription drugs and health care spending to the Department of Health and Human Services, the Department of Labor, and the Department of the Treasury. RxDC reporting for 2022 is due **June 1, 2023**.

RxDC reporting is composed of three types of files:

- **Plan Files** – contain demographic information about the plan
- **Data Files** – contain information about plan premiums and spending
- **Narrative Response** – open response word document answering standardized questions on methodology

A complete listing of all CMS-required files is included on the next page.

In accordance with RxDC requirements, each report can be submitted by either the plan sponsor directly or by a downstream reporting entity. Please confirm if your plan would prefer to submit directly to CMS or have Rightway submit on your behalf.

Please confirm your preference for submission and provide the requested information by **April 28, 2023.**

If you elect for Rightway to submit on your behalf, we request that you provide the following information also by April 28, 2023:

- **Form 5500 Plan Number**
- **Plan Sponsor Employer Identification Number (EIN)**
- **Employer Identification Number (EIN)**

For clients who elect to have Rightway submit files on their behalf, they will be submitted to CMS by June 1, 2023, and we will provide you with confirmation of the submission once completed. If you elect to submit the files directly to CMS, Rightway will share RxDC files with your plan by May 25, 2023.

If you have any questions or need additional information, please do not hesitate to contact me.

Sincerely,

Frank Calles

Rightway has a rich variety of reporting available for delivery to the client based on client preference.

This reporting is generally delivered via the quarterly reporting process, but a library of reports is available to RW personnel to provide reporting for common pharmacy reporting scenarios upon demand or to meet contractual obligations.

Rightway's standard quarterly reporting package provides a comprehensive set of metrics using proprietary data visualizations produced in Tableau. About half of our metrics are related to member engagement with the Rightway platform and the remainder are related to clinical/financial outcomes.

We can provide member testimonials, deep-dive claims analytics (e.g., on preventable utilization), referral and utilization data on third-party benefits, and member testimonials on a quarterly or semiannual basis.

Rightway delivers standard and customized reports including, Client Quarterly Business Review with high level KPI Tracking, PMPM Live tracking of plan pay, member pay, specialty pay, and utilization and Tracking for Mail Order Pharmacy.

Rightway can provide our standard claims extract reporting which, at a minimum, can be provided on a quarterly basis. Customization to Rightway's claims extract file would be reviewed during the implementation process. Additionally, Rightway has standard rebate reporting that can be provided.

Rightway assures high data integrity throughout its process by utilizing quality control efforts which start from the ingestion of data to the compilation of the data and finish at the creation of reporting.
This technical quality control process includes:

- Requirements are vetted through the business unit based on standardized guidelines or the specific needs of a custom report
- A meeting occurs between the individual or group providing the guidelines and the developer or Analyst creating the report
- After the initial coding of the report, a peer review is conducted to validate that the sources of the data were correctly updated (timing) and that the logic corresponds to the requirements provided.
- The business Unit reviews the format and that the correct data points are present
- Validation of financials and quantities are validated for reasonableness (trending percentages, etc.)
- Internal data sources are used to validate the accuracy of financials as QA benchmarks
- Periodic validation of the reports occur

Notes:

a) Annual Financial Reconciliation PMPM Target becomes the new baseline for the following year's Annual Financial Reconciliation.

b) PMPM Targets exclude claimants who start a new therapy since the target was set with a net annual drug spend greater than or equal to $75,000.

c) PMPM Target adjusted due to changes in the clinical guidelines related to GLP-1 products. The adjustment is equal to the annual net increase in drug

d) Total Contract Year End PMPM Settlement $ Owed represents Rightway's minimum guarantee obligation. All actual rebate payments received by Rig

e) All PMPM Target adjustments are net of expected rebates for those adjusted claims.
