MedPerform – Preferred Drug List (PDL)

July 1, 2025

What is the MedImpact Preferred Drug List (PDL)?

The PDL is a list of commonly prescribed medications within select classes of drugs covered by your prescription drug plan. The PDL was created to promote clinically appropriate utilization of medications in a cost-effective manner.

Are the medications listed on the PDL the only drugs my physician can prescribe for me?

No. The PDL is a select list of commonly prescribed drugs and does not represent all preferred formulary medications available under your plan. The PDL does not limit your prescription coverage but is provided to encourage the use of preferred generic and brand name drugs within major therapeutic drug classes (e.g., Cardiovascular, Diabetes, etc.). For complete formulary information, visit your Plan website or refer to the phone number listed on your benefit card.

How do I get the greatest benefit from my PDL?

- **Print out the Preferred Drug List and take it with you when visiting your physician.**
- Ask your physician to prescribe generic medications whenever possible.
- When there is more than one brand name drug available for your medical condition, ask your physician to prescribe a preferred drug listed on your PDL. This should also reduce your copays.

Please note: The MedImpact PDL is subject to change due to updates and availability of generic alternatives. The PDL is not a complete list of formulary drugs; therefore, you should refer to your plan for a complete drug list and details of any additional coverage or quantity limit restrictions that may apply to certain medications.

1. Information Owners

Managers in business unit operations are Information Owners. When Information Owners are not clearly implied by organizational design, the Information Security Officer (ISO) will make the designation.

Information Ownership determines direct accountability over the creation of and permitted uses of the information within the company based on direct knowledge of how that information can be used. (Common examples of unstructured information residing on computers or on the network include Word, Excel, PowerPoint, or Access databases created by staff.)

Information Ownership also applies to information produced or processed by an application within a functional business area. (For example, Finance may own all information produced from the business financial system, and therefore, may be an Information Owner of an application and/or system).

Information Ownership also applies to a functional business area that can define business rules. (For example: Human Resources can be an Information Owner of Internet content and directly provide rules on what is permitted.)

MedImpact maintains the sole and exclusive ownership, right, title, and interest in and to this document. If permission is granted to share outside of MedImpact or a MedImpact wholly owned subsidiary, it may only be used for the purpose of evaluating MedImpact's or a wholly owned subsidiary's services, programs or processes and may not be used for any other purpose. It may only be shared with recipient's employees, officers, agents, consultants or contractors who need to have access to this documentation for purpose of evaluating the services or programs or MedImpact or its subsidiary, who are informed of these obligations, and who agree to these obligations under a written non-disclosure or confidentiality agreement.

Information Owners do not legally own the information; rather, they are members of the MedImpact management team who manage staff and who make decisions on behalf of the organization. Information Owners or their delegates must make the following decisions and perform the following tasks:

- Approve information-oriented access control privileges for specific job profiles through the use of RBAC (Role Based Access Control). Each role defined must adhere to the Security Principle of Least Privilege which states that the minimum access required to meet the role's responsibilities will be administered for that role.
- Approve information-oriented access control requests that do not fall within the scope of existing job profiles.
- Review and correct reports on a quarterly basis that indicate the job profiles that currently have access to their information.
- Select a sensitivity classification category relevant to their information, and review this classification every five years for possible downgrading.
- Select a critical category relevant to their information so that appropriate contingency planning can be performed.
- Perform a Business Risk Assessment that details the risks associated with the disclosure of unauthorized information. A Business Risk Assessment is also required when the business unit changes it operating procedures. The Business Risk Assessment must be reviewed with the Information Owner and the IT Security Department to ensure that risks are identified and managed.
- Information Owners must designate a delegate to act on their behalf if the Owner is unavailable. Information Owners may not delegate ownership responsibilities to third-party organizations or to a non- employee. When both the Owner and the delegate are unavailable, immediate Owner decisions will be made by the Director, Vice President or Senior Vice President of the Business Unit.

2. Information Classification – Employee Responsibility

Staff that have access to MedImpact information has a personal information security role in the organization. Key responsibilities include:

- Protect information that has been entrusted to their care.
- Familiarization with information classification as outlined in Section 4 to distinguish between PROPRIETARY, FOR INTERNAL USE ONLY, CONFIDENTIAL, TRADE SECRET, or PUBLIC information.
- Apply information classification concepts to fit the needs of day-to-day operations.
- Use consistency when handling information in all business activities.

3. Information Classifications

CONFIDENTIAL - Meant to be kept secret; held in confidence; expectation of being held in private and not published or shared with others ("others" may include employees, non-employees, contracted clients, and potential clients) unless authorized.

Examples: Items labeled as "Privileged and Confidential", Marketing strategy, drug pricing, protected health information (PHI), personally identifiable information (PII), or proprietary research and development.

PROPRIETARY – Belonging to; exclusive title; ownership rights (means MedImpact created it, so MedImpact has an ownership right to it).

Examples: source code, technical run books, network data flows.

FOR INTERNAL USE ONLY - Unauthorized disclosure may adversely impact MedImpact Healthcare Systems.

- For documents intended for internal use only
- For confidential/proprietary items that MedImpact has a **strong desire to keep confidential** such as financial reports, etc.
- For documents that may contain MedImpact Intellectual Property
- Limited distribution within MedImpact
- Would not want anyone outside MedImpact to have access to it, especially our competitors.

Examples: Internal telephone directories, internal memoranda, internal company specific communications (including email), or organizational charts.

PUBLIC - This classification applies to information that has been approved by MedImpact for release to the general public or is otherwise generally available to the public.

Examples: Corporate news announcements, new products or services offered by MedImpact for the PBM industry, and information presented on the public Internet website.

TRADE SECRETS - Any formula, pattern, device of compilation of information which is used in one's business, and which gives the person an opportunity to obtain an advantage over competitors who do not know or use it; a customer list; a formula; known only to certain persons; company information from which one derives independent economic benefit, actual or potential, from not being generally known or readily ascertainable by others who can obtain economic value from its disclosure or use; AND the subject of reasonable efforts under the circumstance to maintain its secrecy.

MedImpact maintains the sole and exclusive ownership, right, title, and interest in and to this document. If permission is granted to share outside of MedImpact or a MedImpact wholly owned subsidiary, it may only be used for the purpose of evaluating MedImpact's or a wholly owned subsidiary's services, programs or processes and may not be used for any other purpose. It may only be shared with recipient's employees, officers, agents, consultants or contractors who need to have access to this documentation for purpose of evaluating the services or programs or MedImpact or its subsidiary, who are informed of these obligations, and who agree to these obligations under a written non-disclosure or confidentiality agreement.

4. Information Custodians

Information custodians are in physical possession of or have the system level permissions equivalent of the Information Owners (logical possession of information); however, unlike Information Owners, custodians do not make decisions regarding the information itself. If a Custodian cannot be identified, the Information Security Officer (ISO) or assigned representative will designate a Custodian. Custodians follow the direction of Information Owners, operate systems on behalf of Information Owners, but also serve users authorized by Information Owners. Custodians are responsible for:

- Recommending to Information Owners the technical protection options that can be applied against the system being used for the information they are using or processing.
- Aligning the Information Owners requirements to a technical architecture and technical consulting service so that IT systems can be built and run to best meet business objectives.
- Providing reports, upon request, to Information Owners about IT system operations and Information Security problems.
- Safeguarding the information in their possession, including implementing access control systems and encryption technologies to prevent inappropriate disclosure.
- Developing, documenting, and testing IT systems contingency plans.

5. Information Users

Users are not specifically designated but are broadly defined as staff with access to MedImpact information. Users are required to follow all security requirements defined by Information Owners, implemented by Custodians, or established by the Information Security department. Information Users must:

- Familiarize themselves with, and act in accordance with MedImpact Information Security Policy
- Participate in information security training and awareness efforts.
- Request access from their immediate manager and report all suspicious activity and system security problems to Information Security.

6. Internet Acceptable Use

Access to the Internet - Internet access may only be gained via an authorized, business-supported Internet access infrastructure.

Internet users are personally responsible and will be held accountable for taking all reasonable steps to prevent unauthorized use of their Internet Access infrastructure by third parties.

Access to the Internet is not a right. It may be denied or revoked at any time. Access to Internet resources with inappropriate content or perceived risk to the company may be blocked.

MedImpact maintains the sole and exclusive ownership, right, title, and interest in and to this document. If permission is granted to share outside of MedImpact or a MedImpact wholly owned subsidiary, it may only be used for the purpose of evaluating MedImpact's or a wholly owned subsidiary's services, programs or processes and may not be used for any other purpose. It may only be shared with recipient's employees, officers, agents, consultants or contractors who need to have access to this documentation for purpose of evaluating the services or programs or MedImpact or its subsidiary, who are informed of these obligations, and who agree to these obligations under a written non-disclosure or confidentiality agreement.

General rules for the use of the Internet:

- The Internet must be used primarily for business purposes in the course of one's assigned duties.
- The private use of the Internet is permitted if the resources consumed (e.g. working time, network capacity) are minimal. Any private use must not interfere with assigned duties nor compromise MedImpact's security or business activities.
- Any attempt to bypass or preempt MedImpact's corporate Internet security infrastructure or integrity is strictly prohibited and may result in termination of employment.

Inappropriate Internet Use - Employees must use the Internet in a way that protects MedImpact against any legal, regulatory, operational or reputational risk. Any illegal or inappropriate use of the Internet is strictly prohibited. The access, upload, download or transmission of material that contains unlawful, unethical, immoral, abusive, offensive, degrading or derogatory content is strictly prohibited.

Information Upload and Interactive broadcast facilities on the Internet - Services such as online forums, chat rooms, bulletin boards, newsgroups or mailing lists provide a medium for exchange of ideas and issues with professionals in other organizations. They enable participants to broadcast messages to a wide range of unknown recipients simultaneously. As electronic communication by employees contains MedImpact's name in the sender address, uncontrolled use of these facilities constitutes legal as well as reputational risks. Therefore, care must be taken to protect the reputation of MedImpact and its proprietary information.

The following list includes examples of information which should not be discussed outside of MedImpact. Employees must not disclose or discuss information:

- Concerning clients or information about clients
- That might provide an advantage to a competitor.
- That could have an adverse impact on the Company's reputation.
- Concerning financial transactions
- Concerning MedImpact's business strategies or other confidential business information
- Containing personal or private employee information
- Containing HIPAA protected healthcare information (PHI)
- Containing payment card information about details or specifications of internal systems, data, networks or operations

The above list is not considered to be comprehensive.

7. Non-Disclosure Agreements (NDAs)

An NDA is a legal, confidentiality agreement between two (or more) parties, entities and/or individuals. This legal document outlines confidential materials or knowledge the parties wish to share with one another for certain purposes but wish to restrict from generalized use. An NDA is a promise between parties not to disclose information covered by that agreement. An NDA creates a confidential relationship between the parties to protect any type of trade secret or other confidential or proprietary information as designated by the terms of the NDA. In the context of this document, an NDA would protect any "trade secret," e.g., client lists, business strategies, etc.

Company Level NDA -NDAs are required to be signed by Third Parties representing corporate entities that wish to gain access to MedImpact data, systems or confidential information in advance of working with MedImpact or the sharing of such information.

Individual Level NDA - Individuals (e.g., consultants, brokers) must sign an NDA tailored to the individual level.

8. Privacy Expectations- No Guarantee

MedImpact does not guarantee that electronic communications will be private, and staff should not have an expectation of privacy. Staff must be aware that electronic communications can, depending on the technology, be forwarded, intercepted, printed, and stored by others. Electronic communications can be accessed by people other than the intended recipients. Because messages can be stored in backups, electronic communications are also retrievable when a traditional paper letter has been discarded or destroyed.

9. Management Review

MedImpact management reserves the right to examine electronic mail messages, files on personal computers, web browser cache files, web browser bookmarks, logs of web sites visited, computer system configurations, and other information stored on or passing through MedImpact systems.

10. Information Security Department

The Information Security department is the central point of contact for all information security matters at MedImpact. Acting as information security consultants, it is this department's responsibility to create workable information security solutions that take into consideration the needs of users, Custodians, Information Owners, applicable regulations and standards, and selected third parties. The IT Security department is responsible for:

- Supporting security requirements for the Legal, Compliance, Privacy, Contracts, Audit, Finance, and Human Resources departments.
- Defining information security procedures, policies, and other regulatory and industry requirements applicable to the entire organization.
- Assuring that access control processes are sufficient within all departments that provide access to applications and systems.
- Provide assurance that security policies are consistently applied across the enterprise.
- Monitoring of MedImpact systems and providing security training and awareness to MedImpact staff.
- Periodically providing management with reports about the current state of security at MedImpact.
- Direct point of contact for computer security incidents by organizing the computer incident response team (CSIRT) to promptly respond to security threats such as malware, phishing attempts, potential data compromise, data loss, PHI or PII exposure, and similar potential security incident scenarios.
- Performing periodic and ad hoc Information Security risk assessments which may include both 3rd party and internal audit personnel. The findings of these assessments must be reported to senior management, Legal, Privacy, and Corporate Compliance.

Regulatory Communication.

FEBRUARY 1, 2024

2023 Plan Year RxDC Reporting Update.

Type:	Important Information
MedImpact Department of Origin:	Government Programs & Services and Regulatory Compliance
Lines of Business:	Commercial, Self-Insured, Marketplace

Dear Client,

The purpose of this communication is to provide an update on MedImpact Healthcare Systems, Inc.'s ("MedImpact") support for the 2023 plan year Consolidated Appropriations Act (CAA), Section 204 Prescription Drug Spend (RxDC) report. The RxDC report for the 2023 plan year is due to CMS by June 1, 2024.

Background

In 2023, MedImpact supported Clients' 2022 plan year RxDC report submissions by providing D3-D8 data files, applicable narratives, and a supplemental file.

Currently, CMS has not issued any new reporting guidance for the 2023 plan year. MedImpact will continue to monitor guidance for additional information. For more information, please refer to the link to CMS RxDC.

MedImpact Actions

MedImpact will generate the 2023 plan year D3-D8 data files in CSV format, four narrative responses as detailed below and supplemental file, for Clients who were contracted with MedImpact during 2023:

1. Drugs missing from the CMS crosswalk;
2. Prescription drug rebate descriptions;
3. Allocation methods for prescription drug rebates; and
4. Impact of prescription drug rebates.

MedImpact will deliver these files to Clients for submission to CMS per the timeline below.

Alternatively, for an additional fee, MedImpact provides Clients the option to delegate MedImpact to submit the Client's applicable RxDC report files to CMS. Please contact your Account Executive for additional information on this service. If Client elects to have MedImpact submit on its behalf, the applicable P-file (P1, P2 and/or P3), D3-D8 files, narratives and supplemental file will be submitted to CMS by the due date of June 1, 2024.

Client Actions

For MedImpact to generate the D3-D8 data files, MedImpact must have the Client's 2023 plan year attributes verified and/or updated if needed. Please contact your Account Team to review your 2023 plan year attributes. Client represents and warrants the information it provides to MedImpact is accurate. If Client fails to provide accurate information within the timeline requested by MedImpact, MedImpact will be unable to generate the D3-D8 data files and MedImpact disclaims any liability for failing to generate a timely and accurate data file.

If the Client elects to have MedImpact submit the RxDC report to CMS on its behalf, the P-file must be finalized and provided by the Client in CSV format to MedImpact per the timeline below.

Timeline for RxDC Report Delivery

Tasks	Responsibility	Due Date	Status
Client confirmation of RxDC report delivery from MedImpact	Client	3/15/2024	PENDING
Clients provide updated attributes to MedImpact	Client	3/15/2024	PENDING

STATE OF NEBRASKA

BUSINESS ASSOCIATE AGREEMENT

THIS BUSINESS ASSOCIATE AGREEMENT ("Agreement") amends and is made a part of all Services Agreements (as defined below) between MedImpact Healthcare Systems, Inc. ("Business Associate") and State of Nebraska ("Company") on behalf of the Group Health Plans sponsored by Company (the "Plan"). This Agreement is effective July 1, 2026, or upon the effective date of the underlying Services Agreement, whichever is later ("Effective Date"). This Agreement supersedes and replaces any prior Business Associate Agreements between the parties.

1. **Definitions**.

a. **Catch-all definitions**. The following terms used in this Agreement shall have the same meaning as those terms in the HIPAA Rules: Breach, Covered Entity, Data Aggregation, Designated Record Set, Disclose or Disclosure, Electronic Protected Health Information, Health Care Operations, Minimum Necessary, Notice of Privacy Practices, Protected Health Information or PHI, Required By Law, Secretary, Security Incident, Subcontractor, Unsecured Protected Health Information, and Use. Other capitalized terms used but not otherwise defined in this Agreement shall have the meaning ascribed in the HIPAA Rules.

b. **Specific definitions**.

(1) ***"Business Associate"*** shall generally have the same meaning as the term "Business Associate" at 45 CFR 160.103, and in reference to the party to this Agreement, shall mean the party identified above as Business Associate.

(2) ***"Business Associate Functions"*** means functions performed by Business Associate on behalf of the Plan in the course of providing or arranging for plan administration services which involve the creation, receipt, maintenance or transmission of PHI by Business Associate or its agents or Subcontractors. It is anticipated that the services provided by Business Associate will be performed as part of the Plan's "health care operations" as defined in the HIPAA Rules.

(3) ***"HIPAA Rules"*** shall mean the Privacy, Security, Breach Notification, and Enforcement Rules at 45 CFR Part 160 and Part 164. A reference in this Agreement to a section in the HIPAA Rules means the section as in effect or as amended at the time the section is to be applied.

(4) ***"Individual"*** shall generally have the same meaning ascribed in the HIPAA Rules and shall refer only to Individuals who are covered persons under the Plan.

(5) ***"Services Agreements"*** means all agreements whether now in effect or hereafter entered into, between Company and Business Associate for the performance of Business Associate Functions by Business Associate on behalf of the Plan.

2. **Purpose**. The Plan is a Covered Entity under HIPAA. The HIPAA Rules require the Plan to obtain, and Business Associate to provide, satisfactory written contractual assurances before Business Associate may create, receive, maintain, or Disclose PHI to perform Business Associate Functions on behalf of the Plan. This Agreement is entered into to provide the contractual assurances required under the HIPAA Rules.

3. **Obligations of Business Associate**. As an express condition of performing Business Associate Functions, Business Associate agrees to:

a. Not Use or Disclose PHI other than as permitted or required by this Agreement or as otherwise Required by Law.

b. Use appropriate safeguards and comply with Subpart C of 45 CFR Part 164 with respect to Electronic Protected Health Information, to prevent Use or Disclosure of PHI other than as provided for in this Agreement.

c. Report to the Plan's designated privacy official, without unreasonable delay but in no event more than three (3) business days after discovery by Business Associate, any Use or Disclosure of PHI not provided for by this Agreement of which Business Associate becomes aware, including any Breach of Unsecured Protected Health Information as required at 45 CFR 164.410, and any Security Incident of which it becomes aware, together with any remedial or mitigating action taken or proposed to be taken with respect thereto. If Business Associate does not have available complete information in satisfaction of 45 CFR 164.410(c) within three (3) business days of discovery of the impermissible Use or Disclosure, Business Associate shall provide all information it has at such time and immediately update the Plan with additional information as it becomes available through prompt investigation. This Agreement serves as Business Associate's notice to the Plan that attempted but unsuccessful Security Incidents regularly occur and that no further notice will be made by Business Associate unless there has been a successful Security Incident or attempts or patterns of attempts that Business Associate determines to be suspicious.

Business Associate shall cooperate with the Plan in mitigating any harmful effects of any impermissible Use or Disclosure. In the case of a Breach as determined to exist in the sole discretion of the Plan which was due to a violation of this Agreement by Business Associate, Business Associate shall pay for the reasonable costs of investigation, mitigation and notification to affected Individuals. As an alternative to Business Associate reimbursing Company and the Plan for the costs of notification, the Plan may elect to have Business Associate directly provide the notifications to Individuals for breaches caused by Business Associate, provided that Company and the Plan shall have final approval of all content of notifications to Individuals.

d. In accordance with 45 CFR 164.502(e)(1)(ii) and 164.308(b)(2), ensure that any Subcontractors that create, receive, maintain, or transmit PHI on behalf of Business Associate agree in writing to the same restrictions, conditions, and requirements that apply to Business Associate with respect to such information.

e. Within ten (10) business days of request by an Individual or notification by the Plan, make available to the Individual such Individual's PHI maintained by Business Associate in a Designated Record Set in accordance with 45 CFR 164.524. The parties agree that Individuals will be directed to Business Associate to make all

requests for access to PHI. Business Associate will provide such access according to its own procedures for such access in accordance with the requirements of 45 CFR 164.524. If the requested PHI is maintained in one or more Designated Record Sets electronically and if the Individual requests an electronic copy of such PHI, Business Associate must provide the Individual with access to PHI in the electronic form and format requested by the Individual, if it is readily producible in such form and format; or, if not, in a readable electronic form and format as agreed to between Business Associate and the Individual. Business Associate shall provide the requested information directly to the Individual, along with a notice to the Individual that a copy of the individual's request has been furnished to the Plan and that the Plan may provide additional information to the Individual in response to the request.

If the Individual's request covers records not maintained by Business Associate, Business Associate shall notify the Plan within three (3) days of the request. The Plan will be responsible for providing access or otherwise responding directly to the Individual pursuant to the HIPAA Rules with respect to PHI not in the possession of Business Associate or an agent or subcontractor of Business Associate. Business Associate may charge the Individual reasonable fees related to this access, as determined by Business Associate, but only in such amounts as permitted by the HIPAA Rules. The Plan authorizes Business Associate to require payment of such fees from the Individual prior to releasing any records.

f. Business Associate agrees to receive requests for amendment and amend PHI as required by 45 CFR 164.526 on the Plan's behalf for as long as such information is maintained by Business Associate. The parties agree that Individuals will be directed to Business Associate to make all such requests for amendment of PHI. Business Associate will amend such PHI according to its own procedures for such amendment in accordance with the requirements of 45 CFR 164.526. If the Individual's request covers records not maintained by Business Associate, Business Associate shall notify the Plan within three (3) days of such request. The Plan will be responsible for amending or otherwise responding directly to the Individual pursuant to the HIPAA Rules with respect to PHI not in the possession of Business Associate or an agent or contractor of Business Associate. Business Associate shall notify the Plan of any amendments made to PHI.

g. Business Associate agrees to process all requests for disclosure accounting by Individuals for as long as such information is maintained by Business Associate. Individuals will be directed to Business Associate to make all such requests. Business Associate will provide the accounting that is required under 45 CFR 164.528 on the Plan's behalf directly to the Individual. Business Associate will provide such accounting according to its own procedures for such accounting in accordance with the requirements of 45 CFR 164.528.

Business Associate shall notify the Plan within three (3) days of any request made by an Individual for a disclosure accounting. The Plan will be responsible for responding directly to the Individual (or the Individual's personal representative) pursuant to 45 CFR 164.528 with respect to disclosures of PHI by persons or entities other than Business Associate or a subcontractor or agent of Business Associate. Business Associate shall provide directly to the Individual the requested accounting of disclosures made by Business Associate or a subcontractor or agent of Business

Associate, along with a notice to the Individual that a copy of the Individual's request has been furnished to the Plan and that the Plan may provide additional information to the Individual in response to the request.

h. Make its internal practices, books and records relating to this Agreement available to the Secretary of HHS and to the Plan for purposes of determining the Plan's and Business Associate's compliance with the HIPAA Rules.

i. So that the Plan may meet its obligations to evaluate requests for restrictions and confidential communications in connection with the disclosure of PHI under 45 CFR 164.522, Business Associate and the Plan agree that, to the extent that communications are within the control of Business Associate, Business Associate will perform these evaluations on behalf of the Plan. Business Associate will evaluate such requests according to its own procedures for such requests, in accordance with the requirements of 45 CFR 164.522, and shall implement such appropriate operational steps as are required by its own procedures. Such evaluation will not relieve the Plan of any additional and independent obligations to evaluate restrictions or implement confidential communications where requested by an Individual. Accordingly, Business Associate will evaluate requests for restrictions and requests for confidential communications and will respond to these requests as appropriate under Business Associate's procedures. The Plan agrees that it will not agree to such restriction or request that would affect Business Associate without the approval of Business Associate, so that Business Associate can determine whether it can reasonably administer the request.

j. So that the Plan may meet its obligation to evaluate complaints from Individuals regarding their privacy rights or privacy practices of the Plan or Business Associate, the parties agree that Individuals shall be directed to submit any such complaint to Business Associate for review and evaluation. Business Associate will evaluate such complaints according to its own procedures for complaints and shall implement appropriate operation steps as are required by its own procedures. The Privacy Officer of the Plan shall cooperate with Business Associate in the evaluation of any such complaint. Business Associate shall provide a copy of all complaints to the Plan within three (3) days of receipt by Business Associate. If the complaint appears to involve handling of PHI by the Plan, Plan Sponsor, or other Business Associate of the Plan, Business Associate shall notify the Plan, and it shall be the Plan's responsibility to review and evaluate the complaint.

k. Limit the Uses and Disclosures of, or requests for, PHI for purposes described in this Agreement to the Minimum Necessary to perform the required Business Associate Functions. Business Associate shall comply with any additional requirements for the determination of Minimum Necessary as are required from time to time by the HIPAA Rules, as amended, or through additional guidance published by the Secretary.

l. To the extent Business Associate is expressly obligated under the Services Agreements to carry out one or more of the Plan's obligations(s) under Subpart E of 45 CFR Part 164, comply with the requirements of Subpart E that apply to the Plan in the performance of such obligation(s).

m. Except for the specific Uses and Disclosures for the Business Associate's own management and administration or to carry out the legal responsibilities of Business Associate, Business Associate shall not Use or Disclose PHI in a manner that would violate the HIPAA Rules if done by the Plan.

4. **Permitted Uses and Disclosures of PHI**. Business Associate shall only Use or Disclose PHI as follows:

a. Business Associate may Use or Disclose PHI as Required by Law. Business Associate agrees to follow the current law covering the use and disclosure of PHI related to substance abuse and reproductive health.

b. Business Associate may Use or Disclose PHI as necessary to carry out Business Associate Functions.

c. Business Associate may Use PHI for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate.

d. Business Associate may Disclose PHI for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate, provided the Disclosures are Required by Law, or Business Associate obtains reasonable assurances from the person to whom the information is Disclosed that the information will remain confidential and be Used or further Disclosed only as Required by Law or for the purposes for which it was Disclosed to the person, and the person notifies Business Associate in writing of any instances of which it is aware in which the confidentiality of the information has been breached or compromised.

e. If specifically identified as a Business Associate Function in the Services Agreements, Business Associate may provide Data Aggregation services relating to the Health Care Operations of Covered Entity.

f. If de-identification is listed as a Business Associate Function in the Services Agreements, or if Business Associate is expressly permitted to de-identify PHI and use data thus de-identified for its own uses in the Services Agreements, Business Associate may Use PHI to de-identify the information in accordance with 45 CFR 164.514(a)-(c). Business Associate may use de-identified data only for the purposes specified in the Services Agreements.

5. **Responsibilities of the Plan**. The Plan agrees to:

a. Notify Business Associate promptly of any restriction on the Use or Disclosure of PHI that the Plan has agreed to or is required to abide by under 45 CFR 164.522, to the extent such restriction may affect Business Associate's Use or Disclosure of PHI.

b. Notify Business Associate of any changes in, or revocation of, the permission by an Individual to Use or Disclose PHI, to the extent that such changes may affect Business Associate's Use or Disclosure of PHI.

c. Provide Business Associate with a copy of any amendment to PHI which is accepted by Covered Entity under 45 CFR 164.526 which Covered Entity believes will apply to PHI maintained by Business Associate in a Designated Record Set.

d. Not request Business Associate to Use or Disclose PHI in any manner that would not be permissible under the HIPAA Rules if done by the Plan, with exception for any Data Aggregation services permitted under Section 4.

6. **Compliance with Electronic Transactions Rule**. If Business Associate conducts in whole or part electronic Transactions (as defined in 45 CFR 160.103) on behalf of Covered Entity for which the Secretary of HHS has established standards, Business Associate will comply, and will require any Subcontractor involved with the conduct of such Transactions to comply, with each applicable requirement of the Electronic Transactions Rule at 45 CFR Parts 160 and 162 and of any operating rules adopted by the Secretary of HHS with respect to Transactions.

7. **Supervening Law**. Upon the enactment of any law or regulation affecting the Use or Disclosure of PHI, or the publication of any decision of a court of the United States or of this state relating to any such law, or the publication of any interpretive policy or opinion of any governmental agency charged with the enforcement of any such law or regulation, the parties agree to amend this Agreement in such manner as is necessary to comply with such law or regulation. If the parties are unable to agree on an amendment within thirty (30) days, either party may terminate the Services Agreements on not less than thirty (30) days' written notice to the other.

8. **Liability and Indemnification**. Each party shall be responsible for the acts and omissions of its own agents, employees and contractors. Notwithstanding the foregoing, and notwithstanding any limitation of liability or disclaimer of damages in the Services Agreements or elsewhere, to the extent that the Secretary determines that Business Associate is acting as an agent of the Plan under the Services Agreements or this Agreement, Business Associate shall indemnify Company and the Plan for any fines, civil monetary penalties or monetary resolutions incurred by Company or the Plan, plus reasonable attorneys' fees of Company and the Plan, arising out of or relating to the actions or omissions of Business Associate which constitute a breach of this Agreement by Business Associate. This indemnification is in addition to any additional indemnification provided by Business Associate in the Services Agreement.

9. **Term and Termination**.

a. **Term**. This Agreement shall become effective on the Effective Date and shall continue in effect until all obligations of the parties have been met, including return or destruction of all PHI in Business Associate's possession (or in the possession of Business Associate's agents and Subcontractors), unless sooner terminated as provided herein. It is expressly agreed that the terms and conditions of this Agreement designed to safeguard PHI shall survive expiration or other termination of the Services Agreements and shall continue in effect until Business Associate has performed all obligations under this Agreement and has either returned or destroyed all PHI.

b. **Termination**. Company may immediately terminate this Agreement and the Services Agreements, if Company and/or the Plan makes the determination that Business Associate has breached a material term of this Agreement. Alternatively,

Company may choose to provide Business Associate with written notice of the existence of an alleged material breach, and afford Business Associate an opportunity to cure the alleged material breach upon mutually agreeable terms. Failure to take reasonable steps to cure the breach is grounds for the immediate termination of this Agreement.

c. **Business Associate Obligations Upon Termination**. Upon termination of this Agreement for any reason, Business Associate, with respect to PHI received from the Plan, or created, maintained, or received by Business Associate on behalf of the Plan, shall:

(i) Retain only that PHI which is necessary for Business Associate to continue its proper management and administration or to carry out its legal responsibilities or as to which Business Associate reasonably determines such PHI is technically incapable of being returned or destroyed;

(ii) Return to the Plan or, if not provided for in the Services Agreements, destroy the PHI retained under 8.c.(i) that the Business Associate maintains in any form;

(iii) Continue to use appropriate safeguards and comply with Subpart C of 45 CFR Part 164 with respect to Electronic Protected Health Information retained by Business Associate to prevent Use or Disclosure of the PHI, other than as provided for in this Section, for as long as Business Associate retains the PHI;

(iv) Not Use or Disclose the PHI retained by Business Associate other than for the purposes for which such PHI was retained and subject to the same conditions set out at Sections 4.c. and 4.d. which applied prior to termination; and

(v) Return to the Plan or, if not provided for in the Services Agreements, destroy the PHI retained by Business Associate under Section 8.c.(i) when it is no longer needed by Business Associate for its proper management and administration or to carry out its legal responsibilities, except where Business Associate reasonably determines such PHI is not technically capable of being returned or destroyed.

10. **Miscellaneous**.

a. **Applicability**. For purposes of this Agreement, and as applicable to the Business Associate Functions of Business Associate under the Services Agreements covered by this Agreement, references to the Plan shall include the named Plan and all other group health plans subject to HIPAA and sponsored by Company that participate in an organized health care arrangement.

b. **Survival**. The respective rights and obligations of Business Associate and the Plan or Company hereunder shall survive termination of this Agreement according to the terms hereof and the obligations imposed on the Plan or Company and Business Associate under the HIPAA Rules.

c. **Interpretation; Amendment**. This Agreement shall be interpreted and applied in a manner consistent with the Plan's and Business Associate's obligations under the HIPAA Rules. All amendments shall be in writing and signed by both parties, except that this Agreement shall attach to additional Services Agreements entered into between the parties in the future without the necessity of amending this Agreement each time. This Agreement is intended to cover the entire Business Associate *relationship* between the parties, as amended, from time to time, through Services Agreements or other means.

d. **Waiver**. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

e. **No Third-Party Beneficiaries**. Nothing express or implied in this Agreement is intended to confer, nor shall anything herein confer, upon any person other than the parties and their respective successors or assigns, any rights, remedies or obligations.

IN WITNESS WHEREOF, each of the undersigned has caused this Agreement to be duly executed in its name and on its behalf.

PBM Pricing Guarantees

Bidder: MedImpact Healthcare Systems,

Prescription Drug Pricing and Rebates:
AWP Reimbursement Basis—Complete the following table using the drug reimbursement that your organization is willing to guarantee, on a dollar-for-dollar basis, for each year of the contract. Columns marked "AWP Discount" are to be completed using a discount from 100% AWP and dispensing fee logic. All guarantees must be based on the AWP unit cost dispensed at the point of sale, and post September 26, 2009 AWP rollback, including usual & customary and zero-balance claims prior to the impact of member cost sharing. Generic discount guarantee must include all single-source as well as multi-source generic drugs.

The aggregate brand discount guarantee for specialty drugs should include biosimilar specialty drugs. In addition to the aggregate specialty drug discount and rebate guarantees, please provide separately a list of all specialty drugs and their individual discount guarantees.

Specialty drug pricing must be based on an open (non-exclusive) basis.

Cost Proposal Supplement

Network Assumptions

- MedImpact will manage the pharmacy network, including determining which pharmacies are included in the network and all pharmacy-side contract negotiations and terms. MedImpact will manage the pharmacy network, including determining which pharmacies are included in the network and all pharmacy-side contract negotiations and terms.
- Pricing assumes no more than 5% of claims are filled in MA, HI, AK, & PR.
- Walgreens is excluded from the retail specialty network

Rebate Assumptions

- Rebate guarantees are based on use of MedImpact's MedPerform Premier formulary with corresponding edit package and co-pay design provided at time of RFP.
- Specialty guarantees are based on standard specialty drugs as identified on MedImpact's rebate standard specialty drug List.
- Rebate guarantees are per federal legend Brand Drug as identified by using MediSpan indicators and MedImpact's standard policies for products that are approved by the U.S. Food and Drug Administration (FDA) in which federal or state law requires to be dispensed to the public on prescription of a license physician or other licensed provider.
- Rebate Exclusions: Over the Counter (OTC) Claims, Vaccine and immunization Claims, Compound Claims, 340B Claims, Member submitted (direct member reimbursement) Claims, Secondary Payer Claims (COB), Indian Health Services and/or Tribal Claims, Long Term Care (LTC) Claims, Home Infusion Claims, Claims from entities eligible for federal supply schedule prices, Subrogation Claims, 100% member copay claims (cash card), Non Drug Claims (excluding diabetic test strips), Biosimilar Product Claims, Claims for the detection, prevention, or treatment of COVID, and Brand Thyroid agents.
- Rebates assume the Impact of AMP CAP 1.1.2025 listed medications. MedImpact will apply Rebate Credit on future AMP CAP impacted medications.
- Additionally, in the event market factors outside of MedImpact's control cause brand name medications to become available as a generic, authorized generic, or biosimilar, or medications in which the manufacturer significantly reduces the price or discontinues the rebate or Client prefers a generic at a higher net cost than the brand, MedImpact may adjust the Rebate guarantees or apply a Rebate credit for Affected Products on annual true up upon mutual agreement.
- Mail and specialty rebate guarantees are contingent upon the use of MedImpact Direct for mail and specialty pharmacy. Guarantees may be adjusted if a different vendor is elected.
- Rebate guarantees may be adjusted if Client implements non-standard programs or exception logic/edits outside the standard which negatively impact Rebates or formulary compliance by 5% annually. Changes with less than 5% of impact will be reviewed in aggregate may result in an adjustment to rebate guarantees.
- Rebate guarantees may be adjusted if claims experience shows adverse selection of rebateable products resulting from use of alternate funding, patient assistance programs, or international sourcing programs.

Clinical Prior Authorization – Fully Delegated MedImpact, on behalf of Client, shall administer the criteria and conditions under which certain drugs or drug classes or categories may be reviewed as a Covered Benefit pursuant to Client's prior authorization protocol(s), and in accordance with applicable Law (each, a "PA").	After 500 per year: $60 per PA Customization of any PA

PAs shall include, but not be limited to: PA required and any PA requested, such as step therapy, Non-Formulary/Formulary exception medication requests, Dispense As Written ("DAW") exceptions (for Benefit Plans with DAW deny edits), excluded medications, quantity restriction, age restriction, and Copayment exceptions (including DAW requests), therapeutic duplications among other edits, and reconsiderations where an adverse benefit determination is rendered and the requesting provider is provided an opportunity to discuss and/or submit additional new information as required by state regulation and NCQA requirements. PAs may be initiated by, but not limited to, phone, fax, or electronic PA ("ePA"). Client is required to implement MedPrescription or MedPrescription Insight if PA Services are fully or partially delegated to MedImpact.. MedImpact's PA process includes implementation of the MedImpact standard point-of-sale ("POS") edit "smart fill for select specialty". This edit allows a select list of specialty medication Claims to adjudicate at the interval based on the approved PA, without exceeding the intended quantity and duration. MedImpact will review PAs and provide notification(s) as applicable to the Eligible Member, and prescriber of the decision (approval/denial) outcome in accordance with applicable Laws and regulations. Depending upon applicable Law, MedImpact's review may involve a licensed/certified technician, or both a licensed/certified technician and a licensed pharmacist if the case cannot be approved by a licensed/certified technician. Review of a PA by a licensed physician will be performed only when required, and in accordance with applicable Law, and shall be subject to the Clinical Prior Authorization – Physician Review/Call Fee(s) below. Utilization management services provided by MedImpact shall be in accordance with NCQA standards, as set forth in Exhibit F ("Delegation Agreement") attached hereto and incorporated into this Agreement by reference. MedImpact standard PA services incorporate state specific standards, standard Prior Authorization Client Information Profile (PACIP), or state specific PACIP, as applicable, and MedImpact standard processes. Client acknowledges and agrees that, where required by Law, MedImpact will utilize MedImpact PA forms and letter templates approved and/or required by Government Agencies, Law, and/or accreditation agencies (as applicable). When applicable state and/or federal regulations require verbal notice to Eligible Members, Interactive Voice Response (IVR) automated phone calls are placed to notify Eligible Members of the final PA decision. *PAs with a final status, such as Approved, Denied, Partial Approved, and PAs which do not result in a final decision but which involved review and application of the PA protocols, such as Closed, Deferred, Dismissed, PA Not Required, and Withdrawn, are all subject to the PA Fee.* *Client acknowledges and agrees that MedImpact's review will be a non-discretionary review based on objective written protocols of Client, and the limited amount of information provided to MedImpact. MedImpact will not undertake, and is not required hereunder, to make an independent determination of medical necessity or appropriateness of therapies or to make*	processes may result in additional Fees, which will be quoted upon Client request

diagnoses or substitute MedImpact's judgment for the professional judgment and responsibility of the physician. Client acknowledges that under no circumstances will MedImpact have any liability for authorizing or denying coverage in accordance with Client's Benefit Plan or written protocols.	
Clinical Prior Authorization – Physician Review Prior authorizations shall be reviewed by a physician when required, and in accordance with applicable Law. Such review shall be conducted by a physician licensed in any state in the U.S. Such physician is not required by Law to be in the same or similar specialty as the requesting prescriber. The physician shall review prior authorization requests based on Client's Benefit Plan criteria. *Note: Refer to Specialty Match Physician Review or State Specified Licensed Physician Review if state Law specifies additional requirements for a physician review.*	$90 per review (in addition to initial PA Fee)
Clinical Prior Authorization – Specialty Match Physician Review MedImpact shall arrange for prior authorization requests to be reviewed by a physician licensed to practice medicine in the same or similar specialty as the requesting physician, as required by applicable Law. The physician shall review prior authorization requests based on Client's Benefit Plan criteria.	$180 per review (in addition to initial PA Fee)
Clinical Prior Authorization – State Specified Licensed Physician Review In accordance with applicable state Law, MedImpact shall arrange for prior authorization requests to be reviewed by a physician licensed in the designated state. The physician shall review initial prior authorization requests based on Client's Benefit Plan criteria.	$100 per review (in addition to initial PA Fee)
Clinical Prior Authorization – Peer to Peer Physician Call MedImpact shall make available Peer to Peer physician calls either prior to or after an adverse determination, in accordance with applicable Law. This Service comprises up to three (3) attempts by the peer physician to reach the prescribing physician.	$425 per call (in addition to initial PA Fee)
Clinical Prior Authorization – Custom Prior Authorization Guidelines MedImpact will code and configure Client's custom prior authorization guidelines into the MedResponse system for use in PA request reviews in: MedResponse, electronic prior authorization (ePA), and enhanced approval edit, as applicable to Client. Client shall submit guidelines in a time and format acceptable to MedImpact, otherwise additional Fees apply and quoted upon request. MedImpact shall code and configure such guidelines within ninety (90) days of receipt from Client. Annual Fee includes guideline updates/changes during the year	$375 per each custom prior authorization guideline per year
Clinical Prior Authorization Letter – Foreign Language Translation of Letters In accordance with state Law, when applicable, and as requested by Client, MedImpact will make available prior authorization template member letters in the foreign language designated in the preferred member attribute field in the Eligible Members List. Appeals Administration MedImpact, on behalf of Client and at the request of an Eligible Member/member representative or prescriber, shall review a prior authorization Adverse Benefit Determination. MedImpact will administer the criteria and conditions under which certain drugs or drug classes or categories may be reviewed as a Covered Benefit pursuant to Client's protocol(s), including clinical criteria and guidelines, and in accordance with applicable Law (each, an "appeal"). Appeals shall include, but not be limited to: prior authorization required, and any appeal requested, such as step therapy, non-Formulary/Formulary exception medication requests, Dispense As Written ("DAW") exceptions (for Benefit Plans with DAW deny edits), excluded medications, quantity restriction, age restriction, and Copayment exceptions (including DAW requests). MedImpact will perform intake and review of appeals as well as notification to the provider and Eligible Member/member representative, acknowledgement of receipt/eligibility, and of the decision (overturn denial/uphold denial) outcome in accordance with applicable Laws and regulations. Depending upon applicable Law, MedImpact's review may involve a licensed pharmacist and/or a licensed physician. Review of an appeal by a licensed physician will be performed only when required, and in accordance with applicable Law, and shall be subject to the fees below. MedImpact will process appeals in accordance with Client's appeals policies and procedures, the terms of the Benefit Plan, and other applicable Law. Appeal utilization management services provided by MedImpact shall be in accordance with NCQA standards, as set forth in Exhibit F ("Delegation Agreement"). MedImpact standard Appeal services incorporate state specific standards, standard Prior Authorization Client Information Profile (PACIP), standard Appeal Reference Guide (ARG), or state specific PACIP, and state specific ARG, as applicable, and MedImpact standard processes. Client shall provide MedImpact with copies of all applicable summary plan documents (SPD) at the time of implementation, upon delegation of the appeal process, on an annual basis, and/or upon modification of the SPD. MedImpact's appeal process also provides for expedited review of appeals upon request. Client shall have access to MedImpact's MedResponse® tool, or successor tool, to view Eligible Member appeals, and such access is subject to Section 12.1 (*MedImpact Proprietary Software and Information*) of this Agreement. Client acknowledges and agrees that, where required by Law, MedImpact will utilize MedImpact appeal forms and letter templates approved and/or required by Government Agencies, Law, and/or accreditation agencies (as applicable). *Appeals with a final status of denial overturned or upheld, and appeals which do not result in a final decision but which involved review and application of the PA*	

protocols, such as Closed, Deferred, Dismissed, Appeal Not Required, and Withdrawn, are all subject to the Appeal Fee. *Client acknowledges and agrees that MedImpact's review will be a non-discretionary review based on objective written protocols of Client including clinical criteria and guidelines, and the limited amount of information provided to MedImpact. MedImpact will not undertake, and is not required hereunder, to make an independent determination of medical necessity or appropriateness of therapies or to make diagnoses or substitute MedImpact's judgment for the professional judgment and responsibility of the physician. Client acknowledges that under no circumstances will MedImpact have any liability for authorizing or denying coverage in accordance with Client's Benefit Plan or written protocols.* *The following definitions shall apply to Appeals:* *Administrative Appeal. A non-clinical appeal review to ensure the adverse determination made by MedImpact is consistent with the terms of the Benefit Plan, the applicable regulations promulgated under ERISA, the Patient Protection and Affordable Care Act ("PPACA"), and other applicable Law. Applicable to administrative decisions only, such as eligibility and plan Benefit Exclusions.* *Adverse Benefit Determination. Any of the following:* *1. The denial or limited authorization of a requested service, including determinations based on the type or level of service, requirements for clinical necessity, appropriateness, setting, or effectiveness of a covered benefit.* *2. Quality Performance Monitoring Program (QPMP) Data File Program: Monthly Reports
Leverages advanced analytics to determine patterns of patient behavior for targeted intervention strategies. This program supports Client with actionable information for use by care management and pharmacy teams. Program includes:
 	
• Monthly data files contain Eligible Member-level and Claim-level information and detailed prescriber and pharmacy information.
• Prioritization for intervention efforts using variables known to be predictive of medication adherence. Factors include:
  ○ Eligible Members with more than one (1) adherence issue
  ○ Eligible Members' adherence levels
  ○ Use of thirty (30) versus ninety (90) day Claims
  ○ New start to therapy
 	
Includes custom data file orientation including formatting, sorting and flagging to meet Client's needs. Technical specifications must be set up prior to program launch in order to maximize efficiencies with services for MedImpact and Client.
	$5,000 set-up fee,
	plus $12,000 per year
	per individual measure

Quality Performance Monitoring Program (QPMP) Data File Program: Member Priority List Program Program that utilizes advanced data analytics critical for clinical targeting. Program identifies and prioritizes Eligible Members based on their calculated adherence level and a number of risk factors including comorbidity, number of target medication categories, new start Eligible Members, etc. Program provides a quick and accurate method to:	$5,000 set-up fee, plus $1,667 per month for all three (3) adherence measures

- Improve overall plan adherence rate by stratifying Eligible Members based on risk
- Prioritizes care management outreach to Eligible Members by identifying several key predictors for medication adherence issues

Primary targeted medication measures include, but are not limited to:

- Medication Adherence for Diabetes
- Medication Adherence for Hypertension (ACE/ARB/DRI)
- Medication Adherence for Hypercholesterolemia (statins)

Note: Reports are provided monthly starting in August of the calendar year.

MedEmpower Fuel™ Clinical Condition Management Programs

The MedEmpower Fuel clinical condition management programs listed below are designed to help improve the management and clinical outcomes for Eligible Members. These comprehensive programs are condition-targeted programs that focus on employing nutrition in disease management.

Program staff will provide one-on-one personalized coaching using telephone and digital communication technology to maximize member engagement through MedImpact's third-party MedEmpower Fuel mobile application ("app") and one-on-one coaching with a registered dietitian, or lifestyle coach, and as applicable a registered nurse, or respiratory therapist to:

- Increase Eligible Member engagement using a food scoring app with a comprehensive food database for disease-specific meal planning, recommendations and tracking
- Promote healthy nutrition and lifestyle habits through digital technology and personalized coaching
- Offer professional health coaching to guide participants and assist with management of the program disease, and the risks associated with disease complications, the relationship between nutrition and wellness, support for medication adherence, mitigation of medicine side effects, and education for behavior change
- Develop individual care plans and provide evidence-based condition-specific education
- Integrate biometric and activity monitoring data with nutrition tracking to facilitate coaching, disease specific goal setting, and evaluation of progress towards program health goals.

Program includes:

- Capability for integration with select consumer-based activity tracking devices (e.g. Fitbit, Apple Watch, Health Connect, and other compatible tracking devices).
- Capability for integration with select biometric monitoring devices (e.g. digital blood pressure monitor, digital weight scale, digital water bottles, and other compatible monitoring devices).
- Member access to the MedEmpower Fuel app that provides personal nutritional guidance and health and wellness tracking. Personal nutritional guidance includes meal plan recommendations, healthy choice restaurant menu selections, healthy choice grocery item identification, and educational articles on nutrition. Health and wellness tracking includes nutrition goals, sleep, activity, water intake, and more. The app utilizes healthful behavioral modification through challenges and motivational activities/ interactions (sometimes referred to as "gamification"). MedImpact will facilitate the necessary secure data transfer to enable access to the app for Eligible Members. MedEmpower Fuel is available as a downloadable mobile app for both iOS and Android.
- MedImpact will provide member pre-enrollment analytics, using Client's available medical and pharmacy Claims data, and marketing material developed in collaboration with Client.
- MedImpact's standard quarterly reporting is included.

The following applies to all MedEmpower Fuel clinical condition management programs below, unless otherwise noted*:

An Eligible Member will be considered an "Engaged Participant" for an initial three (3) month period when they register for the clinical program and subsequently meet one of the following conditions ("Initial Program Period"):

(i) two (2) or more interactions with program staff (with at least one (1) of these interactions being with a program clinician, i.e., dietician, nurse or respiratory therapist); or

(ii) at least one (1) interaction with a program clinician, plus five (5) or more interactions with other non-clinical program staff and/or with the app;

(iii) attend at least one (1) digital program group class (*diabetes prevention program only)

After the Initial Program Period, an Eligible Member will be considered an Engaged Participant in any subsequent three (3) month period when they meet one of the following conditions ("Subsequent Program Period(s)"):

(i) at least one (1) interaction with a program clinician plus five (5) or more interactions with the app

(ii) attend at least one (1) digital program group class (*diabetes prevention program only)

The Initial Program Period and each Subsequent Program Period (collectively, the "Program Periods") will begin on the date that the Engaged Participant has completed the required interactions, and Program Periods may or may not be consecutive.

Customization of program criteria or reporting will be quoted upon Client request.

Fees are subject to change in subsequent years.

The implementation Fees cover resources, file transfers, report development and delivery, oversight to cover MedImpact labor costs to support the program(s).

1. **MedEmpower Fuel® Healthy Weight** for Eligible Members who are not at their ideal weight (i.e., underweight, overweight, or obese) *This program must be implemented by Client for a minimum of one (1) year in duration.* ***[If Client selecting Diabetes Prevention, Healthy Weight must also be selected}*** 2. **MedEmpower Fuel® Better Health Oncology** for Eligible Members with an oncology diagnosis 3. **MedEmpower Fuel® Better Health Autoimmune** for Eligible Members with an autoimmune disease 4. **MedEmpower Fuel® Better Health Healthy Mind** for Eligible Members with a diagnosis of depression and/or anxiety. **MedEmpower Fuel® Better Heart Health** for Eligible Members with a diagnosis of cardiovascular disease (e.g., heart disease,	**Selected programs 1 through 5 will each incur the following Fees**: $2,000 one-time program implementation Fee, plus $210 per Engaged Participant for the Initial Program Period, thereafter $90 per Engaged Participant per Subsequent Program Period Device and Mailing Fees: See Optional Fees below

Member Engagement Outreach Fee: Optional printing and mailing Fee for MedImpact to conduct the outreach: *Additional add-on devices may be available for purchase upon mutual agreement of the parties*	$2.45 per Eligible Member letter

Opioid Overutilization & Safety Controls Programs	Fee
Opioid Overutilization & Safety Controls Programs MedImpact shall provide Client the following Opioid Overutilization & Safety Controls Program(s) (the "Program(s)") which monitor the utilization of prescribed medications through use of drug utilization controls at the point-of-sale and retrospective interventional programs to increase Eligible Member safety: **Acetaminophen Safety Controls at POS** A point-of-sale ("POS") intervention that will identify and deny incoming Claim(s) when an Eligible Member's daily dose of the ingredient acetaminophen ("APAP") is greater than 4 gm per day across multiple APAP-containing Claim(s). The intervention can be overridden by clinical prior authorization or professional pharmacy services ("PPS") codes submitted by the Participating Pharmacy. MedImpact standard outcomes reporting is included. **Opioid Cumulative Dosing at POS** A point-of-sale ("POS") intervention that will identify and deny incoming opioid Claim(s) when an Eligible Member's daily morphine milligram equivalent ("MME") is greater than or equal to a hard threshold (e.g. ≥ 200 mg) across a single or multiple opioid-containing Claim(s). The intervention also allows a soft stop on incoming opioid Claim(s) with daily cumulative MME greater than or equal to a soft threshold (e.g. ≥ 90 mg). The interventions can be overridden by clinical prior authorization or professional pharmacy services ("PPS") codes submitted by the Participating Pharmacy. Prior to Program implementation, Client may request a one-time detailed Eligible Member impact report. Eligible Members who reside in a long term care (LTC) facility, have Claims for an oncology or sickle cell disease drug, and/or have a hospice identifier are excluded from this Program. MedImpact standard outcomes reporting is included. **Opioid Single Claim Dosing at POS** A point-of-sale ("POS") intervention that will identify and deny an incoming opioid Claim when an Eligible Member's daily morphine milligram equivalent ("MME") is greater than or equal to a hard threshold (e.g. ≥ 90 mg) for a single opioid-containing Claim. The intervention is non-overridable except via a clinical prior authorization. The intervention also allows a soft stop on an incoming opioid Claim with daily MME greater than or equal to a soft threshold (e.g. ≥ 50 mg) that can be overridden by clinical prior authorization or professional pharmacy services ("PPS") codes submitted by the Participating Pharmacy. Prior to Program implementation, Client may request a one-time detailed Eligible Member impact report. Eligible Members who have Claims for an oncology or sickle cell disease drug and/or have a hospice identifier are excluded from this Program. MedImpact standard outcomes reporting is included. **Opioid Naïve Cumulative Dosing at POS**	$0.20 PMPM (for all nine (9) programs)

A point-of-sale ("POS") intervention that will identify and deny incoming opioid Claim(s) when an Eligible Member's daily morphine milligram equivalent ("MME") is greater than or equal to a soft threshold (e.g. ≥ 50 mg) across a single or multiple opioid-containing Claim(s) for the first day of therapy if the Eligible Member has no opioid history within a specified look back period. The intervention also allows a hard stop on incoming opioid Claim(s) with daily cumulative MME greater than or equal to a hard threshold (e.g. ≥ 90 mg). The interventions can be overridden by clinical prior authorization or professional pharmacy services ("PPS") codes submitted by the Participating Pharmacy. Prior to Program implementation, Client may request a one-time detailed Eligible Member impact report. Eligible Members who reside in a long term care (LTC) facility, have Claims for an oncology or sickle cell disease drug, and/or have a hospice identifier are excluded from this Program. MedImpact standard outcomes reporting is included.

Opioid-Benzodiazepine Concurrent Use at POS
A point-of-sale ("POS") intervention that will identify and deny concurrent use of opioids and benzodiazepines when there is an overlap in days' supply. The intervention is non-overridable except by clinical prior authorization or professional pharmacy services ("PPS") codes submitted by the Participating Pharmacy. Prior to Program implementation, Client may request a one-time detailed Eligible Member impact report. Eligible Members who reside in a long term care (LTC) facility, have Claims for an oncology or sickle cell disease drug, and/or have a hospice identifier are excluded from this Program. MedImpact standard outcomes reporting is included.

Duplicative Long-Acting Opioid Therapy at POS
A point-of-sale ("POS") intervention that will identify and deny concurrent use of long-acting opioids when there is an overlap in days' supply. The intervention is non-overridable except by clinical prior authorization or professional pharmacy services ("PPS") codes submitted by the Participating Pharmacy. Prior to Program implementation, Client may request a one-time detailed Eligible Member impact report. Eligible Members who reside in a long term care (LTC) facility, have Claims for an oncology or sickle cell disease drug, and/or have a hospice identifier are excluded from this Program. MedImpact standard outcomes reporting is included.

Lock-In Functionality at POS
A point-of-sale ("POS") intervention intended to limit coverage of frequently abused drugs for at-risk Eligible Members. The intervention overrides Client specific Formulary and benefit coverage of addictive drugs by limiting access to specific drugs, quantities, pharmacies, and/or prescribers. The intervention is custom configured for each at-risk Eligible Member, and is overridable only by removing the intervention or through specific exception instances (for example, hospice status). At-risk Eligible Members are identified through case management administered by Client, or by MedImpact if Client has selected MedImpact's Opioid Case Management.

Opioid Overutilization-Benzodiazepine/Potentiators Retrospective Intervention
A prescriber outreach program which identifies Eligible Members with an average daily morphine milligram equivalent ("MME") greater than or equal to 90 mg for any duration (monthly rolling six (6) month look-back) from either: (i) three (3) or

more prescribers and three (3) or more Participating Pharmacies, or (ii) five (5) or more prescribers. Of those Eligible Members identified, MedImpact will also identify Eligible Members with concurrent use of opioids and benzodiazepines, gabapentin (>2400mg/day), and/or pregabalin. Eligible Members who have Claims for an oncology or sickle cell disease drug and/or have a hospice identifier are excluded from this Program. Data files of retrospectively targeted Eligible Members, prescribers, and Claims data will be provided in MedImpact's standard data file format and MedImpact will generate notifications to prescribers to verify prescribed medications. MedImpact will not be responsible for monitoring prescriber fax-back response and follow-up. MedImpact standard outcomes reporting is included if MedImpact generates notifications. **Naloxone for High Risk Opioid Use Retrospective Intervention** A prescriber outreach program which identifies Eligible Members eighteen (18) years of age or older who received an opioid over the previous three (3) month time period without a history of a naloxone Claim in the prior twelve (12) months. In addition, at least one of the following criteria must be met: (i) Eligible Member has a history of opioid addiction, (ii) Eligible Member obtained an average daily morphine milligram equivalent ("MME") greater than or equal to 50 mg, or (iii) Eligible Member has been taking an opioid in combination with a benzodiazepine for at least thirty (30) days. Eligible Members who have Claims for an oncology drug and/or have a hospice identifier are excluded from this Program. Data files of retrospectively targeted Eligible Members, prescribers, and Claims data will be provided in MedImpact's standard data file format and MedImpact will generate notifications to prescribers to verify prescribed medications. MedImpact will not be responsible for monitoring prescriber fax-back response and follow-up. MedImpact standard outcomes reporting is included if MedImpact generates notifications.	
Opioid-Antipsychotic Concurrent Use at POS. A point-of-sale ("POS") intervention that will identify and deny an incoming opioid Claim when there is an overlap in days' supply with an antipsychotic Claim, where the day supply overlap can be defined. The intervention can be overridden by clinical prior authorization or professional pharmacy services ("PPS") codes submitted by the Participating Pharmacy. Prior to Program implementation, Client may request a one-time detailed Eligible Member impact report. Eligible Members who reside in a long-term care (LTC) facility, have Claims for an oncology or sickle cell disease drug, and/or have a hospice identifier are excluded from this Program. MedImpact standard outcomes reporting is included. This service is sold separately.	$0.05 PMPM
Opioid Case Management Case management services for monitoring opioid overutilization include a review of the prescriber fax-back forms from the Opioid Overutilization-Benzodiazepine/Potentiators Retrospective Intervention Program; Client's participation in such Program is required for case management services. When such utilization is deemed inappropriate, MedImpact will contact the prescriber to determine the prescriber's treatment option to resolve the overutilization. MedImpact will prepare and mail notification to prescribers and Eligible Members of any member-level restrictions deemed necessary after case management. Client shall approve all template notification letters.	Quoted upon request $30,000 minimum fee per year

This service is sold separately. Client must also purchase the Opioid Overutilization-Benzodiazepine/Potentiators Retrospective Intervention program (above) which identifies targeted Eligible Members. Program pricing may be adjusted if Client's membership changes by greater than ten percent (10%).	

CLINICAL PROGRAMS PRICING NOTES

i. MedImpact reserves the right to amend pricing if there is a ten percent (10%) or greater change in the number or demographic profile of Eligible Members included in the Benefit Plan upon which the pricing is based.
ii. Significant overall cost savings may be achieved through implementation of Clinical Trend Management programs. While this approach may yield the best overall net-cost solution, Client acknowledges that this may also reduce Rebate return.
iii. Clinical Trend Management edit programs and packages will undergo continuous modification, typically on a quarterly basis or more frequently as appropriate, based upon decisions made by MedImpact's National Pharmacy & Therapeutic Committee and Formulary Committee in response to: (i) the release of new drug products by the United States Food & Drug Administration, (ii) changes in treatment guidelines issued by national medical organizations, and (iii) improvements in drug therapy as identified in the medical literature. As a part of ongoing quality improvement and recognition of the dynamic clinical, marketplace, and regulatory environment, MedImpact may add, delete, or implement modifications at its discretion to components of the programs. Client will be notified in advance of any such modification.
iv. Any Law, regulation, market, industry, or coverage change that impedes MedImpact's ability to apply MedImpact recommended clinical management programs in any way during the Term may require that MedImpact alter the services offered as described herein. Client will be notified in advance of any such modifications.
v. The fees for programs set forth herein reflect pricing for standard programs. Modifications to any of the standard program components set forth herein will be quoted upon request.
vi. Other clinical programs not described above quoted upon request.
