Docusign Envelope ID: 32B4B386-2049-4285-B95B-118AA746061B

CONTRACTUAL AGREEMENT FORM

BIDDER MUST COMPLETE THE FOLLOWING

By signing this Contractual Agreement Form, the bidder guarantees compliance with the provisions stated in this solicitation and agrees to the terms and conditions unless otherwise indicated in writing and certifies that bidder is not owned by the Chinese Communist Party.

Per Nebraska's Transparency in Government Procurement Act, Neb. Rev Stat § 73-603, DAS is required to collect statistical information regarding the number of contracts awarded to Nebraska Vendors. This information is for statistical purposes only and will not be considered for contract award purposes.

_No_ NEBRASKA VENDOR AFFIDAVIT: Bidder hereby attests that bidder is a Nebraska Vendor. "Nebraska Vendor" shall mean any bidder who has maintained a bona fide place of business and at least one employee within this state for at least the six (6) months immediately preceding the posting date of this Solicitation. All vendors who are not a Nebraska Vendor are considered Foreign Vendors under Neb. Rev Stat § 73-603 (c).

_No_ I hereby certify that I am a Resident disabled veteran or business located in a designated enterprise zone in accordance with Neb. Rev. Stat. § 73-107 and wish to have preference, if applicable, considered in the award of this contract.

_No_ I hereby certify that I am a blind person licensed by the Commission for the Blind & Visually Impaired in accordance with Neb. Rev. Stat. § 71-8611 and wish to have preference considered in the award of this contract.

THIS FORM MUST BE SIGNED MANUALLY IN INK OR BY DOCUSIGN

Corporate Overview

CORPORATE OVERVIEW

The Corporate Overview section of the solicitation response should consist of the following subdivisions:

A. BIDDER IDENTIFICATION AND INFORMATION

The bidder should provide the full company or corporate name, address of the company's headquarters, entity organization (corporation, partnership, proprietorship), state in which the bidder is incorporated or otherwise organized to do business, (including whether the Bidder is in good standing in the state in which it is formed or incorporated), year in which the bidder first organized to do business and whether the name and form of organization has changed since first organized. The Bidder should also provide this information for the branch or local office or other subordinate element that will perform or assist in performing the work on this contract.

MedImpact Healthcare Systems, Inc. (MedImpact) located at 10181 Scripps Gateway Court, San Diego, CA 92131, is a privately owned C corporation, incorporated in the state of California on June 1, 1993.

We have not utilized any other name or organization form.

MedImpact's San Diego, California headquarters will perform the majority of the work for the State. Account management team members work remotely.

B. FINANCIAL STATEMENTS

The bidder should provide its organization's last audited financial statement and the most recent unaudited financial statement if the most recent audited financial statement is older than 12 months as well as the latest SSAE 21 report. If publicly held, the bidder should provide a copy of the corporation's most recent audited financial reports and statements, and the name, address, and telephone number of the fiscally responsible representative of the bidder's financial or banking organization.

If the bidder is not a publicly held corporation, either the reports and statements required of a publicly held corporation, or a description of the organization, including size, longevity, client base, areas of specialization and expertise, and any other pertinent information, should be submitted in such a manner that solicitation evaluators may reasonably formulate a determination about the stability and financial strength of the organization. Additionally, a non-publicly held firm should provide a banking reference.

The bidder must disclose any and all judgments, pending or expected litigation, or other real or potential financial reversals, which might materially affect the viability or stability of the organization, or state that no such condition is known to exist.

The State may elect to use a third party to conduct credit checks as part of the corporate overview evaluation.

Please see our most recent audited financial statements **Exhibit 1.**

We have included the following bank references:

Ron Caldwell | Managing Director
Co-Head of Leveraged Finance Origination
Truist Securities
Mobile: 704.488.0077
Email: ron.caldwell@truist.com

David Rofsky | SVP ICG Relationship Managr
Healthcare | Institutional Grup
U.S. Bank | Newport Beach
Mobile: 949.212.7287
Email: david.rofsky@usbank.com

There are no existing judgments, pending or expected litigation, or other real or potential financial reversals, which might materially affect the viability or stability of MedImpact.

C. CHANGE OF OWNERSHIP

If any change in ownership or control of the company is anticipated during the twelve (12) months following the solicitation response due date, the bidder should describe the circumstances of such change and indicate when the change will likely occur. Any change of ownership to an awarded bidder(s) will require notification to the State.

The bidder should state and describe if it recently experienced any workforce realignments and/or recent merger or acquisition activity. Include in this description, any anticipated changes in ownership or business developments, including but not limited to mergers, stock issues, and the acquisition of new venture capital.

There is no change in ownership or control anticipated during the 12 months following the solicitation response due date.

We acquired Aspen Health, Inc., MTM company, in 2023 and MedImpact's acquisition of certain Elixir Solutions assets, the PBM subsidiary of Rite Aid, closed February 1, 2024. These acquisitions are the latest addition and part of MedImpact's ongoing reinvestment strategy to expand the company's portfolio of clinical, technology, health risk management and consumer empowerment capabilities. MedImpact is celebrating its 35th anniversary this year. While the company began as an independent PBM startup, it has continually invested in innovation and reinvention to offer an ecosystem of total health and technology solutions to meet the needs of clients in a complex and challenging healthcare landscape.

There are no further anticipated changes in workforce realignments.

D. OFFICE LOCATION

The bidder's office location responsible for performance pursuant to an award of a contract with the State of Nebraska should be identified.

MedImpact's San Diego, California headquarters will provide the majority of the services identified. Account management teams work remotely.

E. RELATIONSHIPS WITH THE STATE

The bidder should describe any dealings with the State over the previous twelve (12) months. If the organization, its predecessor, or any Party named in the bidder's solicitation response has contracted with the State, the bidder should identify the contract number(s) and/or any other information available to identify such contract(s). If no such contracts exist, so declare.

MedImpact has had no contractual dealing with the State of Nebraska over the previous (12) months.

F. BIDDER'S EMPLOYEE RELATIONS TO STATE

If any Party named in the bidder's solicitation response is or was an employee of the State within the past twelve (12) months, identify the individual(s) by name, State agency with whom employed, job title or position held with the State, and separation date. If no such relationship exists or has existed, so declare.

If any employee of any agency of the State of Nebraska is employed by the bidder or is a subcontractor to the bidder, as of the due date for solicitation response submission, identify all such persons by name, position held with the bidder, and position held with the State (including job title and agency). Describe the responsibilities of such persons within the proposing organization. If, after review of this information by the State, it is determined that a conflict of interest exists or may exist, the bidder may be disqualified from further consideration in this solicitation. If no such relationship exists, so declare.

No party in MedImpact's solicitation response is, or was, an employee of the State within the last 12 months.

G. CONTRACT PERFORMANCE

If the bidder or any proposed subcontractor has had a contract terminated for default during the past (three) (3) years, all such instances must be described as required below. Termination for default is defined as a notice to stop performance delivery due to the bidder's non-performance or poor performance, and the issue was either not litigated due to inaction on the part of the bidder or litigated and such litigation determined the bidder to be in default.

It is mandatory that the bidder submit full details of all termination for default experienced during the past (three) (3) years, including the other Party's name, address, and telephone number. The response to this section must present the bidder's position on the matter. The State will evaluate the facts and will score the bidder's solicitation response accordingly. If no such termination for default has been experienced by the bidder in the past (three) (3) years, so declare.

If at any time during the past (three) (3) years, the bidder has had a contract terminated for convenience, non-performance, non-allocation of funds, or any other reason, describe fully all circumstances surrounding such termination, including the name and address of the other contracting Party.

MedImpact has not had any clients term for default or for convenience in the past 3 years.

H. SUMMARY OF BIDDER'S CORPORATE EXPERIENCE

The bidder should provide a summary matrix listing the bidder's previous projects similar to this Solicitation in size, scope, and complexity. The State will use no more than three (3) narrative project descriptions submitted by the bidder during its evaluation of the solicitation response.

The bidder should address the following:

i. Provide narrative descriptions to highlight the similarities between the bidder's experience and this Solicitation. These descriptions should include:

- **a. The time period of the project,**
- **b. The scheduled and actual completion dates,**
- **c. The bidder's responsibilities,**
- **d. For reference purposes, a customer name (including the name of a contact person, a current telephone number, a facsimile number, and e-mail address); and**
- **e. Each project description should identify whether the work was performed as the prime Vendor or as a subcontractor. If a bidder performed as the prime Vendor, the description should provide the originally scheduled completion date and budget, as well as the actual (or currently planned) completion date and actual (or currently planned) budget.**

ii. Bidder and Subcontractor(s) experience should be listed separately. Narrative descriptions submitted for Subcontractors should be specifically identified as subcontractor projects.

iii. If the work was performed as a subcontractor, the narrative description should identify the same information as requested for the bidders above. In addition, subcontractors should identify what share of contract costs, project responsibilities, and time period were performed as a subcontractor.

Our corporate experience is included within **Table 1**. None of the work indicated within **Table 1** was performed as a subcontractor.

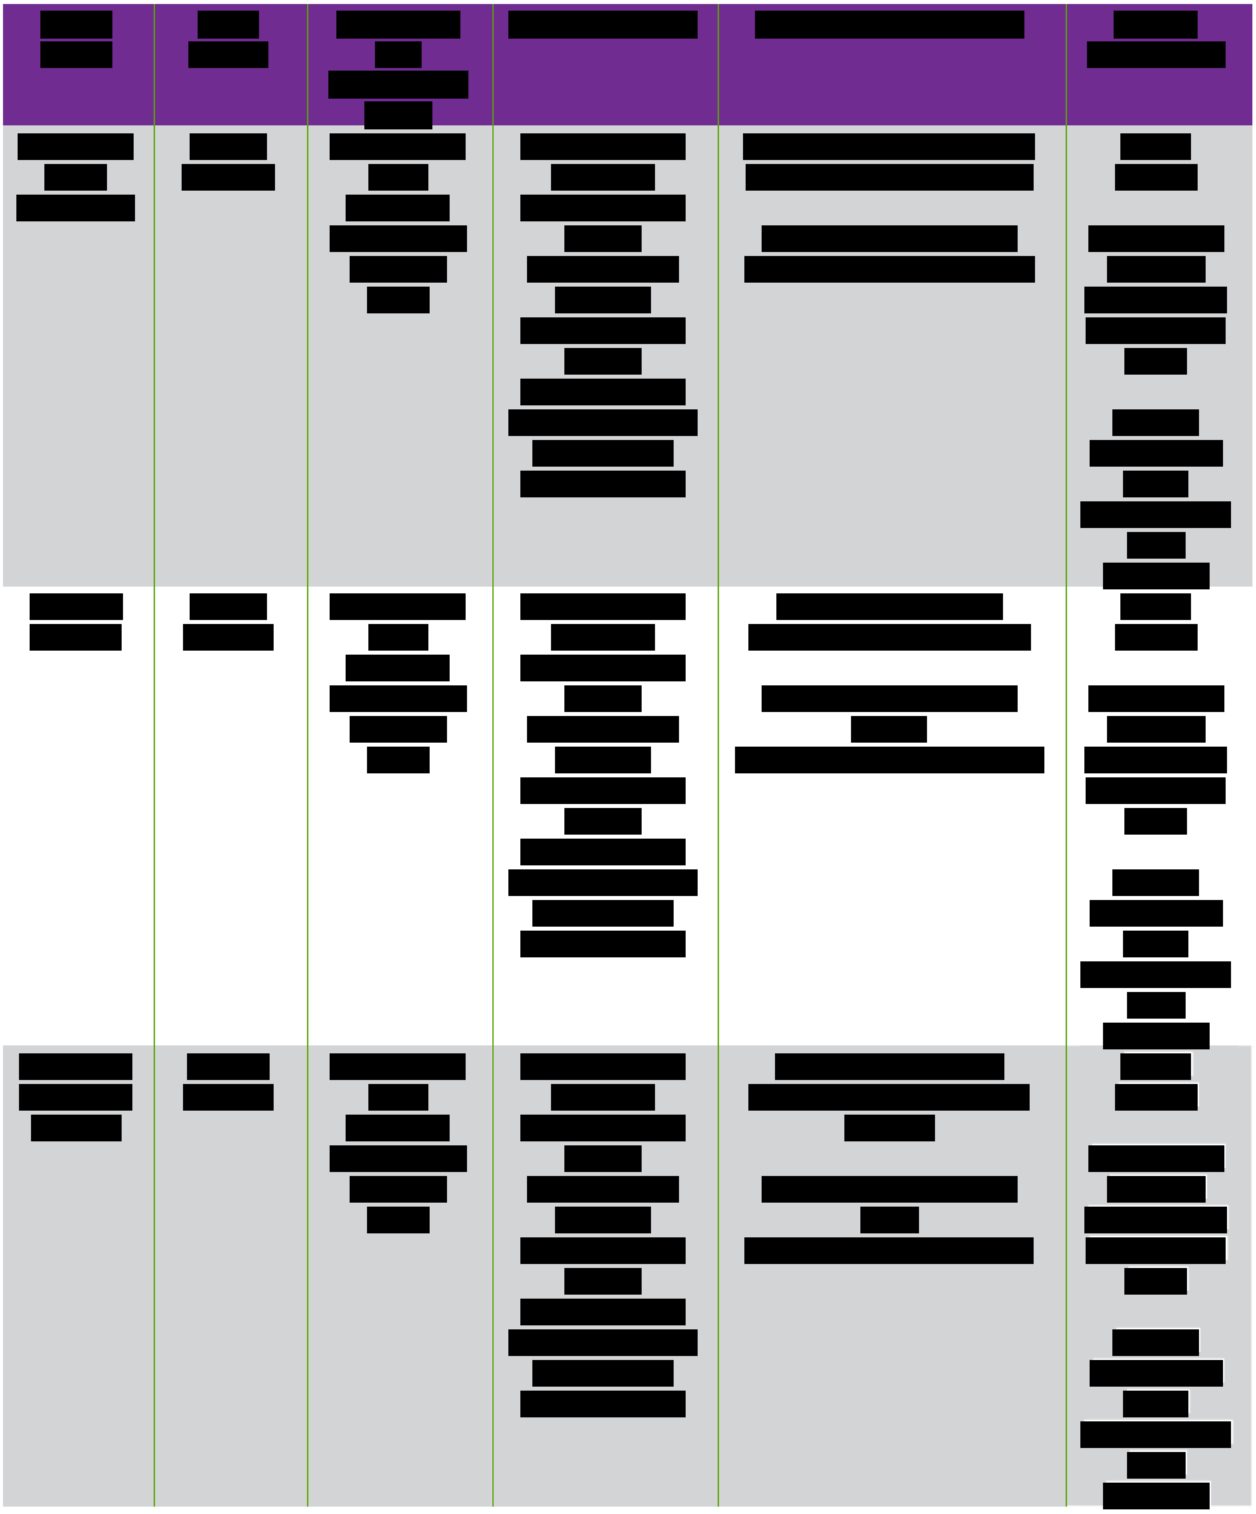

Table 1: MedImpact Corporate Experience

I. SUMMARY OF BIDDER'S PROPOSED PERSONNEL/MANAGEMENT APPROACH

The bidder should present a detailed description of its proposed approach to the management of the project.

The bidder should identify the specific professionals who will work on the State's project if their company is awarded the contract resulting from this Solicitation. The names and titles of the team proposed for assignment to the State project should be identified in full, with a description of the team leadership, interface, and support functions, and reporting relationships. The primary work assigned to each person should also be identified. For each team member listed, identify whether this staff member will be 100% dedicated/designated to the State account. If the member is not 100% dedicated/designated to the State, please indicate the percentage of time the staff member will designate to the State account as well as the number of other clients with which the staff member has responsibilities. At a minimum, the specific professionals should include:

a. **Implementation Coordinator/ Manager**
b. **Account Executive**
c. **Eligibility Coordinator/Manager**
d. **Pharmacist**
e. **Member Service Manager**
f. **Government/Legislative Liaison**

The bidder should provide resumes for all personnel proposed by the bidder to work on the project. The State will consider the resumes as a key indicator of the bidder's understanding of the skill mixes required to carry out the requirements of the Solicitation in addition to assessing the experience of specific individuals.

Resumes should not be longer than three (3) pages. Resumes should include, at a minimum, academic background and degrees, professional certifications, understanding of the process, and at least three (3) references (name, address, and telephone number) who can attest to the competence and skill level of the individual. Any changes in proposed personnel shall only be implemented after written approval from the State.

The bidder to note any positions bidder will need to hire if awarded this contract.

The bidder will provide an organization chart, including names and titles, of Account Team and key personnel that will be responsible for the State account.

MedImpact has been providing PBM services since 1989, much of this time has been spent serving state employers such as the State of Nebraska.

Overview Of Account Management

MedImpact provides clients with a concierge approach to account management. MedImpact's extended service organization model features executive-level team leadership and a multitouch interdisciplinary team with clearly defined escalation and resolution points. We tailor the account management model to achieve each client's goals and objectives and are committed to meeting our client service objectives:

- Ease of doing business
- Continuous quality assurance, accurate reporting, meeting timelines, and exceeding expectations
- Proactive needs anticipation and responsiveness
- Effective and easy to understand communication
- Being a willing partner with an aim to retain and grow business for our clients
- Expertise for each client and line of business

We assign an implementation specialist, who transitions off the account after the completion of the implementation phase. To help ensure a seamless transition, your key account management team members are engaged throughout the implementation. After a post-implementation period (typically 90 days), the implementation manager passes responsibility for the ongoing client service to the account management team.

Our team structure is designed to provide prompt response to client inquiries and needs. The account management team will meet with the State as needed, typically quarterly and annual, to discuss performance, goals, future opportunities, and projects. In addition, the team provides structured support through routine coordinated operation meetings based on your preferences. Your account team will facilitate these meetings providing the opportunity to:

- Review inquiries and service items
- Identify plan priorities
- Track progress towards goals
- Address your day-to-day needs

Your account manager will serve as your daily point of contact with a goal of one-touch resolution. We track all inquiries requiring additional research through our customer relationship management platform, Salesforce. All internal business departments collaborate to effectively respond to Salesforce cases, and MedImpact leadership monitors case volume and timeliness on a daily basis. Through this tool, we document all client inquiries, assign them to the appropriate party for resolution, and track the timely resolution of all inquiries. We leverage routine meetings with the State to review the project log and address any outstanding inquiries on an agreed-upon schedule. As shown in **Figure 1,** the State's account management team will work directly with our internal teams, including senior leadership, to collaboratively support your short- and long-term strategic objectives as well as maintain operational service excellence.

Figure 1: MedImpact SMEs Work Collaboratively

To ensure timely and efficient response times, our cohesive, collaborative approach includes cross-training and maintaining defined escalation points and designated backups at all times to support the appropriate escalation and resolution of the State's inquiries.

MedImpact always puts our clients first and allocates every available resource to support a collaborative and high-touch relationship for our clients. Through these methods, we successfully achieve long lasting and positive experiences with our clients. We will work closely with the State to customize our approach to fit your unique needs.

Resumes

The resumes of key personnel, including personal references, have been included within **Exhibit 2**. Key personnel, and their designated/dedicated status to the State's account are as noted:

- Implementation manager: 100% dedicated for the implementation period
- Account executive: 100% dedicated
- Account manager: Designated, 50% of their time will be used to support the State
- Business system analyst (This individual and the account manager will support eligibility coordination, among other things): Designated, 20-40% of their time will be used to support the State
- Clinical account executive (PharmD): Designated, 50% of their time will be used to support the State
- Client administrator to support member services: Designated, 20-40% of their time will be used to support the State

We have not provided a named government/legislative liaison; however, the State will be well supported by our regulatory and government affairs team.

Organizational Chart

Figure 2 includes the account team organizational chart.

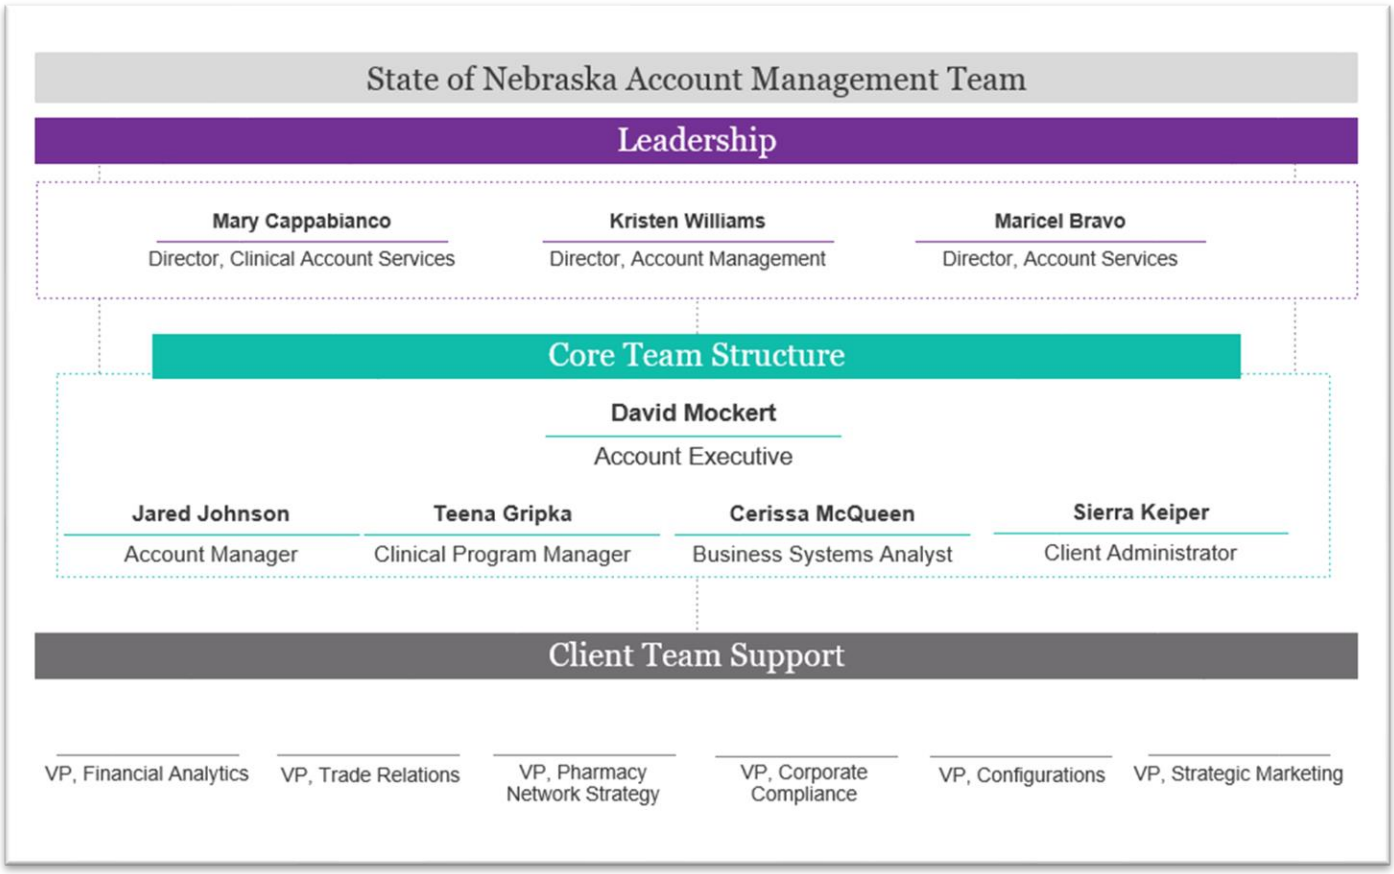

Figure 2: Organizational Chart

J. SUBCONTRACTORS

If the bidder intends to subcontract any part of its performance hereunder, the bidder should provide:

a. name, address, and telephone number of the subcontractor(s),

b. specific tasks/types of services provided for each subcontractor(s),

c. number of years the Bidder's company has utilized the subcontractor,

d. contractual relationship between subcontractor and Bidder's company,

e. indication of general financial model such as shared savings, PMPM, fee for service, etc.,

f. percentage of performance hours intended for each subcontract; and

g. total percentage of subcontractor(s) performance hours.

Confirm that, if awarded a contract with the State, you will agree in the contract to notify the State of changes to this subcontractor list throughout the term of any awarded contract and that the State will have the ability to pre-approve any subcontractor that provides services directly to the State or its members.

Table 2 outlines the subcontractors that MedImpact intends to utilize to support the State of Nebraska. We confirm that we will notify the State of any changes throughout the term of the agreement and that the State's written approval will not be unreasonably withheld, conditioned, or delayed.

Subcontractor	Type of Service	Years Utilized	Contractual Relationship	Financial Model	Percentage of Hours	Total Hours
Advanced Medical Reviews 600 Corporate Pointe, Suite 300 Culver City, CA 90230	Second level appeals requiring external review	2008 – present	Auto renews	Any fees charged to the State are as negotiated in the contract; MedImpact pays its subcontractors as outlined in subcontractor's contract. Table 2: Subcontractor information

K. PENDING LITIGATION

The bidder will state whether there is any concluded or pending litigation against the Bidder or Bidder's affiliates, subsidiaries, employees related to a contract engagement; and if such litigation exists, an attached opinion of counsel as to whether the pending litigation will impair the firm's performance in a contract under this RFP.

There is no concluded or pending litigation against MedImpact or its affiliates, subsidiaries, or employment related to a contract engagement with the State of Nebraska.

L. BANKRUPTCY

The Bidder will state whether, in the last ten years, Bidder or any of its affiliates or subcontractors has filed (or had filed against it) any bankruptcy or insolvency proceeding, whether voluntary or involuntary, or undergone the appointment of a receiver, trustee, or assignee for the benefit of creditors; and if so, an explanation providing relevant details.

MedImpact has not, in the last 10 years, nor has any of its affiliates or subcontractors, filed any bankruptcy or insolvency proceeding (or had any filed against it).

In the interest of full disclosure, MedImpact acquired certain assets of the former Rite-Aid PBM (Elixir) on February 1, 2024. MedImpact did not acquire the Elixir liabilities and it is unknown whether Elixir may have had (or had affiliates or subcontractors) file any bankruptcy proceeding or had any filed against in, in the nine years prior to the MedImpact acquisition of those certain Elixir assets.

M. FINANCIAL RATINGS

Indicate the most recent Financial Rating, Financial Rating Modifiers and the Financial Rating Effective Date you have received by the following organizations. Indicate all changes that have occurred in the last 12 months for each of these ratings.

a. A.M. Best:
b. Standard & Poor's:
c. Moody's:
d. Fitch:

The Bidder should indicate if its rating has changed within the past 12 months for any of the rating agencies.

MedImpact's financial ratings are as follows:

- A.M. Best: Not applicable
- Standard & Poor's: B+
- Moody's: B1
- Fitch: Not applicable

N. OTHER MAJOR CHANGES

The Bidder should indicate any staff relocations, computer system changes/upgrades, program changes, or telephone system changes in process at this time or proposed within the next 12-24 months.

MedImpact does not anticipate any changes within the next 12-24 months. Any potential changes are carefully planned to avoid disruption to clients and members and do not impact implementations. MedImpact's account management team would notify State DAS SPB prior to any changes that will impact your members well in advance of these changes, and work with you to develop a custom communication plan letting them know of the change.

II. TERMS AND CONDITIONS

Bidder should read the Terms and Conditions within this section and must initial either "Accept All Terms and Conditions Within Section as Written" or "Exceptions Taken to Terms and Conditions Within Section as Written" in the table below. If exception is not taken to a provision, it is deemed accepted as stated. If the bidder takes any exceptions, they must provide the following within the "Exceptions" field of the table below (Bidder may provide responses in separate attachment if multiple exceptions are taken):

1. The specific clause, including section reference, to which an exception has been taken;
2. An explanation of why the bidder took exception to the clause; and
3. Provide alternative language to the specific clause within the solicitation response.

By signing the solicitation, bidder agrees to be legally bound by all the accepted terms and conditions, and any proposed alternative terms and conditions submitted with the solicitation response. The State reserves the right to negotiate rejected or proposed alternative language. If the State and bidder fail to agree on the final Terms and Conditions, the State reserves the right to reject the solicitation response. The State reserves the right to reject solicitation responses that attempt to substitute the bidder's commercial contracts and/or documents for this solicitation.

Accept All Terms and Conditions Within Section as Written (Initial)	Exceptions Taken to Terms and Conditions Within Section as Written (Initial)	**Exceptions:** (Bidder must note the specific clause, including section reference, to which an exception has been taken, an explanation of why the bidder took exception to the clause, and provide alternative language to the specific clause within the solicitation response.)
	KK	Please refer to **Exhibit 3** for additional provisions required to support the PBM.
	KK	**Exception: C. Buyer's representative** The State reserves the right to appoint a Buyer's Representative to manage or assist the Buyer in managing the contract on behalf of the State. The Buyer's Representative will be appointed in writing, and the appointment document will specify the extent of the Buyer's Representative authority and responsibilities. If a Buyer's Representative is appointed, the bidder will be provided a copy of the appointment document and is expected to cooperate accordingly with the Buyer's Representative. The Buyer's Representative has no authority to bind the State to a contract, amendment, addendum, or other change or addition to the contract. If the Buyer's Representative is not an employee of the State, the State will also complete the bidder's authorization form for such appointments and the Buyer's Representative will execute a non-disclosure agreement with bidder. **Rationale:** If the Buyer's Representative is not an employee of the State, but rather a third party, MedImpact would require a NDA to be executed by the Buyer's Representative for the protection of Medimpact's trade secrets as well as signed authorization from the State conforming with Medimpact's policies to protect the State from unauthorized disclosures.
	KK	**Exception: E. Beginning of Work & Suspension of Services, paragraph 2** The State may, at any time and without advance notice, require the Vendor to suspend any or all performance or deliverables provided under this Contract. In the event of such suspension, the Contract Manager or POC, or their designee, will issue a written order to stop work. The written order will specify which activities are to be immediately suspended and the reason(s) for the

		suspension. Upon receipt of such order, the Vendor shall immediately comply with its terms and take all necessary steps to mitigate and eliminate the incurrence of costs allocable to the work affected by the order during the period of suspension. The suspended performance or deliverables may only resume when the State provides the Vendor with written notice that such performance or deliverables may resume, in whole or in part. Notwithstanding the foregoing, the State shall be responsible for payment for any services rendered up and until such suspension including but not limited to the payment of Claims incurred prior to such suspension of services. In the event of any such suspension, the guarantees provided for in this may be adjusted or voided by Bidder in order to preserve the economic benefit of the agreement. **Rationale:** In the event of a suspension the guarantees would need to be adjusted and may need to be voided in order to preserve the economic benefit of this agreement. Claims incurred prior to suspension would be required by law to be paid. The State would be responsible for the payment of those Claims.
	KK	**Exception: II G. change Orders or Substitutions** ~~The Vendor shall prepare a written description of the work required due to the change and an itemized cost sheet for the change. Changes in work and the amount of compensation to be paid to the Vendor shall be determined in accordance with applicable unit prices if any, a pro-rated value, or through negotiations. The State shall not incur a price increase for changes that should have been included in the Vendor's solicitation response, were foreseeable, or result from difficulties with or failure of the Vendor's solicitation response or performance.~~The Vendor may, from time to time, add new programs or services, or make material modifications to existing programs or Services, provided that Vendor shall give the State written notice of such new programs or services or such material modifications, and the pricing related thereto, at least thirty (30) days prior to their implementation. Such written notice shall include an opportunity for State to decline to participate in, or "opt out" of, the new or modified program or service. If State does not opt out of the new or modified program or service pursuant to the instructions in the written notice, then State shall be deemed to have accepted such new or modified program or service, and this Contract shall be deemed so modified without further writing or signature. **Rationale:** Recommend striking this section as it is not applicable to a pharmacy benefit services agreement. Recommend inserting the language provided in redline. Note: This can be changed to an opt in version if requested.
	KK	**Exception II. G. change Orders or Substitutions** No change shall be implemented by the Vendor until approved by the State, and the Contract is amended to reflect the change and associated costs, if any. If there is a dispute regarding the cost, but both parties agree that immediate implementation is necessary, or it required by law or a change in circumstance out side of the control of the parties, the change may be implemented, and cost negotiations may continue with both Parties retaining all remedies under the contract and law. Notwithstanding the above, Vendor may make changes to its Services, without notice to State, so long as such changes do not materially alter any of the provisions of this Contract.

		Rationale: MedImpact must have the ability to change its services if there is a change in law or circumstance beyond its control. An example of this would be a change in the prompt pay laws to pharmacies. It could cause a required change to the invoicing schedule that would be required to be implemented to ensure compliance by both the State and Vendor with the law. A change in Circumstance example would be if a certain class of drugs was no longer subject to rebates due to government or manufacturer action, then guarantees would have to be adjusted.
	KK	**Exception II. G. change Orders or Substitutions** In the event any ~~good or~~ service is discontinued or replaced upon mutual consent during the contract period or prior to delivery, the State reserves the right to amend the contract to include the alternate product at the same price, if available.. *****Vendor will not substitute any Service ~~item~~ that has been awarded without prior written approval of SPB***** **Rationale:** This service must be available.
	KK	**Exception: Record of Vendor Performance** The State may document the vendor's performance, which may include, but is not limited to, the customer service provided by the vendor, the ability of the vendor, the skill of the vendor, and any instance(s) of products or services delivered or performed which fail to meet the terms of the purchase order, contract, and/or specifications. In addition to other remedies and options available to the State, the State may issue one or more notices to the vendor outlining any issues the State has regarding the vendor's performance for a specific contract ("Contract Compliance Request"). The State may also document the Vendor's performance in a report, which may or may not be provided to the vendor ("Contract Non-Compliance Notice"). The Vendor shall respond to any Contract Compliance Request or Contract Non-Compliance Notice in accordance with such notice or request. At the sole discretion of the State, such Contract Compliance Requests and Contract Non-Compliance Notices may be placed in the State's records regarding the vendor and may be considered by the State and held against the vendor in any future contract or award opportunity. The record of vendor performance will be considered in any suspension or debarment action. .Any such Notice shall be sent to Vendor's Compliance email address with a copy to Senior Vice President, Corporate Services and General Counsel at Vendor's Corporate Office overnight courier. **Rationale:** This is our required notice provision language.
	KK	**Exception: J. Breach** Either Party may terminate the contract, in whole or in part, if the other Party breaches its duty to perform its obligations under the contract in a timely and proper manner. Termination requires written notice of default and a thirty (30) calendar day (or longer at the non-breaching Party's discretion considering the gravity and nature of the default) cure period. Said notice shall be delivered by ~~email, delivery receipt requested;~~ certified mail, return receipt requested; over-night courier or in person with proof of delivery. Allowing time to cure a failure or breach of contract does not waive the right to immediately terminate the contract for the same or different contract breach which may occur at a different time. The State's failure to make payment shall not be a breach, and the Vendor shall retain all available statutory remedies. Notwithstanding the above, If forty-eight (48) hours have elapsed from the time any amount due under this ~~Agreement~~Contract was due Vendor, and payment in full (including any accrued interest) has not been received at the Vendor designated bank account, then Vendor may suspend its services and system operations for State upon written notice to State provided all past due amounts (including interest) have not been cured in full within forty-eight (48) hours after receiving such a notice.

		Rationale: MedImpact does not accept notice of termination by email. It needs to be sent in accordance with our Notice provision to ensure proper handling. In writing, addressed to the CEO at the corporate office, with a copy to the Senior Vice President, Corporate Services and General Counsel at the same address. In the event that the State fails to pay Claims invoices timely, Vendor would not be able to pay the pharmacies on the State's behalf, resulting in non-compliance with law. Vendor cannot float the State's Claims fees. Therefore, Vendor must have the ability to suspend services until payment is received.
	KK	**Exception: M. Indemnification; 2. Intellectual Property** The Vendor agrees it will, at its sole cost and expense, defend, indemnify, and hold harmless the indemnified parties from and against any and all claims, to the extent such claims arise out of, result from, or are attributable to, the actual or alleged infringement or misappropriation of any patent, copyright, trade secret, trademark, or confidential information of any third party by the Vendor or its employees, Subcontractors, consultants, representatives, and agents; provided, however, the State gives the Vendor prompt notice in writing of the claim. The Vendor may not settle any infringement claim that will affect the State's use of the Licensed Software without the State's prior written consent, which consent may not be unreasonably withheld. ~~for any reason~~. **Rationale:** Consent should be mutual between the parties.
	KK	**Exception: M. Indemnification; 3. Personnel** The Parties agree that they are not Joint Employers. The Vendor shall, at its expense, indemnify and hold harmless the indemnified parties from and against any claim with respect to withholding taxes, worker's compensation, employee benefits, or any other claim, demand, liability, damage, or loss of any nature relating to any of the personnel, including subcontractor's and their employees, provided by the Vendor related to Vendor's employment practices. **Rationale:** The purpose of this change is to limit the indemnification to all wage and hour type of claims from our employees.
	KK	**Exception: N. Attorney's Fees** In the event of any litigation, appeal, or other legal action to enforce any provision of the contract, the Parties agree to pay all reasonable expenses of such action, as permitted by law and if ordered by the court, including reasonable attorney's fees and costs, if the other Party prevails. **Rationale:** MedImpact respectfully requests the word reasonable to added.
	KK	**O. Performance Bond** The Awarded Bidder will be required to supply a bond executed by a corporation authorized to contract surety in the State of Nebraska, payable to the State of Nebraska, which shall be valid for the life of the contract to include any renewal and/or extension periods. The amount of the bond must be $2 million. The bond will guarantee that the Awarded Bidder will faithfully perform all requirements, terms and conditions of the contract. Failure to comply shall be grounds for forfeiture of the bond as liquidated damages. Amount of forfeiture will be determined by the agency based on loss to the State. The bond will be returned when the contract has been satisfactorily completed as solely, in good faith, determined by the State, after termination or expiration of the contract. **Rationale:** MedImpact requests this addition as part of our partnership as this determination is determined solely by the State.
	KK	**R. Force Majeure** Except for payment obligations set forth in the ~~Agreement~~Contract, n~~N~~either Party shall be liable for any costs or damages, or for default resulting from its inability to perform any of its obligations under the contract due to a natural or manmade event outside the control and not the fault of the affected Party ("Force Majeure Event") that was not foreseeable at the time the Contract was executed. The Party so affected shall immediately make a written request for relief to the other Party and shall have the burden of proof to justify the request. The other Party may grant the relief requested; relief may not be unreasonably withheld. Labor disputes with the impacted Party's own employees will not be considered a Force Majeure Event.

		Rationale: The payment obligations need to continue in order to process Claims.
	KK	**S. Confidentiality** State shall require its advisors, consultants, and subcontractors to enter into a Vendor standard non-disclosure agreement with Vendor prior to the State's disclosure of Confidential Information to such advisors, consultants, and subcontractors. Without limiting the generality of the foregoing, State will not, and will not permit any advisors, consultants, or subcontractors to attempt to access Vendor's systems or networks connected to Vendor's systems by circumventing Vendor's system access control measures (e.g., hacking, password mining, etc.) or breach the security or authentication measures of Vendor's systems and networks. The Receiving Party shall be responsible for any failure of its employees and other individuals within such Receiving Party's organization, and its advisors, consultants, and subcontractors, to comply with the terms of this Contract. Receiving Party may make disclosures required by Law or court order provided Receiving Party has given the Disclosing Party immediate written notice of the request so that the Disclosing Party can object or otherwise intervene and provided that the Receiving Party uses diligent, reasonable efforts to limit disclosure and to obtain confidential treatment or a protective order Receiving Party acknowledges that it shall not acquire any rights or title to any Confidential Information merely by virtue of its use or access to such Confidential Information hereunder. Neither the execution of this Contract nor the furnishing of any Confidential Information hereunder shall be construed as granting the Receiving Party, either expressly, by implication, or otherwise, any license under any invention or patent now or hereafter owned by or controlled by the Disclosing Party. None of the information that may be submitted or exchanged by the parties shall constitute any representation, warranty, assurance, guarantee, or inducement by a party to the other with respect to the infringement of patents, copyrights, trademarks, trade secrets, or any other rights of third persons. **Rationale:** We request the addition language as added additional clarification on what it considers to be confidential information.
	KK	**T. Early Termination, item 2** **1.** The State, in its sole discretion, may terminate the contract after _____, in whole or in part, for any reason upon thirty (30) calendar day's' written notice shall be delivered by ~~email~~over night , courier, or ~~delivery receipt requested~~; certified mail, return receipt requested; or in person with proof of delivery to the Vendor's CEO at its corporate headquarters, with a copy to its Senior Vice President, General Counsel Corporate Services at the same address. Such termination shall not relieve the Vendor of warranty or other service obligations incurred under the terms of the contract. In the event of termination, the Vendor shall be entitled to payment, determined on a pro rata basis, for products or services satisfactorily performed or provided. **Rationale:** We request clarification on notice provision.
	KK	**T. Early Termination, item 3. i.** In the event funding is no longer available, and in such instance, the State shall continue to be liable for monies due under the Contract and for the payment of outstanding Claims. ~~.~~ **Rationale:** We request the additional language as clarification of monies owed.

III. **VENDOR DUTIES**

Bidder should read the Vendor Duties within this section and must initial either "Accept All Terms and Conditions Within Section as Written" or "Exceptions Taken to Vendor Duties Within Section as Written" in the table below. If exception is not taken to a provision, it is deemed accepted as stated. If the bidder takes any exceptions, they must provide the following within the "Exceptions" field of the table below (Bidder may provide responses in separate attachment if multiple exceptions are taken):

1. The specific clause, including section reference, to which an exception has been taken;
2. An explanation of why the bidder took exception to the clause; and
3. Provide alternative language to the specific clause within the solicitation response.

By signing the solicitation, bidder agrees to be legally bound by all the accepted terms and conditions, and any proposed alternative terms and conditions submitted with the solicitation response. The State reserves the right to negotiate rejected or proposed alternative language. If the State and bidder fail to agree on the final Terms and Conditions, the State reserves the right to reject the solicitation response. The State reserves the right to reject solicitation responses that attempt to substitute the bidder's commercial contracts and/or documents for this solicitation.

Accept All Vendor Duties Within Section as Written (Initial)	Exceptions Taken to Vendor Duties Within Section as Written (Initial)	**Exceptions:** (Bidder must note the specific clause, including section reference, to which an exception has been taken, an explanation of why the bidder took exception to the clause, and provide alternative language to the specific clause within the solicitation response.)
	KK	**A. Independent Vendor / Obligations** If the Vendor intends to utilize any subcontractor, the subcontractor's level of effort, tasks, and time allocation should be clearly defined in the solicitation response. The Vendor shall agree that it will not utilize any subcontractors not specifically included in its solicitation response in the performance of the contract without the prior written authorization of the State. The State agrees that its written approval of additions/changes to the subcontractor lists shall not be unreasonably withheld, conditioned or delayed. If the Vendor subcontracts any of the work, the Vendor agrees to pay any and all subcontractors in accordance with the Vendor's agreement with the respective subcontractor(s). The State reserves the right to ~~require~~ request the Vendor to reassign or remove from the project any Vendor or subcontractor employee. **Rationale:** We request mutual agreement related to the use of subcontractors.
	KK	**E. Cooperation with Other Vendors** Vendor may be required to work with or in close proximity to other Vendors or individuals that may be working on same or different projects. The Vendor shall agree to cooperate with such other Vendors or individuals and shall not commit or permit any act which may interfere with the performance of work by any other Vendor or individual. Vendor is not required to compromise Vendor's intellectual property or proprietary information unless expressly required to do so by this contract. The parties agree that Vendor is the exclusive provider for the Services awarded under this contract. **Rationale:** MedImpact requests exclusivity of PBM services.
	KK	**I. Ownership of Information and Data/Deliverables** ~~The State shall have the unlimited right to publish, duplicate, use, and disclose all information and data developed or obtained by the Vendor on behalf of the State pursuant to this contract.~~ ~~The State shall own and hold exclusive title to any deliverable developed as a result of this contract. Vendor shall have no ownership interest or title, and shall not patent, license, or copyright, duplicate, transfer, sell, or exchange, the design, specifications, concept, or deliverable.~~ Vendor Proprietary Software and Information . State acknowledges that Vendor owns, licenses, or otherwise holds the rights to the entire proprietary software system used by Vendor in processing Claims and preparing reports, including, without limitation, computer programs and applications, system and

		program documentation, and other documentation relating thereto (collectively the "MedImpact Software System"), and the MedImpact Software System is the exclusive and sole property of Vendor. State further acknowledges that Vendor owns, licenses, or otherwise holds all rights to its programs, reports, MAC Lists, pricing schedules, Formularies, and other services provided to State under this Contract (collectively "MedImpact Business Information"), and the MedImpact Business Information is the exclusive and sole property of Vendor. Vendor grants State (and State's third-party vendors, if applicable, in accordance with Section 5.3) a limited, non-exclusive, non-transferable license to MedImpact Software System applications, as applicable to State. Vendor retains all license rights not expressly granted by this license grant. State disclaims any rights to the MedImpact Software System (including access to any applicable source codes), the MedImpact Business Information, and any resultant reports, procedures, or forms developed by Vendor, any development or modification of the MedImpact Software System and/or MedImpact Business Information as a result of any customization performed by any party, as well as any program, report, Vendor Formulary, or service provided hereunder, all of which shall be the property of Vendor and are protected by copyright which shall be owned by Vendor. In addition, State acknowledges and agrees that use of the MedImpact Software System is subject to the respective terms of use, disclaimer, and privacy policy and State hereby agrees with those terms and conditions prior to using the MedImpact Software System. If a conflict exists between terms and conditions of this Contract and terms and conditions of another agreement between State and Vendor specific to a particular MedImpact Software System application, the specific term or condition in the other agreement that is in conflict with this Contract shall supersede and control as it relates to the particular software or application. Vendor may provide hyperlinks to other websites for the convenience of State. State understands and agrees that by clicking on the links they will be taken to websites that may not be owned or operated by Vendor and are subject to the terms of use of those respective sites. When using the MedImpact Software System, these hyperlinks and related sites are for informational purposes only and should not be solely relied on when using the MedImpact Software System. Vendor may, in its sole discretion, make changes to the MedImpact Software System including adding or removing software applications or reports provided through the MedImpact Software System. State acknowledges and agrees that Vendor may, in its sole discretion, eliminate or remove certain reports, software application, or MedImpact Software System components. In the event Vendor removes, eliminates, or discontinues a report, software application, or component from the MedImpact Software System, Vendor will provide State ninety (90) days prior written notice of such change. Vendor will provide State information about Vendor alternatives to replace the removed report, software application, or component, if available. Notwithstanding anything in this Contract to the contrary, the parties acknowledge that in the event of any breach or threatened breach of this Section, any remedy at law is inadequate and Vendor will suffer irreparable injury if such conduct is not prohibited, and therefore Vendor is entitled, among other rights and remedies, to injunctive relief, enjoining or restraining such breach or threatened breach. The parties further agree that the existence of this remedy will not preclude Vendor from seeking or receiving other relief. In no event will State have the right to access the MedImpact Software System and/or MedImpact Business Information after termination of this Contract. **Rationale:** Vendor is not developing software for the State. In the event that the State requests the development of software specifically for the State, the Vendor would be happy to engage in additional negotiations with the State regarding the terms and conditions of such development. Vendor is providing a limited license to the State with this contract and such language has been added.

<table>
<tr><td></td><td>KK</td><td>J. Insurance Requirements
~~Notwithstanding any other clause in this Contract, the State may recover up to the liability limits of the insurance policies required herein.~~
Rationale: MedImpact does not agree to this clause.</td></tr>
<tr><td></td><td>KK</td><td>J. INSURANCE REQUIREMENTS
<table><tr><td colspan="2">UMBRELLA/EXCESS LIABILITY</td></tr><tr><td>Over Primary Insurance</td><td>$5,000,000 per occurrence</td></tr><tr><td colspan="2">~~Professional Liability~~</td></tr><tr><td>~~Professional liability (Medical Malpractice)~~</td><td rowspan="2">~~$10,000,000 per occurrence~~
~~$20,000,000 Aggregate~~</td></tr><tr><td>Qualification Under Nebraska Excess Fund</td></tr><tr><td>All Other Professional Liability (Errors & Omissions)</td><td>$1,000,000 Per Claim / Aggregate</td></tr><tr><td></td><td></td></tr></table>Rationale: Medical malpractice is not applicable to the PBM.</td></tr>
<tr><td></td><td>KK</td><td>R. Warranty
Despite any clause to the contrary, the Vendor represents and warrants that its services hereunder shall be performed by competent personnel and shall be of professional quality consistent with generally accepted industry standards for the performance of such services and shall comply in all material respects with the requirements of this Agreement. ~~For any breach of this warranty, the Vendor shall, for a period of ninety (90) days from performance of the service, perform the services again, at no cost to the State, or if Vendor is unable to perform the services as warranted, Vendor shall reimburse the State all fees paid to Vendor for the unsatisfactory services.~~ The rights and remedies of the parties under this warranty are in addition to any other rights and remedies of the parties provided by law or equity, including, without limitation actual damages, and, as applicable and awarded under the law, to a prevailing party, reasonable attorneys' fees and costs.
Rationale: This provision is unclear. In the event that a service is not performed to the satisfaction of the State, Vendor will meet with the State to resolve the issue. This clause implies the State may be entitled to 3 months of service at no charge.</td></tr>
</table>

IV. PAYMENT

Bidder should read the Payment clauses within this section and must initial either “Accept All Terms and Conditions Within Section as Written” or “Exceptions Taken to Payment clauses Within Section as Written” in the table below. If exception is not taken to a provision, it is deemed accepted as stated. If the bidder takes any exceptions, they must provide the following within the “Exceptions” field of the table below (Bidder may provide responses in separate attachment if multiple exceptions are taken):

1. The specific clause, including section reference, to which an exception has been taken;
2. An explanation of why the bidder took exception to the clause; and
3. Provide alternative language to the specific clause within the solicitation response.

By signing the solicitation, bidder agrees to be legally bound by all the accepted terms and conditions, and any proposed alternative terms and conditions submitted with the solicitation response. The State reserves the right to negotiate rejected or proposed alternative language. If the State and bidder fail to agree on the final Terms and Conditions, the State reserves the right to reject the solicitation response. The State reserves the right to reject solicitation responses that attempt to substitute the bidder’s commercial contracts and/or documents for this solicitation.

Accept All Payment Clauses Within Section as Written (Initial)	**Exceptions Taken to Payment Clauses Within Section as Written (Initial)**	**Exceptions:** (Bidder must note the specific clause, including section reference, to which an exception has been taken, an explanation of why the bidder took exception to the clause, and provide alternative language to the specific clause within the solicitation response.)
	KK	**C. Invoices** MedImpact agrees understanding that, per response to bidder questions. Claims payment will be made within 3 business days of receipt of weekly invoice.

This document is **CONFIDENTIAL AND PROPRIETARY** to MedImpact and may not be reproduced, transmitted, published, or disclosed to others without the prior written authorization of MedImpact.

This Service Agreement ("Agreement") is entered into between MedImpact Healthcare Systems, Inc., a California corporation located at 10181 Scripps Gateway Court, San Diego, CA 92131 ("MedImpact"), and _____ located at ____ ("Client"), effective as of the Effective Date.

WHEREAS, Client provides one or more plans or programs under which eligible individuals receive certain prescription drugs and healthcare related products and services or has contracted to process or participate in providing services to plans or programs that offer such healthcare products and services;

WHEREAS, MedImpact offers certain prescription drug benefit management and administration services;

WHEREAS, Client and MedImpact desire MedImpact to provide prescription drug benefit management and administration services as described in this Agreement under the terms and conditions set forth herein.

NOW THEREFORE, in consideration of the mutual promises and agreement herein contained, Client and MedImpact hereby agree as follows:

ARTICLE 1 – DEFINITIONS

1.1 Defined Terms. Unless otherwise defined in this Agreement or any addendum or amendment hereto, capitalized terms used in this Agreement (and its exhibits hereto) shall have the meanings specified in Exhibit A.

ARTICLE 2 – CLIENT OBLIGATIONS

2.1 Implementation Forms. Client will cooperate with MedImpact in completing implementation form(s), which contain Client information related to benefit structure, system requirements, operational requirements, services selected, and/or other information required by MedImpact with respect to Services to be provided hereunder. Client shall promptly review and confirm that the information on the implementation form(s) is accurate and complete and notify MedImpact in writing of any errors and/or inaccuracies on the implementation form(s) within the earlier of thirty (30) days from receipt of the implementation form or ten (10) days prior to the Implementation Date, otherwise all information contained therein will be deemed accurate, complete, and acceptable to Client, and MedImpact shall have the right to rely on all such information contained in the implementation form(s). Failure of Client to sign the implementation form confirming its accuracy does not alter MedImpact's right to rely on the information contained therein and does not relieve Client of its responsibility for notifying MedImpact in writing of any errors or inaccuracies in the implementation form(s).

2.2 Provision of Required Information. Throughout the Term of this Agreement, Client shall provide to MedImpact information in a format and at a frequency required by MedImpact for MedImpact to perform the Services, including but not limited to, regular and timely Eligible Member Lists, Benefit Plan Information, and medical claims data file feeds. Client shall be solely responsible for ensuring the accuracy and completeness of its Eligible Members List and Benefit Plan Information provided to MedImpact and shall be obligated to pay for Claims accepted by MedImpact based on that information. Retroactive modification of the Eligible Members List and/or Benefit Plan Information will not relieve Client of liability for those Claims processed prior to such modifications being implemented in MedImpact systems.

2.3 Reliance on Client Information. Client acknowledges and agrees that MedImpact shall have the right to rely on the information and instructions provided by Client in connection with this Agreement and the Services provided hereunder. Failure of Client to timely provide the required information under

SAMPLE

Sections 2.1 and 2.2 in a format acceptable to MedImpact may result in postponement of the scheduled Implementation Date (or change date for updated information). Client acknowledges and agrees that MedImpact may provide Participating Pharmacies and/or subcontractors with access to Eligible Member List information, Benefit Plan Information, and Claims data, and that MedImpact and the Participating Pharmacies and/or subcontractors are entitled to rely on the accuracy and completeness of the information provided by Client, whether provided electronically, manually, or otherwise. Further, MedImpact shall have the right to rely on instructions from Client in connection with the provision of Services hereunder. This does not give Client the right to impose requirements on MedImpact beyond those specified in this Agreement.

2.4 Eligible Member ID Cards. All ID Cards shall include information necessary for proper prescription drug claims adjudication following then current NCPDP standards and MedImpact requirements, including identification of MedImpact's pharmacy network logo or other method acceptable to MedImpact of identifying MedImpact as the contracted prescription benefits manager.

2.5 Modifications/Approvals of Communications. Client shall not modify any of the content of any communication prepared by MedImpact for Client, Participating Pharmacies, Eligible Members, physicians, or other third parties without the prior written approval of MedImpact. Further, Client shall not alter, remove, or impair any copyright, trademark, and/or similar notices on any communication prepared by MedImpact. All external communications prepared by Client regarding MedImpact must be approved by MedImpact in writing prior to distribution.

2.6 Review of Reports, Statements, and Other Materials. Upon Client's or its designee's(s') receipt of reports (including but not limited to all pharmacy network guarantee reports, Rebate reports, and quarterly and annual Performance Guarantee reports, etc., as applicable), Statements, and other materials (including but not limited to all service requests (SRs), benefit change requests (BCRs), pharmacy operations change requests, acceptance tests, statements of work (SOWs), etc., as applicable), Client shall be responsible for promptly reviewing and confirming that the reports, Statements, and other materials are accurate and complete and for promptly notifying MedImpact in writing of any errors or objections to such reports, Statements, and/or other materials. Unless Client notifies MedImpact in writing of any errors or objections within ninety (90) days from receipt of such report, Statement, and/or other materials, all the information contained therein will be deemed accurate, complete, and acceptable to Client.

2.7 Non-Routine Inquiries. Client shall promptly notify MedImpact in writing in accordance with Section 12.12 of this Agreement about all non-routine inquiries by Government Agencies (including insurance departments and other regulatory bodies), attorneys, Eligible Members, and/or others regarding this Agreement or Services provided hereunder. Any response to such inquiries by Client is subject to the confidentiality provisions contained in Article 8 of this Agreement.

2.8 Client-Contracted Participating Pharmacies. Client shall provide MedImpact a list of its Client-Contracted Participating Pharmacies as set forth in Exhibit H, attached hereto and incorporated into this Agreement by reference. Additionally, Client shall provide MedImpact the pharmacy network and pricing information for its Client-Contracted Participating Pharmacies. MedImpact will add such Client-Contracted Participating Pharmacies, at the rates specified by Client, to Client's Participating Pharmacy network(s). Client shall timely notify MedImpact in writing of any updates to the list of Client-Contracted Participating Pharmacies or pricing information, and the parties agree that Exhibit H shall be deemed so modified without further writing or signature. MedImpact will then add or delete such Client-Contracted Participating Pharmacies, as applicable, to/from Client's Participating Pharmacy network, or implement any rate changes, in the MedImpact online claims adjudication system promptly thereafter. Client will

SAMPLE

require its Client-Contracted Participating Pharmacies to provide Covered Benefits to Eligible Members in accordance with the Benefit Plan. Other than adjudicating Claims and issuing payment to Client-Contracted Participating Pharmacies, MedImpact shall have no further obligations with regard to Client-Contracted Participating Pharmacies (e.g., MedImpact shall have no obligation to credential or audit Client-Contracted Participating Pharmacies).

2.8.1 Client Indemnification for Client-Contracted Participating Pharmacies. Client shall indemnify MedImpact and its shareholders, officers, directors, employees, and agents, and its successors, representatives, and assigns thereof, and hold them harmless for, from, and against, any and all liability, loss, damage, settlement, claim, injury, demand, judgment, and expense, including attorneys' fees, arising directly or indirectly from Client's failure to act in accordance with its agreements with Client-Contracted Participating Pharmacies, including providing MedImpact with inaccurate or incomplete information that MedImpact relies on, and any dispute between Client and Client-Contracted Participating Pharmacies, where such dispute does not involve the negligent acts or omissions of MedImpact (i.e., failure to promptly pay, through no fault of Client).

2.8.2 Client-Contracted Participating Pharmacy Transaction Fees. Client acknowledges and agrees that pharmacy transaction charges shall be collected from Client-Contracted Participating Pharmacies in accordance with Exhibit B-4, Section 5 ("Transaction Fees"). However, if Client rather than MedImpact issues payment to Client-Contracted Participating Pharmacies and MedImpact is therefore not able to deduct such transaction and/or service fees, the transaction and/or service fees shall be billed and payable by Client in accordance with Article 4 of this Agreement.

ARTICLE 3 – MEDIMPACT OBLIGATIONS

3.1 Provision of Services to Client.

3.1.1 MedImpact shall provide to Client the services set forth in Exhibit B-1, and the services described in any attachment, addendum, work order, or amendment (including letter amendments) to this Agreement, all of which are incorporated by reference into this Agreement ("Services"). The Services shall be subject to Section 12.1 set forth herein.

3.1.2 MedImpact may make changes to its Services without notice to Client, so long as such changes do not materially alter any of the provisions of this Agreement.

3.1.3 MedImpact may, from time to time, add new programs or services, or make material modifications to existing programs or Services, provided that MedImpact shall give Client written notice of such new programs or services or such material modifications, and the pricing related thereto, at least thirty (30) days prior to their implementation. Such written notice shall include an opportunity for Client to decline to participate in, or "opt out" of, the new or modified program or service. If Client does not opt out of the new or modified program or service pursuant to the instructions in the written notice, then Client shall be deemed to have accepted such new or modified program or service, and this Agreement shall be deemed so modified without further writing or signature.

3.2 Performance Guarantees. MedImpact agrees to provide certain services under this Agreement consistent with the performance guarantees outlined in Exhibit E ("Performance Guarantees"), attached hereto and incorporated herein as referenced. The Performance Guarantee amounts specified in Exhibit E shall be Client's exclusive remedy for MedImpact's failure to meet such Performance Guarantees.

Copyright © 2015-2025 MedImpact Healthcare Systems, Inc. All rights reserved.
This document is **CONFIDENTIAL AND PROPRIETARY** to MedImpact and may not be reproduced, transmitted, published, or disclosed to others without the prior written authorization of MedImpact.

ARTICLE 4 – COMPENSATION AND PAYMENT

4.1 Fees. In consideration of the Services provided by MedImpact, Client will pay the Claim amounts, Claims Processing Fees, fees set forth in Exhibit B, Taxes, and any other applicable charge or fee pursuant to the terms set forth in Section 4.2 and Exhibit B, or listed elsewhere in this Agreement or in a corresponding attachment, addendum, work order, or amendment (including letter amendments) to this Agreement, all of which are incorporated by reference into this Agreement (collectively "Fees").

4.2 Payment to MedImpact. MedImpact shall provide Client with statements (each a "Statement") for Fees on a weekly plus end of the month basis. Annual, quarterly, or monthly Fees may be billed in advance, and any new or changed Fees that are based on Claim count will go into effect as of the next Statement cycle after the effective date of the new or changed Fees. Upon receipt of each Statement, Client shall wire the full amount of Claim Fees included in the Statement within three (3) Business Days to the bank account(s) designated by MedImpact. Client shall wire the full amount of Claims Processing Fees within forty-five (45) Calendar Days to the bank account(s) designated by MedImpact. Alternatively, Client may authorize MedImpact to make electronic fund transfers from Client's designated account after executing MedImpact's Electronic Fund Transfer Agreement. If this payment method is selected by Client, the full Statement amount will be withdrawn three (3) Business Days prior to each Statement due date. In the event Client has questions regarding any amounts included on the Statement, it still shall be obligated to pay the full amount of the Fees due on the Statement within the time period set forth herein, and then the parties shall work together in good faith to resolve any such questions.

4.3 Prompt Pay and Other Deposits. In the event any Law requires payment of Claims (whether paper or electronic) to pharmacies and/or Eligible Members in less than thirty (30) days, then MedImpact may, in its sole discretion, require a deposit reasonably sufficient to cover such payments. Client will provide MedImpact with the deposit(s) required under this Agreement within seven (7) days of such request, which MedImpact may retain until termination of this Agreement and/or use to make payments due pursuant to this Agreement or prompt payment Laws. Upon termination of this Agreement such deposit shall be reduced by any offsets for payment defaults, interest, and collection costs, and thereafter will be returned, without interest, to Client within one hundred eighty (180) days following the later of termination of this Agreement or cessation of Services.

4.4 Failure of Client to Pay Timely. In the event Client fails to pay any amount due under this Agreement as set forth herein, in addition to all other rights and remedies under this Agreement and at law and in equity, MedImpact shall have the following rights and remedies:

4.4.1 Interest and Other Charges. Should Client fail to pay any amount due under this Agreement within the time frame set forth herein, Client shall be subject to interest charged on all amounts due at an amount equal to one and one-half percent (1.5%) per month, to accrue on a daily basis on any unpaid balances Client shall also reimburse MedImpact for any late prompt-pay or other penalties assessed by any regulatory body that are caused by Client's failure to pay MedImpact timely. In addition, Client shall be responsible for all costs of collection and agrees to reimburse MedImpact for such costs and expenses, including reasonable attorneys' fees.

4.4.2 Offsets. In the event of any uncured payment default, Client authorizes MedImpact to offset the amount of such payment defaults, interest, and collection costs against any Client related amounts otherwise payable to Client (including, without limitation, any Rebate amounts or Client's deposit, if any).

Copyright © 2015-2025 MedImpact Healthcare Systems, Inc. All rights reserved.
This document is **CONFIDENTIAL AND PROPRIETARY** to MedImpact and may not be reproduced, transmitted, published, or disclosed to others without the prior written authorization of MedImpact.

4.4.3 Status of Payments to Participating Pharmacies and Eligible Members. MedImpact is not required to render payments to Participating Pharmacies or Eligible Members for Claims unless and until MedImpact has received payment for the Claims from Client. In the event MedImpact renders Claims payments to Participating Pharmacies and/or Eligible Members prior to receipt of Claims payment from Client, such payments shall not constitute a waiver of any of MedImpact's remedies with respect to non-payment and shall not establish a course of dealing between MedImpact and Client.

4.5 Client Insolvency. In the event that Client makes an assignment for the benefit of creditors, files a voluntary or involuntary petition in bankruptcy, is adjudicated insolvent or bankrupt, or a receiver or trustee is appointed, MedImpact shall have the right, but not the obligation, to participate in such proceedings on its own behalf and/or on behalf of Participating Pharmacies. All Fees for Services rendered during the pendency of any such event shall continue to accrue and be payable by Client. MedImpact shall also be entitled to any reasonable costs and fees (including attorneys' fees) incurred by MedImpact in any such proceedings. All such amounts shall become immediately due and owing by Client upon notification from MedImpact. Notwithstanding the foregoing or any participation by MedImpact in an insolvency proceeding, Client shall retain all liability for payment of Fees, including Claims, and MedImpact shall have no liability, whatsoever, to any pharmacy, Eligible Member, governmental entity, or any other party to an insolvency for amounts owed to pharmacies, Eligible Members, governmental entities, or for Rebates.

4.6 Sales and Use Taxes. Any applicable sales, use, excise, or other similarly assessed and/or administered tax, surcharge, and/or similar fees ("Tax(es)") (i) imposed on MedImpact, its affiliates, and/or a Participating Pharmacy by a governmental authority based upon the provision of Covered Benefits or other Services hereunder and/or (ii) which MedImpact or one of its affiliates may incur or be required to pay arising from or relating to MedImpact's or its affiliates' performance of Services as a pharmacy benefit manager, third-party administrator, or otherwise, in any jurisdiction, will be the sole responsibility of Client. Such Tax amounts may be included on Statements provided to Client, which Client shall pay in accordance with Section 4.2 above. Otherwise, Taxes shall be paid by Client within thirty (30) days of receipt of notice from MedImpact of such Tax amounts due. In no event shall MedImpact be liable for any such Taxes or the determination or calculation thereof.

4.7 Not Plan Assets. Client acknowledges and agrees that Client, Benefit Plans, and Eligible Members do not have a property interest in any amounts paid to and/or retained by MedImpact under or in connection with this Agreement and no such amounts are assets of the Client, Benefit Plans, and/or Eligible Members.

ARTICLE 5 – RECORDS MAINTENANCE, USE, ACCESS

5.1 Maintenance of Records. MedImpact shall maintain documentation of all Claims processed for six (6) years, or such longer period as required by applicable Law, from the date of the Claim. Such documentation shall be in a format and media deemed appropriate by MedImpact.

5.2 Use of Information. MedImpact may de-identify, use, reproduce, or adapt all information and data provided by Client or Client's third-party vendors in connection with this Agreement, including, without limitation, Claims data information, medical data that contains Eligible Member "medical information" (which includes, but is not limited to: (i) medical, diagnostic, laboratory and specialty data and/or claims; (ii) general medical information; (iii) diagnostic laboratory data and values; and (iv) specialty drug information), and eligibility information, to render services to its clients and to develop new products and services which may be outside the scope of this Agreement, provided it maintains the confidentiality of this information to the extent required by applicable Law, including, without limitation, the applicable provisions of HIPAA/HITECH, and may not use the information as prohibited by Law.

Copyright © 2015-2025 MedImpact Healthcare Systems, Inc. All rights reserved.
This document is **CONFIDENTIAL AND PROPRIETARY** to MedImpact and may not be reproduced, transmitted, published, or disclosed to others without the prior written authorization of MedImpact.

5.3 Third-party Data Access. Client acknowledges and agrees that MedImpact may provide Client's third-party vendors with access to Client Claims and other information (e.g., via access to MedAccess® or secure email file submissions) upon Client's request or direction. MedImpact shall require such third-party vendors of Client to execute a non-disclosure/confidentiality and/or license agreement prior to providing such data access. Client acknowledges and agrees that MedImpact will not share either party's confidential information with Client's third-party vendors until such non-disclosure/confidentiality and/or license agreement is executed. Client represents and warrants that it shall have and maintain a business associate agreement and confidentiality agreement in connection herewith with such third-party vendors.

5.4 Open Records Requests. Client agrees to give MedImpact notice and the minimum statutory or regulatory period of time to oppose or request redactions or limitations on any disclosures under a third-party freedom of information or open records request pertaining to this Agreement and/or any proposals related hereto.

5.5 Right to Audit Claims and Business Records.

5.5.1 By Client. Client may inspect and audit, or cause to be inspected and audited, MedImpact in accordance with the Audit Protocols set forth in Exhibit D attached hereto and incorporated into this Agreement by reference.

5.5.2 By MedImpact. During the Term of this Agreement and for one (1) year thereafter, MedImpact may inspect and audit, or cause to be inspected and audited, once annually, the books and records of Client directly relating to this Agreement, including, without limitation, the existence and number of Eligible Members.

5.5.3 By Government Agencies. MedImpact will allow Government Agencies to audit Services provided hereunder as and to the extent required by Law. Client shall provide MedImpact prompt written notice upon learning that any such regulatory audit is to occur. With such notice, Client shall provide MedImpact with a copy of the Government Agency's audit request (portions not relevant to MedImpact may be redacted).

ARTICLE 6 – INDEMNIFICATION AND LIMITATION OF LIABILITY

6.1 Indemnity by Client. Client shall indemnify and hold MedImpact, and its officers, directors, shareholders, employees, successors, agents, and assigns ("MedImpact Indemnitees"), harmless from and against any third-party (i) claims, (ii) liabilities, (iii) damages, (iv) judgments, or (v) other losses (including attorneys' fees) imposed upon or incurred by MedImpact Indemnitees arising out of or as a result of any intentional acts or gross negligence of Client, or its officers, directors, employees, or other agents in connection with the performance of any of their respective obligations under this Agreement, including, without limitation, (a) the provision of inaccurate, untimely, incomplete, and/or false information (including but not limited to implementation forms, Eligible Member Lists, and Benefit Plan Information); and/or (b) MedImpact's reliance on Client instructions in providing Services hereunder.

6.2 Indemnity by MedImpact. MedImpact shall indemnify and hold Client, and its officers, directors, shareholders, employees, successors, agents, and assigns ("Client Indemnitees"), harmless from and against any third-party (i) claims, (ii) liabilities, (iii) damages, (iv) judgments, or (v) other losses (including attorneys' fees) imposed upon or incurred by Client Indemnitees arising out of or as a result of any intentional acts or gross negligence of MedImpact, or its officers, directors, employees, or other agents, in connection with the performance of any of their respective obligations under this Agreement.

This document is **CONFIDENTIAL AND PROPRIETARY** to MedImpact and may not be reproduced, transmitted, published, or disclosed to others without the prior written authorization of MedImpact.

SAMPLE

6.3 Database Limitation. MedImpact relies on Medi-Span, First Databank, and/or other industry comparable databases in providing Client with claims adjudication, drug utilization review, and other Services under this Agreement. The data available from MedImpact through such databases and the Services provided hereunder are limited by the amount, type, and accuracy of information made available to MedImpact by the databases, Client, Participating Pharmacies, Eligible Members, and prescribers. MedImpact has no obligation to acquire information about an Eligible Member beyond that provided as part of the Eligible Members List and Claims information submitted by Participating Pharmacies. MedImpact does not warrant the accuracy of reports, alerts, codes, prices, or other data contained in such databases. The clinical information contained in these databases and the Formulary is intended as a supplement to, and not a substitute for, the knowledge, expertise, skill, and judgment of physicians, pharmacists, and/or other healthcare professionals involved in Eligible Members' care. The absence of a warning for a given drug or drug combination shall not be construed to indicate that the drug or drug combination is safe, appropriate, or effective for any Eligible Member. EXCEPT AS EXPRESSLY WARRANTED IN THIS AGREEMENT, MEDIMPACT DISCLAIMS ALL EXPRESS AND IMPLIED WARRANTIES OF ANY KIND, INCLUDING THE SUITABILITY FOR ANY PARTICULAR PURPOSE OF THE DATA GENERATED THROUGH THE MEDIMPACT SOFTWARE SYSTEM.

6.4 Limitation of Liability. IN NO EVENT SHALL EITHER PARTY OR ANY AFFILIATE OF EITHER PARTY BE LIABLE FOR ANY INDIRECT, SPECIAL, OR CONSEQUENTIAL DAMAGES OR LOST PROFITS, ARISING OUT OF OR RELATED TO ITS PERFORMANCE UNDER THIS AGREEMENT OR BREACH HEREOF, EVEN IF A PARTY HAS BEEN ADVISED OF THE POSSIBILITY THEREOF. MEDIMPACT'S LIABILITY TO CLIENT OR ANY AFFILIATE OF CLIENT UNDER THIS AGREEMENT, IF ANY, SHALL IN NO EVENT EXCEED THE TOTAL CLAIMS PROCESSING FEES PAID TO MEDIMPACT BY CLIENT FOR THE TWELVE (12) MONTHS PRIOR TO THE DATE THE CLAIM IS ASSERTED. Further, neither MedImpact nor any affiliate of MedImpact will be liable for any claim asserted by Client more than thirty (30) days after Client is or reasonably should have been aware of such claim. In addition, in no event will MedImpact or any affiliate of MedImpact be liable for any claim asserted by Client more than twelve (12) months after the event giving rise to the claim.

ARTICLE 7 - DISPUTE RESOLUTION PROCEDURE

7.1. Arbitration. Any and all disputes, controversies, or claims and/or counterclaims (including without limitation tort claims, requests for provisional remedies or other interim relief, and issues as to arbitrability of any matter) arising out of, in connection with, or relating to this Agreement, or the breach thereof, that cannot be settled through negotiation by the parties shall be settled by arbitration. Either party may commence an action for arbitration to be administered by JAMS pursuant to its Comprehensive Arbitration Rules and Procedures and pursuant to the California Arbitration Act. The parties agree that the Expedited Procedures set forth in JAMS Comprehensive Rules 16.1 and 16.2 shall be employed. Absent a showing of compelling need, there shall be no discovery, including electronic discovery, afforded to either party; provided, however, at least thirty (30) days prior to the hearing, each party shall provide the arbitrator and the other party all documents such party intends to use at the hearing and a list of the witnesses they intend to offer, along with a description of the subject matter of their testimony. In the event of requests for electronic discovery, the arbitrator shall either deny such requests or order disclosure on condition that the requesting party advance the reasonable cost of production to the other side. The arbitration shall be held in San Diego, California before a single arbitrator and commence within ninety (90) days of the appointment of the arbitrator by JAMS. The expenses of the arbitration, including reasonable attorney's fees, will be paid for by the party against whom the award of the arbitrator is rendered, and the arbitrator will be

Copyright © 2015-2025 MedImpact Healthcare Systems, Inc. All rights reserved.
This document is **CONFIDENTIAL AND PROPRIETARY** to MedImpact and may not be reproduced, transmitted, published, or disclosed to others without the prior written authorization of MedImpact.

authorized to determine the identity of the party against whom the award of the arbitrator is rendered. Arbitration provisions of this Section 7 shall be the sole and exclusive method of handling any and all disputes; provided, however, that neither party shall be precluded from seeking or receiving injunctive relief.

ARTICLE 8 - CONFIDENTIALITY

8.1 Confidential Information. The term "Confidential Information" (whether oral or written), means information of a confidential or proprietary nature relating to the subject matter described in this Agreement which is taken from or disclosed by one party (the "Disclosing Party") by or to the other (the "Receiving Party"), whether prepared by a party, its advisors, or otherwise, and whether furnished prior to or after the Effective Date. Without limiting the generality of the foregoing, for avoidance of doubt, MedImpact's Confidential Information includes this Agreement, MedImpact's reporting and other web-based and computer applications and systems (including but not limited to MedAccess®), adjudication systems, system formats, and databanks; MedImpact's Formulary, along with clinical and formulary management operations and programs; policies and procedures, information and contracts relating to Rebates and other manufacturer revenue; pricing information, including MAC Lists and pricing schedules, and MedImpact's contracts with Participating Pharmacies. Confidential Information shall not include information which, as evidenced in writing: (a) is or becomes publicly available or otherwise in the public domain through no breach of this Agreement; or (b) is learned by the Receiving Party from a third-party expressly entitled to disclose it.

8.2 Treatment of Confidential Information. The Receiving Party agrees to hold the Disclosing Party's Confidential Information in strict confidence and to take reasonable precautions to protect such Confidential Information (including, without limitation, marking such information as confidential and proprietary and using all precautions Receiving Party employs with respect to its own Confidential Information). The Receiving Party shall only permit access and use of any Confidential Information to its employees and other individuals within the Receiving Party's organization, including its advisors, consultants, and subcontractors who need to use the information to perform such Receiving Party's obligations under this Agreement, who have been informed of the confidential and proprietary nature of the Confidential Information, and have been directed to treat the Confidential Information in accordance with the terms of this Agreement. The Receiving Party further agrees not to disclose any Confidential Information to any third party, not to use, analyze, transcribe, transmit, decompile, disassemble, or reverse engineer any Confidential Information unless required in the performance of the Receiving Party's duties under this Agreement, not to use any Confidential Information for its own or any third party's benefit unless authorized by this Agreement or by the Disclosing Party in writing, and not to alter or remove any legend, marking, or notice provided by the Disclosing Party on its Confidential Information regarding the confidential and proprietary nature of such information. Notwithstanding the foregoing, any disclosure of Rebate contract terms and data permitted hereunder must be subject to a protective order.

8.3 Remedies. Each party agrees that any disclosure or use of Confidential Information in violation of this Article 8 would cause immediate and irreparable injury or loss that may not be adequately compensated by monetary damages. Therefore, in the event of any breach or threatened breach of this Article 8, each party shall be entitled to injunctive relief and specific performance, enjoining or restraining such breach or threatened breach, in addition to all other remedies available at Law or in equity.

ARTICLE 9 – COMPLIANCE

Copyright © 2015-2025 MedImpact Healthcare Systems, Inc. All rights reserved.
This document is **CONFIDENTIAL AND PROPRIETARY** to MedImpact and may not be reproduced, transmitted, published, or disclosed to others without the prior written authorization of MedImpact.

9.1 Compliance with Law. Each party will comply with all Laws applicable to it related to its obligations hereunder. MedImpact shall have no obligation to advise Client about Client's compliance with any applicable Law, including, without limitation, HIPAA/HITECH, ERISA, ACA, ADA, and state Laws applicable to insurers and/or benefit plans. Without limiting the generality of the foregoing, Client has obtained, or will obtain, all Eligible Member authorizations required by Law for MedImpact to perform the Services provided for in this Agreement or in any amendment or addendum hereto, as well as for MedImpact to contact Eligible Members, their physicians, and Participating Pharmacies in order to perform any of the activities contemplated by this Agreement. Client will disclose to Eligible Members and others as required by Law, any and all matters that are required by Law to be disclosed by Client as applicable, including matters relating to the Benefit Plan or the Services provided hereunder; information relating to the calculation of Copayments or any other amounts that are payable by an Eligible Member in connection with the Benefit Plan; information about Rebates or other discounts on pharmaceutical products, irrespective of whether Client retains or allows MedImpact or others to retain all or a portion of any Rebates or discounts; and information about commissions, revenue sharing, fees, allowances, incentives, adjustments, discounts, and/or spread based pricing, as applicable. If this Agreement, or any part hereof, is found not to be in compliance with applicable Law, then the parties shall renegotiate this Agreement for the sole purpose of correcting the non-compliance.

9.2 HIPAA/HITECH Compliance. MedImpact is not a "Covered Entity" under HIPAA/HITECH. For the purposes of this Agreement, MedImpact is deemed to be a "Business Associate" of Client as such term is defined in the Privacy Standard of the Federal Register, published on December 28, 2000, and the parties have entered into the Business Associate Agreement set forth in Exhibit C attached hereto and incorporated into this Agreement by reference.

9.3 Change in Law or Practice. If there is an amendment, addition, deletion, or other change, or change in interpretation thereof, in Laws, or any government, judicial, or legal action, or any drug industry practice, or any policy, underwriting, benefit change, or management practice of a regulatory body, accreditation agency, or Client that, among other things, materially burdens MedImpact or materially alters MedImpact's rights and/or obligations hereunder, requires MedImpact to increase or decrease payments or shorten payment times to Participating Pharmacies, or materially changes the scope of services hereunder ("Change in Law"), then there shall be an appropriate modification of the services, reimbursement rates and/or Dispensing Fees, Claims Processing Fees, other administrative fees, Rebates, and/or financial guarantees, as applicable to this Agreement, hereunder to preserve each party's anticipated economic benefits under this Agreement.

9.4 Escheatment/Unclaimed Property. Client, as the "holder" (as defined under unclaimed property Laws) of uncashed checks made out to Eligible Members for DMR Claims, shall be responsible for any required due diligence activities and escheating such amounts to the applicable states. As such, MedImpact will provide Client with reports, in MedImpact's standard format, containing sufficient information to allow Client to perform the escheatment activities as required under each state's respective unclaimed property Laws related to these uncashed DMR checks. Such reports will be provided to Client twice a year on or about January 31st and July 31st for such DMR checks that have remained uncashed for at least six (6) months post issuance. In addition, MedImpact will remit a check to Client in an amount equal to the aggregate amount as reflected in each such report and MedImpact shall have no further obligations related to any due diligence or escheatment requirements for such DMR Claim payments.

9.5 Compliance with Regulatory Requirements. The parties acknowledge and agree that with respect to certain lines of business and/or types of plans, programs, and/or products, additional and/or different regulatory provisions may be required under this Agreement. The parties agree to those additional and/or

Copyright © 2015-2025 MedImpact Healthcare Systems, Inc. All rights reserved.
This document is **CONFIDENTIAL AND PROPRIETARY** to MedImpact and may not be reproduced, transmitted, published, or disclosed to others without the prior written authorization of MedImpact.

different regulatory provisions applicable hereunder as set forth in Exhibit G. In the event of a conflict between the applicable regulatory requirements contained in Exhibit G and the remainder of this Agreement, the applicable provisions of the regulatory requirements contained in Exhibit G shall control if and to the extent required by Law.

ARTICLE 10 – RELATIONSHIP OF THE PARTIES

10.1 Exclusivity. During the Term of this Agreement, Client agrees that MedImpact shall be the sole and exclusive agent for Client for each of the types of services described in this Agreement.

10.2 MedImpact Status. The parties acknowledge that MedImpact is a service provider of Client and is acting in a ministerial capacity in the performance of its obligations under this Agreement. Nothing in this Agreement shall be construed or deemed to confer upon MedImpact any responsibility for or control over the terms or validity of any Benefit Plan, and MedImpact shall have no discretionary authority over or responsibility for any Benefit Plan, but rather MedImpact provides administrative services for Client. Client acknowledges and agrees that neither it nor any Benefit Plan intends MedImpact to be a fiduciary (as defined under state or federal Law, including ERISA), and neither will name MedImpact or any of MedImpact's affiliates as a plan fiduciary. MedImpact is not an insurer, plan sponsor, provider of health services, or a fiduciary, and MedImpact shall have no responsibility for: (i) any funding of Client benefits; (ii) any insurance coverage relating to Client, any Benefit Plan, or Eligible Members; (iii) the nature or quality of professional health services rendered to Eligible Members; or (iv) management or disposition of assets of the Benefit Plan, if any exist. Upon reasonable notice, MedImpact will have the right to terminate Services with respect to any Benefit Plan (or, if applicable, Eligible Members) located in a state requiring a pharmacy benefit manager to be a fiduciary to Client, a Benefit Plan, or an Eligible Member, in any capacity.

10.3 Use of Subcontractors. MedImpact may subcontract and/or have MedImpact affiliates perform MedImpact's obligations as set forth herein. Such subcontractors shall be subject to the terms and conditions herein, including but not limited to, Section 9.2 ("HIPAA/HITECH Compliance"). Any reference to a MedImpact system or process herein may include the system and/or process of a MedImpact subcontractor and/or affiliate.

10.4 Independent Contractors. Client and MedImpact are independent entities and nothing in this Agreement shall be construed or be deemed to create a relationship of employer and employee, principal and agent, franchiser and franchisee, joint venturers, or any relationship, fiduciary or otherwise, other than that of independent parties contracting with each other solely for the purpose of carrying out the provisions of this Agreement.

10.5 Relationship to Participating Pharmacies. Participating Pharmacies are independent contractors and not subcontractors or agents of MedImpact, and MedImpact does not exercise any control over the professional judgment of any pharmacist dispensing prescriptions or otherwise providing pharmaceutical related services at a Participating Pharmacy. As a result, MedImpact shall have no liability to Client or any Eligible Member for a claim resulting from any act or omission of any Participating Pharmacy or its agents or employees.

10.6 Non-Solicitation in Hiring. During the Term of this Agreement and for a period of one (1) year thereafter, each party shall not, without the prior written consent of the other party, directly or indirectly solicit for hire, recruit, or induce, or allow its officers, directors, agents or affiliates to solicit for hire, recruit, or induce any employees of the other party to terminate their employment or violate their contractual or

Copyright © 2015-2025 MedImpact Healthcare Systems, Inc. All rights reserved.
This document is **CONFIDENTIAL AND PROPRIETARY** to MedImpact and may not be reproduced, transmitted, published, or disclosed to others without the prior written authorization of MedImpact.

fiduciary duties.

10.7 Insurance. Each party shall maintain or obtain (as applicable), with respect to the activities in which such party engages pursuant to this Agreement, professional liability (errors and omissions) insurance and general liability insurance in amounts reasonable and customary for the nature and scope of business engaged in by such party. Upon request, such party shall promptly deliver to the other party evidence of such insurance.

ARTICLE 11 - TERM AND TERMINATION

11.1 Term. The Services under this Agreement will be implemented as of _____, 20__ ("Implementation Date") and will continue through _____, 20__ ("Initial Term") and may be terminated earlier or extended in accordance with the terms of this Article 11. After the Initial Term, this Agreement shall automatically renew for successive one (1) year renewal terms (each, a "Renewal Term") under the terms and conditions set forth herein unless either party sends written notice of non-renewal to the other party in accordance with Section 12.12 of this Agreement, received at least thirty (30) days prior to the end of the Initial Term or any Renewal Term. The Initial Term and any Renewal Terms will be referred to as the "Term".

11.2 Termination.

11.2.1 Termination with Cause. This Agreement may be terminated at any time by either party based on a material breach of any provision of this Agreement, provided that sixty (60) days' advance written notice of such material breach shall be given to the other party and the breach remains uncured at the end of this sixty (60) day period.

11.2.2 Termination Due to Non-Payment. Notwithstanding any other provision in this Agreement, in the event Client fails to timely pay MedImpact the full amount due for each Statement (and any interest accrued thereon) as set forth in this Agreement, MedImpact may terminate this Agreement on any date thereafter, effective on the date specified in such notice of termination.

11.3 Effect of Termination. Upon termination of this Agreement:

11.3.1 All further obligations of the parties under this Agreement shall terminate, but no termination under this Agreement shall affect the rights and obligations of the parties accruing prior to the effective date of such termination.

11.3.2 All Confidential Information provided by a party, except for Confidential Information required by Law to be retained, shall be immediately returned by the Receiving Party, or the Receiving Party shall certify to the Disclosing Party that such materials have been destroyed; however, MedImpact shall be entitled to (a) retain copies of the Confidential Information preserved or recorded in any computerized data storage device or component (including any hard drive or database) or saved automatically to standard back-up or archival systems, and (b) retain copies of Confidential Information to the extent required by standard document retention policies.

11.3.3 The parties shall, in all events, remain bound by and continue to be subject to the following provisions: Section 2.3 (Reliance on Client Information), Section 2.6 (Review of Reports, Statements, and Other Materials), Section 2.7 (Non-Routine Inquiries), Section 4.4 (Failure of Client to Pay Timely),

Copyright © 2015-2025 MedImpact Healthcare Systems, Inc. All rights reserved.
This document is **CONFIDENTIAL AND PROPRIETARY** to MedImpact and may not be reproduced, transmitted, published, or disclosed to others without the prior written authorization of MedImpact.

Section 4.5 (Client Insolvency), Section 4.6 (Sales and Use Taxes), Section 5.1 (Maintenance of Records), Section 5.2 (Use of Information), Section 5.3 (Third-party Data Access), Section 5.4 (Open Records Requests), Section 5.5.3 (Right to Audit Claims and Business Records By Government Agencies), Article 6 (Indemnification and Limitation of Liability), Article 7 (Dispute Resolution Procedure), Article 8 (Confidentiality), Section 10.6 (Relationship to Participating Pharmacies), Section 10.7 (Non-Solicitation in Hiring), Section 11.3 (Remedies for Early Termination), Section 11.4 (Effect of Termination), Section 11.5 (Post-Termination Services/Access), and Article 12 (General Provisions).

11.3.4 Upon termination of this Agreement, the parties will mutually develop a run-off plan providing for: (i) Client's notification to Eligible Members of the timing of any transition to a successor pharmacy benefit administrator/manager at least thirty (30) days prior to the effective date of such termination; and (ii) MedImpact's provision of standard claims data and open prior authorization files for transition to the successor pharmacy benefit administrator/manager in accordance with MedImpact's standard protocol. Upon termination of this Agreement, MedImpact will process only those Claims which are for prescriptions dispensed before the termination date and which are received by MedImpact within ninety (90) days of the termination date. Any Claims submitted and processed after the termination date will be billed and paid for by Client consistent with the terms for pre-termination Claims, and the processing and payment of any Claims received more than ninety (90) days after termination shall be the sole responsibility of Client. Client will pay MedImpact in accordance with this Agreement for any Fees for Services provided during any run-off period.

11.4 Post-Termination Services/Access. MedImpact may make available to Client certain post-termination services at its then current fees, which shall be agreed upon in a separate writing. Unless otherwise specified in such writing, Client shall remit to MedImpact the fees for such services in accordance with the timeframes outlined in Article 4 of this Agreement. For avoidance of doubt, the foregoing shall not obligate MedImpact to provide post-termination services, including, without limitation, the provision of continued data submissions and/or reporting, consultation, analysis, submittals to Government Agencies, and/or access to MedImpact systems, programs, and/or Formulary. Notwithstanding anything in this Agreement to the contrary, Client will not have access to any MedImpact systems (including MedAccess®) post-termination regardless of whether MedImpact provides post-termination and/or any run-off services.

ARTICLE 12 - GENERAL PROVISIONS

12.1 Successors and Assigns. Neither this Agreement nor any of the rights, interests, or obligations hereunder may be assigned by either party (whether by operation of Law or otherwise) without the prior written consent of the other party. Notwithstanding the foregoing, no consent shall be required in the event of a change of control of a party.

12.2 Waiver. Any term or condition of this Agreement may be waived at any time by the party that is entitled to the benefit thereof, provided such waiver is in a signed writing. No waiver by any party of any term or condition of this Agreement, in any one or more instances, shall be deemed to be or construed as a waiver of the same or other term or condition of this Agreement on any future occasion.

12.3 Severability. In the event that any provision of this Agreement shall be determined to be invalid, unlawful, void, or unenforceable to any extent by a court of competent jurisdiction or by a legal opinion letter drafted by a party's outside legal counsel, the remainder of this Agreement, shall not be impaired or otherwise affected, will be construed to preserve the intent and purpose of this Agreement, and shall continue to be valid and enforceable to the fullest extent permitted by Law. The parties agree to negotiate

Copyright © 2015-2025 MedImpact Healthcare Systems, Inc. All rights reserved.
This document is **CONFIDENTIAL AND PROPRIETARY** to MedImpact and may not be reproduced, transmitted, published, or disclosed to others without the prior written authorization of MedImpact.

in good faith to modify any invalidated provisions to preserve each party's anticipated benefits under this Agreement.

12.4 Further Assurances. Each party represents and warrants that it has the necessary power and authority to enter into this Agreement and to consummate the transactions contemplated herein. Each party agrees to execute and deliver to the other party any instruments and other documents, and to take such other actions as the other party may reasonably request at any time during the Term of this Agreement for the purpose of carrying out or evidencing any of the transactions contemplated by this Agreement.

12.5 Choice of Law. Notwithstanding any other provision of this contract, or any amendment or addendum(s) entered into contemporaneously or at a later time, the parties understand and agree that, (1) the State of Nebraska is a sovereign state and its authority to contract is therefore subject to limitation by the State's Constitution, statutes, common law, and regulation; (2) this contract will be interpreted and enforced under the laws of the State of Nebraska; (3) any action to enforce the provisions of this agreement must be brought in the State of Nebraska per state law; (4) the person signing this contract on behalf of the State of Nebraska does not have the authority to waive the State's sovereign immunity, statutes, common law, or regulations; (5) the indemnity, limitation of liability, remedy, and other similar provisions of the final contract, if any, are entered into subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity; and, (6) all terms and conditions of the final contract, including but not limited to the clauses concerning third party use, licenses, warranties, limitations of liability, governing law and venue, usage verification, indemnity, liability, remedy or other similar provisions of the final contract are entered into specifically subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity.

The Parties must comply with all applicable local, state, and federal laws, ordinances, rules, orders, and regulations

12.6 Force Majeure. Except for payment obligations set forth in this Contract, neither Party shall be liable for any costs or damages, or for default resulting from its inability to perform any of its obligations under the contract due to a natural or manmade event outside the control and not the fault of the affected Party ("Force Majeure Event") that was not foreseeable at the time the Contract was executed. The Party so affected shall immediately make a written request for relief to the other Party and shall have the burden of proof to justify the request. The other Party may grant the relief requested; relief may not be unreasonably withheld. Labor disputes with the impacted Party's own employees will not be considered a Force Majeure Event.

12.7 Entire Agreement. This Agreement, including the exhibits (all of which are incorporated herein) and any such other agreement(s) applicable to Client's use of MedImpact's tools or services constitutes the entire agreement among the parties with respect to the subject matter hereof and supersedes all prior agreements and understandings, both written and oral, among the parties with respect to the subject matter hereof.

12.8 Amendment. Except as otherwise provided in this Agreement, this Agreement or any part or section of it may be amended at any time by mutual written consent of duly authorized representatives of MedImpact and Client. No business forms including, but not limited to, service requests, implementation forms, benefit change request forms, network change request forms, etc. ("Business Forms") not expressly identified as an addendum, amendment (or letter amendment), or work order to this Agreement, shall operate to amend this Agreement even if executed by both parties hereto. The parties acknowledge and agree that Business Forms executed by Client shall serve as directions from Client upon which MedImpact

may rely for services rendered by MedImpact under this Agreement, without amending this Agreement.

12.9 No Third-party Beneficiaries. This Agreement is solely for the benefit of each party hereto and their respective successors or permitted assigns. This Agreement is not a third-party beneficiary contract and does not confer any such rights upon any third-party (including, without limitation, any Eligible Member or Benefit Plan).

12.10 Use of Name. Neither party shall use the name, trade names, trademarks, service marks, or logos of the other party or any affiliated company of the other party in any materials, presently existing or hereafter established, except in the manner and to the extent permitted by prior written consent of the other party.

12.11 Notice. Any notice required or permitted by this Agreement, unless otherwise specifically provided for in this Agreement, shall be in writing and shall be deemed given one (1) day following delivery to a nationally reputable overnight courier addressed as follows:

To MedImpact: Attn: CEO
MedImpact Healthcare Systems, Inc.
10181 Scripps Gateway Court
San Diego, CA 92131

With a copy to Senior Vice President, Corporate Services and General Counsel
at the same address above.

To Client: Attn: _____
_____
_____

Either party may at any time change its address for notification purposes by mailing a notice stating the change and setting forth the new address.

12.12 Counterparts. This Agreement may be executed in one or more counterparts, all of which shall be considered one and the same agreement and shall become effective when one or more counterparts have been signed by each of the parties and delivered to the other party, it being understood that all parties need not sign the same counterpart.

12.13 Electronic Signatures. This Agreement may be executed and delivered via e-mail or other electronic means, including by DocuSign, and upon such delivery the electronic signature(s) will be deemed to have the same effect as if the original signature had been delivered to the other party.

12.14 Construction. The parties acknowledge that each party and its counsel have reviewed and revised this Agreement and that consequently any rule of construction to the effect that any ambiguities are to be resolved against the drafting party is not applicable in the interpretation of this Agreement or any amendments or exhibits hereto.

12.15 Headings. The headings of articles, sections, and exhibits contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement.

EXHIBIT A

DEFINED TERMS

1.1 340B Claim means a Claim that is (a) identified as 340B with an SCC-20 code, (b) identified by the pharmaceutical manufacturer as ineligible for Rebates due to 340B status, (c) distributed by a Participating Pharmacy that is owned by a 340B covered entity, or (d) identified by Client as 340B.

1.2 Average Wholesale Price or AWP means the average wholesale price for a given pharmaceutical product as published by drug pricing services such as Medi-Span or other third-party pricing sources which MedImpact may select ("Pricing Source"). As of the Effective Date, MedImpact uses Medi-Span as its Pricing Source for AWP. AWP will be updated in MedImpact's online claims adjudication system on at least a weekly basis with data received from the Pricing Source, which if not received timely could result in delays. The applicable AWP for prescriptions dispensed shall be based on the actual NDC submitted by the pharmacy. AWP does not represent a true wholesale price, but rather is a fluctuating benchmark provided by third-party pricing sources.

1.3 Benefit Plan means the benefit plan(s) pursuant to which Covered Benefits are provided to Eligible Members.

1.4 Benefit Plan Information means the information required by MedImpact to process Claims and provide Services under this Agreement, including processing parameters, coverage rules, and other information, provided to MedImpact in accordance with this Agreement.

1.5 Brand Drug means a prescription drug identified as a "brand" by MedImpact using indicators from services such as First Databank or other third-party sources which MedImpact may select ("Drug Attributes Source") and MedImpact's standard policies which may take into account various factors such as drug exclusivity and pricing differential between AWP and the wholesale acquisition price, among other elements. As of the Effective Date, MedImpact uses First Databank as its Drug Attributes Source.

1.6 Business Day Any weekday except State-Recognized holidays.

1.7 Claim means those requests for payment for prescription services, drugs, devices, supplies, or other related items that are processed through MedImpact's online claims adjudication system or otherwise sent to and/or processed by or through MedImpact in accordance with the terms of this Agreement, including requests for payment from Participating Pharmacies, Member Submitted Claims, and Subrogation Claims.

1.8 Claims Processing Fee means the per Claim fee identified in Exhibit B of this Agreement.

1.9 Client-Contracted Participating Pharmacies means those licensed pharmacies that are owned and operated by Client or contracted directly with Client to provide Covered Benefits for Eligible Members, and do not utilize MedImpact's contracted rates for Client Claims. Client-Contracted Participating Pharmacies may include retail, long term care, home infusion, ITU, mail order, and/or specialty pharmacies, if applicable.

1.10 Copayment means that portion of the cost for each Covered Benefit dispensed to an Eligible Member that is the responsibility of the Eligible Member (e.g., copayment as a fixed dollar amount,

Copyright © 2015-2025 MedImpact Healthcare Systems, Inc. All rights reserved.
This document is **CONFIDENTIAL AND PROPRIETARY** to MedImpact and may not be reproduced, transmitted, published, or disclosed to others without the prior written authorization of MedImpact.

coinsurance percentage, deductible, and/or other ancillary charges for which an Eligible Member may be responsible), as set forth in the Benefit Plan Information.

1.11 Covered Benefits mean those outpatient drugs, products, services, testing and/or diagnostics, or supplies that are prescribed by a prescriber and/or covered under a Benefit Plan as set forth in the Benefit Plan Information.

1.12 Direct Member Reimbursement ("DMR") Claims means a Claim submitted by an individual (not a pharmacy) for coverage under a Benefit Plan for a prescription that was dispensed by a pharmacy for which the individual paid the full amount of the cost of the drug.

1.13 Dispensing Fee means the fee billed to Client for the filling of a single prescription order for an Eligible Member as set forth in Exhibit B.

1.14 Effective Date means the earlier of the date this Agreement is fully executed by both parties or the Implementation Date.

1.15 Eligible Members mean those individuals and their dependents, if applicable, who are entitled to Covered Benefits under a Benefit Plan as identified in the Eligible Member List in effect with MedImpact as of the date the Covered Benefit is provided.

1.16 Eligible Members List means the list of Eligible Members provided to MedImpact in accordance with this Agreement. The Eligible Members List shall be prepared, maintained, and updated by Client, and delivered to MedImpact in accordance with this Agreement.

1.17 ERISA means the Employee Retirement Income Security Act, as amended, 29 U.S.C. 1001 et seq., and the regulations promulgated thereunder.

1.18 Formulary means the list of outpatient prescription drugs, devices, and supplies that are covered by the Benefit Plan according to the Benefit Plan Information.

1.19 Generic Drug means a prescription drug identified as a "generic" by MedImpact using indicators from the Drug Attributes Source and MedImpact's standard policies, which may take into account various factors such as pricing differential between AWP and the wholesale acquisition price, among other elements.

1.20 Government Agency(ies) means government agencies, including but not limited to the Centers for Medicare & Medicaid Services ("CMS"), Office of Inspector General ("OIG"), Health and Human Services ("HHS"), state Medicaid agencies, Veteran's Administration ("VA") facilities, Indian Health Services and Bureau of Indian Affairs ("IHS"), and Department of Defense ("DOD") military treatment facilities (or other similar facilities) ("MTF"), or the agencies' or facilities' third-party representatives.

1.21 HIPAA/HITECH means Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and the Health Information Technology for Economic and Clinical Health Act ("HITECH"), and the regulations promulgated thereunder.

1.22 Identification Cards or ID Cards mean printed identification cards containing information about the Benefit Plan and Covered Benefits to which the Eligible Members are entitled.

Copyright © 2015-2025 MedImpact Healthcare Systems, Inc. All rights reserved.
This document is **CONFIDENTIAL AND PROPRIETARY** to MedImpact and may not be reproduced, transmitted, published, or disclosed to others without the prior written authorization of MedImpact.

1.23 Implementation Date shall have the meaning set forth in Section 11.1 of this Agreement.

1.24 Law means all applicable federal, state, and local laws, rules, regulations, acts, statutes, ordinances, codes, constitutions, charters, or orders of a Government Agency.

1.25 MAC means the then current maximum allowable cost payable for products on the applicable MAC List pursuant to the applicable maximum allowable cost pricing schedule(s) developed, selected, and/or updated by MedImpact from time to time.

1.26 MAC List means a list of products subject to maximum allowable cost pricing schedules, which such list(s) is developed, selected, and/or updated (including the addition to or removal of products) by MedImpact from time to time.

1.27 Mail Order Pharmacy means a licensed pharmacy authorized to provide mail order pharmacy services.

1.28 Participating Pharmacies means those pharmacies that have contracted directly with MedImpact or an affiliate of MedImpact to provide Covered Benefits for Eligible Members, and may include retail, long-term care, home infusion, ITU, mail order, and/or specialty pharmacies, and shall also mean and refer to Client-Contracted Participating Pharmacies (if applicable) unless otherwise stated.

1.29 Rebates mean retrospective formulary rebates that are paid to MedImpact pursuant to the terms of a contract between MedImpact and pharmaceutical manufacturer(s), rebate aggregator(s), and/or other rebate intermediary(ies), and directly attributable to the utilization of certain Covered Benefits by Eligible Members.

1.30 Services shall have the meaning set forth in Section 3.1 of this Agreement.

1.31 Specialty Drug means drugs that have one (1) or more of the following characteristics as identified through MedImpact's specialty drug determination process:

- High cost
- Treats complex clinical conditions
- May require special handling or storage
- Requires robust patient education and monitoring

1.32 Specialty Drug List means MedImpact's list of Specialty Drugs that identifies standard Specialty Drugs and is available upon request.

1.33 Specialty Pharmacy means a licensed pharmacy that dispenses Specialty Drugs and ancillary supplies.

1.34 Subrogation Claim means those claims submitted by any Government Agency (or any person or entity acting on behalf of a Government Agency) on behalf of or in the name of an Eligible Member for which Client is responsible as a third-party payer by operation of applicable Law.

EXHIBIT D

AUDIT PROTOCOLS

1. Notice of Audits. The State shall have the right to audit the Vendor's performance of this contract upon a thirty (30) days' written notice which such notice shall be sent to MedImpact via email at ExternalComplianceSupport@medimpact.com, with a hard copy mailed to MedImpact Healthcare Systems, Inc., Attn: External Compliance Support, 10181 Scripps Gateway Court, San Diego, CA 92131. The notice shall provide sufficient detail regarding the intended scope of the audit. . Vendor shall utilize generally accepted accounting principles, and shall maintain the accounting records, and other records and information relevant to the contract (Information) to enable the State to audit the contract. (Neb. Rev. Stat. § 84-304 et seq.) The State may audit, and the Vendor shall maintain, the Information during the term of the contract and for a period of five (5) years after the completion of this contract or until all issues or litigation are resolved, whichever is later. The Vendor shall make the Information available to the State at Vendor's place of business or a location acceptable to both Parties during normal business hours. If this is not practical or the Vendor so elects, the Vendor may provide electronic or paper copies of the Information. The State reserves the right to examine, make copies of, and take notes on any Information relevant to this contract, regardless of the form or the Information, how it is stored, or who possesses the Information. Under no circumstance will the Vendor be required to create or maintain documents not kept in the ordinary course of Vendor's business operations, nor will Vendor be required to disclose any information, including but not limited to product cost data, which is confidential or proprietary to Vendor.

2. Purpose of Audit/Documentation Required. Provided that Client is current in the payment of amounts due under its Agreement with MedImpact, Client may, during the Term of this Agreement and up to five (5) years post-termination, conduct one (1) audit on an annual basis between February and October on an agreed upon date, of MedImpact's business records that directly relate to MedImpact's compliance with this Agreement with respect to the Services and billings made to Client. Such audit shall be limited to the transactions occurring during the Term of this Agreement over the twelve (12) month period immediately preceding such audit. At no time may Client audit any twelve (12) month audit period (in whole or in part) more than once or any individual Claim more than once. In the event Client does not provide the required notice under Section 1 above but requests files and /or documentation beyond what is provided to Client during the standard course of business, MedImpact may consider such requests to constitute Client's audit hereunder, and the limitations herein shall apply.

3. Procedure of Audits. A Client audit of MedImpact shall be conducted at MedImpact's headquarters during normal business hours. MedImpact may, in its sole discretion, allow Client to audit offsite (as opposed to onsite), in which case MedImpact will provide data and other information via an agreed upon secure electronic method (e.g., email, FTP site). Audits shall be conducted without undue interference to MedImpact's business activity, in accordance with reasonable audit practices, and at Client's own cost and expense. MedImpact will allow one hundred percent (100%) of Claims processed to be audited and shall offer to manually review up to five hundred (500) Claims for the entire scope of the audit (not per test scenario). If Client or Client's third-party auditor is unable to establish consistent aberrant claims behavior in those five hundred (500) Claims, MedImpact will consider the findings to be immaterial. While MedImpact will commit to a five hundred (500) sample review, it reserves the right to request all suspect anomalies for its own review and verification. Extrapolation of one Claim to the rest of the Claims universe will be permitted only when ninety-five percent (95%) of the failed samples are agreed to by MedImpact.

4. Audit Reports/Discrepancies. If a completed audit reveals a discrepancy, then Client shall deliver

Copyright © 2015-2025 MedImpact Healthcare Systems, Inc. All rights reserved.
This document is **CONFIDENTIAL AND PROPRIETARY** to MedImpact and may not be reproduced, transmitted, published, or disclosed to others without the prior written authorization of MedImpact.

written notice of the discrepancy to MedImpact within ten (10) Business Days of conducting the audit. In all cases, audit findings revealing a discrepancy must be delivered to MedImpact within three (3) months after the audit is conducted or fifteen (15) months after termination of this Agreement for any reason, whichever is sooner. The written notice of discrepancy shall set forth in reasonable detail the basis of such discrepancy and identify the version of the files/data exchanged that are the basis for the finding (including the date the file/data was provided). The parties shall use reasonable efforts to resolve any discrepancies within thirty (30) days following delivery of the notice, and such resolution shall be final, binding, and conclusive upon the parties. If a discrepancy reveals that a party owes the other party money, the party owing such amounts shall pay the amounts due to the other party within thirty (30) days of the delivery of the conclusive audit findings.

5. Third-Party Auditor Requirements. All third-party auditors shall execute a confidentiality/non-disclosure agreement acceptable to MedImpact prior to conducting any inspection or audit. Any auditor performing an audit under this Agreement shall represent and warrant that it is not providing litigation services to any person or entity in connection with any lawsuit, investigation, or other proceeding that is pending or contemplated against MedImpact. "Litigation services" includes examining pharmacy claims or any other documents or information or providing advice, analysis, and/or opinions as a disclosed or undisclosed expert or consultant. The auditor must agree that it will not provide litigation services for one (1) year after completion of the audit in any lawsuit, investigation, or other proceeding against MedImpact, except for litigation services to Client. By signing this Agreement, Client authorizes MedImpact to disclose Client data and Eligible Member PHI to Client's auditors.

6. Rebate Audits. In addition to all other provisions in this Exhibit, Rebate audits are also subject to the provisions outlined in this Section. Client and MedImpact agree that an independent firm agreeable to both parties shall conduct such audit, and that such firm will sign a confidentiality agreement with MedImpact ensuring that all details and terms of applicable rebate contracts with MedImpact (except the total aggregate amount due to Client) will be treated as confidential to MedImpact and will not be revealed in any manner or form by or to any person or entity including Client. Rebate audits shall be of a reasonable sample of pharmaceutical manufacturer agreements and/or MedImpact's agreement(s) with rebate aggregators and/or intermediaries, as applicable to Client, and shall be limited to validating the accuracy of the rebate amounts reported and distributed to Client by MedImpact. Such audit must be conducted at MedImpact's office where the records are located. MedImpact shall be entitled to review auditor's notes to ensure compliance with this requirement.

7. Participating Pharmacies, Subcontractors, and Other Third-Parties. Client acknowledges that it shall not be entitled to directly audit MedImpact Participating Pharmacies, subcontractors, and other third-party entities (including, but not limited to, pharmaceutical manufacturers, rebate aggregators and intermediaries, and vendors). Client's access to such entities shall be limited to MedImpact's books and records.

8. Audit Support. Client will notify MedImpact within two (2) Business Days of receiving notice of a Government Agency engagement, including but not limited to, audit, market conduct exam, survey, or other audit-like activity, that requires support from MedImpact. Client's failure to provide notice as required by this Section may affect MedImpact's ability to provide support within requested or mandated timeframes.

EXHIBIT E

PERFORMANCE GUARANTEES

1) Performance Guarantee Effective Dates. The Implementation Performance Guarantees set forth below shall become effective once the implementation project plan is agreed upon by Client and MedImpact. The Ongoing Performance Guarantees set forth below shall become effective on the Implementation Date of this Agreement. Notwithstanding the foregoing, if this Agreement is not fully executed prior to the Implementation Date, then the Ongoing Performance Guarantees shall be effective the first day of the calendar quarter following the latest signature date of this Agreement. Performance Guarantee amounts will not be paid to Client unless and until this Agreement has been fully executed.

2) Performance Guarantee Amounts. The total amounts at risk for Implementation and Ongoing Performance Guarantees are calculated on a per Eligible Member basis. The total number of Eligible Members shall be calculated on the Implementation Date, and then on January 1st each year thereafter for Ongoing Performance Guarantees. The total amounts at risk shall be distributed evenly among the respective Implementation Performance Guarantee and Ongoing Performance Guarantees.

3) Reporting and Reconciliation. Implementation Performance Guarantees will be reported to Client within ninety (90) days after the Implementation Date. In the event MedImpact does not meet a given Implementation Performance Guarantee, MedImpact shall remit the applicable Performance Guarantee amount to Client within one hundred twenty (120) days after the Implementation Date. The Ongoing Performance Guarantees set forth in this Exhibit are measured as indicated below, and reported quarterly. MedImpact will provide Client a quarterly Ongoing Performance Guarantee report based on a three (3) month calendar quarter (the "Reporting Quarter") within ninety (90) days from the end of the Reporting Quarter. Performance Guarantees are reconciled based on aggregate annual average results for a twelve (12) month calendar year (the "Measurement Period") and reported to Client within ninety (90) days from the end of the Measurement Period. In the event MedImpact does not meet a given Ongoing Performance Guarantee, MedImpact shall remit the applicable Performance Guarantee amount to Client within one hundred twenty (120) days from the end of the Measurement Period. If the Ongoing Performance Guarantees are effective for less than a full Measurement Period, then the Performance Guarantee amounts will be prorated for the portion of the Measurement Period. Any Performance Guarantee reporting or remittance deadlines that fall on a non-Business Day shall be deemed to mean the next Business Day.

4) The parties acknowledge and agree that:
   a) Implementation Performance Guarantees are contingent upon Client meeting the agreed upon project plan requirements and dates; Client's failure to meet the agreed upon project plan requirements and dates shall make Implementation Performance Guarantees null and void;
   b) Performance Guarantees are measured on a Client specific basis unless otherwise noted below;
   c) Should Client not provide information in the time and manner required by MedImpact, MedImpact shall have no obligation for any Performance Guarantee amounts associated with an affected Performance Guarantee;
   d) Calculations that result in non-whole number values (i.e. ending 0.01 – 0.99) will be rounded to the nearest whole number using traditional rounding logic (0.01 – 0.49 round down and 0.5 - 0.99 round up);
   e) If a given Performance Guarantee does not meet a mutually agreed upon minimum threshold for measurement and reporting purposes during the Reporting Quarter or Measurement Period, as applicable, then the Performance Guarantee amounts may be void;
   f) If Client utilizes more than one third party vendor related to a Performance Guarantee, then only the primary vendor will be reported on for that Performance Guarantee;
   g) In no event shall failure to meet a Performance Guarantee give rise to MedImpact being subject to Performance Guarantee amounts for any other Performance Guarantee(s) during the same Measurement Period;
   h) No Claim(s) shall be subject to Performance Guarantee amounts in more than one Measurement Period;

Copyright © 2015-2025 MedImpact Healthcare Systems, Inc. All rights reserved.
This document is **CONFIDENTIAL AND PROPRIETARY** to MedImpact and may not be reproduced, transmitted, published, or disclosed to others without the prior written authorization of MedImpact.

i) Notwithstanding any other provision of this Agreement, Client's remedy for MedImpact's failure to meet the Performance Guarantees is limited to the Performance Guarantee amounts listed in this Exhibit, and shall not otherwise be eligible for a remedy under any other provision of this Agreement;

j) Notwithstanding any other provision of this Agreement, the following shall not be factored into or included in the measurement or reporting of the Performance Guarantees: (i) Subrogation Claims, (ii) medical specialty management Services, (iii) Client-Contracted Participating Pharmacies or non-preferred pharmacy vendors, (iv) cash card or one hundred percent (100%) Copayment Benefit Plans, (v) all other Services not explicitly referenced in the Performance Guarantees below and (vi) MedImpactSave Claims (PBM Program Number = 11); and

k) All Performance Guarantees are subject to the force majeure clause set forth in this Agreement.

EXHIBIT F

DELEGATION AGREEMENT

A. MedImpact shall provide those utilization management services ("Delegated Services") set forth in Schedule 1 ("*Delegated Utilization Management Services*") attached hereto and incorporated into the Agreement by reference. MedImpact shall provide the Delegated Services in accordance with Client's requirements (hereinafter "UM Program") and applicable standards of NCQA. Client shall retain all utilization management functions not specified in this Exhibit as MedImpact's responsibility**.**

B. MedImpact will provide Client with member-friendly language including but not limited to the Client's formulary, guidelines, and other pharmacy benefit information for Client to use in member benefit materials and other communications.

C. MedImpact shall promptly notify Client of any material change in MedImpact's ability to fulfill the Delegated Services, and shall not make any material change to the Delegated Services without Client's written approval.

D. MedImpact shall provide Client with semiannual, or at such greater frequency as is mutually agreed upon by the parties, reports regarding MedImpact's performance of the Delegated Services in a mutually agreed upon format and level of detail and as further set forth in Schedule 1. Based on these reports, Client may determine that a periodic visit (e.g., annually) is indicated to evaluate MedImpact's performance of the Delegated Services. Client may conduct an annual assessment of the Delegated Services: specifically the UM Program, a review of applicable policies and procedures, and a review of prior authorization (PA) and Appeal denial files against NCQA standards.

E. MedImpact shall maintain prior authorization and appeals systems with advanced system controls capabilities. Advanced system controls capabilities include the capability to automatically record dates and prevent changes outside those defined in MedImpact's policies and procedures.

F. In the event that Client determines in its reasonable discretion that MedImpact is not performing the Delegated Services in a satisfactory manner, Client shall provide MedImpact with written notice of such deficiencies and Client and MedImpact shall jointly develop a corrective action plan. In the event that the parties are unable to agree upon a corrective action plan, or MedImpact's performance continues to be deficient, as reasonably determined by Client, following the corrective action plan, Client shall have the right to terminate Delegated Services with at least thirty (30) days prior written notice to MedImpact.

G. MedImpact may delegate or subcontract its responsibilities under this delegation agreement provided that such further delegation shall be subject to the terms of this delegation agreement and applicable NCQA standards.

Schedule 1

Delegated Utilization Management Services

Utilization Management Activity	Responsible Party	
UM Program and Structure	**Client**	**MedImpact**
Maintains a UM Program description that includes at a minimum: • Description of program structure • Involvement of a designated senior-level physician • Program scope • Process and sources used to determine benefit coverage and clinical necessity		**X**
Share applicable utilization management ("UM") policies and procedures with Client annually. Annual evaluation of UM Program; updates as necessary.		**X**
Communication Services	**Client**	**MedImpact**
Customer service staff are available 24 hours/day, 365 days/year for inbound collect or toll-free calls regarding UM questions/issues.		**X**
Staff identify themselves by name, title, and organization name when initiating or returning calls regarding UM issues.		**X**
TDD/TTY services are available for members who need them.		**X**
Language assistance is available for members who need them to discuss UM issues.		**X**
Clinical Criteria for UM Decisions (Clinical Guidelines)	**Client**	**MedImpact**
Clinical guidelines are evidence-based and objective.		**X**
Appropriate practitioners are involved in the development, adoption, and review of clinical guidelines.		**X**
Clinical guidelines are reviewed and approved at least annually, and updates are made when appropriate.		**X**
Policies include the application of clinical guidelines take into account an individual's needs.		**X**
Policies include the application of clinical guidelines take into account the local delivery system.		**X**
Provide clinical guidelines to members and practitioners upon request.		**X**
Annually evaluates the consistency of UM health care professionals' UM decision-making; acts on opportunities to improve consistency.		**X**
Appropriate Health Professionals	**Client**	**MedImpact**
Written procedures require appropriately licensed professionals to supervise all clinical necessity decisions.		**X**
Written procedures specify the type of personnel responsible for each level of UM decision-making.		**X**
Written job descriptions for health care professionals who render denial decision require the individual to have education, training, and/or professional experience in clinical practice; and a current clinical license to practice.		**X**
Pharmacists or physicians are utilized to review pharmacy denials based on clinical necessity.		**X**
Written procedures and evidence indicate that board-certified physicians are utilized as necessary to make clinical necessity decisions.		**X**

Copyright © 2015-2025 MedImpact Healthcare Systems, Inc. All rights reserved.
This document is **CONFIDENTIAL AND PROPRIETARY** to MedImpact and may not be reproduced, transmitted, published, or disclosed to others without the prior written authorization of MedImpact.

Utilization Management Activity	Responsible Party	
At least annually, a statement is distributed to all staff who make UM decisions affirming the following: • UM decision-making is based only on appropriateness of care and service and existence of coverage; • UM decision-makers are not specifically rewarded for issuing denials of coverage; and • Financial incentives for UM decision-makers do not encourage decisions that result in underutilization.	**See "Member & Practitioner Information" for Client responsibilities**	**X**
For clinical necessity determinations, relevant information is consistently gathered to support pharmacy UM determinations. If additional information is needed, the information is requested from the prescriber.		**X**
Timeliness of Notifications of Pharmacy PA Decisions	**Client**	**MedImpact**
Member/practitioner pharmacy UM notifications will be made in the shortest of applicable state, federal, Client-specified timelines, and within NCQA timeliness standards (as defined by the current year's standards). *Concurrent and post-service reviews are N/A to MedImpact UM.*		**X**
Exception Requests	**Client**	**MedImpact**
Procedures for exception requests include: • Making an exception based on clinical necessity • Obtaining clinical necessity information from prescriber • Use of pharmacists, and physicians as applicable, for review of exception requests • Notifications of decisions are consistent with applicable timelines		**X**
Prior Authorization Denial Notices	**Client**	**MedImpact**
Collaborate to develop member and practitioner prior authorization denial notices that are compliant with applicable accreditation, state, and federal requirements.		**X**
Provide member notification templates (including taglines), documents, and attachments as required by state/federal regulations, including in non-English languages.		
Member and prescriber written denial notification templates include: • Statement that member/prescriber can obtain a copy of the clinical guideline or policy on which the denial was based, upon request and at no charge • Description of appeal process and rights • Option to submit written comments, documents, or other information relevant to the appeal • Timeframe to appeal & timeframe to make appeal decision • Right to representation by anyone they choose, including an attorney • Description of expedited appeal process if urgent • Notification that independent review organization (IRO) review can occur concurrently with internal appeal process for urgent cases, unless restricted by state regulations		**X**
Member and prescriber written denial notifications include: • Specific reason for denial in easily understandable language		**X**

Utilization Management Activity	Responsible Party	
• Reference to the guideline, policy, or benefits document used to make the determination; and is available to member and prescriber upon request and free of charge		
Physician denial notice templates inform practitioners of the opportunity to discuss the denial with a clinical reviewer.		**X**
Appeals/Redeterminations	**Client**	**MedImpact**
For internal appeals delegated to MedImpact, policies/procedures include: • Allowing one hundred eighty (180) days from denial notification to appeal, unless state regulations specify otherwise; sixty (60) days for Medicaid or Medicare. • Capturing the substance/reason for appeal, any other pertinent information submitted, and any follow-up activities. • Investigating the appeal and documentation of findings. • Allows for submission of comments, documents, and other information in support of the appeal. • Appeal decision is rendered by someone other than who made the initial decision, and is not a subordinate of the initial decision-maker. • Review by a physician in same/similar specialty as one who would typically treat the condition, as needed. • Timely adjudication of appeals overturned by IRO.		**X**
Timeliness of Notifications of Pharmacy Appeal Decisions	**Client**	**MedImpact**
Member/practitioner pharmacy appeal notifications will be made in the shortest of applicable state, federal, Client-specified timelines, and within NCQA timeliness standards (as defined by the current year's standards). • Concurrent and post-service appeals are not applicable to MedImpact. For states which require two levels of internal appeal prior to IRO option (e.g., two (2) levels by MedImpact; 1st level by MedImpact and 2nd level by Client), the sum total of review time for both levels of appeal is not to exceed NCQA timeliness standards (as defined by the current year's standards). • Urgent preservice appeal decision and notification are completed within forty-eight (48) hours for 1st level and twenty-four (24) hours for 2nd level; • Standard preservice appeal decisions and notifications are made within fifteen (15) calendar days at each level. • Medicare Part D allows for an additional three (3) calendar days to send notification if member is verbally notified of decision within applicable timeline. • Decisions overturned by IRO are processed within twenty-four (24) hours for expedited appeals and seventy-two (72) hours for standard appeals.		**X**
Appeal/Redetermination Denial Notices	**Client**	**MedImpact**
Collaborate to develop member and practitioner appeal denial notices that are compliant with applicable accreditation, state, and federal requirements.		**X**
Provide member notification templates (including taglines), documents, and attachments as required by state/federal regulations, including in non-English languages.		
Pharmacy appeal denial decision notifications for appeals delegated to MedImpact:		**X**

Utilization Management Activity	Responsible Party	
• Response language is culturally and linguistically appropriate. • Copies of all documents relevant to the appeal are available upon request and free of charge. *(N/A for Medicare)* • Lists title and qualifications of reviewer(s) on notification. (*N/A for Medicare)* • Notification describes further appeal rights and the process to request the next level of appeal (if available), including IRO rights and obtaining additional information about IRO. • Final internal notice includes statement that member is not to bear costs of IRO, unless state mandates a fee charged to member. *(N/A for Medicare, Medicaid, or FEHB Program)* • Member may elect to have an authorized representative for further appeal level(s). • Notification that for urgent appeals, external/independent review may be requested simultaneously, unless disallowed by state regulations.		
Member and prescriber pharmacy appeal denial decision notifications for appeals delegated to MedImpact: • Address the substance(s) of the appeal, grounds for the determination, and response is in easy to understand language. • Notification gives reference to the specific portion of the guideline, policy, or benefit used to make the determination; and is available to member and prescriber upon request and free of charge.		**X**
Pharmacy Benefit Management ("PBM") Procedures	**Client**	**MedImpact**
PBM procedures (drug classes, tier level, formulary restrictions, step therapy, exception process, etc.) include: • Pharmacy & Therapeutics committee consisting of licensed pharmacists and physicians; • Criteria used to adopt procedures; • Use of clinical evidence from appropriate external organizations; • Inclusion of pharmacists and other appropriate practitioners in development of procedures; • Annually reviews/updates PBM procedures as appropriate • Annually reviews/updates formulary as appropriate		**X**
Evaluates new technology and new application of existing technology for pharmaceuticals and pharmaceutical devices applicable to outpatient pharmacy and benefits. Evaluation of new pharmaceuticals and device technology includes: • Specified process and decision variables considered; • Review of information from appropriate government regulatory bodies; • Review of published scientific evidence; • Process for seeking input from relevant clinical specialists and professional expertise in the technology.		**X**
Drug Class I and II recalls for safety issues, voluntary and market withdrawals: • Monitor market for recalls and withdrawals • Identify/list members and prescribers impacted and provide to Client • Draft notification letter template including why drug was recalled or		**X**

Utilization Management Activity	Responsible Party	
withdrawn; provide to Client • Notify Client within forty-eight (48) hours of Class I recalls • Notify Client within seven (7) Business Days of Class II recalls or voluntary or market withdrawals •Notifications to impacted members and prescribers as stated in Service Agreement		
Quality Management	**Client**	**MedImpact**
Maintains quality improvement ("QI") structures and processes for UM Program, including a defined scope of activities, defined goals and objectives, and a defined process for assessing performance.		**X**
Analysis of UM Program QI indicators including evaluation of aggregate data, trends, performance, opportunities for improvement, and barriers to improvement, as well as implementation of interventions and follow-up evaluation for identified opportunities for improvement; cooperating with Client as applicable.		**X**
Where opportunities for improvement are identified by Client, Client collaborates with MedImpact on a corrective action plan.		**X**
Member & Practitioner Information	**Client**	**MedImpact**
Protects the confidentiality of member information and records.	**X**	**X**
Upon request from MedImpact, Client provides member experience and/or practitioner clinical performance data via secure electronic delivery system to the applicable MedImpact account management team member.	**X**	
PA & Appeal System Controls	**Client**	**MedImpact**
To protect data from being inappropriately altered, policies/procedures for PA and appeals: • Define the date of receipt consistent with applicable state, federal, and accreditation requirements • Define the date of written notification consistent with applicable state, federal, and accreditation requirements • Describe process for recording the above dates in the UM system(s) • Specify staff authorized to modify dates once recorded, and circumstances when modification is allowed • Specify how the system(s) track modified dates • Describe system security controls that protect from unauthorized modification of data • Maintains advanced system controls capabilities or describes how MedImpact monitors its compliance with the policies and procedures for factors above at least annually and take appropriate action, when applicable.		**X**
PA & Appeal System Controls Oversight	**Client**	**MedImpact**
At least annually, MedImpact demonstrates that it monitors compliance with its PA & appeal system controls by: • Providing evidence of advanced system controls capabilities; **or** • Identifying all modifications to receipt and decision notification dates that did not meet MedImpact's policies and procedures for date modifications; and • Analyzing all instances of date modifications that did not meet MedImpact's policies and procedures for date modifications; and		**X**

Utilization Management Activity	Responsible Party	
• Acting on all findings and implementing a quarterly monitoring process until it demonstrates improvement for one finding over three consecutive quarters.		
Delegation Oversight	**Client**	**MedImpact**
Client reviews reports at least semi-annually and, at least annually reviews MedImpact's UM program, PA files/processes, Appeals files/processes, and overall performance.	**X**	
Collaborates, cooperates, and provides necessary documents during activities required in an oversight audit (e.g., delegation, accreditation, regulatory).	**X**	**X**
Mutually agreed upon reports are provided at a frequency that is also mutually agreed upon. Additionally, Client access and training is provided to MedOptimize® for self-service reports and MedResponse® for case records. MedOptimize® reports include, but are not limited to: • PA Data Log • PA Turnaround Time • PA Top Drugs • PA Top Prescribers • PA Volume Summary Reports are provided to and/or access to MedOptimize® is given to applicable Client representative via secure electronic delivery system.	**X**	**X**
At least annually, MedImpact shall make available to Client documentation for Client review or monitoring of MedImpact's PA and appeal denial system security controls to confirm that MedImpact monitors its compliance with this delegation agreement and MedImpact's policies and procedures.	**X**	**X**
Sub-Delegation	**Client**	**MedImpact**
If MedImpact sub-delegates PA and/or Appeal activities, evidence is available demonstrating that MedImpact performs oversight of the delegated activities commensurate with NCQA requirements.		**X**

ATTACHMENT C - CONFIRMATIONS & QUESTIONNAIRE

SOLICITATION NUMBER - 122436 O5

Bidder: MedImpact Healthcare Systems, Inc.

Instructions for Completing this Questionnaire Workbook

- Provide succinct yet informative responses.
- Bidder should complete all questions in this Questionnaire.

ATTACHMENT C - CONFIRMATIONS & QUESTIONNAIRE

SOLICITATION NUMBER - 122436 O5

Bidder: MedImpact Healthcare Systems, Inc.

All Bidders must comply with the following conditions regarding the RFP. Confirm your capability to meet each of the following with a response of Confirmed or Not Confirmed. If your response varies by the plan option(s) you are quoting, please explain. If a Bidder takes exception to any of these confirmations, it must be clearly noted. These confirmations will also explicitly apply to any subcontractors used.

	Confirmations	Vendor Response
A.	**GENERAL**	**Response (Confirmed/Not Confirmed)**
A.1	PBM agrees the State has the right to terminate the contract for any reason without penalty of any kind upon ninety (90) days-notice. The State will receive all rebates accrued during the tenure of the contract.	MedImpact confirms to the termination provisions outlined in II. Terms and Conditions, item T.
A.2	PBM agrees the State reserves the right to audit the State's PBM claim records, and any other financial records as they pertain to the pharmacy benefit program, whenever the State deems it appropriate, using whatever methodology and vendor they choose. Such claim audits may be performed by the State's personnel or by outside auditors selected by the State.	MedImpact confirms to the audit provisions outlined in IV. Payment, item H.
A.3	PBM agrees if selected as a finalist, to provide a signature ready contract and that your responses to the RFP, including all attachments, will be included as an attachment to the contract. The State reserves the right to negotiate additional changes to the final contract.	MedImpact confirms.
A.4	PBM agrees it shall provide a fully pass-through network, meaning it will bill the State the same as it reimburses network pharmacies for retail, mail order, and specialty drug claims. The PBM shall also pass-through 100% of Rebates to the State. All business practices, processes, and sources of revenue must be fully disclosed upon request.	MedImpact confirms.
A.5	PBM agrees the State reserves the right to carve-out specialty and mail order drug fulfillment and/or utilization management if it determines it is financially advantageous to do so.	MedImpact confirms that State DAS SPB has the right to carve out specialty at no cost; however, carving out specialty drug dispensing may impact the financial guarantees.
A.6	PBM agrees to develop a member satisfaction survey approved by the State to be sent to each plan member, conduct the survey, and collect and report respondent results on an annual basis at no additional cost to the State.	MedImpact confirms.
A.7	PBM agrees to provide easy-to-access management reports approved by the State in Excel or in a format that can be exported to Excel at least quarterly and as otherwise requested by the State.	MedImpact confirms.
A.8	PBM agrees to abide by all Federal and State laws and requirements throughout the contract term.	MedImpact confirms.
A.9	PBM will not render or administer services off-shore, and all work performed will be in the contiguous United States.	MedImpact confirms.
B.	**CONTRACT DEFINITIONS**	**Response (Confirmed/Not Confirmed)**
B.1	Contract Definitions	

	Confirmations	Vendor Response
	a. AWP (Average Wholesale Price) –The actual reported "AWP" from Medi-Span for the specific NDC-11 on the Day of Service for all channels (i.e., Retail, Mail, and Specialty). Claims will not use an average AWP or pre-settlement AWP, nor will the AWP be externally calculated, altered, or adjusted. Claims at Mail and Specialty pharmacies will use the AWP of the actual package size and NDC-11 used to dispense (not the package size of the prescription dispensed or alternative package sizes).	MedImpact confirms.
	b. Brand Drug - For adjudication purposes, a drug that is approved by the U.S. Food and Drug Administration (FDA) and is distributed under an FDA Application Type of new drug application (NDA) or biologic license application (BLA), and which is not an Authorized Generic and which is not a House Generic. In instances where the Brand or Generic status of a drug, as determined by the Contractor relying on an independent published source, differs from this definition, the Contractor may rely on its standard drug classification system for operational purposes of claim adjudication. All Brand Pricing Guarantees will be reconciled based on Medi-Span multi-source code field M, N, or O, excluding House Generics, as defined herein, and shall mean drugs or devices for which the Medi-Span Multisource Code field contains “M” (co-branded product), or “N” (single source brand), or “O” (originator). If the multi-source code in Medi-Span is "O", and there is a DAW code of 3, 4, 5, 6, or 9, the drug shall be considered a generic.	MedImpact confirms.
	c. Biosimilar - A FDA-approved type of biological product that is highly similar to and has no clinically meaningful differences in terms of safety and effectiveness from its respective FDA-approved biological reference product, under Section 351(k) of the Public Health Service Act, as added by the Biologics Price Competition and Innovation Act of 2009.	MedImpact does not confirm. A biosimilar is a biological product approved under the FDA 351(k) pathway. The FDA deems the biosimilar highly similar to the reference product notwithstanding minor differences in clinically inactive components; and there are no clinically meaningful differences between the biological product and the reference product in terms of the product's safety, purity, and potency.
	d. Claim - Prescription drugs, over the counter (OTC) products, drug products, medical supplies, or medical devices that are processed and paid through PBM's adjudication system or otherwise transmitted/processed by the PBM in accordance with State's applicable benefit plan design. Bidder agrees its financial bid is based on approved and Paid Claims only and will exclude all rejected, withdrawn, denied and/or reversed Claims.	MedImpact confirms.
	e. Compound Drug - A medication that requires compounding by pharmacists because it is not available from a pharmaceutical manufacturer in the prescribed form or strength. Compound drugs consist of two or more solids, semi-solids, or liquids where at least one of which is a Covered Product.	MedImpact confirms.
	f. Covered Product – The prescription drugs, supplies, and other items that are covered under the Benefit or treated as covered pursuant to a coverage determination appeal.	MedImpact confirms.

Confirmations		Vendor Response
	g. Generic Drug - For adjudication purposes, a drug that is approved by the U.S. Food and Drug Administration (FDA) and is distributed under an FDA Application Type of abbreviated new drug application (ANDA), or which is an Authorized Generic or which is processed as a House Generic. In instances where the Brand or Generic status of a drug, as determined by the Contractor relying on an independent published source, differs from this definition, the Contractor may rely on its standard drug classification system for operational purposes such as claim adjudication. All Generic Pricing Guarantees will be reconciled based Medi-Span multi-source code filed of Y or House Generic, as defined herein.	MedImpact confirms.
	h. Authorized Generic Drug - Any drug sold, licensed, or marketed under a new drug application (NDA) approved by the Food and Drug Administration (FDA) under section 505(c) of the Federal Food, Drug, and Cosmetic Act (FFDCA) that is marketed, sold or distributed under a different labeler code, product code, trade name, trademark, or packaging (other than repackaging the listed drug for use in institutions) than the Brand Drug.	MedImpact confirms.
	i. House Generic Drug - A drug with the multi-source code field in Medi-Span of O when there is a DAW code of 5.	Not applicable. MedImpact does not utilize house generics.
	j. Ingredient Cost - The total cost for a Covered Product on a Paid Claim, excluding Administrative Fees, Copay, Dispensing Fees, POS Rebates, government-imposed service fees, and taxes, in accordance with the terms of the Plan.	MedImpact confirms.
	k. MAC – maximum allowable cost.	MedImpact confirms.
	l. Rebates – Compensation or remuneration of any kind received or recovered from a pharmaceutical manufacturer or rebate aggregator attributable to the purchase or utilization of covered drugs by eligible persons, including, but not limited to, incentive rebates categorized as mail order purchase discounts; credits; rebates, regardless of how categorized; market share incentives; promotional allowances; commissions; educational grants; market share of utilization; drug pull-through programs; implementation allowances; clinical detailing; rebate submission fees; and administrative or management fees. Rebates also include any fees that PBM receives from a pharmaceutical manufacturer for administrative costs, formulary placement, and/or access.	MedImpact confirms.
	m. Manufacturer Administrative Fees - Those fees received by PBM or PBM's Affiliate(s) from pharmaceutical manufacturers or intermediaries pursuant to a contract between PBM or PBM's Affiliate(s) and a drug manufacturer to manage placement of Covered Products on PBM's Formulary and administering, invoicing, allocating and collecting Rebates that are attributable to Covered Products dispensed to Members.	MedImpact confirms.
	n. Formulary – The list of clinically appropriate Covered Products covered by the State, organized into different tiers or levels indicating potential member cost share for each Covered Product.	MedImpact confirms.

	Confirmations	Vendor Response
	o. Copay – The portion of the charge for each Covered Product dispensed to a Member that is the responsibility of such enrollee (e.g., copayment, coinsurance, cost sharing, and/or deductibles under initial coverage limits and up to annual out-of-pocket thresholds) as provided under the Benefit.	MedImpact confirms.
	p. Paid Claims – Defined as all transactions made on eligible members that result in a payment to pharmacies or members from the State or State member copays. (Does not include reversals and adjustments.) Each unique prescription that results in payment shall be calculated separately as a paid claim.	MedImpact confirms.
	q. Member – All eligible employees and their eligible dependents enrolled under the State prescription benefit program.	MedImpact confirms.
	r. Market Check – An evaluation of prescription drug pricing based on benchmarks derived from existing market PBM agreements of comparable plans.	MedImpact confirms.
	s. 340B Claim - A Claim identified by the submission of "20" in the Submission Classification Code field 420-DK and/or a Claim submitted by a pharmacy owned by a covered entity, as defined in Section 340B(a)(4) of the Public Health Services Act, whose 340B status is coded as "39" in the NCPDP DataQ database. Claims incurred at a PBM owned, operated, or affiliated mail or specialty pharmacy are not included in this definition.	MedImpact does not confirm. 340B Claim means a Claim that is (a) identified as 340B with an SCC-20 code and contracted pharmacies which are categorized as Type 39 or Type 38, (b) identified by the pharmaceutical manufacturer as ineligible for Rebates due to 340B status, unless resolved by an industry sources such as 340b ESP (340bESP.com), (c) distributed by a Participating Pharmacy that is owned by a 340B covered entity, or (d) identified by Client as 340B.
	t. GCN – A five-character numeric figure that represents the clinical formulation; it is specific to active ingredient list, route of administration, dosage form, and drug strength.	MedImpact confirms.
	u. GPI or GP14 - Generic Product Identifier reported by Medi-Span. It is a 14-character hierarchical classification that identifies drugs from their primary therapeutic use down to the unique interchangeable product regardless of manufacturer or package size.	MedImpact confirms.
	v. U&C Price (Usual and Customary) – The actual retail price charged by a Participating Pharmacy for a specified drug if purchased in a cash transaction on the date the drug is dispensed, as reported to Supplier by the Participating Pharmacy.	MedImpact confirms.
	w. ZBD Claim (Zero Balance Due) – Any claim for which the Member is response under the applicable Benefit Plan for the full amount of the Claim's Gross Drug Cost and State is responsible for no portion of the Claim's Gross Drug Cost.	MedImpact confirms.
B.2	Minimum Brand and Minimum Generic Discount Guarantees for both mail and retail shall be defined as follows: (1 – Aggregate Ingredient Cost/Aggregate AWP)	MedImpact confirms.
	a. Aggregate Discounted Ingredient Cost prior to application of plan specific copayments will be the basis of the calculation.	MedImpact confirms.
	b. Aggregate AWP will be sourced from Medi-Span.	MedImpact confirms.
	c. Dispensing Fees are not included in the Aggregate Ingredient Cost.	MedImpact confirms.

Confirmations		Vendor Response
	d. Zero Balance Due claims will be included in the guaranteed measurement for AWP, ingredient cost, achieved discounts or dispensing fee calculations at the discounted cost before copay.	MedImpact confirms.
	e. All guarantee measurements shall be calculated prior to the Copay being applied. Entire dollar-for-dollar shortfalls, prior to the application of Copay, will be reimbursed to the State without any adjustments to remove zero balance due or excess copayment claims.	MedImpact confirms.
	f. Both the Aggregate Ingredient Cost and Aggregate AWP from the actual date of claim adjudication will be used.	MedImpact confirms.
	g. Aggregate AWP will be the date sensitive, 11-digit NDC of the actual product dispensed at both retail and mail and specialty.	MedImpact confirms.
	h. Non-MAC, MAC, single-source, and multiple source generic products are to be included in the generic guarantee measurement (regardless of the exclusivity period and/or number of manufacturers) and excluded from brand guarantee measurement.	MedImpact confirms.
	i. Compounds, OTC claims, and claims with ancillary charges will be excluded from the guarantee measurements for retail and mail order components.	MedImpact confirms. We also exclude client owned pharmacy claims and claims with government mandated pricing.
	j. The guarantee measurement must exclude the savings impact from DUR programs, formulary programs, utilization management programs, and/or other therapeutic interventions.	MedImpact confirms.
	k. Measurement will be performed annually via independent audit utilizing date-sensitive AWP derived from a single, nationally recognized price source for all claims.	MedImpact confirms.
B.3	PBM agrees to provide upon request any proprietary algorithms, hierarchy or other logic employed to define a prescription drug as generic or brand.	MedImpact confirms.
C.	**FINANCIAL - GENERAL**	**Response (Confirmed/Not Confirmed)**
C.1	PBM will invoice the State weekly for claims and once monthly for administrative services.	MedImpact confirms to the invoice provisions outlined in IV. Payment, item C.
C.2	PBM agrees to bill administration fee on a fixed-fee, per Member per month basis.	MedImpact confirms.
C.3	There are NO additional fees (beyond those outlined in the financial section) required to administer the services outlined in this Proposal. Any mandatory fees, including clinical and formulary programs fees, must be clearly outlined in the Financial Section.	MedImpact confirms.
C.4	All fees include the cost of claims incurred/filled during the effective dates of this contract regardless of when they are actually processed and paid (run-out).	MedImpact confirms.
C.5	PBM agrees to review and negotiate the pricing applied to newly introduced generic drugs annually.	MedImpact confirms with exception. MedImpact completes a review of drugs and drug classes containing comparative efficacy, safety, pricing, and utilization data on a quarterly basis.
C.6	PBM agrees to adjudicate prescription claims for compound medications with the same dispensing fees and logic associated with traditional claims.	MedImpact confirms. Compounds are excluded from the guarantees.

	Confirmations	Vendor Response
C.7	All pricing will be effective and guaranteed for the term of the agreement and will not include adjustments for claims volume shifts amongst the various provider channels (e.g., mail utilization rates decline or 90-day retail utilization increases).	The financials are based upon the utilization, mix, and plan deisgn provided at the time of this proposal. MedImpact will reserve the right to revisit the financial guarantees within 60 days of the implementation if the utilization is materially different than the underlying assumptions. MedImpact may adjust rebate guarantees if there is a change of more than 10% in specialty volume during the term of the agreement as compared to Client's utilization prior to the agreement.
C.8	Confirm all pricing will be effective and guaranteed for the term of the agreement and will not be modified or amended if the State's membership decreases by 20% or less.	MedImpact confirms.
C.9	All applicable administrative fees will be on a per member per month basis.	MedImpact confirms.
C.10	Each distinct pricing guarantee (including rebates) will be measured and reconciled on a component (e.g. retail brand, retail generic, retail 90 brand, retail 90 generic, mail order brand, mail order generic, specialty brand drugs at participating retail pharmacies, specialty brand drugs at the PBM's Specialty Pharmacy, specialty generic drugs at retail, specialty generic drugs at PBM's Specialty Pharmacy) basis only and guaranteed on a dollar-for-dollar basis with 100% of any shortfalls recouped by the State. Surpluses in one component will not be utilized to offset deficits in another component.	MedImpact confirms for discount and dispensing fee guarantees. Rebates will be reconciled in aggregate.
C.11	PBM will provide a financial reconciliation report within 60 days after the end of each measurement period, and the report will include the contractual and actual discounts and dispensing fees for each component (e.g., retail brands, retail generics, mail brands, mail generics, specialty drugs via Participating Retail Pharmacies, specialty drugs via the PBM's Specialty Pharmacy).	MedImpact confirms.
C.12	PBM agrees that any shortfall between the actual result and the minimum guarantee will be paid, dollar-for-dollar, to the State within 90 days of the end of the measurement period.	MedImpact confirms.
C.13	PBM 's financial reconciliation that occurs after the end of the measurement period will use the lower of the AWP pricing at the point of adjudication or the retroactive AWP pricing, if the pricing source the PBM uses issues retroactive AWP pricing for that annual reconciliation time period.	MedImpact confirms with exception. MedImpact uses the AWP price that applies when the claim processes and does not apply any retroactive AWP.
C.14	PBM agrees to the use of a single, consistent Maximum Allowable Cost (MAC) list for each drug (NDC-level). PBM agrees to share the MAC list with the State for pricing verification on a quarterly basis, and whenever new drugs are added or upon request.	MedImpact confirms. The MAC product list will be the same.

	Confirmations	Vendor Response
C.15	All pricing submitted will NOT be contingent on participation in any proposed clinical management programs, group medical or behavioral health programs proposed by you or any other vendor other than programs that are requested by the State. Further, the pricing guaranteed in the Financial Section of this RFP reflects a) the PBM's broadest national network and b) the PBM's proposed formulary, without mandated utilization management unless otherwise authorized or requested by the State.	MedImpact confirms that pricing is based on our broadest retail network. The only requirement relative to the proposed rebate guarantees is adoption of our Clinical Trend Management package, which includes prior authorization, step therapy, and quantity limit system edits. MedImpact would need to adjust our rebate guarantees if State DAS SPB requests customization to or removal of any of these utilization management programs.
C.16	All pricing will NOT be contingent on specific utilization patterns. For instance, pricing terms contingent on limited utilization in a specific geographic location (e.g., Nebraska) is unacceptable.	MedImpact confirms.
C.17	PBM will NOT implement or administer or allow any program that results in the conversion from lower discounted ingredient cost drug products to higher ingredient cost drug products without the prior written consent of the State or its designee.	MedImpact does not confirm. MedImpact's formularies provide strategies to promote brand medications over generic medications when there are cost savings to the plan by doing so. MedImpact's brand for generic strategy allows the member to receive the brand medication at the generic copay while saving money for the plan by delivering the lowest net cost option. In certain situations, MedImpact's formularies provide strategies to promote brand medications over authorized generic medications; these are considered brand for authorized generic. Since authorized generics are not true generics, but often employed by brand manufacturers to maintain market share, the brands included in the brand for authorized generic programs process at the brand copay/tier. When evaluating brand for generic or brand for authorized generic opportunities, MedImpact works with our rebate services vendor to determine the low net cost solution at a therapy class level. On a monthly basis, we monitor the brand for generic strategy to the ensure it is generating the lowest net cost. When the brand for generic strategy no longer delivers the lowest net cost solution, we will cancel the strategy.
C.18	PBM agrees to annual Market Checks conducted by an independent third party (of the State's choosing) to ensure the State is receiving market competitive pricing terms within the industry based on its volume and membership and will improve pricing in the event that the State's contract terms are less than market competitive.	MedImpact will agree to an annual market check of network rates that compares similar clients with State DAS SPB in terms of size, composition, and line of business. The market check will compare in the aggregate pricing based on claims processing fee (administration fee), network discounts, and any products and services that State DAS SPB elects. State DAS SPB will provide MedImpact a detailed comparison of each market check component in comparison to the agreement's guarantees. MedImpact requires the market check to indicate a minimum aggregate cost difference of 0.5% in order to adjust the contracted rates and guarantees.

	Confirmations	Vendor Response
C.19	PBM agrees to implement new pricing to commence at the beginning of the following plan year. Acceptance of the new pricing will NOT result in extension of the contract, unless requested by the State.	MedImpact confirms.
C.20	Mail order pricing and rebates will apply to all claims that adjudicate at mail regardless of days' supply.	MedImpact confirms.
C.21	PBM agrees that mail order and specialty drug dispensing fees will remain constant throughout the contract term and will not be increased for any increases in postage charges.	MedImpact confirms.
C.22	PBM will guarantee Retail/Mail Order unit cost equalization, meaning that Mail Order unit costs prior to member cost sharing, dispensing fees, and sales taxes charged to the State will be no greater than the unit cost for the same NDC-11 at Retail.	MedImpact confirms.
C.23	PBM agrees to produce a date-sensitive comparison report showing unit costs charged to the State at a GCN-level, and reimburse the State on a dollar-for-dollar basis for all instances where mail order unit costs exceed retail unit's costs. Report and reconciliation will be provided on an annual basis.	MedImpact confirms.
C.24	The State will be notified of any switch in the AWP source at least 180 days prior to the change. In the event that the AWP source change is not determined by a third party to be price neutral for the State, the State will have the right to terminate the contract with no penalty.	MedImpact will provide notice to the fullest extent possible.
C.25	PBM will be responsible for collecting any outstanding member cost shares for prescriptions dispensed through the mail order facility. The PBM will not invoice the State for any uncollected member cost shares.	MedImpact confirms.
C.26	The State will have the ability to adjust "refill-too-soon" limits at both retail and mail without any modifications to the guaranteed pricing.	MedImpact confirms.
C.27	PBM agrees to provide weekly and/or monthly data transmissions to any other relevant State vendors at no charge, and two full, annual electronic claims files, in NCPDP format, at NO charge. PBM will also interact/exchange data with all vendors as required at no additional charge.	MedImpact confirms.
D.	**FINANCIAL - REBATES**	**Response (Confirmed/Not Confirmed)**
D.1	Guaranteed rebates per brand will be based on all Brand prescriptions dispensed, not only on formulary prescriptions dispensed.	MedImpact confirms.
D.2	Rebates are guarantees on a minimum (i.e., not fixed) basis, and the PBM will pass through 100% of the rebates through to the State.	MedImpact confirms.
D.3	Over-performance of minimum rebate guarantees will not be used to offset performance guarantee shortfalls in any other pricing guarantees.	MedImpact confirms.
D.4	Rebates will not be withheld for execution of any contract amendments. The State is entering into a three-year agreement and needs no annual renewals/amendments signatures for payment of rebates.	Not confirmed. A contract amendment or renewal must be in place before payment of rebates.
D.5	PBM will reconcile rebate guarantees to verify that the State is receiving the guaranteed rebates and provide rebate payments and reports listing detailed rebate utilization and calculations to the State quarterly, within sixty (60) calendar days of the quarter's close, without a request being made by the State.	MedImpact confirms.

	Confirmations	Vendor Response
D.6	PBM will provide the annual rebate report within 180 days of the end of each contract year. Any shortfall between the actual result and the minimum rebate guarantees will be paid, dollar-for-dollar, to the State within 180 calendar days of the end of the contract year.	MedImpact confirms.
D.7	All rebate revenue earned by the State will be paid to the State regardless of its termination status as a client. Lag rebates will continue to be paid to the State after termination until 100% of earned rebates are paid.	MedImpact confirms. Final rebate payment is made 180 days after the end of the agreement.
D.8	PBM agrees to produce an auditable quarterly report demonstrating pass-through rebates. PBM will attach a sample of the report they intend to use as part of their response.	MedImpact confirms. Please see **Exhibit A** for a sample report.
E.	**FORMULARY MANAGEMENT**	**Response (Confirmed/Not Confirmed)**
E.1	PBM agrees to provide written notification to the State or its designee at least 90 days in advance when a Formulary drug is targeted to be moved to or from the Formulary drug list. PBM must provide a detailed disruption and financial impact analysis at the same time. No greater than five percent (5%) of Members will be disrupted by any formulary deletions or all deletions in total, on an annual basis.	MedImpact confirms the written notice timeline for negative changes. We will provide disruption and financial impact at the same time and make every effort to minimize member impact; however, we cannot commit to a 5% or less member disruption on a client-specific basis.
E.2	PBM agrees to send timely notification letters to affected Members and their prescribing physicians of drug formulary changes or other changes where there is a negative impact to Member at no additional fee.	MedImpact Confirms.
E.3	PBM agrees to remove drugs from coverage or the Formulary at most two times per year (7/1 and 1/1) and no greater than five percent (5%) of participants will be disrupted by any formulary deletions or all deletions in total, on an annual basis (except where a Generic drug is replacing a Brand drug).	MedImpact cannot confirm to the no greater than 5% disruption; however, we do limit negative changes to twice per year.
F.	**PHARMACY NETWORK MANAGEMENT**	**Response (Confirmed/Not Confirmed)**
F.1	PBM will not withhold any financial recoveries from audits performed on the contracted pharmacy network including mail order and specialty pharmacies. Any recoveries will be disclosed and credited to the State.	MedImpact Confirms.
F.2	PBM agrees that it will not remove any participating network pharmacies that impact greater than 2% of the State's prescriptions without communicating to the State at least sixty (60) days in advance of the scheduled change. If the change is not agreeable to the State, the State will have the right to terminate the agreement without penalty.	MedImpact confirms.
F.3	PBM agrees to provide network geo-access reporting to the State upon request and to maintain targeted access levels throughout the contract term and such access shall include independent pharmacies throughout the State and nationally.	MedImpact confirms.
F.4	PBM agrees to not introduce any new drug or therapeutic category limitations to any participating network pharmacies during the term of the contract.	MedImpact confirms.
G.	**AUDITING & AUDIT RIGHTS**	**Response (Confirmed/Not Confirmed)**
G.1	PBM agrees that all financial pricing components (discounts, dispensing fees, rebates) are subject to independent, electronic audit utilizing date sensitive AWP information on an NDC level from a nationally recognized pricing source (e.g., MediSpan).	MedImpact confirms.

	Confirmations	Vendor Response
G.2	The State or its designee will have the right to audit annually, with an auditor of its choice, (for both claims and rebates), with full cooperation of the selected PBM, the claims, services and pricing and/or rebates, including the manufacturer or aggregator rebate contracts held by the PBM, to verify compliance with all program requirements and contractual guarantees with no additional charge from the PBM.	MedImpact confirms to the audit provisions outlined in IV. Payment, item H.
G.3	The State or its designee will have the right to audit up to 36 months of claims data at no additional charge from the PBM.	MedImpact confirms to the audit provisions outlined in IV. Payment, item H.
G.4	The State or its designee will have the right to audit, with an auditor of its choice, at any time provided the State gives 90-days advance notice.	MedImpact confirms.
G.5	PBM will provide complete claim files and documentation (i.e., full claim files, financial reconciliation reports, inclusion files, and plan documentation) to the auditor within 30 days of receipt of the audit data request as long as a non-disclosure agreement is in place between the auditor and the PBM.	MedImpact confirms.
G.6	PBM agrees to a 30-day turnaround time to provide the full responses to all of the sample claims and claims audit findings.	MedImpact confirms.
G.7	PBM agrees to financial guarantees for turnaround times for each stage of the audit process.	MedImpact will work with State DAS SPB to mutually agree on appropriate audit timelines. We do not offer performance guarantees relative to these items.
G.8	PBM will correct any errors that the State, or its representative, brings to the PBM's attention whether identified by an audit or otherwise.	MedImpact confirms.
G.9	The State or its designee will have the right to audit up to 12 pharmaceutical manufacturer contracts during an on-site rebate audit.	State DAS SPB or its third-party auditor shall select up to seven manufacturer contracts to enable State DAS SPB to audit 85% of the total program payments due to State DAS SPB for two calendar quarters during the twelve (12) month period immediately preceding the audit. State DAS SPB shall be entitled to extend the period covered by an audit to include the entirety of the two immediately preceding contract years (i.e. the audit would cover the two contract years prior to the contract year in which the request to audit is issued) if State DAS SPB or its third-party auditor identifies issues when conducting an audit that reasonably may have occurred or otherwise been present over the course of multiple contract years. State DAS SPB shall provide written notice of the request to audit not less than 90 days prior to the intended date of such audit or inspection. Such audits shall not occur more frequently than once during each calendar year.
G.10	The State's right to audit shall survive the termination of the agreement between the parties for a period of 3 years.	MedImpact confirms to the audit provisions outlined in IV. Payment, item H.

	Confirmations	Vendor Response
G.11	The State will not be held responsible for time or miscellaneous costs incurred by the PBM in association with any audit process including, all costs associated with provision of data, audit finding response reports, or systems access, provided to the State or its designee by the PBM during the life of the contract. Note: This includes any data required to transfer the business to another vendor and money collected from lawsuits and internal audits.	MedImpact confirms.
H.	**HIPAA COMPLIANCE**	**Response (Confirmed/Not Confirmed)**
H.1	PBM certifies that all personnel/staff in PBM's organization have completed their initial HIPAA training and will continue to complete HIPAA training on an annual basis.	Confirmed.
H.2	PBM will provide a copy of their most recently completed HIPAA assessment with their RFP submission.	Please refer to **Exhibit B.**
H.3	In the event of a privacy violation or data breach, PBM will provide any required remedies to resolve the violation/breach.	MedImpact will mitigate, to the extent practicable, any harmful effect that is known to Business Associate of a use or disclosure of PHI by Business Associate in violation of the requirements of this BAA.
H.4	PBM agrees to hold the State harmless for any HIPAA Violations made by the PBM and its Network Pharmacists.	MedImpact can agree with exception and removal of the term "Network" Pharmacists.
I.	**PLAN DESIGN**	**Response (Confirmed/Not Confirmed)**
I.1	PBM agrees to duplicate the plan features and level of coverage presently offered to the State's covered member population.	MedImpact confirms.
I.2	PBM will ensure its proposal is issued in accordance with the specifications and information, including the full Summary Plan Descriptions (SPD) of each plan offered by the State, referenced in this RFP. PBM is required to review each plan SPD provided online at the State of Nebraska website for plan design and coverage provisions.	MedImpact confirms.
I.3	All deviations of your ability to administer the current plan designs and coverage provisions must be CLEARLY identified. The State reserves the right to modify and/or change plan designs on an annual basis at no additional cost to the State. All deviations from the plan design requirements will be scored accordingly.	MedImpact confirms. There are no deviations to the benefit design requirements.
J.	**IMPLEMENTATION, OPEN ENROLLMENT, AND COMMUNICATION**	**Response (Confirmed/Not Confirmed)**
J.1	PBM shall provide an implementation plan assuming a December 1, 2025 contract award. At a minimum, the Implementation Project Plan must provide specific details on the following: a. Identification and timing of significant responsibilities and tasks b. Names, titles, and experience of key implementation staff and time dedicated to the State during implementation c. Identification and timing of the State's responsibilities d. Transition requirements with the incumbent vendors e. Staff assigned to attend and present (if required) at Open Enrollment f. Data and timing requirements from current vendors to ensure transition of care and transfer of any open-refill, prior authorization, or other necessary files	Please see **Exhibit C** for a detailed implementation timeline.

	Confirmations	Vendor Response
J.2	Confirm implementation will be completed prior to the State's Annual Open Enrollment period in May 2026. The implementation plan(s) shall also define responsibilities assigned to the contractor and responsibilities assigned to the State. Failure to provide this information may be grounds to reject a proposal.	MedImpact confirms.
J.3	After J.2, please add: Confirm that, if awarded the business, you will be prepared to start implementation work as of the contract award date due to the lead time needed for open enrollment.	MedImpact confirms.
J.4	PBM must provide a dedicated implementation manager whose sole account is the State, who in coordination with the dedicated account manager and account management team, will effectively manage the implementation of this program. The dedicated implementation manager must continue to support the State a minimum of 60 days after the Go Live date of July 1, 2026, should the State desire. Such support includes, but is not limited to: weekly calls with the State and the designated Account Management team; maintenance of issue tracking logs; and issue resolution. This support must be provided as part of the base administrative fees with no additional cost to the State.	MedImpact confirms
J.5	The State requires that the PBM will be available and participate in the State's Open Enrollment communications campaign.	MedImpact confirms.
J.6	PBM shall provide detailed information on its procedures and time frame to prepare for annual Open Enrollment. The State will offer an annual Open Enrollment period during which time covered members may switch their plan of coverage. The successful contractor shall provide staff to assist State HR Personnel and Administrative Services – State Employee Benefits with annual Open Enrollment meetings in various locations throughout the State. The successful contractor shall have certificate books ready for distribution prior to the State's annual Open Enrollment; State will provide plan designs electronically to Contractor 30 days prior to annual Open Enrollment. Describe your company's timelines and deadlines for Open Enrollment (system updates due to plan changes or file formats, new divisions, manual work arounds, dates for last pre-OE updates, OE file updates, etc.).	MedImpact strives to support member open enrollment and State DAS SPB's benefit fairs with materials and support staff, at State DAS SPB's location of choice at no charge. Additional open enrollment support can be provided as mutually agreed. Proper benefit administration begins during the implementation process, including during each annual open enrollment period, during which eligibility files are loaded and tested. Welcome packets and ID cards are provided within agreed-upon timelines and are generally shipped within five days of receipt of an updated eligibility file.
J.7	PBM shall incur all costs for printing and distribution of all communications, including but not limited to:	
	a. Identification Cards (ID) printed	MedImpact confirms
	b. Booklets electronic copy provided	MedImpact confirms.
	c. Certificates electronic copy provided	MedImpact confirms.
	d. Summary Plan Descriptions (SPDs) electronic copy provided	MedImpact can support State DAS SPB in the creation of summary plan descriptions by providing information relative to the pharmacy benefit.
J.8	PBM shall incur all costs for additional open enrollment materials, including but not limited to:	
	a. Additional custom printing	MedImpact confirms.
	b. Web hosting	MedImpact confirms.
J.9	When customized printing is required, the PBM shall present a proof to the State for approval in a timely manner.	MedImpact confirms.

	Confirmations	Vendor Response
J.10	PBM agrees that if they become the successful contractor that no external communications material that mentions the State's benefit plans may be circulated without written approval from the State. The State reserves the right to review, edit, or customize any communication from the PBM to its membership.	MedImpact confirms.
J.11	PBM shall provide detailed information on how it will communicate to the members. PBM must provide sample communication materials such as certificate of coverage booklets, up-to-date-provider network directories, request letters for clinical programs, and sample EOBs.	MedImpact's Consumer Portal enhances the member experience and is a key component of our multichannel member engagement strategy to help State DAS SPB's members take control of their health and prescription drug costs. The MedImpact Consumer Portal expands the member communication and engagement channels with the following: ● Texting between member and MedImpact's mail order pharmacy ● Email engagement (MedImpact's mail order pharmacy) ● Push notifications such as refill reminders (mobile app) ● Reminders to take medication (mobile app) ● Reminders on low refills (mobile app) ● Savings opportunities (mobile app/website) ● Prior authorization (PA) approval/denial letters (mobile app/website) The MedImpact Consumer Portal allows members to: ● View plan specific network Pharmacy Locator and global positioning system (GPS) directions ● View plan specific medication information including PA and utilization management (UM) edits and pharmacy and therapeutic class price shopping ● View plan specific information based on member's elections ● Submit MedImpact's mail order pharmacy prescriptions electronically (website) ● Transfer prescriptions between network pharmacies (retail to retail, retail to mail, mail to retail) for lowest member price ● View medication and disease state education
J.12	PBM shall provide members access to written or electronic EOB statements at no cost to the State or member.	MedImpact confirms. Electronic benefit information is available through the consumer portal.
J.13	PBM shall produce ID cards and/or temporary proof of benefit letters in "real time". Identification cards will be subject to final approval by the State.	MedImpact confirms. Primary members and dependents over 11 years old can access and print a digital ID card through the Consumer Portal. If the member or dependent, has a smartphone, they can use the digital ID card located in the mobile app at any retail pharmacy in the MedImpact national network.
J.14	PBM agrees that 100% of ID cards will be distributed within 10 business days of being notified of the new or changed enrollment by the State.	MedImpact confirms
J.15	PBM agrees that replacement ID cards must be mailed within ten (10) business days of notification.	MedImpact confirms
J.16	Confirm that ID cards will be subject to final approval by the State.	MedImpact confirms
J.17	PBM agrees to in-person meetings with the State as required to discuss plan performance, present utilization and financial results, etc. at PBM's expense. At a minimum, the State expects that the Account Executive and Clinical Pharmacist attend these meetings.	MedImpact confirms. MedImpact offers up to three quarterly and one annual review meeting per calendar year; meetings may be held virtually upon agreement.

	Confirmations	Vendor Response
J.18	Confirm you will provide a dedicated 24-hour toll-free customer service phone line available during Open Enrollment as well as throughout the year.	MedImpact confirms
K.	**VENDOR ACCOUNTABILITY AND PERFORMANCE GUARANTEES**	**Response (Confirmed/Not Confirmed)**
K.1	Minimum performance standards are included in Attachment D – Performance Guarantees. PBM must provide these standards measured on State specific data. Confirm agreement.	MedImpact confirms. Items requiring measurement based on MedImpact's book of business have been outlined in Attachment D.
K.2	The State requires that 30% of the Administrator's annual PBM Fees be placed at risk annually as a financial penalty for failure to meet the administrative performance guarantees in accordance with Attachment D, as established by the State of Nebraska. All penalties will be assessed based on these pre-established guarantees against actual State-specific performance results annually, not the bidder's book of business. Confirm agreement.	MedImpact confirms with modification. State DAS SPB can choose to allocate performance guarantee amounts at risk within the ongoing performance guarantee categories. State DAS SPB must provide MedImpact written notice of allocation no later than 30 days prior to go-live date or beginning of subsequent calendar plan year. No more than 20% of the total amount at risk can be allocated to any one ongoing performance guarantee. The allocations remain in place unless, and until, the amounts at risk are reallocated or new performance guarantees are mutually agreed upon.
K.3	The State requires that 30% of the Administrator's PBM Fees be placed at risk as a financial penalty for network discount guarantees provided by the PBM. All penalties will be assessed based on the State-specific annual performance results only. Confirm agreement.	MedImpact does not offer a separate financial penalty tied to network discount guarantees.

ATTACHMENT C - CONFIRMATIONS & QUESTIONNAIRE

Bidder: MedImpact Healthcare Systems, Inc.

SOLICITATION NUMBER - 122436 O5

	Questionnaire Section	Section	Response
A	**EXPERIENCE AND REFERENCES**	**Experience**	**RESPONSE**
A.1	Provide three references of clients. At least one reference should include a Public Sector group with at least 15,000 lives.	Experience	
	Reference #1:	Experience	
	a. Company Name	Experience	[redacted]
	b. Contact Person	Experience	
	c. Title	Experience	
	d. Telephone #	Experience	
	e. E-mail Address	Experience	
	f. Total Membership	Experience	
	g. Tenure (Years)	Experience	
	Reference #2:	Experience	
	a. Company Name	Experience	
	b. Contact Person	Experience	
	c. Title	Experience	
	d. Telephone #	Experience	
	e. E-mail Address	Experience	
	f. Total Membership	Experience	
	g. Tenure (Years)	Experience	
	Reference #3:	Experience	
	a. Company Name	Experience	
	b. Contact Person	Experience	
	c. Title	Experience	
	d. Telephone #	Experience	
	e. E-mail Address	Experience	
	f. Total Membership	Experience	
	g. Tenure (Years)	Experience	
A.2	For your entire book of business, provide the total year-end national group members. Please also provide statistics for your Public Sector clients.	Experience	
	Total Covered Lives (excluding non-insured discount programs)	Experience	
	2024	Experience	18,317,053
	2023	Experience	19,093,709
	Public Sector Covered Lives (excluding non-insured discount programs)	Experience	
	2024	Experience	342,151
	2023	Experience	266,958
	Number of Public Sector Clients	Experience	
	2024	Experience	53
	2023	Experience	33
	Number of Public Sector Clients with 15,000+ lives	Experience	
	2024	Experience	7
	2023	Experience	6
A.3	Explain your revenue model	Experience	MedImpact's proposed pass-through model has two primary sources of revenue: ● Administrative fees associated with our service offering ● Ancillary program fees that we charge for value-added programs

	Questionnaire Section	Section	Response
A.4	Do you consider your solution a transparent PBM model?	Experience	Yes. MedImpact offers our clients and members the clarity, control, and confidence they deserve in a pharmacy benefit management partner. We operate with complete transparency, regardless of the financial arrangement (traditional or pass through), allowing clients to audit all services MedImpact provides to them.
	a. If yes, how long have you offered a transparent PBM model?	Experience	MedImpact has always operated as a transparent PBM. We offer transparency to our clients regardless of financial model.
	b. Do you have accounts that are not a transparent PBM model?	Experience	Yes, a certain percentage of clients have requested a traditional model.
	c. If yes, what percentage of your book of business in on a non-transparent PBM model?	Experience	Approximately 22% of MedImpact lives are attributed to the pass-through model; 78% are attributed to the traditional model. Since many MedImpact clients have multiple pricing arrangements, we cannot report upon clients by model type nor do we report revenue by model.
A.5	What has your average trend (claim inflation rate) been for the last 4 years, by year, for middle and enterprise market segments.	Experience	MedImpact's most recent claim inflation trend figures: Q3 2022 through Q2 2023 compared to Q3 2023 through Q2 2024: 15.6% Q3 2023 through Q2 2024 compared to Q3 2024 through Q2 2025: 4.8%
A.6	Does your firm participate in the business model of "claw backs" for any commercial / public plans? Please elaborate.	Experience	MedImpact's network agreements with retail pharmacies do not include any clawback provisions.
B	**ACCOUNT MANAGEMENT**	**Acct Mgmt**	**RESPONSE**
B.1	Confirm that the proposed account management team has at least three (3) years working with Public Sector group pharmacy drug benefit plans having at least 15,000 employees.	Acct Mgmt	MedImpact confirms.
B.2	Confirm you will provide an Account Executive and a backup account staff member that will handle ALL service matters related to the operation of the program.	Acct Mgmt	MedImpact confirms
B.3	Confirm you will respond to all State inquiries within one (1) business day.	Acct Mgmt	MedImpact confirms.
B.4	The State may require that the PBM's Account team to attend The State's Board meetings at the PBM's expense. Confirm understanding.	Acct Mgmt	MedImpact confirms.
B.5	How do you assess the Account Team's performance and quality of service? Provide a sample of an annual score card or template used.	Acct Mgmt	MedImpact conducts client satisfaction surveys on an annual basis. In addition, MedImpact account management teams conduct frequent, client-specific inquiries to assess the effectiveness and service performance of the account management team. **Exhibit E** provides MedImpact's client satisfaction survey template.
C	**MEMBER SERVICES**	**Member Svcs**	**RESPONSE**
C.1	The State requires a dedicated toll free number and Customer Service for this contract. This line should be dedicated solely for the use of State members.	Member Svcs	MedImpact confirms.
	a. Confirm member service representatives are available 24 hours a day, 365 days a year.	Member Svcs	MedImpact confirms.

	Questionnaire Section	Section	Response
	b. Where will this unit be located?	Member Svcs	MedImpact's call centers are in Tempe, Arizona, and San Diego, California.
C.2	Describe the process members use to transfer from the interactive voice response unit (IVR) to speak to a live representative.	Member Svcs	The interactive voice response (IVR) menu includes the following prompts to determine if the caller is a pharmacy, member, prescriber, or client: ● If you're a pharmacy, press or say one. ● If you're a member, press or say two. ● If you're a physician, press or say three. ● If you're a health plan or employer group, press or say four. If the system cannot complete a voice command, the system routes the call to a customer service representative.
C.3	Describe your clinical pharmacist support to members, hours available, and how members reach a pharmacist.	Member Svcs	While our main customer service unit does not include a pharmacist for member discussions, the MedImpact Direct Specialty® program (MIDS) preferred pharmacies provide member clinical care from the first fill of a specialty medication to the conclusion of the medication therapy regimen. Our specialty network pharmacies understand the importance of helping members navigate their disease-state conditions, making sure they have the right drug, and proactively consulting with prescribers. Specialized pharmacists, nurses, and certified pharmacy technicians provide personalized member care to monitor medication side-effects, possible depression, and disease-state progression. Members receive personal refill service every month that tracks and records medication adherence, proper use of medication, and injectable retraining if needed. Clinicians are available for member and prescriber consultations 24 hours per day, seven days per week, 52 weeks per year.
C.4	Confirm all member services calls are recorded and are accessible for the purposes of resolving member issues.	Member Svcs	MedImpact confirms.

	Questionnaire Section	Section	Response
C.5	Describe the system by which the Member Service unit tracks and documents calls.	Member Svcs	MedImpact tracks all calls through an innovative Cisco telephone accounting system. This automated process lets management study the quantity, length of all calls, average speed of answer, and abandonment rate. MedImpact uses the data generated from these reports to monitor call activity and staff appropriately during peak periods. MedImpact also uses scheduling software to further assist in forecasting staffing needs. MedImpact uses a web-based call recording and monitoring system to capture voice recordings and customer service representative (CSR) screen input storing CSR call notes in MedAccess® and adhering to MedImpact's documented guidelines while monitoring calls. Recordings are held on an encrypted server on-premise in .wav format for the first two years. They are then compressed on the same server as OPUS (audio file with high compression) for the next eight years.
	a. Describe the process to review the findings of the call tracking and documentation process with the State.	Member Svcs	Our Performance Improvement Coordinators (PIC) and Supervisors review and grade performance using a web-based call recording and monitoring system. Issues identified during call monitoring are compiled and used as training opportunities. We also conduct mock calls, provide mandatory monthly training, and continuously coach improvement opportunities one-on-one and in staff meetings. MedImpact records and stores all customer service center call recording interactions for performance monitoring, quality standards, and customer service metrics. MedImpact uses a web-based call recording and monitoring system to capture voice recordings and customer service representative (CSR) screen input storing CSR call notes in MedAccess® and adhering to MedImpact's documented guidelines while monitoring calls.
	b. Confirm this system is able to produce State-specific member service statistics.	Member Svcs	MedImpact does not confirm. MedImpact's statistics are based on book-of-business.

	Questionnaire Section	Section	Response
C.6	Describe your appeals procedures for denied claims or authorizations and time frames that a member would follow.	Member Svcs	MedImpact developed an ERISA and Affordable Care Act compliant standard appeals program for clients that delegate this function. We will work with State DAS SPB during the implementation phase to determine the level of MedImpact involvement in the member appeals process. The MedImpact appeals coordinator manages all appeal requests, and a clinical pharmacist reviews them. A physician review is available at the internal (first level) clinical appeals when required. For external (second level) clinical appeals, we send the request to an independent review organization (IRO) that we contract for availability of a physician specialist review panel. For external (second level) clinical appeals received for the plan, we forward the request to the plan. **Internal Clinical (First Level*) Appeal** We resolve the internal (first level) clinical appeal according to an expedited or standard timeline. If approved, we send the prescriber a notification letter by fax, and we notify the member by mail. If we deny the internal clinical appeal request, we send the notifications, with appeals rights and contact information to request an external review, the second level clinical appeal. ***NOTE**: *Some states may require a second internal review resulting in three level making the external review the third level.* **External Clinical Appeal** MedImpact contracts with IROs with current URAC accreditation. When we receive the external clinical appeal request, the appeals coordinator reviews the case and completes a preliminary assessment to determine its eligibility. If eligible and not approvable based on preliminary review, the appeals coordinator assigns the case on a rotational basis to an IRO for review, submitting all supporting documentation to the related denied PA,
C.7	Describe the escalation process for Member Service satisfaction and complaints.	Member Svcs	CSRs have the capability to review claim and member information directly through their online terminals. In most cases, 99% of inquiries and problems can be handled while the member is on the phone. If CSRs need to escalate phone calls, they have access to an additional research screen for calls that require direction to higher levels. Through this screen, questions are transferred to a senior representative and to any appropriate departments. If the situation cannot be resolved, a supervisor provides immediate assistance. Once a supervisor is involved, they will provide the caller with their name and a direct phone number. CSRs escalate calls for resolution or referral when necessary. Escalated calls are logged in our system as a concern for tracking and reporting purposes and are followed up by a senior representative who conducts research and follow up for resolution. The client administrator notifies State DAS SPB and the account management team of the concern. The caller receives a follow up call within one business day.

	Questionnaire Section	Section	Response
C.8	Describe the State of Nebraska specific website you will have available by July 1, 2026, through which members can, at a minimum, access and view eligibility, plan benefits, pharmacy and formulary information, locate a pharmacy, price a prescription specific to the State's plan design, order a mail order refill, track a mail order shipment, and order a replacement card. This website will be linked to the State's internet home page.	Member Svcs	MedImpact can make the Consumer Portal available during State DAS SPB's open enrollment period days prior to go live date. Members use a specific plan code to access the Consumer Portal. This allows every prospective member to use the Search for Drug Price Check feature to compare the cost of prescriptions between retail pharmacies and MedImpact's mail order pharmacy (if applicable), find the lowest cost retail pharmacy including in house or preferred pharmacies, dependent on plan design, and view pharmacy hours of operation and address. The system adjudicates every medication search according to State DAS SPB's specific formulary, plan design, member cost share (e.g., copay, coinsurance, etc.), and pharmacy networks.
C.9	Describe your drug cost look-up tool on your member website that provides both the plan copay and full drug cost?	Member Svcs	MedImpact's Consumer Portal enhances the member experience and is a key component of our multichannel member engagement strategy to help members take control of their health and prescription drug costs. Members can compare prescription costs across retail and mail pharmacies as well as between retail pharmacies, transfer prescriptions to a lower cost pharmacy. Members enter their medication and preferred city and state or zip code in the Search for Drug Price Check banner at the top of the Dashboard to search. The search function provides, after entering the first three letters of a drug, a dropdown list with different options to allow the member to select the appropriate strengths, etc. The Search for Drug Price Check results show cost, status, and pharmacy results. The cost comparison includes member price, price of the drug per day, plan share, and formulary status. Users can view the pharmacy name, address, phone number, distance, etc. This allows the member to receive GPS directions within the mobile app. If a member is refilling a prescription and sees a lower cost at another retail pharmacy or MedImpact's mail order pharmacy, the member can select the fill here button to move their prescription to a lower cost pharmacy. This feature generates faxes to both the current and newly selected pharmacies requesting the prescription transfer on the members' behalf.

	Questionnaire Section	Section	Response
C.10	Describe your mobile app features, availability, and capabilities.	Member Svcs	MedImpact's member mobile app offers the following features: ● Push notifications such as refill reminders (mobile app) ● Reminders to take medication (mobile app) ● Reminders on low refills (mobile app) ● PA (prior authorization) approval/denial letters (mobile app/website) ● Digital member ID (identification) card for use at any network pharmacy (mobile app) ● Opt in to receive MedImpact's mail order pharmacy notifications (mobile app) The mobile app also includes the Medicine Chest feature. Medicine Chest allows members to set up medication and refill reminders and view their utilization history. Through the companion Apple Watch application members can receive medication reminders, mark their medication as taken or skipped, and see upcoming medications. Please see **Exhibit F - Mobile App Features**. MedEmpower® Fuel is a hyper-personalized app that improves member health and wellness by leveraging the most powerful influences on human behavior: It motivates people to eat better and lead a healthier lifestyle; it is simple to use and stick with, and tailored to the health, goals, and preferences of the member. The objective for MedImpact's personalized wellness app is to connect health
D	**FORMULARY AND REBATE MANAGEMENT**	**Formulary**	**RESPONSE**
D.1	Provide a copy of your current proposed formulary (both a detailed file in Excel and an abbreviated PDF version). Provide a listing of any excluded drugs along with the preferred clinical alternatives.	Formulary	Our proposed formulary files are included within **Exhibits G and H**. Our excluded drug list is included in **Exhibit I**.
D.2	If requested by the State, the PBM agrees to grandfather the current formulary (preferred) list and respective copayments for up to 90 days following the contract effective date with no impact on the minimum rebate guarantees. Confirm agreement.	Formulary	MedImpact agrees. MedImpact's policy on grandfathering allows a member a 1-time (retail, retail 90, and mail order) courtesy fill during the first 90 days. After the courtesy fill, the member receives a notice to move to a preferred medication for the next fill. If State DAS SPB prefers to grandfather members for longer than 90 days, rebate guarantees will start after the grandfather period ends.
D.3	Complete and submit a formulary disruption analysis based on your proposed formulary and the provided claims data with drug exclusions that allows for prior authorization for medical necessity. Results to be included are the number of members that will require a change as well as the number of prescriptions associated with the formulary change. An Excel file that lists the specific drugs that will be negatively impacted (excluded or higher-cost tier) along with the total number of scripts and members impacted for each of these drugs should also be provided. Please provide a summary of your formulary disruption analysis using the table below:	Formulary	
	a. No Change:	Formulary	
	# Members impacted	Formulary	13,875
	% of Total Members	Formulary	48.88%
	Number of Scripts Impacted	Formulary	120,915
	% of Total Scripts (including all brands and generics)	Formulary	34.26%
	b. Positive (higher-cost tier to lower tier):	Formulary	

	Questionnaire Section	Section	Response
	# Members impacted	Formulary	13,947
	% of Total Members	Formulary	49.13%
	Number of Scripts Impacted	Formulary	117,262
	% of Total Scripts (including all brands and generics)	Formulary	33.2%
	c. Negative (lower tier to higher-cost tier):	Formulary	
	# Members impacted	Formulary	236
	% of Total Members	Formulary	0.28%
	Number of Scripts Impacted	Formulary	971
	% of Total Scripts (including all brands and generics)	Formulary	0.83%
	d. Moving from covered to not covered/Excluded:	Formulary	
	# Members impacted	Formulary	412
	% of Total Members	Formulary	1.45%
	Number of Scripts Impacted	Formulary	1,588
	% of Total Scripts (including all brands and generics)	Formulary	0.45%
D.4	Are any generic drugs considered “non-preferred” on your proposed formulary (i.e., subject to the “non-preferred” copay)? If yes, please describe in detail and provide examples.	Formulary	Yes. Generic drugs may be considered non-preferred when there is an authorized generics. Upon launch, authorized generics are not always the lowest net cost and may be more expensive than the original products due to the manufacturer continuing to provide rebates on the originator product(s). When authorized generics are found not to be the lowest net cost, they are excluded from the brand for generic program and the original products are preferred. MedImpact continually monitors the price of these products, and at such time when the authorized products become the lowest net cost, that product will be preferred. For example, on June 24, 2024, Teva launched an authorized generic formulation of Novo Nordisk's Victoza (liraglutide) at a list price of $78.27 per mL, or a 13.6% discount to the originator brand. Victoza must be administered daily, whereas the market leaders, Novo Nordisk’s Ozempic (semaglutide) and Eli Lilly’s Trulicity (dulaglutide), are administered once weekly. We expect patients will continue to favor more convenient dosing frequencies and administration methods, such as once-weekly injectables or orals, compared to daily subcutaneous injections. The net cost of products like Ozempic and Trulicity after rebates is lower than Teva’s liraglutide and the brand products have superior clinical efficacy.
D.5	Do your manufacturer agreements contain provisions that limit the amount the manufacturer can raise the AWP price of prescription drugs each year? If yes, please describe:	Formulary	No. Manufacturer agreements do not limit the amount a manufacturer can raise the AWP price of drugs each year, but some of our contracts do have price protection provisions that require manufacturers to pay out additional rebates in the event they increase the drug price beyond a certain threshold.
D.6	What reporting will you provide to the State to demonstrate such manufacturer price limit agreements provide meaningful benefits to the State?	Formulary	We will work with State DAS SPB to ensure available reporting meets this requirement.

	Questionnaire Section	Section	Response
D.7	Describe the process you will use to substitute biosimilar drugs for original brand specialty drugs and include a description of reporting you will provide to demonstrate plan cost savings of the biosimilar relative to the net of rebate brand specialty drug, and conversely the net of rebate brand cost relative to the biosimilar if the brand specialty drug remains on the formulary after biosimilar availability.	Formulary	Biosimilars create opportunity for significant up-front cost reduction through lower lists prices. MedImpact supports the adoption of biosimilars that deliver savings to members and clients with comparable efficacy and safety to the reference products. MedImpact Standard Commercial formularies currently prefer the following biosimilars, which offer a savings between 5% to 80% compared to the reference product: ● Autoimmune: Simlandi, Adalimumab-adaz, Selarsdi, Yesintek, Tyenne, Vegzelma, Zirabev, Mvasi, Avsola, Inflectra, Renflexis ● Age-Related Macular Degeneration: Byooviz, Cimerli ● Diabetes: Insulin Glargine-YFGN(YFGN) ● ESA: Retacrit ● GCSF: Ziextenzo, Nivestym ● Oncology: Kanjinti, Trazimera, Riabni, Ruxience, Truxima, Ontruzant, Hermzuma, Ogivri MedImpact utilizes biosimilars to drive to the lowest net cost for members and clients. The trend of biosimilars is likely to involve continued growth, expanded market penetration, and increasing competition. Market dynamics and competition among biosimilar manufacturers is expected to intensify, leading to further price reductions and increased market penetration. Originator companies may also respond to biosimilar competition by adjusting pricing strategies or introducing their own unbranded products. MedImpact is committed to promoting biosimilar
D.8	Do you have a formulary appeal process in place to address member concerns regarding formulary alternatives or provider indications of medical necessity? If yes, explain the process:	Formulary	Yes. Therapeutic PA requests include formulary exception, step therapy, quantity limit, and tier exception requests. Pharmacy staff initially perform these reviews for possible approval. Our formulary exceptions guidelines and formulary analyzer systems provide a unique and accurate tool for our pharmacy staff to adequately review such formulary exceptions. A licensed pharmacist within the PA department or a physician, if required by accrediting body or state utilization management regulations, subsequently reviews. This immediate pharmacist intervention offers a high level of accuracy by providing an efficient PA review. State and federal regulations drive denial timeframes.
D.9	When do formulary changes typically occur?	Formulary	MedImpact updates standard formularies quarterly. In order to limit member disruption, negative formulary changes usually occur twice a year.
D.10	Do you agree to limit formulary deletions up to twice per year on 01/01 and 07/01?	Formulary	Yes.

	Questionnaire Section	Section	Response
D.11	Explain how the State and affected members will be notified about formulary changes	Formulary	MedImpact's notification process provides member notifications timelines and facilitates plan savings by converting members from nonpreferred to preferred drugs sooner. Negative formulary change communications for clients using the standard formularies occur as follows: ● MedImpact provides negative change information to the client approximately 120 days prior to the formulary change effective date. ● MedImpact provides an affected member report to the client approximately 75 days prior to the formulary change effective date. ● MedImpact sends letters to affected members approximately 60 days prior to the formulary change effective date.
E	**CLINICAL MANAGEMENT PROGRAMS AND CAPABILITIES**	**CM**	**RESPONSE**
E.1	Confirm that you are proposing to administer the State's clinical and other programs as outlined below. Please specify if any additional fees apply in your response below and in your response to the Financial Section of this document.	CM	
	a. Prior Authorization	CM	We have proposed our standard UM edits, which include PA edits.
	b. Step Therapy	CM	We have proposed our standard UM edits, which include ST edits.
	c. Drug Quantity Limits	CM	We have proposed our standard UM edits, which include QL edits.
	d. Medication Therapy Management	CM	We recommend our MTM program. Costs are outlined in the cost proposal.
	e. Specialty Pharmacy Program	CM	Included
	f. Diabetic Supplies Program	CM	MedImpact confirms.
	g. Vaccine Administration	CM	We are implementing our MedNetwork Vaccine program. Vaccine fees are outlined in the cost proposal.
E.2	How will the State be kept informed of changes to clinical management rules?	CM	During the implementation process and throughout State DAS SPB's relationship with MedImpact, State DAS SPB's clinical account executive (CAE) will recommend MedImpact's clinical programs to control drug spend and trend and align with State DAS SPB's plan performance goals. The CAE will apprise State DAS SPB of any change to clinical management rules, analyze drug spend, evaluate drug trends, and compare relevant benchmarks. Additional CAE focuses include providing clinical recommendations including member impact, clinical impact, and potential plan savings
E.3	Provide a sample client management report that details clinical rule activity and savings.	CM	Please refer to **Exhibit J.**
E.4	Provide a sample of your client clinical management performance report.	CM	Please refer to **Exhibit J.**

	Questionnaire Section	Section	Response
E.5	Describe your PA, step therapy and quantity level limit program capabilities. Please attach a list of drug categories for which such programs can be applied.	CM	MedImpact's clinical trend management, or utilization management (UM), package aims to ensure clinically appropriate use of medications and to encourage the use of the most cost-effective therapy. Our clinical trend management package is comprehensive. While this may mean more UMs, not all these UMs are negative or truly disruptive to members care as the following explains: ● Prior authorizations (PAs) ensure the medications are safe and appropriate for members. Our PAs are intentionally disruptive because the clinical value of the PA outweighs the administrative burden. During implementation, we can transfer a member's PA, so the member only experiences a PA once their existing PA expires. ● Quantity limits (QLs) prevent overdose, abuse, and waste. The member has the option to fill a lower quantity or request a quantity exception if there is a clinical rationale for the quantity needed. Often, as is the case for acute medications, the exception process prompts clinicians to reassess the member's condition and determine whether they need additional chronic management. ● Step therapies (ST) prompt members starting therapy to try preferred medications first before using more costly or high-risk medications. The program does not require members already on a medication with a ST and will not disrupt members who are already on medications with a ST when transitioning to MedImpact's formulary.
E.6	Provide your book-business prior authorization rate of denials for the following therapeutic categories: GLP-1, SGL-2, Specialty-Inflammatory; Specialty-Dermatology; Migraine.	CM	We are able to provide the following 2024 book of business denial rates: ● GLP-1: 29.23% ● Specialty-Inflammatory: 18.73% ● Specialty-Dermatology: 26.21% ● Migraine: 11.54%
E.7	Does your firm use AI (artificial intelligence) for prior authorization approvals? If so, please provide a detailed explanation.	CM	No.

	Questionnaire Section	Section	Response
E.8	Briefly describe your drug utilization review (DUR) process and indicate which point-of-sale edits can be overwritten and which are “hard” rejects. Include a list of your point-of-sale edits.	CM	MedImpact has a comprehensive drug utilization review (DUR) program that leverages technology to identify and manage drug problems through prospective DUR and concurrent DUR edits. Both types of edits identify potential problems at point of sale (POS) and allow the pharmacist to resolve issues before the member receives the medication. Our business processes apply prospective DUR and concurrent DUR drug reviews to all claims as follows: ● Prospective DUR: Predetermined criteria from industry standard drug information databases trigger prospective DUR. Clients can select from First Databank or Medi-Span. Prospective DUR edits have various customizable parameters including severity levels and clinical significance for each drug language. Additionally, MedImpact prospective DUR edits meet CMS requirements for regulated markets. ● Concurrent DUR: Concurrent DUR performs drug-problem identification and drug problem prevention through point of sale clinical edits, step therapy, lock in programs, and medication therapy management that provide technology-based guardrails to ensure positive member outcomes. These clinical edits use drug information databases and other data sources such as history drug lists, prescriber counts, member attributes, and diagnosis codes. Concurrent DUR edits allow therapy for a member to be altered if necessary. Custom edit development is also available.
E.9	Provide your detailed utilization management program list, including specific drugs names in each program.	CM	Please see **Exhibit G**.
E.10	Provide a sample DUR report you produce and make available to clients.	CM	Please refer to **Exhibit K.**
E.11	What was your overall average DUR savings as a percentage of plan cost in 2024? Please break-out savings by category (e.g. refill-too-soon, age restriction, etc.)	CM	MedImpact has delivered a blended average incremental ingredient cost savings of $5.49 PMPM (without persistency factor) for new clients implementing with MedImpact over the client’s prior PBM’s point-of-service DUR programs (step therapy, quantity limit management, prior authorization, age edit programs).

	Questionnaire Section	Section	Response
E.12	Briefly summarize the DUR edits that detect fraud and/or abuse.	CM	MedImpact's claims adjudication system provides numerous built-in edits to automatically detect inappropriate prescriber/pharmacist dispensing or utilization. Concurrent DUR serve as the first line of defense against pharmacy FWA, stopping inaccurate and fraudulent claims before they process. Despite best efforts at catching inappropriate claims at the POS, evolving fraud schemes require more of a defense post adjudication. To address this, we also offer retrospective DUE edits through our retrospective DUE and Opioid Overutilization and Safety Controls programs. Through these programs, we can monitor prescribers for overprescibing and can conduct outreach. **Concurrent DUR** Through the MedImpact Concurrent DUR program, pharmacists receive online messages and warnings at POS before the pharmacist dispenses the prescription. To promote safe and cost-effective drug prescribing, the system supports numerous standard and customized edits to warn pharmacists of the potential harm involved in dispensing particular medications. Some standard drug safety edits include: ● Overutilization: Messages the pharmacist about potential member overutilization of medications through a combination of edits ● Underutilization: Detects when a member picks up a refill late based on the days' supply of the previous claim for that medication ● Duplicate prescription: Denies a second claim filled on the same day with the same member information and drug information ● Refill too soon: Rejects a claim when a member attempts to refill a prescription sooner than allowed
E.13	Describe the "look-back" period (% of prescription days that must elapse) utilized for the refill-too-soon edit and indicate whether it includes only the previous claim or cumulative historical claims. Provide separately for retail and mail order.	CM	MedImpact's refill-too-soon logic for retail and mail offers a layer of protection against fraud, waste, and abuse (FWA) and assists with appropriate medication utilization. Our look back period, or refill threshold, for standard refill too soon logic for retail and mail is 75%.
E.14	Can the State customize the above look back period?	CM	Yes. MedImpact is open to discussing customizations that are clinically appropriate.

	Questionnaire Section	Section	Response
E.15	In addition to point-of-sale edits, describe any other tools or programs that are available to detect, prevent, and resolve fraud and/or abuse? Indicate whether such programs are optional and whether they entail a separate fee.	CM	Despite best efforts at catching inappropriate claims at the POS, evolving fraud schemes require more of a defense post adjudication. MedImpact offers the following solutions to identify, stop, and prevent FWA: ● Standard FWA Program ● Enhanced FWA Program ● Dynamic Refill Too Soon POS Edit Any applicable fees are outlined in the cost proposal. **Standard Pharmacy FWA Program** We automatically enroll every client in our Standard Pharmacy FWA program. MedImpact maintains criteria, which we may amend from time to time, to establish when and how we select a participating pharmacy (excluding client-contracted participating pharmacies) for audit to determine contract compliance with MedImpact. MedImpact makes reasonable attempts to collect any overpayments made to participating pharmacies as determined through such audits. **Desk Audits** MedImpact conducts desk audits based on our established criteria for all participating clients. **Onsite Audits** MedImpact selects potentially discrepant claims for onsite review ensuring participating pharmacies compliance with federal and state laws and regulations. **Enhanced FWA Program** The Enhanced FWA Program includes all the Standard Pharmacy FWA Program features with additional services.
E.16	Do you require a DEA or other identifier to be indicated to fill a controlled substance drug? If yes, how is the requirement enforced?	CM	Yes, the claim system requires a Drug Enforcement Agency (DEA) number for a controlled substance drug (DEA Schedule II-IV). To ensure the DEA is valid, MedImpact checks for the following: ● The prescriber's National Provider Identifier (NPI) maps to a DEA license. ● The DEA license is active. ● The controlled substance is consistent with the prescriber's DEA schedule registration.
E.17	Provide your standard prior authorization criteria for GLP-1 diabetes drugs.	CM	MedImpact is managing the GLP-1 for diabetes with a clinical enhanced approval edit for appropriate utilization for patients with Type 2 diabetes. The enhanced approval edit functionality allows the pharmacy to enter a medically accepted diagnosis code, supplied by the prescriber, to verify that the member has diabetes at point of sale. This removes the physician from the administrative prior authorization (PA) process and allows claims to process in a timelier matter. If the pharmacy does not have an ICD-10 code or the ICD-10 is not medically appropriate, the pharmacy can request a manual PA review to be reviewed by a pharmacist clinician.

	Questionnaire Section	Section	Response
E.18	Describe your services to encourage drug adherence and list therapeutic categories targeted.	CM	MedImpact's Refill Reminder program focuses on medication non-adherence by targeting members with refill patterns suggesting less than optimal medication utilization including seven days late for refilling daily medications. MedImpact member calls are in English or Spanish and outreach includes up to three outbound calls per late refill prescription. The Refill Reminder program targets specific therapeutic categories for member medication adherence: ● Non-insulin diabetes agents ● Hypertension (ACE/ARB/DRI) adherence ● Hypercholesterolemia (Statins) adherence ● Antiretrovirals to treat HIV During phone outreach, members are provided simple directions (e.g., press a number or say a word) to confirm they are going to refill the maintenance medication. The member can provide detail as to why they are not refilling the prescription (e.g. cost or doctor recommended discontinuing) which identifies medication adherence barriers for State DAS SPB plan resolution. Refill Reminder program reporting monitors member outreach results and gives a monthly snapshot of member medication adherence challenges that result in State DAS SPB interventions on the plan, benefit, or member level. MedImpact enrolls eligible members not included in a client-provided Do Not Call (DNC) list in the program. Members are provided the option to easily opt out of future phone calls, if they so choose. The Refill Reminder program identifies barriers to
E.19	Describe your policies for lost medication, vacation supplies, and overseas supplies for prescription early refills.	CM	MedImpact can apply maximum daily dose and early refill logic that includes: ● Maximum dose: The high dose drug utilization review (DUR) edit causes the claims adjudication system to check the quantity and days' supply against information from a drug compendia publisher. MedImpact can configure edits if the daily dosage exceeds the maximum to send a pharmacy alert or stop the claim requiring a pharmacist review. MedImpact's implementation team will work with State DAS SPB during the implementation process to customize the edit outcome. ● Refill too soon: The claims adjudication system checks the incoming claim against the member's claims history to determine whether the member is refilling the prescription too soon. The claims adjudication system then checks the incoming claim against claims sharing the same generic ingredient, strength, route, and form. The claims adjudication system calculates when the member can refill the prescription as a combination of the previous claim's fill date and days' supply multiplied against a refill threshold (typically around 75%). More restrictive refill too soon options are available that include an accumulation refill too soon program that prevents stockpiling excess medication over the year as well as customizing the refill level by drug classes, i.e., opioids are typically around 90%. State DAS SPB's implementation team will work with State DAS SPB during the implementation process to determine the appropriate refill thresholds for the plan's benefits.

	Questionnaire Section	Section	Response
E.20	Do you monitor individual physician prescribing patterns? If yes, what action is taken with physicians who have a high degree of non-compliance to improve their compliance?	CM	Standard reporting within MedOptimize® shows State DAS SPB prescriber and pharmacist utilization outliers. Prescriber reports include prescribing patterns, utilization, and plan pay per member for State DAS SPB's identification of prescriber outliers. Report examples in this category include Top N Prescribers, Physician Profile, and Prescriber Profile by Therapeutic Class. .
E.21	Briefly describe methods you currently have in place to influence prescribing behavior, if any. Can the State opt-in/out of these programs?	CM	MedImpact offers clients MedPrescription Insight®, which is an optional, comprehensive prescriber decision-support solution that combines e-prescribing, electronic prior authorization (ePA), and real-time benefit check functionality, providing member-specific prescription cost and coverage details, including lower cost therapeutic alternatives and preferred pharmacies at the prescriber point of care through their preferred electronic health record or electronic medical record technology. MedPrescription Insight shows the prescriber: ● Actual costs: Prescribers see the member's actual cost at the pharmacy including accumulators and deductibles, alternative retail and/or specialty pharmacy, and a mail order option. ● Coverage information: Before prescribing, prescribers know whether the member's plan covers the medication and other benefit information such as prior authorization (PA) requirements, step therapy requirements, and any quantity limits. ● ePA processing: If the member's benefit plan requires a PA, the prescriber can process the PA within their current workflow before the member gets to the pharmacy. ● More affordable options: If available, we provide up to three therapeutic alternatives with lower costs for the member or plan. This tool allows point of care discussions between the
E.22	Provide a copy of any physician score card or other reporting that is provided to clients.	CM	**Exhibit L** provides a sample physician scorecard.
E.23	Describe your firm's relationship with pharmaceutical and biotechnology companies.	CM	We do not have direct relationships with pharmaceutical or biotechnology companies.
E.24	Provide aggregate net PMPM trend for commercial clients (> 1000 lives) by year for the last five (5) years.	CM	MedImpact's most current PMPM trend figures are as follows: Q3 2022 through Q2 2023 compared to Q3 2023 through Q2 2024: 26.1% Q3 2023 through Q2 2024 compared to Q3 2024 through Q2 2025: 12.2%
F	**NETWORK ACCESS AND MANAGEMENT**	**Network**	**RESPONSE**
F.1	Confirm that your proposal is based on your broadest network.	Network	MedImpact confirms.
F.2	What is the current number of retail pharmacies in your network?	Network	59,951
F.3	List any pharmacy chains excluded from your proposed retail pharmacy network.	Network	MedImpact's broad network includes all major chains.

	Questionnaire Section	Section	Response
F.4	Confirm you will notify plan participants, in writing, with at least 45 days advance notice (or as much time as is feasible if the terminating Pharmacy gives the Contractor less than 45 days' notice), in the event that the contract for a participant's network pharmacy (or pharmacy chain) terminates for any reason. For the purposes of this requirement, plan participant shall mean a member who has had a prescription filled within the last 90 calendar days or a member has an active refill on file with the affected pharmacy.	Network	MedImpact confirms.
F.5	Perform and provide a GeoAccess analysis based on your contracted pharmacy network using the Census File provided. The access standards in the table below will be utilized in the analysis.	Network	
	a. Urban / Suburban Enrolls	Network	
	Pharmacy - 2 in 5 miles	Network	100% of members with access.
	b. Rural Enrollees	Network	
	Pharmacy - 1 in 15 miles	Network	93.7% of members have access. Please see **Exhibit M** for completed GeoAccess report.
F.6	Confirm you will be responsive to requests by the State to recruit additional pharmacies for the network, on a general, regional, or specific basis.	Network	MedImpact confirms. MedImpact will assess State DAS SPB's pharmacy network needs, evaluate them against MedImpact's current network, identify any gaps, and reach out to recruit pharmacies that can fill those gaps, whether geographic or with respect to specific service offerings. MedImpact has been successful with reaching out and obtaining contracts with needed pharmacies prior to go live for new large clients. We utilize our pharmacy portal for pharmacies to submit a network application and complete the enrollment process.

	Questionnaire Section	Section	Response
F.7	What is the process to add a pharmacy to your network?	Network	All pharmacies, whether credentialing or recredentialing, must meet requirements outlined for participation or continued participation in the MedImpact network. The MedImpact credentialing committee has the authority to approve credentials, recommend participation in the network, implement corrective action plans when necessary, and recommend exclusions or terminations from the network due to credentialing deficiencies. The credentialing committee meets monthly; the timing of the recredentialing year is dependent upon the state license renewal dates and would meet the three year recredentialing cycle. MedImpact evaluates a new pharmacy (not currently in a MedImpact network) in the following manner: ● Minimum of one year in business as a pharmacy ● Validation of all credentialing documents including: ● Drug Enforcement Agency license, if applicable ● State pharmacy license ● Pharmacist in charge license ● Copy of the liability insurance certificate ● Current certificate of general liability insurance ● Validation that there are no state or federal sanctions and probations ● Onsite credentialing and observation visit performed by MedImpact or designee using a MedImpact-approved form and gathering photographs
F.8	Describe how you would work with the Plan Sponsor to maximize State of Nebraska employee prescriptions filled at pharmacies owned and operated by businesses in the State of Nebraska.	Network	MedImpact provides a condition-based contracting strategy with significant flexibility in constructing custom networks. Independent pharmacies, whether stand-alone or as a part of a pharmacy services aggregator organization (PSAO), offer the best value to plans from a pricing standpoint. For that reason, our limited and preferred custom networks always include independents and PSAOs. MedImpact strongly believes in the mission and value of community pharmacy. We work closely with our PSAO partners on efforts to promote improved adherence and better outcomes at the pharmacy level. Removing or disadvantaging one major chain results in better discounts and near uniformity in pricing for clients with a significantly better value. We have clients, including State government entities, that have sought to provide more favorable reimbursement to local community pharmacies. We can integrate these pharmacy price differentials into a custom network for State DAS SPB on an open, limited, or preferred basis that promotes State DAS SPB's intent to partner with pharmacies owned and operated by businesses in the State of Nebraska.
F.9	Confirm you will have a network of retail pharmacies that have agreed to discount their charges for 90-day supplies of maintenance medications. PBM must provide this network through the entire term of the contract, including term extensions.	Network	MedImpact confirms.

	Questionnaire Section	Section	Response
F.10	Confirm you agree to apply MAC pricing to Retail Pharmacy 90-Day Network. The MAC price must be the same MAC as the Retail Network or better on an individual drug basis.	Network	MedImpact confirms with exception. MedImpact uses the same MAC product list across all channels; individual MAC prices may vary by pharmacy in accordance with our financial offer and/or due to low cost generic programs available at the retail pharmacy. Therefore, pricing for the same ingredient, dosage form, and dose through retail may, or may not, exceed the individual price at specialty.
F.11	Describe in detail any program available to identify and leverage low priced generic drugs available through on-line pharmacies, and how the State and members can take advantage of such pricing.	Network	Amazon Pharmacy, formally PillPack, is excluded from our network. Amazon Pharmacy fills prescriptions in convenient compliance packaging, but only by mail. Initially, they sought entry into our network at retail rates which would represent a negative value for clients. We opened negotiations with Amazon Pharmacy, but they gave us limited ground, presumably feeling that given their overall market position as Amazon, they could negotiate a favorable deal for themselves. MedImpact's objective as an organization is to offer clients both exceptional access and value. No client needs a mail service vendor that refuses to match mail service prices. There can be an adherence advantage to compliance packaging; as such, we offer a reimbursement advantage to these vendors and have several compliance packaging options in our network for clients to choose from. Unfortunately, Amazon Pharmacy would not meet these rates either. Clients who wish to add Amazon Pharmacy to their network can do so as long as their volume is excluded from financial guarantees and the client recognizes the cost disadvantage. We do have alternative compliance packaging pharmacies in our network such as SortPak. Targeting chronically non-adherent members through direct member interventions, from our preferred provider SortPak, is a method that could support improved member adherence and the potential for better outcomes.
F.12	Provide the number of participating retail pharmacies that were terminated from the network in the past 24 months: +when the termination is initiated by the PBM. ++when the termination is initiated by a pharmacy.	Network	
	Termination Rates by Your Organization+:	Network	
	# of Pharmacies	Network	59
	% of Pharmacies	Network	Less than 0.1%
	Reason for Terminations	Network	These pharmacies were all terminated for cause.
	Termination Rates by Pharmacy++:	Network	
	# of Pharmacies	Network	Pharmacies terminated due to closure: 2,471 Pharmacies terminated from agreement and did not renew: 588
	% of Pharmacies	Network	5%
	Reason for Terminations	Network	Pharmacies terminated due to ownership change or new pharmacy in the sample location. Pharmacies terminated from agreement typically because they left their PSAO.

	Questionnaire Section	Section	Response
F.13	Confirm you will notify the State prior to anticipated major changes to the network. The State reserves the right to accept or decline proposed changes to the network and set the effective date of such changes.	Network	MedImpact' confirms.
F.14	Using the Claims Repricing Data File that contains pharmacy utilization representative of the Rx utilization experience for the State's membership, for each pharmacy listed, please indicate if the pharmacy is in the network (i.e., a participating provider) for the plan you are proposing	Network	Please refer to **Exhibit N.**
F.15	Confirm you agree to pass through 100% of State-related audit recoveries identified through PBM's internal daily and ongoing retail network pharmacy audit compliance procedures.	Network	MedImpact confirms.
F.16	PBM must implement measures to recover overpayments made to pharmacies or members and employ a mechanism to ensure the State receives credit for these overpayments. Details of threshold recovery levels will be finalized at the time of contract award. Confirm agreement.	Network	MedImpact confirms.
F.17	List the specific network management processes currently in place to avoid fraud and abuse.	Network	MedImpact's claims adjudication system provides numerous built-in edits to automatically detect inappropriate pharmacist dispensing or utilization. Upfront edits at the point of sale (POS) assist our clients by stopping inaccurate and fraudulent claims before they process, which requires less time than a pay-and-chase methodology. Our soft and hard system edits serve as the first line of defense against pharmacy FWA (fraud, waste, and abuse). Designed to address our client's varying business needs, the MedImpact portfolio of system edits can significantly reduce wasteful pharmacy errors at POS, which results in reduced costs, improved service, and enhanced quality of care. Despite best efforts at catching inappropriate claims at the POS, evolving fraud schemes require more of a defense post adjudication. MedImpact offers the following solutions to identify, stop, and prevent FWA: ● Standard FWA Program ● Enhanced FWA Program ● Dynamic Refill Too Soon POS Edit
G	**MAIL ORDER**	**Mail Order**	**RESPONSE**
G.1	Please describe locations of all of your Mail Order facilities nationwide.	Mail Order	Our preferred mail order pharmacy operates in Tempe, AZ and Plymouth, MI, dispensing and delivering mail order prescriptions to members nationwide.
G.2	Confirm prescriptions purchased via mail order will never be more expensive than those obtained via retail pharmacies.	Mail Order	The mail order pricing, in aggregate, will be more aggressive than retail. MedImpact uses the same MAC product list across all channels; individual MAC prices may vary by pharmacy in accordance with our financial offer and/or due to low cost generic programs available at retail pharmacy. Therefore, pricing for the same ingredient, dosage form, and dose through retail may, or may not, exceed the individual price at mail.
G.3	Confirm you will not repackage prescriptions or otherwise change the NDC for any prescription or OTC products dispensed at mail order.	Mail Order	MedImpact confirms.

	Questionnaire Section	Section	Response
G.4	Confirm you will communicate via a telephone call or email any delays beyond two days in the delivery of prescriptions to the member.	Mail Order	MedImpact confirms.
G.5	Confirm you will send prescription orders to members that do not provide appropriate payments with their prescription order, up to three (3) times the Plans highest copayment for each enrollee. After the ceiling is reached, the Contractor may implement standard accounts receivable policies and procedures.	Mail Order	MedImpact does not confirm. The mail pharmacy requires the prescription copay before dispensing and delivering a member's prescription order.
G.6	Confirm you will arrange and pay for a short-term retail supply of a delayed or incorrectly processed mail order prescription caused by your organization. In addition, PBM agrees not to charge the State's members for expedited delivery of the mail order prescription if the prescription delay is caused by PBM's organization.	Mail Order	MedImpact confirms.
G.7	In the event of a natural disaster or national emergency, PBM will continue to fill all prescription requests, proactively obtaining any necessary overrides to facilitate this process, and provide members with expedited delivery to convenient locations. Confirm agreement.	Mail Order	MedImpact confirms.
G.8	Confirm you will assure that 100% of mail order prescriptions will be imaged and entered when received at mail service (including Specialty prescriptions). PBM will be able to electronically track 100% of all mail order prescriptions (Including Specialty) throughout the filling process, on a timely basis, from the point of prescription is received until it is shipped to the member.	Mail Order	MedImact confirms.
G.9	Confirm you will contact prescribers and/or members via a telephone call or email within 24 hours, for 100% of incomplete mail order prescriptions (including Specialty) that require additional information.	Mail Order	MedImpact confirms with the understanding that 24 hour is 1 business day.
G.10	Confirm PBM will provide both email and telephone voicemail capabilities to communicate to members their mail order has been received and the date the order has been shipped to members.	Mail Order	MedImpact does not send outbound messages to confirm an order has been received and shipped. Order status information is available in the MedImpact Consumer Portal and mobile app.
G.11	Confirm you will have the capability to accept early refill orders and suspend or "queue" these orders in your system until the earliest refill date for processing.	Mail Order	MedImpact confirms.
G.12	Confirm you will have the capability to accept major credit cards and store credit card number(s) by member account for future mail order prescriptions. You must have the capability to advise members 30 days in advance of the date their credit card number expiration date.	Mail Order	MedImpact confirms. We do not currently advise members in advance of their credit card expiration date.
G.13	If requested, confirm PBM will provide members with checks (or electronic method) for monies owed to them instead of maintaining credits at your mail facility.	Mail Order	MedImpact confirms.
G.14	What is your standard floor limit for accepting prescription orders from members without the correct payment?	Mail Order	The mail pharmacy requires the prescription copay before dispensing and delivering.
G.15	The State shall have the right to advise you in writing to change the floor limit for all members or just those with unpaid balances after 120 days of dispensing. Confirm agreement.	Mail Order	MedImpact does not confirm. The mail pharmacy requires the prescription copay before dispensing and delivering a member's prescription order.
G.16	Confirm you will disclose any limits on the number of days supply that can be filled through the bidder's mail order facilities, such as controlled substances.	Mail Order	The mail pharmacy dispenses 30-days' controlled substances in states where permitted by law.
H	**SPECIALTY PHARMACY**	**Specialty**	**RESPONSE**

	Questionnaire Section	Section	Response
H.1	Please provide location information on Specialty Pharmacy if different than Mail Order Facility.	Specialty	MedImpact Direct Specialty® program (MIDS) preferred network pharmacy locations are listed below. ● Biologics: ● Address: 11800 Weston Parkway, Cary, NC 27513 ● Credena Health ● Address: 7376 SW Durham Rd Portland, OR 97224 ● CVS Specialty ● Address: 6251 Chancellor Drive, Suite 101, Orlando, FL 32809 ● Onco360 ● Address: 335 BEAR HILL Road, Suite 2100, Waltham, MA 02451 ● Address: 140 John James Audubon PKWY, suite 101, Amhurst, NY 14228 ● Address: 7125 Janes Ave, Suite 700, Woodridge, IL 60517 ● Address: 4700 W Sam Houston Parkway N, Suite 150, Houston, TX 77041 ● Address: 13410 Eastpoint Centre Dr. , Suite 101, Louisville, KY 40223 ● Address:1985 Marcus Ave STE, New Hyde Park, NY 11042 ● Address: 15990 N greenway Hayden Loop, Suite, D100, Scottsdale, AZ 85260 ● CareMed Address: 1985 Marcus Ave STE, New Hyde
H.2	Is your specialty pharmacy part of a specialty pharmacy network?	Specialty	Yes.
H.3	Do you own a specialty pharmacy?	Specialty	MedImpact does not own a specialty pharmacy; instead, we offer MedImpact Direct Specialty that gives clients access to 100% of specialty drugs through a specialty pharmacy network.
H.4	Provide your definition of a specialty drug.	Specialty	Specialty Drug means drugs that have one or more of the following characteristics as identified through MedImpact's specialty drug determination process: ● High cost ● Treats complex clinical conditions ● May require special handling or storage ● Requires robust patient education and monitoring
H.5	Attach a current copy of your specialty drug list.	Specialty	Please see **Exhibit O**.
H.6	Describe how you notify clients of the pricing terms for new specialty drugs including how far in advance such notice is provided.	Specialty	MedImpact distributes the specialty drug list to clients electronically. Clients are notified of any changes to the specialty drug list 7 days prior to the change.
H.7	Describe how you implement a separate plan design for specialty drugs that would include generic, preferred brand, and non-preferred brand tiers?	Specialty	We implement the plan designs dictated by our clients.
H.8	Are your proposed rebate guarantees for your retail/mail program contingent upon the State's purchase of your specialty drug program? Please do not provide actual rebate guarantees in your response.	Specialty	No.

	Questionnaire Section	Section	Response
H.9	Do you utilize courier services for specialty product delivery? If yes, detail these services and procedures and detail how courier service vehicles maintain temperature control.	Specialty	Yes. MedImpact Direct Specialty® program (MIDS) preferred pharmacies use courier services for product delivery under certain circumstances, and if needed, engage local courier services, where appropriate, to augment national carrier deliveries. Couriers are required to uphold the temperature controls set forth by pharmaceutical manufacturers and MIDS pharmacies.
H.10	Please describe your quantity limit rules for specialty drugs and include a list of the quantity limits by drug.	Specialty	Quantity limits apply across dispensing channels. Quantity limits are detailed within **Exhibit G**.
H.11	Provide the customer and member service operation hours of your specialty pharmacy program.	Specialty	Customer service is available 8 AM – 8 PM ET Monday through Friday with clinical support 24 hours per day, seven days per week, 365 days per year.
H.12	Provide a concise description of your member service pharmacist support for specialty drugs, including how many pharmacists provide member support, the hours of their availability and any specialized expertise they hold.	Specialty	The MIDS preferred pharmacies provide member clinical care from the first fill of a specialty medication to the conclusion of the medication therapy regimen. There are 1,004 pharmacists in the MIDS preferred network who provide clinical services. Members receive personal refill service every month that tracks and records medication adherence, proper use of medication, and injectable retraining if needed. Clinicians are available for member and prescriber consultations 24 hours per day, seven days per week, 52 weeks per year. MIDS pharmacists are credentialed in a broad variety of disease areas including fertility, multiple sclerosis, immunoglobulin and oncology. Formal programs include asthma/allergy, bleeding disorders, COPD, dermatitis, growth hormone therapy, hematologic disorders, hepatitis C, HIV, hyperlipidemia, immunodeficiency, inflammatory bowel disease, lupus, multiple sclerosis, oncology, psoriasis, psoriatic arthritis, and rheumatoid arthritis. Each program is structured to provide specialized care and tailored therapeutic solutions to enhance patient outcomes.

	Questionnaire Section	Section	Response
H.13	Provide a concise description of the member support services your organization provides to members who utilize oncology specialty drugs.	Specialty	Specialty pharmacists in the MedImpact Direct Specialty® program (MIDS) network provide in-depth clinical experience to members self-administering oral oncolytics. Unlike infused oncology regimens, oral drug therapies transfer the responsibility of medication administration from the prescriber to the member which often reduces prescriber-member interaction that can impact member drug adherence. Specialty pharmacists promote adherence of oral oncolytic drugs by working closely with every member during clinical assessments and medication monitoring. **Pharmacist Clinical Assessment for Oral Oncolytics** Specialty pharmacists conduct a clinical assessment of the member including side effects, dose changes, missed doses, how they are taking and should be taking the oral oncolytics, any hospitalization or emergency room visits, and medication doses on hand. With this information, the specialty pharmacist can communicate any medication therapy, side effects, or member concerns to the prescriber to help promote member adherence. **Partial Dosing and Waste Minimization for Oral Oncolytics** The MedImpact specialty drug list includes specific oral oncology drugs with recommended partial dosing as an option during the first two weeks of the member's therapy to minimize waste of high-cost drugs with a low member tolerance rate. At the start of therapy and as required by prescribers or client-specific plan design, members may receive a partial dose that covers a one or two week supply of the oral oncology specialty medication. MIDS pharmacies closely monitor the member to assess medication tolerance.
H.14	Provide a brief recommendation of how you would propose to collaborate with the State's medical carriers to optimize patient care and utilization of specialty drugs.	Specialty	MedImpact offers MedIntegrate® to help manage specialty drug costs within the medical benefit. State DAS SPB can save up to 20% of medical specialty spend with improved medical management. MedIntegrate® features include: ● Analytics and business intelligence that provide near real-time decision support. ● Effective medical benefit management using proven utilization management protocols. ● Efficient administration of medical specialty drugs through the most economic and clinically appropriate sites of care. ● Billing error monitoring using integrated specialty drug utilization review across both medical and pharmacy. ● Comprehensive reporting on medical specialty spend, utilization, and pipeline to identify opportunities and guide decision making .
H.15	Please indicate any specialty drug categories for which you recommend clients limit coverage to the pharmacy benefit only.	Specialty	MedImpact will work with client to identify any medical specialty pharmacy drugs that may be beneficial to reimburse in the pharmacy benefit.

	Questionnaire Section	Section	Response
H.16	Describe what procedures or management tools your organization has in-place to manage the use of manufacturer coupons for high cost drugs.	Specialty	Through the MedImpact Assist® Cost Containment Solutions, we offer an integrated approach dedicated to lowering member and plan costs with personalized drug access solutions that deliver the lowest net cost that includes several solutions: ● Patient assistance ● Manufacturer copay assistance for both specialty and non-specialty drugs ● International sourcing for specialty drugs ● Biosimilar conversion These solutions offers commercial clients strong member advocacy services that help with access and affordability of medications while delivering cost savings to the plan. Our program is fully integrated with the plan's prescription claims data enhancing the member experience while minimizing the risk of therapy delays. Clients have multiple program options to select from and can adopt the solution(s) that best meets their needs. While bundling all of our solutions typically delivers the most savings, each solution works independently delivering the lowest net cost options on select high-cost brands. Medications in each solution are included where both the member and the plan win in terms of savings. Our lists are evaluated every quarter unless a disrupter medication enters the market. The MedImpact Assist solutions are formulary and rebate agnostic. **Specialty Cost Containment** PBMs offer copay maximization solutions where assistance in the form of the manufacturer coupons are applied to an inflated copay resulting in member and client cost savings. MedImpact has been offering this option seamlessly in the specialty space for years and, in 2023, enhanced our specialty program with member
H.17	Can the State limit the days supply for any/all specialty drugs to 30 days?		Yes.
H.18	Are there any specialty drugs where the initial script should be limited to less than 30 days? If so, please indicate which drugs.		MedImpact does not limit specialty drugs to less than 30 days.
H.19	Describe any available programs to maximize available manufacturer copay assistance from specialty drug manufacturers.	Specialty	If State DAS SPB implements the MedImpact Assist® Copay Assistance program, drugs within the program will trigger a point of sale POS message about copay assistance availability for the claim. If State DAS SPB does not elect to implement our MedImapct Assist program, and a member expresses a financial need or the copay surpasses a specific dollar threshold, the specialty pharmacy researches any available manufacturer or foundation needs-based assistance to assist the member. The specialty pharmacy has internal documentation that outlines copay assistance available, links to manufacturer sites, etc.
H.20	Do you report on outcomes for specialty drug management programs (ROI, Clinical Results, etc.)?	Specialty	Yes. MedImpact provides these reports quarterly.
H.21	What is your firm's average prior authorization approval rated for Specialty drugs?	Specialty	MedImpact's overall specialty PA approval rate for 2024 was 81.50%.

	Questionnaire Section	Section	Response
H.22	Would you agree with the statement that Auto e-PA systems tend to drive unnecessary utilization? Please explain.	Specialty	We do not agree with the statement that auto e-PA systems tend to drive unnecessary utilization as they are designed to enhance the efficiency of the prior authorization process while aligning with established guidelines and protocols. Prescribers utilize real-time benefit check (RTBC) tools, which play a crucial role in reducing unnecessary ePA requests. RTBC toos provide prescribers with immediate information about available alternatives, coverage, and cost implications, thereby supporting informed decision-making before initiating an ePA request. Moreover, even when an ePA is generated, it must adhere to all predefined guidelines and criteria. This ensures that the authorization process remains stringent and that approvals are granted only when they align with the necessary medical and policy standards. By maintaining comprehensive checks and balances, Auto e-PA facilitates appropriate utilization rather than unnecessary use. These mechanisms collectively ensure that auto e-PAs contribute to more targeted and necessary utilization of healthcare resources rather than driving excess or unwarranted use.
I	**CYBER SECURITY / INFORMATION SAFETY & SECURITY**	**Eligibility**	**RESPONSE**
I.1	Describe your proposed process for the secure transmission of data to and from the State, Proposers (including subcontractors), and members. Include quality controls and describe how errors in the exchange of files will be communicated to the State. Confirm there is no additional cost for these features.	Security	As part of the pharmacy benefit management industry, MedImpact manages sensitive member information and private client data; therefore, data security is essential. MedImpact has several measures in place to ensure that we protect all information entrusted to us in accordance with the HIPAA Privacy and Security Rule and as part of our role as a business associate as defined under HIPAA. MedImpact's privacy and security standards require comprehensive data protection to safeguard member information. MedImpact employs a layered approach, protecting data at the operating system, application, database, and network levels. Additionally, MedImpact requires annual training for all employees on ethics, privacy, and security training. Privacy and security trainings outline MedImpact's policies and procedures regarding the minimum necessary rule, required protection of PHI in verbal, electronic, and hard copy mediums, and privacy right request support for covered entity approved requests. MedImpact can establish SFTP connectivity for State DAS SPB's medical carriers and third-party vendors during the implementation process. We can share data with any vendor State DAS SPB identifies as long as we have appropriate nondisclosure agreements in place. MedImpact shares data with a wide range of care management vendors including medication therapy management vendors, disease management vendors, and wellness programs. The majority of our clients use batch file exchanges on a daily basis. We encrypt all data both at rest and in transit.

	Questionnaire Section	Section	Response
I.2	Describe how you manage employee confidentiality/privacy barriers and compliance with HIPAA and the Health Information Technology for Economic and Clinical Health Act (HITECH) including how often assessments are performed and by whom. Please attach a copy of your Information Security Policy and Procedures.	Security	If a security incident occurs, we rely on MedImpact's computer security incident response team (CSIRT) to enact our incident response procedure and resolve the issue as outlined in **Exhibit P.** MedImpact's security officer as well as personnel from the IT, human resources, legal, compliance, and privacy departments make up the CSIRT team. MedImpact's compliance department and privacy officer manage non-system related compliance incidents. A third-party security information and event management system collects, correlates, and analyzes information critical to security. They immediately report any suspicious activity to ensure timely remediation. The AT&T security operations center reviews this information in real time 24 hours a day, seven days a week, 365 days a year. MedImpact's third party security operations center notifies MedImpact's information security personnel by email or via their on-call contact information for immediate response to an issue or event. MedImpact maintains an anonymous employee reporting phone line supported by Ethics Point. This allows employees to report and track incidents to successful resolution while remaining anonymous. MedImpact also maintains an employee sanction policy which informs employees of acting in accordance with our privacy and security policies. MedImpact will notify State DAS SPB in the event of a security breach in accordance with the notification
I.3	What is your policy regarding staff working from home or remotely? What safeguards are in place to monitor quality (including retrospective claims reviews) and HIPAA compliance?	Security	MedImpact requires employees who work remotely to sign a Remote Work Agreement that contains the following: ● Employee will adhere to all company and department policies including the HIPAA Compliance and Corporate Compliance programs. Please refer to the Corporate Compliance Program page on the intranet for additional policies and procedures regarding protection of company confidential information and protected health information (PHI). Employee must adhere to company's procedures and guidelines in the performance of work including requirements to maintain confidentiality. Employees must continue to observe all obligations related to preservation of confidential information as set forth in any applicable company policies, confidentiality agreement or other similar document, such as an employee's signed offer letter (as that term is defined in any such agreements). Employee agrees to connect to MedImpact systems only via company-issued equipment (laptop, RSA token for secure encrypted VPN connection), to include all email and web based programs necessary to perform the job. Any hard copies of company confidential information and PHI material must be shredded in accordance with company policies (see Protection of PHI Policy and the Employee Code of Conduct). ● Employee is responsible for completing work deliverables, projects, assignments, and responding in a timely manner to emails/phone calls in addition to any department-required tracking. ● The employee understands that management will be

	Questionnaire Section	Section	Response
I.4	Describe your disaster recovery/contingency and business continuity plans.	Security	MedImpact performs routine testing of disaster recovery and business continuity procedures to ensure an effective disaster recovery plan. MedImpact has a layered disaster and business continuity strategy to guarantee continuous operations of critical services. We have redundancy at all levels to provide high availability and a well-maintained, secure operation. MedImpact's disaster recovery (DR) plan accounts for emergency mode operation during a critical event or outage. Systems required to enforce data access controls are co-located in both data centers to ensure that access controls remain in place during the event without the need to recover access management platforms. Our redundant systems support continued claims processing as needed. Additionally, we have the ability to engage customer service representatives that are geographically separately from our main customer service centers to ensure continuity of services. MedImpact created the MedImpact business continuity plan (BCP) to assist in achieving the following objectives: ● To safeguard life, protect vital records and resources, and exercise care over preserving critical resources. ● To comply with the regulations set forth by federal, state, and local agencies. ● To meet quality standards set forth by PBM industry accreditation programs. ● To recover and restore the core business infrastructure of MedImpact business units in the event of a disaster or
I.5	During the last 12 months, how many times and what percent of time has your system been "down"? System down-time percent is determined by the ratio of planned system availability when inquiry operators could not access the system to perform their functions, to the total planned system availability time. Disregard down-time for planned system maintenance.	Security	Our claims adjudication platform often achieves 100% uptime month to month. MedImpact works to achieve 99.99% availability across our core PBM services.
I.6	Confirm you will notify the State, in writing, immediately upon identifying system-related issues. This may include but is not limited to, issues with programming, data transfers, telephone systems, etc. Confirm you will also make every effort to resolve the issue(s) within 48 hours regardless of the time or date, to minimize any disruption to members.	Security	We will alert State DAS SPB as quickly as possible, aligned with our BAA.
I.7	Have you ever had a HIPAA breach? If so, please provide explanation including correction/revision of processes and procedures, mitigation of effect of breach and any remuneration made.	Security	MedImpact has never had a security incident involving the penetration of our secure network or the successful and intentional circumventing of our physical, technical or administrative safeguards to gain control of systems, processes or data or the exfiltration of that data for use outside of our organization.
J	**ELIGIBILITY**	**Eligibility**	**RESPONSE**
J.1	Confirm you can accept and receive weekly data transfers and process within two (2) business days of receipt.	Eligibility	MedImpact confirms.

	Questionnaire Section	Section	Response
J.2	Describe your process to update a member's eligibility information after a file is uploaded, including the process of working error reports generated, how you handle manual updates, and the process for correcting data in the event of a data feed with "bad data."	Eligibility	State DAS SPB can easily update individual member eligibility through the MedAccess® online tool after the full eligibility upload completes within MedImpact's claims system. In addition, State DAS SPB can upload full and partial eligibility files at any frequency (e.g., daily, weekly, monthly, etc.). MedImpact posts a load log report to the FTP directory for each eligibility file we receive and process. State DAS SPB must review the report and make any necessary corrections to eligibility records. MedImpact makes all eligibility updates effective on a real-time basis.
J.3	Describe if eligibility is processed in real time with the claims system. If not, please provide the delay time.	Eligibility	State DAS SPB can upload full and partial eligibility files at any frequency. MedImpact posts a load log report to the FTP directory for each eligibility file we receive and process. State DAS SPB must review the report and make any necessary corrections to eligibility records. MedImpact makes all eligibility updates effective on a real-time basis. Additionally, State DAS SPB can easily update individual member eligibility through the MedAccess® online tool after the full eligibility upload completes within MedImpact's claims system.
J.4	Will your organization allow the State to have direct access to your eligibility systems for review and input purposes?	Eligibility	Yes.
K	**REPORTING**	**Reporting**	**RESPONSE**
K.1	Provide a sample of your standard reporting package and note frequency. Confirm the standard reporting package will be sent to the State within 30 days of end of reporting period. At minimum, reports should include below:	Reporting	
	a. Monthly: Eligibility report showing updates and changes	Reporting	MedImpact confirms.
	b. Quarterly: Formulary updates and changes	Reporting	MedImpact confirms.
	c. Quarterly: Cost and trend summary	Reporting	MedImpact confirms.
	d. Quarterly: Drug utilization review summary	Reporting	MedImpact confirms.
	e. Quarterly: Prior Authorization and other clinical reporting	Reporting	MedImpact confirms.
	f. Quarterly: Adherence by therapeutic category	Reporting	MedImpact confirms.
	g. Quarterly: Specialty drug cost and utilization	Reporting	MedImpact confirms.
	h. Quarterly & Annual: Performance guarantee reconciliation	Reporting	MedImpact confirms.
K.2	Are these reports available online currently? If not, how will they be provided to the State?	Reporting	Yes.
K.3	Confirm that you are able to customize reports, and this is included in your quoted fees.	Reporting	MedImpact confirms.
K.4	Describe how your organization monitors and provides reporting on contractual Performance Guarantees. Provide a sample Performance Guarantee report.	Reporting	Performance guarantees are reported quarterly within 90 days of the end of the quarter and annually 90 days after reconciliation. Performance guarantees are reconciled based on aggregate average annual results within 90 days of the end of the year. Payment for any missed performance guarantee is paid within 30 days of the annual report being issued. **Exhibit Q** includes MedImpact's sample performance guarantee report.

	Questionnaire Section	Section	Response
K.5	Confirm that your organization will provide claim line detail for ALL claims on a monthly basis throughout the contract term based on a mutually agreeable file format	Reporting	MedImpact confirms.
K.6	Confirm that your organization will provide this data in a mutually agreed upon format by the 15th calendar day of the month following the subject month.	Reporting	MedImpact confirms.
K.7	Confirm that your organization will report pharmacy rebates to the State on a quarterly basis.	Reporting	MedImpact confirms.
L	**CONSOLIDATED APPROPRIATIONS ACT 2021 (CAA)**	**CAA**	**RESPONSE**
L.1	How is your firm prepared to support the State of Nebraska Health and Pharmacy plan in satisfying the requirements of the Transparency in Coverage (TiC) final rule, and the Consolidated Appropriations Act 2021 (CAA)?	CAA	Multiple departments within MedImpact meet to review all requirements including all reporting requirements outlined in the Consolidated Appropriations Act (CAA) regulations. The team mapped out all reporting requirements including due dates to successfully submit reports and anticipate future requirements. The CAA reporting requirements are complex and MedImpact, as a PBM with over 30 years' experience, can meet these requirements. **Self-Service Tool** There are multiple effective dates beginning January 1, 2023, and the first 500 items in scope are not applicable to MedImpact. MedImpact will be prepared to implement an internet-based self-service tool that makes the applicable elements in scope for MedImpact, including real time cost-sharing information, available with an effective date of January 1, 2024. **Reporting** Under Section 204 (of Title II, Division BB) of the CAA (Consolidated Appropriations Act) 2021, plans must submit the prescription data collection (RxDC) report, which contains information about prescription drugs and healthcare spending, to Department of Health and Human Services (HHS), Department of Labor (DOL), and Department of the Treasury. To support our clients' prescription drug reporting requirements, MedImpact will provide D3 through D8 data files as follows to State DAS SPB, and State DAS SPB will need to incorporate the following data files and narrative responses into their final submissions: ● D3 Top 50 Most Frequent Brand Drugs ● D4 Top 50 Most Costly Drugs ● D5 Top 50 Drugs by Spending Increase ● D6 Rx Totals
L.2	Is your firm compliant with the TiC and CAA legislation and requirements? Explain your Yes or No answer.	CAA	Yes. MedImpact is compliant. MedImpact monitors and implements applicable Transparency in Coverage and No Surprises Act laws and regulations. Regulatory changes are monitored and managed by regulatory compliance and key internal functional areas to align processes with regulatory requirements. Multiple departments within MedImpact meet to review all requirements including all reporting requirements outlined in the Consolidated Appropriations Act (CAA) regulations. The team mapped out all reporting requirements including due dates to successfully submit reports and anticipate future requirements. The CAA reporting requirements are complex and MedImpact, as a PBM with over 30 years' experience, can meet these requirements.

	Questionnaire Section	Section	Response
L.3	Are you able to support the plan sponsor with the RxDC reporting provision of the CAA? Explain your Yes or No answer.	CAA	Yes. The term RxDC report refers to the data submission required under Section 204 of Division BB, Title II (Section 204) of the CAA (Consolidated Appropriations Act, 2021. The CMS RxDC webpage (https://www.cms.gov/CCIIO/Programs-and-Initiatives/Other-Insurance-Protections/Prescription-Drug-Data-Collection) contains RxDC (prescription drug data collection) reporting instructions. To support State DAS SPB's prescription drug reporting requirements, MedImpact can provide pharmacy benefit related prescription drug data files (D3-D8 or successor files) and narrative responses to State DAS SPB contingent upon State DAS SPB providing timely plan files to MedImpact. State DAS SPB is responsible for submission of the files to CMS, unless otherwise agreed to by MedImpact. Client is responsible for submission of the D-1 & D-2 data files (or successor files) and narrative responses to CMS. Upon State DAS SPB request, MedImpact will submit the D3-D8 data files and narrative responses to CMS on State DAS SPB's behalf at no additional charge. State DAS SPB is responsible for the accuracy of reporting data submitted to CMS. Fees are subject to change based on future regulatory requirements.
L.4	Will you provide Health Plan specific RXDC reporting (versus Aggregate Reporting).	CAA	MedImpact confirms.
L.5	Please share a sample RXDC report from a similarly sized employer.	CAA	**Exhibit R** includes an examples for RxDC report.
L.6	Do you see any risks or challenges that your firm anticipates in complying with the CAA?	CAA	No. MedImpact's regulatory compliance team does not anticipate any risks or challenges with CAA compliance.
L.7	How will your firm communicate updates or changes to the CAA compliance regulations to the plan sponsor (Rx and Transparency related)?	CAA	MedImpact's regulatory compliance model involves primarily monitoring and implementing enacted legislation and new regulations within the organization for applicable PBM requirements. The regulatory compliance department collaborates with and can engage our trade association, PCMA, for ongoing trending of proposed regulatory or legislative changes with major impact relating to the PBM model or pricing methodologies. MedImpact monitors major proposed legislation and pending rules through our Government Affairs team and PCMA, and communicates this information to our clients through the assigned account teams.
L.8	How frequently will your firm review and update its' understanding of the CAA to ensure ongoing compliance for plan sponsor clients?	CAA	MedImpact's regulatory compliance team consistently and regularly monitors pending and enacted legislation and new regulations within the organization for applicable PBM requirements.
L.9	Have you conducted any internal audits or assessments to verify compliance with the CAA? If so, can you share the results or findings?	CAA	Our internal audit team monitors and assess this information. Results are considered proprietary.
L.10	Can you provide documentation or evidence of your compliance with the CAA as both a PBM, and as an employer, particularly regarding any specific provisions that are relevant to our business relationship?	CAA	Yes.

	Questionnaire Section	Section	Response
L.11	Additional consideration will be given to the PBM offering a letter of attestation of compliance with CAA as a covered service provider as defined under ERISA. This letter must be from a company, other than your firm, with expertise in healthcare fiduciary responsibilities.	CAA	MedImpact is compliant with all applicable CAA provisions; however, more information is needed before an attestation can be provided.
M	**340B PROGRAM**	**340B**	**RESPONSE**
M.1	Describe your firm's experience working with 340B organizations, including contract/ambulatory pharmacy and specialty pharmacies. Please describe the in-house staff that support 340B functions and describe their experience.	340B	MedImpact has successfully worked with SUNRx for the past 17 years; first as a business partner and since our acquisition of SUNRx in 2012. MedImpact and SUNRx linked and expanded technologies to create the most efficient, fully-integrated, real-time 340B program in the U.S. Our account team members are well versed on how to manage clients that leverage 340B pricing, including pharmacies. Our key internal departments such as our pharmacy network and trade teams, have many years of experience supporting our clients when it comes to 340B utilization, reporting, etc.
M.2	How do you monitor duplicate discounts (e.g. Both 340B and rebates) to prevent commercial payer conflicts? What is the process for monitoring and addressing potential errors or compliance issues as it relates to 340B and rebates?	340B	Flags in the claim record allow the adjudication system to differentiate between 340B claims and non-340B claims. As claims successfully process as 340B, MedImpact maintains ongoing claims records with its reporting tools separating 340B claims from non-340B claims for client reporting. MedImpact performs the following quality controls: ● Validate and balance the claims record counts and claims paid counts and amounts to eliminate duplicate claims. ● Validate daily claims ID ranges by checking claims ID log. ● Check Oracle replication to ensure completeness of claims data in claims extracts and eliminate missing claims. ● Ensure completeness of claims extract file's headers and trailers. ● Follow software development lifecycle (SDLC) for changes with rigorous change control and quality assurance process. ● Provide long-running job scheduling automation manager check for timely delivery of claims submission. ● Provide critical program failure job scheduling notification for daily claims extracts for timely submission. Audits are driven two ways, one from the client's self-audit report or via an audit conducted by HRSA/OPA. In both instances, if a concern arises, or copies of prescriptions are needed, the pharmacy team coordinates that activity with the pharmacy chain (corporate office) or independent

	Questionnaire Section	Section	Response
M.3	How do you track and report 340B transactions during the claims adjudication process?	340B	The MedImpact and SUNRx partnership uses one of the following methods for the compliant utilization of 340B prescription claims: ● Retrospective capture of 340B savings ● Real-time adjudication and capture of 340B savings Although either method captures employee savings in a compliant fashion, the retrospective capture of 340B savings offers the most flexibility to maximize the 340B savings potential. MedImpact can also provide a real-time processing of 340B eligible employee claims through the MedImpact and SUNRx interface. If SUNRx were to become State DAS SPB's 340B contracted pharmacy administrator, SunRx can obtain eligibility information (e.g., visits and providers) from State DAS SPB and load that information directly into MedImpact's real-time adjudication system. Upon adjudication of a claim to MedImpact, we can immediately verify 340B eligibility, and the claim adjudicates at the lesser of the contracted network amount or the loaded 340B cost.
M.4	How do you help clients maximize 340B savings and revenue for employee health plans while maintaining compliance? Please list examples of successful collaboration with organizations, specific to States and large employer groups, if able, to maximize 340B savings with the employee health benefit.	340B	MedImpact provides a wealth of knowledge, experience, and flexibility to deliver 340B support to State DAS SPB. We understand the complexities of 340B claims and reporting and work to make capturing and sharing this important information with clients accessible and actionable. Clients access their information through MedOptimize, our reporting tool, and via specific 340B reports generated by their MedImpact account team. State DAS SPB will have access to more than 36 months of claims data through our MedOptimize reporting system, which provides flexible reporting, business intelligence, and decision-support options. MedOptimize offers real-time access to data with powerful user-friendly standard reporting and ad hoc query capabilities via a secure website with 24-hour, 7-day a week availability. State DAS SPB can export all reports to various formats including PDF, HTML, Microsoft Excel, and CSV. Reports are generated on-demand or scheduled at the preferred frequency. The account team provides detailed quarterly reporting that drills down to State DAS SPB's 340B trends and provides benchmarking against peer clients and the larger book of business. For MedImpact to incorporate 340B activity into its quarterly reporting, 340B claim activity must be identified by the pharmacy at the POS either via the use of an SCC 20 at the claim level or another method that would identify or isolate those claims at the time of adjudication. Alternatively, MedImpact can support a retrospective identification and adjustment of 340B claims activity via a standard claims file (Type 46) that would be provided to

September 22, 2023

MedImpact Healthcare Systems, Inc.
10181 Scripps Gateway Court
San Diego, California 92131-5152

Based upon the procedures performed by an Authorized External Assessor which indicated that there were no material changes to the control environment that would result in MedImpact Healthcare Systems, Inc. ("the Organization") no longer meeting certification criteria of the HITRUST Risk-based, 2-year (r2) certification, the following platforms, facilities, and supporting infrastructure of the Organization ("Scope") continue to meet the HITRUST CSF® v9.4 Risk-based, 2-year (r2) certification criteria:

Platforms:

- Appeals residing at Arizona Office and Data Center and Databank Zayo Co-location
- MedAccess Classic Plus residing at Arizona Office and Data Center and Databank Zayo Co-location
- MedAccess Web residing at Arizona Office and Data Center and Databank Zayo Co-location
- MedResponse residing at Arizona Office and Data Center and Databank Zayo Co-location
- POS residing at Arizona Office and Data Center and Databank Zayo Co-location

Facilities:

- San Diego Office / Server Room (Office) located in San Diego, California, United States of America
- Michigan Office (Office) located in Livonia, Michigan, United States of America
- Arizona Office and Data Center (Office and Data Center) located in Tempe, Arizona, United States of America
- Databank Zayo Co-location (Data Center) managed by Databank located in San Diego, California, United States of America

The initial certification was awarded to the Organization on 09/28/2022 and is valid for a period of two years assuming the following occurs:

- No data security breach reportable to a federal or state agency by law or regulation has occurred within or affecting the assessed environment.

© 2023 HITRUST Alliance
HITRUSTAlliance.net

HITRUST
6175 Main Street
Suite 400
Frisco, TX 75034

- Either no significant changes in the business or security policies, practices, controls and processes have occurred that might impact its ability to continue to meet the respective HITRUST Assurance Program criteria, or—where there were changes—procedures performed by the external assessor indicate the Organization's control environment continues to meet the criteria against which the Organization was initially assessed.

Based upon the work performed by the Organization's external assessor, HITRUST is of the opinion that the requirements of the HITRUST v9.4 Risk-based, 2-year (r2) certification continue to be met.

Additional information on the HITRUST Assurance Program can be found at the HITRUST website at *https://hitrustalliance.net.*

I. Independent Service Auditor's Report

MedImpact Healthcare Systems, Inc.
10181 Scripps Gateway Ct,
San Diego, CA 92131

To the Management of MedImpact Healthcare Systems, Inc.:

Scope

We have examined MedImpact Healthcare Systems, Inc.'s description of its system titled "Description of MedImpact Healthcare Systems, Inc.'s Claims Processing System" for processing user entities' transactions throughout the period October 1, 2022 to September 30, 2023 (description), and the suitability of the design and operating effectiveness of controls included in the description to achieve the related control objectives stated in the description, based on the criteria identified in "MedImpact Healthcare Systems, Inc.'s Assertion" (assertion). The controls and control objectives included in the description are those that management of MedImpact Healthcare Systems, Inc. believes are likely to be relevant to user entities' internal control over financial reporting, and the description does not include those aspects of the Claims Processing System that are not likely to be relevant to user entities' internal control over financial reporting.

MedImpact Healthcare Systems, Inc. uses the following subservice organizations:

- AT&T, Inc. for security incident event management services
- DataBank Holdings, Ltd. for colocation facilities
- Salesforce, Inc. for customer relationship management software

The description includes only the control objectives and related controls of MedImpact Healthcare Systems, Inc. and excludes the control objectives and related controls of the subservice organizations. The description also indicates that certain control objectives specified by MedImpact Healthcare Systems, Inc. can be achieved only if complementary subservice organization controls assumed in the design of MedImpact Healthcare Systems, Inc.'s controls are suitably designed and operating effectively, along with the related controls at MedImpact Healthcare Systems, Inc. Our examination did not extend to controls at the subservice organizations, and we have not evaluated the suitability of the design or operating effectiveness of such complementary subservice organization controls.

The description indicates that certain control objectives specified in the description can be achieved only if complementary user entity controls assumed in the design of MedImpact Healthcare Systems, Inc.'s controls are suitably designed and operating effectively, along with related controls at the service organization. Our examination did not extend to such complementary user entity controls, and we have not evaluated the suitability of the design or operating effectiveness of such complementary user entity controls.

Service Organization's Responsibilities

In Section II, MedImpact Healthcare Systems, Inc. has provided an assertion about the fairness of the presentation of the description and suitability of the design and operating effectiveness of the controls to achieve the related control objectives stated in the description. MedImpact Healthcare Systems, Inc. is responsible for preparing the description and its assertion, including the completeness, accuracy, and method of presentation of the description and assertion, providing the services covered by the description, specifying the control objectives and stating them in the description, identifying the risks that threaten the achievement of the control objectives, selecting the criteria stated in the assertion, and designing, implementing, and documenting controls that are suitably designed and operating effectively to achieve the related control objectives stated in the description.

Service Auditor's Responsibilities

Our responsibility is to express an opinion on the fairness of the presentation of the description and on the suitability of the design and operating effectiveness of the controls to achieve the related control objectives stated in the description, based on our examination.

Our examination was conducted in accordance with attestation standards established by the AICPA. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether, in all material respects, based on the criteria in management's assertion, the description is fairly presented and the controls were suitably designed and operating effectively to achieve the related control objectives stated in the description throughout the period October 1, 2022 to September 30, 2023. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

An examination of a description of a service organization's system and the suitability of the design and operating effectiveness of controls involves:

- performing procedures to obtain evidence about the fairness of the presentation of the description and the suitability of the design and operating effectiveness of the controls to achieve the related control objectives stated in the description, based on the criteria in management's assertion.
- assessing the risks that the description is not fairly presented and that the controls were not suitably designed or operating effectively to achieve the related control objectives stated in the description.
- testing the operating effectiveness of those controls that management considers necessary to provide reasonable assurance that the related control objectives stated in the description were achieved.
- evaluating the overall presentation of the description, suitability of the control objectives stated therein, and suitability of the criteria specified by the service organization in its assertion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Inherent Limitations

The description is prepared to meet the common needs of a broad range of user entities and their auditors who audit and report on user entities' financial statements and may not, therefore, include every aspect of the system that each individual user entity may consider important in its own particular environment. Because of their nature, controls at a service organization may not prevent, or detect and correct, all misstatements in processing or reporting transactions. Also, the projection to the future of any evaluation of the fairness of the presentation of the description, or conclusions about the suitability of the design or operating effectiveness of the controls to achieve the related control objectives, is subject to the risk that controls at a service organization may become ineffective.

Description of Tests of Controls

The specific controls tested and the nature, timing, and results of those tests are listed in Section IV.

Opinion

In our opinion, in all material respects, based on the criteria described in MedImpact Healthcare Systems, Inc.'s assertion:

- the description fairly presents the Claims Processing System that was designed and implemented throughout the period October 1, 2022 to September 30, 2023.
- the controls related to the control objectives stated in the description were suitably designed to provide reasonable assurance that the control objectives would be achieved if the controls operated effectively throughout the period October 1, 2022 to September 30, 2023, and the subservice organizations and user entities applied the complementary controls assumed in the design of MedImpact Healthcare Systems, Inc.'s controls throughout the period October 1, 2022 to September 30, 2023.
- the controls operated effectively to provide reasonable assurance that the control objectives stated in the description were achieved throughout the period October 1, 2022 to September 30, 2023, if complementary subservice organization and user entity controls assumed in the design of MedImpact Healthcare Systems, Inc.'s controls operated effectively throughout the period October 1, 2022 to September 30, 2023.

Restricted Use

This report, including the description of tests of controls and results thereof in Section IV, is intended solely for the information and use of MedImpact Healthcare Systems, Inc., user entities of MedImpact Healthcare Systems, Inc.'s Claims Processing System during some or all of the period October 1, 2022 to September 30, 2023, and their auditors who audit and report on such user entities' financial statements or internal control over financial reporting and have a sufficient understanding to consider it, along with other information, including information about controls implemented by user entities themselves, when assessing the risks of material misstatement of user entities' financial statements. This report is not intended to be and should not be used by anyone other than these specified parties.

Moss Adams LLP

San Diego, California
December 18, 2023

II. MedImpact Healthcare Systems, Inc.'s Assertion

We have prepared the description of MedImpact Healthcare Systems, Inc.'s system titled "Description of MedImpact Healthcare Systems, Inc.'s Claims Processing System" for processing user entities' transactions throughout the period October 1, 2022 to September 30, 2023 (description) for user entities of the system during some or all of the period October 1, 2022 to September 30, 2023, and their auditors who audit and report on such user entities' financial statements or internal control over financial reporting and have a sufficient understanding to consider it, along with other information, including information about controls implemented by subservice organizations and user entities of the system themselves, when assessing the risks of material misstatement of user entities' financial statements.

MedImpact Healthcare Systems, Inc. uses the following subservice organizations:

- AT&T, Inc. for security incident event management services
- DataBank Holdings, Ltd. for colocation facilities
- Salesforce, Inc. for customer relationship management software

The description includes only the control objectives and related controls of MedImpact Healthcare Systems, Inc. and excludes the control objectives and related controls of the subservice organizations. The description also indicates that certain control objectives specified in the description can be achieved only if complementary subservice organization controls assumed in the design of our controls are suitably designed and operating effectively, along with the related controls. The description does not extend to controls of the subservice organizations.

The description indicates that certain control objectives specified in the description can be achieved only if complementary user entity controls assumed in the design of MedImpact Healthcare Systems, Inc.'s controls are suitably designed and operating effectively, along with related controls at the service organization. The description does not extend to controls of the user entities.

We confirm, to the best of our knowledge and belief, that:

a. the description fairly presents the Claims Processing System made available to user entities of the system during some or all of the period October 1, 2022 to September 30, 2023 for processing their transactions as it relates to controls that are likely to be relevant to user entities' internal control over financial reporting. The criteria we used in making this assertion were that the description

    i. presents how the system made available to user entities of the system was designed and implemented to process relevant user entity transactions, including, if applicable,

        (1) the types of services provided, including, as appropriate, the classes of transactions processed.

        (2) the procedures, within both automated and manual systems, by which those services are provided, including, as appropriate, procedures by which transactions are initiated, authorized, recorded, processed, corrected as necessary, and transferred to the reports and other information prepared for user entities of the system.

(3) the information used in the performance of the procedures including, if applicable, related accounting records, whether electronic or manual, and supporting information involved in initiating, authorizing, recording, processing, and reporting transactions; this includes the correction of incorrect information and how information is transferred to the reports and other information prepared for user entities.

(4) how the system captures and addresses significant events and conditions other than transactions.

(5) the process used to prepare reports and other information for user entities.

(6) services performed by a subservice organization, if any, including whether the inclusive method or the carve-out method has been used in relation to them.

(7) the specified control objectives and controls designed to achieve those objectives, including, as applicable, complementary user entity controls and complementary subservice organization controls assumed in the design of the service organization's controls.

(8) other aspects of our control environment, risk assessment process, information and communications (including the related business processes), control activities, and monitoring activities that are relevant to the services provided.

ii. includes relevant details of changes to the service organization's system during the period covered by the description.

iii. does not omit or distort information relevant to the service organization's system, while acknowledging that the description is prepared to meet the common needs of a broad range of user entities of the system and their user auditors, and may not, therefore, include every aspect of the Claims Processing System that each individual user entity of the system and its auditor may consider important in its own particular environment.

b. the controls related to the control objectives stated in the description were suitably designed and operating effectively throughout the period October 1, 2022 to September 30, 2023 to achieve those control objectives if subservice organizations and user entities applied the complementary controls assumed in the design of MedImpact Healthcare Systems, Inc.'s controls throughout the period October 1, 2022 to September 30, 2023. The criteria we used in making this assertion were that

i. the risks that threaten the achievement of the control objectives stated in the description have been identified by management of the service organization.

ii. the controls identified in the description would, if operating effectively, provide reasonable assurance that those risks would not prevent the control objectives stated in the description from being achieved.

i. the controls were consistently applied as designed, including whether manual controls were applied by individuals who have the appropriate competence and authority.

III. Description of MedImpact Healthcare Systems, Inc.'s Claims Processing System

A. Overview of MedImpact Healthcare Systems, Inc.

COMPANY BACKGROUND

MedImpact Healthcare Systems, Inc. (MedImpact or the Company), an independent, trend-focused pharmacy benefit manager (PBM), is the nation's largest privately held PBM, serving health plans, self-funded employers, and government entities. MedImpact focuses on effectively managing client pharmacy benefits to promote lower cost and better care through one source. The model aligns with client needs and promotes prescribing of lower-net-cost, medically appropriate drugs with fulfillment at the most appropriate participating pharmacy providing competitive pricing, good value, and high-quality service.

SERVICES PROVIDED

Founded in 1989 by a pharmacist and independent drug store owner, MedImpact delivers pharmaceutical and technology-related solutions that improve the value of healthcare. MedImpact's unique culture is defined by the customer-centric approach to delivering service excellence and their commitment to being a performance-based organization. MedImpact's key values are reflected in every aspect of the Company:

- Innovation
- Quality and service
- Employee contributions
- Flexibility
- Entrepreneurial spirit
- Integrity and honesty
- Collaboration and teamwork
- Effective communication
- Adaptability

SCOPE

This description addresses only MedImpact's claims processing system provided to user entities and excludes other services provided by MedImpact. The description is intended to provide information for user entities of the system and their independent auditors who audit and report on such user entities' financial statements, to be used in obtaining an understanding of the system and the controls over that system that are likely to be relevant to user entities' internal control over financial reporting. The description of the system includes certain business process controls and information technology (IT) general controls that support the delivery of MedImpact's system. The description does not encompass all aspects of the services provided or procedures followed that are unrelated to internal control over financial reporting activities performed at MedImpact.

B. Scope of the Description

This description of MedImpact's Claims Processing System addresses only MedImpact's Claims Processing System provided to its user entities and excludes other services provided by MedImpact. The description is intended to provide information for user entities of the Claims Processing System and their independent auditors who audit and report on such user entities' financial statements to be used in obtaining an understanding of the Claims Processing System and the controls over that system that are likely to be relevant to user entities' internal control over financial reporting. The description of the system includes certain business process controls and IT general controls that support the delivery of MedImpact's Claims Processing System.

SUBSERVICE ORGANIZATIONS

MedImpact uses the following subservice organizations in support of its Claims Processing System:

- AT&T, Inc. (AT&T) provides security incident event management (SIEM) services and operates a 24/7/365 Security Operations Center providing monitoring and alerting of the MedImpact network perimeter and firewalls.
- DataBank Holdings, Ltd. (DataBank) provides colocation facilities.
- Salesforce, Inc. (Salesforce) provides a customer relationship management software.

The description includes only the control objectives and related controls of MedImpact and excludes the control objectives and related controls of the subservice organizations.

C. Internal Control Framework

This section provides information about the five interrelated components of internal control at MedImpact, including MedImpact's:

- Control Environment
- Risk Assessment Process
- Monitoring Activities
- Information and Communications
- Control Activities

1. Control Environment

The control environment sets the tone of an organization, influencing the control awareness of the organization. The control environment is embodied by the organization's awareness of the need for controls and the emphasis given to the appropriate controls through management's actions supported by its policies, procedures, controls, and organizational structure.

OVERSIGHT RESPONSIBILITIES OF THE BOARD OF DIRECTORS

The Board of Directors is appointed to act on behalf of the shareholders. Roles and responsibilities of the Board of Directors, as outlined in the Board of Directors' committee charters, are segregated from the roles and responsibilities of management. The members of the Board of Directors understand, acknowledge, and accept oversight responsibilities in relation to established requirements and expectations.

PERSONNEL POLICIES AND PROCEDURES

MedImpact has formal policies and procedures that include documented policies relevant to human resources (HR), information technology, administration, and business operations to define responsibilities, standards, and expectations from its employees.

MedImpact's formal hiring practices are designed to determine whether new employees are qualified to carry out their job responsibilities. All candidates are screened for criminal and background checks, and if applicable, credit and Department of Motor Vehicles (DMV) checks, depending on their position. New employees must attend formal orientation that includes review of pertinent Company policies, the employee handbook, the corporate compliance program, and IT-related security policies. During the new hire orientation process, and annually thereafter, employees are required to sign the Handbook Review Acknowledgement Form and the Corporate Compliance Program Acknowledgement Form. Employees are required to sign a confidentiality agreement that prohibits any disclosures of information and other data to which the employee has been granted access as a routine part of their employment. Quarterly employee performance appraisals are conducted by department supervisors.

COMMITMENT TO COMPETENCE

MedImpact provides training to its employees. Employee training consists principally of on-the-job training, supplemented by in-house training classes and computer-based training within the structure of the Talent Management System. Additionally, compliance training is required annually.

COMMITMENT TO INTEGRITY AND ETHICAL VALUES

The effectiveness of internal controls is dependent on the ethical behaviors and integrity of the people who design, administer, and monitor them. MedImpact has established a Code of Ethics and Business Conduct policy that addresses acceptable business practices, conflicts of interest and standards of ethical behavior that employees and agents of MedImpact are expected to uphold. MedImpact has established a reporting system for employees to report suspected violations of MedImpact's Code of Ethics and Business Conduct policy. In addition, MedImpact requires training for all employees to further support MedImpact's commitment to the highest standards of business conduct.

CLIENT SERVICE AND QUALITY ASSURANCE

Service standards are communicated to each employee and established in each client's service agreement.

ASSIGNMENT OF AUTHORITY AND RESPONSIBILITY

MedImpact is organized into departments, each of which specializes in servicing a particular aspect of the business. Each of the Company's business units reports separately to a department head, who in turn reports to the C level leadership. Each department's business head oversees responsibility assigned to the department. The distinctive nature of the departments provides for a segregation of duties.

Authority and responsibility are assigned within the organizational structure of MedImpact to provide for segregation of duties. MedImpact achieves segregation of incompatible duties within its information systems by implementing logical access controls that restrict an employee's access rights based on their job function.

2. Risk Assessment Process

MedImpact recognizes the importance of risk management and its importance to good management and governance. A risk assessment is performed by the Risk Advisory and Internal Audit Services (RAIAS) Department on an annual basis. The RAIAS Department goes through a process of identifying and analyzing relevant risks that impact the achievement of the business objectives of the Company. The following activities have been established by MedImpact to guide the risk assessment process:

- Development of a structure to support the RAIAS Department and its independent reporting to the Audit Committee.
- Identification and analysis of relevant risks following a standard methodology.
- Monitoring of economic, industry, regulatory, and operating conditions to identify and respond effectively to risk.
- Consideration of fraud risk factors as part of the risk management and internal audit processes.
- Evaluation of new or enhanced information systems, areas of rapid growth and changes in personnel, and new business models or products.

A risk assessment is completed for each business area based on qualitative and quantitative risk factors. The significant risks to achieving business objectives are assessed and documented.

3. Monitoring Activities

Company executives are involved in the daily operations of the business and monitor systems, processes, and middle-management functions to determine whether objectives are achieved. Senior management monitors the quality of internal control performance as a normal part of its activities. Internal controls are continuously evaluated and monitored by department managers and process owners, and results are communicated to various levels of management through meetings and announcements.

In addition, the RAIAS Department conducts independent assessments and internal audits of financial, operational, and IT controls. Issues and recommendations are reported to senior management and the Audit Committee, as appropriate.

MONITORING OF SUBSERVICE ORGANIZATIONS

Oversight of the subservice organizations used by MedImpact is handled by each business unit that holds responsibility for contracting with these entities. The monitoring of completed work is unique to each contractual agreement.

4. Information and Communications

DESCRIPTION OF COMPUTERIZED INFORMATION SYSTEMS

MedImpact has a local area network (LAN) that is used by Company employees for internet and email access, file and print sharing, application processing, and general information. In addition, there are workstations throughout the Company that have connectivity to the network or are stand-alone. The Information Technology Department is responsible for IT strategic projects, IT systems, Information Security, software engineering and development, quality assurance, database warehousing, product support, and Help Desk operations. The IT department has established technical standards, operating procedures, and policies that provide guidance in the performance of daily duties and responsibilities.

NETWORK SECURITY

MedImpact provides customers and partners with multiple secure connection capabilities. Network-based security measures, including industry-standard firewalls, two-factor authentication, and virtual private networks (VPN) are utilized for remote connections. The firewalls are configured to deny all access unless access is specifically allowed. Whitelisting is configured to control connections to the internal network. Management reviews the firewall logs on a periodic basis to identify any potential security events.

CLAIMS PROCESSING SYSTEMS

The claims processing system for pharmacy benefit plans includes the POS, MedAccess, Oracle e-Business Suite (EBS), and MedOptimize applications.

ENTERPRISE NETWORK SYSTEM

The Enterprise Network System (ENS) system provides pharmacy-network affiliation updates and configuration publication for prompt execution, improved network accuracy, and compliance with regulations and contracts. ENS has three primary component functions: (1) affiliation management, (2) rate management, and (3) client network projects.

POS/PHARMACY BENEFITS MANAGEMENT

POS is the claims adjudication system used to process client claims. POS is internally developed and maintained.

MEDACCESS WEB

MedAccess Web is a real-time interactive web-based application, which allows authorized users to access and view pharmacy claims data and member / patient information online. MedAccess Web is internally developed and maintained.

MEDACCESS CLASSIC PLUS

MedAccess Classic Plus is the application used to manage Pharmacy Benefit configuration data and supporting PBM functions such as DMR claims. MedAccess Classic Plus is internally developed and maintained.

MEDOPTIMIZE

MedOptimize is a web portal that helps clients manage their businesses by utilizing MedImpact's business intelligence capabilities. The decision support and reporting tool enables users to see clinical data in a variety of multi-dimensional views. Reports can be organized by member, physician, pharmacy, drug, disease category, drug group, or therapeutic class.

ORACLE EBS ACCOUNTING SYSTEM

The Oracle EBS system is used for accounting, client billing, and other related financial functions.

INTERNAL COMMUNICATION

MedImpact has established policies and procedures that are formally documented and communicated to all employees. The Company uses various methods of communication within the organization to help ensure employees understand their individual roles and responsibilities as they relate to the claims processing services provided to user entities and to help ensure information is communicated on a timely basis. These methods include job descriptions, training, emails, written policies and procedures, and meetings.

MedImpact has also implemented various methods of communication with its customers to ensure they understand their individual roles and responsibilities relating to the MedImpact claims processing services and systems. These methods include training for customers and the use of electronic mail. Additionally, customers are encouraged to communicate questions and issues to MedImpact on a timely basis.

5. Control Activities

a) Client Plan Benefits Setup

Controls provide reasonable assurance that new client benefit plan specifications and changes to existing client plans specifications are authorized and set up completely and accurately in the POS system.

For all new clients, MedImpact requires a completed Implementation Questionnaire (IQ) to setup and configure the client's benefits. The client is required to review and approve the IQ for completeness and accuracy. The IQ documents the client's benefit requirements and is utilized to set up and configure the client's benefit plans in the POS system. This process helps ensure the client's plan benefits are properly set up and that the POS system systematically adjudicates (approves or denies) claims while meeting the criteria or parameters specified by the client. The completion and approval process of the IQs are managed by MedImpact's Implementation Services Department.

MedImpact reviews and tests the benefit changes prior to deployment to production to ensure benefit changes are working as intended. Business Quality Assurance executes peer testing prior to set up in POS for the end-to-end testing team. Once the client's plan benefits are initially set up in POS, the Business Quality Assurance Department runs test claims in a test environment to ensure the system is properly adjudicating claims based on information input from the test plan. The test environment is designed to mirror the POS production environment. The test results of the claims processed are provided to clients for their review. Client review and approval of test claims processed in a test environment is required prior to implementing new or updated plan specifications into production. If any of the sample audited claims did not adjudicate as expected, then the appropriate modifications are made to the client configuration in the test environment, and additional test claims are processed by the end-to-end testing team. These updates are provided to client personnel for review to ensure the claims are accurately adjudicated. Once testing is complete and approval is received from the client, the plan is considered active and moved into the production environment by the Go-Live date.

A client may also request a change to the plan design benefits after the plan has been set up in the system and made active. In such cases, a Benefit Change Request (BCR) Form is prepared by the client to document the additional change. Client authorization is required for all benefit changes. The BCR is reviewed by the Benefits Department, and if the request requires modifications to the POS program code, the request is submitted to the IT Department, where it must follow MedImpact's change management process.

BENEFIT CHANGE REQUEST

After implementation of a client's benefit plan design and formulary, the client may request changes to the benefit design and formulary. Clients must send approval of Benefit Changes acknowledging their approval of changes requested. Requests for changes are documented on a BCR form or equivalent such as an Excel workbook. The benefit change process is managed by the MedImpact Benefits Configuration Group and can be used to document a variety of requests, including those related to claims adjudication, plan benefits design, and formulary changes. The request can be originated by the client or by authorized MedImpact personnel. For change requests submitted to Configuration Services by the client, a BCR form is completed and submitted by the client to document the requested changes.

Upon receipt of the BCR, the Workflow Specialist creates a case in the Salesforce software. MedImpact uses the Salesforce customer relationship management software to record and track customer related change requests. The workflow has three distinct phases: (1) Pre-assessment and Design, (2) Coding, and (3) Testing and Validation. The Pre-assessment and Design phase includes the review of the BCR to ensure the request is clear and functionally possible. The Coding phase includes coding of the benefit change and performance of unit-level testing.

The Testing and Validation (QC) phase includes a visual review of source documents supporting the applied configuration, tests of claim adjudication, and results review. If results are approved, the project is then moved into the production environment. If the results are not approved, an iterative process begins to correct the configuration and re-test the change until the results are approved.

The details of the change request process, including initial approval and QC review and testing, are summarized and date-stamped in the Salesforce case. Upon completion of review and testing (and client approval of test claims, as applicable), the changes are moved to production.

If the change request requires a POS programming change or edit, then a business requirements authorization document must be completed describing the client's request, any system specifications, and related system design logic, where appropriate. In such cases, the client is required to review and authorize the requirements and scope of work as evidence of approval. Once the scope of work has been documented and authorized, the request is presented to the IT teams by the Configuration Services Team and follows established change management processes.

b) Member Enrollment

Controls provide reasonable assurance that new member enrollment and changes to existing member enrollment information are authorized and set up completely and accurately in the POS system on a timely basis.

Clients periodically send member information and updates to MedImpact for update in the POS system. Clients electronically submit member information via secure managed file transfer (MFT) to ensure client data is securely sent. Each client is provided with a valid user ID and password and must enter the user ID and password when authenticating to the managed file transfer protocol (MFTP) servers. Upon successful authentication, the client is directed to their specific client folder. Client home directories are mapped to root to ensure client data is appropriately segregated. After the member information is uploaded, an automated server scan is executed by the MedImpact system to retrieve member updates (files) from client folders residing on the MFTP servers. The Informatica load process is configured to scan and retrieve member information updates to ensure MedImpact receives updated client eligibility information. Prior to update of the member files, the retrieved files undergo a validation process in which some or all of the following is performed:

- *File Decryption* – Client files are decrypted by MedImpact (client files are generally encrypted by the client using Pretty Good Privacy (PGP)).
- *File Validation and Formatting* – Client new and changed enrollment file uploads are validated for completeness and accuracy and alerts are generated for identified errors. During the file validation process, certain data elements in the file, including the client's name, physician number, date of birth, and address, are scanned, and any errors or missing information are identified and flagged by the system. The file is also formatted during the validation process for eventual upload into POS. Errors identified during the validation process do not prevent the upload of the member information into POS.
- *Notification to Client* – Upon completion of the validation process, MedImpact notifies the client that the file was received and whether any errors or missing information were identified.

Once the validation process is complete, the validated file is automatically loaded into the MedImpact operations scheduling software. The automated file load system updates the POS system with member updates. A Load Results Report with record counts and errors identified during processing, is systematically created to ensure client-provided member data is complete and accurate. The report is automatically posted to the client's MFTP folder for follow-up and review. Company policy requires that all member updates received from clients be processed and uploaded into the POS system timely, typically within 48 hours of receipt unless otherwise specified by clients. Application Support Analysts monitor the operations scheduling software to ensure all validated files are uploaded into POS on a timely basis. Job schedulers are configured to notify Application Support Analysts when delays or critical errors occur during upload of client data to POS.

c) *Industry-Standard Drug Information Updates*

Controls provide reasonable assurance that industry-standard drug information is completely loaded into the production system on a weekly basis, and pricing is updated every weekday.

The National Drug Data File (NDDF) is a weekly file received from First Databank that provides updated drug information to MedImpact. The NDDF drug information is loaded into the MedAccess system on a weekly basis and contains information pertaining to new products entering the market and changes to the classification of drugs already on the market.

Upon receipt of the NDFF file, it is uploaded by the Operations Scheduler Group into a staging environment for review by the MedImpact Drug Data Team. The Operations Scheduler generates an automated email that transmits the NDDF to the Drug Data Team on a weekly basis indicating the file is ready for review.

The Drug Data Team reviews the NDDF prior to upload into production on a weekly basis to ensure the upload of the drug data file is complete and accurate. Upon completion of their review, the Drug Data Team notifies the Operations Scheduler Group via email that the file is ready for production upload. The Operations Scheduler is configured to upload the Medi-Span drug pricing to production daily, Monday through Friday. The Drug Data Team may delay the push of the file into production upon notification to the Operations Scheduler Group.

After completion of the upload to the production system, a report is run and reviewed by the Drug Data Team that identifies any differences between the NDDF file in the staging pre-production environment and the production environment. If issues are identified that require an update, the NDDF file/table is adjusted as required. MedImpact generates an NDDF Change Audit Report to identify changes made subsequent to the production load. The Drug Information Analyst reviews the report changes for reasonableness and electronically signs off on the report to evidence their review.

d) Formulary Changes

Controls provide reasonable assurance that formulary information and subsequent formulary changes are completely and accurately uploaded into the POS system on a weekly basis.

A drug formulary is a list of prescription drugs, both generic and brand-name, which are covered by a client. The purpose of the client's formulary is to guide the patient to clinical and cost-effective medications for treating their medical condition. Some changes depend on the availability of new drugs, and others occur if the Food and Drug Administration deems a drug to be unsafe. Formulary changes are managed through a formulary template which includes a list of covered drugs, associated restrictions, rules, and copayment tiers. They are used to categorize drug coverage within a client and to allow for detailed customization. Formulary changes are managed through a web-based platform, Enterprise Formulary System (EFS).

There are five modes of formularies:

- Medicare Part D (applicable to this control objective)
- Medicaid (state mandate program, similar to Part D)
- Commercial (Non-Medicare Part D covered by Control Objective 1 – Client Plan Benefits Setup is not applicable to this control objective).
- Medicare/Medicaid (MMP)
- Health Insurance Exchange (HIEx)

There are two types of formularies:

- *Standard* – MedImpact controls the content of the formularies and the client follows MedImpact's decision with respect to the formulary content.
- *Custom* – The client controls the content of the formularies.

Weekly drug file changes and updates from First Data Bank are imported and converted into a PPDL via the Formulary Gateway Program. The PPDL is reviewed by the Formulary Operations Team to ensure conversion accuracy and categorization according to CMS requirements. For both standard and custom formulary clients for Medicare Part D, MMP formulary maintenance is a weekly process that coincides with the timing of the First Databank drug file update. The PPDL document is then formatted and reviewed by the Formulary Mapping Pharmacist, with annotations made directly in the Excel document.

Standard formularies are coded in-house, while custom formularies are coded by clients directly in EFS. The coding process includes populating the formulary with the appropriate drug bucket associated with a specific formulary. The Formulary Outputs Team notifies clients via email with a link to Enterprise Formulary System to ensure communication of weekly drug updates. The Formulary Outputs Team completes a weekly checklist to ensure all clients have been communicated of their projects. Once the coding of the formulary is completed in EFS, the client-approved formulary is ready to be translated into POS. All formularies follow the same upload process. A manually initiated translation job gathers and implements all approved projects to POS on a weekly basis. Alert notifications are configured to ensure formularies are processed completely.

If there is an error during the Translation job, an email is sent to a distribution list, EFS-ExpTran, indicating the error. The error is then researched and properly resolved. As each formulary translates successfully, an email is sent to EFS-ExpTran indicating it was successful. The system produces a Load Results Report that details the formularies processed and any errors identified during update processing.

If formularies are not approved in EFS by Friday morning, updates are not uploaded into POS.

e) Pharmacy Rates

Controls provide reasonable assurance that pharmacy rates are completely and accurately loaded into the system and pharmacies are restricted to authorized rates.

MedImpact's national pharmacy network is an open Any Willing Provider (AWP) network. Pharmacies who wish to participate in MedImpact's network are directed to the MedImpact Pharmacy Portal at https://pharmacy.MedImpact.com, where they log in and fill out an online application form. A pharmacy can select to either participate via a Pharmacy Service Administrative Organization (PSAO) that is already contracted with MedImpact or contract directly with MedImpact.

When a pharmacy selects to participate in a PSAO listed in the portal, the request is automatically routed to the PSAO for review and approval. The requesting pharmacy and the existing MedImpact-contracted PSAO must both substantiate that they are appropriately affiliated to receive the current PSAO retail rate set to move through the ENS system queue. Upon approval by the PSAO, the MedImpact pharmacy portal generates a change request to add the pharmacy in MedImpact's ENS system.

When a pharmacy selects to contract directly via the portal, a pharmacy network agreement packet is emailed to the pharmacy for their review and approval. Upon MedImpact's receipt of the contractual agreements, Pharmacy Network Administration (PNA) staff setup a change request to add the pharmacy in MedImpact's ENS system. The change request initiates a system generated pharmacy group identifier that is linked to the most current retail pharmacy rates.

From the PNA Review queue in ENS, PNA QA staff reviews the change requests, verifying affiliations affidavits (for PSAOs only), pharmacy network agreements, and the system generated pharmacy group identifiers, among other attributes, for completeness and accuracy. The change requests are then forwarded to the Carrier Configuration team for deployment to production, unless it is a new pharmacy. In that case, it must be reviewed by Credentialing prior to being sent to the Carrier Configuration team.

The Pharmacy Network Team reviews and validates rates uploaded into the ENS Rate Management system for completeness, accuracy, and alignment with the approved rates. The ENS Rate Management System is configured to allow only authorized affiliations in production via matching drop down selections.

f) Claims Processing

Controls provide reasonable assurance that electronically submitted claims are completely and accurately processed on a timely basis.

Claims are electronically submitted to MedImpact by pharmacies either through an intermediary switch company or directly when the pharmacy submits a prescription. The claims submitted by the pharmacy are electronically transmitted to the MedImpact POS system and systematically adjudicated based on billing parameters and other validation checks coded within the system. For electronically submitted claims, the POS System automatically sends a response message within a prescribed timeframe to the pharmacy regarding the approval or denial status of the claim to ensure the claim was received and status is relayed to the pharmacy.

On a daily basis, the system automatically produces a Turn-Around Time (TAT) Report of the previous business day's processed claims and emails it to the Claims Department. The Claims Leadership Team monitors the status of daily claims processing to ensure claims are processed timely and that processing does not miss the respective Performance Guarantee deadlines. To facilitate the monitoring process, the Senior Processor tracks work items delegated to individual processors using a Daily Workload spreadsheet. This spreadsheet serves as a secondary report to allow the Claims Supervisor and management to monitor the status of paper claims that must be processed to meet the respective client deadlines and Company TAT standards.

The POS System logic automatically detects and prevents the processing of duplicate claims and contains edit checks that generate parsing errors to ensure completeness and accuracy of claims adjudication.

MedImpact's Business Quality Assurance Department processes claims in a test environment to ensure claims are completely and accurately adjudicated according to the Client IQ. The Claims Quality and Audit Support (CQAS) team performs post-production monitoring of enhancements to the POS system to ensure claims are processed completely and accurately and meet client expectations. The Claims Quality and Audit Support Team meets with Adjudication Services on a monthly basis to identify key enhancements that will require monitoring in the upcoming POS release. After deployment, claims impacted by these changes are reviewed to validate that they are processing as expected. Any critical errors are scheduled for correction in a future version of the POS claims adjudication application, at which point the fix will be monitored again, once released to production.

g) POS to Accounting System Interface

Controls provide reasonable assurance that data transmissions from POS to the Accounting System that affect user entities' internal control over financial reporting are authorized, complete and accurate.

Claims data is obtained from MedAccess in coordination with the four Explanation of Benefits (EOB) cycles. Claims transactions are interfaced for import from POS into the Accounting System by means of automated batch jobs that are scheduled to run based on the Accounting EOB calendar. The Accounting Department, Business Support Services, and IT Finance are involved in the EOB (POS to Accounting System) batch process.

Batch jobs are configured as SQL scripts and set up within the Accounting System database. Access to batch jobs that facilitate the data interface between Financial Data Repository (FDR) and Oracle is restricted to IT personnel based on job responsibilities. Batch jobs are monitored by means of automated alerts. Automated email alerts are transmitted to IT Finance and the Overnight Support Team for research and resolution when there are discrepancies or system failures to the batch jobs related to data import. Depending on the nature of the error, Accounting or IT Finance personnel undertake the appropriate corrective action and then manually reprocess the batch.

Upon successful execution of batch jobs, the Accounts Payable (AP) Department, Accounts Receivable (AR) Department, and IT Finance personnel receive an automated status email summarizing the data import. Business Support Services personnel act as intermediaries between IT Finance and the Accounting Department during the EOB batch process. A Business Analyst from Business Support Services is assigned to each EOB close. The Business Analyst notifies the AP Department when an EOB cycle is complete. Controls are in place to verify completeness and accuracy of the POS – Oracle EBS interface. As a secondary control, AP Department personnel reconcile the POS and Oracle EBS batch totals to verify completeness and accuracy prior to posting the batch. If the totals balance, AP posts the batch. Unbalanced batches are researched by IT Finance and resolved, as appropriate. Once resolved, AP personnel validate the batch totals before posting the batch.

h) Billing

Controls provide reasonable assurance that clients are completely and accurately billed on a timely basis.

On a variable EOB billing cycle, an AR Extract Report is generated for each client for whom billing/invoicing is to occur. These reports are automatically generated by the POS system and provided to the AR Department. The report provides the drug spend detail to support a component of the invoices to be sent to clients, which includes total claims processed by MedImpact on behalf of the client, the amount that MedImpact receives for pharmacy POS charges, and the net check amount to be paid to the pharmacy.

The data for the invoice is exported from POS into the Oracle EBS Accounting System at the conclusion of the variable EOB cycle. MedImpact's Oracle EBS system generates an invoice that details the amounts supporting the invoice, including any claims paid by MedImpact, as well as administrative and other charges to be billed directly to the client. AR Personnel review the EBS Invoice Extract by EOB from OBIEE to verify claim counts are complete and accurate.

Within the AR Department, Billing Analysts are assigned billing/invoicing responsibilities for a group of clients. The AR Billing Analyst reviews the system generated client invoices to compare the invoice amounts to the EBS Invoice Extraction Transaction Summary and signs off on the Invoice Checklist to verify the accuracy of the invoice. Discrepancies are researched and resolved as needed.

Once the invoices are determined to be accurate, the Billing Analyst converts the invoices into PDF copies and saves the invoices to a MedImpact network folder. An automated job loads invoice files to client folders via the MedImpact Online Reports (MOR) system within two business days of invoice generation. Jobs are monitored to ensure completeness of data loads. Clients then use the MOR site to access their client folders and retrieve their respective invoices. In some instances, clients receive invoices via email.

Billing Analysts perform spot checks on randomly selected invoices from their pre-assigned clients to confirm the proper upload of the invoice to the client folder and then sign off on the EOB Batch Invoice Assignment checklist once the spot check is completed.

Clients have up to one year to retrieve their invoices from the MOR site. After one year, the information is automatically deleted and is no longer accessible.

i) Payment Processing

Controls provide reasonable assurance that payments to pharmacies and members are complete and accurate and issued on a timely basis.

As payments are received from clients/plans, the AR Specialist matches the remittance support to the bank statement (verifying amount, EOB, HQ Code, and bank account number). Simultaneously, AR releases the corresponding AP invoices related to the payment from the client in the system when the payment brings the invoices to zero, processes the receipts in Oracle EBS, and provides the supporting documentation and a signed cover sheet to the AR Supervisor or designee for review. The AR Supervisor or designee reviews, approves, and posts the cash receipts in Oracle EBS, which prompts the system to release payments to the associated pharmacies. Payments that do not bring the invoice to zero (underpayments) are not released to the pharmacies until a credit memo is completed and approved, or until additional funds are received to bring the invoice balance to $0.00. These credit memos include the corresponding debit memo to the pharmacies and are automatically recorded to the claims-payable account journal entries when recorded.

Payments to pharmacies are made in accordance with state and federal requirements, the HQ code priority listing (POS Transaction Data detail, which is provided by the VP of Financial Modeling and Planning and approved by the Chief Financial Officer), settlement due dates, and other criteria. Using these priority parameters, the AP Manager selects the settlement or priority pharmacy payment batches for processing. The AP Specialist processes the selected payment batches in Oracle EBS, which creates the journal entries. The payment due date is automatically generated based on the release date and period of time required to pay the pharmacy as setup in Salesforce to ensure completeness and accuracy of payment terms.

Once the check or electronic file transmission (EFT) batches have been processed in Oracle EBS, an automated process sends the check print job to the print vendor, and the EFT payment files to the bank, respectively. The bank sends a confirmation email to the designated AP email inbox confirming that each individual ACH file has been received. The Accounts Payable team performs a tie out of the US Bank data to Oracle EBS each weekday to verify the number of checks processed and the check amount total.

Once the check batch has been received by the print vendor, the print vendor sends an email to the designated AP email inbox acknowledging receipt of the check file. Once the check batch has been printed, the print vendor subsequently provides all check details and check images within the vendor portal, where the AP Manager can review check batch counts and totals for confirmation and accuracy. AR Aging Reports are reviewed monthly to monitor and follow-up on outstanding payments. The outsourcing of pharmacy and DMR checks precludes AP from storing check stock on hand. The print vendor processes prints, counts, stuffs, and applies postage to all checks the following business day after the check batch file is received.

EFT initiation and approval of EFT batches at the bank level are segregated to prevent the same person from initiating and releasing the same batch, ensuring an adequate segregation of duties exists. The bank maintains an approved signature card specifically for pharmacy payments. The Data Analysts create a claims detail report (835 File) which is sent to the pharmacies as support for the forthcoming payments. Some pharmacies have access to MedImpact's client portal and access their reports directly from the internet. MedAccess system queries have been configured to run automated 835 reports Monday through Thursday at 11:00 p.m. and on Saturday. These reports are either sent to the Pharmacies directly or are available on the Internet Client Portal.

j) Change Management

Controls provide reasonable assurance that (1) changes to application programs, related database management systems, and network infrastructure are authorized, tested, documented, and approved prior to production implementation, to result in complete, accurate, and timely processing and reporting of transactions and balances relevant to user entities' internal control over financial reporting.

PROGRAM CHANGE MANAGEMENT

MedImpact has developed and documented formal policies and procedures for the Company's program change management process. Changes are formally controlled, documented, and enforced in order to minimize the corruption of information systems. Changes to information assets and systems are controlled and archived. Change requirements are reviewed, documented, and approved by the Business Process Owners to ensure requirements are accurately defined prior to change processes being performed. Program change requests are received from the clients verbally or in writing by either the Account Manager, Business Analyst, or Benefit Analyst.

When a program change request is initiated from the client, the Account Manager forwards the program change request to the assigned Business Analyst via a ticketing system. The Business Analyst reviews the request with the client, captures the business requirements, and enters the related request and business requirements into the IT change/enhancement request system. For client requests, a quote is provided to the client along with a request for approval or authorization to commence work on the change request. Once approved by the Product Owner, the request is prioritized to a Product Release, and the change request is routed to the IT Business Unit/Product Line's backlog for the corresponding Scrum Team to review and prioritize into a Sprint.

The Scrum Team reviews and aligns on a breakdown of the change request wherein the respective team's Business Analyst creates the corresponding Epics and/or Stories associated with the breakdown of the change request. The Epics and/or Stories are then presented for review and approval by designated stakeholders, and once approved, the Epics and/or Stories in the Scrum Team's backlog are now ready to be worked on in a given Sprint.

The Scrum Team working on prioritized Epics/Stories within a Sprint iterates through analysis, development, and testing until the Epics/Stories are complete and ready for Sprint Review before the end of the Sprint. While iterating through prioritized Epics/Stories within the Sprint, completed source codes in the development environment are checked into the version management system for appropriate versioning, and builds are iteratively staged for testing in the test environment. Test plans and test results that are created/captured while testing in the test environment during the Sprint, as well as any defects found during testing, are tracked in the system. At the end of the Sprint, the Scrum Team then prepares for the Sprint Review wherein the Product Owner and other relevant stakeholders can view, provide feedback, and approve the Sprint work for deployment to production. MedImpact maintains separate environments for development, testing, and production. Access to the production environment is restricted to authorized IT personnel.

Approved deliverables related to prioritized and completed change requests from a Sprint Review are then assigned to a production deployment request. Production deployment requests are received by Configuration Management, which then moves the approved code into the production environment, and the IT change/enhancement request system notifies the IT Change Control group via email of the completion of the request. The Configuration Management group uses the applicable source code control tool to ensure unauthorized changes are not promoted to production. Developers must check code into the application source code control tool to push code to production after the Business Analyst reviews the changes. QA personnel test source code in the test environment using the procedures created by the QA Engineer. Access to promote changes into production is restricted to authorized IT individuals to ensure appropriate segregation of duties exists. Actual hours worked on each Epics/Stories related to the delivered change request are tracked in the IT change/enhancement request system and are reviewed periodically by IT leadership.

Change requests and emergency programming requests (*i.e.*, production issues) can be initiated internally by MedImpact for programming requests outside of client-initiated requests.

Internal change requests follow the same process as noted above but do not require client approval. Completed change request modifications to Product Lines are identified by version numbers and included in the production software with version numbers.

NETWORK CHANGE MANAGEMENT

All changes made to the network components must follow established change management policies and procedures. Requests for network infrastructure changes are documented, tracked, prioritized, and approved by management within support tracking software and are subject to documented change procedures. Each change request is entered as a ticket into the support tracking system and assigned a unique tracking number (thereafter, each ticket is referred to as a case). Change requests are reviewed and approved by MedImpact management or sent back to the requestor with a reason for denial. Once approved, the changes are tested, if necessary, and then approved by MedImpact management prior to implementation into the production environment.

Logical access to networking components (*e.g.*, hardware, firewalls, and routers) is restricted to authorized MedImpact personnel. Access to the Microsoft Service Center is controlled through the use of individual user IDs and passwords. The software captures the user ID of personnel who update the case status within the system.

k) Logical Security

Controls provide reasonable assurance that logical access to programs and data relevant to user entities' internal control over financial reporting is restricted to authorized and appropriate users and such users are restricted to performing authorized and appropriate actions.

SECURITY POLICIES AND PROCEDURES

MedImpact has developed information security policies and procedures that are available to all Company employees via the MedImpact intranet and Compliance 360. Employees are required to sign the Employee Handbook, including acknowledgement of password responsibilities, upon hire and annually thereafter. MedImpact strictly prohibits any employee from deliberately attempting to gain unauthorized access to information resources. Company policy also prohibits employees from using another party's assigned user ID or account and password to obtain access to resources. Violation of this policy may be grounds for disciplinary action, including termination.

REQUESTS FOR SYSTEM ACCESS AND TERMINATION OF EMPLOYEE ACCESS

Employees are authorized access to systems and applications after completion of a New Hire or Resource Transfer Form via the IT Hub/Employee Lifecycle page on the intranet by the employee's manager or administrative assistant. User provisioning requests and approvals are performed prior to granting, modifying, or removing of access to ensure access is authorized. Employee access to applications is then authorized by hiring managers through the automated workflow features of the ticketing software before allowing the user's accounts and privileges to be activated. Employees are then assigned user IDs and passwords for new system access. Users are required to change their passwords upon login for new accounts, where necessary.

In the case of a workforce termination, HR initiates the termination process by changing the individual's employment status within Kronos. A scheduled job reconciles active employees with AD accounts multiple times daily to remove access for terminated employees. Administrators remove employee access to system resources upon receipt of automated termination notification from Kronos. These jobs run three times a day to remove access and prevent terminated users from accessing the MedImpact network.

Kronos sends an automatic email notification to IT Support. The workforce manager initiates the termination ticket and Workforce Exit Form within the ticketing system. The ticketing system is used to track the disabling and removing of access. The workforce exit form is used to communicate the workforce exit and identifies the workforce member, separation date, and requests to remove logical and physical access. The ticketing system creates cases to request access removal, and the cases are assigned to the appropriate IT administrator of the platform (the individual who manages access to the system). The IT administrator of the platform removes access within the system and closes the case.

IT security performs a quarterly review to validate that terminated user access is removed. Access attestations are performed annually to validate access to systems and applications is appropriately restricted.

APPLICATION/SYSTEM SECURITY PRODUCTION SYSTEM ACCESS

Password security parameters have been established and configured to protect access to key systems, as described below.

APPLICATIONS

Administrative access to MedImpact systems, including the network, production servers, databases, POS, MedAccess, MedOptimize, firewalls, and backup utility, is restricted to authorized MedImpact IT personnel. Access requires a user ID and password. System and application passwords are configured for length, complexity, and periodic reset requirements. Password policies, applicable to mobile devices, are documented and enforced through technical controls on all company devices and prohibit the changing of password/PIN lengths and authentication requirements. Password parameters include:

- Minimum password length
- Password expiration
- Password history
- Account lockout
- Password complexity

Prior to resetting MedImpact application or network user account passwords, IT Support personnel verify the user's identity by requiring answers to a series of security questions. The incident is documented in a ticket.

Access to client-facing applications is setup in the identity management system by assigning a user ID to a specific client business unit. Access to client folders via the MOR system is restricted to authorized client personnel and requires the use of a valid user ID and password. Clients may only access their own data through the use of security groups linked to client-specific folders.

NETWORK SECURITY AND MONITORING

Network segmentation, firewalls, and demilitarized zones are in place to secure and control network access. Physical and logical segmentation is applied and traffic is controlled.

Potential security violations, including unauthorized attempts to gain access in Active Directory or LDAP, are logged by the SIEM and reviewed periodically by Information Security personnel.

MedImpact has deployed an intrusion prevention/detection system (IPS/IDS) that guards against network intrusions and attacks. IPS/IDS dashboards are monitored by Information Security personnel for any network-intrusion attempts originating from outside the organization. The system provides MedImpact with timely detection of attacks and critical information to quickly respond and mitigate potential damage to data or network assets.

The Security Information and Event Management platform supports near real-time analysis and alerting of events (e.g., malicious code, potential intrusions) and integrate intrusion detection into access and flow control mechanisms. Security logs from the IPS, firewalls and endpoint-protection platform are compiled into a SIEM tool and monitored by the third-party Security Operations Center from AT&T. Alerts are reviewed by the Security Operations Center and correlated against a global database of security threats for criticality. Information Security personnel are contacted by the Security Operations Center via email alerts and directed to the Information Security on-call resource. Events are tracked, triaged, mitigated, and closed via a SIEM Portal. Information Security personnel can search the logs for key words to identify certain types of events such as failed login attempts.

A UNIX server is utilized as a central repository of server logs. The servers send a copy of their logs to the central log. Security logs are compiled into a system by a third-party vendor. Alerts are generated by the third-party vendor tool and are sent to Information Security. Security personnel can search the logs for key words to identify certain types of events such as failed login attempts.

The Company employs firewalls and demilitarized zones (DMZs) to secure and control network access. The firewalls are configured to deny all access unless access is specifically allowed. Management reviews the firewall logs on a periodic basis to identify any potential security events. Remote connections are secured by means of two-factor authentication. VPN traffic is encrypted to ensure restricted access and security of the network. MedImpact personnel cannot connect to the network remotely unless they obtain prior authorization from their manager. The remote-access request is included in their initial network-access request in the ticketing system or as a separate request after the initial network access has been granted. Remote-user connections to the network are performed using VPN technology and are secured by tokens that provide a two-factor authentication and an encrypted, secure VPN client. The users must enter their secure-token ID in addition to a secret PIN. VPN traffic is encrypted. Copying, moving, printing, and storage of sensitive data are prohibited when accessed remotely without a defined business need.

Quarterly in-house vulnerability scans are performed using Qualys on externally facing resources. Internal systems supporting the in-scope applications are scanned annually to check for vulnerabilities and secure configurations. Evidence of the security assessment and management's review of the remediation activity is retained.

Anti-virus software is installed on all workstations, laptops, and servers. Vendor updates are automatically installed. Automated email alerts are sent to the entire Information Security Group whenever the anti-virus software detects a potential issue.

l) Application and System Processing

Controls provide reasonable assurance that application and system processing relevant to user entities' internal control over financial reporting is authorized and executed in a complete, accurate, and timely manner, and deviations are resolved.

MedImpact has configured multiple computer processes to automate system processing that may be relevant to user entities' internal control over financial reporting. Personnel within the operations scheduling group and IT Finance are primarily responsible for the execution and monitoring of automated computer processing jobs. While these processes have been presented elsewhere in this report, a summary follows below.

MEMBER ENROLLMENT

User entities upload member updates to MedImpact's MFTP servers for upload into the claims processing system. An automated server scan is executed by the MedImpact system to retrieve member updates from client folders residing on the MFTP servers. A cron job within MedImpact's system automatically executes a scan of the MFTP server to retrieve member updates from client folders residing on the MFTP servers. A Load Results Report with record counts and errors identified during processing, is systematically created to ensure client-provided member data is complete and accurate. Job schedulers are configured to notify Application Support Analysts when delays or critical errors occur during upload of client data to POS.

INDUSTRY-STANDARD DRUG INFORMATION UPDATES

The NDDF is a weekly file received from First Databank, a subservice organization that provides updated drug information to MedImpact. Upon receipt of the NDDF file, it is uploaded by the Operations Scheduler group into a staging environment, for review by the MedImpact Drug Data Team. The Operations Scheduler generates an automated email that transmits the NDDF to the Drug Data Team on a weekly basis.

FORMULARY CHANGES

Formulary changes are translated into POS each week. All formularies follow the same upload process. The Translation job, which is initiated by a user via UC4 on Fridays, picks up all approved projects and moves it to POS. If there is an error during the translation job, an e-mail is sent to a distribution list, EFS-ExpTran, indicating the error. The error will then be researched and properly resolved. As each formulary translates successfully, an email is sent to the distribution list, EFS-ExpTran, indicating it was successful. The system produces a Load Results Report that details the formularies processed and any errors identified during update processing.

POS TO ACCOUNTING SYSTEM INTERFACE

Claims transactions are interfaced for import from POS into the accounting system by means of automated batch jobs that are scheduled to run based on the Accounting EOB calendar. The Accounting Department, Business Support Services and IT Finance are involved in the EOB (POS to accounting system) batch process.

Batch jobs are configured as SQL scripts and set up within the Oracle SQL database. Access to the batch jobs is restricted to IT personnel within the IT Finance group. Additionally, on a monthly basis, the Director of Disbursement and Procurement Services and the Director of Revenue Accounting review modifications to key attributes in Oracle tables and validate actions performed by the system administrators. Review signoffs are documented and retained to validate the review performed. Automated email alerts are transmitted to IT Finance and the Overnight Support Team for research and resolution when there are discrepancies or system failures to the batch jobs related to data import. Depending on the nature of the error, Accounting or IT Finance personnel undertake the appropriate corrective action and then manually reprocess the batch.

MONITORING

MedImpact utilizes several monitoring tools and custom logs to capture and monitor various events, including:

- Network performance and utilization
- Availability/downtime
- CPU and disk utilization
- Temperature and power
- Diesel generator efficiency

Network monitoring is performed real time and displayed on a consolidated screen within the Network Operations Center to notify and ensure potential problems including security, availability, services and protection of connected services from unauthorized access are addressed.

BUSINESS CONTINUITY AND DISASTER RECOVERY

MedImpact places a high value on providing continuity of service to its clients. Business Continuity and Disaster Recovery plans exist. Copies of the plan are distributed to key personnel and are stored in a remote location. Responsibility for emergency procedures, manual fallback procedures, and resumption plans is assigned to the relevant business or process owner. The disaster recovery plans are designed to address a wide range of issues that could arise assuming a worst-case scenario were to occur. This philosophy yields a capability whereby each situation can be readily assessed and actions tailored as required to address the issues at hand. MedImpact's disaster recovery plans stand ready to be activated should an event affect any sites, causing a disruption.

MedImpact's disaster recovery philosophy emphasizes disaster prevention, mitigation, and recovery. The work environments are regularly reviewed to identify potential sources of risk. Management continually strives to reduce any potential single points of failure as part of this process through an analysis of the operations monitoring procedures. Technology personnel also evaluate changes made or new services added to the environment. Continuity plans and solutions are implemented wherever necessary, and improved, when possible, to reduce the likelihood of significant interruptions in service capabilities.

MedImpact performs full disaster recovery testing at a minimum, annually. A Business Continuity and Disaster Recovery team and sub teams, comprising of Senior Leadership and key personnel, meet regularly to review and test Business Continuity and Disaster Recovery processes.

m) Data Replication

Controls provide reasonable assurance that data relevant to user entities' internal control over financial reporting is continuously replicated to an alternate site.

Automatic data replication is configured for critical systems and occurs continuously. Two sites are running simultaneously to ensure system availability. Data is replicated between the MedImpact facilities in San Diego, California and Tempe, Arizona simultaneously to ensure system availability.

n) Physical Security

Controls provide reasonable assurance that physical access to computer resources and corporate facilities relevant to user entities' internal control over financial reporting is restricted to authorized and appropriate personnel and environmental controls are installed to protect computer equipment.

CORPORATE OFFICE

During business hours, a receptionist is stationed in the lobby of the MedImpact San Diego office facility to monitor access of MedImpact guests. Visitors to the MedImpact corporate offices must sign a visitors log, be given a visitor badge, and be escorted by MedImpact personnel. Visitor and third-party support access is recorded and supervised unless previously approved.

Physical access to the MedImpact corporate office and data center is restricted to authorized individuals. Access is controlled and logged via electronic access card system. New hires are provided with an electronic access card during new hire orientation and are granted access to specific areas based on job function and title. Terminated employees are deleted from the security system on their last day of employment.

MedImpact utilizes data center facilities in San Diego, California (a third-party facility) and Tempe, Arizona (a MedImpact-owned facility).

TEMPE DATA CENTER

The MedImpact-owned data center located in Tempe, Arizona is monitored by security personnel 24/7/365. Normal facility operating hours are from 5:00 a.m. to 10:00 p.m. Mountain Standard Time, Monday through Friday. Visitors to the Tempe facility are greeted by a security guard who controls and monitors access. All visitors are required to sign a visitors log and be escorted by MedImpact personnel. Access to the Tempe facility during non-business hours is controlled by an electronic card-key system.

To request access to the data center facilities, an access request must be submitted through the tracking system. Requests for access to the data center must be supported by a ticket in the tracking system and approved by the Data Center manager or above. Once access is approved, an electronic key card is provisioned with the appropriate level of access and distributed to the employee or contractor. Data center access is reviewed quarterly to validate access is appropriately restricted. Modifications to access are performed as necessary.

All access points within the facilities are monitored by surveillance cameras 24/7/365. In addition, cameras are placed in strategic areas to monitor activity surrounding the data centers.

The power design for the Tempe data center is built for increased power requirements and redundancy, which includes the following:

- The facility contains redundant uninterruptible power supply (UPS) systems with automatic and manual bypass.
- The power from the UPS systems supplies multiple power distribution units (PDUs) that are located in a mechanical room adjacent to the data center. These PDUs supply remote power panels located within the data center.
- The redundant switchgear contains circuit breakers and redundant UPS that are located in separate rooms.
- Each switchgear supplies power to individual UPS units, which supply power to an A and B side of each PDU.
- The redundant switchgears are connected to both the utility power and the back-up generators so that the switchgears have a redundant supply of power.
- Two Cummins diesel generators are used to support the backup electricity needs of the building. Each generator is capable of supplying the building with 30 hours of power on a full tank. Both generators are tested on a weekly basis. Fuel is provided by a third-party vendor and by an additional three vendors in the event that the primary vendor is unavailable.
- Maintenance, cleaning, and refueling of all critical power systems are contracted out to a local provider.

NETWORK REDUNDANCY AND AVAILABILITY

The Tempe data center is connected to diverse Internet Service Providers (ISP) networks. In addition, the facility has two network operations rooms for redundant external telco providers. The network core is also redundant, and all servers have two power connections, which are connected to both the A-side core and the B-side core.

COOLING

The data center utilizes an advanced cooling system and is powered through the installation of four 30-ton air conditioning (AC) units. AC units at both locations provide a high level of performance while providing redundant and flexible system controls.

MedImpact has entered into a maintenance contract with a local provider, which provides monthly preventative maintenance and inspection of the computer room air conditioning (CRAC) units including filter replacement, cleaning of internal components, flushing of humidifier trays, securing compressor mounts, replacing of belts, and cleaning of condenser units. Custom logs are used to maintain and monitor the temperature and humidity for each of the zones within the data centers.

FIRE SUPPRESSION

Fire suppression is handled through HFC-125 systems. The Tempe fire suppression system is activated by at least two smoke detectors from different zones. The facility also utilizes a pre-action dry-pipe system to bolster fire suppression capabilities in the event of a large fire. The pre-action system fills the pipes with water once the HFC-125 system is activated. Once the temperature in the data center reaches a point that activates the sensor, the water-based fire suppression system is activated. Fire extinguishers and detectors are installed according to applicable laws and regulations.

D. Control Objectives and Related Controls

MedImpact has specified the control objectives and identified the controls that are designed to achieve the related control objective. The specified control objectives and related controls are presented in Section IV, "Description of MedImpact Healthcare Systems, Inc.'s Control Objectives and Related Controls, and Independent Service Auditor's Description of Tests of Controls and Results," and are an integral component of MedImpact's Claims Processing System.

E. Complementary Subservice Organization Controls

MedImpact's controls related to the Claims Processing System cover only a portion of overall internal control for each user entity of MedImpact. It is not feasible for the control objectives related to the Claims Processing System to be achieved solely by MedImpact. Therefore, each user entity's internal control over financial reporting must be evaluated in conjunction with MedImpact's controls and the related tests and results described in Section IV of this report, taking into account the types of controls expected to be implemented by the subservice organization as described below.

	Complementary Subservice Organization Controls		Related Control Objective
AT&T, Inc., DataBank Holdings Ltd., Salesforce, Inc.			
1	Only authorized program changes are made to the application, and changes are subject to testing and approval prior to production implementation.	➤	**Control Objective 10:** Change Management
2	Only authorized personnel are permitted to make changes to the system.	➤	**Control Objective 10:** Change Management
3	Logical security over access to the application is restricted to authorized personnel.	➤	**Control Objective 11:** Logical Security
4	Physical access to facilities is restricted to authorized personnel.	➤	**Control Objective 14:** Physical Security

Complementary Subservice Organization Controls		Related Control Objective
AT&T, Inc.		
5	Only authorized personnel are permitted to make changes to the SIEM application and related reports and logs produced by the application.	**Control Objective 10:** Change Management
6	The SIEM report and logs are transmitted to MedImpact in a secure manner, and only authorized personnel are permitted to transmit the file.	**Control Objective 11:** Logical Security

F. Complementary User Entity Controls

MedImpact's controls related to the Claims Processing System cover only a portion of overall internal control for each user entity of MedImpact. It is not feasible for the control objectives related to the Claims Processing System to be achieved solely by MedImpact. Therefore, each user entity's internal control over financial reporting should be evaluated in conjunction with MedImpact's controls and the related tests and results described in Section IV of this report, taking into account the related complementary user entity controls identified below, where applicable.

In order for user entities to rely on the controls reported on herein, each user entity must evaluate its own internal control to determine whether the identified complementary user entity controls have been implemented and are operating effectively. User entities are responsible for:

Complementary User Entity Controls		Related Control Objective
1	User entities should have controls in place and operating effectively for completing and forwarding a signed IQ to MedImpact for setup of plan benefits in the POS system.	**Control Objective 1:** Client Plan Benefits Setup
2	User entities should have controls in place and operating effectively for reviewing and approving test claims and communicating any concerns or questions related to claims adjudication on a timely basis.	**Control Objective 1:** Client Plan Benefits Setup **Control Objective 6:** Claims Processing
3	User entities should have controls in place and operating effectively to ensure individuals that review and approve POS test results are authorized.	**Control Objective 1:** Client Plan Benefits Setup
4	User entities should have controls in place and operating effectively for notifying MedImpact on a timely basis of any changes to the individuals authorized to make plan benefit changes.	**Control Objective 1:** Client Plan Benefits Setup
5	User entities requesting changes to the plan after initial setup should have controls in place and operating effectively for completing a BCR form and submitting it to MedImpact on a timely basis.	**Control Objective 1:** Client Plan Benefits Setup

Complementary User Entity Controls		Related Control Objective
6	User entities should have controls in place and operating effectively for ensuring the confidentiality of user IDs and passwords used to gain access to MedImpact applications.	**Control Objective 1:** Client Plan Benefits Setup **Control Objective 2:** Member Enrollment **Control Objective 8:** Billing **Control Objective 11:** Logical Security
7	User entities should have controls in place and operating effectively for submitting authorized, complete, and accurate member updates in a timely manner.	**Control Objective 2:** Member Enrollment
8	User entities should have controls in place and operating effectively for reviewing the Load Results Report and evaluating, correcting, and resubmitting any identified errors or missing information in a timely manner.	**Control Objective 2:** Member Enrollment
9	Projects are available for user entity review beginning Tuesday morning until 2:00 p.m. PST Thursday. User entities should have controls in place and operating effectively to review the projects and code and approve them by the established deadline to enable MedImpact to accurately manage formularies and maintain drug coverage guidelines.	**Control Objective 4:** Formulary Changes
10	User entities with custom formularies should have controls in place and operating effectively for providing accurate drug formularies to MedImpact by the established deadline for upload into POS on Friday.	**Control Objective 4:** Formulary Changes
11	User entities should have controls in place and operating effectively for reviewing and approving pharmacy-network requests submitted via the MedImpact pharmacy portal.	**Control Objective 5:** Pharmacy Rates
12	User entities should have controls in place and operating effectively for notifying MedImpact of any errors identified in claims processing on a timely basis.	**Control Objective 6:** Claims Processing
13	User entities should have controls in place and operating effectively for retrieving invoices from the MOR site on a timely basis.	**Control Objective 8:** Billing
14	User entities should have controls in place and operating effectively for notifying MedImpact on a timely basis of any discrepancies or issues identified in payments received.	**Control Objective 9:** Payment Processing
15	User entities should communicate any changes in personnel timely to MedImpact to remove their access to MedImpact system(s).	**Control Objective 11:** Logical Security

IV. Description of MedImpact Healthcare Systems, Inc.'s Control Objectives and Related Controls, and Independent Service Auditor's Description of Tests of Controls and Results

A. Information Provided by the Independent Service Auditor

This SOC 1 Type 2 report was prepared in accordance with the AICPA attestation standards and, when combined with an understanding of the controls at user entities, is intended to assist auditors in planning the audit of user entities' financial statements or user entities' internal control over financial reporting and in assessing control risk for assertions in user entities' financial statements that may be affected by controls at MedImpact.

Our examination was limited to the control objectives and related controls specified by MedImpact in Sections III and IV of the report, and did not extend to controls in effect at user entities.

It is the responsibility of each user entity and its independent auditor to evaluate this information in conjunction with the evaluation of internal control over financial reporting at the user entity in order to assess total internal control. If internal control is not effective at user entities, MedImpact's controls may not compensate for such weaknesses.

MedImpact's internal control represents the collective effect of various factors on establishing or enhancing the effectiveness of the controls specified by MedImpact. In planning the nature, timing, and extent of our testing of the controls to achieve the control objectives specified by MedImpact, we considered aspects of MedImpact's control environment, risk assessment process, monitoring activities, and information and communications.

The following table clarifies certain terms used in this section to describe the nature of the tests performed:

Test Procedure		Description
Inquiry	➤	Inquiry of appropriate personnel and corroboration with management.
Observation	➤	Observation of the application, performance, or existence of the control.
Inspection	➤	Inspection of documents and reports indicating performance of the control.
Reperformance	➤	Reperformance of the control.

In addition, we evaluated whether the information was sufficiently reliable for our purposes by obtaining evidence about the accuracy and completeness of such information and evaluating whether the information was sufficiently precise and detailed for our purposes.

For tests of controls requiring the use of information produced by the entity (IPE), including electronic information, we performed a combination of the following procedures based on the nature of the IPE to address the completeness, accuracy, and data integrity of the data or reports used:

- Inspected the source of the IPE
- Inspected the query, script, or parameters used to generate the IPE
- Tied data between the IPE and the source
- Inspected the IPE for anomalous gaps in sequence or timing to determine that the data is complete, accurate, and maintains its integrity

For tests of controls requiring management's use of IPE in the execution of the controls, we inspected evidence of management's procedures, as applicable, to assess the validity of the IPE source and the completeness, accuracy, and integrity of the data or reports.

B. Test of Controls and Results

1. Client Plan Benefit Setup

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 1: Controls provide reasonable assurance that new client benefit plan specifications and changes to existing client plans specifications are authorized and set up completely and accurately in the POS system.			
M1-1.01	MedImpact requires a completed Implementation Questionnaire (IQ) to setup and configure the client's benefits. The client is required to review and approve the IQ for completeness and accuracy.	Inquired of the Director of Configuration Services to confirm MedImpact required a completed IQ to setup and configure the client's benefits; and the client was required to review and approve the IQ for completeness and accuracy. Inspected IQs for randomly selected new clients during the examination period to determine if MedImpact required a completed IQ to setup and configure the client's benefits; and clients were required to review and approve the IQ for completeness and accuracy.	No exceptions noted. No exceptions noted.
M1-1.02	Client review and approval of test claims processed in a test environment is required prior to implementing new or updated plan specifications into production.	Inquired of the Director of Business Solutions and Configurations to confirm client review and approval of test claims processed in a test environment was required prior to implementing new or updated plan specifications into production. Inspected Test Plan Summaries for randomly selected new clients during the examination period to determine if client review and approval of test claims processed in a test environment was required prior to implementing new or updated plan specifications into production.	No exceptions noted. No exceptions noted.
M1-1.03	Client authorization is required for all benefit changes.	Inquired of the Vice President of Operations to confirm client authorization was required for all benefit changes. Inspected Client Benefit Change Request forms for randomly selected benefit changes during the examination period to determine if client authorization was required for all benefit changes.	No exceptions noted. No exceptions noted.

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 1: Controls provide reasonable assurance that new client benefit plan specifications and changes to existing client plans specifications are authorized and set up completely and accurately in the POS system.			
M1-1.04	MedImpact reviews and tests the benefit changes prior to deployment to production to ensure benefit changes are working as intended.	Inquired of the Director of Business Solutions and Configurations to confirm MedImpact reviewed and tested the benefit changes prior to deployment to production to ensure benefit changes were working as intended. Inspected Benefit Change Requests tickets for randomly selected benefit changes during the examination period to determine if MedImpact reviewed and tested the benefit changes prior to deployment to production to ensure benefit changes were working as intended.	No exceptions noted. No exceptions noted.
M1-1.05	Clients must send approval of Benefit Changes acknowledging their approval of changes requested.	Inquired of the Vice President of Operations and the Director of Business Solutions and Configurations to confirm clients must send approval of Benefit Changes acknowledging their approval of changes requested. Inspected Client Benefit Change Request forms for randomly selected benefit changes during the examination period to determine if clients sent approval of Benefit Changes acknowledging their approval of changes requested.	No exceptions noted. No exceptions noted.

2. Member Enrollment

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 2: Controls provide reasonable assurance that new member enrollment and changes to existing member enrollment information are authorized and set up completely and accurately in the POS system on a timely basis.			
M1-2.01	Clients electronically submit member information via secure managed file transfer (MFT) to ensure client data is securely sent.	Inquired of the Manager App Support and Operations to confirm clients electronically submitted member information via secure MFT to ensure client data was securely sent. Inspected MFT configuration to determine if clients electronically submitted member information via secure MFT to ensure client data was securely sent.	No exceptions noted. No exceptions noted.
M1-2.02	Client home directories are mapped to root to ensure client data is appropriately segregated.	Inquired of the Manager App Support and Operations to confirm client home directories were mapped to root to ensure client data was appropriately segregated. Inspected MFT root mapping configurations to determine if client home directories were mapped to root to ensure client data was appropriately segregated.	No exceptions noted. No exceptions noted.
M1-2.03	The Informatica load process is configured to scan and retrieve member information updates to ensure MedImpact receives updated client eligibility information.	Inquired of the Software Engineer to confirm the Informatica load process was configured to scan and retrieve member information updates to ensure MedImpact received updated client eligibility information. Inspected the Informatica B2B Navigator Interface to determine if the Informatica load process was configured to scan and retrieve member information updates to ensure MedImpact received updated client eligibility information.	No exceptions noted. No exceptions noted.
M1-2.04	Client new and changed enrollment file uploads are validated for completeness and accuracy and alerts are generated for identified errors.	Inquired of the Software Engineer to confirm client new and changed enrollment file uploads were validated for completeness and accuracy and alerts were generated for identified errors. Inspected the Informatica B2B Navigator file validation process to determine if client new and changed enrollment file uploads were validated for completeness and accuracy and alerts were generated for identified errors.	No exceptions noted. No exceptions noted.

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 2: Controls provide reasonable assurance that new member enrollment and changes to existing member enrollment information are authorized and set up completely and accurately in the POS system on a timely basis.			
M1-2.05	A Load Results Report with record counts and errors identified during processing, is systematically created to ensure client-provided member data is complete and accurate.	Inquired of the Software Engineer to confirm a Load Results Report with record counts and errors identified during processing was systematically created to ensure client-provided member data was complete and accurate. Inspected the Load Results Report to determine if a Load Results Report with record counts and errors identified during processing was systematically created to ensure client-provided member data was complete and accurate.	No exceptions noted. No exceptions noted.
M1-2.06	Job schedulers are configured to notify Application Support Analysts when delays or critical errors occur during upload of client data to POS.	Inquired of the Software Engineer to confirm job schedulers were configured to notify Application Support Analysts when delays or critical errors occurred during upload of client data to POS. Inspected the email notification configuration and an example critical alert to determine if job schedulers were configured to notify Application Support Analysts when delays or critical errors occurred during upload of client data to POS.	No exceptions noted. No exceptions noted.

3. Industry-Standard Drug Information Updates

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 3: Controls provide reasonable assurance that industry-standard drug information is completely loaded into the production system on a weekly basis, and pricing is updated every weekday.			
M1-3.01	The Operations Scheduler generates an automated email that transmits the NDDF to the Drug Data Team on a weekly basis.	Inquired of the Applications Support Engineer to confirm the Operations Scheduler generated an automated email that transmitted the NDDF to the Drug Data Team on a weekly basis. Inspected the NDDF auto email configuration and an example email alert to determine if the Operations Scheduler generated an automated email that transmitted the drug file to the Drug Data Team on a weekly basis.	No exceptions noted. No exceptions noted.
M1-3.02	The Drug Data Team reviews the NDDF prior to upload into production on a weekly basis to ensure the upload of the drug data file is complete and accurate.	Inquired of the Drug Data Manager to confirm the Drug Data Team reviewed the drug data file prior to upload into production on a weekly basis to ensure the upload of the drug data file was complete and accurate. Inspected drug data files and load process email notifications for randomly selected weeks during the examination period to determine if the Drug Data Team reviewed the drug data file prior to upload into production on a weekly basis to ensure the upload of the drug data file was complete and accurate.	No exceptions noted. No exceptions noted.
M1-3.03	The Operations Scheduler is configured to upload the Medi-Span drug pricing to production daily, Monday through Friday.	Inquired of the Applications Support Engineer to confirm the Operations Scheduler was configured to upload the Medi-Span drug pricing to production daily, Monday through Friday. Inspected the Operations Scheduler configuration to determine if the Operations Scheduler was configured to upload the Medi-Span drug pricing to production daily, Monday through Friday.	No exceptions noted. No exceptions noted.

4. Formulary Changes

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 4: Controls provide reasonable assurance that formulary information and subsequent formulary changes are completely and accurately uploaded into the POS system on a weekly basis.			
M1-4.01	Weekly drug file changes and updates from First Data Bank are imported and converted into a PPDL via the Formulary Gateway Program. The PPDL is reviewed by the Formulary Operations Team to ensure conversion accuracy and categorization according to CMS requirements.	Inquired of the Drug Data Manager and the Manager of Formulary Administration and Maintenance to confirm weekly drug file changes and updates from First Data Bank were imported and converted into a PPDL via the Formulary Gateway Program; and the PPDL was reviewed by the Formulary Operations Team to ensure conversion accuracy and categorization according to CMS requirements. Inspected PPDL files and reviewal emails for randomly selected weeks during the examination period to determine if weekly drug file changes and updates from First Data Bank were imported and converted into a PPDL via the Formulary Gateway Program; and the PPDL was reviewed by the Formulary Operations Team to ensure conversion accuracy and categorization according to CMS requirements.	No exceptions noted. No exceptions noted.
M1-4.02	The Formulary Outputs Team notifies clients via email with a link to Enterprise Formulary System to ensure communication of weekly drug updates. The Formulary Outputs Team completes a weekly checklist to ensure all clients have been communicated of their projects.	Inquired of the Drug Data Manager and the Manager of Formulary Administration and Maintenance to confirm the Formulary Outputs Team notified clients via email with a link to Enterprise Formulary System to ensure communication of weekly drug updates; and the Formulary Outputs Team completed a weekly checklist to ensure all clients had been communicated of their projects. Inspected drug update emails during for randomly selected weeks during the examination period to determine if the Formulary Outputs Team notified clients via email with a link to Enterprise Formulary System to ensure communication of weekly drug updates; and the Formulary Outputs Team completed a weekly checklist to ensure all clients had been communicated of their projects.	No exceptions noted. No exceptions noted.

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 4: Controls provide reasonable assurance that formulary information and subsequent formulary changes are completely and accurately uploaded into the POS system on a weekly basis.			
M1-4.03	A manually initiated translation job gathers and implements all approved projects to POS on a weekly basis. Alert notifications are configured to ensure formularies are processed completely.	Inquired of the Drug Data Manager and the Manager of Formulary Administration and Maintenance to confirm a manually initiated translation job gathered and implemented all approved projects to POS on a weekly basis; and alert notifications were configured to ensure formularies were processed completely.	No exceptions noted.
		Inspected the translation job configuration to determine if alert notifications were configured to ensure formularies were processed completely.	No exceptions noted.
		Inspected translation jobs configuration and alert notifications for randomly selected weeks during the examination period to determine if a manually initiated translation job gathered and implemented all approved projects to POS on a weekly basis; and alert notifications were configured to ensure formularies were processed completely.	No exceptions noted.

5. Pharmacy Rates

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 5: Controls provide reasonable assurance that pharmacy rates are completely and accurately loaded into the system and pharmacies are restricted to authorized rates.			
M1-5.01	The ENS Rate Management System is configured to allow only authorized affiliations in production via matching drop down selections.	Inquired of the Manager of Pharmacy Solicitation to confirm the ENS Rate Management System was configured to allow only authorized affiliations in production via matching drop down selections. Inspected the ENS drop down menu to determine if configured to allow only authorized affiliations in production via matching drop down selections.	No exceptions noted. No exceptions noted.
M1-5.02	The Pharmacy Network Team reviews and validates rates uploaded into the ENS Rate Management system for completeness, accuracy, and alignment with the approved rates.	Inquired of the Manager of Pharmacy Solicitation to confirm the Pharmacy Network Team reviewed and validated rates uploaded into the ENS Rate Management system for completeness, accuracy, and alignment with the approved rates. Inspected ENS audit trails and Pharmacy Affiliation Affidavits for randomly selected new pharmacy affiliations during the examination period to determine if the Pharmacy Network Team reviewed and validated rates uploaded into the ENS Rate Management system for completeness, accuracy, and alignment with the approved rates.	No exceptions noted. No exceptions noted.

6. Claims Processing

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 6: Controls provide reasonable assurance that electronically submitted claims are completely and accurately processed on a timely basis.			
M1-6.01	For electronically submitted claims, the POS System automatically sends a response message within a prescribed timeframe to the pharmacy regarding the approval or denial status of the claim to ensure the claim was received and status is relayed to the pharmacy.	Inquired of the Manager of Business Solutions and the Director of Business Solutions and Configuration to confirm for electronically submitted claims, the POS System automatically sent a response message within a prescribed timeframe to the pharmacy regarding the approval or denial status of the claim to ensure the claim was received and status was relayed to the pharmacy. Observed an electronically submitted claim in the POS system to determine if for electronically submitted claims, the POS System automatically sent a response message within a prescribed timeframe to the pharmacy regarding the approval or denial status of the claim to ensure the claim was received and status was relayed to the pharmacy. Inspected the POS System average response times during the examination period to determine if for electronically submitted claims, the POS System automatically sent a response message within a prescribed timeframe to the pharmacy regarding the approval or denial status of the claim to ensure the claim was received and status was relayed to the pharmacy.	No exceptions noted. No exceptions noted. No exceptions noted.
M1-6.02	The POS System logic automatically detects and prevents the processing of duplicate claims and contains edit checks that generate parsing errors to ensure completeness and accuracy of claims adjudication.	Inquired of the Manager of Business Solutions and the Director of Business Solutions and Configuration to confirm the POS System logic automatically detected and prevented the processing of duplicate claims and contained edit checks that generated parsing errors to ensure completeness and accuracy of claims adjudication. Inspected the duplicate claim lookup query to determine if the POS System logic automatically detected and prevented the processing of duplicate claims and contained edit checks that generated parsing errors to ensure completeness and accuracy of claims adjudication.	No exceptions noted. No exceptions noted.

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 6: Controls provide reasonable assurance that electronically submitted claims are completely and accurately processed on a timely basis.			
M1-6.03	MedImpact's Business Quality Assurance Department processes claims in a test environment to ensure claims are completely and accurately adjudicated according to the Client IQ.	Inquired of the Manager of Business Solutions and the Director of Business Solutions and Configuration to confirm MedImpact's Business Quality Assurance Department processed claims in a test environment to ensure claims were completely and accurately adjudicated according to the Client IQ. Inspected Test Plan Summaries for randomly selected new clients during the examination period to determine if MedImpact's Business Quality Assurance Department processed claims in a test environment to ensure claims were completely and accurately adjudicated according to the Client IQ.	No exceptions noted. No exceptions noted.
M1-6.04	The Claims Quality and Audit Support (CQAS) team performs post-production monitoring of enhancements to the POS system to ensure claims are processed completely and accurately and meet client expectations.	Inquired of the Manager of Business Solutions and the Director of Business Solutions and Configuration to confirm the CQAS team performed post-production monitoring of enhancements to the POS system to ensure claims were processed completely and accurately and met client expectations. Inspected tickets for randomly selected POS enhancements during the examination period to determine if the CQAS team performed post-production monitoring of enhancements to the POS system to ensure claims were processed completely and accurately and met client expectations.	No exceptions noted. No exceptions noted.

7. POS to Accounting System Interface

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 7: Controls provide reasonable assurance that data transmissions from POS to the Accounting System that affect user entities' internal control over financial reporting are authorized, complete and accurate.			
M1-7.01	Access to batch jobs that facilitate the data interface between Financial Data Repository (FDR) and Oracle is restricted to IT personnel based on job responsibilities.	Inquired of the Manager of IT Finance to confirm access to batch jobs that facilitated the data interface between FDR and Oracle was restricted to IT personnel based on job responsibilities. Inspected MI Interface Responsibility document to determine if access to batch jobs that facilitated the data interface between FDR and Oracle was restricted to IT personnel based on job responsibilities.	No exceptions noted. No exceptions noted.
M1-7.02	Automated email alerts are transmitted to IT Finance and the Overnight Support Team for research and resolution when there are discrepancies or system failures to the batch jobs related to data import.	Inquired of the Manager of IT Finance to confirm automated email alerts were transmitted to IT Finance and the Overnight Support Team for research and resolution when there were discrepancies or system failures to the batch jobs related to data import. Inspected email alerts for randomly selected seven-day EOB days to determine if automated email alerts were transmitted to IT Finance and the Overnight Support Team for research and resolution when there were discrepancies or system failures to the batch jobs related to data import.	No exceptions noted. No exceptions noted.
M1-7.03	AP Department personnel reconcile the POS and Oracle EBS batch totals to verify completeness and accuracy prior to posting the batch.	Inquired of the Manager of IT Finance to confirm AP Department personnel reconciled the POS and Oracle EBS batch totals to verify completeness and accuracy prior to posting the batch Inspected the batch total report and the MI Daily AP Drug Spending Tie Out Report to determine if AP Department personnel reconciled the POS and Oracle EBS batch totals to verify completeness and accuracy prior to posting the batch	No exceptions noted. No exceptions noted.

8. Billing

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 8: Controls provide reasonable assurance that clients are completely and accurately billed on a timely basis.			
M1-8.01	The AR Billing Analyst reviews the system generated client invoices to compare the invoice amounts to the EBS Invoice Extraction Transaction Summary and signs off on the Invoice Checklist to verify the accuracy of the invoice.	Inquired of the Manager, Accounts Receivable to confirm the AR Billing Analyst reviewed the system generated client invoices to compare the invoice amounts to the EBS Invoice Extraction Transaction Summary and signed off on the Invoice Checklist to verify the accuracy of the invoice. Inspected AR Invoice Detail reports, client invoices, and Invoice Checklist for randomly selected EOB Calendar 14 Day cycles to determine if the AR Billing Analyst reviewed the system generated client invoices to compare the invoice amounts to the EBS Invoice Extraction Transaction Summary and signed off on the Invoice Checklist to verify the accuracy of the invoice.	No exceptions noted. No exceptions noted.
M1-8.02	An automated job loads invoice files to client folders via the MedImpact Online Reports (MOR) system within two business days of invoice generation. Jobs are monitored to ensure completeness of data loads.	Inquired of the Manager, Accounts Receivable to confirm an automated job loaded invoice files to client folders via the MOR system within two business days of invoice generation; and jobs were monitored to ensure completeness of data loads. Inspected the Automated Job Load Configuration to determine if an automated job loaded files to client files via the MOR system within two business days of invoice generation. Inspected EOB Batch Invoice Assignment Checklists for randomly selected EOB Calendar 14 Day cycles to determine if automated job loads were monitored to ensure completeness of data loads.	No exceptions noted. No exceptions noted. No exceptions noted.

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 8: Controls provide reasonable assurance that clients are completely and accurately billed on a timely basis.			
M1-8.03	AR Personnel review the EBS Invoice Extract by EOB from OBIEE to verify claim counts are complete and accurate.	Inquired of the Manager, Accounts Receivable to confirm AR Personnel reviewed the EBS Invoice Extract by EOB from OBIEE to verify claim counts were complete and accurate. Inspected AR Invoice Detail reports, client invoices, and EBS checklists for randomly selected EOB Calendar 14 Day cycles to determine if AR Personnel reviewed the EBS Invoice Extract by EOB from OBIEE to verify claim counts were complete and accurate.	No exceptions noted. No exceptions noted.

9. Payment Processing

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 9: Controls provide reasonable assurance that payments to pharmacies and members are complete and accurate and issued on a timely basis.			
M1-9.01	The payment due date is automatically generated based on the release date and period of time required to pay the pharmacy as setup in Salesforce to ensure completeness and accuracy of payment terms.	Inquired of the Director of Revenue Accounting and the Manager, Accounts Payable to confirm the payment due date was automatically generated based on the release date and period of time required to pay the pharmacy as setup in Salesforce to ensure completeness and accuracy of payment terms. Observed a service contract and invoice generation in MedAccess and Salesforce to determine if the payment due date was automatically generated based on the release date and period of time required to pay the pharmacy as setup in Salesforce to ensure completeness and accuracy of payment terms.	No exceptions noted. No exceptions noted.
M1-9.02	The Accounts Payable team performs a tie out of the US Bank data to Oracle EBS each weekday to verify the number of checks processed and the check amount total.	Inquired of the Director of Revenue Accounting and the Manager, Accounts Payable to confirm the Accounts Payable team performed a tie out of the US Bank data to Oracle EBS each weekday to verify the number of checks processed and the check amount total. Inspected bank statements and AP reconciliation emails for randomly selected weekdays during the examination period to determine if the Accounts Payable team performed a tie out of the US Bank data to Oracle EBS each weekday to verify the number of checks processed and the check amount total.	No exceptions noted. No exceptions noted.
M1-9.03	AR Aging Reports are reviewed monthly to monitor and follow-up on outstanding payments.	Inquired of the Director of Revenue Accounting and the Manager, Accounts Payable to confirm AR Aging Reports were reviewed monthly to monitor and follow-up on outstanding payments. Inspected delinquent client reports and email communication for randomly selected months during the examination period to determine if AR Aging Reports were reviewed monthly to monitor and follow-up on outstanding payments.	No exceptions noted. No exceptions noted.

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 9: Controls provide reasonable assurance that payments to pharmacies and members are complete and accurate and issued on a timely basis.			
M1-9.04	EFT initiation and approval of EFT batches at the bank level are segregated to prevent the same person from initiating and releasing the same batch, ensuring an adequate segregation of duties exists.	Inquired of the Director of Revenue Accounting and the Manager, Accounts Payable to confirm EFT initiation and approval of EFT batches at the bank level were segregated to prevent the same person from initiating and releasing the same batch, ensuring an adequate segregation of duties existed. Inspected the EFT initiation and approval process and bank level initiation and approval permission configurations to determine if EFT initiation and approval of EFT batches at the bank level were segregated to prevent the same person from initiating and releasing the same batch, ensuring an adequate segregation of duties existed.	No exceptions noted. No exceptions noted.

10. Change Management

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 10: Controls provide reasonable assurance that (1) changes to application programs, related database management systems, and network infrastructure are authorized, tested, documented, and approved prior to production implementation, to result in complete, accurate, and timely processing and reporting of transactions and balances relevant to user entities' internal control over financial reporting.			
M1-10.01	Changes to information assets and systems are controlled and archived. Change requirements are reviewed, documented, and approved by the Business Process Owners to ensure requirements are accurately defined prior to change processes being performed.	Inquired of the Manager of IT Configuration and Release and the Product Manager III to confirm changes were formally controlled, documented, and enforced in order to minimize the corruption of information systems; changes to information assets and systems were controlled and archived; and change requirements were reviewed, documented, and approved by the Business Process Owners to ensure requirements were accurately defined prior to change processes being performed.	No exceptions noted.
		Inspected change summaries for randomly selected deployed system changes during the examination period to determine if these changes were formally controlled, documented, and enforced in order to minimize the corruption of information systems; changes to information assets and systems were controlled and archived; and change requirements were reviewed, documented, and approved by the Business Process Owners to ensure requirements were accurately defined prior to change processes being performed.	No exceptions noted.
		Inspected tickets for randomly selected deployed network changes during the examination period to determine if these changes were formally controlled, documented, and enforced in order to minimize the corruption of information systems; changes to information assets and systems were controlled and archived; and change requirements were reviewed, documented, and approved by the Business Process Owners to ensure requirements were accurately defined prior to change processes being performed.	No exceptions noted.

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 10: Controls provide reasonable assurance that (1) changes to application programs, related database management systems, and network infrastructure are authorized, tested, documented, and approved prior to production implementation, to result in complete, accurate, and timely processing and reporting of transactions and balances relevant to user entities' internal control over financial reporting.			
M1-10.02	The Configuration Management group uses the applicable source code control tool to ensure unauthorized changes are not promoted to production. Developers must check code into the application source code control tool to push code to production after the Business Analyst reviews the changes. QA personnel test source code in the test environment using the procedures created by the QA Engineer.	Inquired of the Manager of IT Configuration and Release and the Product Manager III to confirm the Configuration Management group used the applicable source code control tool to ensure unauthorized changes were not promoted to production; and developers checked code into the application source code control tool to push code to production after the Business Analyst reviewed the changes; and QA personnel tested source code in the test environment using the procedures created by the QA Engineer.	No exceptions noted.
		Inspected IT Change Notification emails for randomly selected deployed system changes during the examination period to determine if the Business Analyst reviewed and developers checked code into the applicable source code control tool.	No exceptions noted.
		Inspected IT Change Notification emails for randomly selected deployed network changes during the examination period to determine if the Business Analyst reviewed and developers checked code into the applicable source code control tool.	No exceptions noted.
		Inspected source code repository configurations to determine if the Configuration Management group used the applicable source code control tool to ensure unauthorized changes were not promoted to production.	No exceptions noted.
		Inspected the production and test environments to determine if a test environment was in place for a QA personnel to test the source code in a test environment.	No exceptions noted.

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 10: Controls provide reasonable assurance that (1) changes to application programs, related database management systems, and network infrastructure are authorized, tested, documented, and approved prior to production implementation, to result in complete, accurate, and timely processing and reporting of transactions and balances relevant to user entities' internal control over financial reporting.			
M1-10.03	Access to promote changes into production is restricted to authorized IT individuals to ensure appropriate segregation of duties exists.	Inquired of the Manager of IT Configuration and Release and the Product Manager III to confirm access to promote changes into production was restricted to authorized IT individuals to ensure appropriate segregation of duties existed. Inspected source code repository configurations and User List to determine if access to promote changes into production was restricted to authorized IT individuals to ensure appropriate segregation of duties existed.	No exceptions noted. No exceptions noted.

11. Logical Security

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 11: Controls provide reasonable assurance that logical access to programs and data relevant to user entities' internal control over financial reporting is restricted to authorized and appropriate users and such users are restricted to performing authorized and appropriate actions.			
M1-11.01	User provisioning requests and approvals are performed prior to granting, modifying, or removing of access to ensure access is authorized.	Inquired of the IT Security Engineer III to confirm user provisioning requests and approvals were performed prior to granting, modifying, or removing of access to ensure access was authorized.	No exceptions noted.
		Inspected tickets for randomly selected new employees during the examination period to determine if user provisioning requests and approvals were performed prior to granting, modifying, or removing of access to ensure access was authorized.	No exceptions noted.
		Inspected tickets for randomly selected access modifications during the examination period to determine if user provisioning requests and approvals were performed prior to granting, modifying, or removing of access to ensure access was authorized.	No exceptions noted.
M1-11.02	A scheduled job reconciles active employees with AD accounts multiple times daily to remove access for terminated employees. Administrators remove employee access to system resources upon receipt of automated termination notification from Kronos.	Inquired of the IT Security Engineer III to confirm a scheduled job reconciled active employees with AD accounts multiple times daily to remove access for terminated employees; and administrators removed employee access to system resources upon receipt of automated termination notification from Kronos.	No exceptions noted.
		Inspected the access removal configuration to determine if a scheduled job reconciled active employees with AD accounts multiple times daily to remove access for terminated employees.	No exceptions noted.
		Inspected access logs for randomly selected terminated employees during the examination period to determine if administrators removed employee access to system resources upon receipt of automated termination notification from Kronos.	No exceptions noted.

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 11: Controls provide reasonable assurance that logical access to programs and data relevant to user entities' internal control over financial reporting is restricted to authorized and appropriate users and such users are restricted to performing authorized and appropriate actions.			
M1-11.03	IT security performs a quarterly review to validate that terminated user access is removed.	Inquired of the IT Security Engineer III to confirm quarterly, IT security performed a quarterly review to validate that terminated user access was removed. Inspected ISIM and ISDS reports for randomly selected quarters during the examination period to determine if IT security performed a quarterly review to validate that terminated user access was removed.	No exceptions noted. No exceptions noted.
M1-11.04	Access attestations are performed annually to validate access to systems and applications is appropriately restricted.	Inquired of the IT Security Engineer III to confirm access attestations were performed annually to validate access to systems and applications was appropriately restricted. Observed the user access reviews to determine if access attestations were performed annually to validate access to systems and applications was appropriately restricted.	No exceptions noted. No exceptions noted.
M1-11.05	Prior to resetting MedImpact application or network user account passwords, IT Support personnel verify the user's identity by requiring answers to a series of security questions. The incident is documented in a ticket.	Inquired of the IT Security Engineer III to confirm prior to resetting MedImpact application or network user account passwords, IT Support personnel verified the user's identity by requiring answers to a series of security questions; and the incident was documented in a ticket. Inspected an example password reset ticket to determine if prior to resetting MedImpact application or network user account passwords, IT Support personnel verified the user' identity by requiring answers to a series of security questions; and the incident was documented in a ticket.	No exceptions noted. No exceptions noted.

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 11: Controls provide reasonable assurance that logical access to programs and data relevant to user entities' internal control over financial reporting is restricted to authorized and appropriate users and such users are restricted to performing authorized and appropriate actions.			
M1-11.06	Access to client-facing applications is setup in the identity management system by assigning a user ID to a specific client business unit.	Inquired of the IT Security Engineer III to confirm access to client-facing applications was setup in the identity management system by assigning a user ID to a specific client business unit	No exceptions noted.
		Inspected the MedImpact Online Reporting (MOR) home directory to determine if access to client-facing applications was setup in the identity management system by assigning a user ID to a specific client business unit.	No exceptions noted.
		Observed the client home directory to determine if client-facing applications was setup in the identity management system by assigning a user ID to a specific client business unit.	No exceptions noted.
M1-11.07	System and application passwords are configured for length, complexity, and periodic reset requirements.	Inquired of the IT Security Engineer III to confirm system and application passwords were configured for length, complexity, and periodic reset requirements.	No exceptions noted.
		Inspected the Password Management policy to determine if system and application passwords were configured for length, complexity, and periodic reset requirements.	No exceptions noted.
		Inspected the Active Directory, Oracle, and MedAccess Classic password policies to determine if system and application passwords were configured for length, complexity, and periodic reset requirements.	No exceptions noted.

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 11: Controls provide reasonable assurance that logical access to programs and data relevant to user entities' internal control over financial reporting is restricted to authorized and appropriate users and such users are restricted to performing authorized and appropriate actions.			
M1-11.08	The Security Information and Event Management platform supports near real-time analysis and alerting of events (e.g., malicious code, potential intrusions) and integrate intrusion detection into access and flow control mechanisms.	Inquired of the IT Security Engineer III to confirm the Security Information and Event Management platform supports near real-time analysis and alerting of events (malicious code, potential intrusions) and integrated intrusion detection into access and flow control mechanisms. Inspected the SIEM dashboard and monitoring activity, and a SIEM example alert to determine if Security Information and Event Management platform supports near real-time analysis and alerting of events (malicious code, potential intrusions) and integrated intrusion detection into access and flow control mechanisms.	No exceptions noted. No exceptions noted.
M1-11.09	Password policies, applicable to mobile devices, are documented and enforced through technical controls on all company devices and prohibit the changing of password/PIN lengths and authentication requirements.	Inquired of the IT Security Engineer III to confirm password policies, applicable to mobile devices, were documented and enforced through technical controls on all company devices and prohibited the changing of password/PIN lengths and authentication requirements. Inspected the Password Management Policy to determine if password policies, applicable to mobile devices, were documented. Inspected the password configuration on the MDM tool to determine if Password policies, applicable to mobile devices, were enforced through technical controls on all company devices and prohibited the changing of password/PIN lengths and authentication requirements.	No exceptions noted. No exceptions noted. No exceptions noted.
M1-11.10	Anti-virus software is installed on all workstations, laptops, and servers. Vendor updates are automatically installed.	Inquired of the IT Security Engineer III to confirm anti-virus software was installed on all workstations, laptops, and servers; and vendor updates were automatically installed. Inspected anti-virus settings, the anti-virus dashboard and a listing of protected systems to determine if anti-virus software was installed on all workstations, laptops, and servers; and vendor updates were automatically installed.	No exceptions noted. No exceptions noted.

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 11: Controls provide reasonable assurance that logical access to programs and data relevant to user entities' internal control over financial reporting is restricted to authorized and appropriate users and such users are restricted to performing authorized and appropriate actions.			
M1-11.11	Employees are required to sign the Employee Handbook, including acknowledgement of password responsibilities, upon hire and annually thereafter.	Inquired of the IT Security Engineer III to confirm employees were required to sign the Employee Handbook, including acknowledgement of password responsibilities, upon hire and annually thereafter. Inspected Employee Handbooks for randomly selected employees during the examination period to determine if employees were required to sign the Employee Handbook, including acknowledgement of password responsibilities annually. Inspected Employee Handbooks for randomly selected new employees during the examination period to determine if employees were required to sign the Employee Handbook, including acknowledgement of password responsibilities, upon hire.	No exceptions noted. No exceptions noted. No exceptions noted.
M1-11.12	Network segmentation, firewalls, and demilitarized zones are in place to secure and control network access. Physical and logical segmentation is applied and traffic is controlled.	Inquired of the IT Security Engineer III to confirm network segmentation, firewalls, and demilitarized zones were in place to secure and control network access; and physical and logical segmentation was applied and traffic was controlled. Inspected the firewall diagram, firewall DMZ rules, firewall log, firewall rule weekly review, and whitelist rules to determine if network segmentation, firewalls, and demilitarized zones were in place to secure and control network access; and physical and logical segmentation was applied and traffic was controlled.	No exceptions noted. No exceptions noted.

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 11: Controls provide reasonable assurance that logical access to programs and data relevant to user entities' internal control over financial reporting is restricted to authorized and appropriate users and such users are restricted to performing authorized and appropriate actions.			
M1-11.13	Access to client folders via the MOR system is restricted to authorized client personnel and requires the use of a valid user ID and password. Clients may only access their own data through the use of security groups linked to client-specific folders.	Inquired of the IT Security Engineer III to confirm access to client folders via the MOR system was restricted to authorized client personnel and required the use of a valid user ID and password; and clients could only access their own data through the use of security groups linked to client-specific folders. Inspected MOR access rules and the MOR access listing to determine if access to client folders via the MOR system was restricted to authorized client personnel; and clients could only access their own data through the use of security groups linked to client-specific folders. Observed the login process for the MOR system to determine if access to client folders via the MOR system required the use of a valid user ID and password.	No exceptions noted. No exceptions noted. No exceptions noted.
M1-11.14	Quarterly in-house vulnerability scans are performed using Qualys on externally facing resources. Internal systems supporting the in-scope applications are scanned annually to check for vulnerabilities and secure configurations.	Inquired of the IT Security Engineer III to confirm quarterly in-house vulnerability scans were performed using Qualys on externally facing resources; and internal systems supporting the in-scope applications were scanned annually to check for vulnerabilities and secure configurations. Inspected vulnerability scans for randomly selected quarters during the examination period to determine if the quarterly in-house vulnerability scans were performed using Qualys on externally facing resource. Inspected the annual vulnerability scan of internal systems and vulnerability scan remediation tickets during the examination period to determine if internal systems supporting the in-scope applications were scanned annually to check for vulnerabilities and secure configurations.	No exceptions noted. No exceptions noted. No exceptions noted.

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 11: Controls provide reasonable assurance that logical access to programs and data relevant to user entities' internal control over financial reporting is restricted to authorized and appropriate users and such users are restricted to performing authorized and appropriate actions.			
M1-11.15	Remote connections are secured by means of two-factor authentication. VPN traffic is encrypted to ensure restricted access and security of the network.	Inquired of the IT Security Engineer III to confirm remote connections were secured by means of two-factor authentication; and VPN traffic was encrypted to ensure restricted access and security of the network. Observed the Manager of IT Network Engineering connect remotely to the network to determine if remote connections were secured by means of two-factor authentication. Inspected the VPN Configuration to the MedImpact internal network to determine if VPN traffic was encrypted to ensure restricted access and security of the network.	No exceptions noted. No exceptions noted. No exceptions noted.
M1-11.16	Copying, moving, printing, and storage of sensitive data are prohibited when accessed remotely without a defined business need.	Inquired of the IT Security Engineer III to confirm copying, moving, printing, and storage of sensitive data were prohibited when accessed remotely without a defined business need. Inspected the Protection of PHI Policy and an example of disabled USB ports to determine if copying, moving, printing, and storage of sensitive data were prohibited when accessed remotely without a defined business need.	No exceptions noted. No exceptions noted.

12. Application and System Processing

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 12: Controls provide reasonable assurance that application and system processing relevant to user entities' internal control over financial reporting is authorized and executed in a complete, accurate, and timely manner, and deviations are resolved.			
M1-12.01	Network monitoring is performed real time and displayed on a consolidated screen within the Network Operations Center to notify and ensure potential problems including security, availability, services and protection of connected services from unauthorized access are addressed.	Inquired of the VP, Customer Contact Services to confirm network monitoring was performed real time and displayed on a consolidated screen within the Network Operations Center to notify and ensure potential problems including security, availability, services, and protection of connected services from unauthorized access were addressed. Inspected the network monitoring dashboard, network alert configuration and network example alert to determine if network monitoring was performed real time and displayed on a consolidated screen within the Network Operations Center to notify and ensure potential problems including security, availability, services, and protection of connected services from unauthorized access were addressed.	No exceptions noted. No exceptions noted.
M1-12.02	Business Continuity and Disaster Recovery plans exist. Copies of the plan are distributed to key personnel and are stored in a remote location.	Inquired of the VP, Customer Contact Services to confirm Business Continuity and Disaster Recovery plans existed; and copies of the plan were distributed to key personnel and were stored in a remote location. Inspected the Business Continuity and IT Disaster Recovery Plans and location to determine if Business Continuity and Disaster Recovery plans existed; and copies of the plan were distributed to key personnel and were stored in a remote location.	No exceptions noted. No exceptions noted.
M1-12.03	Responsibility for emergency procedures, manual fallback procedures, and resumption plans is assigned to the relevant business or process owner.	Inquired of the VP, Customer Contact Services to confirm responsibility for emergency procedures, manual fallback procedures, and resumption plans was assigned to the relevant business or process owner. Inspected the Business Unit Recovery Plan Template and the Business Unit Recovery Plan – Contact Center Services to determine if responsibility for emergency procedures, manual fallback procedures, and resumption plans was assigned to the relevant business or process owner.	No exceptions noted. No exceptions noted.

13. Data Replication

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 13: Controls provide reasonable assurance that data relevant to user entities' internal control over financial reporting is continuously replicated to an alternate site.			
M1-13.01	Automatic data replication is configured for critical systems and occurs continuously. Two sites are running simultaneously to ensure system availability.	Inquired of the Manager, Middleware IT Administration to confirm automatic data replication was configured for critical systems and occurred continuously; two sites were running simultaneously to ensure system availability. Inspected the data replication configuration and lag metrics to determine if automatic data replication was configured for critical systems and occurs continuously; and two sites were running simultaneously to ensure system availability.	No exceptions noted. No exceptions noted.

14. Physical Security

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 14: Controls provide reasonable assurance that physical access to computer resources and corporate facilities relevant to user entities' internal control over financial reporting is restricted to authorized and appropriate personnel and environmental controls are installed to protect computer equipment.			
M1-14.01	Physical access to the MedImpact corporate office and data center is restricted to authorized individuals. Access is controlled and logged via electronic access card system.	Inquired of the Security Manager and Manager, Security and Network Operations and the Security and Network Operations Manager to confirm physical access to the MedImpact corporate office and data center was restricted to authorized individuals; and access was controlled and logged via electronic access card system. Inspected access listings and audit reports for MedImpact to determine if physical access to the MedImpact corporate office and data center was restricted to authorized individuals; and access was controlled and logged via electronic access card system. Observed entry to the data center/corporate office and inspected the access activity report with the Security and Network Operations Manager for MedImpact to determine if physical access to the MedImpact data center was restricted to authorized individuals; and access was controlled and logged via electronic access card system.	No exceptions noted. No exceptions noted. No exceptions noted.
M1-14.02	Data center access is reviewed quarterly to validate access is appropriately restricted. Modifications to access are performed as necessary.	Inquired of the Security and Network Operations Manager to confirm data center access was reviewed quarterly to validate access was appropriately restricted; and modifications to access were performed as necessary. Inspected physical access attestations for randomly selected quarters during the examination period to determine if data center access was reviewed quarterly to validate access was appropriately restricted; and modifications to access were performed as necessary.	No exceptions noted. No exceptions noted.

Control #	Controls Specified by MedImpact	Tests Performed by Moss Adams LLP	Test Results
Control Objective 14: Controls provide reasonable assurance that physical access to computer resources and corporate facilities relevant to user entities' internal control over financial reporting is restricted to authorized and appropriate personnel and environmental controls are installed to protect computer equipment.			
M1-14.03	Visitor and third-party support access is recorded and supervised unless previously approved.	Inquired of the Security Manager and Manager, Security and Network Operations and the Security and Network Operations Manager to confirm visitor and third-party support access was recorded and supervised unless previously approved.	No exceptions noted.
		Inspected the visitor log for the corporate office process while onsite at the corporate office with the Security Manager and Manager, Security and Network Operations to determine if visitor and third-party support access was recorded and supervised unless previously approved.	No exceptions noted.
		Observed visitor log and visitor process while onsite at the data center with the Security and Network Operations Manager and also observed the corporate office visitor process to determine if visitor and third-party support access was recorded and supervised unless previously approved.	No exceptions noted.
M1-14.04	Fire extinguishers and detectors are installed according to applicable laws and regulations.	Inquired of the Security Manager and Manager, Security and Network Operations and the Security and Network Operations Manager to confirm fire extinguishers and detectors were installed according to applicable laws and regulations.	No exceptions noted.
		Observed fire extinguishers and detectors at the corporate officer with the Security Manager and Manager, Security and Network Operations to determine if fire extinguishers and detectors were installed according to applicable laws and regulations.	No exceptions noted.
		Observed fire extinguishers and detectors at the data center with the Security and Network Operations Manager to determine if fire extinguishers and detectors were installed according to applicable laws and regulations.	No exceptions noted.

MOSSADAMS

HITRUST
6175 Main Street
Suite 400
Frisco, TX 75034

September 28, 2022

MedImpact Healthcare Systems, Inc.
10181 Scripps Gateway Court
San Diego, California 92131-5152

Based upon representation from management as to the accuracy and completeness of information provided, the procedures performed by an Authorized External Assessor to validate such information, and HITRUST's independent confirmation that the work was performed in accordance with the HITRUST® Assurance Program requirements, the following platforms, facilities, and supporting infrastructure of the Organization ("Scope") meet the HITRUST CSF® v9.4 Risk-based, 2-year (r2) certification criteria:

Platforms:

- Appeals residing at Arizona Office and Data Center and Databank Zayo Co-location
- MedAccess Classic Plus residing at Arizona Office and Data Center and Databank Zayo Co-location
- MedAccess Web residing at Arizona Office and Data Center and Databank Zayo Co-location
- MedResponse residing at Arizona Office and Data Center and Databank Zayo Co-location
- POS residing at Arizona Office and Data Center and Databank Zayo Co-location

Facilities:

- San Diego Office / Server Room (Office) located in San Diego, California, United States of America
- Michigan Office (Office) located in Livonia, Michigan, United States of America
- Arizona Office and Data Center (Office and Data Center) located in Tempe, Arizona, United States of America
- Databank Zayo Co-location (Data Center) managed by Databank located in San Diego, California, United States of America

The certification is valid for a period of two years assuming the following occurs. If any of these criteria are not met, HITRUST will perform an investigation to determine ongoing validity of the certification and reserves the right to revoke the Organization's certification.

© 2022 HITRUST Alliance
HITRUSTAlliance.net

- No data security breach reportable to a federal or state agency by law or regulation has occurred within or affecting the assessed environment,
- No significant changes in the business or security policies, practices, controls, and processes have occurred that might impact its ability to meet the HITRUST Risk-based, 2-year (r2) certification criteria, and
- Timely completion of the HITRUST Interim Assessment for r2 Certification as defined in the HITRUST Assurance Program Requirements.

HITRUST has developed the HITRUST CSF, a certifiable framework that provides organizations with the needed structure, detail and clarity relating to information protection. With input from leading organizations, HITRUST identified a subset of the HITRUST CSF controls that an organization must meet to be HITRUST Risk-based, 2-year (r2) Certified.

HITRUST performed a quality assurance review to ensure that the control maturity scores were consistent with the results of testing performed by the Authorized External Assessor. Users of this letter can refer to the document Leveraging HITRUST Assessment Reports: A Guide for New Users for questions on interpreting this letter and can contact HITRUST customer support at support@hitrustalliance.net. Users of this letter are assumed to be familiar with and understand the services provided by the organization listed above, and what specific services are being used by the user organization.

A full HITRUST Validated Assessment Report has also been issued by HITRUST which can also be requested from the organization listed above directly. Additional information on the HITRUST Assurance Program can be found at the HITRUST website at https://hitrustalliance.net.

HITRUST

Assessment Context

The assessed entity completed the following tailoring questionnaire to derive this assessment's customized set of HITRUST CSF requirements based on organizational, geographical, technical, and regulatory risk factors.

Assessment Type	
HITRUST Risk-based, 2-year (r2) Security Assessment	
General Risk Factors	
Organization Type	Pharmacy / Pharmacy Benefit Management (PBM)
Entity Type	Healthcare - Business Associate
Geographic Risk Factors	
Geographic Scope of Operations Considered	Multi-State
Organizational Risk Factors	
Number of Records that are currently held	Less than 10 Million Records
Technical Risk Factors	
Is the system(s) accessible from the Internet?	Yes
Is the scoped system(s) (on-premise or cloud-based) accessible by third-party personnel (e.g., business partners, vendors, cloud providers)?	Yes
Does the system(s) transmit or receive data with a third-party?	Yes
Is the system(s) publicly positioned?	No - The in-scope systems are not publicly positioned.
Number of interfaces to other systems	Fewer than 25
Number of users of the system(s)	Greater than 5,500
Number of transactions per day	Greater than 85,000
Is any aspect of the scoped environment hosted on the cloud?	No - The scoped environment is not hosted on the cloud.
Does the scoped environment allow dial-up/dial-in capabilities (i.e., functional analog modems)?	No - The scoped environment does not allow dial-up/dial-in capabilities.
Is scoped information sent and/or received via fax machine (i.e., an actual machine, excluding efax or scan to email)?	No - Scoped information is not sent and/or received via fax machine.
Do any of the organization's personnel travel to locations the organization deems to be of significant risk?	No - MedImpact personnel do not travel to locations the organization deems to be of significant risk.

© 2022 HITRUST Alliance
HITRUSTAlliance.net

Does the organization allow personally owned devices to connect to scoped organizational assets (i.e., BYOD - bring your own device)?	No - MedImpact does not allow personally owned devices to connect to scoped organizational assets.
Does the organization use any part of the scoped systems, system components, or system services to sell goods and/or services?	No - MedImpact does not use any part of the scoped systems, system components, or system services to sell goods and/or services.
Does the organization allow the use of electronic signatures to provide legally binding consent within the scoped environment, e.g., simple or basic electronic signatures (SES), advanced electronic or digital signature (AES), or qualified advanced electronic or digital signatures (QES)?	No - MedImpact does not allow the use of electronic signatures to provide legally binding consent within the scoped environment.
Does the system allow users to access the scoped environment from an external network that is not controlled by the organization?	Yes
Are hardware tokens used as an authentication method within the scoped environment?	Yes
Are wireless access points in place at any of the organization's in-scope facilities?	Yes
Does the organization perform information systems development (either in-house or outsourced) for any scoped system, system service, or system component?	Yes
Is scoped information sent by the organization using courier services, internal mail services, or external mail services (e.g., USPS)?	Yes

Regulatory Risk Factors (Optional)
Subject to HIPAA Security Rule
Subject to HIPAA Breach Notification

© 2022 HITRUST Alliance
HITRUSTAlliance.net

Scope of the Assessment

Company Background

MedImpact, an independent, trend-focused pharmacy benefit manager (PBM), is the nation's largest privately held PBM, serving health plans, self-funded employers, and government entities. MedImpact focuses on effectively managing client pharmacy benefits to promote lower cost and better care through one source. The model aligns with client needs and promotes prescribing of lower-net-cost, medically appropriate drugs with fulfillment at the most appropriate participating pharmacy providing competitive pricing, good value and high-quality service.

In-scope Platforms

The following tables describe the platforms that were included in the scope of this assessment.

Appeals	
Description	Appeals provides an integrated capability for MedImpact staff and clients to submit re-determination (i.e., appeal) for their coverage determinations for all lines of business. Appeals is a front end to MedResponse and is internally developed and maintained and part of the MedResponse solution.
Application(s)	Appeals
Database Type(s)	Oracle DB
Operating System(s)	Windows
Residing Facility	• Arizona Office and Data Center • Databank Zayo Co-location
Exclusion(s) from Scope	None

MedAccess Classic Plus	
Description	MedAccess Classic Plus is the application used to manage Pharmacy Benefit configuration data as well as a number of miscellaneous Pharmacy Benefit Management (PBM) functions such as Direct Member Reimbursement (DMR) claims, etc. MedAccess Classic Plus is internally developed and maintained.

© 2022 HITRUST Alliance
HITRUSTAlliance.net

MedAccess Classic Plus	
Application(s)	MedAccess Classic Plus
Database Type(s)	Oracle DB
Operating System(s)	Windows, UNIX
Residing Facility	• Arizona Office and Data Center • Databank Zayo Co-location
Exclusion(s) from Scope	None

MedAccess Web	
Description	MedAccess Web is a real-time interactive web-based application, which allows authorized users to access and view pharmacy claims data and member / patient information online. MedAccess Web is internally developed and maintained.
Application(s)	MedAccess Web
Database Type(s)	Oracle DB
Operating System(s)	Windows
Residing Facility	• Arizona Office and Data Center • Databank Zayo Co-location
Exclusion(s) from Scope	None

MedResponse	
Description	MedResponse is the application used for managing prior authorization requests. MedResponse is internally developed and maintained.
Application(s)	MedResponse
Database Type(s)	Oracle DB

© 2022 HITRUST Alliance
HITRUSTAlliance.net

MedResponse	
Operating System(s)	Windows
Residing Facility	• Arizona Office and Data Center • Databank Zayo Co-location
Exclusion(s) from Scope	None

POS	
Description	POS is the claims adjudication system used to process client claims. POS is internally developed and maintained. POS is the name of the application.
Application(s)	POS
Database Type(s)	Oracle DB
Operating System(s)	Windows, UNIX
Residing Facility	• Arizona Office and Data Center • Databank Zayo Co-location
Exclusion(s) from Scope	None

In-scope Facilities

The following table presents the facilities that were included in the scope of this assessment.

Facility Name	Type of Facility	Third-party Managed?	Third-party Provider	City	State	Country
San Diego Office / Server Room	Office	No	-	San Diego	California	United States of America
Michigan Office	Office	No	-	Livonia	Michigan	United States of America

© 2022 HITRUST Alliance
HITRUSTAlliance.net

Facility Name	Type of Facility	Third-party Managed?	Third-party Provider	City	State	Country
Arizona Office and Data Center	Office and Data Center	No	-	Tempe	Arizona	United States of America
Databank Zayo Co-location	Data Center	Yes	Databank	San Diego	California	United States of America

Services Outsourced

The following table presents outsourced services relevant to the scope of this assessment. The "Consideration in this Assessment" column of this table specifies the method utilized for each service provider relevant to the scope of this r2 assessment. HITRUST requires that the inclusive method be used on all r2 validated assessments but allows the use of both the inclusive and exclusive methods on HITRUST Implemented, 1-year (i1) validated assessments.

Organizations undergoing i1 validated assessments have two options of how to address situations in which a HITRUST CSF requirement is fully or partially performed by a service provider (e.g., by a cloud service provider):

- The Inclusive method, whereby HITRUST CSF requirements performed by the service provider are included within the scope of the i1 assessment and addressed through full or partial inheritance, reliance on third-party assurance reports, and/or direct testing by the external assessor, and
- The Exclusive (or Carve-out) method, whereby HITRUST CSF requirements performed by the service provider are excluded from the scope of the i1 assessment and marked N/A with supporting commentary explaining that the HITRUST CSF requirement is fully performed by a party other than the assessed entity (for fully outsourced controls) or through commentary explaining the excluded partial performance of the HITRUST CSF requirement (for partially outsourced controls).

Third-party Provider	Relevant Service(s) Provided	Consideration in this Assessment
AT&T	SIEM tool and analysis	Included
Databank (Zayo)	Co-location data center service	Included
Iron Mountain	Offsite tape storage	Included

HITRUSTAlliance.net

Overview of the Security Organization

MedImpact employs a layered security approach with security responsibilities throughout the organization and within the Information Technology team. Information Security, Compliance, Legal and Risk Advisory and Internal Audit Service are functional areas to govern security and compliance for the company to reduce the threats of malicious intent. MedImpact is dedicated to and continually operates programs and controls to protect and secure the environment.

Security measures are implemented at all levels of the organization by influencing and setting requirements for people, processes and technologies to promote a secure environment. MedImpact implements the administrative, technical and physical safeguards to prevent, detect and respond to potential incidents to ensure top of the line security and data protection.

The functional areas supporting security risk management include:

- Governance
- Risk Management
- Compliance Management
- Vulnerability Management
- Data Protection
- Identity & Access Management
- Threat Management
- Security Architecture
- Culture & Communication

NIST Cybersecurity Framework Certification Report

MedImpact Healthcare Systems, Inc.

Valid for the period
September 28, 2022 - September 28, 2024

HITRUST®

HITRUST

Contents

1. The NIST Cybersecurity Framework Scorecard 3
2. Letter of NIST Cybersecurity Framework Certification 4
3. NIST Target and Current Profiles 6
4. HITRUST's NIST Cybersecurity Framework Scorecard 8

© 2022 HITRUST Alliance
HITRUSTAlliance.net

HITRUST

1. The NIST Cybersecurity Framework Scorecard

The NIST Cybersecurity Framework complements rather than replaces an organization's existing risk management process and cybersecurity program by providing an overarching set of guidelines to provide a minimal level of consistency as well as depth, breadth, and rigor of industry's cybersecurity programs, as shown in Figure 1.

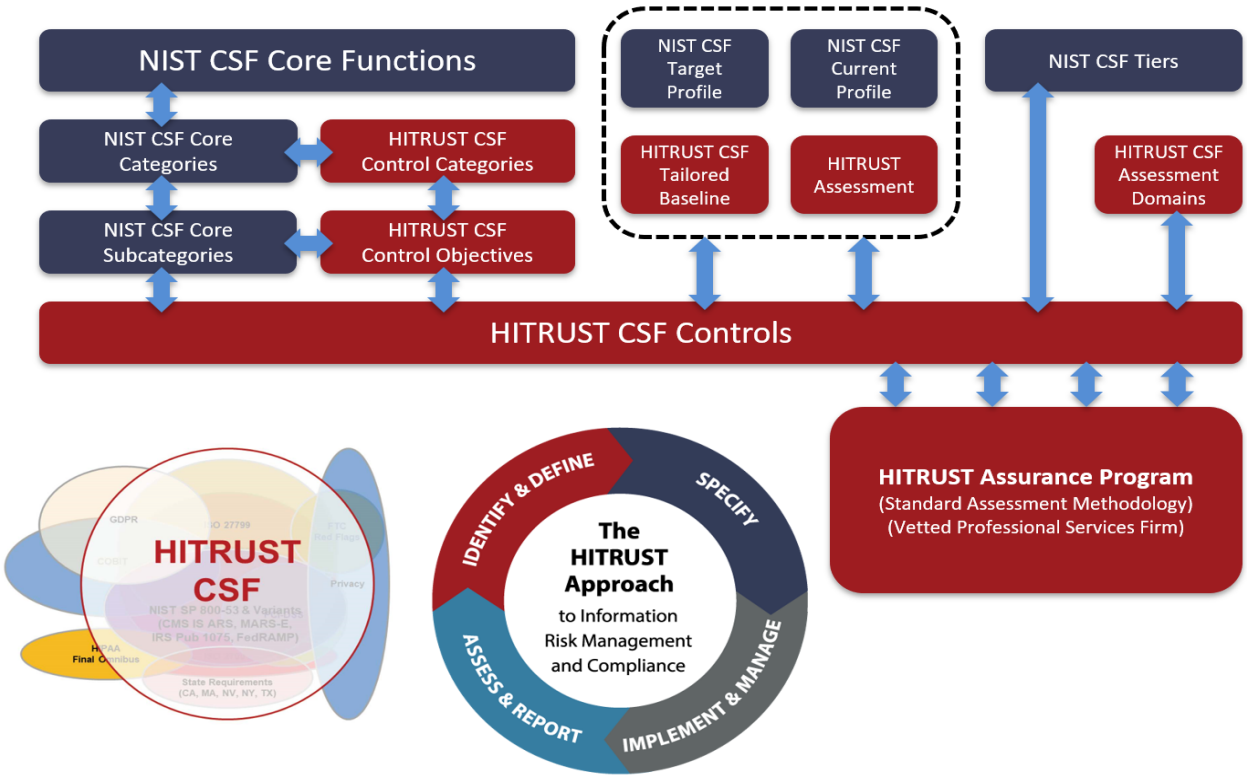

Figure 1. Implementing the NIST Cybersecurity Framework through the HITRUST CSF and CSF Assurance Program

The NIST Cybersecurity Framework Core is essentially a set of cybersecurity activities, desired outcomes, and applicable references that are common across government and industry. The Core presents industry standards, guidelines, and practices in a manner that allows for communication of cybersecurity activities and outcomes across an organization from the executive level to the implementation/operations level, from one organization to another, and from one industry to another.

NIST Cybersecurity Framework Core Functions provide an incident response and recovery-oriented view of an organization's cybersecurity needs; the NIST Cybersecurity Framework Core Categories provide topical groupings of cybersecurity activities related to each of the Core Functions; and the NIST Cybersecurity Framework Core Subcategories provide the specific outcomes intended for each Core Category.

© 2022 HITRUST Alliance
HITRUSTAlliance.net

2. Letter of NIST Cybersecurity Framework Certification

September 28, 2022

MedImpact Healthcare Systems, Inc.
10181 Scripps Gateway Court
San Diego, California 92131-5152

Based on the results of a HITRUST® Risk-based, 2-year (r2) Validated Assessment performed by an Authorized External Assessor and documented in a HITRUST Risk-based, 2-year (r2) Validated Assessment Report ("Report"), the following platforms, facilities, and supporting infrastructure of the Organization ("Scope") are supported by an information protection program that is consistent with the objectives specified in the NIST Cybersecurity Framework v1.1:

Platforms:

- Appeals residing at Arizona Office and Data Center and Databank Zayo Co-location
- MedAccess Classic Plus residing at Arizona Office and Data Center and Databank Zayo Co-location
- MedAccess Web residing at Arizona Office and Data Center and Databank Zayo Co-location
- MedResponse residing at Arizona Office and Data Center and Databank Zayo Co-location
- POS residing at Arizona Office and Data Center and Databank Zayo Co-location

Facilities:

- San Diego Office / Server Room (Office) located in San Diego, California, United States of America
- Michigan Office (Office) located in Livonia, Michigan, United States of America
- Arizona Office and Data Center (Office and Data Center) located in Tempe, Arizona, United States of America
- Databank Zayo Co-location (Data Center) managed by Databank located in San Diego, California, United States of America

More specifically, HITRUST determined that:

- The HITRUST CSF controls specified by the Entity's organizational, system and regulatory risk factors provide a fair representation of its Target Profile, and

© 2022 HITRUST Alliance
HITRUSTAlliance.net

- The maturity of the Entity's implemented HITRUST CSF controls, as validated by an Authorized External Assessor and reflected in the HITRUST Scorecard for the NIST Cybersecurity Framework, provide a fair representation of its Current Profile, and

- The aggregated maturity scores for each of the Core Categories meet HITRUST's criteria for certification of the Scope addressed by the assessment.

This certification is valid for as long as the Entity's associated HITRUST Risk-based, 2-year (r2) Certification remains valid but shall not exceed a period of two years from the date of this letter.

A full copy of the HITRUST Risk-based, 2-year (r2) Certification Report has been issued to the organization listed above. The full Report contains detailed information relating to the effectiveness of information protection controls as defined by the scoping factors selected by management. It also includes further details on the scope of the assessment, a representation letter from management, testing results, a benchmark report comparing the Organization's results to industry results, details on corrective action plans identified if applicable, and the completed questionnaire. Such detailed information can best be leveraged by individuals/organizations who are familiar with and understand the services provided by the organization listed above. If interested in obtaining a copy of the full Report, you will need to contact the Organization directly. If there are questions on interpreting the detailed contents found in the full report, please refer to the document *Leveraging HITRUST Assessment Reports: A Guide for New Users* and can contact HITRUST customer support at *support@hitrustalliance.net.*

Additional information on the HITRUST Assurance Program used to support HITRUST's certification of the NIST Cybersecurity Framework can be found on the HITRUST website: *https://hitrustalliance.net.*

HITRUST

HITRUSTAlliance.net

3. NIST Target and Current Profiles

The HITRUST CSF and HITRUST Assurance Program directly support an organization's implementation of the NIST Cybersecurity Framework by specifying the controls required for its Target Profile and the assessment methodology used to provide reliable assurances about its Current Profile. Figure 2 below depicts the Organization's Target Profile viewed through the lens of the HITRUST CSF control implementation levels and industry segments. The Target Profile specifies an industry acceptable level of due care for the protection of sensitive information as determined by its organizational, system and regulatory risk factors.

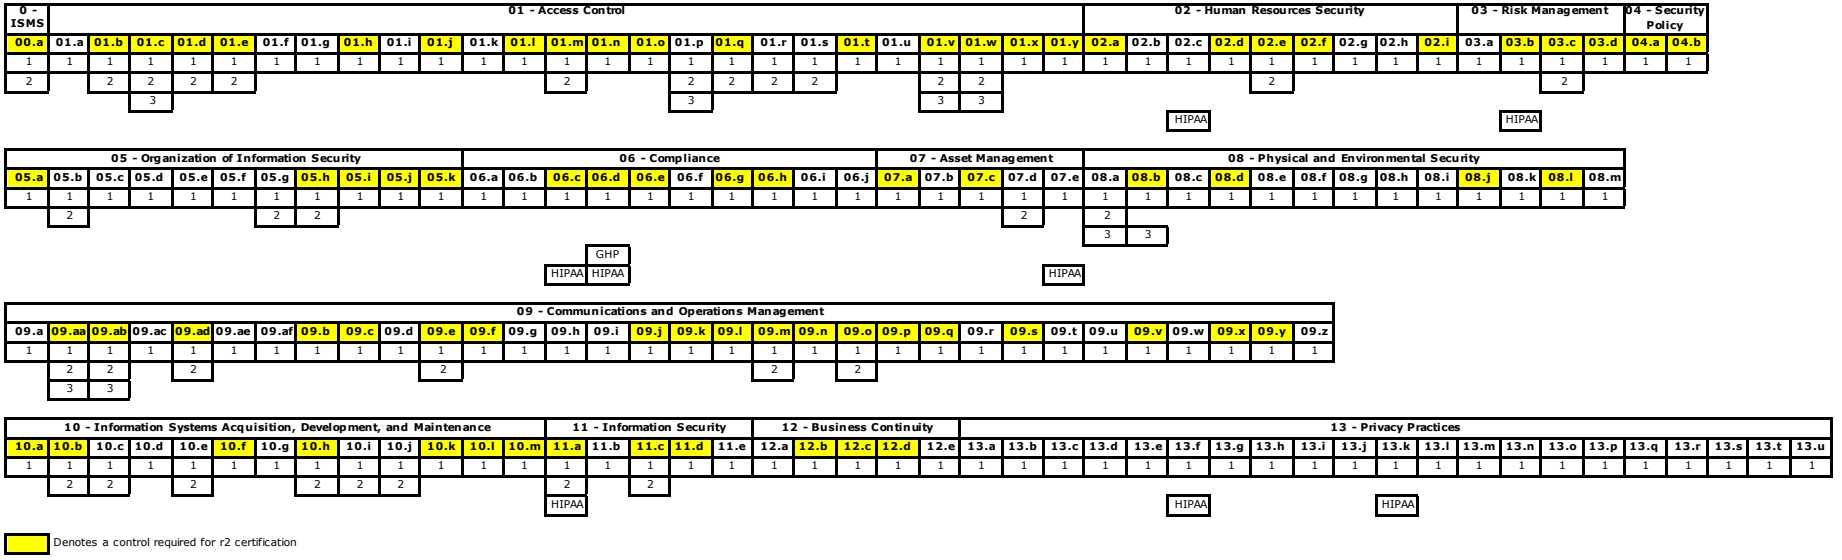

Figure 2. Target Profile - HITRUST CSF Controls

© 2022 HITRUST Alliance
HITRUSTAlliance.net

The Organization's Current Profile, depicted in Figure 3 below, is determined by the HITRUST Risk-based, 2-year (r2) Validated Assessment used to support HITRUST Risk-based, 2-year (r2) Certification, which is based on a purposive sample of 75 security controls contained in the HITRUST CSF framework. The sample ensures the assessment provides relying parties reasonable assurances about an organization's implementation of the HIPAA Security Rule standards and implementation specifications; AICPA Trust Services Criteria for Security, Confidentiality and Availability; and NIST Cybersecurity Framework Core Subcategories at a reasonable cost to the assessed organization.

Figure 3. Current Profile - HITRUST CSF Controls (Purposive Sample)

Note more robust assurances, if needed, can be provided through a comprehensive assessment of all 135 HITRUST CSF security controls, as scoped by the Organization's risk factors.

© 2022 HITRUST Alliance
HITRUSTAlliance.net

4. HITRUST's NIST Cybersecurity Framework Scorecard

Although the Organization's Target and Current Profiles are expressed in terms of the HITRUST CSF controls, HITRUST certification of the Organization's NIST Cybersecurity Framework implementation is based on the NIST Cybersecurity Framework v1.1 Core and presented via HITRUST's NIST Cybersecurity Framework Scorecard. This Scorecard, presented in Figure 4 beginning on the next page, reflects the aggregated scores for the underlying HITRUST CSF controls as they are mapped by HITRUST to the NIST Cybersecurity Framework Core Subcategories. While HITRUST does its best to ensure the appropriate HITRUST CSF controls are mapped to each of the NIST Cybersecurity Framework v1.1 requirements, we make no representations around the suitability of the mappings as NIST might interpret them.

For more information on the HITRUST approach to assessment and certification, refer to the Risk Analysis Guide for HITRUST Organizations and Assessors, available from *https://hitrustalliance.net/documents/csf_rmf_related/RiskAnalysisGuide.pdf.*

More information about the controls framework-based approach to risk analysis and the HITRUST CSF as an industry overlay of the NIST SP 800-53 moderate-level baseline can be found in the document entitled Understanding HITRUST's Approach to Risk vs. Compliance-based Information Protection, available from *https://hitrustalliance.net/documents/csf_rmf_related/RiskVsComplianceWhitepaper.pdf.*

More information on how the HITRUST CSF is used to facilitate an organization's implementation of the NIST Cybersecurity Framework can be found in the Healthcare Sector Cybersecurity Framework Implementation Guide, available on the US CERT Cybersecurity Framework Website at *https://www.us-cert.gov/ccubedvp/cybersecurity-framework.* (Note the HITRUST CSF can be used to facilitate NIST Cybersecurity Framework implementation for any organization, regardless of industry.)

				ID.SC-4: Suppliers and third-party partners are routinely assessed using audits, test results, or other forms of evaluations to confirm they are meeting their contractual obligations.	
				ID.SC-5: Response and recovery planning and testing are conducted with suppliers and third-party providers	
PROTECT(PR)		**Protect: Identity Management and Access Control (PR.AC)**		**PR.AC-1:** Identities and credentials are managed for authorized devices and users	
				PR.AC-2: Physical access to assets is managed and protected	
				PR.AC-3: Remote access is managed	
				PR.AC-4: Access permissions are managed, incorporating the principles of least privilege and separation of duties	
				PR.AC-5: Network integrity is protected, incorporating network segregation where appropriate	
				PR.AC-6: Identities are proofed and bound to credentials and asserted in interactions	
				PR.AC-7: Users, devices, and other assets are authenticated (e.g., single-factor, multi-factor) commensurate with the risk of the transaction (e.g., individuals' security and privacy risks and other organizational risks)	
		Protect: Awareness and Training (PR.AT)		**PR.AT-1:** All users are informed and trained	
				PR.AT-2: Privileged users understand roles & responsibilities	
				PR.AT-3: Third-party stakeholders (e.g., suppliers, customers, partners) understand roles & responsibilities	
				PR.AT-4: Senior executives understand roles & responsibilities	
				PR.AT-5: Physical and information security personnel understand roles & responsibilities	
		Protect: Data Security (PR.DS)		**PR.DS-1:** Data-at-rest is protected	
				PR.DS-2: Data-in-transit is protected	
				PR.DS-3: Assets are formally managed throughout removal, transfers, and disposition

Function	Status	Category	Status	Subcategory	Status
				PR.DS-4: Adequate capacity to ensure availability is maintained	
				PR.DS-5: Protections against data leaks are implemented	
				PR.DS-6: Integrity checking mechanisms are used to verify software, firmware, and information integrity	
				PR.DS-7: The development and testing environment(s) are separate from the production environment	
				PR.DS-8: Integrity checking mechanisms are used to verify hardware integrity	
		Protect: Information Protection Processes and Procedures (PR.IP)		**PR.IP-1:** A baseline configuration of information technology/industrial control systems is created and maintained	
				PR.IP-2: A System Development Life Cycle to manage systems is implemented	
				PR.IP-3: Configuration change control processes are in place	
				PR.IP-4: Backups of information are conducted, maintained, and tested periodically	
				PR.IP-5: Policy and regulations regarding the physical operating environment for organizational assets are met	
				PR.IP-6: Data is destroyed according to policy	
				PR.IP-7: Protection processes are continuously improved	
				PR.IP-8: Effectiveness of protection technologies is shared with appropriate parties	
				PR.IP-9: Response plans (Incident Response and Business Continuity) and recovery plans (Incident Recovery and Disaster Recovery) are in place and managed	
				PR.IP-10: Response and recovery plans are tested	
				PR.IP-11: Cybersecurity is included in human resources practices (e.g., deprovisioning, personnel screening)	
				PR.IP-12: A vulnerability management plan is developed and implemented

Function	Status	Category	Status	Subcategory	Status
		Protect: Maintenance (PR.MA)		**PR.MA-1:** Maintenance and repair of organizational assets is performed and logged in a timely manner, with approved and controlled tools	
				PR.MA-2: Remote maintenance of organizational assets is approved, logged, and performed in a manner that prevents unauthorized access	
		Protect: Protective Technology (PR.PT)		**PR.PT-1:** Audit/log records are determined, documented, implemented, and reviewed in accordance with policy	
				PR.PT-2: Removable media is protected and its use restricted according to policy	
				PR.PT-3: Access to systems and assets is controlled, incorporating the principle of least functionality	
				PR.PT-4: Communications and control networks are protected	
				PR.PT-5: Mechanisms (e.g., failsafe, load balancing, hot swap) are implemented to achieve resilience requirements in normal and adverse situations	
DETECT(DE)		Detect: Anomalies and Events (DE.AE)		**DE.AE-1:** A baseline of network operations and expected data flows for users and systems is established and managed	
				DE.AE-2: Detected events are analyzed to understand attack targets and methods	
				DE.AE-3: Event data are aggregated and correlated from multiple sources and sensors	
				DE.AE-4: Impact of events is determined	
				DE.AE-5: Incident alert thresholds are established	
		Detect: Security Continuous Monitoring (DE.CM)		**DE.CM-1:** The network is monitored to detect potential cybersecurity events	
				DE.CM-2: The physical environment is monitored to detect potential cybersecurity events	
				DE.CM-3: Personnel activity is monitored to detect potential cybersecurity events

Function	Status	Category	Status	Subcategory	Status
				DE.CM-4: Malicious code is detected	
				DE.CM-5: Unauthorized mobile code is detected	
				DE.CM-6: External service provider activity is monitored to detect potential cybersecurity events	
				DE.CM-7: Monitoring for unauthorized personnel, connections, devices, and software is performed	
				DE.CM-8: Vulnerability scans are performed	
		Detect: Detection Processes (DE.DP)		**DE.DP-1:** Roles and responsibilities for detection are well defined to ensure accountability	
				DE.DP-2: Detection activities comply with all applicable requirements	
				DE.DP-3: Detection processes are tested	
				DE.DP-4: Event detection information is communicated to appropriate parties	
				DE.DP-5: Detection processes are continuously improved	
RESPOND(RS)		**Respond: Analysis (RS.AN)**		**RS.AN-1:** Notifications from detection systems are investigated	
				RS.AN-2: The impact of the incident is understood	
				RS.AN-3: Forensics are performed	
				RS.AN-4: Incidents are categorized consistent with response plans	
				RS.AN-5: Processes are established to receive, analyze and respond to vulnerabilities disclosed to the organization from internal and external sources (e.g. internal testing, security bulletins, or security researchers)	
		Respond: Communications (RS.CO)		**RS.CO-1:** Personnel know their roles and order of operations when a response is needed	
				RS.CO-2: Events are reported consistent with established criteria	
				RS.CO-3: Information is shared consistent with response plans	
				RS.CO-4: Coordination with stakeholders occurs consistent with response plans

To Whom It May Concern:

MedImpact Healthcare Systems, Inc. has issued an SSAE 18 Service Organization Controls (SOC) 1, Type 2 report for the period October 1, 2022 through September 30, 2023.

This letter is to confirm that we are not aware of any material changes in the internal control environment in MedImpact Healthcare Systems, Inc. for the period October 1, 2023 through the date of this letter, as compared to the controls described in the SOC 1 report for the period ending September 30, 2023.

The information included in this letter is as of the date of this letter, and we disclaim any undertaking to advise you of changes which hereafter may be brought to our attention. This letter is not intended to provide you with a certification of the internal controls at MedImpact Healthcare Systems, Inc. or suggest to you that MedImpact Healthcare Systems, Inc. has performed any structured evaluation of its internal controls for the purposes of producing this letter.

This information is confidential. Please do not copy, share, distribute or otherwise disclose this information without the express written consent of MedImpact Healthcare Systems, Inc.

Sincerely,

DocuSigned by:
James Gollaher

Survey Questionnaire

Welcome Message

Your opinions about MedImpact Healthcare Systems, Inc. matter to us. Please take a few minutes to complete our survey. Your feedback will show us where we are meeting your needs and where we can improve.

Once all the responses are gathered, we will share the results of this survey with you. You can submit your name and phone number at the end of the survey if you want MedImpact to contact you to address any follow-up questions or concerns you may have.

Thank you!

The MedImpact Team

Survey Questions

10-Point Scale Option

Please rate your satisfaction with MedImpact's ability to deliver the following on a 10-point scale where 0=Not at All Satisfied and 10=Very Satisfied. Note: A rating of six indicates you are satisfied.

PBM Service Attribute	0	1	2	3	4	5	6	7	8	9	10	N/A
Understanding of Our Strategic Business Objectives												
Cost Savings on Prescription Drugs												
Account Management												
Pharmacy Network Management												
Benefit Design Administration												
Eligibility & Claims Management												
Formulary Management & Rebates												
Drug Utilization Management												
Clinical Pharmacy Consulting												
Management Reporting												
Member Education												
Information Technology												
CMS Compliance for Government-sponsored Programs												
Conduct Business in an Ethical Manner
