

## ADDENDUM ONE, REVISION TO ITB, QUESTIONS and ANSWERS

Date: December 14, 2018

To: All Bidders

From: Gayle Callahan-Wolfing, Buyer  
AS Materiel State Purchasing

RE: Addendum for Invitation To Bid Number 5982 OF Revised ITB and Responses to Questions to be opened December 27, 2018, at 2:00 p.m. Central Time

---

### REVISION TO ITB

**Revised posted ITB with additional lines.**

This addendum will become part of the ITB and should be acknowledged with the Invitation To Bid.

### Questions and Answers

Following are the questions submitted and answers provided for the above mentioned Invitation to Bid. The questions and answers are to be considered as part of the Invitation to Bid. It is the Bidder's responsibility to check the State Purchasing Bureau website for all addenda or amendments.

<u>Question Number</u>	<u>Question</u>	<u>State Response</u>
1.	Is there a bid bond for the bid?	No bid bond is required for this ITB.
2.	In section T for Sampling and Certificate of Compliances the requirements detail having independent laboratory testing for each batch or lot that is shipped. We wanted to confirm that this indeed means every batch/lot shipped during the period of the contract needs to be tested by an independent lab. This will increase our cost by 15% so it is important for us to be certain this requirement is understood completely. If you can provide any historical perspective on what was	Yes, each lot/batch that is <b>produced</b> , must be tested by an independent laboratory.

	accepted on past bids that would be greatly appreciated.	
3.	Are you only accepting bids for the hot pour material in Boxes? The last contract also had meltable packaging?	The posted ITB has been revised to include lines for meltable packaging. Bidders should provide bid responses on the revised ITB.

This addendum will become part of the ITB and should be acknowledged with the Invitation to Bid response.
