

ADDENDUM ONE, QUESTIONS and ANSWERS

Date: July 12, 2019

To: All Bidders

From: Rene Botts, Buyers
AS Materiel State Purchasing Bureau

RE: Addendum for Request for Proposal Number 6112 OF to be opened July 30, 2019, at 2:00 P.M. Central Time

Questions and Answers

Following are the questions submitted and answers provided for the above mentioned Request for Proposal. The questions and answers are to be considered as part of the Request for Proposal. It is the Bidder's responsibility to check the State Purchasing Bureau website for all addenda or amendments.

<u>Question Number</u>	<u>ITB Section Reference</u>	<u>ITB Page Number</u>	<u>Question</u>	<u>State Response</u>
1.			Can you tell me who had this contract last bid.	This is the first Invitation To Bid for NDOT - State of Nebraska for water activated cold patch material. The State has previously purchased water activated cold patch through an existing Maintenance, Repair and Overhaul (MRO) contract.
2.			Do you have a list of delivery locations. It says there is a list of locations but I do not see it. I am wondering do these need to be delivered to the HQ for each district?	Please see Attachment A included in this response for NDOT address delivery locations.
3.			These weights do not all line up with pallet quantities. It would be easier to quote these in pail quantities rather than pounds a some end up weight end up with a fractional quantity like 5.5 pails.	Answer for Addendum One – Questions #3 through #6 and #7. Quantities are estimated usage. The State is seeking a price per pound to include prepaid shipping and delivery charges to various NDOT locations throughout the State of Nebraska regardless of poundage within types of packaging. The State is using per pound

				<p>as a method to evaluate bids. The State will buy the product according to the awarded bidder's packaging. See ITB section VI. – K. – PACKAGING.</p> <p>Bidders are encouraged to provide any/all details about package sizes and types, and any shipping quantity discounts the bidder is offering within their bid response.</p>
4.			<p>The quantities of required material is in pounds when you convert the pound into buckets it comes out in some cases to number that requires a half bucket. Can these be rounded up to the nearest bucket count as we can't break down a bucket</p>	<p>See Question Number 3.</p>
5.			<p>units the bid states units in pounds and the product is sold in 50 pound buckets, in some cases the pound weight ends up being more than a full bucket. We have bid this product in the state of Colorado as buckets, pallets and truck load quantities, each has a price break for quantity.</p>	<p>See Question Number 3.</p>
6.			<p>Can we bid the product in these quantities</p> <p>Buckets can be ordered in quantities less than 35 or less</p> <p>Pallets consist of 36 buckets, meaning to order in pallet quantity the order would have to be ordered in quantities of 36 buckets</p> <p>Truck load quantities consist of 22 pallets of 36 buckets meaning to order you would need to have 792 buckets or</p>	<p>See Question Number 3.</p>

			22 pallets going to 1 location	
7.	<u>Line item 1</u>	<u>Page 1</u>	Question: Does the State plan to order and have shipped the stated amount in one or multiple shipments? This pertains to line items 1-53 on pages 1-6.	Please see ITB section VI. – G. 1. - Annual Usage, Estimated. Each location will order water activated cold patch in the number of packages in whatever quantity needed and at whatever intervals deemed necessary.
8.	<u>Line item 1</u>	<u>Page 1</u>	Statement: As a vendor / supplier I am planning to provide a bid / quotation on "Aquaphalt". As per the manufacturer the product is only sold in bucket quantities and not by the LB. Each bucket has approximately 50 lbs of material.	See Question Number 3.

This addendum and ATTACHMENT A will become part of the proposal and should be acknowledged with the Request for Proposal response.
