II. Terms and Conditions RFP Number 6126 Z1

II. TERMS AND CONDITIONS

Bidders should complete Sections II through VI as part of their proposal. Bidder should read the Terms and Conditions and should initial either accept, reject, or reject and provide alternative language for each clause. The bidder should also provide an explanation of why the bidder rejected the clause or rejected the clause and provided alternate language. By signing the RFP, bidder is agreeing to be legally bound by all the accepted terms and conditions, and any proposed alternative terms and conditions submitted with the proposal. The State reserves the right to negotiate rejected or proposed alternative language. If the State and bidder fail to agree on the final Terms and Conditions, the State reserves the right to reject the proposal. The State of Nebraska is soliciting proposals in response to this RFP. The State of Nebraska reserves the right to reject proposals that attempt to substitute the bidder's commercial contracts and/or documents for this RFP.

Bidders should submit with their proposal any license, user agreement, service level agreement, or similar documents that the bidder wants incorporated in the contract. The State will not consider incorporation of any document not submitted with the bidder's proposal as the document will not have been included in the evaluation process. These documents shall be subject to negotiation and will be incorporated as addendums if agreed to by the Parties.

If a conflict or ambiguity arises after the Addendum to Contract Award have been negotiated and agreed to, the Addendum to Contract Award shall be interpreted as follows:

- 1. If only one Party has a particular clause then that clause shall control;
- 2. If both Parties have a similar clause, but the clauses do not conflict, the clauses shall be read together;
- 3. If both Parties have a similar clause, but the clauses conflict, the State's clause shall control.

A. GENERAL

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
8m			

The contract resulting from this RFP shall incorporate the following documents:

- Request for Proposal and Addenda;
- 2. Amendments to the RFP;
- Questions and Answers;
- 4. Contractor's proposal (RFP and properly submitted documents);
- The executed Contract and Addendum One to Contract, if applicable; and,
- **6.** Amendments/Addendums to the Contract.

These documents constitute the entirety of the contract.

Unless otherwise specifically stated in a future contract amendment, in case of any conflict between the incorporated documents, the documents shall govern in the following order of preference with number one (1) receiving preference over all other documents and with each lower numbered document having preference over any higher numbered document: 1) Amendment to the executed contract with the most recent dated amendment having the highest priority, 2) executed contract and any attached Addenda, 3) Amendments to RFP and any Questions and Answers, 4) the original RFP document and any Addenda, and 5) the Contractor's submitted Proposal.

Any ambiguity or conflict in the contract discovered after its execution, not otherwise addressed herein, shall be resolved in accordance with the rules of contract interpretation as established in the State of Nebraska.

B. NOTIFICATION

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
Sm			

Contractor and State shall identify the contract managers who shall serve as the points of contact for the executed contract.

Communications regarding the executed contract shall be in writing and shall be deemed to have been given if delivered personally or maited, by U.S. Mail, postage prepaid, return receipt requested, to the parties at their respective addresses set forth below, or at such other addresses as may be specified in writing by either of the parties. All notices, requests, or communications shall be deemed effective upon personal delivery or three (3) calendar days following deposit in the mail.

C. BUYER REPRESENTATIVE

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
8m			

The State reserves the right to appoint a Buyer's Representative to manage [or assist the State Purchasing Buyer in managing] the contract on behalf of the State. The Buyer's Representative will be appointed in writing, and the appointment document will specify the extent of the Buyer's Representative authority and responsibilities. If a Buyer's Representative is appointed, the Contractor will be provided a copy of the appointment document, and is required to cooperate accordingly with the Buyer's Representative. The Buyer's Representative has no authority to bind the State to a contract, amendment, addendum, or other change or addition to the contract.

D. GOVERNING LAW (Statutory)

Notwithstanding any other provision of this contract, or any amendment or addendum(s) entered into contemporaneously or at a later time, the parties understand and agree that, (1) the State of Nebraska is a sovereign state and its authority to contract is therefore subject to limitation by the State's Constitution, statutes, common law, and regulation; (2) this contract will be interpreted and enforced under the laws of the State of Nebraska; (3) any action to enforce the provisions of this agreement must be brought in the State of Nebraska per state law; (4) the person signing this contract on behalf of the State of Nebraska does not have the authority to waive the State's sovereign immunity, statutes, common law, or regulations; (5) the indemnity, limitation of liability, remedy, and other similar provisions of the final contract, if any, are entered into subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity; and, (6) all terms and conditions of the final contract, including but not limited to the clauses concerning third party use, licenses, warranties, limitations of liability, governing law and venue, usage verification, indemnity, liability, remedy or other similar provisions of the final contract are entered into specifically subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity.

The Parties must comply with all applicable local, state and federal laws, ordinances, rules, orders, and regulations.

E. BEGINNING OF WORK

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
Sm			

The bidder shall not commence any billable work until a valid contract has been fully executed by the State and the awarded bidder. The bidder will be notified in writing when work may begin.

F. CHANGE ORDERS

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
Sm			

The State and the Contractor, upon the written agreement, may make changes to the contract within the general scope of the RFP. Changes may involve specifications, the quantity of work, or such other items as the State may find necessary or desirable. Corrections of any deliverable, service, or work required pursuant to the contract shall not be deemed a change. The Contractor may not claim forfeiture of the contract by reasons of such changes.

The Contractor shall prepare a written description of the work required due to the change and an itemized cost sheet for the change. Changes in work and the amount of compensation to be paid to the Contractor shall be determined in accordance with applicable unit prices if any, a pro-rated value, or through negotiations. The State shall not incur a price increase for changes that should have been included in the Contractor's proposal, were foreseeable, or result from difficulties with or failure of the Contractor's proposal or performance.

No change shall be implemented by the Contractor until approved by the State, and the contract is amended to reflect the change and associated costs, if any. If there is a dispute regarding the cost, but both parties agree that immediate implementation is necessary, the change may be implemented, and cost negotiations may continue with both Parties retaining all remedies under the contract and law.

G. NOTICE OF POTENTIAL CONTRACTOR BREACH

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
Sm			

If Contractor breaches the contract or anticipates breaching the contract, the Contractor shall immediately give written notice to the State. The notice shall explain the breach or potential breach, a proposed cure, and may include a request for a waiver of the breach if so desired. The State may, in its discretion, temporarily or permanently waive the breach. By granting a waiver, the State does not forfeit any rights or remedies to which the State is entitled by law or equity, or pursuant to the provisions of the contract. Failure to give immediate notice, however, may be grounds for denial of any request for a waiver of a breach.

H. BREACH

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
Sum			

Either Party may terminate the contract, in whole or in part, if the other Party breaches its duty to perform its obligations under the contract in a timely and proper manner. Termination requires written notice of default and a thirty (30) calendar day (or longer at the non-breaching Party's discretion considering the gravity and nature of the default) cure period. Said notice shall be delivered by Certified Mail, Return Receipt Requested, or in person with proof of delivery. Allowing time to cure a failure or breach of contract does not waive the right to immediately terminate the contract for the same or different contract breach which may occur at a different time. In case of default of the Contractor, the State may contract the service from other sources and hold the Contractor responsible for any excess cost occasioned thereby. OR In case of breach by the Contractor, the State may, without unreasonable delay, make a good faith effort to make a reasonable purchase or contract to purchase goods in substitution of those due from the Contractor. The State may recover from the Contractor as damages the difference between the costs of covering the breach. Notwithstanding any clause to the contrary, the State may also recover the contract price together with any incidental or consequential damages defined in UCC Section 2-715, but less expenses saved in consequence of Contractor's breach.

The State's failure to make payment shall not be a breach, and the Contractor shall retain all available statutory remedies and protections.

NON-WAIVER OF BREACH

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
8m	-		

The acceptance of late performance with or without objection or reservation by a Party shall not waive any rights of the Party nor constitute a waiver of the requirement of timely performance of any obligations remaining to be performed.

J. SEVERABILITY

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
8m			

If any term or condition of the contract is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and conditions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the contract did not contain the provision held to be invalid or illegal.

K. INDEMNIFICATION

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
Sim			

GENERAL

The Contractor agrees to defend, indemnify, and hold harmless the State and its employees, volunteers, agents, and its elected and appointed officials ("the indemnified parties") from and against any and all third party claims, liens, demands, damages, liability, actions, causes of action, losses, judgments, costs, and expenses of every nature, including investigation costs and expenses, settlement costs, and attorney fees and expenses ("the claims"), sustained or asserted against the State for personal injury, death, or property loss or damage, arising out of, resulting from, or attributable to the willful misconduct, negligence, error, or omission of the Contractor, its employees, subcontractors, consultants, representatives, and agents, resulting from this contract, except to the extent such Contractor liability is attenuated by any action of the State which directly and proximately contributed to the claims.

2. PERSONNEL

The Contractor shall, at its expense, indemnify and hold harmless the indemnified parties from and against any claim with respect to withholding taxes, worker's compensation, employee benefits, or any other claim, demand, liability, damage, or loss of any nature relating to any of the personnel, including subcontractor's and their employees, provided by the Contractor.

3. SELF-INSURANCE

The State of Nebraska is self-insured for any loss and purchases excess insurance coverage pursuant to Neb. Rev. Stat. § 81-8,239.01 (Reissue 2008). If there is a presumed loss under the provisions of this agreement, Contractor may file a claim with the Office of Risk Management pursuant to Neb. Rev. Stat. §§ 81-8,829 – 81-8,306 for review by the State Claims Board. The State retains all rights and immunities under the State Miscellaneous (§81-8,294), Tort (§81-8,209), and Contract Claim Acts (§81-8,302), as outlined in Neb. Rev. Stat. § 81-8,209 et seq. and under any other provisions of law and accepts liability under this agreement to the extent provided by law.

4. The Parties acknowledge that Attorney General for the State of Nebraska is required by statute to represent the legal interests of the State, and that any provision of this indemnity clause is subject to the statutory authority of the Attorney General.

L. ATTORNEY'S FEES

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
8m			

In the event of any litigation, appeal, or other legal action to enforce any provision of the contract, the Parties agree to pay all expenses of such action, as permitted by law and if order by the court, including attorney's fees and costs, if the other Party prevails.

M. ASSIGNMENT, SALE, OR MERGER

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
Sun			

Either Party may assign the contract upon mutual written agreement of the other Party. Such agreement shall not be unreasonably withheld.

The Contractor retains the right to enter into a sale, merger, acquisition, internal reorganization, or similar transaction involving Contractor's business. Contractor agrees to cooperate with the State in executing amendments to the contract to allow for the transaction. If a third party or entity is involved in the transaction, the Contractor will remain responsible for performance of the contract until such time as the person or entity involved in the transaction agrees in writing to be contractually bound by this contract and perform all obligations of the contract.

N. CONTRACTING WITH OTHER NEBRASKA POLITICAL SUB-DIVISIONS

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
Sm			

The Contractor may, but shall not be required to, allow agencies, as defined in Neb. Rev. Stat. §81-145, to use this contract. The terms and conditions, including price, of the contract may not be amended. The State shall not be contractually obligated or liable for any contract entered into pursuant to this clause. A listing of Nebraska political subdivisions may be found at the website of the Nebraska Auditor of Public Accounts.

The Contractor may, but shall not be required to, allow other states, agencies or divisions of other states, or political subdivisions of other states to use this contract. The terms and conditions, including price, of this contract shall apply to any such contract, but may be amended upon mutual consent of the Parties. The State of Nebraska shall not be contractually or otherwise obligated or liable under any contract entered into pursuant to this clause. The State shall be notified if a contract is executed based upon this contract

FORCE MAJEURE

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
Sm			

Neither Party shall be liable for any costs or damages, or for default resulting from its inability to perform any of its obligations under the contract due to a natural or manmade event outside the control and not the fault of the affected Party ("Force Majeure Event"). The Party so affected shall immediately make a written request for relief to the other Party, and shall have the burden of proof to justify the request. The other Party may grant the relief requested; relief may not be unreasonably withheld. Labor disputes with the impacted Party's own employees will not be considered a Force Majeure Event.

P. CONFIDENTIALITY

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
SM			

All materials and information provided by the Parties or acquired by a Party on behalf of the other Party shall be regarded as confidential information. All materials and information provided or acquired shall be handled in accordance with federal and state law, and ethical standards. Should said confidentiality be breached by a Party, the Party shall notify the other Party immediately of said breach and take immediate corrective action.

It is incumbent upon the Parties to inform their officers and employees of the penalties for improper disclosure imposed by the Privacy Act of 1974, 5 U.S.C. 552a. Specifically, 5 U.S.C. 552a (i)(1), which is made applicable by 5 U.S.C. 552a (m)(1), provides that any officer or employee, who by virtue of his/her employment or official position has possession of or access to agency records which contain individually identifiable information, the disclosure of which is prohibited by the Privacy Act or regulations established thereunder, and who knowing that disclosure of the specific material is prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than \$5,000.

Q. OFFICE OF PUBLIC COUNSEL (Statutory)

If it provides, under the terms of this contract and on behalf of the State of Nebraska, health and human services to individuals; service delivery; service coordination; or case management, Contractor shall submit to the jurisdiction of the Office of Public Counsel, pursuant to Neb. Rev. Stat. §§ 81-8,240 et seq. This section shall survive the termination of this contract.

R. LONG-TERM CARE OMBUDSMAN (Statutory)

Contractor must comply with the Long-Term Care Ombudsman Act, Neb. Rev. Stat. §§ 81-2237 et seq. This section shall survive the termination of this contract.

S. SUSPENSION OF SERVICES

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within Solicitation Response (Initial)	NOTES/COMMENTS:
8m			

DHHS may, at any time and without advance notice, require Contractor to suspend any or all activities provided under this Contract. A suspension may be the result of a reduction in federal or state funds, budget freeze, emergency, contract compliance issues, investigation, or other reasons not stated here.

In the event of such suspension, the DHHS Chief Operating Officer/Contract Administrator or designee will issue a written Stop Work Order to the Contractor. The Stop Work Order will specify which activities are to be immediately suspended, the reason(s) for the suspension, and, if possible, the known duration period of the suspension.

Upon receipt of the Stop Work Order, the Contractor shall immediately comply with its terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the order during the period of suspension.

The DHHS Chief Operating Officer/Contract Administrator or designee may extend the duration of the suspension by issuing a modified Stop Work Order which states the new end date of the suspension and the reason for the extension.

The suspended activity may resume when (i) the suspension period identified in the Stop Work Order has ended or (ii) when the DHHS Chief Operating Officer/Contract Administrator or designee has issued a formal written notice cancelling the Stop Work Order or directing Contractor to resume partial services.

T. EARLY TERMINATION

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
Sw			

The contract may be terminated as follows:

- The State and the Contractor, by mutual written agreement, may terminate the contract at any time.
- The State, in its sole discretion, may terminate the contract for any reason upon thirty (30) calendar day's written notice to the Contractor. Such termination shall not relieve the Contractor of warranty or other service obligations incurred under the terms of the contract. In the event of termination the Contractor shall be entitled to payment, determined on a pro rata basis, for products or services satisfactorily performed or provided.
- 3. The State may terminate the contract immediately for the following reasons:
 - a. if directed to do so by statute;
 - b. Contractor has made an assignment for the benefit of creditors, has admitted in writing its inability to pay debts as they mature, or has ceased operating in the normal course of business;
 - a trustee or receiver of the Contractor or of any substantial part of the Contractor's assets has been appointed by a court;
 - d. fraud, misappropriation, embezzlement, malfeasance, misfeasance, or illegal conduct pertaining to performance under the contract by its Contractor, its employees, officers, directors, or shareholders:
 - e. an involuntary proceeding has been commenced by any Party against the Contractor under any one of the chapters of Title 11 of the United States Code and (i) the proceeding has been pending for at least sixty (60) calendar days; or (ii) the Contractor has consented, either expressly or by operation of law, to the entry of an order for relief; or (iii) the Contractor has been decreed or adjudged a debtor:
 - f. a voluntary petition has been filed by the Contractor under any of the chapters of Title 11 of the United States Code:
 - g. Contractor intentionally discloses confidential information;
 - h. Contractor has or announces it will discontinue support of the deliverable; and,
 - i. In the event funding is no longer available.

U. CONTRACT CLOSEOUT

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
Sm			

Upon contract closeout for any reason the Contractor shall within 30 days, unless stated otherwise herein:

- Transfer all completed or partially completed deliverables to the State;
- 2. Transfer ownership and title to all completed or partially completed deliverables to the State;
- Return to the State all information and data, unless the Contractor is permitted to keep the information or data by contract or rule of law. Contractor may retain one copy of any information or data as required to comply with applicable work product documentation standards or as are automatically retained in the course of Contractor's routine back up procedures;
- Cooperate with any successor Contactor, person or entity in the assumption of any or all of the obligations of this contract:
- Cooperate with any successor Contactor, person or entity with the transfer of information or data related to this contract;
- 6. Return or vacate any state owned real or personal property; and,
- 7. Return all data in a mutually acceptable format and manner.

Nothing in this Section should be construed to require the Contractor to surrender intellectual property, real or personal property, or information or data owned by the Contractor for which the State has no legal claim.

III. CONTRACTOR DUTIES RFP Number 6126 Z1

III. CONTRACTOR DUTIES

A. INDEPENDENT CONTRACTOR / OBLIGATIONS

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
Sm			

It is agreed that the Contractor is an independent contractor and that nothing contained herein is intended or should be construed as creating or establishing a relationship of employment, agency, or a partnership.

The Contractor is solely responsible for fulfilling the contract. The Contractor or the Contractor's representative shall be the sole point of contact regarding all contractual matters.

The Contractor shall secure, at its own expense, all personnel required to perform the services under the contract. The personnel the Contractor uses to fulfill the contract shall have no contractual or other legal relationship with the State; they shall not be considered employees of the State and shall not be entitled to any compensation, rights or benefits from the State, including but not limited to, tenure rights, medical and hospital care, sick and vacation leave, severance pay, or retirement benefits.

By-name personnel commitments made in the Contractor's proposal shall not be changed without the prior written approval of the State. Replacement of these personnel, if approved by the State, shall be with personnel of equal or greater ability and qualifications.

All personnel assigned by the Contractor to the contract shall be employees of the Contractor or a subcontractor, and shall be fully qualified to perform the work required herein. Personnel employed by the Contractor or a subcontractor to fulfill the terms of the contract shall remain under the sole direction and control of the Contractor or the subcontractor respectively.

With respect to its employees, the Contractor agrees to be solely responsible for the following:

- Any and all pay, benefits, and employment taxes and/or other payroll withholding;
- 2. Any and all vehicles used by the Contractor's employees, including all insurance required by state law;
- 3. Damages incurred by Contractor's employees within the scope of their duties under the contract;
- 4. Maintaining Workers' Compensation and health insurance that complies with state and federal law and submitting any reports on such insurance to the extent required by governing law.
- Determining the hours to be worked and the duties to be performed by the Contractor's employees; and,
- 6. All claims on behalf of any person arising out of employment or alleged employment (including without limit claims of discrimination alleged against the Contractor, its officers, agents, or subcontractors or subcontractor's employees).

If the Contractor intends to utilize any subcontractor, the subcontractor's level of effort, tasks, and time allocation should be clearly defined in the bidder's proposal. The Contractor shall agree that it will not utilize any subcontractors not specifically included in its proposal in the performance of the contract without the prior written authorization of the State.

The State reserves the right to require the Contractor to reassign or remove from the project any Contractor or subcontractor employee.

Contractor shall insure that the terms and conditions contained in any contract with a subcontractor does not conflict with the terms and conditions of this contract.

The Contractor shall include a similar provision, for the protection of the State, in the contract with any subcontractor engaged to perform work on this contract.

B. EMPLOYEE WORK ELIGIBILITY STATUS

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initia!)	NOTES/COMMENTS:
8m			

The Contractor is required and hereby agrees to use a federal immigration verification system to determine the work eligibility status of employees physically performing services within the State of Nebraska. A federal immigration verification system means the electronic verification of the work authorization program authorized by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, 8 U.S.C. 1324a, known as the E-Verify Program, or an equivalent federal program designated by the United States Department of Homeland Security or other federal agency authorized to verify the work eligibility status of an employee.

If the Contractor is an individual or sole proprietorship, the following applies:

- The Contractor must complete the United States Citizenship Attestation Form, available on the Department of Administrative Services website at http://das.nebraska.gov/materiel/purchasing.html.
- 2. The completed United States Attestation Form should be submitted with the RFP response.
- If the Contractor indicates on such attestation form that he or she is a qualified alien, the Contractor agrees
 to provide the US Citizenship and Immigration Services documentation required to verify the Contractor's
 lawful presence in the United States using the Systematic Alien Verification for Entitlements (SAVE)
 Program.
- 4. The Contractor understands and agrees that lawful presence in the United States is required and the Contractor may be disqualified or the contract terminated if such lawful presence cannot be verified as required by Neb. Rev. Stat. §4-108.

C. COMPLIANCE WITH CIVIL RIGHTS LAWS AND EQUAL OPPORTUNITY EMPLOYMENT / NONDISCRIMINATION (Statutory)

The Contractor shall comply with all applicable local, state, and federal statutes and regulations regarding civil rights laws and equal opportunity employment. The Nebraska Fair Employment Practice Act prohibits Contractors of the State of Nebraska, and their subcontractors, from discriminating against any employee or applicant for employment, with respect to hire, tenure, terms, conditions, compensation, or privileges of employment because of race, color, religion, sex, disability, marital status, or national origin (Neb. Rev. Stat. §48-1101 to 48-1125). The Contractor guarantees compliance with the Nebraska Fair Employment Practice Act, and breach of this provision shall be regarded as a material breach of contract. The Contractor shall insert a similar provision in all subcontracts for services to be covered by any contract resulting from this RFP.

D. COOPERATION WITH OTHER CONTRACTORS

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
8m		- 4	

Contractor may be required to work with or in close proximity to other contractors or individuals that may be working on same or different projects. The Contractor shall agree to cooperate with such other contractors or individuals, and shall not commit or permit any act which may interfere with the performance of work by any other contractor or individual. Contractor is not required to compromise Contractor's intellectual property or proprietary information unless expressly required to do so by this contract.

E. PERMITS, REGULATIONS, LAWS

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
Sm			

The contract price shall include the cost of all royalties, licenses, permits, and approvals, whether arising from patents, trademarks, copyrights or otherwise, that are in any way involved in the contract. The Contractor shall obtain and pay for all royalties, licenses, and permits, and approvals necessary for the execution of the contract. The Contractor must guarantee that it has the full legal right to the materials, supplies, equipment, software, and other items used to execute this contract.

F. OWNERSHIP OF INFORMATION AND DATA / DELIVERABLES

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
Sm			

The State shall have the unlimited right to publish, duplicate, use, and disclose all information and data developed or obtained by the Contractor on behalf of the State pursuant to this contract.

The State shall own and hold exclusive title to any deliverable developed as a result of this contract. Contractor shall have no ownership interest or title, and shall not patent, license, or copyright, duplicate, transfer, sell, or exchange, the design, specifications, concept, or deliverable.

G. INSURANCE REQUIREMENTS

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
8m			

The Contractor shall throughout the term of the contract maintain insurance as specified herein and provide the State a current Certificate of Insurance/Acord Form (COI) verifying the coverage. The Contractor shall not commence work on the contract until the insurance is in place. If Contractor subcontracts any portion of the contract the Contractor must, throughout the term of the contract, either:

- Provide equivalent insurance for each subcontractor and provide a COI verifying the coverage for the subcontractor;
- 2. Require each subcontractor to have equivalent insurance and provide written notice to the State that the Contractor has verified that each subcontractor has the required coverage; or,
- Provide the State with copies of each subcontractor's Certificate of Insurance evidencing the required coverage.

The Contractor shall not allow any subcontractor to commence work until the subcontractor has equivalent insurance. The failure of the State to require a COI, or the failure of the Contractor to provide a COI or require subcontractor insurance shall not limit, relieve, or decrease the liability of the Contractor hereunder.

In the event that any policy written on a claims-made basis terminates or is canceled during the term of the contract or within one (1) year of termination or expiration of the contract, the Contractor shall obtain an extended discovery

or reporting period, or a new insurance policy, providing coverage required by this contract for the term of the contract and one (1) year following termination or expiration of the contract.

If by the terms of any insurance a mandatory deductible is required, or if the Contractor elects to increase the mandatory deductible amount, the Contractor shall be responsible for payment of the amount of the deductible in the event of a paid claim.

Notwithstanding any other clause in this contract, the State may recover up to the liability limits of the insurance policies required herein.

1. WORKERS' COMPENSATION INSURANCE

The Contractor shall take out and maintain during the life of this contract the statutory Workers' Compensation and Employer's Liability Insurance for all of the contactors' employees to be engaged in work on the project under this contract and, in case any such work is sublet, the Contractor shall require the subcontractor similarly to provide Worker's Compensation and Employer's Liability Insurance for all of the subcontractor's employees to be engaged in such work. This policy shall be written to meet the statutory requirements for the state in which the work is to be performed, including Occupational Disease. The policy shall include a waiver of subrogation in favor of the State. The COI shall contain the mandatory COI subrogation waiver language found hereinafter. The amounts of such insurance shall not be less than the limits stated hereinafter. For employees working in the State of Nebraska, the policy must be written by an entity authorized by the State of Nebraska Department of Insurance to write Workers' Compensation and Employer's Liability Insurance for Nebraska employees.

2. COMMERCIAL GENERAL LIABILITY INSURANCE AND COMMERCIAL AUTOMOBILE LIABILITY INSURANCE

The Contractor shall take out and maintain during the life of this contract such Commercial General Liability Insurance and Commercial Automobile Liability Insurance as shall protect Contractor and any subcontractor performing work covered by this contract from claims for damages for bodily injury, including death, as well as from claims for property damage, which may arise from operations under this contract, whether such operation be by the Contractor or by any subcontractor or by anyone directly or indirectly employed by either of them, and the amounts of such insurance shall not be less than limits stated hereinafter.

The Commercial General Liability Insurance shall be written on an occurrence basis, and provide Premises/Operations, Products/Completed Operations, Independent Contractors, Personal Injury, and Contractual Liability coverage. The policy shall include the State, and others as required by the contract documents, as Additional Insured(s). This policy shall be primary, and any insurance or self-insurance carried by the State shall be considered secondary and non-contributory. The COI shall contain the mandatory COI liability waiver language found hereinafter. The Commercial Automobile Liability Insurance shall be written to cover all Owned, Non-owned, and Hired vehicles.

3. EVIDENCE OF COVERAGE

The Contractor shall furnish the Contract Manager, with a certificate of insurance coverage complying with the above requirements prior to beginning work at:

Department of Health and Human Services Attn: Permanency Administrator 301 Centennial Mall S. 3rd floor Lincoln, NE 68509

These certificates or the cover sheet shall reference the RFP number, and the certificates shall include the name of the company, policy numbers, effective dates, dates of expiration, and amounts and types of coverage afforded. If the State is damaged by the failure of the Contractor to maintain such insurance, then the Contractor shall be responsible for all reasonable costs properly attributable thereto.

Reasonable notice of cancellation of any required insurance policy must be submitted to the contract manager as listed above when issued and a new coverage binder shall be submitted immediately to ensure no break in coverage.

4. DEVIATIONS

The insurance requirements are subject to limited negotiation. Negotiation typically includes, but is not necessarily limited to, the correct type of coverage, necessity for Workers' Compensation, and the type of automobile coverage carried by the Contractor.

H. ANTITRUST

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
Sm			

The Contractor hereby assigns to the State any and all claims for overcharges as to goods and/or services provided in connection with this contract resulting from antitrust violations which arise under antitrust laws of the United States and the antitrust laws of the State.

CONFLICT OF INTEREST

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
8m			

By submitting a proposal, bidder certifies that no relationship exists between the bidder and any person or entity which either is, or gives the appearance of, a conflict of interest related to this Request for Proposal or project.

Bidder further certifies that bidder will not employ any individual known by bidder to have a conflict of interest nor shall bidder take any action or acquire any interest, either directly or indirectly, which will conflict in any manner or degree with the performance of its contractual obligations hereunder or which creates an actual or appearance of conflict of interest.

If there is an actual or perceived conflict of interest, bidder shall provide with its proposal a full disclosure of the facts describing such actual or perceived conflict of interest and a proposed mitigation plan for consideration. The State will then consider such disclosure and proposed mitigation plan and either approve or reject as part of the overall bid evaluation.

J. ADVERTISING

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
8m			

The Contractor agrees not to refer to the contract award in advertising in such a manner as to state or imply that the company or its services are endorsed or preferred by the State. Any publicity releases pertaining to the project shall not be issued without prior written approval from the State.

K. NEBRASKA TECHNOLOGY ACCESS STANDARDS (Statutory)

Contractor shall review the Nebraska Technology Access Standards, found at http://nitc.nebraska.gov/standards/2-201.html and ensure that products and/or services provided under the contract are in compliance or will comply with the applicable standards to the greatest degree possible. In the event such standards change during the Contractor's performance, the State may create an amendment to the contract to request the contract comply with the changed standard at a cost mutually acceptable to the parties.

L. DISASTER RECOVERY/BACK UP PLAN

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
Sm			

The Contractor shall have a disaster recovery and back-up plan, of which a copy should be provided upon request to the State, which includes, but is not limited to equipment, personnel, facilities, and transportation, in order to continue services as specified under the specifications in the contract in the event of a disaster.

M. DRUG POLICY

Accept (initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:

IV. PAYMENT RFP Number 6126 Z1

IV. PAYMENT

A. PROHIBITION AGAINST ADVANCE PAYMENT (Statutory)

Neb. Rev. Stat. §§81-2403 states, "no goods or services shall be deemed to be received by an agency until all such goods or services are completely delivered and finally accepted by the agency."

B. TAXES (Statutory)

The State is not required to pay taxes and assumes no such liability as a result of this solicitation. The Contractor may request a copy of the Nebraska Department of Revenue, Nebraska Resale or Exempt Sale Certificate for Sales Tax Exemption, Form 13 for their records. Any property tax payable on the Contractor's equipment which may be installed in a state-owned facility is the responsibility of the Contractor.

C. INVOICES

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
Sm			

Invoices for payments must be submitted by the Contractor to the agency requesting the services with sufficient detail to support payment. Invoices shall include at a minimum family name, number of direct hours with family, number of indirect hours to complete the home study, home address where study was performed, date of initial referral, date of study completion, and number of visits to home. The terms and conditions included in the Contractor's invoice shall be deemed to be solely for the convenience of the parties. No terms or conditions of any such invoice shall be binding upon the State, and no action by the State, including without limitation the payment of any such invoice in whole or in part, shall be construed as binding or estopping the State with respect to any such term or condition, unless the invoice term or condition has been previously agreed to by the State as an amendment to the contract.

D. INSPECTION AND APPROVAL

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
8m			

Final inspection and approval of all work required under the contract shall be performed by the designated State officials.

The State and/or its authorized representatives shall have the right to enter any premises where the Contractor or subcontractor duties under the contract are being performed, and to inspect, monitor or otherwise evaluate the work being performed. All inspections and evaluations shall be at reasonable times and in a manner that will not unreasonably delay work.

E. PAYMENT

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
8m			

State will render payment to Contractor when the terms and conditions of the contract and specifications have been satisfactorily completed on the part of the Contractor as solely determined by the State. (Neb. Rev. Stat. §73-

506(1)) Payment will be made by the responsible agency in compliance with the State of Nebraska Prompt Payment Act (See Neb. Rev. Stat. §81-2401 through 81-2408). The State may require the Contractor to accept payment by electronic means such as ACH deposit. In no event shall the State be responsible or liable to pay for any services provided by the Contractor prior to the Effective Date of the contract, and the Contractor hereby waives any claim or cause of action for any such services.

F. LATE PAYMENT (Statutory)

The Contractor may charge the responsible agency interest for late payment in compliance with the State of Nebraska Prompt Payment Act (See Neb. Rev. Stat. §81-2401 through 81-2408).

G. SUBJECT TO FUNDING / FUNDING OUT CLAUSE FOR LOSS OF APPROPRIATIONS

Accept (Initial)	Reject (Initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:	
Sm				

The State's obligation to pay amounts due on the contract for a fiscal years following the current fiscal year is contingent upon legislative appropriation of funds. Should said funds not be appropriated, the State may terminate the contract with respect to those payments for the fiscal year(s) for which such funds are not appropriated. The State will give the Contractor written notice thirty (30) calendar days prior to the effective date of termination. All obligations of the State to make payments after the termination date will cease. The Contractor shall be entitled to receive just and equitable compensation for any authorized work which has been satisfactorily completed as of the termination date. In no event shall the Contractor be paid for a loss of anticipated profit.

H. RIGHT TO AUDIT (First Paragraph is Statutory)

The State shall have the right to audit the Contractor's performance of this contract upon a 30 days' written notice. Contractor shall utilize generally accepted accounting principles, and shall maintain the accounting records, and other records and information relevant to the contract (Information) to enable the State to audit the contract. The State may audit and the Contractor shall maintain, the Information during the term of the contract and for a period of five (5) years after the completion of this contract or until all issues or litigation are resolved, whichever is later. The Contractor shall make the Information available to the State at Contractor's place of business or a location acceptable to both Parties during normal business hours. If this is not practical or the Contractor so elects, the Contractor may provide electronic or paper copies of the Information. The State reserves the right to examine, make copies of, and take notes on any Information relevant to this contract, regardless of the form or the Information, how it is stored, or who possesses the Information. Under no circumstance will the Contractor be required to create or maintain documents not kept in the ordinary course of Contractor's business operations, nor will Contractor be required to disclose any information, including but not limited to product cost data, which is confidential or proprietary to Contractor.

Accept (Initial)	Reject (initial)	Reject & Provide Alternative within RFP Response (Initial)	NOTES/COMMENTS:
Sm			

The Parties shall pay their own costs of the audit unless the audit finds a previously undisclosed overpayment by the State. If a previously undisclosed overpayment exceeds one-half of one percent (.5%) of the total contract billings, or if fraud, material misrepresentations, or non-performance is discovered on the part of the Contractor, the Contractor shall reimburse the State for the total costs of the audit. Overpayments and audit costs owed to the State shall be paid within ninety days of written notice of the claim. The Contractor agrees to correct any material weaknesses or condition found as a result of the audit.

i. SUMMARY OF BIDDER'S PROPOSED PERSONNEL/MANAGEMENT APPROACH

Stacy Martin is the President and CEO of Lutheran Family Services of Nebraska (LFS). Prior to joining LFS, Martin was the Executive Vice President of Program for Lutheran Services Florida. As one of the largest human service organizations in country, Lutheran Services of Florida employed more than 1,500 people and had a budget of \$220 million annually.

In Florida, Martin was responsible for the organization's child welfare, guardianship, immigration and refugee services, housing, youth shelters, sexual abuse treatment, and behavioral health services. Before joining the executive team at Lutheran Services Florida, Martin was the Vice President at Lutheran Immigration and Refugee Service, a non-governmental organization serving refugees, migrants, and asylum seekers.

Finally, prior to her arrival at LFS, Martin was also the Director of Policy and Advocacy for the Evangelical Lutheran Church in America in Washington, DC, where Martin led state, national, and international advocacy for the 4-million member organization. Martin graduated summa cum laude from Sterling College. She holds a Master's in Business Administration from Eastern University and participated in the business honors society Delta Mu Delta while there. Martin also holds a Master of Divinity from Princeton Theological Seminary where she was a Presidential Fellow.

Donna Magnuson, LFS Chief Program Officer, has more than 25 years of experience in working non-profit management. She began her career in managing a Children's Services program involving unaccompanied refugee minors in foster care while also providing direct service to families with intensive needs, for Lutheran Family Services of North Dakota.

Donna was previously the Director of the Refugee Resettlement Program for Lutheran Social Services of South Dakota, where she developed and implemented the Wilson-Fish Program, a privatized version for refugee resettlement for that State. She held that position for 12 years. During that time Donna also held the position of State Refugee Coordinator for South Dakota where she worked collaboratively with the Department of Health and Human Services, Office of Refugee Resettlement.

She has also held offices on the Executive Committee of SCORR (State Coordinators of the Office of Refugee Resettlement), including Vice President. Donna moved to Arizona in 2011 and took on the role of Executive Director of the International Rescue Committee – Phoenix office. In this role she had oversight of services including case management, economic empowerment and employment, health services including Survivors of Torture and behavioral health, and two fee for service programs – Community Interpreter Services and Immigration Services.

She has also served on various committees including the LIRS Regional Consultant Advisory Committee both as a member and as Chair. Donna is also a Board member of the Association of Refugee Services Professionals. One of her greatest accomplishments includes the development and implementation of a client centered services model, using a strengths based perspective.

Currently, Donna is the Chief Program Officer for Lutheran Family Services of Nebraska where she has oversight of all program units including Adult and Children Behavioral health services, Foster care, adoption and post adoption services, adult behavioral health services in multiple areas of service and community services which includes an array of integration services for New Americans.

The proposed program will be overseen by **Linda Dubs-Cerny**, **LFS Director of Children Services**. Linda served as the LFS Director of Children's Behavioral Health prior to her current position, and before that was a Supervisor in the organization's Right Turn program, which provides post-adoption support to help families maintain permanency.

Prior to joining LFS in 2016, Linda spent several years at Magellan Health Services and Nebraska Children's Home Society. Linda's work experiences of 35 years include working in a variety of arenas including mental health, education, community health, managed care, and acute care hospitals. Linda is a Licensed Clinical Social Worker and Independently Licensed Mental Health Practitioner in the State of Nebraska. Linda has significant experience developing, implementing, and managing services for children and youth.

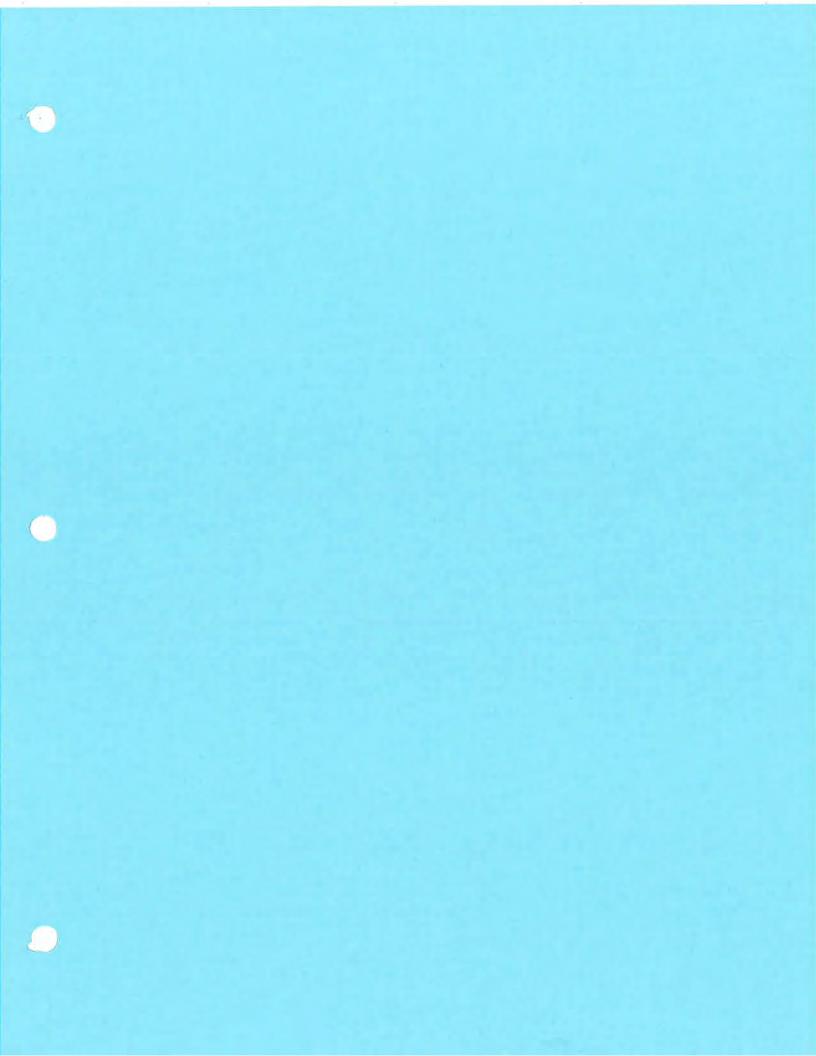

Additionally, Linda has experience in directly providing and managing services in a client-centered care model. This approach entails coordinating resources, expertise, and services around a client's multi-faceted needs with one single service plan, rather than sending clients through different programs and developing multiple different issue-based service plans to address different needs.

Clients play a leading role in determining what services and approach are right for them, so that their voice and choice drive the service plan. This client-centered approach to youth housing and supportive services requires actively seeking the input of youth in developing a plan for housing and support and the engagement of youth in its execution and will ensure that youth choice drives service provision.

Renee Ambrose, LFS Pregnancy, Parenting, and Adoption Supervisor, Renee provides supervision, direction and support for adoption staff across the State. She reports directly to Linda Dubs-Cerny, AVP Children Services.

Katherine Spoon, LFS Strengthening Families Program Manager, Katherine manages LFS Foster and Adoption Programs state-wide. She provides overall direction, planning, development, coordination, and supervision of the North Omaha Center for Healthy Families.

Independent Auditor's Report

To the Board of Directors of Lutheran Family Services of Nebraska, Inc. and Affiliates Omaha, Nebraska:

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Lutheran Family Services of Nebraska, Inc. and Affiliates (the Organization), which comprise the consolidated statement of financial position as of December 31, 2018, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements (collectively, the financial statements).

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of Omaha Church Center, Inc., Lutheran Family Services Foundation, Inc., and LFS 25th Avenue Apartments, LLC were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of December 31, 2018, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the Organization's 2017 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated May 14, 2018. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2017, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The consolidating information included in Exhibits 1 and 2 is presented for purposes of additional analysis rather than to present the financial position, changes in net assets, and cash flows of the individual entities and is not a required part of the financial statements. The accompanying supplementary information in Exhibit 3 and the accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), is presented for additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Emphasis of Matter

As discussed in Note 22 to the financial statements, the Organization adopted new accounting guidance related to the Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2016-14, Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities. Our opinion is not modified with respect to this matter.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated May 30, 2019 on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Organization's internal control over financial reporting and compliance.

Notes to Consolidated Financial Statements
December 31, 2018, with Comparative Totals for 2017

(1) Description of Organization and Principles of Consolidation

The financial statements include the accounts of Lutheran Family Services of Nebraska, Inc. and its affiliates (the Organization). These affiliates are Omaha Church Center, Inc., Lutheran Family Services Foundation, Inc., and LFS 25th Avenue Apartments, LLC. Lutheran Family Services of Nebraska, Inc. is the sole voting member of Lutheran Family Services Foundation, Inc. and Omaha Church Center, Inc. The LFS 25th Avenue Apartments, LLC is a limited liability company wholly owned by Lutheran Family Services of Nebraska, Inc. All organizations are organized under the laws of the State of Nebraska. Lutheran Family Services of Nebraska, Inc., Lutheran Family Services Foundation, Inc. and Omaha Church Center, Inc. are also exempt from federal income taxes on related income pursuant to Section 501(a) of the Internal Revenue Code.

Lutheran Family Services of Nebraska, Inc. is a multi-service organization whose purpose is to build and strengthen individual, family and community life across Nebraska. The Organization offers major outpatient services and assistance to individuals through multiple office locations. Many of Lutheran Family Services of Nebraska, Inc. programs are offered on a sliding-fee "ability to pay" basis. The Organization's corporate members are the Evangelical Lutheran Church of America - Nebraska Synod and the Lutheran Church Missouri Synod - Nebraska District.

Omaha Church Center, Inc. provides rental space to Lutheran Family Services of Nebraska, Inc.

Lutheran Family Services Foundation, Inc.'s purpose is to manage and distribute funds, solicited from the statewide Lutheran constituency and the general public, in order to further the services of Lutheran Family Services of Nebraska, Inc. and the operations of Omaha Church Center, Inc.

Lutheran Family Services of Nebraska, Inc. organized LFS 25th Avenue Apartments, LLC in connection with the purchase and operation of an apartment building on its campus.

The financial statements include the accounts of these organizations. All significant intercompany accounts and transactions have been eliminated in consolidation.

(2) Summary of Significant Accounting Policies

The following is a summary of significant accounting policies of the Organization. These policies are in accordance with the accounting principles generally accepted in the United States of America (GAAP).

A. Basis of Accounting and Presentation

The financial statements of the Organization have been prepared on the accrual basis of accounting in accordance with GAAP. Revenue is recognized when earned and expenses are recognized when incurred. Financial statement presentation follows the recommendations of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958-205, Not-for-Profit Entities, Presentation of Financial Statements. Under FASB ASC 958-205, the Organization is required to report information regarding its financial position and activities according to two classes of net assets:

<u>Net assets without donor restrictions</u> are those net assets not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. Net assets without donor restrictions include undesignated net assets and net assets subject to designation by the Board. As of December 31, 2018 and 2017, the Organization had Board designated net assets in the amount of \$388,894 and \$365,413 for special program purposes.

Notes to Consolidated Financial Statements December 31, 2018, with Comparative Totals for 2017

<u>Net assets with donor restrictions</u> are net assets subject to restrictions imposed by donors. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

B. Industry Environment

The Organization is subject to numerous laws and regulations of federal, state and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government healthcare program participation requirements, reimbursements for services, and Medicaid fraud and abuse. Violations of these laws and regulations could result in expulsion from government healthcare programs together with the imposition of significant fines and penalties, as well as significant repayments for services previously billed.

Management believes that the Organization is in compliance with applicable government laws and regulations as they apply to the areas of fraud and abuse. While no regulatory inquiries have been made which are expected to have a material effect on the Organization's financial statements, compliance with such laws and regulations can be subject to future government review and interpretation as well as regulatory actions unknown or unasserted at this time.

C. Use of Estimates

The presentation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

D. Cash and Cash Equivalents

Cash and cash equivalents for purposes of the consolidated statement of cash flows includes investments in highly liquid debt instruments with original maturities of three months or less and excludes cash and cash equivalents included in short-term investments or assets limited as to use.

E. Service Accounts Receivable, Net

Net service accounts receivable consists of fees due from clients and their insurance companies and amounts due on various contracts reduced by a valuation allowance for uncollectible accounts and contractual adjustments from third party payors. These receivables are unsecured. The allowances reflect management's estimate of amounts that will not be collected in the future and are based on reviews of account balances by payor classes. Percentages are applied to each payor class based on contractual agreements and historical collection and recovery information to determine the net realizable value of the service accounts receivable.

Payment for services is expected within thirty days of receipt of the billing. Any amounts deemed uncollectible are written off on a monthly basis. The Organization does not charge interest on outstanding balances owed.

Notes to Consolidated Financial Statements December 31, 2018, with Comparative Totals for 2017

F. Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the consolidated statement of financial position. Investment income or loss (including realized and unrealized gains and losses on investments, interest and dividends) is included in revenue, gains and other support without donor restrictions, unless the income or loss is restricted by donor or law.

The Organization also holds an investment in a real estate investment trust. This investment has a fair value that is determined using net asset value (NAV). NAV is a practical expedient to determine the fair value of investments that do not have readily determinable fair values and prepare their financial statements consistent with the measurement principles of an investment company or have the attributes of an investment company.

G. Beneficial Interest in Perpetual Trust

The Organization is a beneficiary of a donor created perpetual trust and annually receives income from this trust. The Organization receives 40% of the trust's net income annually to be used for fulfilling its charitable purpose. The beneficial interest is recognized at fair value and the income from the trust is reported as investment income in the consolidated statement of activities. Change in the value of the beneficial interest in the perpetual trust is included separately as changes in net assets with donor restrictions.

H. Beneficial Interest in Charitable Remainder Trust

The Organization is the irrevocable partial beneficiary of a non-perpetual charitable remainder unitrust held by a third-party trustee. The trust was created independently of the Organization and is neither in the possession nor under the control of the Organization. The trust is administered by a third-party trustee as designated by the donor. The Organization recognizes its partial interest in the trust at fair value as measured by the present value of the estimated future distributions to be received by the Organization over the term of the agreement, discounted at the rate commensurate with the risks involved. The value of the beneficial interest in charitable remainder unitrust is adjusted annually for the change in fair value. The change in value is reported separately as changes in net assets with donor restrictions. Upon the termination date specified by the trust, the partial interest in trust assets will be distributed to the Organization by the trustee under the provisions of the trust agreement and the net assets will be reclassified from net assets with donor restrictions to net assets without donor restrictions.

Assets Limited as to Use

Assets limited as to use primarily include assets with donor restrictions and designated assets set aside by the Board of Directors for specific purposes, over which the Board retains control and may at its discretion subsequently use for other purposes.

Property and Equipment, Net

Property and equipment are stated at cost. Depreciation is provided over the estimated useful lives of each class of depreciable assets and is computed using the straight-line method. The Organization maintains a capitalization policy of \$5,000. The useful lives of property and equipment for purposes of computing depreciation are:

Land improvements	7 – 10 Years
Building	5 – 40 Years
Building improvements	7 – 10 Years
Furniture and equipment	3 – 20 Years
Vehicles	2 - 5 Years

Notes to Consolidated Financial Statements December 31, 2018, with Comparative Totals for 2017

When property and equipment are retired or otherwise disposed of, the related cost and accumulated depreciation are removed from the respective accounts, and any resulting gain or loss on disposition is reflected in operations. Repairs and maintenance are expensed as incurred; expenditures for additions, improvements and replacements are capitalized.

Gifts of long-lived assets such as land, buildings or equipment are reported as support without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as donor restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

K. Deferred Revenue

Deferred revenue consists primarily of amounts received to fund future program activities. Deferred revenue consists of the following:

		2018	2017
Children services	\$	508,300	569,422
Behavioral health		327,296	278,157
Community services		240,784	256,049
Disaster relief		62,796	81,4 1 4
Technology		33,200	33,200
General program services	_	3,696	215,696
	\$	1,176,072	1,433,938

L. Donor Restricted Gifts

Unconditional promises to give cash and other assets to the Organization are reported at fair value at the date the promise is received or given. Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is received. The gifts are reported as donor restricted support if they are received with donor restrictions that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose of restriction is accomplished, net assets with donor restrictions are reclassified as net assets without donor restrictions and reported in the consolidated statement of activities as net assets released from restrictions. Donor restricted contributions whose restrictions are met within the same year as received are reported as contributions without donor restrictions in the accompanying financial statements.

M. In-Kind Contributions

The Organization receives donated services, space and other in-kind contributions. Contributions of services are recognized if the services received (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. When the value of donated services is ascertainable, they are reflected at fair value in the consolidated statement of activities as revenue and expenses.

The Organization also received donated clerical services during the year to benefit existing programs and activities. These contributions were not recognized as revenue in the consolidated statement of activities since they did not meet the recognition requirements of FASB ASC Topic 958, Subtopic 605, *Revenue Recognition*. The fair value of these contributions amounted to \$38,171 in 2018 and \$25,110 in 2017.

Notes to Consolidated Financial Statements December 31, 2018, with Comparative Totals for 2017

N. Advertising

The Organization expenses advertising costs as incurred. At December 31, 2018 and 2017 advertising expense of \$19,424 and \$32,012, respectively, is included in printing expense in the consolidated statement of activities.

O. Group Health Insurance Costs

The Organization is self-insured under its employee group health program, up to certain limits. Included in the accompanying consolidated statement of activities is a provision for premiums for excess coverage and payments for claims, including estimates of the ultimate costs for both reported claims and claims incurred but not yet reported at year end.

P. Functional Allocation of Expenses

The costs of providing the various programs and other activities of the Organization have been summarized on a functional basis in the consolidated statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The financial statements report certain categories of expenses that are attributable to more than one program or supporting function of the Organization. Therefore, expenses require allocation on a reasonable basis that is consistently applied. Personnel expenses are allocated on the basis of time and effort. Occupancy costs are allocated on the basis of employee time and effort and square footage. Other expenses are allocated based upon time and effort or are directly assigned to a functional classification.

Q. Income Taxes

Lutheran Family Services of Nebraska, Inc., Omaha Church Center, Inc. and Lutheran Family Services Foundation, Inc. are not-for-profit corporations as described in Section 501(c)(3) of the Internal Revenue Code. All entities have received determination letters that they are exempt from federal income taxes on related income pursuant to Section 501(a) of the Internal Revenue Code. The Internal Revenue Service has established standards to be met to maintain the Organization's tax-exempt status.

LFS 25th Avenue Apartments, LLC is a limited liability company wholly owned by Lutheran Family Services of Nebraska, Inc. and is a disregarded entity for income tax purposes.

The Organization accounts for uncertainties in accounting for income tax assets and liabilities using guidance included in Financial Accounting Standards Board, Accounting Standards Codification (FASB ASC) Topic 740, *Income Taxes*. The Organization recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. At December 31, 2018 and 2017, the Organization had no uncertain tax positions accrued.

R. Comparative Amounts

The amounts shown for 2017 in the accompanying financial statements are included to provide a basis for comparison with 2018, and are not intended to present all information necessary for a fair presentation of the 2017 financial statements in conformity with accounting principles generally accepted in the United States of America.

S. Change in Accounting Principle

Effective January 1, 2018, the Organization adopted the provisions of FASB ASU 2016-14 Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities. This ASU made several changes to accounting and financial reporting standards for not-for-profit entities related to net assets and disclosure requirements.

Notes to Consolidated Financial Statements December 31, 2018, with Comparative Totals for 2017

See Note 22 for additional information regarding the impact of these changes in the Organization's financial statements.

T. Recent Accounting Pronouncements

On June 21, 2018, the FASB issued Accounting Standards Update (ASU) No. 2018-08, Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made. This update serves to clarify the scope and accounting guidance for contributions received in consideration of the implications related to ASU 2014-09, Revenue from Contracts with Customers (Topic 606). The amendments in ASU 2018-08 serve to improve guidance on determining whether a transfer of assets is a contribution or an exchange transaction and if a contribution is conditional that would prevent recognition. As a result of this update, it is expected that more grants will be accounted for as either contributions or conditional contributions instead of exchange transactions. For transactions in which the Organization is the recipient, the update will be effective for fiscal years beginning after December 15, 2018. Effectively, this will be applicable for the Organization for fiscal years ending on or after December 31, 2019.

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606), requiring an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The updated standard will replace most existing revenue recognition guidance in accounting principles generally accepted in the United States of America when it becomes effective and permits the use of either a full retrospective or retrospective with cumulative effect transition method. In August 2015, the FASB issued ASU 2015-14 which defers the effective date of ASU 2014-09 one year making it effective for annual reporting periods beginning after December 15, 2018.

In November 2016, the FASB issued ASU No. 2016-18, Statement of Cash Flows (Topic 230) Restricted Cash. The update addresses diversity in practice as to how restricted cash is presented on the statement of cash flows. The update indicates that amounts generally described as restricted cash should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. The update will be effective for fiscal years beginning after December 15, 2018, with early application permitted.

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842). The guidance in this ASU supersedes the leasing guidance in Topic 840, Leases. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the statement of activities. The new standard is effective for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. The Organization is currently evaluating the impact of the pending adoption of the new standard on the consolidated financial statements.

U. Reclassification

Certain amounts in the 2017 financial statements have been reclassified to conform to the 2018 reporting format.

V. Subsequent Events

The Organization considered events occurring through May 30, 2019 for recognition or disclosure in the financial statements as subsequent events. That date is the date the financial statements were available to be issued.

(3) Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the consolidated statement of financial position date, comprise the following as of December 31:

		2018
Financial assets:		
Cash and cash equivalents	\$	1,700,300

Financial assets available for general expenditure	\$ _	7,242,491

The Organization has \$276,440 of Board designated funds included in assets limited as to use. Although the Organization does not intend to spend these funds, they could be made available if necessary.

The Organization's endowment funds consist of donor restricted endowments and funds designated by the Board of Directors as endowments. Income from donor restricted endowments is restricted for specific purposes, with the exception of the amounts available for general use. Donor restricted endowment funds are not available for general expenditure.

Board designated endowment funds of \$112,454 are not intended to be spent from, however this amount could be made available for expenditure by an action of the Board of Directors should that be necessary. See Note 12 for further information regarding endowments.

As part of the Organization's liquidity management plan, the Organization occasionally invests excess cash balances not immediately needed for operations.

Notes to Consolidated Financial Statements December 31, 2018, with Comparative Totals for 2017

(4) Pledges Receivable

Pledges receivable as of December 31, 2018 are estimated to be collected as follows:

Within one year	\$	1,501,185
In one to five years	-	112,450
	\$	1,613,635

(5) Investments, Including Assets Limited as to Use

The composition of investments, including assets limited as to use, at December 31, 2018 and 2017 is as follows:

	_	2018	2017
Short-term investments	\$ _	2,259,548	1,940,693
Assets limited as to use –			
By donor	\$	2,365,488	3,054,181

Deferred compensation		262,945	374,628
Total assets limited as to use	\$ _	3,017,327	3,794, 2 22

The Organization has outsourced the management of a majority of their investment portfolios to third-party investment managers. Third-party investment managers follow the Organization's investment policies; however, no restrictions on buying or selling specific securities are imposed. Therefore, the Organization does not consider any impairment loss to be temporary. Impairment losses are included with investment income (loss), net, and a new cost basis is established for each security for which an impairment loss is recognized. During the years ended December 31, 2018 and 2017, there were no impairment losses.

(6) Fair Value

The Organization applies ASC Topic 820 for fair value measurements of financial assets and financial liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 inputs are quoted market prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the asset or liability either directly or indirectly through either corroboration or observable market data.

Level 3 inputs are inputs are unobservable for the asset or liability. Therefore, unobservable inputs shall reflect the entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk) developed based on the best information available in the circumstances.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Notes to Consolidated Financial Statements
December 31, 2018, with Comparative Totals for 2017

The following methods and assumptions were used to estimate the fair value for each class of financial instrument measured at fair value;

Cash and cash equivalents – The fair value of cash and cash equivalents, consisting primarily of money market funds, is classified as Level 1 as these funds are valued using quoted market prices.

Mutual funds – The fair value of mutual funds are classified as Level 1 as the market values based on quoted market prices, when available, or market prices provided by recognized broker dealers.

Corporate stocks – Corporate stocks are classified as Level 1 as they are traded in an active market for which closing prices are readily available.

Fixed income securities – Investments in fixed income securities are comprised of corporate bonds. Fixed income securities are classified as Level 2 based on multiple sources of information, which may include market data and/or quoted market prices from either markets that are not active or are for the same or similar assets in active markets.

Interest in Fremont Area Community Foundation – The interest in Fremont Area Community Foundation is classified as Level 3 as the fair value of the interest is valued based on the Fremont Area Community Foundation's underlying assets which are unobservable to market participants.

Beneficial interest in perpetual trust — The fair value of the beneficial interest in perpetual trust is classified as Level 3 as the beneficial interest is valued based on the trust's underlying assets which are unobservable to market participants and the Organization will never receive the perpetual trust's assets. The underlying assets consist of cash and cash equivalents, domestic and international stocks corporate and government obligations, and real estate.

Beneficial interest in charitable remainder trust — The valuation of the beneficial interest in charitable remainder trust is classified as Level 3 as there are no significant observable inputs, as they trade infrequently or not at all. The trust valuation is based on assumptions about the present value of distributions to be received from the trust, which generally include the current market value of the underlying assets using observable market inputs based on its beneficial interest in the trust discounted for present value using market rates.

For the years ended December 31, 2018 and 2017, the application of valuation techniques applied to similar assets and liabilities has been consistent.

The following tables present the financial instruments that are measured at fair value on a recurring basis (including items that are not required to be measured at fair value) at December 31, 2018 and 2017:

(7) Investments Valued at Net Asset Value

The Organization applies the provisions of ASC Topic 820, Fair Value Measurement to its investment in a real estate investment trust. Certain provisions of ASC Topic 820 state that investments in affiliated and private investment funds valued at net asset value (NAV) are not required to be included in the fair value hierarchy. For the Organization's investment in a real estate investment trust (REIT), the carrying amount is determined using the calculated NAV provided by the trust. When no fair value is readily available, the fund or investment manager may determine, in good faith, the fair value using models that take into account relevant information considered material. Real asset investments are priced using valuation techniques that include income market, and cost approaches. Significant inputs include contract and market rents, operating expenses, capitalization rates, discount rates, sales of comparable properties, and market rent growth trends, as well as the use of the value of property plus the cost of building a similar structure of equal utility. Although the underlying investment managers use their best judgment in estimating the fair value of investments in these funds, there are inherent limitations in any estimation technique. Accordingly, the estimated net asset value may differ significantly from values that would have been used had a ready market existed for these investments, and differences could be material.

The following identifies attributes relating to the nature and risk of investments carried at NAV as of December 31, 2018 and 2017:

	2018
	Net Asset Unfunded Value Commitments
Real Estate Investment Trust	\$
	2017
	Net Asset Unfunded Value Commitments
Real Estate Investment Trust	\$1,043,000

According to the partnership agreement, the Organization must hold shares of the REIT for one year before they are able to be sold or transferred. As of December 31, 2018 the Organization has held the shares for the required period.

(8) Investment in Josiah Place, Inc.

The Organization is the sponsor of Josiah Place, Inc., a Nebraska not-for-profit Agency. Josiah Place, Inc. was incorporated in December 2004 for the purpose of constructing and operating very low income independent living housing for persons with chronic mental illnesses. The housing project was funded by the U.S. Department of Housing and Urban Development Section 811 capital advance.

(9) Interest in Fremont Area Community Foundation

In 2008, the Organization established an interest in the Fremont Area Community Foundation (FACF) for the purpose of supporting programs and services in the Fremont Area Center for Healthy Families (CHF). Because the Organization does not have the authority to appoint a majority of the Board Members of the FACF, the financial statements do not include the accounts of this organization. All funds held by FACF for the benefit of the CHF, except funds required for administrative fees incurred by the FACF, are to be distributed, or held for the purpose of supporting the programs and services of the CHF, or as required to comply with the purposes specified by donors.

The Organization has recognized its transfers to the FACF and net assets of the FACF restricted for the Organization's use as an interest in the FACF in the accompanying consolidated statement of financial position. Increases and decreases in the Organization's interest in FACF relating to investment income and contributions are recognized with investment income (loss), net in the accompanying financial statements.

(10) Property and Equipment, Net

A summary of property and equipment at December 31, 2018 and 2017 is as follows:

	2018	2017

(12) Endowments

The Organization's endowments consist of funds established to invest permanently restricted donations. As required by GAAP, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor imposed restrictions.

The Board of Directors of the Organization has interpreted the Nebraska Uniform Prudent Management of Institutional Funds Act (NUPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization retains in perpetuity (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the perpetual endowment, and (c) accumulations to the perpetual endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. Donor restricted amounts not retained in perpetuity are subject to appropriation for expenditure by the organization in a manner consistent with the standard of prudence prescribed by NUPMIFA. In accordance with NUPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor restricted endowment funds:

- The duration and preservation of the fund
- 2. The purposes of the Organization and the donor restricted endowment fund
- 3. General economic conditions
- 4. The possible effect of inflation and deflation
- 5. The expected total return from income and the appreciation of investments
- 6. Other resources of the Organization
- 7. The investment policies of the Organization

Return Objectives and Risk Parameters

The Organization has adopted investment policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while complying with all donor-imposed restrictions. Under this policy, as approved by the Board, the endowment assets are invested in a manner that maximizes total returns over long periods of time primarily through capital appreciation. A minimum of 30% of endowment assets are to be invested in cash, cash equivalents and fixed income securities.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved primarily through the purchase of securities of high quality.

Notes to Consolidated Financial Statements December 31, 2018, with Comparative Totals for 2017

Appropriation Policy and How the Investment Objectives Relate to Appropriation Policy

The Organization preserves the whole dollar value of the original gift as of the gift date of donor restricted endowments, absent explicit donor stipulations to the contrary. Interest, dividends and net appreciation of the donor restricted endowment funds are deemed appropriated for expenditure when earned.

(16) Joint Ventures

Right Turn, LLC

The Organization is one of two corporate members of Right Turn, LLC, which was formed as a joint venture between Lutheran Family Services of Nebraska, Inc. and Nebraska Children's Home Society in December 2009. Right Turn, LLC was organized solely to administer a contract with the Nebraska Department of Health and Human Services for the post adoption/guardianship program to enhance adoption services statewide through education of professionals and adoptive parents, and to heighten public awareness of adoption.

The Organization recognized revenue for services rendered to Right Turn, LLC in the amount of \$624,003 and \$368,145 for the years ended December 31, 2018 and 2017, respectively.

The Organization has not made any capital contributions to Right Turn, LLC. Due to lack of expected future economic benefit, the Organization has not recognized any equity interest in Right Turn, LLC in the financial statements.

Health360 Integrated Care Project

In December 2015, the Organization entered into a Health 360 Integrated Care Agreement (Agreement) with Bluestern Health, a federally qualified health center (FQHC) in Lincoln, Nebraska to provide health services under an integrated care model, in which the FQHC provides primary care services and the Organization will provide behavioral health services. The Organization received a grant from the Community Health Endowment of Lincoln in an amount up to \$1,255,856 through December 31, 2017 to assist with funding the project.

The Organization recognized revenue in the amount of \$85,416 in 2017 related to this grant for its share of services performed under the integrated care services agreement in the accompanying statement of activities.

Notes to Consolidated Financial Statements
December 31, 2018, with Comparative Totals for 2017

(17) Lease Commitments

The Organization leases its various office facilities, equipment and vehicles under operating lease arrangements ranging in duration from one to five years. Rental expense relating to these leases amounted to \$925,662 and \$925,258 for the years ended December 31, 2018 and 2017, respectively.

The following is a schedule by years of future minimum rental commitments under non-cancelable leases as of December 31, 2018:

Year Ending December 31	 Total
2019	\$ 645,909
2020	649,304
2021	577,015
2022	555,433
2023	1.021.129

(18) Pension Plan

The Organization has an Employer's Profit Sharing Plan created in accordance with Internal Revenue Code Section 403(b). Substantially all employees of the Organization are eligible to participate in the 403(b) plan. Employer contributions to the 403(b) plan are made based on the length of service of individual employees and range from 50% to 100% match of employee contributions up to 5% of eligible salaries. Total pension expense included in the consolidated statement of activities for the years ended December 31, 2018 and 2017, was \$328,260 and \$199,596, respectively.

(19) 457(b) Deferred Compensation Plan

The Organization has established a deferred compensation plan for a select group of management or highly compensated employees in accordance with Internal Revenue Code 457(b). The plan permits eligible employees to defer a portion of their salaries until future years. The deferred compensation is not available to the employees until retirement, separation from employment, death, unforeseeable emergency or attaining age 65. The employer is the beneficial owner of all assets the employee places in the plan. The employee is fully vested in all amounts credited to his or her account. The Organization made contributions of \$23,705 and \$23,130 to the plan on behalf of participants for the year ended December 31, 2018 and 2017, respectively.

The deferred compensation assets related to this plan in the amounts of \$262,945 and \$374,628 as of December 31, 2018 and 2017, respectively, are included within the accompanying consolidated statement of financial position as assets limited as to use. A liability of \$304,752 and \$374,628 as of December 31, 2018 and 2017, respectively, based on the fair value of the investments, has also been included within the accompanying consolidated statement of financial position as deferred compensation liability.

(20) Concentrations of Credit Risk

The Organization has locations throughout the State of Nebraska. The Organization grants credit without collateral to its clients, most of whom are local residents and are insured under third-party payor agreements. The mix of receivables from clients and third-party payors at December 31, 2018 and 2017 were as follows:

2018	2017
22%	20%
51	56
27	24
100%	100%
	22% 51 27

Notes to Consolidated Financial Statements December 31, 2018, with Comparative Totals for 2017

The Organization, at times, maintains cash deposits in excess of Federal Deposit Insurance Corporation insurance limits. Management believes the risk relating to these deposits is minimal.

The Organization has investments in equity mutual funds and corporate stocks. The values of these funds are determined by market value and are not insured or collateralized.

(21) Risks and Uncertainties

The Organization receives a substantial portion of its funding for program services from federal and state agencies. As such, the Organization's ability to operate and administer these programs in the future is dependent on the funding received.

Due to the Presidential Executive Orders 13769 and 13780 placing limits on travel to the United States from certain countries, there have been significant reductions in funding for refugee resettlement programs by Federal awarding agencies. During 2017, the Organization received an \$800,000 contribution from a private donor to assist with the funding to maintain refugee program services.

Litigation

The Organization is involved in litigation and regulatory investigations arising from the normal course of business. Nearly all of these claims are covered under policies of their current insurance carrier. After consultation with legal counsel, management estimates these matters will be resolved without material adverse affect on the Organization's future financial position or results from operations.

(22) Change in Accounting Principle

Effective January 1, 2018, the Organization adopted the provisions of FASB ASU 2016-14 *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities.* ASU 2016-14 made several changes to accounting and financial reporting for not-for-profit entities, including changes to the presentation of net assets, qualitative and quantitative information of how an entity manages liquidity and availability of financial assets to meet needs for expenditures, reporting of expenses by natural classification and functional classification, as well as expanded footnote disclosures. As a result of adopting ASU 2016-14, the following changes were made to the opening balances of net assets:

Notes to Schedule of Expenditures of Federal Awards For the Year Ended December 31, 2018

Note 1: Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Lutheran Family Services of Nebraska, Inc. (the Agency) under the programs of the federal government for the year ended December 31, 2018. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Agency, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Agency.

Note 2: Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

Note 3: Indirect Cost Rate

The Agency has elected not to use the 10-percent de-minimis indirect cost rate allowed under the Uniform Guidance.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

To the Board of Directors of Lutheran Family Services of Nebraska, Inc. and Affiliates Omaha, Nebraska:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Lutheran Family Services of Nebraska, Inc. and Affiliates (the Organization), which comprise the consolidated statement of financial position as of December 31, 2018, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated May 30, 2019. The financial statements of Omaha Church Center, Inc., Lutheran Family Services Foundation, Inc., and LFS 25th Avenue Apartments, LLC were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with Omaha Church Center, Inc., Lutheran Family Services Foundation, Inc., or LFS 25th Avenue Apartments, LLC.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2018-001 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

The Organization's Response to Findings

SEEM JOHNSON, LLP

The Organization's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The Organization's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Return Objectives and Risk Parameters

The Organization has adopted investment policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while complying with all donor-imposed restrictions. Under this policy, as approved by the Board, the endowment assets are invested in a manner that maximizes total returns over long periods of time primarily through capital appreciation. A minimum of 30% of endowment assets are to be invested in cash, cash equivalents and fixed income securities.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved primarily through the purchase of securities of high quality.

Notes to Consolidated Financial Statements

Appropriation Policy and How the Investment Objectives Relate to Appropriation Policy

The Organization preserves the whole dollar value of the original gift as of the gift date of donor restricted endowments, absent explicit donor stipulations to the contrary. Interest, dividends and net appreciation of the donor restricted endowment funds are deemed appropriated for expenditure when earned.

(16) Joint Ventures

Right Turn, LLC

The Organization is one of two corporate members of Right Turn, LLC, which was formed as a joint venture between Lutheran Family Services of Nebraska, Inc. and Nebraska Children's Home Society in December 2009. Right Turn, LLC was organized solely to administer a contract with the Nebraska Department of Health and Human Services for the post adoption/guardianship program to enhance adoption services statewide through education of professionals and adoptive parents, and to heighten public awareness of adoption.

The Organization recognized revenue for services rendered to Right Turn, LLC in the amount of \$624,003 and \$368,145 for the years ended December 31, 2018 and 2017, respectively.

The Organization has not made any capital contributions to Right Turn, LLC. Due to lack of expected future economic benefit, the Organization has not recognized any equity interest in Right Turn, LLC in the financial statements.

Health360 Integrated Care Project

In December 2015, the Organization entered into a Health 360 Integrated Care Agreement (Agreement) with Bluestem Health, a federally qualified health center (FQHC) in Lincoln, Nebraska to provide health services under an integrated care model, in which the FQHC provides primary care services and the Organization will provide behavioral health services. The Organization received a grant from the Community Health Endowment of Lincoln in an amount up to \$1,255,856 through December 31, 2017 to assist with funding the project.

The Organization recognized revenue in the amount of \$85,416 in 2017 related to this grant for its share of services performed under the integrated care services agreement in the accompanying statement of activities.

Notes to Consolidated Financial Statements
December 31, 2018, with Comparative Totals for 2017

(17) Lease Commitments

The Organization leases its various office facilities, equipment and vehicles under operating lease arrangements ranging in duration from one to five years. Rental expense relating to these leases amounted to \$925,662 and \$925,258 for the years ended December 31, 2018 and 2017, respectively.

The following is a schedule by years of future minimum rental commitments under non-cancelable leases as of December 31, 2018:

Year Ending December 31	 Total
2019	\$ 645,909
2020	649,304
2021	577,015
2022	555,433
2023	1.021.129

(18) Pension Plan

The Organization has an Employer's Profit Sharing Plan created in accordance with Internal Revenue Code Section 403(b). Substantially all employees of the Organization are eligible to participate in the 403(b) plan. Employer contributions to the 403(b) plan are made based on the length of service of individual employees and range from 50% to 100% match of employee contributions up to 5% of eligible salaries. Total pension expense included in the consolidated statement of activities for the years ended December 31, 2018 and 2017, was \$328,260 and \$199,596, respectively.

(19) 457(b) Deferred Compensation Plan

The Organization has established a deferred compensation plan for a select group of management or highly compensated employees in accordance with Internal Revenue Code 457(b). The plan permits eligible employees to defer a portion of their salaries until future years. The deferred compensation is not available to the employees until retirement, separation from employment, death, unforeseeable emergency or attaining age 65. The employer is the beneficial owner of all assets the employee places in the plan. The employee is fully vested in all amounts credited to his or her account. The Organization made contributions of \$23,705 and \$23,130 to the plan on behalf of participants for the year ended December 31, 2018 and 2017, respectively.

The deferred compensation assets related to this plan in the amounts of \$262,945 and \$374,628 as of December 31, 2018 and 2017, respectively, are included within the accompanying consolidated statement of financial position as assets limited as to use. A liability of \$304,752 and \$374,628 as of December 31, 2018 and 2017, respectively, based on the fair value of the investments, has also been included within the accompanying consolidated statement of financial position as deferred compensation liability.

(20) Concentrations of Credit Risk

The Organization has locations throughout the State of Nebraska. The Organization grants credit without collateral to its clients, most of whom are local residents and are insured under third-party payor agreements. The mix of receivables from clients and third-party payors at December 31, 2018 and 2017 were as follows:

	2018	2017
Medicare and Medicaid	22%	20%
Other state/governmental funding	51	56
Client and other payors	27	24
	100%	100%

Notes to Consolidated Financial Statements
December 31, 2018, with Comparative Totals for 2017

The Organization, at times, maintains cash deposits in excess of Federal Deposit Insurance Corporation insurance limits. Management believes the risk relating to these deposits is minimal.

The Organization has investments in equity mutual funds and corporate stocks. The values of these funds are determined by market value and are not insured or collateralized.

(21) Risks and Uncertainties

The Organization receives a substantial portion of its funding for program services from federal and state agencies. As such, the Organization's ability to operate and administer these programs in the future is dependent on the funding received.

Due to the Presidential Executive Orders 13769 and 13780 placing limits on travel to the United States from certain countries, there have been significant reductions in funding for refugee resettlement programs by Federal awarding agencies. During 2017, the Organization received an \$800,000 contribution from a private donor to assist with the funding to maintain refugee program services.

Litigation

The Organization is involved in litigation and regulatory investigations arising from the normal course of business. Nearly all of these claims are covered under policies of their current insurance carrier. After consultation with legal counsel, management estimates these matters will be resolved without material adverse affect on the Organization's future financial position or results from operations.

(22) Change in Accounting Principle

Effective January 1, 2018, the Organization adopted the provisions of FASB ASU 2016-14 Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities. ASU 2016-14 made several changes to accounting and financial reporting for not-for-profit entities, including changes to the presentation of net assets, qualitative and quantitative information of how an entity manages liquidity and availability of financial assets to meet needs for expenditures, reporting of expenses by natural classification and functional classification, as well as expanded footnote disclosures. As a result of adopting ASU 2016-14, the following changes were made to the opening balances of net assets:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Without Danor Restrictions	With Donor Restrictions	Total Net Assets

Notes to Schedule of Expenditures of Federal Awards For the Year Ended December 31, 2018

Note 1: Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Lutheran Family Services of Nebraska, Inc. (the Agency) under the programs of the federal government for the year ended December 31, 2018. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Agency, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Agency.

Note 2: Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

Note 3: Indirect Cost Rate

The Agency has elected not to use the 10-percent de-minimis indirect cost rate allowed under the Uniform Guidance.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

To the Board of Directors of Lutheran Family Services of Nebraska, Inc. and Affiliates Omaha, Nebraska:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Lutheran Family Services of Nebraska, Inc. and Affiliates (the Organization), which comprise the consolidated statement of financial position as of December 31, 2018, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated May 30, 2019. The financial statements of Omaha Church Center, Inc., Lutheran Family Services Foundation, Inc., and LFS 25th Avenue Apartments, LLC were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with Omaha Church Center, Inc., Lutheran Family Services Foundation, Inc., or LFS 25th Avenue Apartments, LLC.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2018-001 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Organization's Response to Findings

SEEM JOHNSON, LLP

The Organization's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The Organization's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Omaha, Nebraska, May 30, 2019.

Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance

To the Board of Directors Lutheran Family Services of Nebraska, Inc. and Affiliates Omaha, Nebraska:

Report on Compliance for Each Major Federal Program

We have audited Lutheran Family Services of Nebraska, Inc.'s compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of Lutheran Family Services of Nebraska, Inc.'s major federal programs for the year ended December 31, 2018. Lutheran Family Services of Nebraska, Inc.'s major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Lutheran Family Services of Nebraska, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Lutheran Family Services of Nebraska, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Lutheran Family Services of Nebraska, Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, Lutheran Family Services of Nebraska, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2018.

Report on Internal Control Over Compliance

Management of Lutheran Family Services of Nebraska, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Lutheran Family Services of Nebraska, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Lutheran Family Services of Nebraska, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of the section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that were not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Omaha, Nebraska, May 30, 2019.

SEEM JOHNSON, LLP

II. FINANCIAL STATEMENT FINDINGS

Item 2018-001

Significant Deficiency

Criteria: The design or operation of the Organization's internal controls should allow

management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements in the financial statements on a

timely basis.

Condition. Payments received on pledges receivable were not properly applied to

outstanding balances resulting in improper recognition of revenue.

Cause: Due to an oversight by management and financial reporting personnel,

certain pledge payments received were not appropriately applied against outstanding receivable balances and additional revenue was inappropriately

recognized.

Effect: Contribution revenue and pledges receivable were overstated. Audit journal

entries were required to properly recognize revenue and report outstanding

pledges receivable balances.

Recommendation: The Organization should review its procedures related to revenue recognition

to ensure proper reporting.

Views of Responsible

Officials:

During 2018, there was significant turnover and transition in accounting and financial reporting personnel within the Organization. This transition resulted in the year end closing process being performed by individuals with limited institutional knowledge of the activities of the Organization that occurred throughout the year. Therefore the application of certain cash receipts were not appropriately applied against existing receivable balances as part of the

year end closing process resulting in the misstatement.

III. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS

No findings or questioned costs for federal awards were reported.

G. BIDDER REQUIREMENTS

Describe the plan to recruit, train, and supervise staff who are knowledgeable about the unique needs of foster and adoptive children and families.

Bidder Response:

1.

Lutheran Family Services (LFS) has an extensive recruiting and training program through the LFS Human Resources Office. Upon hiring, staff are on-boarded and receive the standard employee orientation/training (See Attachment A. Lutheran Family Services – Recruitment and Selection Policy and Procedure, and Attachment B. Lutheran Family Services Background Screening Policy and Procedure).

Staff providing Adoption and Foster Care Home Studies receive specialized training in best practices as outlined in the *Lutheran Family Services Foster Care Program Manual* (See Attachment C – Foster Care Program Manual (excerpts) and the *Lutheran Family Services Foster Care Training checklist* (See Attachment D). As new staff gain knowledge and proficiency, they become progressively more independent on home study assignments.

Ongoing supervision is provided at least weekly and recorded (see Attachment E. Weekly Supervision-Foster care/Licensing/In-Home template). If a crisis arises, the supervisor is available 24 hours a day. All current foster care and adoption staff have conducted Home Studies and have undergone training as outlined above.

Supervisory Personnel

Linda Dubs-Cerny, LFS Assistant Vice President of Children Services, will provide program oversite. Before her current position, Linda served as the LFS Director of Children's Behavioral Health. Before that, she was a supervisor for the agency's Right Turn program, which provides post-adoption support to help families maintain permanency. Linda spent several years at Magellan Health Services and Nebraska Children's Home Society. Linda's 35-year work experience includes working in a variety of areas, including mental health, child welfare, community health, managed care, and acute care hospitals. Linda is a Licensed Clinical Social Worker and an Independently Licensed Mental Health Practitioner in the State of Nebraska. Linda has significant experience in developing, implementing, and managing services for children and youth. (See Resumes: Attachment L)

Katherine Spoon, Strengthening Families Manager, provides supervision of the LFS Foster Care and In-home Programs. Katherine has 12 years of experience working in the child welfare field, ten years of which she has worked in Foster Care and Adoption. Katherine is also a trainer for Trauma Informed Partnering for Safety and Permanence Model Approach (TIPS-MAPP) and has been active in many state workgroups, including the Nebraska Caregivers Responsibilities (NCR) and other workgroups through Foster Family Treatment Associations (FFTA). (See Resumes: Attachment M).

Renee Ambrose is the LFS Permanency Support Supervisor. She has 18 years of experience working in the adoption and foster care field. Renee is active in Nebraska Adoption Agencies Association (NAAA) and has served as the group's president, vice president, and secretary. She is a participant in the Nebraska state workgroup for adoption subsidy and home study workgroups. Renee is a trained Adoption Competent Therapist by

the Center for Adoption and Support Education (CASE). She is also a Circle of Security facilitator. (See Resumes: Attachment N).

LFS recruits and prepares the best possible families for adoption placements. LFS strives to have up to 25 diverse families available at any given time. Questionnaires and personal interviews inform LFS adoption specialist about a family's resolution (acceptance and coping) of infertility, education on adoption issues, awareness of parenting issues, and commitment to adoption openness.

Other considerations include the community of residence, other children, willingness to adopt transracially/culturally or children with special needs, and the number of actively waiting families needed in the program. For birth parents and adoptive families with an existing agreement for placement, independent of Lutheran Family Services, LFS facilitates the relinquishment and placement of the child. LFS can also provide counseling to the birth parents and the adoptive family.

Under Nebraska law, licensed child-placing agencies must complete a home study of prospective adoptive homes before a child's placement. LFS adoption home studies are available to families pursuing adoption through another agency. LFS provides the required home study report as well as post-placement supervision for families working with an international adoption agency.

LFS was the sole Nebraska recipient of the Dave Thomas Foundation for Adoption® signature program, "Wendy's Wonderful Kids" (WWK). As a grantee, LFS agreed to hire and train adoption recruiters using the Foundation's own WWK Child-Focused Recruitment Model.

The WWK-trained recruiters serve smaller caseloads, so they have the time and resources to give children one-on-one attention and focus on those residing in foster care the longest. These include older youth, sibling groups, and children with special needs.

LFS also provides proven foster care services. Foster parents respond to a child's immediate need for placement 24 hours a day. The placement varies depending on the situation. Foster parents have the most direct contact with the child and are central to the planning team. The team includes LFS foster care staff, a Nebraska Department of Health and Human Services case manager, biological parents, teachers, therapists, counselors, and other professionals involved with the family.

The ratio between LFS foster care specialists and foster parents ensures each family receives the time, attention, and support it needs for successful placements. LFS foster care is directed and supervised by staff who have been foster parents and understand its challenges and rewards.

Foster families and foster children are provided with care packages at the beginning of placement and throughout the year. These packages often include clothing, toys, household cleaners, toothpaste, shampoo, soaps, laundry detergent, dishwashing detergent, and other items. In addition, LFS offers holiday gift assistance.

Foster families receive 24 days of paid respite per year. When possible, LFS helps locate and arrange the respite. If a foster parent experiences a unique situation and needs additional time, additional temporary respite is available on a case-by-case basis. The Employee Assistance Program provides foster parents access to short-term counseling for stress, relationships, parenting, job concerns, grief, depression, emotional difficulties, and financial anxiety.

Foster parents have access to more than 15 training courses on many topics including parenting, attachment, and cultural issues. LFS offers ongoing online training so foster parents can earn their required yearly CEU at convenient times in their own home. LFS sends foster parents notification of community discounts and family-centered activities.

The **Bilingual Foster Care Specialist** helps Hispanic/Latino foster youths maintain a connection to their culture, religion, and language. The specialist recruits and supports bilingual foster and kinship homes to help children understand where they come from and to develop their sense of belonging and identity. LFS offers Foster care TIPS MAPP training in Spanish.

The agency's current focus is on the Hispanic/Latino population as this is the greatest need in the area; however, over time, the goal is to transform into a multicultural foster care program to support children and foster/kinship families from varied cultural and linguistic backgrounds.

LFS offers an additional service for families in crisis who have experienced the removal of children from the home. The *Pathways* to *Permanency* program uses short-term, intensive interventions in family homes to stabilize crisis and improve family functioning. The program provides longer-term case management, including collaboration with LFS' foster care services to ensure families create environments suitable for children.

Many program clients face child removal due to dire poverty and the inability to adequately provide for their children's needs. LFS staff realizes client families may be coping with multiple, interrelated difficulties in addition to poverty: substance abuse and mental health concerns, domestic violence, and major medical events. LFS works closely with the family to address these urgent and complex concerns.

Pathways staff are immediately available to provide intensive intervention after children leave the home. Staff may have to stabilize crisis situations such as helping clients find housing, access to healthcare, social services, or meals. When staff address safety issues they begin to help parents achieve long-term stability and practice practical parenting skills enabling children to return home.

Many caregivers (foster, adoptive, or biological parents) are committed to providing permanency for a child but need assistance creating healthy, safe, and nurturing relationships. Through the *Pathways* program, clients learn appropriate social skills and are connected to social support resources. Staff help families build self-sufficiency through activities such as teaching parenting techniques and nurturing abilities, facilitating family bonding, helping families create respectful boundaries and teaching home economics and care.

Families receive weekly in-home services depending on their needs, and learn basic parenting techniques and household management skills. Caseworkers coach parents to interact with their children in methods emphasizing respect, safety, and nurturing. Caseworkers also observe and assess family interactions, identify strengths and problems in the parent-child relationship, and work with families to create healthy routines.

Staff work in tandem with the biological parents and kinship homes to ensure children's needs are being met and expectations between both the child's homes are consistent. Another critical component of the *Pathways* program is teaching clients where to find resources, rather than repeatedly meeting emergency needs. Sometimes it involves teaching clients how to budget, but it also includes connections to low cost community resources. For example, workers connect parents to free or low-cost clinics for health care and help them enroll their children in free or reduced school lunch programs.

Staff escort parents and connect them with community resources, sometimes accompanying them on the city bus until they are familiar with the location. This wrap-around system provides holistic care to the entire family system and builds the family's resources and strengths toward systemic change.

The program's goal is to empower parents to create safe, healthy and nurturing homes for themselves and their children so they remain together and poised for long-term success. For goal measurement, program staff track improvements in parenting skills, protective factors, connection to community resources, a stable home environment, and children being returned unsupervised to their biological home.

Describe bidder's approach to maintaining confidentiality of families and demonstrate the ability to ensure adequate data collection, management and reporting. Describe how bidder will comply with confidentiality requirements and collaboration with DHHS.

Bidder Response:

Confidentiality

Lutheran Family Services (LFS) respects the right to privacy of all those we serve.

LFS maintains the highest professional ethics and legal standards regarding client confidentiality and complies with all federal and state regulations regarding privacy of persons served including the *Health Insurance Portability and Accountability Act (HIPAA) Regulations*, 45 CFR Part 164.

For more detailed information see Lutheran Family Services of Nebraska- Client Confidentiality Policy (Attachment F), Lutheran Family Services of Nebraska-Client Confidentiality Procedure, (Attachment G) and Lutheran Family Services-Confidentiality Foster Care (Attachment H).

Data collection, management, and reporting

LFS has an extensive history of data collection, management and reporting in many programs and services as required by the Nebraska Department of Health and Human Services. LFS is very familiar with the current reporting regulations, particularly for foster care and adoption programs. The agency regularly interacts with state data systems including *FAMCare* and

Sales Force. LFS has a robust IT department which successfully manages and interacts with a variety of other databases including ACCESSNebraska, SQL, and Profiler.

LFS' agency-wide data, and outcome evaluation uses a *Continuous Quality Improvement* (CQI) approach where LFS tracks logic model outcomes and goals on a monthly, quarterly, and annual basis. CQI tracks objectives, outcomes, and actual results against projected results. CQI produces quarterly 'scorecards' to enable program teams to analyze and act upon data and make needed adjustments to improve service delivery. The program logic model dictates the outcome measures to create the quantitative reports and ensures appropriate program management and targeted client population reach.

Quarterly outcome reports reflect the success of the program in meeting client goals. LFS reviews the logic model annually, and amends as needed to reflect lessons learned the previous year. LFS is committed to qualitative data collection, gathering client success stories to share as anecdotal evidence of success. Program modification and improvement come from sources such as the logic model, evaluations, client surveys, and program audits.

LFS programs undergo formal file audits by both internal LFS departments and external agencies. Clients may provide input to staff at any time via verbal or written request. In addition, clients complete a client satisfaction survey to provide specific feedback regarding services offered, customer service experience, and if the program fulfilled their overall needs. In Quarter 2 of 2019, a survey of 95 Children Services clients showed an average satisfaction rate of 96.49%.

Describe how bidder will meet the timeframes specified in sections V.D.

Bidder Response:

LFS will provide a written home study for the family or individual(s) referred by the DHHS Resource Development Administrator, Supervisor, or Designee. Those with a minimum of a bachelor's degree in a human service field or a bachelor's degree in a related field with experience delivering foster care/adoption-related services will be hired. LFS will:

- respond to DHHS within one (1) business day of receiving the referral to confirm receipt and acceptance or denial of the referral.
- complete the home study within forty-five (45) calendar days of receiving the referral and submit to DHHS staff who made the referral. Both timeframes apply both to Foster Care and Adoption Home Studies.
- conduct two in-home visits and provide required documentation.

The final home study will include clear recommendations to license/not license the individual(s). Home studies will follow the LFS Foster Care Home Study Guidebook and template. Adoption home studies will follow the Adoption Home Study Guidebook and template.

Foster care licenses are currently tracked in an excel spreadsheet sorted by the renewal date. Renewal work is entered in a spreadsheet with notes for times of contact, form receipt, and other records.

Families will receive foster care renewal packets four months before the renewal date. Three months before the renewal date, the Foster Care Licensing Specialist will contact the family to ensure receipt of the renewal packet and reinforce the importance of timely completion.

Per NDHHS regulations, the renewal home visit is scheduled a maximum of 90 to a minimum of 45 days prior to the renewal date. The home visit helps ensure the family sends its renewal packet to the state within 30 days of its expiration.

Identify and describe the questions that will be asked of the family or individual during the Home Study process for foster care
placement.

Bidder Response:

The Foster Care Home Study Guidebook outlines all questions asked of parents or individual(s). The Guidebook and template provide an extensive question list to guide the home study process (see Section VI., sections D & F).

Examples include:

- Describe your relationship with your parents/caregivers (this would include the past and present relationship).
- How did you feel about your parents when you were a child and how has that changed over time?
- Do you have a history of substance use and/or alcohol abuse? If yes, please explain.
- What discussions or actions would be taken if a child became a disruptive influence in your relationship?

5. Identify and describe the questions that will be asked of the family or individual during the adoption Home Study process.
Bidder Response:

The Adoption Home Study Guidebook outlines all questions to be asked of parents or individual(s). The guidebook and template provide an extensive question list to guide the home study process (see Section VI., sections E & G).

Examples include:

- How did they first become interested in adoption?
- Do you feel guilty or pressured to adopt?
- What specifically have you done to educate yourself about adoption?
- What is your parenting philosophy?

Identify how bidder will discuss the 7 Core Issues of Adoption with the family or individual when writing an Adoption Home Study; Loss, Rejection, Guilt and Shame, Grief, Identity, Intimacy, and Mastery/control.

Bidder Response:

7.

Lutheran Family Services keeps with best practices in adoption and ensures families/individuals are educated on the *Seven Core Issues* of *Adoption*. A handout is provided to the family and outlines each of the seven core issues (see Attachment I).

The issues are discussed and integrated into the home study process to ensure potential adoptive parents/individuals understand why/how adoption is a lifelong journey. For those involved in the adoption process, the seven issues will ebb and flow throughout their lifetime.

Staff discuss the motivation to adopt and the education the potential adoptive family has received to date. Adoption is a lifelong journey and staff want to ensure the family understands the adoption process and what it will entail now and in the future. The seven core issues are discussed, and how each issue affects each person in the adoption triad: adoptee, birth parent, and adoptive parent. Staff also discusses how the adoptive family can help and support their child when experiencing one of the seven core issues.

Describe how the home study will include information about the family or individual(s) criminal history including but not limited to all background checks as required per 395 NAC Chapter 3 http://www.sos.ne.gov/rules-and-regs/regsearch/Rules/Health and Human Services System/Title-395/Chapter-03.pdf.

Bidder Response:

All potential licensees and other household members will sign release information to perform the following required background checks:

- State Central Registry or Registry of Child Protection for any state in which they have lived within the past five years (age 13 and older).
- Adult Protective Services Central Registry (age 13 and older)
- State and county law enforcement background checks (age 18 and older)
- Sex Offenders Registry for any state in which the applicant has lived within the past five years (age 18 and older)
- State-level criminal history (age 18 and older), and
- Finger-print National Criminal History Check with the Identification Division of the Federal Bureau of Investigation (age 18 and older).

The Foster Care Home Study and the Adoption Home Study contain sections/questions regarding any and all criminal history, as well as Child Protective Services (CPS) or legal involvement. Before the home study begins, participants sign a *Duty to Disclose* form, encouraging openness and honesty regarding personal history.

LFS staff list any history relayed by the participant and include an incident description. The narrative contains an explanation of the situation leading up to the event or charge, its outcome, and how the individual has improved his/her life.

The background check results are compared to the history provided by the applicant. If there is any disparity, the applicant is contacted and the information is added to the home study, including an explanation as to why the incident wasn't disclosed.

The Department of Health and Human Services Resource Development also reviews the individual's confidential Central Registry History (incidents LFS does not have access to) and informs home study staff if there is any additional unreported information regarding the applicant. If additional information is reported, then the findings are presented in the home study.

For each Service Area, bidder should provide the methodology used to establish the "per home study" cost in the

Child's Emotional Development:

- Emotional development refers to the child's ability to identify and understand their own feelings, accurately read and understand the feelings of others, manage the way they feel, shape the way they behave, develop empathy for others, and build and keep good relationships with friends, family and others.
- Explain your role with supporting a child's emotional development? Give examples of how you would support their emotional development.
- How would you learn about the emotional needs of a child?

Educational Needs:

Positive, stable school experiences enhance a child's well-being, help them make more successful transitions to adulthood, and increase their chances for personal fulfillment, economic self-sufficiency and their ability to contribute to society.

- What role can you play with helping a child experience academic success?
- How might you become informed about a child's educational needs?
- How would you partner with the child's school?

Qualifications

Qualified applicants will possess the required education, training and experience for the position to which the application is made. These requirements are set forth in the position description for each position.

Health, Skill Assessment and Background Screens

Some positions may require that a physical examination at the organization's expense be completed between the time of an offer of employment and the starting date of employment. The frequency of subsequent medical examinations will be determined in accordance with licensing requirements and shall be at the expense of the organization.

Appropriate interviews and competency tests may be used to help determine an applicant's suitability for employment.

All Lutheran Family Services of Nebraska, Inc. paid and volunteer staff shall complete background screening. The staff background screening requirements are detailed in the Staff Background Screening Policy and Staff Background Screening Procedures.

Lutheran Family Services of Nebraska, Inc. has specific policies related to Equal Employment Opportunity, staff members serving as Board members and Nepotism which may be referenced for additional information.

Position Descriptions

All positions in the organization are described in written position descriptions that state the essential functions and qualifications. The Director of Human Resources and appropriate staff are responsible for maintaining current positions descriptions. The appropriate position descriptions will be made available to position applicants.

Position Posting and Application

Human Resources will notify current staff of all open positions via email and on the Lutheran Family Services of Nebraska, Inc. website. The email communication will include a copy of the position description and an internal application for employment. Consideration will be given to promotion/transfer of qualified employees from within the organization.

References and credentials of new employees and independent contractors will be verified during the selection process. Additional information may be secured relative to the applicant's qualifications for the position from former employers, and any other person able to supply such information.

Appointments

President & CEO

The Board of Directors shall select and appoint the President & CEO as set forth in the Bylaws.

Staff Directly Accountable to the President & CEO

The President & CEO will appoint all personnel who are directly accountable to the President & CEO. This may be done in consultation with the Board Executive Committee, and any appointments will be reported to the Board of Directors. Each appointee receives a letter generated by Human Resources stating the conditions of employment, salary, starting date, benefits and position description.

Other Management, Direct Service and Support Staff

Appropriate executive or management staff will make appointments to all other positions. Each appointee receives a letter generated by Human Resources stating the conditions or employment, salary, starting date, benefits and position description.

Clergy Appointment

Clergy selected for organization positions may be called in accordance with the procedures established by the church bodies on whose clergy roster they appear. The request for a letter of call shall be signed by the President & CEO and shall state the conditions of the call, housing allowance, starting date, benefits and position description. Appropriate supervisory staff shall review all letters of call annually, and a request for reissuing will be made by the President & CEO if the conditions of the call have significantly changed.

Employment Classification and Status

The employment classification and status of an employee shall be determined at the time of hiring and detailed in the letter of appointment and in the personnel file. It is Lutheran Family Services of Nebraska, Inc.'s policy to comply with the salary basis requirements of the Fair Labor Standards Act. Questions about deductions can be referred to the Director of Human Resources or to the Payroll Department.

- 1) Employment Classification
 - Exempt Employee Employees classified as executive, administrative or professional, to whom employers are not required to pay overtime under the Fair Labor Standards Act (FLSA). Each position responsibilities will be analyzed to determine whether the exempt classification is appropriate for that particular position.
 - Non-Exempt Employee Employees who must be paid overtime (time and one-half) under the FLSA.
- 2) Status

When the status of an employee changes during the period of employment, such change shall be communicated to the employee in writing and recorded in the employee's personnel file.

The following are Employment Status classifications:

- 1) Full-Time Employees Those employees who are hired to work a minimum of 40 hours weekly and who maintain continuous employment. Full-time employees qualify for benefits and paid time off according to Lutheran Family Services of Nehraska, Inc. policy.
- 2) Part-Time Employees (30 hours and more) Those employees who are hired to work 30 or more hours weekly and who maintain continuous employment. Part-time employees (30 hours and more) qualify for all benefits and earn prorated paid time off according to Lutheran Family Services of Nebraska, Inc. policy.
- 3) Part-Time Employees (20 to 29 hours) Those employees who are hired to work 20 to 29 hours per week and who maintain continuous employment. Part-time employees (20 to 29 hours) earn prorated paid time off and are eligible for 401(k) participation as described in these policies.
- 4) Occasional Employees Those employees who are hired to work fewer than 20 hours per week on a regular basis. Occasional employees do not qualify for benefits or paid time off.
- 5) Temporary Employees Those employees who are hired for a temporary assignment. Whether full-time or part-time, temporary employees do not qualify for benefits or paid time off. Temporary assignments are estimated to last less than six months.
- 6) Compensation Agreement Employees The organization may enter into agreements with employees to perform certain services either on a full-time or part-time basis. Such agreements will be governed by terms set forth in a written compensation agreement between the employee and the organization.
- 7) Independent Contractors (Non-Employees) The organization may enter into an independent contractor agreement with non-employees to obtain certain results or certain services. However, the organization does not direct and control how the work is accomplished. Independent contractors provide the same types of services for other organizations and are paid for results, instead of by the hour or unit.

New contracts are subject to risk management assessment and approval by the Vice President of Administrative Services. Independent contractors are paid through the Finance Department and there is no income tax withholding. The IRS Form 1099 will be distributed at the end of the year.

Seniority

Seniority is the length of time an employee has been continuously employed by the organization. An employee who is re-employed by the organization within one year of former employment will retain previous seniority.

Promotions

When filling a vacant position, first consideration will be given to qualified employees. Promotion decisions will be made by the hiring manager and will be based on past performance reviews and ability to meet position expectations for the vacant position.

Demotions

In the event that an employee's position is abolished, or an employee is unable to satisfactorily perform in a given position, the organization may consider appointment to a different position classification. Such appointment will be made only if there is an appropriate vacant position and will be considered a new appointment. Compensation will be adjusted accordingly.

Supervisory Responsibility Assignment

Lutheran Family Services of Nebraska, Inc. allows Senior Management staff discretion in assigning supervisory responsibility. Program Coordinators and Supervisors work with their Statewide Director to ensure appropriate distribution of the supervisory workload.

Exceptions to the general goal of one supervisor having no more than eight to ten direct reports are based on the intensity of the supervisory role.

Approved by:	Chief Operating Officer & VP of Legal Date: May 2019				

Lutheran Family Services of Nebraska, Inc. (LFS) conducts background screening on employees, interns, and contracting professionals based on their specific duties and level of contact with clients or client information.

Background checks conducted may include but are not limited to:

- Drug Screening
- Adult/Child Protective Services
- Nebraska Criminal History
- Department of Motor Vehicle
- Sex Offender
- National Criminal History
- Social Media
- Adult/Child Protective Services Extended
- Nebraska State Patrol Criminal History
- Iowa Criminal History
- Tuberculosis (TB) Test

When an individual applies to provide services for LFS as an employee, intern, or contracting professional, and is chosen as a candidate for that role, the individual will be asked to sign consent forms allowing LFS to conduct the background screenings required for their potential position.

The LFS Human Resource department is responsible for acquiring the required consent forms and requesting background screening results from the various entities for employees, and contracting professionals. The Human Resources department is also responsible for acquiring the consent forms and requesting background screening results from the various entities for interns. Results are returned to the Human Resources department. If a positive finding is received on a background screening, the result is reviewed by the Director of Human Resources to determine if management involvement is needed and whether to continue with the hiring process. Once all screenings are received and any necessary management reviews have been completed, the Human Resources department will notify the hiring supervisor of the clearance. All findings received on a background screening are reviewed on case-by-case basis and any disqualification determinations are made in compliance with federal, state and local law.

Key Words: Background, Screening, Drug, Criminal

Results of all screenings are kept in the individual personnel file for anyone who is chosen to provide services for LFS whether through employment, internship, or as a contracting professionals. For some positions, background screening is completed by the Human Resources department annually throughout their time of service.

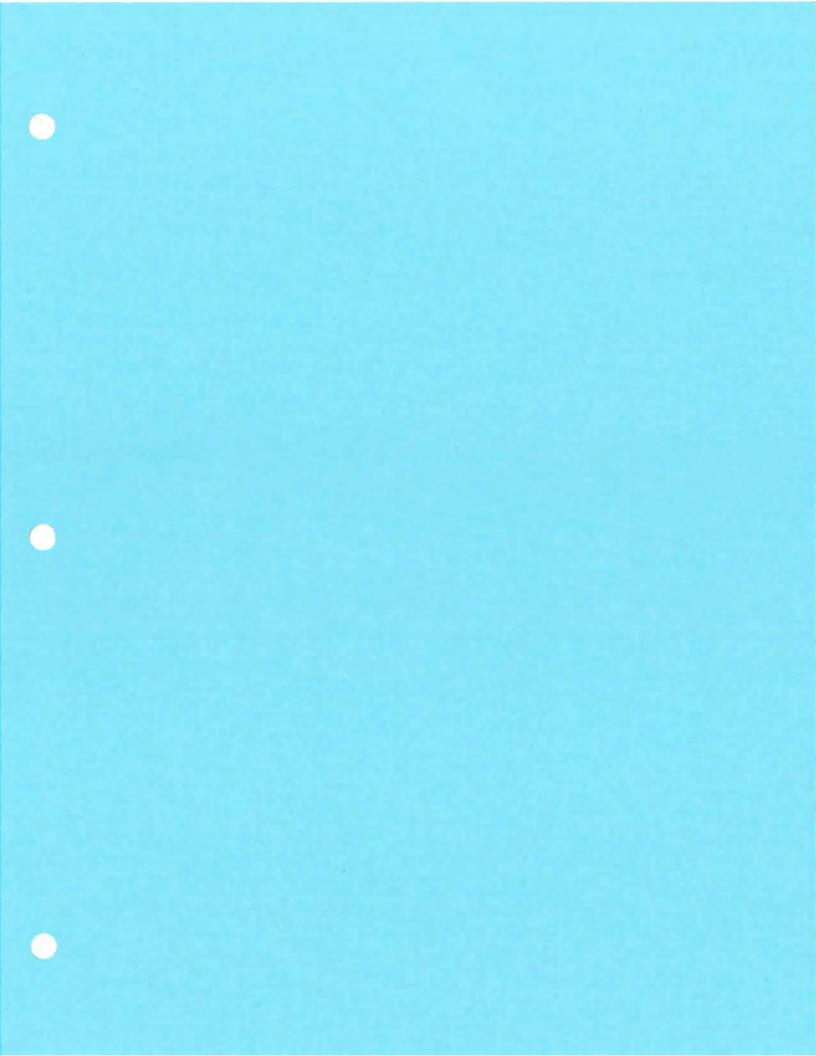

March/April - Annual Background Checks:

The Human Resources department will work with the Director of Permanency & Well-Being for annual background screens (identical to those conducted upon offer of employment) for those in the following positions:

- 1) Foster Care Specialist
- 2) Foster Care Licensing and Supervision
- 3) Foster Care Recruiter & Trainer
- 4) Permanency Support Specialist
- 5) Permanency Supervisor

Section B
On-Call

On Call

- The on call rotation is a set schedule for taking turns havin the on call phone. The on call
 person will be on call from Friday to Friday. The rotating schedule will be done in three
 month increments. A copy of the current schedule is listed in the Foster Care Program file
 in the Children's Services Drive.
- · You will utilize the on call spreadsheet as a guide when placing children.
- . Below are the different categories on the On Call Spreadsheet:
 - o White Open: These are homes that are open for placements.
 - o Red On Hold: These homes are on hold for different reasons: Agency Hold or State Hold. Agency Hold means LFS has put them on hold for licensing reasons such as an amendment needing to be done or they're moving, etc. State Hold means that the RD Worker (Resource Developer) has put them on hold due to an Intake being made to CPS.
 - Blue Personal Hold: These homes have requested to put themselves on hold for appropriate reasons such as pregnant/expecting, recent adoption, recent surgery, etc.
 These homes need to be reached out too every so often so that they do not linger on this list.
 - Green Full: These homes are at capacity with licensing regulations. There are times that
 homes may not have quite the amount of children they are licensed for, however, we still
 consider them full as some of the youth may need their own bedroom, no more beds, etc.
 - Pink RSafe Placement: These homes currently have placements that are apart of the RSafe program. This means the child needs their own bedroom and will be working with a LFS RSafe therapist.
 - Yellow Respite Only: These are homes that can only do respite (for a variety of different reasons).
- Your on call responsibilities include: accepting/denying NFC and HHS referrals, coordinating new placements, and responding to emergency situations that come up for foster families after hours.
 - If you have a critical incident to report for an NFC child and it is after hours then notify the NFC On Call Supervisor.
 - If you are coordinating a placement after hours then you notify the NFC On Call UM.
 - o If you have a critical incident to report for a DHHS child and it is after hours then call the Nebraska Child Abuse and Neglect Hotline.
- The following handouts are how to report critical incidents.
- If you have any emergency situations that occur after hours, you must notify the Supervisor immediately via phone and email. If you are coordinating a placement after hours send the Supervisor a quick email and follow up the next business day.

^{**}Besides filling out a Critical Incident Report that is a Word Document you must also fill out an internal report by clicking on the CQI button on the LFS Intranet.**

Significant Events Reporting (formerly: Critical incident Policy)

Purpose:

To ensure safety, well-being, and permanency by reporting and tracking critical incidents and serious occurrences of youth and families receiving care, treatment, and services in the Nebraska Eastern Service Area.

Policy:

NFC and all of subcontracted individuals/agencies providing services to children and families share the responsibility to manage and reduce risk to children. In order to accomplish this, it is necessary to define incidents, assign reporting responsibility, and develop and continuously refine incident data. It is the intent of this policy to establish the basis on which to accomplish this. All NFC subcontracted agencies and individuals having any contact with children and families in the Eastern Service Area shall adhere to this policy.

Procedure:

Contracted providers will report and document the incidents listed below. Incidents requiring documentation will be tracked according to acuity and rated at a Level 1, 2, or 3 by the Manager of Program Audit at NFC.

<u>Level 3 incidents</u> include *Critical Incidents* as defined by DHHS, and include all incidents which seriously jeopardize the immediate physical safety of the youth, family, or the community. Examples of Level 3 Incidents are:

- 1. Death of a child or family member receiving services
- 2. Near fatality, life threatening conditions, or serious injury
- 3. Suicide or serious attempt resulting in non-psychiatric hospitalization
- Death or serious non-accidental injury of a staff person (resulting in hospitalization) while on the job
- Allegations or arrest of a state ward for serious illegal/criminal activity (i.e. homicide; manslaughter, near fatality of another person, sexual assault; assault-first or second degree; aggravated or armed robbery, etc.)
- Serious complications from psychotropic medication regimen which requires medical attention
- 7. Any other event that is highly concerning, poses potential liability, or is of emerging public interest

<u>Level 2 Incidents</u> are defined as occurrences where children are placed in harm's way or have the potential to result in a change of placement or status, however the risk is not imminent. Examples of Level 2 incidents include:

- Unknown whereabouts of a child when an Electronic Monitor has been disabled or has a dead battery
- 2. Unknown whereabouts of a child
- 3. Psychiatric hospitalizations
- 4. Use of restraint or seclusion
- 5. Physical assault when charged or cited by law enforcement
- 6. Police contacts (i.e., theft, major property damage, minor in possession)
- 7. Sexual behavior:
- a. Between children of similar ages/developmental capacities while in placement
- b. Between youth when there is a 5 year age gap
- c. Developmentally inappropriate
- d. Between siblings/ family members
- 8. Physical neglect or abuse of children
- Injury requiring medical attention.

<u>Level 1 Incidents</u> are defined as incidents of noteworthy behavior which, in and of themselves would be handled within a provider agency; however, the obligation to report is triggered when the frequency and duration of episodes would more likely than not result in placement difficulties or potential liability. Examples of Level 1 Incidents include:

- 1. Unfounded youth allegations
- 2. Physical and verbal aggression
- 3. Minor youth injuries incurred while youth is in placement
- 4. Parent drug usage

Section C Master Case List

Master Case List

This is a form updated regularly that shows what foster children are placed in what homes. It shows which speciliast supports those homes. The color that the child's name is highlighted with matches their foster parent's highlighted name at the bottom. Next to the child's name are abbreviated letters for a child's level of care:

- -Pre-Assessement = PA
- -Essential = ES
- -Enhanced = EN
- -Intensive = IN
- -Professional = PRO

Section D New Placements

New Placements

- New Placements: The On Call person is in charge of coordinating new placements if the placement is
 urgent. There are times when referrals are not urgent and the Supervisor or Lead Specialist may ask you
 to help coordinate a placement if it is for a foster home that you are supporting.
 - Email Foster Care Team and Suz Bittner about the new placement with the following
 information included: Child's Name, Child's DOB, Social Security #, Master Case #, Medicaid #,
 Foster Parents' Names and Address, why they're being removed and needing placement, and
 any additional identifying information.
 - Intake forms MUST be signed by the foster parent within 24 hours of placement. If an
 emergency placement occurs on the weekend or on a holiday then the On Cail person is
 responsible for getting the paperwork filled out. If the placement occurs during the week or
 known ahead of time then the On Call person can work with the FCS for that foster family to see
 who is able to complete the paperwork within the 24 hour timeframe.
 - If a child is placed after hours, the On Call person will need to try and make an effort to be at the foster home when the child is placed. The on Call person can help with the transition of the child into the home and supporting the foster parents. The On Call person will need to stop by the Foster Care Closet prior to the placement and grab any items that the foster family may need to help with the new placement.
- DHHS Support Plans: This needs to be completed every time there is a new DHHS placement. Here are
 the steps to completing the Support Plan.
 - Complete the support plan within the first 14 days of placement
 - Complete the support plan with the foster family
 - Send the support plan to the CFSS to make revisions
 - Have the foster parents review the revisions and sign the support plan.
 - Send the completed support plan to the CFSS
- Intake Paperwork to start file
 - 1. Forms to give to foster parent: Medical/Dental/Eye Exam, Monthly Summary, Medication Log,
 Things to Remember
 - Forms to get signed by foster parent: Child Placement Agreement, Daycare Authorization Form (If needed), Statement of Disclosure and Initial Service Plan, Foster Parent Acknowledgement of Material Received, Foster Parent Service Agreement, Clothing Inventory, Youth Rights and Responsibilities
 - Send to FPS/CFSS to get signed: FCS Intake Information, Authorization, ROI for PCP, ROI for NFC, Child Placement Agreement, Daycare Authorization (If needed), Statement of Disclosure and Initial Service Plan, Clothing Inventory
 - 4. Client Demographic Information Form: Fill out for new intake, send to Suz Bittner, and put the form Into the client's file.

Notes: The FPS should send the forms to the CFOM (HHS Legal Guardian at NFC) who will then sign some of them. If this isn't done in a timely manner you may also send to the CFOM directly to sign: nfcproviderconsents@nebraskafc.org If you are not able to get forms signed in a timely manner by the caseworker and/or CFOM, please print out the emails of you requesting this and add them to the file for proof. Use example file to familiarize yourself with the organization of the paperwork.

Make sure you always have identifying client labels on each paper that is in the file.

The Nebraska Caregiver Responsibility (NCR) document is to be completed within the first 30 days of a child's placement in out-of-home care or when there are changes that may impact the responsibilities of the caregiver as defined above.

Forms should be filled out during a face-to-face meeting with the foster parent, the assigned worker, and the child placing agency worker (if applicable). Foster parents and the child placing agency worker (if applicable) should receive copies of the tool. If the foster parent disagrees with the results of the NCR document, he/she should notify the case worker and/or child placing agency worker as applicable.

In accordance with the Strengthening Families Act (SFA) caregiver should exercise reasonable and prudent parenting standards. REASONABLE PRUDENT PARENT STANDARD (RPPS) means a standard characterized by careful and sensible parental decisions which maintain the health, safety, and best interests of a child while at the same time encouraging the emotional and developmental growth of the child, that a caregiver shall use when determining whether to allow a child in foster care under the responsibility of the State to participate in extracurricular, enrichment, cultural, and social activities. The first level (LOR1) is considered essential for all placements and the minimum expectation of all caregivers. For each of the responsibilities, indicate the level of responsibility (LOR) currently required to meet the needs of the child (based on results of the current assessment model). The focus is on the caregiver's responsibilities, not on the child's behaviors. Each level is inclusive of the previous one. Outline caregiver responsibilities in the box provided for any area checked at a 2 or higher.

LOR1 Medical/Physical Health & Well-Being

Caregiver arranges and participates, as appropriate in routine medical and dental appointments; Provides basic healthcare and responds to illness or injury; administers prescribed medications; maintains health records; shares developmentally appropriate health information with child.

Definition: Caregiver follows established policies to ensure child's physical health needs are met by providing basic healthcare and response to illness or injury. Caregiver contributes to ongoing efforts to meet the child's needs, by arranging, transporting* and participating in doctor's appointments that is reflected in required ongoing documentation. Caregiver will administer medications as prescribed, keep a medication log of all prescribed and over-the-counter medication, understand the medications administered, and submit the medication log monthly.

Caregiver arranges and participates with additional visits with medical specialists, assists with treatment and monitoring of specific health concerns, and provides periodic management of personal care needs. Examples may include treating and monitoring severe cases of asthma, physical disabilities, and pregnant/parenting teens.

Definition: Additional health concerns must be documented and caregiver's role in meeting these additional needs will be reflected in the child's case plan and/or treatment plan. Caregiver will transport* and participate in additional medical appointments, including monthly medication management, physical or occupational therapy appointments, and monitor health concerns as determined by case professionals.

Caregiver provides hands-on specialized interventions to manage the child's chronic health and/or personal care needs. Examples include using feeding tubes, physical therapy, or managing HIV/AIDS.

Definition: Any specialized interventions provided by the caregiver should be reflected in the child's case plan and/or treatment plan. Case management records should include narrative as to the training and/or certification of the caregiver to provide specialized levels of intervention specific to the child's heath needs. Caregiver will provide specific documentation of specialized interventions utilized to manage chronic health and/or personal care needs.

Outline the caregiver responsibilities:

^{*}Please detail transportation arrangements in responsibilities section. If the caregiver is unable to provide transportation, alternate arrangements must be discussed in detail at this time and documented in the responsibilities section.

LOR2 Family Relationships/Cultural Identity Caregiver supports efforts to maintain connections to primary family including siblings and extended family, and/or other significant people as outlined in the case plan; prepares and helps child with visits and other contacts; shares information and pictures as appropriate; supports the parents and helps the child to form a healthy view of his/her family. Definition: Caregiver follows established visitation plan and supports ongoing childparent and sibling contact as outlined in case plan. Caregiver provides opportunities for the child to participate in culturally relevant experiences and activities including transportation*. Caregiver works with parents and youth in ongoing development of youth's life book. L2 Caregiver arranges and supervises ongoing contact between child and primary family and/or other significant people or teaches parenting strategies to other caregivers as outlined in the case plan. Definition: Caregiver provides and facilitates parenting time in accordance with the established parenting time plan and case plan. Caregiver provides regular instruction to parent outlining parenting strategies. This feedback must be reflected in Caregiver's required ongoing documentation. L3 Caregiver works with primary family to co-parent child, sharing parenting responsibilities, OR supports parent who is caring for child AND works with parent to coordinate attending meetings AND appointments together. Examples include attending meetings with doctors, specialists, educators, and therapists together. Definition: Caregiver partners and collaborates with parents to ensure both caregiver and parent attends child's appointments and activities. Caregiver allows parental interaction in the foster home and provides support to the parent while the child is in the parent's home. Caregiver allows the parent to participate in daily routine of the child in the foster home (i.e. dinner, bedtime routine, morning routine). Documentation should illustrate caregiver's efforts to engage parent and shows examples of a transfer of learning to the parent. Outline the caregiver responsibilities:

^{*}Please detail transportation arrangements in responsibilities section. If the caregiver is unable to provide transportation, alternate arrangements must be discussed in detail at this time and documented in the responsibilities section.

L3

LOR 3 Supervision/Structure/Behavioral & Emotional

Caregiver provides routine direct care and supervision of the child, assists child in learning appropriate self-control and problem solving strategies; utilizes constructive discipline practices that are fair and reasonable and are logically connected to the behavior in need of change, adapts schedule or home environment to accommodate or redirect occasional outbursts.

Definition: Caregiver provides age and developmentally appropriate supervision, structure, and behavioral and/or emotional support. Caregiver utilizes constructive discipline practices that are fair and reasonable and are logically connected to the behavior in need of change. Caregiver can provide examples of strategies and interventions implemented.

Caregiver works with other professionals to develop, implement and monitor specialized behavior management or intervention strategies to address ongoing behaviors that interfere with successful living as determined by the family team.

Definition: Caregiver provides beyond age and developmentally appropriate supervision, structure, and behavioral and/or emotional support in accordance with a formal treatment or behavioral management plan as identified by the child's needs. Caregiver can provide examples of strategies and interventions implemented.

Caregiver provides direct care and supervision that involves the provision of highly structured Interventions such as using specialized equipment and/or techniques and treatment regiments on a constant basis. Examples of specialized equipment include using alarms, single bedrooms modified for treatment purposes, or using adaptive communication systems, etc.; works with other professionals to develop, implement and monitor strategies to intervene with behaviors that put the child or others in imminent danger or at immediate risk of serious harm.

Definition: Caregiver follows established treatment plan to ensure child's safety and well-being. Treatment plan requires immediate and ongoing (more than once daily) monitoring and interaction. Strategies and interventions are developed in accordance with treatment plan and in consultation with case manager and must be followed to ensure child's immediate and ongoing safety and well-being. If plan is not followed child is at risk of imminent danger. Caregiver maintains frequent contact with mental health professionals and actively participates in services and monitoring. Caregiver can provide examples of therapeutic interventions and demonstrates ongoing monitoring.

Outline the caregiver responsibilities:

LOR 4 Education/Cognitive Development Caregiver provides developmentally appropriate learning experiences for the child noting progress and special needs; assures school or early intervention participation as appropriate; supports the child's educational activities; addresses cognitive and other educational concerns as they arise, participation in the IEP development and review. Caregiver ensures child meets established education goals. Routine educational support includes providing transportation* to and from school, providing a structured homework routine and help with homework; maintaining regular, ongoing contact with school to ensure age-appropriate performance and progress. This includes participation in regularly scheduled parent- teacher conferences with the parents (as For non-school age children, the caregiver will ensure the child is appropriate). L2 Caregiver maintains increased involvement with school staff to address specific educational needs that require close home/school communication for the child to make progress AND responds to educational personnel to provide at-home supervision when necessary; or works with others to implement program to assist youth in alternative education or job training. Definition: Educational goals may include both school-based as well as lob training goals (for older youth). Caregiver implements monitoring in the home to reflect established learning plan objectives or collaborates with professionals to ensure child's educational goals are met. Caregiver provides examples of efforts to support education. Caregiver provides support and structure for child if suspended or expelled from school. 13 Caregiver works with school staff to administer a specialized educational program AND carries out a comprehensive home/school program (more than helping with homework) during or after school hours. Caregiver implements interventions per an established alternative education plan, IEP or 504 plan which involves specialized activities and/or strategies outside of the educational setting. Implementation of this plan requires regular communication with school and is not considered routine educational support. Caregiver may require specialized training or certification in order to meet the child's educational and cognitive needs. Outline the caregiver responsibilities:

^{*}Please detail transportation arrangements in responsibilities section. If the caregiver is unable to provide transportation, alternate arrangements must be discussed in detail at this time and documented in the responsibilities section.

LOR 5 Socialization/Age-Appropriate Expectations In keeping with Reasonable and Prudent Parenting standards, Caregiver works with L1 others to ensure child's successful participation in communityactivities; ensures opportunities for child to form healthy, developmentally appropriate relationships with peers and other community members, and uses everyday experiences to help child learn and develop appropriate social skills. Definition: Caregiver encourages and provides opportunities for child to participate in age-appropriate peer activities at least once per week. Caregiver can give examples of the child's participation the activity. Caregiver transports* to activity if needed. Caregiver monitors negative peer interactions. Examples may include: school-based activities, sports, community-based activities, etc. Caregiver provides additional guidance to the child to enable the child's successful 12 participation in Community and enrichment activities AND provides assistance with planning and adapting activities AND participates with child when needed. Examples include shadowing, coaching social skills, sharing specific intervention strategies with other responsible adults, etc. Caregiver's intervention and participation further ensures child's Definition: participation in the activity. The child may not be able to participate without adult support. Caregiver can give examples of the child's participation in the activity. L3

LOR 7 Placement Stability

Caregiver maintains open communication with the child welfare team about the child's progress and adjustment to placement and participates in team meetings, court hearings, case plan development, respite care, and a support plan.

Definition: Caregiver works to ensure placement stability. Caregiver communicates openly and regularly with case manager, provides required monthly documentation and participates in family team meetings. Caregiver must actively participate in developing a support plan to eliminate placement disruption.

The child's/youth's needs require caregiver expertise that is developed through fostering experience, participation in support group and/or mentor support, and consistent relevant in-service training.

Definition: Caregiver must utilize specialized knowledge, skills, and abilities to maintain child's placement. Child's needs warrant specialized knowledge, skills, and abilities. Interventions provided by caregiver must be in collaboration and consultation with other professions and case managers. Caregiver should provide examples of their specialized knowledge, skill, and abilities to ensure placement and participation in inservice training.

The child's/youth's needs require daily or weekly involvement/participation by the caregiver with intensive in-home services as defined in case plan and/or treatment team.

Definition: Caregiver must collaborate with external supports in order to maintain placement. These external supports provide intensive interventions within the caregiver's home, without which child could not safety be maintained. Interventions must be selected and implemented in collaboration with the case manager. Caregiver collaborates with intensive service interventions and demonstrates specialized knowledge, skills, and abilities to maintain child's placement. Caregiver provides examples of their role in the intensive in-home service provision. Caregiver may require additional training to eliminate placement disruption.

Outline the caregiver responsibilities:

LOR 8 Transition To Permanency and/or Living Independently as an Adult

For all children/youth regardless of their permanency objective, Caregiver provides routine ongoing efforts to work with biological family and/or other significant adults to facilitate successful transition home or into another permanent placement. Caregiver provides routine assistance in the on-going development of the child/youth life book.

Definition: Caregiver collaborates with case manager and other community resources to ensure child's/youth's permanency goal is met. Caregiver works with child/youth in ongoing development of life book in preparation for permanency. Caregiver addresses developmentally appropriate daily life skills with the child/youth to include assistance with budgeting, education, self care, housing, transportation, employment, community resources, and lifelong connections.

Caregiver actively provides age-appropriate adult living preparation and life skills training for child/youth. For children/youth age 14 and above, training should be outlined in the written transition plan and determined through completion of a life skills assessment.

For children/ youth whose permanency objective is adoption or guardianship, the caregiver (with direction from their agency and in accordance with the case plan), cooperates and works with team members, potential adoptive parents, therapists and specialists to ensure the child/youth achieves permanency.

Definition: For children 8 and above caregiver develops and monitors daily life skills activities. For children/youth 14 and above, caregiver assists the youth in completing a life skills assessment and uses the results to inform daily activities that promote development of life skills to include assistance with budgeting, education, self care, housing, transportation, employment, accessing community resources and lifelong connections. Caregiver also supports efforts to maintain family relationships where appropriate.

For children/youth whose permanency objective is adoption or guardianship, the caregiver regularly collaborates with team members to ensure child's permanency goals are met. If the caregiver will be providing permanency for the child, the caregiver actively participates in adoption preparation activities (examples include training, support groups, mentor support, respite care).

Transition to Adulthood Focus: Caregiver supports active participation of youth age 14 or above in services to facilitate the development of life skills and the transition to living independently as an adult.

Definition: Caregiver partners with life skills resources to ensure youth is prepared for transition to live Independently as an adult. Caregiver provides assistance and interventions on an ongoing basis and in accordance with established transition plan to include assistance with budgeting, education, self-care, housing, transportation, employment, community resources and lifelong connections. Additionally, caregiver regularly collaborates with youth's team (i.e. caseworker, agency staff, PALS Specialist) to ensure a smooth transition out of care. Caregiver demonstrates role in preparing youth for living independently as an adult by providing concrete examples of provided intervention and youths skill acquisition.

Common Challenges For Birth/Foster Parents

- Foster Parents and/or Birth Parents can be hostile, competitive and challenge each other's authority
- Birth Parents may attempt to sabotage the Placement
- Foster Parents may sabotage the visits
- Each parent blames the other for the child's problems or behavior
- Parents may have different rules

8

Common Challenges for Children

- . May Not Always Want to Go To Visits
- May exhibit challenging behaviors before or after visits
- Can become confused with the different expectations of birth parents and foster parents

9

Visits

- Research shows that when foster and birth parants have contact with one another children:
 - · Do hetter in school
 - Experience less trauma
 - Feet less division of loyalty
 - · Feel less contention between all parents
 - . Feel enfer expressing their feelings with all parents

REASONABLE AND PRUDENT PARENT STANDARD (RPPS)

Collaborative effort between:

- Nebraska Department of Health and Human Services
- Foster Family-based Treatment Association
- Nebraska Association of Homes and Services for Children

Federal definition for RPPS

• The standard characterized by careful and sensible parental decisions that maintain the health, safety, and best interest of a child while at the same time encouraging the emotional and developmental growth of the child, that a caregiver shall use when determining whether to allow a child in foster care under the responsibility of the State to participate in extracurricular, enrichment, cultural, and social activities.

42 U. S. C. A. §675 (10)(A)

Clarification Point

Activity vs Service

Sports, church camp, overnight (activity)

Vs

Respite and child care (service)

Extracurricular Activity

 activities (such as sports) that can be done by the students in a school but that are not part of the regular schedule of classes

Enrichment Activity

 an activity making a childhood experience fuller or more meaningful or rewarding

Cultural Activity

 Activity relating to a particular group of people and their habits, beliefs, traditions, etc. OR of or relating to the fine arts

Social Activity

 a social gathering or party, especially of or as given by an organized group

Age or Developmentally Appropriate **Federal Definition**

- Activities or items that are generally accepted as suitable for children of the same chronological age or level of maturity or that are determined to be developmentally appropriate for a child, based on the development of cognitive, emotional, physical, and behavioral capacities that are typical for an age or age group; and
- In the case of a specific child, activities or items that are suitable for the child based on the developmental stages attained by the child with respect to the cognitive, emotional, physical, and behavioral capacities of the child.

Prepared by FFTA, NEAHSC and DHHS/CFS January 2016

Caregiver Federal Definition

 A foster parent with whom a child in foster care has been placed with or a designated official for a child care institution in which a child in foster care has been placed.

42 U.S.C.A §675 (10) (B)

Promote and Support Normalcy

- Establish a youth's right to access and participation
- Establish an obligation for the child welfare agency to promote a child's access to and participation in age and developmentally appropriate activities
- Empower caregivers to permit access to activities as a reasonable and prudent parent would

Factors to consider

- · The child's age, maturity and development
- Potential risk and appropriateness of the activity
- Best interest of the child
- Importance of encouraging the child's emotional and developmental growth
- Importance of providing the child with the least restrictive and most family-like experience possible
- Decisions MUST be individualized by child
- Benefits of pursuing interests, self identity, healthy risk taking and gaining adult skills for transitioning
- Culture and ethnicity of the child and input from biological parents
- Desire of the child/youth

"No" is normal too

- · There is an art and responsibility to say no as well.
- RPPS doesn't equate to automatic yes's

Liability

- Per the Department and Health and Human Services licensing regulations (NAC 395) - The Department will not take a licensing action for conduct solely involving a foster parent's exercise of the Reasonable and Prudent Parent Standard.
- The best protection from liability: Don't forget to document daily decisions or routines that allow or don't allow youth to participate in activities!

Extracurricular Activity

Tim is 15 and has been in the group home/shelter for 2 months. He has not played organized sports in the past. He has bounced around in numerous placements over the past 15 months. The wrestling coach has approached him and asked him to try out for the team. Tim would like to try out. He will have practices and matches every day after school until 5:30PM and will be attending tournaments that will occur primarily on Saturday for 4 hours or so.

Enrichment Activity

James has been in your group home/shelter for 3 months. He plays the trumpet and has played at school for jazz band. There is a band camp coming up with a prominent jazz musician. It will occur Saturdays for 1 month. James would like to attend.

Cultural Activity

Meghan was recently admitted to your group home/shelter. She was in a foster home in a neighboring area and joined the church that is across the street from your group home/shelter. She was an active member of their youth group. The youth group meets on Fridays from 7-9PM. Meghan would like to attend.

Social Activity

Sherri is a 17 year old senior in high school. She has been in the group home/shelter for 1 month. Prom is coming up and Sherri would like to go to prom and the after prom party at the school. She has a boyfriend who attends a different school and they want to go together or meet there.

Extracurricular Activity

Nathan is in the 3rd grade and his class will be going on a field trip to a local museum and a permission slip is required to be signed in order for Nathan to attend. Nathan has expressed excitement about the field trip and riding on the bus to and from and taking a sack lunch, as he hasn't ever done this.

January 2016

Enrichment Activity

18 year old Rebecca expresses interest in obtaining her drivers license to get to and from her job at the local Walgreens. Rebecca will be 19 in 4 months and is working on her GED.

Cultural activity

Veronica, a 14 year old youth who identifies as Latina wishes to participate in a local Dia De La Muertos (Day of the Dead) festival. Veronica was placed in the foster home 2 months ago and is feeling a little out of place in her new neighborhood and school since removal.

Social Activity

Stephen is 10 years old and was placed in the foster home 6 months ago and unfortunately had to switch schools due to the removal. Due to the many changes in his life Stephen is rather shy and has had some trouble making friends at this new school. Stephen has been asked to a sleep over with a friend from school.

Next Steps for Agencies

- DHHS will share power point and handout to all child caring and child placing agencies.
- Agencies will be required to train staff in RPPS by 6/30/2016.
 - And RPPS must be incorporated into new hire training for all child care and child placing staff.
 - Agencies required to track participation and DHHS will audit during personnel file reviews.
- Child placing agencies will be required to train all foster parents by 12/31/2016.
 - Agencies will be required to keep training certificates for foster parents to confirm completion and provide documentation to DHHS.

Questions

Multiethnic Placement Act of 1994

INTERETHNIC ADOPTION PROVISIONS OF 1996

MEPA/IEP

The Multiethnic Placement Act (MEPA) was enacted in 1994 amid spirited and sometimes contentious debate about transracial adoption and same-race placement policies. At the heart of this debate is a desire to promote the best interests of children by ensuring that they have permanent, safe, stable, and loving homes that will meet their individual needs.

US Department of Health & Human Services/Administration for Children & Families

MEPA/IPA

- Of particular concern are the African American and other minority children who are dramatically overrepresented at all stages of this system, wait far longer than Caucasian children for adoption, and are at far greater risk of never experiencing a permanent home.
- US Department of Health & Human Services/Administration for Children & Families

Specific Intentions of MEPA/IEP:

- Decrease length of time that children wait to be adopted
- Facilitate the recruitment/retention of foster and adoptive parents who can meet the distinctive needs of children awaiting placement
- Eliminate discrimination on the basis of the race, color, or national origin of the child or the prospective parent

MEP/IEP Mandate #1:

 Prohibits states and foster care agencies from delaying or denying a child's foster care or adoptive placement on the basis of the child's or the prospective parent's race, color, or national origin

Delay or Denial of Placement

- If an agency has determined that an appropriate placement for a child exists, the agency may not:
 - Allow the child to remain in shelter care or another temporary placement, or require a holding period to find a particular RCNO foster care placement (impermissible delay)
 - Remove a child who is doing well in a pre-adoptive placement in order to place the child with a family of a particular RCNO (impermissible denial)
 - O Switch a child from one foster placement to another in an effort to place the child into a particular RCNO placement (impermissible denial). Even if the agency reverses itself later and places the child with the original pre-adoptive family, the agency would have impermissibly denied and delayed the child's placement (impermissible denial and delay)

Individually Assessing a Child's Needs

- An agency has the **flexibility** to determine which factors it will consider when individually assessing a child as long as it does so in accordance with the law; HHS does not prescribe those factors.
- However, when it becomes apparent that the agency might need to consider RCNO, the agency:
 - Must individually assess a child to determine whether considering RCNO is in the best interests of the particular child in light of the child's unique circumstances;
 - May not rely or act upon generalizations about the child's needs, based on the child's membership in a particular RCNO group;
 - May not routinely consider RCNO during the individualized assessment.

Individually Assessing a Child's Needs

- Relevant factors to consider:
 - o Child's best interest
 - Age, sibling group, health, education, cognitive or psychological needs
 - The child's unique or unusual history related to RCNO(race, color, or national origin), i.e. traumatic experiences
 - If child is age 14 or older and consents or does not consent to a placement based on RCNO(agency can honor this request/refusal without violating MEP/IEP)

MEP/IEP Mandate #2

- Prohibits from denying to any individual the opportunity to become a foster or adoptive parent on the basis of the prospective parent's or the child's Race, Color, or National Origin(RCNO)
 - If an appropriate placement for a child exists, an agency may not:
 - ▼ Refuse to place a child with a prospective parent because the parent's RCNO is different than the child's RCNO
 - * Fail to place a child with a prospective parent because the parent or the child is a specific RCNO
 - Remove a child from a prospective parent because the parent or child is a specific RCNO
 - Refuse to conduct a home study because the parent or child is a specific RCNO

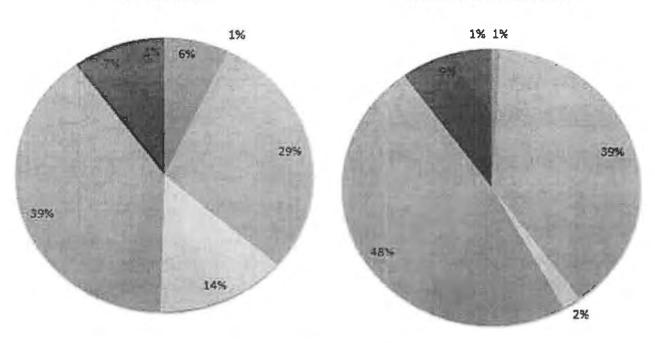

MEP/IEP Mandate #3

• States must diligently recruit foster and adoptive parents who reflect the racial and ethnic diversity of the children in the state who need foster and adoptive homes.

A few more requirements...

- An agency may not assess, or ask prospective parents to assess, whether they are competent to parent a child whose RCNO differs from that of the parents. Throughout a family's interaction with the agency, an agency may not ask or consider:
- Why a family wants to parent across RCNO lines;
- What a family knows about RCNOs different from its own;
- Whether a family's activities reflect a knowledge of or appreciation for the RCNO of the child the family wishes to parent.

Do's and Don'ts

An agency:

- May not require prospective parents to take different or extra steps in order to parent a child who is in foster care on the basis of the parents' or the child's RCNO;
- May not single out parents who want to parent across RCNO-lines or require them to learn about a different RCNO;
- May provide information to parents that will help them care for their child, including information about hair care or other personal care issues

Assessment of Prospective Parents

- An agency may not create or allow a different child welfare process to which parents who wish to foster or adopt a child of a different RCNO are subject, e.g.:
 - A longer or more invasive home study process, e.g., examining issues for those who want to parent across RCNO lines that the agency does not examine for same-RCNO placements;
 - Requests that are specific to families who plan to parent across RCNO lines, e.g., requiring parents to develop a trans-RCNO parenting plan;
 - Requests that a prospective parent learn about a different RCNO in advance of parenting such a child, e.g., requiring a family to purchase or review specific material or interact with individuals of a particular RCNO.

Preparing Prospective Parents

- An agency may offer training to prospective parents about parenting a child of a different RCNO if:
 - o It is offered to all parents, regardless of whether the parents plan to foster/adopt a child of a different RCNO; and
 - Participation in the training is not a precondition only for parents who want to pursue a trans-RCNO placement

Preparing Prospective Parents...

- An agency may offer trans-RCNO parenting information to prospective parents at its own discretion so long as:
 - The information is made available in the context of preparing a parent, and not assessing a parent's capacity to parent a child of a different RCNO;
 - Consideration of the information or participation in related services is not a precondition for parents who are of a certain RCNO or who want to pursue a trans-RCNO foster or adoptive placement.

Preparation Cont...

- An agency may prepare a prospective parent to foster or adopt a child of a different RCNO by:
 - Asking parents to describe their questions or concerns;
 - o Connecting parents with helpful resources; and
 - Offering post-placement services or support for parents who would like such services (e.g., support or social groups).

Do's and Don'ts

An agency may:

- Tell parents whether the children in care do/do not have the characteristics that the parents are seeking (e.g., age of available children; RCNO of available children; special needs of available children);
- Ask prospective parents whether they will consider providing a home for a child(ren) whose characteristics reflect the children for whom homes are needed;
- Discuss with parents the challenges that may arise when parenting a child whose characteristics differ from the characteristics that the parents originally sought.

An agency may not:

- o Discourage parents from pursuing a trans-RCNO placement; or
- Require parents to participate in any training related to RCNO unless such training is required of all parents.

Concerns About Prospective Parents

- MEPA and Title VI do not require an agency to make a
 placement where a prospective parent's comments or beliefs
 make clear that placing children of a specific RCNO with the
 prospective parent is not in the best interests of those
 children.
- Where a family expresses prejudice about people of a certain RCNO but still wishes to foster or adopt children of that RCNO:
 - o An agency should delve further into the issues.
 - If the agency believes that the parent should not parent any children of a certain RCNO, the agency should document the reasons for that belief or for its resulting placement
 - A decision that is necessary to achieve the child's best interest, including a decision to not place a child of a certain RCNO with a family, does not violate MEPA or Title VI.

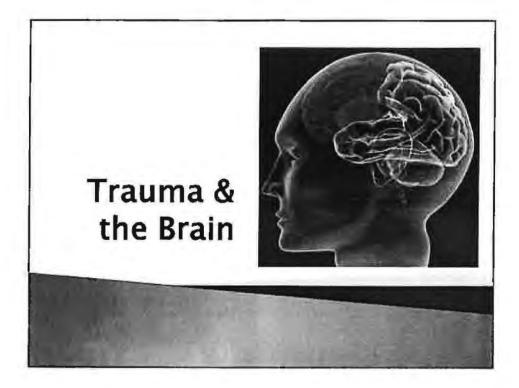

Biological Parent Requests

- For both voluntary and involuntary removals:
 - An agency may not consider or honor the request of parents or legal guardians to place their child with foster or adoptive parents of a specific RCNO.
 - This applies to birth parents who are considering placing an infant for adoption

Prospective Parent Requests

- Prospective parents may make requests about any characteristics they want in a child, including RCNO.
 - Agencies are not required to place a child of a particular RCNO with a parent who has indicated that the parent does not want to parent a child of that RCNO.
 - O Agencies must be as flexible with prospective parents' requests related to RCNO of a child for whom they will provide a home as it is with parents' requests related to other characteristics of a child. If an agency presents children whose characteristics do not match the parent's requests, the agency must be similarly flexible with presenting children whose RCNO does not match the parent's request.

Survival Behaviors

- Acting out behaviors are symptoms of the pain/hurt that underneath the surface.
- They are the coping strategies that the child developed to survive a trauma event, often chronic trauma events.
- Good news-they survived.
- Bad news-their coping strategies don't work as well now, and we as their caregivers have to deal with them.

Children aged 3-6 exposed to traumatic stress may also:

- Act out in social situations
- Be fearful/avoidant
- Be unable to trust or make friends
- Be verbally abusive
- Blame themselves for the trauma
- Develop learning disabilities
- Have stomach aches/headaches
- Have a fear of separation
- Imitate the traumatic event
- Lack self-confidence
- Have poor overall skills development

All these behaviors occur because the child's brain was not able to develop

Untreated traumatized children grow up to untreated traumatized adults. Our brains might get older, but the damage remains the same!

Trauma-Focused Care: The Cycle of attachment, separation, and re-attachment

Let's consider the following scenario:

Samantha is a 13 year old female who is needing a new foster care placement. Samantha's mother and father have never been married, and Samantha's father stopped all contact with her when she was about 6 when he became angry with Samantha's mother over child support payments. Samantha's mother re-married when Samantha was 7 years old. Samantha was removed from her mother's care and placed in foster care when she was 10 years old after it was discovered that Samantha's step-father had been sexually and physically abusing her for approximately 2 years. Samantha initially did well in foster care, but her mother refused to leave her husband, meaning DSS would not allow Samantha to return to her mother's care. Samantha started acting out, and became physically aggressive towards her Samantha started acting out, and became physically aggressive towards her foster mother on a couple of occasions. When she was 12, Samantha started exhibiting symptoms of depression and started self-harming by cutting. These behaviors continued to worsen over the next 6 months, resulting in Samantha being hospitalized on three occasions for short stays (72 hours or less) for being a danger to herself. Just before her 13th birthday, Samantha attempted suicide and was placed in an acute psychiatric hospital for 3 weeks before being transferred to a Psychiatric Residential Treatment Facility where she received treatment for 6 months. Two months ago, she was referred to to foster care. (continued on next slide)

Trauma-Focused Care: The Cycle of attachment, separation, and re-attachment

Scenario continued:

Samantha was initially placed in a single-parent foster home with one other similarly-aged foster child. Samantha did well in the foster home for about 6 weeks until an argument between she and the other foster child turned physical, resulting in the other foster child being injured. regulring stitches, and Samantha being charged with assault. The foster parent stated she did not want to keep the two children in the home together, and chose to keep the other foster child due to having a longer relationship with her. Two weeks ago, Samantha was placed in a 2parent (husband and wife) foster home with one other young child in the home, and was re-assigned to your caseload. Since coming into this home, Samantha has been well-behaved, but has been gulet, reserved. and has not shown any interest in developing a connection with anyone in the home.

Essential skills for Trauma Competent Caregiver

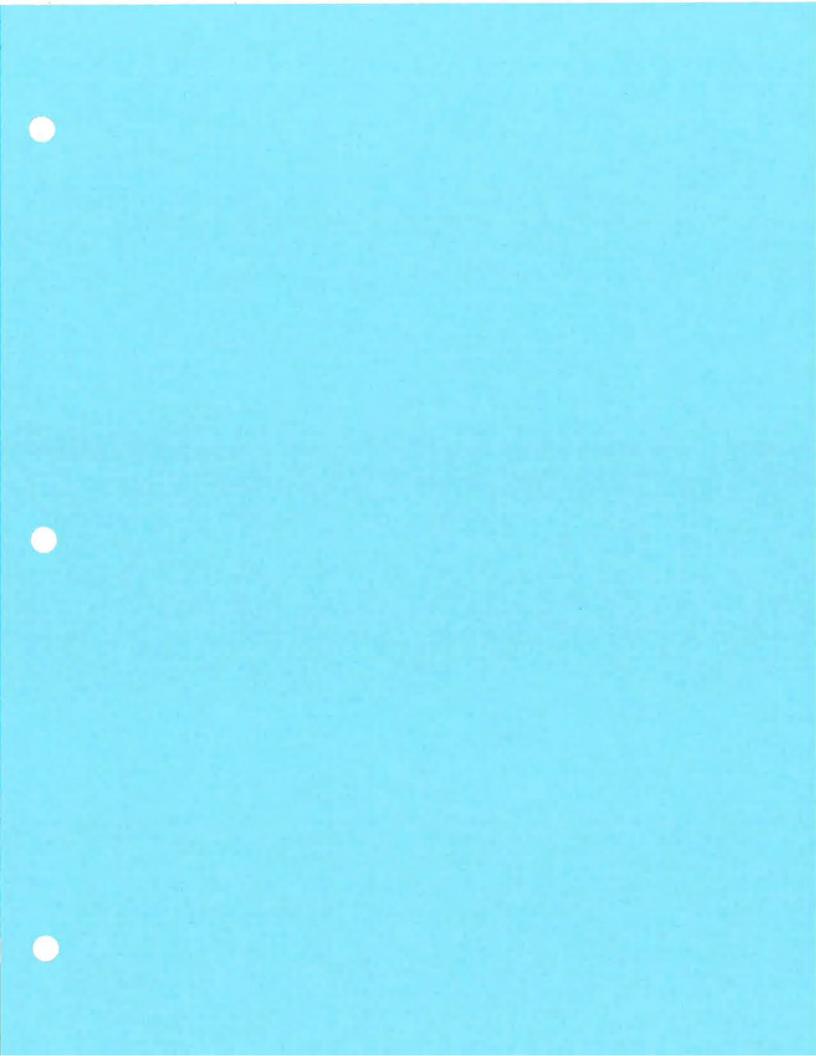

- ▶ Understand the impact of trauma
- Maximize "felt" safety in child
- Reduce overwhelming emotions and build connections
- Modify overwhelming behaviors and build connections
- Support relationships
- Develop strength-based understanding of life story
- Self-care

21

What does not work:

- Interventions that blames the child (or caregiver)
- Intervention that makes negative inferences rather than empathic inferences on child or caregiver
- Behavior modification contracting with the child
- Parenting that is punitive/harsh
- Parenting that relies on natural consequences (permissive)

Lutheran Family Services of Nebraska Inc. (LFS) respects the right to privacy of all those we serve. Therefore, the organization expects employees, interns, volunteers, and contracting professionals to maintain the highest professional ethics and legal standards regarding client confidentiality.

Each discipline will adhere to their professional and ethical guidelines in all areas of client confidentiality. When a particular discipline requires a higher level of confidentiality than LFS's policy, employees, interns, volunteers, and contracting professionals will need to follow the professional and ethical guidelines of their discipline.

Confidentiality Training and Attestation

Employees, interns, volunteers and contracting professionals will:

- 1) Sign the Confidentiality Agreement as a part of their initial human resource documentation
- 2) Within the first week, complete the organization required confidentiality training which includes a review of the policy and procedure on confidentiality.
- 3) Attest to having read and agree to follow LFS policy and procedure regarding client confidentiality.
- 4) Complete confidentiality training on an annual basis. The annual confidentiality training and attestation will follow the LFS training plan.

Supervisors are responsible for ensuring their employees, interns, volunteers, and contracting professionals involved with clients complete the initial and annual training on confidentiality.

Volunteers

Volunteer groups and specific event volunteers, such as volunteers assisting with mailing, public events, Guild members and Board members, shall receive an abbreviated orientation regarding client confidentiality and will sign the *Volunteer Confidentiality Agreement* or sign-in sheet acknowledging the LFS *Client Confidentiality Policy*.

External Supervision

If an employee is receiving external supervision including group supervision, the supervisor and other professionals in the group supervision will need to sign the *Confidentiality Agreement for External Supervision Form*.

Due to the nature of the services provided by the LFS Foster Care Program, all LFS Foster Parents must be very careful about the information they give others. Even the accidental disclosure of personal information about youth or their families is a violation of confidence. It is LFS policy to ensure and respect confidentiality of all clients, including foster homes and children. Any issues related to children in the LFS program need to be kept between all parties involved in the case, including LFS staff, case managers, therapists, doctors, community treatment aides, visitation workers and in some cases, biological family. If issues are discussed during such settings as a workshop or inservice, names must not be used. Family members of the Foster Parents not living in the home, should not be involved in the confidential issues of the children in the home out of respect and to the children and to ensure that all issues related to their treatment are handled delicately. Certainly, family members living in the home, such as biological children, are going to be aware of many of the issues that foster children are working on. LFS Foster Parents are expected to discuss with their children how important it is, to not take those issues out of the home. Other foster homes, media, neighbors, foster parent relatives, relatives of the foster children (without prior consent), and friends are all examples of people that should not be involved in the treatment issues of foster children. Breeches of confidentiality will raise questions regarding the professional capabilities of a couple or person to serve as LFS Foster Parents and may result in immediate termination of your involvement with the LFS Foster Care Program. Any questions regarding confidentiality can be directed to LFS staff.

In addition, pictures of foster youth should be taken only with prior approval from LFS staff. Under no circumstances should pictures that are distributed be taken (such as those by media, newsletters, etc).

SEVEN CORE ISSUES IN ADOPTION

	Adoptee	Birth Parent	Adoptive Parent
LOSS	Fear ultimate abandonment: loss biological, genetic, cultural history. Issues on holding on and letting go.	Ruminate about lost child. Initial loss merges with other life events; leads to social isolation; changes in body and self image; relationship losses	Infertility equated with loss of self and immortality. Issues of entitlement lead to fear of loss of child and overprotection.
REJECTION	Personalize placement for adoption as rejection; issues of self esteem can only be "chosen" if first rejected. Anticipate rejection; misperceive	Reject selves as irresponsible, unworthy because permit adoption; turn these feelings against self as deserving rejection; come to expect and cause rejection	Ostracized because of procreation difficulties; may scapegoat partner, expect rejection; may expel adoptee to avoid anticipate rejection.
GUILT/SHAME	Deserving misfortune; shame of being different; may take defensive stance/anger.	Party to guilty secret; shame/guilt for placing child; judged by others; double bind; not OK to keep child and not OK to place	Shame if infertility; may believe childlessness is curse or punishment; religious crisis.
GRIEF	Grief may be overlooked in childhood. Blocked by adult, leading to depression/acting out, may grieve lack of "fit" in adoptive family	Grief acceptable only short period but may be delayed 10-15 years, lack rituals for mourning; sense of shame blocks grief work	Must grieve loss of "fantasy" child; unresolved grief may block attachment to adoptee; may experience adoptee's grief as rejection.
IDENTITY	Deficits in information may impede integration of identity; may see search for identity in early pregnancies; extreme behaviors in order to create sense of belonging.	Child as part of identity goes on without knowledge; diminished sense of self and self worth; may interfere with future parental desires.	Experience diminished sense of self; are and are not parents (Kirk's role handicap").
LOYALTY Sub-issue	Difficulty or confusion in developing close relationships out of concern of rejecting other significant people from the past.	Remains childless as act of loyalty to the child. Refrain from search due to loyalty to child.	Need for approval and validation out of concern from perceived loss of the child to other parent figure.
INTIMACY	Fear getting close and risk reenacting earlier losses; concerns over incest; bonding issues may lower capacity for intimacy.	Difficulty resolving issues with other birth parent may interfere with future relationship; intimacy may equate with loss*	Unresolved grief over losses may lead to intimacy/marital problems; may avoid closeness with adoptees to avoid loss.
CONTROL	Adoption alters life course; not party to initial decisions; haphazard nature of adoption removes cause and effect continuum.	Relinquishment seen as out of control disjunctive event; interrupts drive for self actualization	Adoption experiences lead to "learned helplessness"; sense mastery linked to procreation; lack generativity.
