2.	7.A		Per my builder, they claim they have not had to do this in the past. Would a bid without this still be considered?	The bid may be submitted without the drawing, however the bidder must have the signed engineer's drawings prior to an award as specified in section VI.J.6 . A SIGNED CERTIFIED ENGINEER'S DRAWING on the trailer being bid must be furnished before an award is made.

This addendum will become part of the proposal and should be acknowledged with the Invitation to Bid response.
