## INVITATION TO BID

### Number 6207 OF

The State of Nebraska (State), Department of Administrative Services (DAS), Materiel Division, State Purchasing Bureau (SPB), is issuing this solicitation for a commodity contract, ITB Number 6207 OF for the purpose of selecting a qualified Contractor to provide Pressure Washer with Electric Motor. A more detailed description can be found in Section VI. The resulting contract may not be an exclusive contract as the State reserves the right to contract for the same or similar goods from other sources now or in the future.

#### INFORMATION PERTINENT TO THIS SOLICITATION CAN BE FOUND ON THE INTERNET AT:

<http://das.nebraska.gov/materiel/purchasing.html>

**IMPORTANT NOTICE:** Pursuant to Neb. Rev. Stat. § 84-602.02, State contracts in effect as of January 1, 2014, and contracts entered into thereafter, must be posted to a public website. The resulting contract, the solicitation, and the successful Contractor's proposal or response will be posted to a public website managed by DAS, which can be found at:

<https://statecontracts.nebraska.gov>

In addition and in furtherance of the State's public records statute (Neb. Rev. Stat. § 84-712 et seq.) all proposals or responses received regarding this solicitation will be posted to the SPB website.

These postings will include the entire proposal or response. Contractor must request that proprietary information be excluded from the posting. The Contractor must identify the proprietary information, mark the proprietary information according to state law, and submit the proprietary information in a separate container or envelope marked conspicuously using an indelible method with the words "PROPRIETARY INFORMATION". The Contractor must submit a **detailed written document showing** that the release of the proprietary information would give a business advantage to named business competitor(s) and explain how the named business competitor(s) will gain an actual business advantage by disclosure of information. The mere assertion that information is proprietary or that a speculative business advantage might be gained is not sufficient. (See Attorney General Opinion No. 92068, April 27, 1992) **THE CONTRACTOR MAY NOT ASSERT THAT THE ENTIRE PROPOSAL OR RESPONSE IS PROPRIETARY. COST WILL NOT BE CONSIDERED PROPRIETARY AND IS A PUBLIC RECORD IN THE STATE OF NEBRASKA.** The State will determine, in its sole discretion, if the disclosure of the information designated by the Bidder as proprietary would 1) give advantage to business competitors and 2) serve no public purpose. The Bidder will be notified of the State's decision. Absent a determination by the State that the information may be withheld pursuant to Neb. Rev. Stat. § 84-712.05, the State will consider all information a public record subject to disclosure.

If the agency determines it is required to release proprietary information, the Contractor will be informed. It will be the Contractor's responsibility to defend the Contractor's asserted interest in non-disclosure.

To facilitate such public postings, with the exception of proprietary information, the State of Nebraska reserves a royalty-free, nonexclusive, and irrevocable right to copy, reproduce, publish, post to a website, or otherwise use any contract, proposal, or response to this solicitation for any purpose, and to authorize others to use the documents. Any individual or entity awarded a contract, or who submits a proposal or response to this solicitation, specifically waives any copyright or other protection the contract, proposal, or response to the solicitation may have; and, acknowledges that they have the ability and authority to enter into such waiver. This reservation and waiver is a prerequisite for submitting a proposal or response to this solicitation, and award of a contract. Failure to agree to the reservation and waiver will result in the proposal or response to the solicitation being found non-responsive and rejected.

**Any entity awarded a contract or submitting a proposal or response to the solicitation agrees not to sue, file a claim, or make a demand of any kind, and will indemnify and hold harmless the State and its employees, volunteers, agents, and its elected and appointed officials from and against any and all claims, liens, demands, damages, liability, actions, causes of action, losses, judgments, costs, and expenses of every nature, including investigation costs and expenses, settlement costs, and attorney fees and expenses, sustained or asserted against the State, arising out of, resulting from, or attributable to the posting of the contract or the proposals and responses to the solicitation, awards, and other documents.**

**E. SECRETARY OF STATE/TAX COMMISSIONER REGISTRATION REQUIREMENTS (Statutory)**

All Contractors must be authorized to transact business in the State and comply with all Nebraska Secretary of State Registration requirements. The Contractor who is the recipient of an Intent to Award will be required to certify that it has complied and produce a true and correct copy of its current (within ninety (90) calendar days of the intent to award) Certificate or Letter of Good Standing, or in the case of a sole proprietorship, provide written documentation of sole proprietorship and the United States Citizenship Attestation Form, available on the DAS website at: <http://das.nebraska.gov/materiel/purchasing.html>. This must be accomplished prior to execution of the contract.

**F. ETHICS IN PUBLIC CONTRACTING**

The State reserves the right to reject proposals, withdraw an intent to award or award, or terminate a contract if a Contractor commits or has committed ethical violations, which include, but are not limited to:

1. Offering or giving, directly or indirectly, a bribe, fee, commission, compensation, gift, gratuity, or anything of value to any person or entity in an attempt to influence the bidding process;
2. Utilize the services of lobbyists, attorneys, political activists, or consultants to influence or subvert the bidding process;
3. Being considered for, presently being, or becoming debarred, suspended, ineligible, or excluded from contracting with any state or federal entity;
4. Submitting a proposal on behalf of another party or entity;

5. Collude with any person or entity to influence the bidding process, submit sham proposals, preclude bidding, fix pricing or costs, create an unfair advantage, subvert the proposal, or prejudice the State.

The Contractor shall include this clause in any subcontract entered into for the exclusive purpose of performing this contract.

Contractor shall have an affirmative duty to report any violations of this clause by the Contractor throughout the bidding process, and throughout the term of this contract for the successful Contractor and their subcontractors.

**G. DEVIATIONS FROM THE INVITATION TO BID**

The requirements contained in the solicitation (Sections II through VI) become a part of the terms and conditions of the contract resulting from this solicitation. Any deviations from the solicitation in Sections II through VI must be clearly defined by the Contractor in its proposal and, if accepted by the State, will become part of the contract. Any specifically defined deviations must not be in conflict with the basic nature of the solicitation, solicitation requirements, or applicable state or federal laws or statutes. "Deviation", for the purposes of this solicitation, means any proposed changes or alterations to either the contractual language or deliverables within the scope of this solicitation. The State discourages deviations and reserves the right to reject proposed deviations.

**H. SUBMISSION OF PROPOSALS**

**\*\*\*ALL PROPOSALS MUST BE SUBMITTED IN A SEALED ENVELOPE OR CONTAINER!\*\*\***

Contractors should submit one proposal marked on the first page: "ORIGINAL". If multiple proposals are submitted, the State will retain one copy marked "ORIGINAL" and destroy the other copies. The Contractor is solely responsible for any variance between the copies submitted. Proposal responses should include the completed Form A, "Contractor Proposal Point of Contact". Proposals must reference the ITB number and be sent to the specified address. Please note that the address label should appear as specified in Section I B. on the face of each container or contractor's proposal response packet. If a recipient phone number is required for delivery purposes, 402-471-6500 should be used. The ITB number should be included in all correspondence. The State will not furnish packaging and sealing materials. It is the contractor's responsibility to ensure the ITB is received in a sealed envelope or container and submitted by the date and time indicated in the Schedule of Events. Sealed proposals must be received in the State Purchasing Bureau by the date and time of the proposal opening per the Schedule of Events. No late proposals will be accepted.

The Invitation to Bid form must be manually signed in an indelible manner and returned by the proposal opening date and time along with the contractor's Invitation to Bid along with any other requirements as stated in the Invitation to Bid document in order for the contractor's Invitation to Bid response to be evaluated.

It is the responsibility of the contractor to check the website for all information relevant to this Invitation to Bid to include addenda and/or amendments issued prior to the opening date. Website address is as follows: <http://das.nebraska.gov/materiel/purchasing.html>

Emphasis should be concentrated on conformance to the ITB instructions, responsiveness to requirements, completeness, and clarity of content. If the contractor's proposal is presented in such a fashion that makes evaluation difficult or overly time consuming the State reserves the right to reject the proposal as non-conforming.

By signing the Invitation to Bid, the contractor guarantees compliance with the provisions stated in this ITB.

The State shall not incur any liability for any costs incurred by contractors in replying to this ITB, in the demonstrations and/or oral presentations, or in any other activity related to bidding on this ITB.

**I. PROPOSAL PREPARATION COSTS**

The State shall not incur any liability for any costs incurred by Contractors in replying to this solicitation, including any activity related to bidding on this solicitation.

**J. FAILURE TO COMPLY WITH INVITATION TO BID**

Violation of the terms and conditions contained in this solicitation or any resultant contract, at any time before or after the award, shall be grounds for action by the State which may include, but is not limited to, the following:

1. Rejection of a Contractor's proposal;
2. Withdrawal of the Intent to Award;
3. Withdrawal of the Award;
4. Negative Vendor Performance Report(s)

5. Termination of the resulting contract;
6. Legal action; or,
7. Suspension of the Contractor from further bidding with the State for the period of time relative to the seriousness of the violation, such period to be within the sole discretion of the State.

**K. PROPOSAL CORRECTIONS**

A contractor may correct a mistake in a proposal prior to the time of opening by giving written notice to the State of intent to withdraw the proposal for modification or to withdraw the proposal completely. Changing a proposal after opening may be permitted if the change is made to correct a minor error that does not affect price, quantity, quality, delivery, or contractual conditions. In case of a mathematical error in extension of price, unit price shall govern.

**L. LATE PROPOSALS**

Proposals received after the time and date of the proposal opening will be considered late proposals. Late proposals will be returned unopened, if requested by the Contractor and at Contractor's expense. The State is not responsible for proposals that are late or lost regardless of cause or fault.

**M. PROPOSAL OPENING**

Anyone may attend the opening. It is considered a public opening. The Buyer will read the names of the respondents. Depending upon the complexity of the proposal for goods, the buyer may read the proposals aloud or allow proposals be available for viewing by the public during the proposal opening. Once the proposal opening has concluded, the proposals will not be available for viewing until the Intent to Award has been posted. An initial proposal tabulation will be posted to the website as soon as feasible. Information identified as proprietary by the submitting contractor, in accordance with the solicitation and state statute, will not be posted. If the state determines submitted information should not be withheld, in accordance with the [Public Records Act](#), or if ordered to release any withheld information, said information may then be released. The submitting contractor will be notified of the release and it shall be the obligation of the submitting contractor to take further action, if it believes the information should not be released.

**N. INVITATION TO BID/PROPOSAL REQUIREMENTS**

The proposals will first be examined to determine if all requirements listed below have been addressed and whether further evaluation is warranted. Proposals not meeting the requirements may be rejected as non-responsive. The requirements are:

1. Original Commodity ITB form signed using an indelible method (electronic signatures are acceptable);
2. Clarity and responsiveness of the proposal;
3. Completed Sections II through VI;
4. Completed ITB Form or State's Cost Sheet.

**O. EVALUATION OF PROPOSALS**

All proposals that are responsive to the solicitation will be evaluated based on the following:

1. Cost Proposal

**Neb. Rev. Stat. §81-161 allows the quality of performance of previous contracts to be considered when evaluating responses to competitively bid solicitations in determining the lowest responsible bidder.** Information obtained from any Vendor Performance Report (See Terms & Conditions, Section H) may be used in evaluating responses to solicitations for goods and services to determine the best value for the State.

**Neb. Rev. Stat. §73-107 allows for a preference for a resident disabled veteran or business located in a designated enterprise zone.** When a state contract is to be awarded to the lowest responsible contractor, a resident disabled veteran or a business located in a designated enterprise zone under the Enterprise Zone Act shall be allowed a preference over any other resident or nonresident contractor, if all other factors are equal.

**Resident disabled veterans means any person (a) who resides in the State of Nebraska, who served in the United States Armed Forces, including any reserve component or the National Guard, who was discharged or otherwise separated with a characterization of honorable or general (under honorable conditions), and who possesses a disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense and (b)(i) who owns and controls a business or, in the case of a publicly owned business, more than fifty percent of the stock is owned by one or more persons described in subdivision (a) of this subsection and (ii) the management and daily business operations of the business are controlled by one or more persons described in subdivision(a) of this subsection. Any contract entered into without compliance with this section shall be null and void.**

Therefore, if a resident disabled veteran or business located in a designated enterprise zone submits a proposal in accordance with Neb. Rev. Stat. §73-107 and has so indicated on the ITB cover page under "Contractor must complete the following" requesting priority/preference to be considered in the award of this contract, the following will need to be submitted by the contractor within ten (10) business days of request:

1. Documentation from the United States Armed Forces confirming service;
2. Documentation of discharge or otherwise separated characterization of honorable or general (under honorable conditions);
3. Disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense; and
4. Documentation which shows ownership and control of a business or, in the case of a publicly owned business, more than fifty percent of the stock is owned by one or more persons described in subdivision (a) of this subsection; and the management and daily business operations of the business are controlled by one or more persons described in subdivision (a) of this subsection.

Failure to submit the requested documentation within ten (10) business days of notice will disqualify the contractor from consideration of the preference.

**P. ORAL INTERVIEWS/PRESENTATIONS AND/OR DEMONSTRATIONS**

The State may determine that oral interviews/presentations and/or demonstrations are required. Every contractor may not be given an opportunity to interview/present and/or give demonstrations; the State reserves the right, in its discretion, to select contractors to present/give oral interviews. The evaluations from the oral interviews/presentations and/or demonstrations will be combined with the previous evaluations if there were previous evaluations. The presentation process will allow the contractors to demonstrate their proposal offering, explaining and/or clarifying any unusual or significant elements related to their proposals. Contractors' key personnel, identified in their proposal, may be requested to participate in a structured interview to determine their understanding of the requirements of this proposal, their authority and reporting relationships within their firm, and their management style and philosophy. Only representatives of the State and the presenting contractor will be permitted to attend the oral interviews/presentations and/or demonstrations. A written copy or summary of the presentation, and demonstrative information (such as briefing charts, et cetera) may be offered by the contractor, but the State reserves the right to refuse or not consider the offered materials. Contractors shall not be allowed to alter or amend their proposals.

Once the oral interviews/presentations and/or demonstrations have been completed, the State reserves the right to make an award without any further discussion with the contractors regarding the proposals received.

Any cost incidental to the oral interviews/presentations and/or demonstrations shall be borne entirely by the contractor and will not be compensated by the State.

**Q. BEST AND FINAL OFFER**

If best and final offers (BAFO) are requested by the State and submitted by the contractor, they will be evaluated (using the stated BAFO criteria) and ranked by the Evaluation Committee. The State reserves the right to conduct more than one BAFO. The award will then be granted to the lowest responsible contractor. However, a contractor should provide its best offer in its original proposal. Contractors should not expect that the State will request a BAFO.

**R. REFERENCE AND CREDIT CHECKS**

The State reserves the right to conduct and consider reference and credit checks. The State reserves the right to use third parties to conduct reference and credit checks. By submitting a proposal in response to this solicitation, the contractor grants to the State the right to contact or arrange a visit in person with any or all of the contractor's clients. Reference and credit checks may be grounds to reject a proposal, withdraw an intent to award, or rescind the award of a contract.

**S. AWARD**

The State reserves the right to evaluate proposals and award contracts in a manner utilizing criteria selected at the State's discretion and in the State's best interest. After evaluation of the proposals, or at any point in the solicitation process, the State of Nebraska may take one or more of the following actions:

1. Amend the solicitation;
2. Extend the time of or establish a new proposal opening time;
3. Waive deviations or errors in the State's solicitation process and in contractor proposals that are not material, do not compromise the solicitation process or a contractor's proposal, and do not improve a contractor's competitive position;
4. Accept or reject a portion of or all of a proposal;
5. Accept or reject all proposals;
6. Withdraw the solicitation;
7. Elect to rebid the solicitation;

8. Award single lines or multiple lines to one or more contractors; or,
9. Award one or more all-inclusive contracts.

The State of Nebraska may consider, but is not limited to considering, one or more of the following award criteria:

1. Price;
2. Location;
3. Quality;
4. Delivery time;
5. Contractor qualifications and capabilities;
6. State contract management requirements and/or costs

The solicitation does not commit the State to award a contract. Once intent to award decision has been determined, it will be posted to the Internet at:

<http://das.nebraska.gov/materiel/purchasing.html>

Any protests must be filed by a contractor within ten (10) business days after the intent to award decision is posted to the Internet. Grievance and protest procedure is available on the Internet at:

<http://das.nebraska.gov/materiel/purchasing.html>

**T. SPECIFICATIONS**

Any manufacturer's names, trade names, brand names, information and/or catalog numbers listed in a specification are for reference and not intended to limit competition, but will be used as the standard by which equivalent material offered will be judged. The Materiel Administrator will be the sole judge of equivalency. The Contractor may offer any brands which meets or exceeds the specification. When a specific product is required, the solicitation will so state. Any item proposal is to be the latest current model under standard production at the time of order. No used or refurbished equipment will be accepted, unless otherwise stated.

**U. SAMPLES**

When requested, samples should be furnished at the Contractor's expense prior to the opening of the proposal, unless another time is specified. Each sample should be labeled clearly, and identify the Contractor's name, the ITB number, item number, and the brand and model number, if applicable. Samples submitted must be the commodities or equipment which would be delivered if awarded the proposal. The State reserves the right to request samples even though this may not have been set forth in the solicitation. Samples may be destroyed in testing. If a sample is not destroyed in testing and a Contractor wishes to have the sample returned, it will be returned at the Contractor's expense upon request. The sample will not be returned until thirty (30) calendar days after any proposal protest or, the execution of a contract. The Contractor shall have ten (10) calendar days to arrange for the return of the sample to the Contractor following any of the above dates. If no request from the Contractor is received within the above dates, the State reserves the right to use, donate, or surplus the samples in accordance with the State's policies.

**V. ALTERNATE/EQUIVALENT PROPOSALS**

Contractor may offer proposals which are at variance from the express specifications of the solicitation. The State reserves the right to consider and accept such proposals if, in the judgment of the Materiel Administrator, the proposal will result in goods and/or services equivalent to or better than those which would be supplied in the original proposal specifications. Contractor must indicate on the solicitation the manufacturer's name, number and shall submit with their proposal, sketches, descriptive literature and/or complete specifications. Reference to literature submitted with a previous proposal will not satisfy this provision. Proposals which do not comply with these requirements are subject to rejection. In the absence of any stated deviation or exception, the proposal will be accepted as in strict compliance with all terms, conditions and specification, and the Contractor shall be held liable therefore.

**W. EMAIL SUBMISSIONS**

SPB will not accept proposals by email, electronic, voice, or telephone proposals **except** for one-time purchases under \$50,000.00.

**X. PROPOSAL TABULATIONS**

Proposal tabulations are available on the website at: <http://www.das.state.ne.us/materiel/purchasing/bidtabs.htm>.

**Y. REJECTION OF PROPOSALS**

The State reserves the right to reject any or all proposals, wholly or in part, in the best interest of the State.

**Z. RESIDENT BIDDER**

Pursuant to Neb. Rev. Stat. §§ 73-101.01 through 73-101.02, a Resident Bidder shall be allowed a preference against a Non-resident Bidder from a state which gives or requires a preference to Bidders from that state. The preference shall be equal to the preference given or required by the state of the Nonresident Bidders. Where the lowest

responsible bid from a resident Bidder is equal in all respects to one from a nonresident Bidder from a state which has no preference law, the resident Bidder shall be awarded the contract. The provision of this preference shall not apply to any contract for any project upon which federal funds would be withheld because of the provisions of this preference.

**II. TERMS AND CONDITIONS**

**Contractors should complete Section II through VI as part of their proposal.** Contractor is expected to read the Terms and Conditions and must initial either accept, reject, or reject and provide alternative language for each clause. The Contractor should also provide an explanation of why the Contractor rejected the clause or rejected the clause and provided alternate language using "Track Changes". Upon request an electronic copy of the proposal with "Track Changes" must be submitted in an editable Word format. By signing the solicitation, Contractor is agreeing to be legally bound by all the accepted terms and conditions, and any proposed alternative terms and conditions submitted with the proposal. The State reserves the right to negotiate rejected or proposed alternative language. If the State and Contractor fail to agree on the final Terms and Conditions, the State reserves the right to reject the proposal. The State is soliciting proposals in response to the solicitation. The State reserves the right to reject proposals that attempt to substitute the Contractor's commercial contracts and/or documents for this solicitation.

The Contractor should submit with their proposal any license, user agreement, service level agreement, or similar documents that the Contractor wants incorporated in the Contract. Upon notice of Intent to Award, the Contractor must submit a copy of these documents in an editable Word format. The State will not consider incorporation of any document not submitted with the Contractor's proposal. These documents shall be subject to negotiation and will be incorporated as addendums if agreed to by the Parties.

If a conflict or ambiguity arises after the addendums have been negotiated and agreed to, the addendums shall be interpreted as follows:

1. If only one (1) Party's document has a particular clause then that clause shall control;
2. If both Party's documents have a similar clause, but the clauses do not conflict, the clauses shall be read together;
3. If both Party's documents have a similar clause, but the clauses conflict, the State's clause shall control.

These documents shall be subject to negotiation and will be incorporated as addendums if agreed to by the Parties.

If a conflict or ambiguity arises after the addendums have been negotiated and agreed to, the addendums shall be interpreted as follows:

1. If only one (1) Party's document has a particular clause then that clause shall control;
2. If both Party's documents have a similar clause, but the clauses do not conflict, the clauses shall be read together;
3. If both Party's documents have a similar clause, but the clauses conflict, the State's clause shall control.

If Contractor breaches the contract or anticipates breaching the contract, the Contractor shall immediately give written notice to the State. The notice shall explain the breach or potential breach, a proposed cure, and may include a request for a waiver of the breach if so desired. The State may, in its discretion, temporarily or permanently waive the breach. Either Party may terminate the contract, in whole or in part, if the other Party breaches its duty to perform its obligations under the contract in a timely and proper manner. Said notice shall be delivered by Certified Mail, Return Receipt Requested, or in person with

proof of delivery. Allowing time to cure a failure or breach of contract does not waive the right to immediately terminate the contract for the same or different contract breach which may occur at a different time.

In case of breach by the Contractor, the State may, without unreasonable delay, make a good faith effort to make a reasonable purchase or contract to purchased goods in substitution of those due from the contractor. The State may recover from the Contractor as damages the difference between the costs of covering the breach. Notwithstanding any clause to the contrary, the State may also recover the contract price together with any incidental or consequential damages defined in UCC Section 2-715, but less expenses saved in consequence of Contractor's breach. OR In case of default of the Contractor, the State may contract the service from other sources and hold the Contractor responsible for any excess cost occasioned thereby.

Either Party may terminate the contract, in whole or in part, if the other Party breaches its duty to perform its obligations under the contract in a timely and proper manner. Termination requires written notice of default and a thirty (30) calendar day (or longer at the non-breaching Party's discretion considering the gravity and nature of the default) cure period. Said notice shall be delivered by Certified Mail, Return Receipt Requested, or in person with

proof of delivery. Allowing time to cure a failure or breach of contract does not waive the right to immediately terminate the contract for the same or different contract breach which may occur at a different time.

In case of breach by the Contractor, the State may, without unreasonable delay, make a good faith effort to make a reasonable purchase or contract to purchased goods in substitution of those due from the contractor. The State may recover from the Contractor as damages the difference between the costs of covering the breach. Notwithstanding any clause to the contrary, the State may also recover the contract price together with any incidental or consequential damages defined in UCC Section 2-715, but less expenses saved in consequence of Contractor's breach. OR In case of default of the Contractor, the State may contract the service from other sources and hold the Contractor responsible for any excess cost occasioned thereby.

The State's failure to make payment shall not be a breach, and the Contractor shall retain all available statutory remedies. (See Indemnity - Self-Insurance and Payment)

## PRESSURE WASHER WARRANTY POLICY

### Introduction

Thank you for your purchase of a Hotsy pressure washer. We pride ourselves as being one of the largest manufacturers of pressure washers in North America, and we are dedicated to deliver the best and safest product available. Our products are certified to the national safety standards and our company has been registered to the international ISO 9001 standard for quality and ISO 14000 environmental standard which indicates our dedication for producing safe reliable products while at the same time taking responsibility for the environment.

Our pressure washers are warranted for a specific period and on the conditions set forth in the applicable warranty for each product, that the product is free from defects in materials and workmanship if used, maintained and managed in accordance with the instructions contained in the Operator's Manual provided with each product.

### What is a Limited Warranty?

Warranty is a written guarantee by the manufacturer of a product, promising to repair or replace parts which have a defect in material or workmanship. "Limited" means that the Warranty is for a specified period of time, and has certain other restrictions.

Parts will be warranted for the time periods specified in this published warranty. Any exceptions must be approved by Hotsy's Warranty Department.

### Warranty Start Date

The warranty coverage begins on the date of original purchase and applies to the original components only. Usually, the warranty period will be determined from the serial plate date code.

### The Hotsy Limited Warranty

Hotsy will, through its authorized service centers, repair or replace any originally installed parts which are found to be defective in material or workmanship. The defect must occur during normal use of the product and within the length of warranty coverage. The repair or replacement of that part will be provided according to the time limits of the warranty policy. Repairs must be completed using only Hotsy approved parts.

### Hotsy's Right to Inspect

Hotsy Cleaning Systems and its service centers reserve the right to inspect the customer's Hotsy products to determine if a defect in materials or workmanship exists prior to the commencement of any covered repair. It is the customer's responsibility to contact the Hotsy authorized service center and make the arrangements for inspection and/or repair.

## Warranty Repairs

Repairs covered under the conditions of this warranty must be performed by an authorized Hotsy service center.

## Limitation of Liability

Hotsy's liability for special, incidental, or consequential damages is expressly disclaimed. In no event shall Hotsy's liability exceed the purchase price of the product in question. Hotsy makes every effort to ensure that all illustrations and specifications are correct, however, these do not imply a warranty that the product is merchantable or fit for a particular purpose, or that the product will actually conform to the illustrations and specifications. Our obligation under this warranty is expressly limited at our option to the replacement or repair at a service facility or factory designated by us, if such part or parts at inspection shall disclose to have been defective. Hotsy does not authorize any other party, including authorized Hotsy Dealers, to make any representation or promise on behalf of Hotsy, or to modify the terms, conditions, or limitations in any way. It is the buyer's responsibility to ensure that the installation and use of Hotsy products conforms to local codes. While Hotsy attempts to assure that its products meet national codes, it cannot be responsible for how the customer chooses to use or install the product. Some states do not allow limitation on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights and you may also have other rights which vary from state-to-state. **THE WARRANTY CONTAINED HEREIN IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY LIMITED TO THE DURATION OF THIS WRITTEN WARRANTY.**

## Customer Responsibility

It is the customer's responsibility to maintain the equipment in accordance with the instructions provided in the Operator's Manual. Hotsy recommends that you keep records and receipts; you may be asked to prove that the maintenance instructions have been followed.

It is also the customer's responsibility to operate the equipment in a safe manner, and for the use for which it was designed. If a defect in materials or workmanship occurs, it is the customer's responsibility to cease operating the equipment until repairs are made. **Damage which occurs from continued operation after a defect is identified may not be covered by this warranty.** Your authorized service center should be contacted immediately so that repairs can be made in a timely manner.

## PRESSURE WASHER WARRANTY POLICY

### Repair at an Authorized Dealer

To obtain warranty service under the terms and conditions of the Hotsy Limited Warranty, you must deliver portable equipment to an authorized Hotsy service center. For stationary models or instances when delivery is not possible, the customer should make arrangements for a service call from the service center. At the time of repair, you must provide proof of purchase. Hotsy recommends that the service center from whom the machine was purchased be contacted for the warranty repair. If that is inconvenient, any authorized Hotsy service center may complete the repairs.

**If the service center is requested to complete repairs at the customer's location, please note that the service center may charge for pickup & delivery, or for travel time and mileage. These charges are not covered under the Hotsy Limited Warranty and are the customer's responsibility.**

### Transferability

If you decide to sell your Hotsy machine, any remaining warranty coverage may be transferred to the new owner. Contact your Hotsy service center for details.

### Changes in this Policy

Hotsy reserves the right to make any changes to a Hotsy product at any time without incurring any obligation with respect to any product previously, ordered, sold, or shipped.

### Length of Warranty Coverage

#### Machine Warranty

The length of warranty coverage is not the same for all models. Some models coverage may be of shorter duration than others, based on model type. (see chart on the next page for details)

#### Service Parts Warranty

Service parts are warranted for 90 days from date of purchase. However, if the part is installed on a unit which has more than 90 days remaining on the original warranty, the part is covered according to the chart on the next page.

## PRESSURE WASHER WARRANTY POLICY

### Introduction

Thank you for your purchase of a Hotsy pressure washer. We pride ourselves as being one of the largest manufacturers of pressure washers in North America, and we are dedicated to deliver the best and safest product available. Our products are certified to the national safety standards and our company has been registered to the international ISO 9001 standard for quality and ISO 14000 environmental standard which indicates our dedication for producing safe reliable products while at the same time taking responsibility for the environment.

Our pressure washers are warranted for a specific period and on the conditions set forth in the applicable warranty for each product, that the product is free from defects in materials and workmanship if used, maintained and managed in accordance with the instructions contained in the Operator's Manual provided with each product.

### What is a Limited Warranty?

Warranty is a written guarantee by the manufacturer of a product, promising to repair or replace parts which have a defect in material or workmanship. "Limited" means that the Warranty is for a specified period of time, and has certain other restrictions.

Parts will be warranted for the time periods specified in this published warranty. Any exceptions must be approved by Hotsy's Warranty Department.

### Warranty Start Date

The warranty coverage begins on the date of original purchase and applies to the original components only. Usually, the warranty period will be determined from the serial plate date code.

### The Hotsy Limited Warranty

Hotsy will, through its authorized service centers, repair or replace any originally installed parts which are found to be defective in material or workmanship. The defect must occur during normal use of the product and within the length of warranty coverage. The repair or replacement of that part will be provided according to the time limits of the warranty policy. Repairs must be completed using only Hotsy approved parts.

### Hotsy's Right to Inspect

Hotsy Cleaning Systems and its service centers reserve the right to inspect the customer's Hotsy products to determine if a defect in materials or workmanship exists prior to the commencement of any covered repair. It is the customer's responsibility to contact the Hotsy authorized service center and make the arrangements for inspection and/or repair.

## Warranty Repairs

Repairs covered under the conditions of this warranty must be performed by an authorized Hotsy service center.

## Limitation of Liability

Hotsy's liability for special, incidental, or consequential damages is expressly disclaimed. In no event shall Hotsy's liability exceed the purchase price of the product in question. Hotsy makes every effort to ensure that all illustrations and specifications are correct, however, these do not imply a warranty that the product is merchantable or fit for a particular purpose, or that the product will actually conform to the illustrations and specifications. Our obligation under this warranty is expressly limited at our option to the replacement or repair at a service facility or factory designated by us, if such part or parts at inspection shall disclose to have been defective. Hotsy does not authorize any other party, including authorized Hotsy Dealers, to make any representation or promise on behalf of Hotsy, or to modify the terms, conditions, or limitations in any way. It is the buyer's responsibility to ensure that the installation and use of Hotsy products conforms to local codes. While Hotsy attempts to assure that its products meet national codes, it cannot be responsible for how the customer chooses to use or install the product. Some states do not allow limitation on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights and you may also have other rights which vary from state-to-state. **THE WARRANTY CONTAINED HEREIN IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY LIMITED TO THE DURATION OF THIS WRITTEN WARRANTY.**

## Customer Responsibility

It is the customer's responsibility to maintain the equipment in accordance with the instructions provided in the Operator's Manual. Hotsy recommends that you keep records and receipts; you may be asked to prove that the maintenance instructions have been followed.

It is also the customer's responsibility to operate the equipment in a safe manner, and for the use for which it was designed. If a defect in materials or workmanship occurs, it is the customer's responsibility to cease operating the equipment until repairs are made. **Damage which occurs from continued operation after a defect is identified may not be covered by this warranty.** Your authorized service center should be contacted immediately so that repairs can be made in a timely manner.

## PRESSURE WASHER WARRANTY POLICY

### Repair at an Authorized Dealer

To obtain warranty service under the terms and conditions of the Hotsy Limited Warranty, you must deliver portable equipment to an authorized Hotsy service center. For stationary models or instances when delivery is not possible, the customer should make arrangements for a service call from the service center. At the time of repair, you must provide proof of purchase. Hotsy recommends that the service center from whom the machine was purchased be contacted for the warranty repair. If that is inconvenient, any authorized Hotsy service center may complete the repairs.

**If the service center is requested to complete repairs at the customer's location, please note that the service center may charge for pickup & delivery, or for travel time and mileage. These charges are not covered under the Hotsy Limited Warranty and are the customer's responsibility.**

### Transferability

If you decide to sell your Hotsy machine, any remaining warranty coverage may be transferred to the new owner. Contact your Hotsy service center for details.

### Changes in this Policy

Hotsy reserves the right to make any changes to a Hotsy product at any time without incurring any obligation with respect to any product previously, ordered, sold, or shipped.

### Length of Warranty Coverage

#### Machine Warranty

The length of warranty coverage is not the same for all models. Some models coverage may be of shorter duration than others, based on model type. (see chart on the next page for details)

#### Service Parts Warranty

Service parts are warranted for 90 days from date of purchase. However, if the part is installed on a unit which has more than 90 days remaining on the original warranty, the part is covered according to the chart on the next page.

## PRESSURE WASHER WARRANTY POLICY

### **Manufacturer's Warranty Coverage:**

This evaporative emission control system is warranted for two years. If any evaporative emission-related part on your equipment is defective, the part will be repaired or replaced by Hotsy Cleaning Systems.

### **Evaporative Emissions Owner's Responsibilities:**

As the pressure washer owner, you are responsible for performance of the required maintenance listed in your owner's manual. Hotsy recommends that you retain all receipts covering maintenance on your pressure washer, but Hotsy cannot deny warranty solely for lack of receipts.

As the pressure washer owner, you should however be aware that Hotsy may deny you warranty coverage if your pressure washer or a part has failed due to abuse, neglect or improper maintenance or unapproved modifications.

You are responsible for presenting your pressure washer to Hotsy distribution center or service center as soon as the problem exists. The warranty repairs should be completed in a responsible amount of time, not to exceed 30 days. If you have a question regarding your warranty coverage, you should contact Hotsy at 1-800-525-1976

### **General Emissions Warranty Coverage:**

Hotsy warrants to the ultimate purchaser and each subsequent purchaser that the pressure washer is:

Designed, built and equipped so as to conform to all applicable regulations; free from defects in material and workmanship that cause failure of a warranted part; and identical in all material respects to that part as described in Hotsy's application for certification.

The warranty period begins on the date the pressure washer is delivered to an ultimate purchaser or first placed into service. The warranty period is two years.

Subject to certain conditions and exclusions as stated below, the warranty on emission-related parts is as follows:

(1) Any warranted part that is not scheduled for replacement as required maintenance in the written instructions must be warranted for the warranty period stated above. If any such part fails during the period of warranty coverage, it must be repaired or replaced by the manufacturer issuing the warranty. Any such part repaired or

- replaced under the warranty must be warranted for a time not less than the remaining warranty period.
- (2) Any warranted part that is scheduled only for regular inspection in the written instructions must be warranted for the warranty period stated above. A statement in such written instructions to the effect of repair or replace as necessary will not reduce the period of warranty coverage. Any such part repaired or replaced under the warranty must be warranted for a time not less than the remaining warranty period.
- (3) Any warranted part that is scheduled for replacement as required maintenance in the written instructions must be warranted for the period before the first scheduled replacement date for that part. If the part fails before the first scheduled replacement, the part must be repaired or replaced by Hotsy according to subsection (4) below.. Any such part repaired or replaced under warranty will be warranted for the remainder of the period prior to the first scheduled replacement point for the part.
- (4) Repair or replacement of any warranted part under the warranty provisions herein must be performed at a warranty station at no charge to the owner.
- (5) Notwithstanding the provisions herein, warranty services or repairs will be provided at all of our distribution centers that service the subject equipment.
- (6) The pressure washer owner will not be charged for diagnostic labor that is directly associated with diagnosis of a defective, emission-related warranted part, provided that such diagnostic work is performed at a warranty station.
- (7) Hotsy is liable for damages to other engine or equipment components proximately caused by a failure under warranty of any warranted part.
- (8) Throughout the pressure washer warranty period stated above, Hotsy will maintain a supply of warranted parts sufficient to meet the expected demand for such parts.
- (9) Any replacement part may be used in the performance of any warranty maintenance or repairs and must be provided without charge to the owner. Such use will not reduce the warranty obligations of Hotsy Corporation.
- (10) Add-on or modified parts that are not exempted by the Air Resources Board may not be used. The use of any non-exempted add-on or modified parts by the ultimate purchaser will be grounds for disallowing a warranty claim. Hotsy will not be liable to warrant failures of warranted parts caused by the use of a non-exempted add-on or modified part.
