**AWARD EXPLANATION**

The apparent low bidder, Truck Center Companies Lincoln (TCC-L), failed to meet specifications for the following reasons:

- VI.H.4. Specifications state "Dust shield required". TCC-L checked "yes" but in the "comments" section stated "Rear dustshields N/A with this config & rear suspension." This does not meet specification.
- VI.V.5 Specifications state, "Cast steel type "A" lock, right side release". TCC-L checked "yes" but in the "Comments" section stated, "Right side release discontinued on all Fontaine model fifth wheels". This does not meet specification.
