INVITATION TO BID Number 6327 OF

The State of Nebraska (State), Department of Administrative Services (DAS), Materiel Division, State Purchasing Bureau (SPB), is issuing this solicitation for a commodity contract, ITB Number 6327 OF for the purpose of selecting a qualified Contractor to provide Corrosion Inhibitor for Sodium Chloride Brine (Clear Roads Product Category A3). A more detailed description can be found in Section VI. The resulting contract may not be an exclusive contract as the State reserves the right to contract for the same or similar goods from other sources now or in the future.

The term of the contract will be ONE (1) year commencing upon execution of the contract by the State and the Contractor. The Contract includes the option to renew for FOUR (4) additional ONE (1) year periods upon mutual agreement of the Parties. (The State reserves the right to extend the period of this contract beyond the termination date when mutually agreeable to the Parties.

INFORMATION PERTINENT TO THIS SOLICITATION CAN BE FOUND ON THE INTERNET AT:

<http://das.nebraska.gov/materiel/purchasing.html>

An optional Pre-Bid Conference will be held on July 24, 2020 at 2:00 PM via Zoom.

Location: Join Zoom Meeting

<https://us02web.zoom.us/j/83652503170?pwd=cURJZ3BQdHo1T1hvTnhMelBaYVhaUT09>

Meeting ID: 836 5250 3170 Password: 0LMj2e

IMPORTANT NOTICE: Pursuant to Neb. Rev. Stat. § 84-602.02, State contracts in effect as of January 1, 2014, and contracts entered into thereafter, must be posted to a public website. The resulting contract, the solicitation, and the awarded bid will be posted to a public website managed by DAS, which can be found at:

<https://statecontracts.nebraska.gov>

In addition and in furtherance of the State's public records statute (Neb. Rev. Stat. § 84-712 et seq.) all proposals or responses received regarding this solicitation will be posted to the SPB website.

These postings will include the entire proposal or response. Contractor must request that proprietary information be excluded from the posting. The Contractor must identify the proprietary information, mark the proprietary information according to state law, and submit the proprietary information in a separate container or envelope marked conspicuously using an indelible method with the words "PROPRIETARY INFORMATION". The Contractor must submit a detailed written document showing that the release of the proprietary information would give a business advantage to named business competitor(s) and explain how the named business competitor(s) will gain an actual business advantage

by disclosure of information. The mere assertion that information is proprietary or that a speculative business advantage might be gained is not sufficient. (See Attorney General Opinion No. 92068, April 27, 1992) THE CONTRACTOR MAY NOT ASSERT THAT THE ENTIRE PROPOSAL OR RESPONSE IS PROPRIETARY. COST WILL NOT BE CONSIDERED PROPRIETARY AND IS A PUBLIC RECORD IN THE STATE OF NEBRASKA. The State will then determine, in its sole discretion, if the disclosure of the information designated by the Bidder as proprietary would 1) give advantage to the business competitors and 2) serve no public purpose. The Bidder will be notified of the State's decision. Absent a determination by the State that the information may be withheld pursuant to Neb. Rev. Stat. § 84-712.05, the State will consider all information a public record subject to disclosure.

If the agency determines it is required to release proprietary information, the Bidder will be informed. It will be the Bidder's responsibility to defend the Bidder's asserted interest in non-disclosure.

To facilitate such public postings, with the exception of proprietary information, the State of Nebraska reserves a royalty-free, nonexclusive, and irrevocable right to copy, reproduce, publish, post to a website, or otherwise use any contract, proposal, or response to this ITB for any purpose, and to authorize others to use the documents. Any individual or entity awarded a contract, or who submits a bid or response to this ITB, specifically waives any copyright or other protection the contract, bid, or response to the ITB may have; and, acknowledges that they have the ability and authority to enter into such waiver. This reservation and waiver is a prerequisite for submitting a bid or response to this ITB, and award of a contract. Failure to agree to the reservation and waiver will result in the bid or response to the ITB being found non-responsive and rejected.

Any entity awarded a contract or submitting a bid or response to the ITB agrees not to sue, file a claim, or make a demand of any kind, and will indemnify and hold harmless the State and its employees, volunteers, agents, and its elected and appointed officials from and against any and all claims, liens, demands, damages, liability, actions, causes of action, losses, judgments, costs, and expenses of every nature, including investigation costs and expenses, settlement costs, and attorney fees and expenses, sustained or asserted against the State, arising out of, resulting from, or attributable to the posting of the contract or the bids and responses to the solicitation, awards, and other documents.

7. Post "Notification of Intent to Award" to Internet at:
<http://das.nebraska.gov/materiel/purchasing.html> TBD

D. WRITTEN QUESTIONS AND ANSWERS Questions regarding the meaning or interpretation of any ITB provision must be submitted in writing to SPB and clearly marked "ITB Number 6327 OF; Corrosion Inhibitor for Sodium Chloride Brine (Clear Roads Product Category A3) Questions". POC is not obligated to respond to questions that are received late per the Schedule of Events.

Bidders should present, as questions, any assumptions upon which the bid is or might be developed. Bids will be evaluated without consideration of any known or unknown assumptions of a Bidder. The contract will not incorporate any known or unknown assumptions of a Bidder.

It is preferred that questions be sent via e-mail to as.materielpurchasing@nebraska.gov, but may be delivered by hand, by U.S. Mail, or Electronic Submission: <https://nebraska.sharefile.com/r-r4688062fd824c859> It is recommended that Contractors submit questions using the following format.
Solicitation Section Reference Solicitation Page Number Question

Written answers will be posted at <http://das.nebraska.gov/materiel/purchasing.html> per the Schedule of Events.

E. PRE-BID CONFERENCE A pre-bid conference will be held per the Schedule of Events. Attendance at the pre-bid conference is optional. Bidders will have an opportunity to ask questions at the conference to assist in the clarification and understanding of the ITB requirements. Questions that have a material impact on the ITB or ITB process, and relevant to all Contractors will be answered in writing and posted at <http://das.nebraska.gov/materiel/purchasing.html>. An answer must be posted to be binding on the State. The State will attempt to provide verbal answers to questions that do not impact the ITB or process, and are only of interest to an individual contractor during the conference. If a Contractor feels it necessary to have a binding answer to a question that was answered verbally, the question should be submitted in writing per the Schedule of Events.

F. SECRETARY OF STATE/TAX COMMISSIONER REGISTRATION REQUIREMENTS (Statutory) All Contractors must be authorized to transact business in the State and comply with all Nebraska Secretary of State Registration requirements. The Bidder who is the recipient of an Intent to Award will be required to certify that it has complied and produce a true and correct copy of its current (within ninety (90) calendar days of the intent to award) Certificate or Letter of Good Standing, or in the case of a sole proprietorship, provide written documentation of sole proprietorship and the United States Citizenship Attestation Form, available on the DAS website at: <http://das.nebraska.gov/materiel/purchasing.html>. This must be accomplished prior to execution of the contract.

G. ETHICS IN PUBLIC CONTRACTING The State reserves the right to reject bids, withdraw an intent to award or award, or terminate a contract if a Bidder commits or has committed ethical violations, which include, but are not limited to:

Offering or giving, directly or indirectly, a bribe, fee, commission, compensation, gift, gratuity, or anything of value to any person or entity in an attempt to influence the bidding process; Utilize the services of lobbyists, attorneys, political activists, or consultants to influence or subvert the bidding process; Being considered for, presently being, or becoming debarred, suspended, ineligible, or excluded from contracting with any state or federal entity; Submitting a bid on behalf of another party or entity; Collude with any person or entity to influence the bidding process, submit sham bids, preclude bidding, fix pricing or costs, create an unfair advantage, subvert the bid, or prejudice the State.

The Contractor shall include this clause in any subcontract entered into for the exclusive purpose of performing this contract.

Bidder shall have an affirmative duty to report any violations of this clause by the bidder throughout the bidding process, and throughout the term of this contract for the successful Bidder and their subcontractors.

H. DEVIATIONS FROM THE INVITATION TO BID The requirements contained in the ITB (Sections II through VI) become a part of the terms and conditions of the contract resulting from this ITB. Any deviations from the ITB in Sections II through VI must be clearly defined by the Contractor in its bid and, if accepted by the State, will become part of the contract. Any specifically defined deviations must not be in conflict with the basic nature of the ITB, ITB requirements, or applicable state or federal laws or statutes. "Deviation", for the purposes of this ITB, means any proposed changes or alterations to either the contractual language

Page 4

SPB ITB Boilerplate | 07012019

or deliverables within the scope of this ITB. The State discourages deviations and reserves the right to reject proposed deviations.

I. SUBMISSION OF BIDS The State is accepting either electronically submitted responses or hard copy, paper responses for this ITB.

It is the Bidders responsibility to ensure the bid is submitted and received by the date and time indicated in the Schedule of Events. All bids, whether in electronic or paper form Must be received by the State Purchasing Bureau by the date and time of the bid opening per the Schedule of Events. No Late Bids Will be accepted.

The State Shall not incur any liability for any costs incurred by Contractors in replying to this ITB, in the demonstrations and/or oral presentations, or in any other activity related to bidding on this ITB.

SPB Will not accept bids by email, voice, or telephone bids except for one-time purchases under \$50,000.00.

BIDDERS SUBMITTING ELECTRONIC RESPONSES:

Bidders submitting electronically can upload the response via ShareFile here:
<https://nebraska.sharefile.com/r-re046962049c49b2a>

2. ShareFile works with Firefox, Internet Explorer and Chrome. It does not work with Microsoft Edge. The ITB, Cost Sheet (if applicable), and Proprietary Information (if applicable) Should be uploaded as separate and distinct files. If multiple bids are submitted, the State Will retain only the most recently submitted response.

3. ELECTRONIC PROPOSAL FILE NAMES The Bidder Should clearly identify the uploaded ITB bid files. To assist in identification please use following naming convention: a. ITB 6327 OF ABC Company b. If multiple files are submitted for one ITB bid, add number of files to file names: ITB 6327 OF ABC Company File 1 of 2. c. If multiple ITB bids are submitted for the same ITB, add the bid number to the file names: ITB 6327 OF ABC Company Bid 1 File 1 of 2.

BIDDERS SUBMITTING PAPER/HARD COPY RESPONSES: If multiple bids are submitted, the State Will retain only the most recently submitted response. The Bidder is solely responsible for any variance between the copies submitted. Bids Must reference the ITB number and be sent to the specified address. Please note that the address label Should appear as specified in Section I B. on the face of each container or Contractor's bid response packet. If a recipient phone number is required for delivery purposes, 402-4716500 Should be used. The ITB number Should be included in all correspondence.

All hard copy bids MUST be submitted in a sealed envelope or container. The State Will not furnish packaging and sealing materials.

The Invitation to Bid form Must be manually signed in an indelible manner or by DocuSign and returned by the bid Opening Date and Time along with the Bidder's Invitation to Bid and any other requirements as stated in the Invitation to Bid document in order for the Bidder's Invitation to Bid response to be evaluated.

It is the responsibility of the Bidder to check the website often for all information relevant to this ITB to include Addenda and/or Amendments issued prior to the Opening Date and Time. The website address is: http://das.nebraska.gov/materiel/purchase_bureau/vendor/bid_opportunity.html

Emphasis Should be concentrated on conformance to the ITB. Bids Should be clear and complete. If the bid is not presented clearly or is difficult to discern, the State reserves the right to reject the bid.

By signing the Invitation to Bid, the Contractor guarantees compliance with the provisions stated in this ITB.

J. BID PREPARATION COSTS The State shall not incur any liability for any costs incurred by Contractors in replying to this ITB, including any activity related to bidding on this ITB.

K. FAILURE TO COMPLY WITH INVITATION TO BID Violation of the terms and conditions contained in this ITB or any resultant contract, at any time before or after the award, shall be grounds for action by the State which may include, but is not limited to, the following:

Rejection of a Bid; Withdrawal of the Intent to Award; Withdrawal of the Award; Negative Vendor Performance Report(s) Termination of the resulting contract; Legal action; or, Suspension of the Bidder from further bidding with the State for the period of time relative to the seriousness of the violation, such period to be within the sole discretion of the State.

L. BID CORRECTIONS A bidder may correct a mistake in a bid prior to the time of opening by giving written notice to the State of intent to withdraw the proposal for modification or to withdraw the proposal completely. Changing a proposal after opening may be permitted if the change is made to correct a minor error that does not affect price, quantity, quality, delivery, or contractual conditions. In case of a mathematical error in extension of price, unit price shall govern.

M. LATE PROPOSALS Proposals received after the time and date of the proposal opening will be considered late proposals. Late proposals will be returned unopened, if requested by the Contractor and at Contractor's expense. The State is not responsible for proposals that are late or lost regardless of cause or fault.

N. PROPOSAL OPENING Anyone may attend the opening. It is considered a public opening. The Buyer will read the names of the respondents. Depending upon the complexity of the proposal for goods, the buyer may read the proposals aloud or allow proposals be available for viewing by the public during the proposal opening. Once the proposal opening has concluded, the proposals will not be available for viewing until the Intent to Award has been posted. An initial proposal tabulation will be posted to the website as soon as feasible. Information identified as proprietary by the submitting contractor, in accordance with the solicitation and state statute, will not be posted. If the state determines submitted information should not be withheld, in accordance with the Public Records Act, or if ordered to release any withheld information, said information may then be released. The submitting contractor will be notified of the release and it shall be the obligation of the submitting contractor to take further action, if it believes the information should not be released.

O. INVITATION TO BID/PROPOSAL REQUIREMENTS The proposals will first be examined to determine if all requirements listed below have been addressed and whether further evaluation is warranted. Proposals not meeting the requirements may be rejected as non-responsive. The requirements are:

Original Commodity ITB form signed using an indelible method (electronic signatures are acceptable); Clarity and responsiveness of the proposal; Completed Sections II through VI; Completed ITB Form or State's Cost Sheet.

P. EVALUATION COMMITTEE Proposals are evaluated by members of an Evaluation Committee(s). The Evaluation Committee(s) will consist of individuals selected at the discretion of the State. Names of the members of the Evaluation Committee(s) will not be published prior to the intent to award.

Any contact, attempted contact, or attempt to influence an evaluator that is involved with this solicitation may result in the rejection of this proposal and further administrative actions.

Q. EVALUATION OF BIDS All bids that are responsive to the ITB will be evaluated based on the following:

Neb. Rev. Stat. §81-161 allows the quality of performance of previous contracts to be considered when evaluating responses to competitively bid solicitations in determining the lowest responsible bidder. Information obtained from any Vendor Performance Report (See Terms & Conditions, Section H) may be

used in evaluating responses to solicitations for goods and services to determine the best value for the State.

Neb. Rev. Stat. §73-107 allows for a preference for a resident disabled veteran or business located in a designated enterprise zone. When a state contract is to be awarded to the lowest responsible contractor, a resident disabled veteran or a business located in a designated enterprise zone under the Enterprise Zone Act shall be allowed a preference over any other resident or nonresident contractor, if all other factors are equal.

Resident disabled veterans means any person (a) who resides in the State of Nebraska, who served in the United States Armed Forces, including any reserve component or the National Guard, who was discharged or

Page 6

SPB ITB Boilerplate | 07012019

otherwise separated with a characterization of honorable or general (under honorable conditions), and who possesses a disability rating letter issued by the United States Department of Veterans Affairs establishing a service-connected disability or a disability determination from the United States Department of Defense and (b)(i) who owns and controls a business or, in the case of a publicly owned business, more than fifty percent of the stock is owned by one or more persons described in subdivision (a) of this subsection and (ii) the management and daily business operations of the business are controlled by one or more persons described in subdivision(a) of this subsection. Any contract entered into without compliance with this section shall be null and void.

Therefore, if a resident disabled veteran or business located in a designated enterprise zone submits a proposal in accordance with Neb. Rev. Stat. §73-107 and has so indicated on the ITB cover page under "Contractor must complete the following" requesting priority/preference to be considered in the award of this contract, the following will need to be submitted by the contractor within ten (10) business days of request:

1. Documentation from the United States Armed Forces confirming service;
2. Documentation of discharge or otherwise separated characterization of honorable or general (under honorable conditions);
3. Disability rating letter issued by the United States Department of Veterans Affairs establishing a serviceconnected disability or a disability determination from the United States Department of Defense;
- and 4. Documentation which shows ownership and control of a business or, in the case of a publicly owned business, more than fifty percent of the stock is owned by one or more persons described in subdivision (a) of this subsection; and the management and daily business operations of the business are controlled by one or more persons described in subdivision (a) of this subsection.

Failure to submit the requested documentation within ten (10) business days of notice will disqualify the contractor from consideration of the preference.

R. BEST AND FINAL OFFER If best and final offers (BAFO) are requested by the State and submitted by the Bidder, they will be evaluated (using the stated BAFO criteria) and ranked by the Evaluation Committee. The State reserves the right to conduct more than one BAFO. The award will then be

granted to the lowest responsible Bidder. However, a bidder should provide its best offer in its original Bid. Contractors should not expect that the State will request a BAFO.

S. REFERENCE AND CREDIT CHECKS The State reserves the right to conduct and consider reference and credit checks. The State reserves the right to use third parties to conduct reference and credit checks. By submitting a Bid in response to this solicitation, the Bidder grants to the State the right to contact or arrange a visit in person with any or all of the bidder's clients. Reference and credit checks may be grounds to reject a bid, withdraw an intent to award, or rescind the award of a contract.

T. AWARD The State reserves the right to evaluate bids and award contracts in a manner utilizing criteria selected at the State's discretion and in the State's best interest. After evaluation of the bids, or at any point in the ITB process, the State of Nebraska may take one or more of the following actions:

1. Amend the ITB; 2. Extend the time of or establish a new Bid opening time; 3. Waive deviations or errors in the State's ITB process and in bids that are not material, do not compromise the ITB process or bid, and do not improve a Bidder's competitive position; 4. Accept or reject a portion of or all of a bid; 5. Accept or reject all bids; 6. Withdraw the ITB; 7. Elect to rebid the ITB; 8. Award a single District or multiple Districts to one (1) or more Bidder's; or, 9. Award one or more all-inclusive contracts.

The State of Nebraska may consider, but is not limited to considering, one or more of the following award criteria:

1. Price; 2. Location; 3. Quality; 4. Delivery time; 5. Bidder qualifications and capabilities; 6. State contract management requirements and/or costs;

Page 7

SPB ITB Boilerplate | 07012019

The ITB does not commit the State to award a contract. Once intent to award decision has been determined, it will be posted to the Internet at: <http://das.nebraska.gov/materiel/purchasing.html>

Any protests must be filed by a Bidder within ten (10) business days after the intent to award decision is posted to the Internet. Grievance and protest procedure is available on the Internet at: <http://das.nebraska.gov/materiel/purchasing.html>

U. SPECIFICATIONS Any manufacturer's names, trade names, brand names, information and/or catalog numbers listed in a specification are for reference and not intended to limit competition, but will be used as the standard by which equivalent material offered will be judged. The Materiel Administrator will be the sole judge of equivalency. The Bidder may offer any brands which meets or exceeds the specification. When a specific product is required, the ITB will so state. Any item Bid is to be the latest current model under standard production at the time of order. No used or refurbished equipment will be accepted, unless otherwise stated.

V. SAMPLES When requested, samples should be furnished at the bidder's expense prior to the opening of the bid, unless another time is specified. Each sample should be labeled clearly, and identify the Bidder's name, the ITB number, item number, and the brand and model number, if applicable. Samples submitted must be the commodities or equipment which would be delivered if awarded the

bid. The State reserves the right to request samples even though this may not have been set forth in the solicitation. Samples may be destroyed in testing. If a sample is not destroyed in testing and a Bidder wishes to have the sample returned, it will be returned at the Bidder's expense upon request. The sample will not be returned until thirty (30) calendar days after any Bid protest or, the execution of a contract. The bidder shall have ten (10) calendar days to arrange for the return of the sample to the Bidder following any of the above dates. If no request from the Bidder is received within the above dates, the State reserves the right to use, donate, or surplus the samples in accordance with the State's policies.

W. ALTERNATE/EQUIVALENT BIDS Bidder may offer bids which are at variance from the express specifications of the solicitation. The State reserves the right to consider and accept such bids if, in the judgment of the Materiel Administrator, the Bid will result in goods and/or services equivalent to or better than those which would be supplied in the original bid specifications. bidder must indicate on the ITB the manufacturer's name, number and shall submit with their bid, sketches, descriptive literature and/or complete specifications. Reference to literature submitted with a previous bid will not satisfy this provision. Bids which do not comply with these requirements are subject to rejection. In the absence of any stated deviation or exception, the bid will be accepted as in strict compliance with all terms, conditions and specification, and the Bidder shall be held liable therefore.

X. LUMP SUM OR "ALL OR NONE" BIDS The State reserves the right to purchase item-by-item, by groups or as a total when the State may benefit by so doing. Bidders may submit a bid on an "all or none" or "lump sum" basis, but should also submit a bid on an item-by-item basis. The term "all or none" means a conditional bid which requires the purchase of all items on which bids are offered and bidder declines to accept award on individual items; a "lump sum" bids is one in which the Bidder offers a lower price than the sum of the individual bids if all items are purchased, but agrees to deliver individual items at the prices quoted.

Y. EMAIL SUBMISSIONS SPB will not accept bids by email, electronic, voice, or telephone proposals except for one-time purchases under \$50,000.00.

Z. BID TABULATIONS Bid tabulations are available on the website at:
<http://www.das.state.ne.us/materiel/purchasing/bidtabs.htm>.

AA. REJECTION OF BIDS The State reserves the right to reject any or all bids, wholly or in part, in the best interest of the State.

BB. RESIDENT BIDDER Pursuant to Neb. Rev. Stat. §§ 73-101.01 through 73-101.02, a Resident Bidder shall be allowed a preference against a Non-resident Bidder from a state which gives or requires a preference to Bidders from that state. The preference shall be equal to the preference given or required by the state of the Nonresident Bidders. Where the lowest responsible bid from a resident Bidder is equal in all respects to one from a nonresident Bidder from a state which has no preference law, the resident Bidder shall be awarded the contract. The provision of this preference shall not apply to any contract for any project upon which federal funds would be withheld because of the provisions of this preference.

II. TERMS AND CONDITIONS

Bidders should complete Section II through VI as part of their Bid. Bidder is expected to read the Terms and Conditions and must initial either accept, reject, or reject and provide alternative language for each clause. The Bidder should also provide an explanation of why the Bidder rejected the clause or rejected the clause and provided alternate language using "Track Changes". Upon request an electronic copy of the bid with "Track Changes" must be submitted in an editable Word format.

By signing the ITB, bidder is agreeing to be legally bound by all the accepted terms and conditions, and any proposed alternative terms and conditions submitted with the bid. The State reserves the right to negotiate rejected or proposed alternative language. If the State and Contractor fail to agree on the final Terms and Conditions, the State reserves the right to reject the bid. The State is soliciting bids in response to the ITB. The State reserves the right to reject bids that attempt to substitute the Bidder's commercial contracts and/or documents for this ITB.

The bidder should submit with their bid any license, user agreement, service level agreement, or similar documents that the bidder wants incorporated in the Contract. Upon notice of Intent to Award, the bidder must submit a copy of these documents in an editable Word format. The State will not consider incorporation of any document not submitted with the Bid. These documents shall be subject to negotiation and will be incorporated as addendums if agreed to by the Parties.

If a conflict or ambiguity arises after the addendums have been negotiated and agreed to, the addendums shall be interpreted as follows:

If only one (1) Party's document has a particular clause then that clause shall control; If both Party's documents have a similar clause, but the clauses do not conflict, the clauses shall be read together; If both Party's documents have a similar clause, but the clauses conflict, the State's clause shall control.

NOTES/COMMENTS:

The contract resulting from this ITB shall incorporate the following documents:

ITB and Addenda; Amendments to the ITB; Questions and Answers; Bid; The executed Contract and any Addenda, if applicable, and properly submitted documents; and, Amendments to the Contract. These documents constitute the entirety of the contract.

Unless otherwise specifically stated in a future contract amendment, in case of any conflict between the incorporated documents, the documents shall govern in the following order of preference with number one (1) receiving preference over all other documents and with each lower numbered document having preference over any higher numbered document: 1) Amendment to the executed Contract with the most recent dated amendment having the highest priority, 2) executed Contract and any attached Addenda, 3) Amendments to ITB and any Questions and Answers, 4) the original ITB document and any Addenda, and 5) the Contractor's submitted Bid.

Any ambiguity or conflict in the contract discovered after its execution, not otherwise addressed herein, shall be resolved in accordance with the rules of contract interpretation as established in the State.

Reject (Initial)

Reject & Provide Alternative within ITB Response (Initial)

NOTES/COMMENTS:

Bidder and State shall identify the contract manager who shall serve as the point of contact for the executed contract.

Communications regarding the executed contract shall be in writing and shall be deemed to have been given if delivered personally or mailed, by U.S. Mail, postage prepaid, return receipt requested, to the parties at their respective addresses, or at such other addresses as may be specified in writing by either

of the parties. All notices, requests, or communications shall be deemed effective upon personal delivery or five (5) calendar days following deposit in the mail.

Either party may change its address for notification purposes by giving notice of the change, and setting forth the new address and an effective date.

C. NOTICE (POC) The State reserves the right to appoint a Buyer's Representative to manage [or assist the Buyer in managing] the contract on behalf of the State. The Buyer's Representative will be appointed in writing, and the appointment document will specify the extent of the Buyer's Representative authority and responsibilities. If a Buyer's Representative is appointed, the Contractor will be provided a copy of the appointment document, and is expected to cooperate accordingly with the Buyer's Representative. The Buyer's Representative has no authority to bind the State to a contract, amendment, addendum, or other change or addition to the contract.

D. GOVERNING LAW (Statutory) Notwithstanding any other provision of this contract, or any amendment or addendum(s) entered into contemporaneously or at a later time, the parties understand and agree that, (1) the State of Nebraska is a sovereign state and its authority to contract is therefore subject to limitation by the State's Constitution, statutes, common law, and regulation; (2) this contract will be interpreted and enforced under the laws of the State of Nebraska; (3) any action to enforce the provisions of this contract must be brought in the State of Nebraska per state law; (4) the person signing this contract on behalf of the State of Nebraska does not have the authority to waive the State's sovereign immunity, statutes, common law, or regulations; (5) the indemnity, limitation of liability, remedy, and other similar provisions of the final contract, if any, are entered into subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity; and, (6) all terms and conditions of the final contract, including but not limited to the clauses concerning third-party use, licenses, warranties, limitations of liability, governing law and venue, usage verification, indemnity, liability, remedy or other similar provisions of the final contract are entered into specifically subject to the State's Constitution, statutes, common law, regulations, and sovereign immunity.

The Parties must comply with all applicable local, state and federal laws, ordinances, rules, orders, and regulations.

E. AMENDMENT This Contract may be amended in writing, within scope, upon the agreement of both parties.

NOTES/COMMENTS:

The State and the awarded Bidder, upon the written agreement, may make changes to the contract within the general scope of the solicitation. Changes may involve specifications, the quantity of work, or such other items as the State may find necessary or desirable. Corrections of any deliverable, service, or work required pursuant to the contract shall not be deemed a change. The Bidder may not claim forfeiture of the contract by reasons of such changes.

Page 10

SPB ITB Boilerplate | 07012019

The awarded Bidder shall prepare a written description of the work required due to the change and an itemized cost sheet for the change. Changes in work and the amount of compensation to be paid to the Bidder shall be determined in accordance with applicable unit prices if any, a pro-rated value, or through negotiations. The State shall not incur a price increase for changes that should have been included in the bid, were foreseeable, or result from difficulties with or failure of the bid or performance.

No change shall be implemented by the Bidder until approved by the State, and the Contract is amended to reflect the change and associated costs, if any. If there is a dispute regarding the cost, but both parties agree that immediate implementation is necessary, the change may be implemented, and cost negotiations may continue with both Parties retaining all remedies under the contract and law.

In the event any product is discontinued or replaced upon mutual consent during the contract period or prior to delivery, the State reserves the right to amend the contract or purchase order to include the alternate product at the same price.

Contractor will not substitute any item that has been awarded without prior written approval of SPB

NOTES/COMMENTS:

If Contractor breaches the contract or anticipates breaching the contract, the Contractor shall immediately give written notice to the State. The notice shall explain the breach or potential breach, a proposed cure, and may include a request for a waiver of the breach if so desired. The State may, in its discretion, temporarily or permanently waive the breach. By granting a waiver, the State does not forfeit any rights or remedies to which the State is entitled by law or equity, or pursuant to the provisions of the contract. Failure to give immediate notice, however, may be grounds for denial of any request for a waiver of a breach.

I. BREACH

Reject (Initial)

Reject & Provide Alternative within ITB Response (Initial)

NOTES/COMMENTS:

Either Party may terminate the contract, in whole or in part, if the other Party breaches its duty to perform its obligations under the contract in a timely and proper manner. Termination requires written notice of default and a thirty (30) calendar day (or longer at the non-breaching Party's discretion considering the gravity and nature of the default) cure period. Said notice shall be delivered by Certified Mail, Return Receipt Requested, or in person with

Page 11

proof of delivery. Allowing time to cure a failure or breach of contract does not waive the right to immediately terminate the contract for the same or different contract breach which may occur at a different time.

In case of breach by the Contractor, the State may, without unreasonable delay, make a good faith effort to make a reasonable purchase or contract to purchased goods in substitution of those due from the contractor. The State may recover from the Contractor as damages the difference between the costs of covering the breach. Notwithstanding any clause to the contrary, the State may also recover the contract price together with any incidental or consequential damages defined in UCC Section 2-715, but less expenses saved in consequence of Contractor's breach. OR In case of default of the Contractor, the State may contract the service from other sources and hold the Contractor responsible for any excess cost occasioned thereby.

The State's failure to make payment shall not be a breach, and the Contractor shall retain all available statutory remedies. (See Indemnity - Self-Insurance and Payment)

NOTES/COMMENTS:

GENERAL The Contractor agrees to defend, indemnify, and hold harmless the State and its employees, volunteers, agents, and its elected and appointed officials ("the indemnified parties") from and against

any and all claims, liens, demands, damages, liability, actions, causes of action, losses, judgments, costs, and expenses of every nature, including investigation costs and expenses, settlement costs, and attorney fees and expenses ("the claims"), sustained or asserted against the State for personal injury, death, or property loss or damage, arising out of, resulting from, or attributable to the willful misconduct, negligence, error, or omission of the Contractor, its employees, Subcontractors, consultants, representatives, and agents, resulting from this contract, except to the extent such Contractor liability is attenuated by any action of the State which directly and proximately contributed to the claims.

Page 12

SPB ITB Boilerplate | 07012019

SELF-INSURANCE (Statutory) The State is self-insured for any loss and purchases excess insurance coverage pursuant to Neb. Rev. Stat. § 81-8,239.01 (Reissue 2008). If there is a presumed loss under the provisions of this contract, Contractor may file a claim with the Office of Risk Management pursuant to Neb. Rev. Stat. §§ 81-8,829 through 81-8,306 for review by the State Claims Board. The State retains all rights and immunities under the State Miscellaneous (Section 81-8,294), Tort (Section 81-8,209), and Contract Claim Acts (Section 81-8,302), as outlined in Neb. Rev. Stat. § 81-8,209 et seq. and under any other provisions of law and accepts liability under this contract to the extent provided by law.

III. CONTRACTOR DUTIES

A. INDEPENDENT CONTRACTOR / OBLIGATIONS

Accept (Initial) *KCW*

Reject (Initial)

Reject & Provide Alternative within ITB Response (Initial)

NOTES/COMMENTS:

It is agreed that the Contractor is an independent contractor and that nothing contained herein is intended or should be construed as creating or establishing a relationship of employment, agency, or a partnership.

The Contractor is solely responsible for fulfilling the contract. The Contractor or the Contractor's representative shall be the sole point of contact regarding all contractual matters.

The Contractor shall secure, at its own expense, all personnel required to perform the services under the contract. The personnel the Contractor uses to fulfill the contract shall have no contractual or other legal relationship with the State; they shall not be considered employees of the State and shall not be entitled to any compensation, rights or benefits from the State, including but not limited to, tenure rights, medical and hospital care, sick and vacation leave, severance pay, or retirement benefits.

By-name personnel commitments made in the Contractor's proposal shall not be changed without the prior written approval of the State. Replacement of these personnel, if approved by the State, shall be with personnel of equal or greater ability and qualifications.

The Contractor warrants that all persons assigned to the project shall be employees of the Contractor or a Subcontractor, and shall be fully qualified to perform the work required herein. Personnel employed by the Contractor or a subcontractor to fulfill the terms of the contract shall remain under the sole direction and control of the Contractor or the subcontractor respectively. With respect to its employees, the Contractor agrees to be solely responsible for the following:

Any and all pay, benefits, and employment taxes and/or other payroll withholding; Any and all vehicles used by the Contractor's employees, including all insurance required by state law; Damages incurred by Contractor's employees within the scope of their duties under the contract; Maintaining Workers' Compensation and health insurance that complies with state and federal law and submitting any reports on such insurance to the extent required by governing law; Determining the hours to be worked and the duties to be performed by the Contractor's employees; and, All claims on behalf of any person arising out of employment or alleged employment (including without limit claims of discrimination alleged against the Contractor, its officers, agents, or subcontractors or subcontractor's employees).

If the Contractor intends to utilize any subcontractor, the Subcontractor's level of effort, tasks, and time allocation must be clearly defined in the Contractor's proposal. The Contractor shall agree that it will not utilize any Subcontractors not specifically included in its proposal in the performance of the contract without the prior written authorization of the State.

The State reserves the right to require the Contractor to reassign or remove from the project any Contractor or Subcontractor employee.

Contractor shall insure that the terms and conditions contained in any contract with a sub-contractor does not conflict with the terms and conditions of this contract.

The Contractor shall include a similar provision, for the protection of the State, in the contract with any Subcontractor engaged to perform work on this contract.

B. EMPLOYEE WORK ELIGIBILITY STATUS The Contractor is required and hereby agrees to use a federal immigration verification system to determine the work eligibility status of employees physically performing work within the State. A federal immigration verification system means the electronic verification of the work authorization program authorized by the Illegal Immigration Reform and

Immigrant Responsibility Act of 1996, 8 U.S.C. 1324a, known as the E-Verify Program, or an equivalent federal program designated by the United States Department of Homeland Security or other federal agency authorized to verify the work eligibility status of an employee.

If the Contractor is an individual or sole proprietorship, the following applies:

The Contractor must complete the United States Citizenship Attestation Form, available on the DAS website at <http://das.nebraska.gov/materiel/purchasing.html>

The completed United States Attestation Form should be submitted with the solicitation response.

If the Contractor indicates on such attestation form that he or she is a qualified alien, the Contractor agrees to provide the U.S. Citizenship and Immigration Services documentation required to verify the Contractor's lawful presence in the United States using the Systematic Alien Verification for Entitlements (SAVE) Program. The Contractor understands and agrees that lawful presence in the United States is required and the Contractor may be disqualified or the contract terminated if such lawful presence cannot be verified as required by Neb. Rev. Stat. § 4-108.

C. COMPLIANCE WITH CIVIL RIGHTS LAWS AND EQUAL OPPORTUNITY EMPLOYMENT / NONDISCRIMINATION (Statutory) The Contractor shall comply with all applicable local, state, and federal statutes and regulations regarding civil rights laws and equal opportunity employment. The Nebraska Fair Employment Practice Act prohibits Contractors of the State, and their Subcontractors, from discriminating against any employee or applicant for employment, with respect to hire, tenure, terms, conditions, compensation, or privileges of employment because of race, color, religion, sex, disability, marital status, or national origin (Neb. Rev. Stat. §§ 48-1101 through 48-1125). The Contractor guarantees compliance with the Nebraska Fair Employment Practice Act, and breach of this provision shall be regarded as a material breach of contract. The Contractor shall insert a similar provision in all Subcontracts for goods or services to be covered by any contract resulting from this solicitation.

D. COOPERATION WITH OTHER CONTRACTORS

NOTES/COMMENTS:

Contractor may be required to work with or in close proximity to other contractors or individuals that may be working on the same or different projects. The Contractor shall agree to cooperate with such other contractors or individuals, and shall not commit or permit any act which may interfere with the performance of work by any other contractor or individual. Contractor is not required to compromise Contractor's intellectual property or proprietary information unless expressly required to do so by this contract.

E. DISCOUNTS Prices quoted shall be inclusive of ALL trade discounts. Cash discount terms of less than thirty (30) days will not be considered as part of the proposal. Cash discount periods will be computed from the date of receipt of a properly executed claim voucher or the date of completion of delivery of all items in a satisfactory condition, whichever is later.

F. PRICES All prices, costs, and terms and conditions outlined in the bid shall remain fixed and valid commencing on the opening date of the bid until an award is made, or the ITB is cancelled.

Prices quoted on Attachment A (Bid Sheet - Corrosion Inhibitor for Sodium Chloride Brine) shall remain fixed for the first full year of the contract. Any request for a price increase subsequent to the first year must be submitted in writing to the SPB for approval a minimum of 30 days prior to proposed effective date of increase, and be accompanied by documentation justifying the price increase. These documents include, but are not limited to the following:

1. Invoices for physical components of contracted items. 2. Manufacturer letter of price increase, if applicable. Further documentation may be required by the State to justify the increase.

Page 17

SPB ITB Boilerplate | 07012019

The State reserves the right to deny any requested price increase. No price increases are to be billed to any State Agencies prior to written amendment of the contract by the parties.

The State will be given full proportionate benefit of any decreases for the term of the contract.

G. COST CLARIFICATION The State reserves the right to review all aspects of cost for reasonableness and to request clarification of any proposal where the cost component shows significant and unsupported deviation from industry standards or in areas where detailed pricing is required.

NOTES/COMMENTS:

If Contractor breaches the contract or anticipates breaching the contract the Contractor shall immediately give written notice to the State. The notice shall explain the breach or potential breach, and may include a request for a waiver of the breach if so desired. The State may, at its discretion, temporarily or permanently waive the breach. By granting a temporary waiver, the State does not forfeit any rights or remedies to which the State is entitled by law or equity, or pursuant to the provisions of the contract. Failure to give immediate notice, however, may be grounds for denial of any request for a waiver of a breach.

IV. PAYMENT

A. PROHIBITION AGAINST ADVANCE PAYMENT (Statutory) Neb. Rev. Stat. §§81-2403 states, "[n]o goods or services shall be deemed to be received by an agency until all such goods or services are completely delivered and finally accepted by the agency."

B. TAXES (Statutory) The State is not required to pay taxes and assumes no such liability as a result of this solicitation. The Contractor may request a copy of the Nebraska Department of Revenue, Nebraska Resale or Exempt Sale Certificate for Sales Tax Exemption, Form 13 for their records. Any property tax

payable on the Contractor's equipment which may be installed in a state-owned facility is the responsibility of the Contractor.

C. INVOICES Invoices for payments must be submitted by the Contractor to the agency requesting the goods with sufficient detail to support payment. The terms and conditions included in the Contractor's invoice shall be deemed to be solely for the convenience of the parties. No terms or conditions of any such invoice shall be binding upon the State, and no action by the State, including without limitation the payment of any such invoice in whole or in part, shall be construed as binding or estopping the State with respect to any such term or condition, unless the invoice term or condition has been previously agreed to by the State as an amendment to the contract. It is the responsibility of the contractor to ensure stamped weight tickets are provided for each load delivered. All "bills of lading" and invoices shall reference the purchase order number so they can be easily identified. The contractor shall issue a separate invoice for each delivery point submitted on a single purchase order.

Invoices should be sent to: NDOT Operations P.O. Box 94759 Lincoln, NE 68509

D. PAYMENT (Statutory) Payment will be made by the responsible agency in compliance with the State of Nebraska Prompt Payment Act (See Neb. Rev. Stat. §81-2403). The State may require the Contractor to accept payment by electronic means such as ACH deposit. In no event shall the State be responsible or liable to pay for any goods and services provided by the Contractor prior to the Effective Date of the contract, and the Contractor hereby waives any claim or cause of action for any such services.

E. LATE PAYMENT (Statutory) Except when exempted by Neb. Rev. Stat. §§ 81-2407, the Contractor may charge the responsible agency interest for late payment in compliance with the State of Nebraska Prompt Payment Act (See Neb. Rev. Stat. §§ 81-2401 through 81-2408).

F. SUBJECT TO FUNDING / FUNDING OUT CLAUSE FOR LOSS OF APPROPRIATIONS (Statutory) The State's obligation to pay amounts due on the Contract for a fiscal years following the current fiscal year is contingent upon legislative appropriation of funds. Should said funds not be appropriated, the State may terminate the contract with respect to those payments for the fiscal year(s) for which such funds are not appropriated. The State will give the Contractor written notice thirty (30) calendar days prior to the effective date of termination. All obligations of the State to make payments after the termination date will cease. The Contractor shall be entitled to receive just and equitable compensation for any authorized work which has been satisfactorily completed as of the termination date. In no event shall the Contractor be paid for a loss of anticipated profit.

G. RIGHT TO AUDIT (First Paragraph is Statutory) The State shall have the right to audit the Contractor's performance of this contract upon a thirty (30) day written notice. Contractor shall utilize generally accepted accounting principles, and shall maintain the accounting records, and other records and information relevant to the contract (Information) to enable the State to audit the contract. (Neb. Rev. Stat. § 84-304 et seq.) The State may audit and the Contractor shall maintain the information during the term of the contract and for a period of five (5) years after the completion of this contract or until all issues or litigation are resolved, whichever is later. The Contractor shall make the Information available to the State at Contractor's place of business or a location acceptable to both Parties during normal business hours. If this is not practical or the Contractor so elects, the Contractor may provide electronic or paper copies of the Information. The State reserves the right to examine, make copies of, and take notes on any Information relevant to this contract, regardless of the form or the Information, how it is

stored, or who possesses the Information. In no circumstances will contractor be required to create or maintain documents not kept in the ordinary course of contractor's business operations, nor will contractor be required to disclose any information, including but not limited to product cost data, which is confidential or proprietary to contractor.

NOTES/COMMENTS:

The Parties shall pay their own costs of the audit unless the audit finds a previously undisclosed overpayment by the State. If a previously undisclosed overpayment exceeds THREE percent (3%) of the total contract billings, or if fraud, material misrepresentations, or non-performance is discovered on the part of the Contractor, the Contractor shall reimburse the State for the total costs of the audit. Overpayments and audit costs owed to the State shall be paid within ninety (90) days of written notice of the claim. The Contractor agrees to correct any material weaknesses or condition found as a result of the audit.

Page 22

SPB ITB Boilerplate | 07012019

V. SCOPE OF WORK

The Contractor must provide the following information in response to this ITB.

A. SCOPE It is the intent of this Bid invitation to establish a contract to supply Corrosion Inhibitor for Sodium Chloride Brine (Clear Roads Product Category A3) per the attached specifications from date of award for a period of ONE (1) year commencing upon execution of the contract by the State and the Contractor. The Contract includes the option to renew for FOUR (4) additional ONE (1) year periods upon mutual agreement of the Parties. The State reserves the right to extend the period of this contract beyond the end date when mutually agreeable to the contractor and the State.

All items proposed shall be of the latest manufacture in production as of the date of the solicitation and be of proven performance and under standard design complete as regularly advertised and marketed. All necessary materials for satisfactory performance of the supplies shall be incorporated into the Corrosion Inhibitor for Sodium Chloride Brine (Clear Roads Product Category A3) whether or not they may be specifically mentioned below.

Complete specifications, manufacturer's current descriptive literature and/or advertising data sheets with cuts or photographs must be included with the proposal for the IDENTICAL items proposed. Any information necessary to show compliance with these specifications not given on the manufacturer's descriptive literature and/or advertising data sheets must be supplied in writing on or attached to the proposal document. If manufacturer's information necessary to show compliance with these specifications is not attached to the proposal document, the Contractor may be required to submit requested information within three (3) business days of a written request. Failure to submit requested descriptive literature or advertising data sheets may be grounds to reject the Bid.

B. AMENDMENT This Contract may be amended in writing, within scope, upon the agreement of both parties.

C. CHANGE ORDER This Purchase Order may be amended in writing, within scope, upon the agreement of both parties.

D. REVISIONS In the event any product is discontinued or replaced upon mutual consent during the contract period, the State reserves the right to amend this contract to include the alternate product at the same price.

E. PRICING Prices quoted shall be unit price (per gallon) and shall be firm for one (1) year from date of an award and are to be net; including transportation and delivery charges fully prepaid by the Bidder F.O.B. Destination as specified to any location within a Nebraska Department of Transportation (NDOT) area, as specified in Attachment A (Bid Sheet – Corrosion Inhibitor for Sodium Chloride Brine). No additional charges will be allowed for packing, handling, fuel surcharge, or partial delivery costs.

Any request for an increase must be submitted in writing to the SPB a minimum of thirty (30) days prior to proposed effective date of increase, and must show cause and be accompanied by supporting documentation (such as notification letter from manufacturer). Further documentation may be required by the State, to authenticate the increase (such as manufacturer invoices). Failure to supply any requested supporting documentation may be grounds to cancel the contract. In no instance may a price increase be billed to the State until the contract is amended. Any orders placed PRIOR to any approved price increase shall be billed at the price in place at the time of the order. The State further reserves the right to reject any proposed price increase(s), cancel the contract and re-bid if determined to be in the best interest of the State. The State will be given full proportionate benefit of any decrease for the term of the contract. Contract supplier or suppliers may honor pricing and extend the contract to

political sub-divisions, cities, and counties. Terms and conditions of the contract must be met by political subdivisions, cities, and counties.

Contractor also represents and warrants that all prices set forth in the contract and all prices in addition, which the Contractor may charge under the terms of the contract, do not and will not violate any existing federal, state, or municipal law or regulations concerning price discrimination and/or price fixing. Contractor agrees to hold the State harmless from any such violation. Prices quoted shall not be subject to increase throughout the contract period unless specifically allowed by these specifications.

Page 23

F. ORDERS AND DELIVERY Orders will be placed either by, phone, fax, e-mail or Internet (if available and not to the exclusion of the other methods) by NDOT Procurement stating the location, quantity and purchase order number. Orders and directions for delivery locations shall only be authorized by NDOT personnel.

There will be no minimum order requirements. Deliveries must be clearly marked with the purchase order number. If delays in delivery are anticipated, the Contractor will immediately notify the point of contact of the expected delivery date.

1. FAILURE TO DELIVER

a. If the Contractor cannot make delivery as stated on the purchase order and as specified in this ITB and delays in delivery are anticipated, the Contractor will immediately notify the point of contact of the expected delivery date.

b. The State reserves the right to cancel orders and place the order with another vendor when the Contractor is unable to complete an order as specified in this ITB. The difference in cost between contracted amount and that which is paid by the State will be charged to the account of the original Contractor.

All orders must reference a purchase order number and the purchase order number must be referenced on the packing slip, invoice and stamped weight/delivery ticket. Invoices are to be sent to the "Invoice to" address on the purchase order.

Deliveries are to be made during normal working hours, except State holidays, between 8:00 a.m. and 4:00 p.m., Monday – Friday. If an emergency exists, delivery may be made through prior arrangements with receiving personnel.

State holidays are as follows: New Year's Day January 1* Martin Luther King, Jr. Day Third Monday in January President's Day Third Monday in February Arbor Day Last Friday in April Memorial Day Last Monday in May Independence Day July 4* Labor Day First Monday in September Columbus Day Second Monday in October Veteran's Day November 11* Thanksgiving Day Fourth Thursday in November Day after Thanksgiving Friday following Thanksgiving Christmas Day December 25*

*When the starred holiday falls on a Saturday, it shall be observed on the preceding day. When the starred holiday falls on a Sunday, it shall be observed on the following day.

Shipments of Corrosion Inhibitor for Sodium Chloride Brine (Clear Roads Product Category A3) to specified locations will be in truckloads of approximately 4500 gallons.

At the time of delivery, a designated State of Nebraska employee will sign the "invoice/packing slip." This signature will only indicate that the order has been received and that the items actually delivered agree with the delivery invoice. This signature does not indicate all items were received in good condition and/or that there is not possible hidden damage.

A successful Contractor will maintain sufficient inventory to process and deliver within the specified days ARO as stated below.

G. FIELD INSPECTION, UNLOADING, SAMPLING AND TESTING

Prior to delivery of each load, Contractor shall provide a 24-hour advanced delivery notification to NDOT District Personnel during normal working hours as specified under "Orders and Delivery."

Contractors shall not offload any material without affording the Nebraska Department of Transportation (NDOT) an opportunity to conduct the field inspection, sampling or testing. Sampling of the liquid deicing products will be

Page 24

SPB ITB Boilerplate | 07012019

conducted by the Department. A one-gallon sample may be taken at the point of delivery from either the tanker truck or from the Department's receiving tank (if the tank was empty prior to delivery). Samples obtained from the tanker truck will be taken from the transfer hose, in one-third increments as the product is being transferred. Offloading of material without affording NDOT an opportunity to conduct said work shall deem the delivered material non-compliant and is subject to total rejection. Only with prior written approval granted by NDOT shall the Contractor offload any material without field inspection, sampling and testing.

All testing will be conducted by NDOT and the field samples will be large enough for additional testing. Field samples will be retained for three months and records of the tests will be retained by NDOT. Samples sent to the NDOT Laboratory will be tested for conformance to specification during the year. Each product may be tested for specific parameters; if a sample fails to comply with requirements stipulated herein, the price adjustments specified in Attachment D (Price Adjustments – Corrosion Inhibitor for Sodium Chloride Brine) may apply. The Contractor will be notified immediately of the material not meeting specifications and the Contractor will be expected to take action to correct the problem. All deliveries may cease until the Department determines that the required specifications are

being met and that adequate quality control has been re-established by the Contractor. The Contractor may also be held responsible for the cost of removal cleanup of all delivered material that fails to comply with this specification. Test results from the NDOT Laboratory will be final and in the best interest of NDOT. In the event a product fails more than one test requirement, resulting in more than one price adjustment, the highest resulting price adjustment will be the adjustment applied. Attachment D (Price Adjustments – Corrosion Inhibitor for Sodium Chloride Brine) outlines the price adjustments for non-conforming product.

VI. TECHNICAL SPECIFICATIONS

A. **BIDDER INSTRUCTIONS** Bidder must respond to each of the following statements. Specifications listed are minimum conditions that must be met in order for a bidder to qualify for the award.

“YES” response means the Bidder guarantees they can meet this condition.

“NO” response means the Bidder cannot meet this condition and will not be considered.

“NO & PROVIDE ALTERNATIVE” responses should be used only with a narrative response in the NOTES/COMMENTS section explaining in detail any deviation from the bidder’s ability to meet the condition, and an explanation of how this would be determined to be an acceptable alternative to meeting the condition. Alternatives must be detailed in such a way that allows such deviations to be fully evaluated. The State shall determine at its sole discretion whether or not the Bidder’s alternative is an acceptable alternative.

B. NON-COMPLIANCE STATEMENT

YES NO NO & PROVIDE ALTERNATIVE

Read these specifications carefully. Any and all exceptions to these specifications must be written on or attached to Bid response. Any noncompliance may void your Bid. Non-compliance to any single specification can void your Bid. It is the responsibility of Bidder’s to obtain information and clarifications as provided below. The State is not responsible for any erroneous or incomplete understandings or wrongful interpretations of this ITB by any Bidder. No interpretation related to the meaning of Bid specifications or other Pre-Bid documents will be made orally to any Bidder by the State. Any bid interpretation must be put in writing by the bidder to: the State Purchasing Bureau, E-mail questions to SPB. as.materielpurchasing@nebraska.gov by the last day to submit written questions per the Schedule of Events. (Inquiries received after the last day to submit written questions may not be addressed).

NOTES/COMMENTS:

C. TECHNICAL SPECIFICATIONS: TITLE/DESCRIPTION OF GOODS

YES NO NO & PROVIDE ALTERNATIVE

All bidders must include with their bid submission a completed Attachment B (Product Checklist – Corrosion Inhibitor for Sodium Chloride Brine), and list on that form each product and/or supplier origin they intend to utilize in fulfilling the contract. The chemical, biological, and physical analyses of all products must satisfy the standard limits and testing requirements detailed in Attachment C (General Specifications). All products being submitted for this bid that haven’t been previously qualified by Clear Roads must also submit the chemical, biological, and physical analyses performed by an independent laboratory with American Association for Laboratory Accreditation (ISO 17025).

Specifically, this documentation must include the following: Product Data Sheet, Safety Data Sheet(s), eutectic temperature chart and graphs, independent lab results, as specified in Attachment C. All products being submitted for this bid that haven't been previously qualified by Clear Roads must include one (1) one-gallon container sample of product(s).

Sample(s) of product(s) shall be provided by the bid opening date at no cost to the State and will not be returned to the Bidder upon completion of testing. Sample(s) of product(s) are to be of material and construction as bid. Failure to supply sample(s) and/or sample(s) that do not meet specifications and/or fail any of the protocols/tests as outlined herein, may be grounds to reject the bid. Bids may be rejected based on the quality of sample(s) provided. Sample(s) shall be shipped to:

Nebraska Department of Transportation Materials and Research Division ITB: 6327 OF Chemistry
Laboratory 1400 HWY 2 Lincoln, NE 68502

Receiving hours are between 9:00 A.M. and 4:00 P.M., Monday through Friday (excluding State holidays and/or as otherwise directed). Condition as Received: The Corrosion Inhibitor for Sodium Chloride Brine (Clear Roads Product Category A3) shall arrive at the delivery point in a free-flowing and usable condition, and have the capability to be mixed fully into the concentrated sodium chloride brine solution at a minimum temperature of 15°F. The corrosion inhibitor must be capable of being stored at a 0°F as delivered until time of use with no separation or settling. The inhibitor shall be capable of being homogeneously mixed with the 23% to 24% concentration of sodium chloride brine and resulting in a finished product that does not separate or settle out. The finished corrosion inhibited sodium chloride shall have a minimum sodium chloride concentration of no less than 15% and have a minimum corrosion inhibitor concentration of no less than 15%. The inhibitor shall have a Corrosion Percent Effectiveness Rating of 30% or less, in accordance with Clear Roads Test Method B. The finished product shall provide a eutectic temperature point equal to or lower than -6°F. Specific gravity must be 1.265 – 1.340. Test Method: ASTM D1429. The pH must be 5.0 – 11.0. Test Method: ASTM D1293, except a dilution shall be made of one part chemical product to four parts distilled water before attempting a reading. This chemical product shall not contain greater than 1.0% (V/V) total settle able solids and shall have at least ninety-nine percent (99.0%) of the solids passing through a number 10 sieve after being stored at 17.8°C +/- 1°C (0°F +/- 2°F) for 168 hours (seven days), as determined in accordance with Clear Roads Test Method C.

NOTES/COMMENTS:

D. ANNUAL USAGE, ESTIMATED

YES NO NO & PROVIDE ALTERNATIVE

Annual usage figures provided are estimates and are not to be construed as either a minimum or maximum purchase quantity. The orders shall be for the actual quantities of each item by or for any agency during the life of the contract. Contractor shall not impose minimum order requirements. Estimated annual usage is shown in Attachment A (Bid Sheet – Corrosion Inhibitor for Sodium Chloride Brine).

NOTES/COMMENTS:

E. USAGE REPORT

YES NO NO & PROVIDE ALTERNATIVE

The contractor shall, upon request, provide a quarterly usage report of this contract by state agencies and political subdivisions. Information may be requested at any time by the SPB, as determined by the State. Agency or Political Subdivision name; Item description; Item number; Item dollar amount; Number of orders received; Orders processed; Back orders; and, Partially filled orders.

NOTES/COMMENTS:

F. DELIVERY ARO

YES NO NO & PROVIDE ALTERNATIVE

1. For each District bid, Bidder certifies they can meet delivery to all locations within a District as specified in Attachment A (Bid Sheet – Corrosion Inhibitor for Sodium Chloride Brine). Additionally,

Bidder agrees to deliver to any additional storage and/or locations within each District that NDOT may add at any time during the term of the contract.

NOTES/COMMENTS:

SPB ITB Boilerplate | 07012019

G. QUALITY

YES NO NO & PROVIDE ALTERNATIVE

Shipments of Corrosion Inhibitor for Sodium Chloride Brine (Clear Roads Product Category A3) must meet specifications and be consistent for the term of the contract. All materials must be of first quality, under standard production by the manufacturer, complete as regularly advertised and marketed and be of proven performance. A guarantee of satisfactory performance by the contractor and meeting delivery dates are considered to be an integral part of the purchase contract resulting from this ITB. Products are to be fully guaranteed and may be returned for full credit or replacement (at the State's option) for any reason with no additional charges for shipping or restocking.

NOTES/COMMENTS:

H. SUBSTITUTIONS YES NO NO & PROVIDE ALTERNATIVE

Contractor will not substitute any item that has been awarded without prior written approval of SPB.

NOTES/COMMENTS:

I. SECRETARY OF STATE REGISTRATION REQUIREMENTS

CHOOSE "YES" TO BEST ANSWER ONLY, CHOOSE "NO" FOR REMAINING LINES

YES NO NO & PROVIDE ALTERNATIVE

*Prior to contract award and/or upon request of SPB, potential award recipient(s) will be asked to certify compliance with Nebraska Secretary of State Registration by providing a true and exact copy of current (dated within 90 days) valid Certificate of Good Standing or Letter of Good Standing. 1. Bidder is a SOLE PROPRIETORSHIP (in which case, no Letter of Good Standing/Certificate of Good Standing is required)

If the Bidder is an Individual or Sole Proprietorship, the following applies:

a. The Bidder must complete the United States Citizenship Attestation Form, available on the Department of Administrative Services website at <http://das.nebraska.gov/materiel/purchasing.html>

The completed United States Attestation Form should be submitted with the Invitation to Bid response.

b. If the Bidder indicates on such attestation form that he or she is a qualified alien, the Contractor agrees to provide the U.S. Citizenship and Immigration Services documentation required to verify the Contractor's lawful presence in the United States using the Systematic Alien Verification for Entitlements (SAVE) Program.

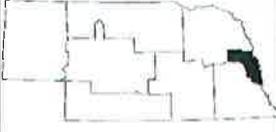

c. The Bidder understands and agrees that lawful presence in the United States is required and the Contractor may be disqualified or the contract terminated if such lawful presence cannot be verified as required by Neb. Rev. Stat. § 4-108. 2. Bidder is a GENERAL PARTNERSHIP (in which case, no Letter of Good Standing/Certificate of Good Standing is required) 3. Bidder is a FOREIGN or DOMESTIC CORPORATION or BUSINESS and a copy of current Letter of Good Standing/Certificate of Good Standing from the Nebraska Secretary of State will be provided in a timely manner upon request prior to award.

GENERAL SPECIFICATIONS

Products being submitted for evaluation during a bidding opportunity must be accompanied by one (1) one-gallon container of the product along with the chemical, biological, and physical analyses performed by an independent laboratory with American Association for Laboratory Accreditation (ISO 17025).

All submitted products will be tested to the standard limits contained within these specifications (see Table 1) in order to assess the products' potential to cause a decrease in the public safety. Analytical results of all constituents for which limits have been set by these General Specifications must reflect testing to the specified limit or below. For example, the specified limit for Cadmium is 0.20 ppm – therefore, a submitted value for Cadmium of “less than 1.00 ppm” is not acceptable. Any product that fails to meet the standard limits as specified will be disqualified. The State has the right to accept or reject products based on the materials used to produce the product.

Solid products are to be diluted to a 25% (weight/volume) concentration and then tested as if the material was a liquid sample. Report only the values derived from the 25% solution for all of the standard limits. Do not back calculate the concentration of the parameters to the dry weight of the material.

All products being submitted for evaluation shall be unadulterated and in their finished form, as the products are designed to be applied. Any products purchased in the future will be expected to meet specifications as established in the bid process. All test data that is submitted with each product sample is subject to verification by the State laboratory. Results of testing from the State laboratory shall be verifiable and final.

All samples must be marked with an easily distinguishable name and the associated paperwork must be clearly marked so that the samples and the submitted product information can be easily identified and matched up. Failure to supply the required samples and complete product information will be cause for disqualification.

Specific gravity chart (liquid products only) with correlating weight percentage and freeze point information presented in 1% increments beginning with a five percent solution. The chart must contain information up to, including, and exceeding-by-5% (or the solubility limits of your product) the concentration being submitted for evaluations.

Bids shall be accompanied with the most recent detailed product specification sheet, Safety Data Sheet (SDS) including the SDS of the inhibitor, and the Product Sample Checklist.

All bids and samples shall be delivered by the time and date of the bid opening. Bids and samples that are received late will be disqualified. Mark all samples submitted to the Laboratory in large black lettering as “BID SAMPLES-TIME CRITICAL”.

Attachment C GENERAL SPECIFICATIONS

Page 2 of 3 Attachment C

The bidder shall furnish analyses of their product, performed by an independent laboratory with American Association for Laboratory Accreditation (ISO 17025), for the following constituents and attributes:

Constituents & Attributes

Standard Limits Test Method (or test result)

Percent Concentration of Active Ingredient in the Liquid

Sample measurement as determined by an independent lab

Atomic absorption or inductively coupled plasma spectrophotometry as described in "Standard Methods for the Examination of Water and Waste Water", APHA/WWA-WPCF is acceptable. "Test Method A" in Appendix A of the Clear Roads Snow & Ice Control Chemical Products Specifications and Test Protocols (<https://clearroads.org/wp-content/uploads/12-10-Final-CR-SPECSwCategory4.pdf>) is used to determine percent concentration of calcium chloride or magnesium chloride by atomic absorption.

Weight (lbs) per Gallon (liquid products only)

Sample measurement as determined by an independent lab

Specific gravity by ASTM D1429 Test Method A – Pycnometer at 20°C (+/- 1°C).

Corrosion Control Inhibitor Presence and Concentration

Sample measurement as determined by an independent lab

The laboratory may use the test procedures provided by the bidder or manufacturer for testing quantitative concentrations of additives. These same tests can then be used to verify that materials being delivered are the same as those previously tested and approved in the bid process.

pH (liquid products only)

6.0 – 10.0

ASTM D1293, except a dilution shall be made of one part chemical product to four parts distilled water before attempting a reading.

Corrosion Rate (corrosion inhibited products only)

≥ 70% less corrosive than NaCl

NACE Standard TM0169-95 (1995 Revision) as modified by Clear Roads. This procedure is listed as "Test Method B" in Appendix A of the Clear Roads Snow & Ice Control Chemical Products Specifications and Test Protocols (<https://clearroads.org/wp-content/uploads/12-10-Final-CR-SPECS-wCategory4.pdf>).

Total Settleable Solids ≤ 1.0%

This procedure is listed as Test Method "C" in Appendix A of the Clear Roads Snow & Ice Control Chemical Products Specifications and Test Protocols (<https://clearroads.org/wp-content/uploads/12-10-Final-CR-SPECS-wCategory4.pdf>).

Solids Passing #10 Sieve

≥ 99.0%

Phosphorus ≤ 2500.00 ppm Total constituent, as described in "Standard Methods for the examination of Water and Waste Water", APHA-AWWA-WPCF. Cyanide ≤ 0.20 ppm Arsenic ≤ 5.00 ppm

PRICE ADJUSTMENTS - CORROSION INHIBITOR FOR SODIUM CHLORIDE BRINE
(CLEAR ROADS PRODUCT CATEGORY A3)

All testing will be conducted by NDOT and the field samples will be large enough for additional testing. Field samples will be retained for three months and records of the tests will be retained by NDOT.

- 1. Price adjustments based on total settleable solids.** Field samples taken of the delivered material will be measured for percent total settleable solids, according to the Clear Roads Test Method C. If the test results are out of specification, the Contractor will be subject to price adjustments based on the total of the respective shipment, as follows:

% Settleable Solids	
Test Results	Pay
≤1.0	100.0%
1.1 - 1.8	87.5%
1.9 - 2.5	75.0%
2.6 - 3.3	62.5%
3.4 - 4.0	50.0%
>4.0	*

* Test results in this range may constitute unacceptable material, and could result in rejection or require recovery and cleanup at the Contractor's expense.

- 2. Price adjustments based on solids passing #10 sieve.** Field samples taken of the delivered material will be measured for percent solids passing #10 sieve, according to the Clear Roads Test Method C. If the test results are out of specification, the Contractor will be subject to price adjustments based on the total of the respective shipment, as follows:

% Solids Passing #10 Sieve	
Test Results	Pay
>99.0	100.0%
98.8 - 98.9	87.5%
98.5 - 98.7	75.0%
98.3 - 98.4	62.5%
98.0 - 98.2	50.0%
<98.0	*

* Test results in this range may constitute unacceptable material, and could result in rejection or require recovery and cleanup at the Contractor's expense.

- 3. Price adjustments based on potential of hydrogen (pH).** Field samples taken of the delivered material will be measured for pH according to ASTM D1293, and will be tested at one part product and four parts distilled water. If the test results are out of specification, the Contractor will be subject to price adjustments based on the total of the respective shipment, as follows:

pH		
Test Results		Pay
5.0 - 11.0		100.0%
4.7 - 4.9	11.1 - 11.3	87.5%
4.5 - 4.6	11.4 - 11.5	75.0%

6327 OF Attachment D
PRICE ADJUSTMENTS - CORROSION INHIBITOR FOR SODIUM CHLORIDE BRINE
(CLEAR ROADS PRODUCT CATEGORY A3)

4.2 - 4.4	11.6 - 11.8	62.5%
4.0 - 4.1	11.9 - 12.0	50.0%
<4.0	>12.0	*

* Test results in this range may constitute unacceptable material, and could result in rejection or require recovery and cleanup at the Contractor's expense.

4. **Price adjustments based on specific gravity.** Field samples taken of the delivered material will be checked for specific gravity according to ASTM D1429 at 20°C. If the test results are out of specification, the Contractor will be subject to price adjustments based on the total of the respective shipment as follows:

Specific Gravity		
Test Results		Pay
1.265 - 1.340		100.0%
1.258 - 1.264	1.341 - 1.348	87.5%
1.250 - 1.257	1.349 - 1.355	75.0%
1.243 - 1.249	1.356 - 1.363	62.5%
1.235 - 1.242	1.364 - 1.370	50.0%
<1.235	>1.370	*

For example, if a test result of a field sample yields 1.262, then the sample is out of specification by 0.003 and the price adjustment would therefore be 87.5% pay.

* Test results in this range may constitute unacceptable material, and could result in rejection or require recovery and cleanup at the Contractor's expense.

5. **Price adjustments based on corrosion rate.** Field samples taken of the delivered material will be measured for the corrosion rate according to the Clear Roads Test Method B. If the test results are out of specification, the Contractor will be subject to price adjustments based on the total of the respective shipment as follows:

Corrosion Rate (% less corrosive than NaCl)	
Test Results	Pay
≥70.0	100.0%
65.0 - 69.9	87.5%
60.0 - 64.9	75.0%
55.0 - 59.9	62.5%
50.0 - 54.9	50.0%
<50.0	*

* Test results in this range may constitute unacceptable material, and could result in rejection or require recovery and cleanup at the Contractor's expense.

DON'T BE LEFT IN THE COLD

Discover AMP - a liquid inhibitor and salt brine enhancer and breakthrough in de-icing technology.

Amplify the performance of your anti-icing and deicing program by adding AMP to your salt brine! With AMP, roads can be treated both before and during a storm to more effectively reduce snow and ice buildup preserving road safety. AMP is a salt brine enhancer that accelerates ice melt, maintains friction and protects your roads.

Enhance and Protect: Outshine the Competition

With 50% more melting capacity, AMP in salt brine significantly outshines the competition. And adding AMP at 20% also lowers your salt brine's working temperature (1:1 freeze point) from 18°F to 10°F, protecting your roads in the coldest temperatures. AMP-treated roads become free of ice and snow more quickly than roads treated with salt brine alone. With the low freeze point of Salt Brine with AMP, your storage tanks are also protected in colder conditions.

Freeze point of Salt Brine with 20% AMP is -9°F

Superior Road Defense

When used to pretreat roads alone, salt brine dries out and does not stick to the road's surface - wind and traffic can easily sweep it away. However, with AMP added, it bonds to roads in even the most severe weather conditions.

High-Performance Solution

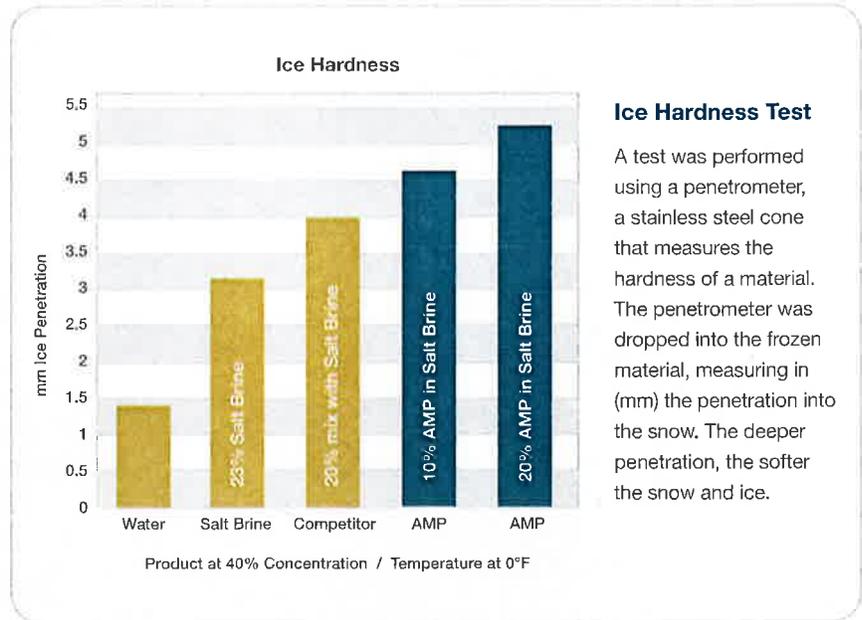

The unique, liquid composition of AMP disrupts the bonding of hard ice crystals and softens ice. This provides a tighter connection between the road and tires, making driving safer. The faster melting performance allows for more time between treatments, or a reduced application rate, making AMP the more cost-effective solution. AMP reduces anti-icing and de-icing cost per mile of roadways significantly, driving a strong positive return on investment for your purchase.

Corrosion Protection

AMP exceeds the PNS specifications for corrosion protection and provides a safer driving surface than the standard 23% salt brine. Based on laboratory data and results obtained in the field, at temperatures above 15F a 10% addition rate of AMP to salt brine has been found to be effective. At temperatures below 15F, an add rate of at least 15% AMP is strongly recommended. These recommendations should be considered an initial guideline only. Many variables can impact the field performance of any de-icing product and therefore the experience and judgment of the end user should be considered.

Looser Snow, Easier Plowing

When AMP is added to salt brine, it is much more effective at breaking through layers of ice and snow than salt brine alone and significantly more effective than the competitor's formula.

- Eutectic point of -15°F or colder
- Freezing point of 11°F or colder when diluted 1:1 with water (*comparison freeze point for 23% NaCl is 18°F*)

AMP is specially formulated for anti-icing and deicing. As an anti-icer, AMP when added to salt brine is applied directly to paved surfaces to disrupt the bond between ice and the surface. Deicing will also occur depending upon application rates. Based on laboratory data and results obtained in the field, at temperatures above 15F a 10% addition rate of AMP to salt brine has been found to be effective. At temperatures below 15F an add rate of at least 15% AMP is strongly recommended. These recommendations should be considered an initial guideline only. Many variables can impact the field performance of any de-icing product and therefore the experience and judgment of the end user should be considered.

Greeley, CO 80634
Telephone: (970) 346-3900

Emergency Phone: CHEMTREC: (800) 424-9300

SDS Date of Preparation: 8/24/2017

2. HAZARDS IDENTIFICATION

GHS Classification:

Physical	Health	Environment
Not Hazardous	Not Hazardous	Not Hazardous

GHS Label Elements:

None Required

3. COMPOSITION/INFORMATION ON INGREDIENTS

Component	CAS No.	Amount
Water	7732-18-5	Balance
Magnesium Chloride	7791-18-6	13-23%
Proprietary Corrosion Inhibitor Blend	Proprietary	Proprietary

The exact concentration is being withheld as a trade secret.

4. FIRST AID MEASURES

Eye: Flush victim's eyes with large quantities of water, while holding the eyelids apart. Get medical attention if irritation occurs and persists.

Skin: Wash skin thoroughly with soap and water. Get medical attention if irritation develops. Remove and launder clothing before reuse.

Ingestion: Do not induce vomiting. Rinse mouth with water and give one glass of water to drink. Never give anything by mouth to an unconscious or convulsing person. Get medical attention if symptoms develop.

Inhalation: Remove victim to fresh air. If breathing is difficult or irritation persists, get medical attention.

Most important Symptoms: May cause slight eye and skin irritation.

Indication of immediate medical attention/special treatment: Immediate medical attention is not required.

5. FIRE FIGHTING MEASURES

Suitable (and Unsuitable) Extinguishing Media: Use media appropriate for surrounding fire. Cool fire exposed containers and structures with water.

Specific hazards arising from the chemical: Thermal decomposition may yield hydrogen chloride, halogenated compounds, and chlorine gas.

Special Protective Equipment and Precautions for Fire-Fighting Instructions: Firefighters should wear positive pressure self-contained breathing apparatus and full protective clothing. Aqueous solutions may cause surfaces to be extremely slippery and cause a slip hazard.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment, and Emergency Procedures: Wear appropriate protective clothing as described in Section 8. Wash thoroughly after handling.

Methods and Materials for Containment and Cleaning Up: Dike and collect liquid or absorb with an inert absorbent and place in appropriate containers for disposal. Flush spill area with water. Report releases as required by local, state and federal authorities.

7. HANDLING AND STORAGE

Precautions for Safe Handling: Avoid contact with the eyes, skin and clothing. Avoid breathing mists or aerosols. Wear protective clothing and equipment as described in Section 8. Wash thoroughly with soap and water after handling. Keep containers closed when not in use.

Conditions for Safe Storage, Including Any Incompatibilities: Store in a cool, dry, well-ventilated area away from incompatible materials. Product may be corrosive to some metals.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure Guidelines:

Water	None Established
Magnesium Chloride	None Established
Proprietary Corrosion Inhibitor Blend	None Established

Engineering Controls: Use with adequate general ventilation to minimize exposures.

Respiratory Protection: In operations where exposure levels are excessive, a NIOSH approved respirator with dust/mist cartridges or supplied air respirator appropriate for the form and concentration of the contaminants should be used. Selection and use of respiratory equipment must be in accordance with OSHA 1910.134 and good industrial hygiene practice.

Skin Protection: Wear impervious gloves such as rubber or neoprene if needed to avoid prolonged skin contact.

Eye Protection: Safety glasses recommended.

Other: Long-sleeved clothing and long pants recommended to avoid prolonged skin contact. Suitable washing facilities should be available in the work area.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance And Odor: Clear to slight yellow liquid with low or no odor.

Physical State: Liquid	Odor Threshold: Not established
Vapor Density: Not determined	Initial Boiling Point/Range: Not Determined
Solubility In Water: Soluble	Vapor Pressure: Not determined
Relative Density: 1.27-1.31	Evaporation Rate: Not determined
Melting/Freezing Point: Equal to or lower than -15°F (-26°C)	pH: 6.5 - 9

10. STABILITY AND REACTIVITY

Reactivity: Not normally reactive

Chemical Stability: Stable under normal storage and handling conditions.

Possibility of Hazardous Reactions: None known.

Conditions to Avoid: None known.

Incompatible Materials: Strong oxidizing agents, concentrated acids, and some metals.

Hazardous Decomposition Products: When heated to decomposition emits hydrogen chloride, halogenated compounds, and chlorine gas.

11. TOXICOLOGICAL INFORMATION

HEALTH HAZARDS:

Ingestion: Ingestion may cause slight irritation with nausea, vomiting, and diarrhea.

Inhalation: Inhalation of mists may cause slight irritation of the nose, throat, and upper respiratory tract.

Eye: May cause slight irritation with pain and tearing.

Skin: May cause slight irritation on prolonged or repeated contact.

Sensitization: This material is not known to cause sensitization.

Chronic: None known.

Carcinogenicity: None of the components is listed as a carcinogen or suspected carcinogen by IARC, NTP, or OSHA.

Germ Cell Mutagenicity: None currently known.

Reproductive Toxicity: None currently known.

Numerical Measures of Toxicity:

No toxicity data available

12. ECOLOGICAL INFORMATION

Ecotoxicity: Fathead minnow NOEC: 3.00 g/L; Ceriodaphnia dubia NOEC: 3.00 g/L; Selenastrum growth NOEC: 3.00 g/L.

Persistence and Degradability: Biodegradation is not applicable to inorganic substances.

Bioaccumulative Potential: No data available

Mobility in Soil: No data available

Other Adverse Effects: None known

13. DISPOSAL CONSIDERATIONS

Dispose in accordance with local, state, and federal environmental regulations.
