Optional Services:

Work may be needed that was not originally delineated in this ITB, but considered within the scope of work. This additional work may stem from legislative mandates, emerging technologies, and/or secondary research not otherwise addressed in this ITB or known at the time this ITB was issued. If additional work is needed, the Bidder must submit a detailed Scope of Work, Title/Role(s), number of hours, and due dates/deliverables for CSI review and approval.

The bidder should provide the hourly rate for each Title/Role used to complete optional services. Include any costs for additional hourly training, such as web-based, in-person, etc.

Title/Role*	Rate
Mastercam Solids and True Shape Nesting Optional Software	
Extended Warranty Cost and Term	
Additional Recommended Tooling
