DELIVERY DAYS ARO:		30 Days		7-30 Days		10+/- Days													

<p>COMMENTS:</p>		<p>VI. C.2-5. Filter media composition is synthetic blend (no cotton); backing is expanded metal. VI. G.3. Standard nominal thickness is 13/16". VI. H.3. Standard nominal thickness is 13/16". VI. J. 1. IFM is willing to block and hold items for the SPB that are ready and available for sale, within an agreed upon duration (holding period) as long as the hold/restrictions are reasonable such that they do not inhibit IFM from selling items to another willing, able, and ready buyer. VI. M. 1. IFM will make best efforts to deliver within 30 days or less and is willing, when demand and usage is certain to carry stock of certain items. Delivery days may vary by filter type, and subject to supply chain disruptions resulting from Defense Production Act Enforcement, Acts of God, and natural disasters. COVID 19 has created a current world-wide supply chain disruption which may cause delays for certain filtration products. The 30 delivery time assumes supply has returned to normal. VI. Q. 3. IFM warrants the product quality for the purpose intended. The SPB may return items for full credit should the items fail to meet the performance and/or quality standards. If the reason does not involve warranty or quality, IFM agrees to negotiate the return of such items taking into consideration whether or not the items remain in original packaging, if the items have been stored properly, and if the original condition of the item as when delivered has not been altered. VI. S. 2. IFM agrees to provide samples and will make best efforts to deliver samples within 15 days or less. Delivery may vary by filter type and are subject to supply chain disruptions resulting from Defense Production Act Enforcement, Acts of God, and natural disasters. COVID 19 has created a current world-wide supply chain disruption which may cause delays for certain filtration products. The 30 delivery time assumes supply has returned to normal.</p>	<p>VI. C. 2. The filter media is 100% synthetic. VI. C. 3. The media is laminated to a galvanized metal that stabilizes the media during operation. VI. C. 4. Wire is galvanized expanded wire. VI. F. 2. Support grill is to the manufacturer's discretion. VI. F. 3. Metal on cardboard grills will be continuously glued. VI. M. 1. Product availability will vary due to manufacture & supply demand. All items have various lead times. 10 Days is not a guarantee delivery.</p>	<p>VI. C. 2-4. Quality see attach. VI. C. 5. See Koch VI. D. 1-2. Quality see attach VI. D. ASHRAE 52.1 was retired in 2009 and replace by 52.2. Our filters meet the standards in 52.2. VI. F. 2-3. See Koch DCP Attach VI. G. ASHRAE 52.1 was retired in 2009 and replace by 52.2. Our filters meet the standards in 52.2. VI. I. ASHRAE 52.1 was retired in 2009 and replace by 52.2. Our filters meet the standards in 52.2. VI. M. Supply chain issues related to COVID continue to impact lead times. VI. N. Delivery outside of Omaha/Lincoln area will be handled by third party shipper.</p>
