RE: Addendum for Invitation To Bid Number 6557 OF to be opened June 30, 2021 @ 2PM Central Time

Following are the questions submitted and answers provided for the above-mentioned Invitation To Bid. The questions and answers are to be considered as part of the Invitation To Bid. It is the Bidder's responsibility to check the SPB website for all Addenda or Amendments.

<u>Question Number</u>	<u>ITB Section Reference</u>	<u>ITB Page Number</u>	<u>Question</u>	<u>State Response</u>
1	G.	26	Can we receive historical information available regarding purchasing pattern over past contract term? (i.e., how often are each of the items ordered and in what quantity?)	Quantities are estimates. Past usage may not be an accurate indicator of future usage. See attachment for more details.
2	P.	29	May samples, if requested, be submitted for quality, but not for color? Color match is ensured for accuracy with lab dips sent for color match approval at time of order.	Failure to provide samples or samples not meeting the specifications may void the proposal or constitute a breach of the contract resulting from this proposal. The colors are to match the Pantone colors provided in the Technical Specification Sections C and D. We would accept a different color sample that meets the fabric specifications. If material sample is approved, the correct colored fabric

				sample is required to follow for the purpose of having a master sample. If color sample does not match, it is grounds to disqualify the bid proposal.
