RE: Addendum for Invitation to Bid (ITB) Number 6646 OF for Liquid Asphaltic Materials to be opened on February 17, 2022 at 2:00 p.m. Central Time

Following are the questions submitted and answers provided for the above-mentioned Invitation To Bid. The questions and answers are to be considered as part of the Invitation To Bid. It is the Bidder's responsibility to check the SPB website for all Addenda or Amendments.

| <u>Question Number</u> | <u>ITB Section Reference</u> | <u>ITB Page Number</u> | <u>Question</u> | <u>State Response</u> |
|------------------------|------------------------------|------------------------|--|---|
| 1 | | | What were the actual tonnages used in 2021 by Product and by District | Refer to Attachment C (Addendum) |
| 2 | | | Attachment A only provided a Summary of Quantities for each District. Could you provide product volumes by locations (nearest town) for each District so we could more accurately predict the average freight/delivery costs | Refer to Attachment C (Addendum) |
| 3 | | | Are District 3 and District 4 tonnages for CRS2P accurate? Historically District only takes around 3000 tons per year; 34,670 tons seems unrealistic. An accurate tonnage volume helps us manage our risk for this bid | <ul style="list-style-type: none">• District 3 – Revised to 5392 Tons from 34,670 Tons.• District 4 - Confirmed estimated usage as accurate. |
