

## ADDENDUM ONE QUESTIONS and ANSWERS

Date: February 24, 2022

To: All Bidders

From: Annette Walton, Procurement Contract Officer  
AS Materiel State Purchasing Bureau (SPB)

RE: Addendum for Request for Proposal Number 6658 Z1 to be opened March 11, 2022, at 2:00 p.m. Central Time

### Questions and Answers

Following are the questions submitted and answers provided for the above mentioned Request for Proposal. The questions and answers are to be considered as part of the Request for Proposal. It is the Bidder's responsibility to check the State Purchasing Bureau website for all addenda or amendments.

Question Number	RFP Section Reference	RFP Page Number	Question	State Response
1.	V. Project Description and Scope of Work  A. Project Overview 1. Scope of Work and C. Technical Requirements 3. Abnormal Quantities of Refuse	23 and 24	The third paragraph of A. Project Overview 1. Scope of Work states that "Any items that are placed by the general public near the Contractor's containers that do not fit within the container, shall be the responsibility of the State to haul off and dispose, or provide for the labor to ensure they fit within the containers." This appears to be contradictory to the last sentence of the first paragraph of Scope of Work and the first sentence of C. Technical Requirements 3. Abnormal Quantities of Refuse. Both of these sentences suggest that the contractor is responsible for removal and disposal of all refuse located within six feet of the container at no additional cost.	Any item that would fit into the dumpster and is within 6ft of the dumpster is the responsibility of the contractor. If it is an item that will not fit into a dumpster, (ie: refrigerator, couch, large items) the State is responsible.

			<p>Will it be the responsibility of the contractor to remove refuse within six feet of a container at no charge, will the State remove excess refuse, or will the contractor be able to charge for removal of refuse not placed in the container?</p>	<p>The Contractor shall not charge for removal of excess refuse within 6ft. of the refuse container.</p>
