

Federal Funding Appendix "A"

This contract is funded in whole or in part by federal funding, therefore the following provisions apply. These provisions take precedent over State terms and conditions if they are in conflict.

I. Minority Businesses

The Contractor must take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible, including the following affirmative steps. These requirements do not impose an obligation on Contractor to set aside either the solicitation or award of a contract to these types of firms. Rather, the requirement only imposes an obligation on the Contractor to carry out and document the six affirmative steps identified below. These requirements do not preclude the Contractor to undertake additional steps to involve small and minority businesses and women's business enterprises.

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises. This does not authorize breaking down a single project down into smaller components in order to circumvent the micro-purchase or small purchase thresholds so as to utilize streamlined acquisition procedures (e.g., "project splitting");
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and,
6. If subcontracts are to be let, to take the affirmative steps listed in paragraphs (1) through (5) of this subparagraph.

In the performance of this Agreement, Contractor shall, as appropriate and to the greatest extent practicable, purchase, acquire, and/or use goods, products, and materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). For purposes of this section: "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

See Section II, Subsection T of the ITB

IV. Contract Violations

VI. Equal Opportunity Employment

Unless the Federal Government later makes a contrary determination in writing, irrespective of the Contractor's status (a large business, small business, state government or state instrumentality, local government, nonprofit organization, institution of higher education, individual), the Purchaser and the Contractor agree to take the necessary actions to provide, through FHWA, those rights in that invention due the Federal Government as described in U.S. Department of Commerce regulations, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," 37 C.F.R. The Contractor agrees to report each violation to the Purchaser and understands and agrees that the Purchaser will, in turn, report each violation as required to assure notification to FHWA and the appropriate EPA Regional Office.

IX. Debarment, Suspension or Exclusion of Purchaser

The Contractor certifies that it, and any of its subcontractors, are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency. The State reserves the right to terminate this contract if a Contractor or its subcontractor is being considered for, presently being, or becoming debarred, suspended, ineligible or excluded from contracting with any state or federal entity.
