RE: Addendum for Invitation to Bid (ITB) Number 6787 OF for Steel W-Beams to be opened on at
October 3, 2023, 2:00 p.m. Central Time

Following are the questions submitted and answers provided for the above-mentioned ITB. The questions and answers are to be considered as part of the ITB.

It is the Bidder's responsibility to check the SPB website for all Addenda or Amendments.

<u>Question Number</u>	<u>ITB Section Reference</u>	<u>ITB Page Number</u>	<u>Question</u>	<u>State Response</u>
1	Section VI, Subsection D	21	I was trying to get a response on what length of beam you would like me to quote the sign posts as. In the past we typically have built 30' posts with a plate at each end, allowing you to get essentially two sign post from one fabricated member, cutting them at whatever length necessary. My question then is will I be quoting all posts at 30', or is there another length you would prefer I use?	30 foot long is correct for the lengths needed.
2	Section VI Subsection G	22	I see the location contacts, but those are just potential delivery sites, correct?	Correct, Attachment B shows the Districts Delivery Locations

This Addendum will become part of the ITB and should be acknowledged with the ITB.
