

RFP 6797 Z1
ATTACHMENT B
Estimated Frequency Specifications

All Dates and Frequencies are based upon current estimates and are subject to change throughout the year. NE Game & Parks Commission may notify Contractor of changes in service level at any time.

The estimated number of services in red below each given date range is equal to the number of portable toilets multiplied by the days of service within the given date range using a current calendar.

Locations and Quantities of types of units are provided in Attachment A

Calendars for Lakes McConaughy and Ogallala are provided in Attachment C
